VILLA SURRENDERS TO MEXICAN AUTHORITIES

INVESTIGATION OF UNAUTHORIZED STRIKE OF COAL MINERS

OFFICIALS OF UNION AND OPERATORS BEGIN CONFERENCE FOR SETTLEMENT

INDUSTRIAL PLANTS IN MIDDLE WEST CLOSING

Chicago Dealers Threatening to Begin Rationing of Coal—Demand for Oil Lengthened

By United Press
Federal investigation of unauthorized strikes of coal miners in Illinois, Indiana and Kansas was under way today as mine union officials and operators began maneuvering for a peaceful settlement, independent of government action.

Thomas T. Brewster, chairman of the operators' committee of the central competitive field, in response to a telegram from John L. Lewis, international miners president today called a conference of operators in Indianapolis and Ohio to determine whether to accept the plan for a joint conference with miners.

Operators in four states were later separate conferences early today. They were to telegraph their decisions to Brewster at St. Louis, who said he would accept the majority decision.

Union officials met in executive session in Indianapolis drafting the proposal for presentation to the operators.

Closing of industrial plants in the middle west began today according to reports. Steel mills in Gary, Ind., and the Calumet region began laying off workers and curtailing operations because of the coal shortage. Chicago dealers threatened to begin rationing of coal. Some concerns are reported to be burning oil.

Await Reply to Telegram.
ST. LOUIS, MO., July 28.—The move for a conference to get the coal industry back to normal, asked by President John L. Lewis of the United Mine Workers of America today reached with the chairman of the operators' organizations in the four states composing the central competitive field.

Following receipt of Lewis' telegram, requesting a conference by Thomas T. Brewster, chairman of the operators' committee of the central competitive field last night, telegrams were sent to the chairman of the state organizations of western Pennsylvania, Indiana, Ohio and Illinois.

Brewster said this morning that a conference of operators to be held in those telegrams. He refused to indicate whether the miners' request would be accepted by the operators.

Adjustment Hoped For
CHICAGO, July 28.—Adjustment of unauthorized strikes in the central competitive field loomed today.

Coal operators were expected to reply favorably to the telegram of John L. Lewis, international miners president, who today called a conference with the chairman of the operators' organizations in the four states composing the central competitive field.

Lewis declared the conference should be held on normal conditions. He declared the situation of grave importance and "tremendous public concern." His request was accepted by the operators.

Operators here today said the request sounded reasonable, and indicated their agreement. Federal authorities have been investigating the strike, it was learned today. "We have been at work to see if there has been violation of the Lever law by collusion or attempts to increase prices or restrict supply," an official of the district attorney's office said today.

He said his investigation had not proceeded far enough to be presented to a federal judge.

Indiana miners will be ordered to return to work tomorrow pending an effort to adjust the wage demands of day workers. It was decided at a meeting of union officials here today.

3100 MINERS IDLE IN FORT SMITH DISTRICT
FORT SMITH, ARK., July 28.—More than 3,100 coal miners are idle in the Fort Smith district today, the Spadra group having failed to return to work today following directions from district attorney's office. In Huntington, 350 men are out over a dispute concerning two hours pay, according to leaders. Efforts are being made to get the Spadra men back into the mines but John Sims, board member, said today he did not expect to see the mines in operation before next week.

INDUSTRIAL COURT LIKELY TO INVESTIGATE STRIKE
TOPEKA, KANS., July 28.—Governor H. J. Allen and members of the court of industrial relations were in conference here today attending a meeting (Continued on Page 2 Column 1)

SIR THOMAS LIPTON AND H. D. B. PARSON OWNERS OF SHAMROCK AND RESOLUTE

RETREAT OF POLES CONTINUES ALONG THE ENTIRE FRONT

BOLSHEVIKI INTEND TO OCCUPY IMPORTANT CENTERS BEFORE ARMISTICE NEGOTIATIONS

BOLSHEVIK ARMY ALSO ADVANCING IN ARMENIA

Rumors of Greek Movement for Purpose of Cutting Off Communications

WARSAW, July 27.—The Polish retreat continues along the entire front, according to the latest news on the fighting operations received here.

Reports from bolshevik sources indicate that the bolsheviks intend to occupy Suwalki, 40 miles north of Grodno, and Bielsk, 40 miles southwest of Grodno, before beginning of the armistice negotiations set for Friday. The bolsheviks now are within 10 miles of Bielsk.

By Associated Press
CON STANTINOPLE, July 27.—The bolshevik army advancing from Baku through Armenia, took Cocha, 244 miles southwest of Baku, virtually unopposed, as well as Gouyous, 24 miles southwest of Cocha, the next important town on the wagon route to the Tabriz railway. In Baku the bolsheviks are gaining a large Armenian communist army to assist in the overthrow of the Armenian republic.

British warships have seized a Russian ship from Nikolai at Trebizond, carrying bolshevik arms and ammunition for the nationalists. Many rumors are in circulation in Constantinople with regard to a possible Greek movement through Bulgaria toward Ankara for the purpose of cutting nationalist communications with the Caucasus bolsheviks.

BAILEY DECLARES HE WILL STUMP DOUBTFUL STATES FOR DEMOCRATIC TICKET

DALLAS, July 28.—On the fact of incomplete, unofficial returns from 249 counties, Joseph W. Bailey, former United States senator from Texas, had increased his lead to 137,822 votes against R. E. Neff of Waco, his closest opponent in the fight for the democratic gubernatorial nomination in last Saturday's primary. Mr. Bailey, who tonight was making a question in labor matters and Mr. Neff will contest in a run-off primary August 28.

The vote, which 49,120 ballots were stored July 27, 1920, Neff 137,822; R. E. Neff 91,548; B. F. Looney 45,542.

Mr. Bailey announced today that after the run-off primary he would campaign for the national ticket in doubtful states.

BAR EXAMINATION AT FORT WORTH AUGUST 9

AUSTIN, July 28.—A special meeting of the state board of legal examiners will be held at Fort Worth Aug. 9 for the purpose of having a bar examination for those desiring to practice law. It was announced today. Judge F. A. Williams of Galveston is chairman of the board.

ANOTHER STRIKE BELIEVED LIKELY IN STEEL INDUSTRY

INTER-CHURCH WORLD MOVEMENT MAKES PUBLIC REPORT FORWARDED PRESIDENT

CHARGES OF BOLSHEVISM IN STRIKE UNFOUNDED

Report Declares That in Past Ten Years Hours of Workers Have Been Lengthened

NEW YORK, July 28.—Another strike in the steel industry is inevitable unless vital changes are made in administration of that industry, according to the inter-church world movement on the recent steel strike, made public here today.

A copy of the report was sent to President Wilson with a letter recommending a special committee be charged with effecting immediately a free and open conference between employers and employees in the steel industry.

The report declared charges of bolshevism in the steel strike unfounded and that half the employees of the United States Steel Corporation were still working 12 hours a day. Other findings included the charge that in the last ten years the daily hours of workers have been lengthened and of shorted; the bulk of unskilled labor earned less than enough for the average family's minimum subsistence and the bulk of skilled labor earned less than enough for an average family's comfort; control of the industry is arbitrary; the system arbitrary control extending outside the plants affecting the workers as citizens and the social institutions; blacklists were used; workmen discharged for union affiliation and that "under cover" men and labor detectives were employed in connection with the industry; profit and police authorities.

As a solution for unrest and prevention of further strikes, the report suggested adoption of the eight-hour day; recognition of the right to join craft unions and a vast extension of home building, by communities where possible; and by the steel companies, where community building is inadequate or impossible.

A RARE WASHINGTON PORTRAIT PRESENTED TO N. Y. HISTORICAL SOCIETY

NEW YORK, July 28.—A rare and comparatively unknown portrait of George Washington, painted in oil on a marble slab by Archibald Robertson, has been presented to the New York Historical Society by Tarrant Putnam, a local descendant of the artist. It was announced today.

The colors of the painting are said to be as bright as if it had been just completed and shows Washington clad as a civilian in pale brownish coat with broad white ruffles down the front.

A notation by the artist on the back-board filling indicates that the portrait was painted in Philadelphia in 1776. The artist had written that when the painting was made Washington did not wear his false teeth.

NATIONWIDE SEARCH FOR EUGENE LEROY

Body of Woman Found in Trunk Positively Identified by Policeman's Wife

NEW YORK, July 28.—Mrs. Leo Trumbull, wife of a Detroit policeman today at the Bellevue morgue, identified the body of the young woman found in a trunk in the American Railway Express company warehouse here last week, as that of Mrs. Eugene Leroy, Mrs. Trumbull was positive in her identification as well as was her husband, who also viewed the mutilated body.

Arrested on Suspicion.
ALLEN TOWN, PA., July 28.—Roy Larrow, alias William Larroy, who was arrested here yesterday on suspicion in connection with the mysterious trunk murder, so strongly resembles the man sought for the crime that an officer has been sent to Detroit to get Larrow all in there were evidences of a struggle, the house having been ransacked and the woman's hands and feet were tied with clothes.

At the larger centers of storage, this year the department found 24,572,000 bushels against 2,522,600 in the same places on July 1, 1919.

ARMY AIRPLANES LEAVE EDMONTON THURSDAY

EDMONTON, ALBERTA, CAN., July 27.—The four United States army airplanes which arrived here today on their flight from Minnea, N. Y., to Nome, Alaska, will not start for Jasper, Alberta, until Thursday morning. Captain St. Clair Street, head of the expedition, announced tonight. The planes will be subjected to a minute inspection in the meantime, he said.

NON-PARTISAN LEAGUES DENIED NEW TRIALS

FAIRMONT, MINN., July 28.—A. C. Townley, president of the non-partisan league, and Joseph Gilbert, former league organizer, today were denied new trials on charges of conspiracy to encourage disloyalty during the war. They are under 90-day jail sentence.

FRANCISCO VILLA SURRENDERS UNCONDITIONALLY TO MARTINEZ WILL RETURN TO PRIVATE LIFE

EAGLE PASS, TEXAS, July 28.—(Mex)—Francisco Villa, bandit leader, surrendered unconditionally after an all-night conference with General Eugenio Martinez, commanding the Torreón military zone, according to advices received by the Mexican consul here today.

Villa will return to private life, the message added. Much rejoicing throughout Mexico is reported, with celebrations being arranged.

Carl Haeglin, American president of a brewery at Sabinas, who has been held by Villa for ransom, has been released, the report added.

What the terms of Villa's surrender were, aside from the one calling for his return to private life, were unknown here today.

Reports of the past few days were that Villa was negotiating by telegraph with President de la Huerta at Mexico City and General Martinez. The final negotiations with General Martinez were personal, however, the consul's information stated.

Yesterday refugees from Sabinas, which Villa recently captured, arrived at Piedras Negras, opposite here, and reported that Villa had killed more than a score of Sabinas women after cutting off their ears, as well as killing every Sabinas policeman. These reports lack verification.

Reports of Villa's negotiations for his surrender included statements that he had from 300 to 3,000 men with him and that unless he could obtain satisfactory terms would wage one of the bloodiest and most relentless warfare the revolutionary republic had witnessed in the years of civil strife.

Villa was restored to full citizenship and will return to Chihuahua, his old home. It was understood here. Villa also was given a yearly allowance by the Mexican government, the report added, and his men were restored to citizenship and given farming lands.

URGENT REPRESENTATIONS MADE BY UNITED STATES
WASHINGTON, July 28.—Representations described today at the state department as of an "urgent nature" have been made to the Mexican government as a result of the kidnaping of Carl Haeglin, an American citizen, by Francisco Villa several days ago.

The Mexican authorities have been asked through the American embassy at Mexico City to take all steps possible to effect the release of the prisoner, who was taken from Sabinas, Coahuila, and is reported to be held for ransom.

Officials appear not to be particularly worried over Haeglin's safety, as several other Americans taken by the bandit chief have been held for only brief periods, Villa explaining that his only motive was to obtain first hand information of outside affairs, as a means to force them to act as the bearers of his message. In no case has Villa exacted a ransom.

Reports to the state department today said Mexican government forces were moving rapidly from Monclova toward Sabinas and that all the infantry troops in the north had been held in readiness to co-operate in a movement calculated to effect the capture of Villa.

Mexico City newspapers yesterday published unconfirmed messages of the unconditional surrender of Villa, and an American official at Chihuahua reported that a similar report had been received by a Chihuahua newspaper.

No confirmation of these reports had been received here.

AMUNDSEN REPORTS ALL WELL WITH EXPEDITION

NOME, Alaska, July 27.—Ronald Amundsen, Norwegian explorer, arrived here tonight from the Arctic Ocean. Some tonight from the Arctic Ocean. Amundsen arrived here on a tug and said he left his vessel at Sledge Island, 100 miles from Nome, for the last ten days he has been stormbound. He reported all well with his expedition.

On his arrival here Amundsen was taken to a hotel where several hundred people gathered to greet him. He said tonight was the first time in two years he had been in a place where he could "clean up."

Amundsen told of an encounter with a polar bear last winter in which his clothing was torn from his body, one of his arms broken and his back and legs severely lacerated. He is still suffering from the effects of the encounter.

Ronald Amundsen has gone to Nome, it is thought, to outfit for an attempt to reach the north pole. According to Christiana dispatches in April, the explorer hopes to look his way in the ice of eastern Siberia and drift across or near the pole. He plans to be gone five years.

Ever since Amundsen sailed north from Norway in 1911, he has been in the Arctic for 19 months he was not heard from. First word from him came in April, 1920, when members of his expedition arrived at Anadir, Siberia, across the Bering sea from Nome, and reported they had come overland from the Arctic where the Maude was stranded south to Nome.

Amundsen's arrival at Nome, it has been said, gives him claim to first circumnavigation of the globe through the waters between the Arctic, the pack and the northern edges of Europe and America.

GOVERNOR COX SPENDS ALL DAY ON ACCEPTANCE SPEECH

CANDIDATE PLANS TO MAKE MOST OF OPPORTUNITY TO WORK UNINTERRUPTEDLY

NON PARTISAN PARADE IN HONOR FRIDAY

People of Dayton and Miami Valley Will Unite in Paying Tribute to Cox

DAYTON, O., July 28.—An all-day stretch dictating to his secretary his address for August 7, accepting the democratic presidential nomination, was the exclusive, but formidable affair before Governor Cox today. It was the first day since his nomination that his engagements that were blank and he planned to make the most of the opportunity to work uninterruptedly on the speech.

Installments of the address were to begin today with arrangements for strict secrecy. The governor has stated that he desires to have his address "live copy" in his own hands, as delivered August 7 without being dictated by advance statements.

While some of his main subjects, like the League of Nations, industrial affairs, campaign contributions and others, are patent, the governor is keeping close counsel regarding their details. Also he has yet given no indication whether he favors a drastic prohibition question in the address. With the party platform silent on prohibition, friends of the governor here who have been associated with him for years express the belief that he will not mention it in the speech of acceptance, but that, what they say is characteristic of the governor, he will have no hesitation in discussing the subject in his campaign speeches.

DAYTON, O., July 28.—A big non-partisan celebration to honor the most distinguished son of the Miami valley—Governor James M. Cox—was to be held here Friday.

Republicans and Democrats have joined to make the day one of the biggest in Dayton's history. Every effort was being made to outdo the home county celebration given Senator Warren G. Harding by the city political rival—Marion.

Two airplanes from McCook Field will fly over the city today. The celebration. A parade of 10,000 people will open the demonstration shortly after noon. Factories and business establishments will declare a half holiday and later on Monday the parade will virtually every Dayton worker will march. Former service men will have a prominent part in the parade.

The mayor's office today announced that the parade of honor erected in front of the court house. He will be congratulated by Mayor J. M. Switzer and will remain in the city for a number of days. The city will then show its enthusiasm with the firing of 1,000 aerial bombs followed by a display fireworks at night.

The Meter Band of Niqua, Ohio, which led in the demonstrations at San Francisco and the Rainbow division band will participate.

Mayor Switzer today announced that "the people of Dayton and the entire valley should unite, not as partisans but as neighbors and friends in paying tribute to a five state public health service, as a bubonic plague prevention step."

Cox will continue work on his speech, he announced until the time of the celebration.

FRONT PORCH PLAN MAY BE ABANDONED

Harding's Advisors Reported Growing Dubious and Charge of Plans Expected

By RAYMOND CLAPPER
United Press Staff Correspondent.

MARION, O., July 28.—Political advisers of Warren G. Harding are daily growing more dubious regarding the front porch plan of campaign and the possibility that republican nominees will spend less time in Marion than he originally expected, figured in "peculation" around headquarters today.

They agree with the candidate that he should not resort to barn storming and rear end speech making.

Harding is understood to be as strong for the front porch campaign as ever, but some political advisers here from various sections would like to see the senator make a number of political speeches in various cities, instead of the eight or 10 he originally planned.

One influential factor in the vast number of letters and telegrams coming to him, asking Harding to make speeches in various localities.

Another reason put forth by politicians in local candidates everywhere, is that especially congressmen and senatorial candidates want Harding to visit their districts to help them in their own fights.

The main objection of the front porch campaign as some see it, is the high cost of traveling precluding organization of large delegations to come from long distances. Each visitor would be expected to pay his own expenses.

LABOR BEGINNING TO SEE SOMETHING IN KAN. INDUSTRIAL LAW

TOPEKA, KANS., July 28.—Labor is beginning to see something in the Kansas industrial court for its own good. A. I. Flemming, organizer for the American Federation of Labor, in a letter to all union men in the state urges them not to join in the clamor of certain labor leaders against the new court of industrial relations until they have a more thorough understanding of it. Flemming says that after a study of the court for two operations of the law and the operation of the court which he feels should prove a great benefit to labor. He cited benefits already derived by labor from wage increase appeals to the board.

The law enables labor to bring its controversies into the industrial court for adjudication without cost. Governor Allen has contended the reason certain labor leaders oppose it is because it eliminates necessity for strikes and leaves agitators without a job.

CONVICTED STENOGRAPHER FORFEITS HER BOND

KINGSVILLE, TENN., July 28.—Miss Maude Moore, a stenographer, who was convicted of the slaying of Leroy J. Parth, wealthy automobile dealer here, and sentenced to 21 years imprisonment, but who was granted a new trial, failed to appear in court yesterday. Her bond of \$10,000 was declared forfeited and a reward of \$500 offered by the bondsmen for her capture. Miss Moore's mother informed the authorities that her daughter had disappeared some time ago and her failure to appear in court on the date set for the second trial did not cause surprise.

JUDGE AMES WILL RESIGN AS ASSISTANT ATTORNEY GENERAL

WASHINGTON, July 28.—Judge C. B. Ames, who will retire August 21 as first assistant to the attorney general, is to resume his law practice in Oklahoma City.

Census Reports

INVESTIGATION OF UNAUTHORIZED STRIKE

(Continued from page one)
The strike of Kansas coal miners. No announcement was made as to the course the state would take in attempting to settle the strike. However, it was intimated an investigation of the trouble might be instituted by the court.

ST. LOUIS INDUSTRIES THREATENED BY STRIKE

ST. LOUIS, July 28.—Industrial St. Louis faces a coal famine as a result of the strike of coal miners. Many industries here have only sufficient coal to last 24 hours. It was reported at a conference of city officials, business men, coal dealers and representatives of railroads today.

5,000 WORKERS AT GARY, INDIANA, PLANT

GARY, Ind., July 28.—As a result of the fuel shortage 5,000 men here are idle, it was reported today. The American sheet metal plant, one of the largest in the kind, was out of commission. The big Bessemer in the Gary works were operating only intermittently, the plant being seriously handicapped by the big blast furnaces were cold.

ST. SANDEN'S STATUE OF LINCOLN PRESENTED TO BRITISH BY ELAHU ROOT

LONDON, July 28.—Elihu Root, former American secretary of state, who recently took part in the work of the commission of jurists at The Hague for the establishment of a permanent international court of justice, today formally presented to the British people the Saint Sandens statue of Lincoln, in Canning Square, as a gift from America, and later the statue was unveiled. Premier Lloyd George, seriously ill, was unable to attend the ceremony. The presentation was made in the presence of a distinguished audience in the central hall of Westminster. The event was widely heralded in the British press as further cementing Anglo-American friendship. In the course of his address Mr. Root declared:

"It is the identical fundamental conceptions in both countries which make it impossible in any great world emergency that Great Britain and America can be on opposing sides. These conceptions of justice and liberty are the breath of life for both. While they prevail, both nations will endure; if they perish both nations will die. These were Lincoln's inheritance. Today I formally presented to the British people the Saint Sandens statue of Lincoln, in Canning Square, as a gift from America, and later the statue was unveiled. Premier Lloyd George, seriously ill, was unable to attend the ceremony. The presentation was made in the presence of a distinguished audience in the central hall of Westminster. The event was widely heralded in the British press as further cementing Anglo-American friendship. In the course of his address Mr. Root declared:

GREEKS MAY REFUSE TO SIGN TURKISH TREATY

PARIS, July 28.—If the Turkish delegates arrived from Constantinople in time it is probable that the peace treaty with Turkey will be signed at Sevres tomorrow as planned. There is a possibility, however, that Greece may withhold her signature for a controversy between the Greeks and Italians over the islands of the Dodecanese in the Aegean.

The Greeks are understood to have declared that unless they received a favorable reply from the Italians previously they would not sign the treaty of the islands in question were given to Italy by the peace treaty. An agreement was effected a year ago, however, by which Italy consented, it is stated, to turn the islands over to Greece in return for concessions to Italy in Asia Minor. The new Italian government, it is reported in diplomatic circles, has represented that the concessions were not such as it expected to receive and has demurred to the consummation by formal treaty of the reported tentative agreement.

DUBLIN RAILROAD MEN REFUSE TO CARRY TROOPS

DUBLIN, July 28.—Twelve hundred railroad workers were idle here today, due to refusal to carry troops. A small garrison was marooned at Dunblow, a town on the train line. A relief party was delayed 26 hours and when they finally found an "sterile" engineer willing to run their train, hundreds of Sinn Feiners sat on a report from Brandon, Count. Cork, said a corporal of an Essex regiment had been shot dead.

CONFESSED PLAN TO MURDER INSANE WIFE

NASHVILLE, Tenn., July 28.—George Littoral, a young farmer of Sumner county, has confessed, according to the police here, that he sent the poison to his wife, Mrs. Sibbie Littoral, an inmate of the Middle Tennessee hospital for the insane, which resulted in the death last week of Mrs. Sibbie Brooks, another inmate, and the serious illness of Mrs. Littoral and two hospital attendants.

The confession was made public by the police, quotes Littoral as saying he had contemplated his intention to attempt to poison his wife to a young woman neighbor, whom, it was said, he had planned to marry.

AFTER LOSING MONEY HOLD UP CRAP GAME

Last night two negroes appeared at the police station and complained that they had been robbed of something more than \$10 by two other negroes, with whom they had been gambling in a servant's house. According to their story there were five negroes in the game, and two of them, by the fair laws of chance, lost all their money. These two said they would go and borrow the necessary funds with which to continue the diversion. They went outside together and presently returned with \$10, which went the way of their other money. Each then pulled a pistol and forced the other three to give up all they had.

HARDING TO DELIVER FIRST FRONT PORCH SPEECH NEXT SATURDAY

MARION, Ohio, July 28.—Preliminary work on his first front porch speech is to be delivered Saturday to a delegation from Mansfield, Ohio, was begun today by Senator Harding. He indicated that he would make only a short address.

CANDLE AS INDICATOR

A device to indicate the moment when the air supply of a room has become so vitiated as to reach the danger point consists of a candle in an enclosed space and the character of the flame will tell of the declining oxygen supply.

DEMOCRATIC CHAIRMAN TO MEET 2 P. M. SATURDAY

Letters are being mailed today by S. E. Heyser to every democratic precinct chairman, summoning each to attend a meeting at the court house in this city next Saturday afternoon at 2:00 o'clock, at which time the votes in the recent primary contests will be canvassed. Heyser already has received from chairman of precincts outside Wichita Falls letters confirming election results, but he is anxious to have every chairman present in person at Saturday's meeting, if possible. Heyser is directing the canvass at the request of Judge R. E. Huff, democratic county chairman, who is absent from the city.

SAYS HE FOUGHT 20 YEARS TO BE PRONOUNCED SANE

LOS ANGELES, July 28.—John Armstrong Chaloner, who says he is a millionaire grandson of John Jacob Astor and that he fought for twenty years to have the New York courts pronounce him sane, registered at a hotel here as "J. A. Chilton, Compton, Iowa," and telegraphed New York newspapers last night that he will release a "big story" today.

WILLIAM MARION REEDY DIES IN SAN FRANCISCO, CAL.

SAN FRANCISCO, July 28.—William Marion Reedy, St. Louis, widely known editor, died here today. He came to San Francisco to attend the democratic convention and was taken ill following its close. He was publisher of Reedy's Mirror, St. Louis weekly.

BARS POLITICIANS FROM THE MILITARY SERVICE

WASHINGTON, July 28.—Secretary Baker issued instructions prohibiting any person in the military service from taking any part in political campaigns or using his official position to influence the result of an election.

UNOFFICIAL CONVENTION NAMES JUDGE MILLER

SARATOGA SPRINGS, N. Y., July 28.—Judge Nathan L. Miller of Syracuse was nominated for governor late today by the unofficial republican convention. A party platform was adopted.

MARRIAGE LICENSES

Joe W. Beasley, city, and Mrs. Pearl Cleveland, city.

James Lewis, Burkburnett, and Miss Effie Nichols, Burkburnett.

Charles Beard, Houston, and Miss Naidia Rhodes, Houston.

W. K. Miller, city, and Miss Etta May McNeill, city.

FIVE INCH RAINFALL REPORTED AT EAGLE PASS

EAGLE PASS, TEX., July 28.—More than five inches of rain fell here from midnight last night until 7:00 o'clock this morning.

NATURAL GAS WILL LAST ONLY 25 MORE YEARS

PITTSBURGH, PA., July 28.—Natural gas will last only 25 years longer and hardly that time unless the supply is conserved, according to an opinion expressed by Samuel S. Weyer of the United States bureau of mines, at the natural gas conservator conference being held under the direction of the Pennsylvania public service commission here today.

Mr. Weyer further censured the opinion that all natural gas companies must eventually manufacture such gas as they will sell to consumers. He urged higher prices as a means of cutting down consumption in the cause of conservation, declaring that even with higher prices, consumers would get natural gas for much less than they would have to pay for manufactured gas.

CHICAGO PUGLIST DIES FOLLOWING KNOCKOUT BLOW

DETROIT, MICH., July 28.—Jack Foltine, 23, a Chicago puglist, died here early today following a knockout blow struck during a bout here last night with a local fighter. When he fell, Foltine's head struck the mat.

BAILEY RALLY WILL BE HELD TONIGHT

Judge Spencer Will Preside and Weldon, Humphreys and Parnell Will Speak

Bayley forces will fire the opening gun in the run-off campaign in an open air rally to be held at the Moore and Richolt lot, corner Ninth and Indiana, at 8 p. m. Wednesday night.

Everybody interested in the election of Senator Bailey as governor is urged to be present at an open air meeting tonight on the Moore and Richolt block at the corner of Ninth and Indiana streets.

Among the speakers who will make short talks in the interest of Senator Bailey in the run-off will be Judge H. F. Weldon, judge of the 30th district court; Honorable Leslie Humphreys; Honorable J. D. Parnell, present representative from this district and a number of others.

Some notice will be taken by the speakers of the meeting held at the court house last night by the supporters of Mr. Neff. The fight in the county will be conducted on a high plane, free from acrimony or personalities, yet we expect to make a forceful and energetic campaign to carry this county for Bailey.

A number of people who voted for Mr. Neff in the first primary have already been around and have signified their willingness to support Senator Bailey in the run-off because they believe that the man who led in the first should lead in the second.

We especially urge the ladies to be present. Some definite announcement will probably be made with reference to the challenge of Neff supporters for joint discussion.

We denounce an untrue rumor quoted in the Times of yesterday that a campaign fund of \$10,000 had been raised to carry the county for Bailey. Only such money will be spent by the committee as is necessary for advertising and office expense. It probably will not equal the campaign expense of the other side.

ALL-METAL MONOPLANES READY FOR FLIGHT FROM COAST TO COAST

NEW YORK, July 28.—A fleet of three all-metal monoplanes were ready today at Central Park, Long Island, to take off for San Francisco, carrying the first bag of mail ever to cross the continent by airplane.

The trip is for the purpose of mapping out a regular aerial mail route which is scheduled to open the first week in September. It is under the joint auspices of the postoffice department and the United States air service. The party numbers 15 persons, including guests, photographers and mechanics.

On the return trip, it was said, an attempt will be made to make the trip with only one stop, probably at Omaha, Neb.

MARKSMEN COMPETE FOR CHAMPIONSHIP

American Team Has Strong Hopes for Winning Marksmanship Title in Olympic Event

ANTWERP, BELGIUM, July 28.—The marksmanship title of the world is at stake in the Olympic target shooting events beginning today at the Belgian army range at Camp Beverloo, about 30 miles from Antwerp, in the direction of the German frontier.

The best army and civilian target shooters with army rifles, pistols and carbines, drawn from all corners of the earth, are competing with their chosen weapons. One unusual feature of this target shooting is that the American rifle is represented by two teams—the American and Belgian. The latter decided that United States arms were the best in the world and secured permission from the war department at Washington to use it.

In addition to the American team which has strong hopes of winning the meet, the following nations were registered to compete: Belgium, Brazil, Canada, Denmark, Spain, Finland, Holland, Great Britain, Italy, Norway, Portugal, South Africa, Sweden, Switzerland and Czechoslovakia.

The individual matches for rifle, pistol and carbine are open to five competitors from each nation and the team events to teams of five men, with two possible substitutes, with the exception of the team-shooting 300 meters, with carbines or any other arm chosen, wherein the team will include six men, with three possible substitutes.

With the exception of prohibiting use of telescope sights, there are hardly any restrictions on individual preference as to ammunition and methods of firing.

I. C. C. TAKES STEPS TO RELIEVE COAL SHORTAGE IN NEW ENGLAND

WASHINGTON, July 28.—Adequate orders have been issued, members of the Interstate Commerce Commission believed today, to relieve the coal shortage in New England. Beginning next Monday, under priority orders promulgated yesterday by the commission, coal will be moved through five Atlantic ports to New England consignees at the rate of 1,250,000 tons a month.

ANDERSON, S. C. QUIET AFTER EXCITEMENT

ANDERSON, S. C., July 28.—Anderson was quiet today after a night of excitement and threatened mob violence as the result of a negro's attack upon a young white woman, Scott Garner, a negro youth, 14 years old, was identified by the woman as her assailant. Officers removed the negro to a place of safety after a mob had been induced to pursue a noisy automobile loaded with policemen.

VICTOR BERGER AGAIN CANDIDATE FOR CONGRESS

MILWAUKEE, July 28.—Victor L. Berger, who was twice elected a seat in congress, is again a candidate for the fifth Wisconsin district. He will be opposed by a republican.

MONKEY GLAND SURGEON HERE

Dr. Serge Voronoff, Russian surgeon on of "Monkey Gland" fame, with Mrs. Voronoff, photographed in New York. He is here to demonstrate and explain his methods and theories for the benefit of American surgeons.

GOVERNOR COX MAY VISIT DALLAS FAIR

DALLAS, TEX., July 28.—One of the most important developments of the 1920 State Fair of Texas season came Saturday when a movement was launched to have the Democratic presidential nominee, Governor James M. Cox, of Ohio, visit the state fair sometime between opening day, October 9 and the closing date, October 24.

The plan so far has a firm foundation in the fact that H. J. Kinzler, secretary of the American Hereford Cattle Breeders' Association, is enlisted in the service of the State Fair in presenting the invitation to the Ohio governor, and will invite him to select October 14, which is Hereford Day at the fair, as the date of his visit. Mr. Kinzler is a firm personal friend of the governor, and will press the cause of the State Fair of Texas strongly. Governor Cox himself is a farmer, and owns a fine herd of purebred Herefords. He is greatly interested in the development of purebred livestock in America, and there is no doubt that he will give the State Fair invitation every consideration, as the State Fair's Hereford show is the largest annual affair of its kind in America.

The visit of Governor Cox would have no political significance, so far as the state fair of Texas is concerned. However, it will be pointed out to the nominee, when the state fair invitation is formally extended, that it will be an extraordinary opportunity to compliment his great army of supporters in the south and southwest, and also to meet in Dallas a great number of southern political leaders and counsel them.

It will be recalled that President Wilson was a visitor to the state fair of Texas a short time before his election to the highest office in the United States can offer, and Governor Cox may well take cognizance of this fact in determining whether the visit can be made. Without anticipating the nominee's decision, it is really believed that the chances are highly in favor of his coming.

Fair Plans Developing
Plans for an unusually successful state fair season are rapidly developing. The complete Mexican National Exhibit, which is now fully assured, will raise the 1920 fair far above past fairs in point of interest, as the Mexican exhibit is conceded to be an extraordinary one. It has never visited any fair except world's fairs prior to this time. The exhibit will find every Mexican state represented in an industrial and commercial way with particular attention toward showing the unlimited raw resources of the neighboring republic. There is no doubt that the present Mexican government is thoroughly alive to the advantages to be derived from the exhibit's visit, and are working wholeheartedly toward making the occasion one which will greatly stimulate the commercial intercourse between the two nations.

One of the famous musical organizations of Mexico City, the Band of the Estado Mayor (Chief of staff of army and navy) will accompany Guard of Honor Opportunity to hear the program of this great band will be an unusual treat in itself to thousands of state fair visitors.

Dr. DuVal, eye, ear, nose and throat specialist has moved his office to 222 Commerce Bldg. Phone 4152. 63-7c

RESOLUTE LIKELY TO BE DISMANTLED

Successful Defender of America's Cup Will Be Taken to Shipyards Soon

NEW YORK, July 28.—Resolute, which decisively defeated Shamrock in the deciding yacht race in defense of the America's cup yesterday, probably will not run another race, said H. De R. Parsons, a member of the race committee of the New York Yacht Club, today. The defender, which cost thousands of dollars, will be taken to a shipyard at City Island today and then proceed to Bristol, R. I., where she will be dismantled at the Herricks yard. Part of her fittings will be stored at City Island.

The Resolute's crew of 22 Norwegians, seven Swedes and one Dane—all American citizens—came in for unstinted praise. Captain Chris Christensen, the sailing master, won the last yacht race against the Shamrock III in 1912.

Sir Thomas Lipton, who had his bitter disappointment behind his cordial congratulations to the Resolute and her crew, saying that the better boat won, will soon leave for a visit to Canada. He will issue another challenge in 1922, he said.

"BEST BOAT WON" SIR THOMAS DECLARES

NEW YORK, July 28.—Intervention of the fate in the form of garbage tugs, fog and six hour time limit, added still another measurement to the contest. Lipton's challenger Shamrock IV could not take America's cup from America. Resolute won the fifth and final race in the international cup regatta off Sandy Hook, fighting the homeward boat against time.

In a freshening breeze during the early part of the windward dash, the big green challenger, which had hoped to be the first to wrest the sailing supremacy from America, forged ahead. The peary white Resolute, dodging garbage tugs, fishing fleets and ocean liners, when still far

from the turning stake, tacked to the starboard, placing herself far in the lead and the race was won. The only question then was whether the defending ship could make it back to the finish at Ambrose Lightship and the committee boat before the six hour time limit had elapsed. She did. The Resolute, starting even, officially, with the Shamrock, finished in five hours, 52 minutes and 15 seconds, a fair mile ahead of her British rival, making it three out of five. "I have been beaten fairly and squarely; the best boat won," Sir Thomas Lipton declared.

ITALY WILL ABANDON ABLONA TO ALBANIANS

ROME, July 28.—Italy has decided to abandon Ablona to the Albanians, according to reports printed in the Giornale d'Italia and the Corriere d'Italia.

TABLOIDS

KANSAS CITY.—Cost of bathing and drying is going up. Acting Chief Engineer Foreman of the water department suggested to the fire and water board that it hike water rates 25 per cent.

SAN ANTONIO, TEX.—A young woman asked to use the telephone of a tire company. After she had hurried out it was discovered she had taken besides a hurried exit \$200 in cash.

OKLAHOMA CITY, OKLA.—John Meled is suing his wife for divorce because "she never was glad to see him," according to his petition filed in the district court.

FREEMONT, ILL.—New burglar equipment—Jimmy, skeleton keys and a jug—interrupted while attempting to act at sacramental wines in St. Joseph's church here, two men deserted their earlier "booty bag."

PEORIA, ILL.—City jail authorities considered ordering steel mattresses for their guests when they found prisoners making "munk-balls" out of the bedding letting them smoulder all night as cigarette lighters.

RAILROADS WILL ASK \$490,000,000

Government Will Soon Be Called On To Pay Deficit Under Agreement

RALPH F. COUCH, United Press Staff Correspondent, WASHINGTON, July 28.—The government under its agreement with the railroads soon will be called upon to pay them \$490,000,000 to meet deficits incurred during March, April, May, June, July and August, Director Parmelee of the bureau of railway economics estimated today. Parmelee characterized this estimate as "very conservative."

"It probably will be more than \$500,000,000," he said. Parmelee figured this way: \$18,000,000—Known deficit covering March and April. \$125,000,000—Estimated net operating deficit for May, June, July and August. \$280,000,000—Wage increase awards.

This is nearly twice the biggest deficit incurred in any 12 months of government operation, Parmelee pointed out. The present deficit is estimated on the basis of six months.

STATEMENT ON HEALTH OF JAPANESE EMPEROR

SAN FRANCISCO, July 27.—An official statement made at Tokyo on July 24 regarding the health of the Japanese emperor was received here today by cable to T. Chita, Japanese consul general. The statement says: "Because of the pressure of official duties during the last few years, his majesty has at times suffered exhaustion * * * and he was afflicted with neuritic rheumatism. As formerly reported, he is now taking a rest. He has been gradually improving, but has not entirely recovered from these ailments. Naturally, therefore, he will refrain for the time being from attending ceremonies and public functions, giving his attention only to matters requiring his personal care."

RAILROADS ASKED TO HELP OBTAIN CARS

Progress on Road Building Depends Upon Ability to Get Cars to Haul Stone

A resolution asking the cooperation of the Port Worth & Denver and the M. K. & T. railroads in obtaining cars to ship crushed rock into Wichita county for the furtherance of the county's road building program was passed at a special meeting of the directors of the chamber of commerce this morning. The traffic bureau of the chamber, through J. W. Chatham and with the assistance of a special committee, T. B. Noble, J. C. Mytinger and G. C. Wood, will take up the matter immediately with the roads.

GIVEN TWO YEARS IN STATE PRISON

Jurors However, Recommend Pardon at End of One Year If Conduct Is Good

After being out about 24 hours, the jury in the case of H. O. Doup, charged with theft of an oil drilling bit, returned a verdict of guilty and sentenced his punishment at two years in the state penitentiary. With the verdict, however, the jury brought in a recommendation to the board of pardons that Doup be granted a pardon at the end of one year, provided he conducts himself properly while in prison.

Society and Clubs

MANY HERE UNACQUAINTED WITH MINISTERS COUPLE DISCOVER IN SEARCH

"My goodness," a bride of probably two hours exclaimed at the Y. W. C. A. Monday afternoon, "doesn't anybody in this town know where the minister lives?" She had stopped for a few moments rest before she and her husband continued a journey which had been "stopped over" in Wichita Falls for the wedding.

"We wanted to be married by Rev. Mr. [redacted], because he married my sister in another town several years ago, and we heard he was here, but we asked half a dozen people where he lived, and nobody seemed to know. Then we remembered the name of another pastor we had heard spoken of as being here, and several people said they didn't know of him, and that he must have left. So we just had to go to the judge—or somebody over there in the court house, and I don't feel half married."

TEXAS CONGRESS WOMEN TO MEET IN NOVEMBER

FORT WORTH, July 28.—The Texas Congress of Women will meet in Dallas, November 8, 9 and 10, according to a decision of the board of managers

Mid-Season's DANCE

Saturday, July 31st

AT THE **Arcadia Dancing Academy** 9th and Travis **Colored Jazz Band** Phone 2330

Amusements

Plaza. The Pathe serial "Daredevil Jack," featuring Jack Dempsey, is the main attraction at the Plaza theater Wednesday night.

Empress. The unexpected has happened and a new idea has been presented in a screen drama. William Fox has accomplished a feat hitherto deemed impossible and in "A Sister to Salome," featured at the Empress Wednesday and Thursday, he presents a theme not only new and startling but of surprising intricacy of plot.

Personal Mention

Mrs. Smith of Post City, who has been the guest of her sister, Mrs. A. E. Myers, returned home today. Mrs. J. R. Richardson of Athens is visiting her daughter, Mrs. E. P. Bass, Mrs. Bass' brother, Sid Bass of Fort Worth, was also expected in Wednesday for a short visit with Dr. and Mrs. Bass.

New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny and exposed and as though the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 50, I have a luxuriant growth of soft, strong, lustrous hair. No trace of baldness. The pictures above here are from my photographs.

Indians' Secret of Hair Growth
At a time when I had become discouraged at trying various lotions, ointments, and treatments, etc., I came across, in my travels, a Cherokee Indian "medicinal man" who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. From recent photo. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

Amusements

Plaza. The musical program which the Olympic has been presenting have been one of their most delightful features, and the past week's numbers have been no exception. A special arrangement of the famous overture, "Port and Pesanti," was rendered on the pipe organ and piano by Miss Grace Mohler and Mr. Guy Redmon and was heartily received, as were the succeeding selections given as the picture was being shown.

Story of the red-blooded days when passions ran strong and the law was weak; when might made right and love was all.

—Also— **Jack Dempsey**

In **"Dare Devil Jack"**

See the best known man in pictures.

Norma Talmadge in "Yes or No"

Said to be the strangest story in which the charming Miss Talmadge has yet appeared. As the "Yes" girl she trods the marble columned hallways of a millionaire's mansion, as the "No" girl she exists in the seclusion of an east side tenement. It is her latest First National Attraction and will be seen at the Olympic theatre Thursday, Friday and Saturday of this week.—Adv.

THREE DAYS LEFT TO PAY SPECIAL TAXES

Heavy Penalties May Be Imposed for Failure to Pay Government Levies

Only three days remain for the payment by Wichita Falls citizens of special taxes, and the filing of returns of capital stock taxes, due to the federal government. The special taxes which are due on July 21 include the tax on brokers, museums, theaters, pawnbrokers, shooting galleries, tobacco, buses and a score of other industries. Forms for filing returns are available at the local internal revenue office. Heavy penalties ranging from a fine not to exceed \$1,000 for failure, and not to exceed \$10,000 or one year's imprisonment, or both, for willful refusal to make return and pay the tax on time are prescribed by the revenue act.

The capital stock tax applies to every corporation carrying on or doing business in the United States. The tax on domestic corporations is \$1 for each \$1,000 of so much of the fair average value of its capital stock for the preceding year ended June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax of \$1 for each \$1,000 of the average amount of its capital employed in the transaction of its business in the United States during the preceding year ended June 30, without the benefit of the \$5,000 deduction.

Brokers Must Pay Tax.

The tax on brokers whose business it is to negotiate purchases or sales of stocks, bonds, exchange, bullion, coined money, promissory notes or other securities and produce or merchandise is \$50 a year. If the broker is a member of the stock exchange, produce exchange, board of trade or similar organization which sells produce or merchandise and the average value on June 30 of a seat or membership in such organization was \$2,000 and not more than \$5,000 he is required to pay an additional tax of \$100. If such value was more than \$5,000 he is required to pay an additional tax of \$150. Pawnbrokers are subject to a special tax of \$100 a year.

Amusement Places Taxed.

Theaters, museums and concert halls are taxed according to their seating capacity, and the population of the city or town in which they are located. Those having a seating capacity of not more than 250 are taxed \$50; seating capacity of more than 250 and not exceeding 500, \$100; exceeding 500 and not exceeding 800, \$150; in excess of 800, \$200. The tax in cities or towns of less than 5,000 inhabitants is one-half of these amounts. This tax is paid by the proprietor.

Persons carrying on the business of renting or operating passenger automobiles for hire are taxed according to their seating capacity of more than two and not more than seven and \$20 for each such automobile having a seating capacity of more than seven and not more than ten.

The special tax on tobacco sales by the manufacturer are as follows: Not over 50,000 pounds, \$5; in excess of 50,000 pounds and not over 100,000 pounds, \$12; in excess of 100,000 pounds and not over 200,000, \$24; in excess of 200,000 pounds, \$24 and at the rate of 16 cents per thousand or fraction thereof in respect to such excess.

Tobacco Dealers Included.

Manufacturers are subject to a special tax with respect to sales as follows: Not to exceed 50,000, \$4; in excess of 50,000 and not to exceed 100,000, \$8; in excess of 100,000 and not to exceed 200,000, \$12; in excess of 200,000 and not to exceed 400,000, \$24; in excess of 400,000, \$24 and at the rate of 16 cents a thousand or fraction thereof in respect to such excess.

Manufacturers of cigarettes, including small cigars weighing not more than three pounds per thousand are taxed at the rate of six cents for every 10,000 cigarettes or fraction thereof.

The tobacco taxes are computed on the basis of sales for the year ended June 30.

The tax on pleasure boats, yachts, power boats and sailing vessels is rated according to the length and tonnage.

Wholesale liquor dealers who have qualified as such under the national prohibition act engaged in the sale of distilled spirits and wines for non-beverage purposes are subject to a special tax of \$100 a year.

Retail liquor dealers confined strictly to dispensing to pharmacists who can sell distilled spirits and wines on prescriptions authorized under the national prohibition act are subject to a special tax of \$25.

CONVERSATION FEATURES WICHITA CLUB LUNCHEON

The Wichita club held its weekly luncheon in the club rooms today. Aside from an announcement by W. S. Neff that a municipal band concert will be held Thursday evening, between 7 and 9 o'clock, in the park surrounding the public library, the meeting of the members was largely confined to enjoyment of a good meal. A close observer, however, might have heard the following conversation during the course of the luncheon:

"Well, I admit I'm on the fence right now. Might support Bailey, might support Neff."

"Please pass the butter."

"Take from me, gentlemen, this open shop question has got to be settled some time, and it might just as well be now."

"Walter, would you mind bringing me a little more coffee?"

"I'm for Pat Neff. You can't pick a flaw in his record."

"Aw, he's too good. What I like about Joe Bailey is that he comes right out and speaks his mind on any subject."

"Say, this dessert is pretty nice, isn't it?"

"Gentlemen, (President Reid now speaking) if no member has anything to bring before the club we will stand adjourned."

Thanks by C. J. Arrington.

I take this method of earnestly and sincerely stating my appreciation for the loyal support and aid rendered me by my friends during the late election and while I was confined to the hospital. I hope you will always find me the same true friend whatever happens.

C. J. ARRINGTON.

EARTH TREMOR REPORTED AT SAN BERNARDINO, CAL.

SAN BERNARDINO, CAL., July 28.—A slight earth tremor at 7:40 this morning did no damage as far as could be ascertained.

ELECTION CALLED TO DETERMINE SEMINOLE COUNTY SEAT

OKLAHOMA CITY, OKLA., July 28.—Governor J. B. Robertson today issued a proclamation calling an election Friday, September 30, to settle the county seat of Seminole county or whether it is to be moved to Seminole.

Wichita Falls Police Force for Whose Benevolent Fund Minstrel Is Given

ALL IS SET FOR CABARET MINSTREL REVUE FOR BENEFIT POLICEMEN'S BENEVOLENT FUND

After several weeks of training under the direction of John Bauer of St. Louis, one of the best known minstrel directors in the United States, the local men and women who are taking part in the "Cabaret Minstrel Revue," benefit minstrel, will present the entertainment tonight at 8 o'clock at the Wichita Theatre.

The Revue, in which only Wichita Falls talent is to appear, is the vehicle for a two-hour round of first-class entertainment in which the latest and best songs, hits, music and laughter feature, with several special numbers which are declared to be worth the price of admission alone. Some of the best talent in the city is included in the cast, and recent full rehearsals of the program promise a production free from any traces of amateurishness. It is believed that the entertainment will be one of the best presented in Wichita Falls this year.

Miss Esther Knowland, soprano, who is to take part in the Cabaret Minstrel Revue Wednesday night.

BAND CONCERT WILL BE HELD IN LIBRARY PARK

The first public band concert of the summer will be held tomorrow night starting at 7 o'clock. The place will be Kemp Library park, instead of Bellevue park, as previously announced. The library grounds being chosen as more convenient and suitable.

Seats for the public will not be ready by tomorrow night, but an effort will be made to have them in place by the second concert, which will be held Sunday night.

The idea of public concerts appears to have met with much favor since the previous announcement was made, and it is expected that a large crowd will attend.

CLINE COMPLIMENTS TRAFFIC BUREAU CHAMBER COMMERCE

W. D. Cline, as president of the Wichita Falls Shrine Club, this morning thanked the Chamber of Commerce for its recent action in providing through the traffic bureau the special train on which hundreds of local Shriners made the recent trip to the Portland, Ore., convention. A formal letter of thanks will be mailed to the chamber later, Cline taking advantage of a directors meeting this morning to express orally his appreciation.

"We had the best train service out of Texas to the convention," he said. "I don't know how he did it, but your traffic bureau manager, Mr. Chatham, obtained concessions for us that no other Shrine delegation from this state was able to get. It added materially to the comfort and pleasure of the trip."

LIST OF POSSIBILITIES FOR COUNTY TICKET MADE BY REPUBLICANS

That the republican leaders in Wichita county intend to put a complete ticket in the field this year was indicated Tuesday evening when a nominating committee met in the office of Orville Bullington, Wichita Falls attorney and prepared a list of possible candidates.

Although none of the names was made public, it was general knowledge that the committee selected three, and four men for every county office. If between now and the close of the week none of these men refuse to run all of the names will be submitted for choice to the republican county convention which meets in this city Saturday.

POWER PLANT AT VICTORIA FALLS

The project to erect a power plant at Victoria Falls, on the Zambesi River in South Africa, has been revived and it is exceedingly likely that a 250,000-horsepower plant will soon be under way at that place. It has been under discussion for many years, but the one thing which stood in the way was the possibility of cheap coal, but this fuel is now at such a price that there is a demand for hydro electric power. Current will probably be conveyed to the Rand mines, 600 miles away.

A new cotton harvesting machine makes use of the vacuum system of picking the cotton bolls from the plants.

From Every Standpoint Post Toasties Are Superior!

Their firmer texture prevents crumbling in the package and too quick softening in the dish when cream or milk is added.

The special toasting process develops a much more attractive flavor—and seals it into every flake for your delight.

Their crispness is preserved, and careful packing insures you food of perfect freshness.

MEMBER OF UNITED PRESS MEMBER AMERICAN NEWSPAPER PUBLISHERS' ASSOCIATION WEDNESDAY, JULY 28, 1920.

Admitting the necessity of an increase in railroad incomes to meet the increase in railroad outgo resulting from the \$500,000,000 wage increase to railroad employees, we are glad to see the railroads decide that part of the increased income shall come from passenger travel instead of putting it off wholly upon freight rates, to constitute a tax upon the whole mass of the people.

The Poles, apparently suffering continued defeat, have petitioned for an armistice and, according to a Soviet dispatch from Warsaw, have been granted their petition. Cessation of hostilities between these two peoples, if the dispatches are correct, would be contributing something toward the maintenance of the railroad incomes and that freight traffic will not have to bear the entire burden as it most invariably has been the case heretofore.

Senator James A. Reed of Missouri now denies having ever made a "personal attack" against President Wilson; that while he had criticized certain utterances and acts of the President, he had too much respect for the "great office of the President to attack him personally."

The run-off in the lieutenant-governor's race will be between two anti-Bailey men; the next session of the Legislature will be composed overwhelmingly of men opposed to the things Bailey stands for politically.

With Other Editors

(Cox and Wilson. (New York Times). In their accounts of the meeting between Governor Cox and President Wilson and their comments upon it, republican newspapers express a sense of relief. They had feared that there might be an uneasy quarrel between the two men on the porch of the White House.

Though much gratified that the governor and the president did not come to blows, the republican correspondents and editors are not satisfied. Their fixed datum is that Mr. Wilson is authoritarian and is to become of their campaign. This being so, it must be that he is dictating everything to Governor Cox.

It is hard to speak with a sober face of all these vain imaginings. The supposition that President Wilson was a dissembling and sneering man that he would refuse to take any part in the campaign unless he could be the dominating figure in it—all this has been completely brushed away by the facts.

Senator James A. Reed of Missouri now denies having ever made a "personal attack" against President Wilson; that while he had criticized certain utterances and acts of the President, he had too much respect for the "great office of the President to attack him personally."

Prehistoric Creatures in the Movies. Prehistoric creatures, some of which weighed between 20 and 40 tons and varied in length from 20 to 80 feet, have been brought back to life in the movies.

Just Folks

There's more in a task than the money it brings. Each duty comes laden with numerous things. There's a chance to be proud and a chance to exult.

There's more in a task than its silver and gold. The joy of your children it's fashioned to hold. The dreams which you treasure for all of your years are held in the duty which soirdly appears.

Do it well! Do it well! Let your task have your best. For all you hold dear you are facing the test.

Side Talks

How We End Our Letters. How do you close your letters? We fell to talking about letter endings the other day, about a letter signed "As ever" and the woman who received it, "is the most useful ending I know."

My Favorite Ending. Perhaps my favorite ending is "Cordially yours," and for some one whom I know a bit better, "Cordially your friend."

What Is Inherent About Hate? "In hate" is an ending frowned upon by the polite letter writer, but I never could see anything wrong about it myself.

Little Benny's Note Book. By Lee Page. "I was standing down at the corner yesterday afternoon, and Puda Simkin's sister cousin Percy started to throw a ball against the wall and catch it again, and after a while I quick jumped in front of him and caught it instead, Percy saying, 'Hay, you cut that out!'"

Copyright, 1920 by McClure Newspaper Syndicate

WHY?

DO WE SPEAK OF "CROCODILE TEARS?" (Copyright, 1920, by Wheeler Syndicate, Inc.) The use of the phrase "crocodile tears" as a synonym for hypocritical sorrow is due to the old belief that the crocodile, in order to lure its prey within its reach, sighed and moaned like a person in distress.

It is interesting, however, to remember that there is a certain basis of truth in all these beliefs or legends, because crocodiles do emit loud and plaintive noises, sometimes like the howling of a dog, but so far as is known this is not done with any intent to lure prey within their reach.

RIPLING RHYMES

I sit me down in sylvan nooks and read about a million books, of every mortal kind, and some are tales of sickle, death, and some are loaded down with truth, and they improve my mind. I read all kinds of printed junk, the good, the noble and the quack, like the howling of a dog, but so far as is known this is not done with any intent to lure prey within their reach.

HOROSCOPE

The stars incline but do not compel. (Copyright, 1919, by The McClure Newspaper Syndicate.) Wednesday, July 28, 1920. Good stars dominate this day, according to astrology. While Uranus, Mercury, Jupiter and Saturn are all in benefic aspect, Jupiter alone is adverse.

NEFF'S SUPPORTERS VERY ENTHUSIASTIC

Organization Formed to Carry On County Campaign For Run-Off Primary

That the Neff campaign in the second primary is to be imbued with enthusiasm and pep was evidenced by a meeting of his supporters held at the court house Tuesday night. Among those who took part in the rally were Judge F. A. Martin and H. R. Wilson, both of whom had supported Neff in the first primary.

"This is to be a campaign of blood," said Judge Martin in the course of his remarks. "Joe Bailey is a menace to the democratic party and his campaign is a menace to the peace, happiness and prosperity of the people of Texas. He declared that only those who had always been with Bailey and those who were disgruntled would support him in the coming primary. Commenting on the statement of the Bailey club that Judge C. F. Spencer, who had supported Neff in the first primary, had announced his determination to stump the district for Bailey, Judge Martin volunteered his services for Neff and offered to debate the issues with Judge Spencer at any time or any place.

A new Neff club was organized to take in supporters of Looney and Neff, with John Davenport as chairman and John T. Myers as secretary. Both of these gentlemen had served in the first Neff organization, and were responsible in a large measure for the fine support that Neff received in this county.

J. A. Wray, president of the Trades and Labor council, and J. T. Montgomery, both of whom have announced that they will support Neff in the run-off, were among those present. By a rising, unanimous vote those present signified their intention to begin an active, individual campaign for Neff.

The club decided to raise a campaign fund sufficient to carry on the work, and to arrange for a number of prominent speakers to address the voters in various parts of the county. The club will also try to get Cone Johnson here for at least one address.

DEAD METHODIST MINISTER HAD MANY FRIENDS HERE

News of the death of Dr. J. W. Hill, former pastor of the First M. E. Church, South here, was received with regret by Dr. Hill's many friends both inside and outside the membership of this church. No minister who has ever been in Wichita Falls ever made more friends than Dr. Hill. He died at his home at Honey Grove Monday morning and was buried at Dallas Tuesday.

The Dallas News Tuesday contained the following sketch of his life:

"Dr. Hill, who was born in White County, Ark., June 23, 1851, came to Texas with his parents in 1863. His father died the following year, leaving him to care for his widowed mother. He attended McKinzie College at Clarksville and was afterward taught Greek and German by private instructors.

"He was converted under the preaching of the Rev. I. B. Ellis at a camp meeting in Lamar County in August, 1872, and two years later was authorized to preach. From that time he devoted his life to church work. He ranked among the leading ministers of his denomination. The following is taken from one of his notebooks:

"I have built a few churches, mostly in the country, but I have helped to lay several of the large deltas on many of the city churches. I have witnessed more than six thousand conversions and have received nearly that number in my church. Many of them have gone before me to the better world and I hope to meet them there some day."

"As associate editor of the Texas Christian Advocate, Dr. Hill is said to have written some of the best articles to be found in the files of that publication. While he was engaged in editorial work he published two books, 'The North Texas Pulpit' and 'Texas Characters and Places.' Both books are well known in the church world.

"Dr. Hill filled the chair of church history in the Southwestern University for seven years. The degree of doctor of divinity was conferred upon him by the university in 1914. He was at one time pastor of the First Methodist Church of Dallas. At the time of his death he was pastor of the Methodist Church at Honey Grove. He is survived by his wife and four sons, J. W. Hill, Jr., Homer C., Benjamin A., and Paul Hill; a brother, Ben H. Hill of Dallas, and sister, Miss Nettie Hill of Fort Worth.

FIRST COMMERCIAL WIRELESS MESSAGE SENT FROM WICHITA FALLS BY CONTINENTAL RADIO

The first commercial wireless message to be sent from Wichita Falls left this city at 9 o'clock Wednesday morning when W. J. Chilton, vice-president and general manager of the Continental Radio Telegraph and Telephone company sent a message to his wife in Dallas. This marked the opening as a public utility of the company's station here, and they are now ready to accept messages for Dallas. Some work on the aerials is still incomplete but this is to be finished in the near future.

The Continental Radio Telegraph & Telephone company is a Texas concern, operated by Texas business men and it is their intention to establish nation-wide radio service by means of stations at all of the principal cities. A chain of plants are being erected in all of the larger cities of Texas, Oklahoma, Louisiana and New Mexico and with the completion of the high powered station at Dallas it will be possible to accept messages for New York and other eastern stations. An affiliated company, with headquarters at Chicago, is now operating through-out the northern and mid-western states and by this means radiograms for those points may be sent and received from the local plant.

The Wichita Falls station is in charge of Mr. T. D. Hall, formerly with the Morgan Steamship line, and who is an experienced and efficient operator. He announces that at present the company will send or receive from Dallas either fast day messages or night letters. Receiving stations are located in all of the leading hotels, or messages may be phoned directly to the operating rooms, 1204 Commerce building. The public is cordially invited to inspect the new plant in the American National Bank building and Mr. Hall and his assistants will be pleased to explain the operation of the radio apparatus.

The rate to be charged by this company is the same as that charged by the other telegraph companies of the city for the handling of messages.

ADDITIONAL CREDITS GIVEN HIGH SCHOOL

State Supervisor of Public High School Compliments School Here on Showing

At a meeting of the board of education Monday afternoon it was decided to open the fall term of the local schools Sept. 12, leaving six weeks more of the summer vacation period. A discussion of the teaching situation revealed the fact that never before in the history of the Wichita schools had the standard of teaching been so high. Lee Clark, superintendent of the local system, stated that practically all of the teachers engaged for the fall term spent all or at least part of their vacation in summer schools of the various universities and colleges of the country. The only obstacle now to be overcome in the matter of teachers is the one of finding homes for them. Several efficient instructors have refused to come to this city merely because of the lack of proper housing facilities, and steps to eliminate this condition have been taken. W. W. Brown, manager of the schools, is making determined efforts to secure places in congenial homes for those teachers who have as yet been unable to find lodging and he asks that anyone having rooms to rent at reasonable prices communicate with him at once.

The matter of the school bonds was laid over and no action was taken on it. All members of the board voted against selling the bonds below par, but until they are disposed of there will be no money available for the erection of new buildings or the purchase of new equipment.

Word has been received from S. M. N. Marra, chief supervisor of public high schools in Texas, that the local schools have been granted four and one-half accredited units by the state university. One-half unit in domestic science, one unit in domestic art, one unit in public speaking and two units in French having been added to the ground.

In connection with this Mr. Marra writes: "I wish to compliment you and your faculty upon the general excellence of the work which was approved, and sincerely hope that this success will be an inspiration to still greater efforts next year."

Searchlight for Night Flying.
A powerful searchlight of the new "dishpan" type has been built for the government for use in guiding aviators in night flights. This great beacon has approximately 3,000,000 candle-power. It is operated by two enormous motors and it can "pick up" an aviator for three miles in the air. The light is set up on a wheel chassis and can be easily moved about. It will be transported by motor car ahead of the planes each day to the spot where the landing is to be made at night, and its rays will guide the aviators to the ground.

Sport Shots

By Paul W. Larkin

Jim Sewell is still on the sick list. Dallas though he is expected to join the squad at any time.

The way "Red" Josephson has been whaling the pit since his return to the game is a caution. It is a much better way of proving to the unbelievers that he is on the level than to leave the team in the lurch.

Buzz Wetzel was in a serious danger more than once yesterday. The Eskon had two men left on in the third, two more in the fifth, and two in the sixth, seventh and ninth. As long as he pulled through though, that's all that is necessary.

Johnny Moran knocked in one Spudder tally and scored three others himself.

If local fight fans show that they will turn out for real bouts, they will have the best money can bring here in the future. Monday night's bill will be in the form of a doubleheader as the main bout and the semi-final both are first water scraps.

Johnny Wilson, the new middleweight champ, can hardly be said to have made Mike O'Dowd. His bout with Soldier Hartfield was anything but a success and at the conclusion of the scrap the crowd was very much dissatisfied. Young Fisher of Syracuse managed to outpoint him in a 10-round engagement a short time ago and Mike O'Dowd put this same Fisher over the jumps on one occasion without much difficulty.

The fact that Wilson refuses to meet O'Dowd again for a referee's decision on top of these performances is ample proof that statements to the effect that O'Dowd was robbed by the referee were not altogether mere conversation.

Fred Fulton was never in better fettle in his ring career than he was just previous to his battle with Harry Wills.

How those Yanks are drawing! Greater Gotham turned out for last Saturday a contest as never before. The game was called at 2 o'clock yet the gates of the park were closed and all seat sales were stopped before 2 o'clock and the attendance figures were given as 25,000, about 200 better than the best previous mark. It is estimated that 40,000 disappointed fans were turned away.

PRESBYTERIANS WIN WELL PLAYED GAME FROM CITY NATIONAL BANK 1 TO 0

The Presbyterians won from the City National Bank yesterday, 1 to 0, in a game featured by the gilt-edged pitching of both McCoy and Ohlinger. The Presbyterians' lineup, however, held his opponents to one lone bingle and kept them away from the plate all during the game. Only three hits were garnered off Ohlinger's delivery and after the first inning he was invincible.

A circus catch by Shady Hale of the bank robbed Underwood of an extra base clutch and was the fielding gem of the day. Score: Presbyterians.....100 000 0-1 2 1 City National.....000 000 0-0 1 1 Batteries: McCoy and Shankle; Ohlinger and Debusk.

It Can't Be Done

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitter-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nervic Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing bones and muscles, it is evident that there are a great many thin people who are suffering from a deficiency of phosphorus. The fact is, however, that there are a great many thin people who are suffering from a deficiency of phosphorus. The fact is, however, that there are a great many thin people who are suffering from a deficiency of phosphorus.

Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitter-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well." CAUTION: While Bitter-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should take a care in avoiding fat-producing foods.

OLYMPIC OVATIONS
When Greek met Greek in ancient days And old Doc Homer sang their praise, Each victor owned the battle town The while he wore an olive crown.

But since Doc Homer no more throws An ode at winged legs or toes, We'll hit for him in this one year Provided you will lend an ear.

And yet on second thought we'll wait Until the score is on the plate, Nor count our chickens in advance Until each egg has had a chance.

"I don't know much about the Black Hand," writes an enraged fan, "but I know what the Yellow Hand is in pitching—it is being afraid to get one over for a good hitter." How they love to see the hambones of sweat intentionally denied the great privilege of lifting one out of the yard!

"I've been taught not to sway my body in the golf stroke," L. H. F. writes. "Yet I notice that Ted Ray sways at every tee shot and gets wonderful results. If he can do it, why shouldn't I?" It doesn't always follow that each can follow copy on the style of a champion on a star performer.

Ray probably started in with a body away something like twenty-five years ago. It is now his natural way of hitting a ball. Twenty-five years of years have shown him how to control it. But it isn't the easiest way to learn the game. So why take the long road when a shorter cut is open.

THE WAYS OF FORT
The ways of form are rarely the same. "Babe" Ruth and Joe Jackson stand exactly alike at bat. But neither stand like Tris Speaker or George Sisler. Ruth, Cobb and Willie Keeler all adopted widely different grips or ways of holding a bat.

The golf grips employed by Evans, Guimet, Hagen and Travers are all different. Jack Spratt, you may remember, could eat no fat. On the contrary, his well-known wife could eat no fat and so it goes. A well-known professional golfer once tried Travers' system of hitting a masher shot with the tip of his right thumb guiding the club. "Joe" nearly lost a valuable thumb as he missed the shot.

It never pays to copy any style blindly. As a rule the most comfortable isn't very far wrong, especially if it gets results.

CROWDS
Just a few years ago any major league ball club that played to 50,000 paid admissions in the course of a season was thought to be doing very nicely. The New York Yankees, plus "Babe" Ruth, are in the act of setting a turn-of-the-century mark that will not only lead to records—but that will be fully as much as the entire league once drew.

For the last few weeks the Yankees have been averaging around 20,000 fans a game. Possibly more, for they have had numerous days above 20,000. They have drawn as high as 220,000 in an eight game stretch. It would not be at all surprising if they played to over 2,500,000 people before the odor of burning leaves in early October indicates the approaching end of the campaign.

For they have not only drawn huge crowds at the Polo Grounds—they have also drawn amazing crowds in St. Louis, Cleveland, Chicago and Washington. Also Boston and other points east and west. They will undoubtedly be in the thick of the melee till the finish. Even if they should slip the rebounding echo of Ruth's bat will summon the clan as he struggles for the 50 mark.

The Yanks are now headed West. They may not draw quite as heavily in St. Louis and Detroit, but they will sardine the ball parks in Cleveland and Chicago. This season will undoubtedly be the biggest attendance year that any club has ever known in sixty years of baseball history. It will be a mark to spot at well beyond any target ever offered before.

The \$40,000 taken in at the Dempsey-Willard fight is still the top notch for a single show in sport and this mark will stand until Dempsey and Carpenter meet. If they ever do, if this show ever comes off the prospect of a \$1,000,000 gate will no longer be an idle dream.

Robinson and Kummer have been voted as the two leading jockeys of the year, but our pick goes to Tris Speaker, who has locked two winning pitchers through recent five ball games, including a number of double-headers.

In Dempsey's list of fights the time allowance has been from 15 seconds to 4 1/2 minutes. His time allowance in the Fulton fight was almost a star from scratch.

"OPEN SHOP TO STAY"

Rumors have been circulated that the Dairy Lunch was considering a return to the Union Card. These rumors are without any foundation, in fact, when the Union men walked out of our place of business they went permanently. We have never missed the service of a meal by their strike. We have found no difficulty in securing clean capable 100 per cent American workers to fill their places, or under no circumstances would we consider returning our business to the dictates of a walking delegate. The Open Shop is the only way. We are in better shape to serve the public than when the Unions run our business. We solicit your business honestly believing that the best for the money is obtainable only through the medium of the Open Shop. One trial with us will convince you that the high cost of living has been solved.

Cordially yours,
W. I. CAMERON.

Are you sure you have enough ice?

Remember—chipping it from the block to make iced drinks and ice cream and the other cool things you rely on to keep you comfortable, soon eats into the chunk that looked so big when the driver brought it to you.

Take all this "chipping off" into consideration when you buy your ice in the morning and then you'll be sure to avoid the vexing occurrence of finding that you are out of ice.

We offer these few suggestions to make it most convenient and pleasant to get your ice promptly and regularly:

- HANG OUT YOUR CARD EARLY.
- TAKE IT DOWN WHEN YOU'VE BEEN SERVED.
- HAVE YOUR COUPON OR THE EXACT CHANGE READY.
- GET THE BREAKABLE CHINA OUT OF THE DRIVER'S WAY.

Just little things in themselves—but my what a world of time they save and in thus saving enable the driver to get to everybody early in the day.

BEST FIGHT CARD OF SEASON BOOKED FOR BALL PARK MONDAY

The initial open air bouts to be staged at Athletic Park Monday night by the Camel Athletic Club have all the earmarks of winners. While Red Herring and Sailor Friedman will, of course, be the feature of the program, there will be other bouts of equal importance. Dandy Dick Griffin, a top liner on any card, will meet some worthy foe in the semi-final, and the other prelims will outclass anything ever before staged locally.

There are few faster lightweights in the game than Herring and Friedman and the records of both men show that they possess the goods; it ought to be a sizzling battle from beginning to end. Both are extremely fast and hit hard with either mitt and know about all there is to be known about the game.

Sailor Friedman is the navy light-weight champ and has been awarded decisions over Jimmie Hanlon and Otto Wallace, two of the recognized top-notchers of the southwest, as well as the verdict over Johnny Tillman, one of the best in the east.

Manager Al Edwards has hooked up with Dave Mendelsohn, a local fight enthusiast and former member of the Chicago Tribune's sporting staff. Mendelsohn knows practically every recognized scrapper in the east and will bring them here, provided the fans show that they want them.

Advance Guard of Earthquake.
In the theory that the movement of the earth's crust constituting an earthquake begin on a very small scale, to be followed later by the greater adjustments that do the damage, Dr. I. Kennedy, of San Bernardino, Cal., believes that he can give earthquake warnings by observing the cracks in layers of cement, put down in certain California districts. It is asserted that in this way Mr. Kennedy predicted the quake that destroyed part of Hemet, N. C., and San Jacinto, Cal., something more than a year ago. He is now planning to construct a ribbon of cement about a foot thick and 1000 feet long for laboratory purposes.

MID-WESTERN PROFESSIONAL TOURNEY OPENS TODAY

CHICAGO, July 28.—The qualifying round today of the mid-western section of the Professional Golfers' Association brought forth an entry list of 50 leading professionals for competition in the 36-hole event at the Westmoreland Country Club. The eight lowest scores will qualify for the championship event at Flossmoor at August 15 to 21.

The seventh annual junior championship of the Western Golf Association also started this morning at the Bob Olink Club, Highland Park, with a qualifying round of 18 holes.

Charles Hutchison

THE steeplejack, the deep sea diver, and all the other dangerous callings that have been made seem tame in the past few years by the remarkable stunts of some motion picture actors and actresses who are directed by men who seem to delight in finding new ways of cheating death. Serial writers who can conceive a new way of tempting fate are in demand and strange as it may seem the studios in Los Angeles and New York are filled with young men and women who are willing and anxious to do the stunts.

Ruth Roland's claim to a place in the forefront ranks of actresses famed for their daring is of long establishment, and she is known the world over for her many breath-taking stunts in the film serials. During her career as the leading exponent of strenuous action Ruth has performed all the usual stunts, such as diving from the top of a ship's mast, driving an automobile over a cliff, and a lot of the unusual ones.

A Stunt a Minute.

In the "Adventures of Ruth," she supplied thrills at the rate of a stunt a minute, but perhaps motion picture audiences will remember longest a scene in which she hangs on to the edge of a railroad tie while a long passenger train thunders over the single track bridge spanning a river more than 60 feet below. Ruth is now producing another serial, and while no details of her proposed stunts have been given out it is known that an aeroplane figure prominently and it is a fair guess that she will outdo all previous records for courage and daring.

Charles Hutchison richly deserves his title as "Premier daredevil and stunt man of the screen," for in the two serials in which he has appeared, "Wolves of Kultur" and "The Great Gamble" he surprised even the movie producers themselves and performed some of the most startling feats ever projected on the screen.

Matter of Nerve.

Hutchison has been quoted as saying that doing stunts is a matter of nerve and mathematics combined in a 50-50 formula. He has ridden motorcycles over the edge of an open drawbridge, made dives from perilous heights and done many other such tricks which really come within the domain of a specialist, but never has

Hutchison called in a man skilled in some special type of daredevilry to double for him.

Hutchison is now starring in a new serial production in Los Angeles. Directly he had signed his new contract to star he came forward with a statement that he had plans for some stunts that he thought would prove rather novel and he hoped, more sensational than any of his previous attempts. So now the movie people are looking for the "super stunt" to materialize in his next serial. Just what it will be nobody seems to know, but, as one producer put it, "The man who plunged into the Ausable Rapids and was swept over the falls and who swung at the nether end of a rope stretching midway from the roof of a 12-story building to the ground, is likely to do anything, and my imagination can't go as far as Hutchison's daring."

Plenty of Thrills Here.

It is a number of seasons since Juanita Hansen as the heroine of a serial called "The Secret of the Submarine" became a serious contender for a place in the limelight as a screen beauty whose fearlessness and athletic prowess, particularly suited her to play star roles in the episode films.

Juanita's first stunt was to drive an automobile at a mile-a-minute rate over a steep embankment. Incidentally the machine was so expertly handled that it was used to carry the star and her director back to the studio from the location after the scene had been filmed. After that Miss Hansen essayed any number of stunts. She has been the playmate of lions, tigers, crocodiles and elephants while the camera looked on and she has to her credit an aeroplane stunt that has caused many a thrill. This shows her grasp a rope ladder suspended from the wing of a plane and hang on until, after being carried to a dizzy height, she is permitted to drop safely to a part of the earth not infested with wild beasts as was the den from which she was rescued.

Keeps Constant Interest.

If George B. Seitz is not a leading exponent of strenuous action and daredevil stunts it is because he chooses not to be, for under the leadership of Mr. Seitz the serial is rapidly developing into something more closely allied to the form of the drama and his vivid

imagination as a writer has enabled him to make his story do all the tricks necessary to keep interest at fever heat.

His first starring vehicle "Bound and Gagged" was hailed around the country as the finest example thus far of sustained suspense, carrying over from one episode to the succeeding one, and caused many reviewers to remark his daring in attempting to give his serials and intellectual appeal. His method is to pile up incident upon incident having both immediate dramatic effect and cumulative value. Thus he thrills his audiences by means of suspenseful dramatic situations instead of the purely physical action which characterized the stunt serial.

Marguerite Courtot is a star whose versatility has been so often demonstrated that it is hardly necessary to recount the numerous remarkable things she has done. Miss Courtot made her first appearance with Mr. Seitz in "Bound and Gagged." Her engagement she had been in dramatic roles, light comedies, pictures of feature length, and many short subjects. Miss Courtot needed no special training to equip her for the role of a serial heroine.

A Popular "Heavy."

Though stunts are not featured in the serials produced by Mr. Seitz, there are nevertheless occasions when it takes more than the ordinary courage of the average mortal to attempt, as witness, when Miss Courtot as the pretty heroine was trapped in a room on the fourth floor of a burning building and calmly proceeded over the only avenue of escape, which consisted of making her way to the ground hand "under" hand down a rope improvised of bed clothing knotted together.

To Warner Oland falls the distinction of being the only interpreter of serial "heavy" roles who has a host of admirers among the picture-goers. The serial villain, so unlike the hero, schemes and plots vehemently and obviously throughout one serial and then goes about doing something else. Not so Warner Oland, his villains are admired for their complete mastery of the situations and circumstances they chose to warp about to suit their convenience, and Mr. Oland's pictures are in demand.

He has seldom been called upon to do a perilous leap, or other stunt for it appears sufficient that he should be the cause of all the stunts the hero does to escape him. Oland makes a jump off the roof of a building attractive through comparison with the consequences threatening any so bold as to remain and face the situation.

Jack Dempsey has been a serial star only a short time and though seen in only about ten episodes of his play "Daredevil Jack" Dempsey has lived so handsomely up to his name which the scenario writer gave him that it is really difficult to make a choice of his most sensational movie stunt.

The newspaper reviewers have discovered since Dempsey made his bow as a film star that there is a lot of drama in a straight left or a well-timed right hook when the punch is directed by a world's champion and they have agreed that Jack carried a world of suspense and dramatic interest in his huge hands. It is thus that this newcomer to screen histrionics has thrilled his audiences.

Dempsey Makes Hit.

However, Jack has shown that he can take a long chance with his life and limb in the interests of serial thrills and we have seen him drive a motor car through the side of a building, perform daringly in the saddle and crawl about the rigging of a high-masted schooner. But, perhaps, more spectacular than these stunts was his jump from a bridge onto the roof of a day-coach that trailed an engine trying its best to break flyer speed records. The incident registered wonderfully on the screen and has been applauded generously.—Wesley Webwood.

Following the completion of his third production featuring MacMurray and David Powell, called "Idols of Clay," George Fitzmaurice and his wife, Ouida Bergere, will join the theatrical colony at Great Neck, Long Island, where they have a beautiful new home adjoining Raymond Hitchcock's estate.

Frank Meyer, assistant secretary, and Tarkington Baker have sailed for Bombay, India, where they will establish a studio for the newly incorporated \$3,000,000 Indian Empire Famous Players-Lasky Film Company, Ltd.

How Film Stars Shake Hands With Themselves

When a motion-picture actress is up a tree she can—with the camera's aid—extend a helping hand to herself and get back to earth.

Substituting a barrel head for muscle. The first half of the picture took in down to the girl's hand only and did not include the ends of the barrel-supported chair legs. Then boards resting on boxes were run beneath the chair seat for support, the barrel was removed, and the camera registered the lower half of the picture.

HAVE you ever wondered how a "movie" star could shake hands with herself? In the first picture Genevieve Fluff, famous for her work in the five-reel thriller "Double Exposure," is doing this.

Double exposure means two pictures on the same film footage. First, one-half of the film is masked off by shoving half in front of the camera's lens a mat—a thin piece of black cardboard. The same method is used in taking the second half.

The action of the star is regulated by counts. The camera man counts—say, up to ten; the director instructs the star what to do during these counts, and the star plays the skilled marionette. But to shake hands with oneself is a difficult feat. Perfect co-operation of the principles and exquisite finesse in the art of double exposure are required. Among the many mishaps that beset double exposures, four loom up prodigiously:

1. The mat that "splits" the film in half may slip, or the camera man may accidentally move it a fraction of an inch. The line of demarcation being thus shifted, the exposure would be ruined.
 2. Lack of synchronism by the three principles; in moving picture parlors such an error is termed "dis-jointed action."
 3. The carbon lights illuminating either scene may flicker—as a lamp often does.
 4. If the first half of the double exposure is taken satisfactorily, but the second half is not, it must be retaken.
- Genevieve Fluff is going to shake hands with herself. The camera man prepares his camera. Holding the mat that masks off the blank half of the film, he shows in a similar mat from the other side, being sure they fit snugly. He now counts and reverses the crank of his camera. At nine the film is where it formerly was. The mat covering the blank side is cautiously withdrawn, the completed half of the film remaining masked off.
- Genevieve now returns. She climbs into the tree. The "extra" in Genevieve's pose on the ground is ready to extend her hand. But only her hand and a bit of the shirtwaist sleeve crosses the line dividing the film in half at the count of eight. If all goes well, the hand and sleeve will "healy" at Genevieve's arm on the first side of the exposure. Genevieve will shake hands with herself!
- "While we count up to five," he hears the director to Genevieve "You say, 'Oh, I don't want to jump down; I'm afraid.' At six, seven slowly extend your hand; at eight grasp the girl's hand as it comes forward." The result on the screen will be Genevieve's arm on one side, sketching the action of the first double exposure scene. "While I count up to five, you walk over to the tree. When I say six, seven eight, you extend your arms upwards." The scene is rehearsed. Genevieve's actions in accord with instructions.
- Notice that all of Genevieve is taken except her hand. Why isn't the hand taken? Because at the count of eight it extends beyond that part of the film exposed to the light, and is therefore cut off by the mat that splits the film in two.
- Before Genevieve moves her position her sleeve is nailed to the tree's trunk. Here is where the cardboard, holding the sleeve in position, proves its worth. As Genevieve wiggles out, another girl whose hand resembles Genevieve's wiggles in.
- Genevieve hurriedly slips into a shirtwaist, a replica of the other. The camera man prepares his camera. Holding the mat that masks off the blank half of the film, he shows in a similar mat from the other side, being sure they fit snugly. He now counts and reverses the crank of his camera. At nine the film is where it formerly was. The mat covering the blank side is cautiously withdrawn, the completed half of the film remaining masked off.
- Genevieve now returns. She climbs into the tree. The "extra" in Genevieve's pose on the ground is ready to extend her hand. But only her hand and a bit of the shirtwaist sleeve crosses the line dividing the film in half at the count of eight. If all goes well, the hand and sleeve will "healy" at Genevieve's arm on the first side of the exposure. Genevieve will shake hands with herself!
- "While we count up to five," he hears the director to Genevieve "You say, 'Oh, I don't want to jump down; I'm afraid.' At six, seven slowly extend your hand; at eight grasp the girl's hand as it comes forward." The result on the screen will be Genevieve's arm on one side, sketching the action of the first double exposure scene. "While I count up to five, you walk over to

BUSINESS MAN IS FAVORED FOR CHIEF

Growing Feeling Among Members of Council for Choice of Live-Wire Executive

The close of this week may see a stranger to Wichita Falls directing the affairs of the local police department. Although no individual has received particular consideration as a successor to Robert Goodfellow, there is a growing feeling among members of a city council that the best interests of the city will be served by appointing as chief of police a live-wire executive who has never served as a city, county, state or federal police officer here.

Mayor Cline and Alderman Curlee both are in sympathy with the idea that the police department should be directed by a level-headed business man, who can systematize the department's affairs, rather than by a former police officer lacking executive experience.

A number of men already have recommended themselves to Mayor Cline and are seeking the position, but it is doubtful if any of them will get the appointment. Police Commissioner Bradley as yet has made no recommendations. One Tarrant county man has been recommended by one of the aldermen, and a general feeling exists that he would make an acceptable chief of police for Wichita Falls if he would take the position—which is considered doubtful.

Inasmuch as Chief Goodfellow's resignation will take effect on Saturday of this week, it is probable that the question of his successor will be a

matter for considerable discussion at the weekly meeting of the city council Thursday. The members of the council are unanimously agreed on one point, namely: that in view of the serious problem that the police department has presented for the last eighteen months it is wise to "make haste slowly" and bend every effort toward getting a man who will be big enough to reorganize the department and make it a credit to the city.

C. M. AND S. CO. HOLDS ANNUAL MEETING

A dividend of 15 per cent was declared at the annual meeting last evening of the Contractors' Machine & Supply company, one of Wichita Falls' infant industries. The company was organized in July, 1919, but the chartering of the building of the plant and installation of machinery required practically the balance of the year. Actual operations began in January, 1920, and a dividend declaration after only six months of operation constitutes a record of which the company is justly proud.

At the last evening's meeting the following officers were re-elected: R. A. Lincoln, president; J. B. Norris, vice president and general manager; R. E. Shepherd, treasurer, and T. A. Garnett, secretary.

EIGHT DEATHS FROM POWDER MAGAZINE EXPLOSION

KEMMERER, WYO., July 28.—The death list as a result of an explosion of a powder magazine at Sulist mine near here yesterday was raised to eight today by deaths among miners injured Monday. The mine was the property of the Kemmerer Coal Company.

CHILDRESS DULUTH GOES THROUGH BLACK LIME IN CHILDRESS COUNTY

CHILDRESS, TEX., July 28.—The Childress-Duluth Company, drilling in the Wild Ike well on the Klutz ranch, five miles northeast, at 2755 feet, broke through the lime last night. They have been in black lime 655 feet and the formation is said to be the same as that in the Ranger field. The company is still drilling and oil men are watching it closely as it is claimed that small streaks of oil bearing sand in the last 200 feet of lime have been found.

The Essex Cox, drilling north of the Red River, is down 1250 feet. The company is drilling steadily but no development is expected until the 2,000 foot mark has been passed.

It's Different In Wichita District—

Commercial reports show business "off" in many sections of the United States. But conditions in the district around Wichita Falls are still reported as "better than normal." This section is still getting its full measure of prosperity.

This bank was built to serve your needs in all sorts of business weather.

First National Bank

Indiana at Eighth Established 1884 The Personal Service Bank
