"Looking for Goat But It Isn't Me" Says Chick Gandil

LUFKIN, TEX., Sept. 30.—"I tell you the goat isn't me," Chick Gandil, accused by "sawmuck" players of being a ring leader in the alleged plot to "fix" the 1919 world series, declared in a hospital here today.

GALVESTON, Sept. 30.—Available estimates at noon today placed the damage of a fire which broke out this morning on the waterfront here at from \$2,000,000 to \$2,500,000.

More than 40 freight cars on a double track in the center of the pier were destroyed.

Effective work in aiding the firemen in fighting the blaze and keeping spectators out of danger was done by 100 men of the national guard on duty here enforcing martial law.

Origin of the fire had not been determined at noon today. There was some tendency to the theory that it was of incendiary origin, but definite information to substantiate this view was not available.

High wind blowing from the northeast threatened property in the railway yards and residential sections in the east end of the city.

Leading Devices Destroyed

The loading device of the sulphur plant where the fire originated and bins in the neighborhood of pier 25 were destroyed.

High Wind Blowing

All the fire fighting apparatus of the city, the fire boat Charles Clark and several pieces of floating equipment were destroyed.

Firemen Overcome

Several firemen were overcome by fumes from the burning sulphur, but none of them were in serious condition.

Firemen Injured

The blaze was under control. He also stated that the 2,500 bales of cotton inside the cotton concentration camp in the pier would not be a total loss.

Early estimates of the damage ranged from \$1,500,000 to \$2,000,000. The Italian steamship Etna, which took fire while taking on coal, has sustained total loss of her cargo of wheat and the fire boat Charles Clark was still pouring streams of water down her firehoses at 8 o'clock.

FIRE CHIEF RECEIVES A LETTER OF WARNING

GALVESTON, Sept. 30.—Fire Chief Ryan received a letter yesterday postmarked from some city in Canada warning him that "you are going to be destroyed."

CHICAGO FIRM CUTS PRICE ON CLOTHING

Reduction in Retail Price of 20 to 25 Per Cent Announced by Rothschild Store.

CHICAGO, Sept. 30.—The price barometer fell here again today. Retail clothing prices at Maurice D. Rothschild's clothing store were from 20 to 25 percent, according to public announcement.

### COUNTER REPRISALS AGAINST THE POLICE THREATENED BY IRISH

DUBLIN, Sept. 29.—Counter reprisals against "black and tan" police were threatened by Galway county residents today.

Reports here said regular troops were displaced at the reprisals of the police and that a company of Scottish regulars held a demonstration in front of the barracks here.

### CONTINUED RIOTING CREATES AN INTOLERABLE SITUATION

BELFAST, Sept. 29.—Continuation of rioting and bloodshed in this city is viewed as creating an intolerable situation and Ulster's proposal for an armed civic guard is likely to be adopted by the government if disorders continue.

Threats by the Sinn Fein that organization of such a guard would be taken as a "declaration of war" with a resultant uprising of Irish nationalists are taken seriously, it has been asserted that the existing situation cannot be worse.

It is claimed the government cannot afford to maintain sufficient military forces in this city to cope with disturbed conditions and must rely on the co-operation of loyal subjects to maintain order.

### WILLYS-OVERLAND PLANT TO DECREASE PRODUCTION

Toledo Plants Closed Down Wednesday Following Lay Off of 4,500 Men and Women.

TOLEDO, OHIO, Sept. 29.—Toledo plants of the Willys-Overland Company were closed down yesterday following the lay-off of 4,500 men and women workers.

Less than 2,000 remain to operate the plants, the rest of the week, when they reopen tomorrow. Normally there are between 12,000 and 14,000 employed.

Those released yesterday were instructed to report Monday morning, by which time officials say it will be known definitely whether the plants will operate on a three-day a week basis or remain closed until conditions in the automobile industry get back to normal.

Falling off in the demand for automobiles, which has affected motor car companies in general throughout the United States, is assigned as the cause of the drastic curtailment of production.

### BLADE OF AXE BURIED DEEP INTO MAN'S HEAD

Body of James M. Neely Is Found in Bed in a Hotel at Miami, Arizona.

GLOBE, ARIZ., Sept. 29.—The body of James M. Neely was found last night lying on a bed in his room at Miami with the blade of an axe buried deep in his head. The body was found by Bob Richards and from the appearance of the body had been dead since 2 o'clock in the afternoon. There was evidence of a struggle and the pockets contained about \$3.

### COMPLETE INVESTIGATION IN CASE OF HENRI LANDRU THE GAMBALS BLUEBEARD

PARIS, Sept. 29.—The preliminary investigation in the case of Henri Landru, whom the police refer to as the Gambals Bluebeard and hold responsible for the disappearance of 11 women to whom he had promised marriage, has just been concluded. It has lasted 15 months.

All the documents in the case, amounting to over 5,000, have been turned over to the prosecutor general of the republic by Judge Bonin, who conducted the preliminary investigation. The judge immediately left for a delayed vacation. He was accompanied by the good wishes of Landru, who told the judge that it had been a great comfort to him to make his acquaintance and that he hoped the feeling was mutual.

Landru has consistently refused to answer the questions of Judge Bonin and has made the investigation as difficult as possible for the magistrate. It is the feeling in court house circles that the case against Landru is weak and much doubt is being expressed as to the chance of conviction against him. The 11 women have simply vanished into thin air. The "corpus delicti" is lacking in the case. Bones were found in the villa occupied by Landru at Gambais and the prosecution will contend they are human bones but the defense will call experts to swear they are rabbit, lamb and dog bones.

Landru is confident of acquittal and is already considering offers from moving picture concerns in the event of his being freed.

### TWENTY NAMES ON TICKET FOR PRESIDENTIAL ELECTORS

C. V. Terrell of Decatur Will Represent the Thirtieth Congressional District.

Twenty men running for office in November with every prospect that they will win unless Texas reverses all political action since reconstruction days are practically unknown to the men and women who will vote for them.

They are the presidential electors. Two have been designated as electors at large and 18 apportioned among congressional districts. This will give Dallas and Houston two electors each the electors at large being designated from those cities. The list follows:

- At large—Royal E. Watkins, Dallas and J. W. Blake, Houston.
- First district—George M. Scott of Mount Vernon.
- Second district—Morgan F. Vining of Orange.
- Third district—Alf Morris of Winnsboro.
- Fourth district—C. B. Randall of Sherman.
- Fifth district—John C. Harris of Dallas.
- Sixth district—E. A. Camp of Rockdale.
- Seventh district—R. C. Sewall of Palestine.
- Eighth district—George Charles of Houston.
- Ninth district—Dr. Fred J. Roemer of Port Lavaca.
- Tenth district—Cooper Sansom of Georgetown.
- Eleventh district—W. E. Spell of Waco.
- Twelfth district—Frank P. Culver, Jr. of Fort Worth.
- Thirteenth district—C. V. Terrell of Decatur.
- Fourteenth district—Belig Doughtman of San Antonio.
- Fifteenth district—John T. Briscoe of Devine.
- Sixteenth district—S. J. Isaacs of El Paso.
- Seventeenth district—W. H. Penick of Mineral Wells.
- Eighteenth district—T. D. Barton of Amarillo.

HAVE YOU ASKED HAZZAN? This Week At The Wichita Theatre

### FAR FROM THE MISERIES OF WAR

These prisoners held in a camp near the Austrian front during the war, come to be greeted by friends and others to start life under the protection of Old Glory without a single acquaintance. It took some three months to get here. All fled their native land when the Russian forces threatened Warsaw.

### RAIN NEEDED IN SOME SECTIONS OF THE WEST

FORT WORTH, Sept. 29.—Rain is needed in some sections of the Texas range country, according to the weekly reports from the inspectors to the headquarters of the Cattle Raisers' Association in Fort Worth today. Despite the lack of moisture, however, cattle are doing fine and the grass outlook for the winter is good. Shipments, however, continue light to all markets.

Bell Springs Butler at the Bon Ton Grocery. 149-216

### ESTIMATE OF CONDITION OF COTTON ON OCTOBER 4

WASHINGTON, Sept. 29.—The estimate of the condition of cotton as of October 25 will be issued Monday, October 4, 11:00 a. m. Instead of Sunday, October 3, the department of agriculture announced today. The change was made to conform to the change in October 4 of the date for the issuance of the monthly census report on cotton ginned.

If it is upping, painting. Phone Threadwell, 6337. 136-67

### "Hard Boiled" Smith Reported as Living "At Home" in Ohio

LEAVENWORTH, KANS., Sept. 29.—"Hard Boiled" Frank H. Smith, notorious prison master in an A. E. F. prison camp in France and today rumored to have been fully pardoned by President Wilson, was on "home" parole at Painesville, Ohio, as far as Leavenworth prison officials were concerned.

Lieutenant Sherburne Whipple, adjutant of the disciplinary barracks here, was unable to say whether Smith was still under obligation to report to military authorities once a month. He did state, however, that Smith had not been "dressed in" at the barracks when other prisoners were transferred here at the time Fort Jay, N. Y., where Smith was serving at 15 months sentence, was abandoned.

According to information here "Hard Boiled" Smith was court-martialed and dishonorably discharged for brutality while a lieutenant in the army. He is reported now to be living at his home in Painesville, Ohio.

### IS ORDERED RELEASED BY ADJUTANT GENERAL'S OFFICE

NEW YORK, Sept. 29.—Frank H. (Hard Boiled) Smith, former army lieutenant, convicted by court-martial of brutal treatment to prisoners in France, was paroled from Fort Jay on March 20 after he had served less than nine and a half months of his 18 months term.

This was made known today by the military authorities at Governor's Island after a search of records at Fort Jay had cleared up the mystery surrounding what disposal had been made of Smith. It was said at Governor's Island that the order for Smith's release had been issued by the adjutant general's office at Washington and

### Priest Claims the Discovery of Vast Reservoirs of Oil

ROME, Sept. 29.—Abbot Vincenzo Fucci, parish priest at Cerrosimo, has discovered what he believes to be a vast oil field extending from the Gulf of Taranto to the Gulf of Salerno, near Naples. The priest says the source of the oil is in the Appennine mountains, in the province of Potenza. He describes his discovery as "colossal reservoirs of oil." The government has taken control of the oil fields.

### FRANCIS F. KITCHENS OF HELENA, ARKANSAS, DEAD

HELENA, ARK., Sept. 29.—Francis F. Kitchens, for years prominent in Phillips county and Arkansas politics, died at his home here this morning at 12:30. He was 51 years old and was the nominee of the democratic party for sheriff. He had been in public life since 1900.

### BANK EMPLOYEES OF ITALY SEEK TO OBTAIN CONTROL

LONDON, Sept. 29.—Bank employees of Italy have started a movement to obtain control of financial institutions in that country, says a Central News dispatch from Rome, quoting the Epoca of that city.

### MINERS OF OKLAHOMA ARE EXPECTED TO STRIKE

Ten Thousand May Quit Within Two Weeks if Demands for License Is Not Granted Them. MUSKOGEE, OKLA., Sept. 29.—Ten thousand Oklahoma coal miners may go on strike within two weeks if their demands for a 30 per cent increase on the tonnage basis is not granted by the operators, according to J. M. Wilkinson, president of district 21, United Mine Workers of America. The miners of Texas and Arkansas also are affected, he said.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

**Black Silk Stove Polish**

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All you do is rub it on your stove, your boiler stove or your gas range. If you don't like it, the best stove polish you ever used, your dealer is authorized to return your money.

Made in liquid or paste—one quality.

**Black Silk Stove Polish Works**

Sterling, Illinois

The Black Silk Stove Polish from Shuman on Glass, registers, stove-tops—Prevents rusting, burning, and discoloration. It has no equal for use on automobiles.

OUR MILLINERY STOCK MUST BE SOLD BY OCTOBER 5TH—REDUCTIONS THAT WILL APPEAL TO EVERY WOMAN

### Amusements

#### VAUDEVILLE COMEDY BILL PLEASES LARGE AUDIENCE

A bill composed mainly of comedy in various guises is being offered by the Wichita theater as it's weeks attraction. The largest crowds that have attended the theater since it's opening this season packed the theater auditorium Wednesday night and were rewarded in good measure by the five attractions.

James and Hughie O'Donnell sprang a surprise at the outset, for Hughie turned out to be a youngster of about 4 or 5 summers, but this did not deter him from immediately winning the applause and favor of the audience. The youngster goes through some precarious acrobatic stunts and assumes fantastic shapes in the hands of his Dad, the staging feat in particular being little short of phenomenal for an athlete of Hughie's size.

Alfred Latell brought the greatest number of laughs of the evening with his comedy skit "The Pensive Pup." This famous animal impersonator appeared in a ferocious costume that inspired terror in even the painted cats on the stage screen and his growls of wrath caused a shiver of dismay from a startled youngster in the front row. Latell certainly resembled an incarnate demon of the canine world and drew rounds of applause by his clever acting. He was assisted by Miss Elsie Vokes who proved herself a capable master.

The third act was offered by Hazzan, who answered all questions propounded to him by consulting a crystal. His act was of the usual type of the ma-

gician and he succeeded in drawing a number of good laughs by his clever quips on well known Wichita Falls citizens. Hazzan apparently cleared up the kidnapping mystery of Leon Delaney by stating that the boy was now in his mother's possession and that both were in Fort Worth.

Frances Kennedy proved herself to be an actress with a magnetic personality. She offered a collection of type songs that were effective and true to life and these, together with a running fire of comments on various topics made up the major portion of her act.

William Seabury and his company closed the bill with their "Frivolities." This revue was composed mainly of lively dancing at which all members of the company proved themselves adepts. Seabury himself offered a wide assortment of fancy steps which made a big hit with his audience. The dancing and costuming of the Hope sisters was above par. Buddy Cooper at the piano played all accompaniments and his lively melodies added greatly to the merit of the act.

"HALF AN HOUR" MAKES HIT AT EMPRESS THEATER

The popular stage play, "Half an Hour," serves as the starring vehicle for Dorothy Dalton in her latest film production now being offered at the Empress theater. The heroine of the story is an English woman of noble birth who is practically sold by her father to a wealthy American adventurer. This proves at first to be an unhappy combination and on several occasions domestic tragedy is averted only by the abhorrence of a public scandal. Eventually, through the tragic death of the man who was seeking to completely wreck the home life of the American and his titled wife, a recon-

stitution is effected and peace and happiness restored between the two.

"BAB'S CANDIDATE" IS THE ATTRACTION AT MAJESTIC

Sending a pauper to the state legislature is one of the political high lights that goes to make up "Babs Candidate," the Corrine Griffith picture now being featured at the Majestic, unique and amusing comedy. The action of the play centers around a young lawyer who is addicted to profane and eloquent speeches and of the trouble in which he plunges himself by his excessive spree of talking. A United States senator and incidentally the father of the young attorney's fiancée looks with disfavor, both on the quest for his daughter's hand and the race for the legislature, so he enters a "dark horse," which later turns out to be the town pauper, and defeats the aspiring orator. However, this curbs the lawyer's incessant talking, and develops him into a success at the bar. This picture is being shown at the Majestic today.

#### WILLIAM S. HART PRESENTS "THE CRADLE OF COURAGE"

In "The Cradle of Courage," now being offered at the Olympic, William S. Hart is given one of the most strenuous roles of his career. The daring feats of horsemanship and kindred activities are entirely lacking, but in their stead are elastic encounters galore and numerous violent encounters with a gang of desperadoes from the underworld of a great city. Mr. Hart plays the part of an ex-crook who converted to honesty on the battlefields of France and of the trouble which he has with his old cronies after returning to America. As may be expected, he finds

trouble enough and nearly loses his life after taking a position on the despised police force. These matters are straightened out in the end, however, and a nest of crime is disposed of through the efforts of the one who, in his early life had been its staunchest backer.

## 25% DISCOUNT

# Throughout Our Store

### SALE ON NOW

The merchandise throughout our store is new and the greater part of it has been bought as low as the present market. In pricing merchandise throughout our store we were careful to safeguard The Howell Store against any criticism on account of high prices. The goods sold throughout the house are of the very highest class and many Ready-to-Wear stores would have asked much longer profits, but this is a brand new store, inaugurated for permanence and the building of a splendid reputation. Therefore, our merchandise was marked with a view of getting the genuine support of the entire buying public.

This store is glad to meet the needs of any situation and we are willing to go the full length in meeting such situations. We are therefore glad to allow a 25% DISCOUNT on this high class stock of merchandise, knowing that while we shall have sacrificed all of our profits, still much good will have been done in saving a great deal of money for consumers that buy high-class wearing apparel.

We feel that we have an extraordinary store, one that the people of Wichita Falls and the surrounding country will appreciate, and we are anxious to have you come in and avail yourself of all its conveniences and privileges. Our salespeople represent the highest class in their profession and they are urged to give the people of this community the very best service of which they are capable. We feel that you will receive the most careful and painstaking attention in every department of our store.

We are not in a position to announce at this time just how long these discounts will prevail, but we feel certain that the greater part of our stock will be sold very quickly. Naturally, those shopping at an early date will have the advantages of the most choice selections.

These are the lines that we carry:

**ASK PREACHERS TO REQUEST "CALL ON YOUR NEIGHBOR"**

Anxious for General Observance of Week Designated to Begin on October 3.

All the clergymen of the city are being asked today to include in their pulpit messages next Sunday a request that the members of their congregations observe "Call on your neighbor" week that begins October 3. The request is being made by Miss Bertrude R. Deppen, executive secretary of the local community service organization which is sponsoring the week of neighborliness.

Every clergyman of whom the request was made this morning gladly agreed to assist in any plan that will aid in developing a more neighborly friendly social spirit among Wichita Falls citizens. As it was not possible to reach every pastor in the city, the request is made through the newspapers that each minister consider that he has been earnestly urged to improve the matter upon his parishioners.

It is hoped that every citizen will make a point during the week of October 3 to call on at least three neighbors—his adjoining neighbors and his neighbor across the street.

**HAVE YOU ASKED HAZZAN? This Week At The Wichita Theatre**

**CLOSES TWO OIL DEALS WHILE ON THE COAST**

Lyons & Kleinman Also Report Having Recently Purchased a Number of Wells.

Charleston A. Kleinman of the firm of Lyons & Kleinman, oil operators, has returned from a two months' business trip to the Pacific coast. Mr. Kleinman reports having closed two large deals with friends in Los Angeles, his former home. By sending out thousands of market letters, he has advertised the wonderful opportunities of Wichita Falls and Wichita county for profitable investments.

This firm has purchased 10 producing wells in the Electra field, five producing wells in the K. M. A. field and seven wells in Oklahoma on large tracts in the last few days. Mr. Kleinman states that the rumor that he had taken to himself a better half was a mistake, and that he is still heart-whole and fancy free. Mr. Kleinman found that the fame of the Wichita oil district is well known to the people of California. He was accompanied home by a number of capitalists who will make investments in oil properties here.

**HIGH TEA GIVEN BY DAUGHTERS OF REVOLUTION**

The first meeting of the year of Major Francis Grice chapter of the Daughters of the American Revolution of Wichita Falls will be held at the Wichita Club Saturday afternoon at 2:00 o'clock, October 2. It will be a high tea to 200 new members including one of the few real daughters left in the United States, Mrs. Eli Skidmore, whose father fought in the revolution. A brief business meeting will precede and a delegate will be elected to the annual state conference at Austin in November. This season each meeting will have a different program chairman, a different musical hostess and a different hospitality committee the regent, Mrs. E. H. Burnside, and Mrs. J. L. Jackson and Mrs. J. R. Hyatt and the program committee, Mrs. K. A. Van Den Broek, Mrs. Fred T. Cooper, Mrs. C. W. Beavers, Mrs. A. A. Schaffert will be hostesses at the opening meeting. Programs this year will include this theme:

**ALAMO MOTHERS CLUB TO MEET FRIDAY AFTERNOON**

The Alamo Mothers Club will meet at the school building Friday afternoon at 2:30.

Kindergarten, first and second grades, at 2:00 Eighth. Call Saturday afternoon, October 2. If sufficient are interested work starts October 11. 110-71c

**SLIGHT DECREASE IN THE PRODUCTION FOR WEEK**

Total Daily Production According to Pipe Line Runs Is 83,337 Barrels.

A slight decrease in the oil production of Wichita county is noted from last week's figures as compared with the week previous. The average production in the Burk Burnett district was 68,572 barrels as compared with 69,600 the week before while the Electra district showed a decrease of 300 barrels, the average for the week being 16,000 barrels. The production in the Iowa Park district fell off 200 barrels, the week's production averaging 6300 barrels against 6500 the week before. The Holliday and Patrolia districts maintained the same with productions of 160 and 335 barrels, respectively.

**Eruptions of the Skin Cause Torturous Itching**

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce. Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed. S.S.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, 158 Swift Laboratory, Atlanta, Ga.

NEWS FROM THE COURTS

TWENTY-SIX AUTOS STOLEN THIS MONTH

Thirteen Of This Number Have Been Recovered According To Chief Investigator.

During the month of September 26 automobiles have been stolen in Wichita Falls, of which number only thirteen have been recovered, according to C. E. DeWitt, chief investigator of the automobile theft bureau of Dallas, who has spent the past two days in this city investigating the theft of several high priced machines stolen recently from garages which were heavily insured.

The automobile theft bureau, with which Mr. DeWitt is connected, is maintained by associated insurance companies which write automobile insurance in the state of Texas. Mr. DeWitt keeps very closely in touch with the automobile theft situation in Texas and is well posted along this line. He stated he has been told that a number of cars stolen in Wichita Falls are taken into Oklahoma.

Discusses Situation In speaking of the situation Mr. DeWitt says: "Sheriff R. L. McFall is always eager to capture an automobile thief and recover stolen cars. He is obliged to be considerably handicapped on account of not having sufficient help to cope with the situation. Mr. McFall further stated that he would like to devote more time to this work, but he finds it impossible to do so on account of so much civil work.

"There are several counties in Texas where highway deputy sheriffs are employed. These officers patrol the highways and keep a close watch on all suspicious-looking automobiles and in many instances they recover a stolen car.

"An automobile owner is entitled to all the protection he can get. When he drives his car down town he is obliged to leave it on the street, as it cannot be carried into his office and it is hardly possible to watch it at all times, therefore the thief has the upper hand in the situation."

Mr. DeWitt expressed himself as being somewhat displeased with the way in which automobile theft cases are handled in some of the criminal courts in Texas. He states that oftentimes the judges encourage juries to give a suspended sentence. The majority of young men arrested for stealing automobiles, in Mr. DeWitt's opinion, receive a suspended sentence, provided they are brought to trial and provide they show that the offense is the first one.

FEDERAL JUDGE HEARS PLEA OF CECIL JAMES

Cecil James, charged by indictment with embezzlement of funds from the First National Bank of this city, pleaded guilty to the charge before U. S. Federal Judge Robert T. Irvine in court Thursday morning. When asked by the district attorney if he was really guilty to the charge to which he pleaded guilty he said "No."

JURY IS SELECTED FOR THE TRIAL OF FIVE DEFENDANTS

Following the selection of a jury the trial of the case of the United States Government vs. E. E. McCauley, A. H. Lang, Roy Lanier, Paul Harris and J. W. McLaughlin, charged by indictment with the theft of a car load of pipe of interstate shipment was begun. The car from which the pipe in question disappeared was shipped from Wyoming and the contents of the car is said to have disappeared while on a track in the yards in Wichita Falls.

MANDAMUS PROCEEDINGS IN HUEY CASE IS CONTINUED

The mandamus proceedings in the case of A. L. Huey vs. The Wichita Falls Electric Company was continued until the second Monday in November in the 8th district court Wednesday afternoon. The plaintiff asks that the defendant be compelled to extend electric service to the Scotland addition in the city. In the same suit the plaintiff asks for a judgment of \$26,000 as damages.

ADDITIONAL CASES ARE FILED AGAINST CHIROPRACTORS

Dr. M. M. Walker filed additional complaints against the chiropractors of Wichita Falls and as a result five more cases have been docketed against the four chiropractors, Drs. E. A. and D. C. Clark, E. L. Meyers and W. L. Nelson. It is charged that they are practicing without a license. At the present time there are now 29 cases.

On All-Wool Toques, Caps and Scarfs. Our buying office shipped us a large shipment of these Fall needs and why pay \$2.00 to \$4.00 elsewhere? Choice— \$1.00 New shipments: ladies hats, velvets, ve-fours, plushes. Newest styles ..... \$1.00 UNITED "Everywhere"

pending in the county court of law against these four men. FINED \$100 ON GUILTY PLEA IN THE FEDERAL COURT H. L. Barnett pleaded guilty before Federal Judge Ervin on the charge of violation of the national prohibition act and he was fined \$100. The case against Harry Gilles was dismissed on motion of the prosecuting attorney.

ASSIGN CRIMINAL CASES FOR TRIAL IN OCTOBER

Ernest Stafford, colored, charged with and indicted for murder, was arraigned before Judge P. A. Martin in the 8th district court Thursday morning and his case set for trial on October 20. Roy Wood, Roy King and James Oldham, charged with highway robbery in two instances, were also arraigned and their trial set for October 18. The law provides that in cases where the death penalty applies that the defendant must appear for arraignment in order that the defendant may be identified. In each of the cases Thursday morning the defendants all pleaded not guilty.

DISTRICT ATTORNEY ASKS FOR RETURN OF BOOKS

District Attorney Fletcher S. Jones took an inventory Thursday morning and wishes to notify all members of

the bar through the Times that several borrowed volumes from his library have not been returned. He asks kindly that anyone who may find the following books among their own would return them to him: Vernon Sales Civil Statute No. 4; Vol. 1 of Vernon Sales Civil Statute Supplement, and No. 21, Corpus Juris. He asks that this not be taken as an ultimatum but merely as a kind request.

GENERAL VAN ZANDT NOT A CANDIDATE FOR RE-ELECTION

FORT WORTH, Sept. 29.—General K. M. Van Zandt of Fort Worth, commander-in-chief of the United Confederate Veterans, will not be a candidate for re-election at the forthcoming Houston convention, he announced today. He said he would favor one of three division commanders as his successor: General Carr of North Carolina, General Calvin B. Vance of Mississippi, General Virgil Y. Cook of Arkansas. Van Zandt was elected two years ago at Tulsa, Okla.

**WACO IS ALL RIGHT SAYS ATTORNEY LUD WILLIAMS**

Here to Attend Federal Court Injunctive Visit with Old-Time Friend, Chief of Police Huff.

Waco is all right; it's a good little town, rather old-fashioned, perhaps, but it's all right. Of course, every location is invariably figured as "so many blocks from the Amicable building," but that's all right, also. Some day Waco may have a number of big buildings; give her time, give her time—she's young yet.

Lud Williams is a well known attorney of Waco; used to be the city attorney, in fact. He is in Wichita Falls today; came up on business connected with the sessions here of the United States district court. Lud became a little confused in the Wichita Falls downtown district; got rather lost in the kaleidoscopic shuffle of touring cars—just couldn't keep his eyes on the traffic below and the skyline of tall buildings above.

Lud Williams knows Chief of Police Lee Huff mighty well. They are old bosom pals. Lud fled to police headquarters and called on Chief Huff for aid. Did the chief fall him? Nay, he tucked Lud's arm 'n his'n and took him on a foot tour of the city. The tour is still on. Chief Huff keeps a weather eye on the automobiles and Lud Williams feasts both eyes on the new buildings. Chief Huff takes his pal to the federal court and back, and Lud never gets lost no more no how.

If you see Chief of Police Lee Huff on the street this evening—yes, that gentleman with him is Lud Williams of Waco.

Waco's all right; it's a good little town; haven't got a word to say ag'in it, not a word; it's all right.

**BLOCK PARTIES ATTRACT A WIDESPREAD INTEREST**

Many Letters Are Being Received by the Chamber of Commerce Asking Information.

By taking the lead in organizing block parties as a means of community development along social lines, Wichita Falls has attracted attention in many sections of the country. A great many letters have been received by the chamber of commerce here from secretaries of similar organizations in various parts of the United States asking for detailed information regarding the block party system, and commending the general idea as a plan to promote neighborliness.

Interest in the work here developed from an article, "Tying the Home to the Community," contributed by Secretary Harrison, of the local chamber, to the American City Magazine and published in the last issue of that periodical. Letters asking for assistance in putting the block party plan into effect in other cities have been received steadily since then.

**COUNCILMEN LOOKING FORWARD TO PLEASANT MEETING OF MEMBERS**

Members of the city council are looking forward to a pleasant vacation tonight—a vacation that shall consist of a council meeting devoted largely to pleasant discussion and the transaction of a small amount of routine business.

For weeks the council has had its "foot on the gas," and has been working at top speed on a host of matters of more than ordinary importance to the city. Every member of the council has made personal sacrifices of time from his individual business in order to devote additional attention to municipal affairs.

At the last meeting of the council, however, a final burst of speed wiped from the municipal docket the last trace of "emergency business." As a result, the aldermen will "mooch" cigars from one another tonight, will discuss mildly the injunction sought by Givens against the service car ordinance and

will probably pass on its second reading, with some changes, the ordinance sought by local merchants as protection against itinerant vendors.

"There being no further business to come before the meeting" it will then adjourn.

**MCDOWELL GUEST OF HONOR BUSINESS COUNCIL LUNCHEON**

M. O. McDowell, chairman of the committee on organization and plans of the Wichita county development

conference, will be the guest of honor of the business council of the chamber of commerce at tomorrow's weekly luncheon at the Wichita club. A report on the work of the conference will be made, and McDowell will discuss the general need of bringing agriculture back to Wichita county.

mercy regardless of their non-affiliation with the business council are urged to attend the meeting. The purpose of the weekly luncheon gatherings is to make the council an open forum for the discussion of matters of interest to the city and county.

INDIANS CLEAN UP SERIES WITH BROWNS, YANKEES TAKE TWO

ST. LOUIS, Sept. 29.—Cleveland gained another lap on Chicago in the struggle for the American league championship today, winning from St. Louis, 10 to 3, and making a clean sweep of the four-game series. The victory puts the Indians a game and a half ahead of the White Sox and in a position to clinch the pennant by winning three more contests.

Table with columns: Cleveland, St. Louis, AB, R, H, PO, A, E. Rows include player names and totals.

Totals: Cleveland 28 10 12 27 7 4; St. Louis 11 3 11 10 4 2. Score by innings: 1-0, 2-0, 3-0, 4-0, 5-0, 6-0, 7-0, 8-0, 9-0.

YANKEES WIN TWIN BILLS FROM LOWLY ATHLETICS. PHILADELPHIA, Sept. 29.—Six home runs featured New York's double victory over Philadelphia. The second game went eleven innings.

Table with columns: New York, Philadelphia, AB, R, H, PO, A, E. Rows include player names and totals.

PHILADELPHIA, Sept. 29.—With a little more than a fighting chance to win the American league pennant, the Chicago White Sox, crippled through the loss of seven stars as a result of the baseball scandal investigation, left today for St. Louis to open the final three-game series of the season tomorrow with the St. Louis Browns.

The SPOTLIGHT by Grantland Rice

(Copyright, 1920, New York Tribune Inc.) TO A CRIPPLED DOUGHBOY. (Still on crutches—watching the crowd drift by.) Deep in your soul I can read— One burning thought that is set— They have forgotten so long— I too, would like to forget— Yes, I would like to forget— All that has happened to me. Now, but the remnant and shell— Of the man that I started to be.

THE MOST VALUABLE BALL PLAYER. But in so far as one directly affects the position of a ball club in the pennant race—which, after all, is the main proposition—the most valuable individual ball player in the game today is Tris Speaker.

THE BARRIER. Developing a football machine that can go through the season with an unbeaten record is an assignment that belongs only to a wizard.

WHY THE DELAY? The grand jury investigation of thrown games in baseball is something the national commission should have taken up long before this—if there had been a national commission.

When a gambler touches a sporting enterprise the effect isn't very much worse than a combination of fire, tornado and flood. The wreckage is always complete.

When the two colonels—meaning T. L. Huston and Jacob Ruppert—shelled out \$12,000 for Babe Ruth last winter there were any number who thought both men had suddenly been attacked with vertigo or brain fever.

## SPLENDID CROPS IN THE OLNEY SECTION

Estimated That Cotton Will Average Around a Half Bale To The Acre.

OLNEY, TEX., Sept. 30.—Crops in the region about this place have never looked better than at present. It is estimated that cotton will average over half a bale to the acre. Despite the rains of the summer, boll worms have done very little damage. Grasshoppers, early in the season, devastated about 20 per cent of the land planted to cotton, but this was mainly in fields which were practically surrounded by mosquito pastures, where the grasshoppers appeared to hatch. The only farmers who successfully combated the hoppers were those who had numbers of turkeys, which they herded in the cotton fields, and which devoured the insects. The grasshoppers migrated northward in huge clouds which were visible at any time of the daylight hours during the period of their migration, which covered many days. C. W. Junker, a cotton farmer, states that the grasshoppers injured nothing but the cotton in this region, and that the cotton fields which they did not attack and those which were protected by turkeys, promise to yield 100 per cent of a crop.

**Game Is Scarce.**  
Generally speaking, game is scarce in this locality, but hunters have had fine sport shooting doves up to the time when these birds started for their winter quarters in the south. Quail are coming back and again becoming plentiful in their old haunts. The prolonged drought of 1916-1917-1918 almost exterminated them in this region.

No record of the rainfall here is available, but early this month when the streets were covered with water, a boy, who was pushed into the gutter on Grand avenue, swam a distance of about a block, followed by his companions who plunged in after him upon seeing the swimming possibilities, and the entire party posed in the water to have their photograph taken.

**Well Making Gas.**  
The Arkansas Oil and Gas Co., on the Jeffery ranch, six miles southwest of Olney, struck a sand at 2920 feet, then filled in to the 3000 foot level with cement to shut off salt water, and set eight-inch casing. This is said to be the longest string of casing ever set in the mid-continent field. Drilling through the country will be undertaken at once. There was 2200 feet of water in the hole when the sand was encountered. The well was making some gas.

The Padgett well, four miles west of the Jeffery well, is known to be making gas, but as the public is excluded from the premises, details are not available at this time.

Dr. T. H. Burton, pastor of the First

Methodist church, states that the new church building will be ready for the installation of the church furniture in about 30 days. The fourth quarterly meeting was held last Sunday night and the finances of the church completed for the year. The new building will be completed for less than \$20,000. It is being built "by the hour." The lowest bid on the construction was \$10,000 under plans calling for brick veneered walls. The plans were changed to a solid wall, which ordinarily is figured at 20 per cent above the cost of a veneered wall, and under the method pursued the church will complete the building within the \$20,000 price and will have enough left of the latter figure to install heating plant, and furniture and also to pay the first year's premium of fire insurance. The building is being erected without a cent of debt, although one member has contributed \$500 toward the building fund offered to pay in addition to his contribution, \$10 for every foot of steeple that might be erected. The Quaker Enterprise will be installed in its new fire-proof building in about 15 days.

nor mind stopping and blowing away right in front of our dwellings, frightening women and children if their men folk happen to be away from home, and should all of the family be away at church, they will absolutely overrun the place, regardless of posted signs. Now you may ask why we don't prosecute them. It is for the reason that one will remain on watch so if one tries to find out who they are, the alarm is given and away they go in a cloud of dust, and should we get the number of their car it is hard to find out who was using it that day; and the owner will probably say that he had loaned it to a friend on that particular day and did not know who was using it. This is not so much a threat, but a warning that we aim to find a way to stop it. We hope this will be read by enough of them to be passed along so that we will not have to resort to drastic measures. Very respectfully, C. DEAN, Route 2, Windfield glass at Decorators Co.

**INTERURBAN TO DALLAS NOW SEEMS ASSURED**  
That the interurban line from Wichita Falls to Dallas is to become a reality is the opinion of Wiley Blair, a prominent member of the committee at work on the new project. In an article published in the Dallas News Mr. Blair stated that all but \$1,500,000 worth of the \$3,000,000 bond issue had been disposed of and he expected that the remaining amounts would be subscribed before the first of next year. George Bishop of Cleveland who is in charge of the bond sale, and Owen D. Young, vice president of the General Electric Co., both of whom are interested in the proposed line, have also stated that the project now seems assured. Preliminary surveys have already been made of the route and as soon as the remaining bonds have been disposed of the final survey will be made and the actual route determined. The traction promoters have been

given until January 1 to raise funds necessary for the construction of their line and until March 1 to begin actual work and in case they are successful in the disposition of the remaining \$1,500,000 of bonds it appears

that construction work on the electric line will be started early next year. Bell Springs butter at the Bon Ton Grocery.

## The Good Old Days Do You Want Them?

When we pay 75 cents per dozen for eggs, we remember the time when we could buy two laying hens for the same amount of money.

In those good old days, you could buy half a cow for ten dollars, and if you insisted, the butcher would throw in his knife and apron.

In the good old days when your appendix went on strike, the doctor called it inflammation of the bowels and they buried you. Women wore long skirts which swept disease germs from the street into your home.

If you craved amusement, you got it at the Wednesday Night Club when some old geeser would talk you dizzy on how to be a successful man.

In the good old days, a dollar was worth a lot and a man was worth very little. If you got \$1.00 a day, you were expected to bring up a family of ten children on it.

Some things cost a lot more today than they did in the old days and some things cost a little less. As a whole, it costs more to live now than it did then, but it's worth more. The comforts and conveniences of today are worth more than they cost.

Ed V. Price & Co. tailoring is one of the few necessities that can be obtained at a price commensurate with the intrinsic value that has marked Ed V. Price & Co. garments for the past twenty-five years. You can today have a fine tailored-to-measure suit or overcoat of excellent quality at a price within reach of your pocket-book.

Let us demonstrate to you the economy of having our tailoring lines take care of your Fall clothing requirements.

**MERCHANT MARINE FOR THE LEAGUE OF NATIONS**

Has No Less Than Fifteen Cargo and Passenger-Carrying Vessels Chartered.

LONDON.—The league of nations has a merchant marine of its own. To date, no less than fifteen cargo and passenger carrying vessels are chartered by the league of nations and either are, or soon will be, plying regular trade routes.

Expediency, rather than a desire to operate a merchant marine, was the cause of the venture, according to Dr. Fridtjof Nansen, Arctic explorer, statesman and relief worker, who is the self-appointed director of the league of nations fleet. This is how it happened.

Some few months ago Dr. Nansen found himself appointed to the job of repatriating some half million prisoners of war to their native lands. Half of these were in Russia and the other half to the Uralis—the remainder in prison camps of the Central Empires and France. Unable to arrange for the transportation, Dr. Nansen decided to charter steamers to ply between Hamburg and other German ports and Baltic seacoast cities. The vessels were to carry Russian on one leg of the journey and a return cargo of Germans and Austrians.

During the course of negotiations it developed that many of the Russian prisoners confined in Germany and France hailed from eastern Siberia. To transport them across Russia via land was an impossible undertaking. Consequently, two chartered vessels have been routed to Vladivostok via the Mediterranean and Indian oceans.

In order to lessen the expenses of the undertaking, agents in Germany have been scouring Germany for cargoes to carry in addition to the prisoners. For three weeks freight solicitors searched Germany for a cargo to carry as ballast to the Orient. Finally a cargo of salt was secured.

Because of the comparatively short voyage, it is not necessary to carry a cargo on the trip between Baltic and North Sea ports.

According to Dr. Nansen, inconceivable difficulties are encountered in the work. Ships were not secure from any of the governments immediately concerned in the movement of prisoners. France was not anxious to release the thousands of Russians held by her. The majority are engaged in road making in Algeria and other French possessions.

The Soviets, Dr. Nansen avers, have been far more considerate in co-operating with the work than any of the other governments. On the other hand, they have been limited by obstacles presented because of the attitude of the Baltic states, the Siberian government and Japan.

Although the work of repatriation has been greatly hampered, it is now progressing favorably and Dr. Nansen and his co-workers hope to have the movement well under way this fall. Because of the poorly clad and weak physical condition of many of the prisoners, repatriation of the work in winter would cause great hardships and suffering. The league has secured about \$2,250,000 to carry on the work.

**TOTAL OF 26,500,000 WOMEN ARE ELIGIBLE TO VOTE IN NOVEMBER**

WASHINGTON, Sept. 29.—Figures compiled by the census bureau and other government departments indicate that the number of women in the United States over 21 years of age is 28,840,000 of whom approximately 2,550,000 are eligible to vote in the November election. This estimate makes a liberal allowance for alien women, American women married to aliens and others ineligible.

Exact figures are not available on the number of women over 21 but barred from voting through various reasons. Census bureau officials believe, however, that this year at least 1,000,000 of the 2,550,000 foreign-born women in the United States will not yet have become naturalized. In addition there were in 1910, according to the census about 60,000 Indian women most of whom were living on reservations, 5,077 Chinese and Japanese women ineligible to vote, a comparatively small number of American women married to aliens and barred from voting for that reason and a larger number deprived of the ballot under state statutes in harmony with constitutional provisions. The total of these ineligible was estimated at about 1,500,000.

American women married to aliens are not eligible to vote, the department of justice has held, but foreign born women married to American citizens or whose fathers have become American citizens are entitled to the ballot without naturalization proceedings.

The number of eligible male voters in the United States this year has not been determined. Based on an estimated population of 195,000,000, however, the census bureau figured that there are now 54,807,000 men in the United States over 21 years of age of whom probably 31,000,000 would be entitled to vote in November.

**AMERICA'S BABY CROP IN 1919 WAS NEW RECORD CHILD HYGIENE REPORT**

NEW YORK, Sept. 29.—America's baby crop in 1919 was a new record, says the American Child Hygiene association.

An annual preliminary report on vital statistics by that organization, covering data from 269 cities with an aggregate population of 21,000,000 shows the infant mortality rate declined to the "encouraging figure of 87 deaths per 1,000 babies," a saving of nearly 12,000 babies over the 1918 rate and 7,000 fewer deaths than in 1917.

In the cities covered by the report 650,000 births were recorded, while in the entire country it is estimated there are 2,500,000 newcomers annually. All of the cities included have populations of 10,000 or more.

Babies seemed to thrive well in some of the larger cities, where formerly the death rate was very high. Among the twenty-four cities of more than 250,000 population reported, ten were below the average for the 269 and the death rate for the group was 85, two points below the general average.

"Ten years ago," the report said, "it was the aim of many a department of health to see this rate fall below 100 mark. In 1919, only four of the twenty-four larger cities were above it."

One of these was Pittsburg, the "Smoky City," where the rate was 118. Buffalo with 107, Kansas City, Mo., with 103 and Jersey City, N. J., with 102 were the others.

Houston, Tex., was the best baby-raising ground among the cities of more than 100,000 and less than 250,000 with a mark of 61. Berkeley, Cal., had a baby mortality rate of 44, while Brookline, Mass., with a population of less than 50,000 led all the rest with the healthy percentage of 40.

New York City registered 52. St. Louis scored 55, Los Angeles and San Francisco 67 and 65, respectively, Minneapolis 61 and Seattle 51.

El Paso, Texas, had the worst showing with 245. Burlington, Vt., was next with 150. El Paso, however, is not in a birth registration area, according to the report.

**TAKE PHOSPHATE WITH MEALS IN SUMMER-TIME**

Your Nerves Demand It, Your Blood Needs It, Say Physicians.

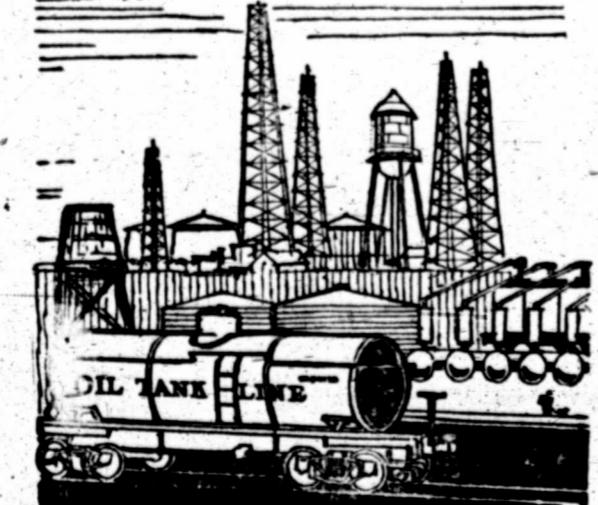

There's not enough phosphorus in modern foods to benefit nearly one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success in life, weak, anemic, nervous, run-down people are advised to take Bitro-Phosphate as dispensed by Miller Drug Co., and all leading drug stores in the original package.

Speaking of people who are easily fatigued, who lack ambition, nerve and are oftentimes thin, weak and easily lacking in firm, healthy flesh, Joseph D. Harrigan, formerly Consulting Specialist, North Eastern Dispensary, N. Y., says: "Patients who are apparently physically wrecked, who foolishly thought they needed only a blood tonic to enrich the blood, have come for treatment trembling and shaking, their nerve force almost exhausted and in many such cases the administering of Bitro-Phosphate has produced seemingly magical results."

People who feel the heat of Summer tire easily are often become irritable and depressed, will find Bitro-Phosphate an inexpensive and helpful friend. Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and rejuvenated with a power of endurance that denotes almost perfect health. They ask for Bitro-Phosphate because they know they need an inexpensive organic phosphate.—Adv.

**SHERWIN-WILLIAMS PRODUCTS**

**Wall Papers**

If your plans call for wall paper, we can serve you just as effectively as in paints and varnishes for the other features of home decoration. Our stocks are extensive, new, of great variety and are economical. Our expert will advise you freely on modern, fashionable, decorative color schemes.

Costly repairs can be prevented by early application of good paint.

**S-W Tank Car Paints**

are made with a view to answering the demands of the Master Car Painter's Association. They possess excellent covering, working and wearing qualities, dry quickly and withstand the contraction and expansion of the steel plates during extremes of temperature. They give maximum wearing qualities at a minimum price.

**THE SHERWIN-WILLIAMS CO.**

RETAIL STORE AND WHOLESALE DEPT. 512 Ohio Avenue Telephone 24

**S-W Tank Paint**

In the majority of cases, water tanks, gas tanks, oil tanks, etc., are located in the vicinity of power houses and are continually subjected to coal smoke and various gases. These gases quickly destroy the average paint, leaving the surface exposed to the elements.

S-W Tank Paint excels all other paints in durability, elasticity, economy and uniformity. It has been made after long years of study and has stood up under every conceivable test. Withstands heat and cold, gases and year-round exposure.

**S-W Ebonol Pipe Line Paint**

Lengthens the life of exposed and grounded pipes and saves costly replacements. It is a heavy-bodied coal-tar and pitch product which dries quickly and will not crack, peel or rub off. Stands rough wear, prevents rust, and will bear heat up to 650° F. Its toughness and elasticity makes it the ideal paint for boilers, furnaces, steam chests, etc., as well as pipe lines. Sticks water-tight to all metals, woods and compounds.

**Vernon Budget**

**Oil Truck Is Burned.**  
 VERNON, TEX., Sept. 29.—An estimated loss of over \$4,000 was entailed last evening when a large oil truck belonging to R. L. Moore was destroyed by fire at the company's warehouse near the Denver track. The blaze took place when one of the employees struck a match in order to pierce down the manhole of the truck and see the amount of oil in the tank. Two employees were filling the tank at the time and one of them said, "How full is the tank?" and the other said, "Wait, I will strike a match and see," which he did, with the result the fire company was called out to extinguish the blaze. They were engaged in transporting oil to the oil fields. The truck had just been equipped with new casings all around at a cost of \$200.

**Marriages.**  
 VERNON, TEX., Sept. 29.—Miss Gladys Galor and A. B. Holcomb; Mrs. Alice Ratliff and W. L. Robinson, and Mrs. Lou Williams and W. J. Pentecost.

**Verdict for Plaintiff.**  
 VERNON, TEX., Sept. 29.—In a case of D. L. Green vs. Wilbarger county for damages in the amount of \$16,000 on account of the county opening up two public roads out of Vernon and leading through his farm just outside of the city limits, the jury returned a verdict in favor of the plaintiff, Wilbarger county.

**Win Blue Ribbons.**  
 VERNON, TEX., Sept. 29.—A. D. Baker of Tolbert won four blue ribbons, two red ribbons and two silver cups with two soups of chickens displayed at the Childrens county fair. Three prize winning chickens were dark barred Rocks, and won first cockerel, first pullet and second pullet prizes. Mr. Baker will carry the fowls to the state fair.

**Married at Clovis, N. M.**  
 VERNON, TEX., Sept. 29.—Miss Mary Lutz, daughter of Mr. and Mrs. J. E. Lutz, and Ben Loutwyler, son of Mr. and Mrs. E. H. Loutwyler, were married this week at Clovis, N. M., and have returned to Vernon to make their home.

**CONFEDERATE MONEY IS AGAIN BEING PASSED.**  
 LONDON, Sept. 29.—The old swindle of passing currency notes of the Confederate States of America which has been worked in England for years, is flourishing again. Reports of the victimization of shopkeepers at ports have been reaching the American embassy here in increasing numbers recently.

**First Northern of Season.**  
 VERNON, TEX., Sept. 29.—The first northern of the season struck Vernon Wednesday morning, causing people to hunt up their winter clothing. A heavy wind is blowing from the north.

**County Buys Third Tractor.**  
 VERNON, TEX., Sept. 29.—The commissioners of Wilbarger county have purchased a ten-ton Holt caterpillar tractor and it will be put to work on the county roads as soon as it arrives. This will be the third tractor bought by the county and is expected to arrive at any time, and the commissioners an-

A ticket seller at one of the big London railway stations gave a Swiss waiter 11 English pounds for a \$25 Confederate note but became suspicious before the waiter had gone far and had him detained. The police were in a dilemma as they could not distinguish the note from good American money and finally had to appeal to the American embassy.

The Swiss said he obtained the note from an American but declined to say how much the transaction cost him.

The police believed his story that he had acted in good faith with ticket seller.

**DECISION**

One single word is vital to success—Decision. One man will read these words and one year from now will have made progress. Another will hesitate and in one year from now will be just where he is today.

You have decision. Decide now that you will start a Savings Account for yourself and add to it regularly. "Save and Have," these are the words of Franklin. They are as true today as when he lived.
