

GREAT CROWD AT DEMOCRATIC CONVENTION

Judge Watkins of Athens Temporary Chairman This Morning

FOR LEAGUE ON BEST TERMS TO BE OBTAINED

42 Anti-Administration Delegates Present While 1333 President's Supporters

CONVENTION HALL, DALLAS, Tex., May 25.—The state democratic convention in session here, recessed at 1 o'clock this afternoon until 4 o'clock to give committees time to work.

CONVENTION HALL, DALLAS, TEX., May 25.—Judge A. Watkins of Athens was named temporary chairman of the state democratic convention which convened here today to elect delegates to the national convention at San Francisco.

Judge Watkins was named after the honor had been declined by Cone Johnson of Tyler.

Judge Watkins, as temporary chairman delivered an old fashioned speech in which he praised democracy for many of the good things that had come to the United States under democratic administration.

He endorsed President Wilson, woman suffrage, prohibition and expressed the wish that every Texas woman could vote in the July primary.

"I am in favor of the adoption of the league of nations covenant," the temporary chairman said.

The recent anti-administration political fight was characterized by Judge Watkins as a "little flurry."

On motion of Clyde Sweeton of Greenville, Chairman Watkins called for the appointment of committees on permanent organization, resolutions and reform and resolutions.

Four Women Delegates.—On recommendation of the state executive committee, the convention voted that four of the proposed 16 delegates at large, four should be women.

The credentials committee reported to the convention that there were 42 anti-administration votes present against 1,333 for the administration.

The only discordant note apparently will be over nomination of the four women delegates.

J. A. Herring, United States marshal for the southern district of Texas, was made sergeant at arms of the convention.

The convention proceedings were enlivened today when the Cooke county delegation marched into the column.

Party leaders had come to Dallas several days in advance to make arrangements for the assembly.

Against the administration (pro-Bailey), 42.

Anti-administration, or Bailey votes, contested, 14.

Counties reporting no convention held, 1.

Counties reports not received, 25.

Conventions votes represented by missing counties, 87.

Contests filed, 2.

MOSLEM WOMAN DECLARES TURKEY WILL NOT CONSENT TO LOSS THRACE AND SMYRNA

By Associated Press. CONSTANTINOPLE, May 21.—"We will never consent to be separated from Thrace and Smyrna with their historical monuments. The cross shall never be raised over our mosques. We believe in the Wilsonian principles and are confident that adequate application of them will be made eventually," said Fatima Henem, a woman teacher who swept aside her black veil and addressed an open air meeting in the park adjoining the mosque of St. Sofia.

Resolutions were adopted declaring that annexation of Thrace and Smyrna by Greece constitutes a violation of the principle of President Wilson and the independence of Turkey is nullified by the treaty.

Resolutions were adopted declaring that annexation of Thrace and Smyrna by Greece constitutes a violation of the principle of President Wilson and the independence of Turkey is nullified by the treaty.

CABINET VOTES TO REDUCE JAPAN'S NAVAL BUDGET

TOKIO, May 21.—The cabinet today voted to reduce the Japanese naval budget from \$33,000,000 to \$22,000,000, it was officially reported.

# CARRANZA'S BODY LAID TO REST MIDST PAUPER'S GRAVES—CROWDS HEAP PILES OF WREATHS UPON IT

By Ralph H. Turner.

MEXICO CITY, May 25.—Gen. Alvaro Obregon, commander of the revolutionary forces, today commanded Rodolfo Herrero to surrender and answer to a charge of assassinating Venustiano Carranza, former president of the republic.

Obregon declared a clear case of treachery had been proven.

The order followed Herrero's offer to come to Mexico if given assurance of security, and give evidence, which he said would prove that Carranza died at his own hand.

Herrero in a telegram to Pablo Gonzalez, denied that he or his troops murdered the former president, according to a report in Excelsior, a newspaper here. He declared that Carranza had committed suicide rather than suffer the dishonor of becoming a fugitive.

Adolfo de la Huerta, former governor of the state of Sonora, was elected provisional president of Mexico last night.

Gen. Juan Barragan, Carranza's chief staff; Gen. Francisco Urquiza, former minister of war; Gen. Bonifacio Aguirre Berlanga, prime minister under Carranza; Paulino Fontes, former director general of railroads, and General Murguia, who were made prisoners by the revolutionaries when they arrived here yesterday with the body of their former chief, are still under arrest.

**Midst Paupers' Graves.**

Surrounded by paupers' graves marked only by tiny heaps of stones or simple wooden crosses in the midst of a clump of evergreen trees on a knoll overlooking the valley in which nestles the city of Mexico, the body of Venustiano Carranza, murdered president of Mexico, was buried late yesterday.

To the eastward rises the snow-capped peak of the famous volcano, Popocatepetl. The mound covering the simple casket is no different than the scores of those covering the more humble dead with whom Carranza was buried, according to his wishes, in Dolores cemetery—the cemetery of serfs.

Not in years has Mexico City seen such crowds as those which choked the streets during Carranza's burial. They were of all classes, srambered peons mingling with silk-hatted men of wealth and position and thousands of women and children elbowing their way to positions where they could best view the procession.

The mob had gathered at the Carranza residence, and in approaching streets long before the hour when the funeral services in the home were to be held. The services were brief. They were attended only by intimate friends and a few officials.

When the ceremony was over, the pallbearers, carrying the casket on

their shoulders marched a block to the eastward from the house toward Pasio de la Reforma. The famous boulevard was so jammed with people that the bearers of the coffin were forced to thrust the crowds aside to maintain passage.

There was no hearse. A street car bore the body and its attendants to the cemetery, after the foot-procession had gone six blocks to the car line.

**Crowds Follow Body.**

Only the daughters of Carranza and a few other relatives followed the street car in carriages, but they were lost in the crowds which walked silently behind the body three miles to the cemetery, where hundreds of others had gathered. Motor trucks were employed to carry the scores of wreaths to the burial plot, but on arrival it was found too small to accommodate all of the floral tributes. Carranza had chosen to be buried in the third class section, reserved for the very poor.

Owing to the lack of organization, the immense crowd pushed up to the edge of the grave and for some time it was impossible to lower the casket. Then the people vied with each other in tossing flowers on the casket before it had been covered with earth. At

impossible, he committed suicide by shooting himself in the breast with the pistol which he always carried. So close was the muzzle of the weapon to his breast that blood was splattered upon it and the barrel of the pistol still bears blood stains.

"The body was recovered and taken to Villa Juarez. Three of my men were killed and one injured. (Signed) 'RODOLFO HERRERO.'"

Four commissioners sent into the state of Puebla by Generals Obregon and Gonzalez to investigate the circumstances attending the death of Carranza have reported that, in view of the data they have secured and the manner in which the president was killed, they consider it unnecessary to go to Tlaxcalantongo.

**CARRANZA KILLED HIMSELF HERRERO REPORTS**

By United Press.

BROWNSVILLE, TEX., May 25.—The last march of the little remnant of the Carranza army, accompanying the body of their chief to the cemetery in Mexico City yesterday, was over a carpet of flowers thrown in their path by thousands of mourners along the streets, according to dispatches received here today.

Thousands of people, representing every class in Mexico, joined in the cortege, the dispatches said.

Gen. Rodolfo Herrero, declared to have been responsible for Carranza's death, has notified General Obregon that Carranza committed suicide. The president was under escort of troops commanded by General Murguia.

"When he realized that escape was

the cemetery there was no service of any kind.

Foreign diplomats and many members of the old government attended.

## AUTOPSY DISPROVES HERRERO'S CLAIM

By Associated Press.

VERA CRUZ, May 25.—Reports of an autopsy performed on the body of Venustiano Carranza at Tlaxcalantongo fall to agree with the claim of Rodolfo Herrero that the president committed suicide rather than being taken captive. It is asserted in official quarters here.

Surgeons who conducted the autopsy, it is declared, found Carranza had been struck by two rifle bullets, one of which penetrated his breast and the other his abdomen. The bullets entered from in front and it was the conclusion of those who witnessed the operation that the president had been assassinated, it was said.

The text of Colonel Herrero's report to Mexico City was received here last night. The part relative to the attack on Carranza and the latter's death follows:

"With the object of arresting Carranza and the principal officers who were with him, I attacked his camp at 3:00 o'clock in the morning, having 81 men with me. He had reached Tlaxcalantongo in the district of Huachinango, where there is a pass public where he had planned to establish his seat of government. The president was under escort of troops commanded by General Murguia.

"When he realized that escape was

Carranza, as his party believed resistance could be placed in Obregon's promise that the former first chief would not be executed.

Carranza, notified he was arrested, jerked out his pistol and killed himself, Herrero asserted, and declared the weapon carried by Carranza will bear him out.

General Barragan, chief of staff, and other Carranzista generals under arrest in Mexico City, will be released shortly, it was said semi-officially.

**WOULD PREVENT "DUMPING" OF FOREIGN AIRCRAFT HERE**

WASHINGTON, May 25.—An amendment to the army appropriation bill to prohibit "dumping" of foreign-built aircraft in the United States has been proposed by Senator New, Indiana, republican, it was stated today. It's object is to prevent foreign nations from selling their uncompleted airplanes here at less than cost, thus competing unfairly with the American airplane industry.

Have you rendered your property at the city hall? The book will soon close. 342-tfc

**VETERAN RAILROAD BUILDER DIES IN NEW YORK**

NEW YORK, May 25.—James M. Edwards, 70, retired railroad man, died at his home here yesterday. He was credited with making the survey for the first railroad into Birmingham, Alabama, and also participated in the construction of the Louisville, New Orleans and Texas railroad, the Yazoo and Mississippi valley.

# TRACTION AND ELECTRIC CO.'S WILL COOPERATE

### Paving of Ninth Street Seems Nearer as Result of Announcement Made Today

With the Wichita Falls Traction company and the Wichita Falls Electric company in entire accord with the movement, a movement for the extension of the Ninth street paving the entire length of the street is to be pushed in the near future, according to Hubert Harrison, secretary of the chamber of commerce, who is planning for a meeting of Ninth street property owners in the right away future. The plan in favor at present is for an extension of the parking in the middle of the street such as is being done with the two blocks at the far end of the street, down the entire length of the street to the terminus of the present Ninth street paving at Broad.

The Wichita Falls Traction company, through L. L. Albritton, general manager, has agreed to the lowering of the tracks to conform to the grade made necessary by the paving at any time, and the Wichita Falls Electric company, through P. A. Rodgers, manager, has agreed to cooperate in any way with the proper disposition of its light poles, and other equipment.

This paving is considered by chamber of commerce officials as probably the most important single paving project facing the city, inasmuch as it will in a great measure relieve the present traffic congestion on Tenth street, now the single paved way into the most thickly populated residence district of the city.

### COUNTRY CLUB LADIES DAY TO BE PLANNED WEDNESDAY

Plans for ladies' day at the Country club and other important matters looking forward to a delightful summer social season centered around the club for the members and their families, are to be discussed at a meeting of the wives of the members to be held Wednesday morning at 10 o'clock at the club house. Every family belonging to the Country Club is urged to have a feminine representative present at this meeting.

An amazing, gripping, spell binding story of travel, adventure, love and romance. Harold MacGrath wrote it! Allan Dwan directed it.

TOMORROW ONLY  
J. Warren Kerrigan  
in  
\$30,000

### Amusements

**At the Majestic.**  
Following an unusually favorable reception, Conway Tearle's picture, "Atonement," is being repeated at the Majestic theater today. The picture easily ranks with the best dramas of the month, filled from beginning to end with action and heart interest. Mr. Tearle is supported by a very capable cast. Grace Davison in the role of leading lady.

A single reel subject of exceptional beauty and general interest is an added attraction at the Majestic today which is entitled, "A Trip Through the Panama Canal," and is in natural colors.

Opening tomorrow will be a screen version of Rex Beach's "The Silver Horde," a picture that will no doubt be of more than usual interesting owing to the fact that at this time Mr. Beach, its author, is writing a novel in the oil fields here.

**At the Empress.**  
Lovers of adventure will thoroughly enjoy the varied excitement in Allan Dwan's production, "The Luck of the Irish," which is showing at the Empress today. The picture will revel in the unusual love story that runs through the tale of the young plumber who fell in love with a pair of feet that went by his basement window day after day for three years. He had never seen the face above the trim shoe feet, but he idealized a face and form to match them.

An unexpected legacy enabled him to take a trip around the world. On the steamer Ajax once more he sees the feet. Yes, she was lovely; far more lovely than he had imagined. He appointed himself her guardian and protector. This Hercules of the soldering iron, during the trip which followed, had ample opportunity for adventures which far exceeded those which he had dreamed of in his basement shop. From New York to Gibraltar, then on to Venice, Naples, and Cairo, they traveled together. At Singapore, after a number of thrilling situations the final climax is reached. The girl is abducted, and like a frenzied fiend the young Irishman goes to her rescue, fights the mercenary louts of the Orient and wins not only her freedom, but her undying love. Even then his troubles are not ended, for the story takes another turn which adds to the suspense and holds to the end.

Snowy liens are the pride of every housewife. Keep them in that condition by using Red Cross Ball Blue in your laundry. 5 cents at grocers. (adv.)

Have you rendered your property at the city hall? The book will soon close. 342-tfc

### GENTRY'S DOG AND PONY SHOW HERE WITH NUMBER OF NEW FEATURES AND BETTER THAN EVER

Animals galore, with all the fixins' necessary to make up a first class wild animal circus, may be seen at the carnival grounds near Athletic park at 2:15 this afternoon and 8:15 tonight. The Gentry Brothers famous shows are in our midst with a complete line of animal novelties.

In addition to the main show, there are a couple of side shows and a menagerie showing the wildest of wild animals.

The show, which was made famous by its wonderful dog and pony acts, has increased the number of acts seen here before and there will be plenty of entertainment for the men, women and children.

The wild animal acts are a new feature of the show and several daring stunts will be performed in the arena by the trainers and their beasts. Over 200 dogs and ponies were in line in the parade this forenoon. The clowns were much in evidence, as usual, and gave promise of keeping everyone in good humor who attends the performances.

### RIVER GUARDS HAVE NO AUTHORITY FOR RAIDS U. S. DEPUTY DECLARES

J. M. Allen, deputy United States marshal, announced on Tuesday that "raids" carried out upon illicit moonshine resorts in the receivership zone along the banks of Red river, were carried out by persons "without the proper authority" and that the United States marshal's office had absolutely nothing to do with the matter. Allen declared that persistent rumors

had carried out raids, they did it unlawfully and are subject to prosecution in federal court.

"A United States marshal always first arms himself with a warrant before attempting a raid," Allen said. "This warrant is issued by a United States commissioner and persons not armed with a warrant duly signed by a United States commissioner cannot carry out a raid."

"River guards employed by the federal receiver in the receivership zone have absolutely no authority to carry out raids," Deputy United States Marshal Allen declared.

# HARDING TELLS STEPS TAKEN FOR DEFLATION

### In Letter to Senate Says Dis-tinction Between Loans Left to Bankers

WASHINGTON, May 25.—Economic individual expenditures, reduction of non-essential loans by banks, increased production and improved transportation are needed to reduce the cost of living and deflate credits, Governor Harding of the federal reserve board declared today in responding to a senate resolution of inquiry.

The board is not prepared to define what are essential and non-essential loans, Governor Harding stated. This, he said, is a problem for local banks familiar with local needs.

Governor Harding's letter presented to the senate today by Vice President Marshall, came in response to the resolution of Senator McCormick, republican, Illinois, adopted recently requesting information regarding what steps the board contemplated "to meet the existing situation of currency and credits and consequent high prices," and what measures were proposed to mobilize credits for movement of the 1920 crop.

Reviewing the board's warning to federal reserve members against extending credits and its increase of discount rates, Governor Harding said the board for months had recognized that the expansion of bank credits was proceeding at a rate not warranted by the production and consumption of goods. The discount rate advances, Governor Harding said, have checked credit transactions somewhat, but "have not been entirely effective in bringing about the reduction in loans desired and which might normally have been expected during the early months of the year."

"On the contrary," he said, "commercial loans have steadily increased. Thus, it appears that the public has anticipated demands for banking credit which are usually made later on in the year."

"The average reserves of federal reserve banks are now a little over 42 1/2 per cent, as against 48 per cent at the beginning of the year and about 51 per cent twelve months ago."

Governor Harding told of the recent conference here of the federal reserve advisory council and of his recommendation for curbing of credits together with the opinion that congestion of transportation facilities is tying up great quantities of foodstuffs.

"The board is convinced," Governor Harding continued, "that if the unpaid portions of last year's crops can be brought to market before the new crop matures, the liquidation of credits, which are now tied up in carrying the old crops will be sufficient to offset to a considerable degree the credit demands now being made in moving the crop of 1920."

In the efforts to reduce non-essential loans, Governor Harding said banks were cautioned against drastic curtailment and advised to seek gradual liquidation and to grant loans stimulating essential production.

# CHANGES IN RANK OF AMERICAN CITIES SHOWN IN CENSUS

WASHINGTON, May 24.—The population rank of the cities will show a large number of changes when the statistics of the 1920 census have been completed.

Several cities have moved up into the 100,000 class in which there were 50 municipalities in 1910. Some of the cities of that class, whose 1920 populations have been announced, have outgrown others in the same class while some having less than 100,000 10 years ago have taken rank well up among the country's largest cities.

Akron, O., has shown the most growth among the larger cities. It has passed eight cities having 100,000 or more in 1910, whose 1920 populations have been announced.

The rank of the various cities cannot be determined until statistics for all have been announced. New York, Chicago and Philadelphia, first, second and third cities of the country, will continue to rank in that order but the ranks of other cities is uncertain. From statistics, announced some of the changes shown in rank are:

City	1910 Pop.	1920 Pop.	Rank	1920 Pop.
St. Louis	487,000	573,000	4th	573,000
Pittsburgh, Pa.	318,000	388,193	8th	388,193

# "BLACK HOLE" PRISONERS WILL BE GIVEN EXERCISE DAILY BY GUARD EMPLOYED BY COUNTY

One man, held on a charge of swindling by check, was released from the county jail late Monday due to the fact that he was a victim of a malignant social disease. Charges against the unfortunate were dismissed by Judge H. F. Weldon of the 78th district court upon the recommendation of District Attorney Fletcher Jones. The man left the jail penniless and almost unable to walk so serious was his physical condition, court house attaches say. He has been imprisoned sometime in the county jail due to the fact that he could not furnish bail.

Grand Jurors recommended to the county commissioners that this man be released and the matter was immediately taken up with District Judge Weldon. It was pointed out to the commissioners by grand jurors that persons suffering from serious social diseases were associated with men free from disease and that such a condition was extremely dangerous due to the fact that persons not contaminated might contract malignant forms of social disease as a result of association with victims of the disease.

Immediate relief for eleven prisoners confined in the so-called "black hole" of the county jail was demanded by the grand jury and help was promised. A guard has been employed and prisoners confined to the "black hole" will be removed each day and drilled in soldier fashion, in order to prevent disease and general physical break-down. It is this "black hole" that Grand Juror Silk referred to as a place "where he would not put a hog of his" and which County Judge J. P. Jones characterized as a place where he would rather see a felon go free than be confined to it. It is understood that the eleven men confined to the county jail's "upper cage" figured in a recent attempted jail delivery which was frustrated by jailor Charlie Bebout. Details of the attempted jail delivery are unknown other than Bebout was attacked and rescued through the assistance of a jail "trusty" person who figured in the attempted jail delivery are known to peace officers of Wichita county as "extremely bad men" and officers Tuesday declared that these prisoners would escape if not properly guarded.

No federal prisoners are confined to the "black hole" it became known Tuesday. United States Commissioner J. A. Lantz announced, however, that solitary confinement, or even close confinement would be permitted by a United States marshal in case the prisoners attempted a jail delivery or assaulted the jailer with intent to escape but the federal commissioner made it clear that no United States marshal would permit a federal prisoner to be held in confinement where sanitary conditions were such as to endanger his health.

It became known on Tuesday that it is the policy of the federal govern-

ment to remove to Fort Worth federal prisoners just as rapidly as possible. Overcrowded conditions are responsible for the removal of federal prisoners, Commissioner Lantz said. "Although it means a heavy expense to the government to pay transportation for federal prisoners to Fort Worth and to bring them back here to face trial yet the government is willing to pay this extra expense in order to house its prisoners in a jail where overcrowded conditions do not exist."

Eight federal prisoners were removed to Fort Worth last week and it is understood that an additional group of "federal" will be removed shortly. There are now eight federal prisoners confined in the county jail here, all of whom were incarcerated on minor federal charges.

While it is generally known that Wichita county jail has within its walls some of the really "bad characters" who for months have terrorized the northwest Texas oil regions, reports from the district attorney's office disclose that but few of these so-called "bad men" are incarcerated on extremely grave offenses. A major portion of them are held on charges of stealing property, usually oil field equipment, valued at over \$50, which is not a capital crime. It is understood that out of seventy odd prisoners confined to the county jail but five are there on charges punishable by the death penalty and it became known on Tuesday that but two special venues have been summoned, therefore limiting the possibility of the death sentence being administered in but two cases.

Sheriff Bob McCall is not blamed for the extremely unsanitary condition of the county jail but the grand jurors and the county commission hold the "whole county" as equally responsible for the "grave situation," Judge

# Wrinkles That Form Around Eyes and Mouth

This Good Looking Young Woman Ad- vices Old Time Recipe of Butter Milk Cream in New Way—A Gentle Massage With Fingers Before Retiring All That is Necessary.

There is no secret about it nor is there any doubt about the result—it's just common ordinary Butter Milk in the form of a wonderful cream gently massaged with the fingers three times around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Butter Milk Cream at any good drug or toilet counter on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.—(Adv.)

### SEVEN CHILDREN RESCUED WITHIN WEEK IN THIS COUNTY BY THE CHILDREN'S HOME AND AID SOCIETY

Seven future citizens and citizens of the great state of Texas have been saved in Wichita county in the past week, have been rescued from conditions which promised to make them criminals, high jackers, thieves and women of the streets, a menace to society. These are the real facts, though the week's report of Miss Hendricke and Miss Phillips, district superintendents of the Texas Children's Home and Aid Society, with headquarters in Wichita Falls, contain only cold figures showing seven children, ranging from 15 years to two weeks of age, placed in the Fort Worth receiving home from Wichita county during the past week. Let's just take two cases. Both from Burk Burnett, where there are hundreds of thousands dollars pouring out of the ground in the form of crude oil each day.

Word came to the Wichita Falls office of the society from officials at Burk Burnett of three little children, whose father was in the insane asylum, and whose mother could not take the proper care of them. These three youngsters, the oldest only nine, were running in the streets and alleys, getting their food for the most part from garbage cans in the rear of restaurants and grocery stores. They slept in a wooden shack, without any windows. The sympathetic business men of Burk Burnett, and the officers were helping them when they got the opportunity, or when they had time to think about it. Then the officials thought about the Texas Children's Home and Aid Society and sent for the local representatives. The mother, who was working, but who was unable to make a living for all, was glad to have the children given the opportunity of a home, and so the work of the society was easy.

The children were found to be infected with itch, and a treatment and cure was necessary before they could be taken to the home. After this infection was cured they were brought to Wichita Falls and a complete outfit of clothing given each for the dirty rags they were wearing. And they were taken to Fort Worth by Miss Phillips looking just like any other three youngsters, aged, nine, eight and seven years. The little girl is a beauty, all three children being bright, and they can soon expect a home or homes, where they will be clean always, have clean, wholesome food, go to school, and grow up to be useful citizens. Left where they were, the imagination can be free to picture what they might have become.

**Work of Reclamation.**  
The other case is not one of indigent tragedy prevented, but of a work of reclaiming and reconstruction, of bringing hope where there was none, and making faith in mankind to live again after the acts of one of the species had shattered it, and worked to crush and ruin a life.

A little girl, 15 years old, came with her two weeks old baby seeking help. It was the old story, made more pitiful by the details of the child's youth and immaturity. Half orphaned, poor, trying to work and get some of the pretty things which every feminine heart despite its age or station craves, the child came to grief. The bitterness of those months when she hid away from those she knew to keep her shame, and how she existed dur-

ing that time, are stories not for telling at that time. She was there with her two weeks old child, asking for help for the baby. She could get along somehow. But the society had a place for the mother, as well as the baby, and they are together in Fort Worth now preparing for a home, for a home can surely be found for them, and the mother need not be separated from her baby. If she does not choose to go to a home she can be prepared to make a home for herself, can be taught to work and be self-supporting, and also self-respecting.

**Work of the Society.**  
The Texas Children's Home and Aid Society prefers to do preventive work. It takes the little ones when circumstances prevent their parents from making a proper home for them, and to find homes for them, and make it possible for them to grow into useful men and women. But when tragedies like those of the 15-year-old child-mother are found it can step in and rebuild what has been torn down.

Wichita Falls and Wichita county citizens have to date contributed \$2,000 to this work since the society has had a local branch. Twenty-two children have been taken out. For each child handled, each life saved, one mark is put on the society's log after them from the time they are taken into the home at Fort Worth, when they are placed in individual homes, until they arrive at their majority. Only \$250. is required. This makes the expense that the society has already been at in Wichita county approximately \$5000. There are more cases which are demanding immediate attention, and for which funds are needed. The society has never employed the drive methods of securing funds, working through individuals for the necessary money. Any contributions will be gratefully received and will be put to use immediately in reclaiming more lives, in saving the county and state from the danger of one more girl or boy incorrigible who may be expected to grow up into a criminal. It won't be the child's fault if his environment remains such as to breed criminality. But there will be responsibility resting somewhere. Two hundred and fifty dollars will save a life, will make a man or woman.

**Peterson's Ointment**  
Best for Eczema

First Application Stops Itching of Eczema, Salt Rheum and Piles.  
Ends Chafing Distress in Five Minutes.  
"Live and let live is my motto," says Peterson of Buffalo, "Trusts all over America sell PETERSON'S OINTMENT for 60 cents a large box and I say to these druggists, if anyone buys my ointment for any of the diseases or ailments for which I recommend it and are not benefited, give them their money back."  
"I've got a safe full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore nipples, broken breasts, itching scabs, chafing and blind, itching and bleeding piles."  
John Scott, 231 Virginia Street, Buffalo, writes: "Peterson's Ointment is simply wonderful. It cured me of eczema and also piles, and it did it so quickly that I was astonished." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. Write for literature. Sanitary Drug Store will supply you.—(Adv.)

### COUNTY OFFICIALS SEEK INCREASE IN FEE ALLOWANCE

A delegation of county officials and local attorneys will leave Tuesday night for Austin to urge the passage by the special legislature of bills creating two new courts here and also an amendment to the present state fee law. Judge J. P. Jones is going in the interest of securing a county court-at-law for Wichita county. He declares that more than 700 civil cases are now pending upon the county's docket and approximately two years of continuous

court will be required to try all cases now pending.  
The creation of a new district will also be urged. The new court will handle civil matters exclusively, it is understood.  
Wichita county officials threaten to go on a strike if some provision is not made so they can earn a "living wage." It was rumored at the courthouse Tuesday. County Clerk W. T. Harris and representatives of all other county officials will go to Austin Tuesday night to urge the passage of an amendment to the fee bill whereby county officials will be permitted to secure more money for their services. Several officials declared Tuesday that they are unable to live upon the present income from their offices. The amendment proposed by Wichita county officials will permit county officials to retain a larger percentage of the fees they collect.

AUTOMOBILE DRIVING.

A correspondent of the Fort Worth Record, writing "not for publication," delivers a most interesting message on the subject of automobile driving, reckless and otherwise, and of the best method of checking the alarming increase in automobile accidents, which are strutting the roads with wrecked cars and against which the most careful and circumspect driver cannot guard, because he is the victim of the recklessness of others.

"Your trouble is not speed, particularly, but reckless driving by incompetent operators," he says. He continues: "There seems to be absolutely no restrictions imposed as to who may drive or be allowed to drive a motor vehicle."

There seems to be absolutely no restrictions imposed as to who may drive or be allowed to drive a motor vehicle. In the New England states and every accident is run down, investigated, and the person at fault admonished. It is safe to say that 90 per cent of the drivers on the streets of Fort Worth could not hold a license in any state where there is effective control of motor traffic.

not exceed that which may be considered with safety. One is liable to arrest back there at eight miles per hour as at eighty, and the statistics show that the vast majority of accidents occur at low speed."

There are only two more opinion days before the United States supreme court until it adjourns for the summer—June 1 and 7. The court's decision on the prohibition amendment and the Volstead act has been expected now for a month or more, but last Monday's rulings failed to include it, as has been the case for the past three or four opinion days.

There are increasing portents that a reaction against the extreme high prices is on the way. The price-slashing craze among department stores in dozens of the larger cities indicates a desire to unload high-priced merchandise at material reductions.

bling under the blow it received when proponents disagreed over the methods of taxation to be used to raise the \$2,000,000,000 necessary to furnish the bonus money. Secretary Houston's announcement that it would be wise for congress to be casting about for new sources of revenue to take care of anticipated government expenditures instead of trying to create a stupendous new expense probably means that there will not be any cash bonus legislation at this session of congress.

The outstanding feature of the Dallas conference is the suggestion: Buy wood or coal to keep warm with next winter, because there is no improvement of the gas situation in sight. The moral of which is: Get out the old coal or wood stoves for use in really cold weather, open up those old fire-places and grates again or get the furnace ready to burn any fuel available.

With Other Editors

Eugene Victor Debs, Fort Worth Record. Eugene Victor Debs, the only man ever nominated five times for the presidency and the only man ever nominated for that office while in prison, says the New York Times has been an active leader of the socialist party of America since its formation, 15 years ago. Before that time he had been a member of the social democratic party, subsequently merged with the socialist party. He first came into national prominence as leader of the railroad strike of 1893.

WHY?

Do Servants Wear Livery? (Copyright, 1920, by Wheeler Syndicate, Inc.) As might be deduced from the fact that the word "livery" is of French origin—derived from the verb "livrer," to deliver—the custom of clothing servants in a uniform started in France where it was the habit of the early French kings to give clothes to their servants. Because these outfits were given or delivered free of charge, the uniforms were spoken of as "livrees" and the custom gradually spread until it reached the United States.

Side Talks

Rules for Husbands and Wives. The young letter friend who wanted me to tell her briefly the best qualities to look for in choosing a husband also wanted me to lay down some sure-fire rules for happiness after marriage. I referred that second half of the request to a group of young, and not quite so young, married friends, and they furnished me with a set of rules.

HOROSCOPE

"The stars incline, but do not compel." (Copyright, 1918, by the McClure) Tuesday, May 25, 1920. Again the stars dawn on man's activities. Saturn, Uranus and Mars are all in the sign, while Neptune alone is friendly. It is a time when forebodings may be prevalent, and when it is most unwise to risk anything but positive and constructive ideas.

It Can't Be Done

WHY DON'T YOU PUT A HOLE IN THE BOTTOM AND LET THE WATER RUN OUT? THE SHIP IS FULL OF WATER. WHY DON'T YOU PUT A HOLE IN THE BOTTOM AND LET THE WATER RUN OUT? WHY DON'T YOU PUT A HOLE IN THE BOTTOM AND LET THE WATER RUN OUT? WHY DON'T YOU PUT A HOLE IN THE BOTTOM AND LET THE WATER RUN OUT?

Just Folks

Leaders of the Gang. Seems only just a year ago that he was toddling round the place in pretty little colored suits and with a pink and shining face; I used to hold him in my arms to watch when our canary sang. And now tonight he tells me that he's leader of his gang.

RIPLING RHYMES

The Graybeards. There's some delight in being old, for one is licensed then to scold and view things with alarm; I hang around the market place and let some brim run down my face, and talk of things that harm. I tear my hair and bring my fins and talk of all existing sins as though they modern were; and I do pronounce the thriftless joys who blow their coin in 40 ways, and fill the air with fur. But truly in the ancient times the giddy lads blew in their dimes just as they blow them now; and people mortgage I burn the roads, as graybeards must allow. The poorhouse reared its front of brick and gathered in the thriftless hick, just as it does today; and pauper graves, behind the kind, were made for those who wouldn't work, but spent their hours

NOTICE TO STOCKHOLDERS

The Rising Sun Oil and Gas Company trustees have declared a 10 per cent dividend to be paid to all stockholders whose stock is of record June 10, 1920. Parties holding this stock which is in some other name should send same to the company office, properly assigned to the present owner, so that the stock may be transferred to present owner and placed on the company records to the account of the proper owners. Parties having stock transferred should be careful to give their present address, street number and postoffice. A transfer fee of 50 cents should accompany each certificate sent in for transfer. Rising Sun Oil and Gas Co., by D. D. Brunson, president, 207 Kemp & Kell Bldg. 8-10c Smoke Peters' Pippin. For sale at all cigar stands. 6-10c Stamps for sale at Times office.

NEW PERFECTION Oil Cook Stoves

Advertisement for New Perfection Oil Cook Stoves. The advertisement features a large illustration of a kitchen with a New Perfection Oil Cook Stove in the foreground. The stove is a large, ornate unit with a tall chimney pipe extending from the top. The kitchen has a checkered floor, a table with chairs, and a window with a view of a landscape. The text of the advertisement describes the benefits of the stove, such as its efficiency, clean burn, and safety features. It also mentions that the stove is available in various sizes and finishes. The advertisement concludes with the name of the manufacturer, The Cleveland Metal Products Co., and their address in Cleveland, Ohio. It also provides information about where to purchase the stove, including local dealers and the company's website.

### LACK OF CASING DELAYING WEST TEXAS WILDCAT TESTS

SAN ANGELO, TEX., May 25.—Reports from the West Texas wildcat oil field, embracing a half hundred or more countries, indicate that operations lately have been seriously hindered by a lack of casing, fuel and other supplies, which have been delayed in shipment by the recent switchmen's strike. The rains last week also retarded work to some extent, but the benefits will be greater than the loss of time owing to the fact that many locations now having an ample supply of water.

Ward, McCulloch and Craker counties are to have new wells. Counteracting this has been the abandonment of one test each in Nolan, Scurry and Runnel counties. Rigging up is now under way on section 55, block 25, T. 2, R. 10, E. 1, near the San Diego, Cal., Oil Company, arrived Wednesday in San Angelo to watch operations on the T. J. Clegg ranch, above Carlsbad, where his firm has just straight-reamed the hole and set 8 1/4 inch casing to 2400 feet.

Work Virtually At Standstill.

Elsewhere in Tom Green county, work is virtually at a standstill. The Harris well on the San Angelo Oil & Gas Company, north of town, has been idle for two months, pending the settlement of legal proceedings instituted by the drillers against the Ranger Investment & Development Co., which took over the test last fall. Negotiations are now said to be pending with an out-of-state company to complete the well, which is 2773 feet deep and showing some oil and gas. Underreamer logs and a joint of casing must be removed before further hole is made.

The Whiteside Oil & Gas Co., on the Door Key ranch, southwest of the city, continues fishing for casing. Located around Waterloo, the General Oil Development Co. has done nothing since spudding twenty feet. On the J. A. Jordan place, W. M. Turner and associates are drilling below 1300 feet.

Trouble With Water Supply.

At a depth of 2700 feet, the Mincola Oil Co. has been having trouble with its water supply on the Lanus farm in Fisher county. Litigation has caused Foster & Barnhart to close down temporarily at 600 feet on the J. B. Lewis tract, three miles north of Ekota. Scott Braden and others are down nearly 600 feet on the I. Har-rod farm, 4 1/2 miles southeast of Rognon. Fred Schering and associates are waiting on pipe at the W. Willing-ham well, 9 1/2 miles northeast of Rognon. Homer Wilcox and others are shut down for water at 2550 feet; on the G. P. Hodges farm, nine miles west of Rognon, the same concern is making hole below the 1100 foot level.

In Scurry county, the Byron Oil Co. has been idle at 1800 feet on the S. McCall ranch near Byron, Section 3, block 175, H. & T. C. Ry. Co. survey. Before June 1, the Stanton Oil Co., of Wichita Falls, has taken up and spud on the Emmett Trevey farm, section 14, block 25, H. & T. C. Ry. Co. survey. The same firm has been having trouble with boiler and has frequently lacked fuel at its well on the J. V. Riley place, 17 miles northwest of Snyder; the well is down between 2400 and 2800. The location by the Oklahoma-Snyder Oil Co. on the Dunn farm, section 43, block 2, two miles west of the town of Dunn, has been abandoned.

At 2100 feet, the Safety First Oil & Gas Co. in

Runnels county is drilling around 2100 feet on Will Allen's farm, three miles west of Ballinger, after rebuilding a derrick, which collapsed in April, slightly injuring some of the drillers. On the Emil Fruger farm north of Rowen, the Runnels County Oil Co. has drilled past 1800 feet, after landing 8 1/4 inch casing to 1650 feet. D. G. Lacy of McAlester, Okla., has been shut down below 2800 feet on the R. Russell ranch. At the last report, Hazlett & Harrison were waiting on a 5-inch underreamer at the Winters Oil & Gas Co.'s well on the C. R. High-tower farm, having shut off salt water at 3176 feet by underreaming casing. The McNay well of the Sinclair-Gulf Oil Co. has been abandoned at 3075 feet.

The only development in Concho county has been steady progress by the Texas-Mears Oil Co. at its test on Mrs. Cora M. Hartgrove's ranch, section 232, 12 miles east of Paint Rock, where the drill is now between 1100 and 1200 feet. There was an oil and gas show at 1100 feet. The Shultz Oil Co. had a fine showing of oil at the 1400 foot level and Jeff Mears is seeking that formation.

In McCulloch county, Hyde & Howell were to have started a well last week on the Matthew Capps tract, survey 734, three miles north of Brady. D. W. Franchot & Co. of Tulsa, Okla., will shortly start a well north of the Day block on a 160-acre tract which was recently leased. Thad O. Day No. 2 is working below 1000 feet, where water was shut off by underreaming and resetting the top casing. At C. S. Thomas' Whiteside well, 8 1/4 inch pipe has been reset to around 2400 feet, while the Salt Gap well, by the same operator, has been underreaming casing to shut off water at 2800 feet.

The Plateau Oil & Gas Co. in Crockett county is preparing to start No. 2 on the P. F. Friend ranch, 20 miles southeast of Oona, No. 1 having been abandoned at 510 feet because of a crooked hole. While working at this well several days ago, O. G. Stroud, local driller, had several of his toes mashed when elevator links fell on his foot. The Ryan Petroleum Corporation on the Henderson ranch is reported to be drilling well below 2400 feet.

In Edwards county, Benedum &

Trees are still trying to clean out that 2900 foot hole, in which tools and casing were buried sixty days ago by a cave-in in black shale. Last week, the tools were raised 22 feet, then the cable severed. It is likely that a second test will be started soon, as another rig is reported to be on the ground. The well is 18 miles east of Rock Springs.

Pecos County Well Shut Down.

In Pecos county, the Relly-Texas Acreage Co. well on the H. C. Noelke ranch near Sheffield has been shut down for several days. It is 2200 feet waiting on a shoe. This is the deepest test in Pecos county.

Four of Brewster county's tests were operating last week. No. 1 of the Alexander Oil Syndicate, on the Hargus ranch, five miles west of Marathon, was drilling in black lime around 2100 feet; No. 2, the Skinner well, 6 miles north of Marathon, was idle at 1200 feet for 10-inch casing. The J. M. Montgomery, No. 3, twenty-five miles north of Marathon, was drilling around 300 feet. No. 4, to be located on the Yarbrough ranch, nine miles east of Marathon, is rigged up and a water line is now being laid.

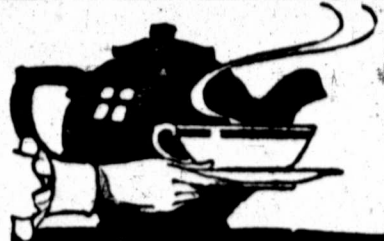

Near Hovey, in northern Brewster county, the Twin City Oil Co. has been shut down at 750 feet on R. L. Koker-noon's ranch, waiting on casing. On the Wilson ranch, 40 miles south, east of Marathon, was working between 875 and 900 feet in black shale and lime. No. 2, located 8 1/2 miles southwest of Marathon, was shut down in blue shale at 620 feet for tools.

## Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—comes from a sound, constructive character is in the use of

**LYKO**  
 The Great General Tonic

It enriches the blood—stimulates heart, liver and kidneys to normal activity—helps back your poor stomach and mental vigor—chases away that tired, worn-out feeling and restores it with a spirit of buoyancy.

LYKO is a distinctive preparation, scientifically correct in its combination of medicinal ingredients, and there's nothing more in it—no irritating, more-strengthening or more-rebuilding. Specially beneficial for invalids, convalescents and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

Sole Manufacturers: Lyko Medicine Co., New York, Kansas City, Mo.

# FORCING SHOE PRICES DOWN!

The newspapers throughout the country say that RETAIL MERCHANTS CAN FORCE THE PRICE OF MERCHANDISE DOWN BY UNLOADING THEIR PRESENT STOCKS AND BY NOT BUYING NEW SUPPLIES.

All the big merchants in the big cities are doing it. We, the "BASEMENT SHOE STORE" will do our share. Commencing FRIDAY, MAY 28, the entire \$40,000 stock of shoes for men, women and children will be placed on sale at prices that are just a little above the present wholesale cost; some shoes will be sold regardless of cost.

We want to play safe. We are going to cut our stock down to one-half. Should the prices of shoes go down (which we doubt very much) then we would be caught with a lot of cash instead of with a lot of shoes.

Watch papers for further details. Sale starts Friday, May 28.

Kemp & Kell Building—Entrance on 8th St.

### A Well-known Man

Dr. Pierce of Buffalo, N. Y., the celebrated physician, known throughout the entire civilized universe because of his many years of successful medical practice, once said:

"At this time of year most people suffer from what we term 'spring fever' because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables."

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks. If your druggist does not have the tablets send 10 cents for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Ask your neighbors, they have tried it!"

MULBERRY, KANS.—"I am glad to recommend Dr. Pierce's medicine. My son, at the age of 10 years, was taken with pneumonia. He got better, then took chicken-pox, measles, and last typhoid fever—all in one winter. It left him with a terrible cough and I feared he could not get well. I got two bottles of 'Golden Medical Discovery' and gave it to him and it cured him entirely."

"I lived near Monroe City, Mo., when my son was sick. No doubt many there—remember the case well."—MRS. JANE S. CARROLL.

## Attention Farmers

We have just finished unloading a car of "Blue Ribbon" high quality stoneware and can now supply you with all sizes of churns, crocks, jars, jugs, butter bowls, etc., at the lowest prices.

As usual we have a limited supply of four and five ply Gandy Endless Thresher Belts.

Baseball and Trapshooting

SPUDDERS OPEN BUFF SERIES BY WINNING 6 TO 1 WITH CARL EBERHARDT ON THE MOUND

It is hard to see why the Spudders had such a disastrous start after watching them step around at Athletic Park yesterday. They played championship ball, with the exception of one glaring error of omission, and easily defeated the Houston Buffs 6 to 1.

Manager Salm sent Eberhardt to the mound and the Spudder twirler covered himself with glory. He cleanly out-pitched Keck and Bouscha, a new-comer, allowing but 6 hits to the others' 10. Two hits in succession in the second gave the Buffs their only run and thereafter their hits were scattered.

The Spudders hit the ball hard throughout the game and Keck was sent to the showers after the third frame. During his short regime he was nicked for 5 hits, including 2 doubles, a couple of passes and a hit batsman, and allowed 4 runs. Bouscha, who relieved him, was hit to him for a when the Spudders out to him for a couple of tallies, but outside of that frame pitched good ball.

"Pete" Snedecor had a good day with the stick, but took all the good out of his first double with a bit of poor baserunning. Tanner was perched on third by virtue of Pete's two-bagger, with one down. McDonald drove one to deep right and Snedecor started with the crack of the bat for third. Apparently, he never looked off the ball and was doubled back in the meantime. Tanner who had held third until after the catch, and had scored easily, but Snedecor's lapse cost the Spudders a tally.

The Spudders got enough to win in the second. Zinn flew out to McDonald and Brownlow was hit by Keck. Grubb was given a complimentary ticket to first and both men moved up a notch on Kitchens' single through short. Keck couldn't steady down, and he forced 30 a run by slipping. Eberhardt a pass, and Snedecor sacrificed fly scored Grubb and Tanner flew out to McDonald.

The Spudders kept right after Keck in the next inning and scored two more. With one down, the Buffs were left. He went to second on a passed ball and scored on Zinn's slashing double to right center. Keck heaved one into center trying to catch Snedecor off second and the latter went to third. The Buff battery evidently thought that Jimmy was asleep as Noyes sought three to third to stretch him off the bag, but the ball hit Jimmy in the back and rolled into left field while he scored. Brownlow then grounded out, Doyle to Leslie, while Grubb went out on strikes.

The final two came in the sixth off Bouscha. Snedecor opened with a single and went to second on a sacrifice. Zinn drove in a pass and both runners advanced when Noyes let Brownlow's third strike get away from him. Brownlow was thrown out a first. Grubb came through with a slashing double to left that put the game on ice by scoring Snedecor and Zinn.

Doyle's single and McDonald's double in the second, gave the Buffs their only run. Score: Spudders, 6; Houston Buffs, 1.

HIS RETURN PERPLEXES HUGGINS

CHICK FEWSTER, SHORTSTOP

"Chick" Fewster, the fine young infielder who was put out of commission at the Yankee training camp, has rejoined the team. Now manager Huggins is worrying where to place him in the lineup, as Ward and Pratt are fixtures. We suggest center-field in place of Bode, where Fewster's speed could be utilized between Lewis and Ruth.

Major League Bits

Yesterday's hero—Hay Feisch. The star White Sox outfielder batted out another homer, equalling Ruth's season mark of six full circuit clouts. Jackson's great catch kept Walker from doing the same. Score, White Sox 10, Athletics 2.

AMERICAN LEAGUE

Felisch Still on "Babe's" Heels. PHILADELPHIA, May 24.—Chicago batted Naylor hard and won the opening game of the series from Philadelphia today. Felisch tied Ruth's 1929 record by hitting his sixth home run for the season. A great catch by Jackson prevented Walker from equalling the same mark. Score: Chicago, 6; Philadelphia, 2.

Ehmke Hurts Tigers to Win. NEW YORK, May 24.—Ehmke's great pitching and timely home run by Flagstead enabled Detroit to defeat New York in the opening game of the series. Ehmke held the Yankees to two hits, both of them by Ruth. Score: Detroit, 3; New York, 1.

Red Sox Have Easy Win. BOSTON, May 24.—Bush pitched effectively against St. Louis in the first game of the series today and Boston won. Score: Boston, 7; St. Louis, 1.

Reds Beat Braves 4 to 2. CINCINNATI, May 24.—Cincinnati broke its losing streak today by winning from Boston. Score: Cincinnati, 4; Boston, 2.

Mamaux Outpitches Adams. PITTSBURGH, May 24.—Good pitching by Mamaux enabled Brooklyn to defeat Pittsburgh today. Adams was hit hard but the visitors used poor judgment on bases. Score: Brooklyn, 4; Pittsburgh, 0.

Sherdel Drive to Showers. ST. LOUIS, May 24.—New York broke St. Louis' winning streak today. Sherdel was knocked out of the box when five of the first six who faced him in the seventh hit safely and drove in four runs. Score: New York, 7; St. Louis, 1.

Alexander Still Unbeatable. CHICAGO, May 24.—Alexander won his ninth consecutive game today when Chicago shut out Philadelphia. Alexander pitched in fine form, only one visitor reaching second base. Score: Chicago, 6; Philadelphia, 0.

For Sale. Cadillac Eight, in perfect condition. Just been overhauled and painted. Has good cord tires. As I have two Cadillac cars, will sell at a bargain. W. W. Anderson, Anderson's Department Store, 342-tfc.

Smoke a Peters Experience. For sale at all cigar stores. 348-tfc.

Wildie Has Close Call. TORONTO, May 25.—Jimmy Wildie, "Belgian fighting atom," came near being knocked out in the seventh round of his 10-round bout with Patsy Wallace here last night. Wildie made a great recovery in the sixth and tenth rounds and gained the decision.

HARRY KROHN KNOCKS OUT SPEEDY SPARKS IN TENTH ROUND WITH A TERRIFIC RIGHT SWING TO THE JAW

Speedy Sparks' hopes of getting a match with the winner of the Selmar-Roman go in Dallas for a big piece of change went aglimmering last night when Harry Krohn of Akron started a right swing from his heels that caught Speedy flush on the jaw and knocked him to the canvas for the full count in the tenth round of their scheduled 12-round bout. Harry won his right to meet the winner of the Dallas affair without the slightest doubt on anyone's part. He gave the local boy a terrific pummeling in the closing rounds and the K. O. was only a question of time. Just previous to the sleep walk, he floored Speedy with a fast left that came near knocking Speedy into Kingdom come.

Sparks showed his best fighting in the early rounds. As the scrap wore on, Speedy seemed to prefer to take a lot of blows with the hope of landing one swift one that would get Krohn. His plans did not work, however, as Krohn ducked or sidestepped his swings with ease.

Both men swapped several punches in the opening round and Speedy carried the fight to Krohn. He landed more often and the honors were slightly in his favor. Krohn came in fast in the second and landed several on Sparks' face. Sparks came back quickly and the honors were even. Speedy had a shade on Krohn in the third, due to his fast work in the closing minutes of the round. Krohn opened fast again and played Speedy's kidneys. The latter took a little punishment for a while and then got Krohn in the corner and handed him a half a dozen wallops without receiving one in return.

Sparks did not do much fighting in the fourth and the round was clearly Krohn's. Speedy kept his head down and well covered, while Krohn hammered away at will.

The same was true in the fifth. Krohn rocked Sparks with a terrific blow to the kidneys. This woke Speedy up and he tore into Krohn hammer and tongue and drew first blood. He started too late, however, and the lead gained by Krohn in the early minutes of the round was too great to be overcome.

Speedy absorbed a lot of punishment in the sixth and tried to land several haymakers. He landed one just before the close of the round that rocked Krohn and it was his most effective blow of the bout.

The fight slowed up perceptibly in the next two rounds and it was given and taken with both men.

For the first time, Sparks came in fast at the opening of a round in the ninth. He was soon stopped. Krohn came at Sparks like a wild man after the latter had him against the ropes and pummeled away at Sparks' face. Speedy ducked and tried to keep his face covered, but it was no use. Krohn penetrated his defense and Sparks was groggy at the end of the round.

Krohn started in with the gong at the opening of the tenth and knocked Sparks into the ropes. Sparks' efforts to land were futile as Harry sidestepped or ducked everything. Krohn put all he had into a left and floored Sparks. He was up again before the bout was finished, but it was the beginning of the end. Krohn kept at him and rocked him several times before he cut loose a terrific right swing that settled Sparks.

Boxing and Wrestling

CRUSADE AGAINST BASEBALL GAMBLING STARTS WITH 47 ARRESTS IN CUBS' PARK

CHICAGO, May 25.—Question—"A" bets Chicago steals more bases than Philadelphia. "B" bets vice versa. Answer—"You're plinched!" Forty-seven baseball fans, arrested yesterday at the Chicago National League park, where they were alleged to have risked anywhere from \$5 to \$100 on the game, were to tell a police judge about it today.

The arrests were the beginning of a crusade against baseball gambling, according to Sam Johnson, president of the American League.

Pal Moore Outpoints Lynch. NEW YORK, May 25.—Pal Moore, of New York, outpointed Joe Lynch, of New York, in a 12-round fight last night in Jersey City, according to the decision in three morning newspapers.

Walter Hagen The Golden Fleece. The Open Championship at its best. Hagen leaves England and Scotland impregnable. No American in the British Open ever got that far.

Boxing is back in New York state. The first fight held before the bill, signed yesterday, becomes law.

# The SPORTLIGHT

by Grantland Rice

(Copyright 1920, New York Tribune.)

**A May Day Dream.**  
You think it bunk when I sing the pleasure  
That comes from the Open Road;  
Where mile by mile I can take the measure  
Of life in the woods' abode;  
With the whispering trees where the soft winds fan you  
Trampling the distant glen,  
But you can't blame a fellow for dreaming, can you,  
Here in a stuffy den?

It may be bunk for the other metres,  
But never a chance for me;  
I'll take the flies and the keen musqueters  
And what other ills there be  
To cast one fly in the old Cata's river  
With Hughie and Max and Jack,  
Where a big red salmon begins to quiver  
And leaps to the old attack.

The city is great for the ones who like it,  
Great for the Jongs abode,  
But once in a while I like to hike it,  
Out through the open road;  
To move with the restless winds, far flying,  
Swept from an office den,  
To wake at dawn with the bacon frying,  
Ready to move again.

"What," we asked Babe Ruth, "is your idea of having  
a good time?"  
"A double header," he said, "where the other guy's  
pitchers are getting tired."

**One More Why.**  
Just why is it necessary to wait upon Jack Dempsey  
and Carpenter for a heavyweight entertainment?  
We still have Fulton, Brennan, Martin, Tunney, Smith  
and Burke among others, who could put over three or  
four high class shows.

Here are six fistie entertainers who have quite enough  
to start something—and yet there is very little going  
on in the heavyweight class.

Hence the logical query—why not?  
**Another Jasonian Voyage.**

Walter Hagen is the latest Jason who is sailing after  
the Golden Fleece of British golf.

The Open Champion of the United States is attacking  
Britain at its Gibraltar of Sports—the one place where  
England and Scot fighting together believe the Union  
Jack is impregnable to assault.

No American golfer has ever finished better than fifth  
in the British Open, and McDermott is the only one  
who ever got that far up toward the front.

Hagen leaves to face a redoubtable field—one com-  
posed of such experienced young golfers as Mitchell, and  
Duncan, and still another that carries such veterans  
as Vardon, Taylor, Braid and Ray.

Hagen's one chance to win is to be at the top of his  
game when the big moment comes along.  
Fortunately he is the type that is generally at his best  
just at that moment. But golf is a queer, uncanny game.  
For one man (Jim Barnes being English born), to  
tackle such a lineup and get away with it is beyond any  
definite expectation.

Odds have been offered at 6 to 1 that Hagen doesn't  
win. These odds should be at least 8 to 1, considering  
the fact that this happens to be Hagen's first attempt at  
British golf, where wind and trouble are different from  
the U. S. type.

### An October Refrain.

Sisler's a bear with a bat,  
Babe Ruth is there with the clout,  
Groh's worth the "mon," the son of a gun;  
Gavvy can swat there's no doubt.  
But when the lists are compiled,  
In the fall days by and by,  
I have a hunch the king of the bunch,  
Will be Ty, will be Ty.

Some speed along at the start,  
Some make a spue best he had;  
Tyrus can bring in the fall or in spring,  
Full of Promethean fire,  
Others may try as they will,  
He's always there on the job;  
This coming fall the monarch of all  
Will be Cobb, will be Cobb.

—John H. McGough.

**Chief Bender's Grip.**  
Chief Bender was starring in the Big Show over six  
teen years ago. He was winning world series battles  
back in 1905.

And the Old Doc with the scythe hasn't been able to get  
his attention yet.

A few days ago the Chief pitched another shutout,  
holding Worcester to four scattered hits.

"I have been figuring on giving up the game for the  
last two or three years," he writes The Sportlight, "but  
when springtime approaches I hear the old call of the  
pitcher's slab. There is a fascination about the old  
game that one cannot get away from. It always struck  
me in baseball that the public was always with the  
player who was giving the best he had, even if that best  
wasn't quite as good as it might be. The fan likes the  
hustler. We open a new \$60,000 park here in New Haven  
shortly, so you'd better run over."  
Here's luck to as great a one-game pitcher as base-  
ball ever knew.

The report that the Boston Red Sox were to finish  
a bad last is being denied in an official organ known as  
"The Standing of the Clubs."

told him what they thought of him in  
plain terms and they didn't whisper,  
either. Their remarks were plainly  
heard throughout the stands. That  
stuff goes against the grain, and is  
bound to hurt attendance in the long  
run.

Carl Fleming, an old Wichita Falls  
favorite, was the third man in the  
ring at the Camel A. C. last night.  
Carl was busy shaking hands with  
his numerous admirers and friends  
after the bout. He expects to be  
matched here with Texas Kid in about  
three weeks. His return will be wel-  
comed. His fighting always made a  
big hit every place. While in the ser-  
vice in France he participated in 32  
bouts, winning 31 and getting a draw  
in the other. Guess that's poor!

Eddie Lewis will meet Texas Kid  
here next Monday night as a result of  
his win over Sid Martin last night.

The Yankees' hunt for a new home  
has been spared. The eviction order  
has been rescinded, following a chat  
between Giant officials and Ban  
Johnson. Huggins' men will play at  
the Polo Grounds next year and prob-  
ably later, according to the present  
plan.

### UNIVERSITY OF KANSAS TO HAVE CONCRETE STADIUM WITH CAPACITY OF 30,000

LAWRENCE, KAN., May 25.—Final  
authorization has been secured for  
the erection of a concrete stadium  
with a seating capacity of 30,000 at  
the University of Kansas here, it was  
announced today. Construction will  
be started next fall on the present site  
of McCook field.

The entire cost of the new stadium  
was estimated at \$500,000. It will  
probably be financed by selling the  
best seats for periods of two to five  
years.

## GOOD 'BAPTIZER' WILL BE ARRANGED FOR OPENING N. Y. BOUT

NEW YORK, May 25.—Johnny Wil-  
son and Mike O'Dowd in a return bout  
for the middle weight champion-  
ship; or Georges Carpentier and Bat-  
tling Levinsky in a bout for the light  
heavyweight championship, or Benny  
Leonard and Lew Tendler in a scrap  
for the lightweight honors were being  
talked of here today as probable "bap-  
tizers" for a new reign of boxing in  
New York.

Boxing is back as a legalized sport  
in New York state, but it is improbable  
that the first bout under the new  
Walker 15-round decision law will be  
held before the middle of July. The  
bill, signed yesterday by Governor  
Smith, becomes effective at once, but  
the necessary appropriation of \$40,000  
will not be available until July 1.

### SPUDDERS TENDERED WARM RECEPTION AT ST. JAMES

A royal welcome home was accorded  
the Spudder team at a banquet at  
the St. James hotel last night. Judge  
H. F. Weldon was toastmaster of the  
celebration and had warm words of  
praise for the boys.  
Short addresses were given by  
Newt Maer, Doc Bass, Gene Leopold,  
Lloyd Weaver, Walter Salm and sev-  
eral members of the team. All spoke  
in the same strain, expressing their  
most confidence in the team with the  
hope that the Spudders would  
again be sawing their heels to the  
other seven clubs.

### Sport Comment

By  
Paul W. Larkin

Guess we're hitting the old stride.  
The boys displayed plenty of "pep"  
yesterday.

The outpouring of the fans showed  
that Wichita is still behind the team.  
Over 3,000 passed through the  
gate.

The Buffs have one of the scrap-  
piest leaders in the league in Jewel  
Ens. He takes his hat off to no third  
sacker on the circuit.

Grubb stole third standing up in the  
fifth.

Stellbauer must have been in a  
trance in the sixth. He fanned with-  
out taking his bat off his shoulder.

Tanner waited until Noyes had the  
ball in his hands before he started to  
steal second in the sixth. The ball  
beat him to the bag by several feet.

After hitting safely in every game  
for more than a week, Joelson went  
hitless yesterday.

Everybody likes to see a ball club  
in these fighting every second, but  
some of the methods used yesterday  
at Athletic Park were not above re-  
proach. Those of us who don't slip  
from the straight and narrow and let  
loose a little profanity once in a  
while are few and far between. Such  
there is no necessity for giving such  
vent to one's feelings that he can be  
heard all over a ball park. Hugh Mil-  
ler, who handled the indicator, took  
a lot of cursing from Jewel Ens and  
"Buddy" Tanner yesterday. Both men

## Save \$10 to \$35 on That Suit

### Young Men's \$55 to \$75 Suits for \$45

Sizes 34 to 42 breast measure. For this week we offer new spring suits selling at our regularly low, fair prices, at \$55 to \$75, the suit at choice—

# \$45.00

These are not carried-over styles. They are new, crisp spring styles fresh from such well known makers as B. Kuppenheimer & Co., recognized as builders of the best suits in America. Langham-High suits, built by tailors, specializing on young men's suits exclusively.

Styleplus suits, America's best known price clothing. These suits should have reached us early in the year—that's the reason—and the only reason why we offer them now at this distinct sacrifice.

Quality Clothes from a Quality Store. At the price of the undesirable, unknown, make.

## See the great values in— Mid-Summer Suits

Beautiful pongee silk suits, snappy silk mohair suits, tropical worsted suits, and Palm Beach suits, all beautifully tailored. Cool, comfortable clothes for mid-summer. You will be glad to wear for their better tailored appearance and their superior quality. Made by Kuppenheimer and Styleplus.

**\$17.50 to \$35.00**  
Pongee silk suits slightly higher.

## Now For Our Greatest Silk Shirt Sale

Here is a stock of silk shirts valued at more than \$7500, personally purchased by our Mr. W. W. Anderson in New York City, and rushed to us by fast express:

**\$17.50 NoFade Remington Shirts For \$12.50**

And there are no better silk shirts made than Remington—and there are no other silk shirts that give you the same guarantee. NoFade shirts—a new one if the shirt fades from washing or perspiration. And the best shirting materials: Good, heavy broadcloth silks, the most durable of all silk shirting materials. Luxurious LaJerse silks, and extra heavy crepe de chine silk. The most exclusive shirting patterns in colorful stripes, and the neat effects for the man of fine tastes. And literally hundreds of them from which to choose, not ordinary \$17.50 shirts, but the best silk shirts made in America, go in the big silk shirt sale at choice, \$12.50.

**\$8.50 NoFade Silk Shirts for \$5.95**

These are made of heavy, art silk, and carry the same guarantee as the \$17.50 quality—"A new shirt if they fade." Snappy, new, colorful patterns that are all plaid! All sizes and dozens of them from which to choose, in the silk shirt sale at each

**\$5.95**

**\$5.00 NoFade Madras Shirts for \$3.75**

To provide for the fellow who does not desire these luxurious silk shirts, we offer a big lot of Remington NoFade madras shirts, beautiful woven madras, extra quality material, in the madras patterns of the season, all with the NoFade guarantee—our best \$5.00 quality, this week at

**\$3.75**

**\$6.00 to \$7.00 Straws for \$4.95**

"Straws show which way the wind blows" and it's blowing a perfect gale of bargains here at Anderson's Hat Shop.

**\$4.00 Sennet Yachts \$2.50**

Extra quality \$4.50 fancy sennet yacht sailors, in burnt straw effects with brown trimmings, extra good qualities for \$4.50, in the straw hat sale at \$3.50. \$5.00 Japan panamas for \$3.95. Good, big full shape extra quality panamas, in Alpine shapes, the popular large shapes—our best \$5.00 quality, in the hat sale, each \$3.95.

WICHITA'S DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

New Orleans Cotton. NEW ORLEANS, May 25.—An irregular and unsettled market prevailed in cotton in the early trading today. On the opening call some months were up and others were down and after the call the irregularity was more pronounced. During the first hour of business the active months at their highest were 21 1/2 to 22 points over yesterday's close and at their lowest were unchanged to 2 points down net. July traded as high as 18 1/2 and as low as 17 1/2. Some buying was caused by too much rain in the eastern belt and some support was derived from a good Liverpool. Selling was principally from traders who took part in the bear movement late yesterday. Reports that one of the prominent western goods distributors was advising purchases of cotton goods at present prices seemed to make a considerable impression on sentiment. The early advances were followed by some irregularity during the middle of the morning as a result of renewed liquidation, but the market firmed up again toward midday on covering in expectation of bullish private and official cotton figure. October sold up to 24 1/2 or 57 points net higher with active months generally showing net gains of 42 to 60 points. Liverpool cables reported an advance of 100 points in the market for emergency cotton. Continued complaints regarding the crop in Georgia, because of too much rain in that state and Arkansas because of backwater from the river, led to bullish claims that the weekly returns from the government tomorrow would be unfavorable. The market took on a much steadier tone and late in the morning net gains of 10 to 15 points were made over yesterday's close, July going to 37 1/2. The market closed steady.

LIVERPOOL. Liverpool spot in limited request; prices easy. Good middling 25.00; fully middling 25.50; middling 25.25; low middling 22.00; ordinary 19.00; ordinary 18.00. Sales 3,000 bales including 2,300 American; receipts 21,000 bales including 14,000 American. Futures closed quiet; May 22.90; July 22.90; October 23.04; December 22.90; January 22.14; March 21.00. Expectation of bullish private bureau reports on condition during the past three days caused heavy buying during the latter part of the session and toward the close prices were 7 1/2 to 8 1/2 points over yesterday's close, July going to 37.50. The market closed at net advances of 60 to 80 points.

DALLAS. Spot cotton steady; middling 40.10. HOUSTON, TEX. May 25.—Spot cotton steady; middling 40.10. GALVESTON, TEX. May 25.—Spot cotton steady; middling 40.50.

NEW YORK STOCKS.

NEW YORK, May 25.—Gains exceeded losses at the opening of today's stock market, but the underlying demand for a continuance of bearish sentiment among professional traders. Oil, was the most noteworthy exception. Mexican petroleum rising 1 1/2 points with a more moderate gain for Pan-American. Buying of low priced rails, attributed to western interest effecting an advance of one point for Rock Island. United States Steel made a fractional gain, but most of the seasoned industrials and rails were little changed. Atlantic Gulf, strongest feature, forfeited a point at the close. Most gains were irregularly increased during the latter session, although business fell away to a marked extent. News from Mexico prompted further covering by the shorts in oil and buying of rails included many of the speculative low priced shares.

# SHIP-BY-TRUCK BANQUET GIVEN TUESDAY NIGHT

Plans for making practical use of the "ship by truck" idea, following last week's successful tour, were set on foot Monday night when the participants in the tour were guests of the mercantile bureau of the chamber of commerce at a banquet at the Westland. A meeting was called for Wednesday night of next week at which time definite steps will probably be taken.

Reminiscences of the trip and discussion of its lessons formed the theme of the several brief talks that were made. Marvin Smith, chairman of the mercantile bureau, presided. M. J. Gaines, tourmaster; Al Booth, Burton Stoyton and E. S. Goodner responded to toasts, and V. N. Armstrong sketched on the blackboard some pictures of incidents of the trip. Particularly appealing was his portrayal of the four faces gazing out from behind the bars of the Haskell jail.

Burton Stoyton of the mercantile bureau said that truck trips were of great value in developing trade territory and that Wichita Falls should be more alert in this regard, than she has been. Mr. Stoyton sketched the possibilities of truck routes as a business-building factor and expressed the hope that Wichita Falls merchants would enter heartily into the movement.

M. J. Gaines, tourmaster on the trip, told of the varied experiences of the caravan and of the generally excellent performance of the truck and paid a tribute to the spirit of hospitality encountered in the places visited.

The possibilities of systematic motor truck express routes were discussed by Al Booth, fleet captain, who declared that the interest and enthusiasm aroused by the trip should be put to some practical advantage.

E. S. Goodner of the mercantile bureau said that his company had already found trucks a most useful factor and he was sure that still greater benefits could be attained by careful planning.

A brief business session of the truck dealers followed, at which it was decided to hold a general meeting on Wednesday of next week, and in the meantime to continue the work for permanent organization.

Whitey Hoffing announced a fish fry to be given next Friday night for the tourists and the members of the ball team.

For Sale. Cadillac Eight. In perfect condition. Just been overhauled and painted. Has good cord tires. As I have two Cadillacs will sell a bargain. W. W. Anderson, Anderson's Department Store. 342-tfc

# FOR WOMEN

Beauty is simply a reflection of health. To have a lovely, blemish-free complexion; to have thick, lustrous, beautiful hair; to have a youthful suppleness of body with every curve developed as Nature intended, you must have health as the foundation. In your own boudoir you can make these dreams come true. You can literally rejuvenate yourself with the aid of the

### WILBARGER CROPS GREATLY BENEFITED BY RAINS

VERNON, TEX., May 25.—Farmers from every quarter of Wilbarger county report that the recent rains have greatly improved crop conditions. Last Sunday the heaviest rain recorded in years, fell in two hours. Corn and small grains are growing rapidly and good stands of corn are in evidence everywhere. A very small amount of crops will have to be replanted, and with one or two more good showers at the proper time, it is thought wheat and oats will be good. Vernon and Wilbarger county are experiencing the most promising time in years, the bank deposits increasing from three to five million dollars.

### VERNON PRESBYTERIANS TO BUILD NEW CHURCH

VERNON, TEX., May 25.—A hundred thousand dollar church for the Vernon Presbyterian congregation is in prospect as a committee to finance and formulate plans for the erection of the edifice. At the church session of the pastor of the church was notified that his salary had been increased, \$500 being added. He is also to be the recipient of an automobile, the machine already being ordered.

### ILLINOIS MAN BUYS SECTION WILBARGER LAND

VERNON, TEX., May 25.—Dr. L. A. Burhans of Peoria, Ill., has bought the Peter Serratis 640 acres of land in section 70, block 14, four miles south of Vernon, for a consideration of \$128,000 or \$500 per acre. The land is located near the Sigler pool and it is said only half of the land was bought in under lease. Dr. Burhans is

a physician of Peoria, Ill., and became interested in Wilbarger county through the acquaintance of others from that city who are connected with the Sigler Oil Company, and he like others, is purchasing much Wilbarger acreage and city property.

### FAVORABLE INDICATIONS IN TWO WILBARGER WELLS

VERNON, TEX., May 25.—Preparations are being made to standardize Sigler No. 2, and the well will be drilled in with standard tools. Rotary equipments are being used in the Sigler pool, but standards will be placed over the holes as fast as the wells are ready for them. The Staley-Greene well on the Castlebury farm attracted many operators to the well by reports that a pocket of gas was encountered that encouraged results, being something similar in nature to the Castlebury gasser. A showing was encountered by the drillers of Sigler No. 2 last week also, which was of

interest to operators, because of the fact that about the depth of the showing encountered by No. 2 or around 1400 feet, the first showing was made by the discovery well.

Will something "just as good" do for you or do you want the best. Insist on getting CHURNED GOLD fancy creamery butter. It is sure to please you. Ask your grocer. 6-7c.

Notice. That the Open Shop Association was notified by me that I would not become a member and not to publish my name. Howard Young.
