CAR FARE RAISE ONE CENT ASKED BY TRACTION CO.

Kell Declares Company Has Earned No Substantial Income

CITY COUNCIL HAS DEFERRED ACTION

Opportunity Will be Granted For a Public Hearing of Request

The Wichita Falls Traction company, through Frank Kell, vice president, this morning applied to the city council for permission to increase its fare rate "at least one cent within the city limits."

In connection with the request, Mr. Kell submitted to the council a statement of the company's income and disbursements from June 30, 1915 to May 31, 1920, and declared in his letter that the traction property has been operated since 1909 "with substantially no income," and with only the year 1919 showing a gain.

In conformity with the provisions of the city charter relating to franchise amendments, the council deferred action on the request until the mayor has completed an investigation and has filed a report.

Opportunity will be granted for public hearings, and ample time will be afforded for discussion of the proposed fare increase.

Other Cities. In view of the recognized fact that cities throughout the country have conceded the justice of similar requests, and have granted fare increases, the general sentiment of the council this morning appeared to favor the local company's application.

Although members of the council were unanimously in favor of a system of transfers should be in effect on the local lines.

With reference to the company's statement of income and disbursement, Mr. Kell's letter to the council declared: "By way of explanation we beg to advise the council that a considerable percent of this income shown herein accrued to the line outside of the corporate limits. We are not in position to trace just exactly how much the income was for this part of the property."

"In view of the fact, however, that we get a very much higher fare on most of our business outside of the city limits, and that we are not burdened with city taxes accruing to that part of the line and the further fact that our personal damage suits are very much less on that part of the line than in the city, it follows that our net earnings for that part of the line is very much better per car mile than within the city limits for the last year and a half has been as high as any traction line in Texas. Later, however, some of the larger cities have advanced their fares where higher fares have been permitted by the city governments, and we are now slightly under one or two of the leading cities of Texas in our wage schedule somewhat, permitting our men to share in some of the advance if accorded to us."

Hope for Advance. "We have hoped against hope that we would be able to advance these fares until the country at large has been restored to normal conditions, but inasmuch as it appears that we have no immediate relief in the price of material or in living conditions in Wichita Falls, we now feel that we should be allowed an advance of at least one cent in car fares within the city limits and this should be granted us without the expense and annoyance of issuing transfers from one line to another. This feature, however, is of immaterial importance except the use of transfers permits abuses which do become expensive to the company. The letter calls attention to the purchase of new cars by the company and adds that betterments "can be financed only by the personal endorsement of our stockholders, the company having had no earning capacity for anything outside of needed improvements."

Statement. A brief synopsis of the company's receipts and disbursements, made from the detailed sheets submitted to the council, follows: June 30, 1915, to June 30, 1916, \$62,114; Disbursements, 74,519; June 30, 1916, to December 31, 1916, Receipts, \$46,057; Disbursements, 43,057. NEW YORK, June 24. — A drive against alleged misrepresentation in the sale of oil company securities was started today by federal officials here with an announcement of indictment of four oil companies, several stock selling concerns and 50 individuals by a grand jury in United States district court.

Use of mails in a scheme to defraud was charged. Five indictments were returned. Federal officials claimed they had evidence that the public had been defrauded of more than \$1,000,000 through the schemes involved in the indictments.

Postal inspectors were working today from Maine to California, federal officials announced, rounding up men mentioned in the indictments. Several Wall Street brokerage firms were among the accused.

The first indictment was against the Ranger Oil company of Texas, the Curtis-Packer company, Wall Street brokers and officials of the two concerns. Federal officials alleged this company was capitalized at \$1,000,000 and 300,000 shares of stock were sold.

The United Securities company, a Connecticut concern, was also accused of having used the mails to defraud in this indictment.

The second indictment accuses the W. P. Williams Oil company, a Delaware corporation owning Kentucky oil land stocks, officials of the company, and Joseph Bird, Lexington, Ky., promoter.

Also mentioned in this indictment is the Day-Pollack company, now operating under the name of the H. Morgan-Pollack company, a New York concern, owning Texas oil land, and the brokerage company of Stickey, Rawlinson and Colclough of Boston, and officials of the concern.

The indictment also mentions the following New York brokers: H. L. Kent, Homes & Co.; Thomas, James & Co.; William E. Heffron, Crossman-Sherman & Co.

The third indictment is against the Crown Oil Co., a Delaware concern owning Kentucky oil lands; the E. M. Fuller & Co., Wall Street brokers; B. V. Dawson, New York broker; B. V. Hole, Burlingame, Calif., president of the Crown Oil Co.; C. D. Pratt, Lexington, and W. P. Williams, Irvine, Ky.

The broker firm of Greenbaum, Biddle & Greenbaum is accused of using the mails to defraud in the sale of stock of the Charles United Oil and Gas Co. in the fourth indictment.

The fifth indictment is against the Green Oil Co., a Delaware concern, which is accused of using the mails to defraud in the sale of stock of the Charles United Oil and Gas Co. in the fourth indictment.

The sixth indictment is against the Texas delegation in practically unanimous for McAdoo, despite his request that his name not be presented to the convention. While nearly unanimous in his first choice, the delegation is badly divided in its second choice between Cox, Marshall and Davis, probably in the order named.

The Texas party is spending the day, Sunday, at the Royal Gorge and Glenwood Springs. The special will reach Salt Lake early tomorrow.

NEGRO PHYSICIAN HELD FOR MURDER OF WOMAN. ST. JOSEPH, MO., June 24. — A state warrant charging a negro physician with the murder of the young woman whose headless body was found in Lake Contrary about a week ago, will be issued today, according to Assistant Prosecuting Attorney Slatery.

MARTIN ELECTED HEAD OF SHEEP RAISERS ASS'N. SAN ANGELO, TEX., June 24. — R. H. (Bob) Martin of Del Rio was elected president of the Sheep and Goat Raisers' Association of Texas at today's session of the association's annual convention here. Claude A. Brooms and John S. Allison, both of San Angelo, were chosen first and second vice-presidents, respectively.

WOMAN MAY BE DEMOCRATIC NOMINEE FOR VICE-PRESIDENT

Democratic leaders in San Francisco are seriously discussing the possibility of the democratic vice-presidential nomination going to a woman. These three well-known women have been mentioned in connection with the proposal. Left to right: Mrs. George Bass of Chicago, Miss Elizabeth Marbury of New York and Mrs. Annette A. Adams of San Francisco.

ROBERTS WILL CALL SUFFRAGE SESSION

Tennessee May Give Suffragists Victory in Federal Amendment Fight

NASHVILLE, TENN., June 24. — Suffrage rallies today when it was learned Governor Roberts planned to call a special session of the legislature to act on the federal suffrage amendment following receipt of a telegram from President Wilson urging such action in the interests of "real service to the party and to the nation."

The governor, however, failed to comment on the constitutionality of the legislature's action should a favorable vote on the suffrage amendment be reached, saying that matter was being discussed between State Attorney General Thompson and department of justice officials at Washington.

Members of the legislature to be called in special session were elected previous to submission of the suffrage amendment to the state constitution. Some legal authorities, however, have interpreted the recent decision of the supreme court on the Ohio referendum case as invalidating the clause.

State Can Ratify. WASHINGTON, June 24. — Assistant Attorney General Frierson has advised Governor Roberts that the legislature of that state could ratify the suffrage amendment without submitting the issue to the people.

Miss Alice Paul, chairman of the woman's party, said today that Governor Roberts' decision to call a special session of the legislature to act on the suffrage amendment "means certain victory." A recent canvass of both Tennessee houses, she said, indicated a safe majority in favor of ratification.

Mr. Frierson's opinion given orally and in writing today to Governor Roberts and the attorney general of Tennessee was based largely on the decision of the United States supreme court in the Ohio referendum case.

Georgia Senate. ATLANTA, June 24. — The Georgia senate today passed over until next Monday final action on the proposed amendment to the state constitution for woman's suffrage. An effort to table the proposition was defeated today by a vote of 18 to 19.

NEGRO CHARGED WITH ASSAULT ON NEGRO GIRL. Esra Johnson, negro, was incarcerated in the county jail Thursday afternoon following reported criminal assault upon a 15-year-old negro girl.

A complaint charging rape was filed in Justice R. V. Gwinn's court against Johnson, who waived examining trial and his bond was fixed at \$1,000.

LEADERS PREPARE FOR CONVENTION

MO. HAS POLITICAL "HOUSE CLEANING"

SEDALIA, MO., June 24. — Republicans of Missouri gathered here today in answer to a call of prominent party leaders in the state for a "house cleaning." Action in regard to dislodging before the senate committee investigating pre-convention campaign expenditures, involving J. L. Babler and E. L. Morse, prominent republican leaders in the state, was to be taken.

Mr. Hadley's letter said in part: "I am surprised that any one should have been surprised at the disclosure of the fact that money was secured by the leaders of the Morse-Babler crowd for which they were to deliver the Missouri delegation at the national convention."

"Many of these men have been engaged in these same practices for years. In 1908 they received money (it was said that the amount was \$15,000) to deliver the delegation to Senator Frickbanks, and then, when they found the sentiment was strong for Taft, they 'laid down' on Fairbanks, but kept his money."

"In 1912 they made the fight for the Taft delegates against Colonel Roosevelt and I understand that they secured for the Taft organization \$50,000 for this purpose. In 1916, they tried to organize and sell the Missouri delegation to Senator Wood, and they have endeavored to sell the delegation to Governor Lowden."

"It was common knowledge in political circles that they were handling Wood's money. My friends opposed and defeated this crowd in the state convention and afterward I publicly denounced their purpose to huckster the delegation to Senator Weeks."

"Through the publicity thus inaugurated a number of delegates who had received and been elected through Weeks' money refused to vote for him and he received only slight support from the delegation."

"It has been very evident to anyone at all familiar with Missouri politics that from 1914, when J. L. Babler was elected chairman of the state committee, that he and E. L. Morse have worked together on all party matters and they have endeavored to insure their control of the party organization by the use of money."

The letter of former Governor Hadley condemning the Babler-Cole leadership in the Missouri republican politics was made public by leaders before the reorganization meeting convened. They announced that the letter would be read during today's session.

Bonn Terre Reminds Babler. ST. LOUIS, June 24. — Political friends of Bonn Terre, candidate for the republican nomination for governor today made public a letter he was written to by Jacob L. Babler, reminding the latter of a promise he is alleged to have made during the republican national convention that he would resign as national committeeman for Missouri if the movement to prohibit liberalization of campaign fund exposures were defeated. The movement was defeated but Babler since has asserted he had no intention of resigning.

GILMORE GOES WASHINGTON INCREASE RATE HEARING. AUSTIN, TEX., June 24. — Clarence E. Gilmore, member of the Texas railroad commission, left today for Washington to attend a hearing to be held June 28, before the interstate commerce-commission on the application of the American Railway Express company for an increase in rates. This will be the final hearing on this proposition and at its conclusion the commission will take the matter under consideration and a decision is expected about the middle of July.

DISPENSATION GRANTED FOR MASKAT TEMPLE BY THE IMPERIAL SHRINE COUNCIL

Wichita Falls Shriners were made jubilant this afternoon when a telegram from Portland, Oregon, announced that a dispensation for Maskat Temple had been granted by the Imperial Council of the organization in session there.

The message was from E. M. Belcher, secretary of the local Shrine Club, and means that success has attended a long and vigorous campaign for a Shrine Temple here. In order to secure the dispensation, about 150 Wichita Falls Shriners went to the Portland meeting.

The movement for a Shrine Temple here started last year, when a number of Wichita Falls Shriners, feeling that this city had reached that stage where such an institution would be well supported, organized the Wichita Falls Shrine Club, composed of members of Temples at Dallas, Fort Worth and other points. W. V. Hammack was president of the club and E. M. Belcher, secretary.

The campaign was inaugurated in all advance of the Portland meeting. One other Mr. Hammar, was seeking a temple, and it was known that both could not win. Secretary Hubert Harrison of the Chamber of Commerce was requested to handle various details of the campaign, and journeyed to Portland to make preliminary arrangements; he also handled the publicity matters in connection with the drive.

Mayor Walter Cline also had a prominent part in conducting the campaign, securing the endorsement of the state Shrine organization, and otherwise aiding the movement. It is already a settled fact that he will be the first potentate of Maskat Temple. W. Chamam Jr., traffic manager of the Chamber of Commerce, made the necessary arrangements for the special train which left here last Wednesday.

So strong was the faith of the local Shriners that they purchased a site for their temple, acquiring a lot at Ninth and Travis, with the assurance of a dispensation, plans for an imposing edifice will probably be put under way promptly upon the return of the delegation to Portland. There are nearly 100 Shriners in Wichita Falls and the surrounding territory, who are expected to become members of Maskat Temple.

PORTLAND, ORE., June 24. — The Imperial Shrine of the Shriners, selected today Atlantic City for the 1921 convention, has selected as its delegates: Hajen Temple, Greenville, S. C., and Karem Temple, Waco, Texas. Dispensations were granted to Al Kaly Temple, Pueblo, Colo.; Maskat Temple, Wichita Falls, Texas, and Khiva Temple, Amarillo, Texas.

BOARD IS DIVIDED WAGE CONTROVERSY

WASHINGTON, June 24. — President Wilson has received a reply from the railroad labor board in Chicago, promising to expedite the award in the railroad wage controversy. The message was in reply to one sent by the president.

In announcing receipt of the telegram, White House officials declined to make public the text of the board's message.

Officials of the railroad brotherhood went to the White House to urge that the text be given, contending that its text would serve to allay in a measure the unrest among railroad workers.

CHICAGO, June 24. — No message from President Wilson asking the railway labor board to arrive at an immediate decision in the wage controversy had been received when the board resumed deliberations at 10 o'clock this morning.

George N. Hangar of Washington, member representing the public, said inquiries were being instituted in an effort to learn what became of the message which President Wilson had sent to the board.

A well confirmed report in labor circles today said the board is divided. The board is expected to hold out for an award which both the company and public representatives think is exorbitant, and the company group refusing to concede an award that the public group thinks is reasonable.

Mr. Hangar declared today that there was nothing in the present situation, however, a warrant of a deadlock. There is every indication, he said, that a satisfactory agreement will be reached within a reasonable length of time.

Union leaders here, however, are not so optimistic. The brotherhood neutrality when the board was created and later became openly hostile when the decision was delayed, declared they believe the board will be wrecked on the same deadlock that wrecked President Wilson's industrial board last winter.

Judge R. A. Barton, chairman of the board, declined to comment on this report.

It takes time for nine men, representing the different viewpoints, to agree on anything," he said.

SOVIET RULE TO BE THOROUGHLY SET UP IRKUTSK

Food Conditions are Serious and Population Given Allowance of Black Bread

CORRESPONDENT MAKES 2,000 MILE DETOUR

All Stores Have Been Closed and Permits Even Necessary to Buy Newspaper

By Associated Press. IRKUTSK, SIBERIA, June 19. — Soviet rule has been thoroughly established in Irkutsk. All institutions have been nationalized, most of the stores have been closed and a permit is necessary to even purchase a newspaper.

Food conditions are most serious and the population is given rations of black bread which cannot be obtained except through the use of government cards, and even then in small quantities. A few Chinese merchants deal in black bread which costs 250 rubles a pound.

Few foreigners, and no foreign consular officials, remain in Irkutsk. A party of 48 British officers who had been taken prisoners of war, were sent to Moscow last week. It is estimated that 10,000 Chinese left Irkutsk during May to walk to the Chinese frontier. Officials declare the food crisis will continue until next year.

This city was the scene of the tragic end of Admiral Kolchak's efforts to establish supreme rule in Siberia. He was executed and buried here, but only one soviet official and two laborers can point out the spot where his body lies. Irkutsk is today a city of soldiers.

The Associated Press correspondent in reach of Irkutsk made a 2,000 mile detour which took six weeks from Vladivostok through China and Mongolia, and across the 700 mile stretch of the Gobi desert. He was the first American to enter Irkutsk since the collapse of the Kolchak regime.

The Far Eastern situation is of paramount interest to the soviet authorities. The fifth bolshevik army, which broke the power of Admiral Kolchak, is stationed near this city and is in a position to enter the Vekhnik-Udinsk and Chita. The bolshevik side of the Selenga river has been newly entrenched and the soviet army is ready for action in case its territory is invaded.

There is direct rail and wire communication from here to Moscow.

NEW YORK POLICE ADMIT THAT ELWELL MURDER IS NO NEARER A SOLUTION

NEW YORK, June 24. — Police today admitted the mystery surrounding the death of Joseph B. Elwell, murdered whilst wizard, was as dense as it was the morning the crime was discovered.

Authorities said they had not even established a motive for the murder. They announced they will not press the case unless they have Miss Emily Hope Anderson, Minnesota singer, come to New York. They do not believe she would be able to aid them. Miss Anderson, on the eve of the murder was with Miss Hope Anderson, who has been questioned several times.

COMMITTEE TO HEAR GEORGIA CONTEST

SAN FRANCISCO, June 24. — The national committee which meets tomorrow afternoon to make up the temporary roll of the Democratic national convention and dispense of other preliminary has only one contest officially before it, that from Georgia, where two sets of delegations were elected. The national committee also is involved in the Georgia contest.

According to Executive Secretary Hollister of the national committee, no contest has been filed by Senator James Reed of Missouri for a seat on the floor. Reed was rejected by the Missouri state convention and the fifth district convention did not fill his place. It was said that James E. Bradshaw, an alternate, would be recommended for the vacancy. Whether Senator Reed would appear before the committee tomorrow was not known.

In the matter of states where more than the lawful number of delegates was chosen, it was said today the national committee probably would seat all those sent to San Francisco and given them fractional votes. Three states include Arizona, Idaho, North Carolina and Texas.

For the first time in the history of political conventions, the Canal Zone is expected to be represented by delegates. The Democrats of the Canal Zone have elected two delegates and two alternates and their names have been placed on the temporary roll. The convention is expected to confirm this action.

### HENRIETTA GIVEN CORDIAL WELCOME

#### Booster Party for Big July 4th Celebration Entertained at Elk's Club

Two score flag-bedecked automobiles from Henrietta brought about 150 residents of that community to Wichita Falls Wednesday evening for a get-acquainted trip, planned to advertise Clav county's celebration and race meet at Henrietta on July 5 and to invite Wichitans to attend that affair.

The visitors were guests of the Chamber of Commerce at a lunch and smoker at the Elk's club, following their arrival here, and were given an opportunity to meet many Wichitans. C. L. Brown and G. J. Dickey of the Henrietta Chamber of Commerce headed the delegation. Congressman Lucian Farnish was the chief speaker for Henrietta, while C. W. Reid and B. F. Johnson of this city also spoke.

Henrietta is making extensive and elaborate plans for her July 5 entertainment, and her Chamber of Commerce has been staging automobile trips to a number of neighboring towns to invite folks to come and partake. Officers of the local Chamber of Commerce were glad of the opportunity to show the business men of Henrietta this hospitality and to further cement the relations between the two county seats.

The Henrietta visitors made the return trip late Wednesday night.

#### ALLAN RYAN IS EXPELLED FROM N. Y. STOCK EXCHANGE

NEW YORK, June 24.—Allan A. Ryan, chairman of the State Motor company, who became involved in a controversy with officials of the New York stock exchange at the time it was alleged a corner existed in State stock, has been expelled from the exchange, according to an announcement today by the board of governors.

#### NORTHERN BAPTISTS MAKE FIRST ANNUAL REPORT

BUFFALO, N. Y., June 24.—Dr. John Y. Atchison, director of the general board of promotion of the Northern Baptist convention, created in Denver last year, presented the board's first annual report to the convention here today.

He announced that the Northern Baptists new world movement fund new stands at \$65,119,950, an increase of \$4,900,000 over the last previous announcement. The fund reached \$2,500,000 a few days ago, Dr. Atchison said, and a \$1,500,000 condition gift from John D. Rockefeller, Jr., became available at that point. Another such conditional gift will be counted when the subscriptions reach \$57,500,000.

#### BOSTON EDISON COMPANY ANNOUNCES PAY INCREASE

WASHINGTON, June 24.—An increase of ten per cent in the pay of all its employees, effective July 1, was announced today by the Boston Edison company. About 2,000 workers will benefit by the increase. At the same time the company will make a reduction of 5 per cent in the price of electricity for lighting to its 115,000 retail customers.

### OIL MEN WANT TO DEVELOP MEXICO

MEXICO CITY, June 23.—Requests for the cancellation of all petroleum decrees promulgated by the late President Carranza and the right of unrestricted exploration and exploitation of oil lands were presented this afternoon to Gen. Jacinto B. Trevino, secretary of industry, commerce and labor, by representatives of foreign petroleum interests, says El Universal.

It is asserted the requests were made in the form of an ultimatum, the oil men being quoted by El Universal as declaring they were without power to make any other proposition or accept any other solution.

The point was raised that the Carranza decrees, which inspired the writing of Article 27 of the Mexican constitution, nationalizing petroleum lands, were unconstitutional. General Trevino, according to the newspaper, declared he had no authority to discuss the constitutionality of the decrees.

In addition, he declared, he could not cancel the decrees because the executive department cannot anticipate the decision of the supreme court in cases now pending before it involving the constitutionality of the decrees in question.

#### FEDERAL OFFICIALS HAVE TAKEN NO ACTION ON THE CHARGE AGAINST MURPHY

NEW YORK, June 24.—Federal officials today stated no action had been taken by them in connection with accusations of conspiracy to defraud the government of excess profits taxes, made in an indictment returned against Charles Murphy, "boss" of Tammany hall, and several associates.

No indication was given by federal officials whether they will take steps to have the alleged frauds investigated by a federal grand jury.

Under state laws, on which the indictment was based, concealment of excess profits is merely a misdemeanor while under federal laws it is a felony.

The alleged fraud was said to have amounted to between \$400,000 and \$500,000.

#### EAST SIDE NEW YORKERS SPEND SLEEPLESS NIGHT IN FEAR CHLORIDE GAS

NEW YORK, June 24.—Thousands of persons living on the east side spent a sleepless night on the stoops of their homes and along the curbs, unable to retire for fear of being overcome by chlorine gas that escaped from a defective carboy in a chemical plant.

Deputy Fire Chief Henry B. Helm and four members of the rescue squad who plugged the leaking cylinder, were overcome by the deadly vapor and are in a hospital.

Attention was first attracted to the leaking carboy when scores of people began coughing into the streets, coughing and sneezing.

### MOVEMENT OF TEXAS WHEAT CROP BEGINS

DALLAS, June 24.—Threshing and movement of the southwest's wheat crop to market was on today.

The first car of new wheat shipped into Fort Worth brought \$2.50 a bushel. It came from Haskell county and weighed 50.7.

Simultaneously the wheat embargo at Galveston, clamped on because of congestion growing out of the strike of waterfront shipping workers, was lifted. Grain congestion at the port had been totally relieved with non-union workers under protection of state troops according to G. G. Moore, chairman of the car service commission appointed by the I. C. C. to clear commodities in the port.

Railroad officials today asked shippers to aid in rapid transit of grain by promptly loading and unloading cars.

#### ONE DIED FROM BOMB EXPLOSION LAST NIGHT

CHICAGO, June 24.—Ethel Roberts, aged 18, died in a hospital today and her friend, Annie Guest, also 18, is seriously injured as a result of a bomb explosion which wrecked a plumbing shop last night.

The girls were walking past the shop when the bomb, which had been placed against the door, exploded, hurling them across the street.

Police laid the bombing to a labor war. The home of the owner of the shop was wrecked by a bomb five months ago.

#### CATO SELLS, WILL FIGHT REMOVAL OF GUARDIANSHIP

FORT WORTH, TEXAS, June 24.—Before leaving here today for Oklahoma, Cato Sells, commissioner of Indian affairs, said he not only would refuse to remove the government's guardianship over Jackson Barnett, rich Indian who sloped recently, but that he had just begun his fight to have the wedding of the Indian and white woman annulled.

Barnett and his wife want to have the wardship removed and the Indian's vast property holdings placed in their control. Barnett's home is at Henryetta.

#### PARKS CANNOT BE USED FOR POLITICAL GATHERINGS

OKLAHOMA CITY, OKLA., June 24.—Socialists of four Oklahoma counties have petitioned Joe H. Patterson, commissioner of public property here, for use of one of the city's parks to hold a mass meeting Sunday, where they will be addressed by Seymour Stedman, socialist vice presidential nominee.

The use of one of the parks here was refused the socialists as the commissioner decided parks were not for political gatherings.

#### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of Wyeth's Sage and Sulphur Compound, which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks commend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. (adv.)

### WIDELY DIVERGENT TESTIMONY GIVEN

#### Brother of Cora Tatum Testifies Against Her Husband in Murder Trial

Declaring that his sister, Cora Tatum, was not what she should be and that he had signed a murder complaint filed last April against her, in connection with the death of her deceased husband, Charles McDonald, local oil man, Thursday forenoon appeared as leading state's witness in the continuation of the trial of Buddie Tatum on trial in the 30th district court on a charge of murder in connection with the death of S. L. Stringfellow, divorced husband of Mrs. Tatum. The brother's voice quivered with emotion and his face filled with sadness as he related incidents alleged to have occurred at Goose creek and at Springtown that finally reached a climax with the killing of Stringfellow at Springtown last April 14 in Reeve's grocery store.

The story told by McDonald was a long one and a story overflowing with pathos. The brother's voice grew hoarse and his eyes dampened as he related the career of his sister, Cora Tatum. "I love my sister and I would do anything in the world for her, but that thing that is pointing his finger at Buddie Tatum has caused her to go wrong. I knew S. L. Stringfellow for 12 or 13 years and he was an ideal husband; he was good to his wife and always provided her a good home and many are the times at Goose Creek that I have seen him walk three or four miles in the cold to work in the fields in order to make my sister a living. I have seen him come home and give her his entire check and all he asked for was just enough to buy his tobacco and some food."

Continuing McDonald declared that Tatum long figured in the domestic affairs of the Stringfellow. "He (Tatum) first met my sister in the oil fields near Houston more than three years ago and it was then that all this trouble began. I induced Stringfellow to come to Wichita Falls and we brought Cora here believing that if we separated her from Tatum the trouble would be over, but Tatum also came and things grew from bad to worse."

"Then you believe that your sister is not a good woman," asked T. E. Robertson, counsel for the defense. "She was a good girl until she fell under the influence of Buddie Tatum," the witness replied.

"Then you admit that your sister is not socially what she should be," asked Robertson.

"I am sorry to say she is not," re- Mr. McDonald.

"And you filed a murder complaint against your own sister, didn't you, Mr. McDonald?"

"I did."

"If you loved your sister as you say you did, why were you willing for her to be tried for murder and sent to the penitentiary?"

"Because I felt that Stringfellow had been framed up on and murdered. I knew my sister's part in the affair and I wanted her punished for it."

Further answers by McDonald Robertson's questions developed the testimony that McDonald had frequently given his sister money and begged her to let Buddie Tatum alone and to "go right." Also that he had time and again offered to build her a home and to support her, but that she (Cora Tatum) would not listen to him.

McDonald dramatically testified to the fact that regardless of Stringfellow's efforts to "give Cora a good home he came from Goose Creek and found her (Cora) living in a tent at Springtown with 'that thing' (McDonald here pointed to the defendant who sat near his counsel).

Tatum had previously testified that he had never met Cora Stringfellow until a few weeks before the 1919 holidays, during which period she nursed him at his tent near Springtown. McDonald was used by the state to impeach this part of Tatum's testimony inasmuch as McDonald asserted that Tatum had frequently talked to Cora while she was still Stringfellow's wife and while they resided at Goose Creek. Tatum steadfastly declared that he had never seen Cora until she came to the Wichita oil section, but did acknowledge that he had known Stringfellow in the Goose Creek oil region.

McDonald vigorously attacked Tatum's character declaring in caustic terms, "Stringfellow earned more honest money in one day than Buddie Tatum earned in six months."

Attorney Robertson put McDonald through a caustic cross-examination. The testimony that four children born during the married life of Stringfellow and Cora Tatum (then Cora Stringfellow) are "now in an orphan's home in Dallas." Robertson retorted "you don't know that assertion to be a fact, do you," and McDonald said "no."

"Then you told a deliberate lie," the defending attorney fired at the witness.

McDonald's face grew red; his hands quivered and he caught the sides of the witness stand. Attorney Robertson was on his feet in a second time begging the court's apology and also apologized to the witness. Judge H. F. Weldon sharply reprimanded the defense counsel for his hotly spoken words and instructed him to refrain from similar remarks.

McDonald on cross-examination admitted that he had heard of Stringfellow shooting at a man in the northwest field and that the trouble arose over the man having slapped Stringfellow's little child. McDonald declared that he had never heard of Stringfellow engaging in a cutting af-

fair with another man at Springtown last winter.

Cora Tatum was the first witness used by the defense. She testified that she married Stringfellow 13 years ago at Big Springs and that three children resulted from the marriage. She further testified that she never met Buddie Tatum until after she had brought divorce proceedings against her husband in the district courts of this county. The testimony of Mrs. Tatum disclosed that she was granted a divorce from Stringfellow in April of 1919 and married Tatum in April of 1920.

Mrs. Tatum recited a long story of alleged cruelty to her by her first husband and other testimony later introduced while Mr. McDonald was on the stand disclosed that Mrs. Tatum alleged cruelty to her divorce petition. Mrs. Tatum told of four times that Stringfellow had come to her and asserted his determination to kill Tatum. "I told my husband (Buddie) that I would never let him do anything to me and he threatened to take his life and warned him that he had better be on his guard," Mrs. Tatum said.

Continuing Mrs. Tatum testified that "Stringfellow came to my house shortly before the killing and cursed me and beat me with his fist."

This is another important part of Mrs. Tatum's testimony denied by the testimony of her brother, Charles McDonald, who declared that "I positively know that Stringfellow never struck Cora in his life and was always good to her."

"If Stringfellow had struck my sister would he have killed her myself," McDonald told the jury.

"I was employed by Buddie Tatum to nurse him while he was confined to his tent suffering from an oil field accident before I was married to Mrs. Tatum. He paid me well for my work and I nursed him for 24 days. He had a partition built in his tent and I together with my little children lived in one part of the tent and Buddie stayed in the other half."

Buddie Tatum took the witness stand at 10:00 o'clock and remained on the stand for about one hour. He related the details of how he met Cora Stringfellow and of the short romance that led to their marriage, and in reply to his counsel's question gave the following version of the shooting that resulted in Stringfellow's death:

"I killed Stringfellow because I knew he was going to kill me. He ran upon me and my wife in the streets of Springtown, revolver drawn and cursing me said, 'You have married the wrong woman this time.'"

Tatum testified further that Mrs. Tatum pushed Stringfellow back and that he (Stringfellow) put his revolver in his bosom. "A second or two later," Tatum declared, "Stringfellow again advanced toward me holding his revolver in his hand. He cursed me and threatened my life and I shot him."

Testimony in the case will be concluded this afternoon and it is possible that a verdict will be returned tonight. Judge Weldon is scheduled to deliver his charge about 3:00 o'clock.

### TEXAS COMEDY FOUR AT THE WICHITA TONIGHT

An excellent Pantages bill will be presented at the Wichita tonight featuring "The Texas Comedy Four," one of the best quartets playing vaudeville today.

The "Texas Comedy Four" is a comedy male quartet that sings old songs as well as new with a touch of comedy here and there that makes this act one of the most popular that has played Pantages circuit.

In the act "Little Hip and Napoleon" is seen a baby elephant, a chimpanzee and two small dogs that perform some comedy stunts that are really extraordinary.

Business is Business is a comedy sketch in which the employees of the "Hatch & Hatch Co." succeed in attracting a raise in salary from the partners.

Gertrude Newman, "the little jazz girl from Broadway" is an exceedingly attractive young lady who sings and dances excellently. She sings "Back to Dixieland" and several other popular numbers that have made this act a big drawing card.

The Winton Brothers present some very difficult hand-balancing acrobatics in an artistic manner.

tor from France might have achieved a great success as a movie actor as he has in his own calling.

As the hero in "The Wonder Man," an American society drama, he gives a capital interpretation of a French secret service man at work in the very heart of diplomatic and fashionable Washington.

Observing the really clever acting of this rather remarkable person, one can hardly believe that he had been in the prize ring for 14 years and that he is the contender for the world's championship title now held by Jack Dempsey. Lovers of boxing are given a rare and unusual opportunity to see this strange anomaly of the ring in action. Besides appearing in a form-showing exhibition in the early part of the picture he fights four honest-to-goodness rounds with the villain in the piece, in this case Robert Barrat, an actor who is an amateur boxer of no mean ability.

The story of the picture is gripping and thanks to the very capable direction of John G. Adolfi, the action is swift and realistic. Faire Binney, a screen star of note, is the leading woman. She gives a delightful performance. The remainder of the cast also equally good. The settings and photography could not be improved upon.

At the Empress.

The old problem of divorce, the troubles of men who are forced away from their homes by wives gone to seed, to seek the love of other women—these are a few of the great social questions which are interestingly handled by Cecil B. DeMille in his superb Paramount Artercraft production of "Old Wives for New," which is to be presented by Empress Theatre today.

This photoplay is based on the novel of the same name by the late David Graham Phillips, and the picturization is the work of Jeanie Macpherson, author of many successful photoplays, aside from the problems alluded to by the picture, the story graphi-

Georges Carpentier, heavyweight champion of Europe by grace of his victory over Joe Beckett last year, made his bow to the theater-goers of this city as an actor of the silver-sheet in "The Wonder Man," the Robertson-Cole production which opened at the Majestic theater this morning.

His field being strictly the drama, the reviewer is in no position to comment adequately on Carpentier's ability as a fighter, but he can say—and truthfully so—that M. Carpentier, regarded solely on the strength of his performance, is a capable and convincing actor had he not chosen pugilism as his sphere, the noted vi-

At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

SAN ANTONIO, TEXAS.— "After becoming a mother I had displacement from getting around too soon. I suffered for three years and was bedfast part of the time. I was so nervous I could not sleep and what little food I could eat did not nourish me. I doctored and took every medicine my friends recommended to me but did not get any better. Finally, the doctor himself advised me to try Doctor Pierce's Favorite Prescription, and three bottles restored me to perfect health."—Mrs. FANNIE GOINS, 1207 Hays Street.

ally reveals the efforts of a woman who is naturally stoutheaded to retain her husband for the sake of popular opinion, the conflicting emotions that arise when a man is confronted by what the world calls duty and what his heart tells him is living a lie—these are some of the unusual elements in this remarkable picture.

The story is epochal, but it is at the same time world-old. Society and its foibles, the more intimate side of marital life, the probing of hearts—all is contained in this remarkable motion picture drama. Many screen players of prominence interpret the various roles, the cast including Elliott Dexter, Theo. Roberts, Florence Vidor, Sylvia Ashton, Wanda Hawley, Julia Faye and others.

### TWO HOLD-UPS HERE WEDNESDAY NIGHT

Two bold highway robberies were staged near the business section last night, according to reports received at police headquarters. Roy A. Collier, of the Collier Real Estate company, which had been held up and robbed of money and jewelry valued at \$3,000. He was stopped by the masked highwaymen just as he stepped from his car at his home, 1006 Sixteenth street. One hundred and sixty dollars in money and valuable diamonds were secured by the highjackers.

F. M. Cartwright, a mail carrier, was held up by two men on 13th near Broad late Wednesday night and robbed of \$20 in money.

No arrests had been made at noon Thursday although the police report that a close investigation has been made of the reported hold-ups.

### CONVENTION HELD BY ROTARIANS WHO ELECT THE CIVIC LEAGUE

An eleventh hour attempt by Tom Bergen to stampede the weekly Rotary club convention in support of B. F. Johnson's candidacy for the legislature failed today. Chairman Harry Bray nipped the attempt in the bud by ruling Bergen out of order. Rumors were heard by the correspondents present to the effect that the uninstructed delegates from Scott street were behind the movement.

Senator T. B. Smock, chairman of the platform committee, reported that "Wichita Falls is now and has been for two weeks, an open shop city; that there can be no argument about it, and that everybody is happier because of it." An uproar of applause shook the convention hall at the conclusion of the senator's remarks, which were extremely brief, owing to the fact that T. B. had left his pipe at the factory and had nothing on which to "draw" for additional oratorical inspiration.

Delegate Harry Bowman, representing the "solid west" just west of the railroad tracks, expressed the belief that the cooks' and waiters' strike was

### Makes Accurate Test of Leather Samples.

A machine designed and developed by the attaches of the government bureau of standards makes accurate tests of samples of leather for the purpose of determining the wearing qualities of the material when made up into shoes for the soldiers. A wheel of 15-inch diameter carries on its face 12 test pieces. The wheel revolves at the rate of 30 revolutions per minute about a horizontal axis with its bearings in two parallel metal bars, each of which is pivoted at one end, the other end being free. The wheel which carries the weight of the bars rests on a horizontal disk of 16-inch diameter. The point of contact is 5 1/2 inches from the axis of the disk. The disk has a surface of carbondum and rotates about a vertical axis on which is a brake wheel provided with a brake strap. A chain drives the wheel and in turn drives the horizontal disk. A test usually consists of 40,000 revolutions of the wheel. This corresponds with 40,000 steps of approximately 40 miles of walking. A small suction fan removes the dust caused by abrasion.

# TIMES CORRESPONDENT THINKS M'ADOO WILL BE TEXAS CHOICE

By W. C. EDWARDS  
Times Staff Correspondent.

TEXAS FRISCO SPECIAL. EN Route, June 22.—Instead of the immortal fox from Texas as the immortal fox from Texas as it was in 1912 when political history was written by the Texas delegation, it is now the "immortal two hundred" this year, for the six sleepers of the Texas-Frisco special are crowded to the tops, with the overflow sleeping on cots in the baggage car ahead and the observation car behind.

Wichita Falls Delegation. The 13th congressional district is well represented. In addition to the district delegates—Judge R. E. Huff of Wichita Falls and J. W. Sullivan of Denton—the 13th also furnishes one of the delegates at large in Joseph A. Camp of Wichita Falls. The Wichita delegation joined the party at 3:00 o'clock this morning with a sure enough bump.

The "fourth estate" has its share of the delegation. There are W. M. (Tody) Thornton of Austin, representing the Gal-Dal News; Sillman Evans of the Fort Worth Star-Telegram; Hugh Nugent Fitzgerald, who is a delegate at large, but is going to do some work "covering" conventions as well, and the Times-Record-Chronicle representative.

Miss Margie Neal, one of the delegates at large, is also a reformed newspaper person. Her own paper would say, having formerly run a paper of her own.

Then there is Jack Mahan Jr., at present unattached insofar as newspapers go, but very much attached to the "political publicity" game.

He is assistant secretary of the delegation. The newspaper which with the aid of a mimeograph are issuing a daily newspaper of the doings of the crowd. It is very useful as a means of getting acquainted with each other and for making the necessary announcements.

Texas for McAdoo. The Texas delegation is very much for McAdoo. With him insisting on withdrawing his name, however, there are all shades of opinion as to the nominee. Gov. Cox of Ohio has a considerable support despite the opposition of Bryan and the Anti-Saloon League. But there is a very strong trend noticeable toward John W. Davis, American ambassador to Great Britain. Mr. Davis, by the way, is a former schoolmate of one of the Texas delegates, Hon. J. W. Sullivan of Denton, who describes him as "the most able man I have ever known."

In this year's presidential possibilities, that were at Chicago and are to be at San Francisco, it is worthy of note that three of them were in Washington—Lee University at the same time—Miles Polindexter of Oregon, who also ran at Chicago; Davis of West Virginia and Senator Robert Lee Owen of Oklahoma, on the democratic side.

The special train is in charge of N. S. Davis, veteran passenger agent of the Denver road, who says he has been handling special trains for 30 years and never saw before, as was the case last night, guests sleeping on cots.

General John A. Hulien, traffic manager of the Denver, is also on board. Jenks Macdo, Denver manager, is seeing that the train goes just right, and R. L. Shannon, general baggage agent, is seeing after the convention baggage.

Davis accompanies the train as far as Pueblo, Colo., where he turns it over to E. W. Martindell, general agent at Fort Worth, for the Denver & Rio Grande and Western Pacific, who is on the special getting acquainted, and who will handle the train on through to the Pacific coast.

The man who thinks Bryan has no friends in the Texas delegation is thinking so without warrant. For instance one last night heard former Governor T. M. Campbell say that Bryan is "the wisest man today in the world," and that whatever was done at San Francisco, the democrats could not elect a man to whom Bryan was actively opposed.

Recognition of this fact is one of the handicaps to Cox, in the estimation of the Texas delegation, who are inclined to regard the Ohioan with friendly eyes.

Even those who don't like Bryan—and in the crowd there are some of these also—are quite willing to admit his honesty of thought and his real desire to help the whole people instead of a few. These simply doubt his judgment, they say, and that he is "too far ahead of the bounds."

The harvest year is completed in the lower Panhandle. Thrashers are running south of Childress this morning. Delegates from other portions of the state are commenting on the abundant prosperity that is evident through this section and the visible evidences of it on every side.

Country Threatened With Coal Famine Because of Unauthorized Strikes

WASHINGTON, June 24.—Unauthorized railroad strikes threaten many sections of the country with a coal famine next winter, officials of the government and the National Coal Association here said today.

The bituminous coal is 35,000,000 tons short of its normal production, due to the recent "outlaw" strike and the mine strike, according to J. D. A. Morrow of the National Coal Association.

Governor reports show that production has been rapidly climbing in the last few weeks but this upward trend will be halted unless cars can be sent to the mines, officials predicted.

Road Facilities. "There is sufficient coal to be mined to supply the country and enough miners to assure a surplus of the government and the National Coal Association here said today.

The priority order issued by the interstate commerce commission on open car cars for the mines will greatly relieve the situation. Should the present switchmen's strike continue it will greatly hinder coal production, especially in the eastern states.

Morrow said that although there had been more coal mined this year than last, there was a surplus stock on hand last year. This surplus has been exhausted.

The switchmen's strike in the east is practically the same as yesterday, according to W. N. Doak, vice president of the Brotherhood of Railway Trainmen.

# LONDONDERRY IS QUIET WITH THE ARRIVAL TROOPS

Many Have Been Killed in Street Fighting and Situation is Critical

SNIPERS BUSY FROM THEIR HIDING PLACES

Troops Have Done Much Rescue Work During Past 24 Hours

LONDONDERRY, June 24.—More British troops have arrived in this city and their greater efforts to protect life and property has had a quieting effect. Only occasional shots were heard after midnight this morning.

Two snipers have been arrested by the soldiers.

Besides actually attacking snipers with armored cars and machine guns, the troops have done much rescue work. When it was reported last night that the Sinn Feiners were about to attack a cluster of houses, armored cars were rushed to the scene and the troops removed terrified women and children to a section of town where nationalists predominated. The gas works have also been protected by armed men.

The number of killed is not known, but it is believed that there were scores of victims. Hospitals are being taxed to their capacity to care for those struck down by bullets fired by the opposing factions.

Aside from an occasional shot by snipers, there was no firing up to early this afternoon.

The gas supply ceased at 5 o'clock this morning and the inhabitants in some sections were left in a serious plight, without fuel, light or bread.

Uster Patrols. Portions of the outlying districts are being patrolled by Uster volunteers while nationalist volunteers are guarding their sections.

A barber named McLaughlin was killed this morning by the bullet of a sniper firing at long range. John McKinney, who was wounded yesterday, died today. The body of a commercial traveler which was lying in the street where he was killed Tuesday, was recovered during the forenoon.

Wire barricades and trees have been thrown across the main road to Londonderry by factionalists, apparently in an effort to hamper the troops.

A number of Sinn Feiners rounded

up by the military had arms and plenty of ammunition. They were handed over to the police. Among those arrested was a priest, but he was released.

The destroyer which arrived in the river Foyle yesterday was forced to change its berth this morning because snipers were firing at the warship.

Situation Desperate. LONDON, June 24.—Sir Hamar Greenwood, secretary for Ireland, today received a second urgent message from the Londonderry magistrates stating that the situation there was desperate and they feared it was becoming worse.

Supplies of food were giving out and a shortage of gas threatened to throw the city into darkness, the message said.

HERRERA REGIME IS RECOGNIZED BY U. S.

WASHINGTON, June 24.—The Herrera government of Guatemala which succeeded that of Dr. Estrada Cabrera, has been recognized by the United States, it was announced today at the state department.

"The policy of the United States with reference to the present situation in Guatemala," said the department's announcement, "will be to deal with the Herrera government as the constitutional successor of the government of Estrada Cabrera."

"A careful study of the Guatemalan situation has disclosed the fact that no violent measures were used by the opponents of the former president, Estrada Cabrera."

"The resignation of President Estrada Cabrera was submitted in due form and accepted by the national assembly of Guatemala. The assembly then proceeded to designate a provisional president, who, pursuant to the terms of the terms of the constitution, has issued a proclamation calling for new elections for president to be held next August."

"Inasmuch as every requirement of the Guatemalan constitution has been complied with, the government of Carlos Herrera will be regarded as the constitutional successor of the Cabrera government."

KINGFISHER, OKLA., SHOWS 3.6 PERCENT INCREASE

WASHINGTON, June 24.—Mount Vernon, Ills., 9.815, increase 1.808 or 22.6 per cent.

Bluefield, W. Va., 15.191, increase 4.003 or 26.3 per cent.

Kingfisher, Okla., 2.447, increase .91 or 3.6 per cent.

One of his greatest assets was his supposed hold on the labor vote. Marshall.

Vice President Thomas R. Marshall. His friends emphasize his ability as a "peacemaker" and regard him as one candidate upon whom all factions may unite.

Glass. Senator Carter Glass—Looked upon by his backers as the most typical representative of the present administration, especially as regards foreign policies.

Colby. Secretary Bainbridge Colby—Practically the same as Glass, with the added belief of his friends that he is the logical heir and assign of McAdoo's delegates.

Others whose candidacies have not yet developed any particular individualism are: Secretary of Agriculture Meredith, Col. Alfred E. Smith, Senator Hitchcock, Homer S. Cummings, James W. Gerard, Senator F. M. Simmons and William J. Bryan. The latter, of course is "dry" first, last and always. Probably the most significant state-

ment made today was that of H. J. Brown, speaking for Edwards, who said that unless the democrats repudiated the Volstead act, the New Jersey governor would be compelled to withdraw from the race.

A PROBLEM FOR OUR BEST ABILITIES

Production on the farms of America is falling behind while the population is increasing. These things have only to go on long enough when the time will come that there will not be enough food to go around...

Country folks are quitting the farm and going to the city because of more congenial social surroundings and because of the meager financial returns from farming.

One of the troubles in the financial aspect in agriculture is that there are too many men between the farmer and the consumer. Each of these must take toll more or less large with the result that the price to the consumer is increased while the return to the farmer is diminished.

PEOPLE APPROVE GOVERNOR'S ACT

The Times believes that the great majority of Texans have already given their approval to the act of Governor Hobby in sending troops to Galveston to give protection to dock workers in moving goods to and from ships at the Galveston wharves.

It was after such a situation had developed and the Galveston authorities were apparently unable to give protection to workers that Governor Hobby sent troops to Galveston and placed the city under martial law.

A TIMELY WARNING

Dr. Walker and Alderman McDowell have given a most timely warning of the dangers of typhoid infection. There can be no doubt but that this infection has gotten a long and early start in Wichita Falls and that the utmost precautions will be necessary if a serious epidemic is to be averted.

With Other Editors

Children in the Woods (Ohio State Journal) Children in the woods! What pure, what enraptured, what almost frantic delight they take in the simple beauties of nature!

HOROSCOPE

Thursday, June 24, 1920. This is not a fortunate day, according to those who read the stars.

The planetary government seems to indicate that unrest and despondency will be prevalent at this time, owing to mental conditions caused by the reflex of the world war which will be felt for many months.

Public discontent will be expressed in political agitation that may develop serious clashes of arms as well as words.

Uranus will continue to exercise malign power through the coming decade, which will be marked by the greatest achievements in history. Out of spiritual darkness will evolve many new forms, the seers declare.

Mars is in a place supposed to strike the baser instincts of mankind, making for crimes of the most brutal sort. While the planetary government of the universe may seem inimical to humanity it is really working out the great scheme of things, astrologers explain, so that progress may be attained for that country.

Persons whose birthdate it is should not lend money in the coming year. Business affairs may be successful but not very profitable.

LITTLE BENNY'S NOTE BOOK

Last nite after supper I went around on Broad street with the fellows and listened to some man waving his arms and talking about Socialism, and when I got home pop was up in the setting room smoking and thinking with his feet up, me saying, 'Pop, do you believe in Socialism?'

WHO AM I?

I am more powerful than the combined Universe. I have destroyed more than all the wars of the world. I am more deadly than bullets, and I have more homes than the mightiest of siege guns.

I bring sickness, degradation and death, yet few seek to avoid me. I destroy, crush or maim, I give nothing, I take all! I AM CARELESSNESS.

Just Folks

The Friends Who Back You Up. It's the friends who are behind you you depend on all the while.

You don't have to turn to see them, you just know that they are there. They follow where you're going and they're with you everywhere.

Afraid to go forward bravely, you don't have to fight alone. There are good friends glad to follow and they'll make their presence known.

Side Talks

ISN'T THIS A FAIR SCHEME? Some days ago I tried to make the abstract word "landlord" represent a concrete person who might be having as hard a time getting along these days as his tenants.

He calls his plan "Rentals at cost and undisturbed tenancies." "A landlord or owner in times like these," says the member of the landed class, "wants to furnish his tenants a warm, clean and weather-tight house, to postpone repairs so far as possible, but to have a reserve fund with which to pay for them when they can be made at more reasonable costs, to pay his taxes, insurance and other operating expenses, and to have a reserve against vacancies. He also wants an income on his investment at the market rate. In times like these he cannot know how long his tenants will be for next year, still less can he know what they will be two years hence."

Neither this plan nor any other plan will keep rents down to what they were five or ten years ago. It isn't a plan for getting heat without buying coal. Tenants must expect to pay what it costs to house them, but surely they are entitled to a fair share of the cost.

THE ILLITERACY DIGEST

Formation of a new emergency cabinet in Germany is reported, the Tagblatt saying it "must wait warily to maintain itself."

How would you like to be a Texas pipe line company, with a kindly federal government preparing to collect tax on all the oil you had run since 1917?

A sporting friend tells us that George Stange is returning to France because it was impossible to find a place to stage a battle with Jack Dempsey. Nonsense! The prospect of having over a million dollars, Ireland, there's a good little fight town.

"We might have rhymed the name Wood. But can't rhyme 'Harding,' never! But 'McAdoo' will wipe that name off the slate forever."

Shame on the hard who will admit a weakness in his Harding. Whoever thought our Houston friend "Wood," "McAdoo" about "Harding."

If we had a little more time, we'd draw a diagram to illustrate the point in that last line of our desperate effort above. Remember Shakespeare's "Much Ado About Nothing?" Get the point now? Good! We thank you for the generous applause with which you have greeted our efforts this evening, and beg to announce that next week, beginning with Monday's matinee, the company will present "The Two Orphans." Thank you, thank you!

Speaking of politics, have you bought your card index case yet? Ho, hum, you yawn sleepily, and answer that we refer to a card index case in which to file the cards presented to you on the streets by Wichita.

HAMBONE'S MEDITATIONS

SOME FOLKS DON'T NEED A FRIENDLY HAND HALF EZ BAD EZ DEY NEEDS SOME BODY'S GOOD, FRIENDLY FOOT.

I am more powerful than the combined Universe. I have destroyed more than all the wars of the world. I am more deadly than bullets, and I have more homes than the mightiest of siege guns.

WHY?

Does a Camel Have a Hump (Copyright, 1920, by Wheeler & Bradgate, Inc.)

The care which nature takes of the various animals which inhabit the earth is manifested in a number of ways. Many fish and birds are protected by a color scheme which blends in with their surroundings so perfectly that they are practically invisible to the eye of an enemy.

Living as it does in the desert and in waste places where food and water are scarce, the camel is protected against hunger and thirst by two unusual developments of its anatomy.

Judging from fossil remains discovered in comparatively recent years, the camel originated on the American continent and wandered from there to the east, probably before the bridge of land which formerly spanned the Pacific sunk beneath the surface of the ocean.

RIPLING RHYMES.

FOR OIL PRODUCERS AND REFINERS

Sherwin-Williams have made a thorough and painstaking analysis of every paint need of the oil industry. They have studied every destructive enemy of iron and steel equipment—rust, hydrogen, sulphide fumes, sudden changes in temperature—everything which tends to destroy and deteriorate.

The result of this investigation has enabled them to produce a high grade specialty paint for each and every need. On this basis Sherwin-Williams have made over 100 paint products.

S-W Paste White Paint is mixed very thoroughly and to the last degree of fineness by specially constructed machinery. Brushes out smoothly and evenly and has a great covering capacity; spreads over one-third more surface than paint made from lead alone.

S-W Oil Proof Machine Paint is a special formula product to protect machinery against lubricating and other oils. This finish successfully withstands the disintegrating attack of overflow and splashed oils, etc. It gives a highly durable coat, extremely tough and serviceable against abrasion, etc.

S-W Machinery Enamel Gives machines, engines, and other metal or wood surfaces a glossy, elastic finish, very rich in lustre. Gives extreme covering capacity, the opaque colors cover any fair surface with one coat. Dries rapidly, with very tough, resistant surface.

### MOBLEY'S LECTURE PROGRAM FEATURE

#### Big Musical Feature on Chautauqua Program Friday Afternoon and Evening

Friday promises to be a big day at the Chautauqua grounds. Rev. Ernest C. Mobley is to be the speaker in the afternoon while in the evening the Charles F. Horner company will present their big musical feature, "Nothing But the Truth."

The Rev. Mr. Mobley is described as a dynamic lecturer, dealing with vital questions which confront the American public today and his great address, "America at the Cross Roads," gives a splendid insight into the underlying motives of the nation's social and economic unrest, while at the same time his doctrine of applied religion and brotherhood strike the keynote of true Americanism.

The Horner company in their comedy-drama are to furnish the attraction of the week's entertainment. "Nothing But the Truth" is patterned along the same lines as last year's famous hit "It Pays to Advertise," and the play this year is even bigger and better than the last year success.

**Splendid Program at Opening.**  
The opening program of the Chautauqua Wednesday afternoon and evening were satisfactory in every respect. The attendance in the afternoon was large and the program submitted by the Baldy Strang company met with the hearty approval of all. Mr. Strang was especially pleasing in Scotch roles, his humorous readings and bagpipe numbers being unique and interesting. The Misses Baughman, Hoover and Leonard were also splendid and presented their various parts in a charming and artistic manner.

In the evening, after another very enjoyable program by the Strang company, Dr. Hilton L. Jones was introduced and gave his scientific lecture which held his listeners spell bound. In connection with this Dr. Jones gave a laboratory demonstration and illuminated some of his larger points by showing their practical application.

The Cavney company will have the program this afternoon and evening, while Harry L. Fogelman will be the principal speaker at the night performance. This lecture will be of special interest to men since it will deal with business problems, but there will be a message for all that will be well worth while.

### NO SESSION BUSINESS COUNCIL UNTIL JUNE 2

In keeping with the plan to meet only bi-weekly during hot weather, there will be no session of the business council tomorrow night. The next meeting will be held July 2.

The Knights of Pythias will have an open social session in their lodge room, 602 Scott avenue, next Tuesday evening, June 29th, at 8 o'clock. All members of the order, and all members of the Pythian Sisters, whether in standing or not, are urgently requested to be present, and bring with them their wives, daughters, mothers, sisters, as a Pythian Sister Tent will be instituted at that time. Further information phone Dr. J. W. DuVal, at 135.

Mr. and Mrs. R. D. Browder left Tuesday afternoon for Deaver, Colo., where they will spend the summer months.

### MEMBERSHIP RALLY FOR FLORAL HEIGHTS CHURCH

Rev. W. L. Tittle, pastor of the Floral Heights Methodist church, announces that all the services of his church are now being held under the tabernacle at Tenth and Denver streets. Rev. C. B. Garrett, assistant pastor, led the prayer service under the tabernacle last evening. The Times this morning:

"Instead of closing down or limiting our church services during the summer months it is our purpose to keep open house. We have a pleasant open-air tabernacle and the people are invited to come dressed plainly and comfortably. No one need wear a coat to our services. It is our purpose always to have bright, snappy services but they will always be distinctly religious in their nature. We believe in the old-time gospel and will present it at every service."

The pastor asks us to state that at the 11:30 o'clock hour next Sunday Mrs. Haynes, who have done a great deal of evangelistic work will also sing at the service.

### MANY ARRESTED FOR TRAFFIC LAW VIOLATIONS

Traffic ordinance offenders continue to keep the local police forces busy. It is seldom that a day passes but what 15 or 20 individuals are booked on charges of speeding, driving after dark without lights, parking in prohibited areas or failure to provide their cars with proper license tags. This last offense is perhaps the most prevalent of any and is largely due to carelessness on the part of owners of machines. Losing the large number plates or the small Texas seals has caused the arrest of approximately 50 car owners within the last three days and those who drive machines will do well to save themselves possible trouble by making sure that all license tags are properly attached to their cars.

### L. R. SMILEY CONVICTION REVERSED AND REMANDED

The court of criminal appeals at Austin Wednesday reversed and remanded the case of L. R. Smiley convicted on a charge of assault to rob and given a two year term in the penitentiary. Smiley was alleged to have assaulted a man here last February. His defense was an alibi. The jury was permitted to feel the wounds on the assaulted man's head. This was one of the grounds on which the appeal was taken.

Grove 1447 Woodman Circle will entertain with a box supper at the I. O. O. F. hall, Friday evening. All Woodmen and friends are especially invited to come.

### WASHINGTON SCHOOL PLAYGROUND OPENED

The formal opening of the Washington school playground Wednesday evening brought out an attendance of approximately 150 of the colored residents of the city, who enjoyed a general frolic from 5:30 until 8:30. At the close of the evening's entertainment the women of that section of the city who have taken a leading part in both recreational and civic betterment program, served refreshments.

Several new sets of apparatus were set-up and used for the first time Wednesday evening. The grounds now boast of tennis, volley ball, saw, merry-go-round and basket ball. It is also planned to install additional pieces within the next few days.

The 16 block units are behind the movement to develop the Washington school and adjoining grounds into a community center. A district meeting has been called for next Monday evening.

### EXAMINATION FOR ARMY APPOINTMENTS BEGIN JULY 7

WASHINGTON, June 24.—Announcement of much interest to former soldiers and officers of the Texas A. E. F. has been made at the war department regarding the appointment of new officers of the Texas divisions who are now serving as temporary officers in the regular army and most of these, if not all, are applicants for permanent commissions in the army.

Examinations for the permanent appointments will begin July 7, at the various army posts and all appointments of the successful applicants will be made as of July 1. The date of the receipt of applicant's blanks expired June 23.

More than 17,000 applicants have asked for the examination. As about 8,000 appointments are to be made.

It is manifest that about every other veteran who wants a commission will be disappointed. Considerable dissatisfaction is being expressed by many of the applicants because examination is required, among other subjects, in one foreign language. This one requirement has or will at once eliminate thousands who are otherwise well qualified for actual battle experience to wear the uniform for the remainder of their lives. This requirement will knock out many a young Texas veteran officer who actually led his men against the Hun in France but who does not happen to have a smattering of some foreign tongue.

Appointments will be made first from those officers who served in the army between April 6, 1917, and the present date. This will give the first preference to the officers who were in the ranks during the world war. Appointments will be made up to the age of 55 years in the staff and 50 years in the line. All ranks from second lieutenants to colonels will be appointed.

The total number of officers in the reorganized regular army will be in round numbers 17,000. There are now about 9,000 officers in the army.

### FORT WORTH COOKS AND WAITERS PLAN STRIKE

FORT WORTH, TEX., June 24.—Cooks and waiters, Fort Worth hotels and cafes are threatening to strike today, following the failure of the employers to sign the new wage and hour scale. Employers were given until June 22 to sign and less than half have accepted the terms. The union members are demanding an increase in pay and a readjustment of hours. Two hundred men are affected.

### GAS MEN INJURED IN BIG WELL EXPLOSION

FORT WORTH, TEX., June 24.—L. D. Thacker, field superintendent of the Empire Gas company, M. A. Lovell, assistant superintendent east, and Lee Gabriel, employee, were injured late yesterday afternoon at Brazos while attempting to close a gas well. The casing exploded. All were rushed to a hospital in Dallas. While badly hurt they will recover.

SPUDDERS' HEAVY ARTILLERY CUTS LOOSE IN FINAL INNINGS AND THEY WIN OUT 6 TO 5 IN TENTH

Jimmy Zinn lost his head completely in the ninth inning of yesterday's pastime with the Galveston Pirates and came near handing the game to his opponents on a silver platter. However, his mates simply would not see him throw the game away, and coming back strong in the half of the inning and in the tenth, nosed out their rivals 6 to 5.

### RECENT VICTORIES OF JACK REEVES HOLD NO TERROR FOR JOE SMITH

**Sport Comment**  
By Paul W. Larkin

"The higher they fly, the harder they fall."

That was the terse comment of Joe Smith of Denver this morning when he heard Jack Reeves' manager boasting in a hotel lobby here that the Pacific coast middleweight had won every fight since he began his recent eastward swing from Frisco through the mid-western states and into Texas.

The two meet at the Camel Athletic Club Monday night in a 12-round mill.

And they say of Smith that he learned mauling in the hardy game of an old field roughneck until he picked up a nice wad of dough on a lucky strike or two. Smith has met some of the best of the middles, tip in Denver he is recognized king of his division in that section.

Jack Lester came along not long ago with aspirations after Smith's sectional crown and his seconds had to carry him out of the ring. Denver Jack Dyer, a light heavyweight whom Smith spotted a handicap of 20 pounds, went the same route.

Reeves has beaten Johnnie Selmar, Harry Krohn, who knocked out Speedy Sparks here, Young Fitzsimmons, who defeated Speedy, Jack Dillon and Bob Deckert at the local club. He also took the measure of Art McGill at Springfield, Mo.

Al Edwards, manager of the local club, announced Thursday that an Indian lightweight may be selected to meet Young Lanier of Oklahoma in the semi-final Monday night. Though nothing has been settled Edwards has offered Frank Klotach, Chickasha, Okla., a match with Lanier. In the event Klotach cannot fill the date a San Antonio lightweight will be brought here to take on Lanier in the semi-windup feature of the card.

### NEGROES HELD FOR ASSAULTING YOUNG SERVANT GIRL

OKLAHOMA CITY, OKLA., June 24.—Consey Jones, negro, was under arrest today charged with burglary and an attempt criminal assault on a white servant girl here Monday night. Jones broke into the home of W. K. Sutherland and after chloroforming members of the family ransacked the house. The maid awoke when Jones attempted to chloroform her and her screams frightened him away.

SPANISH CABINET COUNCIL INVESTIGATES HIGH PRICES  
MADRID, June 23.—The cabinet council today conferred on the high cost of living. The prices of many articles in Spain continue to rise, causing repeated protests in Madrid and throughout the provinces.

### Eliminate Fort Worth and there would be a pretty scramble for the top rung. There is a merry race for second place.

Yesterday's matinee at Athletic park was a sort of Alphonse-Gaston affair. The Pirates handed the Spudders the game in the eighth when Currie dropped Storeys fly. Not to be outdone in politeness, Zinn handed it back in the next session. There were no gifts after that, however, the Spudders took things into their own hands and slugged their way to victory.

Sims handled the indicator in Irwin's absence and his work was highly satisfactory. He might have missed a couple of balls and strikes, but no damage resulted. His work on the bases was without a flaw.

Callahan tried to make a goat out of him when he was called out at second, after he was caught napping in the first. There was no doubt as to his being out and he did not make a hit with the fans by his crabbing. He was booed throughout the game.

"Pete" Snedecor is still going at top speed. His terrific hitting for the past few weeks should bring him up with the leaders in batting.

Frank Kitchens doubled to left in the seventh and came near getting another \$25 from the Bell Tailoring company. Frank has his eye on that red bell all the time.

There was a new Spudder on the field yesterday. Catcher White, who was with Waco last year, warmed up a few pitchers and scampered around the field in last year's fashion. He hit for .253 last year and fielded for .980. Manager Salm expects to use him in a week or so.

Clark played sterling ball for the losers. He appeared Josephson's liner in the first after leaping a couple of feet from the ground and he robbed Zinn in the second when he went into right field for his fly.

Jimmy Zinn tickled the fans in the fifth when he fanned Jim Gudger with the bags densely populated. The crowd has not yet forgotten that it was Gudger's triple in Galveston that enabled the Pirates to get a draw with the Spudders.

Gudger came right back in the last of the session and fanned Zinn.

Roy Storey hit the ball hard yesterday, but it fell safely only once. Roy's batting lately is way above par.

It certainly looks now as if Georges Carpentier were ducking the issue and it is doubtful as to whether he will ever box in this country or not. He

lost a large following when his bout with Levinisky was called off and the way he is homing and having with regard to his proposed bout with Dempsey is costing him many friends daily.

Yep, Babe Ruth added the St. Louis park to his list. The center field bleachers stopped his drive yesterday. He's got 20 now.

It is our honest opinion that Carpentier really wanted to fight Dempsey, but any red-blooded man would have called a halt after the padding he has received from American sport writers. ### COLLAPSE OF HURLING STRENGTH IN MAJOR LEAGUES STARTLING

By HENRY L. FARRELL, (By United Press Staff Correspondent.)

NEW YORK, June 24.—Baseball's upheaval of form this season has produced no more startling reversal than the collapse of pitching strength.

Pre-season predictions of the winners in the major league races were based largely upon the size and quality of the various hurling stiffs.

With five pitchers, Reuther, Sallee, Fisher, Eiler and Ring who ranked in the first 10 last season, Pat Moran was the unanimous choice to repeat with his champion Reds.

The Giants, rated as a sure contender around the circuit, drew consideration through the possession of five sterling performers, Toney, Douglas, Barnes, Seft and Benton. But of Moran's quartet, Reuther and Ring have delivered and the Reds are just hanging to the top. The whole New

York staff collapsed and the Giants, outdistanced further by a bad infield, are down near the bottom.

The Brooklyn Dodgers came up from the Jacksonville training camp with the best staff in the league. Pfeiffer, Grimes, Smith, Cadore and Marquard pitched the club right to the top. When they cracked the team cracked.

The Cubs in marked contrast, are close to the top through the work of a staff that the critics said would never do. Mitchell had good pitchers but not enough of them, they said. Grover Alexander and Jim Vaughn, outside of Reuther, are the only pitchers in the league running true to old form.

While not hit as hard as the National League, the epidemic of bad pitching spread to the American League.

Coveleskie, Bagby, Caldwell, Williams, Shawkey and Quinn, members of last year's upper society, are still mingling with the elite, but Walter

Johnson, Dick Kerr, Cicotte and Sathoron have flogged down with the odds. Numerous reasons were attributed for the reversals. The lively ball and the new pitching rules are the most popular theories.

### RECENT VICTORIES OF JACK REEVES HOLD NO TERROR FOR JOE SMITH

"The higher they fly, the harder they fall."

That was the terse comment of Joe Smith of Denver this morning when he heard Jack Reeves' manager boasting in a hotel lobby here that the Pacific coast middleweight had won every fight since he began his recent eastward swing from Frisco through the mid-western states and into Texas.

The two met at the Camel Athletic Club Monday night in a 12-round mill.

And they say of Smith that he learned mauling in the hardy game of an oil field roughneck, until he picked up a nice wad of dough on a lucky strike or two. Smith has met some of the best of the middle. Up in Denver he is recognized king of his division in that section.

Jack Lester came along not long ago with aspirations after Smith's sectional crown and his seconds had to carry him out of the ring. Denver Jack Dyer, a light heavyweight whom Smith spotted a handicap of 20 pounds, went the same route.

Reeves has beaten Johnnie Selman, Harry Krohn, who knocked out Speedy Sparks here; Young Pittsims, who defeated Speedy; Jack Dillon and Bob Deckert at the local club. He also took the measure of Art McGirt at Springfield, Mo.

Al Edwards, manager of the local club, announced Thursday that an Indian lightweight may be selected to meet Young Lanier of Oklahoma in the semi-final Monday night. Though nothing has been settled Edwards has offered Frank Klotach, Chickasha, Okla., a match with Lanier. In the event Klotach cannot fill the date a San Antonio lightweight will be brought here to take on Lanier in the semi-windup feature of the card.

### NEGROES HELD FOR ASSAULTING YOUNG SERVANT GIRL

OKLAHOMA CITY, OKLA., June 24.—Consey Jones, negro, was under arrest today charged with burglary and an attempt criminal assault on a white servant girl here Monday night. Jones broke into the home of W. K. Sutherland and after chloroforming members of the family, ransacked the house. The maid awoke when Jones attempted to chloroform her and her screams frightened him away.

### Sport Comment By Paul W. Larkin

Eliminate Fort Worth and there would be a pretty scramble for the top rung. There is a merry race for second place.

Yesterday's matinee at Athletic park was a sort of Alphonse-Gaston affair. The Pirates handed the Spudgers the game in the eighth when Currie dropped Storeys fly. Not to be outdone in politeness, Zinn handed it back in the next session. There were no gifts after that, however, the Spudgers took things into their own hands and slugged their way to victory.

Sims handled the indicator in Irwin's absence and his work was highly satisfactory. He might have missed a couple of balls and strikes, but no damage resulted. His work on the bases was without a flaw.

Callahan tried to make a goat out of him when he was called out at second after he was caught napping in the first. There was no doubt as to his being out and he did not make a hit with the fans by his crabbing. He was booed throughout the game.

"Pete" Snedecor is still going at top speed. His terrific hitting for the seventh week should bring him up with the leaders in batting.

Frank Kitchens doubled to left in the seventh and came near getting another \$25 from the Bell Tailoring company. Frank has his eye on that red bell all the time.

There was a new Spudder on the field yesterday. Catcher White, who was with Waco last year, warmed up a few pitchers and scampered around the field in last year's fashion. He hit for .255 last year and fielded for .980. Manager Salm expects to use him in a week or so.

Clark played sterling ball for the losers. He appeared Josephson's liner in the first after leaping a couple of feet from the ground and he robbed Zinn in the second when he went into right field for his fly.

Jimmy Zinn tickled the fans in the fifth when he fanned Jim Gudger with the bags densely populated. The crowd has not yet forgotten that it was Gudger's triple in Galveston that enabled the Pirates to get a draw with the Spudgers.

Gudger came right back in the last of the session and fanned Zinn.

Roy Storey hit the ball hard yesterday, but it fell safely only once. Roy's batting lately is way above par.

It certainly looks now as if Georges Carpentier were ducking the issue and it is doubtful as to whether he will ever box in this country or not. He

### RECENT VICTORIES OF JACK REEVES HOLD NO TERROR FOR JOE SMITH

"The higher they fly, the harder they fall."

That was the terse comment of Joe Smith of Denver this morning when he heard Jack Reeves' manager boasting in a hotel lobby here that the Pacific coast middleweight had won every fight since he began his recent eastward swing from Frisco through the mid-western states and into Texas. The two meet at the Camel Athletic Club Monday night in a 12-round mill.

And they say of Smith that he learned mauling in the hardy game of an oil field roughneck until he picked up a nice wad of dough on a lucky strike or two. Smith has met some of the best of the middle. Up in Denver he is recognized king of his division in that section.

Jack Lester came along not long ago with aspirations after Smith's sectional crown and his seconds had to carry him out of the ring. Denver Jack Dyer, a light heavyweight whom Smith spotted a handicap of 30 pounds, went the same route.

Reeves has beaten Johnnie Selmar, Harry Krohn, who knocked out Speedy Sparks here, Young Fitzsimmons, who defeated Speedy, Jack Dillon and Bob Deckert at the local club. He also took the measure of Art McGirt at Springfield, Mo.

Al Edwards, manager of the local club, announced Thursday that an Indian lightweight may be selected to meet Young Lanier of Oklahoma in the semi-final Monday night. Though nothing has been settled Edwards has offered Frank Klatsch, Chickasha, Okla., a match with Lanier. In the event Klatsch cannot fill the date a San Antonio lightweight will be brought here to take on Lanier in the semi-windup feature of the card.

### NEGROES HELD FOR ASSAULTING YOUNG SERVANT GIRL

OKLAHOMA CITY, OKLA., June 24.—Conroy Jones, negro, was under arrest today charged with burglary and an attempt criminal assault on a white servant girl here Monday night. Jones broke into the home of W. K. Sutherland and after chloroforming members of the family, ransacked the house. The maid awoke when Jones attempted to chloroform her and her screams frightened him away.

### SPANISH CABINET COUNCIL INVESTIGATES HIGH PRICES

MADRID, June 23.—The cabinet council today conferred on the high cost of living. The prices of many articles in Spain continue to rise, causing repeated protests in Madrid and throughout the provinces.

### Sport Comment

By Paul W. Larkin

Eliminate Fort Worth and there would be a pretty scramble for the top rung. There is a merry race for second place.

Yesterday's matinee at Athletic park was a sort of Alphonse-Gaston affair. The Pirates handed the Spudders the game in the eighth when Currie dropped Storeys fly. Not to be outdone in politeness, Zinn handed it back in the next session. There were no gifts after that, however, the Spudders took things into their own hands and slugged their way to victory.

Sims handled the indicator in Irwin's absence and his work was highly satisfactory. He might have missed a couple of balls and strikes, but no damage resulted. His work on the bases was without a flaw.

Callahan tried to make a goat out of him when he was called out at second, after he was caught snipping in the first. There was no doubt as to his being out and he did not make a hit with the fans by his crabbing. He was booted throughout the game.

"Pete" Snedcor is still going at top speed. His terrific hitting for the past few weeks should bring him up with the leaders in batting.

Frank Kitchens doubled to left in the seventh and came near getting another \$25 from the Bell Tailoring company. Frank has his eye on that red bell all the time.

There was a new Spudder on the field yesterday. Catcher White, who was with Waco last year, warmed up a few pitchers and scampered around the field in last year's fashion. He hit for .559 last year and fielded for .980. Manager Salm expects to use him in a week or so.

Clark played sterling ball for the looters. He speared Josepson's liner in the first after leaping a couple of feet from the ground and he robbed Zinn in the second when he went into right field for his fly.

Jimmy Zinn tickled the fans in the fifth when he fanned Jim Gudger with the bag densely populated. The crowd has not yet forgotten that it was Gudger's triple in Galveston that enabled the Pirates to get a draw with the Spudders.

Gudger came right back in the last of the session and fanned Zinn.

Roy Storey hit the ball hard yesterday, but it fell safely only once. Roy's batting lately is way above par.

It certainly looks now as if Georges Carpentier were ducking the issue and it is doubtful as to whether he will ever box in this country or not. He

lost a large following when his bout with Levinsky was called off and the way he is hemming and hawing with Dempsey is costing him many friends daily.

Yep, Babe Ruth added the St. Louis park to his list. The center field bleachers stopped his drive yesterday. He's got 50 now.

It is our honest opinion that Carpentier really wanted to fight Dempsey, but any red-blooded man would have called a halt after the padding he has received from American sport writers. Georges came to this country and behaved himself like a gentleman in every respect, which is more than a lot of American scrappers did when they went across the pond. Since coming here, he has received a lot of unjust criticism, and he may tell them all a few things and then pack his grip and sail for France to stay.

### Major League Bits

Yesterday's hero: Babe Ruth, the Yank slugger walloped his twentieth home run, the Yanks beating the Browns 6 to 2.

Chapman, Speaker and Smith singled in the 14th inning and the Indians beat the Red Sox 7 to 4.

Frisch's double in the seventh inning broke up a pitcher's battle between Alexander and Tony, the Cubs lost to New York 3 to 1 and dropped to third place.

Olema triple and Miller's single in the fifth beat Pittsburgh 5 to 1 and put Brooklyn back in second place.

Alpsmith's homer with one on gave Detroit their only run Washington making a sweep of the series 4 to 1.

Cicotte was in old time form and the White Sox shut out the Athletics 7 to 0. Nelson hit a homer.

Meadows held the Reds to 7 hits and the Cardinals lost to the Braves 4 to 2.

Hornaby hit a home run but the Cardinals lost to the Braves 6 to 2.

### COLLAPSE OF HURLING STRENGTH IN MAJOR LEAGUES STARTLING

By HENRY L. FARRELL. (By United Press Staff Correspondent.)

NEW YORK, June 24.—Baseball's upheaval of form this season has produced no more startling reversal than the collapse of pitching strength.

Pre-season predictions of the winners in the major league races were based largely upon the size and quality of the various hurling staffs.

With five pitchers, Reuther, Sallee, Fisher, Eiler and Ring who ranked in the first 10 last season, Pat Moran was the unanimous choice to repeat with his champion Reds.

The Giants, rated as a sure contender around the circuit, drew considerable attention through the possession of five sparkling performers, Tony, Douglas, Barnes, Noh and Denton. But of Moran's quietest, Reuther and Ring have delivered and the Reds are just hanging to the top. The whole New

York staff collapsed and the Giants, handicapped further by a bad infield, are down near the bottom.

The Brooklyn Dodgers came up from the Jacksonville training camp with the best staff in the league. Pfeiffer, Grimes, Smith, Cadore and Marquard pitched the club right to the top. When they cracked the team cracked.

The Cubs in marked contrast, are close to the top through the work of a staff that the critics said would never do. Mitchell had good pitchers but not enough of them, they said.

Grover Alexander and Jim Vaughn, outside of Reuther, are the only pitchers in the league running true to old form.

While not hit as hard as the National League, the epidemic of bad pitching spread to the American League.

Coveleskie, Bagby, Caldwell, Williams, Shawkey and Quinn, members of last year's upper society, are still mingling with the elite, but Walter

Girls! Your hair needs a little "Dandarine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Dandarine" from any store, will save your hair, also double it's beauty. You can have nice, thick hair, too.

DODSON STOPS SALE OF CALOMEL

"Dodson's Liver Tone" is Taking Place of Dangerous, Sickening Chemical, Say Druggists

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason: Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give relief in every case of liver sluggishness and constipation, just ask for your money back.

### SUPPLEMENTARY ROAD CONTRACT APPROVED

Differences between Wichita county commissioners and the county auditor to a road building contract signed by the commissioners and Potts & Prentice, Waco contractors, have been brought to a close by the signing late Wednesday of a supplement written by Fred Weeks, legal attorney.

The features of the supplementary contract as compared with the original contract follow:

1. Amount of machinery to be employed to be limited to \$125,000; original contract placed no limit on amount to be employed.
2. The supplement eliminates the provision of the original that interest be paid on all money invested by the contractors, saving the county approximately \$24,000.
3. In the original bad faith on the part of the contractors was the only ground on which the contract could be terminated; the supplement makes it possible for the work to be suspended or terminated if the road bonds be not disposed of or labor or material cannot be obtained.
4. The county is made the buyer by the supplement while in the original the contractor was given all purchasing authority.
5. The contractors' office manager, to be paid a salary of \$275 per month, must be paid by the contractors, the supplement provides and not by the county as provided for in the original.
6. The supplement relieves the county of paying a rate of 35 per cent depreciation and also rent throughout the contract and limits this obligation to 600 working days.
7. The original requires the county to pay freight on machinery bought, while the supplement adds the freight to the cost of machinery making it necessary for the county to pay but 70 per cent of freight expenses.

**Burk Burnett News**

BURKBURNETT, June 24.—At a meeting of the city council Monday night, the minutes of the previous meeting were read and approved, with the exception of the article relative to the parking of jitneys on Main street. This action will give the permit to the drivers to resume their old stands on Main street.

Among new business considerations, O. O. Walling was appointed to serve on the equalization board in place of H. J. Goodwin, the latter having resigned for lack of time to attend to duties required.

Sanitary Officer Bentley was given permission to employ men to clean up back alleys along Main street.

A bridge was ordered built across Red River bottom to enable the sanitary man to carry garbage to the dumping ground at all times.

Ordinance No. 72, relative to the selling of merchandise from the railroad tracks, protecting the local dealers, which was ordered drawn up by City Attorney G. G. McBride, was submitted by him and was passed by the body.

Judge Cardwell addressed the council relative to the failure of Dalton and Campbell to fulfill their contract to erect a 100,000 gallon water tank and sewerage disposal system. A committee was appointed to confer with

Judge Cardwell to consider entering suit against Dalton and Campbell.

### BURKBURNETT AUTHORITIES TAKE STEPS TO RID TOWN OF VAGRANTS

BURKBURNETT, June 23.—Officers Allen, Hartfield and Edwards arrested a pedestrian on Main street this morning. Suspecting bootlegging, his suit case was examined on the spot and found to contain a large quantity of whiskey, not mixtures, but the real thing. On his person was found money to the amount of \$108 and a \$10 check.

Mr. and Mrs. B. E. Hurt, who conduct a tent hotel on East Fourth street, are reported to have called the officers to help in locating a missing

\$5 gold piece and two \$20 bills. The money was located in the suitcase of one of the roomers, it is reported.

Among other misdemeanors coming before the city courts today were two parties tried for drunkenness.

Maxwell Davis Hardware store is again the victim of burglary, which occurred last night. The party or parties gained entrance by cutting a hole in the door, and reaching in and slipping the inside lock. Twelve revolvers and \$47 in money from the cash register were stolen.

Placards were circulated over the city today bearing an order issued by Mayor R. D. Laney to the effect that all loafers in streets or rooming houses who could give no visible means of support, would be arrested for vagrancy, and those unable to pay fines would be made to work out same on the public city streets. This order has grown out of the unusual amount of robbery, high-jacking and other of-

fenses against the law which are perpetrated nightly in Burk Burnett at this season. The protection of the citizenship demands this order is the thought of the mayor.

Two new additions were appointed on the city police force.
