YANKKEES DEFEAT INDIANS 6 TO 1

NEARLY TWO MILLION DOLLARS WAS COLLECTED BY REPUBLICANS PRIOR TO NATIONAL CONVENTION

MINOR EARTHQUAKE SHOCKS ARE FELT IN THE DEVASTATED ZONE

NATURE OF SUCH INDICATES THAT THE DISTURBANCE IS SUBSIDING.

HUNDREDS ARE KILLED PROPERTY DAMAGE HEAVY

King and Queen Visit That Section Suffering Greatest From The Recent Quake.

FLORENCE, ITALY, Sept. 9.—Minor earthquake shocks which have been felt since disastrous tremor of Tuesday morning in the devastated zone north of this city indicate the disturbance is subsiding, according to Father Alfani, director of the observatory here. He said today that small shocks succeeding one another rather frequently show the seismic phenomena wearing themselves out.

VOLCANO IN ERUPTION ON ITALIAN MOUNTAIN

ROME, Sept. 10.—A volcano crater has suddenly opened at the top of Pizzo D'Uccio, a mountain 5,845 feet high, about nine miles northeast of Spezia. It is located in the region of the northwest corner of the district shaken by Tuesday morning's earthquake, which resulted in the loss of hundreds of lives in the region north of Florence. A telegram from Spezia states the crater is emitting smoke and sulphuric fumes, and that scientists there attribute the volcanic outbreak to the earthquake.

The shock which devastated scores of little towns and villages north of Florence seems to have followed the line of the mountains. This is common to earthquakes in Italy, as the tremor that destroyed Messina in 1908 followed the Calabro-Sicilian mountain range and the one at Avellino assumed the line of the Apennines very closely. Four years later the Tuscan hills were shaken and Mucello was destroyed, and now the Apian Alps are shaken by the seismic disturbance.

KING AND QUEEN VISIT THE DEVASTATED AREA

FLORENCE, ITALY, Sept. 10.—King Victor Emanuel, accompanied by Queen Helena and Princess Yolanda today passed through the region of the earthquake. In these places, if the tragedy was on a smaller scale, the inhabitants were afflicted perhaps to a greater degree because of the impossibility of providing for the outlying districts promptly.

CAUSE IS SUGGESTED FOR ITALIAN EARTHQUAKE

BERLIN, Sept. 9.—The seismographic station at Jena suggests as the possible cause of the Italian earthquake, a "sinking of earth along the mountains bordering the Gulf of Genoa." Experts here say it indicates a massive caving zone in the earth's crust.

GOVERNMENT PLANS FIGHT TO THE FINISH

England Making Preparations For Threatened Strike Of Miners September 25.

PORTSMOUTH, ENGL., Sept. 10.—The government today began preparations for a fight to a finish with miners who plan to strike September 25. Confidence was expressed that other divisions of the triple alliance would not join the miners and that the latter could not hold out more than two weeks.

Efforts on the part of the government and miners to reach an agreement yesterday failed. At the trades union congress here last night, a new body was created. It is called the "general council of labor" and will coordinate industrial action, general questions of wages and hours, and any matter arising between union and employers or union and the government.

CHICAGO, Sept. 10.—Supplementing previous testimony before the senate committee investigating campaign expenditures, Fred W. Upham, treasurer of the republican national committee, today at the behest of members of the committee, turned over information concerning pre-convention contributions to the organization. From December 1, 1918, to June 12, 1920, Mr. Upham said, the committee received \$1,825,353.70 from 18,151 contributors. Of this amount, \$453,974.29 went into the committee treasury. The balance, he said, was sent to states which have an arrangement with the national committee for the collection and allocation of campaign funds. The treasurer's figures showed that in eight states, Alabama, Arizona, Indiana, Maryland, Nevada, South Dakota, Tennessee and Washington, the state organizations were indebted to the national committee in amounts ranging from \$112 for Nevada to \$14,400 in Maryland.

UPHAM TESTIFIES AS TO CAMPAIGN FUND

CHICAGO, Sept. 10.—Fred W. Upham today told the senate committee investigating campaign funds that he took full responsibility for the proposal to raise the limit of republican campaign contributions to \$10,000 from \$1,000.

"I was brought down by a large majority at a meeting in New York," he said. "Form 101" the so-called "limit" was brought about by the advocacy of a larger contribution limit and was prepared after he had told Harry M. Blair, his assistant, that he believed the \$10,000 figure would be adopted after the national convention had ended.

"I hoped the lid would be raised to \$100,000," he said. "I presented this proposition at a meeting in New York attended by Will Hays, Charles E. Ayer, Jr., Herb Hoover, Kentucky, William Dougherty of Ohio and Colonel William Boyce Thompson of New York.

"They voted me down by a big majority," he said. "I stepped from the room and told Mr. Blair to telegraph his men in Chicago not to send out form 101."

"Two days later," Mr. Upham said, "Colonel Thompson went to Washington and saw Senator Harding and the candidate gave out a statement in which he stated that he had instructed the republican national committee not to accept contributions of more than \$1,000 each, promising that if any man chose to exceed the plan, the public would be notified before it was put into effect."

Mr. Upham said he did not write form 101, and that it contained some statements which he would not have approved. "But form 101 was and is dead," he added. "Furthermore, the substitute form 101 was presented at the luncheon in the tower room of the Union League club in Chicago, and I was there throughout that conference."

"I do assume responsibility for the 'palm stingers,'" asked Senator Pomeroy. "I do, as a business man, as ex-M. C. A. campaigners are doing," said Mr. Upham.

"I believe that on the showing here of results I could, as a business man, have given no further details of the situation, nor have they told of the damage done by the tremor which shook the Emilia district between the Apennines and the Tyrrhenian sea."

Mr. Upham testified that part of the pre-convention expense for speakers was for men sent out to campaign on republican doctrines at chauteaus. He said the republican national committee had a "chauteau bureau" under Mr. Ellis and that the salaries and expenses of the speakers were paid for out of the national treasury.

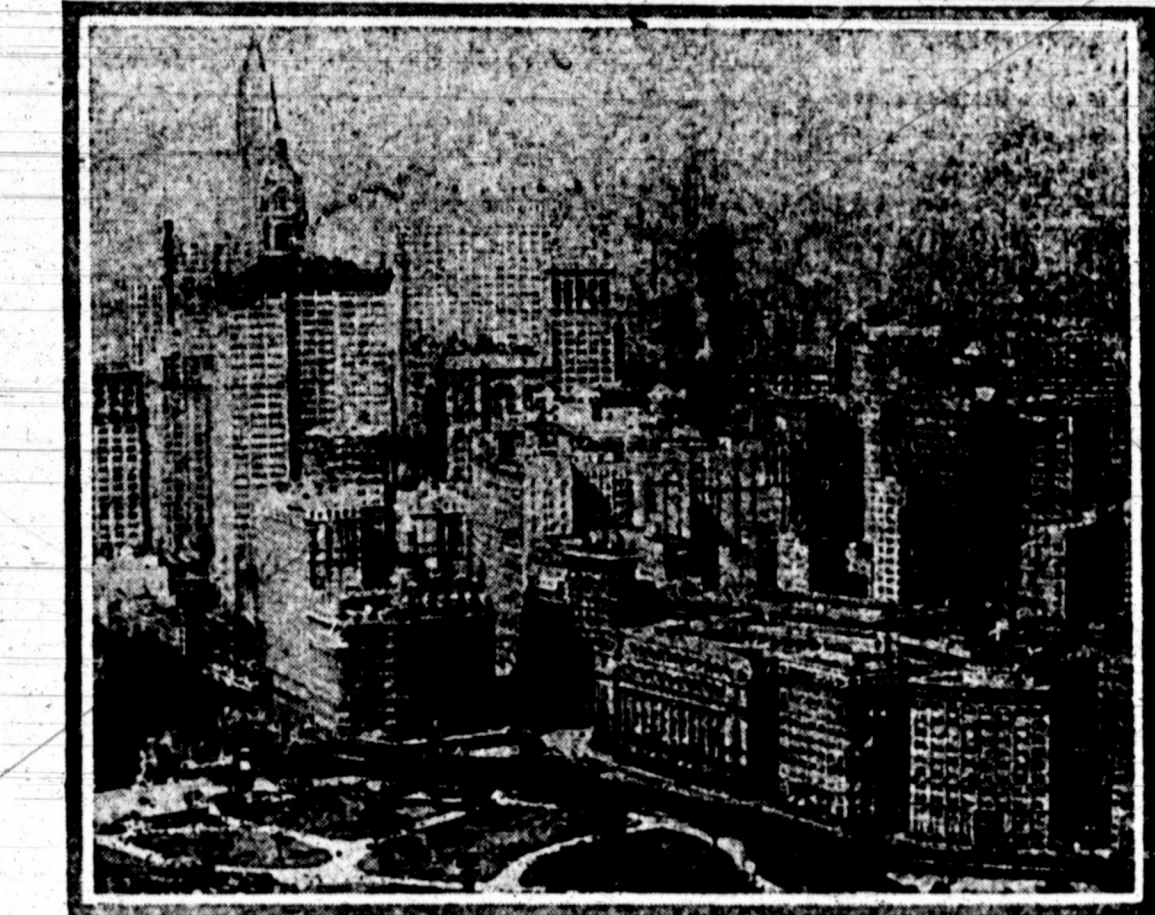

"Some prominent democrats have appeared on the chauteau platform," suggested Senator Kenyon. "Tea, but not as hired men of the national committee," rejoined Senator Pomeroy.

The chairman then brought out that Mr. Upham understood that there were "democratic days" at the chauteaus where the republican bureau men were sent.

Summarizing "all this budget and quota business," into what he called a plain business statement, Mr. Upham said that the state quota list of about \$4,800,000 made up in his office included both the pre-convention and actual pre-convention expenses. He then pointed out that more than \$1,100,000 of this total had been raised and spent before the present budget of \$2,079,900 was made up.

He said that since the Chicago convention he had raised about a million and a quarter dollars, of which about two-thirds was applicable to the national campaign, the balance being returned to states which had a joint campaign with the national committee.

AIR VIEW OF LOWER MANHATTAN

This excellent view of lower New York is probably the best photo of the Metropolitan City made from the air. Battery Park and the Aquarium are seen in the lower foreground, while in the left background are the Singer and Waterbury Buildings. In the center (background) can be seen the dome of the Municipal Building.

REPORT MACSWINEY IS STILL CONSCIOUS

Suffers Great Pain in His Arms, Legs And Back Says Late Bulletin.

LONDON, Sept. 10.—Terence MacSwiney, lord mayor of Cork, passed a bad night in Brixton prison, where he is continuing his hunger strike which began August 15, says a bulletin issued this morning by the Irish Self-Determination League. He is suffering great pain in his arms, legs and back and complains of a feeling of dizziness and numbness, but is still conscious.

DISORDER IN IRELAND SEEMS ON THE INCREASE

DUBLIN, Sept. 10.—Disorders in Ireland seemed on the increase today as news came that Lord Mayor MacSwiney was steadily growing weaker at Brixton prison in London.

Eleven hunger strikers in jail at Cork sent a message to MacSwiney saying: "We will hold out until death."

Police, conducting reprisals in Galway for the murder of their fellows by Sinn Feiners, killed three civilians and wounded others. The killing of Constable Krumm started the fighting in Galway. Krumm was set upon by a gang of Sinn Feiners, who beat and stabbed him, killing three of his assailants and wounding two.

In their retaliatory measures, the police raided houses. One civilian was killed, a lamp-post and rediel with bullets.

Sinn Feiners ambushed a squad of police at Callow, killing Constables Delaney and Gaughlin.

PLAN TO FEED MACSWINEY AFTER HE LOSES CONSCIOUSNESS

LONDON, Sept. 10.—Prison physicians intend to feed Lord Mayor of Cork, on hunger strike, after he loses consciousness, it was learned today. The doctor at Brixton prison believes MacSwiney's struggle against forcible feeding would so exhaust him he would die, so is waiting until he lapses into unconsciousness.

Demonstrating his fighting spirit despite physical weakness, MacSwiney interceded when the doctor accused the lady mayoress of helping him to die because he refused to eat. MacSwiney attempted to remonstrate. The effort nearly caused him to collapse.

"I am unable to keep alive even a flicker of hope now," the lady mayoress said to the United Press. "It is difficult to realize the end is so near. From the day I married Terry I have tried to prepare for such a thing. We always lived in daily expectation of death, but thought it would be sudden death."

"My visits to Terry, keep me up. He is so calm and resigned, almost happy. It shames us who weaken."

PROTEST IMPRISONMENT BY PICKETING STEAMSHIP

SAN FRANCISCO, Sept. 10.—Picketing of British ships and those bound for British ports in protest against Lord Mayor MacSwiney's imprisonment will be continued here, and probably will be extended to northern ports of the Pacific coast, it was said today at San Francisco headquarters of the Women's Irish Educational League.

The picketing already has resulted in stevedores refusing to coal the British steamer Munster Castle, but the ship steamed for Hong Kong late yesterday. It was said coaling was completed by members of her crew.

QUINCY ELIMINATES JONES OF ATLANTA

ROSLYN, N. Y., Sept. 10.—Francis Quincy of Boston today eliminated Bobby Jones of Atlanta, in the semi-finals of the national amateur golf tournament, six and five tomorrow.

Outmot will play Chick Evans of Chicago for the championship of ship.

BELIEVE MEN HELD ROBBED GRAMM BANK

Arrested Following Gun Fight And Hold-Up at Ranger On Thursday.

EASTLAND, TEXAS, Sept. 10.—That the alleged confession of a woman in jail here today, expressed the belief today they had uncovered a band of outlaws which recently had been operating in north Texas. The woman's husband, police said, is also in jail here suffering injuries received yesterday when three men attempted to rob a local bank.

Operations of the band, the officers say, have extended several months in the Wichita and Eastland oil fields. Besides the woman and husband, two other men are in jail here. Other arrests are expected.

EASTLAND, TEXAS, Sept. 10.—Two men, believed by authorities here to have robbed the Guaranty State Bank at Graham several days ago, were in jail here today following capture after a gun fight and hold-up at Ranger, Texas, late yesterday.

John Barnes, deputy sheriff, was arrested following the capture of the two men. He is believed to have followed the hold-up of several men in the Oklahoma cabaret at Ranger.

During preliminary hearing of the men held at Ranger, much violence was threatened, a crowd gathering outside the jail. The men were then removed to Eastland and feeling at Ranger continued to run high today. The bandits obtained considerable in the cabaret hold-up, it was said, and disarmed officers who attempted to interfere. The running gun battle followed.

DENY A DISAGREEMENT WITH BRITISH GOVERNMENT

PARIS, Sept. 10.—Reports that the resignation of the Earl of Derby as British ambassador to France was caused by disagreement with the British government over the policy to be followed with regard to Russia were denied by the retiring ambassador today. He declared to the Associated Press that last spring he had requested the British government to relieve him before the end of the year, over to his desire to resume his activities in England.

STRIKE WHEN NON-UNION INSTRUCTOR EMPLOYED

ST. LOUIS, Sept. 10.—Eighty pupils in the printing class of Central high school went on a "strike" today because a non-union man was appointed instructor, a position formerly held by a union printer. The board of education recently ruled that no one connected with organized labor would be employed in the public schools. The students declared they would remain "out" until a union man was appointed.

GOV. COX INVADERS THE STATE OF WASHINGTON

Will Start Drive On Pacific Coast With Seattle Speech Saturday Night.

SPOKANE, WASH., Sept. 10.—It's time to send somebody to the presidential time," Governor James M. Cox said here today, speaking to a large crowd on the station platform. His declaration came immediately after he had reiterated his charge that republican leaders were guilty of perjury in their testimony before the senate campaign expenditures committee in Chicago.

"We have laws against perjury and they should be enforced," he added, "I intend to give the republicans some of their own medicine."

EN ROUTE WITH GOVERNOR COX TO SPOKANE, WASH., Sept. 10.—Encouraged by the enthusiastic receptions given him at several meetings in Montana, Governor Cox invaded Washington today for two days of campaigning. He was to open in Spokane this morning, where he was scheduled to spend two hours and then depart for Walla Walla.

Cox was expected today to touch on forest preserves in a speech to be made at the state fair. He probably will also have something more to say about the senate subcommittee campaign fund probe.

Cox will start his drive along the Pacific coast or four weeks, he says. He speaks in Seattle. He will be in Belingham and Tacoma tomorrow.

With many Irish in his audience last night, Governor Cox gave definite assurances that he will ask the league of nations to take up the Irish question if he is elected. Such action is provided for under Article II, he said.

His statements both at Anacosta and Butte were in response to hecklers and drew big demonstrations of approval.

FRONT PORCH SCHEDULE RESUMED BY HARDING

MARION, OHIO, Sept. 10.—Back from his three-day trip in the northwest during which he made speeches in Indiana, Illinois, Wisconsin and Minnesota, Senator Harding resumed his front porch schedule today with a list of engagements before him that promised to occupy all his attention for the next few weeks.

Several delegations of negroes came from various parts of the country today to hear the nominee discuss public questions of particular interest to them. A trainload of republicans from Detroit also had been given a front porch date, but it was postponed until tomorrow.

Baseball Results

Table with 2 columns: League and Score. National League: Cincinnati-Boston, postponed, rain. St. Louis 10-0, 000 400 03-3 12 1. Brooklyn 3-0, 000 000 02 4-15 2. Batteries: Schupp and Clemens; Marquard and Miller. Umpires: Klem and Emalle. Pittsburgh 5-0, 200 112 110-3 14 2. Philadelphia 6-0, 000 000-3 4 10 0. Batteries: Cooper and Schmidt; Hubbell and Truesdell. Umpires: Hart and McCormick. American League: First game: Philadelphia 1-0, 000 000 000-0-4 1. Detroit 1-0, 102 010 008-4 10 0. Batteries: Rommel and Perkins; Ayers and Manion; umpires, Mallin and Evans. Second game: Philadelphia 3-0, 000 000 011-2 7 2. Detroit 1-0, 002 012 008-5 9 1. Batteries: Kite and Sprinks; Morrisette and Stange. Umpires: Nollis and Evans. Washington-St. Louis, postponed, rain. Boston 6-0, 000 011 110-3 7 2. Chicago 4-0, 000 000 238-3 3-4. Batteries: Penneck, Hoyt and Schang; Faber and Schalk. Umpires: Dineen and Chitt.

BABE RUTH KNOCKS HIS 48TH HOME RUN OF THE SEASON IN FIRST INNING OF THE GAME

New York 201 300 000-4 12 1. Cleveland 000 000 100-1 6 3. Batteries: Shawkey and Mannah; Caldwell, Uble, Mallis and O'Neill. Umpires: Owens and Connolly.

LEAGUE PARK, CLEVELAND, Sept. 10.—Babe Ruth got his 48th home run of the season in the first inning of the Indian-Yankee game here today. He first crashed a line foul and then let a fast curve go for a second strike. A foul tip followed and then Caldwell, the Cleveland pitcher, tried to slip a fast one over. Ruth met it squarely and it sailed high over the right-center field fence. Pipp scored ahead of him.

Twenty-five thousand fans turned out for the second game of the series. They packed every bit of room in the stands and early filled the circus seats along the foul lines.

Miller Huggins sent Bob Shawkey against the Indians. Slim Caldwell, whose dinky curves have caused the Yanks trouble this year, was Speaker's selection.

The line-up: New York—Caldwell—Pipp, 1b; Ruth, cf; Pratt, 2b; Meusel, lf; Lewis, if; Shawkey, p. Cleveland—Jamison, if; Wambly, 2b; Meusel, cf; Smith, 3b; Johnston, 1b; Evans, ss; Caldwell, p. Umpires Owens and Connolly.

First Inning: New York: Gardner threw out Pipp; Pipp walked; Ruth scored; Pipp was home on the right walk; Pratt grounded to short; Meusel lined a single to center, but died stealing; O'Neill walked; Wambly: two hits; no errors.

Cleveland: Jamison grounded to Pipp; Wambly singled on the first ball; Meusel walked; Johnston singled; Wambly died stealing; Hannah to Peck; No runs, one hit; no errors.

Second Inning: New York: Lewis grounded to Gardner; Evans threw out Ward; Hannah flied to Jamison; No runs, no hits; no errors.

Cleveland: Smith grounded out; Pipp to Shawkey; Gardner walked; The hit and run robbed Johnston of a single; over second for Peck took the ball one-handed at second and doubled; Gardner with an easy toss to Pipp; No runs, no hits; no errors.

Third Inning: New York: Shawkey grounded past second for a single; Pecks put forced Shawkey, Caldwell to Evans; Pipp lined a single to center; Ruth flied to Smith; Peck dashed for third; O'Neill called and Evans intercepted the throw, making a poor throw to second to catch Pipp. The speaker swung viciously over and Pipp reached third; Pratt flied to Speaker; Peck, run, two hits; one error.

Cleveland: Peck tossed out O'Neill; Evans was called out on strikes; Pipp getting the put-out; Caldwell fanned; No runs, no hits; no errors.

Fourth Inning: New York: Meusel flied to Smith; Lewis singled to left; Ward bunted; single; Lewis reached third on O'Neill's high throw to catch Ward napping; Hannah lined a double in the crowd in left; Uble scored; Uble replaced; Caldwell, Shawkey fanned on called strikes; Peck lined to left, scoring Ward and Hannah; Peck taking second on the throw home; Pipp flied to Smith; Three runs, four hits; one error.

Cleveland: Jamison fouled to Hannah; Wambly popped to Hannah; Speaker hit; Uble scored; Uble, high to Meusel; No runs, one hit; no errors.

Fifth Inning: New York: Uble curved over a called strike on Ruth; Ruth then swung for the second strike, then came a called strike on Ruth; Uble swung for another low curve for his third strike, but Pratt was safe on Wambly's fumble of his twisting ground; Meusel hit a single to left; Lewis hard grounder forced Meusel; Johnston to Evans; Ward flied to Speaker; No runs, one hit; one error.

Cleveland: O'Neill out, Pipp to Shawkey; Johnston flied to Ruth; O'Neill walked; Sewell, batting for O'Neill, fouled to Ward; No runs, no hits; no errors.

Sixth Inning: New York: Sewell went to short replacing Evans; Gardner threw out Hannah; Shawkey broke his bat; Uble scored; Uble replaced; Wambly to Sewell, but Peck reached second when Sewell threw wild to first; Pipp fanned; No runs, one hit; one error.

Cleveland: Uble grounded to Pipp; Jamison flied to Ruth; Wambly hit the first ball for a single to center and the second to left; Smith hit, Wambly reaching third; Speaker flied to Ruth; No runs, one hit, one error.

Seventh Inning: New York—Speaker ran to the scoreboard to tell the fans how long it was one of the longest drives ever seen here. Speaker duplicated the play on Pratt's smash. Wambly threw out Meusel; Uble had retired the Yanks on three pitched balls. No runs, no hits; no errors.

Cleveland—Smith's line a smash bounced off Lewis's leg for a three-base hit. Gardner flied to Meusel; Johnston doubled to left center and Smith scored. O'Neill flied to Ruth; Sewell grounded to Pipp. One run; 2 hits; no errors.

Eighth Inning: New York—Gardner threw out Lewis. Ward bounced a single off Gardner's finger tips. Hannah flied to Shawkey. Shawkey popped to Wambly. No runs, 1 hit; no errors.

Cleveland—Graney batting for Uble, fanned, Pipp getting the put out; Jamison grounded, Pipp to Shawkey; Wambly flied to Lewis. No runs, no hits; no errors.

Ninth Inning: New York—Smith pitched for Cleveland; Peck fouled to O'Neill; Pipp singled to center; Ruth swung and missed a curve, then fouled off a low curve for strike two. He swung wild on an inside curve and missed it for his second strikeout of the game; Pratt was called out on strikes. No runs, one hit; no errors.

Cleveland—Speaker flied to Ruth; Smith popped to Pipp; Gardner singled to center; Gardner took second; and third, but got no credit for stolen bases; Johnston flied to Ruth. No runs, one hit; no errors.

If Women May Vote Governor to Consider Calling Legislature

DALLAS, Sept. 10.—Governor Hobby will consider calling a special legislative session to regulate voting in Texas at the November election, if Attorney General Cretton asks both men and women can vote without poll tax receipts, the governor said here today.

States without a poll tax receipt will make repeating comparatively easy and the special session, if called, would be in view of preventing this illegal practice, Hobby asserted.

CENSUS REPORT GIVES CLAY COUNTY 16,864

HENRIETTA HAS 2,563

WASHINGTON, D. C., Sept. 10.—The census gives Clay county a population of 16,864, which is a decrease of 179 from the 1910 census. The percentage of loss is 1.1 per cent. The population of the incorporated towns in the county are: Bellville, 752; Henrietta, 2,563; Detroit, 314.

Gainesville by Wards. WASHINGTON, Sept. 10.—Census report gives Gainesville, Texas, by wards: Ward one, 1,296; ward two, 1,427; ward three, 2,222; ward four, 2,082; ward five, 1,610; total, 8,645. Cooke county, Texas, 25,662, decrease 956 or 3.5 per cent.

Marlin Has 4,310. WASHINGTON, Sept. 10.—Marlin, Texas, 4,310; increase 422, or 11.1 per cent.

LITHUANIAN ADVANCE SCREEN FOR BOLSHEVIKI TROOPS TO ESCAPE

LONDON, Sept. 10.—The recent Lithuanian advance in the Suwalki region was a screen for escape of 10,000 bolsheviks from east Prussia into Russia, according to reports received by Polish diplomatic officials here today.

The Lithuanians denied this and asserted their troops occupying the line east of Augustow and Suwalki were intercepting all reds in that area.

The main body of General Budenny's army escaped the encircling movement of the Poles near Hrubieszow after large numbers had been cut off and taken prisoner, Polish advisers said.

WALSH IS APPOINTED RECEIVER FOR RAILROAD

FORT SMITH, ARK., Sept. 10.—Martin W. Walsh, former general manager of the Memphis, Dallas & Gulf railroad, was appointed receiver of the property by United States District Judge Frank A. Youmans here this afternoon. The receivership was granted on petition of four St. Louis banks which claim to hold obligations of the road in excess of \$200,000.

The road operating from Hot Springs to Ashdown, suspended operation several days ago when the suit was filed. Operation will be resumed Monday, it was announced here.

SALAZAR IS GOVERNOR OF LOWER CALIFORNIA

MEXICALI, LOWER CAL., Sept. 10.—Luis M. Salazar has been appointed permanent governor of the northern district of Lower California, according to an announcement here today by Senator J. S. Alvareda, the new state treasurer. Governor J. J. Sikes was appointed on Provisional President de la Huerta at Mexico City.

SECOND RECEIVERSHIP FOR KANSAS CITY RAILWAYS CO.

KANSAS CITY, Sept. 10.—Admitting its inability to pay its bills, the Kansas City Railways company was forced into its second receivership in nine years late yesterday. Frank C. Sikes was appointed temporary receiver, pending hearing to make action permanent. The Kansas City Refining company asked the receiver to file a claim for \$1,464,832 for fuel oil. The team company the first of the week asked the public utilities commission for authority to charge a 19 cent fare.

SHREVEPORT CATCHER WEISS PROTHRO

SHREVEPORT, LA., Sept. 10.—Catcher John (Jack) Vann of the Shreveport team, left League today and Miss Grace Prothro, Shreveport society girl, were married here Friday morning. The entire Shreveport team attended the ceremony. This afternoon a check of silver was presented to Vann before the Shreveport-Wichita Falls game.

BALKAN SITUATION IS VERY ALARMING

Such is Statement Of Albanian Commissioner To The United States.

WASHINGTON, Sept. 10.—The situation in the Balkans was characterized as "very alarming" by C. A. Cherkov, Albanian commissioner, to the United States, in a statement made public today in connection with the reports that Jugo-Slavia intends to obtain mastery over Albania. Attacks made by the Jugo-Slavs upon the fort of Tatabosh and in the Kastriot, Dibra, and Elbasan regions, which followed the request of the Serbs that the United States and the allies name a commission to investigate the causes of the Albanian-Serbian conflict, were cited as showing Serbia's intentions.

CHILE TO PAY PERU SIX MILLION POUNDS

Agreement Removes Most Serious Menace to Peace of South America.

BUENOS AIRES, Sept. 10.—Final settlement of the Tacna-Arica question which has been considered the most serious menace to South American peace, through the payment by Chile to Peru of 6,000,000 pounds has been virtually agreed upon, according to a dispatch today to La Nación from Santiago, quoting financial and diplomatic sources.

The message declares that after the Bolivian revolution, which resulted in mobilization of the armies of Chile and Peru, and threatened hostilities between the two countries, President Wilson suggested a conference of representatives by both nations, offering the use of the gunboat Tacoma, which was in the bay of Callao, for the conducting of the negotiations. On acceptance of this proposition by Peru, continues the dispatch, Chile sent Dr. Fuga Borne to meet the Peruvian delegates.

As a result of conferences extending over a period of three weeks, adds the dispatch, it is reported Peru agreed to renounce her rights to the provinces of Tacna and Arica, annul the existing treaties affecting those provinces, upon receipt of the sum mentioned, and enter into a reciprocal commercial treaty with Chile.

After the defeat of Peru by Chile in the war of 1879-83, the provinces of Tacna and Arica were ceded provisionally to Chile by Peru with the understanding that after 10 years a plebiscite should be held to determine whether they should revert to Peru. This plebiscite has never been held, each nation placing the responsibility on the other for failure to hold it, and the conflicting claims for the provinces have been for many years a source of friction between the two nations.

WEALTHY CURIO DEALER IS HELD AT EL PASO ON A CHARGE OF SMUGGLING

EL PASO, TEX., Sept. 10.—A H. Shallen, wealthy curio shop dealer, with stores at Vancouver and Montreal, arrested here by federal narcotic agents on a charge of conspiring to import 1,000 ounces of morphine and 200 ounces of opium from Mexico, was held today in \$2,500 bond for a preliminary hearing by United States Commissioner Schmidt.

Shallen had 21 one-thousand dollar bills on his person when taken into custody. Trunks of the man shipped from here to Los Angeles were being traced by United States authorities. When Shallen was taken into custody by Officer J. A. Toomey of St. Louis, a code book containing the address of drug dealers in virtually every large city in the country was found in his possession, according to the officers.

We have an expert alteration department anxious to serve you. Just call 5404. De Luxe Dry Cleaners. 119-120

Price Paid Producer For Food Goes Down Department Reports

WASHINGTON, Sept. 10.—Prices paid producers of food are going down, according to department of agriculture.

A review of crop conditions on September 1, made public today shows that the prices paid farmers and livestock men during August underwent an unmistakable decline. This, the review makes plain, can in no way be attributed to ordinary seasonal conditions. Prices farmers receive for the principal crops decreased 10.5 per cent during August, the department announced. The normal seasonal decrease for August is only 1.2 per cent. Included in what the department designates as principal crops are grains, fruits and vegetables.

BANK COMMISSIONER TAKES OVER THE BOSTON PRUDENTIAL TRUST CO.

BOSTON, Sept. 10.—The Prudential Trust Company of this city, with a capital of \$20,000,000, was taken over by Bank Commissioner Joseph C. Allen today.

The troubles of the bank are not connected in any way with those of other banking institutions recently closed by him, the commissioner said.

Their loans are not in good condition, and include many bad and slow loans," he added.

Miss Durham will begin school Sept. 12 at the "Church of Christ" on Bluff near Eleventh street. Kindergarten and primary grades. Phone 2770. 126-27p

A great reduction will be made in Living Room Suits, Refrigerators, Stoves, Dining Room Suits, Trunks, Blankets, Rockers, Odd Chairs and in fact every thing in the house. Ten day money-raising sale.—Patton Furniture Co.

Miss Ingham's Art Needlework Shop

Hemstitching, buttons made to order and accordion pleating. Phone 2777 1007 Thirteenth St.

Political Censorship Board Is Proposed By Woman Leaders

PORT WASHINGTON, N. Y., Sept. 10.—Establishment of a woman's political censorship board was to be discussed here today.

The executive committee of the national woman's party in session here was to consider the future of that organization. The general impression was that the committee would decide to recommend reorganization of the party as a sort of censorship body which would endorse or reject candidates in the old parties, or—in case one of these was not acceptable—to put up candidates of its own.

Other possibilities were disbanding of the party or its establishment as a separate political party. Both of these, however, was said to be remote.

The meeting was held at the home of Mrs. O. H. P. Belmont.

FLIRTING IS LOST ART ACCORDING TO VETERAN CHICAGO POLICE WOMAN

CHICAGO, Sept. 10.—Flirting is a lost art, according to Alice Clements, veteran Chicago police-woman. The delights and thrills of pleasant harmless flirtations are matters of the past.

"Girls have run the 'art' into the ground, she said today. Where young women formerly would start a young man's heart beating fast by a demure look or a lifting of the eyelid, the girls of today have no time for such acting.

"Nowadays, girls just let themselves be 'picked up,'" said Mrs. Clements. "All a boy has to do is to tip his hat and get a girl."

"Girls, Mrs. Clements said, are more familiar with men now than in the past.

"And I refer to respectable girls," she said.

An Ace, Apperson two-passenger roadster for sale, practically new, Apperson Motor Sales Co., 607 Tenth, Phone 2429. 118-5c

Public Schools Face A Condition of the Utmost Seriousness

WASHINGTON, Sept. 10.—American public schools, opening for a new year, face conditions of the utmost seriousness," P. P. Claxton, commissioner of education, said here today.

Among the things he enumerated are:

Lack of accommodations for three million of the army of children re-entering city schools.

Shortage of 75,000 adequately trained elementary school teachers, for both rural and city schools.

Shortage of 15,000 "adequately prepared city and rural high school teachers."

Shortage of 75,000 school rooms which, at present building prices, would cost \$9,000,000,000 to construct.

The fact that from one third to two fifths of American teachers lack adequate preparation.

It will take a minimum of three or four years to relieve the school room shortage, according to bureau of education officials. "This is due to halting of building during the war, pre-

ent cost of building and difficulty of floating school bonds issues. Schools will handle the room shortage by crowding and relaying pupils, according to Claxton, but with cost in efficiency in instruction "impossible to estimate."

Two remedies proposed to offset the lack of accommodations are the erection of temporary or portable structures and the adoption of the "work, study, play system."

The shortage of teachers will not be relieved "until America is ready to pay them three or four times the salary they now receive," Claxton said.

EXPECT SETTLEMENT OF ITALIAN TROUBLE WITHIN SHORT TIME

BELIEF EXISTS THAT AN AGREEMENT IS ABOUT TO BE REACHED.

TRIP OF PREMIER ADDS STRENGTH TO FORECAST

Thought Possible That Matter May Be Adjusted in Satisfactory Way Saturday.

ROME, Sept. 10.—Belief exists in political circles that an agreement which will end the conflict between Italian metal workers and their employers, which resulted in the occupation of more than four hundred plants by the men during the last week, is imminent. It is pointed out that Premier Giolitti must leave on Saturday for Aix Les Bains, where he will meet Premier Millrand of France, and that he could not go if the situation in Italy was not cleared up.

In a special issue the Tribuna reflects this understanding:

"Negotiations recently resumed for a solution of the metal workers' conflict," the newspaper says, "promise to result favorably. An accord seems to be near on the economic question, and despite complications, there is reason to believe difficulties will be overcome so that tomorrow, at the latest, the dispute may be considered settled."

"The solution proposed," the Tribuna continues, "corresponds to the principles maintained by the Italian proletariat as far back as 1848, the classical year for all modern European revolutions. Since then the extremists have asserted the necessity of taking possession of the means and production and operating them. While all workers have admitted this as an axiom, and have differed only as to the best means to reach the end sought, some have preferred reformist action with a view to approaching their ideal, and from this element has arisen the reformist socialist party."

Other preferred revolutionary action and not yielding to any temptation to participate in bourgeois governments. From this wing sprang the intransigent socialist party, which discipline spread throughout the country, the majority leaning to revolutionary tactics, believing them to be better adapted to their work in hand. The climate has been reached now with acts of violence by which the men have possessed themselves of industrial plants.

The question to be decided is whether the bourgeoisie will submit which would mean acceptance of the workers' conditions and would lead to the gradual socialization of all means of production, or resist, in which event the workmen may have emphasized revolutionary aims. The general opinion, however, gives the impression that neither extreme will be reached, and that for the present, a truce will be called, the employers granting more advantages for the men and the latter consenting to postpone some of their claims."

CONFERENCE REFLECTS A DESIRE TO COMPROMISE

MILAN, ITALY, Sept. 9.—Members of the socialist group in the Italian parliament, leaders of the general

confederation of labor and representatives of the federation of metal workers, conferred here today with delegates sent to Milan by the employers of labor. These interviews and discussions, which occupied the entire day, seemed to reflect a desire on the part of the contending forces to bring about a compromise which would solve the anomalous industrial situation in Italy.

Socialist deputies, as well as leaders of the confederation of labor, favor a middle course which may lead to an early settlement, realizing the grave consequences for all—that will result from a continuation of the conflict. A section of the metal workers, however, opposes any such move and wishes, rather, to enlarge the agitation by bringing in other classes of workers.

All the contending parties have reported to Signor Lusignoli, prefect of this city, who seems to enjoy the confidence of both sides. The prefect has held long interviews with Deputy Olivetti, secretary of the general confederation of employers; Prof. Riva, of counsel for several industrial unions, and Senator Conti, a leading industrial magnate, trying to convince them it is to their interests to reach a compromise, which, while perhaps unsatisfactory to both sides in all details, will prevent each of the opposing forces from standing in the place of victor or vanquished.

Farasese Same Course.

Signor Lusignoli has pursued the same work of persuasion with Socialist Deputies Daragnon, Branchi and Buoffi, who are moderates, and also with Deputy Gennari, secretary of the

socialist parliamentary group, who is among the extremists.

It has been reported several days that men who have taken over industrial plants have been arming themselves, and recent events have seemed to confirm these rumors. Nothing is known as yet, however, where they secured their military supplies, which are asserted to include rifles of the model of 1891, as well as helmets, searchlights, hand grenades and machine guns. The men go through military drill each morning under the supervision of the former officers in the Italian army.

In the Anzio works here 40 airplanes have been found ready to fly, and there is an organized body of pilots ready to operate the machines in case it is necessary to communicate between this city and Turin. A former non-commissioned officer named Filippini is in charge. The military organization of the metal workers in the plant has been entrusted to one Schiavello, a rabid revolutionist, who is said to have become a sort of general-in-chief.

"To accept it," says the Herald, "will be to complete a notable episode in international socialism. The

increasing cost of production and the political shyness of advertisers makes it necessary for us at once to double the price of this paper if this money is not accepted."

LONDON PAPER ADMITS HAVING BOLSHEVIK GOLD

LONDON, Sept. 10.—Admission was made this morning by the Herald, organ of labor, that it has in its possession 75,000 pounds of "bolshevik gold," the newspaper stating the money is being held, pending a decision by the shareholders as to whether it should be used. The opinion of readers as to the acceptance of the money is asked by the newspaper, which publishes the admission on its first page under glaring headlines. Last month charges that the Russian soviet government was subsidizing newspapers in other countries for the purpose of carrying on propaganda were published here, and the Herald was named as one journal which had received money from the bolsheviks. The newspaper refers to the soviet fund as a "magnificent demonstration of real working class solidarity and of what Russians mean by internationalism."

"To accept it," says the Herald, "will be to complete a notable episode in international socialism. The

increasing cost of production and the political shyness of advertisers makes it necessary for us at once to double the price of this paper if this money is not accepted."

TEXAS MINERS SATISFIED WITH THE RECENT AWARD

FORT WORTH, Sept. 10.—John Wilkinson, president of the United Mine Workers in Texas and Oklahoma, arriving here this morning to join in the conference between miners and operators arranging the new working scale. Wages will be increased in conformity with the recent awards of the national board. Texas miners are satisfied with the new rate of pay, he said.

Entire stock of the Patton Furniture Company placed on sale Monday, Sept. 13th; must raise money.

VISIT THE GRAHAM SHALLOW OIL FIELDS

We have 41 wells producing, drilling, rigs up or locations made in this district and invite you to make us a visit.

There are three sands, 1800, 2100 and 2500 feet deep. I own in fee and offer for lease the following tracts, in the James Tobin survey, 9 miles southwest of Graham and in the forks of the two rivers.

10.2 acres, block 20, about 400 feet north of the 100 acres on which the Panhandle-McClusky well is now producing, with a well going in on north and south of this tract.

Block 15—20 acres.

Block 7—16.9 acres.

Block 3—99.4 acres.

Three wells now drilling and two more locations made in Tobin survey. Send for map. Will be at Hearn Hotel till Saturday.

E. C. STOVALL, Graham, Texas.

Hanan Shoes

If there were a better line of shoes than Hanan's we would carry them—but there is not.

In an assemblage, wearers of Hanan Shoes will be noted for the elegance and correctness of their footwear. Hanan shoes in five lasts in three leathers—all sizes and all widths.

STAR TELLS AN INTERESTING STORY OF YOUNG ACTOR

William Faversham, internationally famous actor, now starting in the new Selznick picture, "The Man Who Lost Himself," by H. de Vere Stacpoole, which will be shown at the Wichita theater Monday and Tuesday, tells the following story about an English actor who was unfamiliar with American social distinctions.

DOUBLE FEATURE BILL IS OFFERED AT EMPRESS

A double feature bill is being offered by the Empress theater Friday and Saturday with the film version of John Breckinridge King's story, "Lahoma," and the "baseball" picture, "Over the Fence." With Babe Ruth in the stellar role, as the attractions.

"GO AND GET IT" IS ATTRACTION AT OLYMPIC

"Go and Get It," Marshall Neilan's great drama of newspaper life, is to be the attraction at the Olympic.

Quit Dabbing Powder. Don't mar your own pleasure and that of those around you. One application of Mrs. McCormick's Beauty Cream and the skin remains soft and velvety - whether in the Ball Room or out motor.

Mrs. McCormick's BEAUTY CREAM

Friday and Saturday of this week. The picture is composed of some scenes that have never before been attempted on the screen and these combined with the uncanny incidents in the main plot make "Go and Get It" one of the feature productions of the year.

The hero of the story is a cub reporter on a big city daily who is ordered to "go and get" the story of a baffling mystery which the police have been unable to solve. A scientific phenomena is shown in the case of the creator of the mystery, which is an un-named brute evolved from the brain of a hanged murderer and the body of a giant gorilla.

"THE INVISIBLE DIVORCE" IS MAJESTIC ATTRACTION

"The Invisible Divorce," a drama of the all-too-frequent tragedies that occur in married life, is the attraction at the Majestic theater for the last two days of the week. The eternal triangle is given prominence in the play, but in place of one triangle there are two, which adds to the complications ten-fold.

The abhorrence of public divorce leads the principals in both cases to refrain from taking their troubles to the courts for settlement and unfold mental anguish is caused by the stubbornness of pride until both affairs are cleared up in a totally unexpected turn of events.

A strong cast of actors keep the play moving in a lively fashion and the scenery and photography which constitute the picture is among the best that has ever been seen in a picture of this type.

Money-Raising Sale at Patton Furniture Co., beginning Monday, Sept. 13th, will last ten selling days.

PLAZA AIRDOME TONIGHT JEWEL GOLDEN'S JUBILEE GIRLS. In entire change of program. PICTURE PROGRAM James K. Hakett "ASHES OF LOVE" 5-reel drama of love and romance. Baseball each afternoon on Star Board.

WICHITA FALLS MAN HAS PATENT SMELTER

William Stingley, of 101 Adams street, Wichita Falls, claims to have invented a portable smelter which will revolutionize the mining business and eventually close the doors of the big smelters now in operation.

He is contemplating a trip to Mexico for the purpose of demonstrating his invention to mine-owners there. With this smelter, which is built of fire clay and which burns crude oil, Mr. Stingley says that the products of the mines can be smelted at the mouth of their tunnels, thus saving transportation charges on all but the pure metal.

"The Invisible Divorce" is a drama of the all-too-frequent tragedies that occur in married life, is the attraction at the Majestic theater for the last two days of the week.

STRICTLY ENTIRE SOUS.

The Wrong Turn. Somebody took me home last night in a friendly way. And I was glad, for it was like such things always are. But it was dark and when they went to turn my taxi, why they turned wrong, they did; and where I live was just a block away. And when I thought about it, why it seems that when I roam around a place, I'm always turning off a block from home. When it is not somebody else who does it, why, it's me—I can't get off a street car right. I guess that it would be the same way in an airplane; why, the plane might land and go a half a dozen blocks, but it would turn out wrong, I know. The spinner up or down from mine. 'T would not be changed a bit. I'd be a block from where I live at when the darn' thing quit.

And I guess when the wheels that in me stop, and I go west. Done by some mighty angel, or just by myself to rest. And think I have reached home, and sit down awhile and wait. Someone will tell me, Peter and he'll tag me from the gate. And say, "Get up and hurry here; that ain't no place to stay. You turned off at the wrong place, child; you're a block away."

In Hawaii the women won't wear grass skirts any more, but insist upon New York styles. This shocking evidence of increased depravity would have the prompt attention of the Hawaiian missionaries.—St. Louis Star.

But that's what civilization, the circle has reached back nearly to the early Edenic period now and we are wearing lower and lower. Of course, we don't predict a return to the fig leaf costume, but if anybody ever wants to wear a fig leaf, we're for it. Modesty is surely an ancient virtue, and clothing didn't spring from true consciousness of that virtue. It sprang from a false sense of propriety, which attached itself to Mrs. Adam when she had eaten the apple. If the Hawaiian women want to wear New York styles, we hope some mean old judge won't get out an edict preventing them, because edicts are seldom popular with ladies. Besides, some of our chorus girls are wearing grass skirts and necklaces, and turn about ought to be fair play.

"Many a girl who knows all about an automobile engine doesn't know a blasted thing about a sewing machine."—Arkansas Cat.

"And many a girl who knows everything about the shimmy doesn't know very much about baking biscuits."—Edmonton.

But it's just as easy to learn to run a sewing machine as it is to run an automobile engine, and without knowing the particulars, we should say it is just as easy to learn to bake good biscuits as to dance the figure mentioned. Girls can learn to do either, or both, or all of 'em. There is no limit to the possibilities of education, especially under the stress of necessity. The right kind of a girl would inquire just as eagerly into the ingredients and architecture of a plate of good biscuits as she inquired into the structure and disposition of the auto engine. It's the need, arising from the ingredients and architecture of the present order of youth has put auto engines and the dance-figure mentioned first for a short span of months in girlhood is no reason to assume that biscuit making and sewing wouldn't be picked up readily later on. Did you lean to patch the water pipes and fix the window railings and carve a turkey properly and mend the front porch and fences before you had it to do?

There is only one way to carry out a good resolution, and that is to bar thoughts of evading the obligation to your conscience.—Waco Times-Herald.

But the will to carry it out must be stronger than the desire to evade the obligation, which is an arresting thought. A good resolution is at best only a peg to hang performance on; a fair enough thing for a resolution, but very little assistance in time of temptation.

Until somebody writes it, that is—It may be raining outside, but we do not care a bit. We have a blank run on our desk and we can look at it.

Authorizations of classes in dress-making and millinery, and in physical training, as one of the features of the Young Women's Christian Association's work during the winter, was given by the association board Thursday morning, at the first meeting held since the summer vacation. Mrs. W. W. Blisk, the president, was in the chair, and there were 13 present, including board members and secretaries.

Explanation of the present plans made for the various classes was given by Miss DuBoise, general secretary, the plans meeting with the hearty endorsement of the board. Full authority to take any necessary steps towards the success of the classes was given.

The physical training classes will be in two groups, day and evening, and the first class will be held Friday morning, September 14, with Miss Helen Hood, recreational secretary as instructor. Registration fee of \$1 for the six weeks course will be required. The business girls classes will be opened later, details to be announced in a short time.

Mrs. Mary Green, well known local milliner, has offered her services for the evening classes in millinery. Miss DuBoise reported, and arrangements are under way for the instructor for the sewing classes. The present plans call for both day and evening classes, if the girls and women who are now employed during the day desire to take advantage of classes of this sort. The Y. W. C. A. headquarters are advised that they should do so immediately.

A fall rummage sale, which the First Church Women's Guild will be requested to manage, was decided upon also an exchange, which will be opened as a Christmas feature by the association, with a view of making it a permanent institution. The Women's Guild last spring volunteered their services in a rummage sale, meeting with great success, and their further services were generously promised at that time.

The meeting Thursday morning was well attended, a number of the board members who had been out of the city for the past two months being present. Reports from the various departments of the work were uniformly excellent, and there was much enthusiasm manifested for the work of the coming winter.

MR. AND MRS. S. W. STOUT LEAVE FOR NEW MEXICO NEXT WEEK

Mr. and Mrs. S. W. Stout, the former a member of the Hall-Scott business firm of Barwise street, the latter a prominent member of the local Rebecca lodge, leave the first of next week for Alamogordo, N. M., to make their home. Mr. Stout will go into business in Alamogordo.

Y. W. BOARD AUTHORIZES CLASSES, RUMMAGE SALE AND CHRISTMAS EXCHANGE

A charming hospitality is planned for Friday evening at the home of Dr. and Mrs. Knickerbocker, 325 North street, honoring Miss Josephine Daniels of Waco, the guest of Miss Belle Knickerbocker. Ten young couples will enjoy an "around the clock" party, for which a series of interesting contests has been arranged.

Miss Daniels and Miss Sarah Shaw of Canyon were the honor guests at a line party given Thursday evening by the Misses Knickerbocker, when four couples enjoyed Viola Dana's starring in "The Chorus Girl's Romance" at the Olympic theater. On their return home the guests were invited into the dining room, where at a prettily appointed table they were served with hot chocolate and cakes.

Miss Shaw left Friday afternoon for New York, where she enters Columbia University this fall, but Miss Daniels will remain here until about September 26, when she will be accompanied home by Miss Belle Knickerbocker, who will visit her for a few days, expecting to leave about September 28 to re-enter Southwestern U. at Georgetown.

PRETTY HOSPITALITIES FOR OUT-OF-TOWN YOUNG LADIES

REBECCAS TO GIVE FAREWELL PARTY FRIDAY FOR MEMBERS

The Rebecca lodge is entertaining Saturday afternoon, from 3 to 5 o'clock at the home of Mrs. W. L. Smith, 1193 Lucile street, for two popular members of the lodge whose resignations were recently handed in—Mrs. Maudie Watson, noble grand, and Mrs. Sadie Stout, district deputy, both of whom are expected to be away from the city this winter.

All members of the lodge are invited to be present at Mrs. Smith's Saturday afternoon, it is stated.

Mrs. J. C. Martin and daughter, Miss Ethel May, are in Hubbard visiting Mrs. Martin's father, Dr. D. W. Martin will go to Austin before returning home for a few days' visit.

T. W. Caskey, Jr., left today for Midland Texas, to enter Midland college.

The Straight Tone Arm Brings Them Straight to You

The Columbia Grafonola brings all the artists whose records you play straight to you in your own home because—

Its Straight Tone Arm insures that the sound waves will develop fully and naturally.

Its Scientifically Correct Acoustic Design gives exquisite clearness and purity of tone.

Its exclusive Tone Leaves give you complete and accurate control over tone volume.

These are some of the simple secrets of the unique realism of the Columbia Grafonola's reproductions.

But, built right into the motor inside its beautiful streamline cabinet, the Columbia Grafonola has another exclusive feature which adds to its reproductions the last touch of comfort and convenience—

The Only Non Set Automatic Stop

Nothing to move or set or measure. Never stops before it should. Always stops at the very end. Just start the Grafonola, and it plays and stops itself.

Ask the nearest Columbia dealer for a demonstration of the stop that needs no setting.

BUSINESS MEN GIVE APPROVAL TO BONDS

Proposal is Endorsed At Luncheon Of Council At Noon On Friday.

The business council of the Chamber of Commerce at its weekly luncheon at the Wichita Club Friday endorsed the proposed bond issue for which an election is being called in Wichita Falls and by their vote members of the council pledged themselves to support and work for the approval of the bond issue.

A brief statement of the bond issue proposed and the necessity for the same was made by Councilman W. A. Curlee upon request of the council. Secretary Harrison of the Chamber of Commerce announced that the first shipment of materials for the street lighting system had been made and that a call would be made upon subscribers of the fund within the next 24 hours for one-half of their subscriptions. He said it appeared that the most of the improvement would be made within the next few weeks for which the property owners had pledged themselves.

DE HAVILAND AIRSHIP CARRIES 16 THOUSAND LETTERS FOR NEW YORK

SAN FRANCISCO, Sept. 10.—Sixteen thousand letters for New York and intermediate points were stowed in the De Havilland airships in which Pilot Ray Little of Oakland, Calif., was prepared to hop off this morning on the first leg of a flight inaugurating daily eastbound air-mail service between the Pacific and the Atlantic oceans.

Before sunset tonight an airship bearing the mail despatched Wednesday from New York was expected to complete its flight at the Golden Gate. This plane, on the first westward flight of the trans-continental air service, remained overnight at Cheyenne, Wyo.

DECREASE IN AMOUNT UNFILLED STEEL ORDERS

NEW YORK, Sept. 10.—Unfilled orders held by the United States Steel corporation in the month ending August 31, totaled 18,891,928 tons, against 11,112,451 in the month ending July 31.

CUT THIS OUT

OLD ENGLISH REMEDY FOR CATARRH, CATARRH, DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrh, Deafness, head noises or ordinary catarrh cut out this formula and deliver it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Secure from your druggist 1 ounce of "Farnin" (double strength). Taste this honey and add to it a pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Closed nostrils should open, breathing become easy and the obstructive tubes be reduced. Farnin used in this way acts directly upon the lining and mucous surfaces that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

SIGN A CONTRACT FOR EXTENSION OF SEWERS

Factory District And South Part Of City To Benefit From The Improvements.

City officials Friday morning signed a contract with the C. R. Nichols and Company of Houston for the extension of the sanitary sewer system, for which \$799,000 bonds are proposed. Immediate expenditures will be taken care of through the issuance of \$250,000 warrants bearing interest at seven per cent. The Nichols company will take these warrants.

LIEUTENANT FLETCHER THOUGH WITHOUT A LEG HAS "NO KICK" COMING

SAN ANGELO, TEXAS, Sept. 10.—Lieut. Robert S. Fletcher of Plainview, Texas, a patient at the Walter Reed hospital in Washington, D. C., now home on a furlough, declares that he has "no kick" coming and there's a reason—Lieutenant Fletcher hasn't any artificial limbs for him, thanks to a German shell during the Meuse-Argonne offensive in France.

CHANGE NOTION ABOUT CALOMEL; NOW DELIGHTFUL

Old-Style Calomel Gives Place to the De-Nauseated Tablets Known as "Calotabs"—Perfectly Safe.

With all of the liver-cleansing and system-purifying qualities of the old-style calomel, but robbed of its nausea and danger, Calotabs is destined to become the most popular as well as the most useful of all home remedies.

Calotabs at bedtime with a glass of water—that's all—no taste, no griping, no nausea, no salts. Next morning your liver is active, your system purified, and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Genuine Calotabs are never sold in bulk. Ask for the original sealed package. Price 35 cents if you are not thoroughly delighted your druggist is authorized to refund your money.

obstacle in the fight for the good things of life. He does not complain, because his loss was for the benefit of his country. He has no criticism to make of the war department or the marine, in which the war was waged. He takes his condition philosophically and never has the blues.

In climbing over obstacles, the officer had no peer. Thus far he has leaped to and fro better than most able-bodied men, and he often dives into the water from a height of thirty feet, recently his comrades at the Walter Reed hospital rigged up a rope and pulley to aid him in reaching the top of the diving tower at the hospital pool. Before a large crowd which gathered to witness his skill as an aquatic performer he disdained the use of the contrivance and mounted the ladder used by the other swimmers.

See a Roller Skat.

In getting about the streets Lieutenant Fletcher also receives the aid of friends and propels himself along on a roller seat at a rate faster than a man can walk. And he is not satisfied with this mode of transportation but declares that before long he will be walking again, for the army surgeons are working on a pair of artificial limbs for him, thanks to a German shell during the Meuse-Argonne offensive in France.

But there's another reason, and a better one. Lieutenant Fletcher is just another example—although an exceptional one—of that American optimism and indomitable spirit which refuses to be downed by adversity but, maintaining a cheery outlook, surmounts every

motor car from his home at Plainview to San Angelo. In order to see a doctor he devised a device which was attached to the clutch and then operated the lever with a wire extended to within easy reach of his hands. As soon as his treatment at the hospital is finished Lieutenant Fletcher expects to take up the study of law.

The young army officer was a member of the Texas National guard, prior to America's entrance into the world war. Previously he had worked several years on a ranch in Pecos county and was in splendid physical condition. Up to the time he was wounded Lieutenant Fletcher was 6 feet 2 inches in height and weighed 150 pounds.

In May, 1918, while serving as a private with the Fourth Texas Infantry, he was assigned to duty on the Mexican border and served at Sanderson, Doquillas and Alamo. Later, he entered the third officers' training camp and received his commission there. He went to France as an officer of the 142nd Infantry and was serving with that regiment when he received the wounds which cost him his legs.

Lieutenant Fletcher is the possessor of several decorations for distinguished service, but seldom wears them. He takes the position that his condition speaks more eloquently of his services to his country than could any number of medals.

Mrs. S. A. Youngblood, teacher of piano, Studio 1509 Eleventh street, Phone 627, 130-217

ARKANSAS-TEXAS CO. REPORTS GOOD WELL

Of C. Birk Tract Between The Bowers Well And The Ramming Pool.

Officers of the Arkansas-Texas company report that their test on the C. Birk tract, between the Bowers well and the Ramming field, flowed twice Wednesday afternoon, the second flow going as high as the top of the derrick and that the well has been shut off pending the construction of tankage and pipeline connections. It is said that the Texas company will extend its Bowers well line to the new well, which should give it an immediate outlet.

The drill was reported to have entered the sand about two weeks ago at a depth of 325 feet, and although the Bowers well found the sand at a slightly greater depth it is thought that the sands are identical but that the new well is a little higher up on

the structure. It is also on a lower surface level than the older well. It is thought that this discovery will stimulate activity in the section in which it is located.

BEGIN ON SECOND WELL ON THE WOODALL FARM

The Donoho-Rayson Production Company has started work on its second hole on the Woodall farm, north of the city. The company was unable to get casing in a promising sand found at 550 feet and after many weeks of effort gave up the attempt, skidded the derrick over about 40 feet and started a new hole. The drill was 15 feet in the sand when the first hole was abandoned.

The company will test out a stand passed through at 650 feet in the first hole.

MEMBER AMERICAN NEWSPAPER PUBLISHERS' ASSOCIATION FRIDAY, SEPTEMBER 10, 1930.

PLATFORM DEMANDS REDISTRICTING The platform adopted by the democrats of Texas calls for the redistricting of the state by the Thirty-Seventh legislature...

It is probably too much to expect that selfish purposes will not creep into the redistricting but they ought to be held to a minimum.

The election of General Obregon to the presidency of Mexico is hailed with satisfaction by many American observers who believe that it is another indication that Mexico is turning again to the path of peace and progress.

Obregon has shown himself to be a wise, resourceful and humane leader and his friendship to Americans and to the United States has been many times expressed and shown.

Testimony adduced before the senate's campaign and investigation at Chicago may fail to disclose that the republicans actually got \$16,000,000 to buy the election but enough has been brought to light to convince that it was the desire and purpose of the republicans to raise a huge campaign fund.

With Mexico at the head of the Mexican government there is hope that the rehabilitation of Mexico may be begun.

With Other Editors Jumping the Jazz. The sober citizens of London and Paris alike deplore the invasion of the American jazz band.

In London they say it would be permissible to call the jazz a sport, a recreation, even a diversion, but to call it music is a crime. It is like introducing a snare drum in the hour of silent prayer.

Everybody admits that 400 years hence jazz will be classed with piracy, mayhem and other felonies. It is one of the things that have caused the big war and there are no really bright-minded humans who defend it, but nevertheless, when the jazz saxophones begin to moan "Chin-a-lin's Jazz Razzar," the pint legs of most folks begin to wiggle in unretarded admiration.

Dr. Hampshire & Hoover Practice Limited To Skin and Venereal

When Pahcho Villa and his men ambled into San Pedro to surrender and to support the de la Huerta government, one of Villa's followers confessed to a newspaper man that a leading reason for the surrender was that the business had become too hard work.

NEAR TWO MILLION DOLLARS COLLECTED

(Continued from page 1.)

than the quotas I have assigned them. I will not accept it. What they say 4) after they have raised what I asked for, is none of my business."

Reviewing the results of the campaign, Mr. Upham said:

"Hitherto the east has always paid the bills for both parties. But up-to-date two-thirds of our funds have come from what New York considers 'the west.' The fact, I think, is a pretty good argument that we are getting away from what is called 'Wall street influence' and about which we have heard so much here."

Mr. Upham agreed "absolutely" with Senator Pomerene that the quotas sent from his office were "by no means the limit of the receipts and expenditures" which may be made through the state political machinery in New York and other states."

Ask for Detailed Figures.

Senator Pomerene produced figures showing the division of the budget for various items, but the witness objected on the ground that it would be unfair to force the republican party to reveal its campaign plans.

Senator Pomerene insisted his demand was fair and pointed out that republican members of the committee could get the same information from the democrats. Edmund H. Moore, Governor Cox's personal representative, who was a spectator, interjected the comment that he agreed with Mr. Upham and believed Senator Pomerene was carrying the investigation too far.

The Ohio senator declared he drafted the resolution creating the committee and that it had full power and the other members sided with him.

Moore is questioned.

Senator Kenyon called Mr. Moore to the stand and questioned him about democratic campaign fund plans and particularly help that may have been received from the liquor interests.

Asked for \$100,000.

John G. Bryson of Brazil, Ind., chairman of the republican ways and means committee of that state, said he was appointed to that post by the chairman of the state central committee. He said that Fred W. Upham, treasurer of the national republican committee, asked him to try to get \$100,000 from the state.

It then developed that Mr. Bryson had held the increased quota idea adopted in Michigan and Ohio, asking

his district committees for about \$66,000. "Of course, you can't raise that much money in Indiana," he added.

Charles Boeschstein, democratic national committee man for Illinois, said there was no fund-raising organization of his party in the state. He said he was just starting to get a fund together, the limit being "the ability and willingness of the men who contribute."

Mr. Boeschstein said a letter campaign was in prospect and that he hoped to get county chairmen in most of the counties.

There are some counties in Illinois where you can't find two democrats willing to work," he said.

The witness told Senator Kenyon he had no hopes of raising a large fund this year and was, in fact, a bit discouraged over the outlook. "He knew nothing of any organization trying to raise democratic funds in the state."

Letters to Postmasters.

The witness was asked about letters sent to Joseph Coffman, the Augusta, Ill., postmaster, and given to the committee yesterday. He said he had no list of federal officeholders and none of postmasters, but "suspected" he had sent some letters to postmasters. He assumed responsibility for the letters.

The envelope stamped "delivered at home address only" was shown him and he said he frequently used that stamp to call attention to the letter. He said the practice was not confined to letters sent a federal officeholders.

"Can you produce a single envelope so stamped and not addressed to federal officers?" asked Senator Kenyon.

"How can I get the envelopes?" retorted the witness. "Frequently, however, I say yes I did use that stamp on letters to bankers and others."

"It is not true that you are trying to get funds from federal officers in Illinois," queried Senator Kenyon.

"Positively not," said Mr. Boeschstein.

Senator Kenyon learned that Mr. Boeschstein hoped to raise all the money he could get.

"But as a matter of fact when we get that much, we have barely enough to meet necessary expenses," said Mr. Boeschstein.

Refuses to Bryan.

"Mr. Bryan is one of the prominent heads, isn't he?" asked Senator Kenyon.

"No, just a prominent employe," Mr. Moore retorted.

"He is a democrat, though, isn't he?" the chairman protested.

"So I have heard."

From the league prospectus, Senator Kenyon read the names of several democrats, including Bainbridge Colby.

"I felt it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."

"I'd rather get a letter like that, any Peterson of Buffalo, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man."

"For years I have been selling through drug stores a large box of Peterson's Ointment for 40 cents. The healing power in this ointment is marvelous. It cures eczema in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered."

"It stops chafing in five minutes and for scalds and burns it is simply wonderful. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. Willford-Harrison or Samsbury Drug Store will supply you—adv."

secretary of state Bourke Cochran and Joseph W. Bailey of Texas, who were admitted speakers in the campaign against prohibition. He also asked about the "Forward Looking Association of Ohio," which he said had announced Governor Cox's 1918 campaign; the New Jersey Federation of Liquor Interests, whose president, George T. Carroll of Elizabeth, he raising funds to help Governor Cox, according to a letter offered last week by Will H. Hays, and the Ohio Liquor License League, which, according to a certified copy of its report, had contributed to the Ohio governor's campaign in 1918.

Cliffed as Illustration.

"This illustrates what can be done to get campaign funds outside the national committee, doesn't it?" asked Senator Kenyon after reading his Carroll letter.

"Absolutely," Mr. Moore agreed.

"How can Iowa be drafted to stop that?"

"I don't believe it can be done, but it is worth trying."

Mr. Moore hoped the questioning of the republican members of the committee was not an attempt to inject a wet and dry issue into the presidential campaign.

"The fact that I am known as a strong anti-prohibitionist is of no more significance than that George White, chairman of the democratic national committee, advocated and voted for prohibition in congress," he said.

Senator Spencer said he was merely trying to learn whether the liquor interests were contributing to the Cox campaign fund and Mr. Moore said he was sure they were not.

The senate committee at the noon recess announced that the investigation of the charges by Governor Cox would be completed here tomorrow and that the committee would then recess to meet in some eastern city on September 22.

PERSONAL REPRESENTATIVE OF GOV. COX ON STAND

CHICAGO, Sept. 10.—Edmond H. Moore, personal representative of Governor Cox, resigned the stand today before the senate committee, investigating presidential campaign expenditures. After several conferences with Senator Reed, Mr. Moore told the committee he desired to go on the stand again to present further testimony tending to prove charges made by Governor Cox that the republican national committee was planning to raise a \$15,000,000 campaign fund.

On Saturday the committee will hear Mrs. Jessie Barchard of Minneapolis, Miss Eunice Coyne of Aberdeen, S. D., and other girl members of the internal revenue office force in Aberdeen, where democrats were said to have solicited 440 subscriptions from the girl clerks.

The committee will complete the Chicago end of the inquiry tomorrow, but the question of where the next session would be held has caused a split in the ranks of the senators conducting the hearing.

The republican members, Senators Edge, Spencer and Kenyon, have declared that the evidence brought by Mr. Moore to support Governor Cox's charges has proved nothing and they would be held back charges and move on to Pittsburgh to investigate reports that the liquor interests were expending vast sums of money in the interests of Governor Cox's candidacy.

The democratic members, Senators Pomerene and Reed, however, are holding out to stage the next session in New York, where they would subpoena Col. William Royce Thompson, chairman of the republican national ways and means committee, and others. They

contended Governor Cox's charges are being proven and they wish to complete the investigation started here.

COUNTRY NOT INTERESTED. DECLARES PRO CANDIDATE

HAMLIN, MINN., Sept. 10.—The country at large will not care 20 cents to find out the exact figures or even the approximate figures of any campaign fund, said Aaron S. Watkins, prohibition candidate for president, in a speech at the Minnesota fair today.

"It is said by some that all the national elections since the Civil war have followed the line of largest contributions," Mr. Watkins continued. "The fact that the side with the largest campaign fund has usually won may be a case of cause and effect one way or another. It may be true that the party which is on the way to victory may easily secure the largest campaign funds because a going concern always attracts followers and supporters. So the man who calls attention too largely to his opponent's campaign funds may be betraying the fact that the swing is against himself."

"The real questions of this year are the issue of nations, the labor problem and the extinction of the liquor traffic. On all these questions we believe that the rural population can be reached with reason and will vote in accordance therewith."

9th and Indiana

BY J. E. MURPHY

Sport Shots

By Paul W. Darkin

A most serious blow to the budding and shattering will be more than welcomed by local fans. All reasons for apprehension will undoubtedly go to the heart.

Other clubs may have step up plans for next season but if any club can boast of two better than Frank Hayden and Clarence Darragh, we haven't seen them. The West Texas league produced some great ball players this season and almost the entire went to the big show from the Oil Belt league as from the Morris loop.

The insiders can rest assured that they won't be handed a thing in the present series with the Gassers. The Gassers are pulling for seasons to come as fast as they think they can. The club, you know, is not worth copping. They'll put their best foot forward.

Young Darragh came just about as near hurling a perfect game yesterday as any twirler has done in the circuit this year. Only 35 men faced him. The men got on by errors and were by a pass.

McGraw's injury came as a critical period and if he is out for the rest of the season his services will be badly missed.

The Indians drew first blood in Cleveland, but they're not out of the woods yet. Just as soon as the baseball writers begin to write columns as to why the Yankees are cracked, they come back and play better ball than ever.

Babe is sure in a fair way to pass the half century mark. Only three more are needed and if the opposing twirler will only let him get a crack at the pill now and then he'll pass the mark.

The honor of hitting safely in the most consecutive games this year will probably go to Harry Harper of the Rock Southern League club. He made a record of 32 games before he was stopped on August 27. No other player in any league has equaled that and it is hardly possible at this late day that any player will.

The biggest baseball crowd of the year will be credited to the Polo grounds and the figures will be set down at 23,122. That was the crowd, paid and passed, at the Yankee-White Sox game of Saturday, August 28. In addition to those who got by the gates, it is estimated that 25,000 disappointed fans were turned away.

Though the Giants met with disaster in the Pittsburgh series, they had the satisfaction of knocking out Babe Adams, their greatest hoodoo. Adams was knocked out of the box in the fourth chapter of the only game he started. Previous to that he had defeated the Giants four times this season, three of the defeats being shutouts.

HOUSTON AND FORT WORTH GOLFERS LEAD FIELD FORT WORTH, Sept. 18.—Twenty-four players, survivors of the 32 who started yesterday's play in the second annual invitation golf tournament at Rivercrest, started in this morning in the second round. O. R. Carlton Jr. of Houston and M. L. Massingill Jr. of Fort Worth led the field yesterday.

ANOTHER COAL STRIKE IS THREATENED IN COLORADO DENVER, Sept. 18.—Another coal strike in Colorado is threatened today as a result of the action of 3,600 miners serving notice on operators yesterday that they would walk out in 30 days unless they were given an increase of \$1.50 a day. The miners belong to the United Mine Workers of America.

SUCCESSFUL ATTACKS BY POLISH ARMIES WARSAW, Sept. 9.—The Polish armies on the northeastern front delivered a series of successful attacks upon the Russians today, and took 3,300 prisoners, four guns and two armored trains.

TOOTS AND CASPER

NEWS FROM THE COURTS

COMPLAINTS ARE FILED AGAINST CHIROPRACTORS

Action against the chiropractors of Wichita Falls has been instituted in the county court of law in the filing of complaints by Dr. M. M. Walker, city health officer. Twenty-three complaints have been filed and acting upon these complaints the county attorney has served out warrants for their arrest.

Ten complaints each have been filed against C. M. Black and F. A. Black, two against W. E. Nelson and one against F. J. Myers. It is set forth in the complaint that the defendant publicly professes to be a physician and surgeon and that he and there treat and offer to treat diseases and disorders, mental and physical, and physical deformities and injuries, and to effect cures thereof, did then and there while so professing, treat and offer to treat (naming an alleged patient), without first having obtained and secured a license and certificate of personal qualifications from any authorized state board of medical examiners of this state and without having a diploma from some reputable and legal college of medicine.

Further set forth in the second paragraph that the defendant did also accept money for his services rendered under the conditions named in the first paragraph.

EXAMINING TRIAL IN CASE CHARGING THEFT OF CAR Examining trial for A. J. Hinton, charged with the theft of an automobile was held Thursday afternoon before Judge of the Peace Owen and his bond was fixed at \$100. Complaint against the young man was filed by J. D. White who had lost a Ford car further identified the one in the hands of the defendant as his own. The alleged theft was said to have taken place on August 27. It was said that the engine number on the car had been altered but identification was established by several other distinguishing marks which Mr. White gave to officials.

VERDICT IS RENDERED IN FAVOR OF DEFENDANT The jury in the 18th district court late Thursday afternoon returned a verdict in favor of the defendant in the case of E. H. Thompson vs. the Wichita Falls & Northwestern Railway Co. The suit was for judgment for alleged damages to a shipment of cattle. The incident which brought the suit occurred over five years ago. It was stated.

BURKBURNETT SHOW MAN CONVICTED AND FINED \$50 After consuming the major portion of Wednesday and the entire day Thursday the case against M. D. Board, a moving picture man of Burkburnett, was brought to a close when a jury in the county court of law rendered a verdict of guilty and assessed a fine of \$50 and costs. The defendant was charged with the violation of the state statute prohibiting

YANKEE AND INDIAN GAME AT CLEVELAND ON STAR BALL PLAYER

The final game between the Yankees and Indians in Cleveland tomorrow afternoon will be shown by play on the Star Ball player at the Plaza stadium. The American League leadership will no doubt be at stake and it would not be a bit surprising if the winner of the game represents the American circuit in the world's series. More interest has been shown in this series than in any series this year either in the National or American League. Both clubs are running neck and neck for the lead.

Sticker Brothers, operators of the board, have tried to stage some of the big league series during the past couple of weeks, but have been unable to get a crowd. The board is now wired service out of St. Louis. However, they have been assured by the Western Union that they will have a wire tomorrow and the only reason for calling the game off will be rain in Cleveland.

MARRIAGE LICENSES John Shary and Ruth May Collier, H. M. Nicholson and Jennie Campbell, Burkburnett, J. Houston Phillip and Ola Lindsay, M. V. Horton and Hattie Montgomery, W. J. Renfro and Belle Taylor.

ARREST MAN WANTED AT SHREVEPORT, LA., ON A CHARGE OF MURDER

KANSAS CITY, Sept. 18.—Acting upon request of the police in Shreveport, La., the police here today arrested Frank Lombardino, 30 years old. The message from Shreveport asked that Lombardino be held, and said that he was wanted in connection with a killing there and that a Louisiana officer would be sent for him. No details of the alleged crime were given.

WANTED AT SHREVEPORT FOR KILLING A WOMAN SHREVEPORT, La., Sept. 18.—Frank Lombardino, arrested by the police in Kansas City, is wanted for the alleged shooting and seriously wounding of Sara Johnson, July 25. At the time of

HARDWICK LEADS IN RACE FOR GOVERNOR

ATLANTA, Ga., Sept. 18.—With official returns lacking from 13 counties, former United States Senator Hardwick today was leading with 183 county unit votes in the race for democratic nomination for governor. Clifford Walker, former attorney general, was second with 176 and John N. Holder, speaker of the house, third with 22.

COMPLAINTS TODAY SHOWED TOM WATSON, ex-congressman, received 212 county unit votes for the United States senate against 110 for Governor Dorsey and 34 for Senator Hoke Smith.

AMERICAN STEAMER IS AROUND OFF SPAIN

LONDON, Sept. 18.—The American steamer Siboney is aground in the harbor of Vigo, Spain, according to a London dispatch filed in that city yesterday. The fore part of the vessel is resting on the rocks. Passengers on board the ship are being landed.

MADRID, Sept. 18.—A Vigo dispatch today says that operations to float the American steamer Siboney began last evening. Men's silk shirts made to order at "The Fashion," 410 1/2 Lamar, 150-150

Take the Case of Solomon

With 700 wives he was wise enough to have them ALL help him in selecting his Fall suit.

And still these are married men living here in Wichita Falls who never give their wives' judgement the first thought—until it's too late.

MARRIED MEN LISTEN

Your wife may not know the first thing about driving a nail or baiting a hook, but she can drive a better bargain and get a truer line on values in one half hour's time than most men could in a life time.

If you leave it to wifey—you'll look around.

If you look around—you'll like us.

DOCTOR TO EXAMINE THE SCHOOL CHILDREN

Will Be Conducted By Dr. West As Soon As Possible After The Term Begins.

All children who attend school in the city this term will undergo a thorough examination by Dr. A. W. West, all-time health officer of Wichita county. Dr. West stated Friday that this examination would be conducted just as soon as possible after the opening of the schools next Monday.

The examination this year will be more thorough than that of last year and more time will be occupied in making the examinations. Comparison of records kept last year will be advantageous in this year's survey.

For the benefit of the county, Dr. West anticipates the establishment of another bureau of work, to be controlled from the headquarters of the all-time officers. This bureau is known as the bureau of child hygiene. The importance of this bureau is illustrated in the bulletin published by the health department of the state of New Jersey, which has established a bureau of this nature over the entire state.

Comparison is made. The bulletin gives the information that this bureau throughout the state was conducted during the year of 1919 on an appropriation of only \$125,000. Comparison of the results with statistics of former years brought out the astonishing fact that 15,955 fewer babies would have died if the infant mortality rate of 1919 had prevailed during the preceding decade.

DR. KNICKERBOCKER TO "HAND YOU A LEMON"

Free Baby Clinic

"Sunday night," says Dr. Knickerbocker, "I am going to hand everybody in the audience a lemon. This will be a literal lemon, however, and will be the second of the series of fruit services and their symbolism which I am putting on at my church."

"I will preach on the subject, 'What to Do When You Are Handed a Lemon,' and will distribute several boxes of fine juicy California lemons by way of souvenir illustrations. This ought to be a popular subject, because the 'lemon handers' meet us on every side."

"The book, your wife, your clients, your customers, Life, Fate, what-not are constantly handing you lemons. Your happiness here and hereafter depends on what you do with those lemons."

"I have invited the labor unions to be my special guests, and a section of the sermon will be on the subject 'When Capital and Labor Hand Lemons to Each Other.'

"Last Sunday night the apple service," in the music, filled the church to overflowing, so you'd better come early to get a seat. Prelude concert begins at 7:45 p. m."

"Extra special music including the famous 'Anvil Chorus' will be given by the male chorus at this service."

"At 9:30 in the Olympic theater I am going to lecture to men only on the subject 'Some Queen.' This is the inauguration of a big down town men's lecture class. Prof. Krumpel will give a 15-minute prelude concert on the great organ of the theater."

"At the 11:00 o'clock service my subject is 'Preserving Dew Drops' or 'The Secret of Constancy.' This service will be in the nature of a great membership rally, and will be featured by the administration of the sacrament of the Lord's Supper."

ELECTION TO VOTE ON BOND ISSUE OCT. 12

Date Has Been Fixed By The City Council And Ordinance Passed First Reading.

October 12 has been fixed for the election to vote on the issuance of different bond issues that have been under discussion in the city council for some time. The bond issues to be voted on include the following:

- \$100,000 sanitary sewer.
- \$250,000 storm sewer.
- \$200,000 waterworks improvement.
- \$240,000 street improvement.
- \$100,000 incinerator.
- \$25,000 hospital.
- \$25,000 parks and cemetery.

The bonds are to be 40 year bonds bearing six per cent.

The ordinance calling the election was placed upon its first reading Thursday. Another session of the city council was scheduled today for the second reading and a third session Saturday morning.

FEED NERVES PLENTY OF PHOSPHATE IN SUMMER

Keen Minded Men, Energetic and Successful Rely on it Asserts Prominent N. Y. Physician

Bipro-Phosphate a Godsend.
Men and women, nervous and fretful, easily upset and often fatigued, need plenty of organic phosphate, and the sooner they heed this advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is a most important part.

Your nervous system, your brain, your blood and even your bones must have a sufficient supply of phosphorus or weariness, nervousness and a general run-down condition, as well as lack of normal mental power, is sure to result.

Big men of affairs—mighty men who control industries because of sheer will power and nervous force, know this, or, if they don't, are clever enough to have a physician who does.

Physicians more and more are realizing that Bipro-Phosphate, as dispensed by Miller Drug Co. and all leading drug stores, is a necessity to over 90 per cent of men and women, because present day foods do not contain enough phosphate to give the body, and especially the nervous system, the supply it needs.

Speaking on this very subject, Dr. Frederick S. Kollie, Editor-in-Chief of Physicians' "Who's Who," and a nationally known author of medical text books, in a most emphatic statement said:

"If I had my way, Bipro-Phosphate should be prescribed by every doctor and used in every hospital."

Later, Dr. Kollie said: "When the nerve tissue begins to lose its vitality, women begin to lose their youth and vivaciousness. Her lively, pleasant disposition fades away—she becomes irritable, uncompanionable, moody and despondent. It would indeed be a godsend if more men and women were aware of the efficacy of Bipro-Phosphate."

Hot weather is dreaded by men and women who are weak, thin, nervous, timid and lacking in vigorous development because it saps their vitality almost to the breaking point.

To all such people Bipro-Phosphate is recommended because it is the one organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from any suggestion of weakness or disordered nerves.

Your druggist has Bipro-Phosphate in the original package with complete instructions for best results.

NOW READY for BUSINESS

In Our New Quarters, 820-22 Indiana Avenue
Perkins-Timberlake Old Place

Having completed moving our stock from our old store, besides opening up large shipments of new goods, we are now prepared to supply anything for the office, including desks, tables, chairs, costumers and rugs, steel safes and filing cabinets and all smaller office supplies. Printed forms of all kinds, loose and bound.

In our printing plant we do printing, ruling, binding, engraving, embossing and rubber stamping. Special attention given to office forms. Any orders for printing may be placed at store.

Our book and stationery department carries books suitable for all ages including late fiction, popular copyright novels and juveniles by the best writers, Bibles, Testaments and Religious Readings, Standard Sets, Scientific Works, School Books and Supplies. Much thought has been given arrangement of display and fixtures in this department, making it possible for a child to locate anything desired.

We have plenty of room and in a very few days we hope to show Wichita Falls a book and stationery store second to none in the state.

We invite our customers, friends and everybody to make our store their loafing place while in the city.

We feel indebted to our many friends for our success in Wichita Falls and sincerely solicit a continuance of your business.

A two-story home consisting of nice rooms, has good servant house and garage, \$18,000. This house is an exceptional good buy for anyone desiring a nice place of this size; is well arranged for revenue. If you want a nice home of this size we only ask the opportunity of showing you this property.

Near the High School

A two-story, eight-room home situated on a corner lot, \$16,000. For a close-in buy we do not think there is another home of this size in the city and we would appreciate having you call on us relative to this property. It is the market for a good close-in home.

Southland Addition

A practically new two-story home consisting of six rooms, \$14,000. This place cannot be built for the above price and if desired can be handled with a cash payment of \$1,500.

Lucile Street

On a corner lot, one of the most desirable six-room floor plans to be had in the city, has good servant house and garage, \$11,000.00. This home has a very nice feature that could be desired and if you want a nice home of this size you should investigate this property.

Filmore Street

On a corner lot, a strictly modern six-room floor plan, \$12,000.00. This place has been built with six months and is exceptionally good buy for this money.

Lucile Street

A north front consisting of five rooms, good garage, \$7,000. This place is an exceptionally good buy for anyone desiring a nice little home of this size.

Tenth Street

A south front five-room modern house and garage, \$15,000. This place is situated in the best location and is a good buy at this price. If desired can be handled with very reasonable terms.

Homes and Investments

If in the market for either you will find it to your interest to call on us, as our list will always be found to be complete of the best buys to be had in the city. Furthermore, we will assist you if you are dealing with one of the oldest established realty firms in the city.

ASK INVESTIGATION OF CHARTER ELECTION FOR BURKBURNETT

COUNTY ATTORNEY WILL BE REQUESTED TO CONVENE COURT OF INQUIRY.

ALLEGED ILLEGAL VOTES AND OTHER VIOLATIONS

Charge That Distance Markers Were Pulled From Fastenings And Limit Disregarded.

BURKBURNETT, Sept. 9.—Citizens of the town openly charge that many illegal votes were cast in the recent charter election and the city administration will ask that the county attorney call a court of inquiry to investigate and take the necessary steps to prosecute all who had any part in the alleged violation of the election laws. It is also said that the election will be contested in the courts.

The city officials prepared to handle the number of votes which, according to careful estimates, there should have been in the territory included, but when the election opened, men claiming the right to vote began to arrive from outside the town by the truck load and to line up in front of the polling places. Distance markers had been posted, but these were rubbed and pulled from their fastenings. It is said, and also that men went among the voters, inside the markers, instructing them as to how to cast their votes.

Mayor D. D. Lacey states that the only effect of the defeat of the charter has upon the city is that it prevents the paving and other contemplated improvements. He says that under the present charter the city cannot assess taxes at a rate higher than 60 cents on the \$100 valuation and that this will not bring sufficient revenue to pay the first year's interest and installment of the indebtedness that was contemplated for improvements; that had the charter carried the rate would have been placed at 80 cents for this year and that hereafter, when the tax would apply to the property in the district to

OLIVE THOMAS DIES IN A HOSPITAL IN FRANCE

Well Known Movie Star Swallows Poisonous Solution Through Mistake Last Sunday.

PARIS, Sept. 10.—Olive Thomas, formerly widely known in American musical comedy stage and for several years past a motion picture star, died at 11 o'clock this morning in the American hospital at Neuilly. She was taken to that institution last Sunday suffering from a slow poisoning, having swallowed a poisonous solution early that day by mistake, according

to Dr. Joseph Choate, the American physician in charge of the case.

Recently Miss Thomas, who came to Europe with her husband, Jack Pickford, several weeks ago, had suffered from nervous depression. It was said. First aid was promptly given her by Mr. Pickford when he returned Sunday to the hotel where they were stopping and found his wife in a serious condition and every possible effort was made at the hospital to counteract the effects of the poison, but without avail.
