PEACE PARLEY NOT TO BE RESUMED

Tennessee Solon Is Charged With Bribery

WALKER WILL MAKE EFFORT HAVE TENN. RECONSIDER VOTE

STRATEGIC MOVE OF SPEAKER MAY YET DEFEAT SUFFRAGE AFTER RATIFICATION.

DEMOCRATIC SUFFRAGISTS PREDICT NOV. LANDSLIDE

Texas Women Are Anxious To Determine Exact Status In Elections In November.

NASHVILLE, TENN., Aug. 19.—Echoes from the bitter struggle...

According to Murray's affidavit, Burns was told that he would give him anything in the world he wanted...

Anything He Wanted. The affidavit attributed to Judge Wallace said "Mr. Hanover made the statement to me that if I would change his vote he could get anything he wanted and in the moment of excitement there was made mention of \$10,000."

The suffrage amendment was ratified by a single vote by a majority of a single vote.

Representative Hanover issued a statement in which he described the charges in a derogatory and unbecomingly manner.

NASHVILLE, TENN., Aug. 19.—One announcement that opponents of woman suffrage would hold a mass meeting tonight to discuss steps "to save the amendment and federal suffrage force bills."

NASHVILLE, TENN., Aug. 19.—One vote cast in the Tennessee house in favor of ratifying the federal suffrage amendment today stood in the way of certification to the secretary of state that Tennessee, as the necessary thirty-sixth state, had completed ratification of the amendment in time for women of the country to vote at the November elections.

COX AVERS SENATE CAUSE OF PRESENT ACUTE CONDITIONS

REPUBLICAN "OLIGARCHY" HINDERED EVERY MOVE BENEFICIAL TO THE NATION.

LEAGUE OF NATIONS IS BULWARK TO PREVENT WAR

"Reactionary" is Cause of Present Conditions And They Do Not Realize Their Error.

By HERBERT W. WALKER United Press Staff Correspondent.

SOUTH BEND, IND., Aug. 19.—The Republican "oligarchy" of the senate is "directly responsible" for the unsettled conditions throughout the country, Governor James M. Cox, democratic presidential candidate, charged here today in his first stump speech in Indiana.

The governor again directed a sharp fire at the "reactionary republican leaders," asserting that they have prevented lower living costs and blocked tax reductions in the hope of placing the blame upon the demagogue.

Normal conditions will return with ratification of the peace treaty "with such additions as are reassuring and helpful," he said, adding that the democratic pledge is to enter the League of Nations with the least possible delay after March 4, 1921.

Normal conditions will return with ratification of the peace treaty "with such additions as are reassuring and helpful," he said, adding that the democratic pledge is to enter the League of Nations with the least possible delay after March 4, 1921.

WATSON, SENATORIAL CANDIDATE, SPENDS NIGHT BEHIND BARS

CHARGED WITH HAVING LIQUOR IN POSSESSION AND OF "PUBLIC INDECENCY."

Whole Thing "Frame Up" Watson Declares

Watson Threw Book At Merry Party Of Card Players Who Disturbed His Regular Sleep.

BURFORD, GA., Aug. 19.—Thomas E. Watson, candidate for the democratic nomination for United States senator from Georgia, together with his traveling companion, E. M. Miller, were released this morning from the Winnett county jail, where they spent the night as the result of a disturbance in a local hotel.

Watson was charged with "public indecency" on the books at the jail, while Miller was charged with "carrying concealed weapons." Watson's bond was fixed at \$500 and that of Miller at \$1,000.

Both men agreed to leave the jail after a conference with Thomas W. Hardwick, former senator and candidate for governor, and John I. Kelly, candidate for congress, who arrived here early today.

Mr. Watson announced that he would cancel his speaking engagements for the rest of the week, including one scheduled for Buford today. He was expected to leave for his home at Thomas, Ga., later in the day.

Watson's statement. Mr. Watson returned to his room at the hotel, where he later issued a written statement. He said: "After my nervous collapse in Florida two weeks ago, it has been necessary at times for me to take a stimulant after extraordinary exertion. I have been addressing enormous crowds, and acting on the advice of my physician, Dr. Thomas R. Wright, have been taking small amounts of stimulants on extraordinary exertions."

At Winder Wednesday, I addressed an enormous crowd of men every day, and at a heavy warehouse, Mr. Alford, one of the speakers at Winder, was overcome with the heat. Seeing this, I took a small bottle of whiskey from which he had taken several drinks and from which I took two only, one at Winder and one at Buford, the first time during the whole day.

The noise of the gentlemen who were playing cards in the lobby came directly to my ears. I stepped out of my room to the lobby and tossed a book down to attract their attention, saying that the loud conversation was interfering with my sleep. During this conversation I did not see the proprietress at any time. I returned to my room to my room and the proprietress being told of what offense I was accused, I was seized by two powerful policemen, with whom I struggled for liberty, and they held me until I was taken to the jail. I was not aware that the landlady was anywhere near. In the struggle with the policemen, I was not aware that the landlady was anywhere near. In the struggle with the policemen, I was not aware that the landlady was anywhere near.

McGraw Leaten Up; His Friend is Near Death

John C. Slavin, a well-known musical comedy actor, is in a N. Y. hospital in a serious condition, suffering from a fractured skull. The police are investigating in an effort to find out how Slavin was hurt. He had been at the Lambie Club with John J. McGraw, manager of the Giants.

SUFFRAGE DEFEATED IN NORTH CAROLINA

House Decisively Defeats Amendment By Delay Of Action To Regular Session.

RALEIGH, N. C., Aug. 19.—The federal woman suffrage amendment was defeated by the North Carolina house of representatives at noon today by a vote of 110 to 60.

The senate having already voted to postpone consideration of the amendment until the regular session of the legislature next January, the action of the house today virtually ended the ratification fight in this state until that time.

A straight rejection resolution reported by the constitutional amendment committee was tabled by the house without a dissenting vote, immediately after the ratification resolution had been defeated.

RALEIGH, N. C., Aug. 19.—Suffragists endeavored today to put North Carolina in the column of states that have ratified the federal suffrage amendment. Possibility of the Tennessee house reconsidering its approval of the amendment or of an effort being made to invalidate Tennessee's ratification by the ground that it was unconstitutional spurred the champions of suffrage to greater activity.

Suffragettes and their opponents were prepared for a vote in the house on the ratification resolution. Representatives Neal and Criser, anti-suffrage leaders, claimed 70 of the 120 members of the house would vote against the resolution.

The question came before the senate only through favorable house action. The senate voted to postpone action on ratification until the next session of the legislature. If the ratification resolution were adopted by the house, it would be necessary for two-thirds of the senate members to vote for it before ratification could be completed. Suffrage leaders said it would be difficult to obtain enough votes in the senate.

CANTU AND MEXICAN OFFICIALS AGREE ON PEACE SETTLEMENT

HUERTA WILL RECOGNIZE ALL CONTRACTS MADE BY THE FORMER GOVERNOR.

CANTU WILL RESIGN IN A "DIGNIFIED MANNER"

Political Amnesty Granted All Persons Who Participated In Lower California Rebellion.

MEXICALI, LOWER CAL., Aug. 19.—Details of the agreement which brought to a peaceful end the movement of Gov. Esteban Cantu of the northern district of Lower California against the central government of Mexico were made public today.

Under the agreement, contracts of the Cantu administration are considered as sanctioned by the government and all Cantu employees are relieved of responsibility for them. Other stipulations are retention in office of certain Cantu employees; resignation of Cantu in a dignified manner; granting to Cantu soldiers the choice of remaining in the territorial service or enlistment in the federal forces; guarantee of freedom from all political prosecution to all inhabitants of the district; and amnesty to all persons who participated in what the central Mexican government classed as "rebellion."

Signature to the agreement yesterday by Governor Cantu and General Salazar ended difficulties which began about the time of the overthrow of the Carranza government, which indicated friction between the new regime and the territorial government of the northern district of Lower California. Gen. Alvaro Obregon, who was announced Governor Cantu would support the new government.

The revolt of Col. Esteban Cantu against the de facto federal government of Mexico was the culmination of a series of incidents commencing about the time of the overthrow of the Carranza government, which indicated friction between the new regime and the territorial government of the northern district of Lower California. Gen. Alvaro Obregon, who was announced Governor Cantu would support the new government.

On the same day, General Valenzuela, subordinate of the interior of the de facto government, said Colonel Cantu was "in open rebellion" and according to dispatches from Mexico City, Colonel Cantu followed this news by breaking off relations with the federal government. This was done through use of M. Aguilera, secretary of state, and Gen. Alvaro Obregon, who was announced Governor Cantu would support the new government.

For two weeks following this, rumors of troop movements, conferences and possible compromises filled the air about Mexicali. Reports were that federal troops were to be landed on the west coast of Lower California and from the Gulf of California. The United States government took cognizance of the situation by refusing to permit exportation of war supplies to Lower California and closing the border to all not having definite business on the other side of the line.

W. B. HARPER APPOINTED U. S. MARSHAL EAST DIST.

WASHINGTON, Aug. 19.—Wilkins Berryman Harper, of Texas, was nominated today by President Wilson to be United States marshal for the eastern district of Texas.

POLES IN JEOPARDY DESPITE VICTORY IN REGION OF CAPITAL

LACK OF MAN POWER IS GREAT NEED OF POLES TO HOLD ADVANTAGE.

ALL AVAILABLE MEN ARE THROWN INTO BATTLE

in Pilsudski Sector Poles Have Won Decided Victory And Over 3,000 Prisoners Are Taken.

By WEBB MILLER United Press Staff Correspondent.

MOSCOW, Aug. 19.—"Armistice negotiations between Polish and Russian representatives were not resumed at Minsk yesterday," the official bolshevik communication stated today. "The responsibility for failing to resume the conversations rested with the Poles."

LONDON, Aug. 19.—Failure of the Poles to renew armistice negotiations at Minsk was interpreted here this evening as indicating the Polish representatives believing the present victories of their armies are undermining the bolshevik morale, are marking time.

Military experts here pointed out that each day of continued Polish successes on the battlefield adds to the advantage of their delegates' position in Minsk. The belief was even expressed that if negotiations could be drawn out until the end of the week the Poles would meet the Reds on terms of absolute equality.

WASHINGTON, Aug. 19.—Four Cosack governments comprising a vast territory north of the Crimea in southern Russia, have gone over to General Wrangel, anti-bolshevik leader in southern Russia, according to confidential advice received here today.

Wrangel has been recognized by the French government as head of the de facto government of Russia. A treaty has been signed by representatives of the Kuban, Terek and Astrakhan Cosack governments, recognizing General Wrangel as the head of the Russian government, according to the advice.

LONDON, Aug. 19.—The Poles were reported today to be desperately pushing their military operations against the Russians, in a race against time, balanced against continued Polish successes along the entire 500 mile battle front was a decisive advantage established fact that President Pilsudski and General Weyssand have employed practically all their reserves while the bolshevik reserves are virtually untouched.

In view of this situation, military experts here believed that the Polish straight thrust against the Poles would be reversed and the Poles will again assume the offensive. A Polish counter-offensive was announced within the next few days or conditions will be reversed and the Poles will again assume the offensive. A Polish counter-offensive was announced within the next few days or conditions will be reversed and the Poles will again assume the offensive.

ONE KILLED; ONE IS FATALLY WOUNDED

Difficulty Between Men Results In Shooting Tragedy In Dallas.

DALLAS, TEX., Aug. 19.—James Crosslake, 46, was killed, J. M. "Curley" McCabe, chauffeur, was believed fatally wounded, and Ashley Ewing, another chauffeur, was seriously shot when they stopped an automobile in front of a house in south Dallas today and a man concealed behind a window opened fire with an automatic shotgun loaded with buckshot.

It was reported Ewing made it back into the car and spectators who watched the shooting from behind window blinds said a man darted from the street into the car and undressed, and the injured man, who reportedly seriously eye witnesses said.

The man found in the house and held by police gave his name as J. W. Gilmore. Police said he made a statement saying the men robbed him of \$100 yesterday, and that he was today he warned others in the house to tell them to stay out. They started inside and began shooting, police said as asserted.

UNITED STATES AND FRANCE AGREE ON POLISH TROUBLE

By A. L. BRADFORD, United Press Staff Correspondent.

WASHINGTON, Aug. 19.—With France in "complete accord" with this government's attitude toward Poland and Russia, President Wilson, it was understood, will try to bring Great Britain, Italy and Japan to the American viewpoint. The efforts which the president seems to be making today to end the Polish situation are given out here yesterday as not in all particulars the same as that originally written by the French foreign office.

The note was written in reply to this government's communication to Pilsudski, but declaring against dismemberment of Russia. As originally outlined to this country for publication, the French note endorsed the first contention of this government, but was silent on the second.

The text of the note as given out by the state department yesterday, however, shows that France endorses this government's attitude of friendliness for the Russian people.

BABE RUTH LANDS 43RD HOMER TODAY

Boots Horseshoe Out Of Park In Fourth Inning Of New York-Cleveland Game.

NEW YORK, Aug. 19.—Babe Ruth of New York today cracked out his 43rd home run of the season in the fourth inning in the game between New York and Cleveland. Caldwell was on the mound.

INCOMES WILL BE TAXED ON STOCK DIVIDEND BASIS

WASHINGTON, Aug. 19.—Carrying out its announced intention of taxing income from stock dividend transactions, the bureau of internal revenue last night made public rules to be followed in such cases.

Stock declared as a dividend does not constitute taxable income of the stockholder, the bureau stated, but any profit derived by the stockholder from the sale of such stock is classed as taxable income to him. For demonstrating the gain or loss derived from the sale of such stock, the bureau based its calculations on the cost of both the old and the new shares in the light of their market value as of March 13, 1913.

ARKANSAS GRANTS RATES CONFORM INTERSTATE ACTION

LITTLE ROCK, ARK., Aug. 19.—With a probable exception as to, rate on road materials, the Arkansas corporation commission, at the conclusion of a hearing here this morning, announced that it would allow an increase in freight rates to conform with interstate rates allowed by a recent order of the interstate commerce commission. The raise will approximate 25 per cent over rates now in effect and will become effective on August 26 with the increase on interstate rates.

SWEET MILK PRICES ARE REDUCED IN FORT WORTH

FORT WORTH, Aug. 19.—Sweet milk prices decreased 2 cents per quart here this morning because, dealers said, of an increase in the number of dairies recently.

W. B. HARPER APPOINTED U. S. MARSHAL EAST DIST.

WASHINGTON, Aug. 19.—Wilkins Berryman Harper, of Texas, was nominated today by President Wilson to be United States marshal for the eastern district of Texas.

LEAVENWORTH KANS. Aug. 19.—Wharabouts of Kirby McRill, bachelor and wealthy farmer and known as "Kirby the unkissed," was the cause of much concern to county officials today, whose aid has been sought by the aged mother, Mrs. Lucy McRill. McRill was last heard from at Leavenworth, Kan., several weeks ago, after a walking expedition to Chicago last May. He left a 240-acre farm in county unattended.

WIFE BEST BUSINESS PARTNER, SAYS ACTOR, WHO PROVES IT

By JANE DIXON

"Husbands do not shut your wives out of your business."

"Teach them to know what you are doing and how you are doing it."

"Give them a partnership in your accomplishments."

"Make marriage something more than a home industry. Make it a comprehensive corporation to include all the ambitions and activities of your life."

Salient advice and sound, from a young man who has cause to think deeply to sense the psychology of this complete marital camaraderie.

Acted: Given Advice.

Mr. James Crane is the thinking young man.

He is the centrifugal force in that current epic of Wall Street, "Opportunity," just opened in New York, where he makes men of the type of Boston Ponzis live and work for the benefit of thrilled audiences.

Mr. Crane can tell you quite a bit about "opportunity" from a strictly personal standpoint. Right now he is cashing in on his first really worth-while chance to make good in a big way. He has opportunity firmly by the tail. Now and then he gives it an extra twist just for luck.

Larry Bradford, the plunging young broker's clerk of the play, is no figment of an author's imagination," said Mr. Crane. It was after the final curtain when "Larry" drove to desperation and disaster, physically and financially broken, turns another of his wizard tricks by cornering "Union Steel." The hectic actor-broker was cooling off after the strenuousness of his coup.

Story Taken from Life.

"Mr. William Brady, producer of 'Opportunity,' and I went out to luncheon the other day," Mr. Crane continued.

"We passed a broker's office and stepped in to look at the board. There Mr. Brady pointed out to me the original Larry."

"It is easy to understand the fascination of a stock gamble. I feel it in the play. It grips me to such an extent that I feel absolutely worn out fighting for those millions I collect through a boyish hunch. Yet I doubt very much if I should ever seek the thrill of the game in real life. Easy money is dangerous money. It is dangerous to Larry. It all but cost him his home, his honor, his life."

"Remember the line in the play, 'Most men can stand failure better than they can success.' A well established truth especially as regards money success. In my opinion the young man who plays to get something for nothing is gambling with the cards stacked against him."

"And women," I asked, "you think they should share their husband's business burdens?"

"Women should work," Mr. Crane said.

"I believe business would be a lot less of a burden if wives did share it," was the reply. "We have all met the husband who treats any business suggestion emanating from his wife with cool contempt. If she inquires how this or that deal turned out, the lord of the household tells her to run along and buy a new hat. You will hear this same husband complaining to a confidante that his wife doesn't know enough about business to keep her awake."

I questioned Mr. Crane concerning the extent of marital partnership.

"Partnership all the way through," was his answer. "Not only should a wife be allowed to share in her husband's business, but, if she is so inclined, she should have a business of her own. At the risk of saying the unpopular thing, I must announce myself as of that group of men who be-

WIFE HIS PARTNER

James Crane, actor, who says husbands should take spouses into their business confidence.

lieve a woman should work either in her home or out of it.

"A man has no moral right to smother a great talent in a woman just because that woman happens to be his wife. Marriage does not give him authority to convert a gifted musician, for example, a great writer or artist, into a sock darrer and jelly maker."

Selfishness Annulled.

"My unqualified belief is that each of us should be allowed to develop the best there is in us regardless of sex. Any high handed interference purpose to block the progress of the individual is not only grossly selfish but criminally oppressive."

Jimmy Crane, you see, is a young man of ultra advanced convictions. This is easily understood when one considers his background.

He is the son of Dr. Frank Crane, the distinguished editorial writer. Today he is a minister of the universal Gospel. Jimmy, by the way, descends from a long line of Methodist preachers and revivalists.

But there is another redounding figure in Miss Alice Brady, beloved star of screen and stage. In private life Miss Brady is Mrs. James Crane, wife of the good looking, clever and popular Jimmy.

Wife Business Partner.

The meeting and mating of Alice Brady and James Crane is one of those delightful romances which restore our faith in love and the joy of living. The Cranes are sweethearts, pals and business partners. They are, of course, with each other.

Being, their heads are clear and their hearts strong, ignoring the fall of the life of "Opportunity."

The price of potatoes has fallen to a point where one may at least look into the eye—Arkansas Gazette, Little Rock.

Amusements

TREASURE ISLAND AT EMPRESS THEATER TODAY

The bold buccaners of "Treasure Island" live again in Maurice Tourneur's remarkable photoplay production of the Stevenson classic, which is the feature attraction at the Empress Thursday.

The famous producer has retained on the screen all the romance and villainy of the Spanish main that Stevenson knew so well how to portray, and in excellent realistic detail he has reproduced the old Admiral Benbow Tavern where lived young Jim Hawkins and his mother. The coming of Billy Bones, the rascals old sea captain, and later of Black Dog and Pew, the fight over the sea chest and the capture of the chart showing the location of Captain Flint's buried treasure by Jim the expedition to Treasure Island in quest of the buried gold; the mutiny and the fight with the pirates at the stockade, and the final success—all the absorbing episodes that make Stevenson's book a delight live vividly on the screen.

Shirley Mason has the part of Jim Hawkins and gives a better performance than any boy could hope to do. Lon Chaney is a master of malignity in the role of the cunning beggar Pew and later the bloodthirsty buccanier, George Merry. Charles Ogle, Al Finson and Sidney Dean also do fine work. This picture is a Paramount-Artcraft release.

MABEL NORMAND AT THE OLYMPIC THEATER TODAY

Mabel Normand is the attraction at the Olympic in "The Slim Princess," prepared for the screen from the story by George Ade. The film is a high class comedy, full of interesting situations and humorous incidents and it scored a decided hit with those who witnessed it.

Miss Normand has long been a screen favorite and her long career in the movie game has fitted her admirably for the comedy parts which she plays to perfection. She broke into the theatrical world by means of the stage, appearing as a chorus girl, but Alice Joyce discovered her and seeing the possibilities in the little star, turned her over to D. W. Griffith, with whom she worked for two years. Mark Sandrich then secured her services and she appeared in Keystone comedies for several years, winning world-wide fame. Four years ago Miss Normand organized a company of her own, but soon gave that up and went to the Goldwyn studios, where she has remained ever since.

"The Slim Princess" will be the attraction at the Olympic again today.

BIG PRODUCTION AND HANDLED IN A BIG WAY

"The Courage of Marge O'Doone," the film version of the famous story by James Oliver Curwood, is a big production handled in a big way. Mark Sandrich was taken a few miles out from Truckee in the Rockies during a severe blizzard and the large cast was forced to undergo all of the hardships of a life far away from civilization in order to produce the picture.

Every member of the cast, which includes Niles Welch, Pauline Starke, Boris Karloff and James O'Sell, is indeed an all-star grand actor. Each player is an artist in his or her line of work and even Tara, the trained bear, and Haree, the outlaw dog, seem to know what is expected of them.

The scenic beauty of the landscapes, the intensity of the story, the cleverness of the players and the introduction of the highly trained animals in strong roles makes "The Courage of Marge O'Doone" different from the average picture.

This wonderful picture is being shown again today at the Majestic.

PAVING ON COLLINS DELAYED BY FAILURE OF OWNERS TO SIGN

Contractors at work on Collins street, between Marshall and Bridge, took their men and machinery off the job today and moved to Deuster street.

The paving on Collins street is only one-half completed, but the contractors moved this morning with the permission of city officials. Residents on that street have, in many instances, failed to turn in their money and checks to the city clerk's office, and the work cannot continue until the payments are received.

The paving of Denver street, Rose avenue and Eighth street, will be started immediately. If the residents of Collins street who have not sent in their checks will "come across" with the necessary money, however, a crew will be returned at once to complete the paving on that thoroughfare.

It was also stated this morning that there is little or no chance for paving work to begin soon on Fillmore street from Tenth street south, as less than

a dozen checks have been paid in by the property owners.

"These are problems that the residents must attend to if they wish paving," City Clerk Thorburn said today. "In every instance the residents have petitioned the city council for paving and have signified their willingness to pay, the city, accordingly, has gone ahead and made the contracts. But the contractors have to have money with which to pay their men and purchase materials—and if the property owners don't make good, the city in each case will have to stop the work and move to other streets where the property owners have backed up their wishes with the necessary cash."

REVENUE COLLECTORS GO OUT AFTER TAXES

Henry Wampler and T. E. Graham, deputy collectors of internal revenue, donned their war paint and headed for Burk Burnett and the oil fields this morning to round up and corral miscellaneous taxes due the government. One of the hardest jobs faced by the collectors in this district is the task of gathering the taxes widely scattered

among the many businesses throughout the Wichita county oil regions.

Wampler is at present acting as the head of the Wichita Falls division of the internal revenue department, following temporarily the vacancy caused by the resignation of A. F. Bowden.

FIRST SHIPMENT NEW DIRECTORIES IS RECEIVED

A trunk filled with the first shipment of new directories for the year is expected to arrive at the publisher of commerce this morning from the John F. Worley Directory Company of Dallas. More are expected for distribution to subscribers within a few days.

The 1920 directory contains 584 pages and will be sold for \$10. The price is considerably higher than last year, but the directory is more complete, more up-to-date and covers a far wider range of business.

Appear At Your Best—Instantly

Rheumatism's Pains Are Always Treacherous

Summer an Excellent Time to Combat the Disease.

Some cases of Rheumatism give very little trouble to their victim during the summer season, and for this reason now is a most favorable time to take a course of treatment that will reach the cause of the trouble and remove it from the system.

S. S. S. has proven a splendid remedy for Rheumatism, especially that form of the disease which comes from germs in the blood. Being such a thorough blood purifier and cleanser, it roots the germs from the blood, thus removing the cause of your Rheumatism.

S. S. S. is sold by all druggists. Write for free literature and medical advice to Chief Medical Adviser, Swift Laboratory, Atlanta, Ga.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Swift's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge of soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two or three days becomes beautifully dark, thick and glossy and you look years younger.—Adv.

WOMAN'S PAGE Lead Poem... JAPON 74417

*"Dorothy Paul
I saw her little sandals of gray temple
steps.
The little, rosy sandals she flung
down.
And thought them cherry petals drift-
ed there—
Until I saw her frown.
And when she knelt beside the lotus
pool.
I thought an Iris blossom, silver-
fair
Was mirrored in its depths of amber-
brown.
I said, "The river wind is in the
willows."
I said, "The nightingale has come
again.
And now, too late, I'd heard her
little fingers
Upon her samisen.
Out of the pearl and jade of plums
a-blossom,
Under the scarlet torii's flame of
prayer,
She led, and mocked, and dared and
lured and beckoned,
A Geisha-girl, with poppies in her
hair.
Her feet—they were the Aurora-doré—
Threaded the ancient, stately, cherry
dance.
Her eyes, they laughed and dreamed
and teased and flouted,
A thousand Aprils blossomed in her
glance.
But lovelily, pinched, displeased, she
turned and left me.
This Geisha, with her crimson fan and
comb—
For I hadn't even seen that she was
April—
My heart had only cried, "It's Spring—
at home!"*

—September Scribner's.

POPULARITY OF A FRONT PORCH

The photo shows Mrs. Warren C. Harding entertaining an unusual front porch visitor to the Harding home in Marion, Ohio. Many neighbors bring their babies to meet the possible future mistress of the White House.

LOSES POCKETBOOK CONTAINING \$55; AWAITS TRANSPORTATION

A young woman from Burkburnett, whose husband left that place about a month ago to make a home for this family in Oklahoma City, and who recently sent for his family, leaves Wichita Falls tonight minus a pocketbook containing \$55 in money and other small valuables.

The young woman, with her three children, two walking and one a baby in arms, came in from Burkburnett Tuesday, and reported to the Travelers' Aid and the station officer that she had either dropped her purse in getting off the train or it had been stolen from her en route here. On counting up she recalled that \$55 and odd change was in the purse—money left her by her husband for expenses of the trip, etc. Friends with whom she expected to spend the time between trains took her home, and her husband at Oklahoma City was wired for her transportation there. It arrived Thursday morning. The pocketbook, it was stated, contained the clearly written addresses of both the young woman and her husband, and other identifying data.

EPWORTH LEAGUE GIFTS TO DAY NURSERY THIS WEEK

Members of the Epworth league of the First Methodist church, south, presented the day nursery with a handsome rocking chair for the front room, and a pretty, small-stated rug this week. The chair was very much needed and appreciated.

The awning presented by W. M. Prothro is here and is being used, and a splendid shade is afforded. The big back porch of the nursery is being used, and a lunch room where the kiddies eat lunch and supper and breakfast if they have not eaten when the come.

Other gifts made to the nursery recently include a new bath rug sent down by two ladies who visited the nursery recently to find something needed they could supply.

FLORAL HEIGHTS WESLEY GIRLS ALL DAY SESSION AT MRS. HANKS

The young women of the Floral Heights Wesley Girls class will enjoy an all-day business and social meeting at the home of Mrs. H. H. Hanks, 907 Denver street, Friday, Aug. 20. Members of the class are invited to be present.

NEFF CLUB MEETING TONIGHT; FULL ATTENDANCE IS URGED

The Woman's Neff club meets at 8 o'clock tonight in Mr. Davenport's office, third floor, Kemp & Kell building. Plans for the Saturday meeting are to be completed and workers' reports made. Neff members are urged to be present and report on their neighborhoods, or give any information or suggestions which may be of help.

MRS. KEMP TO RETURN IN TIME FOR LADIES BANQUET AUG. 31

News was received Thursday to the effect that Mrs. J. A. Kemp, who has been asked to act as toastmistress at the Ladies Banquet during the Maskeat Temple Institute here August 31, will return from Colorado in time for that event.

Ladies on the local reception committee, of which Mrs. E. Hartscock is general chairman, and Mrs. E. E. Fuller, chairman of the banquet entertainment committee, were very much pleased to know that Mrs. Kemp will be with them on the occasion.

ENTERTAINED WEDNESDAY IN HONOR OF VISITING GIRD

Mrs. Lorraine Scott of 407 Lee street, entertained a sumptuous friends Wednesday evening in honor of Miss Gladys Cooper, of Maud, Okla., guest of Mrs. Frank Elliott, 510 Fifth street.

Personal Mention

W. H. Hill, of Alton, Tex., is a guest for the week end at the home of J. H. Holland, 2013 Eighth street. Mr. Dixon is a brother of Mrs. Holland. While here he plans to visit the oil fields in this section.

Mrs. J. O. Wheat returned Wednesday from a visit to Niagara Falls and other points on the Great Lakes and in Canada. Enroute home Mrs. Wheat stopped off in Kansas City for a short visit with her parents. Her daughter, Mrs. Covington, will remain at Niagara Falls for a few weeks longer.

Miss Florence Jackson left Wednesday afternoon for her home at Miami, Texas, where she will attend the wedding of her sister, Miss Anna Jackson. August 22, Miss Jackson expects to return to Wichita Falls about August 27.

Mr. and Mrs. R. H. Hollinger have returned from a visit to Beaumont and Galveston.

Lester R. Major and son, Phillips of New York, have returned home after visiting the former's sister and family. Mr. and Mrs. A. R. Prothro, Mrs. M. R. Major of Chickasha, Okla., is the guest at present of Mrs. Prothro.

Mrs. Jones and little son of Bellevue, Texas, returned today after visiting her sister, Miss Virginia Lindsey.

Miss W. L. Ponder has just returned from a summer near Waco, where she underwent a very serious operation. She is reported doing very nicely.

NEW YORK POLICE SEEK TO IDENTIFY WOMAN

NEW YORK, Aug. 19.—Further efforts were made today to determine by means of an autopsy, how death came to the unidentified woman whose torso was found floating in the Hudson river near Communipaw, N. J., Tuesday night. Medical Examiner Arthur Haskins of Jersey City, in charge of the autopsy, despaired, however, of identifying the victim, since the head, arms and legs had been cut off.

The police dragged the river in the vicinity of where the torso was found in an effort to locate other parts of the body, but without success.

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" For Puffed-Up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a box of "Tiz" from the drug store now and gladden your tortured feet.

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

BIG DAY IN WICHITA FORECAST FOR 31ST

"The Maskeat Wildcat" outlines Program For Shriners Institutional Ceremonies.

Escaped Juvenile Is Recaptured at Bowie

Gladford Hammer, one of the juveniles who made his escape from the cell room in the county court house last Sunday night, was caught at Bowie according to word received Wednesday night by R. W. Morgan, county juvenile officer. Hammer is held under the charge of stealing cigarettes. Officer Morgan went to Bowie Thursday to bring the lad back with him. It is believed that Luther Hawkins, one of the other boys who escaped was seen at Bowie also.

Program Announced

Institutional and business session—11:00 a. m. The Temple will be instituted by the Imperial Potentate at this time, officers installed and the first business session of the Temple held at the Wichita theater.

Registration of novices beginning at 1:00 p. m. All candidates to be initiated at the ceremonial must report to the recorder at this time at his office on the second floor of the Masonic Temple, Tenth and Scott.

Parade will start promptly at 4:00 p. m. To be composed of Imperial Potentate and party, Maskeat Temple band and patrol and all visiting bands, parades and drum corps, nobles and novices. Parade will form at Ninth and Indiana.

Ceremonial session (first section)—6:00 p. m. At the Wichita theater. Buffet dinner—7:00 p. m. Place to be announced later.

Ceremonial session continued, 8:00 p. m.

The program also urges Shriners to wear their fezes and have their 1920 cards, and all visiting nobles are requested to register at headquarters on the second floor of the Masonic Temple building.

Potentate Writes Letter

A letter mailed to Shriners by Potentate Walter Cline today states, among other things:

"The tigers are here. They are now being fed raw meat, and their blood-curdling roars, which can be heard from the source to the mouth of the Wichita river, will absolutely terrify the timid novices."

"The clowns are here and have their paint and costumes, preparatory to handing us a heavy laugh."

"The donkey is here—that venerable

long-eared gentleman, who will defy any novice to ride him in safety.

"The electrician is here and is saving July sand from the Wichita and Red rivers, and the mixture will be in readiness at the proper time."

"There will be many other features, and in addition a glittering, gorgeous pageant of suffragettes mounted on moving oil derricks, dazzling the eye of the beholder with their Oriental magnificence."

Looks like a big day, eh?"

Electricity is the Friend of the Modern Woman

It makes her daily pathway that used to be strewn with all sorts of labor troubles a pleasant, easy highway of housework. It washes her clothes with an Apex washer and cleans her house with an America Vacuum Cleaner. It runs her sewing machine and irons her family wash.

FIRE INSPECTOR TO BE ADDED AT ONCE TO LOCAL DEPARTMENT

A fire inspector will be added immediately to the Wichita Falls fire department, according to plans made public today by Fire Marshal J. L. McClure. Several fires have occurred in this city during the past four months under circumstances that made it impossible to determine the cause, and while Chief McClure does not wish to cast suspicion unfairly upon any person he is determined that arson shall not become a common practice here.

The inspector will be attached permanently to fire headquarters and will make every "run" with the firemen. It will be his duty to investigate the fire and its possible causes in every instance while the fire is in progress.

"This is a very necessary work," Chief McClure said this afternoon. "I don't wish to hurt anyone's feelings by implying that any man or woman ever has deliberately set fire to any building in this city. But if that ever does happen, the fire department should be in position to get the evidence at once."

Two hundred dollars was paid for the burial of a canary bird in New Jersey, or almost as much as it costs for the last rites of a spring chicken—Detroit News.

ENTIRE INDIAN TEAM MAY ATTEND FUNERAL OF RAY CHAPMAN

Services For Late Cleveland American Star To Be Held Tomorrow.

CLEVELAND, O., Aug. 18.—President Jim Dunn of the Cleveland Indians, will make an effort to bring the entire team to Cleveland for the funeral of Ray Chapman, which is to be held at 10 o'clock tomorrow.

MAJOR LEAGUERS ARE HAVING SOFT TIME DURING DOG DAYS

By L. R. BLANCHARD. United Press Staff Correspondent. CHICAGO, Aug. 18.—The finest sort of double header weather was wasted today in the two major leagues. For the past three days the best thing the players have had has been to loaf.

POOR CROWD OUT ON FIFTH DAY OF OLYMPICS; AMERICANS LOOK GOOD IN 400 METER RELAY

By HENRY L. FARRELL. United Press Staff Correspondent. ANTWERP, Aug. 18.—American quarter miler, running in splendid form, gave promise of capturing the 400 meter run of the Olympic games for the United States when they won four out of five of the trials today.

The Americans did not fare so well in the one-eighth finals and the quarter finals of the Graco-Roman wrestling. The only survivors of the United team after these events were Szymanski, 145 pounds, and Maichal, 151 pounds.

Four Americans survived the quarter finals of the 200-meter dash. Lester Marchison, New York, easily captured the first heat in 22 4/5 seconds. Allen Woodring, Philadelphia, forced the British champion, Edwards, to run the second heat in 22 seconds.

The ordinary screwdriver is not adapted to all classes of work. By making a heavy screwdriver with the center portion of the form of a heavy square of metal, a socket wrench may be placed on the tool so that the leverage necessary may be obtained.

Martina is now serving his ninth year in a Beaumont uniform and the fans are taking this method to show their appreciation of his faithfulness.

Carl Maya has stated that he is going to stick it out and vindicate himself in the eyes of the fans. We are afraid that he will have a tough time, especially in Boston, Detroit, Washington and St. Louis.

Unless some unforeseen disaster overtakes the American athletes, they should romp under the wire an easy winner. European athletes sprung a surprise yesterday by copying the honors in the shot put and broad jump.

sting islands in the South Pacific. It lies south of Tahiti, far out in the tropics, included in the French settlements in Oceania and inhabited by Polynesians of the same type as the Tahitians.

It is one of the few spots most lightly touched by the finger of civilization. Seldom does a schooner touch here—not more than once a year—and once in a great while a French gunboat from Papeete will voyage into the Dangerous Archipelago.

More Job Hunters Than Jobs, Says Agencies. CHICAGO, Aug. 18.—Office workers and clerical men are feeling the pinch of the summer depression in business, according to E. M. Smith, attending the convention of the National Association of Technical, Educational and Commercial Employment Agencies.

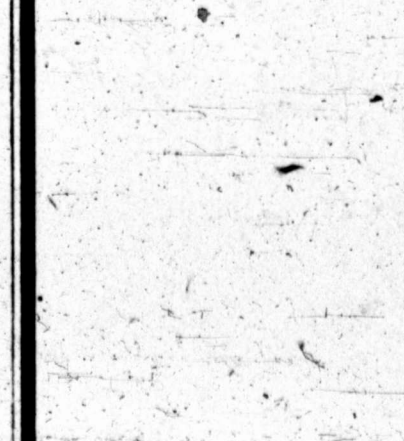

White collar workers have not the grasp on their jobs they had six months ago; office managers are wielding the axe unsparingly and shirkers and incompetents especially are being weeded out.

Long before Cleopatra was HEK. And HEK was the name of a liquid food in general use by the ancient Egyptians. HEK was the concentrated vitality of the grains from the valley of the Nile.

And now the Americanized HEK is the world's greatest food drink. HEK is offered and sold on its merit as a food drink. It sails under no false colors.

HEK is as pure as the driven snow. HEK is a Safety First drink—a pure sterilized non-intoxicating drink that imparts the true American vitality.

HEK IS GOOD—BUY HEK. Distributed by WICHITA ICE & REFRIGERATOR CO. Distributors.

stated that the return of large numbers of clerical workers from Washington, D. C., to their former localities has resulted in an oversupply of applicants for positions.

TO ENLARGE WATER SYSTEM AT OLNEY

Sidewalk Construction Delayed On Account of Shortage in Supply Of Cement.

By Staff Correspondent. OLNEY, TEX., Aug. 19.—The laying of concrete sidewalks on the streets not hitherto supplied with such, and the construction of concrete culverts at the street intersections, has come to a temporary halt on account of a shortage of cement. An ample quantity was ordered several weeks ago, and for, and in addition a bonus was offered the manufacturer for a quick shipment, but he replied that the factory is behind with its work and that all customers will be supplied in the order in which their applications were received.

Modern New Church. Work on the new Methodist church should be completed in about 10 days. The building is to cost \$25,000 and to have all modern church conveniences, including pastor's study, Sunday school room, and well-equipped kitchen. It will be heated with its work and lighted by electricity and will be supplied with electric fans.

To Enlarge Water System. Plans are being made to enlarge the water system and to construct a reservoir for the water supply instead of depending upon wells, and to provide for the mineral which the well water carries. As the state law will not permit the city to levy a tax sufficient to cover the proposed improvements, it is to be done by private capital. A corporation is to be formed which will take over the present water system, add the desired improvements and operate it as a private enterprise. An option is to be held by the city for the purchase of the entire water works at some later date.

Excellent Crop Prospects. Prospects for crops here are excellent and there will probably be more produce raised in the acre this year than ever before, though the aggregate raised will be less than last year owing to the fact that 20 per cent of the acreage planted has been completely denuded of crops by grasshoppers and other insects.

Plans are being formed for the raising of turkeys in larger flocks than heretofore in order to use them to combat the grasshopper pest, this kind of campaign having been successfully followed elsewhere in Texas this year. The turkeys are to be kept in a wolf-proof corral at night and each morning taken to a border to the fields and herded until the heat of mid-day begins to come on when they will be returned to shade and water, then taken again to the fields in the late afternoon, and allowed to hunt till sundown.

The plan possesses the double attractiveness of good field crops and of turning the troublesome grasshoppers into merchantable turkey meat. And best of all, it works.

More Pay for Teachers. The pay of school teachers has been increased one-third over the pay schedule of last year. Owing to increasing population two more teachers will be employed this year than last.

GRAIN CONGESTION IN GALVESTON IS RELIEVED. GALVESTON, TEX., Aug. 19.—Grain congestion at Galveston was declared by port officials to be improving today when they announced enough ships were in port to move 3,000,000 bushels of wheat and several more containing space for 7,000,000 bushels were on route.

Elevators were declared absorbing about 100 cars daily in excess of new arrivals. Twenty-four hundred cars of grain, a decrease, were on the island and about 1,400 were en route from inland.

WELLS ARE NEARING INTERESTING DEPTH

Much Building Activity at Newcastle During the Past Few Months.

By Staff Correspondent. NEWCASTLE, TEX., Aug. 19.—A number of wells near here are nearing the interesting depth at which the Arnold well came in one year ago, namely, 4960 feet. The Arnold is still flowing.

The Blair-Hughes and the Norris wells are past the 4000 foot mark and the League No. 1 and the Hunt Nos. 1 and 2 ought to soon reach the depth at which the sand may be expected.

The Arkansas Oil and Gas Co. will, five miles northwest of town, be drilling at 2,000 feet and the Texas Holding Co., a California corporation, is drilling at 1700 feet on the Salt Fork of the Brazos.

The South Bend field, 10 miles to the south of this place, is steadily advancing toward Newcastle.

Several of the large companies have extensive holdings in Young county in the vicinity of Newcastle, the Texas Co. having 70,000 acres, the Sun Co. 80,000, the Mid-Kansas Co. 20,000, and the Humble Co. 10,000. It may be significant that none of these companies are allowing their leases here

to lapse but are paying their rentals promptly when due.

The extension of the Kell and Hamon line into the oil fields will probably be in operation before the first of the year.

There is an unconfirmed report here that the Rock Island will build here from Graham in the near future. New Buildings Constructed.

In the last year 34 new residences have been constructed and also one brick hotel, four brick business houses, one brick church (Baptist) and one lodge hall (Masonic).

The First National bank has let a contract for the construction of a building for its own use, to cost \$15,000, for which excavations have been almost completed. It is to be one-story in height, with a mezzanine floor, and is to be modern in every way. The contract calls for completion by January 1.

The Young Motor Co.'s new building, owned by Perkins & Nance, of Wichita Falls, covering ground 75 by 100 feet, is almost completed.

The Morrison-Smith Lumber Co. is to break ground in a few days for its new lumber yard and office.

The Electric Light company has been enlarged to a \$50,000 corporation with increased powers under which it will engage in the manufacture of ice and in the distribution of electric power to various plants throughout the city.

School Building Delayed. The proposed new school building for which a \$25,000 bond issue was authorized by an election last June, has not been commenced owing to the fact that the state board has not yet acted upon the plans and specifications which were completed by the architect and submitted to it some time ago.

Four additional teachers will be employed when the new building is completed.

the holding of grain by the farmers in anticipation of a better market.

SHERIFFS' ASSOCIATION CLOSED CONVENTION. BROWNSVILLE, TEX., Aug. 19.—The Texas Sheriff's Association, at the closing session of its convention here yesterday, selected Amarillo as the next meeting place and elected the following officers:

Bob Buchanan, Waco, president; W. T. Vanh, Brownsville, vice-president; Miss L. M. Kirk of Austin was re-elected secretary-treasurer.

FAVORABLE REPORTS ON COMMUNITY CENTER PLAN. AUSTIN, Aug. 19.—Favorable reports have been made to President B. E. Vinson of the University of Texas and to John A. Lomax, secretary of the Ex-Students' Association, on the proposition of establishing a community center especially designed to meet the social and group needs of the students of the university.

James E. Pearce, associated professor of anthropology in the university, and Dr. Charles W. Hensdell made an investigation of the plan as it has been put into effect at the University of Michigan. At that school, the only one known in the country to have carried out the idea on so complete a scale, the students' center, erected and equipped at a cost of a million and a

quarter dollars, has solved the distressing problems arising from a scattered student body and the unwholesome social conditions.

Need for a centralizing influence of this kind has long been felt at the University of Texas, and the plan is receiving favorable attention from both the university authorities and leaders of the Ex-Students' Association. Creation of such a center is felt to be an inevitable development, though the heavy financial obligations of the university at the present make it impossible for some time.

Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car-owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a personal contract with the tire-user. Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build all tires to one

standard and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon one grade, one quality, it makes one client—and that is the whole public.

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

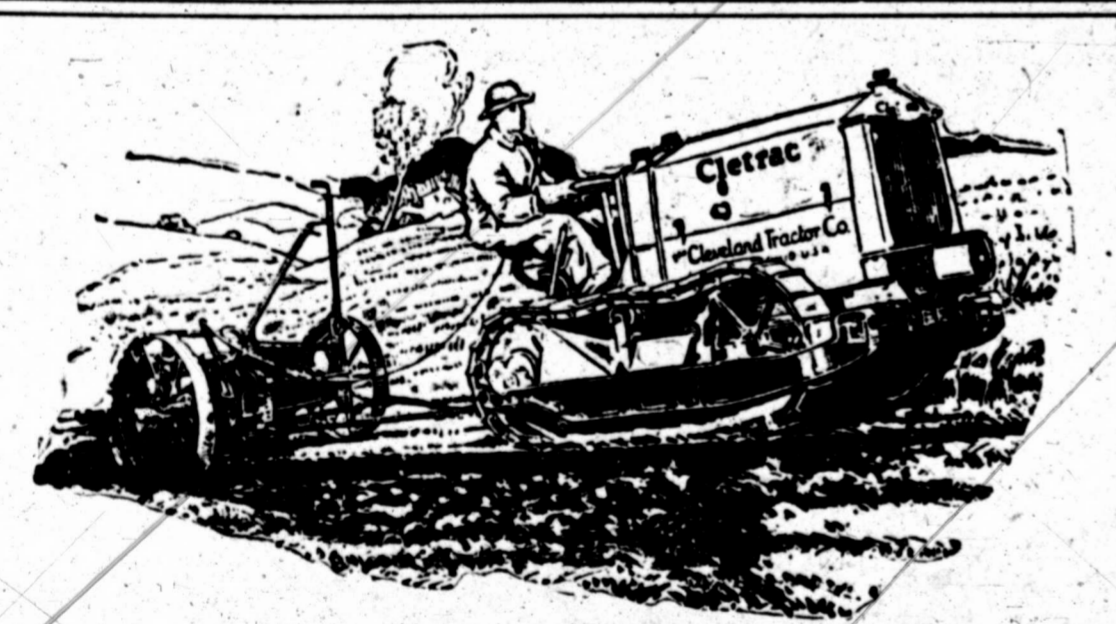

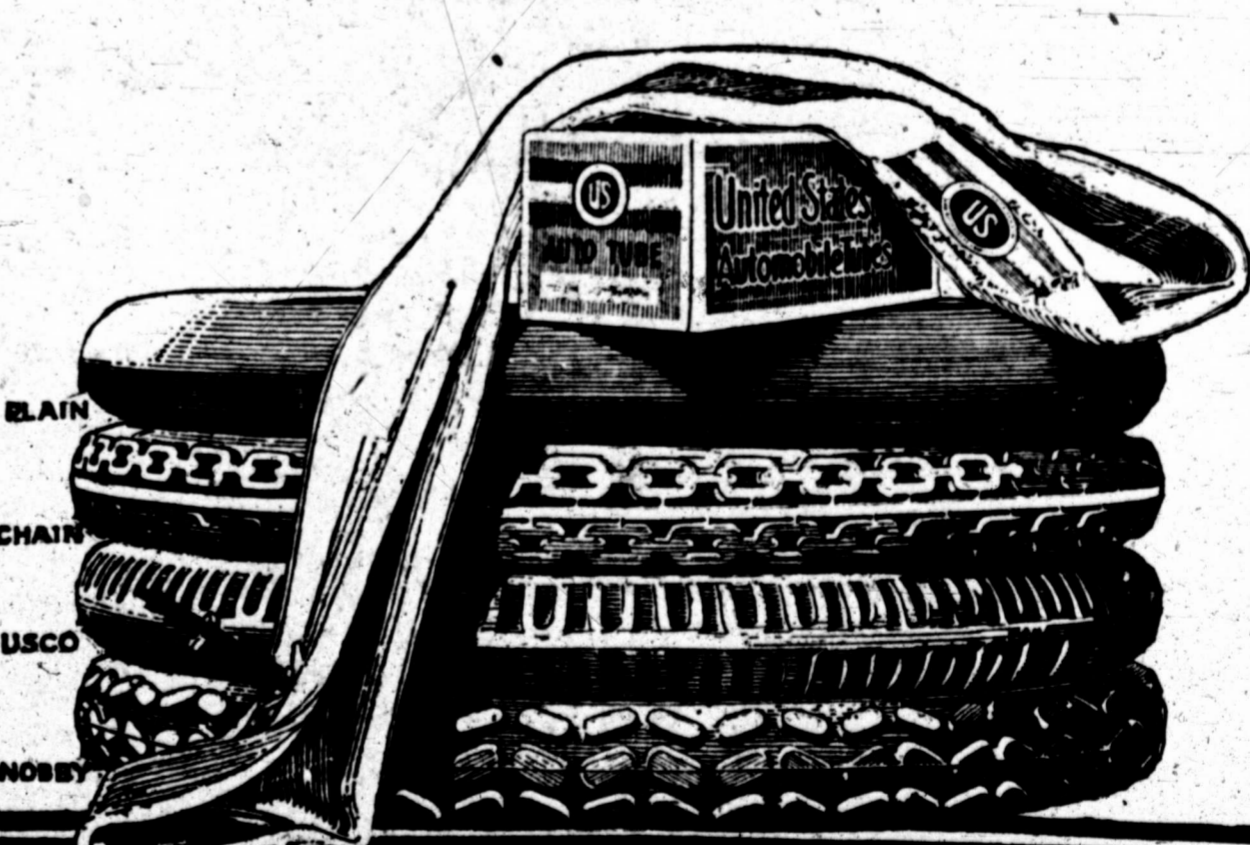

Seeing that the tire-user gets his economy mileage along with an unlimited guarantee.

Policies are harder to make than tires.

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.

Vernon News Budget

DELTA OIL CO. TAKES OVER WILBARGER WELL

By A. C. McConnell
VERNON, TEXAS, August 19.—According to a report given out by H. E. Harrison of the C. & H. Oil company, section 60, block 16, near the Wilbarger and Hardeman county line, the Delta Oil & Gas company of Wichita Falls, has taken over the C. & H. company and will complete the well, which is down about 860 feet. This company has nine producing wells.

Drilling on the Friswell well has started again, also the Quannah-Texas well. Many other wells that have been closed down will be started up again, according to reports.

It is reported that H. E. Williams is preparing to start work again on the Wheat well and expects to bring in a well. It is also reported that work will start soon on the Emerald well in Ford county, closed down at 3,125 feet.

The Mulkey well is being bothered with quicksand, but it is thought this trouble will soon be overcome. Operators firmly believe that this company will get a shallow well.

Vernon operators have secured a large body of land in Hardeman county, about 3,600 acres and are preparing to place same on the market for drilling purposes. The acreage is around a very promising well and the promoters are working out details incident to placing the acreage on the market.

The Gaebeck well is shut down, waiting on casing.

Sale of leases are reported to have picked up in Wilbarger and Hardeman counties. Operators here and at Quannah are quietly awaiting the outcome of a number of tests that will likely show up soon. Many wells in this section, whose fate should be made known soon, are attracting attention, and leasing is active and watchful waiting maintained.

Rains are interfering with operations in this section, as roads are getting in bad shape.

SAY WELL IS GOOD FOR 200 TO 500 BARRELS

VERNON, TEXAS, August 19.—Walter Smith, head of the Smith, Greene & Crenshaw company, says that in its present condition their well is good for a production from 200 to 500 barrels. The bit is a little over a foot in the sand. The well is caving very badly and a liner has been set. The sand was obtained from the well at a depth of 2,687 feet, and he says the hole is standing about 500 feet in liquid gold. About sixty feet of open hole will have to be closed and the well cleaned out before the actual production can be ascertained. Clois L. Greene, the successful oil operator from Wichita Falls is interested in the well. The well has not been bailed yet. This well will serve as an extension of the Bigler field, a distance of three miles to the northeast and about a dozen companies are preparing to drill between the Sigler and Greene wells. The Buckeye National is setting their casing, preparing to drill in.

BUSINESS COLLEGE FOR VERNON IS PROPOSED

VERNON, TEXAS, Aug. 19.—John C. Yates of Fort Worth is here representing John F. Garrison, proposing to establish a business college in Vernon. They ask no bonds, but with co-operation will prepare to handle between 300 to 500 students.

VERNON YOUNG PEOPLE ARE AMONG NEW WEDS

VERNON, TEXAS, Aug. 19.—Price A. Denny and Miss Fannie Boardland were married here Sunday. Louis Ford and Miss Dottie Smith were married Thursday at Oklaunion. Ray Ferguson and Miss Lora Morris of Vernon were married at Claremont.

"Walk down stairs and Save a dollar"

APPROPRIATION FOR GUARD IS EXHAUSTED

Appeal Made To Rotarians To Aid in Protecting Men From Loss On Warrants

Declaring that unless proper aid is forthcoming, national guardsmen on strike duty at Galveston soon will be forced to "hook" state warrants for 20 cents on the dollar in order to obtain their pay, J. G. Culbertson, republican nominee for governor, made an earnest appeal to members of the Rotary club today for city aid in preventing such a possibility.

"The appropriation for the pay of these men has been used up," he said, "and they are now being paid with state warrants. Their task is a difficult and thankless one, a task that is unpleasant and not of their choosing. But they are keeping the port of Galveston open for us and for all of the southwest, and if it becomes necessary, this city should stand ready to handle at least \$25,000 of these state warrants as a guarantee that these boys will receive dollar for dollar what is due them.

"There is no congregation today in Galveston. I spent three days there, last week, and went over the ground very carefully. The riots in wheat are not due to labor conditions but has been caused by the failure of several ships to arrive from foreign ports, and also

THREE TRAINS DELAYED BY DAMAGE TO TRACKS AS RESULT OF RAINS

The local railroads are again having trouble keeping up with their schedules, and two washouts on the roads were holding up three trains indefinitely.

On the Wichita Falls & Northwestern, train No. 1, due here from Elk City at 1:30 p. m., was behind a washout a few miles outside of that town and was piled at the local station as being "indefinitely" late.

The Wichita Valley reported that train No. 2, due here at 1:45 p. m. from Abilene, had encountered a washout in the tracks and nothing was known as to when it would arrive.

On the Fort Worth & Denver, train No. 3, due here from Denver at 2:30 p. m., had been stopped by a washout and was running 7 hours and 45 minutes late, which would bring it into this city at 8:25 p. m.

At noon the Katy had been able to keep its trains running on time and had escaped the trouble encountered by the other roads.

FRED DOUGLAS SEEKS TO HAVE SENTENCE CHANGED

AUSTIN, Aug. 19.—Attorney for Fred Douglas, who was given the death sentence for the murder of the filling station manager named Williams in Dallas, will file an application for commutation of the sentence to life imprisonment, according to a communication they sent to the governor today. Douglas is scheduled to be hanged August 27.

TAYLOR WILL TAKE RIVER TESTIMONY HERE

AUSTIN, Aug. 19.—W. Taylor, assistant general, will leave tonight for Wichita Falls, where on Saturday will begin taking testimony to be used in the preliminary hearings of the Texas-Okla. boundary suit before the United States supreme court. He said that the submission of testimony will be concluded at Austin, where the commissioner is expected to sit within the next 10 days.

ICE DEALERS MUST CONTINUE PRICE AT 65 CENTS

FORT WORTH, Aug. 19.—Conferees here yesterday and today failed to solve the ice price problem. United States District Attorney Taylor warned the dealers they must sell the force until August 25 when the higher freight rates become effective, after that he will consent to a 20-cent charge. But the dealers refused to place their price and today continued the 40-cent charge. Taylor said he will prosecute.

REPORT BRECKENRIDGE IN FEVER OF EXCITEMENT OVER RECENT PRODUCER

The "palmy days" in Breckennridge created no wilder excitement than is being shown daily in Breckennridge, according to J. H. Burnett, deputy collector of internal revenue, who returned to Wichita Falls today after spending two weeks in the Stephens county jail.

Breckennridge is in a fever of excitement. Burnett said this morning. "The concrete well, the wonder well of the city located only two blocks from the quarters of the Chamberlain of Commerce, is flowing better than some barrels of oil daily, and the whole town has gone plain nuts." A man named Pierce owns the city lot on which this well was drilled, and in the last three weeks he has banked \$50,000 and there, a poor working man a month ago, is still holding down his same old job at the same low salary. It wasn't so very far back that Breckennridge had a population of about 100. Last Saturday an airplane fell in one of the city's streets, killing two men and in less than five minutes a crowd estimated at 15,000 had gathered.

NORMAL OIL COMPANY REPORTS ANOTHER WELL

The Normal Oil company yesterday brought in another well in their shallow lease in survey No. 2 Burnett lands, southwest of Iowa Park. The well was had at 367 feet, showing twenty feet of good gas and the well is expected to be good for twenty barrels on the pump.

MATHIS RETAINED TO ASSIST ATTORNEY GEN'L

AUSTIN, Aug. 19.—John M. Mathis of Houston has been retained by the governor to assist E. F. Smith, assistant attorney general, in representing the state in habeas corpus proceedings which will test the jurisdiction of military authority at Galveston, and he was here today in conference with the governor.

CHILDREN REPORTS SIX-INCH RAINFALL

Six inches of rainfall in the past two and a half days was an official report received Thursday morning by a local business man from Childress, Texas. The report stated that the rain at Childress fell in torrents and that it was estimated by several people that the total precipitation was at least half a foot.

Bailey Clearly Ineligible

Opinion of Former Attorney General Looney

To the Dallas News:
GREENVILLE, TEXAS, Aug. 16.—The question of Mr. Bailey's eligibility is an important one. I have noticed considerable evidence in the press, of loose thinking on this subject. There seems to be no controversy about these facts. After Senator Bailey retired from the senate he continued to reside with his family in Washington, owns his homestead, has a law office and conducts a law business there. This condition existed for more than five years before he entered the race for governor, and still prevails; in other words, if Mr. Bailey is elected it can be accurately stated that for more than five years immediately preceding his election, his personal residence has been in Washington City and not in Texas.

ernor shall be 30 years of age and a citizen of the United States. Certainly neither Senator Bailey nor any one speaking for him will contend that a person under 30 years of age or an alien, could be elected and installed governor simply because he received the highest vote in the election. Neither can Bailey's ineligibility be changed to eligibility in this way. If the people could settle a question of this kind in an election it would be folly to write a constitution prescribing qualifications for offices. The meaning of "eligible" is "electable," "proper to be chosen," "qualified to be chosen," and this defect, wherever it exists can not be cured by a successful contest in the election. In fact, the election of such a person is a nullity, the effect being the same as if no election had taken place. The law books are full of authorities supporting this proposition.

This being true, is he eligible to hold the office of governor?
In my judgment, he is not eligible, the reasons for my opinion being as follows: Section 3, Article 4 of the Constitution directs that the speaker shall open and publish the returns of the election in the presence of both houses of the legislature, and "the person voted for at said election, having the highest number of votes for each of said offices, respectively (including the governor), and being constitutionally eligible shall be declared by the speaker, under the sanction of the legislature, to be elected to said office."

SOME POSSIBILITIES
The situation presented by Mr. Bailey's ineligibility is dangerous in view of the possibilities of the situation, and could easily lead to the defeat of the democratic party in electing the governor this year.
Chapter 13, Acts Regular Session, 1919, amending Art. 3082 R. S., among other things, provides "that no person ineligible to hold office shall ever have his name placed upon the ballot or ticket at any general or special election, or at any primary election when candidates are selected under primary election laws of this state; and no such ineligible candidate shall ever be voted upon, nor have votes counted for him at any such general, special or primary election."

WHO IS ELIGIBLE?
In order therefore, for any person to be declared elected, the legislature must find that he received the highest number of votes and that he is constitutionally eligible.
Who is constitutionally eligible to be installed governor? The constitution answers, Sec. 4, Art. 4 reads: "He shall be at least 30 years of age, a citizen of the United States and shall have resided in this state at least five years immediately preceding his election."

Article 3083, amended by the same act, provides: "And the name of an ineligible person under the constitution and laws of this state, shall not be certified by any party committee or any authority authorized to have the names of candidates placed upon the primary ballots at any primary election in this state; and the name of any ineligible candidate under the constitution and laws of this state shall not be placed upon the ballot of any general or special election by any authority whose duty it is to place names of candidates upon official ballots."
By Art. 3083a of said act, jurisdiction is given every district court of the state, at the suit of an interested party or any voter, to issue writs of injunction and all other necessary processes to enforce these provisions.

Neither Mr. Bailey nor any supporter of his will contend that he has maintained a personal residence in the state for the time required by the constitution, but they say his legal residence in Texas has never been relinquished; that while he and his family have personally resided in Washington City, he has intended to return to Texas at some indefinite period in the future and, thus, although absent from the state, by legal fiction, he retained a constructive residence here.

LAWS WILL BE INVOKED
The public may rest assured that Mr. Bailey's ineligibility, being so notorious and so indisputable, that somewhere, sometime, by some one, the processes of the laws of this state will be invoked if he should receive a majority in the runoff primary. Mr. Bailey will not be powerful enough to make scraps of paper of our laws, nor to bluff his way through the courts. The truth of this matter is well known to the leaders of the opposition parties and at the psychological moment they will act. The enemy parties would risk a kingdom to defeat the democratic party in Texas. The republicans and others of all ilk opposed to democratic success are exceedingly favorable to Bailey and root for him on every occasion. All this is significant, there is method in this madness. They will, no doubt, endeavor to enter the democratic primaries to give him the nomination in order to bring the confusion that the question of his ineligibility presents. If this question should not be raised elsewhere, it will ultimately reach the legislature, whose province it is to pass finally on the question. If a majority of the legislature should determine to stand by the constitution the election will be nullified, although he may receive the highest vote cast for any candidate for governor at the general election.

What does the constitution mean in requiring that the governor "shall have resided in this state at least five years immediately preceding his election?" Does it mean a personal residence, or will a technical residence suffice? In other words, does the constitution require presence in the state? The meaning of law is apparent when we get at the reason for its enactment. It is very evident that a person who absents himself from the state for five years, disassociated from its life, out of touch with local affairs, is necessarily lacking in current information as to its business. For this reason the constitution conclusively presumes that such a person is disqualified to discharge the duties of the governor's office. If the constitution hasn't this meaning then the provision is meaningless.

RETAINING RESIDENCE
However, we do not have to speculate, as another provision of the constitution removes any doubt as to its meaning. Sec. 9, Art. 16 reads: "Absence on business of the state or of the United States shall not forfeit a residence once obtained so as to deprive any one of the right of suffrage or of being elected or appointed to any office under the exceptions contained in this constitution." Thus the proposition that the constitution means a personal residence in the state and nothing else, is conclusively established by these exceptions. Absence will not forfeit the right to hold office, if the absence is occasioned by business for the state or for the United States, and, as Senator Bailey has been absent for more than five years, on business for neither the state or of the nation, he is unquestionably ineligible.

But Mr. Bailey says the people at the polls will settle the question of his eligibility. This is misleading and no one knows better than Senator Bailey that eligibility, whether or not, is a judicial and not a political question. The people, in fact, have already settled at the polls the legal status of the question, in that their constitution provides that a person absent from the state for five years before his election is ineligible.
The people have also said in their constitution that the gov-

ernor shall be 30 years of age and a citizen of the United States. Certainly neither Senator Bailey nor any one speaking for him will contend that a person under 30 years of age or an alien, could be elected and installed governor simply because he received the highest vote in the election. Neither can Bailey's ineligibility be changed to eligibility in this way. If the people could settle a question of this kind in an election it would be folly to write a constitution prescribing qualifications for offices. The meaning of "eligible" is "electable," "proper to be chosen," "qualified to be chosen," and this defect, wherever it exists can not be cured by a successful contest in the election. In fact, the election of such a person is a nullity, the effect being the same as if no election had taken place. The law books are full of authorities supporting this proposition.

LOCAL COURTS

PLACED UNDER ARREST FOLLOWING INDICTMENT

W. O. Wardlow was placed under arrest Wednesday on the charge of theft over \$50. The grand jury in its recent session returned an indictment against him.

JUDGE GUY ROGERS IS HOME FROM VACATION

Judge Guy Rogers of the county court has returned from a two weeks vacation and has resumed his duties at the court house. He reports having had a very enjoyable vacation period.

HARMONY PREVAILS WHEN OFFICERS VISIT THE SCENE

Domestic troubles and family squabbles are settled in various and sundry fashions.

The latest method, and one that proved out satisfactorily occurred Wednesday. It appeared from the case in mind that reconciliation could only be found by bringing officials of the law into play.

Wednesday morning a woman appeared before the county attorney and score out an affidavit against her husband charging him with cruelly beating her. She appeared beyond appealing her. The sheriff's department was put on the case and a deputy came to the home late in the afternoon to bring said husband to court.

When the deputy arrived at the house, said wife and said husband were sitting in a small family circle pouring out their hearts amidst sobs and tears to one another. The woman declared that if he arrested her husband that she would not appear against him and stated that everything had been "fixed."

SANITARY ORDINANCE IS BEING ENFORCED

Tom Taylor, city sanitary inspector, is making life miserable for violators of the city sanitary ordinance which the health department is waging an effort to improve conditions in the city are beginning to show in the number of cases listed on the police department. Every morning for at least two or three of these cases tried before Judge Ogilvie and Thursday the total reached nine. Furthermore, Mr. Taylor is no respecter of persons, as shown by the fact that all violators

JAS. M. WILLIAMS GEO. N. DWYER Safe Burglary Insurance

Safe robberies are reported in the papers nearly every day in the year. Even with a so-called "burglar-proof" safe, money and securities are not protected, as the professional burglar, with all his modern appliances, can in a very short time open almost any safe in common use.

Protection is granted for money stolen from the safe, also for damage done to safe and premises in an attempted burglary. The premium charge, being moderate, is of minor consideration. Obtain protection now before the cracksmen's visit. Full particulars as to rates and coverage given.

We write every form of INSURANCE Williams-Dwyer Co.

DOWN-TOWN STREETS TO HAVE TRAFFIC COPS

Two traffic cops are to be appointed in the near future by Chief of Police Huff and put to work in the heart of the business district during the peak hours of the afternoon.

This announcement was made Wednesday and indicated that the new officers would be selected from outside of the present department.

It is the plan now to use the men at the intersections of Eighth and Indiana and Eighth and Ohio between the hours of 5:00 and 8:00 p. m. Traffic at this time is very heavy and the need of officers to direct it has long been felt.

According to the chief, the semaphore system will not be used.

AMERICAN PREACH DRY DOCTRINE TO JAMAICANS

KINGSTON, JAMAICA.—American prohibitionists, aided by a good many

like-intentioned persons in this island, are maintaining a strong and well-sustained campaign to make Jamaica dry.

Rev. E. H. Curtis of Ohio has just concluded a four months whirlwind tour of prohibition; and on leaving, gives it as his opinion that in 10 years the sale of drink will be reduced to practically nil in this colony. He did not mince words at his last lecture in telling the men of the middle and upper classes here how disgusted he was at the general low standard of morality he had found amongst them.

Governor Probyn is in favor of restriction of liquor selling, and there are many people in the island who are dry advocates. But there is plenty of money invested in the liquor industry, and they are preparing plans for a fight to the finish.

Professor Ralf E. Danforth, a professor of zoology and anatomy at Rutgers College, N. J., is in the island for a two months' study of its agricultural possibilities and the living

conditions, from the social point of view. His investigations are with the object of proving that the tropics are the ideal home for northern races, and that they would live in the torrid zone under better conditions than in the temperate. The only drawback which he sees is malaria, which can be got over if tackled correctly. He is also a prohibitionist.
