HARDING TRIP TO TEXAS BORDER IS TRIUMPHAL TOUR

CROWDS RIVALING THOSE OF CAMPAIGN DAYS GREET PRESIDENT-ELECT. NUMBER OF SPEECHES MADE FROM PLATFORM Expresses Gratitude For Welcome And Declares He Would Be The People's President.

ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN

Crowds rivaling those of campaign days, turned President-elect Harding's vacation trip into a triumphal tour today as he traveled southward from an outing on the Texas coast.

At more than a dozen cities along the way in Ohio, Indiana, and Illinois, his private car was besieged by cheering men, women and children clamoring for a speech or a chance to shake his hand.

At St. Louis the greater part of the crowd that greeted the president-elect was back behind the iron gates leading into the arroyo at Union Station, so that Mr. Harding left his car and spoke from the course of his speech, he expressed satisfaction at the result of the election in Missouri, which went overwhelmingly republican.

ILLINOIS VILLAGE WIPED OUT BY FIRE

DE KALB, ILL., Nov. 6.—The village of St. Clair, seven miles northwest of here, was wiped out by fire early today. Four stores, a school, a church and several residences were destroyed with a loss of \$160,000.

WASHINGTON MAY INSBIST ON OPEN DOOR POLICY IN TURKEY.

NO ACTION YET TAKEN BY STATE DEPARTMENT Open Door Principle Was Insisted Upon By United States In Turkish Settlement.

POLAND HAS DECIDED TO KEEP OUT OF THE ENTENTE FOR WHILE

WARSAW, Nov. 6.—It was semi-officially announced today that Poland had decided not to join the "little entente" formed by Czech-Slovakia, Serbia and Rumania for their protection against Russia or enemies in the Balkans, for the present.

REPUBLICANS WILL HAVE 293 MEMBERS IN THE NEXT HOUSE

NEW YORK, Nov. 6.—Republican victories in three congressional districts, two now represented by democrats—the fifth Missouri, eighth Minnesota and the twenty-third New York—assured with the receipt tonight of the last belated returns, determined definitely the line-up of the house of representatives after March 4, next, according to unofficial returns.

AMERICANS LAUNCH MINATURE RELIEF PARTY AT PEKING

WASHINGTON, Nov. 6.—Americans in Peking have launched a miniature relief expedition in behalf of two of their countrymen caught in the fighting in China, capital of Ouster Mongolia, the state department was advised today. They have mustered 12 Americans, armed and provided with motor convey and appealed to the American legation to obtain permission for the expedition to work in a region which has been attacked by Russians, Burials and Mongols.

THIRTY-TWO BULLET HOLES IN THE BODY OF A STRANGE MAN

WILLIAMSPORT, PA., Nov. 6.—The body of a well-dressed stranger riddled with bullets was found in a small stream in Hebron township, Potter county, yesterday. An autopsy revealed 32 bullet holes and eight bullets of two different calibre. Evidently robbery was not the motive as \$40 was found in his pocket.

CREAGER MENTIONED FOR AMBASSADOR TO MEXICAN REPUBLIC

DALLAS, Nov. 6.—R. B. Creager, Brownsville, Texas, close personal friend of President-elect Harding, may be made ambassador to Mexico provided recognition is extended to Oregon government by either the Harding or Wilson administration, according to the Dallas Journal, today, which bases its article on "belief expressed by republicans here."

OBJECTION MAY LATER BE MADE TO AGREEMENT

WASHINGTON MAY INSBIST ON OPEN DOOR POLICY IN TURKEY. NO ACTION YET TAKEN BY STATE DEPARTMENT Open Door Principle Was Insisted Upon By United States In Turkish Settlement.

WILLING TO NEGOTIATE WITH AMERICA FOR SUBSTITUTE TO THE VERSAILLES AGREEMENT

PARIS, Nov. 6.—The view was expressed in official circles today that the French government would be ready to co-operate with the authorities at Washington in formulating something different from the covenant of the League of Nations as drawn at Versailles in order to take its place.

INSPECTOR IS DETAINED FOLLOWING MURDER OF PROPRIETOR OF AN INN

WINDSOR, ONTARIO, Nov. 6.—Rev. J. O. L. Strickland, pastor of the Sandwich Methodist church, and a special liquor license inspector, is detained in the Sandwick jail following the shooting to death early today at Beverly Trumble, proprietor of an inn known as Chappell House.

ADMIT MARK TWAIN AND FIVE OTHERS TO THE "HALL OF FAME"

NEW YORK, Nov. 6.—The electors of the New York University Hall of Fame yesterday announced the dedication of a niche to Mark Twain, Noah Webster, after consideration, was not admitted. Along with the great humorist, five other famous men and one woman were accorded places in the roll of honor.

FIRE THREATENS THE DENVER & SALT LAKE UTAH JUNCTION SHOPS

DENVER, COLO., Nov. 6.—Fire tonight threatened to destroy the shops of the Denver Salt Lake railroad at Utah Junction, near here. Officials of the road estimated the loss already exceeds \$200,000. There is no water supply for fighting the flames.

TO CONSIDER APPLICATIONS OF 150 FEDERAL PRISONERS

LEAVENWORTH, KAN., Nov. 6.—The parole board of the Leavenworth federal prison will consider applications of 150 prisoners at a special session beginning November 8 and continuing through November 15, according to the parole board.

REFUSE TO DISCUSS THE REPORT THAT HERRICK IS TO REPRESENT HARDING

WASHINGTON, Nov. 6.—State department and White House officials refused today to discuss reports from Paris published by the press that Myron T. Herrick, formerly American ambassador to France, had been chosen as an intermediary in negotiations with President-elect Harding regarding Mr. Harding's proposal for an association of nations.

SESSION OF DIET AT WARSAW BREAKS UP IN AN UPROAR

WARSAW, Nov. 5.—The diet broke up in an uproar tonight after two hours of wild scenes created by socialist who were seeking to obstruct a vote on articles of the constitution creating a senate.

DENY APPLICATION OF THE KANSAS INDUSTRIAL COURT

WASHINGTON, Nov. 6.—The interstate commerce commission has denied the application of the court of industrial relations of Kansas for a rehearing of the order of July, 1920, forbidding general rate increases.

WEATHER FORECAST FOR THE COMING WEEK

WASHINGTON, Nov. 6.—Weather predictions for week beginning Monday are: ☁ followed by fair, cool and frosts.

ABANDON PLAN TO HAVE MEETING OF PRESIDENTS-ELECT

BROWNVILLE, TEXAS, Nov. 6.—Plans to bring about a meeting between President-elect Harding and Alvaro Obregon while the American senator is vacationing in this section have been dropped out of deference to Mr. Harding's desire for complete rest. It was announced today. Committees having the matter in hand also decided that inviting of the Mexican leader here might complicate the Mexican situation, which, it was announced, they expected to be cleared soon by American recognition of the present Mexican regime.

ACCEPT PLANS TO RECRUIT TWO GUARD DIVISIONS IN TEXAS AND OTHER STATES

SAN ANTONIO, TEXAS, Nov. 6.—Adjutant General Garrett and officials of the superior court arrived here today to hold an inquest to determine how Fred D. Speer, wealthy peach grower of this place, who died several months ago, came to his death. The order for the inquest and for disinterment of the body, should the coronary deem this necessary, was signed yesterday by Judge Matthews of the superior court. The judge's action followed the offering for probate of a will which takes from Mr. Speer a large portion of the \$200,000 at which the dead man's estate is valued.

FAIL IN EFFORT TO TRY WANDERER SECOND TIME

CHICAGO, Nov. 6.—Efforts to bring Carl Wanderer, recently convicted of the murder of his wife, to trial for slaying the "ragged stranger" who it is alleged killed the woman, failed today as Chicago attorneys refused to take the case.

RANGERS GET STILL AND FIFTY GALLONS OF BOOZE SATURDAY

Another man, a still, and fifty gallons of liquor fell under the eagle eyes of the Texas Rangers in the north-west oil fields Saturday afternoon. The man, W. W. White, was brought to Wichita Falls and lodged in the county jail.

The liquor which was seized and destroyed was said to have been just ready for the bottling department but the rangers saved this work.

During the week three men were placed under arrest by the men who are patrolling the fields and at least a half dozen stills were captured in addition to gaming devices. The latter were found in a building in the oil fields but were stacked up in such positions as to make officers believe that they had not been in use for some little time.

The rangers are still on the job and they expect to remain here until the headquarters at Austin are told that their services are no longer required.

WOMEN'S AUXILIARY TO MEET IN CIRCLES

The Women's Auxiliary of the First Baptist church will meet in circles Monday afternoon at 3 o'clock as follows:

- No. 1 with Mrs. Bean, 1104 Fourth street.
- No. 2 with Mrs. T. L. Magee, 1206 Travis street.
- No. 3 with Mrs. B. Beach, 1509 Austin street.
- No. 4 with Mrs. Simpson, 905 Haylor street.
- No. 5 with Mrs. Homer McGregor, 1115 Elizabeth street.
- No. 7 with Mrs. J. O. Wheat, 812 Grant street.
- No. 8 with Mrs. T. R. Brunson, 2205 Grant street.

Boy Scout News

The second session of the scout master training school which was recently inaugurated by Scout Executive M. E. Taylor will be held Tuesday evening in the First Christian church from 7 to 8 o'clock. These classes are for everyone interested in scout work and a great deal of interest has already been shown by workers in the city. It is expected that the classes will grow as the lessons increase and Mr. Taylor is making plans for larger numbers of students. The Tuesday evening program will be as follows:

Assembly, setting up exercises, round table discussion, knot tying contest, lecture in first aid, scout oath and law, announcements.

Editor of Scout Paper.
Word has been received from H. B. White, former scout master of troop 4, that he has been made editor of the official scout paper in Austin. Mr. White is studying in the state university.

Claims Championship.
Troop 4 is claiming the scout football championship of the city as a result of their 1-point victory over the troop 3 team Saturday morning. The game was a battle royal from first to

last and the failure of troop 3 to kick goal after a touchdown was all that prevented them from going into a tie with the troop 4 aggregation. Steed and Kevell starred for the victors while Taylor and Staten played feature parts in the troop 3 performance. The final score of the game was 7 to 6.

Last Saturday the troop 4 bunch walloped the Alamo school team by a score of 18 to 3 and the week before they took the measure of the troop 1 outfit 12 to 1. Another game between troops 4 and 6 will be played next Saturday.

Have Good Meetings.

Reports from the various troops this week show that the meetings Friday evening were the best, both from point of attendance and scout spirit that have been held this fall. An average of 20 scouts attended each of the meetings, which is a record to be proud of.

The two new troops that have been organized recently are making splendid progress in their work, according to Mr. Taylor. Both have increased in size and efficiency and the boys are showing a great amount of interest and enthusiasm in the work.

Program for Field Day.

The program for the scout field day to be held on the junior high school grounds on November 27 has been announced by Mr. Taylor as follows:

Parade at 9 a. m.

Event—First Aid: Team—Two scouts, 10 points. Note: Either international or semaphore codes may be used. W. J. Wag will figure 15 letters per minute. Stations to be 100 yards apart. Time limit, 15 minutes.

Event—Knot Tying: Team—One scout. Time, 5 minutes. Greatest number of correct knots, 10 points; second, 7; third, 4.

Event—Tent Pitching: Team—8 scouts. Time, 5 minutes. Wall tent or pyramid army tent to be used. Tent to be rolled at the judges' stand. Team awaits judges' signal and pitches tent where judges designate. When tent is pitched team will stand in line six feet in front and await signal to strike. Time and correctness to count: Best, 10 points; second, 7; third, 4. Tents will be furnished by headquarters. It will take some practice to win in this contest.

Event—Nature Study. Samples of leaves or the bark will be taken from the following trees: Post oak, wild chinarberry, cottonwood, willow, pecan, hackberry, hickory, elm, sycamore, tamar, chinaberry, black locust, arbutus, maple, black walnut, chittam, mulberry, poplar, mesquite. Time limit is 5 minutes. In case of tie the number named correctly, time will govern. Greatest number correct, 10 points; second, 7; third, 4.

Event—Fire Fighting. Time no limit. Fires must be made with home made sets. Time taken from first stroke of bow till flame appears. First, 10 points; second, 7; third, 4.

Event—Troop Drill. Ten commands to be given by Major Perkins, all taken from the scout masters handbook on pages 256 and 257. Best, 10 points; second, 7; third, 4.

Event—Scout Pace. A mile will be measured. And the scout making it closest to 12 minutes wins. First, 10 points; second, 7; third, 4.

Event—Every scout in each troop must stand this inspection. Scouts will fall in single rank and stand at attention. Officer in charge shall be at right of line and three paces in front, and shall accompany the inspection officer. Quality and style of clothes will count nothing, only cleanliness and condition, etc., will be considered. Attendance—For 100 per cent attendance, 15 points; 90 per cent attendance, 10 points; 80 per cent attendance, 10 points. Inspection—Best, 10 points; second, 7; third, 4. Note—All judges for the event will be chosen from scout officers present at meet. No officer will judge his own troop.

There will be a football game between some of the different troops after the rest of the contests are over.

MAKE PROGRESS ON THE SEWER SYSTEM

Work on the enlarged sanitary sewer system for this city is well under way and seeming good progress is being made by C. R. Nichols, who is under contract for the system.

The big ditching machine is cutting a trench 15 feet deep and 42 inches wide. Immediately behind the machine are the timber men whose duty it is to keep the walls of the trench from caving off. This accomplished by the use of heavy lumber and trench jacks.

Closely following the timber men are the pipe layers who put the pipe in place and cement the joints, and following these is an other machine—a back filler—refilling the trenches.

Mr. Nichols will have two other trench machines at work during this week, and still another in about two weeks. It is stated. Pipe for the sewers is arriving daily and except for unfavorable weather conditions there will be no let-up in the work until completion.

The system was designed and the construction is being supervised through the office of Julian Montgomery, city engineer.

Cold weather is coming! Alcohol! Alcohol! Sherwin-Williams Co., 813 Ohio.

MOR-UARY.

M. C. Morrow, aged about 50 years, died at a local hospital at 9:30 Saturday morning after a protracted illness of typhoid fever. Mr. Morrow had been working in the oil fields and had contracted the disease there. He was brought to this city six weeks ago and placed in the hospital. The body was removed to the Merkle and Lunn undertaking establishment and is being held there pending word from Mr. Morrow's father, Willie Brown, who resides at Monticello, Ky.

Missie Wade, four-year-old daughter of Mr. and Mrs. J. A. Wade, residing 13 miles north of Wichita Falls, died at the family residence Saturday morning at 10 o'clock. Death was caused by diphtheria contracted several weeks ago. Funeral services will be held Sunday afternoon in Rosemont cemetery.

Cold weather is coming! Alcohol! Alcohol! Sherwin-Williams Co., 813 Ohio.

NEW CO-OPERATIVE STORE ENJOYS LARGE BUSINESS OPENING DAY SATURDAY

Thousands of people visited the new co-operative store opened for business Saturday on Scott street, and it was estimated goods to the amount of \$10,000 was sold during the day.

The fixtures were designed by W. E. Eastwood, Jr., manager of the establishment, and application has been made by him for letters patent covering them.

Mr. Eastwood says that he has installed 64 co-operative stores within the last two years in Texas, Louisiana and Arkansas. The co-operative store, he says, has been popular in England for more than a century, though it has been in general use in America but a few years.

NEW K. M. A. SAND EXPECTED TO RENEW ACTIVITY IN FIELD

WELL IS PRINCIPLE TOPIC OF CONVERSATION AMONG LOCAL OPERATORS.

ANOTHER GOOD PRODUCER IN THE ELECTRA FIELD

Completed During Week By The Planet Petroleum Company On Burnett.

The discovery of the new 1,500-foot sand by the Kemp, Munger Allen Oil company at their No. 6 in the K. M. A. field was the new topic of conversation among local oil operators last week. It was the only new development in the county as the operations at the Bissonet and Cezaux test in Archer county and the Spud Oil company's test were practically at a standstill.

The spur test is still reported as shut down at an unknown depth while the latest report from the Bissonet and Cezaux is that they are still trying to shut off salt water. The Temple Well on the Mattie Parker lands is still making about 150 barrels and has opened up a new territory. Several new purchases of nearby territory were made during the week and operations will be started by several companies during the coming week.

Will Renew Activity.
The discovery of the new 1,500-foot sand in the K. M. A. field is expected to renew activity in that territory right away. Several wells were shut down around the 1,700-foot mark and many of those are expected to go after the new sand in the near future. Actual operations have not been resumed as yet, however. The K. M. A. Oil company reported yesterday that a packer was being prepared to shut off the water at their No. 6 well.

The Electra field was especially active during the past week and showed a large increase in production. The Gladious Oil company brought in the largest producer that has come to light in the Electra field for some months at the No. 9 Burnett. According to the latest report the well was swabbing better than 400 barrels at a depth of 1,430 feet and it is estimated that it will be good for at least 200 barrels when put on the pump.

Good Producer at Electra.
Another good producer in the Electra field was completed during the week by the Planet Petroleum Co. at its No. 5 Burnett. This well also came in at a depth of about 1,430 feet and is reported as good for 150 barrels.

The Harr-Davis Co. completed a 75-barrel well at the No. 5 Burnett at a depth of about 950 feet while a 50-barrel well was completed by the Bryan Oil corporation at the No. 1 Burnett. This well was formerly known as the Emerich Oil Co. No. 1 Burnett.

A 25-barrel producer was completed by the Roy B. Jones Trustee at the No. 11 Burnett at a depth of about 1,350 feet.

SEVEN OFFICIALS OF COUNTY TO RETIRE LAST OF THE MONTH

Seven county officials are in the last month of their official business in the county court house and on December 1, 1920, seven new faces will appear.

Those who will retire from the offices held for the past two years are: J. P. Nail, constable, precinct No. 1; C. J. Arrington, justice of the peace No. 1; T. E. Ragdale, county assessor; R. L. McFall, county sheriff; Edgar Scurry, judge of the 8th district court; J. S. Fore, county commissioner, precinct No. 1; and E. A. McClesky, commissioner precinct No. 2.

AUTO PARKING STATION NINTH AND INDIANA AND ADJOINING KEMP HOTEL

L. O. Wolfong, an old-time citizen of Wichita Falls, is opening an auto parking station on the vacant block west of the Wichita opera house and south of the postoffice on the corner of Indiana and Ninth streets. Mr. Wolfong has just returned from a western trip where he visited different large coast cities and thoroughly investigated the auto parking problem in the congested districts of such cities as Los Angeles and San Francisco and his stations will be modeled after the best he found in those cities. He also will open a parking station on the vacant block in the rear of the Kemp hotel. The most elaborate arrangement will be made to take care of and protect cars parked in these stations. Service will commence some time the latter part of this week.

Myrtle Stedman, who has the part of the musician's wife in Goldwyn's production of "The Concert," was a prima donna in light opera before she went into pictures. She appears in another Goldwyn picture, Rex Beach's "The Silver Horde."

To the Worshipful Master, Wardens and Brethren of Wichita Falls Lodge No. 632 A. F. & A. M.:

We, your committee, appointed to prepare suitable resolutions on the death of brother Joseph W. Huggins, beg to report as follows:

At the home of his mother, Mrs. J. H. Huggins, 800 Bluff street in this city at 1:45 p. m., Thursday, October 14, Joseph W. Huggins passed into the great beyond after an illness of six months.

Joe Huggins was born at Tyler, Texas on December 22, 1854. Moving to Wichita Falls at an early age he entered the employment of the F. W. & D. C. Ry Co., and his energy and ability won him one promotion after another, he being chief dispatcher at the time he resigned to enter into the grain business at Childress, Texas. Early in the recent great world war he volunteered his services to his country, enlisting as a private and quickly his devotion to duty won him promotion, he being first Lieutenant in the 62d engineers at the close of the war.

He received his Blue Lodge degrees in A. F. & A. M. No. 985 and Royal Arch Chapter work in Lodge No. 282 both of Childress, Texas. He was a Knight Templar of Memphis Com. No. 89 and a Shriner with membership in Mosiah Temple at Fort Worth.

A good citizen, a loyal Mason, an affectionate son, and a loving brother, his death is a great and irretrievable loss to his family and his friends, to the community in which he lived, and to the Masonic Order.

To his mother, Mrs. J. H. Huggins, his five brothers, and two sisters, we tender our deepest sympathy and love in their great loss and sorrow. Therefore he is recorded that the above be inscribed in a page set apart in our minutes to his memory and that a copy of this resolution be furnished each of the daily papers, and a copy forwarded to his family as a small token of our love and esteem for him.

Fraternally submitted, Burton Stoyton, Frank Collier, S. J. Ashmore. 178-11c

Don't Sacrifice—Practice Economy

Too many people imagine that they must sacrifice all pleasures in order to save.

The fact is that those who save get more genuine satisfaction out of life than persons who spend all they earn.

Saving is not sacrificing—it is practicing simple economy, using judgment in spending, thereby leaving more money for useful things and also more for your bank account. \$1.00 opens a Savings Account with the City National Bank of Commerce where your funds earn interest at the rate of 4% per annum and are surrounded with every precaution necessary to insure their safety.

FIRE INSURANCE MEN MAKE AN INSPECTION OF THE CITY HAZARD

Twenty five fire insurance men and fire underwriters from various points in the southern part of the state made the tour of inspection of Wichita Falls Saturday which was to have been held Friday but which was postponed for one day.

Although all the members of the party which made the inspection tour were connected in some way or other with insurance companies, the trip was not designed for the purpose of altering fire insurance rates. It was merely in the nature of an informal examination instituted by the fire insurance underwriters of America who are conducting similar inspections in all other sections of the country.

The visitors gathered at the city hall Saturday morning and were given a demonstration of the fire apparatus. All the big trucks were trotted out and put through their places for the inspectors and after that the visitors started their tour of the business district.

Eugene Bullock, one of the leaders of the party, reported that many objectionable fire hazards had been found but that on the whole the city was no worse than many others. Insufficient protection of electrical connections were found in profusion, according to Mr. Bullock and the danger caused from things of this sort is apparently totally unknown to many merchants of the city. The use of copper pennies for fuses and lack of insulation for live-wires were found in several places.

In such cases, where irregularities were found, suggestions were made to

owners of the stores that the things be remedied or removed entirely, and the large majority of local property owners willingly agreed to the change. A full report was made to Fire Chief McCure of the conditions found and the hope was expressed that the inspection tour will prove beneficial in the removing of many fire hazards existing at present.

Practically all of the out of town visitors returned to their homes Saturday evening.

At the regular review of Wichita Tent No. 35, Nov. 5, 1920, resolutions of respect were passed as follows: To Sir Knight R. L. Miller of Wichita Falls, Tent No. 85 of the Maccoches of the World. As brothers of this fraternal band whose destiny is one and whose fraternity of heart and mind should be endless as the circle which symbolizes our order, we extend our sympathy to the family of our departed brother in this their hour of bereavement and hope they will have strength to enable them to bear up under the loss of one so near and dear to them. May their hearts be filled with the light of a brighter future. While we miss our deceased Sir Knight in our gatherings and daily walks in life, we trust that he is now in a better land where pain and sorrow are not known. Be it further resolved that a copy be placed on our minutes of these resolutions and a copy be published in our daily papers and a copy be sent to the family of the deceased Sir Knight. Fraternally signed, W. S. Underwood, W. A. Soules, A. L. Weller. 178-11p

CULBERTSON FINDS GRATIFICATION IN GENERAL RESULT

John G. Culbertson, who was the republican candidate for governor of Texas in the election held November 2, gave out the following statement Saturday:

"I made as clean a campaign as I knew how. I pleaded with the voters to create competition in Texas politics and I still believe that competition in Texas politics will prove good for the whole of Texas.

"To the thousands of men and women who so faithfully and loyally supported me and the republican ticket I can only say that their efforts are appreciated more than words can express. They knew they were backing a losing cause, but they can have the sustaining knowledge that aside from the states of the solid south their hopes were in tune with the hopes of the nation.

"I am indeed glad that a republican has been elected to congress from Texas. From every stump I spoke I stated that it was far more important for the voters to secure representation in congress that would be of service in preventing the products of the Orient being sold in competition with the products of our Texas farms than it was to elect me governor. I am also happy to note that the school amendment carried. A more diffused and thorough education will eventually mean a republican victory in Texas.

"I am grateful to the people for giving me such a courteous hearing everywhere. And personally I am thankful that I am able to return to my business, instead of going to Austin."

CHIEF DETECTIVE MARTIN HAS RESIGNED POSITION

Chief Detective H. T. Martin, head of the local detective force, has resigned his position and will leave Wichita Falls, according to an announcement made Saturday afternoon. Mr. Martin will go from here to Kansas City and later to New Mexico where he will be engaged in business.

No intimation has been given as to who his successor as chief of the detective department will be.

Lower Prices Are Here to Stay Local Merchant Declares

SALES ARE USED AS LOGICAL TO-BOGGAN TO GET PRICES AT NEW BASIS.

Local Purchasers Are Benefiting—Losses Either Sustained By Local Merchants Or Manufacturers.

No merchandising concern in the Southwest has more satisfactorily met the problems of adjustment to the lower scale of prices than La Petite Maison, of Wichita Falls.

The management of this enterprise, which is building a chain of exclusive ladies ready to wear shops throughout the Southwest, met the issue fairly. In the case of Wichita Falls, when La Petite Maison took over Little's store, one of the first things done was to clean out the old stock, selling such of it as the public cared to buy at below cost figures, and shipping the remainder of it out of the city.

The next thing done was to go to New York, and buy the very latest freshest, finest, most exclusive apparel for women and misses that could be had. The inevitable adjustment had already become effective in the eastern market, and the new stock, including fine furs, suits, coats and lingerie, were bought at prices which enabled La Petite Maison to offer to their friends in Wichita Falls a complete line of superior grade, last-minute merchandise, at prices right in line with the sale prices in vogue at many of the stores.

La Petite Maison's management has invited a comparison of the prices and merchandise offered by the stores and shops advertising sales at reduced prices all the way from 20 per cent to fifty per cent. The buyer, just back from a trip to New York, said Saturday:

"Our friends will find no material difference in our prices and those of the 20 to 50 per cent reduction sales. We are not advertising our goods at 'sale prices.' The public recognizes now that these sales prices are to a large extent, the new PERMANENT prices that can be expected on merchandise. We are back on a before the war basis. Prices had to come down, and instead of gradually decreasing, they have flopped from their high point, to the present low basis. Manufacturers and jobbers say that merchandise prices will not be any lower. However, they also say that they may not go much higher than the new scale of prices now being established."

The La Petite Maison management showed some very fine furs and suits. "These came in from New York by express this week," he said. "Mr. Kellstrom selected them from a shipment sent over from Paris. These fur coats and these fine suits are offered by us at practically the same prices which are being advertised as 'twenty to fifty per cent discounts' elsewhere. In the case of local shops selling at these prices, it seems to be a case of their selling merchandise which they bought some time ago, and which they have had in stock for some time, at prices below what they paid for the goods, and consequently taking a heavy loss—the purchaser of course getting the benefit."

"But with us, it is somewhat different. We are a new store. We bought all of our merchandise fresh from the eastern and foreign markets and fashion centers. We got these fine lines of apparel direct at the new prices. The manufacturers and importers are the people who are taking the heavy loss. Our customers are getting the same benefits of low prices—and they are also getting very high quality latest model apparel. In our prices on a few garments are slightly higher than existing sale prices on similar appearing garments, a comparison of our offerings with others will develop the high quality and newer styles to be found in what we are daily receiving from New York."

What La Petite Maison wishes to impress on the ladies of Wichita Falls, it was stated Saturday, is that garments of originality, exclusiveness and highest quality, similar to those to be found only in the most exclusive Fifth Avenue, New York, shops are now being offered at La Petite Maison, and that these exclusive offerings, which heretofore have been unattainable except by the very wealthy, may now be had at moderate prices well within reach of the popular purse.

An invitation is extended to discriminating buyers to visit La Petite Maison, to consult with Miss Ryan on personality modes, and to compare garments and prices with other offerings in Wichita Falls.

MORE THAN ELEVEN MILLION INCREASE IN CITY VALUATION

VALUES FOR 1920 WILL YIELD THE CITY AN INCOME OF \$462,208.17.

SUPPLEMENTAL ROLLS COVER SOME OUTSIDE TERRITORY

Was in Litigation Until Last Year Too Late To Be Included in 1919 Rolls.

The real estate and personal property values of Wichita Falls this year exceeded similar values of 1919 by \$11,652,120, according to the 1920 tax rolls as approved recently by the city council and made public Saturday by H. J. Anderson, city tax assessor and collector. As a result the 1920 values will yield in taxes \$276,614.92 more than was received last year.

The real estate values of Wichita Falls this year are \$22,753,960 and the personal property values \$3,851,360, a total of \$26,605,320—which will yield taxes amounting to \$452,208.17.

Last year the realty values were \$15,123,940, the personal property values \$4,774,800, the two totalling \$19,898,740—and the tax yield therefrom was \$175,592.25.

The 1920 tax rolls, Anderson further explained, include a supplemental roll covering some outside territory that was brought inside the city limits under the city charter of 1914. This, however, was in litigation until late last year; too late, in fact, to be included in the 1919 rolls.

Anderson has compiled in his 1920 rolls a supplemental list covering the taxes on this additional property for the years 1914-1919 inclusive, amounting to \$1,130.89. Taxes on this property will become delinquent February 1, 1921, the same date on which delinquencies apply on the regular 1920 tax assessments.

NEW PACKARD SINGLE SIX TO BE EXHIBITED MONDAY

Monday will be opening day for the new Packard Single Six, at Lloyd Weaver Automobile Company's show rooms, corner Ninth and Travis. The new model has just arrived and is said to be a beauty.

The Hudson "Speedster," that won the high honors at the Dallas fair, will also be on display Monday. The public is cordially invited to visit their show rooms and see these most attractive motor cars.

A few dollars a week deposited in a savings account with the City National Bank of Commerce at four per cent compound interest will provide a substantial fund assuring the best of education for your boy or girl. The bank receives deposits in any amount from one dollar upwards.

CITY OFFICER VICTIM OF A NEW CHARACTER OF HOUSE BREAKING

H. J. Anderson, city tax assessor and collector, was the victim Friday night of a new form of house-breaker—the sleep burglar. The burglar entered Anderson's home at 1915 Eighth street, stole a good night's sleep, and departed leaving a mystery.

Mrs. Anderson put fresh linen on the guest room bed Friday evening, said guest room being in the front of the house. Her husband forgot to lock the front door of the house.

Saturday morning the family discovered the front door had been opened, and that someone had enjoyed a night's rest in the guest room bed. A gold watch lying on the dresser in the room was still there, and a close search failed to discover a single article missing. The tired "sleep burglar" merely had eased his way quietly into the house, had rested long and pleasantly, no doubt, and had quietly slipped on his way again in the early morning before the Anderson family awakened.

Last night Anderson locked the front door, and issued a public statement that despite the encouragement he has received he has no intention of entering the hotel business.

Business executives find it of distinct advantage to take counsel with a bank such as the City National Bank of Commerce which aims always to work for, as well as with, those who favor it with their patronage, and which brings to this service the trained experience of men who know both business and banking.

MANY REQUESTS FOR PASSPORTS TO MEXICO

Practically All Report That They Are Going To Work in The Oil Fields.

Decrease of activities and work in the oil fields of Wichita county is evidenced by the fact that a large number of followers of the oil game are on their way to Mexico where they say activities are at the highest.

United States Commissioner J. A. Lantz, in charge of the local office, states that since the first of the month 13 applications for passports have been filed with him. Of this number 11 are passports to Tampico, Mexico, and in each case it was cited that they were oil field workers going there in search of work.

One of the number was an application for a passport for South America. It was believed that the last one named was on his way to the southern part of the western hemisphere for the purpose of adventure along the banks of the Amazon.

The local representative of the department at Washington states that

during the entire month of October hardly a day passed but that some one did not apply for passports.

LOCAL INSURANCE MEN PLAN AN ORGANIZATION

Local insurance men are planning the organization of a city insurance agents' association, in accordance with suggestions advanced Friday night at a dinner given at the Wichita Club to 15 visiting agents representing the National Board of Fire Underwriters.

A committee composed of H. O. Craven, Homer Lowry and James Williams was appointed to investigate the matter further, to sound out the insurance agents of the city regarding the plan and to call a later meeting to effect the permanency of the association, if it is found desirable.

PLAN FOR A FOREIGN TRADING CORPORATION

NEW ORLEANS, Nov. 6.—Bankers from all sections of the south tonight were perfecting plans for the organization of a foreign trading corporation.

SAYS STEAMSHIP COMPANIES CAN'T YET REDUCE RATES

NEW YORK, Nov. 6.—Steamship companies cannot yet afford to reduce passenger rates and may be obliged to increase them, P. A. Franklin, president of the International Mercantile company, declared today just before sailing for Europe on the steamer Olympic.

REPORT ON CONDITION OF CLEARING HOUSE BANKS

NEW YORK, Nov. 6.—The actual condition of clearing house banks and trust companies for the week showed a deficit in reserves of \$1,306,790 due to a decrease from last week of \$15,261,550 below legal requirements.

ONE-MAN FLAG FOR PRESIDENT OF U. S.

WASHINGTON, Nov. 4.—Most folk know of some of the perquisites that will accrue of the next president of the United States, such as a band which is at his disposal—the Marine band—and the white house conservatories which provide the first lady of the land with flowers, but it is not so generally known that one of the honors bestowed upon the chief executive is a special flag.

When President Visits a Vessel of the United States, the President's Flag is Broken at the Mast

"When the president visits a vessel of the United States, the president's flag is broken at the mast the moment he reaches the deck and is kept flying as long as he is on board. If the vessel is at sea, the national salute of 21 guns is fired as soon as possible after his arrival on board.

Two Designs

"Previous to the present order there were two designs displayed on flags and on colors to be used in the presence of the commander in chief of the army and the navy. The navy design was of an earlier date than that of the army, and consisted of the coat of arms of the United States, as shown in the great seal, upon a blue ground.

HARDING CONGRATULATES MISS ALICE ROBERTSON

MUSKOGEE, OKLA., Nov. 6.—Miss Alice Robertson, congresswoman from the second Oklahoma congressional district, tonight received the following telegram from Mrs. Warren Harding:

WAGE REDUCTION AFFECTS FIVE THOUSAND EMPLOYEES

UNION, R. C., Nov. 6.—A wage reduction of 10 per cent will become effective Monday in all cotton mills in this country, affecting approximately 5,000 employees. The mills will be closed two days a week also. The cotton market situation was given as the reason for the curtailment.

LETTERS FROM NEW ORLEANS

NEW ORLEANS, Nov. 6.—President-elect Harding has accepted an invitation to take part in an Armistice day celebration here on Nov. 11. It was announced today by R. B. Creager at whose home Mr. Harding will spend his vacation at Point Isabel.

TERMINATES SERVICE OF 3,000 EMPLOYEES

DUBLIN, Nov. 6.—The Midland railway has given a fortnight's notice of termination of service to its 3,000 employees and announces that it will carry live stock after Monday. The Midland railway's difficulties, arising from the dispute regarding the hauling of munitions, have been completed by a strike of engineers but all the railway companies except the Great Northern are gradually being strangled by the suspension of guards and drivers refusing to take part in military traffic.

RICE GROWERS AND THE MILLERS HAVE AGREED

LITTLE ROCK, Nov. 6.—Rice millers and representatives of the Southern Rice Growers' association late today reached an agreement with June F. Wooten, United States district attorney, to eliminate from milling contracts any features which would discriminate against rice growers not in the association.

ROCKEFELLER FOUNDATION MAKES GIFT TO LOUISIANA

NEW YORK, Nov. 6.—The Rockefeller Foundation tonight announced a gift to the state of Louisiana of a 5,000-acre Grand Chenier wild life refuge, purchased from individual holders in 1914 and since under supervision of the Louisiana department of conservation.

BURKBURNETT TAKES LIVELY INTEREST IN HIGHWAY SITUATION

NEW CHAMBER OF COMMERCE IS ACTIVE IN BEHALF OF CITY'S INTERESTS.

NEW FIRE TRUCK HAS RECENTLY BEEN RECEIVED

Italian Laborer Employed By The Texas Company Gets \$40,000 Willing By Uncle.

By Staff Correspondent.

BURKBURNETT, TEXAS, Nov. 6.—The newly organized chamber of commerce is taking a lively interest in the county highway situation, having been asked by the oil operators in the Burk Burnett field to hasten the building of the proposed concrete road between this city and Wichita Falls. The citizens of Burk Burnett, and the oil operators in the local territory are entirely harmonious in their views concerning the importance of this highway and the belief which its construction should not be delayed while other roads are being built.

Plans have already been approved by the state highway department and arrangements are now being made for putting on an air line the road that runs from the east end of Main street to the river bridge.

The chamber of commerce as well as the general citizenship will put forth every effort to secure for this part of the county its proportionate share of paved highway.

The chamber is to meet next week to discuss the matter of procuring a salaried secretary and launching a membership drive, which has been delayed because the organization has been actively assisting the fall charitable drives as those of the Red Cross, the Salvation Army.

Delinquent Taxes.
On the city tax rolls there are delinquent taxes amounting to considerably more than which can be collected by suit and the city attorney has been instructed to institute suit in the district court against all property owners whose taxes are delinquent.

Sealed bids have been submitted to the city by the three local banks for city deposits. The bids cover interest that will be paid upon locally banked and are as follows: First National bank, four per cent; American State bank, 5 1/2 per cent; Farmers' state bank, 5 1/2 per cent. The last named bank has been awarded the deposits for one year.

New Fire Truck.
The new fire truck, costing \$11,800, arrived here Friday afternoon and will be in commission within the next few days. This is a duplicate of the big truck in use at Wichita Falls.

The gambling houses and other places of immorality have suffered a general raiding by local officers during the past week and the culprits have been heavily fined with the happy result that many of them have left the city.

An innovation is promised this city in the form of a service car station to be located in a building on Third street near the railway station. The cars will enter the building from the rear and will be loaded inside the building, then will run out at the front upon the street and start upon their journey.

The plan of the car driver of shouting at pedestrians and poking his index finger almost into their faces in his effort to book them for a trip, will be but as the recollection of a nightmare if this plan materializes.

Revival is Closed.
The protracted revival meeting that has been conducted by T. J. Saxon and J. R. Harris, of Muskogee, for the past four weeks, has been closed and an arrangement made for the evangelists to return here next spring and hold another protracted meeting.

The meetings were held under the auspices of the Baptist church, which has received 22 new members through the means of the revival. Other churches have had gains from the meetings also.

The largest vote in the history of the city was cast in the general election last Tuesday, the total vote be-

ing 448 and giving the democratic ticket a large majority.

Laborer to Get \$40,000.
Last Thursday an Italian laborer employed here by the Texas Co., received a letter from a New York trust company, but being unable to read English he asked Assistant Postmaster Kelso to read it to him. Upon hearing that the letter said that his uncle died and left him \$40,000, which sum the trust company would deliver to him upon his presenting himself at its New York office, he exclaimed, "See-a-whis! I weeah-a I in New York-a now!"

Saturday the Texas Children's Home and Aid Society collected money from the citizens of Burk Burnett, for the furtherance of its work. This society has cited the good Samaritan to 27 children of Burk and its surrounding country and the people responded liberally to its appeal.

Killed in Accident.
Last Tuesday, Louis Campbell, aged 26, an employe of the Gulf Production Co., while working on a lease in block 22 in the northwest field, fell into the flywheel of a gasoline engine and was instantly killed, his neck being broken. The body was sent to his old home at Shamokin, Pa., for burial.

Rev. E. V. Cole, who has been pastor of the Methodist church here, has been appointed to the church at Gainesville and he and his mother have gone to the new pastorage.

Last Thursday morning, before daylight, a pump house in block 4 on West Main street was destroyed by fire, but the derrick in connection with it was saved through the efforts of the local fire department Elmer Cornish, who drives the fire truck, was slightly injured while combatting the fire.

A cow was recently arrested and incarcerated in the city pound on a charge of disturbing the peace but during the night she effected an escape and has not since been apprehended. It is believed that the pris-

oned was aided by accomplices from without.

To Investigate Charges.
The next grand jury will investigate the charges of fraudulent voting at the election held in this city on September 7, in which the proposed new charter for Burk Burnett was defeated. It is charged that many votes were cast by people who did not live within the voting area, and these when challenged, made oath as to their residence, also it is said that many falsely swore in their votes who had not lived in the state the statutory period of time.

The recent clear weather has given the contracting firm that is laying the pavement on Third street every opportunity to carry on the work, and concrete is now being poured as rapidly as it can be mixed.

RECENTLY ACQUIRE THE ENTIRE CONTROL OF WESTLAND HOTEL

After a four months vacation in California, in which they motored back by way of Reno and Salt Lake, Mr. and Mrs. Roy Taylor have returned and have taken over the management of the Westland Hotel and the Westland Cafe, acquiring entire control of this property on November 1. It is Mr. Taylor's purpose to make the Westland one of the popular hotels of the state at reasonable rates.

Mrs. Taylor will devote her time to the cafe, which will continue to serve well cooked meals at popular prices.

Announcement is made that Doc Ross' orchestra has been engaged to furnish music during meal hours.

The hotel and cafe buildings have both been recently over-hauled and considerable improved in appearance since the "big rush" when cots and standing rooms were at a premium.

The Westland Hotel, which was one of the first of the more imposing buildings of the city, was completed by Wiley Wyatt in 1919 at a cost of approximately \$200,000.

Mr. Wyatt is now having the building at the corner of Seventh and Indiana, recently occupied by the Peoples Stock Exchange, torn down and will erect a modern three-story building thereon at once, with store rooms facing on Seventh street.

MANAGER OF THE DICKSON COLORED ORPHANAGE HERE

W. L. Dickson, colored, manager of the Dickson Colored Orphanage at Gilmer, Texas, who is well and favorably known to the citizens of Wichita Falls, is in the city for a two-day stay in the interest of the orphanage.

The institution bought four farms upon which it is located, last February, paying \$18,000 in cash and giving notes for the remainder of the purchase price. One of these notes, which is in the sum of \$6,500, will be due November 30, and will be promptly met.

A meeting of the board of directors has been called for November 26, to consider a proposition looking toward the enlargement and development of the orphanage.

The board has five members in Wichita Falls, to wit: J. C. Hunt, J. A. Kemp, J. W. Culbertson, G. C. Wood, and J. I. Staley. A special car has been arranged for on the T. & P. train to leave Dallas for Gilmer at 7:40 a. m. November 26.

The board of directors will be entertained by the Gilmer board of trade. The class in domestic science will

Manager Dickson reports that the orphanage has raised 44 bales of cotton, has gathered 450 bushels of corn with 2000 in field, 4000 bushels of sweet potatoes and 14,000 pounds of black eyed peas. A Wichita Falls mercantile firm has bought a car load of the sweet potatoes.

One of the farms has been named in honor of this city, the Wichita Falls serve dinner in the dining hall of the institution.

The Truth About Eczema and Piles

Thousands and thousands of people, says Peterson of Buffalo, are learning every week that one 6-cent box of Peterson's Ointment will abolish eczema and banish piles, and the grateful letters I receive every day are worth more to me than money.

"I had eczema for many years on my head and could not get anything to stop the agony. I saw your ad and got one box and I owe you many thanks for the good it has done me. There's isn't a blotch on my head now and I couldn't help but thank Peterson, for the cure is great." Mrs. Mary Hill, 420 Third Avenue, Pittsburg, Pa.

"I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone." A. B. Ruder, 1127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum, chafing and all skin diseases. Druggists recommend it. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

PACKARD "SINGLE SIX"

The Ten Year Car

The long expected Packard lightweight car is here—a tribute to the Packard name.

It is Packard in quality and in appearance—without compromise—a radically new standard in the medium price field.

A letter from the Packard Company says: "Our determination to serve a larger class without sacrificing Packard principles has, after five years of intensive work, resulted in the Single Six—a car worthy of Packard traditions."

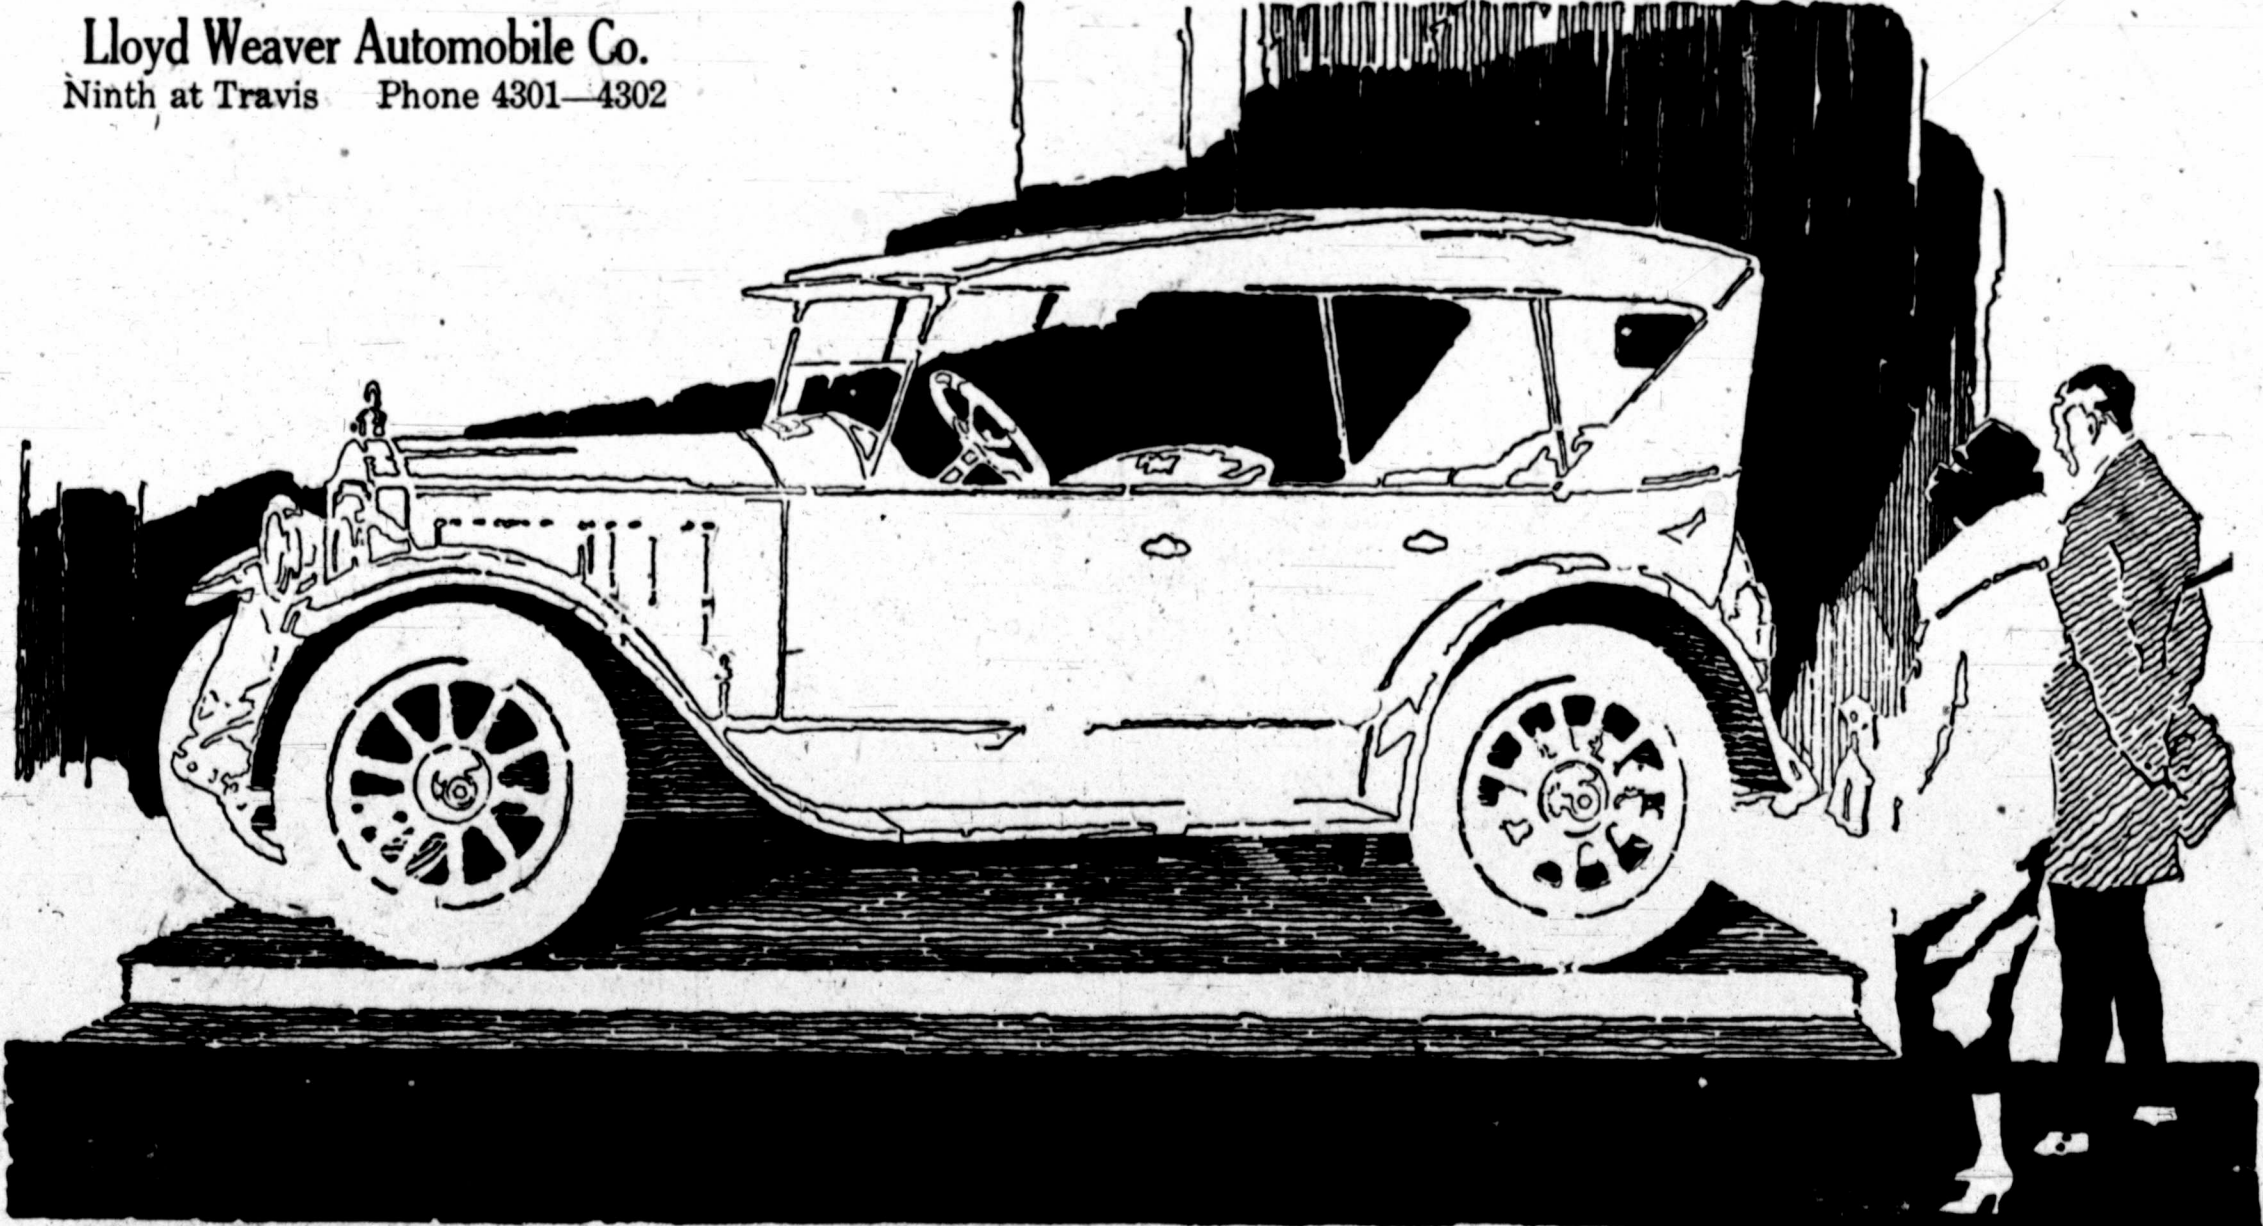

We say candidly that, aside from the Twin Six, the Single Six is the most highly perfected mechanical unit the automotive industry has ever seen. Its records of efficiency would be almost unbelievable if they were not signed by Packard.

The figures below, furnished to us by the Packard factory, are, to our certain knowledge, an understatement of the case.

You are cordially invited to view the Single Six in our show room.

"Extensive road tests amounting to more than three years normal driving (25,000 miles) show the Single Six capable of 17 miles per gallon of gasoline; 2,000 miles per gallon of oil; 25,000 miles on front tires; 17,000 miles on rear tires."

MASKAT SHRINE PATROL TO GIVE FIRST FORMAL BALL AT KEMP HOTEL WEDNESDAY

The Maskat Shrine Patrol will give the first formal ball in honor of the Temple nobles and visiting Shriners at Kemp Hotel Wednesday, November 10. Elaborate plans are being made for the big ball, at which something near four hundred guests are expected, including visiting guests from Henrietta, Iowa Park, Seymour, etc. The ball will be held at 9 o'clock, and the order of the march following the potentate and his lady will include the divan, the patrol and members of the temple. Nobles will wear the fox at the ball, and it is stated that no invitations are to be sent out, the 1920 Shrine card being the card of admission. The chaperones will include Messrs. and Mesdames W. D. Cline, R. O. Harvey, J. I. Staley, J. A. Kemp, C. W. Reid, A. H. Marcus, Morris Marcus, Clint Wood, C. R. Hartsook, G. D. Anderson, Newton Maer, A. H. Brittain, Fred Gates, Burton Stalon, E. Jones, J. C. Mytinger, P. P. Langford, Leon Loeb, N. B. Chenuat, J. J. Perkins, W. M. Priddy, Frank Timberlake, Claude Wood, Frank Collier, W. Gardner, R. E. Scholten, E. Belcher, C. E. McCutchen, W. WHEN MEALS DON'T FIT

"Pape's Diapepsin" is the quickest indigestion and stomach relief. When meals hit back and your stomach is sour, acid, gassy or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion. Here is instant relief! Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to neutralize the harmful stomach acids and make you feel fine at once, and they cost so little at drug stores.

FORD B. MASSEY CELEBRATES SEVENTH BIRTHDAY WITH PARTY

Master Ford B. Massey Jr. entertained a number of little friends Thursday afternoon at his home, 409 Lee street, with a birthday party, celebrating his seventh birthday.

After games on the lawn, the children were ushered into the dining room, which was very prettily decorated for the occasion with flowers and balloons, anchored with narrow ribbon, being used as place favors. After blowing out the candles on the birthday cake, it was served with ice cream and hot chocolate. Master Ford received a number of nice presents from the children, who included the following: Peyton and Jack Thurman, Juana Wyn, Carole and Lettinae Pierce, Dorothy Lauck, C. L. King, Jack and Joyce Webb, Albert Alpha, and Levi Jo. Gambill, Johnnie Sparks, Nadine Britt and John Wesley Kinner. Mrs. Massey was assisted in entertaining the little folks by Mesdames Levi Gambill and H. H. Britt.

RUMMAGE SALE FOR CHRISTIAN AID AND ENDEAVOR BENEFIT

There is to be a rummage sale beginning Wednesday, Nov. 10, at 619 Ohio avenue, as a Christian Church Aid Society and Christian Endeavor benefit. Friends of the church and endeavor are invited to patronize the sale and advertise it.

FORMER WELL KNOWN LOCAL GIRL MARRIED IN SAN ANTONIO

News was received by Wichita Falls friends Saturday of the marriage in San Antonio last Sunday, October 21, of Miss Ruth Simpson, a former well known Wichita Falls girl, daughter of R. P. Simpson, to Lieut. James F. Eldridge, in the United States air service.

THE MARRIAGE WAS PERFORMED AT THE SIMPSON HOME, BISHOP PAPERS OF SAN ANTONIO OFFICIATING. ONLY A FEW FRIENDS, INCLUDING THE BRIDE'S SISTER, MRS. FRANK PRICE OF CHATTANOOGA, TENN., WERE PRESENT. MISS SIMPSON WAS BORN AND REARED IN WICHITA FALLS, AND GRADUATED AT THE ACADEMY OF MARY IMMACULATE; LATER WENT TO SCHOOL AT LOCKPORT, N. Y. SHE IS A SISTER OF W. M. MCGREGOR OF THIS CITY.

MR. AND MRS. ELDRIDGE ARE TO MAKE THEIR HOME IN SAN ANTONIO, WHERE BOTH ARE WELL KNOWN. THEY WILL BE LOCATED AT 240 ARMY BOULEVARD.

BETA DELPHIANS MET THURSDAY AFTERNOON WITH MRS. CHAUNSEY

The Beta Delphians met Thursday afternoon at the home of Mrs. W. B. Chauncey, with Handel the study subject for the day. Papers on the subject were read by Mrs. S. L. Conn and Mrs. Walter S. Currie, and an especially interesting talk on the English language was made by Mrs. Charles William Wallace. Mrs. Mary B. Adams sang two numbers, "Lamb and Sheep" and "My Banjo." At the close of the program the hostess served delicious cake and grape fruit punch to the following members and guests: Mesdames L. T. Amason, Fred Barron, S. L. Conn, Charles Cole, W. S. Currie, S. E. Curtis, John Kay, Lincoln, Barnard Martin, T. L. Metcalf, Dave Shephard, Mary R. Adams, J. V. Meredith, Claude William Wallace and Von Althaus.

PRIMARY TEACHERS OF M. E. S. ENTERTAINED LAST WEDNESDAY

The primary department teachers of the M. E. church, South, met at the home of Mrs. P. P. Langford Wednesday afternoon and enjoyed a most inspirational discussion of plans for the coming year's work. Plans were made also for Thanksgiving and Christmas exercises, and at the close of the discussion the hostess served afternoon tea to the following: Mesdames J. C. A. Guest, Pat Pope, Eugene Sherrod, H. G. Harris, Bruce, Jim Young, Sibert, Slater, Ed Shaw and Miss Edith Slater.

SURPRISE BIRTHDAY PARTY FOR FERRIS BAKER THURSDAY

Mrs. Forrest Baker entertained Thursday afternoon at the Baker home, 1207 Mill street, with a surprise party in honor of Mr. Baker. Guests present included Messrs and Mesdames G. W. Jackson, E. H. Knouse, W. W. Belcher, Cecil Austin and Ed Waggoner; Mrs. E. C. Harkey of Douglas, Ariz.; Misses Dessie Manley and Nina Manley; Paul Baker, Virgil Belcher and Warren Belcher Jr. A big birthday cake was cut and served with fruit punch during the afternoon.

No Bust Pads NOW Use the National

"Bust developed 5 inches, says Mrs. Allen-dorf."

"The first three weeks bust developed 3 1/2 in." reports Mrs. Swarthout.

Only Real Bust Developer. The National is the special Bust Developer. Dr. C. S. Carr formerly recommended in the Physical Culture Magazine as the only safe, reliable method known for enlarging the bust in a natural way. Of this method Dr. Carr said: "I understand it will bring about a development of the bust quite astonishing."

This has been proven over and over by those using the National. In reports sent us some have obtained as much as five inches development by following Dr. Carr's instructions in using this wonderful invention.

Valuable Book Free. If you want a beautiful, plump, full bust, write for our valuable book on bust development containing the article by Dr. Carr, in which he tells specifically the causes of non-development and how the bust may be developed harmlessly on its most beautiful proportions. Sent free to every woman in need of development. If you wish book sent sealed envelope for postage.

Tenth and Indiana Phone 3005 Entrance on Tenth

New High Grade Player Pianos \$575 to \$750

EVERYONE ENJOYS

November is Player-Piano Month

We are endeavoring to make November the greatest Player-Piano Month in our history and we have made our plans on a big scale, which we are positive will carry us over the top.

1919 was the biggest year in our history and we are pleased to be able to truthfully say that we have increased our 1920 business every month so far over the corresponding month for last year. October just closed was the largest by far we have ever had.

We are especially proud of this showing at a time when other lines are reporting slumps.

Piano prices are stabilized, and there are no indications of a change. But prices of Pianos have not advanced any where in proportion to most other lines. When necessities come down to the level of Pianos everybody will be happy.

It takes less bushels of corn or wheat, less pounds of pork or beef, less butter, fewer days labor, or not nearly as great part of the average yearly salary as in former years to purchase a Piano.

We are showing this month a store full of new high class Player-Pianos. We have just received several large shipments of Webster Players, Jesse French Players, Hamilton Players, Marshall & Wendell Players, Concerto Players.

These instruments not only meet the ideas of the most cultured and exacting musicians, but fulfill the demand of those who insist on getting maximum of musical satisfaction at the most consistent price. They are the very latest productions from these great manufacturing concerns, and contain all the latest improvements down to the present time.

Beautifully figured Veneers in Walnut, Mahogany and Oak, all the latest shades to suit the surroundings.

This is a splendid time to pick out the style of instrument that you and your family have been wanting for years. You can make arrangements to have this joy forever placed in your home at once, and on terms that you will not miss the money. They are priced so fairly that they are within your reach. Don't wait, prices are not to be lowered and this is the biggest stock you will have to choose from this year.

Liberal allowance on your old Piano, Talking Machine. Liberty Bonds at face value.

NOVICES TO NUMBER OF 250 EXPECTED AT SHRINE CEREMONIAL

Will "take the hurdles" in this city on November SEVENTEENTH.

REHEARSE FAITHFULLY FOR IMPORTANT EVENT

An Outstanding Feature Will Be Presence Of Tris Speaker Of The Cleveland Indians.

Novices to the number of 250 are expected to "take the hurdles" of Shrinedom on November 17 in this city, when Maskat Temple, A. O. N. M. S., will hold its second ceremonial. The entire affair will be a revival on a somewhat smaller scale, of course, of the now historic "Shrine Day" of August 31 last, when Maskat Temple was instituted.

The divan of the Temple has been rehearsing faithfully for the "big time," and a state of perfection has been reached that is especially pleasing to Potentate Walter D. Cline. The patrol, under the leadership of Captain Robbins, has developed to a point where the local Shriners believe it is second to none in this section of the country.

In Fortunate Position.
Due to the fact that Shriners from all over the United States have settled here, have made their homes in Wichita Falls, and have affiliated with Maskat Temple, the local organization is in a more than ordinarily fortunate position in its Shrine work. In every phase of the work the Shrine has the advantage of the experience of members who in the past have been affiliated with some of the biggest temples in the United States.

Especially is this true in connection with the stage work for the coming ceremonial, which will be in charge of Noble Albert Lewis, who was for several years assistant director of Yasrab Temple, of Atlanta, Georgia. Lewis has perfected a high class working organization in Maskat Temple, and the local Shriners are "check full" of enthusiasm over the work.

Tris Speaker Comes.
One of the outstanding features of the ceremonial will be the presence in this city as a guest of Maskat Temple of Tris Speaker, the native Texan leader of the world champion Cleveland Indians, and universally recognized as the outstanding ace of the baseball world. Tris has been a Shriner for a number of years, and has been made an honorary member of Maskat Temple. Friends here of the famous player declare he is every whit as fine a Shriner as he is a ball tosser.

The ceremonial exercises will be held in the basement of the new First Baptist church now in course of construction. The basement will seat 1,500 persons, and offers splendid facilities for the holding of exercises of this nature that are to be conducted on a generous scale.

Program.
Following program has been announced for the ceremonial:
1:00 p. m. Business session.
1:30 p. m. Registration of Novices

All Novices report to the recorder at this time at his office, second floor Masonic Temple, Tenth and Scott. 3:30 p. m. Parade.
To form on Scott street, south on Tenth.
5:00 p. m. Ceremonial session.
First section to be held in basement of new First Baptist church, Ninth and Burnett.
6:15 p. m. Buffet dinner.
Place to be announced later.
7:30 p. m. Ceremonial session continued.
Wear your fez! Have your 1920 card! Visiting Nobles are requested to register at headquarters, Kemp hotel, Eighth and Scott.

Business executives find it of distinct advantage to take counsel with a bank such as the City National Bank of Commerce which aims always to work for, as well as with, those who favor it with their patronage, and which brings to this service the trained experience of men who know both business and banking. 178-ltc

COFFEE HOUSE FIRST ON VISITING LIST OF LOCAL COMMITTEE

Bert Bean's wholesale coffee roasting plant was the object Saturday of the first visit made by the publicity committee of the chamber of commerce in a campaign instituted for the purpose of gathering information regarding local industries. It is the intention of the committee to co-operate with the heads of all industries deserving encouragement throughout the Wichita trade territory, and to take such steps as may be necessary to induce wholesalers and jobbers to emphasize the quality of their goods as an advertisement of this city. The visit to the Bean factory was not only interesting but produced a mass of facts and figures relative to the coffee roasting industry. The plant at the present time is putting out about 1,000 pounds of roasted coffee daily, although it has an actual capacity, if operated to its limit, of 5,000 pounds. With 750,000 persons living in the trade territory adjacent to Wichita Falls, Bean is steadily developing a business, the committee found, that is doing some splendid publicity work for this city. A detailed description of the business will be given in the next issue of The Better City, the monthly bulletin of the chamber of commerce. Dr. J. S. Nelson, dentist, Phone 2588

Capacity Houses Are Expected to Hear the Mikado

Preparations are being made at the Wichita theatre for capacity crowds when Ralph Dunbar's presentation of the famous Gilbert and Sullivan comic opera, "The Mikado," is given on Monday and Tuesday nights.

The revival of this old masterpiece has met with instantaneous success wherever it has appeared and the public has shown its appreciation of a production that depends on sheer merit alone for its popularity. It has been said, and truthfully, that most of the present day musical comedies owe their success entirely to their treatments. Not so with "The Mikado." Nothing but clean, wholesome fun occurs in this opera, but of this there is a superabundance.

The large cast that will appear at the Wichita is headed by Edward Andrews, regarded by many as the most capable interpreter of the leading role of the play that has ever been presented on the stage. He has the part of Koko, Lord High Executioner of Titipu, under whom the action of the play centers. Fook-Bah, Lord High Everything, is played by Bruce Webster, another comedian of note who has been given his greatest role in this production. The part of the Mikado of Japan will be handled by Carl Stall and that of Nanki-Poo by Ralph Brainerd.

The other leading members of the cast will include George Courtney in the role of Fish-Tush, Patricia Baker as Yum Yum, Anna McCashin as Piti-Sing, and Mary Jenkins as Peep-Lo. The part of Katisha will be played by Medora Garafalo and that of Nee-Han by Angelo Cappel.

School girls, nobles, guards, coolies and other members of the cast will be handled by capable actors. Mr. Dunbar has used the same care in selecting the setting for the production of "The Mikado" that he did in the assembling of the "Robin Hood" cast and he has given assurance that this production will prove quite as pleasing and in some respects superior to the very excellent entertainment afforded by the offering of Robin Hood.

QUARTET OF EXCELLENT PICTURES AT THE EMPRESS

A quartet of widely advertised and presumably interesting pictures are to be offered at the Empress theater during the coming week. "The U. P. Trail," featuring a star cast, will be the attraction on Monday and Tuesday and will be followed on Wednesday by "The U. P. Trail," featuring a star cast, which has excited along the entire length of the famous old Union Pacific route a host of hordes of pioneers, gold seekers, frontiersmen and adventurers have plodded from the civilized areas of the east into the vast, unexplored wilderness of the west. A specially selected cast has been provided for the presentation of this film and they have evolved a production that is said to be the last word in excitement and interest.

"The End Bennet picture, 'Hairpins,' is one of those semi-humorous stories which deal with domestic difficulties as in which Miss Bennet has appeared so often. This captivating star has probably played the part of a wife for more men than any other woman in the country. In "Hairpins," she is said to have apparently failed to profit by the domestic experience, for she gives as good a portrayal of a modern, foolish woman, as a week-old bride. The story of the picture centers around complications arising from a husband tiring of his wife and of his intentions of divorcing her. How friend wife wins back her lesser half's affection forms the main action for the plot.

On Thursday a rip-roaring comedy, "The Matrimonial," with Doug Fairbanks standing as the accused, will be offered for one day only. From the title it sounds as though some colossal event would be staged in this production, for with Fairbanks in a "marriage-mad" condition there is no telling what he may do.

The Friday and Saturday presentation will be "The Plunger," a Wm. Fox special with an all star cast. This film required months of time by a large force of Fox experts for completion and is reported to be the best special production which the Fox studios have ever turned out.

Money you save with the City National Bank of Commerce does more than work for you at four per cent interest. It finishes business undertakings—works for the industries by which you live and prosper. 178-11c

Harold Lloyd

"Get Out and Get Under" Wednesday Thursday

Friday and Saturday: Fox Special, "The Plunger."

Majestic.
Monday and Tuesday: Tom Mix in "The Texan."
Wednesday and Thursday: All star cast in "Something Different."
Friday and Saturday: Tom Moore in "Officer 666."

ANITA STEWART IS STARRING IN "HARRIET AND THE PIPER"

"Harriet and the Piper" is the very apt title of the latest First National picture in which Anita Stewart is starred with Charles Richman and Ward Crane. The picture is being offered by the Olympic theater on Monday and Tuesday of this week.

"Bohemian 'free-love' is made use of as the main topic of the story and around conditions arising from the practice of this is built a dramatic and unusual story.

Miss Stewart is given the role of Harriet Field, a product of rural upbringing from the clear and untainted life of the country to the glamour and squalor of New York's Bohemian quarters where she meets life at its worst in the person of a polished and seductive villain with a soul as perverted as it is possible for a human individual to become. This deep dyed wreck makes amorous advances and experienced little difficulty in convincing the unsophisticated and unsuspecting girl that the free-love policy was the latest and most approved science which had been invented and that it was king of kings so far as the element of romance was concerned.

In this wise she was led into an early marriage, only to find that the cultured crook whom she calls husband has been married to another woman. Legal processes separate them and Harriet is saved from the clutches of the Piper, but more and still further developments crop out as the years go by and eventually she finds herself confronted with the task of saving another unsuspecting victim from the self same Blonfin, which is the name by which the gentlemanly crook is known.

Ninh, the latest entrant into the affair, is the daughter of a very rich man for whom Harriet has been serving as governess, and the magnetic personality of Blonfin has led the fortunate daughter to accept his advances.

How this second impending tragedy is averted by the action of the first victim and how the villainous Blonfin is murdered by a convenient Greek, who claims that his sister has been wronged, furnish the climax to the story. No picture would be complete without the happy marriage of the leading star, so this has been provided for in "Harriet and the Piper" by simply marrying Harriet to Richard Carter, the man for whom she has worked and whose wife has been dead for many years.

Ward Crane, Charles Richman, Irving Cummings and Myrtle Steadman are included in the cast which supports Miss Stewart. The film was directed by Bertram Bracken and is released through the First National Exhibitors circuit.

is murdered by a convenient Greek, who claims that his sister has been wronged, furnish the climax to the story. No picture would be complete without the happy marriage of the leading star, so this has been provided for in "Harriet and the Piper" by simply marrying Harriet to Richard Carter, the man for whom she has worked and whose wife has been dead for many years.

TOM MOORE IS FEATURE PRODUCTION AT MAJESTIC

The feature of the weeks movie bill at the Majestic theater is to be offered on Friday and Saturday when Tom Moore's Golden's famous star, is presented in "Officer 666." The other two productions which are to be seen at the Majestic will be Tom Mix in more or less of a local story, "The Texan" which is to appear on Monday and Tuesday, and "Something Different," featuring an all star cast. This picture will be shown Wednesday and Thursday.

In "The Texan," Tom Mix reaches the zenith of his powers as an actor of thrills and excitement. The raw, rugged power of the Lone Star state is made the theme in this production and the many exciting incidents which are portrayed by Mix are typical of the strength and dignifiedness of the justly famous Texas. Nothing need be said of the ability of Mix to act these sensational roles, for his many pictures which have been seen in this city of late are all filled to the brim with feats of skill and daring that few

spent money foolishly. I have spent a great deal of money on stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of May's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Sold by Mack Taylor and druggists everywhere.—adv.

other actors would even attempt. "Something to Think About," which will be featured Wednesday and Thursday is an unknown quantity, having been released only a few weeks ago and consequently no press books or criticisms are available for it. However the film is released by First National Exhibitors so that fact alone is enough to insure a pleasing production.

Plenty is known about "Officer 666" though, and this picture need not go begging for want of exploitation. This film is the screen version of the famous stage play written by Augustin McHugh and presented by Cohan and Harris at their New York theater in the early years of 1900. The stage play proved to be one of the most popular successes that ever delighted an audience and with Tom Moore handling the principal role in the screen play it bids fair to repeat its record on the silver sheet. The picture concerns the doings of a young millionaire, played by Moore, who becomes involved with a bunch of crooks that are trying to rob him of valuable paintings, so in an effort to catch them he borrows the uniform of Officer 666 and poses as an unrelenting cop. The humorous complications arising from this situation offers one of the most hilarious comedies that Mr. Moore has ever engaged in.

REPORT SHOWS THE PROGRESS MADE IN WORK ON STREETS

During the month of October the street department, according to a report filed Saturday by City Engineer Montgomery with Street Commissioner W. S. Curlee, completed 1,431 feet of grading and pavement on Buchanan, Eighth, Lamar, Lucille, Monroe and Ninth streets, at a total cost of \$22,727. Grading covering a fraction more than 12 miles also was completed in preparation for future paving work, and plans and profiles were drawn by the department for Indiana, Scott, Ninth, Burnett, Tyler and Eleventh street and Avenue A.

A part of the report in detail follows:

1. Total length street cross sections to establish grades, 6.62 miles.
2. Total length street center line surveys, 2.5 miles.
3. Total length topographical street surveys, 2 miles.
4. Total length street profile for storm sewers, 2.04 miles.
5. Total length sidewalk lines and grades given, 3,884 feet.
6. Total length curb lines and grades given, 3,022 feet.

The report then continues with mention of the streets for which plans and profiles were drawn, as detailed in the opening paragraph above, and the streets where grading and paving has been completed.

The report shows further that 25 excavation permits, with fees totaling \$125, were issued during October; nine house moving permits, and two sidewalk permits. Final estimates were given for the Mississippi street paving; report forms were designed for the department, and repairs were made on certain sections of the wood block paving in the business area.

OLYMPIC MONDAY AND TUESDAY

Reel Chatter

By JEAN DARNELL

Tom Moore, Goldwyn star, has been taking moving pictures of his five-year-old daughter, Alice, almost ever since she was born. He keeps the collection in a fireproof vault.

Maurice Tourneur, director of Associated Producers, is confined to his home under the care of two physicians and a trained nurse, suffering with a serious attack of pleurisy and pneumonia poisoning. He has been absent from his studio since last Thursday, and Monday morning his doctors forbade his communicating with the studio or outside world.

Ben Turpin celebrates this month the fifty-third anniversary of his birth.

Buck Jones, who was shot in the arm during the filming of a scene, is back at work.

Fred Kelsey has been cast for a major part in "The Offshore Pirate," Viola Dana's new starring picture for Metro.

To have played one part a thousand times is a distinction claimed by Andrew Robson, who plays in Goldwyn's picturization of "Stop Thief" in which Tom Moore is starred. "Richard Carvel" is the role he played so long.

Josephine Crowell has just finished an important character role in "Bunt Pulls the Strings," under the direction of Reginald Barker of Goldwyn studio.

One of the big New York publishing houses has asked Louis Phystoc, head of the Goldwyn laboratories, to write a book on the technical phases of lighting and photography in motion picture production.

James Kirkwood is to be starred in his own right by Allen Dwan, beginning about January 1. Mr. Dwan made this announcement this week follow-

ing the completion of his first picture for Associated Producers.

Tom Moore, Goldwyn's smiling star, says he would rather be interned than interviewed.

The D. W. Griffith Company are vacationing while D. W. himself prepares the next scenario.

Pauline Bush, former picture actress, is in New York and is said to be adopting stories for the screen.

In "Going Some," the Goldwyn picture by Rex Beach, Kenneth Harlan, who has the part of the army captain, wears the same uniform he wore in France. He served in the war as captain with the Ninety-first Division, and was in the battle of the Argonne.

"How do you like being talked about as a celebrity?" inquired the sweet young thing of Charlie Ray.

"Oh, that isn't so bad," acknowledged Charlie, "but it keeps me so fearfully busy all the time living up to it."

May Allison's sister, Mrs. Neil Wright of Tennessee, has gone home, after a two-month's visit with the Metro star.

Thelma Perry, who is Eileen's sister, has been engaged to play leads in Jack White's Mermaid comedies.

Will Rogers blames motion picture directors for the high cost of riding breeches and puttees.

Mary Pickford is surely working over time making two productions at one time. One is "Rag Tag and Bob Tail." Title sounds like Mary.

Lon Chaney wants to know when he's to be given the role of a headless horseman.

Gertrude Farrar, according to announcement, denies that she is to abandon the screen.

Lois Weber has recently signed up Claire Windsor on a five-year contract. Miss Windsor is still unknown to fame, but will soon burst forth in a Weber production.

F. N. LAWTON WILL BE MANAGER OF THE CITY WATER SYSTEM

F. N. Lawton will probably be the manager of the water works system under municipal ownership.

That question was settled Saturday night at a meeting held in the home of Alderman W. S. Curlee, who was delegated by Mayor Cline recently to serve with Alderman W. N. Bonner as a committee to report on the future management of the water plant. Lawton, it is understood, has agreed to accept the post, and his appointment by the committee will undoubtedly be ratified by the city council at its next regular meeting Monday night.

Lawton was manager of the water company and the electric light system in this city for a number of years, and is at the present time assisting in the general management of the Wichita Valley Irrigation project.

At the same meeting the question of creating an addition to the city hall to provide an office for the water system, and also quarters for the city engineer's staff was discussed. The city owns a small plot of ground west of and adjoining fire headquarters in the city hall, and a two-story building could be erected here at an approximate cost of \$15,000. It was stated, Herbert Voelcker, of Voelcker & Dixon, local architects, will present plans for the building to the city council tomorrow.

PRESIDENT WILSON NOT TO PARDON EUGENE V. DEBS

WASHINGTON, Nov. 6.—President Wilson is understood to have no intention of pardoning Eugene V. Debs, who is serving a 10 years' sentence in the federal penitentiary at Atlanta for violation of the espionage act.

The position taken by the president, according to those who profess to know his views, is that executive clemency in such a case would set a precedent and would encourage others to oppose the government in the event of another war.

When you bank with the City National Bank of Commerce, you know that strict national supervision and federal reserve membership, conservative experienced management, and capital of \$1,000,000 safeguard your money. 175-11c

Attractive Home-to-be of J. H. Marriott at Electra

VOELCKER & DIXON ARCHITECTS

Work has been started by a local contractor on the new home of J. H. Marriott in Electra, designed by Voelcker & Dixon, Wichita Falls architects.

The building, pictured in the cut above, will be of the Dutch colonial type with wide, tiled verandas on three sides and a colonial entrance particularly distinctive of this style of architecture.

The interior will have eight rooms on the first floor, with three generous fireplaces and other conveniences in general keeping with the colonial design.

The home complete will cost \$35,000, contracts having been let for a turn-key job on all of the work.

H. WILLIS BUYS THE WADE WALKER HOME; OTHER LARGE DEALS

The largest sale of a private residence in Wichita Falls during the past year, with one possible exception, was "pulled off" Saturday when N. O. Monroe, local realty operator, sold the Wade Walker home at 1406 Tilden street to H. Willis for \$45,000. The Walker home is a two-story house on a lot that fronts 100 feet on Tilden street, and the house itself is generally regarded by real estate men as the finest frame home in this city. Mr. and Mrs. Walker and their two children have moved to Long Beach, California. Final papers to the deal were signed

in Monroe's office Saturday morning, and Willis will be settled in his new home tomorrow. The sale of the old Hamming home, which, incidentally, is located in the same block, to Bob Waggoner for \$15,000 is the only deal involving a private residence that has overshadowed the Walker-Willis transaction during the past 12 months. Monroe has sold in the past 10 days over \$200,000 in modern homes in this city, and in his opinion the real estate market locally was never in a more healthy, more stable condition. Among the sales made were the purchases by H. S. Ford, of the Dye, Ford & Rogers theatrical interests, of H. C. Cooper's home at 1106 Alma street for \$22,000; the sale of the Major Hackbusch place on Huff avenue for \$16,000 to George P. Holtzen, and the sale of the J. L. Eggleston property at Eleventh and Holiday to W. F. Weeks for \$15,000.

In addition to the homes mentioned, a deal for the sale of a Wichita Falls business at a figure said to run over \$50,000 was closed in Monroe's office last week. Details of the transaction would not be made public Saturday. Monroe stated that the trade was made solely on the strength of a 10-inch dia-

play advertisement inserted in The Times only once. Eight hours later the deal was closed. "Real estate today has a definite, tangible value in Wichita Falls," Monroe told The Times' representative. The spectacular boom features are gone, and people can trade on a normal basis with a real knowledge of values. I believe the market is good, and that any man can still make some remarkably splendid investments in real estate if he simply uses his head in dealing with responsible people."

Spiritualist Mass Meeting. Sunday evening, Oct. 14, in Labor Temple on Travis street, under the auspices of Kosman Institute of Colorado Springs. Return engagement of Dr. Elma M. Gill and Merton J. Potter, the phenomenal spiritualist message bearer. Lecture subject, "Where Are Our Dead," followed by messages. Public invited. 117-71p

We have plenty of help, therefore we can get things out in one day's time. Silk and Novelty Shop, 429 American Nat'l Bank Bldg. -117-71c

ODD FELLOWS WILL HAVE HONOR SERVICE NOVEMBER EIGHTH

The Odd Fellows of Panhandle lodge will have an honor service November 8. This service is in compliance with a proclamation issued by Grand Master W. T. Savage of Dallas, and is for the purpose of permitting the old members of the order to be present and witness degree work and enjoy a real good meeting. This lodge will confer the first degree on this occasion. All members of the lodge who have objections will bring some of the older brothers who have not been attending the meetings, as many of the heroes of the order, members of the "faithful few" have kept the fires of

the order burning in the lodge room by their regular attendance and by their sublime devotion to its ideals of mutual helpfulness, and have grown old and feeble and have not been able to attend the lodge meetings. It is these men that will attend this honor service and again enjoy the association of Odd Fellows.

SOUTHERN BANKERS MEET TO PLAN FOR FOREIGN TRADE

NEW ORLEANS, Nov. 6.—Southern bankers met today to plan the organization of a \$12,000,000 foreign trading corporation which will establish banking facilities to market the agricultural products of the south in Europe. The meeting was called by Robert F. Maddox, president of the Atlanta National Bank and chairman of a special committee appointed to investigate the possibilities of such a corporation at the recent annual meeting of the American Bankers' Association. The plans contemplate establishment of branches in Cuba and

South and Central America. While cotton will receive first attention, it is planned to have the corporation handle all southern products.

Dr. DuVal, eye, ear, nose, throat. Testing eyes for glasses a specialty. 222 American Nat'l Bank-bldg. 178-11p

Card of Thanks. We thank the many friends for the kindness shown us in the death of our brother Otis and for the beautiful floral offering. (Brothers and sisters) Albert Evans, Oscar, Edgar, Ollie, Della, Dannie, Lillian; Will Evans and Family; Walter Evans and Family.

Don't stay stuffed-up! Quit blowing of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Fape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Small Mentions of Big Values

Ladies' Suits

At Half Price. Beginning Monday and continuing throughout the week, we offer you the unrestricted choice of any Coat Suit in the house at One-Half Price.

Here you will find many beautiful Fur trimmed Suits as well as the plain tailored models. We still have a large assortment of the popular shades and cloths to select from.

You dollars will go a long way with these splendid offering in high grade merchandise and just here we would like to say that we have had many nice compliments on the way we have conducted our sale and the values we have given. Each department still holds in store many wonderful values in seasonable merchandise. If you have not taken advantage of this wonderful value-giving sale, we call your special attention to the items we are offering for the coming week.

Men's and Ladies' SHOES 25% Discount

Starting Monday and continuing throughout the week, we will offer our entire stock of Men's and Ladies' Shoes, including both high top and oxfords, as well as bed room and boudoir slippers and spats, at 25% Discount.

Here you will find the Garside, Pincus & Tobias and Griffin & White Shoes for Ladies, Johnston & Murphy and Crossett for Men. Our stock is still complete in both black and tan as well as the brown and black Satin Pump. If interested in high grade Footwear at a great saving, would advise an early visit to our Shoe Department.

Men's Furnishings

We are going to offer the following Men's Furnishings at 25% Discount throughout the coming week:

- Men's Shirts
- Men's Underwear
- Men's Sweaters
- Men's Hosiery
- Men's Caps
- Men's Pajamas

Men's Hats and Silk Shirts

We still have a large assortment of Stetson Hats, Mallory Hats and Schoble Hats, also a fine assortment of Silk Shirts which we are going to offer at Half Price.

All Ladies' Blouses at Half Price

If you care for pretty Blouses will ask you to visit our Blouse section during the coming week and supply yourself as we are offering our entire stock of Blouses at One-Half Price.

Ladies' Dresses

At Half Price. Here you will find many splendid values as we have just received many new Dresses which will be offered to the buying public throughout the coming week. Here you can find the much wanted Tricotine Dresses in either plain, beaded or braid trimmed in all sizes.

Also a good assortment of Satins and Kitten's Ear Crepe Dresses, as well as party and evening Gowns.

Men's Suits at Half Price

For six days we are going to offer our entire stock of Men's Clothing at One-Half Price. Our stock consists of the well known all wool clothing made by A. B. Kirschbaum & Co. which is appreciated by all good dressers for its correct fit and good wearing qualities.

Boys' Suits at Half Price

If you would like to buy a Suit of Clothes that has real style and wearing qualities, we would suggest one of our Jack O' Leather Suits. These Suits are made for sturdy boys who appreciate a good Suit at a small price.

Figures are available of the railroads' deficit during the six months' period during which the government guarantee continued.

The Marion telegraph office was so flooded with congratulatory messages that it couldn't handle all received.

Co-operation between the Smith County Medical Society and the Tyler Parent-Teachers' Association will secure a physical examination of every child in the Smith county public schools...

The print paper situation, which has been a bugaboo to every publisher for the past year or more, has a prospect of improvement and of somewhat lower prices.

HOROSCOPE: The stars incline but do not compel (Copyright, 1919, by The McClure Newspaper Syndicate.)

Sunday, November 7, 1920. Again Saturn rules adversely, according to astrology, but Jupiter and Neptune are in benefic aspect.

Although Saturn has sinister power at this time Jupiter gives promise to all who are leaders of teachers.

Women have the forecast that they will put away foolish fashions and accept only what is practical and modest.

Just Folks

By EDGAR A. GUEST

Character. True greatness is in speech of all. 'Tis not the merit of the few; We need not heed some stirring call.

It matters not what work we do. What post life asks of us to fill. We can be honest men and true.

Medals and crowds are glory's marks. Fame is a witness of a success. But character throws off its sparks.

Side Talks

By RUTH CAMERON

Will It Be Like This. "There is something intensely annoying to me," said Authorman the other day.

"It seems highly probable you will have," I suggested. "I don't think I'd mind the idea, if there were some choice about it."

As if anyone ever were unique—except when and where. However, it will do no harm to ask. Perhaps the Authorman may thus find an affinity.

I find my readers did not flinch too much from my remarks on the cheerful funerals (in fact, I had quite a chorus of "amens" from them).

Likewise, as I grow older the whole connotation of death has come to be linked more closely with the idea of peace, and the thought of it has come to be a less unwelcome thought—especially when I'm tired.

RIPLING RHYMES By WALT MASON

After Election. All finished now the long campaign; the voters made their meaning plain.

HAMBONE'S MEDITATIONS

COSE, HITS MIGHTY WORRY SOME 'T BE IN DEBT, BUT WEN A COLLECTUM GIT SO HE KNOW WEN YO' PAY-DAY IS, DEN YOU'S IN BAD!!

LIFE'S DARKEST MOMENT

WHY?

Was "St. Petersburg" Changed to "Petrograd" (Copyright, 1920, by Wheeler Syndicate, Inc.)

For a long time before the founding of St. Petersburg, the territory to the south of the river Neva was owned by the Swedes.

At the Churches

Floral Heights Methodist Church.
Everybody expected to be present. Begin new conference by meeting us at all services. Every service is fine. Our people are cordial. You will be glad you came.
W. L. TITTLE, Pastor.

Floral Heights Baptist Church.
Tenth and Kemp.—Sunday school 9:45 a. m. Chas. Smoot, Supt. Preaching by pastor at 11:00 a. m. and 7:30 p. m. Sunbeams at 4:00 p. m. Junior B. Y. P. U. at 5:30 p. m. Senior B. Y. P. U. 6:30 p. m. Bible class Tuesday 7:30 p. m. Prayer meeting Wednesday 7:30 p. m. Boy Scouts Friday 7:25 p. m. Everybody welcome; good fellowship for all. The pastor and his family are now located at 1505 Filmore street. Phone 2331.
J. W. LOVING, Pastor.

First Presbyterian Church.
Attractive music adds a zest to the services and puts one in a mood to enjoy the sermon. A sorry sermon with good music is far better than a good sermon with poor music. No church in the city has better music than does the First Presbyterian church. Let the music attract you to our services. The subject of the morning sermon will be: "A Reason for the Transfiguration." The district Christian Endeavor convention is meeting in our church and will have charge of the night service. Mr. Shepherd will lead the song service and there will be other special music. Official board meets at 7:30 Monday evening.
N. F. GRAFTON.

Church of the Good Shepherd.
(Episcopal)
Holy communion at 8 a. m. Sunday school 9:45. Mr. Carter McGregor is the superintendent, and will greet you with his cheery smile. Holy communion 11:00 a. m. Special music for the office. The pastor's sermon subject will be "The Nation's Peril." Mrs. Geo. Thorburn will sing "O Lord Be Merciful" by Bartlett for the offertory. Evening service 7:30. More good things at this service. We cordially invite you to worship with us. Good choir, hymns for the times, and a real welcome. The Women's Auxiliary meets on Monday afternoon at 3:00 p. m. in the parish house. All welcome.
FRED T. DATSON, Rector.

Floral Heights Epworth League.
The Epworth League of the Floral Heights Methodist church meets at 6:45 Sunday evening at the tabernacle. You are welcome. The tabernacle will be comfortable if it is cold. Good program. Live music and a glad hand. Be on time.

First Christian Church.
Corner Tenth and Travis streets.—Bible school 9:30 a. m. Morning worship with sermon 10:30 a. m. Young People's Christian Endeavor 6:30 p. m. Evening worship with sermon 7:30 p. m. The subject for the evening services is "The Valley of Dry Bones." This is one of the greatest visions of the Bible. Ezekiel looks out on a great valley covered with bones all white and dry. Can these bones live is the problem. The prophet declares the purposes of God. Strange noises are heard. The bones move each to the other. Sinews and flesh and skin cover them. Faces and forms quiver with the thrill of life and the multitude stands up. What is the meaning of it all. Hear the interpretation of God as revealed in His word. A cordial invitation extended to all visitors.
J. LEM KEEVIL.

Central Presbyterian Church.
Eleventh and Bluff.—Sunday school will meet at 9:45. Mr. Roy Bregg,

state secretary of the Christian Endeavor, will occupy the pulpit Sunday morning at 11:00 o'clock. Miss Dean will sing. The Junior Endeavor will meet in the evening at 7:30. The Senior Endeavor will meet at the First Presbyterian church at 6:30 in the convention C. E. service. The pastor will preach at 7:30 p. m. A good song service will precede the evening preaching. Our guests always receive a cordial reception.

Church of Christ.
Corner Eleventh and Bluff. Bible school at 9:45 a. m. Preaching at 11:00 a. m. and 7:00 p. m. by the minister. J. Early Arconesux.

Trinity Lutheran Church.
Corner Fourteenth and Bluff streets.—Sunday, Nov. 7. Regular Sunday school at 9:30 a. m. The congregation will celebrate the annual reformation festival. Service with holy communion begins at 10:30 a. m. Subject of sermon, "Justification by Faith." After service meeting of trustees and choir practice. Members of Luther League are requested to meet at 3:00 p. m. English night service begins at 7:30. Subject of sermon, "Hold Fast." A cordial invitation is extended to all. Our Ladies Aid will meet at the home of Mrs. John Haler, 403 Lamar street, on Wednesday, Nov. 10. All are invited to help a good cause.
W. UTESCH, Pastor.

St. Paul's Lutheran Church
(Mo. Synod)
Eleventh and Holiday streets.—Sunday school at the usual hour, 9:30 a. m. Morning service with holy communion at 10:30 a. m. Preparatory services at the same hour. In the afternoon the meetings postponed from last Sunday, owing to the inclement weather, will be held. Business meeting of the voting members at 2:00 p. m. Tabernacle Society at 2:30 p. m. Elders meeting at 1:30 p. m. at the parson.

age. At 7:30 p. m. the Bible class will have their Bible study meeting. Bring your friends with you. Everybody welcome. The monthly business meeting of the Bible class will take place on Tuesday night at 7:30 at the church. A cordial invitation is extended to all to worship with us.
C. M. BAYER, Pastor.

Lamar Avenue Baptist Church.
Meets at the Labor Temple. Sunday school at 10:00 a. m. and preaching at 11:00. Miss Katherine Cook will sing at the morning service. The evening service begins promptly at 7:30. Woman's Auxiliary meets with Mrs. Rawls, 213 Burnett. In their Bible study. Everyone is cordially invited to come and worship with us.
A. J. MOLT, Pastor.

New Thought Service.
If you want some real spiritual food meet with the New Thought students at the southeast corner of Eleventh and Burnett streets. Sunday and Wednesday evening, at 7:30. Subject Sunday evening, "Leaning Posts and Leaning."

Christian Science Society.
I. O. O. F. Hall, Swartz-Wood building, 603 Scott avenue.—Sunday school 9:45 a. m. Lesson sermon 11:00 a. m.; subject, "Adam and Fallen Man." Testimonial meeting 8:00 o'clock Sunday evening. The public is cordially invited to attend these services; pupils up to the age of 25 years are welcome to the Sunday school.

First Methodist Episcopal Church.
Seventh and Lamar.—Sunday school at 9:45; preaching at 11:00 a. m.; Epworth League at 6:30; preaching at 7:30 p. m. both sermons by the new pastor. All strangers in the city are cordially invited to attend all our services. Come and worship at the "friendly" church.
T. S. PITTINGER, Pastor.

Evangelical Church.
Corner of Fifteenth and Broad. Teachers and officers meet at 9:45 for prayer service. Sunday school at 10 a.

m.; preaching at 11 a. m.; Junior League at 3 p. m. President Miss Martha Mahler, B. Y. P. U. at 6:45; leader, Miss Eugenia Staber; subject: "Peace

Makers." A wonderful subject as it is one of our duties as Christians to keep peace with our fellow men. Preaching at 7:45.—REV. GEO. L. TRAHANT.

Do You Pay Your Bills?

The Best Recommendation

A noted man, whose name we can't recall just now, once said: "PROMPTNESS is not only a duty, but is also a part of good manners, it is favorable to fortune, reputation, influence and usefulness, a little attention and energy will form the habit so as to make it easy and delightful."

You can take this same expression—substitute "prompt payment of your bills" for "promptness" and still hit the nail on the head.

Prompt payment of your bills is not only a duty, but is also a part of good manners, it is favorable to fortune, reputation, influence and usefulness. And it might also be added that prompt payment of your bills is absolutely necessary to fortune, good reputation, influence, etc.

Being the Fifth and Continuation of a Series of Talks on Bills and the Prompt Payment of Them.

For without the good credit that prompt payment creates, fortune becomes fickle, reputation rolling and influence nil.

Good credit is about the best recommendation a person can have. It's the sum total of a lot of good qualities—honesty, honor, good sense, character and ability.

And all this is beyond the reach of no one. A little attention and energy along with a determination to do the right thing, and the coveted prize is won.

START TODAY—Reputation is what other folks think of you—and thoughts can be changed overnight.

If you are IN BAD now—if what other folks think of you is not what you would like it to be—do the right thing and they will change their minds.

If your CREDIT RATING with the merchants of your town is bad—if the reputation you have made in the past for paying your bills is poor—start over.

Remember, it is what they think of you from past performances, and you can make them change their minds by changing your performances.

It's Up to You

Practically all of the merchants of this city belong or co-operate with the RETAIL MERCHANTS' ASSOCIATION.

They have a common clearing house through which they clear your purchases and your payments. At any time any merchant can find out how much you owe and how you have been paying.

This Association was born to kill the dead beat. Its object is to eliminate the undesirable "charge customer" who has made it a habit to abuse credit—and to encourage and assist the "charge customer" who takes care of contracted obligations promptly

Every individual who has ever applied for credit with a local merchant is rated. These ratings run from "prompt pay, good credit," on down through the various grades to "require cash," which is self-explanatory.

You have a rating. That rating is accessible to every merchant in the city. When you apply for credit that rating is looked up—and whether you get that credit or not depends entirely upon whether you have been paying your bills or not.

It is entirely up to you. The making or unmaking of your credit lies entirely in your own hands.

Retail Merchants' Association

Wichita Falls, Texas

**AD CLUB TO HAVE
FIRST LUNCHEON AT
NEW KEMP HOTEL.**

WILL BE HELD MONDAY AT NOON
ACCORDING TO ANNOUNCE-
MENT SATURDAY.

**ORGANIZATION PERFECTED
AT MEETING FRIDAY NIGHT**

Three Teams Are Named To Conduct
Membership Drive To Novem-
ber 15.

The distinction of being the first
organization to have luncheon in the
Kemp hotel dining room belongs to the
newly organized Wichita Falls Ad Club,
which will meet at the hotel Monday
at noon.

Organization of the club was per-
fected Friday night, and approximat-
ely 100 members have been enrolled.
Every user of advertising space and
everyone directly interested in legiti-
mate advertising is invited to become
a member of the club, and will be wel-
comed at tomorrow's luncheon. Reser-
vations may be made by telephoning
Mr. Duffy, No. 2066, before 9 a. m.
Monday.

At Friday night's meeting, officers
were elected as follows:

Walter J. Daugherty, president; Jack
Bernard, first vice-president; T. R. T.
Eohart, second vice-president; these
three and C. S. Dulin, Norris Ewing, J.
L. Duffy, T. A. Bradley, John Gould, H.
A. Dodson, S. Y. Gaines and R. R. Ru-
bottom, directors; Miss Gertrude Dep-
pen, secretary-treasurer.

Membership Campaign.
Three membership teams, headed by
George Wilson, C. A. Kleinman and J.
E. Sharpe, were chosen, and will com-
pete until November 15 for the honor
of obtaining the most members.

In connection with the organization
of the Ad Club, the following statement
of its purposes and plans has been fur-
nished:

"The sole purpose of an advertising
club is to study and improve adver-
tising and to make advertising help
the community. It naturally does af-
ford opportunity for social intercourse,
but that is entirely incidental. It can-
not take the place of anything else in
the community nor does anything else
take its place.

"The purpose is to study intelligently
advertising and advertising problems
in all their phases, with the idea in
view of not only profiting thereby in-
dividually, but also for the general ad-
vancement of the profession, along
progressive, modern and new lines.

Enjoy An Autumn Without A Chap

Skin chapping is very annoying and painful and should be guarded against. You
may easily escape chaps this Autumn by using

GARDENCOURT BENZOIN AND ALMOND LOTION

It will keep your skin soft and in a healthy condition. It not only prevents chapping, but quickly heals rough and
inflamed skin and restores its natural softness. Use it before and after exposure to the cold and wind.
Put up in attractive bottles and priced at 60 cents.

whereby advertising will be more
forceful in the business world."
The local club will affiliate as
promptly as possible with the state
and national advertising organizations.
All those who have enrolled as mem-
bers and all who wish to become mem-
bers are invited by the club to make
reservations for tomorrow's luncheon;
the cost will be \$1 per plate.

**SPECIAL TAX ROLL
FOR THE IRRIGATION
BONDS NOW READY**

Collection of the special tax for the
Wichita County Water Improvement
District No. 1, will begin next Monday
morning in the tax collector's office in
the county court house.
The roll has been completed and it
shows that the total property valuation
which has been assessed for this tax
amounts to \$22,211,595.00. The tax rate
is twenty-five cents on the \$100 which
is one-fourth of one per cent.
The tax to be collected will amount
to approximately \$5,552.90.
Tax receipts have been prepared and
will be in readiness Monday morning
when the tax payers come to pay their
assessments, so that there will be no
delay experienced in the collection of
this money.
This tax has been levied for the pur-

pose of paying the interest on the bonds
which were voted issued for this pur-
pose and further for the creation of a
sinking fund.

The difference between complete
and partial success in business is fre-
quently a matter of the right banking
connections. The City National Bank
of Commerce has established a record
for intelligent, co-structive co-opera-
tion with firms and individuals in
their business enterprises and invites
consultations from those seeking such
service. 178-110

"The
Bank
of
Service"

According to a Recent
Statement by a Federal
Reserve Bank Official—

The people of the United States
are carrying around in their pockets,
or hiding at home \$3,000,000,000 of
American currency, or nearly one-
half of the total supply.

This means that for every fam-
ily in the country there is an average
of \$100, a large proportion of which
should be in the banks, where it
could accomplish for the business
community more than it can resting
in a sugar bowl, or in trouser pock-
ets.

DECLARES LEAGUE OF NATIONS IS DESTINED TO REMAIN WITH US

RESTING POINT BRINGS QUERY "WHERE DO WE GO FROM HERE."

MAKE CLEAR THE POSITION OF THE PRESIDENT-ELECT

Political Writer Says That It Has Not Changed Since Speech Delivered August 28th.

By MARK SULLIVAN
National Political Correspondent of The N. Y. Evening Post.
Copyright 1920 by N. Y. Evening Post.
Editor's Note—This article by Mark Sullivan not only makes clear President-elect Harding's position as to a League of Nations but reveals what is one of the most interesting unwritten stories of the campaign. It tells for the first time the real fact of the so-called Borah defection at the height of the campaign.

NEW YORK, Nov. 6.—The League of Nations question has so long been with us and is so surely destined to remain with us that the feelings of most persons at this temporary resting point could probably be expressed accurately in the tired but still good natured query of the doughboy song: "Where do we go from here."

Where we shall go from here is in the hands of President-elect Harding and of the senate. As to what the newly elected senate feels about the League of Nations and as to what action it is likely to take I shall say something later on. As to what Senator Harding's position will be there need be no doubt. I am well aware that a large part of the discussion in the recent campaign rested upon the assumption that Harding's position is in doubt. Nevertheless I am very confident that Harding's position is and always has been the position which he expressed with particular care in his August 28 speech. That position by the way coincides exactly with a position which he took in a speech made while he was still in the senate and before he was nominated for the presidency. Senator Harding has made no change in his position either before the August 28 speech or after it.

Based on Des Moines Speech.
The arguments to the effect that Harding's position on the League of Nations was in doubt rested chiefly on the allegation that in his Des Moines speech on October 7 he made a change in the direction of no league, that is to say in the direction of Senators Borah and Johnson from the position he has taken in his August 28 speech. This belief sincerely held by many persons had no real foundation and the way it arose and spread like a legend is one of the most interesting stories of the campaign. Of course the Des Moines speech and the August 28 speech are both on record for any one to see and compare. It is entirely open for any one who cares to come to his own conclusions. The fact is however that literally millions of persons come to a conclusion on this point without ever having read the speeches. The legend was based on newspaper headlines and

the headlines in turn were based on detached fragments of the Des Moines speech.

Speeches Best Evidence.
Of the fact that Harding in his Des Moines speech did not change his position from his August 28 speech the two speeches are themselves the best evidence. But of the fact that Senator Harding was not under any pressure from Borah or Johnson of the fact that he had no intention of changing his position in the Des Moines speech but on the contrary the Des Moines speech to be a reaffirmation of his August 28 speech and of the fact that pro-league partisans who read the speech previous to its delivery and free from the atmosphere of the headlines approved it of all that the proof lies in what is one of the most interesting unwritten stories of the campaign.

Early in October a group of the pro-league supporters of Senator Harding became alarmed at the newspaper reports to the effect that Harding was yielding to Senators Borah and Johnson. In this state of alarm they determined to satisfy themselves before they were willing to go further in their support of Senator Harding. They met in New York and expressed their apprehension in a telegram to Senator Harding. More secretly they sent their telegram to Will Hays who they knew was going to do the same he and Senator Borah had made common cause. In all this the element of truth was this:

Harding Sends Reply.
Will Hays got the telegram at Marion and showed it to Senator Harding. Thereupon Senator Harding himself sent the following reply to Messrs. Hoover and Schurman. (I quote the telegram from memory but I am sure that these were the words.)

"There has been no change, there will be no change. Nothing has been said. Nothing will be said in conflict with my August 28 speech. I hope you will see my speech to be delivered at Des Moines October 7."

In suggesting that they should look up his Des Moines speech, Senator Harding had in mind the fact that there was an advance copy of this speech at the New York headquarters available for Mr. Hoover and Mr. Schurman and the others to look at, they did look at it, read it minutely and expressed due satisfaction with it being reassured by it they went ahead with their plans. In addition to this group one of the most prominent of the pro-league republicans in New York read the advance copy of the Des Moines speech and expressed enthusiasm for it, saying: "That's exactly what we need, that's a pro-league speech."

Candidate Was Surprised.
When most of the newspapers and probably the bulk of the public took the view that the Des Moines speech was a change from the August 28 speech, certainly no one was more surprised than Senator Harding himself. He supposed he had reaffirmed his August 28 speech. What then was the cause of the widespread assumption that he had changed his position?

One cause lay in the fact that certain strong expressions of his attitude on negative side of the question occurred in the early part of his Des Moines speech while his expressions on the affirmative side occurred in the latter part of the speech. But this alone would not have accounted for this interpretation if it had not been for the fact that for a week or ten days preceding the newspapers had been full of vague stories of a rift between Harding on the one hand and Senators Borah and Johnson and the others.

Charged With Motive.
The theory was widely held that

Senator Harding had a motive for changing his position and that that motive was pressure put upon him by Senators Borah and Johnson. For fully four weeks the larger part of the campaign discussion was based upon this assumption. It was said that Senators Borah and Johnson had "blackmailed" Mr. Harding into adopting their position another word frequently used in the terminology of the campaign to express what was alleged to have happened was "blackjacked."

But of facts as a basis for this assumption there were literally none. It began with stories in the newspapers to the effect that Senator Borah had quarreled with Harding and with the republican national committee and was not going to make any more campaign speeches; this expanded into stories to the effect that Senator Johnson of California was going to do the same he and Senator Borah had made common cause. In all this the element of truth was this:

Showed Some Irritation.
Senator Borah upon returning from one of his speech making tours called up the speakers bureau of the republican national committee in New York by telephone and asked about a matter which was wholly a mere clerical detail of the relations between him and the national committee. The reply was

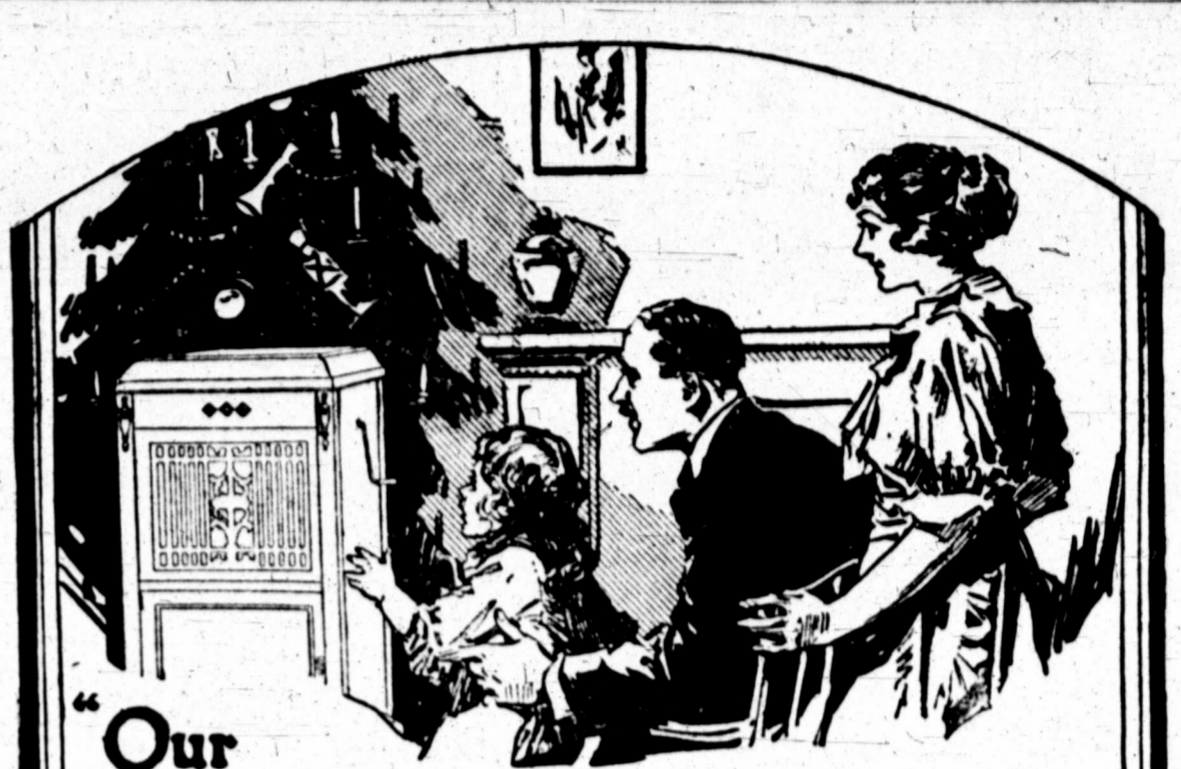

made that this detail was not in the hands of the New York headquarters but was in the hands of the Chicago headquarters. Thereupon Senator Borah said something to the effect that it was of no consequence anyhow. His reply seemed to express some irritation and out of this episode grew the enormous legend that undoubtedly had a considerable effect on the course of the campaign.

It would be of little use to consume space here with restatement of Senator Harding's position on the league. That position on the league is contained both in the August 28 speech and in the October 7 speech at Des Moines. It is true that there is an inherent difficulty in making Senator Harding's position clear and keeping it clear. This difficulty lies in the fact that his position necessarily consist of two parts. One affirmation and one negative. He is against entering the present league which includes Article 10. And he is not only in favor of entering but will take the initiative toward entering an association of nations; call it by any name you wish—which does not include Article 10, and is based upon the principle of an international court.

"Our Budget Plan will bring the New Edison this Xmas!"

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost,—and makes 1921 thrift pay for the balance.

Clean-Sweep SALE

Ten Days of Price Reductions

25% SAVE 25%

on DINNERWARE

We have been assured by Haviland & Co. of New York that there will be no reduction on Haviland China for at least two years. We bought heavily on Haviland two years ago at prices much lower than now. Haviland & Co. have been most of the two years delivering this to us. Also we bought a big stock for our store at Breckenridge, which was a mistake. Breckenridge proved to be a typical Oil Field, where tin pan ware is the order of the day. We are now going to give you the advantage of our lucky buying two years ago and of our mistake in trying to sell Haviland China in an Oil Field. Our loss, your gain.

Along with this sale we have decided to make the same reduction on our Cut Glass, Art Pottery and Semi-Porcelain, both English and American. All our Nippon China and Austrian included. All our American potteries are now one year behind with orders. We placed orders with Knowles, Taylor & Knowles, one of the largest potteries in our country. These orders were placed early in 1920, but delivery can't be made before in 1921.

We mention these facts to convince you that you are participating in a genuine bonafide sale and you are making a sure enough 25% saving.

You will have ten patterns of Haviland's newest designs to pick from, all open stock. Some 25 up-to-date patterns in English and American, Nippon and Austrian, all open stock. This Sale lasts TEN DAYS, NO LONGER. After this prices will be regular. Come early while stock is complete.

Everything marked in plain figures with regular and reduced price.

SEVERAL WELLS ARE ON THE SAND AND DUE TO BE BROUGHT IN SOON; OTHER WELLS RESUME OPERATION

The latest drilling report, which includes the activities in Wichita county and Young county a week ago, show practically no change from the previous week. Several wells are on the sand and due to be brought in any day and a number of wells which have been heretofore reported as shut down have resumed operations.

Several wells in Young county started operations according to the report and the number of wells actually drilling there increased considerably. The drilling report follows:

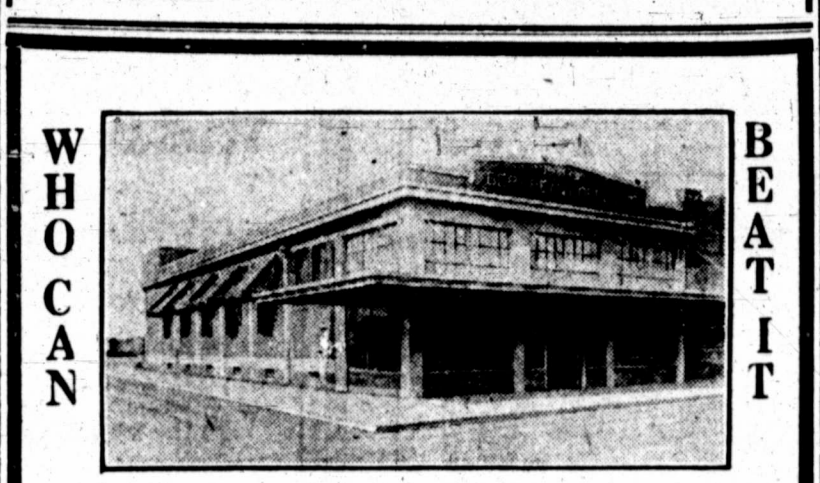

Northwest Drilling Wells.
Barley and Meadows, No. 5 Remner Lease A, 1560 feet; Buckeye Petroleum Co., No. 2 State Lands, 754 feet; Danziger Oil Co., Refining Co., No. 1 Michna, 1746 feet; Fort Hollie Oil Co., No. 3 Vogel, 1674 feet; Langford, Staley and Chenault, No. 5 Vogel, 1783 feet; No. 1 Morgan et al, 885 feet; McMann Oil Co., No. 7 State Lands, 1340 feet; C. F. Noble, No. 12 Waggoner, 1619 feet; Patton et al, No. 2 Wagner, 1464 feet; Santa Fe Oil Co., No. 1 Taylor, 590 feet.

More Eggs or Money Back!

The Purina System of Feeding keeps the flock laying in the fall and the winter, because it supplies plenty of material for whites as well as for yolks. This enables the hen to make complete eggs of all the yolks that develop in her body.

When a grain ration is fed there is not enough protein for whites. Many yolks that form are not laid, but are eventually absorbed back into the system as fat.

More-Eggs Guaranteed

Purina Chows, when fed according to directions, are guaranteed to make hens lay more eggs than any other feed, or the money paid for Purina Chows will be refunded.

RAILROAD WRECK Sale

Cor. 7th & Ohio Sts.

A DOLLAR WISELY SPENT IS A DOLLAR SAVED. —FRANKLIN

THRIFT

MONEY WELL SPENT IS BETTER THAN MONEY HOARDED. —FRANKLIN

To hoard money is to become a miser, but to spend money wisely is real thrift. This RAILROAD WRECK SALE is the best opportunity to spend money wisely. I offer bargains that are really extraordinary. While in St. Louis recently I had the good fortune to buy thousands of dollars worth of merchandise lower than even I had expected. I bought the very best in Clothing, Hats and Furnishings for fifty and sixty cents on the dollar. I have spent money to mighty good advantage.

YOU KNOW MY POLICY. Its always been to share my bargains with my customers. That's just what I am doing in this case. I am selling everything at much less money than others. I undersell EVERYBODY, regardless of their sales.

Wide-awake people won't miss this chance to be thrifty. Buy now at the celebrated RAILROAD WRECK SALE, while the buying is good. Each dollar spent in my store means a bigger return than elsewhere in actual value received.

Men's and Young Men's Suits of Clothes

CASUALTY LIST CONTINUES LARGE AMONG MOTORISTS

SEVENTY PER CENT OF GRADE CROSSING ACCIDENTS ARE MOTORISTS.

5,605 LIVES SACRIFICED FROM 1917 TO 1919

In Spite Of All Preventative Measures Serious Accidents Continue To Increase in Number.

Figures compiled by the Interstate commerce commission and released to various newspapers throughout the country have shown that 70 per cent of the people killed in railroad grade crossing accidents throughout a three-year period have been motorists.

During the years 1917, 1918 and 1919 there was 15,448 people who figured in grade crossing accidents in the United States and of this number 5,605 were either killed outright or sustained injuries which caused their death within 24 hours. From the same source of information it is gleaned that in the principal battle of the Civil war there were but 6,600 casualties.

The grade crossing accidents for the three-year period, inclusive of motor, pedestrian and other types, is given as follows:

Year	Killed	Injured	Total
1917	1,969	4,744	6,713
1918	1,852	4,683	6,535
1919	1,784	4,612	6,400
Total	5,605	14,039	19,644

The accidents in which only motorists figured are given as follows:

Year	Killed	Injured	Total
1917	1,083	3,000	4,083
1918	1,131	3,109	4,240
1919	1,232	3,550	4,782
Total	3,446	9,759	13,205

From these figures it appears that the death rate is increasing throughout the country in spite of accident preventative measures and campaigns for "safety first" that have been waged by automobile clubs, civic organizations and railroad companies. Most of the crossing accidents occur where the railroads are double tracked and trains frequently pass each other from the crossing of the road. Others of course are attributed to trees, high embankments or other obstructions which cut off clear views of the track from the road, while a small minority are caused by deliberate foolhardiness or carelessness on the part of the motor car drivers. The only way in which the accidents can be eliminated entirely is by doing away with the crossings, and this of course is impossible in many sections of the country. The Pennsylvania railroad has already spent over \$70,000,000 in the construction of viaducts, the installation of safety gates and other devices on its system, but it is estimated that to completely safeguard the Pennsylvania lines would require an expenditure of \$100,000,000.

It is interesting to note in the tables accompanying the commission statistics the standing of the various states of the country on the motoristality per car registered basis. In the state of Delaware more people were killed in proportion to the number of registered cars than in any other state of the union. In the state of New York more cars are registered than in any other, but more people were killed in the grade crossings accidents in both Pennsylvania and Ohio than in New York. In this unenviable list of deaths in proportion to car registrations Delaware held first place, then following in the order named come Florida, Arkansas, Mississippi, Indiana, New Mexico, South Carolina, New Jersey, Oklahoma, West Virginia, Louisiana, Virginia, North Carolina, Utah, Vermont, Kentucky, Illinois, Michigan, Montana, Georgia, Nevada, Ohio and California. To South Dakota goes the honor of having fewer persons killed in proportion to their registered cars than in any other state. Following this state come Massachusetts, Maryland, Texas, North Dakota, Connecticut, Rhode Island, Iowa, New York, Washington, Kansas, Tennessee, Idaho, Pennsylvania, Missouri, Minnesota, Wisconsin, Wyoming, Alabama, Maine, District of Columbia and New Hampshire.

Pays Off Peculiar Election Wager and Street Is Improved

Otto C. Somers paid an election bet Saturday morning, thereby satisfying one of his neighbors, making Tenth street in a way measure easier on automobile tires and delighting the heart of Street Commissioner Walter Curlee. Somers is strong for James Middleton Cox; that is, he was rather strong for the democratic nominee but some doubt exists regarding the strength of his regard today for Jimmie. Several days ago, however, when Cox appeared a more pleasing figure, Somers made an election bet with a certain neighbor. Somers' neighbor won the bet, and so—

At daybreak Saturday Otto C. Somers, prominent automobile dealer, left his home at 2910 Tenth street, carried a pick and shovel across his lawn to the curb, and settled to his work. At 10 o'clock "that darn hole" in Tenth street between the house of Somers and his neighbor had been properly filled.

WILHELM-MOULDER CO. NOW IN NEW HOME

The Wilhelm-Moulder Automobile company, a local distributor of the Chandler and Cleveland cars, is now located in its new quarters at 308 Lamar street. The Hardy and Staton building, formerly occupied by the Taylor Hudson Co., has been secured by the Wilhelm-Moulder company and has been fitted up until it is one of the most complete and well equipped auto stations in the city.

A novel feature of the arrangement is the housing of two separate firms in one building. The sales end of the Chandler and Cleveland machines, together with shop accommodations and repair work will be taken care of by the Wilhelm-Moulder people, while the storage, washing, greasing and service departments are to be handled by the firm of Andre Stewart. The firms are in no way connected but they are each specializing on different parts of the business and in this way it is believed more efficient and cheaper service can be given to the auto public. Curb service with gasoline, oil, air and water is being installed.

"The day laborer should receive more pay. He earns it," says Somers. "We republicans showed 'em," says Somers' neighbor.

It has outgrown the old rooms at the corner of Sixth and Indiana streets. J. O. Andre and L. R. Stewart, heads of the associate firm with Wilhelm & Moulder, are both well known in this city. Mr. Andre was formerly engaged in the oil business and Mr. Stewart was for some time connected with the Katy railroad. Both are experienced automobile men and are well equipped to render efficient service to the automobile public of this city. The new street has recently been paved in the 308 block and will give free access to the new quarters of the company.

THE MOTORISTS' PROBLEMS

By WILLIAM H. STEWART, JR.

Motor Department: I have an Overland car model 30. The engine gallops when in a heavy pull... high gear. Seems to run smooth enough at any other time. Valves just been ground and all gas plugs. Tell me through your columns where the trouble can be.—T. J.

Try cutting down on the mixture. You may find it necessary to change the specifications of your carburetor. If no improvement is made by changing the adjustment, would suggest that you have the service station expert look it over.

Motor Department: Please tell me how I can stop my engine from backfiring at the carburetor. It fires a few times after starting and then doesn't backfire until it is thoroughly warmed up. When quite hot it fires all the time. Have just had carburetor cleaned out and valves adjusted.—S. F.

Backfiring when starting is due to a cold engine and cannot be avoided in cold weather. Run engine for a few minutes before starting. The carburetor is probably adjusted too close to the inlet valve stems. The space should be about the thickness of newspaper. When the engine heats up the valves expand and push the flame to work back into the inlet manifold.

Motor Department: I have a new car. Can you advise me how to tell when the spark is advanced enough? Please tell me what to use and how to wind the valves. Thanking you for this information, I remain.—S. W.

A simple way to tell whether spark is advanced far enough for the piston at any time is to advance the spark until the engine begins to knock. A distinct metallic knock may be noted coming from the engine. Carburetor is mostly used for this purpose. When grinding valve wrap some cloth around stem to prevent the carburetor from getting into the valve guide; also place a cloth in the cylinder port. Then apply carburetor on seat of valve; replace valve on seat. Use a large screw driver and valve grinding tool and turn valve with backward and forward movement, raising at intervals to change position on seat. This should be done until all marks disappear and clear surface is obtained on valve and valve seat.

Motor Department: Would you please let me know what they mean when they say my car is geared four to one, and how can I find out how to do it? Thanking you in advance, I am, Owner.

The rear axle ratio is usually meant by such a term. You can determine the rear ratio of the differential gears by counting the teeth of each and dividing the number of teeth of the smaller gear into the larger. The term four to one gear ratio means that the crank shaft of the engine completes four revolutions to one of the rear wheels. From this you will note that no gear reduction takes place in the transmission, but that direct drive is considered.

Motor Department: I am reconstructing an old car and wondered if I could install worm gear drive. Please let me know how to go about this.—Hender.

It will be impossible for you to install the worm drive construction in the old axle. On account of the design of the worm gear axle it will be necessary to install a complete unit. This, of course, would be rather expensive. The housing of the bevel type differential is constructed entirely different from that of the worm gear type.

Motor Department: I find that there is a defective gasket on headlight and a consequent deposit of dust on the reflectors. Will you kindly tell me how to clean this without injuring the surface? A friend tells me that he took his storage battery out of the car and placed it in a warm cellar for the winter. Can this be done without harming the battery? He says that he tests it occasionally with what, I don't know. Will appreciate an early reply.—G. E.

Try using a little alcohol on a soft cloth, then brighten with a very light silver powder polish. Use soft cloths and no damage will result. It is always best to remove the storage battery to a warm place in order to forestall the liability of freezing. When a battery is fully charged it is not apt to freeze, except in very low temperatures.

Motor Department: Would it be possible or advisable to fasten some device to the brake rods so that the following driver would know when to keep clear of my car. And, of course, be illuminated at night and so that in the most dangerous time, a red light would be the best. Please let me know what you think of the idea, as I have such a device all worked out on paper. On account of the current agitation for "safety first" it ought to go big.—R. T.

Many such devices, including indicators to show which way the car is going to turn, have been tried out and proved satisfactory. It is a great help to the driver of a following car. If you have a good idea, try it out with a working model.

Motor Department: Kindly recommend some substance which can be applied to the leather washer of the pump so as not to allow the air to filter through and thus cause loss of time. I have been told to oil the leather, but the oil will after a time be forced through the leather.—A. B.

A little neatsfoot oil or castor oil applied to the leather washer of the pump should remedy the trouble you speak of. If this does not do, it would seem advisable to install a new washer.

Motor Department: How can I test out my magnet? My engine runs on battery but refuses to run on magnets. I have a high tension magneto and there is no service station near where I live.—Reader.

Disconnect wire from magneto armature to switch. Run engine on battery or have some one spin it for you. Ground a wire or screw driver and touch other end to binding post on magneto armature, touching it and drawing it away. If no spark appears the circuit breaker or the armature windings are at fault. If good spark is shown, short circuit collector ring brush. If spark is good trace current to ends of distributor wires and spark plug. If no spark appears at the collector brush, secondary winding may be burned out or short circuited. Be sure that distributor points are all right and that no dust or oil has accumulated on it.

Motor Department: I have been told to let in the clutch slowly when starting, but to do so rapidly for the slow speeds. Also to let in clutch slowly while reducing speed. Please let me know why this is necessary.—Novice.

The clutch is engaged gently when starting since it is difficult to move a car from standstill and one does not want to break the gears or other parts by letting in the clutch suddenly. The car is then speeded up so that it will be going at the rate of second speed and not lose the momentum. The same rule holds for the other forward speeds. Theoretically the car should be going at the new speed before the gears are shifted so that they will mesh but mesh smoothly. In slowing down from a higher to a lower speed the clutch is engaged when the car has lost momentum and is moving at the new speed, otherwise it will stop suddenly and make it unpleasant for the passengers.

Motor Department: I have a new car. Can you advise me how to tell when the spark is advanced enough? Please tell me what to use and how to wind the valves. Thanking you for this information, I remain.—S. W.

Some drivers practice leaving gears in speed as they start down a hill, holding clutch out and using brakes alternately. This avoids the danger of not being able to mesh the gears in case it becomes necessary. This gives a greater sense of security, as the driver then has three kinds of brakes to rely upon.

Keep your eye on the road. Many operators are continually looking down at their feet, at the accelerator pedals etc., while operating. This takes their attention away from the road. With a little practice you can soon locate all the necessary pedals, etc., without looking for them. This is the only safe way to drive.

Along the same line of safety is the practice of keeping your hand on the speed lever until you have finished with it. You must watch the road

realize the necessity of learning to back properly. Then when they must back they hit something. Practice backing until it is as easy to you as driving forward.

One of the many mistakes which beginners frequently commit is to rest the feet on clutch and brake pedals. It wears out clutch collar, making it noisy, and may cause brake to drag, wearing it also. The best position is to have both feet near the pedals ready for instant use.

Many motorists are content to drive their cars day after day but do not

BE AN OPERATOR OF A LINOTYPE, INTERTYPE OR MONOTYPE MACHINE

Good pay, educational, pleasant work for men and women. Course is short and least expensive schooling you can obtain. (Typewriter operators excel at once.) Address Typsetting Dept., Georgia-Alabama Business College, Macon, Ga., for full information about American and Southern Newspaper Publishers' Typesetting School.—adv.

For Good Kodak Results Use Eastman supplies and have your finishing done here. Twenty-four hour service; mail orders given prompt attention. Barr Winston Drug Co. 764 Indiana Ave.

Motor Department: I have a new car. Can you advise me how to tell when the spark is advanced enough? Please tell me what to use and how to wind the valves. Thanking you for this information, I remain.—S. W.

A simple way to tell whether spark is advanced far enough for the piston at any time is to advance the spark until the engine begins to knock. A distinct metallic knock may be noted coming from the engine. Carburetor is mostly used for this purpose. When grinding valve wrap some cloth around stem to prevent the carburetor from getting into the valve guide; also place a cloth in the cylinder port. Then apply carburetor on seat of valve; replace valve on seat. Use a large screw driver and valve grinding tool and turn valve with backward and forward movement, raising at intervals to change position on seat. This should be done until all marks disappear and clear surface is obtained on valve and valve seat.

Motor Department: Would you please let me know what they mean when they say my car is geared four to one, and how can I find out how to do it? Thanking you in advance, I am, Owner.

The rear axle ratio is usually meant by such a term. You can determine the rear ratio of the differential gears by counting the teeth of each and dividing the number of teeth of the smaller gear into the larger. The term four to one gear ratio means that the crank shaft of the engine completes four revolutions to one of the rear wheels. From this you will note that no gear reduction takes place in the transmission, but that direct drive is considered.

Motor Department: I am reconstructing an old car and wondered if I could install worm gear drive. Please let me know how to go about this.—Hender.

It will be impossible for you to install the worm drive construction in the old axle. On account of the design of the worm gear axle it will be necessary to install a complete unit. This, of course, would be rather expensive. The housing of the bevel type differential is constructed entirely different from that of the worm gear type.

Motor Department: I find that there is a defective gasket on headlight and a consequent deposit of dust on the reflectors. Will you kindly tell me how to clean this without injuring the surface? A friend tells me that he took his storage battery out of the car and placed it in a warm cellar for the winter. Can this be done without harming the battery? He says that he tests it occasionally with what, I don't know. Will appreciate an early reply.—G. E.

Try using a little alcohol on a soft cloth, then brighten with a very light silver powder polish. Use soft cloths and no damage will result. It is always best to remove the storage battery to a warm place in order to forestall the liability of freezing. When a battery is fully charged it is not apt to freeze, except in very low temperatures.

Motor Department: Would it be possible or advisable to fasten some device to the brake rods so that the following driver would know when to keep clear of my car. And, of course, be illuminated at night and so that in the most dangerous time, a red light would be the best. Please let me know what you think of the idea, as I have such a device all worked out on paper. On account of the current agitation for "safety first" it ought to go big.—R. T.

DO YOU INVEST
—or just Speculate?

WHEN you buy

WITH THE AUTO DEALERS

Three Oakland five-passenger touring cars were sold by the Marshall Huff Motor company during the past week to local purchasers. They also disposed of one five-passenger Jordan touring car.

The Motor Supply company, local agents for the well known machine evolved by Henry Ford, have secured the use of the old quarters vacated by the Wilhelm-Moulder Auto company and will use them as an assembling department for Fords. The rooms are located at the corner of Indiana and Sixth, directly across the street from the Motor Supply company building, and will give ample room for the work of the mechanics in assembling the Fords.

A carload of five "little sixes" have been received by the Excelsior Motor company, local distributors of the Studebaker machine. The cars are now in the local freight yards and will be unloaded early in the week. This shipment is the first carload lot to be received by any Studebaker dealer in Texas. The "little six" sells for \$1,675 and embodies all the features of power, endurance, beauty and speed that are to be found in a big car.

The Milton Motor company reports that their storage business is increasing by leaps and bounds and that they are now handling record numbers of cars in their storage departments.

A five-passenger Case sedan was delivered by the Milton Motor company to Mr. and Mrs. H. E. Clifford of this city last week.

W. S. Langford of the Motor Supply company spent the latter part of the past week in Electra attending to business of the company.

Another testimonial of Huppmobile quality was given last week when Mr. H. J. Docter drove a standard Huppmobile touring car through from Mar-

shall county, South Dakota, to Wichita Falls in eight days, which included stops which would have totaled at least three days. Mr. Docter, who was accompanied by his wife and daughter, made the trip over what was said to be the worst roads in the country. Heavy rains accompanied the party over most of their journey. Two other tourist parties, driving other makes of cars, made part of the trip, with Mr. Docter and were forced to be pulled out of mud holes by the Huppmobile on several occasions. Mr. Docter had but one puncture on the entire trip and experienced no engine trouble of any kind, so has gone on record for the fact that the Huppmobile is the best car on the market, regardless of price or size.

D. H. Rubens, manager of the Marshall Huff Motor company, local distributors of the Jordan machine, has received word from the Jordan company of the positions which the Jordan cars have been awarded in the New York and Chicago automobile shows which were held recently. The places were awarded on the basis of the position of the company in the auto industry. The Jordan position in New York was A-6, next to the Packard, while in Chicago it will be B-1, next to the Peerless.

Two Gardner automobiles were delivered by the Gaines Motor company to purchasers during the week. The Spikes, Donahay Oil company received one, while the other was sold to D. E. Burkett of Burk Burnett.

W. H. Daugherty, sales manager of the Overland Motor company was in Dallas the latter part of the week on business.

Six cars were sold and delivered by the Dixon Motor company, local agents for the Buick automobile, in this city last week. They also report that several machines were received at the salesrooms and that they are expecting

some carload shipments of the new 1921 models within a few days.

The Fritz Automobile company, who recently took over the agency for the Marmon car, are now established in their new quarters and are ready for business. The sales and repair departments have been completely equipped and they have a complete line of the models on hand.

HAVANA IS CENTER OF ATTRACTION IN THE ISLAND CUBA

WASHINGTON, Nov. 4.—Economic conditions in Cuba at present, compelling measures such as President Menocal's moratorium decree, are in sharp contrast to those described in the following communication to the National Geographic Society by William Joseph Shewalter who visited the island during the great of its prosperity waves:

"Almost every person who visits Cuba on pleasure bent lands in Havana, and comparatively few get more than 10 miles away from that city's central park.

"If New York, Chicago, Philadelphia, Boston and Washington were consolidated, the resulting metropolis would bear about the same relation to the United States that Havana bears to Cuba. The capital city is the home of more people than are embraced in the combined populations of all the other cities and towns of the republic that have more than 4,000 inhabitants. Its closest rival is Santiago, but that city has only one-tenth as many people.

"As half the country's urban popu-

lation is centered in Havana, so also is half of its shipping. The city normally handles a greater foreign tonnage than any other port in the western hemisphere except New York.

"Most of Cuba's wealthy families have Havana homes. During the past four years the net profits of the sugar business have probably exceeded the gross returns of any other four-year period in the history of the island.

"The result is that perhaps no other city in the whole world has proportionately as large a wealthy population as Havana.

"Out of these conditions grew a situation where dollars were even cheaper than they are now in the United States. Tens of thousands of acres of land were laid out in residence sites, and the Vedado district, the Riverside Drive and the Sheridan Road of Havana, was extended until it reached farther from the Prado than Riverside Drive from New York's city hall square or Sheridan Road from Chicago's loop.

"No Advertising Signs. "There are no advertising signs on these lots. But as one motor along one sees nesting signs to the ground inconspicuous little boards, about a foot long, and half a foot wide, bearing the legend in Spanish 'Sold to Mr. So and So.' And Mr. So and So is usually some Cuban who made a fortune out-of-sugar down in the provinces and came up to the capital for the social season. If not that, he is probably an American who likes to be reasonably near the country clubs, and prefers to live where the cocktail has not lost its legal status. The price of the lots was from one to three dollars a square foot, or from \$13,000 to \$130,000 per acre.

"If high prices hit those to whom

MURINE Night and Morning Eye Drops, Healthy Eyes. If they Turn Red, Smart or Burn, Use Murine. Your Eyes Irritated, Inflamed or Itchy. Soothe, Refresh, Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Name Eye Remedy Co., Chicago

Havana is home. It was, of course, natural that they should strike the transient even more forcibly. Hotels everywhere are always the advance guard in the price climb, and those in Cuba have been no exception.

"There is only one hotel in Havana that gives anything like the American standard of service, and its rates during the past season were \$35 a day for an outside room with bath, without meals. It is supposed to cater only to those whom prices are no object; but that sort of patronage failed to develop in sufficient volume to maintain a full house.

"Changing Population. "The other hotels charged rates of from \$6 to \$12 for accommodations far from as good as one gets at from \$3 to \$6 in New York. The result was that many people who came to spend a week or ten days moved up their return dates considerably, and the tourist population changed on the average every four days.

"The disappointments of the past season promise for the coming season a saner adjustment between rates and service. "According to figures furnished the writer by the Cuban department of

agriculture, much land produces 22 bags of sugar to the acre. This, at 15 cents a pound, brings a gross return of more than \$1,000 an acre. "These conditions brought about the unprecedented boom in sugar lands. One sugar estate, which was bought some three years ago for \$3,000,000, sold last January for \$9,500,000. Another, which was valued at about \$6,000,000 a few years ago, changed hands at \$15,000,000."

BUSINESS BETTER IN AUTOMOBILE TRADE SAY MOST DEALERS

Although it is far too early to look for any pronounced change in the automobile situation, local dealers are unanimous in claiming that business had picked up considerably during the past week, and that they regarded this as a welcome omen. By "increase in business," one dealer explained, was meant not only more sales, but more interest in auto activities being manifested by those whom were approach-

ed by auto men in efforts to make sales. The opinion of many leading dealers still remains as it was in regard to the time necessary to get back to normal conditions, some maintaining that the first of the year will be required, while still others state that business is not much different now than it has been at the same time in past years.

Single Six Packard Arrives

There will be on display in our Show Room Monday, November 8th, the NEW PACKARD SINGLE SIX—a tribute to the PACKARD name.

It is a PACKARD in quality and in appearance, and sets a new standard in the Medium Price Automobile Class.

Along with this new car, we will display some very attractive models of the HUDSON and ESSEX lines.

Pay us a visit, and inspect these automobiles Lloyd Weaver Automobile Co.

The Studebaker Sedan

- More Miles to the Gallon of Gasoline
- More Miles to the Set of Tires.
- Less Yearly Depreciation.

The three advantages listed above do not tell the whole story of the Studebaker. The ease with which it is handled, the comfort and pleasure to be derived from its superior upholstery and the confidence inspired by the reputation of the builders of the Studebaker—all combine to make it a pleasure to own and drive a Studebaker.

The Studebaker Sedan

Presents you an opportunity to conserve time, health and comfort during the Winter months. It protects you from inclement weather, it enables you to make every-day trips without interruption and in comfort.

Allow us to make this suggestion: Come or phone to our show rooms Monday, or any day this week, and look over the Studebaker Sedan—let us take you out in it. This does not obligate you to buy, but we believe you will want it when you have tried it.

DELCO-LIGHT

A New Model \$425

A 3/4 kilowatt DELCO-LIGHT at a greatly reduced price is offered to you. This plant generates plenty of electricity for the average requirements of the farm home, for abundant electric light, power for pumping water and for running the machines ordinarily turned by hand.

And the price is only \$425 f. o. b. Dayton, Ohio

There are larger DELCO-LIGHT models for larger requirements—at prices lower than those paid for former models of the same capacities. All DELCO-LIGHT models have the same unexcelled mechanical features. They are self-cranking, self-stopping, air-cooled, have only one place to oil, and are equipped with thick plate, long-lived battery.

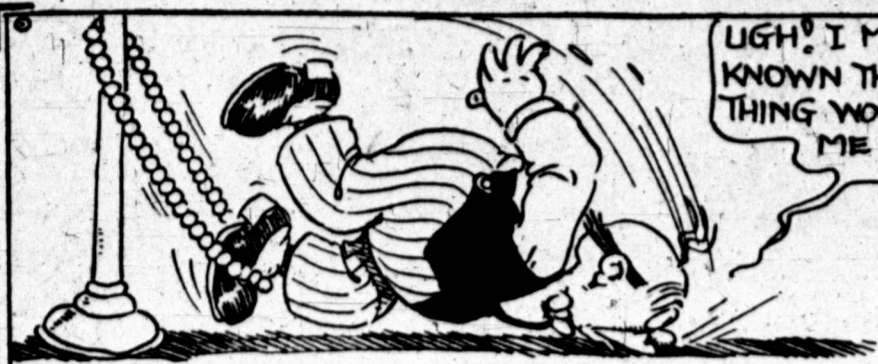

No matter where you live, there is a satisfied user near you, enjoying the comforts, conveniences and labor-saving features of DELCO-LIGHT. Over 125,000 plants in daily usage are your assurance of the continued satisfactory and economical service of all DELCO-LIGHT models. There is a size DELCO-LIGHT to meet your needs.

Write, phone or call for detailed information
