GERMANY SEEKS TO RE-ESTABLISH BIG MERCHANT MARINE

AGREEMENT BETWEEN AMERICAN AND GERMAN CONCERNS OF IMPORTANCE.

GERMANY TO INSTITUTE SHIP BUILDING PROGRAM

American Steel Can Be Delivered in Germany Cheaper Than Own Products.

By Associated Press. HAMBURG, July 18.—As further particulars come to light regarding the agreement between the Hamburg-American Steamship Company and the American Ship and Commerce Corporation...

The Germans also attach much political significance to the agreement. This was emphasized today by Wilhelm Cuno, general manager of the Hamburg-American line...

It is recalled that the agreement was not to be considered from a business standpoint, but rather as a gesture of friendship between the two countries...

Her Cuno stated the Spa conference supplied the "best proof that cooperation of nations cannot be effected by a victorious government dictating decrees to a beaten government."

Where the German line will secure ships enough to enable it to operate 50 per cent of the vessels on the routes to be reopened under the agreement...

That a big ship building program is contemplated, not only by the Hamburg-American company, but by other German lines is evidenced by preparations now in progress...

Building, rather than chartering vessels is expected to be the Hamburg-American line's aim, owing to the necessity of securing uniformity in the type of ships employed in the joint service.

Contrary to belief prevalent in Germany, that German shipbuilding is a futile task as the bulk of new tonnage will have to be turned over to the allies...

REDS FALL HEIR TO FIELD OF HARVEST GRAIN

Population Flees Before Red Onslaught; Roads Are Alive With Carts.

By Associated Press. WARSAW, July 19.—The Poles are withdrawing to the south and southwest from the railway junction of Lida, which has been occupied by the bolsheviks in their drive in the direction of Grodno.

This bolshevik sweep across Lithuania is giving the soviet forces possession of a rich harvest, as they are occupying thousands of acres planted by the Poles, the grain and hay now standing in stacks.

The Polish population is fleeing before the bolshevik onrush, the peasants crowding the roads with their livestock and vehicles loaded with household goods.

The food in the warehouses at Bielo-stek, stored there for the use of the children who are fed by the American Relief Association, is being loaded upon carts for shipment to a safer place.

It is said in Polish quarters that the retreat on the northern front is being continued in an orderly way, according to plans.

Lida, fifty miles south of Vilna, by the bolshevik after heavy fighting, is reported in a communique issued by the Russian broad gauge to the standard width.

PENNSYLVANIA ROAD CUTS WORKING FORCE

Ten Per cent Reduction in Eastern Division Announced Today by Road Officials.

PHILADELPHIA, July 19.—A 10 per cent reduction in the working force of the Pennsylvania railroad will be made this week, it was announced here today at the company's office.

In the eastern region alone, which takes in the territory east of Altoona, between 11,000 and 12,000 workers will be laid off, it was stated.

It was stated the reduction was rendered necessary by the fact that expenses have been exceeding income for some time past.

In view of this condition the verbal announcement said it was decided to "trim sails" and put economies into the operation of the entire system.

Eastern Division. CHICAGO, July 19.—The reduction in working force of the Pennsylvania railroad, announced today at Philadelphia, applies only to the eastern division.

A reduction in this territory is under consideration, it was said, but the percentage of men to be laid off and the date when the order will be effective have not been decided.

Each of the four Pennsylvania system regions act independently. The other two have offices at St. Louis and Pittsburgh.

No Reduction. COLUMBIA, S. C., July 19.—No reduction orders have been received here for the southwestern division of the Pennsylvania railroad, officials said.

Western Division. ST. LOUIS, July 19.—No reduction in the working force of the Pennsylvania railroad on the western division is contemplated, it was stated here today.

LEAGUE OF NATIONS INJECTED BY G. O. P. AS CAMPAIGN ISSUE

COX CONFERENCE WITH WILSON MAKE LEAGUE PARAMOUNT ISSUE.

ARTICLE 10 WILL BE CENTER OF FIGHT

Harding Hopes to Split Solid Ranks of The Democratic Party in November Election.

By United Press. MARION, O., July 19.—Assurance that the league of nations will lead all other issues in the campaign is seen by the advisers of Senator Harding...

The announcement in Washington that Governor Cox stands in perfect accord with President Wilson is taken here to mean a straight out plea by the democrats for vindication and perpetuation of the Wilson foreign policy.

Even before yesterday's White House conference was concluded, Senator Harding had conjectured this significance and outcome and had taken the aggressive in a public statement demanding that the "mysterious foreign commitments" embraced in the president's program be outlined in detail.

The senator's statement called directly on Governor Cox to put himself on record in regard to Article 10, the Armenian mandate, and other subjects on which Mr. Wilson has found himself in conflict with the republican senate and with some influential democrats.

The clarity with which the league issue has come to the fore has caused manifest surprise at Harding's headquarters here. Many of the senator's associates had not expected Governor Cox to take counsel with the president at the outset of his campaign.

LOS ANGELES SHERIFF TO ARREST JACK JOHNSON

LOS ANGELES, July 19.—Sheriff C. Cline, Los Angeles, announced today he intended to leave immediately for Mexico to arrest Jack Johnson, negro pugilist, under sentence in Chicago for violation of the Mann act.

Chicago, July 19.—The first grand council for more than a year of executive, general chairman and general committee of the Chicago Yardsmen railroad brotherhoods opened in Chicago today to pass upon the wage award of the railway labor board.

Approximately 1,000 union officials are expected to be present when the council takes action on the award. Preliminary meetings were held yesterday by early arrivals, no statements were given afterward.

According to union rules all questions of a wage increase must be submitted to a referendum vote, but it was pointed out that the call for the grand council stated the purpose was to "consider and pass finally upon the award made by the board."

Under these circumstances it was not known whether the award would be submitted to a referendum or whether final action would be taken by the union chiefs in session here.

DEBAUCHED GERMAN PRINCE KILLS SELF OVER MISFORTUNES

MARTIAL MISFORTUNE AND LOST SPLENDORS ARE CAUSE OF ACT.

EX-KAISER IS DEEPLY AFFECTED OVER SON'S DEATH

Friends of Dead Prince Maintain Financial Embarrassment of Joachim Acute.

By Associated Press. BERLIN, July 19.—Prince Joachim, sixth and youngest of the ex-king's sons, committed suicide by shooting himself in the breast as he lay in bed at the Villa Liegnitz in San Souel Park Saturday.

Brooding over his wife's desertion and effects of a drunken debauch caused the act, according to belief here today. Joachim died at 1:00 o'clock Sunday morning.

Prince Eitel Friedrich, the only one of the ex-king's sons now in Berlin, issued a formal statement declaring Joachim's suicide was the result of "psychic disturbance caused by the pressure of events and personal difficulties."

Friends of the dead prince declared the suicide to be a love tragedy. They omitted that he had returned to his villa from Berlin Friday night, staggering into a second class waiting room at the Potsdam railway station where he called loudly for beer.

By those close to the Hohenzollern family when it was in power in Berlin, Prince Joachim was said to have been the favorite son of the former German emperor and fears are expressed that the news of his suicide may have a fatal effect on her, as she recently suffered an acute recurrence of her heart trouble.

By Associated Press. DOORN, HOLLAND, July 19.—The announcement of Prince Joachim's death came to Doorn castle like a thunderbolt.

The former German emperor, who during the last week has been again seriously troubled by her heart ailment, is believed not to have been informed of the tragedy until the afternoon, however, has been told of it and has been greatly affected by the untimely end of his favorite son.

Prince Joachim saw his parents only recently, it has been said only the middle of June when he paid them a visit at Doorn castle here.

By Associated Press. WIERINGEN, HOLLAND, July 19.—The tidings of the sudden death of Prince Joachim came as a great blow to his brother, the former German crown prince, who only this morning learned the news from Adjutant Von Mulheim.

The relations between Joachim and Frederick William were always of the most friendly nature, the former being the favorite of the family. The ex-crown prince conferred this morning with Burgomaster Perboom and probably will go to Doorn, the refuge of the former emperor, this afternoon.

By Associated Press. LOS ANGELES, July 19.—Sheriff C. Cline, Los Angeles, announced today he intended to leave immediately for Mexico to arrest Jack Johnson, negro pugilist, under sentence in Chicago for violation of the Mann act.

HAYS MAKES HEATED REPLY TO QUESTIONS PROPOUNDED BY REED ON LEAGUE OF NATIONS

CHILLICOTHE, MO., July 19.—Charles M. Hays, candidate for the democratic nomination for United States senator, replying today to Senator Reed's six questions to senatorial candidates on the league of nations' constitution, declared arguments put forth by the senator were "mischievous" and "realized by asking Reed six questions."

Hay's heated England would have six votes to America's one under the convention, as Senator Reed asserts, and emphasized that England and America's voting strength would be equal.

Hay declared that the league could drive America into war without the consent of congress. He declared the league could not destroy the Monroe Doctrine but would extend it over the earth, and declared the league plan should "thrill the world except those who hope to profit by war."

Hay's questions asked Reed if he would consent to a treaty which provided for the settlement of international disputes by arbitration; a covenant which would not be signed unless it were approved by each other to reduce arguments; a covenant which obligated the nations to respect the territorial integrity and political independence of each other; a covenant which obligated the nations to make no secret treaties; a covenant which obligated the nations to establish and maintain a fair and humane conditions of labor throughout the world; and a covenant which obligated the nations to cooperate with each other to prevent pestilence.

LABOR OFFICIALS FEAR STRIKE OVER BOARD WAGE AWARD

DECISION IN WAGE CONTROVERSY TO BE HANDED DOWN TOMORROW.

DECISION MUST BE SUBMITTED TO REFERENDUM

If Award is Unsatisfactory Concerted Action Will Be Taken by The Brotherhoods.

CHICAGO, July 19.—If reports reaching railroad brotherhood leaders regarding the wage award to be handed down tomorrow by the railway labor board are correct, the decision will be unacceptable and will be rejected, union leaders declared today.

One thousand general chairmen of the sixteen recognized unions are meeting here today to discuss their future course. While none will predict publicly that a general strike is a possibility if the award is unsatisfactory, they assert privately that the trust in the decision reaching them is that the award is so low it will not be accepted.

Some leaders say the temper of the men is such that they doubt whether an immediate walkout, unannounced and uncalled, could be averted if the men are not satisfied by the board's decision.

The call for today's session, which will be continued for six days, provide that the general chairman can, if they wish, pass on the award without the submitting it to a vote.

Both W. G. Lee and S. M. Heberling, general chairmen of the recognized organizations, are said to be among those bitterly opposed to the award which they understand is to be handed down but they are working with the others to prevent any hasty action by their men.

"This conference is looked upon as one of the most vital meetings in the associated railway crafts," Mr. Heberling said today.

"You know we are not bound to accept the award of the labor board. The Esch-Cummings bill does not make the award compulsory and neither the workers nor the roads are forced to accept the rulings."

"I should not like to see a general strike called. It would tie up the country in twenty-four hours and in forty-eight hours the industries would be forced to close."

The switchmen have asked for a 60 per cent increase. A 30 per cent compromise would hardly be acceptable. Scrabbling women employed in the Chicago yards are drawing more money than are switchmen who risk their lives in their work."

While the leaders of the recognized unions are waiting for the award, 100 chairmen of locals of the new yardmen and engineers' associations, which called the strikes in April, gathered to await the award. John Granau, president of the Chicago Yardmen association, parent body of all the new unions, said his men would pass on the award independently of the recognized brotherhoods.

The new union demands restoration to their former seniority rights and returning to work. The labor board refused to hear their demands and it is understood there will not be anything in the award to cover the case of the strikers.

CHICAGO, July 19.—The first grand council for more than a year of executive, general chairman and general committee of the Chicago Yardsmen railroad brotherhoods opened in Chicago today to pass upon the wage award of the railway labor board.

Approximately 1,000 union officials are expected to be present when the council takes action on the award. Preliminary meetings were held yesterday by early arrivals, no statements were given afterward.

GONZALEZ PLACED ON TRIAL CHARGED WITH THE REBELLION AGAINST THE DEFACTO REGIME

WASHINGTON, July 19.—Advises to the state department from the embassy at Mexico City today were that General Pablo Gonzalez, arrested at Monterrey last week, would be placed on trial today on a charge of rebellion.

General Gonzalez has been quoted in the Mexico City newspapers as saying that there was no evidence to prove that he was implicated in the recent revolt in the northern part of Mexico and that his detention and trial were not justified by his refusal to make a public statement condemning the leaders of the revolt.

General Ricardo Gonzalez, a nephew of General Pablo Gonzalez, with about thirty men, was reported Friday in the neighborhood of Jarita going in the direction of Progreso, state of Coahuila. He was one of those who rebelled at Monclova two weeks ago and attempted to effect a union with General Osuna and Guajardo. The American consul at Tampico at that time reported that he was officially acknowledged, that General Osuna and General Larrabre Addir were in rebellion and that Osuna was operating between Tampico and Monterey.

General Addir was located between San Luis Potosi and Tampico on the connecting railroad. The reports to the state department indicate that Osuna and Ricardo Gonzalez are moving before the federal forces, but no word has been received of the capture and execution of Guajardo, reported in press dispatches.

THREE NEGROES ARE HELD FOR ASSAULT

North Carolina State Troops Guard Negroes Suspected Of Crimes.

GRAHAM, N. C., July 19.—State troops were guarding the jail here today following yesterday's attempt by a mob of white men to take from the prison three negroes who had been arrested in connection with an attack on a white woman at her home Saturday. The mob had broken into the morning and with the prison flanked by machine guns no further trouble was expected. The attack on the woman was made Saturday evening by a masked negro, while her husband was absent from home. She is in a serious condition. When a report of the attack was made to the police, three bloodhounds were ordered from Raleigh. Each of the dogs followed the same trail to a hospital, where George Trotter, the cook, was arrested. Two other negroes found near the hospital also were taken to jail. Early yesterday a mob began forming around the prison demanding the negroes. The police refused and efforts were made to roust the jail door, but they failed. County Attorney F. S. Parker urged the mob to let the law take its course. His appeal was supplemented by a similar one from the brother of the woman. Midnight police arrived here by Governor Bickett had arrested the mob dispersed.

DEMOCRATIC HEADS UNITED ON LEAGUE

Agreement Between Cox and Wilson Arrived At Over Campaign Issues.

WASHINGTON, July 19.—Unity of opinion on the League of Nations in particular and the democratic platform in general, was proclaimed by President Wilson and Governor Cox in statements published today treating of yesterday's conference at the White House. President Wilson's statement said that he and the party nominee "were absolutely as one with regard to the great issue of the League of Nations" and that Mr. Cox "is ready to be the champion in every respect of the policy of the nation and the peace of the world."

Governor Cox in summarizing the result of the conference said he brought out that he and the president "are agreed as to the meaning and sufficiency of the democratic platform and the duty of the party in the face of the threatened bad faith to the world in the name of America."

RAILROADS COMPLAIN OF HELD UP CARS

Cattlemen Fail to Use Cars After They Are Placed By Roads.

SWEETWATER, TEX., July 19.—Stock cars ordered by stockmen, placed by railroad and then not used because of sudden declines in cattle prices, is causing considerable inconvenience to railroads and generally depriving other stock shipping sections of the requisite number of cars, according to a representative of the West Texas Chamber of Commerce investigating the matter. "Some time ago," said the representative, "a town on the Texas & Pacific west of Sweetwater placed orders with its agent for 45 empty stock cars for loading cattle to market. The cars were placed at the pens immediately on demand of stockmen and advance notice given them, so that they could have their stock in the pens. Because of a decline in the cattle market the stockmen declined to ship. The representative explained that the stock cars were not needed, and they were hauled to other towns, causing needless delay to shippers and holding cars out. Another shipper ordered equipment as he had explained of using them on that date, he held them six days, thereby tying up cars for six commercial days."

At present the dearth of grain cars is growing more acute. The situation has not yet been ameliorated in West Texas. The general paucity of such equipment, it continued, is expected to result in grave loss to grain dealers and farmers, as well as tend to a recession in the price of grain.

SMYTHE AFFAIR WAS "POLITICAL MURDER"

Brutal Act Will Destroy Ireland's Cause in Now General Belief.

LONDON, July 19.—"This was a political murder whose flagrancy and brutality equals any thus far perpetrated in Ireland," the Times declared today in commenting on the killing of Irish constabulary by a band of armed men in Cork. Inspector Craig was wounded in a hand to hand fight with raiders. The Daily Express said: "The people are sick and tired of this cowardly savagery. These murders pierce all indifference."

The Chronicle blamed the government for not giving police adequate protection in Ireland. "This brutal murder is one of those insane acts which will reduce even the warmest of Ireland's friends almost to despair."

Armed men raided a railway parcel office at Kingston, seizing a package believed to contain arms and ammunition. The week end crime wave included the killing of Constable Masterson near Dublin by a party of armed Sinn Feiners who escaped.

An outgoing train from Ennis was held up at Ennis and a large quantity of military baggage and official mail stolen. The residence of Robert Barton, a member of the Irish republican parliament in County Wicklow who is now in jail, was raided by 200 troops. Airplanes hovered over the heads of the troops while the house was being ransacked for incriminatory evidence.

Members of the democratic state convention will meet in Columbus tomorrow morning to fix a date and place for the holding of the democratic state platform convention. W. W. Durbin of Kenton, state chairman, has announced that the convention probably will be held in Columbus on August 17, just one week following the state primary elections on August 10.

SHAMROCK WILL HAVE NEW PILOT IN THIRD CUP RACE TOMORROW

SANDY HOOK, N. J., July 19.—Capt. William P. Burton will be given another chance at the wheel of Shamrock IV.

Sir Thomas Lipton would not say this afternoon what developments might be expected after tomorrow's race with the American defender Resolute for America's cup, nor would he deny that he and his advisers on the steam yacht Victoria had virtually decided to remove Captain Burton from the title of the cup challenger after Saturday's contest, in which Captain Burton's handling of the Lipton craft had been severely criticized. Sir Thomas was somewhat perturbed when he read in the newspapers of plans for supplanting Captain Burton.

"Captain Burton will be at the wheel tomorrow, I understand," said Sir Thomas this afternoon. "After that I cannot say, and, of course, I will not talk about it."

It was the general belief aboard the Victoria today that Captain Burton had asked for another chance to sail the challenger and that it had been granted him. By HENRY L. FARRELL, United Press Staff Correspondent. NEW YORK, July 19.—Shamrock IV, the green cup hunter of Sir Thomas Lipton, will have new hands on her wheel in the first race tomorrow with Resolute for America's cup. Capt. William P. Burton, whose handling of the challenger in the first two heats of the race was subjected to open criticism, has been relieved. His successor, not yet selected, will be either Charles Nicholson, designer of the ship; Capt. Alfred Diaper, who sailed the 23-meter Shamrock in the trial races; or Col. Duncan F. D. Nell, Lipton's manager. The new skipper may not be known until the challenger sails tomorrow for the starting line at the Ambrose lightship. Lipton is said to favor Nicholson because of his familiarity with the ship.

Even the "landlubbers" among the thousands who witnessed the first two heats of the race knew that Burton was outperformed and outkilled by Charles Francis Adams, skipper of the Resolute. It is understood that some of Lipton's friends sought to have the hands on the challenger's wheel changed after the first race, when the defender lost only through an accident. Burton lost a good half mile early in the race when he made a misjudgment of the wind and tacked in shore and in the second race he went so far to the leeward of the Resolute that the spectators thought he was lost and off his course. He also had the greatest difficulty in getting around the marks Saturday, while Adams sent Resolute around rather easily.

However, his error of judgment might have been forgiven, it is understood, if he had been able to keep pace among his crew, but open dissension among the crew, and a "mutiny" against some of his methods, caused the change to be made. The removal of Burton means that his wife, who was timekeeper aboard the yacht, also will be removed. Her presence on the challenger is said to be one of the causes of the disagreement between the skipper and his crew and it is known that Sir Thomas Lipton was opposed to her sailing as a member of the crew.

Technically, Burton was considered too conservative a pilot to compete against the Americans. The race tomorrow will be over a 36-mile triangular course, 10 miles to a leg. Saturday's triangular contest having been called off because the sloops could not finish, the rules provide that the race shall be resailed on the next succeeding race day.

AUSTIN, TEX., July 19.—With representatives from approximately 100 cities and towns of Texas in attendance, the Texas Water Works Association met here today for a two-day session, and E. L. Fulkerson of Waco, presiding. After the visitors had been welcomed by Mayor W. D. Yett of Austin, Chairman Fulkerson delivered the opening address.

SOCIETY AND CLUBS

KING-ROBERTSON WEDDING SATURDAY EVENING AT 8:30

Paul D. King and Miss Ruth Robertson, only daughter of Mr. and Mrs. J. D. Robertson of 1210 Filmore street, were united in marriage Saturday evening at 8:30 o'clock at the home of the bride's parents.

The Robertson home was beautifully decorated for the occasion, palms and ferns furnishing a beautiful background for the cut flowers, with gladioli predominating, and a wedding altar was fashioned of the palms and greenery, and masses of pale flowers.

At 8:30, when the 75 or 80 guests were assembled in the reception suite, Miss Veale sang "For You," with Miss Mary Sybert Clark at the piano. The wedding march—"Mendelssohn"—was played as a violin solo by Mrs. Lee Clark, with Miss Clark at the piano, and the first of the wedding party, little Misses Mildred Robertson, cousin of the bride, and Dorothy Clark, daughter of Mr. and Mrs. Lee Clark, entered as ribbon bearers, marking a white pathway for the bride and groom.

Following the wedding, Mrs. Robertson, mother of the bride, assisted by Misses Mary Louise Warren, Marie McClure, Thelma Maxwell, Lydia Ulrich, Blanche Berry and Maude Soule, served lunch punch from a decorated table in the dining room.

Mr. and Mrs. King left on the 11 o'clock train for Dallas, where they will visit the groom's father, Mr. King Sr., for a few days, and go from there to San Antonio for a week or 10 days' visit, expecting to return and be at home at 1210 Filmore.

Out of town guests present included Mr. King Sr. of Dallas, Misses Lena Dunaway and Leone Wall of Fort Worth, Mr. and Mrs. E. L. Sturn, Miss Lucy King of Gorse, and Miss Mabel Eppworth of Colorado, Tex.

W. F. GILLEY DEAD FROM BULLET WOUND

A shooting affray which occurred at Newtown late Saturday night resulted in the death of W. F. Gilley Sunday evening. No authoritative details of the affair have been received by the local officials but it is understood that the man was a victim of a hold-up.

The mother of Mr. Gilley, who was in this city Sunday night, stated that her son had been held up by a man reputed to be a gambler and was then shot and fatally wounded. He was brought to the General Hospital in this city and given medical attention but death came about 10:00 o'clock Sunday night.

A coroner's inquest was held Monday morning and returned a verdict which stated that the Pifer came to his death by gun shot wounds inflicted by an unknown assailant Sunday evening. No funeral arrangements have been held at the Merkle & Lunc undertaking establishment.

NEGRESS DIES FROM BULLET WOUND RECEIVED QUARREL OVER HUSBAND

The eternal triangle claimed another victim Sunday afternoon when Mary Homer Pifer, a negress, who was shot in a quarrel over the alleged attentions of her husband to another woman, died at her residence on Brick street. The assailant was Lindsay Bentley, who was shot in the chest by her uncle, Ed Brown, 400 Brick street. Neighbors were unable to give a clear account of the affray, but from what could be learned the Pifer woman became incensed at the attentions which her husband, Homer Pifer, was paying the Higgs woman. The two women met in the street in front of the Higgs home Sunday morning and after a short altercation, the fatal shot was fired. Deputy Walker was called and arrested the Higgs woman. She is now being held in the county jail awaiting action by the county officials.

EASTERN TEXAS RAILROAD ASKS TO ABANDON PROPERTY

ALSTIN, TEXAS, July 19.—A hearing was held today before J. T. Money, engineer and George H. Bremer, engineer, of the Interstate Commerce Commission on the application of the Eastern Texas Railroad company for permission to abandon and sell as junk the road under the provisions of the new federal transportation act.

The state of Texas through the attorney general, is opposing the application on the grounds that this is an intra-state line and besides it is chartered under Texas law and permission of the state must first be obtained before the property may be so disposed of. The state has already obtained a temporary injunction against the proposed action of the owners of the road.

HEAVY TRUCK HITS TOURING CAR MONDAY

An automobile accident that caused considerable excitement and resulted in minor damage to one machine occurred at the intersection of Ninth and Scott streets at 8:28 Monday morning.

A heavy truck, owned by R. M. Kelly, was being driven east on Ninth and in attempting to turn north into Scott it did not curve sharply enough, with the result that it struck a light touring car, driven by Mrs. H. A. Allen.

The smaller machine was hit squarely amidships and thrown around at right angles to the north it was travelling. The running board was completely splintered and the side of the body scratched and bent. The truck escaped with nothing worse than a bent crank. No one was injured.

MEXICAN OIL QUESTION BE SETTLED AT CONFERENCE

MEXICO CITY, July 17.—General Jacinto B. Trevino, secretary of industry, commerce and labor, declared the petroleum question in Mexico will be settled "forever" at a conference next week between oil men and representatives of the government, according to the secretary. The secretary adds that the government, however, will not change the constitutional law or abrogate the decrees of the late President Carranza.

According to the newspaper reports of General Trevino's statement, the only possible concession is that the government may accept payment of taxes in cash, instead of in merchandise.

DEMOCRATIC LEADERS UNITED.

Some elements that we're not friendly to the administration joined in aiding in the nomination of Governor Cox as the democratic presidential candidate and some of its enemies interpreted his nomination as a repudiation of the administration. It is gratifying therefore to learn that Mr. Cox, Mr. Roosevelt and President Wilson are in complete accord on all the major issues in the campaign.

As President Wilson said following the conference at the White House Sunday, the party's choice "will have the vigorous support of an absolutely united party, and I am confident, also of an absolutely united nation."

A PRACTICE THAT OUGHT TO BE STOPPED.

A few days ago a correspondent in these columns called attention to the practice of public service corporations and others digging into the pavement and after completing their work, throwing loose dirt into the hole and smearing the surface over with coating of cement. The Times wants to emphasize the necessity of compelling everyone who digs into the street of putting it back in as good condition as they found it.

We commend these officers for expressing a tentative purpose to resort to the courts for redress of what they say are grievances. It is to the courts that both officers and citizens ought to go to settle disputes. We say further that if there is warrant for the charges which these officers make, they ought to apply to the courts right now, instead of waiting until there may be "further encroachment."

WHY?

DO WATER-MARKS APPEAR IN PAPER? (Copyright, 1920, by Wheeler Syndicate, Inc.)

The first use of the water-mark — so-called because of the manner in which it is impressed into the paper during the process of manufacture — was, as it is today, to point out the place of manufacture and to guarantee the texture and material used. It was the equivalent of a trade-mark or proof of quality.

A play came up Saturday that was missed by fans, players, umpires and everyone else. Empire Miller missed one completely when he called Sudek out.

The Spudders were not very well up on the rules, evidently, as the game should have been protested.

John Dere resembles Christy Mathewson in at least one respect. He is a pitcher.

There is a chance that "Red" Josephson may take back his hasty decision and get back into the game. "Red" did not leave the team because he is a quitter, but because he felt he could not do himself or the team justice by playing under such a handicap.

Whether "Red" returns to the game or not, the fact that he wanted to quit shows clearly how the gamblers are running baseball. The whole league is under a cloud and will continue to be.

Yesterday's hero: Ping Bodie, the Yanks wonderful w. He hit a homer with the bases full and accounted for two more runs with a double and a single.

Merkle's homer with two on helped the Cubs trim the Braves 6 to 3. Leo Meadows, the Cubs' ace pitcher, won against the Cubs with a single in the ninth inning that drove Meusel in with the winning run.

Sherris Smith blew up in the fourth inning and the Reds scored four runs, just enough to beat the Dodgers 4 to 3.

Jack Combs rushed to the rescue of the Tigers after two pitchers had been blown up by the Senators and had to be carried from the field when he aggravated an old injury.

With three exceptions, the selections were made on the showing of candidates in the final trials Saturday at Cambridge.

Jake Driscoll, in the half mile, Paton and Hunter in the 16,000 meters, took the prize in the final events, but were chosen on their records.

With the exception of Carl Johnson, Michigan's star all around athlete, practically all those doped for places on the team were selected.

The SPORTLIGHT by Grantland Rice

In connection with Christy Mathewson's illness and his forced retirement from the game he has honored so long, the following verses from The Sportlight of several years ago seem to be still applicable today:

A CAMP SONG OF THE GIANTS. The little boys are on us now Across the dreary fold; The laurel no more wreathes our brow As in the days of old; The cheering that once came our way Is silent now and still; Where once our great holds us at bay And life has lost its thrill; But as the drifting shadow nears Across our pathway rung, We hold one dream of vanished years—When Matty's arm was young.

THE TWO DETAILS. A year or two ago we asked Miller Huggins if a ball club lacking speed could ever win a pennant. "The old Orioles did—so did the Cubs of Frank Chance and so did the Athletics up to 1914. I mean by that these three clubs had speed, batting power and fine pitching, plus strong defensive strength along with it."

A MATTER OF RUNS. "Baseball, after all, is a matter of runs—of making more runs than the other club. This is all that counts. This reason I know we had the hitting power to get the runs, and enough good pitching to keep the other clubs, on the average, from getting as many."

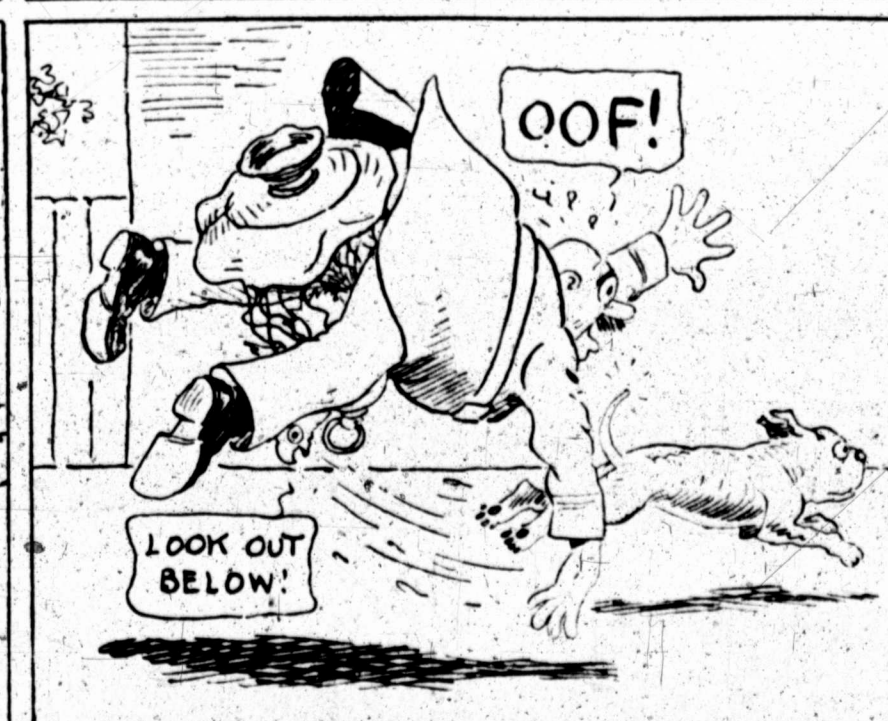

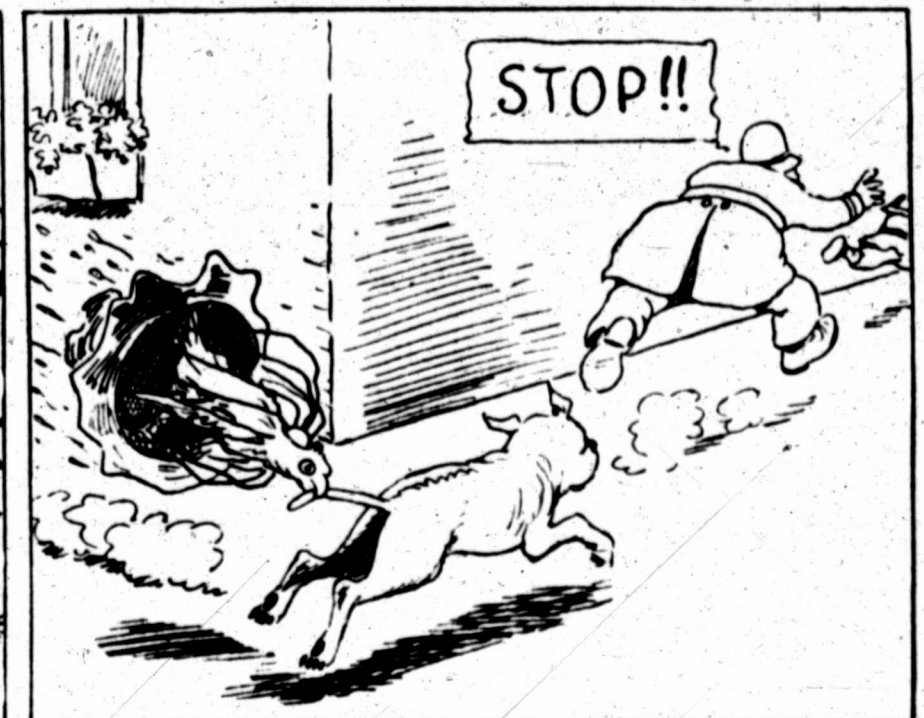

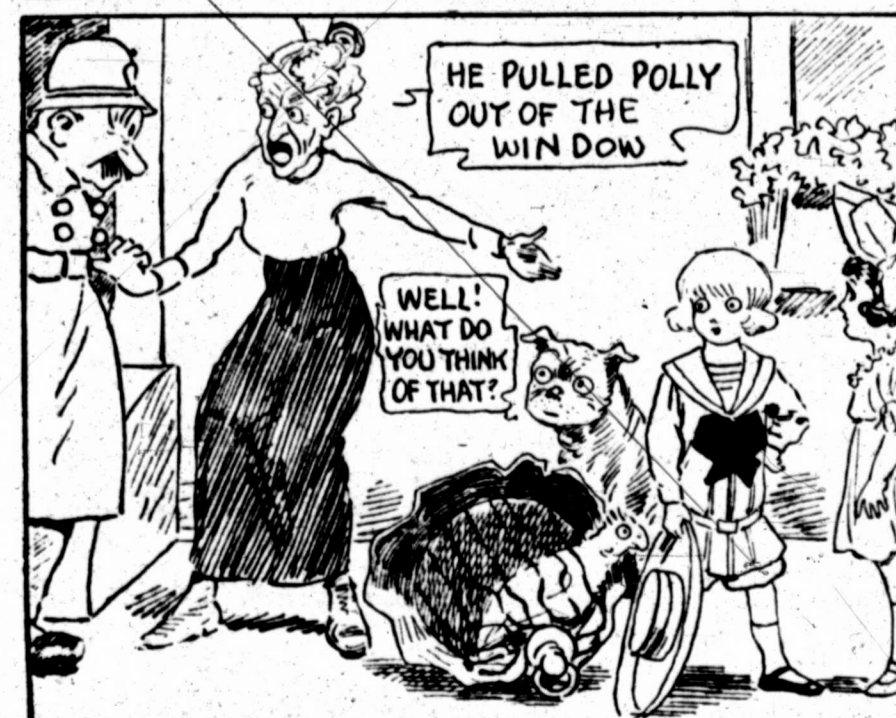

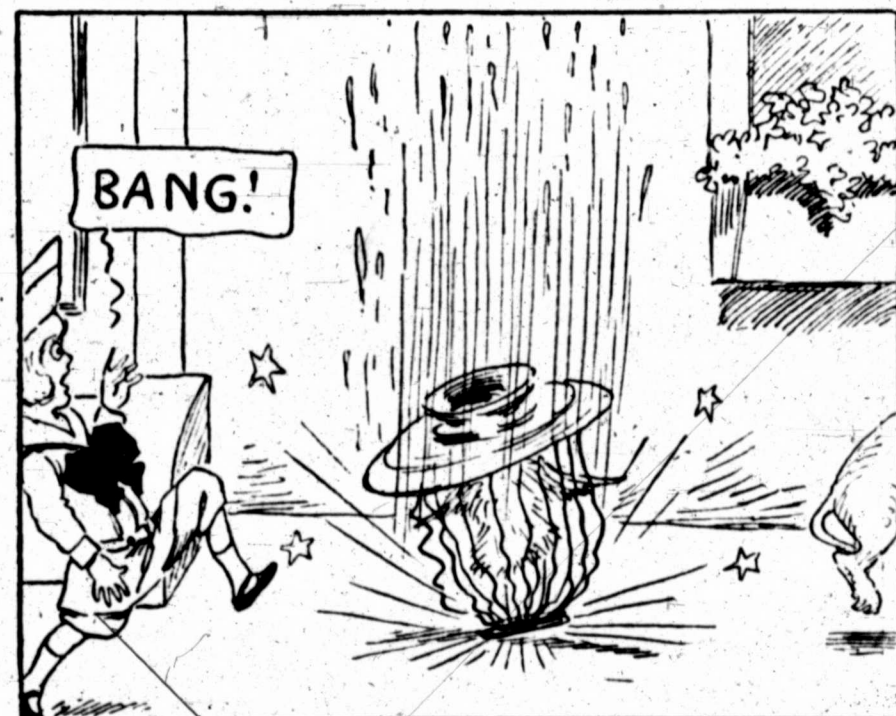

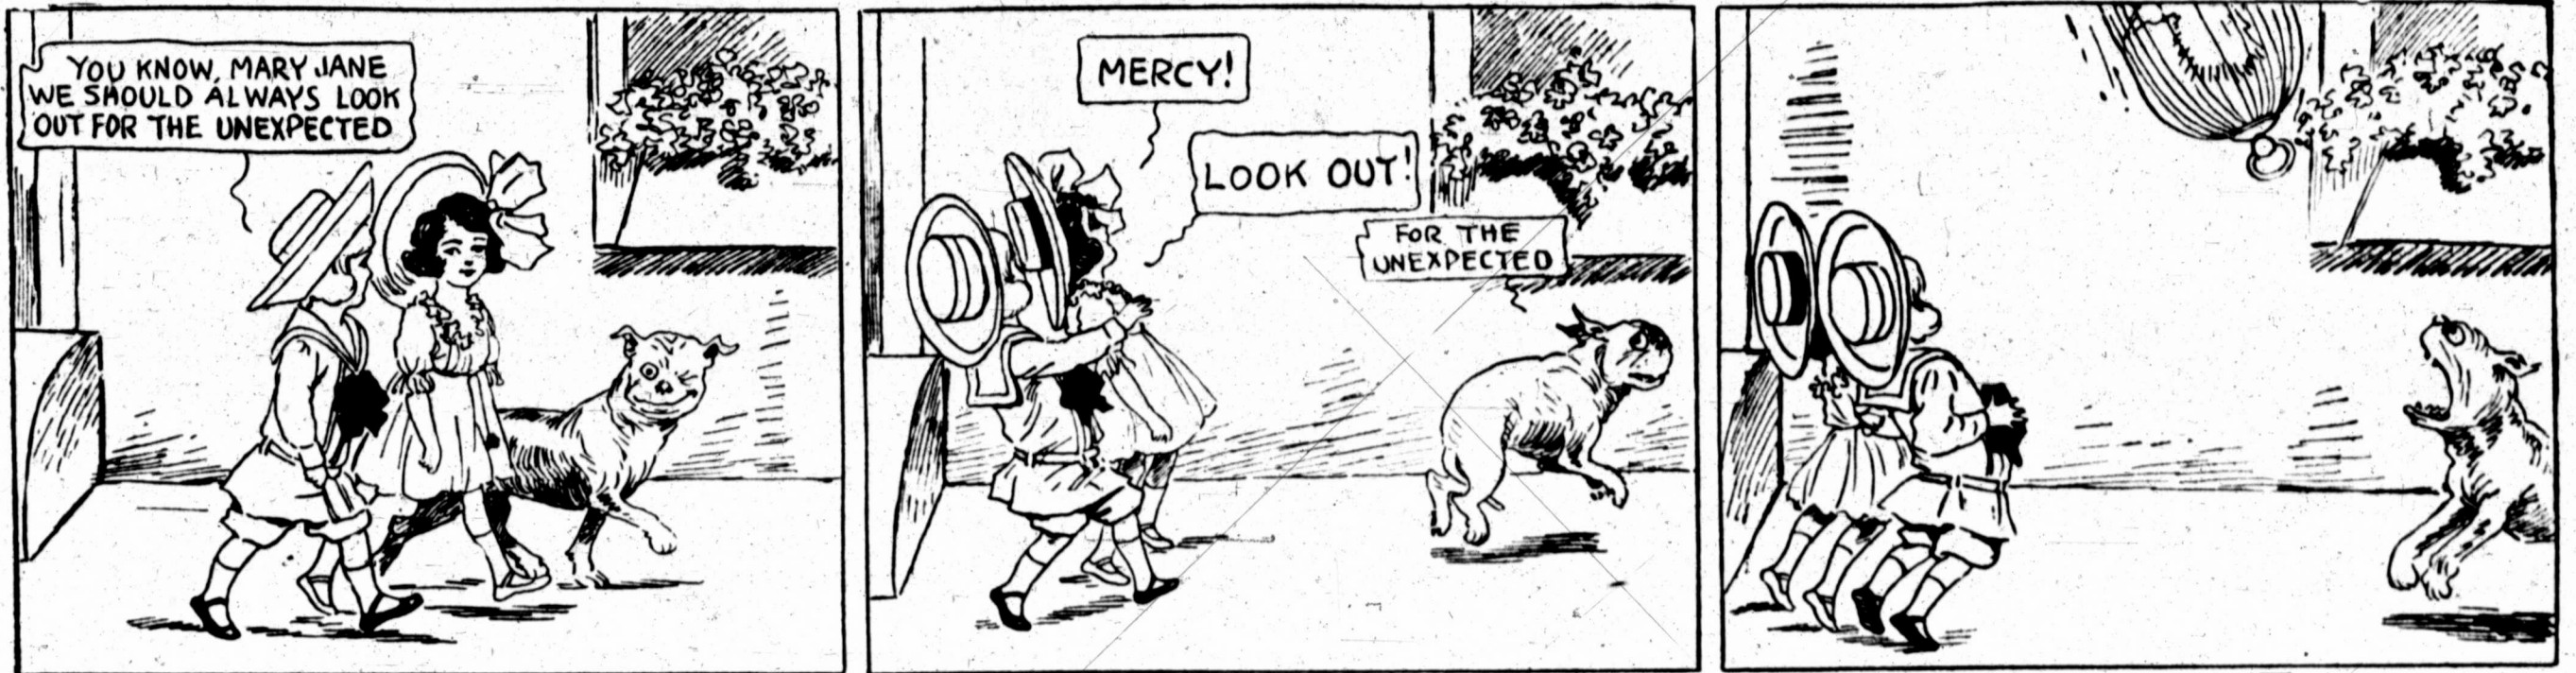

THE ESSENTIAL. One of the most attractive features of baseball is that so many elements figure in the make-up of a winning team. There is no one essential. The Tigers proved year after year that mere slugging and run getting wouldn't win—minus the needed pitching strength.

top of the heap of the National League with an average of .403. Roger Hornsby, the St. Louis star, continues to be the real leader with an average of .360. Hornsby has played in 31 games as compared with 51 for the Bostonian. Cy Williams, of Philadelphia, the leading home run hitter, failed to boost his total above the nine mark. In base stealing, Max Carey of Pittsburgh con-

You certainly said it! Never has such quality, flavor, mildness and body been combined in a cigarette. Camel CIGARETTES. CAMELS fit into your highest cigarette ideals so quickly and you enjoy their refreshing flavor so keenly you'll say they are the greatest cigarette you ever smoked! And, you're right! For, Camels have never been equalled in their quality which is as distinctive as their expert blend of choice Turkish and choice Domestic tobaccos. You will prefer Camels blend to either kind of tobacco smoked straight. Camels never tire your taste and they are satisfying to the limit because that desirable body is all there! And, what's more, Camels leave no unpleasant cigarettey aftertaste nor unpleasant cigarettey odor. Compare Camels with any cigarette in the world at any price!

IT'S THE UNEXPECTED THAT ALWAYS HAPPENS.

PLANS BEING MADE TO INSTALL TEMPLE

Ben Hur, Hella And Other Shrine Temples Arranging To Be On Hand.

Petitions for the use of Shriners who desire to be initiated into Maskat Temple, the new shrine recently granted to Wichita Falls will be off the press today, according to E. M. Belcher, secretary of the local Shrine club.

The installation of the new temple will probably take place around the first of September. Ben Hur Temple, at Austin, already has signified its intention to attend the ceremonies here, and to bring its band and patrol, and also its famous "Ben Hur" chariot. The band and patrol of Hella Temple, Dallas, also will be on deck for the big time. Arrangements are being completed by J. W. Chatham, head of the traffic bureau of the Chamber of Commerce, for special trains to bring the visiting Shriners to this city.

It is expected at least 200 candidates will be initiated in the course of the installation ceremonies. These, with the 800 Shriners who signed the petition to the Imperial Council for the establishment of Maskat Temple, will constitute the charter membership.

Attention: Those who vote in the primary election if you want some one who will give the public roads attention vote for Jackson for commissioner precinct one. I am a road man and believe I can make some improvement. Yours truly—J. P. JACKSON, 66-37p (Political Adv.)

MEMBERS Y. W. C. A. BOARD PLEASED WITH SUCCESS OF Y. W. SUMMER CAMP

Members of the local Y. W. C. A. board are immensely gratified over the already assured success of the Y. W. summer camp, which is being held this summer at the Rod and Gun club, and Mrs. W. W. Silk, president of the board, stated Sunday, after a visit to the splendid beginning made this summer, the Y. W. camp in Wichita Falls would be one of the city's biggest summer attractions for young women and girls hereafter.

Twenty-four young women were present at the breakfast table Sunday morning, the crowd including eight or ten girls from Western Union who came out for a swim and breakfast at camp. The remainder of the girls came out Saturday afternoon and night, and the crowd enjoyed swimming, outdoor games, tramping, and various sports during the whole day. It was an unusually enthusiastic crowd, a number of whom had been summer visitors at other Y. W. camps previously, and knew all the "pass words," including the rousing Y. W. songs. Several girls in the crowd had kodaks and a lot of typical Y. W. pictures were taken.

Sunday evening the camp had several town guests, including Mrs. E. M. Evans and her guest, Mrs. Glass, who came out at 7 with Mrs. Silk. Mrs. Evans led a short, but thoroughly enjoyed vesper service out under the trees, following which she met the members of the camp and at special request promised to return next Sunday for an early morning talk.

Several crowds of girls are planning to go to the camp this week, including the high school girls.

WHITE FAILS TO APPEAR BOND ORDERED FORFEITED

William White, who was the "party of the first part" in a fist fight with Dewey Miller on the porch of a Scott street boarding house Saturday morning, apparently has decided it is wiser to forfeit a bond of \$10 than to face a continuation of the city attorney's cross examination. White's trial started in police court Saturday afternoon, and was set over until afternoon for continuation—but White has not been seen since, and a police alarm for his arrest has been circulated.

Although the direct charges against both White and Miller centered around the disturbance created by the fight, City Attorney Mann Saturday morning grilled White mercilessly regarding his past record.

It may have appeared that I was getting away from the case in point," the city attorney said this morning.
