REBEKAHS SERVE BANQUET TO ELECTRA DRILL TEAM GUESTS MONDAY EVENING

The ladies of the local Rebekah lodge served a banquet Monday evening at the hall to a hundred guests in compliment to the thirty visiting members of the Electra drill team and several other honor guests, including Rev. Mr. Duhber of Electra, Mr. Rowe of Niagara Falls, and Rev. Mr. and Mrs. Bingham of this city.

A feature of the evening's entertainment was the splendid drill team work of the Electra lodge in which the thirty Electra members took part under the direction of Mrs. J. O. Stroud, drill team captain. Addresses on Rebekah work were made by Rev. Mr. Duhber, Mr. Rowe and Rev. Mr. Bingham and were highly appreciated and approved.

The Rebekah hall was beautifully decorated in the lodge colors, pink and white, which were also suggested in the menu of the banquet served by the ladies.

"THE PERFECT WOMAN" IS OLYMPIC ATTRACTION

Constance Talmadge, filmland's impish vampire, is to be the attraction at the Olympic theater Wednesday and Thursday in her latest comedy, "The Perfect Woman." This star's inability to make her eyes behave, or rather her ability to make them misbehave in the film, has won her nationwide popularity and established her as one of the most pleasing and successful "vamps" that ever set the hearts of mere men to thumping.

The sloping brim adds to its smartness. 4—This charming small hat is of blue velvet. A wing cuts smartly into the upturned brim. 5—Smart sport hat of peacock blue silk brocaded in rose and yellow. 6—Gorgeous hat of Nanking blue dresden with gold studded brim and crown. An ostrich feather adds much to its smartness.

dom will be seen at the Empress on Wednesday and Thursday. As its name indicates it is a story of a woman's life, and is a screen version of Arthur Van Ness-Hines' stage success.

The story tells how the first woman mayor of an middle western town set out to destroy the corrupt forces that had undermined the city government, and how at the same time she suffered her own private affairs. Much interest in the picture is being displayed in the movie world because of the personality of Miss Percy. Her advance to the front rank of moving picture stars has been rapid, due to a large extent to personality combined with beauty. "Her Honor the Mayor" is her latest and best picture and is expected to draw heavily at the local theater.

Mystery and Romance in Picture at Majestic

A drama of small town mystery and romance is the attraction at the Majestic theater for Wednesday and Thursday of this week, and from advance reports the film is one that will delight all lovers of youth and variety. The picture in question is entitled "Sherry" and is the screen version of the novel of the same name by George Lily McCutcheon. It is an Edgar Lewis Pathe release.

The story deals with a youngster in a small town who is at the interesting age when life and happiness are concentrated in one single individual, a certain satisfaction from merely staring at the roof that altered the object of his affection.

"THE PHANTOM MELODY" SHOWING AT THE PLAZA

Buried alive in a great mausoleum and escaping after a succession of terrible ordeals that attracted his reason is one of the high spots in "The Phantom Melody" featuring Monroe Salisbury, which is to be shown at the Plaza on Wednesday. Mr. Salisbury appears in the role of a Italian count who is struck by lightning and apparently killed. His count, a perfect young man, although knowing the man to be alive, permits his burial in the family vault and then assumes the family title and fortune. How the count returns to life, escapes from the grave, and after wandering helplessly for months finally returns to claim his rights is vividly portrayed in the picture. Salisbury is supported in the play by Barney Sherry, Ray Gallagher, Lois Lee and several other well known film stars.

ROBINSON SPENDS \$1000 A DAY TO FEED ANIMALS

One of the most important divisions of John Robinson's mammoth circus, to exhibit in Wichita Falls Wednesday, Sept. 1, is the immense menagerie. In the past this collection has always held its own with that of any traveling organization, but this season it is said to have added some specimens which make it the most unique, interesting and instructive wild animal exhibition ever connected with a circus.

Today the busy hippopotamus "Cotto," an elephant less than four feet in height, so small that it is necessary to carry him to and from the circus grounds in a wicker threeberde of elephants, many of them ministers of their tribe, and some of the cutest lion cubs ever seen are a few among the list of very interesting specimens.

The cost of the John Robinson menagerie has been variously established at from \$25,000 to \$40,000.

WHY?
DO WE HAVE TOOTH-ACHE?
(Aches and pains in general are the signals flashed to the brain by nerves which have been bruised, injured or exposed, and in the case of toothache, the signal means that the nerve of the tooth is either very close to the surface, or else in actual contact with the air. When the latter condition occurs, the ache is, of course, extremely sharp, very painful, and practically continuous, for the delicate sensitive nerves of the teeth are intended by nature to be imbedded in the hard bony structure which surrounds them, and any interference with this, produces a pain which sends us scurrying to the dentist.

Annually use these tablets of organic iron—Nuxated Iron—to build up red blood, strength and endurance.
Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and Medical Examiner says: "There are thousands whose bodies are aging and breaking down at a rapid rate when they should be enjoying that perfect health which carries defiance to disease simply because they are not aware to the condition of their blood. It is allowing it to remain thin, pale and watery, they are not giving the natural life forces of the body a chance to do their work. Iron is red blood food and in its presence I have found no better means for building the red blood corpuscles and helping to give increased power to the blood than organic iron—Nuxated Iron." Nuxated Iron comes in tablet form only and does not contain any ordinary metallic iron but only the finest quality of pure metallic iron which is easily assimilated by the digested organism which is easily assimilated.

MASKAT TEMPLE IS INSTITUTED WITH A LARGE MEMBERSHIP

CEREMONIAL CONCLUDED WITH PROGRAM OF TUESDAY EVENING

CITY IS COMPLIMENTED BY IMPERIAL POTENTATE

Party of Shriners Go To Amarillo To Assist in Instituting Temple in That City.

The red fez of shrinism, with its scimitar, crescent and star, was conspicuous on the streets of Wichita Falls today—by its absence. But though the fez had again given place to the conventional headgear of the modern business man, memories of Wichita Falls Shrine ceremonial will linger for years inside the thousands of heads that the red fez covered on the day that Maskat Temple became an institution of the Ancient Arabic Order of Nobles of the Mystic Shrine.

The green and red and gold, colors of the Mystic Shrine, still are being bravely displayed on banners, streamers and bunting decorating the city's streets; and the decorations will continue to be seen until the last visiting Shriner has returned to his home town. Wichita Falls yesterday showed a spirit of hospitality and welcome that will reflect credit upon her citizenship throughout every corner of Texas. Shriners from all sections of the state showered words of praise upon Wichita Falls for the warm-hearted manner in which the men and women of this city, regardless of Shrine affiliations, threw the city wide open to the visitors.

Imperial Potentate Ellis L. Garretson, ranking executive of all the Shriners in North America, voiced the feeling of every visitor when he said this morning:

"It was a genuine pleasure and a real happiness to be present at the institution of Maskat Temple. The visitors had a glorious time because Wichita Falls, without any bragging and with a warm, generous hospitality, invited them to accept the city as theirs for the day. And I wish to add that you have as fine a body of men in Maskat Temple as anywhere in Shrinism. Potentate Cline is a top-notch, and every man under him is a credit to the Shrine."

The Imperial party, including Potentate and Mrs. Garretson, and Frank C. Jones, Imperial Marshal of the Imperial Council of North America, and his daughter, left Wichita Falls at 2:30 this afternoon.

Tonight at 9:30 Potentate Walter Cline and seven members of Maskat Temple's divan, including E. M. Belcher, R. O. Fritz, Frank Collier, W. W. Gardner, William McGregor, R. E. Shepherd and L. G. Hawkins, of Vernon, will leave for Amarillo to represent Maskat Temple at the institutional ceremonies of Khiva Temple, of Amarillo. The party will join the Mosiah special in Fort Worth, and complete the journey with the big delegation of Shriners from the Tarrant county city.

Few Visitors Remain.

Today only a scattering of visiting Shriners still are in Wichita Falls. The Hella Temple special pulled out for Dallas at midnight Tuesday, and an hour later the special bearing the delegation of Ben Hur Temple was on its return trip to Austin. Only a handful of visitors, representing various temples throughout the state, remained.

With the institution of Maskat Temple yesterday, Texas went into a tie with New York for the honor of having the largest number of Shrine temples in the United States. Tomorrow, after Khiva Temple is instituted at Amarillo, Texas will lead the country with ten temples of the Mystic Shrine. They are located in Galveston, Dallas, San Antonio, Houston, Austin, Waco, El Paso, Wichita Falls, Amarillo and Fort Worth.

Thousands of Wichita Falls citizens witnessed yesterday the fun-making on the downtown streets, and saw the big Shrine parade, with its bands, its drum corps, its marching patrols and all its jovial nonsense. It is unnecessary to

describe the glorious jesting spirit of the day, and the manner in which it manifested itself.

Officers Are Installed.

The serious details incidental to the institution of the new Shrine temple, including the installation of officers and the initiation of novices, took place in the Wichita theater, screened, of course, from public gaze. But it is no violation of Shrine confidences to state that Maskat Temple, the 1920 Shrine baby of the nation, has started its Masonic career with more than 500 charter members. And in addition to these, 216 novices were initiated yesterday into the Shrine. Of this number 180 became members of Maskat Temple; 24 were taken into Hella Temple, of Dallas; 11 joined Mosiah Temple, of Fort Worth, and Karen Temple, of Waco, and one lone brother was initiated into the mysterious of India Temple, of Oklahoma City.

All of the institutional ceremonies were in direct charge of Imperial Potentate Garretson, and Imperial Marshal Frank C. Jones, who appointed their aides and degree teams for the work.

Yesterday is history today. Wichita Falls opened her arms to Masonry, and the Shriners joyously and unhesitatingly accepted the embrace. Each individual wearer of the red fez, partaking of the city's hospitality, can look back upon a glorious good time and can express himself in spirit as did that old warrior Julius Caesar, when he briefly reported his conquests to the Roman senate:

"I came, I saw, I conquered."

SHRINERS AND THEIR WIVES COMPLIMENTED WITH DANCE

Visiting Shriners and their wives, and members of the local Temple and their wives and young women friends, were complimented after the ladies' banquet and the Temple institution Tuesday night with a big dance at Arcadia academy, which was specially arranged for the occasion in the Shriners' colors.

A feature of the occasion was the presentation to Imperial Potentate and Mrs. Garretson, who came from Tacoma, Wash., to attend the institution of the local temple and other events of the day, of a handsome silver service. The service was presented to Mr. and Mrs. Garretson by another distinguished guest, Imperial Marshal Frank C. Jones of Dallas, who was introduced by Mayor Walter D. Kiffin. Mr. and Mrs. Garretson both responded very happily to presentation such.

Mr. and Mrs. Garretson and Mayor Kiffin's potentials of Maskat Temple, were among the honor guests at the ladies' banquet at the Wichita club earlier in the evening, the men leaving to attend the temple institution and go from there to the dance later.

WILBARGER WELL IS 50 TO 100 BARRELS

The Smith, Greene & Crenshaw well in section 106, block 14, Wilbarger county, was put on the pump Tuesday, and showed for a production of from 50 to 100 barrels, although the test has not yet gone far enough to fully determine the capacity.

The well is about three miles from the Slinger No. 1, on the Wharton ranch, and indicates very good production in that territory. Reports are to the effect that several offsets have already been located.

SKID THE DERRICK FOR NEW LOCATION ON THE WOODALL FARM TEST

The Donahoe-Razor Company, on the Woodall farm, three miles west of this city, has skidded the derrick to a new location and will begin drilling on their second hole in a few days.

The company reported a good sand at 25' in their No. 1 several weeks ago, but due to the fact that the hole was drilled with a nine-inch bit, through the sand, it was impossible to set casing to shut off water.

Three different packers were set to make the 48 inch casing hold in the nine-inch hole but the water continued to come through, and the hole was finally given up as lost, and arrangements made for the second test.

The company feels confident that good production is to be had in the sand at the depth given, and in the second test will rat-tail from 500 for a solid casing seat.

SAYS TWO MILLION FUND IS SUFFICIENT

(Continued from page 1)

and you would not wish us to interfere with that," argued Senator Kenyon.

"The committee has jurisdiction over its own affairs," said Mr. White.

"I am not prepared to say that I know it myself."

"And you don't know what evidence the governor has of he has any?"

"That is true."

"Have you talked to him at all about the matter?"

"Do you know, or can you give us any leads showing that the check books of a multitude of people, are open, and thousands, yes, millions, are being contributed to the republican party, to give an underhold on the presidency, that profiteering may go on?"

"Well, I think the Barnes book is the only evidence I can think of now," Mr. White replied, referring to the "Republican Year" book published by William Barnes of the Albany, N. Y. Journal, printing of which, evidence showed is being supported by a number of New York financial and business men, including John D. Rockefeller and his son.

Senator Spencer questioned Mr. White about the Barnes book, and Senator Kenyon, who is chairman of the committee and the truth of newspaper reports that Mr. Jamieson, then financial director, had stated last year that \$100,000 would be needed for the democratic campaign fund this year.

"Is that your judgment?"

Senator Kenyon then questioned the witness about salaries paid speakers or other campaign workers, and inquired particularly about Fred John O'Hall, head of the Scandinavian bureau of the democratic national committee, who was shown in letters read by Senator Kenyon yesterday as negotiating with both the democratic and republican committees for his services.

The inquiry developed that Mr. White had dismissed Fred Hall, first night, following disclosure of the New letters.

"How about this professor?" Senator Kenyon asked.

"I was interested and investigated," Mr. White said. "He seems to be bipartisan."

"Yes, he seems to be," Senator Kenyon replied.

"He made a statement before a witness that he was offered \$2000 by the republicans," Mr. White retorted, "but he said he preferred to work for the democrats. The joke is on us though, for paying him \$100 a week."

"Did he offer his services to the farmer-labor party?" Senator Kenyon asked.

"I think he will next. He is not working for us today."

VIRTUALLY DECIDE NOT TO SUMMON GOV. COX

United Press Staff Correspondent, CHICAGO, Sept. 1.—On the ground that Governor Cox would make a stump speech if allowed to testify in the slush fund inquiry being conducted here by the senate committee, republican members of the committee have virtually decided not to summon Cox.

They fear he would seize the opportunity to make another tirade against the republican party including the republican majority of the committee. If they can help it, Cox won't get that chance.

Democratic committee members and party leaders here for the investigation smiled broadly when they learned how the three republican senators felt about calling Cox. They said Cox can prove his case without taking the stand.

Chairman White of the democratic campaign, Whitur Marsh, treasurer, and other party leaders united in promising "sensations" when White and Marsh take the witness stand.

"We will present facts in such startling contrast to those which have been forced from the republicans that the country will be astounded," White said today.

Judge Kay Comes to Rescue of Children Who Miss the Train

Judge John Kay is probably telling his friends today how narrowly he escaped arrest on a charge of kidnapping early Wednesday morning—or rather, not so very early, either. If it had been early enough, there wouldn't have been any trouble at all.

The story was real sob stuff for a few hours, with a mother of four children almost prostrated with grief and anxiety in Olney, and the father of the four who arrived in his car here in Wichita Falls about 5 o'clock Wednesday morning scarcely less distracted.

That was the time Judge Kay should have been up—he had been up—on an attractive little girl of fourteen or fifteen, down to a mere baby of three, arrived at the local depot Tuesday afternoon on the southbound Denver from Olney, where they had been spending a week or two with their grandparents. They were equipped with plenty of money and detailed instructions.

"If you are too late for the Olney train," their father had written them, "go to the telephone right straight and call me. I will come after you in the car." Which they did—and he did.

The call was got through to Olney at exactly 6:15, and the father, Frank Waggoner, a prominent business man of Olney, instructed the oldest girl to stay right in the station, calling on the W. Travelers' Aid if they were afraid or needed help, or if the T. A. thought best to send them to a room for the night, until he could get here. The Travelers' Aid if they were afraid or needed help, or if the T. A. thought best to send them to a room for the night, until he could get here.

The Travelers' Aid had not arrived, not being due at the station until about 7 o'clock, when the night trains begin to arrive. So the children stayed awhile in the station. So when Judge Kay, a friend of the Waggoners, came to the station a little while later and saw the children, he immediately proposed to take them home, put them to bed, and take care of them until morning, which he did.

In the meantime, Frank Waggoner arrived around 5 o'clock in his car and hurried into the station after his young ones. They were none more to be seen. He went immediately to the night travelers' Aid and she informed them that no children had been put in her care.

"Has anybody else none had reported to her during the night?" The mother began to happen. "After making a thorough search of the station and surrounding blocks, the W. Travelers' Aid and police headquarters were notified. Officers were put on the job, and inquiry went out over the city for four stragglers, which he did.

"Yes, he seems to be," Senator Kenyon replied.

"He made a statement before a witness that he was offered \$2000 by the republicans," Mr. White retorted, "but he said he preferred to work for the democrats. The joke is on us though, for paying him \$100 a week."

"Did he offer his services to the farmer-labor party?" Senator Kenyon asked.

"I think he will next. He is not working for us today."

ONLY TEN VOTES CAST AGAINST SCHOOL BONDS IN ELECTION ON TUESDAY

But little interest was shown in the school bond issue which was submitted to the voters of Wichita Falls Tuesday. The activity of the Shriners overshadowed all interest in the election and but 152 votes were cast at the city hall, which was the only poll opened.

Of these votes 142 were in favor of the bond proposition, as opposed.

The carrying of the proposed plan means that \$200,000 will be available for school purposes and that the money will be used in the erection of new buildings, the improving of others and additional construction on still others.

VAUDEVILLE TO OPEN AT WICHITA TONIGHT

After clearing away the debris left over from the Shriner ceremonial and taking an inventory of the building the management of the Wichita theater announced that they would be able to open the week's vaudeville bill on Wednesday night. Five good acts have been scheduled and all are in readiness to appear at the initial performance.

The headliner is offered by Anita Pan in a comedy sketch entitled "The Cat." Wilson brothers will be presented in a humorous dialogue that is listed under the title of "The Lieutenant and the Cop." Fred Berren, in "Words and Music" will entertain with a musical comedy, at which he is an adept, while the Werner and Amoros trio will also give a musical act that is combined with some clever juggling. They will be concluded by the Novelty Clintons, who give a clever presentation of dancing and contortionism.

Some Fans Purchasing Fifty Dollars; Boys Well Pleased With Attitude.

The Spudgers reported this morning that the tickets for the last game of the season, the proceeds of which will be turned over to them, were going fast.

A record crowd is predicted for the matinee as the fans realize that it's going to be a long time until next spring.

QUESTION OF REFEREE IS MAIN TOPIC IN FISTIC CAMPS TODAY

Several Prominent Ring Men Are Under Consideration By Fight Promoters.

BENTON HARBOR, Mich., Sept. 1.—With the championship contest between Jack Dempsey, the champion, and Billy Miske, the challenger, only six days away, the question of a referee for the title match received consideration in the camps of both men today.

Half a dozen prominent in ring affairs are under consideration. Among them are Jim Corbett, former heavy-weight champion, Jim Griffin, referee of San Francisco, and Jim Dougherty of Philadelphia.

Emerald W. Dickerson of Grand Rapids, Mich., president of the Central League, has been selected as referee of the preliminary contests.

The first of these three will be started at 2 o'clock, daylight saving time, which means that Dempsey and the challenger probably will not get into action until 4 o'clock or later.

It had been expected that the arena would be completed yesterday afternoon, but it was found impossible to have all the seats installed.

Harry Grech, light-heavyweight from Pittsburgh, was scheduled to box with the champion this afternoon for the first time during the training. He was ready to go into the ring yesterday, but Dempsey thought he had enough work and boxing four men.

The champion knocked out Soldier Jack Riley, a member of the 47th infantry, sixty seconds after the start of the contest.

Miske will continue to box today despite the cut over his left eye.

FEDERAL AUTHORITIES ENTER THE BENBROOK RANCH MURDER MYSTERY

PORT WORTH, TEX., Sept. 1.—Federal authorities today entered the Benbrook ranch murder mystery by filing a charge of transporting a stolen automobile from one state to another against J. W. Lowman, the singing evangelist who is now held at Topeka, Kan., for the Texas authorities.

Two indictments have been returned here against Lowman, one charging theft of the automobile and the other murder. The youth murdered was Herschel Erwin and his body afterwards was burned in the ranch house.

Lowman's effort to prevent extradition to Texas was overruled by Governor Allen of Kansas yesterday.

San Francisco, Sept. 1.—Times from yesterday's state election, promptly filed early today showed Samuel Shortridge, San Francisco attorney, leading in the three-cornered fight for the republican nomination for United States senator.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$2350

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3 1/2 size \$450 in waterproof bag

THREE TEAMS EACH LOOP PRACTICALLY TIED FOR TOP RUNG

Any One Of Six Clubs Can Be Picked For The Winner Of The World Series.

CHICAGO, Sept. 1.—Any one of six major league teams today can be picked for the winner of the world series. Not in recent times has there been so close a race in the two organizations—with three teams in each loop practically tied for first place.

The last stretch of the 1920 race started today with New York, Cleveland and Chicago bunched in the American league. In the National league, Cincinnati and New York were in the fight with only slightly greater distance between them than there is between the leaders of the other circuit.

In both leagues the month of September opened with changes in position. Cincinnati was warped out of first place by Brooklyn, the Reds losing to Boston, and the Robins defeating St. Louis.

Cleveland, in the American league, slipped once more into second place, defeating Washington, while New York fell before the Browns. The White Sox also suffered defeat and the margin between the Indians and Sox is a trifling matter of three decimals.

Sport Shots By Paul W. Larkin

Don't forget the last game of the season Friday, all ye fans!

We should have a fret about losing the initial encounter to the Panthers. They won the first two the last time they were here.

It makes no difference to Jake Atz how far in front his squad is. He's on the line fighting for more scores until the last Panther has been retained.

The Shriners put plenty of pep into yesterday's matinee, though it looked for a while as if they might queer the pastime. They knew when they had gone far enough, however. The music sounded great.

While the visitors got engaged to win by clean hitting, as the runs could have been prevented. A few of them have been spending Friday's receipts.

Will they have played to great games in a row and the best club in the world has an off day occasionally. Yesterday's defeat can be easily overlooked.

Will somebody please inform us where the idea originated that Red Josephson couldn't peg at all? Jo cut one loose to third base yesterday that had plenty of zip on it and the peg was faultless. The sooner Jo realizes that he can peg the better off he'll be. The idea that his whip is so weak that he has to relay every ball to the infield is all wet.

His hitting has attracted so much attention of late that his fielding has been overlooked, but it's been a long time since Jo dropped one in the sun field and he has cut out a large number of extra base clouts. Jo gets under a ball so fast that he makes the catch look easy.

As a side light to Friday's game, we'd like to see Kitchens, White, and Hudaneth go around the sacks for a side bet.

Once again the standing in the big show changed. The Dodgers went back into first place in the old organization while the Indians came out of their slumps long enough to get back into second place.

THE START AND FINISH.

A pink-tinted beginning and a victorious finish are not always directly connected. It is always well enough to get away neatly, but with a long stretch in front of you this swift starting stuff may work with backspin or reverse English.

There is the case of Jim Barnes and Walter Hagen. Early last spring they were in a class beyond much competition. Hagen was open champion and Barnes professional champion. Barnes finished fifth in the British open, and Hagen, after a bad splash there, won the Metropolitan open again.

But what about subsequent details? Hagen finished well out in the late open and Barnes was promptly deposited in the P. G. A. championship. Both lost their main title without making it close.

And as they faded out Jock Hutchison, playing badly early in the spring, steps forward with easily the best record of the year—Western champion, only one stroke out in the open championship, and now professional champion at match play.

Jock hid the slow start and the pink finish. And it's where they all happen to be at the finish that usually settles the arguments. They rarely pay off on starts.

ANOTHER EXAMPLE.

Four ball clubs held most of the interest through the first three months of the pennant race. Cincinnati and Brooklyn were fighting out the National League championship with Cleveland and New York in a hammerlock for the American League pennant.

No great amount of attention was paid to the Giants and White Sox. The Giants played top-rated ball for the first two months, while the Sox lagged well behind.

Through May, June and early July neither club figured in any world series argument. They may not meet in a world series now, but they are no longer negligible factors. In spite of their ragged start, what other two clubs carry a stronger claim?

HOLDING FORM.

There's a reason, as the snappy season goes. Reaching top form for one set affair isn't so hard.

Reaching championship all-season drive must be faced the problem of reaching and holding form is the hardest assignment on the map. Cleveland looked to outclass the league as far back as last March. But March and October are many gray leagues apart.

Hagen and Barnes began training for the British championship back in February. By August neither looked to be the same golfer.

Yakovlev won the West Point event to beat Yale early in October. By training for this battle the Army team trimmed the Bulldog consistently. But having reached winning form early in October, the same team was unusually easy picking for the Navy.

You can't hold top form indefinitely. A ball game won in April and early May is as valuable as a ball game won in September, but clubs leading the league in April or early May rarely win pennants.

It's a tidy idea to start setting the pace in a hundred-yard dash. But when it comes to a ten-mile race the pace setter gets the worst of it.

TILDEN'S CASE.

Tilden faces this same problem at Forest Hills next week in the turf tennis championship.

He reached spectacular form two months ago. He was at his best in the British championship, and he is next to invincible.

Can he return to his best again for another big week? It is neither easy to hold top form nor to ease away and then come back in the same year. It may be that he has turned the trick—or that his tennis genius is sufficient to take him safely through.

The fact that he has turned the trick—or that his tennis genius is sufficient to take him safely through.

He seems to come along gradually until the week of the big event over here, at which point he, too, becomes close to invincibility.

The fact that he has beaten once or twice before may work in his favor through the week of the main carnival.

The same holds for a boxer. One man might be right to win two weeks before the fight and two weeks later be an easy mark. The wonder is that so many ball players—such men as Speaker, Sisler, Cobb and Ruth—can hold championship form for so many months of active campaigning.

The boxer has the better chance to reach top form, for he has one definite engagement to train for. But even here many have passed the peak before the day of the fight came on.

At which point the echo of a dull boom just beyond the nearest horizon indicates that a football is about to be kicked again as the first whistle sounds.

We'll know more about Dempsey as a boxer when some cove arrives who can carry him on beyond the third round.

Major League Bits

Yesterday's hero: Leborvaux of the Phillies. With a home run, a double and a single, he beat the Cubs 2 to 0.

Brooklyn got back into first place by winning from St. Louis 5 to 2.

Tanner held the cards to seven hits, marking up his ninth straight victory.

Pittsburgh won the third game of the series from the Giants, 6 to 5.

Cleveland passed the Yanks by taking another from the Senators, 7 to 1.

The White Sox failed to solve Bush and lost 7 to 3.

Davis, after one bad inning, settled down and the Browns won from the Yankees 3 to 2.

The Athletics and Tigers went 15 innings then quit with the score tied 5 to 5.

PROPOSAL OF PACKERS DISAPPROVED BY COLVER

WASHINGTON, Sept. 1.—The proposal of big meat packers to sell their control in the principal stockyards to a \$25,000,000 holding company met with disapproval by Federal Trade Commissioner Colver and the League of Women Voters today.

At the department of justice it was indicated the plan will not be accepted, and will personally carry you. M. T. Killian, Suite 3, Ward Bldg. Phone 5695, 111-21p

RESIGNATION OF COLVER FILED WITH PRESIDENT

WASHINGTON, Sept. 1.—The resignation of W. R. Colver, chairman of the federal trade commission, was received today at the White House.

Chairman W. R. Colver of the federal trade commission, notified President Wilson today that he did not wish his name considered for reappointment to the commission at the expiration of his term, September 25. In his letter to the president, Mr. Colver said he desired to engage in private business.

ICE AGAIN RETAILS 80 CENTS HUNDRED

Local Ice Companies Claim Action Is Authorized By District Attorney.

Ice, once more, is selling for 80 cents per hundred in Wichita Falls. Unless the purchaser wants to buy a coupon book, when it can be had at the gate of 75 cents.

In fact, the ice situation is right back where it started.

No information to this effect has been given out at the department of public health, but the ice companies claim that they have been authorized by the United States district attorney to go back to the old price, and that no prosecutions would follow.

In the case at Dallas a compromise was made between the attorney for the government and the ice companies whereby the price of 75 cents under any and all circumstances was set, and ice is being delivered in that city for 75 cents. The difference in the cost of production in Dallas and Wichita Falls was conceded by the attorney to be no little item, and for that reason an additional charge of five cents per hundred is allowed where the purchasers pay cash on delivery. To save bookkeeping, however, the companies prefer to sell at 75 cents where the purchaser will take 500 or 1,000 pounds in a coupon book at a time.

Come around and let's talk over this Rio Grande valley land business. I want you to go down with me next Sunday. It will be the finest trip of your life. M. T. Killian, Suite 3, Ward Bldg. Phone 5695, 111-21p

STEAMER ENROUTE TO AMERICA WITH PRISONER

RIO DE JANEIRO, Sept. 1.—The British steamer Dryden was enroute today to Buenos Aires with Morris Fox, a sailor arrested on suspicion of being Eugene Leroy, alleged wife murderer, aboard.

Fox will be turned over to American officials upon his arrival in Argentina. It is believed, he will be extradited.

PROMISE ADDITIONAL TELEPHONE SERVICE

More Than Two Hundred New Phones Are To Be Installed At Vernon Exchange.

VERNON, TEXAS, Sept. 1.—Two hundred and twenty more local tele- phones and three more long-distance circuits for Vernon are promised by January 15, 1921, by the Southwestern Bell Telephone company to the Vernon chamber of commerce following repre- sentations to this company that the service and facilities here are inade- quate.

This company now has 700 numbers. The new numbers will raise the total to 920, or an increase of 31 per cent. The long-distance board has three sta- tions, or places for three operators. There will be a new station, making room for four long-distance operators, or an increase of 33 per cent.

The additional facilities are not to be put in by the telephone company itself. A contract has been let with the Western Electric company which has promised to have the new phones installed by January 15. J. E. Frazier, local manager, stated today. Mr. Frazier announced that he has a long waiting list of people and firms who desire telephones and that application will be received now for these new phones, even one of them probably will be applied for before January, he believed.

Comparative Figures. A comparison of service as given by the telephone company and by other utilities was made by the chamber of commerce. These figures show that the light company has 1,000 customers, that the water commission has 550 consumers and that the telephone company has only 700 subscribers. These figures indicate that the telephone facili- ties are far from adequate, especially in view of the fact that many people who want lights and water have been unable to get the lines extended to them.

That the telephone facilities have not increased as Vernon has grown is further shown by the chamber of com- merce in a statement of bank deposits and postal receipts. A year ago Ver- non's four banks had total deposits of \$2,477,821. Now they have \$3,542,242, an increase in one year of 43.50 per cent, a growth of 43 per cent. Postal receipts for the year ending June 30, 1919, totaled \$4,284. For the year which closed June 30, 1920, they

"MAG-LAC"

Mag-Lac is a Milk of Magnesia Tooth Paste, combining with mild cleansing and abrasive qualities the alkalinity of Milk of Magnesia. It exerts the same neutralizing action on acid secretions in the mouth that Milk of Magnesia does on similar conditions of the stomach. Like Milk of Magnesia it is not harsh or irritating; and as this standard remedy is accepted as the ideal corrective for the irritated infant stomach, so Mag-Lac, with its healing and neutralizing properties, is suited to the treatment of abnormal conditions of even the most sensitive mouth and gums. Its thorough and conscientious use tends to keep healthy teeth healthy and to neutralize the evil effects of and the long train of abnormal conditions which result therefrom. One who uses Mag-Lac frequently may have the assurance that he is doing all that he can possibly do to aid his dentist in maintaining health in his mouth and gums.

amounted to \$7,734, showing a gain of \$2,530, or an increase of 33 per cent. This showing is especially good when it is recalled that this increase took place despite the reduction in the postage rates following the close of the war.

This survey of conditions in Vernon was made by the chamber of commerce to be used by Mr. Frazier, who is co-operating with the chamber, in proving to the high-ups in the telephone com- pany that Vernon has outgrown the present telephone facilities.

WATERMELON TONIGHT AT FIRST METHODIST CHURCH

"Several hundred pounds of ice cold watermelons will be on hand to solve the folks who find anything dry in the preceding services," so states Rev. H. R. Knickerbocker, pastor of the First Methodist church, south, concerning the explanation services at his church to- night.

with icy dew upon them just out of cold storage, will be cut.

The members of the congregation are invited and the prayer meeting con- gregation of the Christian church, as well as the Christian Endeavor of that church. This last item is following up the splendid fraternity established dur- ing the two months summer confeder- ation of these two congregations.

At this service important plans for a rapid development of the Sunday school will be discussed. The slogan of the First Methodist church, south, Sunday school is "One Thousand At- tendance by October 1." This result is confidently expected to mature.

BREAK ELECTION BET IS PAID AT STAMFORD

STAMFORD, Sept. 1.—Before a large street crowd J. C. Dodson was short- borrowed around the postoffice square yesterday in fulfillment of an obliga- tion to Dodson as a result of being a loser in a wager on the governor's

race. The loser, who was absent from the city, had another to perform his part of the contract.

When the crowd was gathered a sil- ver-tongued orator who had been a staunch supporter of Mr. Bailey, ex- plained the nature of the gathering and urged that democrats of all brand bury the hatchet and work for the good of the community. Dodson then sat down in the wheelbarrow and was slowly wheeled around the square while the yells of the crowd went up in incense.

Mr. Dodson also had his lawn mowed by a neighbor who had wagered on Bailey for a sure winner.
