REPUBLICANS TO ACCEPT WILSON'S CHALLENGE

LABOR RE-ELECTS VETERAN LEADER UNANIMOUS VOTE

For Thirty-Ninth Time Gompers is Re-Elected as Labor's Leader

FOURTH SUNDAY IN MAY LABOR DAY

Labor Will Attempt to Organize Telephone Operators and Other Workers

MONTREAL, June 18.—Samuel Gompers, veteran president of the American Federation of Labor, was unanimously re-elected for the 39th time by the convention here today.

The convention declared its action was necessary because of the "oppressive anti-labor policy of the Bell Telephone Co. and its associated companies."

Reconsidering its action yesterday in amending its constitution to increase the executive council from 11 to 15 members, the convention rejected the amendment by a vote of 13,097 to 13,441.

The fourth Sunday in May of each year was designated as Labor's Memorial Day, upon which labor throughout the country will be called upon to pay a tribute to the memory of its dead.

The churches also will be called upon to co-operate in the observance of Labor Sunday, the day preceding Labor Day in September.

TEXLINE CHAMBER OF COMMERCE ELECTS HATCHETT

TEXLINE, June 18.—The Texline Chamber of Commerce has elected C. S. Hatchett as secretary.

RED TROOPS HAVE BEEN WITHDRAWN FROM ENZELI

LONDON, June 18.—All Russian Bolshevik troops have left Enzeli, the principal Persian port on the coast of the Caspian Sea, according to a dispatch to the Herald from Copenhagen.

AUSTIN FIRM INDICTED FOR PROFITEERING ON SUGAR

AUSTIN, TEX., June 18.—I. Heidenheimer, David Lowenburger and L. Strassburger were indicted last Thursday by the federal grand jury in session here on charges of profiteering in the sale of sugar to local consumers.

ITALIAN POET STILL ACTING IN THE ROLE OF WARRIOR

ROME, June 18.—Gabriele D'Annunzio desires to have his legionnaires at Fiume replaced by Italian regulars and wants to go to Avlona, Albania, to lead his Arditi troops there, it is reported here.

BUREAU OF MINES PLAN REGULATION OF NATURAL GAS

WASHINGTON, June 18.—State public utilities commissions will be asked by the bureau of mines to put into effect before October 1, 1920, certain regulations for the use of natural gas.

NEW YORK DETECTIVES BELIEVE FIRE-BUG IS BUSY

NEW YORK, June 18.—Five fires which occurred here within a half mile area early today have started detectives searching for a fire-bug whose morning's activities are thought responsible for driving more than 700 scantily dressed tenement dwellers into the streets.

WILSON BELIEVES REPUBLICAN TRAGEDY WILL PROVE LESSON FOR DEMOCRATIC CONVENTION

(By courtesy of the New York World, extracts from an interview with President Wilson on his return to the White House are herewith presented. Copyright 1919, by the Press Publishing Company, 100 West 40th Street, New York.)

WASHINGTON, June 17.—Nine months of courageous battling to repair the consequences of illness resulting from the tragedy with which I am afflicted have drawn upon their balance in the bank of nature, has neither daunted the spirit nor impaired in the least the vigor of the splendid intellect of Woodrow Wilson.

The president has paid in the flesh. There is no doubt about that. But with sublime courage he fought while he lay almost physically helpless. Now that his complete restoration to health seems assured, he fights with determined purpose to bring America to what he considers a sense of duty to the rest of the world with the fullest realization of his own duty to America.

Mr. Wilson's vision and courage through these nine months of illness have not wavered. He has determined that justice and right (as he appraises them) shall prevail throughout the world if every force of influence at his command can accomplish it.

These are the outstanding impressions that I brought from a three-hour visit on Tuesday last, to the best loved and most hated man in the world, and of half an hour's call on Wednesday.

Regarding the nominees, the president declined to make any comment beyond expressing the belief that the gentlemen selected for president and vice president at Chicago, "admirably harmonized with the platform."

"I suppose I should feel flattered," he said with a twinkle in his eyes "over being made the issue of the presidential campaign by the republican party makers at Chicago to confer the distinction of being not only a burning but a living issue by camouflaging and obscuring the real issues which will not affect the people."

"The processes by which the Chicago platform was accomplished seemed to me to have been essentially and scientifically sound. Instead of quoting Washington and Lincoln, the republican platform should have quoted Bismarck and Bernhardi because the republican attitude regarding the supreme issue that can not be abandoned or disregarded strongly suggests the arbitrary influence that dictated the doctrines of those two eminent persons."

"I am extremely confident that the democratic convention at San Francisco will be the acceptance by the republican party of my invitation to make the league of nations the issue of the campaign. I am even more confident that such a referendum will confer by its failure the same respect upon the people as it would confer by its success."

"The republican policy of negotiation has been persisted in for the sole purpose of advancing republican chances for winning the coming presidential election, and has never reflected a sincere desire to ameliorate the effect the measures adopted for protecting the country in time of war. The republican policy is better rather to exaggerate the measures."

"I hope and believe that the platform to be adopted at San Francisco will be more progressive and clearer than any other platform that has been proposed."

"I think the tragedy is a tragedy of the century," Daniels said. "The unrest throughout the world is chiefly due to that failure of the republican party to accept the treaty ratified by Representative Mondell, republican leader of the senate, declared the president's interview indicated he was thinking of a third term."

"This would convey the impression that he would be a candidate for a third term," Mondell said. "He says he's the issue, he ought to be the candidate."

In understanding than that enunciated by the republicans at Chicago. The character of the men who will sit as delegates in the San Francisco convention should be sufficient guarantee that the issues upon which the campaign is to be fought will be met with definite and concrete statements, not cloudy and ambiguous terms as was the case in the Chicago convention.

The republican convention was the apotheosis of reaction. It was the direct antithesis of what the democratic convention at San Francisco will turn out to be. The leaders who call themselves progressives and pretend to speak for the progressive element in the republican party sacrificed every principle that made attractive the movement of eight years ago in order to gratify the ambition of some of the present-day leaders to prevent the people of the United States from fulfilling their moral obligations to the rest of the world and to themselves.

The abandonment at Chicago of the progressive spirit was woefully tragic. I hope and believe that the tragedy at Chicago will provide the republican convention with an object lesson in this direction that will not be overlooked.

I have not raised my hand or voice to aid in the nomination of any candidate for the democratic presidential nomination and I shall not do so.

I have the greatest faith in the intelligent republicans who will assemble at San Francisco two weeks hence to write the platform and nominate the standard bearers of our party. I should not want to express my preference or opinion regarding either individuals or platform expression which might influence the men whose votes will ultimately decide both.

The gaps to the president's democratic opponents in the platform, was contained in the utterance that he was "as confident today as I was when I returned from Paris finally in July last, that the people of not only America but of the world, are in favor of the league of nations," and also when he declared the American people want a referendum on the league "regarding anything else a political party now may provide."

Can't Escape League Issue. In his official family these utterances were interpreted as meaning that Wilson believed the republican party can not escape the league issue and that the democratic party will have failed the country if it does not take the issue to the people.

When Wilson declared the processes by which the Chicago platform was accomplished seemed to have been essentially and scientifically sound, he was referring to the platform and method, and later refused to comment on the republican candidates, he outlined the democratic campaign according to administrative views.

This course is an attack on the republican platform with the incidental but the nominee at the platform. There was also rejoicing among democrats that Wilson had refrained from indicating a choice for any presidential nominee to point out.

Secretary Daniels today followed the president's interview with a statement of the same trend.

"I think the tragedy is a tragedy of the century," Daniels said. "The unrest throughout the world is chiefly due to that failure of the republican party to accept the treaty ratified by Representative Mondell, republican leader of the senate, declared the president's interview indicated he was thinking of a third term."

"This would convey the impression that he would be a candidate for a third term," Mondell said. "He says he's the issue, he ought to be the candidate."

DETROIT STEPS IN FOURTH PLACE AS LEADER OF CITIES

WASHINGTON, June 18.—Detroit, with a numerical increase and rate of growth larger than Chicago's and second only to New York's during the last 10 years, is now fourth largest city of the country, displacing St. Louis and outranking Boston, Cleveland, Baltimore and Pittsburgh.

With announcement of the population ranking of the country's eighteen largest cities has been established, New York and Chicago remain first and second largest cities, respectively. Philadelphia is third, with a population of 1,825,000, an increase of 13.4 per cent. Detroit, 993,739; Cleveland, 796,836; increases: Detroit, 537,972 or 113.4 per cent; Cleveland, 236,742 or 42.1 per cent.

NEW YORK POLICE STILL SEEK CLUE TO ELWELL MURDER

NEW YORK, June 18.—The first legal detention in the mysterious case of the murder of Joseph B. Elwell, wealthy sportsman and what expert who was shot to death in his home here last Friday, was forecast today by the district attorney's announcement of intention to have Mrs. Marie Larsen, housekeeper and Edward Rhodes, chauffeur of the dead man, held by the court as material witnesses.

Assistant District Attorney Joyce in charge of the murder investigation at Elwell's home, issued the following statement: "Edward Rhodes, chauffeur for Mr. Elwell, and Marie Larsen, housekeeper will be taken to the court of general sessions where we will ask that they be detained formally as material witnesses."

Both of these people know a great deal about this case, said Mr. Joyce, "and before the mystery is cleared I am sure that they will tell everything they know."

"I feel certain now that a man shot Elwell and that a woman was the cause of the shooting. No one has been eliminated from the case and we will continue work at every angle."

HOOVER SHATTERS ANY DOUBTS OF WISEACRES ON HIS SOLID SUPPORT OF SENATOR HARDING

By United Press WASHINGTON, June 18.—The republican party will gladly accept the challenge of President Wilson for a referendum on the League of Nations, Senator Warren G. Harding, republican presidential nominee, said today.

The republican attitude of "preserved nationality" will be overwhelmingly endorsed, Harding predicted in his comment on the interview with President Wilson secured by the New York World.

Asked regarding the president's interview, Harding said: "I am sure the republican party will gladly welcome a referendum on the question of the foreign relationship of this republic to the world. The attitude of preserved nationality would be overwhelmingly endorsed."

Hands Off Policy. Warren Harding will declare for a "hands off" policy toward congress as one of the chief objects of his campaign for the presidency, according to the New York World.

Reputation of the Wilson administration and an end to the "dictatorship of the executive" will also be a campaign slogan, Harding predicted, according to the New York World.

Hoover Will Support Ticket. After seeing Harding, Hoover said he presented views which he believed would be of great value to the republican party.

Hoover called upon all republican factions to support the Harding-Coolidge ticket.

LEGISLATURE ENDS WORK OF SPECIAL SESSION SINE DIE

AUSTIN, June 18.—Approximately 30 bills of general importance were acted into law during the special session of the 36th legislature which adjourned sine die today, although 310 bills were introduced during the session.

Measures were enacted increasing the salaries of county school superintendents approximately 50 per cent and teachers over 30 per cent, also authorizing reciprocity with other states in granting certificates and emphasizing professional training.

Salaries Increased. Sheriffs of Texas were granted an increase of slightly over 30 per cent in the salary of their offices.

Salaries of county treasurers in Tarrant, Dallas, Bexar and Harris counties were increased from \$24,000 to \$30,000 a year.

The gas industry of Texas was placed under the regulation and control of the railroad commission of the state.

Among the bills defeated were the housing bill, the measure which sought to exempt municipal and county bonds from taxation, and one which had for its purpose the making of an independent district courts in Stephens, Wichita and Eastland counties.

A resolution was adopted authorizing the governor to appoint a committee of legislators and citizens not to exceed seven to make an investigation of the advisability of removing the medical department of the university from Galveston.

Because of delay incidental to the enrollment of the bills and on account of two free conference committees to report, one on the sheriff's fee bill and the other on the bill making an appropriation for the education institutions of higher learning, final adjournment of the present special session of the legislature may not come until some time this afternoon.

The house adopted a concurrent resolution inviting the continued cooperation of the federal horticultural board in its efforts to eradicate the pink boll worm from the infested area in southern Texas.

A house bill providing for an extension of two years, the time in which property sold for taxes may be redeemed, was passed finally in the senate.

GEO. W. PERKINS FINANCIER DIED IN CONN. TODAY

STAMFORD, CONN., June 18.—George W. Perkins, retired financier, who for many years was connected with J. Pierpont Morgan, died early today in the Stamford Hall Sanitarium.

PROGRESSIVES ARE LEARY OVER HOPE WINNING ELECTION

Third Party Will Eventually Supplant Two Big Political Factions

CHICAGO, June 18.—Success of a third party will depend on the democratic national convention, according to Bull Moose party leaders, who are promoters of the proposed third party.

Though invited to join in a third party movement the progressives are holding off until they see what the democrats do. Experienced with the 1912 attempt to put over a third party ticket headed by Theodore Roosevelt, the former Bull Moose party are shy about leading another insurgent movement unless they have a reasonable chance of winning.

Such former progressives as Jane Addams, Harold Ickes, Kellogg Fairbanks and Raymond Robins, prominent in 1912, have been invited to join the "committee of 48." They expect to reply to the invitation directly after the democratic meet.

John F. Burns, Roosevelt supporter, and others do not take a rosy view of the prospects of success of any third party movement. The third party of leaders are not claiming they can beat both the democrats and the republicans this year but they are looking to the future.

"A third party will eventually be a success," said Prof. Stanley Rypins, University of Minnesota, and a member of the "committee of 48."

"We do not expect to elect a president this fall but there will be a big chance in 1924."

FORTUNES WAR MAKE MEXICAN BANDIT NATIONAL HERO IN SHORT SPACE OF ONE WEEK

By RALPH H. TURNER
(United Press Staff Correspondent)
MEXICO CITY, May 26. (By Mail.)

Fortunes of war have a piquant touch in Mexico. Take the case of Manuel Pelaez.

In less than a week the recent revolution transferred Pelaez, "bandit of the oil fields" and outlaw in the eyes of the Carranza government, from his hiding place in the jungles to the place of honor at a banquet table in Tampico's leading hotel.

Without a shot being fired, Tampico went over to the cause of revolution on Saturday, May 9. Pelaez had long been a thorn in the side of Carranza, not only because he successfully defied the government in his revolutionary activities, but because he collected a generous sum every month from the oil companies in payment for "protection" he afforded in the fields.

He could not have done that a week before—his things had changed—and press dispatches from Tampico reported that Pelaez "was welcomed by a large number of citizens who showed the distinguished general every attention and consideration."

banquet was staged the night after the triumphal entry.

Today Pelaez is the revolutionary commander of the Tampico situation. Oil operations are continuing as usual. Oil men, moreover, believe they will enjoy smoother sailing under the revolutionary powers than they did when Carranza flourished.

Now Pelaez owns oil property. In fact, one of the principal reasons for his opposing Carranza was his belief that the old government dealt unfairly with the oil interests. He objected to the interpretation of Article 27 of the 1917 constitution. This article not only nationalized oil property, but made it apply retroactively.

What will be Pelaez' official status under the new regime has not yet been indicated. It is declared he is ready to "play the game" with Obregon, now that his old foe, Carranza, has been ousted.

American oil companies are puzzled by the request of the revolutionaries that they pay their taxes before they are due, the revolutionists being in need of money. Some of the companies have paid in full, others have made part payment and some are still hesitating.

The proposed route is from Amarillo to Clovis and thence to Plainview and back into Amarillo, or from Amarillo via Childress and Plainview back into Amarillo. At least 40 cars will participate. Many different types and characters of roads will be negotiated.

LOUISIANA SHERIFF NOT DEAD HOWEVER, SERIOUSLY WOUNDED

SHREVEPORT, La., June 18.—T. M. Owens, deputy sheriff at Emerson, Ark., who a few days ago was reported to have been killed by Babe Porter, a negro fugitive, is not dead, according to a long distance telephone message to the local authorities from an officer at Homer, La., who said he visited Owens and found him seriously wounded, but with a chance of recovery.

INVESTIGATION REVEALS NO CLUE IN MYSTERY

ST. JOSEPH, Mo., June 18.—Twenty-four more hours of investigation have failed to develop a clue as to the murderers, their motive, or the identity of the nude headless body of a young woman found in Lake Conroy here Thursday. Even one of the best clues had disappeared. When officials went south of here to see a blood-soaked auto reported abandoned there they were unable to locate the car. Although some were found who insisted they had seen it.

AS AN INVESTMENT

A Savings Account at four per cent compounded semi-annually in this strong institution makes an ideal investment.

You can add to or withdraw from it at any time that suits your convenience.

Your money never depreciates in value and never lies idle a moment.

You can start at any time by depositing any amount from one Dollar upwards. Saving money merely involves denying yourself "odd lots" of pleasure the effect of which is not necessarily lasting. The pleasure which one derives when knowing that he is accumulating a reserve for the proverbial "rainy day" is lasting. It makes for Independence.

We shall be very glad to explain our Savings plan in detail.

SELLER OF LIQUOR TO AUTO PARTY IS BOUND OVER

Disclosure of the alleged operations of a gang of moonshiners and bootleggers came Friday forenoon as an aftermath to the killing of Allen Mansfield by Patrolman C. C. Spence following a ride over county roads early Thursday morning. H. L. Barnett was bound over to await action of the federal grand jury on a charge of violating the federal liquor hearing, following preliminary hearing before United States Commissioner J. A. Lantz Friday forenoon. Bond for Barnett was fixed by Commissioner Lantz at \$1,500 in default of which the defendant was remanded to the county jail. Federal charges against Barnett's wife were dismissed at the request of Shields Eyster, counsel for the defendant, and the young woman, not more than 18 years old, was given her liberty. She was placed in jail at noon Thursday following a raid upon her home by federal officials, but the woman was released later in the afternoon.

Two young men, E. W. McHenry and Sidney Taylor, both members of the party of early morning joy-riders at the time of Mansfield's tragic death, appeared as witnesses against Barnett.

Sidney Taylor was the first witness used by the government.

"You buy liquor from the defendant," Barnett said, government Agent Bishop asked Taylor.

"I did," he replied.

"Was this liquor the intoxicants used by the party of joy-riders which Saturday morning that resulted in the death of Allen Mansfield?" asked the federal agent.

An expression of deep sorrow crept over the face of Taylor and after a moment's thought he said, "Yes, it was the liquor."

Taylor had further in the day declared that Allen Mansfield "was the best friend I ever had."

Further interrogation of the witness by Bishop disclosed that Taylor, accompanied by E. W. McHenry, had on two occasions gone to the Barnett home, one block south of the Seymour road, and in the edge of Wichita Falls, and had purchased liquor. McHenry's testimony was identical with that of his companion, Sid Taylor. A young soldier who said he belonged to the balloon section of the air service, was also subpoenaed as witness but did not take the stand. Two young girls who figured in the Saturday morning's escapade failed to appear as witnesses.

GOV. HOBBY SIGNS MEASURES PASSED SPECIAL SESSION

AUSTIN, June 18.—The governor today signed the bill providing that revenue derived by the University of Texas from oil leases on its lands shall be set aside as a permanent building fund; also the bill requiring heads of the departments to make reports to the state board of control. Other measures signed today by the governor are: Reimbursing the board of regents for expenditures made at Camp Mabry during the war amounting to \$145,000; authorizing county commissioners' courts of various counties in Texas to create drainage districts; granting authority to certain state banks to become members of federal reserve banks; increasing salaries of school teachers about 30 per cent; providing for the collection of delinquent taxes by incorporated cities; donating ad valorem cities to Freepport, Port Lavaca, Rockport, and Aransas Pass for shore protection.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. New Tablet Called "Calotabs"

The latest triumph of modern pharmacy is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines, thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have theretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles, calomel was the most successful remedy, but its use was often restricted on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One tablet on the tongue at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price, thirty-five cents. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs—Adv.

MRS CLARENCE MOORE ENTERTAINS FOR SISTER

In an unusually pretty bridge party Thursday afternoon, Mrs. Clarence Moore entertained in honor of her sister, Miss Hal Rominger of Fort Worth, a frequent and popular visitor in Wichita Falls. The Moore home, 1811 Elizabeth, was made exceptionally attractive by the profuse use of summer garden flowers, the daisies, marigolds, nasturtiums carrying out the color scheme of gold and white, which was used in the game arrangements, and the refreshment course, a salad course and an ice.

The game favors were unusually attractive, being French novelties, the high score prize a candy jar, going to Mrs. Frank Terry of Dallas, the cut prize, a vanity puff box to Mrs. James Barnard; the consolation prize, a bonnet cap to Mrs. J. L. Jackson Jr., and the honor's favor was a perfume flask.

Mrs. Moore's guest list included: Misses Louise Montgomery of Austin, Zola Chadwell of Coleman; Leah Bolly Duff, Leila Beall Anderson, Lillian Evans, Annette Walsh, Pauline Hitcholt, Adele Adickes, Cecelia Adickes, Sibyl Kell, Lillian Fain, Willie May Kell, Helen Stone, Ruby Moore, Virginia Parks, Florence Sammons, Lucy Morris of Tyler, Zola May Devlin, Ruth Simpson of Houston, Agnes Reid and Louise and Leona Maricle; Mesdames Clint Murchison, W. At the Empress

William S. Hart has a characteristic western role in his new picture, "Sand!" which will be shown at the Empress today and tomorrow. The film was adapted from a magazine story and scenarized by Lambert Hillier, who also directed.

The central figure, played by Mr. Hart, is a picturesque railroad and cowboy called Dan Karris. He drifts into a job as station agent at a small border town and becomes intimate with the former agent, "Pop" Young and his daughter, Margaret, who have been installed as managers of the general store owned by the unscrupulous local boss, Garber. Dan has a real run with Garber over the cracking of the station safe and loses his job through the boss' machinations. He joins a cowboy outfit nearby. Meanwhile the countryside has been stirred by a daring and mysterious holdup of an express car. Garber makes strenuous efforts to marry Margaret and she runs away to avoid him. Her train is held up by robbers who are after the money it carries. Of course, Dan Karris is on the job and foils the thieves, then reveals them as Garber and his gang. A happy future is in sight for Margaret and her cowboy lover. Mary Thurman is the leading woman and it is a Paramount-Artcraft picture.

RESOLUTIONS FOR FORGING PROPERTY OWNERS TO PAVE

City Council Takes Step to Force Paving Where Necessary to Do So

Acting under authority conveyed in the new city charter, the city council this morning passed resolutions that will be instrumental in forcing residents in various blocks to pay their proportionate assessments for the improvement and paving of city streets.

The resolutions are radical in so far as they are a distinct departure from the former system that prevailed when improvements were contemplated. Until the city took over responsibility for paving contracts, paving and improvements were left to the will and desire of the individual property owners, and paving work was authorized only when property owners signified their desire for the work and had pledged themselves to make the agreed financial settlement with the contractor seeking the work.

Hereafter, however, the city will authorize paving and improvements on any block within the city limits whenever, in the judgment of the council, work of this nature seems necessary, and the city attorney will be authorized to enforce financial payments from the property owners for the owner's proportionate share of the expense, based on the enhanced value of property when the work is completed. In an effort to find some solution for the traffic congestion, the council placed on its first reading an ordinance limiting the parking of automobiles to one hour on Seventh and Eighth streets, from Michigan to the alley east of Lamar, and on Ninth street from the east side of Ohio to the same alley. This will apply only between the hours of 8 a. m. and 6 p. m.

Ordinance No. 289, making it unlawful to park motor vehicles longer than five minutes in any alley within the fire limits, and providing as a penalty a fine of not more than \$100, was passed on its third and final reading.

Police Commissioner Bralley also was instructed to investigate the street telephones in use, particularly along Ohio avenue, by various taxicab companies, and the amount of traffic congestion that may result from the parking of service cars and taxicabs at these points.

The council adopted the ordinance drawn several weeks ago making it illegal for persons to register falsely as husband and wife in any hotel or rooming house.

In connection with the presentation of a bill of \$3,139 by C. C. Willard for remodeling fire headquarters, the members of the council made a tour of inspection of the station house and firemen's quarters, and, incidentally, listened to an explanation of the operation of the new electrical alarm system now being installed. The council was unanimously of the opinion that Wichita Falls will in a very short time boast a fire department equal to that of any city in the state.

A petition asking the city to contract for paving on Tenth street half a block, thence south one block on Tilden, was approved.

COLONEL KELLY DECLARES CHARGES LABOR COUNCIL LIBELOUS AND SLANDEROUS

Editor The Times: Under the heading "Labor Council denies that it has demanded plumbers go back to work at \$12," there appears an article on page nine of your issue of June 17 purporting to be a statement of the press committee of the Trades and Labor Council. Your attention is invited to the slanderous and libelous statements contained in this article. On the roster of this association are men of the highest character and integrity. The names of its board of directors are local synonyms for decency and progress and these men are referred to "as a set of liars" and as "a disturbing element in the community."

Whatever the labor council and your paper may see fit to publish of and concerning me personally is quite another matter as I am more or less of a stranger to the community, but to lend the most prominent space of your paper to the daily vilification and mendacious slander of citizens of unimpeachable character, seems to me to border on journalism of the deep saffron tinge.

The daily mental gymnastics of the press committee of the labor council might be of some interest to a medical journal as evidencing the varying stages of hypochondria, but when used in the columns of a reputable journal they should be expurgated of libelous charges against citizens of established reputation. Very truly yours, E. E. KELLY, Sec'y and Mgr. Open Shop Association.

COMPLAINT FILED AGAINST OFFICERS OF BANK

Officers today were searching for C. A. Seale, cashier of the Thrift bank, and C. F. Christian, assistant cashier of the bank. Complaints have been filed against the two charging embezzlement. It is alleged that the two men appropriated \$2,700 of the bank's funds for their own use.

The two men are known to have left Newtown Wednesday afternoon driving a Cadillac car belonging to one of them. On the following morning the bank failed to open its doors for business.

HIGH WIND CAUSES MINOR DAMAGES THURSDAY NIGHT

Rainfall of about half an inch, accompanied by an extremely hard wind, Thursday night resulted in a considerable amount of minor damage throughout the city, the damage consisting for the most part in damage to telephone and telegraph wires, blowing down trees, and shoving out of a number of plate glass windows in the business section. One of a large number of window panes in the residential section. Among the places losing plate glass windows were the Exchange National bank and the J. C. Penny Dry Goods company. Down town places losing window panes included the Wichita county courthouse.

While reports from the various oil pools indicate that a number of derricks and rigs were blown down, it is believed that the damage was comparatively small. Estimates of the extent of damage in the fields is, however, difficult, inasmuch as communication with all fields is hampered by damage to telephones and telegraph wires. Reports of damage are seemingly confined to the South Burkburnett district and the Kemp-Munger-Allen pool. The telephone and telegraph companies seem to have borne the brunt of the damage, both within the city and over the county. Many local and long distance telephone circuits were working badly or completely out of service Friday morning as a result of the storm.

Although the condition of the telephone wires have largely cut off communication over the county, it is believed that little or no damage was incurred by the wheat and oats crop as a result of the wind and rain storm of Thursday night, according to J. C. Myttinger, general manager of the Wichita Mill and Elevator company. "The wheat and oats were practically all cut, and consequently suffered little or no damage," said Mr. Myttinger.

"Nor do I anticipate any particular damage from the rain. I believe that the rain was merely heavy enough to make the grain thresh well."

Notice. To the voters Precinct Number 1, Wichita County: Owing to the great amount of work of the constable's office, I doubt being able to see each of you personally in regard to my candidacy for re-election to the office of constable of said precinct for my second term. Warning democrats not to be too confident the republicans have put up a weak candidate for the Presidency, the New York Times declares that there are certain points of strength about the republican nominee and its platform that are strategically important in determining the coming campaign. The Times thinks that freeing the party from the suspicion of being in alliance with radicals, the labor and railroad planks and the fact that the republicans will make much of their claim that "they are the party of financial reconstruction and business stability" are arguments which the democrats will be called on to meet. It advises:

In view of all this, the wise course for the democrats is plain. They must, in the first place, nominate a man of much greater weight and strength of character than the republican candidate. Nine-tenths of popular confidence lies in personality, and the Democratic Convention must make it its first care to select a man whose record and utterances are sufficient guarantee that he intends to exercise the powers of the Presidency unhampered but undiminished. He ought also to be one in whose hands the great productive interests of the country would be safe. The temptation at San Francisco will be to try to take up with the leavings at Chicago; to court Johnson's following; to let to Gompers or Plumb; to devise planks to win over this form of discontent or that form of dissatisfaction. Little but disappointment could result from such a policy. The professional exploiters of "unrest" are very apt to go off and flock by themselves this year, in any event. Whether they go or stay, the Democratic Party ought to have the wisdom and firmness not to allow itself to be outdone by the republicans in interpreting the overmastering desire of the great mass of the people. This is to rebuild the fabric of industry and commerce as rapidly as possible, to assure all sound business of its opportunity, and all workmen of the fruits of their labor. The republicans have "straddled" on most issues, we hope the democrats will go to the other extreme and take an unequivocal stand on all questions on which any utterance in the platform is made. But the Times is very eminently correct in declaring that the democrats at San Francisco must ignore the temptation "to take up with the leavings at Chicago"; it must not be led into the tactical error of letting the omissions at Chicago indict the omissions at San Francisco, but it must draft a straight-out, clear-thinking, unequivocal platform that even the wayfarer may read and understand, for if we have not mistaken the trend of public sentiment, there is less inclination to take things for granted and a stronger demand for statements and platforms that mean what they say and say what they mean than they say in the previous political history of this country. Which is to say that old-fashioned political methods as typified in the republican platform and principal nominee at Chicago are out of date and impotent to arouse enthusiasm or get the necessary votes.

Vice-President Marshall tells the world he wouldn't have the presidential nomination "on a silver platter." Apropos of which, a recent conference between Tom Taggart of Indiana, "Boss" Murphy of Tammany and Governor Smith of New York is said to have decided that the Vice-President was the one best bet behind which to concentrate to get through a beer and wine plank in the democratic platform, but the Vice-President's rejection of the idea left them and other wretched delegates in the air and divided between Cox of Ohio, who is only "moot" and Edwards of New Jersey, who is "as wet as the Atlantic ocean." They finally decided, the report ran, that there was a chance to put over a "mole" candidate of Cox's unquestioned ability, but none at all for a "wet" one of the Edwards stripe, which apparently has nothing else to recommend it. It is rather a pity to see so able a man as Governor Cox handicapped by having Tammany's backing, if the report is true; for the Ohio Governor has a strong following in the party that extends across the wet and dry issue and the opposition of Mr. Bryan to the contrary notwithstanding, there is a considerable element among the pros who would like to see Cox nominated on a platform that unequivocally declared for enforcement of the Eighteenth Amendment and the Volstead law. Just now, insofar as one may venture to predict, the outlook is very good that the ticket will be McAdoo and Cox, both very strongly progressive in their political beliefs and differing chiefly in that one is bone dry and the other slightly moist.

Senator Kenyon is simply franker than most republicans when he confesses to disappointment in the republican national ticket, for what he expresses openly has been spoken in the minds of many thousand other republicans of progressive leanings. The Iowa Senator probably is trying to

make fair weather for himself at home when he opines, however, that "the people are so disgusted with the Wilson administration" that they will elect even Harding, although he makes it clear that his own belief is that it is going to take a lot of hard work and an united front to achieve that result even when the people are "disgusted" with democratic regime. The 1920 presidential race is "in the lap of the gods"; it will start in a week or two now, when the San Francisco convention builds its platform and makes its nominations. Whomever the democrats put up, it is a 50-50 fight, for we are sure the democrats cannot possibly make a selection that will arouse less real enthusiasm than that the republicans made at Chicago; and it is conceivable that the democrats could name a ticket and erect such a platform that the odds would be even stronger in favor of their being a third consecutive democratic administration.

We wish Texas health authorities would emulate Oklahoma health authorities and start a campaign for vaccination against typhoid fever, the season of outbreaks of which is now at hand. Anti-typhoid serum proved its worth beyond all question during the world war; its administration is so simple and so little painful that if the cost were lowered, there would be hundreds take it where now there are individuals. Oklahoma's campaign is based on free serum furnished by the state. When the economic loss of the average typhoid case in an adult is put at \$1,000—and that estimate is conservative—it would seem that the state or other authority would welcome the chance to conserve by bringing typhoid vaccination within the reach of everybody.

Jack Dempsey has been cleared of the charge of slacker and the acquittal rather bears out Dempsey's claim that the charge against him was based upon malice rather than upon facts. Dempsey's best testimony was from a naval officer who swore that the pugilist had repeatedly tried to enlist in the navy, but had failed to get in through no fault of his own. We've no great admiration for Dempsey, but at that we are glad that he, as an American representative in the squared circle, has disproved the charge of cowardice that had been formally made against him.

Because they do not come within the classification of "harmless live animals which do not require food or water while in transit," live children cannot be sent by parcel post. That is the ruling of the Postoffice department, which is not so strange, but is noteworthy only in the fact that it was made on a real application to send a 9-year-old girl from Washington to Kentucky by affixing parcel post stamps sufficient to cover her weight!

"Kansas miners will strike whenever they believe they have the right to strike," said Alexander Howat, president of the Kansas district of the United Mine Workers, in denouncing the Kansas Industrial Relations Relations Court law. Mr. Howat was in Montreal when he said it, however—Montreal being some jump from Topeka—and Governor Allen was out of the state at the time also.

Election Reforms.
 (Dallas Journal.)
 Dispatches relate that Mr. Thomason, candidate for governor, continues to advocate repeal of the poll tax law in order that men and women may not have to pay for the privilege of voting; and that he also advocates an absent voting law and other reforms in the election laws.

We assume that Mr. Thomason in fact is advocating the adoption of an amendment of the constitution to repeal one or more of the provisions relating to poll tax. There are three such provisions. The first authorizes the legislature to impose a poll tax; the second declares that a poll tax of \$1 shall be paid annually into the school fund by each of certain male inhabitants; and the third requires that the poll tax be paid by persons who are subject thereto as a prerequisite to voting. We infer that it is this last named provision that Mr. Thomason would repeal. It is not necessary to abolish the poll tax in order to let men and women vote without the payment of it.

The state has a makeshift absent voting law. It ought to have a good one. We entertain the hope that among the other election reforms which Mr. Thomason is advocating is included proposals to amend the election law as to facilitate voting and the counting and reporting of the votes. In these regards the election law is a disaster. Many precincts are overloaded, election officers are overworked and underpaid, returns are slow, voters are put to unnecessary delay and trouble. Prompt voting, counting and reporting are the best safeguards of the integrity of elections. Reform in these particulars is badly needed, but we shall not get it until the legislature shall consider a few separate bills dealing with each branch of the subject instead of trying to evolve through a voluminous bill an entirely new election system.

 Try for it!
 If it's a goal worth the getting,
 Try for it!
 Don't seek to win by fretting,
 Try for it!
 Get up and go for it;
 Strike a hard blow for it,
 Make a brave show for it—
 Try for it!
 Boy, if it's fortune you're after,
 Try for it!
 Don't be a beggar for laughter,
 Try for it!
 Don't sit and wait for it,
 Battle with fate for it,
 Dare to be great for it—
 Try for it!
 What if the hazards are many?
 Try for it!
 Wishing won't lighten them any,
 Try for it!
 Hustle and fight for it,
 Work all your might for it,
 Dare to be right for it—
 Try for it!
 If there's a goal that you long for,

"The stars motion, but do not compel."

 Jupiter and Mercury rule this day for good to mortals, astrologers declare. Mars, Uranus and Saturn are all adverse.

Since all the kindly forces dominate mercantile enterprises should profit greatly. Mercury is in an aspect held to encourage publicity and advertising. All commercial ventures should make the most of the rule by using the public prints generously. Proprietors on business matters when written under this planetary government should come to great profit. It is an auspicious time to sign contracts or leases.

Although the conditions are subject to the best direction of the stars warning is given that there is an aspect believed to denote conspiracy of that produce financial affairs. Mars is in a place that gives little hope of anything like harmony and serenity in either domestic or public affairs.

The stars seem to bode ill luck for soldiers who may suffer severe disappointments. This applies to the best of every rank. Uranus will exercise a malignant power over the minds of men during the next few weeks, giving them a distrust of their neighbors and pleasure in hearing ill of them.

Libel and slander will be prevalent. A law suit that involves pre-eminence again is prosecuted. Industrial activity that brings prosperity to many manufacturing centers is indicated through the summer.

Economies of a sort not yet discussed are prognosticated. Changes in social customs will be marked in the next few months. Increase in immigration appears to be foreshadowed and new residents of a class much needed will be the stars that rule the work of the hands are potent now and will encourage practical effort of many sorts.

Persons whose birthdate is ill suited to be industrious and cautious during the coming year will bring many vexatious conditions that delay accomplishment. Children born on this day are likely to be quick and resourceful. These subjects of Saturn, usually keen wits and extraordinary imaginations.

RIPLING RHYMES.

By WALT MASON.
 All Alike.
 The times are punk, the prospects yellow, conditions are a shame; and each man roasts the other fellow and says he is to blame. I throw some dromicks at my neighbor because he talks all day; he sidesteps hard, productive labor, puts up no helpful hay. But when I say he is a traitor to useful industry, he says he knows one who is greater, and shies a brick at me. While I sit writing up this drab age my neighbor would help out more than any sonnet, than any rippling tunes. Then he resumes his elocution, hands out the air that's hot and says we'll have a revolution before we know what's what. Our lives would be rich and mellow, the times be smooth as wax, if we could make the other fellow get down to Old Brass Tacks. But when we urge him to get busy and go and earn the price, he says, with nerve that makes us dizzy, "Just take your own advice."

Mrs. J. D. Moulder and children and Mrs. Mary McMillan, mother of Mrs. Moulder, left Thursday for a three months tour through the north. They will spend some time with relatives and friends in Canada.

WHY?

Do We Say "Bless You!" When a Person Sneezes?
 (Copyright, 1920, by Wheeler Syndicate, Inc.)
 Among the Greeks and Romans sneezing was generally looked upon as a very favorable omen, mythology having it that Cupid sneezed whenever a beautiful girl was born and the Roman gallants were fond of murmuring to their lady-loves "sneemit tibi amor!" "Love has sneezed for you!"—as an implication of great beauty. Gradually, however, the belief gained prevalence that sneezing was a sign of death—probably on account of the spread of the Jewish tradition that, from the time of Adam to Jacob, to sneeze was to presage almost immediate disaster. Another form of this legend is to be found in the folk-lore of many oriental nations, to the effect that whenever one of the Fates or Judges of Eternity turns the page of the book of life those whose names are next to appear sneeze and the hearers therefore invoke a blessing on their future. The universality of the custom may be gathered from the fact that practically every language contains its equivalent of the Anglo-Saxon "God bless you!" which follows a sneeze. In Italian it is "Piacita!" in French, "Bonne sainte!" or "Dieu vous benisse!" while the Germans use "Gesundheit." Even the tribes of Africa have a similar salutation and the Persian Zend-Avesta states "Whosoever it be that thou hearest a sneeze given by thy neighbor, thou shalt say unto him 'Abusovar' and so shall it be well."

Side Talks

 Reasons for Not Giving.
 A neighbor of mine, when asked to give some money in a very fine cause, refused. Not because he was stingy. He didn't want me to think that. Nor because he didn't think the object was a good one. He didn't want to give because he felt that in that particular philanthropy too much money was spent for the running expenses. I know that, but he had no time for the reason because he told me so himself when, as part of a committee appointed to cover our neighborhood, I asked him to contribute. "But when I told his reason to another member of the committee, she laughed."

"He Always Has a Reason."
 "Is that his latest?" she said. "Well, that's a good one. My dear, no one has ever been able to get more than 50 cents or a dollar out of him, and you know how well off he is. He never admits he doesn't want to give, but he always has some reason." If you ever tried to collect for any cause whatever, I imagine you recognized that type.

"The Government Ought to Do It."
 Another man I know of, is always objecting to any efforts at private philanthropy—whether it be giving school lunches to the underfed children in some poverty submerged section of the city, or starting a library in a country town, or maintaining a district nurse—on the ground that "the government ought to do that." He may be right, but if the government isn't doing it, how does that help the people who are suffering?

"The Only Person Who Has a Right to Claim Exemption from Helping on that score is the man who is trying to stop the government from doing the thing. And even he might well help support

LITTLE BENNY'S NOTE BOOK

 My cousin Artie was straggling yesterday; and I wanted to swap him 13 commons for his glass agate and he kept asking him all afternoon and he kept saying he wouldn't. With the more he said he wouldn't the more I felt like swapping, and he stayed all night, and sleep with me and I took up the middle of the night with a good idea thinking, G. if I wake

him up and ask him before he's all the way awake maybe he'll swap. And I shook him till he opened one eye and then I said, "If swap you 13 commons for your glass agate, Artie, what do you say?"

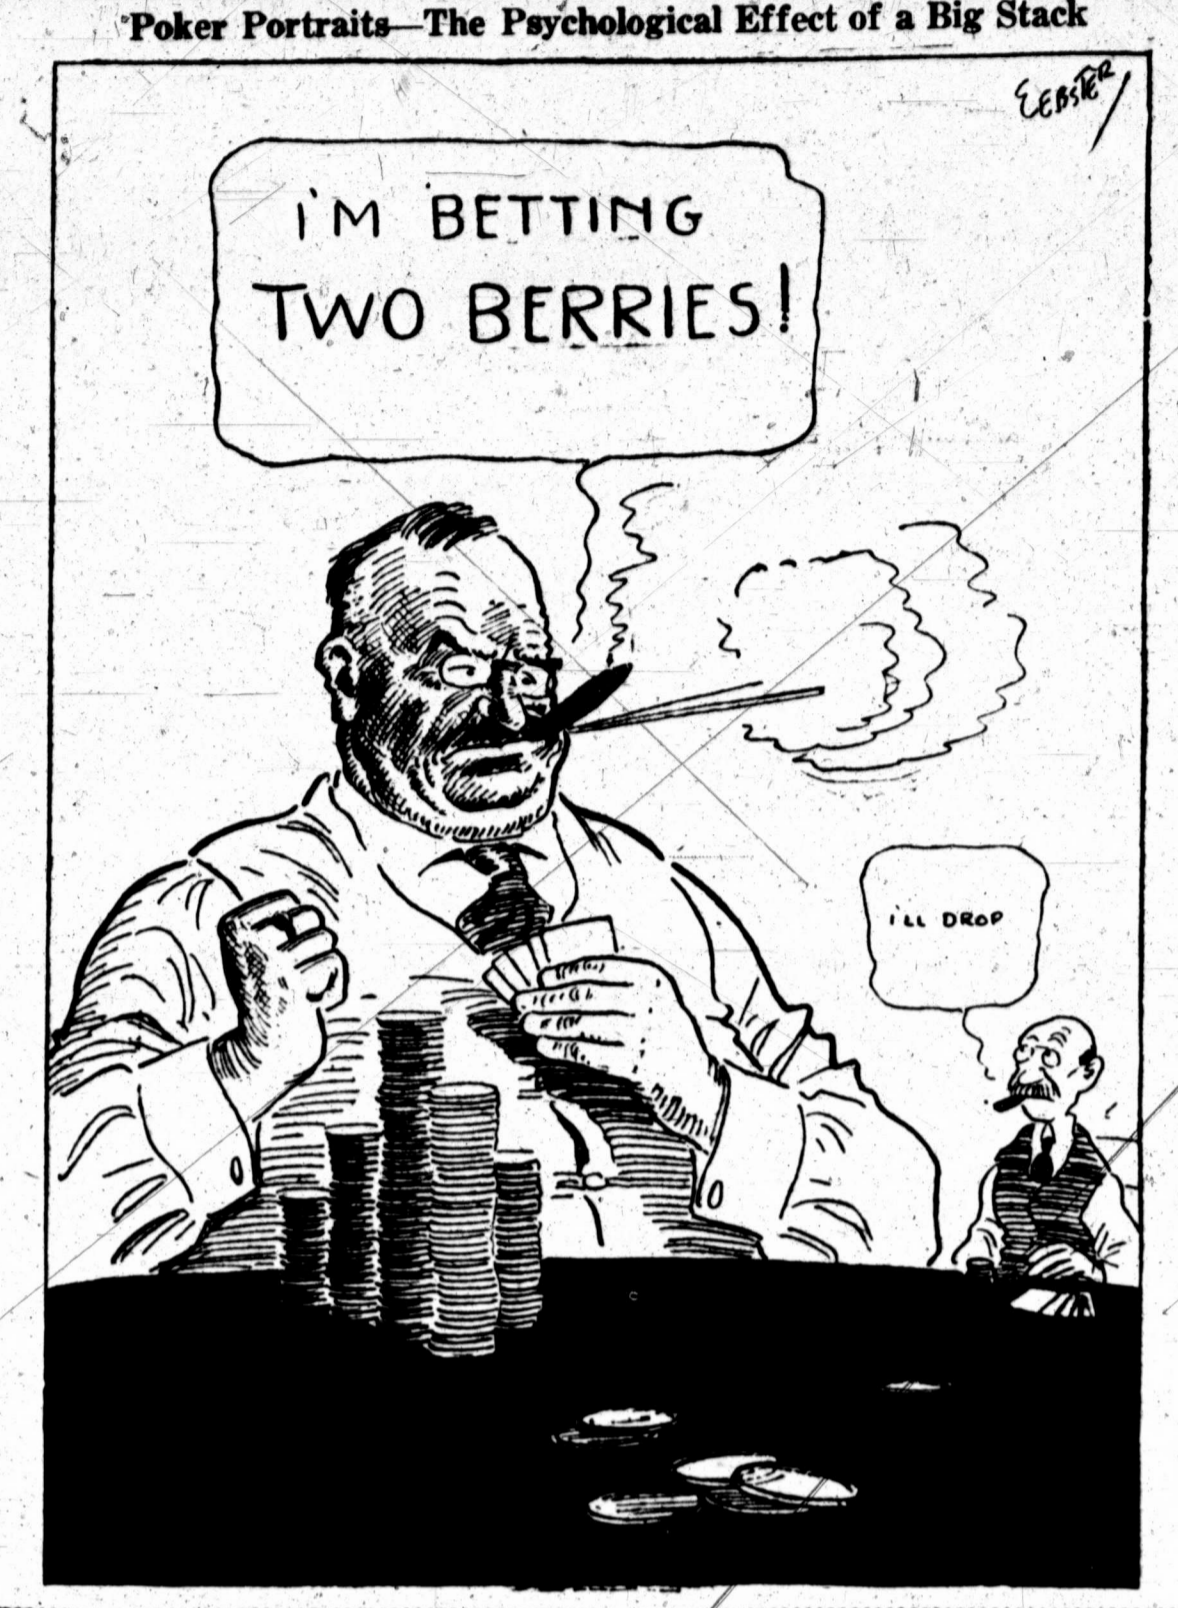

Heh? said Artie without waking all the way up, and he went to sleep again and I shook him till he opened one eye again, saying, "Come on, Artie, what do you say, swap me your glass agate for 13 commons and I want you to swap me up on my gire."

Which he went to sleep 3 moer times without saying anything but heh? and the 5th time he said, "O all rite, G wiaz, tomorrow."

Being a bargain, and I went to sleep and after a while I wook up on account of sumbody shaking me, being Artie, saying, "Hay, I don't want to swap, I want to swap back again."

Heh? I said, Being sleep as anything, and I went rite back to sleep and Artie kept rite on shaking me, saying, "Come on, Beany, swap back swap back and ill leave you go to sleep."

Which about the 5th time he wook me up I sed, "O all rite, all rite, good nite, all rite. And we both went to sleep again. Proving a lot of things would work better if you was the only one knew how to work them."

CLOSING MESSAGE BY REV. FORT AT TONIGHT'S SERVICE

The closing message of Rev. J. W. Fort will be delivered at the Floral Heights tabernacle this evening at 8:15. For a few minutes preceding the sermon Rev. Mr. Fort will speak on the subject: "My Impression of Wichita Falls." This will be of great interest to the people of the city and a large attendance is expected.

There have been many conversions and additions to the church during Rev. Mr. Fort's stay in the city. Rev. W. L. Tittle, pastor of the church, stated to The Times this morning that there were a number of attractive features about the service this evening. It is Rev. Fort's last sermon in the city; he speaks on a topic of city-wide interest; and there are more members to be received into the church at this service.

The revival does not close with the going away of Rev. Fort, but his going service makes the hour one of local interest and importance. Rev. Mr. Tittle states that he will be services Saturday night, Sunday and Sunday night at which time the meetings will come to a close.

A great deal of interest has already been shown in the service for this evening and a record attendance is expected.

THE NEWS IN RHYME

By C. F. C.

Did you see the evening paper?
Did you scan each shining face?
"Presidential timber," so the head-
liner writer calls 'em.
In the democratic race
Palmer, Edwards, Cox and Bryan,
All perspire and a tryin'
In the presidential stew—
Once Hi Johnson, Wood and Lowden
Had their pictures printed, too!

You see how simple it is
To invent a new sample of verse?
If you don't care for that, read the
following strains:
You'll probably find they are
worse!

Some low-down crook, a horrid scamp,
Steals a woman's rings and doth
decamp;
He plays it safe, the wretched
whelp;
She's in the bath, can't scream for
help!

A Pennsylvania man is wild;
Kidnapers steal his only child;
They take his money, keep his son;
"Honor 'mongst thieves!" There
just ain't none!

The Spudders are slipping, hooray,
hooray!
Oh, isn't that glorious news?
When they lose on the road, they
come home fighting mad,
And just about win as they choose!

Labor declares the railroad track
Should never have been given back
To private owners; for our part,
We like to get there when we start.

The Newtown bank has up and died,
A private institution; for our part,
How sweet it is to be quite poor,
With a healthy constitution!

The Shrine train's gone, and headed
west
To where the cool old ocean breeze
Fans pretty bathers' brows and arms,
And dainty, dimpled knees.
If we were a Shriner we'd be on that
diner.

Just tickled to death, if you please!
We met Judge Weldon on the street,
And spoke of golfing tricks;
He told us how just recently
He shot a seventy-six
Less than a year ago.

When on the 15th holes he'd take
Some ninety strokes or so!

A BUNCH OF KEYS IS KNICKERBOCKERS SUBJECT FOR SUNDAY NIGHT

Dr. H. D. Knickerbocker has returned from a trip to Louisiana where he preached the commencement sermon for Louisiana State University last Sunday. He will fill his pulpit at both services on next Sunday.

His subject at the morning service will be "My God, My War, My Son." Mrs. N. M. Clifford will sing.

Concerning his night service and else he makes the following announcement:

The very popular prelude concert feature will be continued through the summer at our night services. It will begin at 8:00 o'clock instead of 7:45 as heretofore. Sunday night the choir, orchestra, Miss Ila Cook, Prof. Krumpel and E. C. Huckabee will take part. The concert will be for thirty minutes.

My subject will be "A Bunch of Keys." I will take my text from every man's pocket bunch of keys, so that always hereafter he will see wonderful symbols and arabesques when he pulls his keys out. This subject is replete with religion and philosophy, as well as practical inspiration.

The Knights of Pythias are going to attend in a body, and the services will be especially in their honor. There will be several attractive features in connection with their part of the service.

Splendid ventilation and lots of electric fans make the church as comfortable as Galveston beach. Come early and get good seats."

MATERIAL OTHER THAN CONCRETE CONSIDERED FOR NINTH STREET

Paving contracts involving about 40 blocks may be awarded to some concern using material other than concrete, according to plans now under way. It is believed that a durable pavement can be obtained at a lower price in this way, and it is also possible that some easier method of financing will be worked out.

W. P. Bentley, president of the Uvalde Rock Asphalt company, is now in the city and expects to bid on some of the work offered here. He is especially interested in the Ninth street contract, where the high cost of concrete has prevented some of the property owners from agreeing to the pavement.

Since Tenth street was paved no material other than concrete has been used for paving here, and recent advances in the cost of that material has caused both city and chamber of commerce officials to look into the advisability of adopting some other material. Mr. Bentley will speak at the business council meeting tonight, and residents of Ninth street and of other streets where paving is desired, are urged to be present.

WHISKEY RUNNER'S CAR CAPTURED BUT DRIVER MADE HIS ESCAPE

Battle-scarred and driverless, a handsome Dodge roadster is parked on Ohio street in front of police headquarters while a squad of patrolmen and government agents are anxiously awaiting for the owner to make his appearance. The roadster is pierced by five bullet holes, the barrage having been put down by Indian Agent J. M. Arrington about 5:00 o'clock Thursday afternoon during a running battle between government agents and "liquor runners" along the Hiawatha road about four miles east of Wichita Falls.

Arrington chased the Dodge roadster for approximately four miles riding in a service car driven by Sam Flaners. A man stepped from the Dodge holding his hands upward as if to surrender and Arrington stepped out of his car to accept his prisoner. When the Indian agent looked up after stepping to the ground he received the sharp retort "hands up" from the man who had just surrendered. A grim revolver faced Arrington and the Indian agent was helpless due to the fact that his ammunition was exhausted and his revolver was "jammed" by a bullet.

The "liquor runner" stepped into his Dodge and dashed down the road. Meanwhile a friend of Arrington's appeared upon the scene armed with a revolver and the chase was renewed. Arrington's automobile was put out of business by a "blow out" after a few miles' run but the car of a traveling

salesman who happened to pass was used to continue the chase.

The automobile of the "liquor runner" was found a few miles beyond near the Wichita-Falls county line, deserted by its driver, but a case of bonded whiskey was seized. The car was towed to Wichita Falls and federal officers are now seeking the owner.

WOODMAN APPOINTED TO ASSIST TEXAS FARMERS

PORT WORTH, TEX., June 18.—C. W. Woodman, former organizer in the southwest for the American Federation of Labor and at one time state labor commissioner, has been appointed by the federal government to assist Texas farmers in their present labor distress.

He will establish offices at various

points in the grain and cotton belt and distribute labor. The Mexican laborers, brought into Texas by permit of the federal government, for agricultural purposes alone, will be handled through Woodman's office.

Recently, Texas labor unions have been protesting to Washington that

these Mexicans, admitted ostensibly for farming purposes, have been used to compete with union labor and as strikebreakers at Galveston.

GREAT NINTH INNING RALLY NETS SPUDDERS 3 RUNS AND A WIN; STOREY AND MOKAN IN LIMELIGHT

Old Dame Opportunity flitted with the Spudders in every inning except the eighth yesterday and the Spudders declined to accept the salute until the ninth. They greeted her with open arms in the final canto, however, and thanks to the able assistance of the genial Mr. Patterson, the Buff shortstop, they pushed three runs across the platter, said three being just enough to nose out the fighting Reds 6 to 4. In view of the fact that the Gassers were losing to Beaumont, the Spudders jumped back into second place.

RUTH CHALKS UP NO. 19 AND HEAVY WIND DEPRIVING HIM OF TWENTIETH HOMER

CHICAGO, June 17.—Babe Ruth, the home run king of New York Americans, today chalked up his 19th circuit drive of the season. Incidentally, the visitors won from Chicago. Ruth struck out the first two trips to the plate, with a runner stranded on base each time. "Lefty" Williams wobbled in the fourth inning and after two were out he walked Ward and Pipp. With the call two and two on Pipp, he took a chance and grooved a fast one waist high. The big slugger drove it clear over the right field blancher wall into an adjoining lot.

The heavy wind deprived him of another homer in the last inning. He hit in the same direction but the north wind carried it foul by a few feet as it cleared the screen. He followed this with a drive to right for two bases and was thrown out trying to stretch it into a triple.

ST. LOUIS, June 17.—St. Louis bunched its drives and defeated the Athletics, 12 to 9, here today. Score: Philadelphia, 011 000 241—9 18 1 St. Louis, 007 203 000—12 14 1 Batteries: Bagby, Hasty and Perkins; Sothoron, Wellman and Billings.

DETROIT, June 17.—Boston nosed out ahead in a pitchers battle today. Score: Boston, 100 000 001—2 6 0 Detroit, 000 000 001—1 5 0 Batteries: J. Bush and Schang; Dausa, Okrie and Ainsmith.

GALVESTON'S LATE RALLY FALLS 11 SHORT; PANTHERS WIN OUT BY SCORE OF 5 TO 4

COLLEGE CREWS PRIMED FOR ANNUAL REGATTA ON LAKE CATUGA TOMORROW

ITHACA, N. Y., June 18.—College crews, here to compete in the intercollegiate regatta to be held on Lake Cayuga Saturday, were on edge today over the course in the gymnasium exercises and rest of yesterday, made necessary by drizzling rain and choppy water on the lake.

The athletes were primed for a spin and coaches planned to take their men over the course in the shells to work off surplus steam.

Coch Wright of Pennsylvania was anxious to get his men limbered up and his three crews on hand at an early hour. Columbia and Syracuse had a brief workout yesterday.

DEMAND PUT FORTH BY JACK KEARNS IS PREPOSTEROUS

CURLEY. Carpenter Has Already Signed Contract to Fight Levinsky in October

TULSA, OKLA., June 18.—The demand put forth by Jack Kearns that Georges Carpentier decide within a week whether he wants to fight Dempsey on or before Labor Day is absolutely preposterous, Jack Curley said today.

Carpentier signed a contract with me to box Battling Levinsky in October and I am making arrangements for the match which probably will be held in New York. Carpentier must fill that contract, Curley said.

Georges Carpentier, French pugilist, danced through four rounds here last night before a small and none too enthusiastic audience.

Through an interpreter he was asked: "Do you think you can whip Dempsey?"

After a spell of "parley vowing" the interpreter said: "Sure."

"What makes 'ou think so?" he was asked. The interpreter voiced the question. Carpentier shrugged his shoulders in approved French style and spoke not.

ATLANTA PRESIDENT SAYS HE WILL LOCK UP BALL PARK AGAIN

Charlie Frank Refuses to Play Little Rock With "Casey" Smith on Team

ATLANTA, GA., June 18.—Officials of both Little Rock and Atlanta baseball clubs entered the second day of their controversy over Pitcher "Casey" Smith apparently determined to maintain their stands, and as a result it appeared there would be no game here again today.

Charlie Frank, president and manager of the local Southern Association club, locked up his ball park yesterday and refused to let the umpires of Little Rock players enter as long as Smith was on the visiting team. He announced he would do this again today. Press dispatches quoted officials of the Birmingham, Chattanooga, Memphis and Mobile clubs as saying they would back up Frank in his stand.

The Nashville and New Orleans clubs were said to be waiting events before announcing their stand. The game yesterday was not forfeited, the umpires leaving the case up to the league directors.

Smith, an Indian, and reputed to have been one of the stars of the Pacific Coast League, was released a month ago by the San Francisco club "for the good of baseball" after an investigation of alleged gambling at the ball park. It was said at the time, however, he was not directly connected with the affair.

Smith, then a free agent, signed up with Little Rock and by a court order that club forced President Martin of the Southern Association to approve the contract. Tom Seaton, another pitcher, was released by San Francisco at the same time as Smith and under what were said to be the same circumstances. He also has been signed by Little Rock, but it was said his contract had not been approved because of an error in President Martin's signature. The Rock said as President Martin had approved Smith's contract after the court order, he expected to approve Seaton's also.

Meantime President Martin has announced he will appeal to the federal circuit court, the decision made in federal district court at Memphis, and issued a statement requesting club managers to abide by the court's order.

Both the players here last night asserted their innocence and said they never had been given a chance to show that the reports about their conduct were groundless. Manager Elberfeld announced if Frank would prefer chances against the men and thus start an investigation, he would suspend them pending the outcome. Frank declined to do this and reiterated he simply would not play Little Rock as long as they were on the team.

MEMPHIS, TENN., June 18.—John D. Martin, president of the Southern Association, today called a special meeting of the league directors to be held in Memphis next Monday to consider the situation brought about by the refusal of five of the eight clubs in the league to play the Little Rock club with "Casey" Smith in the lineup.

KILBANE TO RETIRE FROM RING "SHORTLY"; WILL HAND TITLE TO J. WOLFE

CLEVELAND, O., June 18.—Johnny Kilbane announced today he will retire from the ring "shortly" and turn the title of featherweight champion over to Jack Wolfe, of Cleveland, who has been fighting as a bantamweight.

Kilbane is tied up with contracts for three of four fights which he said he will dispose of in the near future. Wolfe, who broke away from Jimmy Dunn's stable a week ago, is now under the management of Kilbane.

ZIONISM CAUSES GRAVE CONCERN IN VATICAN CIRCLES

ROME, June 18.—Anxiety regarding the question of Zionism is felt in Vatican circles, according to reports here. The Osservatore Romano, organ of the Holy See, states the vatican is able to accept without too great apprehension the re-establishment of a Hebrew "hearth and home" in Palestine, but would consider intolerable any subjugation by the Jews of other races and religions already established there. The Holy See, the newspaper says, would exert all its influence against such a course.

Sport Comment

By Paul W. Larkin

We haven't breathed normally since Roy Storey poked out his last bit in the ninth.

That's the kind of finish you often read about, but seldom see.

It was Eberhardt's sixth in a row. It was no fault of his, however.

Both good and bad baseball was furnished by both clubs. If a Spudder erred in the field he made it up with the stick and vice versa.

Brownlow kicked the ball all over the lot, but got in one of the most timely hits of the game. Mogan fell down a couple of times in a pinch with the stick, but showed all kinds of class in the field. He prevented at least three Buff tallies.

When Storey threw Leslie out in the ninth, he stopped a wonderful spurt of the Buff first sacker. He had hit safely on eight consecutive trips to the plate. He got seven in a row off Zinn and Eberhardt.

Storey cavorted around the diamond like a two-year-old. He was simply breaking out with "pop." He has had ample opportunity to store it up, as Manager Salm has had him doing bench duty, for some time.

Pitcher Carl Black of the Shreveport club has been fined \$50 and suspended indefinitely for indifference in playing by Manager Billy Smith.

Black's latest offense occurred in a recent Santone game when he passed a batter in the ninth forcing in the tying run. He had just previously erred on an easy grounder, filling the bags.

Babe Ruth said a mouthful when he said the White Sox pitchers were his mutton. He got his 19th in the White Sox park yesterday and should have had his 20th. A heavy wind drove the ball foul.

It is not known yet just how seriously Tanner's ankle was damaged in Houston yesterday. If he is out of the game any length of time, the Spudders will suffer. Buddy is there working every second and is just about as sweet a looking fielding shortstop as there is in the league.

That's going to be some series in Shreveport that opens tomorrow. The Gaslers are now showing the form they displayed last season, and are one of the hardest clubs in the league to beat. Second place will be at stake and the Spudders are anxious to come home in the same position they were in when they left. Both clubs will fight for every play.

The airdome will no doubt be packed at every game. The series is one of the most important that the Spudders have yet struck and when the crowds will turn out for unimportant games, there is no telling what will happen Saturday, Sunday and Monday. The fans sure got their money's worth yesterday in the ninth and they forgot all about the terrific heat. There was many a hoarse throat in Wichita Falls last night.

Messrs. Stoecker and McComb, who operate the board, are thinking of installing electric fans for the benefit of the press. We would suggest asbestos scorecards also. The ones now in use almost burned up yesterday.

FINE CARD ARRANGED FOR BOXING FANS AT CAMEL A. C. JUNE 28

Manager Al Edwards of the Camel Athletic Club made a 10-strike last night when he signed up Jack Reeves of the Pacific coast to meet Joe Smith of Denver here June 28. That these two men will stage one of the fastest bouts ever seen in Wichita Falls is beyond question. Reeves demanded a big guarantee to show here, but he is well worth the money. He has met and defeated the best of the light heavies, but has nothing on Smith in this respect. Smith has gained decisions over many clever boys in the west and does not fear anything that Reeves is likely to uncover.

Reeves recently stopped Krohn in Tulsa in the second round and also licked Young Fitzsimmons in Springfield, Mo. He packs a terrible wallop in either mitt and has won the majority of his bouts by the K.O. route.

Texas Tate who is to meet Martin Gersh here Monday night in the main 12-round battle is expected to arrive here some time today. He was scheduled to camp in El Reno last night. Gersh has trained regularly every day at the club and at the lake and claims he will be in the best of condition when the gong sounds.

Light Lanier, who made such a favorable impression here last week will swap blows with Red Yorkie Jr. in the semi-final. Lanier is a novice in the professional ring, but judging from his exhibition last Monday he has a bright future. He will give Yorkie one of the toughest battles of his career.

NO STREET CAR FARE DECISION EXPECTED WANTED DOWN SOON

Investigation of the company's books by a committee of five is announced. It was learned today. Street railway officials say receipts and expenses are equal and the company must increase its fare or cut down its service if it is to continue in operation.

LATE RALLY SAVES GAME FOR AMERICAN NATIONALS

A seventh inning rally by the American National bank enabled them to defeat the Presbyterian Bible class yesterday 6 to 5. When the Bank boys came to bat in the last session, the Bible class was leading 5 to 4, but they pushed two runs across the plate.

Burlew, the American National third sacker, sprained his ankle in the sixth frame and was forced to retire from the fray. He and Hack carried off the hitting honors for the winners while Gordon started with the stick for the losers. Score: American National 004 000 2-6 5 3; Presbyterians 010 040 0-5 5 4; Batteries: Bonner and Gordon; Underwood, McCoy and Shankle.

LOONEY FAVORS STATE BOARD OF TAX EQUALIZATION

Hon. B. F. Looney, candidate for governor, left Wichita Falls this afternoon for Quanah, where he speaks tonight. The wind and rain storm prevented Mr. Looney from speaking at the courthouse Thursday night, but Mr. Looney improved the opportunity given him and met many of his old friends and made new acquaintances.

Mr. Looney was asked what remedy he had, if any, for reform of the state taxing system. Mr. Looney discussed the inequalities of the assessments in the several counties. There are 249 counties in the state and in each county the commissioners' court fixes the valuations without reference to the other counties, with the result, he said, "that assessed valuations are as variable as the shaking aspen."

"There can be no uniformity under such a system. In order to equalize the valuations in all the counties we ought to have a board of state equalization to equalize the taxes among the counties in much the same manner that the county commissioners now equalize the valuations among individuals in their counties. This would require no constitutional amendment and ought to be provided for at the next session of the legislature."

Furthermore, he stated, that at least one-third of the property of the state was escaping taxation altogether. "The most recent bank statements," he said, "show over 800 million dollars on deposit in the state, while the tax returns show only 40 million rendered for taxes. I do not mean to infer that this money is willfully covered up, but there seems to be a general practice not to render cash because the other fellow is not doing it. It is unfair to other property owners to permit this large amount of taxable property to go unrendered."

Mr. Looney said that if elected governor he would recommend the submission of a constitutional amendment that would allow the state under reasonable conditions and for a reasonable period to exempt from taxation cotton and woolen mills to encourage their location within the state. He cited the precedent of the early days in giving land grants to railroads as a result of which the state was tied 50 years sooner than it has been otherwise.

As for reclamation by irrigation, a drainage and levee he referred to his record in support of the reclamation amendment. He said that he supported most cordially the entire work of the reclamation department and stood ready to encourage reclamation work.

He said that the pardoning power of the governor in recent years had been abused and that loose practices have grown up. He said that if he becomes governor he will not make his office a court of review to re-open cases that have gone through the courts and that to secure a pardon some consideration superior to the question of the man's guilt would have to be shown.

NO GREAT DEARTH OF LABOR FOR THE HARVEST

STAMFORD, June 18.—The price of the state is to be thanked by the farmers and wheat growers of the west for their readiness in sending laborers to the wheat fields, according to the special agent of the United States employment service, co-operating with the West Texas chamber of commerce.

"When the labor bureau sent out a S. D. S. call through the press of the oil fields, Fort Worth and West Texas, labor magically sprang up from every quarter eager to tax their arms in the south plains sun in garnering the food of kings and plebeians. So great became the rush to this section that many of the smaller towns were engulfed but all men were put to work or directed where they could find employment. As a result the wheat harvest of West Texas is being rapidly consummated."

The special agent declared that a large number of persons who came to the west to chop cotton are somewhat disappointed at the low wages which the farmers are now paying for this class of work. Most farmers have set \$2 and board as a fair price, while in some other sections as high as \$3 and \$4 is being paid. Many laborers declare they cannot work for \$2.

It is noteworthy that a number of carpenters and laborers from the oil fields have forsaken the oily labor around the wells to garner the wheat of the plains section.

At the present there is no considerable dearth of labor in the west, although the oncoming cotton crop at present indicates that a great deal of labor will be needed for chopping. The outlook is for a great cotton crop in the west this year. Grasshoppers, which were flooding part of the northern tier of cotton counties have almost all disappeared, so that there is now no widespread of the pests.

PROSPEROUS CONDITIONS IN BOARD COUNTY

CROWELL, June 18.—Foard county, one of the outstanding wheat counties of the state this year, in 1919 raised 1,500,000 bushels as against 1,000,000 bushels this year. In 1919 some of the products were 9,000 bales of cotton, 4,500 tons of cotton seed, 120,000 bushels of oats, 2,500 tons of maize and other feeds and 6,000 bushels of corn. The amount of wheat held over in mills, elevators and granaries from last year's crop, due to the paucity of cars, is estimated at 100,000 bushels.

The town of Crowell in 1919 transacted \$208,537.77 worth of business with the Orient railroad, the line which West Texas interests are trying to save by securing a federal appropriation from the revolving fund. Foard City, another town of the county, did \$37,300 worth. Margaret did an equal amount. The total business the

Orient did in the county in 1919 has been set at \$281,184.

The local chamber of commerce, in a statement to the West Texas chamber of commerce, estimates crop indications for 1920 as follows: Wheat 800,000 bushels; cotton 20,000 bales; cotton seed 9,000 tons; oats 480,000 bushels; maize 2,500 tons; corn 6,000 bushels. The decrease in wheat production is due to the decreased acreage.

The present population of Foard county has been estimated at 7,500, as against 4,000 in 1908. The county embraces 402,200 acres. In 1908 30,000 acres were in cultivation; at present

120,922 acres, or more than 300 per cent increase.

The labor situation due to the wheat harvest has been met successfully, due to the local chamber of commerce, assisted by the United States employment bureau maintained by the West Texas chamber of commerce.

NORWEGIAN STEAMER PICKED UP AT SEA

HAVANA, June 18.—The Norwegian steamer *Frønter*, reported in messages last night from Baracoa as having been abandoned June 9 to prey of flames, has been picked up by the steamer *Julian Alonzo* of the Compania Naviera Cubana line and towed to Gibara after the flames were extinguished. While badly damaged by the fire, it is believed the boat will not be a total loss.

TAGGART PREDICTS WILSON WON'T SEEK NOMINATION

FRENCH LICK, IND., June 18.—"I am satisfied that Woodrow Wilson will not be a candidate for re-nomination at the San Francisco convention," Thomas Taggart, democratic leader and senatorial nominee from Indiana, said today.

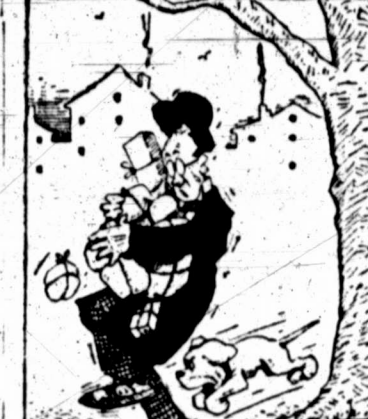

Regarding Wilson's assertion that he was "extremely confident" that the democratic convention at San Francisco would consent to make the league of nations a campaign issue, Taggart said: "I don't know what planks will go into our platform. I do know, however, that a majority of the American people are for the league of nations—a peace treaty that will bring lasting peace to the world."

WANTS VOLUNTEERS AMONG PARENTS TO KEEP TRACK OF THEIR OWN CHILDREN

Juvenile Officer Morgan is calling for volunteers... juvenile officers for some home service work in Wichita Falls and needs the assistance badly.

"I don't want to get the name of being hard, and I don't want to send a boy to the reformatory if there is any way out, but something will have to be done in the way of co-operation by the parents of the children, or there will be many more than the 16 I have already sent to the reformatory since my term of office began to slip from Wichita Falls.

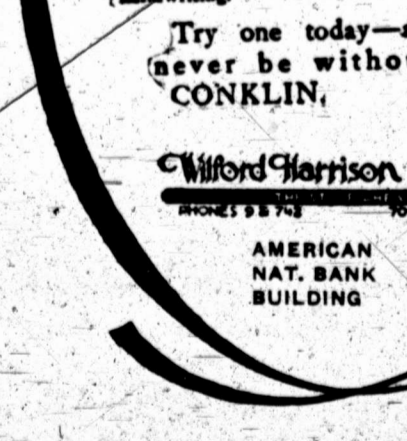

There are many circumstances that make it hard on parents and children alike. The crowded living conditions, which send children into the streets for their play, for example, lessens the parental hold. We understand all these things, and we are making allowances for them. But we must have cooperation at home.
