Chamber Offers \$175 In Lighting Contest

Since the feat had been achieved back in July, with Apollo 11 allowing the United States to win the race to land men on the moon, it seems that the recently successful mission of Apollo 12 almost went unnoticed, comparatively speaking. Thus, a journey which six months earlier had never been made, was practically taken for granted the second time around. It's kinda like the statement we made a couple of weeks ago, about the first man to do something is a hero and later ones are bums.

While the moon explorers have found no "Kilroy Was Here" signs, such as those that cartoonists for years led us to expect the crew to make the recent trip should claim some sort of record.

All being Naval officers, they carried a "Beat Army" sign to the moon and back. Perhaps in a few years, the moon will be like everything else, with "Seniors, 1979" signs, etc. Then, nothing will be sacred.

We heard on a news broadcast the other night that the U.S. has sent a display of moon rocks to Moscow, for the Soviet Citizens to view. Prompted us to think, "Let 'em get their own moon rocks, for gosh sakes."

Did you know that the old quotation "Everybody talks about the weather, but no one does anything about it," which is usually attributed to Mark Twain was actually the idea of William Current, a newspaper editor?

Someone else also has said that a person can "achieve" climate, but we have weather thrust upon us.

And another: "Don't cuss the climate. It's a good bet that the climate doesn't like you any better than you like it."

Some current "graffiti" we thought you'd be interested in seeing (you know those short, witty sayings written on walls around new construction, rest rooms, etc.):

"Did you ever see a college kid burn his parents' credit card?"

"Eat at Joe's Diner. One million files can't all be wrong."

"Read your newspaper. An informed citizen panics more intelligently."

"Be sincere, whether you mean it or not."

"College marriages are O.K., if the colleges really love each other."

"Teachers: remember, you are dealing with sensitive, high-strung children who are probably armed."

Ronnie McNutt, the Farmer County Agent, has come up with quite a "spoof" on the cattle business, which he is running this week under his column heading.

Everyone who has had any dealings whatever in the cattle business, or has even thought about cattle, should turn over and read it, because we think you'll find it quite entertaining.

It is one of the cleverest things we've seen lately-made us wish we'd seen it first. But McNutt thought it worth passing on to his readers.

The Friona Chamber of Commerce announced following the monthly directors meeting on Monday that a Christmas Lighting Contest would be sponsored by the Chamber, with three cash prizes totaling \$175.

The contest will be open to all residents of the Friona trade territory, and will not be limited to city residents.

First prize in the contest will be \$100 in cash. Second prize will be \$50, and third prize will be \$25.

Entries will be judged between December 15 and 19. Those wishing to enter the contest should mail in the entry

blank on this page to the Chamber of Commerce, Box 905, or call the Chamber office, 247-3491, by December 15.

All decorated homes will be considered as entries, but residents are urged to either fill out a form or call the Chamber office if they wish to make sure their home is entered. A list of entries will be published in the Star on Thursday, December 18.

The cash prizes being offered this year are the best ever for a local lighting contest, and Chamber officials believe it will entice additional residents to decorate their ho-

mes and enter them in the contest.

Entries in the contest will be judged as follows: attractiveness, 50 per cent; suitable to Christmas, 20 per cent; creative, 20 per cent and unified, 10 per cent.

PRIZE WINNERS. . . Friona Star editor Bill Ellis, left, is shown presenting the first and second place winners with their tickets in the Star's annual football contest. In the center is Norman Mohr, first place winner, and at the right is Jack Clark, the second grand prize winner.

CLOSE FINISH

Mohr, Clark Finish 1-2 In Grid Contest

Going down to the final game on the contest slate, the Friona Star's Cotton Bowl Football contest for 1969 was won by Norman Mohr, a senior at Friona High School.

Mohr won the contest with a score of 128, to 127 for runner-up Jack Clark, who won the second grand prize. The two had been tied going into the final week, and stayed that way up to the final game to be completed on the slate—the New York Jets-Oakland professional game.

The two had different teams in this game, with Mohr correctly picking the Oakland team and Clark choosing New York. Clark had correctly picked one upset, choosing Monahans over Dumas, but narrowly missed another, picking Oklahoma State to beat Oklahoma.

Third place was nailed by Elizabeth Peak, who had the position going into the final week.

Mohr will receive two tickets to the January 1 Cotton Bowl Game, between Notre Dame and Texas or Arkansas, along with \$30 expense money.

Clark chose the cash equivalent of two tickets to the Sun Bowl, along with \$25 cash as runner-up prize.

Mrs. Peak was awarded \$15 cash as third-place winner.

Three contestants tied at 125, just missing one of the three top prizes. They were F.G. Crofford, MalManchee and Dale Milner.

Among the top contestants, Mrs. E.C. Hartwick did the most gaining on the last week, coming from a tie for 22nd place to a tie for seventh with her score of 12.

In fact, her score of 12 earned Mrs. Hartwick the second place weekly prize of \$3.00.

First prize went to another contestant scoring 12, Mrs. Teddy White. Dale Milner, the only other contestant to get that many games right, took third place. Only four contestants had scores of 11 for the final week's

predictions. They were Mr. and Mrs. Fred Florez, Gene Strickland and Mike Pavalus.

The 1969 contest was sponsored in conjunction with the Star by Ethridge-Spring Agency, Reeve Chevrolet, Production Credit Assn., Country Club Gin, and Bi-Wize Drug.

Also, Friona Farmers Co-op Gin, Friona Motors, Farmer County Pump, Cattle Town Feed Yard, Chester Gin, Farmer County Implement, Hi-Pro Feeds, Hub Grain-Fleming & Son Gin and Hi-Plains Feed Yard.

Longhorns Have Key Injuries

Lazbuddie's Longhorns will try for the class B regional title on Friday against Throckmorton. The game will be played in Crosbyton at 7:30 p.m. The Longhorns experienced some injuries in their bi-district win over Groom, which left the team doing some reshuffling, but Coach Pat Casey said he still expected a good effort from the team.

Fullback Larry Hodges, who Casey credited with being his outstanding back in the game, received a dislocated shoulder and is out of action.

In addition, Derrell Matthews, the team's leading scorer and rusher, sprained an ankle in the game and will be at less than top speed Friday. The two backs accounted for 222 yards of the team's offense last week.

In addition, other players have been slowed by illness. End Mike Casey missed the Groom game with the measles and quarterback Monte Barnes had the flu early in the week. End Charles Lee also has been puny.

So Coach Casey has been reshuffling his lineup in practices this week, and it may be studded with freshmen and sophomores on Friday.

"Earlier, I felt we could handle Throckmorton. Now, I don't know," said the Lazbuddie coach. However, he said if the defense would come up with the kind of effort it did against Groom, the team would be all right.

Throckmorton with an 8-2 record compared to Lazbuddie's 10-1, will have the biggest team physically the 'Horns have faced. They have a 250-pound fullback and others weighing 200 pounds on the line.

Xmas Card Project To Aid Friona Hospital

For the 14th consecutive year, Modern Study Club of Friona is sponsoring "Project Christmas Card," which is an annual project to aid Farmer County Community Hospital.

To date, in the 13 previous campaigns, over \$16,500 has been raised by the project.

The money has been used to purchase a chest pump, a skin dermatome, an ironer, a chair bed, rockers, lighting equipment, room furniture and day room furnishings, just to name some of the things.

One year the money went into the hospital's building fund drive.

The way the program works is like this: residents of the Friona area are urged to contribute the amount of money they would ordinarily spend on Christmas cards and postage to the project. Their names will then be listed in a giant, full-page greeting to be published

in the Friona Star's Christmas edition.

Besides signing up at Friona State Bank, contributors to the fund may do so at other locations, including Farmer County Community Hospital, Foster's, Bi-Wize Drug, Hurst's Department Store, the Friona Star and at the school offices.

"We appreciate the cooperation of all contributors, and we are optimistic about this year's participation," said Mrs. Charles Allen, a spokesman for the project.

The project originated in 1956 and has been supported by many local civic organizations, business firms and individuals.

Each year, residents of Friona and Farmer County have generously contributed to the fund, which enables them to wish all of their friends a "Merry Christmas," and also has enabled them to be a part of the \$16,500 in gifts to the local hospital.

Church To Dedicate New Building Sunday

The Union Congregational Church will dedicate its new facilities Sunday, December 7 at 11 a.m. The Rev. Carl Burkle, Conference Minister of the South Central Conference of the United Church of Christ will preach the dedicatory sermon.

The Rev. Burkle serves a three-state area including Texas, Louisiana and Mississippi, and has offices in Austin.

The members of the congregation and guests will gather outside the doors of the new church building at 11 and then the contractor, Bill Phillips, will hand the key to the president of the board of trustees, Dr. Robert Alexander, who will open the doors for all the people to enter and the service will then continue inside the sanctuary when all have been seated.

In the afternoon, there will be a Community Service, beginning at 2:30 p.m. which will be much more informal than the morning service. During this service, brief remarks will again be made by The Rev. Burkle, and then The Rev. Cla-

ver Giblin, President of the Friona Ministerial Alliance and pastor of the St. Teresa's Roman Catholic Church will speak briefly, as well as Mr. Wilfried Calnan, a layman from Lubbock, who is the Moderator of the South Central Conference. Other ministers present will also bring greetings.

Following the afternoon service, there will be an open house, with the Women's Fellowship of the church serving coffee and cookies. All people in the area are given a cordial invitation to attend either or both services.

The Church is of brick veneer construction, and the inside of the sanctuary features an open beam ceiling. The chancel furniture is handmade by Al Hickmott of Amarillo. Many of the people of the church did volunteer labor in the final phases of the work, such as painting, textoning and laying tile. This volunteer work has amounted to approximately \$1,000.

When finished, the value of the church will be an estimated, \$85,000.00

OLD AND NEW. . . Friona's Union Congregational Church, which up until this week have had the distinction of meeting in the oldest church building in town, will change the honors to the newest building among Friona churches on Sunday, when their beautiful new building will be dedicated. The church's old building had been used for 47 years.

Messenger To Head Chamber

Steve Messenger was elected president of the Friona Chamber of Commerce for 1970 at a meeting of the board of directors Monday night.

Messenger, who served as vice president during the current year, will be installed at the annual Chamber banquet on December 13.

Vice president, will be Dale Smith, who served the past year as secretary. The new secretary is Marc Houser, one of the four new directors elected to the board.

Outgoing president is Doyle Elliott. The other new directors are Carl Schlenker, Ralph Shirley and Dr. Jon Mack Roden.

The chamber banquet will feature Grady Nutt. Tickets are on sale from any member of the board of directors.

Cancer Memorials Growing

An indication of the growing popularity of the American Cancer Society's memorial program was given today by Mrs. Iola R. Nelson, Memorial Chairman for the Farmer County Unit of the American Cancer Society.

Mrs. Nelson said that memorial gifts to the Unit totaled \$184.51 during the month of November 1969.

"The rapid growth of memorial giving is due to a keener public appreciation of the fact that more tools are needed in the fight against cancer," Mrs. Nelson stated.

She pointed out that research against the disease has progressed so rapidly that there has not been enough money available to follow-up on the many new leads which have been uncovered in recent months.

Mrs. Nelson said that the process of making a memorial gift is simple. The only information needed is the name of the person honored and the name

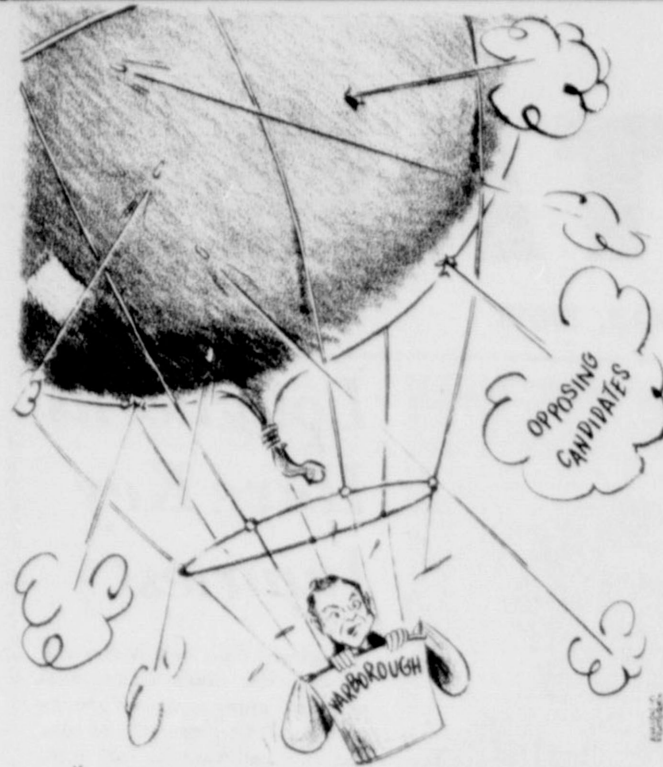

and address of the person to whom acknowledgment should be sent. Special envelopes are available at the American Cancer Society, Farmer County Unit, Box 278, Friona, Texas, 79035, and can be obtained by calling 806-247-2736.

Stores Hold Open House

Malouf Shopping Center and Haywood's Cut 'N Curl will hold a Grand Opening in their new locations, in the former Friona Lanes Building on Friday and Saturday.

Both businesses will serve free coffee and donuts all day Friday and Saturday, and invite everyone in the area to come in and see their newly re-modelled quarters.

In addition, Malouf has some down to earth specials in his store, just in time for Christmas shopping. See the advertisement inside this issue.

AN EDITORIAL

Welfare Reform Is Badly Needed

We live in wondrous times indeed. In space achievements, in communications, in science, in industry, in chemistry, fantastic things are happening in America. But it would appear that this, the richest nation in the world, is also becoming something of a welfare wonderland.

Case in point: in San Francisco it is reported that a woman testified in court that she could not afford to pay \$118 in parking tickets on her Cadillac because her welfare checks were too low. She told the Judge that she was paying her \$133 car insurance in monthly installments from her welfare checks.

The *Pampa, Texas News* reports that in New York City, a woman and her six children were housed at taxpayers' expense in the Hotel President at a cost of \$2,000 per month. It seems that their apartment had been in a condemned building and they were moved by the city welfare department when the heat and hot water was shut off. The poor family will probably require the services of a welfare specialist to help them adjust to the shock when they are moved (hopefully) to less luxurious quarters.

Rep. H.R. Gross (R-Iowa) cites an interesting welfare case in Montgomery County, Maryland. It seems that twelve people, six men and six women, all on the dole receiving unemployment funds, have pooled their handouts and are living high on the hog. They pay rent on a six-bedroom home complete with swimming pool and a suana steam bath. Their income of \$660 a week is tax free, which isn't bad since they never have to leave the house for work. Think of the savings on transportation costs alone!

Isolated examples? Maybe. It is important to note, however, that none of the examples cited is illegal. If some freeloaders are able to turn welfare assistance into a racket, others are bound to try it. There is much talk today about the need for "tax reform". We suggest that there is also an urgent need for welfare reform.

LETTERS TO EDITOR

(Editor's note: Sgt. Scott Cummings, a graduate of Friona High School, has served 19 months in Vietnam. He is due to return home in about two months. The following is an excerpt from a letter he wrote to his mother, Mrs. Doyle Cummings.)

...What did you think of the 250,000 who were in Washington, D.C.? It really made a lot of people sick at least the ones who care about the future of America.

I don't know what the States are doing letting people like that make such a mess. Right now I'm in the silent majority, but when I get home I think I'll stir up a little mess of my own.

I've been here for 19 months and have seen things I wouldn't like to see again. The things I've seen are being laughed at by the minority and I don't like it a bit. There have been and will be a lot of men killed for the minority and they don't appreciate it at all.

They are making a mockery of the constitution, flag and our American heritage. I am not staying in the Army, but I am proud of what I've done and the uniform I wear. Also the country I represent.

I think the President should threaten those people like he did the NVA and the VC, then stand behind his words. This might change a lot of people's minds.

Pause And Reflect

By Nelson Lewis

A couple of weeks ago we mentioned very briefly to of the several "gaps" that figure in modern conversation.

Our intention was to let the gap situation run its course and die a natural death as have so many catch phrases and newly-coined words.

However it now seems that due to recent developments in the war news there is another gap that definitely needs closing.

There must be a huge gap between the Defense Department, the State Department, the Department of the Army and probably the Justice Department.

How else can one explain the devastating accusations made against our officers and enlisted men in Vietnam?

Much has been written about the adverse effect of the moratorium marchers on the morale of our fighting men, draftees, volunteers, and the population in general.

What greater "aid and comfort to the enemy" can be rendered than to have a worldwide hull-a-baloo raised over the possibility that some noncombatants were killed in the guerrilla type warfare existing in South Vietnam?

If it is proved that the accused are guilty of murder, then they and the commander giving the order, should be punished. Frankly, the whole idea is inconceivable. There is a certain air of commercialism in the sale of the photographic evidence that raises doubts concerning its authenticity.

War has many faces--none of them pretty.

Perhaps the Union General Sherman had the best definition, "War is Hell."

His opinion is not to be questioned.

After his infamous march through the state of Georgia during the American Civil War he wrote to General Halleck, President Lincoln's chief of staff, as follows, "We consumed the corn and fodder in the region of the country thirty miles on either side of a line from Atlanta to Savannah, also the sweet potatoes, hogs, sheep, and poultry, and carried off more than ten thousand horses and mules. I estimate the damage done to the State of Georgia at one hundred million dollars, at least twenty million of which inured to our benefit, and the remainder was simply waste and destruction" (vol 2 Sherman's Memoirs--pp. 223-227-8)

I can't recall Sherman being accused of slaughtering women and children and I wager he did not.

But there may have been victims of his march who would have preferred a quick death by gunfire to lingering fatal illness due to starvation and exposure.

I shall never forget a friend of mine who walked the floor and cried when he remembered the bombs he had dropped on German cities.

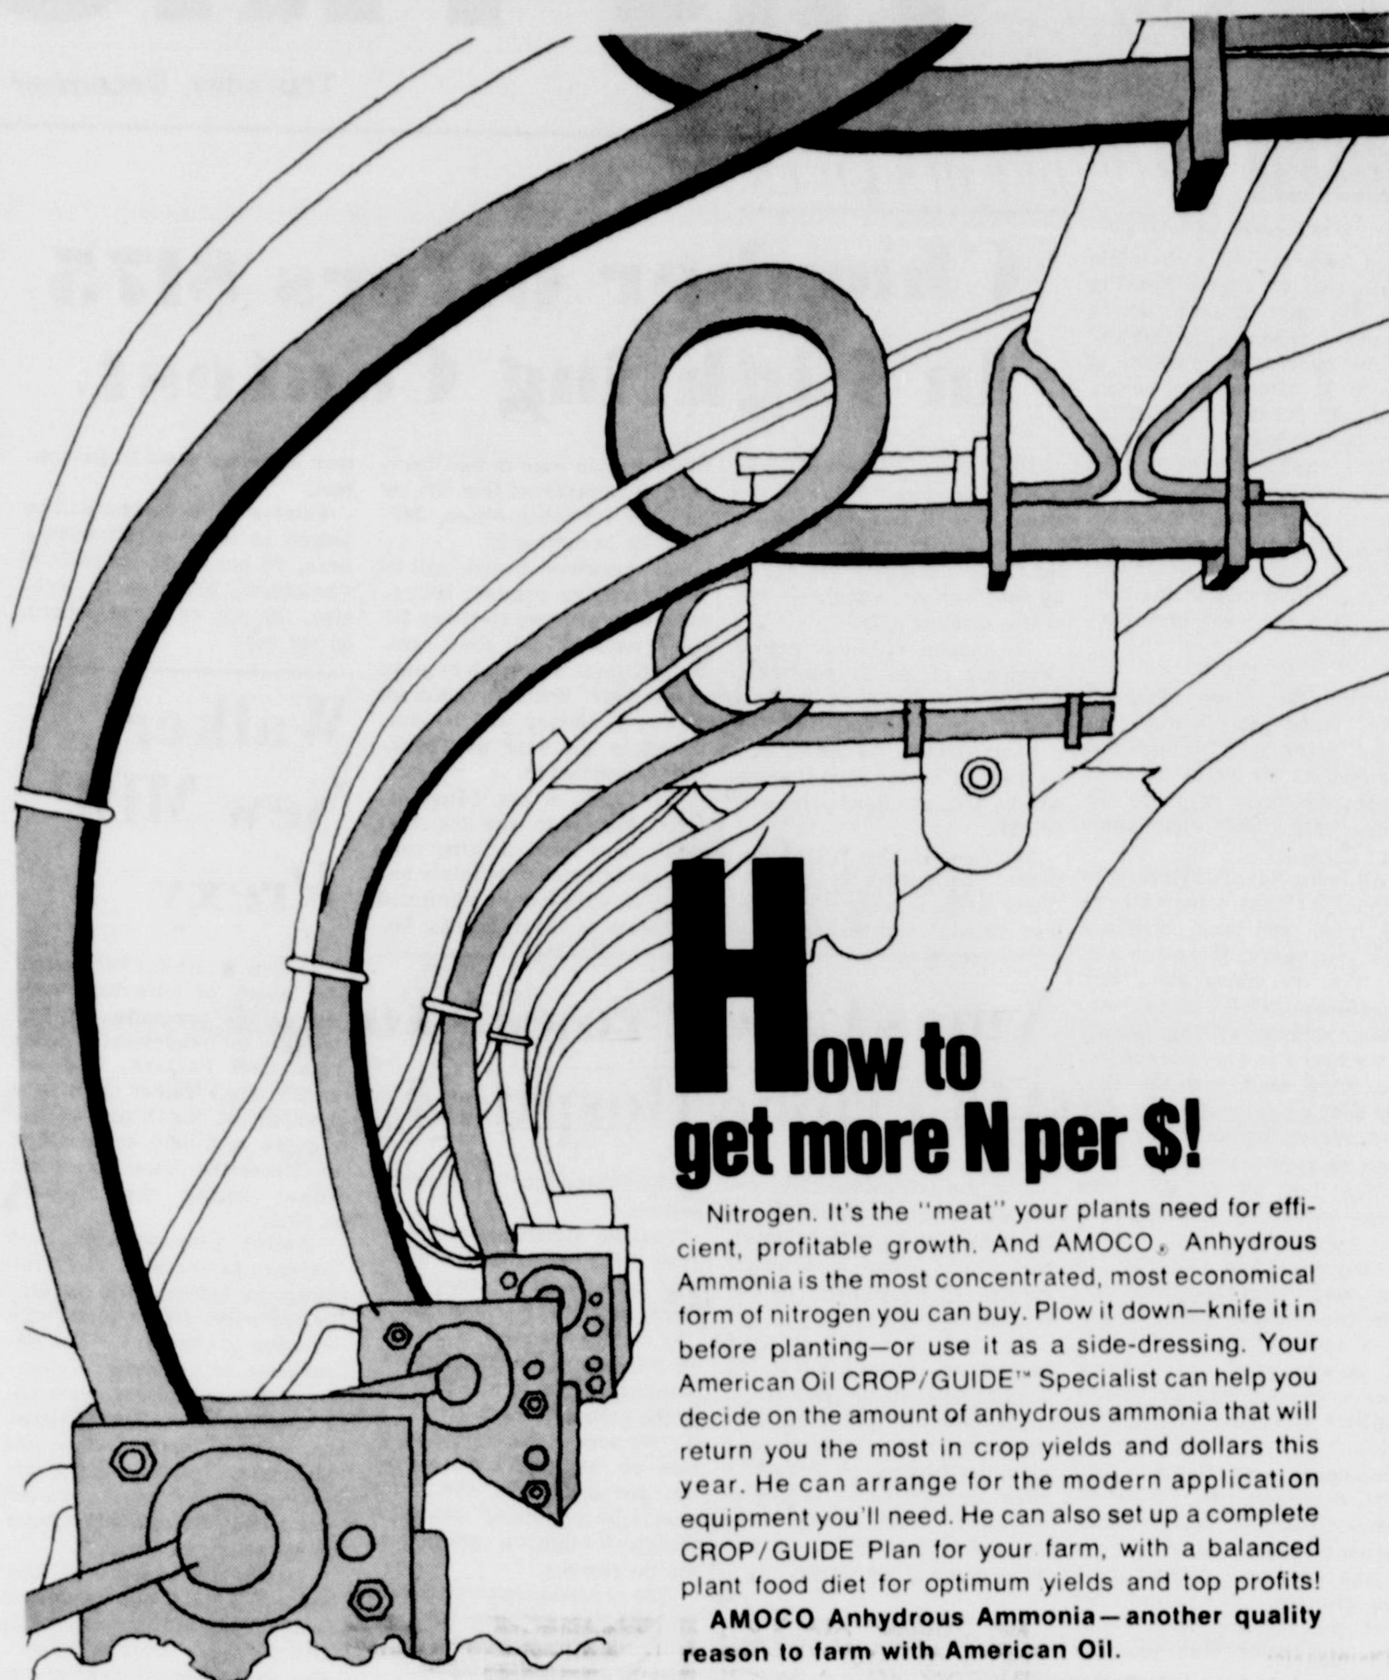

General George Custer, he of the famous "last stand," after defeating the braves of Cheyennes, Comanches and other tribes, went to the tepees and murdered every woman and child. (Indian Revenge--George Eigher)

So, if some American soldiers are proven guilty of "conduct becoming a gentleman" there is some precedent for their actions.

We don't have to like it, but the fact remains--we are the only nation on earth that has used atomic bombs on whole cities.

It's nothing to be proud of, but it hardly becomes us to try to flaunt our "purity."

WHAT IS LIVESTOCK?
Livestock are animals that are bred and raised in the Western States to keep the producer broke and the buyer crazy.

Livestock are born in the spring, mortgaged in the summer, pastured in the fall and given away in the winter. They vary in size, color and weight, and the man who can guess the nearest to the weight and market grade is called a livestock buyer by the public, a robber by the rancher, and a poor business man by the banker.

The price of livestock is determined in Chicago and goes up after you have sold and down after you have bought.

A buyer from Montana nacker was sent to Chicago to watch the livestock market, and after a few days deliberation he wired his company to this effect: "Some say the market will go up and some say it will go down: I say the same. Whatever you do will be wrong. Act at once."

When you have light cattle the buyers want heavy ones; when you feed heifers, you find they want steers and vice versa; when they're thin, they should be fat, and when your steers

are fat, the buyer tells you the market on tallow is all shot. You got 'em too dogone fat.

Who develops diabetes? The diabetes control section of the United States Department of Health Education and Welfare answers the question.

Diabetes is most likely to be found in those more than 40 years old obese blood relatives of diabetics mothers who have given birth to babies that weigh nine pounds or more at birth women who have shown carbohydrate intolerance during pregnancy persons with other related chronic diseases anyone who has demonstrated hyperglycemia on previous testings.

These seven groups are "high risk" people and are in the greatest danger of becoming diabetic.

The disease can be detected in its early stages by a good screening program and diab-

osis. A program also can help discover these "highrisk" persons before they become diabetics. Your doctor can help!

Environment and heredity, which plays the top role in a child's personality development?

They can't be separated; they closely intertwine and influence each other.

Heredity determines the potential that can be developed; environment determines how or even whether this potential is developed. Because of the wide variety of inherited traits and environment, each child grows in a unique way. Even within the same family, two children usually grow and develop at different speeds. Even before birth, environment is an important factor. From the day of conception, each child brings his own potential into an environment uniquely his own.

Tresa Taylor Becomes Bride Of Ellis Miller

Wedding vows were exchanged between Tresa Darlene Taylor, daughter of Mr. and Mrs. Clayton Taylor, Friona, and Ellis Mearle Miller, son of Mr. and Mrs. Arthur Miller, Petersburg, in a candlelight service at 7:30 p.m. Saturday, November 29, at Calvary Baptist Church.

The double ring ceremony was read by Dr. Leon McBeth a professor at Southwestern Baptist Seminary, Fort Worth, and cousin of the groom. An arch of greenery formed the background for the ceremony. It was centered with a satin covered kneeling bench and flanked by tiered candelabra holding white tapers and baskets of white gladioli and white pom mums.

Risa Howell, organist, presented traditional wedding selections and accompanied Paula Fortenberry, soloist, as she sang, "I Love You Truly," "The Wedding Prayer," and "Twelfth of Never."

Mary Mag Miller, Plainview, sister of the groom, was the maid of honor. The matron of honor was Mrs. Joey Taylor, also of Plainview and sister-in-law of the bride. Bridesmaids were Linda Oliver, Lubbock and Beverly Scott, Kress, Melonie Williams, Littlefield, cousin of the groom, was the flower girl. Candelighters were Melissa Sachse, Amarillo, cousin of the bride, and Beth Oliver, Dumant.

The bride's attendants wore formal length gowns of orange Kaja suiting. The empire bodices were designed with scooped necklines and long fitted sleeves. The waistlines were circled with orange velvet ribbon. They carried nosegays of white mums.

Their headpieces were clusters of orange tulle held in place with orange velvet flowers and leaves. Each wore a single strand of pearls, which was a gift from the bride.

Arthur Miller, Jr., Denver, was his brother's best man. Groomsman were Anthony Givens, Elsa, Illinois, cousin of the groom; Joey Taylor, Plainview, brother of the bride; and Tim Givens, Olton, another cousin of the groom.

Ushers were Kirk Taylor, Friona, brother of the bride; Edwin Taylor, Dimmitt, cousin of the bride; Dewey Short, Lubbock; and Jerry Foote, Canyon. Ringbearers were Trent and Brent Taylor, twin brothers of the bride.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal length bridal gown of white peau de sole and Chantilly lace fashioned with a Victorian neckline accented with pearls, long lace petal point sleeves and an empire bodice. A wide band of Chantilly lace marked the center front of a line shirt which had a red-tinge effect of peau de sole. Her detachable train featured a center panel of see through lace held in place with a bow. Her veil of imported silk illusion was attached to a forward cluster of lace petals and pearls.

Carrying out tradition, the bride wore a string of heirloom pearls, which belonged to her paternal grandmother, Mrs. E.E. Taylor; a lace handkerchief which had belonged to her maternal grandmother, the late Mrs. Eula Kuykendall; and a blue garter, which was made for her by Mrs. Mabel Scott of Petersburg.

She carried a bouquet of white orchids surrounded by garlands of white stephanotis.

The serving table at the reception in the church parlor was covered with a white linen

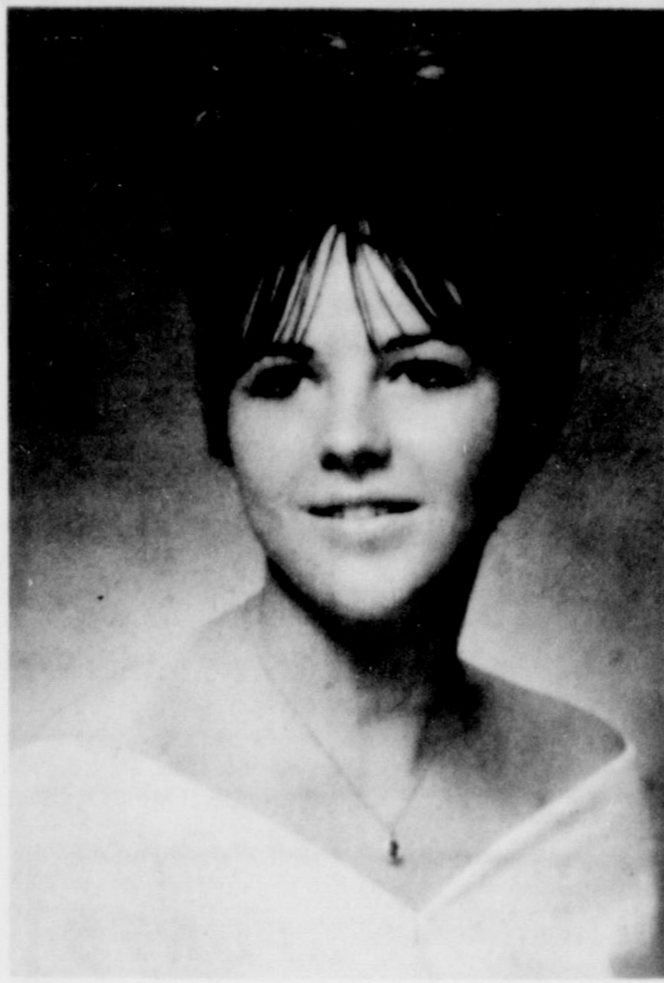

cloth edged in lace and centered with the bouquets carried by the bride and her attendants. The three tiered cake, which was served with nuts, mints and punch, was topped with satin wedding bells surrounded by spun sugar bells and a cascade of orange colored roses.

The groom's table was covered with an orange colored linen cloth and set with gold colored flatware and pottery. Coffee and chocolate cake were served from it.

Reception hostesses were Linda Kay Carson, Molly Seright and Pat Roberts. They were assisted by Mrs. Claude Garth, Mrs. Richard Vaughn, Mrs. Charles Howell, Mrs. D. T. King, Mrs. Clara Prosser and Mrs. Bill Sachse.

For a wedding trip to the A. J. Givens Ranch near Silverton, Mrs. Miller wore an orange colored cable knit coat with matching dress, lizard accessories and the corsage lifted from her bridal bouquet.

Mr. and Mrs. Miller are at home at Apt. 12, 306 37th Street, Lubbock. She is a graduate of Friona High School and Jesse Lee's Hair Design Institute, and is employed at Highland Beauty Shop, Lubbock.

WEDDING DATE ANNOUNCED. . . Mr. and Mrs. Marvin Jordan have announced the engagement of their daughter, Judy Mae, to Clifton Ray McBeth, son of Mr. and Mrs. W.T. McBeth, 2405 47th Street, Lubbock. The couple plans to exchange wedding vows at 7 p.m., Saturday, January 10, at Calvary Baptist Church.

Eliza's Cooking Lesson Is Theme Of Club Program

"Wouldn't It Be Lovely," set the mood for the Tuesday evening meeting of Progressive Study Club in the home of Mrs. Hollis Horton, Jr. The program theme was "Eliza Learns About Cooking."

Roll call was answered with suggestions about what to do when company comes unexpectedly. Mrs. Baker Duggins presented the meditation.

A festive foods demonstration was presented by Mrs. Louise Wilson, and Mrs. Ernestine Gary, home service advisor for Southwestern Public Service Company. Recipe leaflets were given to those present.

A tasting bee concluded the meeting.

Defense Sparkles As Lazbuddie Wins, 14-0

That often-overlooked asset of the 1969 Lazbuddie Longhorns-defense, was much in evidence, and the team's offense did its part as the team downed previously unbeaten Groom, 14-0, in their bi-district game last Friday night at Panhandle.

In beating the Tigers, who had coasted through 10 opponents unblemished, the Longhorns held the high-gear Groom offense scoreless, and to only 126 net yards, even 20 yards less than Lazbuddie's defensive average going into the game.

The 'Horns put the rush on slippery 120-pound Tiger quarterback Danny Blackwell, catching him eight times behind the line of scrimmage for losses totalling 43 yards, and limiting the little signal-caller to just two completions in the nine times he was able to get the ball in the air.

Groom had relied on its passing attack, as Blackwell had thrown 10 touchdown passes, and had scored 100 points himself going into the game.

The Longhorn defense and a great punt by quarterback Monte Barnes kept the Groom team backed inside its own 20 yard line the entire first quarter, and aided Lazbuddie's first touchdown.

Lazbuddie took the opening kickoff and picked up two first downs to the Groom 34. Big play was a 27-yard Barnes to Derrell Matthews pass on third down at the Longhorn 33. However, the team faced fourth and three at the Groom 34 and elected to punt.

It was a wise choice, since Barnes booted the ball out of bounds at the Groom three, and it sort of set the pattern of the game for the Tigers-starting in a hole.

Four plays later Lazbuddie got the ball back in great field position at the Groom 46. Matthews made a first down on a pitchout to the 33. However, a scoring threat was averted when on fourth down Matthews' halfback pass was intercepted at the Groom 10.

Three plays gained just eight yards, five of which came on a penalty against Lazbuddie, and Groom again had to punt.

The Longhorns put the ball in play at midfield, and this time began a payoff drive. Arthur Graves gave the team a first down at the 38, and Hodges ran to the 30, where a 15-yard penalty against the Tigers moved the ball that much closer to the goal.

Matthews was caught for a rare yard loss on the first down play, but on second down took Barnes' pitchout around the left side, 16 yards for the score. The 'Horns tried the same play on the PAT try, but Matthews was stopped short. However, Lazbuddie had taken the lead, 6-0 with 1:34 left in the opening quarter.

Following a short kickoff, Groom made its initial first down of the game, on the final play of the first quarter, but again had to punt the ball to Lazbuddie.

The Longhorns took over on their own 15, and set sail on an 85-yard TD drive. Matthews and fullback Larry Hodges each had 11-yard gains as the ball crossed midfield. Then Barnes rambled 24 yards on an option play to the Groom 21. From the 15 yard line, Matthews battered his way into the end zone for what appeared to be his second TD of the game, but the Longhorns were called for being in motion.

Not to be denied, Hodges then ran it in from 20 yards out. Following a five-yard penalty, Matthews connected with end Charles Lee for two points, and Lazbuddie led, 14-0 with 7:12 to play in the half.

Groom's only first half threat went to the Lazbuddie 25, aided by a 16-yard scamper by Blackwell, his 20-yard pass to Dal Howerton and a 15-yard penalty on Lazbuddie.

After a standoff third quarter, the Tigers got their big chance after Matthews fumbled when hit hard at the Lazbuddie 45. Howerton ran to the Lazbuddie 23, and after a loss, Black-

well ran it to the 20 on third down. But on fourth down, tackle Marty Moseley racked Blackwell for a ten-yard loss and Lazbuddie took over at their 30.

The Longhorns then mounted a 16-play drive, which although not adding to their points, practically ran out the clock.

With Hodges sidelined by an injury, Matthews, Barnes and Graves ate up the ground. Matthews fought for 11 yards on a big third down play to the Groom 17. Barnes gave the team a first and goal at the six.

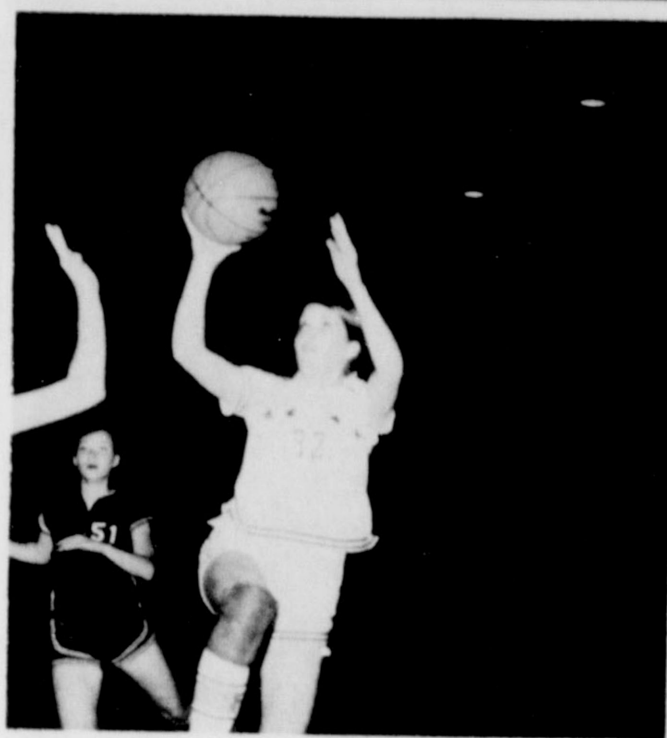

But the drive stalled, and on fourth down from the ten, Matthews knelt to hold for a field goal try. Instead of the kick Matthews headed for the corner and almost made it. He was stopped barely short, but the drive had eaten up eight minutes, and Groom only had a frustrating minute of playing time left.

The team had two of its earlier games, with Olton, cancelled, and after various of its members were drafted by the varsity, cancelled its two final games.

BASKETBALL, NOW Seventh Grade Still Has Streak Going

Friona's seventh grade boys are continuing the winning streak they started in football, having won their first two basketball games. The team really poured in on Tullia last Monday, 40-4.

The seventh grade Braves ran up a 30-0 lead, as Tullia was unable to score during the first three quarters. Substitutes played part of the second quarter, and most of the third and fourth. Clay Bandy's 13 points led the Braves.

The eighth grade Braves suffered their first loss of the season, a 33-17 decision at the hands of Tullia, which pulled away from a 6-4 first quarter lead to win going away.

Randal Snyder hit a basket to start the second half and pull Friona to within five points at 15-10, but Tullia rallied to take a 20-10 lead, and it was 24-17 going into the final quarter. The Braves were unable to score in the last frame.

Friona's freshman basketballers won a close game at Tullia last Monday, 36-33, to even their season record at 1-1.

The frosh trailed Tullia, 10-9 after one quarter, but baskets by Johnny Bandy and Willie Bailey gave Friona a 17-12 lead to start the second quarter. James Bartlett had two baskets before the half ended, with Friona on top, 22-12.

Mike Martin's free throw gave Friona its longest lead of the game, 23-12, starting the third quarter. Tullia closed the gap to 27-25, and it was 29-27 going into the last quarter. Tullia never tied it or took the lead again, but really made it tight. It was 34-33, Friona, with just under a minute to play. If the Frosh Chiefs had hit more of their free throws, they could have won handily, falling to take advantage of 30 fouls called against Tullia by hitting only 18 of 42 foul shots. Tullia, on the other hand, helped by hitting just five of 20 shots from the foul line.

Seventh, Eighth Girls Take Wins From Canyon

Friona's seventh and eighth grade girls swept a doubleheader from Canyon here Monday night. The win was the third of the season for the unbeaten eighth grade team, and brought the seventh grade's record to 2-1.

Keena Moore led the seventh grade to a 30-15 win, with 12 points, and Sandy Fulks had 11. Key Cochran and Delores Rogers had 10 points apiece as the eighth grade won, 33-13. Earlier, both teams had beaten Tullia teams. The seventh grade's only loss was a 22-10 decision to Dimmitt.

WHAT PRICE PEACE

Peaceful Pursuits and a Friendly Nature That Breed Trust

No studying of war is indicated in the above scene. No wholesale atomic destruction is being planned here. Only traits of industry and that "Kingdom of Heaven Kindness" that breed trust and love show here. No sign of hatred or fear. What wonder then that the Prince of Peace chose humble fishermen for disciples. Those who possess that "Kingdom of Heaven Kindness," they who spread it, study peace and the Will of God.

If you would know God's Will go to church regularly and often.

With June Floyd

We hope our readers will overlook some of the errors in our last edition. After our tape puncher, Vickie Copley, had the misfortune of breaking a finger the week before, we felt real good to be able to go to press on time. Like any other organization, when one staff member is disabled, others need to fill in. Unless you have been a bookkeeper converted temporarily into a tape puncher, you can't really appreciate the situation Wahleah Beck found herself in last week.

Vickie was able to come back to work Monday morning, so, for today at least, things in general are looking up for us.

One way our news sources could help us make fewer mistakes each week would be for information to get to us earlier. We would appreciate it so very much if each of you would keep in mind that we like to get information for any news stories as soon as possible.

Reading newspapers from neighboring towns in the Texas Panhandle always informs us of the activities of ex-Frionans. Last week's papers carried pictures of at least four former residents of our city.

H.E. Barnett, who is presently the Caprock Hospital administrator, has recently been elected as a director of Floydada Chamber of Commerce.

Mike Stephens, Clarence Veazey and Kenneth Gaines, all employees of a Hereford auto firm, were pictured in the Sunday Brand.

The offset printing method has made it possible for more pictures to be used in weekly newspapers and according to some expert, "One picture tells more than one thousand words."

Reading about former residents is always a pleasant experience, but seeing a picture of someone you haven't seen in a few years is more enjoyable.

Do you know what your affliction would be if you had allurophobia? I didn't until I consulted Webster's Collegiate Dictionary. You would have a deadly fear of cats.

Our congratulations this week go to members of the Lazbuddie High School football team and coaches. Theirs is the only Parmer County team "still in the running." The experts picked Groom over Lazbuddie, but the Longhorns won in spite of the prediction.

You will be notified if you take more than the expected interest in your job. This is done by working early, and working late.

The hands on the clock are purely incidental, and coffee breaks are a waste of time. Do not become involved in bull sessions. Come back for an evening or two each week.

And, the day will come when the boss calls you into his office and says, "Been watching you for some time—just what are you up to?"

Tresa Taylor, who became the bride of Ellis Miller of Petersburg Saturday evening, had two reasons for wanting to leave the church in her wedding dress. The first was that she had always envisioned rice being thrown on a couple in wedding clothes and the other was that her grandfather, E.E. Taylor, was unable to attend the ceremony.

Of course Grandfather wanted to see the bride in her wedding dress, so the Millers left the church in the same clothes they were married in and went to the Taylor home to change.
