

STAGE IS SET FOR SHRINE CEREMONIAL

BEN HUR TRIBE COMING FROM AUSTIN TO PARTICIPATE IN THE INSTITUTION OF MASKAT TEMPLE

One hundred and twenty-five nobles from Ben Hur Temple, Austin, Texas, will arrive in Wichita Falls Tuesday morning, August 31, to assist in putting the Maskat temple on the map. Six Fulmans will bring their band of sixty pieces, patrol of fifty men, their entire official divan and chariot, headed by Dr. A. P. Beverly, potentate of Ben Hur temple, Noble W. C. Hobby, governor of the state of Texas, and the representatives of the Ben Hur temple will also be members of the party.

Ben Hur temple was the guest of the Wichita Falls Shrine club on their recent trip to Portland, Ore., and its nobles were honored for a Shrine in Wichita Falls, and at that time planned that should Wichita Falls be successful in securing a temple, that Ben Hur temple be there to see it come right.

Ben Hur temple is the second oldest temple in Texas, dating from 1891, and it has one of the best bands and organizations in the Shrine, and its nobles are many years. The band of sixty pieces will be under the leadership of Noble Julius Seabolt, who is the patrol leader, assisted by Noble Roger C. Holter, assisted by Nobles A. C. Bull and George S. Howell as lieutenant.

Potentate Beverly has been assisted in planning this trip by a general arrangement committee consisting of: Past Potentate W. H. Franklin, Past Potentate E. E. Richter and Recorder Joe H. Munster, and every effort has been made to bring an organization to Wichita Falls which will be full of "peeps" and which will assist Maskat in putting on the biggest show Wichita Falls has ever seen.

A possible feature in the parade will be Ben Hur temple's chariot which has been all over the United States at Imperial council meetings of the Shrine.

The officers of Ben Hur temple are: A. P. Beverly, potentate; John H. Tobin, chief rabbi; B. S. Dickinson, assistant rabbi; H. H. Taylor, high priest and prophet; George S. Howell, oriental knight; John K. Hendon, treasurer; Joe H. Munster, recorder; L. H. Kirk, first ceremonial master; Edward McKean, second ceremonial master; H. C. Smalley, marshal; E. C. Myers, captain of guard; Gustav Johnson, outer guard; and T. H. Freze, director.

COX REITERATES THE CHARGE IN NEW YORK

(Continued from page one)

tion which intends to scrap the league. But it will not succeed."

Governor Cox also added that public confidence must be given to industrial readjustments and, he said, "millions of dollars are being contributed in order to guarantee an unfair adjustment."

"I know men," he asserted, "that are making contributions for the purpose of using the hayonet to settle industrial difficulties. Nothing could be more dangerous than that. That is building a bolshevik factory. Stop, look and listen, you business men."

Governor Cox said he proposed to use the "golden rule" in settling industrial disputes. He also promised to remove war taxes unjustified during times of peace.

In addition to his addresses, the governor met hundreds of persons at several informal receptions. He marched several blocks at the head of a procession down Fifth avenue to the luncheon, waving to thousands along the line.

A crowd estimated at around 200,000 cheered Governor Cox as he entered the Grayson tower. Powerful bombs and daylight fireworks shook the earth and carbines and dirigible parachute leaps from a plane were features of the aerial entertainments.

After being introduced by Governor Alfred E. Smith of New York, Governor Cox took the platform. Although amplified by a mechanical device installed over the rostrum, the democratic candidate's voice could not be heard by a majority of the huge audience.

In both addresses Governor Cox charged the "senatorial oligarchy" frequently and declared its "abusiveness" directed at President Wilson.

When the president was stricken how, as clearly a victim of the war as the soldier who fell in a trench, said the governor, their abuse entered the sickroom.

With the president of the United States in the very shadow of death himself, it is a notorious fact that cloakroom gossip was a chucking and gleeing affair. Never in all your history was anything more shockingly unkind.

Governor Cox charged that instead of making the presidential campaign a "pure thing" republicans had procured large sums of money in order to stir up racial groups and keep alive emotions aroused by the war.

Instead of helping to ally the affairs of the world civilization, they sought to bring confusion into the communities of America," said Governor Cox, to multiply in short the woes of mankind and charged it all to the administration in power. In order that the spoils of office might be gained.

After watching the police races and games for an hour, Governor Cox left the track with former Representative John J. Fitzgerald, at whose Brooklyn home he will spend the night.

The Hella Temple Drum Corps will be here from Dallas to take part in the institution of Maskat Temple.

GOVERNOR IS COMING WITH AUSTIN SHRINERS

W. F. HOBBY.

FEDERAL RESERVE BANK MAKES WEEKLY REPORT

MANITOWAN TEACHERS PLEASED WITH PAY

SELKIRK, MAN., August 28.—When the schools here reopened this fall it is believed that this school district will have the most contented lot of teachers in Canada. This happy state of affairs has been brought about by action of a permanent board of arbitration established by the provincial government at the request of the Manitowan Teachers' Federation.

The board has just awarded the teachers \$50 a year more than they had demanded of the board of trustees and the minister of education has expressed himself as pleased with the award. The teachers had asked for a minimum salary of \$1,050; the trustees stood pat at \$1,000 and the board of arbitration, consisting of one representative from the teachers' association, one from the school trustees' association and one from the government placed the minimum at \$1,100.

Deputy Minister of Education Robert Fletcher says the result of the board's decision will be to stabilize the profession and that there will be less shifting around and fewer teachers leaving Manitowan.

Miss Audrey McReynolds, who has been spending the summer in Denver, is the guest of Mrs. Herbert Scott, on Tenth street.

SAYS JONES BILL HITS TRADE INTERESTS OF JAPAN

By HENRY W. KINNEY, United Press Staff Correspondent, TOKYO, Aug. 1.—By Mail.—While there is considerable indignation and consternation in shipping circles here as a result of the passage at Washington of the Jones merchant marine bill, at least some Japanese are able to see Japan is not in position to object with any great degree of justice as long as she herself has on her statute books laws which operate against foreigners.

Already there have been a number of protests sent to the government by various organizations of shipping and business men, but no hint has yet been

ONE KILLED AND TWO INJURED IN AUTO WRECK

SAN ANTONIO, Aug. 28.—One man was killed, two women seriously injured and a small girl slightly injured when the driver of a high-powered automobile lost control of his machine while traveling on a country road near here today.

A. F. Welch of Denton, Texas, who was visiting his daughter, Mrs. W. J. Paulsen, at her home here, was instantly killed. Mrs. Porter J. Bailey of San Angelo, sister of Mrs. Paulsen, and Mrs. A. J. Welch, wife of the dead man, were seriously hurt. The party left this city on a picnic trip early this morning.

GERMANS BUILD ZEPPELINS FOR PASSENGER SERVICE

AKRON, O., Aug. 28.—Two super Zepplins of the largest type ever constructed are now being built in Germany for American interests for use in freight and passenger service between Berlin and San Francisco, via New York, according to John R. Giameter, aeronaut expert of large firms and rubber company here, who has just returned from a trip abroad. A permanent American automobile manufacturer and the Hamburg-based steamship company are financing the project, he said.

They are expected to be placed in operation within four months.

REBELLION SPREADS PART OF MESOPOTAMIA IS REPORT

By Associated Press, LONDON, Aug. 28.—Reports from Mesopotamia indicate the further spread in the south of the anti-British rebellion against the British administration, which has been prevalent recently, the war office announced officially today.

CHICAGO BANDITS GET AWAY WITH \$4,800

CHICAGO, August 28.—Bandits in an automobile took away with \$4,800 when they held up Edward Cavanaugh, superintendent of the Newgard Electric & Contracting Co., while he was on his way to East Indiana Harbor with the firm's records.

HEAVY RAIN REPORTED IN SHERMAN VICINITY

SHERMAN, TEXAS, August 28.—Eight and four-tenths inches of rain, the heaviest precipitation in 48 years fell here last night and this morning. Many families living in the lower sections were obliged to move and hundreds of chickens and several head of stock were drowned. One horse was washed over on Post oak creek.

All grassy country creeks are out of banks, and lowlands are flooded. Farmers report much damage to cotton.

Four and one-half inches of rain was reported at Denison.

MINE JOURNAL PREDICTS REDUCED COAL PRICES

INDIANAPOLIS, Aug. 28.—Material reduction in the price of coal as a result of the end of the interstate coal miners' commission that no open coal cars shall be furnished wagon mine which have no strips or chute in loading, was reported here today in a statement issued by a 12-page special issue of the United Mine Workers Journal.

MAX 104 YEARS OLD DIES IN TEMPLE, TEXAS

TEMPLE, TEN., Aug. 28.—Richard Knight, 104 years old, died at his family home near here last night. He had a son who served in the Civil War.

REPUBLICANS NAME JOHNSON OF GRAHAM

Is Selected As Candidate For Congress By Convention Here On Saturday.

Hon. C. W. Johnson of Graham, Texas, was nominated as the candidate from the Thirteenth congressional district of Texas by the republicans in session Saturday afternoon at the court house of Wichita county.

This recommendation was made by the committee on nominations selected from the representatives of the various counties comprising the Thirteenth district and was unanimously adopted by the convention. The committee on nominations was composed of J. W. Meurer, chairman, E. B. Smock, C. C. Bannenberg, J. W. Culbertson, J. C. Bradshaw, J. M. Pastusik.

It was announced at this gathering that the republicans of Wichita county had endorsed Charles M. Dodgen as candidate for sheriff and urged all republicans in the county to support him at the election this fall.

The committee on resolutions, composed of Orville Bullington, chairman, J. L. Hickson, C. J. Farrell, E. J. Towler, J. G. Culbertson and Messrs. Hinshaw, McCaleb and Bradford, reported to the convention. They heartily endorsed the republican candidates for president and vice-president and for governor of the state of Texas and

also commended the party for advancing what was termed the elevating policy as adopted at the convention at Dallas. They also in the closing paragraph gave an endorsement of the selection of a man to be candidate for governor "who knows his age and knows where he resides."

The meeting when called to order was given over to a general discussion in which a large number of those present participated. J. G. Culbertson of Wichita Falls, the republican nominee for governor of Texas, gave a lengthy address which brought forth much applause.

Mr. Culbertson spoke of the present democratic administration and the principles advocated and upheld by them. He stated that in order to clean up the political situation in the country and in the state it would mean that everyone would have to take off their coats and work.

He told of the loan of \$5,000,000 to Argentina which came due some time ago and which he said "the present short-sighted and weak-kneed administration" demanded settlement. He said that the South American country was unable to meet the demands and the entire loan was taken over by Great Britain. "Yet," he said, "Great Britain and the other European countries are too poor to pay the interest on their debts."

"The United States," he continued, "has no other security on these debts other than a note signed by the ambassador of the countries which borrowed the money. If it were not for the fact that this country loaned out these billions of dollars it would not have been necessary to float these various Liberty loan bond issues which at the present time are the cause of the congressions in the bank and indirectly responsible for the present

money conditions throughout the country."

The candidate for governor then spoke on the tariff question and said that the sheep raisers and wool growers of Texas were unable to compete with the growers of wool in foreign countries where labor is so much cheaper. "and yet," he went on to say, "the present administration has placed wool on the free list."

"In order to have Texas get what she needs and deserves, we as a party must select three or four congressmen to be sent to Washington, for they will be able to do more there for the welfare of this great state than any republican of this executive's chair at Austin," concluded the speaker.

The executive committee reported that they had selected J. L. Hickson as permanent chairman of the congressional district for the next two years and also named J. E. Lutz as temporary chairman and B. E. Graves as secretary. This report was adopted by the convention.

After the various committees had reported and all business had been transacted the meeting adjourned.

REUNION IS A SUCCESS NOTWITHSTANDING RAIN

Although rain fell each day of the Confederate reunion at Holliday last week, there was a good attendance and the affair was enjoyed by those present.

The management was in the hands of Stonewall Jackson camp of the Sons of Confederate Veterans, the headquarters of which is at Holliday. There were but seven of the veterans present; they were John Woodhouse, Harry Lewis, J. W. Johnson, J. N. Mobley, John Green, Geo. Alexan-

der Sr. of Archer county and John Ground.

There were amusements of various kinds, among which the favorites were the nightly dances and the two afternoon ball games.

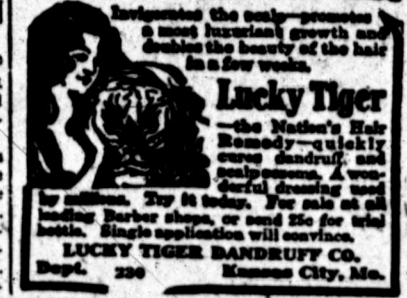

Picnic dinners were brought in hampers and baskets and in addition to these the food supply was augmented by beefs barbecued on the grounds and by wagon loads of such articles as bread and watermelons, which were brought in daily.

Speeches were made upon the topics of the day by Hon. Joe Eagle of Houston and Judge P. A. Martin of Wichita Falls.

Plans are being made for several of the veterans to attend the reunion at Houston in October, and new uniforms have been ordered for the occasion.

Accident, sickness and death seldom advertise their coming and every dollar is a needed asset then. Start a savings account with Security National Bank.

DOVE SEASON WILL OPEN ON WEDNESDAY, SEPT. 1

The open season on doves begins September 1, the quail season on November 1. It is speaking of the hunting season which opens Wednesday, September 1, Mr. Little, proprietor of the Winfrey gun store, stated:

"This is only the beginning of our hunting season which is open until January 31. The season opens Wednesday on doves only and I hope those who do not know the law will come in and be advised as there will be lots of quail this year if the hunters will not shoot them until the season opens November 1. They are now raising their second covey and to shoot them now would deprive the real sportsmen who believe in keeping the law of a lot of sport when the season opens."

What Fashion Decrees for Autumn

ALL THE AUTHORITATIVE STYLES FOR AUTUMN ARE splendidly shown in a great review here. The exhibition in itself is worthy of a visit to this store. Our display is characterized by its distinctiveness, its charm, and above all the serviceability of the garments.

We are receiving shipments daily of many beautiful lines, and we are sure that we have just the dress, coat suit or coat that you have in mind to buy. It will be a pleasure to show you, whether you buy or not, and we feel sure that those who are acquainted with our grades of merchandise, will appreciate the moderate prices and will see us before buying.

THE SUITS AND COATS FOR AUTUMN happily combine true style and warmth as never before. Added to these features are the extreme values—values that bring selected garments within the means of nearly all.

Miss Saratoga Tailored Middy Suits and Blouses

Because "Miss Saratoga" garments have bettered the best of ordinary middies you will find "Miss Saratoga" in the class-rooms and "gyms" of the most exclusive girls' schools; on the tennis courts and golf links of the better country clubs; and among the sport garments of well-dressed young women everywhere.

You will note particularly the fine jean, real Irish linen, gaberdine, beach cloth, poplin, flannel and serge of which "Miss Saratoga" garments are made; the finely-fitted hip lines, the (not flat-tailored) collars, hand embroidered emblems and pretty colors. You will find them to be very moderately priced, in fact the best middies for the price.

SATURDAY WAS A BIG DAY! At Mack Taylor's Closing Out Sale

From the opening hour until closing time the buyers poured into the store, and they bought liberally. The new and seasonable merchandise at actual cost was a revelation to them.

The Doors Will Open Again Monday Morning at 8:30

The assortments have not been broken. You will be able to find the style and size you want.

HANDSOME FURS, COATS, COAT SUITS, DRESSES, SKIRTS, BLOUSES AND A LARGE AND BEAUTIFUL ASSORTMENT OF WOMEN'S SILK UNDERWEAR.

All These Garments At Cost And Less Than Cost! WE ARE GOING OUT OF BUSINESS!

Our plans are all made to enter the wholesale drug business and we must unload this \$75,000 stock just as soon as possible, in order to make room for the big stock of drugs.

BE HERE MONDAY MORNING!

Our force of salespeople will be increased and we can assure you that you will be waited upon promptly.

You Won't Get This Chance Again!

Wholesale prices are soaring. We can't buy these goods today at the prices we are selling them for. Lay in your supplies and save many dollars.

MEN'S CLOTHES AND HATS

We recently put in a stock of men's clothes—they are new in cut, style and fabric. These go at COST along with the rest. A big line of men's hats will also be cut to the bone.

COME IN AND SEE THEM

Doors Open Monday Morning At 8:30

MACK TAYLOR'S DEPARTMENT STORE

812-814 OHIO AVENUE

Tenshun, men; read all this verse. Some is bad—the rest is worse.

Old Doc Jones is blown high sky, Hear the little angel cry.

Reuben's sweetheart here we see, She looks pretty good to me!

Shake hands with the World every day of your vacation.

Rube's a very worldly man, Member of the good sports clan.

Booze cured all of Reuben's ills Better than the doctor's pills.

See the Reuben's cheery smile, Ain't that boy got lots of style?

Attention!

The Rhyme of Reuben Rubottom

PROLOGUE

Reuben, Reuben, how can mortal
Fall into the pits of Hell,
Into shameless degradation?
Tell me, Reuben, how you fell?

"So at five I was a chewer;
Heavens! How my rivals swore!
When they'd see me, still a baby,
Never miss a cuspidor!

RUBEN SPEAKS

Answered then the Rube of Wich'ta,
Beads of sweat upon his brow:
"I was once as pure as thour art,
Not depraved as I am now.

"Women? Ah, there was my trouble!
Often I would spend my means
Buying silken hose for damsels
While I dined on pork and beans.

"But the Devil must have seized me;
Ah, the thought now makes me weep!
For when I was but an infant
Neighbors heard my curses deep.

"Curses on my fatal beauty!
Let the air with curses sound,
While I keep this handsome figure
Girls will always chase me 'round.

"I could curse without half trying,
It was just an art, I guess;
Not Joe Art, but far superior,
Couldn't be worse, you must confess!

"I have been a burglar, Brother,
Done my jolt within the jail;
Been a thief, a thug, a gangster,
And a crook beyond the pale.

"All their prayers my parents wasted,
All their efforts for my sake
Only filled my soul with madness
Till my curses made them quake.

"I have swum in seas of liquor,
Drowned my sorrows in Old Crow;
Have you got a quart about you?
Yes? You have! Come on, let's go!

"They renounced me; I don't blame them,
Kicked me out, and bade me go
Forth into the world, mere infant,
And I went, believe me, Bo!

"All you Shriners know my platform,
I'm no hypocrite, you see,
If I stand for Sin and Murder,
It's because they're part of me.

"I was only two years older,
Age to eat my milk and cracker,
When the Devil whispered: 'Reuben,
Time for you to chew terbacker.'

"I'm the man to give that ring to,
I'm a sadder man but wiser;
You can trust me with that diamond—
(Trust me as you would the Kaiser!)"

Old Doc Jones out in the rain
He will never run again.

Here's a photo of Rube's hand;
Don't that Maskat ring look grand?

Rube will win all fine and dandy,
Just like stealing this kid's candy.

Reuben loves the wild, wild wimmin
You should see that boy in swimmin!

Here's a shot of good old likker;
Drink to Rube, the city slicker.

Old Doc Jones now tears his hair;
Knows his chance is gone for fair.

Another wild one, friend of Rube,
Can't fool Reuben, he's no boob.

Oil News

WICHITANS TO DRILL NEAR BELCHERVILLE WILBARGER INTEREST IN SMITH-GREEN WELL

Will Start At Once On Deep Test In Northern Part Of The Wallace Survey.

Would Mean An Extension Of Sigler Pool Three Miles To The Northwest.

NOCONA, TEXAS, August 28.—Information believed to be reliable is to effect Anchor, Green and associates of Wichita Falls will start work at once on deep test in the northern part of the Wallace survey, the location being about a mile and a half north and a little west of Belcherville. Gas is said to be still bubbling in the oil well on the Crenshaw ranch, which adds to the interest which geological reports give to the country about Belcherville extends through to Montague or beyond. The material has been shipped from Vernon and work should start building the derrick soon as the stuff can be delivered at the location.

VERNON, TEXAS, Aug. 28.—Chief interest this week still centers around the Smith, Greene & Crenshaw well, which makes an extension three miles northwest of the Sigler pool, south of Vernon. Drillers Wednesday afternoon lost a bailer and are now fishing for the lost bailer. Thursday morning the well was shut down. The log of that well was not visibly lowered. The gas pressure was not visibly in evidence. Nothing new comes from the S. & R. well on the Hancock lease.

Report comes over to effect the drilling material and derrick stuff which has reached Terrell, Okla., is for a test well near Fleetwood, though the location is not given. Fleetwood is about nine miles northeast of Nocona. Since the high water in Red river it has been difficult to get news from the Oklahoma side, however, it is said there is considerable talk at Terrell, Ryan and Waurika about the favorable prospects at the Simme and Empire wells.

The late rains have solved the water problems for drillers in the Vernon field as a week's hard rains have stored enough water to keep the rigs running through a considerable stretch of dry weather.

While no location has been made, it may be taken as reasonably certain work on one or more wells will start at an early date out north. The favorable conditions found in the Nocona well on the Lemon farm and the large acreage held by the strong companies point to this conclusion. It might be added that two or three projects are under way, but none have been given out as reached the "moving-in" stage. Montague county is in for a good testing out, and will be watched closely as its favorable location on the northeast end of the Pennsylvania uplift running northeast and to Red river in north central Texas, and just across in Oklahoma and the older Headton prolific pool, gives it further attractive features.

Following is a report of drilling operations in Wilbarger county: American Eagle, Kelly, section 54, block 12, 2,120 feet, shut down. Ryan Farm, Byars, section 69, block 12, 2,270 feet. Big Waggoner Oil Co., Waggoner, section 24, block 12, shut down 1,200 feet. Dark-Payton, Payton, 2,280 feet, abandoned. Cable Well & Gas Co., 182 Waggoner Colony, 1,800 feet, cleaning out. Garner Oil Co., Wells, section 43, block 16, 2,220 feet contract completed. Crescent Cove Star, section 7, block 15, moving in tools. Noble Oil & Gas Co., Judd, section 45, block 14, 2,090 feet, fighting cave. Jeffrey Ayers et al., Willis Vaughn Sr., section 5, block 15, drilling at 1,500 feet. Guyer Trisler Guyer, block 122, Waggoner Colony, 2,510 feet, shut down. Wilbarger County Oil Co., Carter, section 21, block 10, 1,090 feet, shut down. S. & R. Oil Co., Hancock, section 60, block 12, 2,270 feet, waiting for orders. Eutopia Oil Co., Ayers, section 21, block 10, 780 feet, caving. Hurton & Waggoner, section 40 block 1, drilling at 1,750 feet. Vernon Home Oil Co., section 16, block 12, derrick. Barlow et al., Pyle, section 32, block 12, derrick blown down. Luttrall & Galvey, Richardson, section 82, block 14, 2,255 feet, contract completed. Smith, Greene et al., Wharton, section 100, block 14, 800 feet oil in hole, fishing for bailer at 2,097 feet, 2,105-foot well. Staley-Greene, Zipperle, section 50, block 14, derrick. Gem Oil Co., Wharton 27, J. Pointe-vent survey, drilling at 900 feet. Harrington & Rowinson, McCaleb, section 82, block 12, 1,520 feet, fishing. Pyramid Royalty Co., Wharton, section 217, block 2, location. Tex-O-Wa, Goss, block 22, Waggoner Colony, 1,860 feet, shut down. Penn-Burnett Oil Co. (Wes. Vernon), Hert, section 21, block 14, 1,230 feet. The B. Churchill test on the Watts farm, near Poans on Red river, is reported to have struck a second good showing this week. The extent of the showing was not divulged.

GOOD SHOWING FOR A WELL ON BIRK'S TRACT

The Arkansas-Texas Leasing Syndicate report a good showing for a well in the C. Birks tract, south of block 221 in the northwest field. The well was drilled to the sand and casing set and then rat-tailed six and one-half feet into the sand and is showing for at least 250 barrels. It will be standardized and finished with cable tools this week. The well is owned by C. C. Clay and the Arkansas-Texas Leasing Syndicate jointly. It is between the Bowers wells and the old Ramming pool and may be the connecting link between these two.

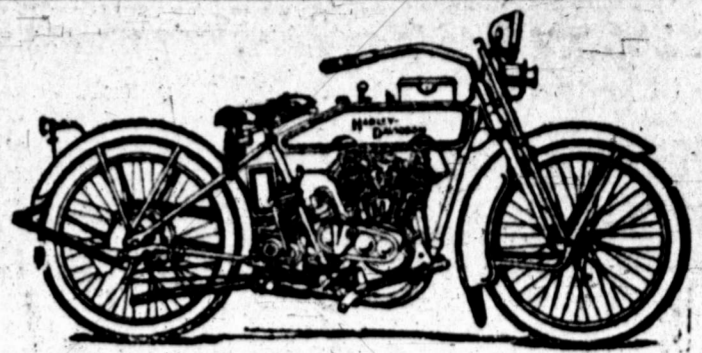

DEEP TEST PLANNED EAST OF RINGGOLD

Burk-Waggoner Interests Are Making Preparation To Begin Drilling At Once.

RINGGOLD, TEXAS, August 28.—The Burk-Waggoner interests are announcing a standard rig preparatory to starting a test well on the ranch of Lee Crenshaw, located four miles northwest of Ringgold. This is to be a deep test, possibly reaching a depth of 4,000 feet. W. H. Anchor, who will have charge of the drilling is confident of finding pay oil in this hole. Three years ago he drilled a test near this one, but only reached 2,700 feet. The log of that well and the indications are that it was a little too far west, hence this test. The drilling will be commenced at once and drilled diligently to completion. This portion of Montague county has never received a real test, the only well having been the one drilled three years ago by Mr. Anchor. From a geological standpoint and in the opinion of oil men this test will mean much for this territory.

WANTED Boilermakers

APPLY LONE STAR TANK CAR CO. Northwest of Panhandle Refinery

A few years ago, because of low priced motor fuel and lubricating oil, the upkeep cost of a Harley-Davidson Motorcycle was ridiculously low. Today it is still unusually low, enabling the solo mount rider to travel at less than 1 cent a mile. A sidecar costs very little more than that to operate. Forty to sixty miles on a gallon of gasoline! 800 to 1000 miles per gallon of oil! These are average consumption figures, proving to you that the Harley-Davidson excels in economy as well as in many other respects.

RED JOSEFSON BLAZING BATTING TRAIL IN MORRIS LOOP AT LAST

"RED" JOSEFSON FINALLY REIGNS SUPREME OVER TEXAS LEAGUE SLUGGERS WITH AVERAGE OF .343

By WILLIAM B. RUGGLES, League Statistician.

Red Josefson reigns alone on the heights of the mountain this week. At Nixon having had a more or less disastrous week with the willow. The last with the series slugging in his roof garden is batting at a .243 clip through games of Monday, August 23, while Nixon has dropped to .227. Ahead of Josefson now is only Dick Robertson, the Panther hitter. With fifteen .300 or better hitters, ten of them regulars, not newcomers or pitchers, the Texas league is holding its own in the class of seat. Howard Camp is batting his way upwards again. E. Brown continues to hit the apple. Clark's consistent hitting is again noted, while Stillbauer and Williams are hitting again—Stillbauer got back to .245 last week and Williams only missed it a point.

Table with columns for Player, Club, G, AB, R, H, T, P, etc. listing statistics for various players like Clifton, Robertson, Zinn, etc.

"RED" JOSEFSON.

Leading T. L. Swatsmith

position, although Clark has changed bags in the course of one or two games.

The greatest number of games played at one position are by the following: Pitcher, Conley, Dallas, 25; Catcher, Kitchens, Wichita Falls, 17; First-base, Kraft, Fort Worth, 12; Second-base, Clark, Galveston-Wichita Falls, and Fuller, San Antonio, 13; Third-base, Ewoldt, Shreveport, 12; Shortstop, Stow, San Antonio, 12; Leftfield, Baggan, Houston, 12; Centerfield, E. Brown, San Antonio, 12; Rightfield, Stillbauer, Houston, 12; Galveston, Houston and Beaumont have no players who have participated in every game.

RICHARDS WINS TENNIS TROPHY FROM CLOTNER

SOUTHAMPTON, N. Y., Aug. 28.—Vincent Richards of New York defeated William J. Clotner of Philadelphia, 6-4, 6-2, 4-6, 6-0, in the final of the men's singles for the medal cup here today.

WOMAN'S WESTERN GOLF CHAMPIONSHIP GOES TO MRS. LETTS ONCE MORE

CHICAGO, Aug. 28.—Mrs. F. C. Letts Jr., for the third time in six years, won the women's western golf championship today when she defeated Miss Edith Cummings, 2 up, at the Oak Park Country Club here.

JIMMY WILDE WILL BOX HERMAN FOR BANTAM CHAMPION

By CHARLES M. McCANN, United Press Staff Correspondent.

LONDON, August 24.—(By Mail)—Britain will offer the first year of 1920-21 on September 17, with a fight for the bantam-weight title between Champion Peter Herman and Jimmy Wilde, who hopes to gather in the world's bantam-weight honors along with the flyweight title he now holds.

Everyone realizes that Wilde is stepping rather far outside his class when he meets Herman's champion of the next heavier set. Also there's a lot of comment that he's as good as he ever will be, and has no where to go but down. But Wilde has always produced the goods over here, and he will have a lot of backing when he and Herman hook up.

CHINESE BOXER PETE HERMAN TO MEET

NEW ORLEANS, Aug. 28.—Arrangements were completed today for a 10-round fight here next Thursday night between Pete Herman, bantam-weight champion, and George "Lee" 216 Myers, Brooklyn, 212, Z. Wheat, Brooklyn, 312.

SISLER AND HORNSBY STILL TOP SLUGGERS IN MAJOR LEAGUES

By CHARLES M. McCANN, United Press Staff Correspondent.

CHICAGO, Aug. 28.—George Sisler, St. Louis' first baseman, who hit consistently in twenty-four consecutive games before he was stopped recently, continued to top the list of American league hitters who have participated in fifty or more games, according to averages released today.

NAT. LAWN TENNIS TITLE LIES BETWEEN JOHNSTON AND TILDEN

DAVIS CUP STARS EXPECTED TO BATTLE FOR HONORS AT FOREST HILLS.

FOREST HILLS, N. Y., Aug. 28.—Two figures stand forth boldly in the men's tennis assembly for the deciding of the thirty-ninth national lawn tennis championship singles tournament that begins Monday, August 30, on the turf of West Side Tennis club here.

RALPH DEPALMA WINS ELGIN ROAD RACE IN 3 HRS. 9 MIN. 54 SEC.

Average 79 1/2 Miles An Hour. Breaking All Lap and Race Records.

ELGIN, ILL., Aug. 28.—Ralph Depalma won the eighth annual international road race of 250 miles here today. He covered the course of 250 miles, 2,240 feet, in 3:09:54, breaking lap and race records in the process, and averaging 79 1/2 miles an hour.

BAN JOHNSON ORDERS ALL CLUBS TO STOP STRIKE AGITATION

NEW YORK, Aug. 28.—Agitation for a strike against Pinner Carl Mays of the New York club of the American league has been ordered stopped by President Ban Johnson, according to an announcement made here by Col. Jacob Kuppert, one of the owners of the New York club.

MORAN SHADES TEN WHITE AGAIN IN SEVEN ROUNDS

EAST CHICAGO, IND., Aug. 28.—Pat Moran of New Orleans had a shade the better of Charley White of Chicago in a 10-round bout here today. Moran carried the fight to White all the way and after a furious exchange of blows in the final round, White fell into a clinch to wait for the bell.

GASOLINE CONSUMPTION IS GREATER THAN PRODUCTION

WASHINGTON, Aug. 28.—Although production of gasoline for the first six months of this year was 15 per cent greater than for the corresponding period of 1919, the increase in consumption was 22 per cent, it was reported today by the bureau of mine and geology.

Work, Play, Politics THE TIMES WOMAN'S PAGE—A SUMMARY News and Reviews

BRIDE-ELECT, GUESTS, GOODBYES ARE FEATURES OF SOCIAL WEEK

The cool weather, with the further inspiration of brides, out-of-town guests and good-byes to be said, has awakened the social spirit of dozens of beautifully appointed parties the past week, in addition to the hospitalities which are planned for the wives and families of the visiting Shriner's this week, the winter social season can be said to have opened 'all of a heap'.

RETIRED SECRETARY OF Y. W. C. A. IS HONORED

Honoring Miss Dorothy Davidson, the very much loved girls' work secretary of the Y. W. C. A., recently resigned, members of the Y. W. board and business girl friends of the city entertained with a beautifully appointed party Friday evening at the home of Mrs. W. W. Silk, 1709 Tenth street.

SEPTEMBER BRIDE-ELECT, FOR WHOM PARTIES ARE BEING GIVEN

Miss Zola May Davis, daughter of Mr. and Mrs. J. C. Davis of 1325 Eleventh street, is a September bride-elect for whom one charming hospitality has been given, and others are planned the coming week, including a luncheon for the wedding party at the Davis home. Miss Davis is to be married to Jack Ottorf of this city on September 7th at her home.

PYTHIAN SISTERS ORGANIZE WITH 75 CHARTER MEMBERS

A temple of Pythian sisters was organized Tuesday evening under the direction of Mrs. Vera Williams of Alvin, State Grand Chief, with 75 charter members from among the K. P.'s and their families locally. A number of Iowa Park members were present, and a most enthusiastic and interesting session was held. The temple was named "Eloise's Pride," and the following officers were elected and installed.

"OPEN HOUSE" EVENINGS FOR GIRLS AND YOUNG WOMEN OF CITY BEGIN AT Y. W. SEPT. 4

Beginning Saturday evening September 4, with the first "open house" of the season, the Young Women's Christian Association will hold open house every Saturday evening throughout the fall and winter for the girls and young women of the city, according to an announcement from the Y. W. which states that a general and cordial invitation is extended to all young women of Wichita Falls to be present Saturday evening.

MISS WILLIAMS ENTERTAINED FOR BRIDE-ELECT THURSDAY

Miss Zola May Davis, September bride-elect, was the honored guest Thursday afternoon by Misses Suda and Iva Willis at their home, 1508 S. Tenth street. A pink and white color motif was carried out in the floral and other decorations, with roses in the living room and tub-roses and ferns in the dining room. A pink and white miniature wedding party featured the living room decorations.

BIRTHDAY PARTY FOR LITTLE MISS ALICE LORRAINE MARRS

Little Miss Alice Lorraine Marrs, daughter of Mr. and Mrs. John P. Marrs, celebrated her fourth birthday Wednesday, August 25, with a party from 4 to 7 o'clock. The afternoon was spent in playing games and taking kodak pictures. At 6 o'clock the little guests were escorted into the dining room, where a beautifully decorated dining table held the white birthday cake topped with four little pink flowers.

MARRIED IN DALLAS THURSDAY TO MAKE HOME IN WICHITA FALLS

Mrs. and Mrs. Robert Coleman Texas both Wichita Falls young people, who were married in Dallas last Thursday at the home of the bride's mother, Mrs. Laura E. Goolbey, formerly of this city. Mr. and Mrs. Texas are expected in Monday and will be at home on Bluff street. They are visiting relatives in Terrell.

MRS. TOM NOLAN ENTERTAINED FRIDAY AFTERNOON AT BRIDGE

Mrs. Tom Nolan was hostess to a few friends Friday afternoon at an informal bridge party. After a number of games and refreshments, Mrs. Nolan was presented with a book of daintily bordered colored linen handkerchiefs, and a consolation in the shape of a good dinner. The hostess was assisted by Mrs. Williams, Mrs. Howard Haynes, the hostess, assisted by Mrs. Mildred Owen, served a refreshment course of fruit salad and punch.

ANTI-FEMINIST TREND SEEN IN FALL STYLES

NEW YORK, Aug. 27.—The fashion world's wisp of femininity appears to be a wee discarded by Dame Fall Fashion, and it is her sturdy, tweed clad sister that is getting the cream of attention. It's a fact that the huge wardrobe which this old sartorial Dame has hoisted upon the back of the world this year, is about three-fourths of sport clothes, and such raiment as is not typically sportish-shops the sport tendency in line and color.

MRS. HORACE ROBBINS GIVES DINNER AT CLUB FOR VISITOR

Mrs. Horace Robbins has hostess to several friends at the Golf Club Friday evening at a dinner in honor of Miss Eleanor Atkinson of Austin, who is the guest here of Mrs. Charles E. Anderson, Jr.

MRS. HORACE ROBBINS GIVES DINNER AT CLUB FOR VISITOR

Mrs. Horace Robbins has hostess to several friends at the Golf Club Friday evening at a dinner in honor of Miss Eleanor Atkinson of Austin, who is the guest here of Mrs. Charles E. Anderson, Jr.

PERSONAL BREVITIES

Dr. M. M. Walker returned Saturday from a two weeks' vacation in Idaho, where they have recently purchased a beautiful home in Laurel Heights. Leon Loeb left Saturday for New York to meet Mrs. Loeb and baby, who are expected to arrive on the Imperator after spending the summer in Europe.

WOMEN'S AUXILIARY OF FIRST BAPTIST MEETS MONDAY AT 4

The Women's Auxiliary of the First Baptist church will meet in social session at the church Monday afternoon, August 30, at 4 o'clock. The ladies of the church are cordially invited to be present.

FARMERS OIL MILL MACHINERY IS SOLD

McConkey and Gant Dispose Of Plant—Will Continue To Operate Plant.

The Farmers Cotton Oil Company has just closed a deal for the sale of its machinery and supplies to the Memphis Cotton Oil Company of Memphis, Tenn., the machinery having already been torn down and shipped, and the business is being wound up.

The Farmers Cotton Oil Co. for the past year has been owned by James McConkey and J. T. Gant, who purchased it at that time from the original promoters. In the present transfer Messrs. McConkey and Gant retain the real estate and the gin and feed business that had been conducted in connection with the oil mill, and will continue to operate the gin and to handle feed stuffs of all kinds. The gin has just been rebuilt with new standards and new machinery, and preparations are underway to handle a big amount of cotton.

The Farmers Cotton Oil Co. was organized six or seven years ago by a number of prominent farmers who had been identified with the Farmers' Supply Co. and the Farmers Union. At that time the Farmers Supply Co. handled a general line of groceries and feed, and also operated a gin. The gin and feed business proved profitable investments, but on account of other lines which encroached on the time of the owners the business was disposed of several years ago. The oil mill, from the nature of the business did not prove so profitable, as it required a great amount of capital to carry the seed, and for that reason it was determined to close it out. During the last year Messrs. Gant and McConkey continued to operate it with a view of selling it.

The Memphis concern is an old established company, and are buying the machinery to replace that of their own plant which was burned last spring, as it was impossible to get new machinery in time for the fall business.

PLANO MAN TO MAKE HOME IN THIS CITY

D. L. Palmer returned home Monday after a month spent at Wichita Falls. His many Plano friends are sorry to know that he has resigned the position of Plano agent of the St. Louis Southwestern railroad and has returned to Wichita Falls to make his home. Mr. Palmer had been with the Cotton Belt here for 14 years and the Star-Courier believes that no man ever discharged his duties with better faith and more courtesy both to the company and the public than Mr. Palmer has done. He will be auditor for the Texas Employers Insurance Association at Wichita Falls—Tiano Star-Courier.

BIG NON-FICTION FEATURES LISTED FOR DISTRIBUTION KEMP LIBRARY THIS WEEK

Some big non-fiction numbers are listed among the library books this week, as well as some interesting fiction. Stephen Leacock's "Sunshine Sketches of a Little Town" and "Behind the Beyond," Maxim Gorky's "Creatures That Once Were Men," Shaw's "Vanishing Landmarks," and Sidney Lanier's "Retrospects and Prospects," are among the non-fiction books that have counted among the profitable books of their period of issue.

Among the fiction it is interesting that Irvin Cobb's "Oh, Well You Know How Women Are," and Mary Roberts Rinehart's "Jan't That Just Like a Man" both of which appeared near the same time in a national magazine, and both of which were mentioned in Dr. David's feature, "Are Men Smarter Than Women," in the September American, are out in book form. Wallace Irwin's "Trimmed With Red," is also out. The library list follows:

Adult Fiction
Boyer, Johan—"Traacherous Ground."
Brunner, Ethel—"Cecilia," and "Her Friends."
Cobb, Irvin—"Oh, Well, you Know How Women Are."
Lynn, J. A.—"Turquoise Canon."
Parber, Edna—"Half Portions."
Hutchinson, A. S. M.—"Clean Heart."
Hutchinson, A. S. M.—"Happy War-torn."
Rice, Mrs. A. C.—"Trimmed With Red."
Rice, Mrs. A. C.—"Lovey Mary."
Rice, Mrs. A. C.—"Mrs. Opp."
Rice, Mrs. A. C.—"Mrs. Wiggles of the Cabbage Patch."
Rice, Mrs. A. C.—"Sandy."
Rinehart, M. R.—"Jan't That Just Like a Man."
Wilson, H. L.—"Ruggles of Red Gap."

Non-Fiction
Aspley, J. C.—"What a Salesman Should Know About Advertising."
Baker, Ray—"What Wilson Did at Paris."
Larabee, Lindsey—"In the College Days."
Bolton, S. K.—"Our Devoted Friend, the Dog."
Bullock, E. D., Comp.—"Employment of Women."
Chandler, F. W.—"Aspects of Modern Drama."
Conner, F. T.—"Some American Story Tellers."
Conner, F. T.—"Some English Story Tellers."
Eggy Entertainments for Young People.
Ellsworth, E. P.—"Textiles and Costume Design."
Eisenstein, J. B.—"Art of Public Speaking, Studying the Short Story, Writing for the Magazine, Writing the Photoplay."
George, R. D.—"Common Minerals and Rocks."
Gorky, Maxim—"Creatures that Once Were Men, Stories of the Steppes."
Gosse, Edmund—"Some Diversions of a Man of Letters."
Hodgson, F. T.—"Hodgson's Low Cost American Homes."

PLANS UNDER WAY FOR PARADE ON LABOR DAY

Plans are being made for a big parade of organized labor on Labor day, which falls on Monday, September 6. The parade will form in the vicinity of Labor temple at 9 o'clock in the morning and will start promptly at 10 o'clock. The route has not yet been definitely decided upon, but will be within the business portion of the city. The parade will be led by a squad of mounted police, after whom will come the local band, then the building crafts and after them the miscellaneous crafts. As far as may be, the several crafts will be distinguished by the garb in which they perform their work. All the unions in the city will be represented and the parade will be under the command of Grand Marshal Frank Egan. The parade will be the only ceremony held by Wichita Falls labor organizations in commemoration of Labor day.

AN INVITATION

FROM the bewildering array of new fall fashions, how is one to know which to select?

WILL it be basque, bustle, flounce, circular or pleats? Much is shown, little will endure.

OUR experience and training in these matters enable us to say, "This and this and this will be good."

IN a word, if you would avoid expensive and unhappy mistakes, come to us.

You will find

- all the good things at popular prices
- some of the very exclusive ones
- none of the atrocities

You are invited to call and see our showing.

INDIANA AVENUE
AT TENTH STREET

NINTH AND INDIANA

Perkins-Timberlake Co.
ASSOCIATED STORES

NINTH AND INDIANA

In Just a Few Days We Will Be Ready to Announce the Date of the Opening of Our New Store at the Corner of Ninth and Indiana

Our new home will be one of the handsomest and best equipped Department Stores in the State. A combined floor space of 50,000 square feet. Each floor furnished throughout with new mahogany fixtures and offering every convenience of an up-to-date merchandising establishment.

The opening of this great store is but another step in the progress of our city. Wichita Falls can now be classed among the larger cities of Texas, and is but justice to the buying public that we have a store in our midst that will set the pace in modern merchandising.

Especially Interesting Will Be Our Opening Display of Women's Apparel

In the Garment Section on the second floor will be found an authentic presentation of Autumn's favored styles from all the principal style centers of America. This display will include wonderful Tailleurs from "Beller," "Harry Belsinger" and "Altman." Dresses from "Max Cohen," Blouses from "Harry Comlett" and exquisite fur coats and separate furs from "Gordon."

ONE OF THE NEW DEPARTMENTS ADDED WILL BE MILLINERY SALONS On the Second Floor

Where we will present exclusive Chapeaux from America's foremost designers. Featuring distinctive models from CECILE, MAISON-MAURICE, BRUCKWEISS, RAWAK, SCHWALBE and others. A correct presentation of Autumn's Authentic and favored models in fashionable millinery.

Our Shoe Department and Men's Wear Section Have Been Enlarged to Enormous Proportions.

You will be pleased to know how well we are prepared to care for your wants in these two departments. On our opening you will find displayed for your approval all the correct styles for Fall, 1920.

We regret that we are not able at this time to announce the exact date of our opening, due to the late arrival of building material, which will be used on interior finishing, but we are pushing forward with all work, and we hope that

In just a few more days we will be able to announce to the public our opening date.

Fall's Rich Colors Make This Fall Display Unusually Pretty

Perhaps It's Their "Drapiness" That Makes The Frocks So Beautiful

Then again it may be the distinctive touch of embroidery and beading in colors; or is it the charm of the fine silk weaves, the crepe meteors, crepe de chines, Canton crepe and taffeta in which they are developed? Whatever it is their beauty cannot be denied. They distinguish themselves from wool frocks by wide draping at the hips, and the colors are just what women of fashion would specify—navy, brown and black.

Our second floor department is showing some beautiful frocks. Won't you come in Monday?

Assured Longer Service for Your Frocks and Suits With Plenty of Neckwear

You will run less chance of tiring of an outfit if you wear with it a modesty vestee, collar and cuffs of net one day and an organdy guimpe with semi-standing collar the next. And we are displaying so very many attractive neckwear styles just now that it is very easy to make up one's mind. Can't you see these new things tomorrow?

"How Wonderful She Looks Tonight!"

The poise and grace, and detailed perfection of a becoming costume which wins the admiration of friends and social acquaintances is very often the difference between a carefully chosen and carefully selected corset and one selected in an indifferent manner. You should choose your new fall corset now, not only to insure yourself a properly fitted costume, but to enjoy the very newest lines and advantages here to advise and assist you.

As usual we are featuring Modart Front laced Corsets—Let us show you.

Did You Expect Fall Hosiery to Be As Charming As This?

Of course with low shoes the vogue for Autumn and slippers accompanying evening gowns you have expected attractiveness in the new hosiery, yet who would have imagined that manufacturers would evolve such striking embroidery effects and lace insets, not to mention the superb all-over lace designs.

Fall Footwear for all the Family

Our Fall stocks were selected with great care. We made sure that the leather and other materials used were of good quality, that the styles truly expressed Fashion's ideas; that there had been no lessening of high standard of workmanship. You can purchase shoes here with the confidence that they'll measure up to your expectations. Our selections include styles to please all tastes and purses. Let our expert shoe men show you the new things.

FALL MODES —IN— MILLINERY

We Invite You to Look Over Our Most Beautiful Selection of Fall Modes in Millinery.

Unusually designed and beautifully trimmed hats will greet you in our millinery department tomorrow, hats that are very popular at this season of the year—Tams, Turbans, Sailors, Sport Hats.

Dress hats are conspicuous in the display; such interesting prices as these are in evidence on every model.

Come to see us Monday.

"The Courteous Service Store."

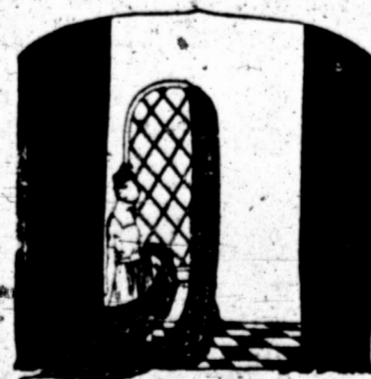

One Will Almost Want to Live Among These New Fall Fabrics

To look upon these beautiful Autumn stuffs is like opening up a treasure chest. For one finds here an unexpected wealth of rich, precious-looking materials fascinating in weave and color. Above the horizon of choice figured in silks and wools and you will quickly see visions of smart blouses, dresses, suits and wraps. Home sewing will lose every semblance of drudgery when your fingers can fondle weaves and fabrics of such exquisite beauty.

Visit our dress goods department. We are glad to show you the new things.

Beautiful Windows Are a Big Part of Beautiful Homes

Colorful harmonious window hangings and draperies mean so much! They give atmosphere to the room. The most elaborate furniture is disappointing if it is not reinforced with artistic draperies. Even modest furnishings will assume a "finer tone" if drapery decoration is correct. From our large selection of rich appropriate drapery materials you can select patterns and designs that will give the right touch of color and attractiveness to your home.

Fur Sale Begins Monday, Aug. 30.

The Shrine Convention Tuesday, August 31st

Wichita Falls will hold her first Shrine Convention Tuesday. Every citizen should co-operate in making this a success. The stores and the city will be decorated, welcome the visitors, make them and the local Shriners feel as if Wichita Falls appreciate having their Temple in our city.

The AUGUST SALE of FURS

Our Annual Fur Sale Week Begins August 30th.

Fur Sale Will be on the second floor of "Beautiful Wearables." Visit our new departments of coats, suit, millinery, dresses, art, underwear, corsets, and infants wear. You will realize this is "Wichita Falls Style and Quality Store" where your trade is appreciated.

AUTUMN Millinery

Andersons

Where Style Reigns Supreme in Millinery

From a small beginning just a few seasons ago, Our Millinery Department has increased until we now claim these to be the most popular Millinery Solons in North Texas.

Beautiful new Fall modes are being shown now from Gage-Fisk-Johnson and other New York houses as well as original, exclusive styles from our own workroom.

Replete with Charm and Style are The New Frocks

An indefinable charm of style, of fabric and atmosphere lingers in the folds of the new Autumn Frocks. Modes include those designed exclusively for street, afternoon, little affairs for evening, and to serve many purposes. No woman can start the Autumn properly outfitted without a frock. This is a good time to get one.

Achieving individuality in these glorious days of Autumn is not so stupendous a task when there are Frocks and Frocks, simply begging to be seen strolling the boulevard or at some afternoon affair. Smart tailored modes quite generally follow the simple lines of the chemise or redingote, while in the afternoon gown one finds bouffancy, drapery and other distinctly feminine touches. Lavish use of embroidery, beading, stitching, appliques of kid and odd uses of bindings are cleverly employed by the designer. One's needs crystallize almost instantly upon seeing the fascinating array of Autumn Frocks and Gowns for daytime wear. Materials used are Duvetyne, Cheruit Twill, Tricotine, Kitten's Ear Crepe, Clifton Velvet and Satins. The favored shades are brown, taupe, brick, navy and black. Priced

\$25 to \$250

Many Days Now Call for a New Fall Suit

Many opportunities are now afforded to wear the new Fall Suit. Delay in purchasing takes away the pleasures of individuality of first showing a new and exclusive style in a carefully selected suit. Selections made now affords better opportunities for first choice of the more desirable style.

And of tremendous importance, of course, is the suit. So much depends upon its smartness—it's correct lines—conservative or extreme, and its atmosphere of essential quality. The youthful box jacket model the more conservative knee length Coat Suit, tailored and belted styles are to be had in fashionable shades of brown and blue. Fur appears on panels, pockets, collar and bandings in many models, while others are designed for wear with separate furs.

The materials shown this season are Gracella, Eona, Veldyne, Marvella, Duvetyne, Duvet de Laine, Tricotine and super Tricotine. In the following popular shades, squirrel, gray, sanibar, malay, bedouin, souchow, nanking, plus needle, also navy and black. Prices from

\$45 to \$225

At the Churches Today

The Friendly Church. Seventh and Lamar. First Methodist, P. E. Bingham, Ph. D., pastor. Sunday school 9:45 a. m. Morning preaching hour 11:00 o'clock; evening 8:30. Morning theme, "God's Trumpet." Evening theme, "Bugs and Humbugs." Solo will be rendered at both services by Mrs. Sherrell and Mr. George Taylor. Welcome extended to the public.

Lamar Avenue Baptist Church. Sunday school at the Labor Temple at 10:00 o'clock; morning service at 11:00 o'clock at the temple; evening service at 8:00 o'clock at the tent on Broad street between Twenty-first and Twenty-second streets. Service at 8:30 at the tent. REV. A. J. HOLT, Pastor.

Floreal Heights Methodist Church. Full Sunday school expected. Mrs. Mary B. Adams, former voice teacher in Clarendon College, is to sing at morning service, 10:45. Pastor's subject, "Brotherly Love" and "Vicarious Suffering" or "Why the Innocent Suffer for the Guilty." Five Epworth League at 1:15. More good special music at 8:15. You will be glad you came. Tabernacle Tenth and Pearl. W. L. TITTLE, Pastor.

First Christian Church. Tenth and Travis Sts. J. Lam Keavil, Minister. Bible school, 9:30 a. m. Morning worship with sermon, 10:40 a. m. Young People's Meeting, 7:15 p. m. Joint Meeting with Methodist, 8:15 p. m.

All members of the Christian church are urged to attend these meetings. A cordial invitation is extended to all visitors in the city to worship with us. Dr. H. D. Knickerbocker is home and will have part in the evening service. J. Lam Keavil will preach as announced. A great men's chorus will feature the night service. R. E. Shephard will sing one of his favorite solos. The greatest meeting of all is expected and being planned for. Come.

Central Presbyterian Church. Eleventh and Bluff. Rev. Guy Davis, pastor of Central Presbyterian church, has returned from his vacation and announces that he will preach at both services Sunday.

Church of the Good Shepherd. (Episcopal). Holy communion 8:00 a. m. Sunday school 9:45 a. m. Morning service 11:00. The pastor's sermon subject will be "The Making of the New Earth." You

are cordially invited to attend the services of this church. Visitors are especially welcome. The missionary society will meet next Thursday morning at 9:00 a. m. in the pastor's study. All women interested in practical missionary work are invited. FRED T. DATSON, Rector.

Floreal Heights Epworth League. The Epworth League service of the Floreal Heights Methodist church starts 15 minutes earlier Sunday evening, 7:15. Be on time and enjoy the 15-minute introductory song service. The lesson topic is "Friendship" and two interesting short talks will be made, and musical numbers will make the program a splendid one. Bring your friends to an Epworth League service that you cannot afford to miss. Tabernacle Tenth and Denver.

Free Methodist Church. Corner Fifth and Adams—Regular services: Sunday school 9:45 a. m. Preaching, 11:00 a. m. 8:00 p. m. Sunday. Prayer meeting, 8:00 p. m. Wednesday. Ladies prayer meeting, 3:00 p. m. Friday with Mrs. Garner, 204 Fifth street. Cottage prayer meeting 8:00 p. m. Friday, with Mrs. Clemens, on Front street. If you don't attend church and Sunday school elsewhere, we invite you to come and worship with us. You are never a stranger at this church. REV. J. L. MANEN, Pastor.

First Methodist Church, South. Excellent programs have been planned for all departments of the church for Sunday. Brother Huckabee is expecting a larger attendance than

usual at Sunday school. The male chorus has prepared special numbers for both services Sunday. At the morning hour, Mrs. E. Manfred Evans will sing "My Task." Brother S. M. Black will preach at this hour on the subject, "Like as a Father." He is presiding elder of the Wichita Falls district and is one of the best preachers in the conference. He will bring a great message. At the evening hour the prelude concert will begin at 8:15 o'clock. Miss Beryl Knickerbocker and Prof. Krumpholtz will play a piano and organ duet. J. W. Akis, Jr., and Paul Von Allman will sing, "That's What God Made Mothers For." Dr. L. M. Keavil will preach at this hour. He is a great preacher and the message will be helpful to all. This is the last of the union services of the two churches. Efforts have been made to make it the greatest one. The church was well filled last Sunday, so you will have to come early to get a seat.

Baptist Young People's Union. First Baptist church. Program for Sunday evening, August 29, 7:30 p. m. Subject: Opportunity of the Country Church. Introduction—A. C. Rogers. Scripture Reading—Chas. Covington. Piano solo—Miss Dollie Hull. Our People—Mrs. Mackberry. Our Home—Miss Lena Reeves. Song, "Help Somebody Today"—B. T. P. U. Community Spirit (a)—Mr. Barnes. Community Spirit (b) Adequate Church Buildings—Miss Della Hayward. Intelligent Life—2A. This Place—Mr. McCoy. Duet—Mr. Morgan, Miss McCulloch. You are invited to come out and spend a pleasant evening with us. Stamps for sale at Times office.

"BUGS AND HUMBUGS" IS SUBJECT SUNDAY SERMON. Dr. P. E. Bingham, pastor of the First Methodist church, Seventh and Lamar, will deliver a sermon at 8:30 tomorrow evening from the above named theme. This is a rather entertaining and unique discourse dealing with the two classes of people that he labors as bugs and humbugs. They may be found all walks of society. You will find this a friendly and sociable church and will not only be made welcome if you are no longer a stranger after you enter our doors. Special music and singing. JUDICIAL DISTRICT CONVENTION HELD

Weldon and Jones Certified As Nominees For Judge and Attorney Respectively.

The democratic convention for the thirtieth judicial district was held in Wichita Falls Saturday morning. H. E. Huff was elected chairman and the returns of the various counties having been canvassed, H. F. Weldon of Wichita Falls was declared to be the democratic nominee for district judge of the thirtieth judicial district. A canvass of the various counties of the district was made, showing the following votes for district attorney: Archer county, Jones 325, Graham 237; Clay county, Jones 802, Graham 523; Wichita county, Jones 2,054, Graham 1,488; Young county, Jones 749, Graham 1,178—a total of 4,923 votes for Fletcher S. Jones and 3,140 votes for Elmer Graham, and it appearing that Fletcher S. Jones has received a majority of 1,783 votes, he was declared to be the democratic nominee for district attorney for the district and the chairman and secretary were instructed to certify the said nominee to the secretary of state.

LOCAL INSURANCE MAN TAKES LEADING HONOR IN AGENCY RECORDS

The State Life Bulletin, in a recent number, gives the following interesting account of the record of A. W. Burnside of this city: "Mr. A. W. Burnside of Texas celebrated his second State Life birthday by writing more than three hundred thousand of business and by taking first place for this month in the spirited contest that is constantly being waged for the leadership of the field. Mr. Burnside is an excellent exponent of the keep-at-it-constantly method of writing life insurance. There is no man in the field who works more conscientiously than Mr. Burnside; none who is more aggressive and none who is more enthusiastic. Mr. Burnside goes about his work with an earnestness that is in itself a power. No half-hearted presentation of poorly prepared propositions could have held the attention or won the signatures of the legion of policyholders who grace the Burnside list. "An analysis of the record of this man of action is sufficient to cause the coming of new descriptive adjectives, but we will content ourselves with a short review of the facts. In April, 1918, Mr. Burnside began his career with the State Life and wrote \$25,000 of business for that month. Though he joined the aviation service of the United States in September of that year, he succeeded in writing \$25,000 of business for that month. In the 1918 Two Hundred Thousand Club. After his return from the service Mr. Burnside began a period of most remarkable achievement. In 1919 he wrote more than a million of business. In 1920 he is rushing forward at a rate which more than doubles his record for the first four months of 1919. For a period of 16 consecutive months Mr. Burnside has averaged one hundred and thirty-five thousand of business per month. Clearly Mr. Burnside knows the whole scale of reasons for the purchase of life insurance and employs them with the rare selection of an artist."

GEORGE TAYLOR TO SING SOLO AT BAND CONCERT

A vocal solo will be one of the features of tonight's public band concert program at the Kemp library park. George Taylor will sing Al Tierney's popular ballad, "In My Baby's Arms." The instrumental program includes marches, waltzes, fox trots and popular pieces. The entire program follows: March, "American Legion"..... Vandriant Overture, "Moon and Stars"..... Supper Popular, "Alexis"..... Goretz Waltz Song, "When He Gave Me You"..... White Vocal solo, "In My Baby's Arms"..... Tierney (With band accompaniment) Selection, "The Sweetest Girl in Paris"..... Howard Fox Trots, "Fatchoo"..... Roberts March, "Stars and Stripes Forever"..... Sousa The concert will begin at 7 p. m. and continue until 11:15 o'clock. The Templeton Viola School, 1187 Broad street, Phone 6225, 162-17p

RECOGNIZE PROHIBITION AS A POLITICAL ISSUE IN BRITISH DOMINIONS

WASHINGTON, Aug. 28.—The liquor question in Great Britain has now become a practical political issue. This is shown by the announcement that Lloyd George, in London, has begun to inquire against the advent of prohibition in the British Isles. Nothing could be better evidence that the liquor question has now entered the domain of practical politics in England. The insurance rate has been fixed by Lloyd at 49 cents on the \$100, translated into American money. This would seem to indicate that Lloyd does not regard the advent of prohibition in England as probable for some time. Otherwise the insurance rate would necessarily be considerably higher. Nevertheless it shows that the hard-headed business men in London who do not believe in prohibition are being informed in England, regard prohibition as a possibility. It is rather curious that it is in Scotland, home of the best known brands of whisky which are sold all over the world, that the prohibitionists are trying first to establish a dry zone. England and Scotland each have a distinct set of laws and it is possible that Scotland may become dry while England proper remains wet. Even now in Scotland a sort of local option prevails and the people of any Scotch district have it in their power to declare, by their vote, their section dry. Control of the liquor business in Scotland also is more stringent than in England. Scotch saloons must close at 11 p. m. while British saloons can keep open until 1 o'clock in the morning. The Anti-Saloon League, in its worldwide campaign to make the whole globe dry, has begun with Scotland as the first objective. Officials of the League here declare that it will not be long before Scotland is in fact dry as a bone and that England and Wales will shortly follow into the "no booze" column. After that is accomplished the next objective will be all the British dominions, beginning with our neighbors, Canada, and including Australia and all the far-flung British possessions. France and Italy are to next be invaded, but officials of the League here say that these countries will be tough prohibitionists to crack.

MYSTERY ON METEOR EXPLAINED BY TOURS

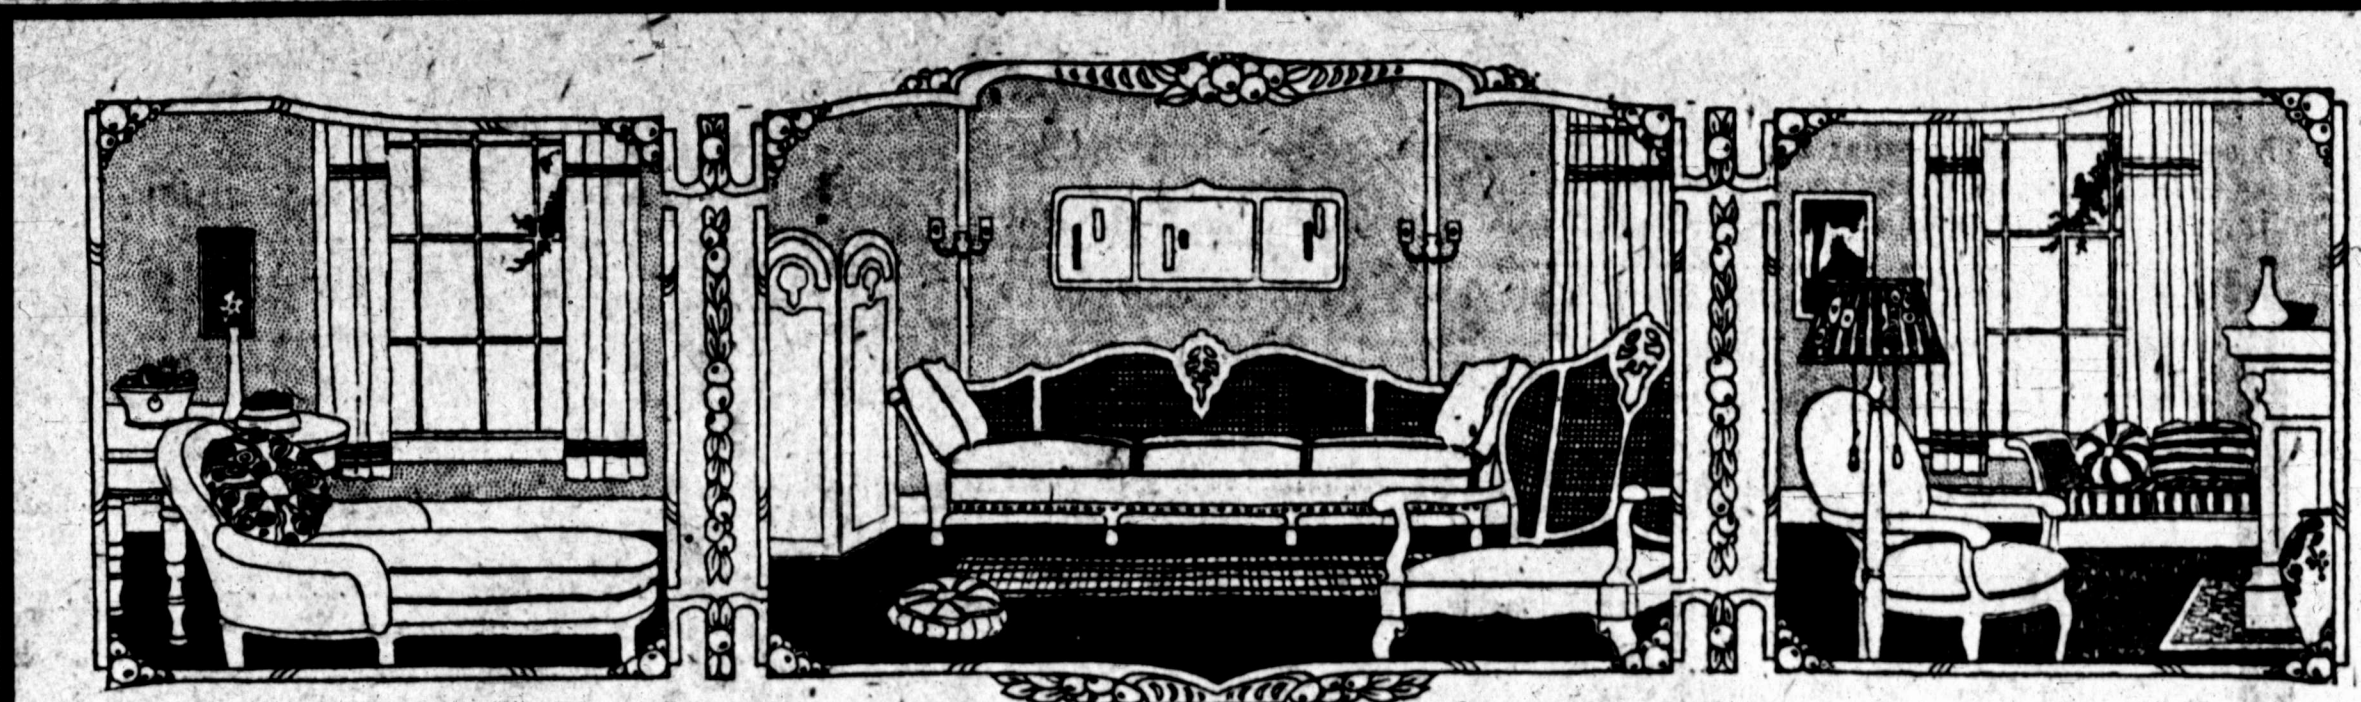

The mystery surrounding the appearance of a celestial visitor in the western sky early last Monday evening appears to have been cleared up. Several reports of persons who witnessed what they thought to be a large meteor have reached the Times office, but no authentic information could be given as to just what the object was. Saturday morning James Griffin, a newsboy who lives in the 1500 block of Taylor, reported to the Times that he believed that the "meteor" which had so disturbed residents of the western section of the city, was a small balloon which he had sent up on Monday evening. He stated that the balloon had risen to a great height and had caught fire, falling rapidly to the ground and leaving a trail of sparks behind it. INVITING BEAU

The following...
BENTONVILLE, Ark., Aug. 29.—We will all need our perturbed or Sunday, August 2 state election as peaceful lines for from this Arcadia the purpose of oil If not "sweet oil" waters.
I have spent the golden fruits and en California, as clad mountains and mid the rugged Rockies, and I lions and also a so that being at I to conquer, I tur resolutely facing of my friends ca the Ozark Mounta licious state.
One night out splendid "Frisco r train in the cool morning. Yes I crystal August n "rain the sheet" quite and I mus up and down the keep from shive mistake, I said a country and this If I needed a ton I received it down the street I lighted my Meth and on it was a pound, frays.

We will continue our Annual Blanket, Comfort and Household Goods Sale this week.

August Sale of BLANKETS Comforters and Household Goods

Here's a blanket and comforter sale extraordinary. We prepared for this sale months ago—placing direct orders with mills for blankets and comforters aggregating over ten thousand dollars, the greater portion of this order was placed Dec. 26, 1919.

The blankets and comforters were bought at less than 25% under present wholesale prices, and were marked on the basis of the lower cost—not on present values.

For Blanket Week we have reduced these lower prices quite materially—read every offering carefully—exact size and exact weight of each blanket is given—note the marked saving and come with the crowd.

BUY BLANKETS NOW!

The thrifty housewife will take full advantage of these splendid savings. She will buy a big supply of these cozy, warm blankets and soft downy comforters this week—get them early in the season, have them ready for the whole season's use—and reap the benefit of the extraordinary offerings.

Hotels and rooming houses and other large users of blankets, comforters and sheets should make the most of this money-saving event. Our contracting department is in a position to quote attractive prices on lots of 50 or more.

Six great specials in good blankets that you cannot afford to miss. Note the size, quality, weight and prices:

\$5.00 Nashau Woolnap Blankets \$3.95

Here are nearly 200 pairs famous Nashau Woolnap blankets in tan with attractive mottled colored borders in big sizes, 72x80 inches, weighing three pounds to the pair, splendid \$5 values, Blanket Week at per pair **\$3.95**

\$6.00 Wool Finished Blankets \$4.95

Splendid heavy wool finished blankets in tan and gray with attractive colored border, 64x76 inches in size—weighing 3-4 pounds to the pair, our regular \$6.00 blanket—Blanket Week at per pair **\$4.95**

\$9.00 Plaid Blankets for \$6.95

And such beautiful plaid blankets. High grade wool finished plaid blankets in blue, rose, gray, tan, brown, and lavender plaids with pretty colored borders, 66x80 inches, weighing 3-4 pounds to the pair, unusually attractive \$9.00 blankets—Blanket Week at per pair **\$6.95**

\$12.50 Wool Blankets for \$9.85

High grade \$12.50 wool blankets, 66x80 inches, 5 pounds to the pair, snug, warm wool blankets on sale this week—Blanket Week— at per pair **\$9.85**

\$12.00 Wool Blankets \$9.85

High grade wool plaid blankets in pretty pink, blue, gray, tan, brown and rose plaid with attractive colored borders, 66x80 in. blankets weighing 4-4 pounds to the pair, Blanket Week, per pair **\$9.85**

\$13.50 Wool Blankets for \$10.85

Luxurious white wool blankets with beautiful borders of pink, blue, rose and lavender, silk ribbon bound, extra large size 66x80 inches and weighing 5 pounds to the pair, beautiful, luxurious \$13.50 wool blankets, Blanket Week at per pair **\$10.85**

Here are hundreds and hundreds of pairs of other attractive blankets ranging in price from \$4.00 to \$27.50 the pair, every blanket is marked at least 25 per cent under its present market value, but during blanket week we are making special prices on every blanket in this big blanket store.

All small lots—all soiled or imperfect blankets will be closed out at but little more than half-price. Blanket Week will be a real harvest week for you, come and gather your share of the good bargains.

Anderson's

INVITING PEN PICTURE OF THE BEAUTIES OF ARKANSAS FROM REV. H. D. KNICKERBOCKER

The following interesting pen picture of the Bentonville, Ark., section was written by Dr. H. D. Knickerbocker, prior to his return to this city:

BENTONVILLE, ARK., Aug. 25.
Dear Mr. Editor and Wichita Folks: We will all need something to quiet our perturbed or triumphant spirits on Sunday, August 29, the day after the state election so I am sending these peaceful lines for publication that day, from this Arcadia of Arkansas, with the purpose of pouring "sweet cider" if not "sweet oil" on the troubled waters.

I have spent the summer amid the golden fruits and sunshine of southern California, and amongst the pine clad mountains of North Carolina, and mid the rugged grandeur of the Rockies, and I know all their attractions and also all their detractions; so that being at a loss for new worlds to conquer, I turned to Arkansas and resolutely facing the incredulous grins of my friends came to Bentonville, in the Ozark Mountain section of this fabulous state.

One night out from Dallas on the splendid Frisco road I stepped off the train in the cool of a crystal August morning. Yes I said it, the cool of a crystal August morning. Fact is, my "palm beaches" were totally inadequate and I must needs walk briskly up and down the station platform to keep from shivering. I've made no mistake, I said to myself, this is the country and this is the life.

If I needed any further confirmation I received it at once. As I walked down the street I saw a sign that delighted my Methodist soul. The legend on it was as follows: Hens 20c a pound, fryers 30c a pound, butter

25c a pound. Visions of young chickens fried a cinnamon brown, and then set on the back of the stove to absorb in their tender and gracious tissues a pound or so of golden butter made my mouth water.

More Than Fulfilled.
This vision and many other fair fancies were afterward more than fulfilled. My wife and I got a "little" room, 16x20, with two big comfortable beds in it for \$3 per week, and were soon surveying the delectations of our vacation home. First our beauty thirty souls drank great draughts from the green fountains of the trees—the wonderful, refreshing, inspiring and soother trees. All round the house and indeed around all the houses and all over the country, walnut and hickory and oak and silver maple trees, "high and lifted up" majestic and marvelous, intimate and friendly spoke to our spirits and laude us rejoice.

Do you, O reader, love trees, so that they send you a thousand silver messages by all the little swift mercuries of the morning wind and all the soft whispering of the evening air? How quickly these beautiful trees to such a lover shut out the sound of "the maddening crowds ignoble strife." How restful were the cadences of their twigs playing the love songs of the flirting winds, and how comforting were their sermons on immortality preached by the crowned splendors of their abundant life and their perennial glories over the death of winter and the stress of the multiplied years.

Rich indeed is a country that has the tender treasure of the trees in spring; the green shadows of the trees in summer; the radiant glory of the trees in autumn; and the frost coroneted kingliness of the forest in the

winter time. And Bentonville is a little haven in the leafy currency of the silver maple and "green-back" millage of 10,000 other trees.

Add to "Green Glories."
To add to the "green glories" above described there came a box of birds, cardinal and mocking birds, and red-breasted robins and they carolled, and whistled and fluted, in the branches till my figure of royalty was further filled with an orchestra of delight a queen's heart. And when the soft, sweet, cool silences of the night came on, the insect lovers sang their serenade under the silver moon and I drifted off to the shadowy islands of Romance and sailed through golden archipelagos of starry hopes, and slept and awoke—and it was nearly 9:00 o'clock of a new day—a new glad Ozark Mountain day.

Besides the poetry, beauty and romance above hinted at, this county has some very practical and material delights. Here is a sample. About a mile from town I went one day, soon after arriving and visited a typical apple orchard. Mrs. H. L. Baker, my hostess, met us at the door, and excused her apron by saying, "I'm just putting up peaches and chow chow." That sounded good to my mountain-whetted appetite. I glanced through the back door and saw another delectable vision. It was the fair and fairy picture of several hundred pured white leghorn chickens, all of them with legs as yellow as gold. Passing up the kitchen on my way to look at the orchard I was arrested by the sight of the biggest peach cobbler I ever saw. It must have been two feet in diameter and its delicious depths showed fair fountains of nectar oozing up through the fork pricks to the flaky crust.

Invited to Dinner
Stopping long enough to swallow the swiftly responsive juices of my salivary glands, I went on out to the orchard, the garden, the meadow, the pure perfumed and germental spring and all the other incarnated idealities of this beautiful place. They invited us to dinner, we accepted with alacrity and thanks. With the courtesy of Tanis I am going to tell you about it. First there was an immense platter of

chicken, then there were caudied yams, creamed squash, new Irish potatoes, sweet corn on the cob, a salad of lettuce, watercress, sweet peppers and lettuce with mayonnaise dressing, grape jelly, cherries preserved by sunbeams instead of on the fire, buttermilk, sweet milk, sugar food cake and "apple pie" with great gobs of whipped cream piled up on it like the show crowned splendors of the Alps mixed with the amorphous honey of high Olympus. And every mouthful of that marvelous meal except the flour and sugar was produced on the place. The sweet potentialities of the apple blossoms were distilled by the golden bees into many combs of "larripin" honey, so that we could have had that meal without the sugar. No wonder that this former Wichita Falls family, like all the rest of the very considerable colony of "Texans" were enthusiastically exuberant in their praises of this wonderful land.

The prosaic consideration of money and money making is of course not one of the least attractions of this "land of dear delights." A friend of mine tells a sample experience when he recites how a year and a half ago he bought an apple orchard for \$7000, made \$5000 net out of his first crop and now refuses \$22,500.00 for the place, "going some." The principal difficulty with the country seems to have been that the easy profligacy of nature, where corn, tobacco, orchards and gardens pour out of a self tilting cornucopia horn, has made the original set-

ters rather inclined to sit down and stay "hot" while the "hot fritters" drop into the sweet depths of the adjacent honey pond.

Good Auto Roads
Good auto roads lead in every direction and invariably run through landscapes as fair as any I have ever seen. Green fields in the valley, grass lands and orchards on the hill sides and the vivid richness of the prairie on the mountains make a panorama of constantly changing but ever present beauty. Amongst the scenic and pastoral splendors are peaches twelve inches in circumference, tomatoes weighing over a pound apiece, apples of every complexion size and taste, and springs, springs and "geyser trees" from the trickling little crystal streams pouring out at an old oak's base to the great gushing artesian force of the mammoth flow of water at Cave Springs. And all the springs, big and little are clear, and cold as ice, sweating glass with drops of cold dew, and keeping the milk and hardening the yellow butter and chilling the water melons and icing the cantaloupes and dampening everything but the enthusiasm of the orchardist's wife who has one of them flowing through the kitchen and furnishing an everlasting supply of clear sweetness and cold refreshment.

But I tell you that you can't walk down an apple orchard bordered country road or even sit in the cool shadow of the town trees without hearing Bob White's calling and whistling in

every direction? Well it is so, and if there is a covey of quail for every pair to I have seen and heard, and doubtless there is, I'm surely going to follow a dog over these hills this fall and complete the full orb of splendor of creature comforts indigenous to this country by quail on toast served with apple jelly and flanked with pumpkin pie. Amen—so mote it be. "Amen" Ark.

Long live Bentonville, the place to live long and deep and high.
HUBERT D. KNICKERBOCKER,

MR. AND MRS. O. T. BACON HAVING ENJOYABLE TRIP

Mr. and Mrs. O. T. Bacon, who are enjoying the summer in eastern states and Canada, are having a delightful time, as indicated in a letter received from Mr. Bacon by Rhea Howard of The Times. He writes as follows from Boston: "Mrs. Bacon and I have been out sight-seeing since August 2. We have visited at St. Louis, Chicago, Detroit, Buffalo, Niagara Falls, at cities in northern New York and in Canada. We will be here a few days and then go to New York city and Philadelphia. "Crops are fine everywhere. The fields of grain and tobacco in Canada are a delight to the eye. Montreal is a quaint old city. In churches the Catholics are in the lead. The Presbyterians have a fine building. The St. Lawrence river, flowing by, is most beautiful and grand. "Coming through Vermont and New Hampshire we saw great crops, lakes and rocks galore. Had a notion to send a few of the big boulders to the commissioners' court. Good roads are the rule in New York, Canada and all the eastern states. All trees are full of fruit and they look mighty good to me. "Today in company with Miss Ethel Chamberlain, we visited the battlefields of Lexington and Concord. Monuments were everywhere, especially to the English soldiers who fell in those battles. "There are some massive buildings here and the streets are so crooked that you may start out of the front door of a building and walk a mile and be back where you started. "Fossil is the center of attraction here."

SLIGHT DECREASE IN WEEK'S BANK CLEARINGS

The total bank clearings for the past week amounted to more than three million dollars, which represented a slight decrease from the clearings of the preceding week. The daily clearings were as follows: Monday \$ 790,744.51 Tuesday 339,918.63 Wednesday 605,674.54 Thursday 597,937.72 Friday 492,642.20 Saturday 287,270.92 Total \$3,092,231.82 Last week 3,438,292.92 Decrease \$ 346,061.10

The most convenient way of building up a reserve is to establish a savings account with the City National Bank of Commerce. Small this fund by making weekly deposits earning interest at the rate of four per cent per annum, compounded semi-annually.

JAS. M. WILLIAMS GEO. N. DWYER Safe Burglary Insurance

Safe robberies are reported in the papers nearly every day in the year. Even with a so-called "burglar-proof" safe, money and securities are not protected, as the professional burglar, with all his modern appliances, can in a very short time open almost any safe in common use. Protection is granted for money stolen from the safe, also for damage done to safe and premises in an attempted burglary. The premium charge, being moderate, is of minor consideration. Obtain protection now before the cracksmen's visit. Full particulars as to rates and coverage gladly given. We write every form of INSURANCE Williams-Dwyer Co. 523-525 American Nat'l. Bank Bldg. JOHN ROBINSON'S CIRCUS COMING SEPTEMBER 8TH

The circus is coming, when Grandpa will pick up his annual excuse and take the youngsters to see the menagerie. He will rub up his spectacles and wish he had a hundred eyes when the wonders of John Robinson's Circus will go into action under the big white top with its four rings and half a dozen stages filled with acts. The big show is advertised to exhibit in Wichita Falls on Wednesday, September 8. There will be something that will seem just short of a million clowns cutting monkey shins and the dome of the big arena will be alive with aerial wonders. A new spectacular pageant will open the program, called "Golden Days and Golden Ways," with myriads of features, gorgeous costumes, horses, regiments of knights in full armor and hundreds of native and foreign animals going to make up this wonderful presentation. To use the descriptive phrases of the circus publicity director, "It will almost give spectators eye strain to watch all the wonders at once."

Tetu Robinson, it is said, does many feats in mid-air as others perform on the ground. Irene Montgomery, it is asserted, performs startling riding feats, leaping from the ground to the back of a running horse with her feet encased in a basket, and many other unusual acts, many of them to be seen in this city for the first time when John Robinson's Circus exhibits here.

According to press agents the performing animals are unusually fine and include a herd of performing elephants, a flock of trained geese, baboons, dogs, ponies and a trained baby hippopotamus, the only one in captivity. The usual two performances will be given, preceded by a street parade. Big line of all the latest shapes and colors just in Liberty Hat Co., Master Hatters, 307 Indiana avenue. 105-410

GRANT STREET CLOSED. AVE. H. TO CALL FIELD

Announcement is made that Grant street is now closed to traffic from Avenue H to Call field during the progress of improvements on that thoroughfare and the public is advised that for through traffic to Call field, Lakewood and Archer county, the proper route will be detour by way of Harrison and Archer road and the Downing swimming pool. Local travel should detour by way of Buchanan street.

Automobile News

PEERLESS CARS MAKE WONDERFUL RECORD IN TOURS THRU COLORADO

Some interesting bits of information have been reaching the Eckman and Von Allmen Automobile Co. of this city in regard to the performance of a number of Peerless machines that were used by their owners in touring Colorado and other points in the mountains. No fewer than six parties of the tourists have returned to Wichita Falls within the past ten days and all of them have voluntarily reported to the local agents the results which they obtained in using the Peerless machines on their trips.

One man gave the information that he had driven to the top of Pikes Peak on several different occasions, experiencing all of the changes in temperature and climatic conditions that are attendant on a trip up the peak, yet his machine gave absolutely no trouble at any time, taking the steepest grades with ease and running with equal facility through snow storms and sultry thunder showers.

Another reported that in Oklahoma and Texas he encountered some of the worst roads that a car could be called upon to travel, yet his machine plowed through mud and sand up to the hubs and did not need help a single time to pull out of mud holes.

All of the reports were of the same nature and all were loud in their praise of the Peerless. These tourists averaged between 1100 and 1500 miles on their trips, but not in a single instance did the autos give the slightest trouble and an occasional puncture or blow-out was all that occurred to mar the pleasure of the trip as far as the auto was concerned.

In speaking of these reports Mr. Eckman stated that while they spoke well for the car these performances were no more than the manufacturers and dealers expected and that any Peerless machine would have made just as good a record under the same conditions. A four-door, four-passenger sport model and a seven-passenger touring car are now in the sales rooms of the local agency and stand ready for public inspection.

MUCH INTEREST SHOWN IN CONFERENCE MONDAY OF OVERLAND DEALERS

Interest in automobile circles for the coming week is centering around the convention of Overland dealers, which will be held at the sales rooms of the Overland Motor Co. on Monday. An announcement to this effect is made by W. J. Daugherty of the Overland company, and according to reports this meeting will be one of the largest and most important of any of the numerous auto conventions that have been held in Wichita Falls. The exact nature of the conference was not made public, but it is understood that an extensive campaign of selling Overland machines is to be launched and that the meeting was called in the interests of this movement.

Dealers from all points in northwest Texas are expected to attend as guests of the local concern. The opening sessions will begin at 10:30 Monday morning and continue throughout the day, being interrupted at noon long enough for the auto men to fill their tanks with a luncheon which will be tendered them by the local company. Discussions of the Overland machine and of salesmanship will be given prominence and it is the hope of Mr. Daugherty to give the big campaign a rousing send-off.

The local branch of the Overland Co. is one of the largest in the southern part of the country, being in control of the distribution of Overland and Willys Knight cars in all of Northwest Texas. Practically all of the sub-dealers and agents in the smaller cities and towns of this vicinity have indicated that they will attend the meeting, so plans are being made to entertain a throng of salesmen.

Solomon said there was nothing new under the sun—but that was before girls wore summer furs.

WITH THE AUTO DEALERS

A Case four-passenger touring car was sold to D. H. Milton by the Milton Motor Co. last week.

Two carloads of Studebaker machines were received by the Klein Automobile Co. early last week. They are expecting another shipment of these in the near future.

W. R. Logan, formerly with the Bemrod Auto Co. of this city, has taken a position as salesman with the Milton Motor Co.

Two Republic trucks and two Gardner cars were delivered to local purchasers by the Gaines Automobile Co. last week. Shipments of Republic

trucks which have been delayed for several months due to limited production at the factory are expected to begin early in the fall.

Reports from the Dixon Motor Co. indicate that there are no Buick machines to be had at the present time, the large supply of these cars obtained by the company early in the summer having been exhausted. The new 1921 models of Buicks are expected to be available by the middle of September and it is not likely that the local agency will be able to obtain more Buicks until that time.

After several weeks delay a car load of Apperson machines has been started

for the local agency in this city. They are expected to arrive by the middle of the week at latest.

NEW JORDAN MODELS HAVE ARRIVED IN CITY

The Jordan Playboy and Jordan Brougham which the Marshall-Huff Motor Co. have been expecting for some time arrived the early part of last week. Both machines have caused a great deal of comment in automobile circles of the city by reason of their exceptionally pleasing appearance and equipment. The latter machine is completely equipped with all of the modern conveniences that are found in any motor car. The interior is luxuriously upholstered and appointed, having the conveniences of a modern Pullman car. The Playboy, while a different type of machine, presents just as finished an

appearance and is as nearly mechanically perfect as it is possible to make a car.

A shipment of Oakland machines is now on the road and is expected to arrive in this city within a short time. Two deliveries of these cars were made

to local purchasers by the Huff Motor Co. last week.

There is too much news in the papers to give much attention to the man who got caught in a folding bed

Built for Safety and Endurance

Studebaker engineers have built safety and endurance into the Studebaker motor car—all of its vital parts strengthened to make doubly sure the security of the man at the wheel and those who ride with him.

Such building means added strength—longer life and longer service, and less depreciation, year by year.

Equally close attention has been given to the designing and finishing of the Studebaker, and the result is a combined service and pleasure car of unusual merit.

If you are thinking of purchasing a car, there are many points of information that you should possess. Call at our display rooms and we will cheerfully give you this information and, should you desire it, will demonstrate the Studebaker for you.

THE MOTORISTS' PROBLEMS

By WILLIAM H. STEWART, JR.

Motor Department—Is it true that the magneto and induction coil both make high tension current by the same means? I have heard considerable controversy on the subject, but no one seems to be able to settle the point. E. L.

Both magneto and induction coil make current because they cut the magnetic lines of force by means of a conducting wire. In the induction coil the magnetism from the primary winding passes through the secondary winding. In a magneto the wire revolves in the magnetic field. Thus the action of cutting the lines of force is the same but the means of doing so are different.

Motor Department—Kindly let me know what is meant by pre-ignition. Pre means before. How can ignition come before ignition? An explanation would be appreciated. G. J.

Pre-ignition means ignition before the proper time or before dead center just before the power stroke. It may be due to spark advanced too far, to overheated engine, or to glowing carbon. The effect is to ignite the gas before dead center, while the piston is moving upward. This has a tendency to push the piston down, slowing it down and causing a knock. To distinguish one from another, retard spark. If knocking continues look for signs of overheating, such as steam at radiator. If engine is not overheated it may be carbon. Remove a spark plug and see if it is carbonized. If not, the trouble is a worn piston or loose bearing, which must be attended to at once.

Motor Department—I have a 1918 Dodge which up to the present time has given excellent service. A few weeks ago I had the valves ground, and since then it gave good service. A few days ago a "knock" seemed to be in the motor. I had the generator coils tightened and some of it disappeared, but there is still a small knock which can be heard only by close attention. It does not knock with spark lowered to last notch. Do you think this could be in the bearings? Or is it a carbon knock or in the generator chain?—L. S.

Besides the places you mention it might be between the pushrod and the valve stems, what is known as "valve clearance." Careful search will be necessary to locate it. Piston slap will also cause the knock you mention.

Motor Department—When the engine of my Ford has been running idle and the throttle is suddenly opened wide it chokes and misfires for a few seconds until it gains more speed and then it runs perfectly. The ignition is good and it acts this way no matter how the carburetor is set. What is the reason for this?

Any engine may choke if the throttle is opened too wide suddenly. Under ordinary conditions choking of the engine is due to a worn needle valve which allows too rich a mixture to be fed at low speeds and the correct mixture after the engine gains speed.

Motor Department—Why does my Ford run better when my gasoline is low? I get better results in every way. Thanking you for this information and all the help I have had by reading this department.—READER.

The gasoline tank of the Ford car is carried higher than the carburetor, and the gasoline is therefore delivered to the carburetor by gravity. The supply entering the carburetor is controlled by a needle valve attached to a cork float. If the cork has lost some of its buoyancy the pressure of the gasoline against the float needle valve, when the gasoline tank is full, may cause the valve to lift with the result that the fuel mixture will become too rich. When the tank is not full the reduced pressure probably is unable to lift the needle, and the mixture remains correct. Upon examining the float if it is found to be gas logged, it should be dried out, and then covered with a coating of shellac or better still, replaced with a new one.

Motor Department—Will you please tell me a good method for repairing leaky radiator fins. The radiator has a small leak which is annoying.—E. M.

The best way to stop the leak is to have the part soldered. The fins you speak of are probably those which fa-

litate radiation, but do not carry water. Radiators differ in construction but those having fins are usually of the tube type.

Motor Department—I claim that to heat the front axle of a car so as to try to true it up after it has been bent ruins the axle, as it has been heat treated. To heat it again in an open forge kills the heat treatment that it has undergone. Am I not right?—READER.

Undoubtedly, heating the axle will weaken it slightly, but not to a dangerous degree. During the process of forging the particles are hammered together, making the metal very tough. By subsequent reheating this effect is lost. It becomes a choice of the lesser of two evils, then, as it would be dangerous to straighten the axle cold.

Motor Department—Is there any make of automobile that drives on one wheel only while traveling on the road? If so, what? Please answer through your motorist column.—E. G.

We do not happen to know of any. If you are vitally interested would suggest that you write the technical department of "Automotive Industries," 239 West 39th St., N. Y. C.

Motor Department—I am an interested reader of your columns. Could you give me any information as to where I could get parts for Princess Motor Cars made in Detroit 1918 and 1917, and an instruction book for same? Thanking you in advance, I am, A. S. Write Puritan Machine Co., Detroit, Michigan. Also Standard Motor Parts Co., Michigan. These companies specialize in parts for cars no longer manufactured.

Motor Department—We have a Hupp-Mobile Model K, which has had a knock in the motor for some months. It sounds much like a spark knock or a small hammer tapping. Have had it examined by several mechanics but have not arrived at the cause. The motor was removed and overhauled the other day finding middle main bearing very loose and starting and timing gear chains also. Motor runs better and has more power, but still has rattling knock to some extent when climbing a hill. I know it can not be caused by carbon or advanced spark, so must be something loose. Hoping that you may give me some information as to the cause and the remedy and thanking you in advance, I am R. D.

Some knocks are very difficult to trace on account of the metal carrying

the sound. Since you have overhauled the engine, it is assumed that all the bearings have been inspected and adjusted where necessary. However, it is not unusual for a person to overlook end play in the cam shaft or perhaps a loose cam shaft bearing. If the knock is of a half time nature, look over the cam shaft working parts carefully. A similar knock may also be caused by piston slap.

HELPFUL HINTS.
Be sure that the rubber hose at top and bottom of radiator is changed at least once a year. The hot water, passing through it rots the rubber, which loosens up the fabric, so that it gets in the way of the water, cutting down the efficiency of the cooling system. This is a frequent cause of overheating.

The usual causes of overheating are running too long on low gear or intermediate gear, racing engine, failure of pump, clogged radiator, leakage of water from the system, etc. The engine may also be overheated by running with retarded spark and throttle too wide open.

A cracked water jacket is not as serious a trouble as one might imagine. The cylinder should be removed and the inside examined to make sure that there is no leak into the cylinders. If there is that must be repaired also.

If not the leak in the water jacket can be welded and the casting made serviceable again.

When a radiator leaks it is not advisable to use material to stop the leaks from the inside. Such foreign matter has a tendency to clog the radiator and cause overheating. A temporary repair can usually be made from the outside, and then at the first opportunity a permanent repair should be made by an experienced mechanic.

Leakage at the stuffing box may usually be stopped by tightening the nut around the pump shaft, but persistent leakage calls for repacking. This is a simple job, but it might

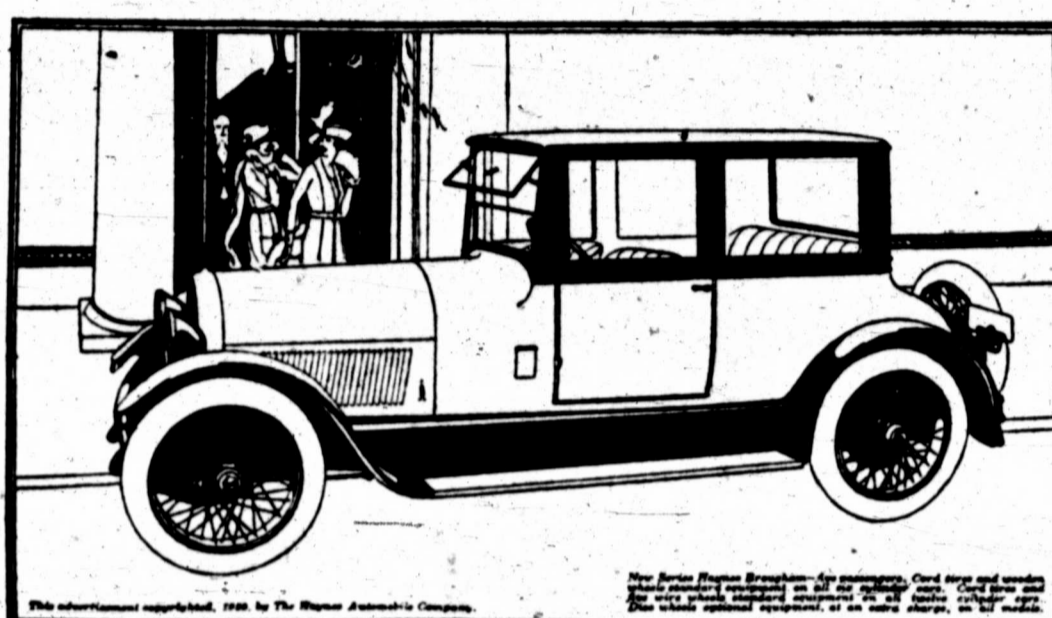

be well for you to watch some one else do it the first time. When properly packed it will last several months, merely requiring tightening when it leaks.

Almost any city man could pre-

pare a scheme for doubling the products of the farm without extra cost.

Somebody will need to develop a prune with more kick if it is to vie in popularity with the raisin.

Hogs—1 registered Poland China boar; 1 brood sow and 8 pigs; 2 registered Duroc gilts; 1 Poland China sow.
Farming Implements—4 wagons; 2 2-disc plows; 1 14-foot binder and header; 1 8-foot McCormick binder; 1 Ideal Deering mower; 1 hay rake; 1 14-disc Vanbrunt drill; 1 superior 10-disc drill; 1 2-row corn planter; 2 cultivators; 1 fourteen-disc harrow; 2 12-section harrows; one frison; one slip; one buckboard buggy; 1 Kushman engine and feed grinder; 12 pairs work harness; 2 peafowls; 25 turkeys; 100 chickens.
Sale starts at 9 a. m. All sums of \$10 or under, cash; sums over \$10, six months time at 10 per cent interest on bankable note. Lunch on the grounds.
F. M. MCKINLEY, Owner
W. S. Cowling and W. R. Simmons, clerks, Jacob Scheffe, auctioneer.

BUICK

POWER, sturdiness and dependability have been qualities of Buick Valve-in-Head Motor Cars from the time that the name Buick first became linked with the automobile industry. Today, in equal measure as in the past, the Buick Motor Company is dedicated to a continuance of the policy that has caused the Buick car to occupy the position it holds in the public mind.

To all that the name Buick has meant in twenty years of automobile history, the new Nineteen Twenty One Buick brings that grace of movement, that refinement of every line and feature, that sheer beauty of design which inspire a pride of ownership in a fine motor car.

The new Buick line comprises seven models, one for every possible demand. Each has the famed Buick Valve-in-Head Motor, as rugged and powerful as ever, yet refined into a mechanism of unusual quietness.

KNOWLEDGE FOR CAR OWNERS

Interesting and Important Facts That Every Motorist Should Know.

Always keep your axles and spindles well greased for the lack of lubrication heats and weakens the axles.

Wobbly wheels will cause the tires to wear twice as fast as they should.

Did you ever notice a ragged hole about the size of a silver dollar in the rear tire of your car? This little ragged hole is the result of carelessly turning corners.

If your car is left standing for a week or so at a time be sure and add water weekly, test the solution and if it drops below 1.25 run the engine to bring it up to 1.30 or very near that.

Never pour cold water into a radiator that has "gone dry." The sudden change of temperature will hurt even the best of motors. Open the hood and give the motor time to cool before giving it a drink.

When the ammeter shows a rate of discharge much higher than usual, it may be accepted as an indication that there is a cross somewhere, so that the battery is not getting the current intended for it.

When the handle of a wrench is too long for the capacity of the jaws there will be danger of stripping threads. For this reason the mechanics "E" wrench is the safest to use, as the length of the handle is scientifically proportioned to the work demanded of the tool.

The top should never be folded when damp or wet, but should be kept open until thoroughly dry. Gasoline should not be used for removing spots, as many tops have rubber in their composition and the oily substance tends to disintegrate it. Good castile soap and water are the best for removing stains. Rub the lather in with a stiff brush and wash with clean water. Chloroform is often used for removing stains.

As a general thing the valve stems need no lubrication. If they stick because of carbon deposits they may be cleaned by injecting kerosene into the

air valve of the carburetor while the engine is running. Some of the kerosene will pass down the valve stem and soften and wash off the carbon. A mixture of one-half kerosene and one-half lubricating oil may be squirted on the valve stem.

When one of the cells shows a loss of specific gravity in its electrolyte of 10 to 15 points and no leak can be discovered, an internal circuit is indicated and should be remedied at once. Whenever the specific gravity of one cell falls more than 20 points below that of the other cells, there is trouble somewhere and it should be run down without delay, even if it is necessary to call in the service station.

When the outside temperature rises to 60 degrees or more the carburetor choke is useful only in starting. If a spring such as is used on pedals and brake rods is attached from the choke handle to the dash or gowli frame during hot weather, this control will return to normal position automatically. This not only saves gas but tends to reduce the formation of carbon deposits.

It is not very generally known that powdered charcoal mixed with kerosene oil makes a very satisfactory valve grinding compound in the absence of the regular product. The mixture is applied in the regular way and the grinding carried out just as with ordinary grinding compounds. The charcoal produces a very fine surface and unless the valves are in unusually bad condition requires little more than the regular compounds.

A holder made as follows makes the inserting of round pins in valve stems and other parts a simple matter. Wrap a piece of .064 gauge wire around the pin three times in loose coils. Then make a half coil at the bottom to prevent the pin from slipping all the way through. The use of this holder prevents pinching of fingers in case the spring slips when it is being held by the valve lifter.

TEN MILLION CASINGS GO INTO THE DISCARD IS ESTIMATE FOR 1920

Ten million casings to the grave yard of lost auto tires mileage for 1920? So enormous a wastage cannot fail to exercise an influence on tire prices. Indeed the figure is a conservative one that 40 per cent of the 46,000,000 tires manufactured this year, will be sufficiently cared for to permit them to deliver half of the mileage built into them by the maker.

The motorist who is hoping for a price cut that he may buy tires for less than present levels, is overlooking this and other factors that determine costs. The law of supply and demand in good tires is operating against reductions and towards higher prices. Manufacturing, overhead, and distributing expenses have already been cut to the bone by new and improved machinery and methods.

"Before the war" prices already prevail among most standard makers. Prices are lower now than they were ten years ago. And this does not take into account that tire mileage, with the Miller company for instance, has more than doubled, and that this cost-per-mile basis is the only real way to determine mileage. If miles were taken into account, actual cost per mile is less than half as much as ten years ago.

tract from a diary compiled by some explorer of 20 or 30 years ago, when four-wheeled vehicles were first beginning to be propelled by engine power. It is a paragraph from a letter written in the year 1828, concerning an incident that occurred in 1820, on the North American continent. It continues: "As we drove down the main street of the town, curiosity overcoming them, children in increasing numbers ran along beside us, cheering and clapping their hands."

To be more specific, it is part of an account of the arrival of the first automobile in the town of Tantzouca, state of Vera Cruz, Mexico. The car was driven by Frank B. Van Horn, chief geologist for the Cia. del Agri. S. A. of Tampico, Tampico, Mex. He was accompanied by two other geologists, G. H. Shelton and Richard Bryant. "Up to the time of our trip," Mr. Van Horn says in his letter to Dodge Brothers, Detroit, "no attempt had ever been made to get an automobile into this territory, but we had gone to within 12 miles of Tantzouca with our Dodge Brothers car and believed we could, with very little road work, go the rest of the way. On March 22, we left Tampico and drove 70 miles to Comales, where we passed the night. The next day we encountered real difficulties, having to use an axe, pick and shovel and even a block and tackle in getting across cañons and holes. Wherever it was at all possible for a car to get a footing we went along without trouble. In one place it was necessary for the car to pull up a rough slope of 40 degrees, which it did easily."

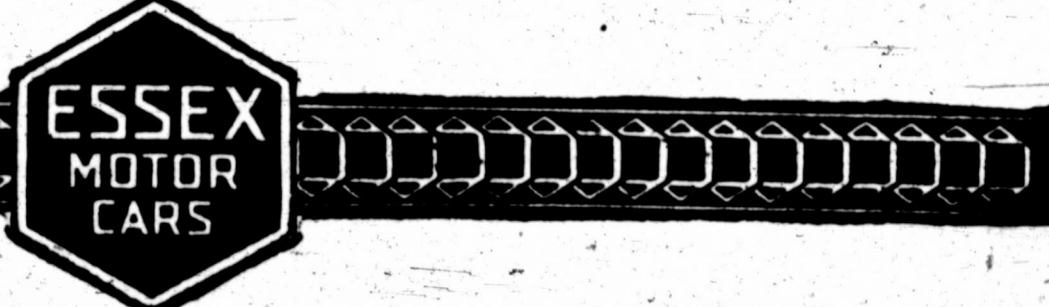

Many similar experiences preceded the triumphant entry into the isolated town, which took place the second day of the trip at 5:30. Mr. Van Horn's account of the celebration which followed the first timid reception by the natives is especially interesting. "We drove to the hotel, a large, typically Mexican house, with high, ceilinged rooms, and a large patio filled with flowers and shrubbery," he writes. "Dona Feliciano, the Viuda de Herrera stood in the doorway and welcomed us in great delight. She said she was proud indeed at having the people who brought the first automobile into Tantzouca to stop at her house, and proved it right royally in kindly attentions showered upon us. "After refreshing ourselves we returned to the car, and, in relay, took for a ride about the city all the children who were not afraid to trust themselves to our care. We did not confine ourselves to the children entirely, but in the course of the evening took various prominent citizens for a short ride. I believe we derived more pleasure in their happy comments than did they in their first automobile ride. No fear of collisions in Tantzouca, where not even carts are driven. The only vehicle ever in town was a buggy brought in, knocked down on backs of mules and it has long since given up its struggle so we could drive with no fear where turning signals had no meaning. "We retired about 10:30 in good beds and slept the sleep of the weary. In the morning we again took children for drives, and took all that cared to try until one o'clock, when Dona Feliciano called us to dinner. And such a dinner—soup, beef, chicken, fruit, frioles, not forgetting wine, and coffee, with an orchestra playing Mexican airs while we ate. "After dinner we took the orchestra in the car, insisting that they play during the entire ride about the town. They enjoyed it immensely and fulfilled their part of the bargain. "When we returned to the hotel the day of our party, make of car, licence number

Hupmobile Reputation Hupmobile reputation is a very real and a very vital thing. So real and vital in fact that it is hard to express in words. Its influence is felt in the minds of many more people than have ever driven Hupmobiles. Its effects are found full-grown where least expected. Our competitors are quite as conscious of it as we ourselves are. If words could express it, they would be such words as honesty—thoroughness—dependability. To uphold this reputation, and to make it mean more to more people, is no small task. Yet this is the commission we have placed, with complete success, on the Series "R" Hupmobile. \$1685.00 f. o. b. In 4 Trips Across America Essex 4 Times Breaks Record

Carrying U. S. Mail Between San Francisco and New York It Sets a Mark for Consistency of Performance Reliability Never Equaled by Any Traveling Machine

The first test of an automobile carrying U. S. mail across the American continent was made with the light weight, moderate priced Essex. And it resulted in establishing the Essex as holder of the trans-weight in the most difficult and hardest road service.

The performance while of momentous importance in the world of speed and automobile sportsmanship—is of greater value to the motorist. For it removes all doubt about the reliability of light in the most difficult and hardest road service.

Records Prove What Owners Know

Ocean to ocean automobile travel has not become so common as not to be of interest to all motorists regardless of the time required in making the trip.

Hundreds of cars have sought to set new time records between San Francisco and New York. But it has not been an easy accomplishment. The records broken by Essex had stood for four years.

It is not speed so much as absolute reliability that counts in such a test.

The car must keep going. No time can be allowed for delays. Roadside adjustments would make such a performance impossible.

And it is because the Essex held to the task its drivers set and met every road situation with equal efficiency that it today holds a mark never equalled by a traveling machine.

Your demands can not equal those made in the transcontinental trip. But you require equal reliance of your car, whatever the service imposed.

You also have no time to give for repairs and adjustments when you have need for your car. You want to know that no road condition will impose a halt on your motor trip. And Essex has in the consistency of its performance obtained a distinction not shared even by the costliest cars.

Doesn't It Prove What You Want?

Light weight has meant economy of operation in fuel and oil. It has not particularly meant reliability, economy of maintenance, performance or comfort.

But Essex reveals how those costly car qualities are a part also of its advantages. You have the praise of close to 45,000 owners, to guide you to the Essex.

You have official records of its 50 hours top speed performance as to its reliability. You have its record of 1061 miles in 24 hours on Iowa country roads.

And now you have this most coveted of all performances—the transcontinental record—made by four different cars. Can you hesitate in deciding for Essex?

- First Essex San Francisco to New York—4 days, 14 hours, 43 min. Lowers record 12 hrs, 48 min.
 - Second Essex New York to San Francisco—4 days, 19 hours, 17 min.
 - Third Essex San Francisco to New York—4 days, 21 hours, 56 min. Delayed by storms and Sunday road congestion entering New York. Yet did better by 5 hours, 35 minutes than former record holder.
 - Fourth Essex New York to San Francisco—5 days, 6 hours, 13 min. This car took a longer route and also ran into storms. Yet it broke the former record by 11 hours, 19 minutes.
- The average time for each of the four Essex cars over 3347 miles Ocean to Ocean route was 4 days, 21 hours, 32 minutes.

ONE-HALF MILLION BUILDERS OF GOOD WILL. Dodge Brothers business has just reached and passed another milestone in its history. In a little over five years more than one-half million Dodge Brothers Motor Cars have been placed in the hands of owners. If this sales record represented the appeal of a price, the total would not be particularly impressive. The important thing is that the car is not thought of in terms of price, but in terms of value. How often you hear the car spoken of—and how seldom the price! It is the quality of thought that surrounds it which makes this success noteworthy. Because people think well of these cars, it is still impossible for Dodge Brothers to build enough of them. Seldom has there been a finer example of the force of friendly thoughts. It is an inspiration and an encouragement to build well—because the reward, in America, is so great and so sure. With nothing but good will toward them in American homes— DODGE BROTHERS, DETROIT McFALL BROTHERS. 817-819 Ohio Ave. DEALERS Phone 4444.
