## G. O. P. LEADERS MAY FACE FEDERAL COURT

### EARTHQUAKE KILLS HUNDREDS MANY MORE ARE INJURED IN TREMOR AT FIVIZZANO, ITALY

### COURT MARTIAL OF BILLIE MAYFIELD IN "CALVEZ" BALL ROOM

### SANDERS TELLS HIS VERSION OF ALLEGED ATTEMPT TO ARREST HIM.

### GIVES POLICY OF PAPER AS EXCUSE FOR ARTICLES

### Declares That He Has No Personal Enmity Against Gen. Wolters Or Governor.

### GALVESTON, TEXAS, Sept. 8.—The court-martial of Col. Billie Mayfield, commanding the Galveston summers, today began when he attempted "arrest" of G. V. Sanders, editor of the Houston Press, assumed all appearances of a dashing society affair today.

### The luxurious ball room of the Calvez hotel, overlooking a vista of tropical palms and in hearing of the surf and where the hearings were being held, was crowded with fashionable guests of the Galveston summer colony, in- cluding a number of women. Uniforms of the guardsmen added "atmosphere" to the scene.

### G. V. Sanders, first to testify when the hearing reconvened today, told his version of the attempt of J. A. Dempsey, R. E. Abbott and J. R. Smith, national guard lieutenants, to "arrest" him in front of the Houston Country Club the night of August 29.

### Sanders declared he had no personal enmity against Mayfield, Brig. Gen. Wolters, commanding the Galveston summers, nor Governor Hobby. He declared the editorial policy of the Press, which was responsible for the attempted "arrest," was dictated by intention to "print the truth, no matter where it was found." He described the Country club affair as an attempted "kidnaping." John Williams, a civilian attorney for Mayfield, cross-examined Sanders to this effect.

### The defense today was attempting to secure immunity from self-incrimination for the three lieutenants that they could tell their story before the court- martial, it was reported.

### May Grant Immunity. Lieutenant Colonel John S. Jones, judge advocate at the hearing, an- nounced this afternoon that he was expecting authority from Governor Hobby through Adjutant General Cope's office to grant the three lieutenants immunity from self-incrimination through testimony they might give.

### The prosecution was attempting to get the testimony of these officers in support of charges of conspiracy be- tween themselves and Mayfield and that Mayfield offered to "split three three ways in case the officers were "busted."

### Witnesses concluded his testimony at noon. John H. Payne, business man- ager of the Houston Press, was the next witness. Brigadier General Wolters was recalled to the stand and reiterated testimony that he gave Mayfield verbal orders to arrest Sand- ers and that he did not specify where the arrest was to be made.

### The court martial adjourned until 2:30 p. m. In the meantime a brief will be drawn contending and tend- ing to show that the three lieutenants ought to go outside Galveston to arrest Sanders.

### PRELIMINARY ARGUMENTS HAVE BEEN DISPOSED OF

### GALVESTON, Sept. 8.—With prelimi- nary arguments disposed of, the court- martial of Colonel Billie Mayfield, dismissed prominent marshal of the Galveston military zone, accused of re- sponsibility for attempted "arrest" of G. V. Sanders, editor of the Houston Press, at Houston the night of August 29, was to resume at 3 o'clock this morning.

### G. V. Sanders, the editor whom Mayfield is charged with ordering three subordinate officers to whisk out of Houston on a warrant declared no good outside of the martial zone, was sched- uled as first witness. Sanders de- clares the issue in the case is whether a "ruler of a military district" has the right to suppress criticism anywhere in the state of Texas.

### Charges against Mayfield are to be aired in the splendidly appointed ball room of the Calvez hotel, where the court is sitting, bordered on the sen- sational. Besides alleging Mayfield guilty of action "prejudicial to good order and discipline," the charges de- clared Mayfield told the three lieutenants of national guard "you three men go get Sanders in Houston, and don't come back here, if you get him if you fail you better be on your way to Oklahoma."

### Following failure of the attempt to send Sanders into the hands of the front of the Houston Country club, the military charges, alleged, Mayfield and the subordinates, J. A. Dempsey, R. E. Abbott and J. R. Smith, formulated a story to be told in event of in- quiry.

### Mayfield promised to "split \$1,000 three ways if the officers got into trouble," it was also charged. Sanders, on the stand today, was ex- pected to deny most of the charges of Brigadier General J. F. Wolters, com- manding the Galveston zone, who told his picture printed with the Times.

### Wolters said he especially regretted a story in which he was compared with the German general Ludendorff, and his picture printed with the Times. This was after Wolters had made a speech at the Houston Rotary club wherein the Press declared he praised the efficiency of Ludendorff's methods. Lieutenants Smith and Abbott refused to testify at the hearing, pleading self- incrimination as it was charged they conspired with Mayfield. The officers, including Dempsey, were then excused from testifying.

### ROME, Sept. 8.—Several hundred persons lost their lives in the earthquake at Fivizzano and many more were injured, according to a dispatch to the Tribuna from Massa.

### ROME, Sept. 8.—The earthquake which shook northern Italy yesterday apparently was one of the most ex- tensive that ever struck that region. Reports received here today indicated an area more than 200 miles long and 150 miles wide was affected. Scores of deaths and hundreds of injuries al- ready have been reported and it was feared the casualty list would continue to mount as communication was estab- lished. Property damage was ex- pected to reach millions of dollars.

### Relief work was being conducted under government supervision. Sol- diers and volunteer workers were be- ing rushed into the stricken area.

### The earthquake which occurred yesterday, apparently extended from the region of San Stefano, in the Apennines, fifty miles southeast of Flo- rence, northward into the Interlake district of Switzerland. The more im- portant cities which felt the shock were Florence, Egghorn, Spezia, Genoa, Milan, Modena, Lucca and Biaggio.

### The tremors seemingly entered the region of Massabarrate in northwest- ern Sicily, where five towns—Villa Collemandina, Fivizzano, Quersa, Mol- assa and Tarascio—were reported com- pletely razed. Scores of other towns and villages in other parts of the quake area were badly damaged.

### CASUALTY LIST FROM EARTHQUAKE IS GROWING

### ROME, Sept. 8.—The casualty list re- sulting from yesterday's earthquake in north central Italy was growing to- day as additional reports were received. Relief parties sent word that the towns of Quersa, Molassa and Tarascio had been completely wiped out. The whole region around Spezia was said to be seriously damaged.

### Signor Bertini, undersecretary of public works, has left for the devastat- ed area to personally supervise relief work.

### Scores of persons were killed and hundreds injured in the earthquake, ac- cording to scattered reports. Property dam- age is being estimated at \$10,000,000.

### Owing to interruption to communica- tion, details were lacking. It was learned that Villa Collemandina and Fivizzano were completely destroyed. The former had 2,000 persons, in the latter place 20 were known dead and scores injured.

### Fifty-seven bodies were said to have been recovered from the ruins in Fiv- izzano, where the famous leaning tower was reported to have been so badly shaken it was in danger of falling.

### Volunteer Workers Sent. Tremors in volunteer workers have been sent to the stricken area with medical and food supplies.

### The shock, which centered in the province of Massabarrate, lasted about thirty seconds and was the most severe ever felt in several towns in that zone. Several deaths and many casualties were reported from 11 towns.

### At Cassinaria, a church and several houses were razed. Two persons were killed and many injured. The church of St. Paul at Viva Reggio was badly damaged and a workman was killed and several injured.

### A church and hospital at Pistoia were shaken down and the churches of San Francisco and San Lorenzo were damaged.

### At Castel Franco the famous Cellina theater was destroyed. The entire population of Forte Marni was said to be camping in the open country nearby.

### The falling of the church of St. Prope- ro, at Mellinogosa, fell while wor- shippers were in the edifice.

### According to the Turin Giornale di Pace, the districts of Langonia and Garfagnana were the hardest hit.

### KING VICTOR EMANUELE GOES TO VISIT DISTRICTS

### PISA, ITALY, Sept. 8.—King Victor Emmanuel with his suite, who came to this city immediately after he re- ceived news of the earthquake in this vicinity, went this morning to visit districts in Tuscany which were af- fected by the shock.

### LENROOT IS LEADING FOR PLACE IN SENATE BY WISCONSIN VOTES

### MORE THAN EIGHT THOUSAND VOTES AHEAD OF NEAREST OPPONENT.

### WALSH IS THE NOMINEE OF MASS. DEMOCRATS

### State Primaries Furnish The Closest Contests In Many Years In That State.

### MILWAUKEE, WIS., Sept. 8.—Sen- ator Irvine L. Lenroot had a lead of 8,400 over his nearest opponent for renomination, James Thompson of La Crosse, according to returns tabulated early today by the Milwaukee Sen- tinel, from 229 of the 275 precincts. The vote was Lenroot 42,516; Thomp- son 34,116, with A. C. McHenry of Oak- kosh far behind them.

### The race for the republican gubern- atorial nomination apparently had narrowed down to three of the six candidates when 293 of the 275 pre- cincts had been heard from. With those precincts Roy P. Wilcox was leading with 17,740; John J. Blaine of Hoschock was second, with 12,821; and Gilbert E. Seaman of Milwaukee was third with 10,415.

### The lengthy ballot and the fact that a large number of women cast their votes for the first time accounted for the slowness of the returns.

### Only meager returns were available on congressional races, but in the fifth district, which comprises Milwaukee, W. H. Stafford apparently was main- taining a good lead over his two op- ponents. The winner of this contest will oppose Victor Berger, socialist, in the November elections.

### DEMOCRATS NOMINATE WALSH FOR GOVERNOR

### BOSTON, Sept. 8.—The state pri- maries yesterday furnished the closest contests in many years. The dem- ocratic nomination for governor was won by State Senator John J. Walsh of Boston by a narrow margin over Richard H. Long, the democratic com- missioner for governor in 1918 and 1919.

### The republicans nominated James Jackson, former New England director of the Red Cross, for state treasurer; and Lieutenant Governor Channing H. Cox for governor.

### All present congressmen from Massachusetts are renominated ex- cept Congressman Fuller, inner of the republican nomination for lieuten- ant governor. In 9th district, the republican nominee, Charles L. U- dell of Somerville. The democratic nominee, who was unopposed, is Maurice E. Stern of Somerville.

### The hottest congressional fight was for the nomination for governor in the 10th district, where Congress- man Peter F. Tague was renominated over seven other candidates.

### Although the women turned out in good numbers, the total vote was light.

### MANCHESTER, N. H., Sept. 8.—Sen- ator George H. Moses, opponent of the League of Nations and woman suffrage, was renominated by the re- publicans yesterday's primaries by a plurality of about 12,000 over Hunt- ley N. Spaulding, former state food administrator, according to returns at hand today. The total vote was ap- proximately 60,000.

### Raymond B. Stevens of Landaff re- ceived the democratic senatorial nom- ination, defeating Albert W. Noons of Peterborough. Mr. Noons also con- tested the democratic gubernatorial nomination and was defeated by Charles E. Tilton, of Tilton.

### The three-cornered contest for the republican nomination for governor was won by Albert G. Brown, chair- man of the state tax commission. He had a plurality of about 6,000 over Windsor H. Goodnow, a member of the governor's cabinet, and Benjamin Arthur P. Morrill ran about 5,000 votes behind Goodnow.

### The republicans renominated Con- gressman Sherman E. Burroughs and Edward H. Wason, over Benjamin T. Hartlett and Joseph B. Ferley, respec- tively.

### The total vote was nearly twice the size of the average primary vote in this state.

### SENATOR MARK SMITH IS LEADING HIS OPPONENTS

### PHOENIX, ARIZ., Sept. 8.—Returns from 85 of 240 precincts in yesterday's statewide primary received at 1 o'clock this morning showed Senator Mark Smith, leading A. A. Worley, R. C. Stanford and John Norton for the dem- ocratic nomination for senator.

### A SUCCESSOR TO LOCKLEAR.

Harry McLaughlin, the Man Without a Party, is arranging to take over the unfinished contract of the late Lieutenant Governor Locklear.

### TERENCE MACSWINEY GROWS MUCH WEAKER

### Doctors Have Forbidden His Relatives To Converse With Him.

### LONDON, Sept. 8.—The British cabinet in session today was authorita- tively reported to be re-considering its decision not to release Lord Mayor MacSwiney, in view of the over- whelming pressure of public opinion.

### LONDON, Sept. 8.—Terence Mac- Swiney, lord mayor of Cork, entered today on the 27th day of his hunger strike, which began on August 12, fol- lowing his arrest by British authori- ties at Cork. Reports from Cork today stated that he was "brighter this morning, but much weaker and more exhausted," it was added he had passed a fairly good night.

### A bulletin issued at noon by the Irish Self-Determination League, with reference to the mayor's condition, said:

### "The lord mayor suddenly got much weaker. The doctors are very anxious and have forbidden his relatives to converse with him."

### RIOTING IS RESUMED AT THE COAL MINES

### State Troops With Drawn Clubs Suc- ceeded In Dispersing The Strikers.

### WILKESBARRIE, PA., Sept. 8.—Rioting broke out today in the anthracite coal district. For half an hour a large number of men battled at Pittston be- fore state troopers, with drawn clubs, were able to disperse them. Many of the strikers received bruises and cuts, but none was seriously injured.

### The trouble started at the railroad station of the Delaware & Hudson rail- road when strikers approached a section gang including striking employees of the Pennsylvania Coal company. When they attempted to induce the pickers to quit working with the state, both sides began fighting. Stones were hurled and clubs were used. State troopers were rushed to the scene.

### DEMOCRATS PLAN TO RAISE CAMPAIGN FUND; J. A. KEMP PRESIDES

### FORT WORTH, Sept. 8.—Presided over by J. A. Kemp of Wichita Falls, a committee of democrats conferred here today relative to raising a \$20,000 Kemp-Roosevelt campaign fund in Texas, completed early today by the Memphis Commercial Appeal, gave J. E. Rankin of Tulepe a lead over Representative E. S. Sandler in the first district and showed E. G. Lowery of Blue Moun- tain, leading A. C. Anderson of Ripley in the second district.

### The Commercial Appeal's figures in the first district were: Rankin, 7,018; Candler, 6,817; and in the second, Low- ery, 4,223; Anderson, 3,358.

### FORMER GOVERNOR LEADS THE REV. BREWSTER ADAMS

### LIEUT. COL. ROOSEVELT HAS A NARROW ESCAPE

### Airplane Makes Quick Start As He Was "Mounting" For Trip To Oklahoma.

### JOPLIN, Mo., Sept. 8.—Lieutenant Colonel Theodore Roosevelt had a narrow escape from death here at noon today while preparing for an airplane trip which was to take him to Wichita and Tulsa, Okla., to fill speaking dates.

### Colonel Roosevelt was entering the front of the plane in which he had planned to take his trip when he was struck by a propeller blade. The machine was too high and the big machine, too wildly down the field, Colonel Roosevelt jumped from the fuselage and landed safely on the ground. He is campaigning for Senator Harding.

### COLONEL ROOSEVELT TO SPEAK IN OKLAHOMA

### OKLAHOMA CITY, Sept. 8.—Lieuten- ant Colonel Theodore Roosevelt and Colonel Raymond Robbins, were to open the republican offensive in Okla- homa today.

### DISTRICT ATTORNEY CONSIDERING FEDERAL INVESTIGATION INTO THE CONFLICTING TESTIMONY GIVEN

### CHICAGO, Sept. 8.—Charles F. Clynne, United States district attorney, today conferred with E. H. Moore, personal representative of Governor Cox, who appeared before the senate committee investigating political campaign expenses.

### Reports were circulated in the federal building that Clynne was considering a federal investigation in alleged conflict- ing testimony of some witnesses appearing before the committee.

### Clynne said he would make no statement regarding his plans before he had an opportunity of consulting with the full committee conducting the investi- gation. He said he hoped to meet with the committee following today's hear- ing.

### The Moore-Clynne conference occurred while Dudley S. Blossom, Cleve- land, Ohio, was telling the committee of the operation of the city of money- raising plan which democratic members of the committee said exactly paral- leled the "Blair plan," as outlined in a circular known as "form 101."

### CHICAGO, Sept. 8.—First evidence supporting Governor Cox's charges that Mayor William W. Woodford was the principal villain by the republican campaign fund committee, was intro- duced in the senate committee invest- igation today when Dudley S. Blossom, Cleveland, Ohio, testified Governor Cox's figure, \$400,000, for that city, were cor- rect.

### Senator Reed called the witness at testimony, the quota sheet submitted last week to the Senate by Woodford, publican national treasurer, which fixed the amount for the entire state of Ohio at \$400,000.

### Mr. Blossom testified that J. A. Proctor, a member of the national committee, was present when the Cleveland quota was announced as \$400,000, and that Mr. Proctor helped fix the quota of six men each were assigned for the drive. Mr. Blossom said, 29 under his direction, and 29 under C. T. Brooks.

### A list of 2,000 names of prospects was provided by W. R. Woodford, chairman of the ways and means com- mittee of Cuyahoga county, and from this list each team captain selected the names of 40 to 75 men to be canv- assed by his own team. Some of the names on the list as furnished by Mr. Woodford were marked with the number of the prospect should give, Mr. Blossom said.

### Mr. Blossom, director of public welfare of the city of Cleveland, testi- fied that Mr. Woodford asked him last July to head a squad of 20 teams pledged and that the work of raising the money was set for the week of August 16. A luncheon was held each day and the general plan of the Red Cross and Liberty Loan drives fol- lowed. Congressman S. D. Pava, of Ohio, chairman of the republican com- gressional campaign committee, was a speaker at one of the luncheons.

### "How were these work prospects picked?" asked Senator Reed. "I am able to contribute." "They were chosen because they were known republicans," Mr. Blossom explained, "and because it was thought they were able to contribute to the fund."

### "There are surely more than 2,000 republicans in Cuyahoga county, who would be glad to contribute \$200 each to the fund," Mr. Blossom said.

### "Mr. Woodford made up the list, I had nothing to do with it." "You were to get \$400,000 in Cuya- hoga county alone, although this quota was introduced in the republican publican national committee, shows the goal for the entire state of Ohio was only \$400,000," Senator Reed continued.

### "Yes, sir, that was my understand- ing," Mr. Blossom said that when he left Cleveland for his \$400,000 had been pledged and that the work of raising the money was set for the week of August 16, and all workers trying to reach the goal of \$400,000.

### Asks About Form 101. Senator Reed then turned the witness through Form 101, the campaign plan, which republican witnesses have said was never issued, and which Mr. Blossom said he had never seen. Al- though every step in organization de- scribed by the plan, Mr. Blossom nodded or expressed assent. He said an executive committee was formed as directed in the plan and members signed of its dozen or so members, Michael Gallagher, coal operator, as chairman, and John Sherwin, and J. C. (Continued on page 2, column 1.)

### TO ASK LEGISLATURES FOR "AMERICANIZATION" LAWS

### WASHINGTON, Sept. 8.—Twenty-four state legislatures will be asked this winter to pass "Americanization leg- islation," the department of labor in its effort to make citizens of the eight- million un-naturalized aliens.

### This announcement was made today by Raymond E. Crisp, director of citi- zenship for the labor department. He said 24 states have already made ap- propriations for "Americanization classes and schools," which are now being conducted in 2,324 communities.

### "If we will take probably ten years to make the United States really 100 per cent American," Crisp stated. The report of the citizenship bureau for the 12 months ending June 30 this year was expected to show that 1,250, 000 aliens have been naturalized or taken preliminary steps to acquire naturalization.

### ANOTHER ELECTION MAY BE NECESSARY

### All Of Voters Could Not Cast Ballot At Burk Burnett Account Of Rush.

### BURKBURNETT, Sept. 8.—A second election on the question of adopting a new city charter for Burk Burnett may be necessary owing to the inabil- ity of many to get to vote. The vote Tuesday was heavy beyond expecta- tions and when the polls closed many were waiting for an opportunity to vote. The vote is being canvassed this afternoon.

### DAVIS IS SELECTED CHAIRMAN EXECUTIVE STATE COMMITTEE

### ELECTED AT FORT WORTH BY A UNANIMOUS VOTE OF CON- VENTION.

### GOV. HOBBY SPEAKS AND RECEIVES AN OVATION

### Report Of Platform Committee Is Ex- pected Sometime During The Afternoon.

### FORT WORTH, Sept. 8.—The com- mittee on platform and resolutions announced at 2:30 this afternoon afternoon committee, both the state calling for a West Texas A. and M. College and the so-called Jeff land plan. A minority report will be submitted to the convention and a fight will be made on the floor

### G. O. P. LEADERS MAY FACE FEDERAL COURT

(Continued from page one)

R. Mitt, bankers, and C. A. Otis, broker, as members.

They were among the most influential and powerful business and professional men in your city as defined by this plan for the executive committee," said Senator Reed.

Mr. Blossom said that W. A. Woodford was chairman of the ways and means committee for Cleveland and agreed with Senator Reed that he was describing the language of the form which recommended a "big financial list" for the state.

The witness said that the "prospective list of 3,000 names" which form 101 recommended, was also identified as existing in Cleveland as was the "financial list" assigned to the executive committee.

Mr. Blossom said he had been told by Mr. Prozman that the executive committee had obtained about \$25,000 in pledges from this list. Senator Reed brought out that this conversation with Mr. Prozman took place after the committee's subpoena was served on Mr. Blossom.

Everybody Felt Good: At one stage of the examination the Missouri senator remarked: "So it was after a good luncheon, an inspiring speech by Congressman Feas with everybody feeling good, that you started out and made the raid."

The witness denied that Senator Kenyon brought out that he preferred "started the campaign" as a concluding phrase to Senator Reed's suggestion.

"I do not think the witness should be led into the position of using language with which he does not agree," said Chairman Kenyon.

"The witness and I are getting along fine," rejoined Senator Reed amid laughter. "If you leave me alone, I'll be good natured all day."

Method Is Endorsed: Senator Spencer had Mr. Blossom endorse the Cleveland method of raising campaign funds as a substantial reproduction of the drives on behalf of the Red Cross and Liberty bonds.

After the witness had repeated emphatically that he had never seen form 101, the Missouri senator said: "It is a document is a statement which my distinguished colleague omitted to the effect that contributions of from \$5,000 to \$10,000 should be sought. Was there any such direction issued in Cleveland?"

"Not to my knowledge," replied Mr. Blossom.

The question of secrecy was also brought up and Mr. Blossom said he reported to the committee of team captains, although newspaper representatives were not barred. He said he himself gave out a statement regarding the \$100,000 quota and then told Senator Reed that this happened in an interview the day after the Cox speech in Pittsburg.

"We had no publicity committee and I felt under no obligation to tell anything, although I really never thought anything about the publicity end," said Mr. Blossom.

Could Not Say: Mr. Blossom told Senator Kenyon he could not say whether the republican national committee had anything to do with fixing a quota for Cleveland and Senator Spencer learned that so far as the witness knew, the idea came from Mr. Woodford.

"But you talked about it with Mr. Prozman, representative of the national committee, and he concurred with you in \$100,000 as the amount to be raised," suggested Senator Reed.

"Oh, yes," said Mr. Blossom. "That amount became a matter of common knowledge among the workers for the fund."

Senator Kenyon was told there was nothing "minister about the luncheon with you in \$100,000 as the amount to be raised," suggested Senator Reed.

"Oh, yes," said Mr. Blossom. "That amount became a matter of common knowledge among the workers for the fund."

"But you talked about it with Mr. Prozman, representative of the national committee, and he concurred with you in \$100,000 as the amount to be raised," suggested Senator Reed.

"Oh, yes," said Mr. Blossom. "That amount became a matter of common knowledge among the workers for the fund."

"But you talked about it with Mr. Prozman, representative of the national committee, and he concurred with you in \$100,000 as the amount to be raised," suggested Senator Reed.

### An Incident in Brooklyn Traction Strike

Of course it was not a very dignified position for Miss Brooklyn to take. But when a girl is hungry after her day's work, why ain't she believed in the old saying, 'any port in a storm'?

Republican campaign fund, it is the best thing I have heard about it," interposed Senator Reed.

A reference by Senator Kenyon to Governor Cox's phrase about use of bayonets to put down labor brought from the witness a reply that the charge was "complete news" to him. He told Senator Reed that he did not know whether Michael Gallagher, head of the executive committee in Cleveland, had asked for militia during the strike of last fall, neither did he know whether Mr. Gallagher was under indictment on a charge of violating the Lever act.

DEMOCRATIC DRAGNET IS SPREAD OVER COUNTRY

By J. C. MARTIN United Press Staff Correspondent. CHICAGO, Sept. 8.—A democratic dragnet has been spread over the whole country for evidence of republican "money digging."

The "catch" in the net is so great according to E. H. Moore, star witness for Governor Cox, he said today: "I'll have a lot more evidence to-day than I had yesterday and tomorrow I'll have a lot more than I have today."

Moore has sent scores of telegrams to democratic state chairmen and others in many states, asking for information to support Cox's charge that the republicans set out to gather a "cash fund" of \$15,000,000 or as Moore says \$16,000,000. The responses to these messages Moore has begun laying before the senate committee investigating Cox's charges.

Moore has adopted these tactics in an effort to convince the republican members of the committee they can get evidence backing up Cox's assertions if they want to.

Another stormy act-to-was in progress today, when Moore was subjected to resume his testimony before the committee. Republican members criticized Moore yesterday all through his testimony for offering what they said was hearsay evidence.

At one point of the hearing Moore prepared to back his papers and leave because, he said, the republicans were unwilling to let him give them leads.

Moore managed to submit to the committee the names of men in a "secret" organization under the direction of Harry M. Blair, assistant republican treasurer.

CHARGES PROFITERS ARE RAISING THE REPUBLICANS

By HERBERT W. WALKER United Press Staff Correspondent. ARBON (COV. COX'S TRAIL, CULBERTSON, MONT., Sept. 8.—Governor Cox said today as he pushed his stump campaign stop west into Montana, that he spent two days in this state, only two main addresses at Havre and at Great Falls—were on the schedule to-day, although several rear platform talks probably will be made. Tomorrow Cox will visit the copper mining section of Butte and Anaconda.

Cox was due to arrive at Havre at 2 o'clock this afternoon and at Great Falls at 7:15 tonight.

Several years ago I was under treatment for a stomach specialist for five months, three weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 pounds in weight. Talking with a workman one day he told me of May's Wonderful Remedy and since taking it I have gained 14 pounds and am feeling fine. I am advising others to try it. It is a simple, harmless preparation that removes the charral and pus from the intestinal tract and stops the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mack Taylor and druggists everywhere.

REPUBLICAN BRIDGE STILL IMPASSABLE

Reported Wednesday At Noon That River Is Rising And Carries Considerable Drift.

The Red river bridge on the Missouri, Kansas & Texas line is still impassable, according to statements from officials of the company and as a result all trains northward are being delayed.

It was reported Wednesday noon that the waters are still rising and that a large amount of drift is being carried by the river which is feared will further damage the bridge. A pile driver was sent to the scene last yesterday to fix up the bridge but nothing has been accomplished due to the rising waters and heavy drift.

HEAVY RAINFALL HERE AGAIN THIS MORNING

A miniature Niagara Falls descended upon this city and its vicinity again Wednesday morning and put to rest all hopes for a period of sunshine, those who retired Tuesday evening with the belief that Wichita Falls had soaked up all the moisture it could hold were sadly disillusioned and were seeking Wednesday morning found it raining as dismally as ever.

Today's deluge began shortly after 5:00 o'clock and continued with more or less intensity throughout the remainder of the morning.

Reports received at the dispatcher's office of the local railroads were to the effect that the rain was general over the Panhandle, being especially heavy between here and Altus. Intermittent showers fell between Wichita Falls and Fort Worth from 2:00 a. m. to 6:00 a. m., when the rain was reported between Wichita Falls and Tulsa.

No appreciable rise was recorded in the Wichita river in spite of heavy fall of water. This was explained as being due to the fact that the river rises west of the city and that the sections around its source had not been visited by the heavy showers which fell in the extreme northern parts of the state. Locally no damage had been reported from the heavy cascades of water and aside from the trouble which residents in the outlying sections of the city were experiencing in digging themselves out of the mud, traffic in the city was not seriously impaired.

# WEST TEXAS DELEGATES ACTIVE AT THE DEMOCRATIC CONVENTION IN BEHALF OF A. & M. COLLEGE

By Staff Correspondent.

Over the deliberation of that body during the Tuesday afternoon session. Changes brought about were emphasized by General M. M. Crane, principal afternoon speaker, when he called attention to the fact that whereas in former years political caucuses were largely held in front of the bar of some noted saloon like the White Elephant in Fort Worth, the Buckhorn in San Antonio or the Coney Island in Dallas, they are now, with the convention, being held in a church.

"We do not meet in bar rooms now," he said, "instead we gather in the Baptist church. Neff has been charged with being a Baptist and I hope he is guilty."

Luther Johnson of Corsicana presided over the convention as temporary chairman, and fulfilling his duties in this capacity, sounded the keynote of the convention. After declaring it to be a "truly democratic convention," he said:

"This convention, undictated to by any man or set of men, will evolve a platform fair alike to capital and labor and to every class of our citizenship. We can without fear leave the question of the platform to these true and tried democrats, in full confidence that they will frame such declarations as will enable us to meet and defeat the enemy in the Isles of November."

**Sweeton Scores Traitors.**

It remained for Clyde A. Sweeton of Hunt county, in his speech as permanent chairman of the convention, to give the enthusiasm of the delegates, to save them just what they were looking for and anxious to hear. He roundly scored the enemies of the democratic party from within and without the organization and paid his respects to those, if any there be, who went into the recent democratic primaries and do not intend to support the nominees thereof. Warning up to his subject he swayed the convention with his scathing denunciation of those who would prove a traitor to the party in the time of attack. "However hard we may fight each other in the primary, the battle is over when the ballots are counted regardless of who may be the winner," Mr. Sweeton was recognized as being especially qualified to handle this question, having been an ardent supporter of General Looney in the July primary, later espousing the cause of Mr. Neff.

Tying down his remarks, there were cries of "Give 'em some more," and similar encouraging remarks from over the convention, but Mr. Sweeton responded that he must refrain from saying all that he thought and would really like to say.

**Crane Is Speaker.**

General M. M. Crane, one of the democratic wheel-horses, spoke Tuesday afternoon. His address was one of an able defense of the democratic

administration and President Wilson, in which he said: "We have been fighting for the past few years and have been fighting under the leadership of the greatest democrat that ever sat in the chair at Washington."

Three incidents during the progress of the convention brought the delegates to their feet. First, when the band played the national hymn, the second, and greatest demonstration, when Chairman Johnson referred to the "achievements of the nation under the matchless leadership of Woodrow Wilson," and again when Mrs. F. B. Armstrong was introduced as vice-president of the convention.

The platform committee is expected to make a report by noon Wednesday after which the governor and other state officers will be nominated. Hon. Pat Neff, nominee for governor, is expected to address the convention prior to adjournment Wednesday afternoon.

Johnson attends caucus. Prominent among those taking part in the caucus were: E. F. Johnson, of Wichita Falls, Lee Satterwhite and Hill of Wheeler county; Porter A. Whaley of the West Texas college; H. Wyatt, delegate from Wichita county, submitted to the committee on platform and resolutions for its adoption a recommendation for a normal vocational school to be located either in Wilbarger or Wichita counties, but it was doubted if such recommendation would be made as the request was not permitted to interfere with the success of the proposal for an agricultural college. The recommendation submitted by Mr. Wyatt is as follows:

"Inasmuch as the teaching profession has been so badly depleted in the past few years by many of the best talent being drawn into the more lucrative professions, but not the more useful, and inasmuch as there is no normal industrial arts or vocational school in central or northwestern Texas, we hereby recommend the establishment of a school embracing one or more of these departments, said school to be located not in this hundred miles of any other such school, and recommending that such school might well be located in Wilbarger or Wichita counties."

"We realize that such a school would be of incalculable good both to the young men and young women of the contiguous territory, who might otherwise be unable to attend any school of higher learning; since the policy of establishing the smaller colleges near the homes of the students is a tenet toward making education democratic instead of aristocratic, which is to be especially commended by a democratic convention now in session."

**West Texas in Evidence.**

There is a very encouraging number of delegates from West Texas in attendance at the convention, the number being in evidence, the delegates from the state being well filled with delegates. However, only four delegates were in attendance from Wichita county during the first day.

Another matter that is receiving the serious consideration of the West Texas delegation is that of re-districting of the state, but it is understood such a plank has already been generally adopted.

Who matter or in the convention hall. A fight is expected to develop in the committee, with a possible continuation on the floor of the convention, over the land plank proposed by Mr. Neff. Sentiment expressed by many leading democrats among the delegates seemed to indicate that slight reference thereto would be embodied in the platform, or as expressed by one delegate, the "soft pedal" will be used in discussing this proposition. The West Texas delegation is largely in favor of such a course if any reference whatever is made.

The democratic state convention this year differs in many respects from the historical gatherings of years gone by for one thing a comparatively new galaxy of leaders are in evidence, the number including a number of the gentlemen who have taken hold of the game with the energy and aptitude of seasoned politicians. This was especially emphasized in the pleasing and successful manner in which Mrs. F. B. Armstrong of Fort Worth, elected vice-president of the convention, presided

**IRRIGATION BOND ISSUE CARRIES BY OVERWHELMING VOTE**

**PROPOSALS CARRY BY MAJORITY OF 28 TO 1 IN ELECTION HELD TUESDAY.**

**OFFICIAL CANVASS OF VOTE NEXT WEEK**

Directors Expect To Proceed With Issuance Of Bonds And Other Steps For Project.

With the adoption of the irrigation bond issue by an overwhelming vote in Tuesday's election attention has been turned to the steps ahead in this vital undertaking.

The first step will be the official canvass of the vote. This will take place next Tuesday by the directors of the irrigation district. These directors are: J. A. Kemp, T. B. Noble, N. H. Martin, J. S. Bridwell and G. C. Wood. Following the canvass of the vote the result will be declared and an order made for the issuance of the bonds. The bond records will then be sent to the attorney general and to other authorities for their approval before efforts will be made to the market them.

The right to use the waters of the Big Wichita have already been acquired through preliminary filings and a permit will be issued by the state board of water engineers.

It is believed by leaders in the irrigation movement that W. T. Waggoner, owner of the land embracing the site for the irrigation reservoir, will be impressed by the interest and unanimity shown in the vote on the bond issue and will sell the irrigation district the reservoir site without the necessity of condemnation proceedings, called. Herebefore Mr. Waggoner has expressed himself as doubting the desire of people of Wichita Falls to add the valley for the project. The vote Tuesday, it is pointed out, cannot leave Mr. Waggoner longer in doubt on this point.

Steps will soon be taken, it is stated, to call an election for the organization of the second district, embracing the agricultural lands to be irrigated. Sufficient names have already been signed to a petition to have the election held.

Only 28 votes were cast against the

**TRANS-CONTINENTAL AIR MAIL IS INAUGURATED**

MINEOLA, N. Y., Sept. 8.—Trans-continental air mail service to San Francisco was officially inaugurated today when R. G. Page, piloting an airplane specially equipped to carry 400 pounds of mail, started his westward flight at 8:30 o'clock. He carried in his cargo of mail letters to the mayors of six cities along the route.

The airplane was scheduled to make its first stop at Cleveland. Other stations chosen were Chicago, Omaha, Cheyenne, Salt Lake City, Reno and finally, San Francisco.

The trip is expected to be completed in three days, arriving at San Francisco forty-two hours ahead of the time regularly required for mail trains. The flight mapped out is 2,651 miles in length. The establishment of the service places at the disposal of the United States military forces what is probably the greatest system of regularly maintained landing fields and facilities in the world, according to the postoffice department.

## DAVIS-OLTOFF WEDDING SOLEMNIZED ON TUESDAY

A wedding of the week interesting to the many friends of both young people was solemnized Tuesday morning at the First Christian Church uniting in marriage Miss Zola May Davis, daughter of Mr. and Mrs. J. C. Davis and Jack Oltorf of this city.

The decorations were ferns and floor baskets of gladioli. Mrs. R. E. Strango rendered the organ prelude and Mrs. Mary C. Adams, aunt of the groom, sang "I Love You" and "Because." The bridal party included little Miss Dorothy Agnes Davis, sister of the bride, who served as ring bearer, Miss Ella Brand of Sweetwater, maid-of-honor, Messrs. J. O. Davis, who acted as best man, and Joseph Bonner, Ernest Fain, Glen Peeler and Lamar Fain, ushers.

The bride, preceded by the ring bearer and maid of honor, entered with her father, J. C. Davis, and joined the groom at the altar. The ring ceremony was read by Rev. J. Lem Kee, pastor of the First Christian church. The bride wore a handsome tailored suit of embroidered tulle and tulle with fur trimming and a hat of velvet to correspond. She carried an arm bouquet of brides' roses and lilies of the valley. Miss Brand wore a tulle and black lace gown and black lace hat and her flowers were pink Killarney roses. Little Miss Dorothy Davis wore a white crepe gown with satin bands and bows for hair trimming and carried the ring on a small white satin pillow.

## O. T. BACON SR. WRITES OF PLEASURES AND PRICES EAST

A letter from O. T. Bacon Sr., who while Mrs. Bacon is on an extended tour of eastern cities, gives an interesting glimpse of the sight-seeer's view of the states east. "I did not know this country could produce such crops," he says, "sign-boards, boulders and Ingawell waterfalls." As to prices, "I find the large brigade is still in the north and east than around Wichita Falls."

"We had a number of our friends invited over from Philadelphia, this morning. We are seeking the city, and it is a fine one. No one in Wichita Falls can realize what a great world this is, which has not been in it. We have seen acres of malva pomers, and great fields of potatoes. All along the road the farmers had their merchandise exhibited for sale. They had corn, beans, tomatoes, potatoes and in fact everything in the vegetable line. In the way of fruits they had apples, pears, plums and peaches that would compete with Thornberry. Melons that would make a man from Burk Burnett envious.

"New Jersey, along the route traveled, must be very productive. On this beach the visitors come by the thousands to bathe. It is an interesting sight to see the big waves rolling in on the sands and making the bathers jump to escape.

"We had a nice stay in New York. The journey from Philadelphia to New York is growing lighter. I know my pocketbook is. This trip has opened my eyes to many things and I find we all live and learn. Yet what lovely people we have met! Some summer you must pack up your grin and come up here. I know you would have the time of your life.

"I must get back to sightseeing."

Bryan Lovelace is in Waco, where he is making preparation to enter Baylor university this fall. He is expected home Saturday for a few days before returning to matriculate in the college.

## FOR THE OPERA OR EVENING.

## EPWORTH LEAGUE OF FIRST CHURCH HAS BIG MEETING

The Epworth league young people of the First M. E. church, Seventh and Lamar, enjoyed a banner service and social Tuesday evening at the church in celebration of the 75 per cent increase in the league membership this past month.

A feature of the service was the address by Earl Wyatt, president for the Fort Worth district, on "The Relation of the Epworth League to the Church." Mr. Wyatt made the most interesting talk to the young people, stressing the relationship and need of co-operation between the two and the means by which the league members may make their organization of spiritual profit to the church organization.

C. B. Simmons, superintendent of the First Methodist Sunday school, made a talk on the relation of the league to the Sunday school, and Mrs. G. I. Dorrance discussed "The Relation of the Young Women to the Church of Today." Both were strong, sincere, and heart to heart talks, and very much appreciated.

Music for the service was furnished by the Junior orchestra, with a violin solo by Miss Marcus, very music being a most attractive feature of the service.

Following the formal program a big watermelon feast was enjoyed in the basement of the church.

## STRICTLY ENTRE SOUS

OWED TO THE MUD. We have to look at things sometimes that seem unimportant or trifling. We can't go with our heads up in the air, and say the world's all right. Because it's not an all-right world. Except where hands and minds have met.

To make it so. It wasn't built by folks who see—and then forget.

We have to look at things sometimes. Yet mornings, when I come to town, and it's all crisp and sweet and cool, with only "cloud-riffs" for a frown, I, too, forget—and ruin my shoes. And spoil my skirts, and splash my hair.

Because I don't look down and see the mud-pies where the crossings are.

"When women sit on juries, a wayward sister who has perforated another mortal can't pull a few tears and come clear."—Wichita Falls-Record-News.

The ancient Greeks once originated the idea of a jury comprised entirely of young girls, before whom cases were tried where a particularly cruel punishment was desired. The psychology, which has held through succeeding ages, is that youth, and particularly young womanhood, is more intolerant of crime than any other age, or sex. "Man's inhumanity to man" has been woman's inhumanity to woman for a long spell of seasons, and women are particularly uncharitable in the matter of wayward sisters. The reason is probably fairer than the thought, however. At any rate, it probably won't be a bad idea to induct a few jurors into service who can't be easily dissolved by a few tears.

"While scrubbing floors, cleaning pots and pans, making beds, and cooking, Miss Jeanie Mackenzie, a London domestic servant, has composed such wonderful poetry that arrangements are being made for its publication in book form."—Shreveport Times.

Well, a "Song of the Flour Mop" ought to be as interesting as a "Song of the Shovel," and the song of the flour-kettle has been immortalized by poets without number. With such a variety of tasks to distract her attention, Miss Mackenzie's kitchen poetry might take on the line and color of a house.

## PAT NEFF SENDS PERSONAL MESSAGE TO LOCAL WOMEN

"Mr. Neff asked me to deliver his most sincere thanks to the Wichita Falls women who worked in his behalf during the recent primary campaign." Miss Minnie Poe, who returned Tuesday evening from Fort Worth, stated Wednesday morning.

Miss Poe attended the state democratic convention Tuesday and was guest with Mr. Neff at the home of a mutual friend at dinner one day this week. She is a relative of the democratic candidate and was very much interested in his recent campaign, working as secretary of the local Women's Neff club.

"Mr. Neff is highly appreciative of the help extended him by the women of the state," Miss Poe said, "especially the women of the Wichita Falls club where it was first expected the race would be very close on account of the open-shop question."

The date for the opening of night physical training, millinery and dress-making classes for young business women is to be announced later, it was stated at the Y Wednesday.

Mrs. Gus Wilford and son, Stanley, returned yesterday from a three-months' visit in California.

### PREDICT LARGE VOTE IN GEORGIA PRIMARY

United States Senator, Governor and Eight Congressmen Are To Be Elected.

ATLANTA, Ga., Sept. 8.—One of the largest votes ever cast in Georgia was predicted for today's statewide democratic primary election in which a United States senator, governor, eight congressmen, numerous legislators and other state officials were to be nominated.

There were four candidates for the seat of United States Senator Hoke Smith. Besides the incumbent they are Governor Dorsey, Thomas E. Watson, author and publisher, and John R. Cooper, Macon lawyer.

The league of nations issue has been injected in the senatorial campaign to extent that Senator Smith's vote for the Lodge reservations has been cited by his opponents, while Watson is an outspoken critic of the league and also of the Wilson administration, and had his publications barred from the mails during the war. Cooper has a "split" plank in his platform. Dorsey is said to favor the league of nations with possibly minor reservations.

Candidates For Governor. Former United States Senator Hardwick, Clifford Walker, former state attorney general, John N. Holder, former speaker of the Georgia house, and W. R. Brown, Atlanta attorney, seek gubernatorial honors.

Watson and Hardwick are being opposed by numerous Georgia boys of the American Legion, who have denounced their two opponents. Supporters of the two candidates claim that numbers of former service men are supporting them. The fact that Hardwick acted as counsel for Lenin, K. A. K. Martens, self-styled "soviet ambassador" to the United States during the senate investigation of his acts, has been cited frequently during the campaign.

Women cannot vote in the primary, according to a ruling of the subcommittee of the democratic state executive committee.

Democratic nomination in Georgia is regarded as equivalent to election.

### WHITE MAN AND A NEGRO DRINK FROM SAME BOTTLE, LATER FIGHT IS STAGED

A white man is nursing some bodily injuries and a negro is under arrest all because the two drank out of the same glass filled with sparkling liquor. In examining witnesses in the case it was learned by the county attorney that the white man after being hypnotized to the liquor which the negro gave, freely went to a dance out in "Nigger Town" and endeavored to appropriate a negro girl and take her out for a drive, whereupon several negro men proceeded to thwart his alleged plans with the result that bodily injuries were inflicted.

### ARMY MAJORS ARE HERE FOR AN INSPECTION OF THE GUARD EQUIPMENT

For the purpose of inspecting the local army of Troop L, Fourth Regiment of Texas Cavalry, Major A. J. Fisher of the U. S. army and Major H. B. Rhodes of the national guard were in Wichita Falls Wednesday.

The purpose of the inspection is partially for making arrangements to secure mounts for the local troop. It is believed that the officers will make recommendations for the appointment of a man from the local troop who will be in charge of the horses and equipment at all times.

While the city it is understood that an inspection will be made. Captain John Taylor is in charge of the local troop of Texas national guardsmen.

### OIL WORKER DIES FROM INJURIES SUSTAINED IN FALL

Injuries which he sustained a week ago in a fall from the top of an oil derrick in the K. M. A. field, caused the death of George E. Montague Tuesday morning. Mr. Montague was employed by the Allied-Park Drilling company and he was at work on a company contract when the accident occurred. His back was broken in the fall and little hopes were held out by hospital authorities for his recovery.

Mr. Montague was 26 years of age and came here some time ago to work in the oil fields. His former home was in Shreveport. His wife, who is the only survivor was with him when he died.

The body was removed to the Merkle & Lunn Undertaking parlors and prepared for burial. The funeral services will be conducted in the chapel of the undertakers at 3 o'clock Wednesday afternoon. Burial will be in Riverside.

### MRS. KELLY IS RECOVERING FROM CRITICAL OPERATION

Mrs. Jack Kelly, who recently underwent a critical operation at the Mary Fanning Memorial hospital at Hastings, Neb., is slowly recovering, according to telegrams received here. It will be several months, however, before she will be able to leave the hospital. Her daughter, Elizabeth, is at Hastings and Mr. Kelly and son expect to go there soon.

### Amusements

#### THE DEEP PURPLE AT MAJESTIC

"The Deep Purple," appearing at the Majestic on Wednesday and Thursday, which deals with the attempt of a crook to corrupt an unsophisticated girl, is an excellent example of modern screen melodrama. The play is well seasoned with those ingredients which stimulate the entertainment appetite of the public, namely, rapid action, intrigue, suspense and romance. Throughout the whole production has been woven a seductive fascination and a gripping appeal.

"The Heritage of 'The Deep Purple'" is a young country girl, fresh from her rustic home. She is precipitated into a seething vortex of crime and intrigue in the underworld and made the tool of a notorious blackmailer. The life she leads while in the power of the gang of crooks and her part in the scheme that was intended to victimize a prosperous young mining engineer is vividly shown.

A strong cast appears in the picture, including Miriam Cooper in the leading role, with Chorus Girls supporting her. Melvyn Ware and Vincen Searano also have leading parts.

#### LAST DAY OF LOCKYEAR PICTURE AT THE EMPRESS

This is the last day of Lieut. Omer Lockyear's great motion picture, "The Skywayman," which has had a most successful run at the Empress theatre. Nobody who is interested in aviation, either from a spectacular or a scientific point of view, or who loves a thrilling story of outdoor life, should fail to see this superb picture of adventure in the air.

Ten per cent of the profits derived from the rental of this picture is being given to the Fox Film corporation to the families of Lieutenant Lockyear and Lieutenant Elliot, the pilot who was killed in the same accident.

#### VALEDEVILLE BILL OPENS WEDNESDAY MATINEE

The week's vaudeville bill will open at the Wichita theatre with the Wednesday matinee. Heading the bill this week is Toto, the famous English clown who is ranked as one of the best entertainers on the stage. Toto gives a special falling act as funny as it is unique, and if all of the tumblers which he takes during one performance were combined in a single drop he would

have ample time to see his prays before hitting terra firma. Appearing with Bert Earle and his eight American Beauties are scheduled to offer a lively musical act in which nine saxophones and ten banjos are featured. Everything from jazz to classics are included in the repertoire of selections and music lovers should find this act especially interesting. Every evening Dupree & Dupree will offer a routine of trick cycle and bicycle stunts that are said to be fair raising. This is the first act of its kind to appear at the local theatre this season.

Lee Stafford and Alva Ross will present an "A la Carte Revue" that is the last thing in song, dance and fashion, at which the team is an adept. Bert and Lottie Walton will close the bill with an act not to be announced.

#### VIOLA DANA IS PLAYING TODAY AT THE OLYMPIC

"The Chorus Girls' Romance" with Viola Dana in the stellar role is to be the feature attraction of the Olympic on Wednesday and Thursday. The story, adapted from the Fitzgerald novel "Head and Shoulders," deals with the old romance of a chorus girl who becomes a show is trying out in New Haven, and Horace Tambo, a prodigy in scholarship. It seems that some of Horace's more "worldly" friends persuaded the chorus girl to go to his college room and see what would happen. What did happen is not what the girl or Horace or Horace's friends or even the audience imagined.

The consequent events form one of the sprightliest, freshest and most intimate stories seen on the screen in many a day. Miss Dana, in the role of the chorus girl, keeps the audience in a state of laughter, offering "kissing" powers and "kissing" scenes. The comedy is presented when the chorus girl and her of the specks and hooks meet for the first time.

## Wichita Falls' Second ANNUAL STYLE EVENT

The attendance during the first two days of Wichita Falls' Second Annual Style Event has been most flattering, and the displays of the different merchants have proven a most pleasing surprise to the people of this city and to the visitors from near-by towns. In both Men's and Women's wear the styles shown are exact replicas of the garments being shown in the big New York department stores. The visitors and the people here at home realize that this city is only seventy-two hours from New York, and the styles that are in vogue there can be secured in Wichita Falls stores.

For the remainder of the week added attractions will be shown in the various stores. Express shipments have been arriving daily and many exclusive models that have not been previously shown, will be on display.

The Wichita Falls merchants are extending every possible courtesy to the people who visit them, regardless of whether they desire to purchase.

The Style Event will continue until Saturday night, and those who have not attended heretofore are urged to do so.

Barney Burch, pitcher in this season, held the champion Panthers to four scattered hits at Fort Worth yesterday and turned in a 4 to 0 victory over the Cats.

Joe Pate for the Panthers was hit freely, every batter getting at least one hit, while Kitchens led with three hits, Red Johnson and Barney Burch getting two each.

Clark flew out to center, Schlieber was thrown out by Pate. McElwee grounded out to Kruff. Hoffman singled to right, Phelan bunted safely in front of plate.

Kitchens singled over second and took second on Burch's sacrifice. Josephson drew a pass, Grubb flew out to center.

Mokan singled to right and took second on Clark's sacrifice bunt down the third base line.

### TEACHERS MEET TO PLAN FOR THE TERM

Students Are Reminded That Registration is Scheduled For Thursday Morning.

At a meeting of all public school teachers in the high school auditorium Wednesday plans for the work of the coming year were made and general instructions issued by the officials of the school board. All of the assignments have not been completed as yet but it is thought that this will be finished within a few days.

At the conference of principals Tuesday morning a definite stand was taken in regard to the matter of absence from classes on the part of students. It was decided that in cases where a student could not furnish a satisfactory excuse for being absent from school his grades would be lowered and he would be given no opportunity to make up the lost work. Heretofore many students have remained away from school on trivial excuses and later was allowed to make up his lessons. This practice will not be allowed during the coming year.

MAINE IN MIDST OF WARM BALLOT FIGHT

Both Parties Strive For Vets in State to Determine Trend of U. S. Opinion.

AUGUSTA, ME., Sept. 8.—Maine is now in the throes of a warm political campaign which is being watched with interest by the entire country, as it is the only state in the union which elects a governor, state auditor, members of congress, county officers and members of the legislature in advance of the national election. The election will be held next Monday, September 12.

For many years the September vote in Maine has been considered as a barometer throughout the country as to how the people feel towards national affairs.

Maine is generally conceded to be a republican state, but leading democrats are confident that their candidates will make a good showing, perhaps winning. The republicans claim, of course, that they will be successful pointing to the fact that if the voters get out they will "clean up the state." The democrats, however, are preparing a strenuous campaign in order to win or to keep the republican majority as low as possible.

Col. Frederic H. Parkhurst is the republican candidate for governor, having defeated Gov. Carl E. Milliken, who was seeking a third term, in the primaries. The democratic nominee is Bertrand G. McIntire of Norway, a business man, and former sheriff of Oxford county and for six years chairman of the board of state assessors. He was the candidate against Governor Milliken two years ago.

The present state auditor, Roy L. Wardwell of this city, is a candidate for re-election while his democratic opponent is former Representative James J. Neill of the first district. Carroll L. Beedy of Portland is the republican candidate for re-election in the first district while Congressman Wallace H. White Jr. of the second district is the democratic candidate for congress and John A. Peiers of Ellsworth and Ira G. Hersey of Houlton, all republicans are candidates for re-election in the second, third and fourth districts. The democratic candidates for congress are Frank H. Haskell of Portland in the first district, Wallace N. Price, Richmond, second, Archie Towle of Oakland in the third district and Leon C. Brown of Milo in the fourth district.

The republican list of speakers includes United States Senator Cabot Lodge of Massachusetts, George H. Moses of New York, Wm. M. Calder of New York and Joseph Frillinghousen of New Jersey. Former Governor Roosevelt, besides many other prominent men from other parts of the country. On the democratic side, speakers include Senator Henry Rainbridge Colby, Secretary of the Navy Josephus Daniels, Secretary of Agriculture E. T. Meredith, Homer S. Cummings of Connecticut, former chairman of the democratic national committee, Governor Chas. H. Brough of Arkansas, Governor Alfred Smith of New York and United States Senator David I. Walsh of Massachusetts.

Democratic leaders will, during the campaign, urge the election of a legislature pledged to provide means by which liquor for medicinal purposes may be obtained in Maine through registered druggists. At the present time there is no legal way by which liquor may be secured in this state nor has there been since the abolition of the agency system by the legislature in 1911.

The vote of the women will be watched with interest this year, but according to political observers, it will make little change in the general result.

BRITISH LABOR APPROVES THE CLAIMS OF MINERS

PORTSMOUTH, ENGL., Sept. 8.—The trades union congress, representing six million workers, today unanimously adopted a resolution approving the claims of the coal miners as "just and reasonable" and declaring the government should concede them immediately. The miners executive committee accepted the government's invitation to hold a conference in London tomorrow to discuss the strike scheduled for September 15.

NEWS FROM THE COURTS

DAMAGE SUIT ON TRIAL IN EIGHTY-NINTH COURT

Damages to the extent of \$50,000 is being sought by the plaintiff in the case entitled W. M. Ellis vs. The Illinois Tornado Company which is being tried before a jury in the 89th district court. The entire day Wednesday was taken up in hearing testimony. The plaintiff alleges that he suffered personal injuries due to an alleged premature explosion of a torpedo which he was lowering into an oil well preparatory to the shooting of same. It was testified that he lost one or two fingers of his right hand and the others were injured as a result of the alleged explosion and that he further suffered injury to his ears, impairing his hearing and further that his eyesight has been impaired and that his nervous system suffered a complete shock. The plaintiff is represented by Attorneys Ed Farborough and E. W. Napier while the defendant's counsel are Weeks, Morrow, Weeks & Francis.

ARRESTED ON CHARGE OF STEALING A RAIN COAT

A man is in the county jail charged with a petty theft. It is alleged that several months ago he borrowed a rain coat from his landlady to go to town. He disappeared it is said and when he did return he told the story that the rain coat had been stolen.

FOUR NASH QUADS ARE RENTED FOR ROAD WORK

Seizing the opportunity presented by the federal government, the board of county commissioners has decided to secure four Nash Quad trucks offered for rent to be used in digging the roads of the county. These trucks are offered to the county for use at the low rental of \$4 per year.

VERDICT IS RENDERED IN FAVOR OF PLAINTIFF

The jury in the county court of law in the case of H. A. Clark vs. the Oklahoma Petroleum and Gasoline Co. found for the plaintiff late Tuesday afternoon. The plaintiff asked for \$252, alleged to be due him for the hauling of a rig from this city to a lease approximately 25 miles distant.

READY TO PAVE THE LAKE WICHITA ROAD

Laying of the industrial railway track, preparatory to the paving of the lake road has been completed and

although the rains have hindered greatly in the progress of the work, forms for the laying of the concrete are being set. It is believed that paving will begin the first of the coming week.

GETS A WHISKEY STILL ALSO HIS BEAR TRAP

Deputy U. S. Marshal Jim Allen went to Wilberger county to get some alleged whiskey stills and got them, but he also came back with a big bear trap large enough, he says, to catch a horse and hold it. The officer returned to Wichita Falls Wednesday morning and brought with him two men and a still which is believed has a capacity of approximately 18 gallons. The bear trap which he speaks of and which he brought with him, also was open and set to catch something. It is said that the trap was in a position that it might catch a person should they attempt to come into the place where the still was located. The officer states that a chain held the trap in place and that it was large enough to hold any horse.

JUST WHAT THE PURPOSE OF THE TRAP WAS, the officer says is a puzzle to him, but nevertheless he brought it back with him so that it might be used in a hearing when the federal judge holds court here. Preliminary hearing was to be held late this afternoon.

PIPE JOINTS DISAPPEAR TWO MEN ARE ARRESTED

Two men are held by county officials as the result of the disappearance of a large number of pipe joints that were later recovered. One of the men is said to conduct a business in the city.

TUESDAY DIVORCE DAY IN SEVENTY-EIGHTH COURT

Tuesday was divorce day in the seventy-eighth district court before Judge Edgar Surry. It was said that there were from eight to ten cases heard and divorces granted.

REVEREND NAME OF SINGER IN MODERN HOLY TOWN

By United Press. POBNA, POLAND.—(By Mail)—No Polish name, during the past quarter century was better known, either in Poland or America, than that of Modjeska, the famous Shakespearean actress, who was exiled by Russia from her native land because of her too ardent patriotism, but who continued to fight for Poland in her own way during her long artistic career in the United States. Although she died before Poland's independence was finally won, Modjeska's name is still held in honor in her country and she is regarded as a heroine who would be free. And today, though she is no longer in the fight, her family here in Poland are foremost among those who are carrying on the work of rebuilding their country after five years of devastating war. The day the first American Red Cross relief train entered Poland, it was met by a group of children, led by a young lady, all carrying armfuls of flowers because there was nothing else left of the Americans. The girl was Modjeska's niece, and the children some of the war orphans she had already begun to care for. Her mother, who was in the family of Chlapowski (Modjeska's real name having been the Countess Chlapowski) is at present devoting herself entirely to the care of the war orphans. Hundreds of whom, gathered up by the American Red Cross in all parts of the country, are sent to Posen to be placed in homes and institutions. Recently a large number of these unfortunate children, many of whom have lost all trace of their people in their wanderings across half of Russia, has been passed by two pieces of Modjeska. At the beautiful country estate of the Chlapowskis near Posen, where Modjeska in the days before her exile used to rest and rehearse her famous roles of "Juliet" and "Mary, Queen of Scots," hundreds of refugee children, clothed in American Red Cross clothing, even to pinkies and shoes, will enjoy fresh air and outdoor delights this summer.

GOV. ALLEN COMMENTS ON APPEAL OF GOMPERS

TOPEKA, KAN., Sept. 8.—Governor Henry J. Allen, today in commenting upon the appeal made from Washington by Samuel Gompers to the farmers and laboring men of Kansas to elect a legislature that will repeal the Kansas court of industrial relations law, branded Gompers as a "radical leader," and accused Gompers of seeking to kill the new law because its success would remove him from his "fief" job.

ONSK RECAPTURED BY SOVIET FORCES

HARBIN, MAN., Sept. 8.—Russian soviet forces, aided by German and Hungarian war prisoners, have recaptured Omsk, where, as in other towns of west Siberia, the peasants recently overthrew the soviets.

HERE TO GIVE LECTURES TO MEXICAN WORKERS

Senor Luis G. Soto, a civil engineer and a native of Mexico, is in Wichita Falls to give lectures in his native tongue to the Mexican residents and laborers who reside here in the interest of peace reconstruction. Senor Soto bears credential and recommendations from the department of justice and from large corporations and companies throughout the states of New Mexico, Arizona, Colorado and Texas. The recommendations command him to give the Mexican and interest that he arouses among Mexican employes regarding the attitude that he recommends they should take while residing in the United States. His chief object in giving these lectures, he states, is to combat belshism, I. W. W. and radical propaganda and to plead with his native brothers that they have a duty to perform while residing here as guests of this great country and asks them to be honest and steady workers. He states that no one can buy his chosen mission in life and states that he is spending his life and his own efforts in endeavoring to bring about a better understanding between capital and labor. While in the city he stated that he expected to see the mayor and the heads of various oil companies and railroad shops with a view of getting permission to speak to the Mexican employes in their own tongue.

FIRE INTO CARS ON THE BROOKLYN SURFACE LINE

NEW YORK, Sept. 8.—While further efforts were being made today to arbitrate the strike of Brooklyn Rapid Transit company employes, nine men in an automobile raced alongside a train on the surface near the Twenty-second avenue station and fired into the cars, but injured no one. Blasts from the train whistle brought a squad of motorcycle police, who pursued the motor car at high speed until the nine men were caught three miles away. Eleven additional surface lines were put in operation by the B. R. T. today, according to company officials, making a total of fifty now working.

FIND MATTRESS BURNING AND BODY ALMOST CHARRED

SAN ANTONIO, TEX., Sept. 8.—Smoking in bed and dozing off to sleep with the cigarette stub still alight is believed to have been responsible for the death of an unidentified man here this morning. The mattress was found burning and the body almost charred beyond recognition by the opening of the hotel where the death occurred. Roomers at the hotel said the man was crippled.

URGES EVERY MEANS TO STAMP OUT ANTHRAX

OKLAHOMA CITY, Sept. 8.—Governor J. B. A. Robertson today directed the state board of agriculture to use every means within its power to stamp out a new outbreak of anthrax in Pittsburg county and provided \$10,000 under a deficiency certificate for that purpose. A quarantine line will be established around the county.

BURKBURNETT NEW HOTEL TO OPEN ABOUT SEPT. 15

The new and modern hotel building at Burkburnett, erected by Messrs Anderson and Shepherd of Wichita Falls, will be opened about September 15, according to the plans of Louis Lee, owner of the American hotel and numerous other properties in the city. Delay in the shipments of furniture and fittings prevented an earlier opening.

Hotel Burkburnett, as the new hostelry will be known, will have every modern convenience and will cater to only the best class of trade. It will be under the management of Mr. Lee. The new hotel will follow in a great measure the congested condition at Burkburnett and will doubtless be greatly appreciated by the traveling public and the people of the town.

BROOKLYN STRIKERS FACE LOSS OF THEIR SENIORITY

NEW YORK, Sept. 8.—Having rejected orders of Public Service Commissioner Nixon to adjust differences, striking employes of the Brooklyn Rapid Transit company faced loss of seniority unless they returned to work before noon today. Nixon advised a union committee to accept the 15 per cent increase offered by Receiver Garrison and submit their differences to arbitration.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock

COTTON MARKET.

New York Cotton. NEW YORK, Sept. 8.—The cotton market lost half cent or more of yesterday's advance during today's early trading. Liverpool was firm early on continued covering attributed to unfavorable crop accounts, but broke later under liquidation and hedge selling and the market here opened steady at an advance of 5 points on October, but generally 5 to 10 points on unfavorable weather reports and some foreign buying but soon weakened with October selling off from 27.50 to 27.40 and December from 28.50 to 28.40 under realizing and selling for a reaction.

The census report showing 767,241 bales of cotton ginned prior to September 1 attracted comparatively little comment, but was considered an additional indication of a late crop which intensified the effect of unfavorable weather and crop news. There was covering by both speculative and trade shorts on the advance which followed the early break and before Friday active months sold 37 to 55 points net higher with October touching 28.40 and January to 28.20. This attracted realizing and the weekly report of the weather bureau was considered more bullish than expected and prices were very steady in the noon hour.

After selling 20 to 40 points net higher on the unfavorable weather report, prices reached under realizing. October closed off from 27.50 to 27.40 with active months ranging about 10 to 17 points net higher during the middle of the afternoon.

NEW ORLEANS, Sept. 8.—Spot cotton quiet, middling 27.75.

NEW ORLEANS, Sept. 8.—The refusal of Liverpool to respond to the advance of yesterday in the American market caused a slump on the opening of the local cotton market today and during the first hour of business there were depressed to the extent of 65 to 95 points, October falling to 26.10 and March to 25.95. The first ginning report of the season of the census bureau shows 287,241 bales turned out to the first of September, had no immediate effect on values.

The trade finally decided that the ginning output was small and a buying movement started which precipitated from bullish operators who were looking for unfavorable weekly crop reports from the states which responded to the buying and the market became decidedly strong after the weekly reports were issued. They were considered fully as bullish as expected. All of the main issues were recovered and the market closed at prices were 5 to 38 points over yesterday's close. October showing the most strength and March leading.

The market did not hold well in the late trading, longer being inclined to take profits while there was less demand from the short side. Toward the close prices were 14 points up to 65 down compared with yesterday's final. The market closed steady 6 points up to 52 down net.

Table with columns: High, Low, Close. Rows for October, December, January, March, May.

NEW ORLEANS, Sept. 8.—Spot cotton steady, to arrive none; low middling 26.75, middling 27.25, good middling 27.50, receipts 1,975 bales, stock 187,925 bales.

LIVERPOOL, Sept. 8.—Cotton spot, more inquiry; prices firm. Good middling 24.75, fully middling 24.40, middling 24.25, to arrive steady, to good ordinary 14.75; ordinary 13.75. Sales, 8,000 bales, including 5,000 American. Receipts 1,000 bales, American 18,000; October, 19,000; January, 18,000; May, 17,000; July, 17,000.

STOCK MARKET.

NEW YORK, Sept. 8.—The hesitant tone of the stock market at the opening of today's session evidently expressed further division of sentiment among traders. Yesterday's late advance in the rate for call loans probably served to check bullish operations. Excepting Crucible steel which rose 1 1/2 points gains and losses among leading shares, especially oil, motors, steels and rails, were limited to fractions. Foreign exchange was again unsettled, remittances to London falling below yesterday's minimum quotations.

Stocks rallied at midday, Mexican and Pan-American Petroleum, also Crucible and Baldwin rising 1 to 2 points from their reaction, all of which were irregularly active. A Canadian Pacific, which strengthened on prospective higher freight rates to roads within the dominion.

NEW YORK, Sept. 8.—Fresh strength developed in the wheat market today chiefly as a result of free buying for the seaboard. Opening prices which ranged 2 to 4c higher, with December \$2.42 to \$2.43 and March \$2.39, were followed by slight reaction and then a new upward movement before the close.

Smallness of receipts, together with unfavorable weather had a bullish influence on corn. After opening unchanged to 1/2c higher, including December at \$1.21 to \$1.21 1/2, the market underwent a moderate sag but then again hardened.

Oats were firm with corn, starting unchanged to 1/2c higher, December 63 1/2 to 65 1/2 and later scoring gains all around.

Weakness in the hog market carried provisions lower. Prices closed firm 2 1/2 to 4 1/2c net higher, with December \$2.65 1/2 and March \$2.41 1/2.

The close was nervous, 1 to 4 1/2c net higher, with December \$1.23 1/2 to \$1.23 1/2. WHEAT—OPEN HIGH LOW CLOSE. December 2.42 2.46 2.41 2.45, March 2.39 2.42 2.39 2.41. September 1.24 1.24 1.23 1.23, October 1.21 1.21 1.21 1.21, November 1.21 1.21 1.21 1.21.
