

IOWA PARK TO VOTE ON BOND ISSUE FOR CITY DEVELOPMENT

PROPOSE TO EXPEND \$55,000 FOR WATER, SEWERS AND PAVING.

PLAN FOR WATERWORKS HAVE BEEN COMPLETED.

Town Expects To Be Included In Proposed Irrigation District Number Two.

IOWA PARK, TEXAS, Sept. 16.—An election will be held here on October 4 to decide upon the question of the issuance of city bonds in the sum of \$55,000. The money to be realized from the sale of these bonds is to be spent for water works, sewers and paving.

Plans for the water works have been completed and work is already well advanced. A steel water tower has been erected, on the top of which has been placed a tank of 100,000-gallon capacity. Before the election occurs two water wells will have been completed, from which the future supply of water is to be taken.

The proposed water system is to be co-extensive with the corporation boundaries so that no part of town will be without city water. The mains in the business district are to be of eight-inch pipe and in the residence district to be of four-inch pipe. At the wells a centrifugal pump will be installed, driven by a gasoline engine. The sewer system is to be co-extensive with the water system. The paving to be laid is to be of concrete, and is to be in the business district only.

Iowa Park expects to be included in irrigation district No. 2. The election to decide the irrigation question will be held in the next six weeks.

Business buildings on one entire block here, with the exception of two, are of fireproof construction throughout.

Few Cases of Fever. Dr. J. F. Clark, city health officer, states that there have been fewer cases of typhoid fever during the present summer in Iowa Park than in any other town in the state, in proportion to population. There were sixty-five cases of typhoid, one of which resulted in death. Of these sixty-five cases, but two originated in the city.

The town is free from malaria, having had no mosquitoes until within the past ten days when a few made their appearance owing to the unusual rains.

Since the first of January there have been four cases of smallpox, all of which occurred in one family, and two cases of scarlet fever. In a few instances inefficient diphtheria has been noted, but antitoxin was administered so that no cases of the disease developed.

Plan for Sewerage. A plan is on foot for the erection of a private corporation of a sewerarium to cost \$25,000. The structure is to be fireproof. Over \$500,000 of the amount required has already been subscribed, mostly by the business men of the city.

Four Hundred Pupils. School Superintendent W. B. Bradford reports that about four hundred pupils have enrolled during this first week of the school year, and that the work is being utilized in the work of classifying the students and organizing the classes. Class work is to begin next Monday.

The school building, which was injured by a windstorm in July, is being repaired and the work will be completed this week.

The salaries of the Iowa Park teachers have been raised again this year, having been consistently increased by the board of education each year since 1917-18, when grade teachers received \$50 per month and high-school teachers \$60. In 1918-19 the pay advanced to \$60 and \$75; in 1919-20, to \$75 and \$85 and this year to \$110 and \$125.

By special arrangements all of the teachers save two get board at from \$6 to \$45 per month.

The board of education is adding to the present equipment a \$500 laboratory for work in physics, physiology and physical geography, and the Mother's club has given the school \$100 worth of playground equipment. An appeal to donate about \$200 worth more; also about \$200 worth of books

will be added to the school library. Latin, French and science are to be taught as electives, the other work to be outlined by the state department of education.

The state inspector of affiliated schools is expected here about October 1st to outline the year's work, and an effort is to be made to affiliate the schools this year.

The "Teacherage," a pretty bungalow near the school grounds, has recently been papered and painted, fencing and other improvements are to be made upon it and cement walks are to be laid on the school grounds.

Superintendent Bradford occupied a similar position in Byers for the past three years.

Sidewalks Extended. About \$500 has been expended recently by the Methodist church for sidewalks at the church and parsonage and about \$500 more is being spent in repairing and improving the church building.

Rev. O. E. Moreland, the pastor, who went with his family to North Carolina and other states in July, was detained longer than was anticipated by the illness of Mrs. Moreland, owing to whose ill health the pastor has asked for a transfer to some higher altitude.

NEW YORK ELECTION TO CHOOSE SUCCESSORS TO THE OUSTED SOCIALISTS

NEW YORK, Sept. 16.—Special elections were held in Greater New York today to fill vacancies in the state assembly caused by the expulsion of the five socialists at Albany last spring.

The socialist assemblymen ousted after a long trial on charges of disloyalty, sought vindication at the hands of their constituents by appearing as candidates for re-election.

They are Samuel A. Dewitt, Samuel Orr, Louis Waldman, August Claassen and Charles Solomon. In addition the socialist party has named Nat Rubin as a candidate at another special election in Kings county for the vacancy caused by the death of Assemblyman John Danico, republican. In all the districts, the socialists were opposed by fusion candidates. Indications pointed to a heavy vote.

Assertions have been made by some of the assembly leaders of both parties that if the ousted socialists were re-elected, steps would be taken again to prevent them from taking their seats.

LEADERS OF GREAT BRITAIN MINERS HAVE MISGIVINGS REGARDING PROPOSED STRIKE

LONDON, Sept. 16.—Indications that leaders of the miners federation have some misgivings relative to calling a strike on September 21, are found in the announcement that a full conference of delegates from every mining district in England will be held next Tuesday. It is reported that a large number of miners have failed to give strike notices, and assertion is made that many trade unionists are lukewarm in their support of the miners.

Another conference with Sir Robert S. Horne, president of the board of trade, will be asked by the miners representatives. It is said.

SCHOOL FOR KIDDIES ATOP HOTEL ROOF

So that it would not be necessary for the children to leave the hotel at any time and risk passing traffic in the streets, a school has been established atop the Fairmont Hotel, one of the most exclusive in San Francisco. These are kindergarten and primary classes.

SCOTTY ALLEN EVENS THE SCORE WITH BALDY HIS EVER FAITHFUL DOG

BERKELEY, CAL., Sept. 15.—Scotty Allen fell today he was partly even with Baldy of Nome. Baldy, lead dog of the Darling-Allen team, which won the Nome sweepstakes eight times, once in the Arctic wilds, turned back the team on the trail to find his master, Allen, who had fallen and was injured. Baldy saved his life.

Last night it was Allen's turn. He found Baldy in convulsions from strychnine poisoning. He worked with the dog for five hours until he counteracted the effects of the poison and Baldy was being prepared for another sweepstakes.

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and spots disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they forestall eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 153 Swift Laboratory, Atlanta, Ga.

Canvas, Lining Paper, Etc.

We are well stocked with the highest grade canvas, lining paper, paste, tacks, and other miscellaneous articles. Also specialty paints, varnishes, etc., for every need about the home.

S-W Decorative Plans

Certainly do improve home environment. They bring out its best influence upon both grown-ups and children. They lighten housework and give pride and interest to housekeeping. Plans free to painters and home folks.

Hire a Good Painter

because good results in painting depend on the proper application of the best materials. Have him use S W P.

Newest Wall Paper Designs

Our wall paper department is a great feature of this business. Whether you want the finest papers or those more moderately priced, you will find a wide selection here, including many novelties not shown elsewhere. It's a great advantage to you to have a choice from such a large and varied stock. Besides which, we have a man in charge who can help you in your selection, give you advice on color schemes and draw up decorative plans.

S-W Flat-Tone

A particularly delightful and economical feature of Flat-Tone is the ease in which monotony is avoided. When you loose interest in the first coat—the plain tone—you can change it by mottling another tone over it. This same process applied over and over again always keeps the decorative scheme alive and interesting with newly added colors.

S-W Floorlac

is an all-around varnish and stain combined. It does both jobs in one operation. It brings old furniture out of the discard for years of extra service. It makes worn out floors look like new, and gives standing woodwork the charm of rich coloring and fine varnish.

Y. W. WORKER IN ITALY FINDS GIRLS DON'T LIKE TO ROMP

Miss Irene Baber, Y. W. C. A. worker who has just returned to the United States after a year and a half of recreational work among the girls in Italian cities, found Yankee "pop" somewhat lacking in the sunny Italian.

American girls have a nervous energy never found among Italian girls," Miss Baber said.

"That's why Italian girls don't like to romp or play the games that call for constant physical alertness. They enjoy hiking, and they are not lazy, but they haven't the American nerves that call for vigorous activity.

"Give Italian girls a guess game, or something that calls for a quiet contest in headwork, and they're in their element."

Similarity in Dress.

Miss Baber found, however, a great similarity in the bearing, build and manner of dress of American and Italian girls.

"They dress quite stylishly, in much the same type of clothes New York's employed girls wear. They are not given, however, to gaudy blouses or silk stockings for work, and though they do not earn as much money as girls do here, they know how to live on much less."

Miss Baber said that she did not find great poverty in Italy, in spite of the continual strikes.

"No homes seemed to be wrecked, and living is not so complicated there as here when there is a strike on. They just go without things until it's over. There's always enough to eat."

CALL TO CALVERT TO ATTEND FUNERAL BOY BROWNED MONDAY

Mr. and Mrs. J. M. King and Mesdames W. H. Roberts and J. J. Hill were called to Calvert Tuesday to attend the funeral of their 11-year-old nephew, Clifton Tyson, who was drowned Monday afternoon while swimming at Remond, Texas.

Mrs. C. E. Owsley and Mrs. F. M. Corum came in Thursday morning from Lay, Colo., where they spent the past two weeks, going by way of Denver.

STRICTLY ENTIRE HOUSE

..... I. M. D.

Might When We Need Her Most.

It's not the heart that's hurting us; though we feel droopy, too; Nor the mosquito-bawks last night That bit us most in two.

It's not because we're broke, because It's lovely to be broke; Nor yet because fall's coming, and We're no fall clo'es. (No joke.) And don't believe anybody stuck A pin in us, one bit, For no one can stick pins in us And get away with it.

It's nothing like these things at all; For such, our grief were hid; We just feel bad about the way Those Maine folks up and did.

When General Wrangel takes the bolshevik strongholds of Shrdiu and Etain, the war should end."—Fredrick Leader.

And an army of sympathizers and sufferers in the newspaper offices would rejoice. Besides, the general public has probably acquired a few of its white hairs worrying over the Shrdiu-Etain mystery. It's almost as bad as the query-union combine.

"MacSwiney is not the only martyr to self-inflicted punishment. Mr. Bryan has announced his intention of remaining silent throughout the presidential campaign."—Baltimore Enterprise.

If William Jennings remains silent, we are going to get our little bouquet all ready for him, and ask for an advance on the funeral services. But W. J. won't remain silent. People who are taking a vital and enthusiastic, however misguided or ineffectual, part in life seldom do. If our principles and thoughts are not worth talking for, they are hardly worth having in the first place, though it do be true that we can talk too much. There are Stygian depths to silences, when we know that every forward move in history has been made by little groups of pioneers who fought their way with fists and tongues through the army of critics, slackers and doubters. Progress is always a fight, and tongues are weapons as well

DISCRETION

"Politeness sometimes makes us loath To call a man a liar. Although he trifles with his oath, He's but a rash denier."

W. K. M., Akron (O.) Times.

"It ain't politeness makes us loath To tell a man he lies; The thing that makes us be polite Is that there liar's ass."

J. M. L., Houston Chronicle.

There's fund in the folks tell, so we Would not have you deny us; The only thing that makes us cross Is when they put them by us.

..... YOUR MANNERS.

It is Correct.

To have the light shaded from the guests' eyes at a dinner table.

To seat all the guests at a dinner party at one table.

To set the hour of a dinner party at 7:30, 8 or 8:30 o'clock.

To have a dinner last about an hour or an hour and a half.

To have a dinner served as soon as the last guest has arrived.

It is Not Correct:

To have more men than women, or vice versa, at a dinner party.

To overcrowd your dining room.

To attempt a larger dinner than you are capable of serving well.

To keep the dinner guests at the table over two hours.

To serve the courses of a dinner in rapid succession.

Curtis Harper left Wednesday night for Bryan, Texas, to resume his studies at A. and M. College.

J. V. GETS WRIST WATCH FOR HIS BIRTHDAY AT DAY NURSERY

J. V. aged two complete, sprightly, summer, autumn and winter, was made ecstatically happy on his birthday at the Day Nursery Tuesday afternoon by the thoughtfulness of a little visitor. It was I. V.'s birthday, and he happily informed Miss Frances Reid, who was at the nursery with her mother, Mrs. C. W. Reid, of that fact, and that he was to have a "party" in the afternoon.

An hour or two later little Miss Reid returned with a pretty enameled wrist watch, purely decorative but none the less wonderful, for Master J. V. Now he can tell the time any old time.

Gifts to Nursery.

Mrs. Reid visited the nursery, as did Mrs. M. J. Bashara, to find what was most needed. They found that the babies were still having to double up or divide time on their afternoon naps; in spite of recent gifts of one or two more beds. The next day two little white beds arrived from the furniture store, one from each of the ladies. Mrs. Bashara also sent some linen.

The bed question is probably the most serious one at the nursery, as there are 23 to 25 babies every day, and counting the two new ones, only 17 beds. Miss Decatur has been reduced to sleeping the babies in "shifts" on occasion, which is not very satisfactory. Fifty different babies were registered at the nursery the past month.

FLORAL HEIGHTS WESLEY GIRLS TO MEET AT MRS. W. T. KNIGHT'S

Members of the Floral Heights Wesley Girls will meet Friday afternoon of this week with Mrs. W. T. Knight, at her home, 2305 Tenth street.

JAMES K. NAYLOR JR. ARRIVED THURSDAY IN SAN ANTONIO

FIRST NATIONAL BANK INCREASES SURPLUS TO ONE MILLION DOLLARS

IN ADDITION DECLARES QUARTERLY CASH DIVIDEND OF FIVE PER CENT.

COMBINED WORKING CAPITAL IS MORE THAN \$1,900,000

One of Six Big Banks in State With Surplus in Excess of The Capital.

The enormous growth and splendid condition of the First National bank is reflected by the action of the board of directors in increasing the surplus of the bank to \$1,000,000 and in addition declaring a cash quarterly dividend of five per cent. The capital of the bank now stands at \$500,000, surplus \$1,000,000, with an undivided profit account of over \$100,000, making a combined working capital of over \$1,900,000. Considering the fact that Texas has over 150 national banks, Wichita Falls now enjoys a distinction in having a bank with a surplus account \$200,000 in excess of its capital.

Miss Hobbs in the shade called mid-night and head embroidery form this chic frock. The heading is done in gold and blue.

Amusements

VAUDEVILLE PROGRAM HAS VARIETY OF ACTS

A bill of variety, humor, comedy, music and dancing was presented at the Wichita theatre Wednesday for the opening performance of the week. The acts which were offered last night furnished the best all-around attraction that has been given in the city and the large crowds that attended both performances were highly pleased.

A remarkable exhibition of rag pictures was given in the opening act. Harold and Willis Brown, the two artists, proved themselves to be entertainers of no mean ability and their water-drawing attracted the attention of the audience. The act was unusual. With the aid of a background of solid color they fashioned first a portrait of General Pershing, next a winter landscape and after this an animal scene. The act was concluded with another portrait, this of Teddy Roosevelt. The pictures were covered in every detail, the shadows and high lights being brought out with startling effect.

erable ladies of that day. Thirty years later she is seen as a prim and proper dame of the promodern days, while late still she assumes the character of the fashionable butterfly of today. A strong supporting cast with David Powell in the leading role, appears with Miss Ferguson and the work of these actors add greatly to the merit of the play.

"WOULD YOU FORGIVE" SHOWN AT THE PLAZA
Vivian Rich in "Would You Forgive," the picture in which she makes her debut as a star, is the attraction at the Plaza Thursday. The story is from the pen of Julius G. Furthman and deals with the life of a woman suffering from the narrow-minded persecution of her husband, a victim of unwarranted circumstances.

The plot reveals vast opportunities for the display of emotion and it is said that Miss Rich has made the most of these. She is supported by Tom Chatterton in the role of the husband and Ben Deely and Lily Leslie, all well known to the film world. "The picture was directed by Scott Dunlap; "MISS HOBBS" ATTRACTION AT MAJESTIC THEATRE

"Miss Hobbs," with Wanda Hawley in the feature role, scored a decided hit on its initial appearance at the Majestic theatre Wednesday. This new star appeared as a veteran actor in the play and her portrayal of the famous Jerome K. Jerome creation left nothing to be desired. A few stated that they were somewhat disappointed in the production as a whole, some denied the fact that "Humoresque" was and is a marvelous photoplay.

"Humoresque" DELIGHTS LARGE MOVIE CROWDS
"Humoresque," the movie masterpiece of 1920, made its first appearance to the public in this city Wednesday and the Olympic theatre was crowded to capacity on each presentation. Various comments were heard as to the impression which the film created and although a few stated that they were somewhat disappointed in the production as a whole, some denied the fact that "Humoresque" was and is a marvelous photoplay.

The acting of the entire cast is exceptional and it is hard to pick a particular star, but the work of Vera Gordon in the role of Mame Kantor is especially worthy of praise. Gaston Glass as Leon Kantor, the youth of the album who rises to fame and fortune as though the actual models were present, is a part that is pleasing and at the same time difficult, while Alma Rubens in the role of Gina Berg, the girlhood lover of the famous artist is also seen to advantage.

DIRECTORS IRRIGATION PROJECT PLAN TRIP TO ELEPHANT BUTTE DAM

A trip to the Elephant Butte dam near El Paso was decided upon today by the directors of the Wichita County Water Improvement District No. 1, as a part of the necessary educational propaganda in connection with the Wichita Irrigation project. The Elephant Butte project is similar in many ways to the dam and irrigation system proposed for Wichita county, and an effort will be made to take a number of residents of this county to El

Paso to inspect this project and to study the great improvement in agricultural lands that has resulted. No date for the trip was fixed and later meetings of the directors will be held before definite information is received concerning the plan.

Condemn 560 Lbs. Of Food Products in City the Past Month

During the past month 560 pounds of various food products were condemned by the city health department, according to a statement today by Health Commissioner M. O. McDowell. The department has been vigorously active in its inspections and has not hesitated to condemn any products that might bring disease into the homes of citizens buying them.

- The complete list of condemned products follows:
- Apples 58 lbs.
 - Raisins 187 lbs.
 - Currants 104 lbs.
 - Melons 32 lbs.
 - Crackers 15 lbs.
 - Cakes 79 lbs.
 - Candy 40 lbs.
 - Coronets 23 lbs.
 - Oatmeal 21 lbs.
 - Totals 660 lbs.

MCCORMACK HAS CANCELLED AUSTRALIAN ENGAGEMENTS

LONDON, Sept. 15.—A dispatch to the Exchange Telegraph from Melbourne says John McCormack, the singer, has cancelled all Australian engagements and is leaving immediately for London to escape the situation which has arisen as a result of the demonstration by part of the audience at a recent concert riding and singing the British national anthem and some of them shouting that Mr. McCormack was a Sinn Feiner.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color And Lustre With Sage Tea And Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wytch's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wytch's Sage and Sulphur Compound and look years younger.

LARGE CROWD EXPECTED AT WEEKLY GUN SHOOT

One of the largest crowds of the year is expected to attend the regular weekly shoot of the Wichita Gun Club at the local traps tomorrow at 4:30. With no baseball game to take up the shooter's time and attention Secretary Nabb stated today that several squads will be on deck.

Many of the club members have been putting in their off hours picking off doves and very few have gone out without bagging the limit. The birds are plentiful this year but the shooters are experiencing no end of difficulty in getting their prizes after they have shot them. The high winds in the country have hidden many birds that would have been captured otherwise.

LIFE GAINS SIX POINTS IN BATTLE WITH DEATH HEALTH OFFICER REPORTS

Life gained six "points" in its battle with death in Wichita Falls during the past month, according to vital statistics released today by Dr. E. A. Walker, city and county health officer. The figures show that between the period of August 15 and September 15 the births recorded in the city numbered 23, as compared to 21 deaths. Accidents and fatalities growing out of anger were responsible for 3 deaths during the period mentioned. Eleven persons died of natural causes, and one each of apoplexy, pneumonia and malarial fever.

LEAGUE OF NATIONS IS TO BEGIN NINTH SESSION AT PARIS ON SATURDAY

PARIS, Sept. 15.—The council of the league of nations, which was expected to begin its ninth session here on Saturday, met this morning, the first matter discussed being the conflict between Sweden and Finland relative to the Aland Islands.

Poland and Lithuania have been asked to send delegates to Paris for the purpose of attending a session of the council. This step was taken at the instance of the Polish government, which asked that the frontier controversy which has threatened serious consequences there, be considered by the council.

Is "falling in love" enough reason for getting married?

America's great divorce problem begins with our marriage problem

34,000 babies of unmarried mothers born here each year

What becomes of them?

THIRTY-FOUR thousand little babies that nobody wants to live.

What becomes of the thousands of these little babies that disappear quietly each year—with some one getting paid for each disappearance?

What becomes of the thousands of frightened unmarried mothers blackmailed to the last penny? Would you believe that there is in America an organized method for getting rid of nameless babies?

Dorothy Canfield exposes the whole dreadful traffic in her article in Pictorial Review for October entitled "A Square Deal for the Nameless Child."

It will tell you facts almost incredible, but proved. When are we going to act? When are we going to do what France did? Every wife and mother should read this shameful record.

Home-making as the modern woman does it

- Do you know how Mrs. Martin saves money on Meat? (page 69)
- Do you know twelve recipes for Pickles? (page 37)
- Do you know how to make Desserts without Sugar? (page 63)
- Do you know 17 Kansas Recipes? (page 94)
- Do you know how to Make A Home and A Living? (page 134)
- Do you know how to have a Perfect Laundry? (page 52)

MARRIAGE is like the movies" said one young war-bride-Reno-divorcée. "You can go into the show and if you don't like it you can get up and go out."

War-brides figured in forty per cent of last year's Reno divorces—ending marriages of haste and passing excitement!

In nearly half our states it is not even necessary to register a marriage.

And look at our divorce courts!

In a single year the divorces granted in America were more than double the number in twenty European countries combined. We have forty-eight separate divorce laws—one for every state.

Did you know that if you marry a divorced man, you can later be named as his corespondent?

That at the beginning of a trip you may be a man's wife and at the end—not his wife?

That if you take your children out of the state they may become illegitimate?

That you can be the legal wife of two men, of either of them, or of neither—at the same time?

That at the same time you can be both single and a bigamist?

Helen Ring Robinson's discussion of marriage and divorce discloses some amazing, ludicrous and tragic results of our chaotic divorce situation. She gives a graphic pen portrait of Reno, the divorce-boom town, what it is and what it does.

Read her revealing, thought-provoking article. It contains facts that no American woman should be ignorant of. Don't miss

"Taking the cure at Reno"

Big fall fashion number

Do you know the proper length for skirts this fall?

Do you know how long sleeves are going to be?

Will you wear high neck or low?

These are the things every well-dressed woman wants to know, and these are the very things the October Pictorial Review tells you. Women of refinement, always seeking the new and beautiful in dress, will have their ambitions gratified in the charming styles shown in Pictorial Review for October. All the latest Parisian novelties:

- The new beauty Window dresses
- The new Coat dresses
- The new Moyen Age dresses
- And the new Peg Top dresses

And don't forget that perfect-fitting Pictorial Review Patterns enable you to reproduce every one of these new styles.

A great collection of unusual short stories

Edward J. O'Brien, the noted critic, has frequently stated that Pictorial Review publishes more short stories of first quality than any magazine in its class. In this issue are eight complete stories that clearly indicate why Mr. O'Brien has bestowed signal honors on Pictorial Review fiction.

Do you like a grim, fantastic story? Read "Footfalls" by Wilbur Daniel Steele.

Do you want to laugh? Read "La Douleur-cuse" by H. Collinson Owen.

Does Oriental romance charm you? Read "The Lute of Jade" by Achmed Abdullah.

Do young people's love affairs interest you? Read "Love's Derelict" by Leona Dalrymple.

Do you like to solve a mystery? Read "Red Gulls" by Ethel Watts Mumford.

Do you like to read of queer people? Read "The Refuge" by Mary Cholmondeley.

For a mystifying character study read "The Strange Case of Mr. Nix" by Hugh Walpole.

THOMPSON FACTION LEADS IN ILLINOIS

(Continued from page one)

were all from city precincts. The dominant faction, which was expected to return heavy votes for Governor Lowden's candidacy, were slow in coming in.

SMITH HAS MAJORITY AROUND 20,000 VOTES

COLUMBIA, S. C., Sept. 15.—Practically complete but unofficial returns to the state from Tuesday's democratic primary indicate Senator Ellison D. Smith was nominated for the United States senate by a majority of approximately 20,000 votes over his opponent, George Warren of Hampton. Wilson G. Harvey of Charleston was nominated for lieutenant governor over Oscar K. Martin of Greenville, by a majority in excess of 15,000.

NON-PARTISAN LEAGUE IN LEADING DEMOCRATIC

DENVER, Sept. 15.—With its leading candidates for republican nomination to the United States senate claiming a victory, it appeared probable today that an official count might be necessary to establish the result. Returns compiled by the Rocky Mountain News from 1,120 precincts of the 1,522 in the state, gave Karl C. Schuyler, Denver, a lead of 2,373 over Hamilton D. Nicholson of Louisville. Most of the missing precincts are in outlying districts considered favorable to Nicholson.

A victory for the non-partisan league in the democratic primary was indicated with nearly complete returns from the principal cities and scattered returns from over the state. In Denver, 11 of the 12 democratic candidates for the legislature, are non-partisan league men, as are three senate dates for the state senate. James M. Collins, non-partisan league candidate for democratic nomination for governor, has a lead of 7,061 votes in two-thirds of the precincts. Judge E. J. Scott of the state supreme court has a lead of only 1,051 over W. H. C. Wolfe, non-partisan league candidate for the democratic nomination for United States senator, with 1,411 the precincts tabulated. Ed Anderson, state federation of labor official, and a candidate of the non-partisan league and labor party, is leading Franklin Carr for the democratic nomination for lieutenant governor by 2,966 with a plurality both in Denver and over the state.

PROUSSARD IS LEADING HANDERS IN LOUISIANA

NEW ORLEANS, Sept. 15.—Edwin A. Proussard, brother of the late Senator Robert Proussard, was leading Representative J. A. Handers by more than 4,000 votes early today for the senatorial nomination in returns compiled from Tuesday's democratic primary.

N. Y. EXPLOSION KILLS 20 OR MORE

(Continued from page one)

that a bomb had exploded in the Morgan building. The list of casualties mounting an excited word passed from mouth to mouth at 12:30 was reported to have reached 21 killed and 10 injured, but an accurate count was impossible in the intense confusion that swept the financial district.

It was equally impossible an hour after the explosion occurred to determine either its exact nature or location for investigators were held back by the police. It was reported, however, that shortly before noon and automobile with two men drew up in front of the Morgan office and that when Morgan advanced to approach the machine gun man alighted and either accidentally or purposely dropped what appeared to be a bomb.

Occupants of a skyscraper looking down on Wall street told another version of the automobile story. They declared they had seen the car draw up and the men leave it. Those spectators recalled the machine gun man—if it was a bomb—had been timed. This version differed from the first, as regards the two passengers and their chauffeur. The first story had it that they were among the dead or injured.

Twenty-five injured. The reported casualty list at 12:30 was more than a score dead and about 25 injured.

Head of the fire department on reaching the scene directed their efforts toward ascertaining the cause and location of the explosion. The letter was difficult because of the shattered appearance of buildings near the Morgan office but the authorities were inclined to abandon their theory that the explosion had occurred either in the Morgan office itself or the street. Consensus of opinion at 12:45 was that the blowup had occurred in the street.

Many of the injured were girls working in office buildings. Hundreds of persons were thrown to the sidewalk with the force of the explosion and dozens of trucks and automobiles were pressed into service to carry away the wounded.

Excitement in intense. Little information was obtainable from the Morgan offices. J. P. Morgan himself is now abroad.

Never in its history has lower Manhattan witnessed such excitement as prevailed today. Trading on both the stock and curb exchanges was ordered suspended for the day a few minutes after the explosion occurred and from then on lower New York forgot all its business matters in attending to the needs of the injured.

Fire apparatus and ambulances dashed through the narrow, crooked streets of the financial district, which lay a covering of shattered glass

and the broken remains of men and horses. Among the bodies were those of three girls, terribly mutilated. A police car was heavily thrown around the entire financial district when thousands, hearing the explosion, flocked to the tip of Manhattan island. Police reports at 12:35 had fifteen dead.

Report Thirty Dead. Unofficial reports had thirty dead. The United States treasury immediately ordered the scene of the explosion was placed under heavy police guard to protect the millions of dollars in gold, silver and paper money lodged in the great granite structure.

The first efforts of the police were directed toward the injured and removing the dead. At 12:40 fourteen bodies were seen lying on the sidewalk and ten others were reported to have been taken away by volunteer workers.

An emergency call was sent to Governor's Island from which a heavy detachment was sent to New York to guard the sub-treasury and aid the police.

One fire marshal expressed the opinion that the explosion had been one of dynamite. Copies with this theory was the automobile which figures in other versions of the disaster. This automobile was reported to have collided with a truck loaded with dynamite.

Police Reserves Called. Police reserves hastily assembled found difficulty in coping with the crowd of many thousands persons who tried to press themselves into the street, that narrow canyon in which automobiles can hardly pass each other with ease. Telephone service was shut off from many public booths in the vicinity and all banking offices were placed under extraordinary heavy guard.

A wrecked automobile bearing the New Jersey license number 21243 was found near the Morgan building and the police tried to establish whether this was the machine which had figured so prominently in versions of the disaster.

Seventeen victims of the explosion were taken out of the side four of the Morgan office building at 12:35. An hour after the explosion occurred the police were inclined to the theory that it had been caused by a collision of a TBT truck and an automobile on Wall street between the Morgan office and the sub-treasury building.

Found Demolished Truck. They pointed to the fact that a demolished truck was found at this point near the wrecked automobile. The authorities switched their theory from dynamite to TNT because of the fact that there appeared no great hole in the pavement, such as would have been blasted by the downward force of dynamite.

So far as could be learned no prominent financiers or members of the stock exchange were injured in the explosion. Thomas W. Lamont and Henry P. Davison, members of the firm, were in the Morgan office at the time but were not hurt.

Under the wrecked automobile was found a New Jersey chauffeur's license made out in the name of Jerome H. McKee of 1107 Nelson Avenue, Bronx, United States regulars from Gov-

ernor's Island arrived on the scene at 12:30 for guard duty. At 1:05 doubt was cast on the accident theory when members of the bomb squad listened to the wires expressed the opinion that a bomb had exploded. They added that fragments of metal picked up on the street were being examined on the theory that they may have been bits of the internal machine.

Increased Estimates of Injured. At 1:15 the police estimated the number of injured at 250. Police summoned all ambulances from 24th street south and available police reserves were mobilized.

The financial district after the explosion presented a scene of great devastation. In addition to the bodies of human beings and horses scattered over the pavement, great blotches of blood, smeared on the white walls of Wall street's office buildings. Almost every pane of glass in the vicinity was shattered and beside a mangle of broken crystal the streets were covered with fragments of brick and stone blasted from the base walls of the skyscrapers. Several persons were hurt in these office buildings when missiles hurled through the windows.

Buildings Are Damaged. The front of the Morgan building was demolished and the sub-treasury also was badly damaged. With the arrival of soldiers and police fifty streets throughout the city were closed to sweeping up the debris to make possible easier passage of ambulances.

After suspending trading in stocks for the day, the governing committee of the exchange ordered that all derivatives of securities be deferred until Monday except by mutual consent. The committee called another meeting for the next day to take further measures in connection with the effect of the explosion on trading.

The unofficial list of dead at 1:30 was 25. According to Charles Matthews of Brooklyn, a salesman of typewriter specialties, four persons, one a woman, were killed while working in the bond department of J. P. Morgan & Co.

Matthews said he was passing the office of Mr. Lamont when the explosion occurred. Mr. Lamont, he said, was dictating a letter at the time and apparently was unhurt.

All hospitals near the financial district were crowded with injured and physicians were summoned from all over the city.

Call for Soldiers. The call for soldiers from Governor's Island was sent by Martin Vogel, assistant secretary of the treasury, who has charge of the sub-treasury. With all the windows blasted out, Colonel William Wiesel, chief of staff at the military post, announced that 200 Infantrymen would patrol the financial districts with fixed bayonets day and night with orders to allow no one to approach government property.

Mayor Hylan arrived at the scene at 1:30 to direct the efforts of municipal authorities.

The reported license number of the wrecked automobile was that of Dupham Beeson, 171 South Third street, South Orange. Beeson is manager of a pharmacy in Newark.

To check up on the theory that a powder wagon was struck by an automobile, agents of the department of

justice asked E. I. Du Point de Nemours & Co. for a detailed report on the location of all their wagons at the time of the explosion.

Not Carrying Explosives. Officials of the company, questioned by newspaper men, asserted they were not carrying explosives to points in the vicinity where excavations are being made of the wrecked truck and its horses found at the scene of the explosion, were examined by the police, who questioned Constellation farm as to whether the wagon resembled the type used in hauling explosives. Several construction men expressed firm belief that the wreck was that of a powder wagon.

It was said in Newark that Dupham Beeson had left his pharmacy this morning to go to an office in Wall street.

Million Dollars Damage. The damage to the Morgan building alone was estimated at \$500,000. Minor damage to hundreds of other buildings; it was expected, would total at least \$200,000 more.

The cause of the explosion was dynamite in the street, Police Commissioner Knight said that he had been informed by members of the Morgan firm.

At 1:30 several representatives from the district attorney's office arrived on the scene to start an investigation. Hiram Davis, a chauffeur for Winslow S. Pierce, a lawyer at 40 Wall street, told the police that the first sign of the explosion came from an automobile standing in the middle of the street midway between the sub-treasury and the J. P. Morgan building. A wrecked automobile found at the scene does not show, however, that the explosion came from inside of this car.

William Joyce, an employee of the Morgan firm, who was killed, was a clerk in the securities department. He was a son of P. W. Joyce, who has been employed by the firm in an executive capacity for many years, and who was injured slightly.

Ulysses B. Grant, deputy treasurer, was slightly injured by flying glass. Windows of the forty-story Equitable building were shattered as high as the twentieth floor. Soldiers established a dead line around the building, lest pedestrians be injured by glass which this afternoon dangled in jagged pieces on hundreds of saffes.

The bureau of combustibles announced it was examining a black box about a foot square, and encircled by wire found by the police in an automobile parked at Wall street and Hanover Square about two blocks from the explosion. The owner of the car, a clerk in the National City bank, called the police's attention to the box which he said he had not noticed there and was afraid to remove.

Big sale on Boy's Clothing at Baum & Gardner's all this week. 125-126

Physician Declares Madame De May Is Undoubtedly Insane

(Continued from page one)

TOPEKA, KANS., Sept. 15.—Mrs. Mary DeMay, of Madame Ruby DeMay, alleged to have been committed to Kansas insane asylums years ago as part of a plot to obtain her valuable mining property in New Mexico, is undoubtedly insane, according to Dr. M. L. Perry, superintendent of the state hospital.

Dr. Perry said Mrs. DeMay would not talk of her past life. He believes there is some "crooked work" connected with her mental condition but has been unable to clear it up.

Perry said that Mrs. DeMay is very dark while Mrs. Ruby DeMay Alcott, who claims to be her daughter, is a blond. But Perry declared he would not say they were not mother and daughter.

Both women have similar eyes, said to be a lily of the valley, the flower of the DeMaya, named into the skin, while Mrs. Alcott is said to have an additional scar said to represent the leaf of the lily of the valley.

Hospital records show Mrs. DeMay has never been violent and has never caused hospital attendants trouble, although she talks to imaginary persons and to practically do one size.

The weight of the earth's atmosphere is the same as that of an ocean of mercury covering the entire earth to a depth of seventy-six centimeters. Picture frames at Decorators Co. 121-71c

It Can't Be Done

SCHOOLS ENROLL 4,077 TO WEDNESDAY NIGHT

(Continued from page one)

Details incident to Opening Are Completed And Work Of Term Is Well Under Way.

Reports received by Superintendent Clark from the various schools of the city showed that at the close of the sessions on Wednesday there were 4,077 pupils enrolled. The statement was made that there were perhaps a few enrollments on Thursday that had not been reported, but that the figures given above were a good indication of the number of students that would be registered for the year's work. The number is larger by several hundred than the number of students who were enrolled at the close of the schools last June but officials are of the opinion that after the usual number who drop out of school through the year are deducted that the records will show an enrollment for the year that will be practically the same as that of last year.

Work at the schools is now running smoothly and the many details attendant on the opening of the winter term have been adjusted. The matter of books, which is always a big item, is not worrying the school authorities for they have an adequate supply of texts on hand to meet all requirements. All teachers have reported for duty and have taken charge of their classes.

At the high school the various activities of the student body have already been launched. Football is under way and the speakers club is to be inaugurated in the very near future. The staff of the school papers, "The Ranger" and "The Coyote" are to begin work shortly.

All of the men connected with the public school system were guests of the Rotary club at luncheon Thursday.

LEUTENANT SPENCER KILLED IN ACCIDENT

(Continued from page one)

NORTHFIELD, MASS., Sept. 15.—Lieut. Haven Spencer, United States army, was killed late yesterday when his airplane crashed into a tree after attempting to land here after making an exhibition flight. Herbert McLean, a Dartmouth college student, who was a passenger in the plane, escaped with slight injuries.

About 210,000 persons attended the forty-eight performances of opera at the St. Louis municipal auditorium in the season just closed.

America lent France 15,000,000,000 during the war and France owes 36,000,000,000 francs, according to the present rate of exchange.

Excavations undertaken to constitute Jerusalem a seaport have been completed.

Anderson's

\$15 ANDERSONS' \$15 SPECIAL

Here's how it happened:
The "Boss" said to the Shoe Manager:

"I want you to get into the market for a man's shoe of extraordinary value—a shoe that we can sell with the least possible profit at \$15.00.

"I want to give our customers a shoe so good that when a man thinks of better shoes, he will instantly think of Anderson's \$15.00 special.

"It's not profit I'm looking for—it's volume, and the prestige a big out-standing value like this will give our shoe department."

But—the shoe man had already bought his full quota of Fall shoes, had no space for another line, so there was but one thing to do:

He took two of our well known lines—two makes of men's strictly high grade shoes of the better kind—the kind you see featured in big city shoe stores at \$20.00 the pair, and out of these he has made

Andersons' \$15 Special

So for this big Fall campaign, we offer 600 pairs of Men's finest Fall Shoes in best Calfskin, Kid and Kangaroo on English, modified English, straight last, foot form and "easy street" lasts, finest leather, hand welted soles, of best rock oak stock, best Brockton shoe making, two famous makes recognized the world over for their superior quality. Black and dark brown, all sizes, all widths, and all in the Fall campaign at the uniform **\$15** price of

Andersons

SEIZURE OF PLANTS IN ITALY CONTINUES ON EXTENSIVE SCALE

MANUFACTURERS IN SESSION SEEK TO COMBAT THE CONTROL BY LABOR.

CONDITIONS WITHIN THE PLANTS IS A SECRET

Issue Of Paper Money Is Reported In Some Of The Larger Establishments.

By CAMILLO CIANPARRO United Press Staff Correspondent.

ROME, Sept. 15.—Italian manufacturers were in session all over the country today trying to decide some means of combating the control of their plants by labor organizations.

Reports from Milan were that seizure of plants continued on a large scale. Cotton mills and jewelry works were among those put under workers' control. The movement extended to the province. Landlords in Sicily were driven off by the tenant farmers.

Premier Giolitti's arrival in Turin and his call for an immediate conference with strike leaders and manufacturers was expected to result in a quick turn in the situation.

Strikers' representatives have informed the prefect of Languedoc an ultimatum will be sent manufacturers demanding immediate acceptance of the principle of labor control of industry.

Was share in management. Socialist leaders, announced they will attempt to obtain passage of a law to provide for collaboration of labor in the management of all plants. Labor will insist on sharing in the technical and financial management of the works and assume charge of the employment bureau for industry.

Conditions within the occupied plants remained secret. Shortage of material and finances was expected to handicap the men. Symptomatic transportation lines were reported ready to aid their fellows in the plants by diverting shipments of raw materials.

Issuance of paper money was reported in some of the large establishments seized by workers.

For the first time today an attempt was made to connect the Russian soviets with the "revolution" in Italy. A document alleged to have been signed by Socialist Deputy Villes, addressed to the "Legion of Red Guards" near Naples last August, urged the guards to strengthen themselves. There was, the document said, a movement under way to have the Italian government to recognize "Great Bolshevik Russia" politically and economically. Villes denies responsibility for the document.

The idea Nationalist Milan correspondent said today enormous pressure was being brought to bear on the manufacturers to surrender the principle of labor control. The dispatch

said one great bank had sided with the strikers. Dispatches from Bologna reported that railroad workers had recently there had agreed to deliver all raw material to the occupants of seized plants.

PREMIER GIOLITTI URGES SPIRIT OF CONCILIATION

TURIN, ITALY, Sept. 15.—Conciliation and moderation are being urged by Premier Giolitti in his conference with workers and employers in conference now in progress here in the hope that a compromise which satisfies both sides of the Italian metal workers conflict may be reached. A section of the employers has suggested it might accord intervention in the management of factories and participation of the workers have asked if this intervention would be exercised by the state in the interest of the men.

PREPARING TO RECRUIT ITALIAN SOVIET ARMY

ROME, Sept. 15.—Preparations for recruiting an Italian soviet army are going on in Milan, Turin, Rome, Naples and other large cities throughout the country, according to the newspaper Epoca, which prints a statement to this effect by a superior officer of the Italian army. It is said that one of the leading chiefs of the soviet organization is Enrico Malatesta, the anarchist chief.

MYSTERY SURROUNDS THE KILLING OF BEN BIRDWELL NEAR HUNTINGTON, TENN.

HUNTINGTON, TENN., Sept. 15.—Mystery surrounds the shooting to death of Ben Birdwell on a country road near here Tuesday night. Birdwell, his wife and their baby, have been visiting relatives in this locality and were to start for their home at Smith, Mo., today.

Birdwell and Luther Rainey spent Tuesday at the garage of R. F. Ware of this place. The two started for home in Birdwell's automobile early in the evening. Rainey, it is said, declared that they were overtaken by another car and told to hold up their hands and turn over their money. Rainey fled.

A blacksmith passed the scene of the shooting. It is said, and took Birdwell and Ware to this place. Birdwell died before arrival. Ware disappeared.

GREAT BRITAIN JEALOUS OF UNITED STATES LEAD IN PICTURE PRODUCTION

WASHINGTON, Sept. 15.—Strenuous efforts are being put forth in Great Britain to overcome the lead the United States has maintained in the production of motion picture films, according to a report today from Consul Calvin M. Hitch at Nottingham, Eng., to the department of commerce.

During the past two months several large producing companies have been organized in England, the consul said, and while little has been done as yet in the actual production of films, there is every indication, Mr. Hitch added, that the industry will continue to grow rapidly. About 80 per cent of the films shown in Great Britain are produced in the United States, the consul reported.

MISAPPROPRIATION OF MONEY IN MEXICO IS CHARGED BY ACCOUNTANT

MEXICO CITY, Sept. 15.—Charges that there were enormous misappropriations of money during the administration of former President Carranza are made in a report to the Mexican congress which has just been completed by Luis Mosey Gutierrez, chief accountant of the treasury department. He declares he is unable to state the exact amount involved, but says he is certain it will reach a total of many millions of pesos.

MAN HELD AS EUGENE ROY ARRIVES AT MONTEVIDEO

MONTEVIDEO, URUGUAY, Sept. 15.—The man held as Eugene Leroy, suspected of being the wife murderer who shipped the body of his victim from Detroit to New York in a trunk, arrived here today aboard the British steamer Dryden. When he went ashore the Uruguayan police searched his trunk and found a photograph of the prisoner, together with a man and a woman. When asked a identity of the man, the prisoner said his name was Woods. Police suspect this is the same Woods whose card was found in the trunk containing the body when it was opened at New York.

COMMANDER OF TROOPS WHO KILLED CARRANZA DECLINES TO RETURN

MEXICO CITY, Sept. 15.—Rodolfo Heffero, commander of the troops who killed the late President Carranza and who has been ordered under arrest by the government, has notified the war department that he will not return to this city from Saragosa, state of Puebla, where he is living in seclusion. He says he was in Mexico City for two months without being molested and declares charges should have been brought against him at that time.

CONVICTED ON CHARGE OF KILLING GOV. FISHA

BUDAPEST, Sept. 15.—Stephen Bode and M. Stenkovski have been convicted by a court-martial of the assassination of Gov. Stephen Jansa, who was shot and killed November 2, 1918, and have been sentenced to be hanged. M. Huestner has been sentenced to 15 years imprisonment for his connection with the crime and Eugene Jager and Wilhelm Priemer, two other men accused during the trial, have been sent to jail for three months.

SAKE TEN BALLETS WITHOUT A VERDICT

FORT WORTH, Sept. 15.—The jury, in whose hands rests the fate of Dr. Wallace Smith, former assistant city physician, who is accused of killing his mother-in-law June 15, had taken ten ballots up to Thursday morning without reaching a verdict. The case went to the jury at midnight Wednesday.

Mail Plane Pilot Missing Two Days Has Been Located

SAN FRANCISCO, Sept. 15.—Pilot John L. Eaton, missing since last Tuesday when he left Reno, Nev., eastbound in a mail plane, is alive and safe at Shafter, Nev., according to advices received here today. The brief report of the airman's safety said he and his plane were found 50 miles south of Elko, Nev.

Hek The Buy - Word for a Good Drink

Long before Cleopatra—was HEK. And HEK was the name of a liquid food in general use by the ancient Egyptians. HEK was the concentrated vitality of the grains from the valley of the Nile. What better name for a vitality drink from the American grain fields than HEK?

And now the Americanized HEK is the world's greatest food drink. HEK is offered and sold on its merit as a food drink. It sails under no false colors. It is American in purity—in principle and wholesomeness.

HEK is as pure as the driven snow. HEK is a Safety First drink—a pure sterilized non-intoxicating drink that imparts the true American vitality.

HEK IS GOOD—BUY HEK

ONE NEW HIGH SCHOOL EVERY DAY U. S. MARK

Report Shows Nation Has Kept Up Record Clip For Twenty-Eight Years.

WASHINGTON, Sept. 16.—New high schools are being established in the United States at the rate of one every 27 hours.

And for the past 28 years the United States has maintained this record breaking clip in educational construction. The number of high schools have increased 452 per cent since 1892 to a present total of nearly 17,000.

These and other figures on the state of our nation's high schools were made public today in a report by the United States bureau of education.

In 1892 only 69 per cent of American high schools were public schools, today 87 per cent are public schools according to the report.

The 15,591 public high schools of the country have enrolled an army of 1,735,412 students. If these students were stationed at three feet intervals a line would be formed from Washington, D. C., to Kansas City.

And it would take a high school inspector walking at the rate of three miles an hour 61 days to review this "army."

In 1892 but 21,532 students were graduated. In 1918, 224,367 students received their "sheep skins."

Girls graduates, now as then, exceed the number of boys.

The American high school array of more than 1,700,000 is taught by a total faculty of 81,034 teachers. In 1892 there were but 2,120 high school teachers.

A feature of recent educational development, the report points out, is the increasing dominance of women in

the high school field. Today nearly two-thirds of all high school teachers are women.

More than one-tenth of the inhabitants of the United States have had or are having a high school education. Five times as great a proportion of American youth are now in high school class rooms as there were in 1892.

One-half of our 13,000 odd public high schools have an enrollment of between 27 and 100 students, 525 enroll over 500 students and 278 more than 1,000.

The largest high school in the country is the Polytechnic evening high school (for boys), Los Angeles, Calif., with 8,446 students.

The next four in order are:

Commercial high school (for boys), Brooklyn, N. Y.; enrollment, 7,869.

Morris high school (co-educational) New York city; 6,723.

Washington Irving high school (girls), New York city; 5,785.

Stuyvesant high school (boys), New York city; 5,325.

Although one-tenth of all Americans have attended or are now enrolled in high schools, only one-seventh of the children who enter the first grade finish high school.

California, with 27 per cent has more of its population in high school class rooms than the other states. Kansas' record is almost as high. South Carolina is at the foot of the high school attendance column with but "a trifle over one-half of one per cent" in high school. The nation-wide average is one and one-half per cent.

Vermont leads in the matter of high school graduations, more than one-fourth of its entering students finishing with a high school diploma.

Texas has more of its high school graduates continuing their education in college or other schools, more than 80 per cent of its high school graduates continuing their studies in some kind of school, 48 per cent going to college. North Carolina comes next in the respect and Kentucky third, Rhode Island, Maine, Connecticut and Wall canvas as the Decorators Co.

Nebraska send the fewest students, in proportion, on to college.

The average number of students taught by one high school teacher is 20.3 as compared with 23.5 in 1892.

The average high school principal receives \$1,272 per annum. The average of city high school principals is \$2,433, rural principals \$1,124.

The District of Columbia pays its principals the highest salaries, followed by California, Arizona and New Jersey in the order named.

Nebraska pays the lowest salaries to her principals. Maine, Michigan, Indiana and Iowa, together with several southern commonwealths are also classed among the "poor-paying" states.

The average annual cost of instruction for each high school student is \$79.95, of which \$59.99 is specifically for teaching.

NUNN ELECTRICAL CO. FORMALLY OPENS HOME AT 909 SCOTT AVENUE

Those who attended the formal opening of the Nunn Electric company in their new quarters at 909 Scott street Wednesday evening were rewarded by a brilliant electrical display that was both interesting and instructive. The ceiling and walls of the big salesroom were a blaze of varied colored lights of every conceivable shape, size and tint. At the rear of the room a full dozen of the latest type electric cleaners, washers and ironing machines together with sewing machines and motors of all sizes kept up a ceaseless hum while in little music booths on the side a battery of graphophones, many of them run by small motors, regaled the listeners with the latest songs and melodies.

The new salesroom is attractively decorated and furnished, all of the appointments and equipment being new and of pleasing design. The music booths are furnished with costly rugs and draperies and are arranged as nearly like a modern parlor as is possible in a limited space. On the balcony at the rear of the room where the stand lamps are located are to be found some exceptionally unique and pleasing effects in stand and table lamps. Gorgeous affairs standing six feet high abound in profusion, as do the tiny little toys designed for use on lady's dressing table.

The Nunn company has purchased as complete a stock as can be found

SEARCH FOR WEAPONS AT TRIAL OF BRAZEL IN COURT AT FORT WORTH

FORT WORTH, Sept. 15.—Preliminary to beginning the trial of Bob Brazel, charged with murder of Les Sigler, former chief of police at Ardmore, Okla., a special venire of 100 men were summoned in criminal district court here this morning.

Every person entering the court room will be searched for weapons. Judge Hoesy announced. Attorneys said the case will show a long standing feud between the two men.

TABLOIDS

Used End Judgment.

RACINE, WIS.—Walter Burké has decided to make sure of his pursuers before taking to flight. He applied up when he mistook a policeman chasing him for a bandit.

Faded New Brand.

HARTFORD, CONN.—Police thought they had discovered a new brand of liquor when a bottle of water was found in the day's contraband seizure. Chemical analysis furnished identification.

Expensive Performance.

BOSTON.—Joe Mossokevich sounded two false fire alarms. He said he was willing to pay \$50 to see the engines run. The judge fined him \$100—\$50 apiece.

VERNON SECRETARY TO BE GUEST OF HONOR

Jed Morrow, secretary of the Vernon chamber of commerce, will be the guest of honor and the principal speaker at the weekly luncheon Friday of the business council of the local chamber of commerce.

The council has determined to conduct a series of addresses by out-of-town community builders, with the purpose of making the local organization a clearing house for ideas on county and city development. Morrow's address will be the first of this series and he will speak on the subject of better inter-city relations.

With the summer holidays gone, it is expected the attendance at the meetings of the business council will be heavy.

Miss Katherine Cook, piano and voice instructor, will open studio 549-tember 20, 1892 Austin, Phone 5232. 124-319

Baseball and Trapshooting

SLOW AND UNINTERESTING GAME WON BY PANTHERS 7 TO 4; FANS LEAVE PARK IN EIGHTH ROUND

Table with columns: WICHITA FALLS, AB, R, H, PO, A, E. Lists statistics for various players like Johnson, Grubb, Miller, etc.

The Panthers evaded the series with the Spudgers yesterday at Athletic park by taking a slow and uninteresting game, 7 to 4. Neither side displayed any pep and the exhibition from a baseball standpoint and from every other standpoint was very dull.

Neither club did any damage in the opening round though Stow led off with a single for the Panthers and Miller poked a safety to the outfield for the Spudgers. After the Panthers had been retired in order in the second round, the Spudgers broke into the sun column with a couple of tallies after a wild half session.

Clark led off with a solid smash to center and Schliebner followed with a drive to Stow. White drove a double in the third and a double in the fourth, but did not score until the fifth. In this session they pounced on the Spudgers for a couple of tallies, socking them in every direction. Four doubles and a single netted four runs. With one down, Williams set himself for a job of two-ply walling, socking them in every direction.

Grubb's miscue gave them two more in the eighth. Kraft walked and went to second on Phelan's drive to right. O'Brien was disposed of by Clark and Schliebner, and Haworth should have been the third out when he hit to first, but the ball got away from him and Kraft and Phelan tallied when the ball rolled into center field.

Miller's double and Kitchens' single gave the Spudgers one more run in the same session, but the Panthers got it back in the ninth when Williams tripled to right and scored and the return threw out a way from McElwain. The Spudgers got their final score in the last chapter when Williams let McElwain's single get by him, allowing him to get a third, third, from which Stow scored on White's infield out.

Baseball for the season of 1920 was officially contacted out in Wichita Falls yesterday following the Panthers' 7 to 4 victory over the Spudgers. Although the series was originally supposed to be five games, the fans showed that they did not care for the brand of ball that the two clubs were serving and rather than sit to empty seats, the managers decided to call the remaining games off.

The receipts for the two games fell a few dollars short of \$100 and were divided equally among the players of both clubs. The Panthers boarded a rattler for Fort Worth today to post up for their series with the Trappers which opens Sunday at Panther park while the majority of Spudgers left for their respective homes.

Standing of Clubs

Table with columns: NATIONAL LEAGUE, Club, Won, Lost, Pct. Lists standings for various teams like Brooklyn, Cincinnati, New York, etc.

Table with columns: AMERICAN LEAGUE, Club, Won, Lost, Pct. Lists standings for various teams like New York, Chicago, St. Louis, etc.

Brooklyn maintains lead by blanking Cubs in close game. Yesterday's hero, Tommy Griffith, blanked the Cubs in a close game, 1 to 0. The Yankees have 13 more games in which to clinch the pennant.

Several hundred football candidates answer call. Chicago, Sept. 15.—The 1920 football crop is promising. Responding to the call for material, several hundred candidates for places on Big Ten eleven yesterday showed for practice.

Reds have last chance to overcome Dodgers. Brooklyn, Sept. 15.—National League interest and particularly that of Brooklyn and Cincinnati fans, centered on the Dodger-Red three-game series which opens here today.

Major League Bits. Yesterday's hero, Tommy Griffith, blanked the Cubs in a close game, 1 to 0. The Yankees have 13 more games in which to clinch the pennant.

Major League Bits. Yesterday's hero, Tommy Griffith, blanked the Cubs in a close game, 1 to 0. The Yankees have 13 more games in which to clinch the pennant.

YANKEES AND SOX OPEN MOST CRUCIAL SERIES OF SEASON

Yankees Must Keep Going And The Dodgers Cannot Afford To Drop Many. CHICAGO, Sept. 15.—The slumping White Sox were out for blood today. Faced by Babe Ruth and his fellow sluggers, the Sox have their backs to the wall, making a last stand for their pennant aspirations.

Form and the Babe also joined hands this season. Ruth had twenty-nine home runs, but this season he has done so far beyond that mark as to almost double it. They have walked him and passed him at every chance—you might even say passed him and walked him—before he has moved along the even tenor of his way.

Form and the Babe also joined hands this season. Ruth had twenty-nine home runs, but this season he has done so far beyond that mark as to almost double it. They have walked him and passed him at every chance—you might even say passed him and walked him—before he has moved along the even tenor of his way.

The SPORTLIGHT by Grantland Rice

Have you taken time to note how true form has run this season through the various vicissitudes of sport? It is generally taken for granted that the best man always wins, but the best man over the long haul doesn't always win over the short one, where rate or fortune may play a leading role.

Form and the Babe also joined hands this season. Ruth had twenty-nine home runs, but this season he has done so far beyond that mark as to almost double it. They have walked him and passed him at every chance—you might even say passed him and walked him—before he has moved along the even tenor of his way.

N. H. MARTIN MEMBER OF THE SCHOOL BOARD

Appointed To Succeed Judge P. A. Martin Who Recently Resigned.

Norris H. Martin, president of the chamber of commerce and one of the leading business men of the city, has accepted appointment as a member of the city school board to succeed Judge P. A. Martin, resigned. Judge Martin resigned following his appointment as judge of the 5th district court. The new member of the board was elected while absent from the city and announcement of his election was not made until he had returned and had signified his willingness to serve.

ROTARY CLUB GUESTS LEE CLARK AND FAMILY AT LUNCHEON THURSDAY

Lee Clark, superintendent of the city schools; Mrs. Clark and their three daughters, Mary Spert, Blanche and Leoti, entertained the members of the Rotary club at the close of the weekly luncheon at the Hotel. The luncheon was held at the William-Mary hotel with more than eighty members and guests in attendance. Among the guests of the club were the men teachers of the city schools.

The entertainment given by the Clark family was an expression of appreciation and gratitude for the efforts made by the Rotary club to obtain a suitable home in Wichita Falls for Mr. Clark and his family. Songs and violin solos by Mrs. Clark, piano duets and solos by Blanche, Mary and Leoti, and humorous readings by Miss Leoti comprised the entertainment. Miss Leoti obtained the lion's share of the applause, her character delineations being especially pleasing to the Rotarians.

Prior to the entertainment, Mayor W. D. Cline told the club members that the contest started several months ago to obtain suggestions for municipal improvements had closed, and that the judges had found it impossible to name winners of the three prizes aggregating \$500. It had been decided, therefore, he said, to divide the money among the Rotary club, Civic League and the business council of the chamber of commerce, each organization having contributed many valuable suggestions.

PENNINGTON SELLS HOME IS GOING TO CALIFORNIA

Mr. and Mrs. P. H. Pennington have sold their handsome residence at Tenth street and Kemp boulevard to Henry Hook, well known oil man, and are leaving for Los Angeles, Cal., to make their residence. The removal of Mr. Pennington from Wichita Falls loses a man who was a big factor in the mercantile business in Wichita Falls. Mr. Pennington was the owner of the P. H. Pennington store here which for many years was one of the leading mercantile establishments of the city. Several years ago the Pennington store was taken into a combination forming the P. B. M. Co., and since that time Mr. Pennington has not been actively engaged in the mercantile business. In his business here Mr. Pennington was highly successful.

TRAFFIC COMMITTEE IS PLANNING TO REGULATE CONGESTION DOWN TOWN

The traffic committee of the chamber of commerce, composed of Leon Loeb, Lamar Fair, Hubert Harrison, E. S. Goodner, J. A. Gardner and George Thorburn, met this morning to consider means of regulating traffic congestion in the downtown section of the city. It was frankly admitted later by various members of the committee that many perplexing problems require consideration, and that little more than a groundwork had been obtained as a result of this morning's meeting. The committee, however, will keep "on the job" and will go into the matter from every possible angle before submitting any recommendations to the city council.

It was the general opinion of the committee that the system of parking at an angle of 45 degrees should be done away with and that cars should be "trucked"—that is, parked parallel with the curbs. While it is admitted that this would use up a great deal more space in every downtown block, the committee also will undoubtedly recommend the placing of a time limit on parking, a limit probably of one hour. An effort also will be made to prohibit the stopping of automobiles more than a very few minutes in the lanes between parked cars as this is always a source of congestion.

METHODIST HOSPITAL HAS CARED FOR 541 PATIENTS

A total of 541 patients have been cared for at the Methodist hospital at Call field since its opening about six months ago. The hospital is being operated at nearly its full capacity despite its distance from the city and the bad roads that must be traveled to reach it.

ASSESS MAXIMUM FINE IN MOTION PICTURE CASE

Two moving picture cases were tried before a jury and Judge Guy Rogers in the county court of law Thursday morning. H. D. Inard was fined \$25 and costs while L. K. Lutz, tried before another jury drew the maximum fine of \$50. The alleged violation of the Sunday amusement law took place in Rushburnett. A large number of similar cases are pending in the court. It is said that the counsel for the defense in several previous cases has taken an appeal to higher courts.

The season is closed on straw hats, 10 per cent discount on any hat in the house if you bring your old straw with you. This offer good until Saturday only. Baum & Gardner. 126-11c

ARMY OF FIVE MILLION WOULD MAKE WORLD DRY

WASHINGTON, Sept. 16.—An army of five millions is now fighting to make the entire world dry. Dr. Robert Herrod said today upon his arrival from Switzerland to attend the fifteenth international congress which convenes Monday.

Alcoholic drinking will be abolished in every country in fifty years, according to Herrod, permanent chairman of the world dry forces. "One of the Scandinavian countries will be the next nation to follow the United States in voting for full prohibition. France probably will be the last country to go dry."

MACSWINEY'S CONDITION REPORTED ABOUT SAME

LONDON, Sept. 16.—Terence MacSwiney, lord mayor of Cork, who today began the 28th day of his hunger strike, was much weaker this morning after spending a bad night, according to the report to the home office from the physicians at Brixton prison where the lord mayor is incarcerated.

A similar view was expressed by Dr. C. W. Saleeby, scientist here from England to address the convention. "England will be dry within ten years," said Saleeby.

GOVERNOR COX INVADES THE STATE OF NEVADA

EN ROUTE WITH GOVERNOR COX, Sept. 16.—Nevada today was the campaigning ground of Governor Cox. The League of Nations and progressivism, together with local subjects, such as reclamation of arid lands, headed today's subjects in the governor's addresses. He was joined this morning at Elko, where he made a 15 minute address, by Governor Boyle and Senator Henderson, who were to go through the Nevada trip, ending with an address tonight at Reno.

The governor's Nevada trip today closed the second week of his western "swing" which has taken him to

the Pacific northwest and back to the later-mountain country. He will begin his California tour tomorrow noon at Sacramento and speak tomorrow night in the San Francisco auditorium where he was nominated July 6.

WIFE OF MACSWINEY MAY COME TO UNITED STATES

NEW YORK, Sept. 16.—Mrs. Muriel MacSwiney, wife of hunger striker, may be invited to come to this country to testify as to conditions in Ireland, according to plans being made today for a committee of 100 to investigate the Irish situation.

(Men's Hat Section—Main Floor)

"Tennyson or Longfellow could take a worthless sheet of paper, write a poem on it, and make it worth \$65,000—that's genius. There are some men who can write a few words on a piece of paper and make it worth \$8,000,000—that's capital. The United States can take an ounce and a quarter of gold and stamp upon it an 'eagle-bird'—even with bloomers—and make it worth \$20.00—that's money. A mechanic can take material worth \$5.00 and make it into watch springs worth \$1,000—that's skill. There's a man in St. Louis who can take a fifty-cent piece of canvas, paint a picture on it, and make it worth several hundred dollars—that's art. A merchant can take a seventy-five cent article and sell it for one dollar—that's business. A ditch digger works ten hours a day and handles several tons of earth for \$1.25—that's labor. The author of this can write a check for \$90,000,000 but it would not be worth a dime—that's rough." There are automobile people in this country who will tell you that they can serve you as well as our company—that's nerve. Everybody who is posted and wants the best cars, deals with our company—that's good common sense.

Vernon Budget

Warning is issued.
 VERNON, TEXAS, Sept. 16.—Warning to the business interests of Vernon against placing orders with traveling salesmen who require cash deposits has been issued by the Vernon chamber of commerce.

A man representing an Iowa automobile tire company sold a bill of goods in Vernon, taking a \$25 deposit. The tires failed to arrive after writing in vain to the tire company and to the salesman and the Vernon dealers appealed to the chamber of commerce. The matter was taken up with the chamber of commerce in Iowa with the following result:

"We find that this firm is no longer in business in our city and we have looked up the one member of the firm who is still here. He claims this party who sold this order was not in their employ and that they never received this order.

"If you wish to go further in this matter, we will be glad to help in any way, but believe it is impossible for you to collect as there are no assets of any kind to collect on.

"Several of our dealers are carrying checks returned by banks hoping to collect, but most of them have given up all hope.

The Vernon chamber's warning is: Do not buy from an outside firm whose salesman demands a deposit. Investigate concerns offering goods on those terms. If you wish it, your chamber of commerce will investigate without charge to its members.

To Appeal to Commission.
 VERNON, TEXAS, Sept. 16.—The interstate commerce commission at Washington will be appealed to for case to ship coal to avoid a fuel shortage in Texas, the Texas chamber of commerce advises the Vernon chamber of commerce. The local organization has been working on the fuel situation for several months. Coal dealers here state that they have orders placed for coal, but can not get the coal because cars are not furnished the mines by the railroad. One coal concern announces that its mines are shut down because it can not get cars. Local coal dealers have long lists of orders from people who are growing more anxious every day as winter approaches. The superintendent of transportation of one railroad was appealed to personally by a representative of the chamber of commerce. Assurance is given by the superintendent that "although the mine demands have been very heavy recently, I am satisfied that they will be able to take care of your loading in the very near future."

Schools Are Opened.
 VERNON, TEXAS, Sept. 16.—Vernon public schools opened Monday morning.

Any Good Cigar

is a comfort while you are smoking it; but the matter of its after-effect is also important. We take pleasure in presenting to the critical smokers of Wichita Falls the

Monte Cristo Cigar

one of the oldest brands in the world, having been sold continuously since 1865. In this cigar you will find a combination of mildness and full-flavor.

We carry Monte Cristo cigars in five sizes.

DOCTOR'S ORDERS!

Your Health and Our Reputation Depends Upon Them

That is, your doctor knows what you, as an individual, need in a prescription—and he writes it accordingly for your benefit. And because of a jealousy for our reputation as pharmacists, we follow his orders—not partially—but EXACTLY.

Special Attention Given Our Prescription Dept.

with a full corps of teachers and a record-breaking enrollment of pupils. Congested conditions in some of the wards is giving the school authorities some worry. Supt. B. F. Sisk says the standing of the Vernon school is higher than any other school in this section except Wichita Falls and Amarillo, having more credits than any town, having twenty-two units credit.

The rural schools are opening for the fall term. County Superintendent Fulcher states that the faculty of the schools is complete with the exception of four schools, and their vacancies will be filled at once.

Order Road Closed.
 VERNON, TEXAS, Sept. 16.—The county commissioners has ordered the county road between Vernon and Oklahoma closed from the end of the paving on East Willbarger street to the first culvert in the road in order that paving may be commenced on the highway.

No Pink Boll Worm.
 VERNON, TEXAS, Sept. 16.—Willbarger county is not infested with the pink boll worm as feared by many farmers, according to R. R. Ruppert, expert of the extension department of the A. & M. college, who was summoned here at the instance of several farmers who were apprehensive that the dreaded worms were ravaging the cotton crop and who submitted specimens for the expert to examine. He asserts that the worm fright is unfounded, and Mr. Ruppert says the wet weather is detrimental to the boll worms after they have laid their eggs in the ground. Hot sunshine will make them thrive and with the continued warm and sunshiny weather more boll worms can be expected within the next three weeks.

Cotton Men Organize.
 VERNON, TEXAS, Sept. 16.—A Willbarger branch of the American Cotton association has been organized in the county by A. M. Bourland, president, and a full set of officers and directors. A campaign committee will be appointed shortly. F. T. Collins, visiting representative of the association, assisted in the organization of the local association.

Grand Jury in Session.
 VERNON, TEXAS, Sept. 16.—District court is still grinding away. Divorce cases and oil litigations are demanding the attention of the court. The grand jury is still in session and it is expected to adjourn tomorrow.

ed a large number of bills will be the result of their deliberations.

Wiltbarger Schools.
 VERNON, TEXAS, Sept. 16.—According to County Superintendent Fulcher, the average salary paid in Wiltbarger county for teachers, taking into consideration all public school teachers, is \$124 per month, the shortest school term being six months and the average for the county "being nearer eight months. The lowest salary paid is \$85 and the highest is \$400 per month. Except four rural schools, every school in the county has a complete faculty.

Organize Football Team.
 VERNON, TEXAS, Sept. 16.—Boys of the Vernon high school have organized a strong football team and they will be strong contenders for championship honors for northwest Texas. W. T. Berry is their coach, he having formerly played with the T. C. U. and Camp Travis army teams. To purchase supplies the merchants have already

It Isn't What You Make, It's What You Save.....

Many a man is poor, in debt and constantly harassed by his creditors although having an income of many thousands a year.

On the other hand, the fellow who owns his home, has a bank account, and draws his check for his bills is rich on a much smaller earning power.
