The Vote 228 to 139 Indicates Inability to Pass it Over Veto

NINETEEN DEMOCRATS VOTE FOR THE RESOLUTION

Resolution Now Goes to President Who is Expected to Veto It

WASHINGTON, May 21. - The house today passed the Knox peace resolution and sent it to President Wilson. It has already been passed by the senate.

The vote was 228 to 139. It indicates the resolution can not be passed over the president's veto, as the majority is less than the necessary two-

thirds.

Hissing by the democrats broke out when Representative Mason, Illinois, republican, declared that he "would rather take the judgment of the senate than that of a sick man at the other end of the avenue."

Mason claimed that the president has no right to keep American troops in Germany.

nas no right to keep American troops in Germany.

Nineteen democrats bolted the party leadership and voted for the resolution, including most of the Tammany men from New York.

Two republicans, Fuller, Massachusetts, and Kelly, Michigan, voted "No"

The first break in the democratic opposition came when Representative Huddleson, democrat, Alabama, declared that President Wilson by his letters to Oregon democrata, had shown "an unshameful resolution to require the democratic party at San Francisco to declare for the League of Nationas unchanged and unamended." Huddleson "Protested" against on the such a policy and declared "the people would not stand for it." Political field, he added, awaited the supporters of the president's stand.

Mr. Hudleson urged that if the democratic national convention approved BMr. Wilson's position he should be re-nominated for a third term:

DEPARTMENT STORE BUYERS REFUSE TO BUY STOCKS UNLESS WHOLESALERS REDUCE PRICES

NEW YORK, May 21. — The price cutting movement here today reached some wholesalers, when managers and buyers of prominent department stores announced their establishments would refuse to purchase from jobbers until substantial reductions were made. The department stores which claim to offer reductions from 15 to 50 per cent now demand that wholesalers make concessions to them.

An official of the largest departmens store with branches in six cities said:

CHICAGO, May 21.—Decreases in food prices were predicted here today by wholesale grocers, as reports from

furs on our initial purchase. Bo far we have refused to purchase a single piece."

Similar statements were made by officials of other stores.

Some wholesalers of wearing apparel declared they believed the price cutting movement throughout the country to be artificial and uneconomical, saying that it has stimulated business without a corresponding increase in production and a reaction was bound to come.

Meanwhile local merchants in lines other than foodstuffs continued to advertise reductions. The first reduction in foods was announced yesterday when one of the largest cabarets and restaurants in the city stated it had cut all items on its menu 20 per cent.

WASHINGTON, May 21.— Prices will be reduced at least 20 per cent if the federal resceive board is able to carry through its program of credit deflation, observers in touch with the country's banking system said today.

Breaking up of the freight car congestion, started today by the interstate commerce commission, is also expected to result in a lowering of prices.

As free distribution of commodities is resumed, a decline in prices which may reach 10 per cent is looked for by some government experts.

ARRESTED IN RAID AT KEMP CITY LAST NIGHT

Kemp City, the oil field settlement in the heart of the K. M. A. field, experienced it's first raid Thursday night when a "shock division" from the sheriff's department visited the oil town. The forces of the law were marshaled by Lee McDonald, veteran officer and Bob McFall's trusted lieutenant who has recently been assigned to the rather vague job of "cleaning up" Kemp City. McDonald selected as his confederates in the drive Deputy Sheriff's Charlie Bebout, Charlie

Dodgen, S. W. Walker, Frank Morgan house will likely be filed and Will Lay.

It required two big motor trucks and a Ford automobile to bring to Wichita Falls the "results" of the big raid. Two gambling houses were "mopped up" and twenty-five gamblers loaded into big trucks and started in the direction of Justice Arrington's transfer of the start of the

INCREASE IN FARE LIKELY TO BE ASKED BY TRACTION COMPANY

Faced with a falling off in business Faced with a falling off in business, and present high cost of material labor and other items figuring in the general expense, the Wichita Falls Traction Company will probably be forced to ask the city council for an increase in local fares, probably to seven cents, it was intimated by L. L. Allbritton, general manager of the traction company, Friday morning. In the meantime, fares to Lake Wichita are to be raised five cents on the round trip, effective May 31, he announced. The charge will be 15 cents on the outbound trip and 10 cents on on the outbound trip and 10 cents on the return, 25 cents for the round

As to the time when the traction company will bring its request to the council, Mr. Alibritton could not defcouncil, Mr. Alibritton could not definitely say. In speaking of general increase in operating expense and the failing off of business, Mr. Alibritton stated that there was no falling off in the volume of business, except in a relative degree, the business now obtained was less per mile than was the case before. In other words, since the installing of the additional service lately put into effect, and the putting into service of additional cars, a greater expense was incurred than had been the case before, and the returns per mile traveled had been decreased, having the same effect as a decrease in business.

When art is the subject of discussion it seems a natural tendency to look into the past to find its representatives, and when the versatility of artists is referred to one recalls such names as Michael Angelo and Leonardo de Vinci. But we have today an artist to whom the distinction of an artist to whom the distinction of genius can appropriately be applied. Geraldine Farrar, the Goldwyn star, Geraldine Farrar, the Goldwyn star, has attained fame not only as an operatic singer, but also as an actress for the silent drama. Since her operatic debut in 1905 in Monte Carlo Miss Farrar has elimbed step by step to the fame she now enjoys as an operatic singer. To the singing stage she has brought superlative acting to replace conventional posings. And this dynamic histrionic power has been given another outlet in the field of silent drama. ARNING OF CAPTURED SOLDIER SAVED CARRANZA'S LIFE

HAVANA, May 20.—Warning from captured revolutionary soldier saved President Carranza of Mexico from possible death or injury during the lighting near Rinconada, state of Puebla, last week, according to J. H. Durrell, Mexico City representative of the National City bank of New York city, who arrived here today from Vera Cruz. Mr. Durrell was a passenger on one of the 23 trains which Carranza and his followers fled from Mexico City May 6 and was in the thick of the fighting that preceded the defeat of Carranza soldiers and the president's flight into the mountains.

The Song of the Skirt---An Accordion Solo

It's a dangerous matter to ask a woman her opinion of an accordion pleated skirt for you may have to stand and listen to her discourse on its charms indefinitely!

She will start in by telling you that you simply can't get along without "at least one" but before she is through she will have told you reams about how "beautiful it is and how practical, and how it wears and how it looks and so on ad infinitum.

You in your bewilderment will think it can't be all those things, but every woman will assure you that it is so it must be!

The finest of black hairline stripes makes this skirt of white serge especially desirable for sport wear with a simple blouse of white. They will be very much in evidence on Country Club verandas where tall, cool drinks are interrupted by informal gossip on the newest notes of fashion. Each

The straight-line silhouette of this combination of white skirt and dark blouse is smart in the extreme. It is unusual and because of this fact, will appeal strongly to the woman whose appearance invariably presents a well-groomed effect. The skirt is of white serge, finished with a severely tailored belt broken with two large pearl buttons. Each \$10.00

That "there is nothing new under the sun" has been most cleverly disproved by the happy thought of using navy blue georgette for the accordion pleating of this skirt. The only decoration is the very effective design of poppies in beige which combines successfully with navy. With a big floppy hat and an attractive blouse it makes a distinctive costume for any afternoon affair. Each \$23.00

Nothing gives quite the same play to grace as the soft folds of foulard when laid in accordion pleating. This model is of a cool shade of tan with the delicate flower design of a chrysanthemum in navy blue. It is delightfully light, both in color and weight and will be a joy for hot summer days. Each \$23.00

Pin poplin, one of the most practical materials in vogue, has been employed in navy for this skirt which will prove a winner to fill in the vacant spots which every woman discovers in her wardrobe just about the time she thinks it is complete. Each \$19.00°

The lieutenant-governor's office in Texas is evidently a popular insti-

Increases in wages of textile work been granted effective May 31, which will add a million dollars a week to the pay roll of New England mills. The textile industry has thriven wonderfully and an increase of 15 per cent in wages will probably be used to increase the price of textiles by at least that much or more. Stock dividends, increased surplus funds and heavy cash dividends have marked the procedure of the textile mills for the past two years, and the people of the United States have contributed heavily to the transformation of cotton worth 35c and 40c a pound into cotton goods wholesaling at \$3 and \$4 and even \$5 a pound. What took place between the sale of the bale and the sale of the finished goods left an enormous profit, and the mill owners got the bulk of it. The moral of which after all is that the South, which produces the cotton, ought to be active and energetic enough to bring the cotton mills down here at the source of the raw material; and the giving of a living wage to the textile workers of New England is going to be a good big

Bo far as is known this is the first "official" reference to the reversal of the privileges of proposal during the leap-year and the idea probably grew out of the name itself—the notion being that during this period women had the right to "leap" or throw themselves at a man's head while it was considered unmaidenly at other times. An early reference to this custom occurs in a work on "Courtship, Love and Marriage" published in 1606 which states that "no man will be entitled to benefit of clergy who dothe in any wise treat a leap-year proposal with slight or contumely."

New equipment required by railroads to meet minimum needs is estimated by the interstate commerce commission at 2,000 locomotives and 100,000 freight cars, including 20,000 refrigerator cars. The commission estimated that equipment already ordered and to cost \$125,000,000 represented probably less than 25 per cent of that needs.

"It is evident," the commission's statement said, "that the equipment required properly to meet the transportation needs of the public cannot be secured unless the carriers themselves.

Mr. Mayfield is one of the best known veteran railway conductors in the state of Texas, and up till the time he was hurt in an accident loyears ago, he had spent 52 years in active service. Thirty years with the T. & P. Railway. He is not only known by nearly every railroad man in the state, but is popular as a man and citizen.

"For the past 15 years," continued Mr. Mayfield, "in fact ever since I was hurt in an accident I have been a constant sufferer from indigestion and stomach disorders. I have been a constant sufferer from indigestion and stomach disorders. I have been adoctoring and taking medicines of different kinds, but I kept going down hill. I was constipated all the time and sometimes I was so nervous I couldn't stand for anyone to come around me. My food would not digest and up to my second bottle of Orgatone I wouldn't dare to eat anything that might sour on my stomach. Manya time I have laid in bed day after day suffering severe agony with the tortures that usually accompany indigestion. Half of the time I was in such bad condition that they never thought I would live through it.

"I heard about so many prominent Fort Worth people who were getting such good results from the Orgatone Treatment and learning that it was something different I decided to give it a trial. I have been feeling much better in every way ever since I took my second bottle and before that I was constantly down and out. Those gevere pains are leaving my stomach and my appetite is much improved. My neighbors have all seen how it has helped me and a great many of them are taking the treatment right now. Orgatone has certainly proven a blessing in my case and I feel 50 por cent better in every way. I have never found a medicine or treatment to equal Orgatone and I'm certainly going to stick to it."

VAPOR OIL STOVE

Saturday—and all week—our great demonstration and sale of "Red Star" Oil Ranges will be in progress. Don't fail to come. But come early-as our quota of "Red Star" Ranges is positively limited by the factory. Come and see why this beautiful oil range is such a wonderful success, how it actually makes its own gas from kerosene—and why it ends, for all time, the limitations of ordinary oil stoves. It is now being used in thousands of farm and town homes.

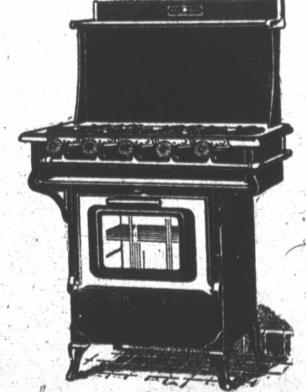

Come and see why this famous oil-burning stove permits you to roast, fry or bake ANYTHING as quickly and perfectly as with the finest city gas range. Lights as easily. Heats as quickly. Operates as cleanly. And the heat is under perfect control all the time—you simply turn the valve.

See The Wonderful "DOUBLE RING FLAME" BURNER

See how the burner is made without wicks or asbestos rings. See how it concentrates a "Double Ring Flame" directly beneath your cooking utensils. The heavy cast-iron burner gets red hot. Gives, for the first time, perfect vaporization. Thus it positively prevents all smoke and odor and increases heating efficiency by at least 30 per cent. In fact, you get 19 hours of perfect cooking and baking heat from each gallon of fuel. Far cheaper than city gas

Come and witness the great demonstration. Get our special terms for this demonstration. You owe it to yourself to get a "Red Star" in your home at once. Be sure to Come Early!

SPUDDER INFIELD CRACKS BEHIND "LEFTY" JOHNS AND EXPORTERS TAKE SECOND IN ROW 4 TO 2

Once again Manager Salm sent three pitchers to the mound in an effort to stop the Exporters' rush, but it was no use, the Exporters won 4 to 2. The blame cannot be placed at the feet of the hurlers this time, however, as the infield cracked in the fifth behind Johns, who was called back in a hurry from Fort Worth.

Johns pitched good ball while in the box and had he been accorded the right kind of support would have gotten away with a win. Fagan Burch started on the hill for the Spudders, but the Exporters took kindly to his offerings and he lasted a little over one inning. Johns relieved him early in the eighth to make room for a pinch hitter. Weaver went in the last of the eighth and held the Exporters safe.

safe.

Brownlow went into left in place of Storey and his fielding was one of the features of the game. He retired two men by quick returns to the infield. Grubb was the only infielder who did not make a misplay while those who did err did so at a critical time.

Dooley was substituted for Kitchens

time.

Dooley was substituted for Kitchens and caught a great game. He hit safely twice and caught a man off third in the fifth when the rest of the infield blew up.

Jacobus pitched steady ball for the Exporters and held his opponents safe at all stages of the game.

The game in detail:

Jo opened with a single and Tanner was safe on a bunt down the first base line. Josefson went to third when Snedecor forced Tanner at second. Mokan drove a sacrifice fly to Demaggio and Josefson scored. Snedecor died stealing.

Burch was wild at the start and threw four wide ones in succession to Demaggio. He stole second and scored on a single by Mathes. Horan dropped a safety to right, Mathes taking second. That was enough for Fagan, and Johns once more appeared in a Spudder uniform. He threw out Easterly, Horan going to second. Honeck threw out Alexander and Mathes scored on the play. Rader drew a pass and Horan was thrown out at the plate on an at empted double steal.

Grubb hit safely in the second but went out stealing. Jacobus singled for Beaumont, with two down but

Mathes opened the Exporters half with a single but was out, Brownlow to Tanner, trying to stretch it into a double. Horan got a life on Tanner's fumble but was forced at second by Eastarly, Honeck to Tanner. Alexander beat out a bunt to Grubb, but both men died on the bags when Rader grounded out to Snedecor. Johns got into a hole but was equal to the occasion.

Jacobus was going like a house affire in the fourth and fanned Tanner and Mokan. Snedecor went out, Monroe to Mathes.

Johns was a bit wild and passed Monroe. The latter was forced at second by Stansbury, Tanner to Honeck. Jacobus fanned and Demaggio dumped one down in front of the plate that was gobbled up by Dooley.

The Spudders tied it up in the fifth frame with two down. Honeck doubled to left and Dooley made good with a single in the same place that scored Honeck. Dooley went to second on the throw in, but could get no farther as Johns fanned.

Johns received miserable support in the fifth and did not deserve to be scored upon. Snedecor started a comedy of errors by dropping Grubb's throw on amthes' grounder. He advanced on Horan's single. Easterly popped to Honeck for the first out. Tanner booted Alexander's roller and the starter of the starte Tanner booted Alexander's roller and all hands were safe. Dooley caught Horan off third, but Monroe drew a pass, filling the bags again. Honeck came through with his error on Rader's bounder and Mathes crossed the plate. Stansbury ended the agony by flying out to Stansbury. Johns was lucky to get off as easily as he did.

As a result of vary consistent shooting during the three days of the annual tournament of the Texas Sportman's Association at Kety Park E. F. Woodward of Houston won the state championship yesterday when he broke 98 birds, bringing his total out of a possible 300 up to 295. Wood-ward broke 99 on Tuesday and 98 on

ward broke 99 on Tuesday and 98 on Wednesday.

F. W. MoNeir of Houston was runner-up in the championships with a total of 291. His daily tetals were 96, 97 and 98.

C. Bulwer of El Paso, who tied with Woodward and lost in the shoot-off for the 100 bird "Texas" had an 18 in the fourth event and lost a chance t otic with MoNeir as runner-up.

The honors in Class "B" went to H. Matlock of San Antonic who broke 287 targets; R. W. Colbert of Austin won the Class "C" event with 275 and G. W. Ball of Mineral Wells copped the Class "D" event by breaking 262 birds.

the Class "D" event by breaking 262 birds.

At the finish of the 400 single targets Woodward and R. A. King of "e local club were tied with 331 targets. In the shoot-off, King loat his 11th bird in the first 20 while Woodward went straight, thereby winning high gun in 400. F. J. Cairns of Tampa, Kansas, and Frank M. Troch of Vancouver broke 390 out of 400.

Troch made a wenderful run Wednesday and yesterday of 204. He broke 131 from the 15 yard line and then went to the 22 yard line in the handicap event and broke 63. This was the highest run of the entire tournament. He held the high gun for 600 targets, breaking 568, including the doubles.

Woodward was not content with the championship and high gun in the 400 targets, but went after the handicap event as well and tied with Wheeler-with 98 birds from the 21 yard mark. Again in the fifth Snedecor put him in a hole by dropping Grubb's throw. Horan followed with a single. Easterly popped puny fly to Honeck. Alexander should have been an easy out, but Tanner beoted his grounder. Rader followed with another roller that Honeck tried to kick out of the lot, and instead of the Exporters being retired, one run was in and the bases were filled. Even then, two men were retired before another run crossed the plate.

The rival morning sheet has taken exception to the writer's remark that "all pitchers have been found wanting except Zinn." While it is perfectly true that Burch may be leading the league in pitcher's averages, we still maintain that Burch was more than lucky to get away with more than one of his victories. (He takes particular exception to Burch, evidently agreeing that we are corrent about the others.) Marvelous fielding by the Spudders pulled Burch out of many a hole, as a brief review of the detailed score of the games in which he has worked will prove. The infield cut off many hits at critical periods that would have turned the tide in favor of the opponents. Burch did not get that wonderful support yesterday—what happened? cap event as well and tied with Wheeler-with 98 birds from the 21 yard mark.

The following scores were made yesterday in the championship event: Troeh, 100; Clark, 99; Cairns, Cocke, Fosgard, King, McNeir, Spencer, Woodward, 98; Francis, Bulwer, Colbert, P. Miller, Wheeler, 97; Pate, O'Brien, Donnelly, 96; Chew, Clay, Congdon, J. S. Day, Fourste, Heer, Mankin, Matlock, Ross Spencer, Speight, L. Woodward, 96; Allen, Daniels, Mowry, Nabb, 94; Campbell, Fry, Wray, Woods, 93; Adams, Clags, Kunkle, Sheldon, Williams, 92; Blunt, Howard, 91; Baker, Tucker, 90; E. W. Pry, Grissom, Rigsby, Shaffer, Scott, 89; Adrian, L. B. Day, Deatherage, Clyde, Greenberg, 38; Gallagher, 87; I. R. Sheldon, Gibbs, 36; Ball, Cothran, Dorchester, 85.

In the handicap event, it was necessary to break 93 to get in on the money and the following men had 93 or better: Woodward, Wheeler, 98; Troeh, 97; Cocke, 96; Campbell, Matlock, 95; Adams, J. S. Day, 94; Cairne, Clark, King and Williams, 93.

Sid Martin, the local scrapper, has a busy four days ahead of him. He will meet Jimmy Lewry in Burk tonight in the main event of 10 rounds. He has already gained two decisions over Lowry. Temorrow night he stacks up against Billy Corbin in the eightround main go in Devol and he has another bout billed for Monday night. Martin Gersh, proprietor of the Lake swimming pool, will work in the semifinals.

YOUTH CHARGED WITH PASSING WORTHLESS CHECKS

G. Fred Hammer, 2402 Filmore street, was taken into custody Friday by County Probation Officer Morgan on a charge of passing worthless checks. He will be given a hearing before County Judge J. P. Jones Saturday, Records of the county juvenile office disclose that the present complaint is the third charge registered in juvenile court against Hammer, who is a 16-year-old youth. He is said to have passed eight checks at local drug stores all of which were later turned down at local banks, due to insufficient funds.

George Johns, 16-year-old youth, was indicted by the grand jury Thursday on a charge sof horse theft. He will be arraigned before County Judge J. P. Jones Saturday. Johns won the high regard of county officials by keeping his word to appear before the grand jury after Assistant County John M. Martin had let him go free rather than place the youth in jail to wait action by the grand jury. Johns was given his freedom with the understanding that he report back when the grand jury convened. After being at liberty several weeks, the youth promptly appeared in the 30th district court room Monday morning to face the theft charge lodged against him. Johns told county officials that he stole the horse in order to escape from Wichita Falls, believing that he stole the horse in order to escape from Wichita Falls, believing that he had killed a soda stand proprietor on Indiana avenue by hurling empty soda bottles at him. The cold drink proprietor was attacked by a gang of boys who hurled a dozen or more empty bottles at him. The merchant was only slightly injured but a rumor reached his assailants that he had died from an injury sustained in the head. Johns rushed to the carnival grounds and leaping upon a horse, fied in the direction of Seymour, according to a written confession said to have been made by the youth to the county attorney.

TIMES DAILY MARKETS

COTTON MARKET.

NEW YORK, May 21.—The cotion market showed renewed nervousness during today's early session. The opening was harely steady at an advance from 5 points en May and that position sold 50 points net higher right after the cal, touching 42.75 on future covering. Trading in the current May deliveries ended at neon, however, and the market paid little attention to the early fluctuations. Other months opened at a decline of 32 to 4 Tpoints with July selling at 38.35 and October 38.30 under liquidation due to another favorable weather map or continued nervousness over general trade conditions. Wall Street, Liverpool, and local leaders were sellers but there was considerable buying for spot house or trade account and prices showed rallies of several points later in the morning.

ralies of several points later in the morning.

The opening declines are followed by the rallies during the middle of the morning when a more cheerful view of conditions appeared to be developing and there was some buying for trade account as well as scattered covering. July sold up to 38.50 and October to 36.60, within 15 to 25 points of last night's closing figures, but in the morning the market was unsettled by a spectacular break in the price of May contracts. Some notices were reported in circulation and the people who are credited wit hhaving taken up notices earlier in the month turned sellers, sending the price down to 38.50, or nearby four cents per pound from the high level of the morning and 35 points net lower. The last sale was at this figure but the effect on later months was more sentimental than otherwise. The market was fairly steady at net declines of some 30 or 40 points early in the noon hour.

The cotton market closed ateady.

New Orleans Cotton

NEW ORLEANS, May 21.—The trend
was lover in the early selling in cotton to
day under the influence of a poor Liverpool market and fairly favorable weather
conditions over the belt. If the first hour
of business the active months were sent
21 to 32 points under the close of yesterday, July falling to 38.18 and October to

and the control of the close of yesterday, July falling to 38.18 and October to 35.20.

Selling became general on fairly favorable weather forecast for the cotton region, heavy liquidation was forced on the long aide and prices broke until late in the morning tikey stood 43 to 54 points under the close of yesterday, July standing at 38.00 and October at 35.01. Reports of a wide break in the market for cotton appeared to have considerable effect in effecting a bearish senaiment.

Bearish sentiment increased after the posting of mill takings forwibe week of only 149,000 bales against 183,000 this week, last year and 178,00 two years ago. Operators on the short side traded on the view that all commodity prices were headed for lower levels and there was continued unfavorable commenting around financial conditions.

The decline continued until July was at 37.35 and the trading months were 108 to 114 points under the final prices of yesterday. Late in the day there was extensive realizing on the short side which resulted in rallies of 35 to 40 points from the bottom.

The cotton market closed steady at net decline of 60 to 80 points.

NEW YORK STOCKS.

New York asseks.

New York May 21.—Announcement that the government had virtually resumed control of the railroads as an emergency measure to relieve abnormal freight sonditions was received with approval today in final circles. This was not reflected in the movement of prices at the opening of the stock market, however, further substantial reactions occuring in shipping, steel, and food shares. Atlantic Gulf, Crucible Steel and the active sugar issues lost 1 to almost 3 points. Gains of 1 to 2 points were made by General Electric, American Locomotive and Colorado fuel.

Rumors that the government intends to reassume regulation of the sugar market precipitated extensive selling of sugar shares at midday, losses extended from 2½ to 6½ points. Shippings and textiles also suffered in the reaction, declining 2 to 3½ points. Losses elsewhere ranged from 1 to 2 points.

Studebaker, American can and low priced oils, eased in the final hour but Mexican oils, rails and steels responded to further buying. The closing was firm.

wit hhaving taken up notices earlier in the month turned sellers, sending the price down to 38.80, or nearby four cents per pound from the high level of the morning and 35 points net lower. The last sale was at this figure but the effect on later months was more sentimental than otherwise. The market was fairly steady at net declines of some 30 or 40 points early in the noon hour.

The cotton market closed steady.

NEW YORK, May 21.—The news of the May break brought in more commission house liquidation during the early aftermoon and there was a further sharp decline in price with July selling off to 37.55 and October to 34.50, or about 120 to 125 points net lower.

New Orders for unified railread operation counted in a decided manner against the built and so too did widespread notice of more continued in a decided manner against the built and so too did widespread notice of more chandise price cutting and of moves to curtail banking credit. Opening quotations, which ranged from half cent to four cents lower with July 1.69 to 1.70%, were followed by moderate further sectoachs in some cases and then a little raily.

Oats descended with corn but showed more resistance to elling pressure. After opening 3c to 3c and 5c lower including July at 95% to 30, the market underwent a slight reaction.

OUESTION BOX FEATURE AT SUNDAY NIGHT SERVICE

When Dr. Knickerbocker came to Wichits Falls he offered a reward of \$10 to anybody who ever found two services of his church just alike. The doctor claims that no one has ever attempted to claim the reward. In the following announcements he makes for his Sunday srevices he once more gets out of the land of ruts into the realm of the unique.

of the unique.

"Next Sunday night I will open a new feature to enliven the services during the hot season. It will be a question box. Everybody is invited to write a question on a silp of paper and bring it to the service. I will endeavor to answer these questions extemporaneously. Any and every subject of human or divine interest, love, war, domestic affairs, Bible, phiosophy and life will be appropriate. Huject of human or divine interest, love, war, domestic affairs, Bible, philosophy and life will be appropriate. Humor will not be excluded. Sunday night at 7:45 a spiendid prelude concert will be given by Prof. Krumpein, the great pipe-organist, and E. C. Huckabee, soloist and "old time song" leader and the orchestra. The choir will render special music under the direction of Mrs. E. L. Fulton. My subject will be "The Three Hardest Words in Any Language." It takes a giant to say these three words.

At 11 a. m. my text will be "A Bouquet of Flowers." and the theme will be "The Language of Blossoms." I am going to give a duplicate of all the prizes that were awarded last Sunday to the oldest members, the youngest members, the youngest baby, and a souvenir to every baby if the weather is fair. I do this because last Sunday the weather was so bad that many of the older persons and youngest babies could not get out. There will be no special collection."

Sunday, May 23, the first confirman service of the congregation of mple Israel, and the first service the auditorium of the new temple, rer of Eleventh and Burnett, will held commencing at 10:00 a. m. "The Underworld of Wichits Palls" will be the basis of Dr. Purnell E. Bingman's lecture Sunday night at 8:00 o'clock, at the First Methodist church. Seventh and Lamar, in continuation of a series of sermons on Wild Women and Green Eyed Men. The church was filled to overflowing last Sunday, which was the first of the series that will be continued for several weeks, dealing with this immoral leprosy, that has overthrown more empires than the ravage of wars, and has been ist more destructive to the whole human race. Some of the sub-topics are: Which supplies the most victims for this bloody damnable business, the city or country? Who are most responsible, men or women? Can it be prohibited or just eliminated? The question of segregation, etc. Persons ander Is years of age will not be admitted Several hundred extra chairs have been ordered and we will do our best to

care for the overflow. Those who attend the services at other churches and those who are too late to get in at the 8:00 o'clock service may have the benefit of this fecture by coming to the church at 9:15, when the same lecture will be given the second time.

sale being held at the Howell building, on Scott avenue, are urgently requested today, and a last call is made for the assistance and co-operation of the public. The association is equipping its new quarters and the Wesley Girls of the First Church took this means of raising funds for their contribution to the furnishings of the new quarters. Those who have not yet contributed old clothes and shoes to this sale are; asked to de so on Saturday.
