

HARDING DISCUSSES ECONOMIC SITUATION AND IS OPTIMISTIC

SAYS AMERICA WILL FACE THE PROBLEM COURAGEOUSLY AND WIN OUT.

ADDRESS DELIVERED AT NEW ORLEANS THURSDAY

Hundred Per Cent Production and Minimized Waste Will Accomplish Result.

By RAYMOND CLAPPER, United Press Staff Correspondent, NEW ORLEANS, La., Nov. 18.—Though reverses and discouragements may lie ahead, America will face them courageously and will win out, President-elect Warren G. Harding said discussing the economic situation before the chamber of commerce here today.

He warned that now burdens may have to be born, extravagance re-nounced, and the old lessons of thrift learned anew.

"With 100 per cent production and minimized waste," he continued, "we may affect reconstruction on a sure footing."

Sure to Be Reversed.

There is no reason for pessimism or despair. The senator sounded a note of confidence in America's future, although warning of the flood and ebb of good fortune.

"Ascribing much of the present situation to the war's aftermath, Senator Harding said that inevitably there will be readjustment.

"There are sure to be reverses, there will be endless discouragements, but a confident America will face them all with good courage," he said. "And we will win. We may slow up a bit now and then, but we may have to hunt back to new burdens, surely we are going to be called upon nationally, collectively, and individually to renounce extravagance and learn anew the lessons of thrift and providence. It will add to our power and emphasis once more."

Harding warned that patent monopolies and miracles of statesmanship cannot be counted on.

Speaking here at the gateway of Latin-America, he pointed to the need for friendly relations with all nations of the western hemisphere.

Special Field of Influence.

"Somehow I feel that the western hemisphere is our special field of influence and trade," Harding said. "Our trade routes by sea ought to be as dependable as our routes by land at home, and there ought to be significant and reassuring comity and concord among Americans, south, central and north. Bind our friendship up with the ties of trade and we shall make it indissoluble."

Harding also addressed an overflow meeting and later boarded the United Fruit steamer Laramie for his Panama cruise.

"I believe the American people have come to realize that we must face momentous problems—world problems, but more particularly our own problems—and must face them with resolute courage and practical wisdom and patriotic determination," he said.

"There must be no reason for pause, no excuse for despair, nor place for pessimism."

Stability Must Come.

"There must come stability and dependability, we must put aside the debris of war and continue to build on solid foundations. We can not escape all the consequences of fevered war or the unsettled conditions of its aftermath.

"The big thing for all America to realize now and always is the dignity of productive labor. No matter how humble, the producers are the makers of the essential of civilization."

"There are certain fundamentals which are everlasting. Neither our own nor the world's salvation is to be worked out through any patent nostrum, through any miracle of statesmanship, through any government panacea. Government is but the agency to administer the collective, organized public service, the greater task is that of the American people themselves. It is for them, under government leadership to meet the great responsibility."

Wonderful Opportunity.

"Ours are millions of broad acres, eager to respond to man's cultivating touch; we have an empire in millions more which are awaiting reclamation;

we have not half revealed our mines nor measured our water power. We are unmatched in genius and unexcelled in industry.

"Our great assurance at home lies in a verile, intelligent, resolute people, in a land unravaged by war, at enmity with no people, envying none, coveting nothing, seeking no territory, striving for no glories which do not become a righteous nation."

"This republic can not, will not fail, if each of us but does his part, if we but work, and use thriftily, and seek that understanding which reveals mutual interests, no difficulties can long abide. We can't hope for war activities and excesses, and pre-war costs.

"There has been wild contemplation of earnings—whether in wages or dividends—in terms of dollars rather than in terms of purchasing power. We must be more concerned with the substance in reward of activity than in its coin measurement. And our concern must be in a dependable prosperity which is rationally shared. The tide of good fortune ever will flood and ebb, which is God's own way of teaching us the changing tides, and great misadventure to ride exultant at the flood, and expect contentment to recede alone.

"No law can alter nature or change her varying moods. We haven't yet learned to combat destructive weather, and the law of supply and demand is eternal. But we may soften their rigors and mitigate their penalties. We want good fortune a common possession in America. We want the cotton grower of the south to have his growing reward with the wool grower and the wheat farmer of the north. We want your ports to send their cargoes under the American flag to bear the messages of peace and good will to all the parts of the earth. There is no sectionalism in righteous American ambitions."

SEVERAL THOUSAND PEOPLE GREET PRESIDENT-ELECT

BATON ROUGE, La., Nov. 18.—Several thousand persons greeted President-elect Harding when his special train arrived here at 8:30 this morning en route to New Orleans. Senator Harding made a brief address, thanking the people for their interest and asking their co-operation in the task that lay before him. He was introduced by Governor Parker of Louisiana.

Before reaching Baton Rouge the train stopped at North Baton Rouge, the site of the plant of the Standard Oil refinery. Mr. and Mrs. Harding shook hands with a number of refinery workers who were there to greet him.

INDIANS URGE THAT MEMBER OF RACE BE MADE COMMISSIONER

ST. LOUIS, Nov. 18.—Resolutions urging the appointment of a member of their race as commissioner of Indian affairs and advocating increased educational facilities for Indians, who are slated for the government, were prepared for introduction at the ninth annual conference of the Society of American Indians here today.

Delegates asserted that as long as the Indians are under the supervision of the government, their interests would be served best by having one of their own people in charge of the office of Indian affairs, explaining he would be better acquainted with their needs.

Proponents of the movement said if it received the endorsement of the society, the subject would be brought to the attention of the incoming administration. The society, however, will not recommend any candidate for commissioner, they emphasized.

The resolution on education urged either that Carlisle Institute be reopened or that another school furnishing equal facilities be established.

Thomas G. Bishop of Washington, D. C., secretary-treasurer of the society, in speaking in behalf of the measure, declared that the closing of schools had seriously hampered the education of the Indians.

The annual election of officers for the organization is scheduled late this afternoon. The conference will end Saturday.

FIRE AT LOCKHART DOES LARGE AMOUNT DAMAGE

LOCKHART, TEXAS, Nov. 18.—Fire destroying the Sears kneepad factory and a seed house containing several tons of cotton seed and twenty-five bales caused \$25,000 damage here late yesterday.

FAILURE TO RATIFY TREATY BLAMED FOR PRESENT CONDITIONS

SUDDEN BREAK IN HIGH PRICES ALSO CONTRIBUTED TO SITUATION.

LARGE MANUFACTURERS IN MEASURE RESPONSIBLE

Congressman Parrish Discusses Issues in Speech Delivered At Vernon Wednesday Night.

Special to The Times.

VERNON, TEXAS, Nov. 18.—Finances of the nation and, in fact, all business interests are the most important questions of the day, declared Lucian W. Parrish, congressman from the 13th congressional district, in an address here yesterday afternoon. The two greatest contributing factors in the general situation today are the failure of the United States to ratify the peace treaty in order to combine with the other nations of the world, and the break in high prices with a rather sudden return to a normal level. These questions do not stand a bright chance for immediate solution at the present, said Mr. Parrish, due to the hopelessly small democratic representation in congress and the apparent intention of the republicans to aggravate these "times still more."

The causes that have kept the treaty from being ratified are the same that have brought prices down and kept cotton so low, according to the congressman. But now, he said, American capital is going over the Canadian line and transacting its deal to avoid the excessive discrepancy of exchange involved when deals are made in this country with prices in other lands. He pointed out, business in this country is under a big handicap. For a time domestic demand served to offset the slackening of trade from the foreign nations, but this has since dwindled considerably. Until America works out an efficient system of exchange, said Mr. Parrish, it will have to deny a great part of the trade which would otherwise come here.

Manufacturers Blamed.

Unsettled conditions today were blamed in a large measure by the congressman on the action of manufacturers earlier in the year in producing that prices would not come down. Merchants were induced to buy at the old level, and then the bottom suddenly dropped out. This immediately caused a general method of raising revenue were attacked by Mr. Parrish. The excess profits tax especially, he said, is responsible for high prices and business conditions. A tax on sales, too, he said, means lower prices on what is grown and higher on what is bought for the farmer. The proposed sales tax, he said, is a tax that the federal reserve act will be amended to affect its usefulness.

Universal military training and miscellaneous immigration were severely criticized by the representative.

WHY OIL WILL NOT DECREASE IN PRICE

KANSAS CITY, Nov. 18.—In 1910 there were 400,000 automobiles in the United States. The average gasoline production per car per year was 1,875 gallons.

In 1919 there were 4,000,000 automobiles in the United States. The average gasoline production per car per year was 750 gallons.

The above, according to the Standard Oil company of Indiana, shows but two gallons of gasoline per day per car. The above figures do not take into consideration the fact that a large quantity of American oils are exported, thus decreasing the average gasoline production which is actually consumed by automobiles in this country and that used for other purposes.

An argument advanced that the price of American high grade crudes will not be maintained in that Mexican crudes are being imported into this country in quantity. The Mexican crude oil now coming in does not contain any free gasoline as it is a though coal being imported. It is simply a fuel proposition. Again, this Mexican crude is competing with the Pennsylvania coal fields and not with the oil and gasoline industry.

If any fears are entertained that Mexican crudes would seriously affect the American crude oil market, such fears would be quickly dispelled by those who know the recent history of the Chimanpa oil fields which produced the largest oil wells in Mexico, most of the wells producing as much as 100,000 barrels of oil per day for the past 10 years. This is the pool so often referred to by those mentioning Mexico's big gushers in lot 114 where the Trans-Continental, Agulita, Haulitea, Empire, Island Oil and Transport and the Mexican Gulf and others had large production, amounting to almost a million barrels of oil per day. Now this pool is producing water, having only very recently gone into water and the famous big pool is a thing of the past. There is nothing on the horizon at this time to indicate any lower prices in crude.

Beats Gasoline at 15 Cents a Gallon

New Invention Makes Ford Run 34 Miles on Gallon of Gasoline and Start Easy in Coldest Weather. Other Cars Show Proportional Savings.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 1122 Madison St., Dayton, Ohio. This new carburetor does not only increase the power of all motors from 30 per cent to 50 per cent, but enables every one to run now on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can run on one-third to one-half the amount of fuel and get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 day trial to every car owner. As it can be put on any motor, it is a few minutes by any one, all readers who want to try it should send their name, address and make of car to the manufacturers—once. They also want local agents to whom they offer exceptionally large profits. Write them today—adv.

Is Your Porch in Good Condition?

S-W Porch and Deck Paint gives an extremely tough film, made to withstand this severe use, and all conditions of weather. Your porch will need painting to withstand the winter. But when you paint don't make a mistake. Ordinary paint isn't tough and elastic enough. So we have Sherwin-Williams Porch and Deck Paint—a specialty made for this purpose, made different from paints for sidings.

S-W Inside Floor Paint
Quick drying, attractive colors, withstands heavy walking, wear of furniture, scrubbing, etc. Protects new, soft wood and gives old, unsightly floors a fine, sanitary surface easy to keep clean.

S-W Stovepipe Enamel
Makes old rusty-looking stove pipe and stoves look brand new. Easy to apply, does not blister, smoke or smell, prevents rusting and saves many costly replacements in piping and stoves.

FIVE PRODUCERS IN NORTHWEST DISTRICT DURING PAST WEEK

ELECTRA DISTRICT ALSO HAS GOOD WELL AT 940 SAND.

TWO ABANDONMENTS IN THE WICHITA TERRITORY

Gulf Production Co. No. 3 Collet in Electra Field Guages 140 Barrels For 24-Hour Test.

The Gulf Production Co. No. 3 Collet in the Electra district, which was brought in last week, was put on a 24-hour gauge yesterday for the first time and reported as making 125 barrels. The well is producing from the 1400 foot sand.

Five producing wells reported in the northwest extension for the week and one duster was brought in. The Howard Weber Oil Co. abandoned its No. 6 Brannon at a depth of 1825 feet and was the only abandonment reported for the week. A 50 barrel producer was brought in by the W. O. W. Oil Corporation at the No. 7 Morgan at a depth of about 1570 feet. Wells making about 25 barrels were reported by the Kansas & Gulf Co. at the No. 14 and No. 17 Schmissour and the Panhandle Refining Co. at the No. 9 Morgan. The first two came in around the 1800 foot sand, while the last was brought in from the 1570 foot mark. The Kansas & Gulf Co. also brought in a 20 barrel well at the No. 10 Brannon at a depth of about 1700 feet.

Abandonments in the townlets not previously reported are the Gold Bond Oil Co.'s No. 1 Fray, 800 feet, and the Fandy Oil Co.'s No. 1 Bentley, 1425 feet. Locations were abandoned by the Texas Co. at the No. 13 and No. 14 Ruyte.

In the Wichita Falls district Donovan et al. abandoned the No. 1 Miller at a depth of 1735 feet, and the Underwood Drilling Co. abandoned the No. 1 Tillerman at 1300 feet.

The only completion announced for the Electra district was the 140 barrel producer brought in at the No. 6 Burnett by the Planet Petroleum Co. at a depth of about 940 feet.

FORMER ACTRESS IS ROBBED OF JEWELS TO VALUE OF \$400,000

NEW YORK, Nov. 18.—Police and private detectives today were puzzled by the reported \$400,000 jewel robbery at the home of Mrs. Charlotte King Palmer, former actress, in her home just off Fifth avenue.

The story told to the police was as follows: Mrs. Palmer attended a dinner party in Monmouth, N. J., Monday evening with Mrs. Sidney Drew, film actress. About 9:00 o'clock the maid and butler, the only servants in the Palmer house, were seized and bound by robbers.

When Mrs. Palmer returned shortly after midnight she was attacked by the men. They bound and gagged her. They took a \$200,000 pearl necklace and some sable furs, together with other jewels and valuables.

Shortly after daylight the butler managed to free himself. He then released Mrs. Palmer and the maid, after which the police were called.

Avoid the rush—bring your Christmas pictures for framing to Decorators Co., 715 Ninth street. 137-301c

RAID IN THE FLATS WEDNESDAY EVENING NETS TEN VAGRANTS

The first police raid recently in the flats which resulted in many arrests was made Wednesday afternoon by members of the local detective department. Ten women were caught and taken to the city hall where charges of vagrancy were booked against them. A local law firm furnished bond for the entire lot and they were released until time for trial, which will be called the latter part of the week.

Since the intensive campaign to clean up the flats was launched last summer the police department has kept a wary eye on the district. Numerous raids have been staged, but with the exception of one or two minor cases nothing was found which would warrant arrests being made and in the cases where inmates of the flats were brought to trial no conviction have been obtained by the city because of lack of evidence.

THREE SUSPECTS ARRESTED FOR SHOOTING BROWN

The police are still searching for the supposed "drunk" who fired the shot Wednesday night which struck and slightly wounded A. B. Brown, proprietor of a grocery store in the 100 block Ohio avenue.

Three suspects who were arrested by city detectives shortly after the shooting took place are still in the city jail and are being held for investigation by Chief Huff. The police are doubtful as to the guilt of these men.

According to Brown's story to the police he and two companions were standing in front of the Jumbo restaurant on Mill street late Wednesday evening when an unknown man came out of the restaurant and after waiting past them a short distance turned and fired a revolver. One bullet passed through Brown's left leg, causing painful but superficial wounds. Another shot went through the trousers of H. G. Stewart, a companion of Brown's, but did not touch him. Police officials believe that the unknown assailant was under the influence of liquor.

TWO GROCERY STORES ARE ENTERED BY PETTY THIEVES

Two grocery store robberies which netted the thieves little more than a good feast of bananas and candy were reported to the police Wednesday night. Officials believe that boys were responsible for both of the crimes.

The first store entered was that known as the Broadway grocery which is situated across the river in Scott's addition. A rear door was forced open and a quantity of cookies, candy, tobacco and chewing gum taken. Two dollars worth of pennies were also reported as having been stolen at this place. A search of the neighborhood by officers failed to reveal any trace of the thieves.

A second call for the police department came from the Parker store located north of the Wichita river bridge. Serious havoc had been made on a bunch of bananas at this place as was evidenced by the profusion of peelings found lying in the road at the front of the store. The thieves were evidently content with gorging themselves on the fruit, as but little else of value was taken.

Officers who investigated the robberies are of the opinion that a crowd of juveniles perpetrated both of the crimes.

SHRINERS IS ANXIOUS FOR RETURN OF BOCKETBOOK
J. S. Foreman of Fort Worth, one of the visiting Shriners here Wednesday, lost a very handsome pocketbook which he prizes most highly for the reason it was a gift at the time he became a member of the Shriners. The book is monogrammed with the Shrine, 33 degree and Elk orders, and contains besides a considerable sum of money, Mr. Foreman's identification cards in the above orders and also in Kiwanis club, and his Huckins hotel card. He asks that the finder keep whatever money may be in the pocketbook for his trouble and return the book and cards to him, mailing to box 528, Fort Worth.

OPERATIONS SHOWING A SEASONAL DECLINE

Marked Decrease in Activity in All Producing Fields As Winter Approaches.

Marked decrease in activity in all producing fields of the United States concurrent with, although not yet responsible for lesser production, now signals the approach of the inactive season for operators, says the National Petroleum News of Wednesday. In Oklahoma new work has fallen off about 20 per cent from the volume obtaining several weeks ago; production of the past week likewise showed a drop. The daily output at the close of the trade week was about 4,000 barrels less than the average of the previous week and it is believed the peak has been reached for this year at last.

In the far west—Wyoming and Montana—the winter season is fairly on and little activity can be looked for from there. Texas and Kentucky, naturally, will be the to experience the seasonal inactivity, but the former was without incident the past week, while the latter, due to the dis-appointing output of the Beckenridge counties, is not being attacked with the zeal that prevailed during summer months. Drilling operations in Mexico, in both the Veracruz and Tlaxcala, have been considerably retarded by heavy rains.

Holding Down Beckenridge Operations
Possible output of the Beckenridge Stephens county, Texas, pool has decreased about 10,000 barrels daily from the high mark of 125,000 barrels and in this decrease the result is seen in delaying the completion of wells in the congested area. Operators co-operating with purchasing agencies are attempting to hold down the daily output to meet pipe line capacity and, generally speaking, the present output is being handled to storage and through the 35,000-barrel daily capacity of the line.

Texas operations were featured during the trade week by a 6,000-barrel well in southern Stephens county, an old producer which responded to a shot for that figure.

Marked Decline at Hewitt.
The Hewitt field, in Custer county, Oklahoma, developed after the decline at Purk Burnett had set in, shows a loss of production from a month ago that, considered in its relation to the rest of the Oklahoma output, is significant in delaying the completion of wells in the congested area. Operators co-operating with purchasing agencies are attempting to hold down the daily output to meet pipe line capacity and, generally speaking, the present output is being handled to storage and through the 35,000-barrel daily capacity of the line.

Eastern completions for the past week were featured by Clinton sand producers in southeastern Ohio, there being, however, nothing that can be construed as an important extension to any districts. As in the past few months, the Berea grit territory in Medina county is returning more completely than any other district, recent wells indicating an important extension to the northeast.

SECRETARY DANIELS WILL CONTINUE WAR ON HAZING

WASHINGTON, Nov. 18.—With the dismissal of a second midshipman from the Annapolis naval academy, Secretary Daniels today declared his intention of continuing the war against hazing until the practice is thoroughly stamped out.

The dismissal of the second student was announced following a conference between Daniels and Admiral Scates, superintendent of the academy. Daniels would not say whether others are to be dismissed soon but it is known that the actions of many midshipmen under investigation and that Daniels and Scates have determined to adhere to their policy of dismissals as soon as two acts of hazing are established.

Whether congress will conduct an investigation of the hazing is uncertain. If the matter comes up, it probably will be in connection with the naval appropriation bill rather than by formal investigation, it is believed here.

PETITION PROSECUTION OF SUGAR REFINING COMPANIES EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's—adv.

KINKY HAIR MADE STRAIGHT

Soft, fluffy, silky, long, glistening by using **HEROLIN** Pomade Hair Dressing. It is not gummy or sticky. Highly perfumed. Herolin feeds the scalp and hair, helping nature grow your hair long and beautiful. Stops dandruff and itching scalp. Use before and after shampooing.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's a Simple Recipe That Anybody Can Apply With a Hair Brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But blowing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy—adv.

REMEMBER ACTORS AND ANIMALS IN HIS WILL

NEW YORK, Nov. 18.—Bequests of \$200,000 to the Actors' fund of America, and \$100,000 to the American Society for the Prevention of Cruelty to Animals are contained in the will filed here for probate, of General Ruch C. Hawkins, commander of Hawkins' Zouaves during the Civil War. General Hawkins died here recently.

The residue of the estate, after deducting bequests of \$25,000 to the Lon-

don Provincial Anti-Vivisection Organization, \$10,000 to the Florence Critchton League and smaller sums to various individuals, is left to the Norwich University at Northfield, Vermont.

Artistic picture framing, The Decorators Co., 715 Ninth street. 137-301c

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

"Biggest Hearted People in State Are in Wichita Falls," Says Albany Home Secretary Who Is Here Raising \$10,000

STRICTLY ENTRE NOUS. I may, thoughtless, cast away. Or willful, dare to mar. As I go dancing on the broad highway My eyes upon a star—

"Some of the biggest hearted people in the state are here in Wichita Falls," Mrs. Willie Addison, field secretary of the Reynolds' Presbyterian Orphanage at Albany, said Thursday to a Times reporter.

A list of the contributors to the \$10,000 fund as it now stands follows, with a number of the "best friends" of the institution yet to be seen. Mrs. Addington, whose home is 3514 Gillespie street, Dallas, Texas, is at the Johns apartments, and stated that she would be glad to talk the home over with anyone so desiring. J. W. Culbertson has been assisting her with the subscription list work, and could also give information concerning the home.

MOTHER GOOSE BAZAAR AT SAM HOUSTON SCHOOL FRIDAY

A Mother Goose Bazaar and entertainment is to be given at the Sam Houston school tomorrow (Friday) afternoon, commencing at 3 o'clock. Every patron of the school is cordially invited, and luncheon will be served from 4 until 10 o'clock, consisting of sandwiches, baked beans, potato salad, and coffee, cake and chocolate.

MRS. W. W. ANDERSON ENTERTAINS FOR VISITOR WEDNESDAY AT 7:30

Mrs. W. W. Anderson poured tea very informally Wednesday afternoon in honor of her sister, Mrs. R. L. Spaulding of Abilene. About a score of friends spent the afternoon in handwork and "visiting," and enjoyed a dainty refreshment course of sandwiches and salad at 5:30 o'clock, with tea. Mrs. Anderson was assisted in entertaining by Mrs. E. B. Shepherd, and the following were present: Mesdames C. C. Cabiness, O. L. Powers, J. W. Ferguson, T. B. Noble, Frank L. Shackelford, A. B. Wolfson, T. A. Garrett, N. O. Monroe, C. W. Reid, A. R. Bleakley, E. B. Bailey, R. E. Shepherd, C. J. Hunter, C. H. Evans, A. R. Issner and J. K. Kepley.

MISS MAXINE FERGUSON HOSTESS IN CELEBRATION OF BIRTHDAY

Little Miss Maxine Ferguson was hostess to about a dozen little friends Thursday afternoon at the home of her parents, Mr. and Mrs. J. W. Ferguson, with a very pretty birthday party in celebration of her fifth anniversary. The little tota/enjoyed games and contests, with the feature of the afternoon a marshmallow roast, and refreshments of fruit salad and chocolate. The following were children present included: Elizabeth and Helen Powers, Martha and George Theodoropolis, Minnie and Leone Thom, Eugene Hardin, Florence Freaton Cabiness and Maxine Ferguson.

FLORAL HEIGHTS WESLEY GIRLS MEET FRIDAY AFTERNOON, 3:30

The Floral Heights Wesley Girls will meet Friday afternoon at 3:30 in the Episcopal church at the home of Mrs. P. E. Trevaiban, 1307 Taylor street. All members are asked to be present, as plans for the year are being discussed. The year's program is to be completed.

SUNDAY SCHOOL AND Y. P. A. MEMBERS HAVE PARTY TONIGHT

The Sunday school and Young People's association members of the Evangelical church are invited to a social Thursday night, November 18, at the home of Mr. and Mrs. Myers, 118 Janolick street.

KNIGHTS OF MACCAREES TO HOLD BUSINESS AND SOCIAL MEETING

The Knights of the Maccarees will hold a business and social meeting at their hall in the Labor Temple Friday night at 8:00 o'clock. The meeting will be in the form of a luncheon and smoker. All members are asked to be present.

AMUSEMENTS

SPLENDID VAUDEVILLE BILL AT WICHITA THIS WEEK

From the rise of the curtain at the Wichita theater Wednesday evening until its fall at the close of the bill, the vaudeville patrons were treated with the best two hours entertainment they have seen this year. From start to finish the five acts evoked storms of applause from a crowd that was thoroughly appreciative of the excellent amusement that was offered for its benefit.

WHERE PLEASURE REIGNS EMPRESS OH MAD AMBITION, WHERE DOST THOU LEAD? TODAY ONLY TODAY ONLY CORINNE GRIFFITH THE BROADWAY BUBBLE THE STORY OF A WOMAN'S MAD QUEST OF FAME

Friends are folks who keep one straightened out. We all get kinks in us some times, and some of us get more kinks than others do. Some of the kinks need to be lifted out with a brick, and some of them need to be encouraged out. Without going any further into the matter, we want to whisper into the secret ear of the G. H. M. of the Denton Record-Chronicle, State Press of the Denton News, Hialeah Herald of the Denton Herald and Uncle Judd Mortimer Lewis of the Houston Chronicle, that we would match them against the "big hearted" past-master in the latter process.

F. S.—That "reprinted" under the name means that yesterday afternoon we had a brainstorm and discontinued the column, and that this morning when we changed our mind, with no time to prepare copy, we had to use some previously printed in another paper. It doesn't mean it's somebody else's!

WESLEY GIRLS CLASS MEETING AT MRS. W. W. SILK'S FRIDAY

The Wesley Girls of the First church will hold a class meeting at the home of Mrs. W. W. Silk, 1700 Tenth street, Friday, November 19, at 2:30 p. m.

Miss Emma Haynes is visiting in the family of Mr. and Mrs. B. D. Fulton in Little Rock, Ark.

Mrs. L. Perham, who has been quite ill at her home, 1810 Tenth street, is reported better Thursday morning.

Thanks to Ware's Baby Powder, My Baby Boy—Is Fine and Sturdy

This famous medicine brought Quick and Lasting Relief in bad case of Bowel Trouble. On May 25th, 1920, Mrs. E. Howard of Mauder, Texas, writes: "My little boy was a year old when his bowels got bad. We tried everything we had ever heard of, with no result, until I found Ware's Baby Powder. We gave it to him according to directions, and he began to change in every way for the better. Thanks to the powder, he is a fine, sturdy boy of three years. I am now giving it to my 7-month-old girl with the same good results."

Ware's Baby Powder is just as successful in cases of teething, summer complaint and stomach trouble. Given to babies in liquid form, mixed with sugar and water, they love to take it. Perfectly harmless. At all druggists. 60c and \$1.20 the package. THE WARE CHEMICAL CO., Dallas.

WESTERN UNION TELEGRAM

A39DA 44 N L 1920 NOV 17 A M 5:26

PG NEW YORK, N. Y.
ANDERSON'S WICHITA FALLS, TEXAS.

YOUR TELEGRAM RECEIVED, HAVE BEEN ABLE TO SHIP YOU WONDERFUL BARGAINS IN LADIES' SUITS, COATS AND DRESSES; ALSO MEN'S AND BOYS' SUITS AND OVERCOATS, AS WELL AS NEW MERCHANDISE FOR ALL DEPARTMENTS AT SACRIFICE PRICES. PLACE THESE ITEMS ON SALE JUST AS SOON AS THEY ARRIVE.

W. W. ANDERSON.

The Above Telegram Is Self-Explanatory

Mr. Anderson has been in New York ten days, personally selecting merchandise of the better kind—the kind of quality merchandise that has made this store famous as "WICHITA FALLS' QUALITY STORE"

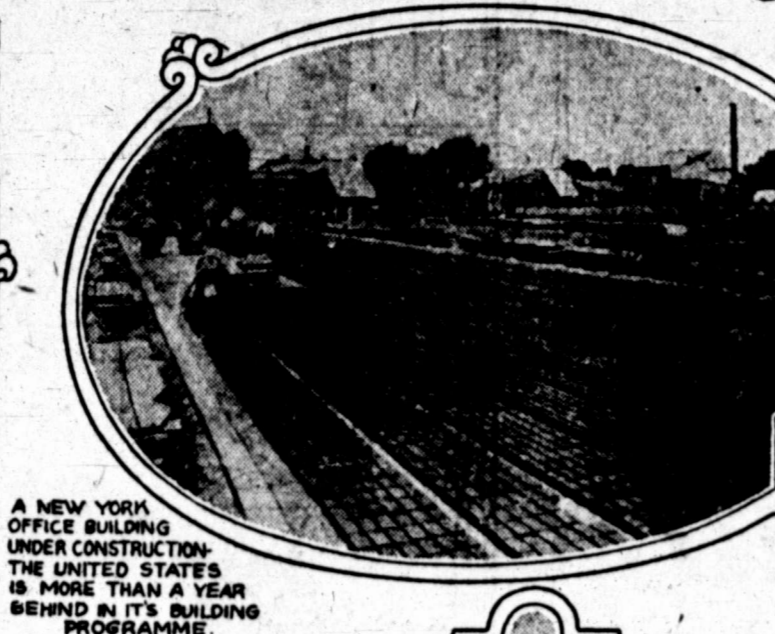

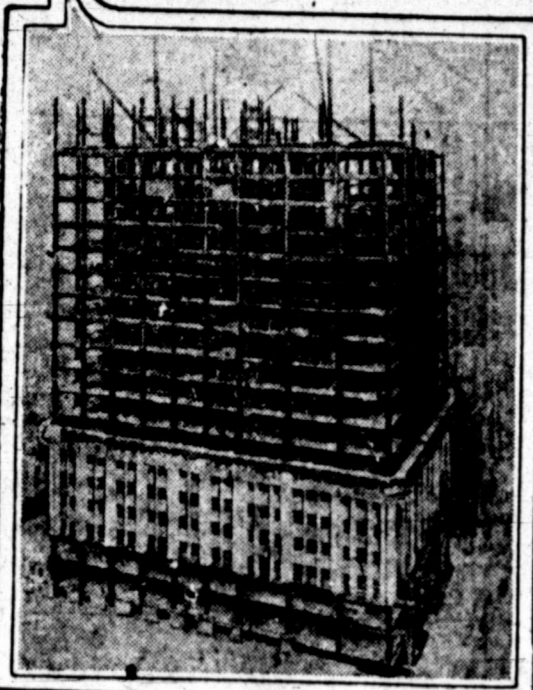

IT'S A GOOD STORE TO TIE TO

A store with a great outlet for quality merchandise that this store enjoys. A store that is in a position to have a personal buyer, in addition to our New York resident buyer, on the ground at this opportune time. A time when many manufacturers and jobbers are forced to throw quality merchandise on the market at sacrifice prices to meet the demand for ready cash.

We are clearing stocks—making ready for the avalanche of new goods that will soon be pouring in.

Transportation Key To Building Problem

A NEW YORK OFFICE BUILDING UNDER CONSTRUCTION. THE UNITED STATES IS MORE THAN A YEAR BEHIND IN ITS BUILDING PROGRAMME.

VIEW OF A BIG BRICK YARD—THERE IS NO LIMIT TO THE SUPPLY OF MATERIAL FOR BRICKLAYING.

LOADING ROCK FOR CEMENT WORKS—CONSTRUCTION IS UNLIMITED.

A MAINE GRANITE QUARRY—THERE IS AN INEXHAUSTIBLE SUPPLY OF BUILDING STONE IN THE COUNTRY.

RAFTING LOGS ON A WESTERN RIVER—OUR LUMBER RESOURCES ARE STILL VAST.

By FRANCIS H. SIBSON, Vice-President of Guaranty Trust Co. of New York.

ONE of the most serious of after-war problems for all of the former belligerent nations is that of providing homes for their people and buildings for their offices, stores and factories. Practically all building operations, excepting those for war purposes, were suspended during hostilities. The United States, like every other former belligerent, is far behind in its building operations. Although the supply of basic raw materials in this country is sufficient to support the most ambitious building program here, the high cost of both labor and materials and the inadequacy of transportation facilities prevent the use of a large part of these materials. This condition is the most serious factor in retarding the work of meeting the acute demand for homes and industrial structures throughout the country. In the absence of complete statistics

of building for the entire country the figures reported by the United States Geological Survey for about 150 cities in all sections of the country may be regarded as fairly representative data. Its statistics do not include construction for military purposes, for which no permit was required. Such con-

struction can only in part serve non-military purposes. Since the statistics do not show the number of new houses, but only the value of the permits, it is proper to make allowance for changes in prices in estimating the accumulated shortage of housing, as is evidenced by the permits.

Estimates for the whole country, based on the survey of these cities, show that the accumulated shortage in building during the last three years is about one and one-third the normal building for one year in the pre-war period. Building fell off 40 per cent

shortage, in terms of the number of houses, has been made. The United States Forest Service estimates that the country lacks 450,000 houses. Other estimates range as high as 800,000 and even 1,000,000 houses. The wide variation in size and cost of houses makes it difficult to define any standard house as a unit of measurement. The value of the permits affords a more satisfactory measurement of the building shortage. As already indicated, the raw materials for building—timber, clay, cement, iron, etc.—are available in abundance. Unlike the yield of agricultural products, the supply of these materials may promptly be enlarged whenever demand calls for it. It remains to consider whether the labor and plant capacity are sufficient to make these materials immediately available. In the lumber industry it is estimated that there is an excess plant capacity of 50 per cent, with a like excess capacity in the brick, stone and cement industries, while the steel mills could easily expand their output of structural steel through a curtailment of other products. Although there is not an unlimited amount of labor for building operations, the unskilled workers, and even the number of skill-

ed workers, could be greatly increased if the demand for buildings should call for them. The current demand for materials, as reflected in permits for new buildings, indicates, when allowance is made for increased costs, a lower than normal rate of production. The first four months of 1920 showed approximately normal activity, but there was a significant decline in May. Hesitation in the industry is general. The statistics from 105 cities show that the permits for the month of May ordinarily are about double those for January. Yet in all save the Pacific and New England districts there was a smaller volume of permits in May of this year than in January, and in the two districts where there was not a decline the increase was relatively small. While the general tardiness of building operations is in large part due to hesitation to undertake new building at current costs and to the difficulties of financing such undertakings, it may be questioned whether such hesitation is chiefly responsible for the marked decline in May as compared with April of this year. It appears that the transportation situation is the primary source of the decline. There is no general expectation that by postponing new building for a few months marked savings may be realized through future declines in prices. Even should the long-desired definite recession in prices develop there is much ground for the belief that for some time to come building costs will show at best only slight decline, apart from temporary fluctuations. As for the influence of credit stringency upon building operations, other phases of business are also affected, most of which, show no such marked decline in activity as does the building industry. In some localities there is a general dearth of available building materials. In some localities one or another material may be found in sufficient quantities for the immediate needs of the building in hand, but other equally essential materials are lacking, and in consequence operations are as effectively suspended as if all supplies were lacking. Brick, for example, is available where there is no cement. On the other hand, certain lumber mills are idle because they are not able to move their product. It seems that the urgency of the need for new building would warrant a system of freight priorities which would serve to increase activity in this essential industry. The problem of priorities is, of course, a very complex one. With so many essential businesses in need of every assistance, not one of them can be favored directly by freight preference or indirectly by embargoes without at the same time handicapping some other enterprise. But if any claim for special treatment is warranted under the present conditions, apparently building materials are well toward the head of the list of commodities for which such claims may rightly be made.

NEWS FROM THE COURTS

FRANK DODSON OUT ON SUPERSEDAS BOND

Frank Dodson, who is out on supersedas bond pending the decision of the criminal court of appeals on his case in which a jury in the 78th district court sentenced him to four years confinement in the state penitentiary, made bond Wednesday afternoon to the amount of \$2,500 on this charge of perjury as returned by indictment by the special grand jury. Following the trial of H. F. Faggard, in which Dodson was called to the stand as a witness for the state, County Attorney John Davenport swore out a complaint against him charging perjury. He was placed under bond of \$150 in the justice of the peace court. Before dismissal Tuesday, the grand jury returned a true bill against him, Judge P. A. Martin set his bond at \$2,500. It is alleged that he perjured himself while under oath either before the justice of the peace or in the examining trial on the morning following the raising of the gambling house at Kemp City or on the witness stand in the 78th district court at the time of the trial of Faggard.

JUDGMENT FOR \$900 IN FAVOR OF PLAINTIFF

Awarding a judgment of \$900, a jury in the county court of law Wednesday afternoon returned a verdict in favor of the plaintiff in the case of R. J. Schuyler vs. Contractors Oil Co., Burk Main Pool Oil Co. and John P. Hogan. It was alleged by the plaintiff that Mr. Hogan, as agent for the Burk Main Pool Oil company, hired the plaintiff's foreman who was in charge of nine teams of horses of the plaintiff to move some oil tanks. It developed in the trial that the foreman complied with the orders and moved the tanks alleged to have been pointed out to him by Mr. Hogan. The first party of the defendant, however, caused the arrest of the plaintiff's foreman on the grounds that he had stolen some tanks which were their property, they alleged. It was stated that the foreman was placed in the county jail and remained there for a period of five days. The plaintiff based his claim for damages on the fact that the plaintiff's teams of horses were idle for a period of five days and that the loss so encountered amounted \$15 a day for each team.

FINED \$100 AND COSTS ON CHARGE OF CARRYING PISTOL

F. D. Conway was fined \$100 and costs in the county court of law Thursday morning for carrying a pistol. It is alleged that while in a drunken condition Wednesday night he fired a shot which accidentally struck J. C. Brown, a passerby.

NEGRO WOMAN BEING TRIED ON CHARGE OF MURDER

Malinda Higgs, negroess, is on trial in the 17th district court for the murder of Homer McClain, another negro. The trial was begun Thursday morning. By noon the jury had been chosen and during the afternoon evidence was being submitted. It is alleged that the defendant shot Homer McClain with a pistol on July 17, 1920. It was further alleged that the shooting followed an argument in which a man was involved. The trial was being attended by quite a number of the negro population of the city. County Attorney John Davenport and Assistant District Attorney Sam Holliday were prosecuting the case. Attorney Martin was the counsel for the defense.

CHARLES WEST BRINGS SUIT FOR \$300,000 COMMISSION

Charles West, has brought suit in the United States federal court for judgment in the sum of \$300,000 and names as defendants in his suit the Middle States Oil Corporation, No. 77 Oil company, Dominion Oil company, and the Settled Production company. The plaintiff alleges in his petition that he was employed on a commission basis to purchase land for these oil companies and that an accounting should be made relative to the price paid for the property. He alleges that he is due \$290,000.

HUCKINS FAMILY REUNION AT KEMP HOTEL TODAY

The four Huckins brothers, Joseph Huckins and Marquard Huckins, managers of the Huckins hotel of Oklahoma City; Paul Huckins, manager of the Huckins house of Texarkana, and L. W. Huckins, manager of the Westbrook hotel at Fort Worth, their sister, Mrs. Horace M. Carpenter of Shreveport, Louisiana, and Mrs. Joseph Huckins of Oklahoma City, arrived in Wichita Falls today for a business conference and family reunion at their new hotel property, "The Kemp."

The party will remain several days, inspecting the new hotel and arranging their business. England pays more than 200,000,000 a year for its tobacco. Postal service is cheaper in Japan than in any other country.

TRADE DEVELOPMENT DINNER IS SCHEDULED FOR DECEMBER 4TH

The evening of Saturday, December 4, has been definitely determined as the date of the trade development dinner to be given by the chamber of commerce at the Kemp hotel. Invitations will be sent to 150 persons, including the heads of 25 wholesale jobbing and manufacturing houses here; 25 members of the chamber of commerce; 25 members of the chamber of commerce, including officers, directors and members of the trade development committee; the presidents of chambers of commerce in 25 cities lying in this trade territory; and 100 traveling salesmen who make this city their headquarters. K. H. Martin, president of the local chamber, will preside as toastmaster. Among the local speakers will be Mayor W. D. Cline; B. F. Johnson, chairman of the business council; J. Kemp, Frank Kell and Hubert Harrison. Speeches also will be made by Porter A. Whaley, general manager of the West Texas chamber of commerce, and by a number of other visiting guests. The proposed exhibit of goods manufactured in Wichita Falls has been called off. In view of the difficulty in obtaining a building large enough to stage such an exhibition properly.

HONOR PASTOR AND WIFE WITH HANDSOME SILVER SET

The young people of the Senior Y. P. U. of the First Baptist church made a very handsome present to the pastor and his wife, Rev. and Mrs. W. C. Ashford, when they presented them with a 12-piece silver set Wednesday evening during an old-fashioned "round party." The round party was a surprise, the young people of the Union going to the Ashford home in a body. The evening was begun with a lively serenade on the front porch, after which numerous interesting packages were found to contain refreshments for the crowd. A contest was held in which a potato given each person present, with a knife to carve the "likeness of some one present," in which Arca Dawson was declared to be the prize winner. During the evening the silver set was presented, Mr. Dawson informally and sincerely expressing the appreciation of the young people's union for the splendid co-operation of the pastor and his wife in their work and social activities. Later, Misses Florence McNeill and Maggie Covington, Eunice Jackson, Elsie Lee, Dolly Hull, Angie Frazier, Janie Lee George, Susie Hill, Mabel Robertson, Minnie Covington, Ruth Morgan, Anna Morris, Ednel Covington and Zethel McNeill, and Messrs. H. C. Ryle, Arch Dawson, Charles Covington, R. Johnson, R. E. Covington, Norman Lee Richardson, Broncaubio and Silas G. Merritt and Mrs. H. A. Covington. The evening was closed with a lively song by the young people, and a prayer for the Union, its work and its members by Rev. Ashford.

HARDING WILL BE UNABLE TO STOP AT MEXICAN PORT

NEW ORLEANS, Nov. 18.—President-elect Harding will not stop at a Mexican port on his voyage to the Canal zone as he had been urged to do by Mexican officials. No official announcement on the subject was made by Mr. Harding or those who arrived here with him today to take ship for Cristobal, but it is understood that he found it impossible to arrange for a call at any point on the Mexican coast without seriously disrupting the schedule of the shipping company. The president-elect and his party will sail late today on the Cristobal steamer, Jarambola, already one day late in order to suit the plans of the distinguished passenger. A call at Vera Cruz or any other Mexican port would involve the loss of three days, and Mr. Harding is understood to feel that such a change in schedule would be a serious inconvenience to the liner's regular passengers.

SOON TO COMPLETE ONE BLOCK OF CITY WHITE WAY

The street lighting committee, according to an announcement today by J. W. Chatham, assistant secretary of the chamber of commerce, will complete and put in operation within a short time one city block in the ornamental street lighting system. Although it will be some time before the entire system will be completed, the committee has decided to illuminate one block as soon as possible in order that property owners in the business area may see what the "white way" means when the entire system is in operation. The work of getting one block ready for "rehearsal" will be finished as soon as the lamp sockets and wires arrive from Dallas. The work expected here by the end of this week.

LACK OF UNIFORMITY IN RENDITION VALUES DEPLORED

HOUSTON, Nov. 18.—Election of officers and adoption of resolutions deploring the lack of uniformity in rendition values between many counties and calling on the legislature to remedy the situation, today closed the fifteenth annual convention of the Tax Assessors' association of Texas. The resolutions recommend creation of a state board of equalization or a tax commission, having powers of a court, to adjust any inequalities of valuations "and see that the state derives its just revenue from the different counties." Officers elected include R. D. King, Jim Wells county, president. Fort Worth was selected for next year's convention city.

PRESIDENT-ELECT O'BREGON SELECTS HIS "POINT ISABEL"

SAN ANTONIO, TEXAS, Nov. 18.—President-elect Obregon of Mexico has selected a "Point Isabel" for a rest before his inauguration. It was learned here today. He will spend a few days the latter part of this month at Orizaba, state of Vera Cruz, it was said.

SAYS GOVERNMENT IS SLOW SETTLING WITH THE SHIPPING BOARD

NEW YORK, Nov. 18.—Out of a total of \$208,242,725, in United States shipping board claims against the army, only \$26,000,000 had been collected on account up to last September, Martin J. Gillen, special assistant to John Barton Payne, former chairman of the shipping board, testified before the congressional committee investigating board affairs here today. Brigadier General Frank T. Hines, former director of transportation for the army, seemed to take "special delight" in blocking efforts to collect shipping board money from the war department, Mr. Gillen said. The total claims given by Mr. Gillen were as of May 21 last, he said. In November, 1919, the board's claim against the army amounted to \$200,000,000 and is cost the board more than \$300,000 to audit it, he added. Mr. Gillen declared that there was "very little trouble with the navy." The army claims arose through supplying ships for army use, the army paying to pay for converting but not for chartering them, Mr. Gillen explained.

STOCK DIVIDEND OF TEN PER CENT BY THE TEXAS OIL COMPANY

HOUSTON, TEXAS, Nov. 18.—Texas company stockholders cut an oil dividend today, voting a ten per cent stock dividend, bringing its capitalization to \$142,000,000. The stockholders rejected all officers and directors, and changed its annual stockholders meeting from November to March. Ninety-one directors and stockholders attended the meeting. During the oil week this party has toured the oil fields of Texas, Louisiana and Oklahoma in private cars.

NEW CLUE DEVELOPS IN HUNT FOR DENNIS CHESTER

BROKEN BOW, NEB., Nov. 18.—A new clue developed over night today in the hunt for Dennis Chester, escaped desperado. A man answering the description of Chester was seen last night near Alliance, according to Detective John Farrell. A brakeman says Farrell the tip which has resulted today, voting a ten per cent stock dividend. Two Burlington employees said in the moonlight they saw the man run and hide behind a fence until the train passed.

THREE NEGROES ARE KILLED AS RESULT OF MURDER OF PLANTER

DOUGLAS, GA., Nov. 18.—Two negro men and a negro woman, alleged to have been implicated in the killing yesterday afternoon of Peary Harper, a planter of this county, were shot to death early today by a mob of more than 150 men who overpowered Sheriff Tanner and two deputies who were attempting to get the negroes to Fitzgerald for safekeeping. Mrs. Wylie Robertson, who was operated on in the Baptist sanitarium at Dallas recently, is reported improving daily. Mrs. Robertson will be in the sanitarium 10 days or two weeks longer, it is expected. The tonner oatmeal is cooked the more digestible it becomes.

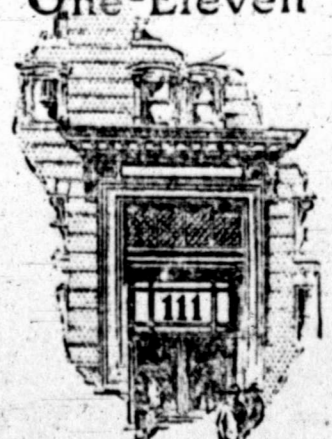

TWO PEOPLE KILLED AND MANY HURT IN BUILDING COLLAPSE

INDIANAPOLIS, IND., Nov. 18.—Two men were killed and many were seriously hurt when the steel structure work of the new Emmerich Manual Training high school here collapsed today. Four of twelve injured workmen were believed nearly dead. Several workmen were caught under the falling brick and concrete partitions and the brick walls which were pulled down with the steel framework. The accident was caused by the falling of a large wooden derrick on the second floor. One of the dead men was Ira Talbot, of Will county, Illinois. The other man had not been identified. Mrs. Bert Dean, who was operated on several days ago, is reported doing very nicely today.

CARPENTIER THINKS DEMPSEY IS GREAT BUT NOT UNBEATABLE

Has Great Respect For Champion's Ability, But Will Meet Him Full Of Confidence.

PARIS, Nov. 13.—Georges Carpentier, heavyweight champion of Europe, returned from America richer by 1,000,000 francs and with a great respect for the fighting ability of Jack Dempsey, world title holder.

Carpentier, who was never boastful, even before leaving France, when he had not yet seen Dempsey, said on his return that Dempsey was considered in America to be a "superfighter," but that he would meet him with as much confidence as he did the British fighter, Wells and Beckett, whom he knocked out.

Praise for Champion.
"The newspapers," said Carpentier, "reported Dempsey as saying he would lead me to the slaughter like an ox. I don't believe I have met Dempsey, who is really a very amiable gentleman. I even had one match with him, which I won—but that was at golf. Dempsey's kind thought in sending me a wireless message when off Nantucket, wishing us Godspeed, was very gentlemanly."

The baneful remark attributed to Carpentier's manager, Descamps, at the Jersey City ball park, that Carpentier would lose the champion in making Carpentier's forfeit deposit in scrip of the new French loan, which will be placed in J. P. Morgan company's bank this week bearing a percent interest.

Carpentier was received like a conquering hero, an ocean going tug meeting the liner France 25 miles out from Havre.

Carpentier showed only a trace of bitterness when he referred to the outcry of "take it easy" which the American press concerning his bout with Levinzky and the blessing and jeers to which he was subjected while acting as second to Charles Lewis in the French bantamweight, in the latter's bout in Madison Square garden in New York.

He seemed greatly amused at Descamps' reference to the "sinister" "sports" in evening clothes and bedecked with diamonds in Jersey City, who kept exhorting Levinzky to "kill the frog."

WANT "PRAYING COLONELS" ON THE PACIFIC COAST

SAN FRANCISCO, Nov. 13.—Efforts to bring the Centre college football team to the coast for a post-season football game will be made by Lieutenant Commander J. J. Cavenny, an athletic officer of the Pacific fleet.

The fleet football team contains several old time Annapolis stars. It has cleaned everything it went after on the coast, but full schedules have prevented meeting the stronger coast college teams.

Cavenny stated he has \$5,000 to finance a game with.

DE ORO STAYS UP WITH LEADERS IN TOURNAMENT

CHICAGO, Nov. 13.—Joe Cabron, veteran billiardist, broke his losing streak here last night by defeating Hugh Heald of Toronto, 59 to 49 in seventy innings.

Alfred De Oro of New York continued with the leaders in the world's three cushion championship by beating Charles O'Leary of New York. John Layton of St. Louis had little difficulty beating Charles Morin.

VERNON ELEVEN TO MEET ALTUS HIGH SATURDAY

VERNON, TEXAS, Nov. 13.—Vernon high school's football team will play Altus high school here Saturday. The Oklahoma lad is reported to have been defeated only once this season. The locals are displaying much better form in practice this week than that shown in the game against Childress last Saturday.

WIFE SAYS PITCHER VAUGHN HEADS "CAVEMAN" LEAGUE

Many Deals Expected As Soon As Managerless Clubs Get New Bosses.

Mrs. Edna Vaughn, wife of James Vaughn, star pitcher of the Chicago Cubs, who in her suit for separate maintenance, declared that her husband made much of by such cruel tactics that she was forced to flee.

Georgia Peach Tells What Helps Country Boy to Make Good

Ty Cobb got a tremendous reception at Los Angeles, even greater than that given him at San Francisco. He was a stick to your own game is my motto," said Ty, "and playing baseball is my game." Which doesn't mean, of course, that Ty won't take a thing in anything as an investment, but not as an active participant or partner.

Here is some Colbian philosophy, as a Los Angeles writer reproduced it, on the subject of small town boys getting on better than city boys:

"Take kids in the country; a boy grows around at night a lot. He always is thinking and scheming about how great he'll be.

"Country boys will go walking around, under the moon, maybe stuck on some girl and anxious to be a great man. There are no famous people about them to make it a common, every day affair.

"The city boy grows up surrounded by big people. The big man doesn't seem such a great thing to them. They get used to it, and take it as a matter of course.

"With a country boy, it's different. He has something which looks good to him, to strive for. He determines that he will be so successful that he won't have to come back to the old country town to make a living.

"When an ambitious country boy goes to the big town he is thrilled, but not satisfied by the great things and the big people he sees all about him. He is moved more than ever to succeed. He just has to make good so the home town won't have to support him in his old age.

"The first requirement for a young fellow who hopes to make good in baseball is to have a good chin. Then he must stick that chin out about two extra inches and keep it there every minute of the time he is on the ball field. In other words he must make up his mind to fight and then keep fighting."

BRITTON AND LUX IN CHAMPIONSHIP BOUT

KANSAS CITY, MO., Nov. 13.—Jack Britton, welterweight champion, will defend his title against Merry-Lux of this city in a 12-round bout tonight. Lux holds the Pacific coast welter title. Promoters predict a \$25,000 house.

HUNT'S LIGHTNING OIL

THREE MAJOR LEAGUE CLUBS STILL WITHOUT A LEADER FOR 1921

Many Deals Expected As Soon As Managerless Clubs Get New Bosses.

By HENRY L. FARRELL, United Press Staff Correspondent, NEW YORK, Nov. 13.—Wholesale swaps, deals and trades may be expected in the big league circuits as soon as three managerless clubs get a boss.

The Detroit Tigers, the St. Louis Browns and the Boston Braves have not announced their new management but it may come now any day since the war is over.

Clarence Rowland is considered Frank Navin's chief successor at Hugh Jennings, Leo Fohl, former head of the Cleveland Indians, is being talked of to take the job of Jimmy Burke in St. Louis, and Fred Mitchell, deposed leader of the Chicago Cubs, is considered as sure of George Stallings' place on the Braves bench.

Practically every team in the major league needs a plug in some kind of a hole. The Cleveland Indians are sadly in need of some kind of a shortstop and if the rule against spitballers is not rescinded, Specker will need a couple of pitchers. The Brooklyn National league champions would like to have a third baseman and a catcher or two.

Before Manager McGraw left for Cuba he said he needed a good second baseman, as Larry Doyle is definitely through, and also would like a good center fielder.

The Yanks are said to have bought Joey Dugan from the Athletics to take "Frank" place at second. Pipp is due for a change in some kind of a trade, and Babe Ruth probably will be tried at first with Meusel.

Comiskey needs practically a whole team in Chicago and some trading activity is bound to come as the magnates have agreed to give him help. The Cubs are not well broke. The Cubs are not well off.

WICHITA ELEVEN WILL HAVE STIFF OPPONENT IN ELECTRA SATURDAY

With the close of the season drawing near, the local high school football veterans are preparing to maintain the enviable record which they have thus far established on the gridiron. The next battle scheduled is with Electra and will be played in Electra Saturday afternoon.

Coach Cantwell has driven his squad all week in preparation for the coming game and has pronounced the men in excellent condition. Electra is considered one of the strongest eleven in the northern part of the state, having handed Vernon high a drubbing on two separate occasions. The latter school is the only one which has taken the measure of the locals this year and Wichita Falls admirers are anxious to see how their pet's stack up against an outfit which topped the Veranoites.

NEW YORK, Nov. 13.—Benny Leonard, lightweight champion, scored a technical knockout over Harlem Eddie Kelly in the fifth round of a scheduled 12-round contest at the Commonwealth Sporting club here tonight, the referee stopping the bout.

LEADING EASTERN ELEVEN AND COACH

The Penn State College first football team which has had wonderful season. Left to right, front row: McCollum, Baer, Hess, Bantz, Griffiths, Beck and Brown. Back field: Way, Snell, Haines and Killinger. Insert: Coach Hugo Besdek.

BILL KLEM THINKS THE SPITBALL WILL REMAIN

Bill Klem, one of the best umpires in the major leagues, does not believe the spitball will have passed out of existence when the baseball season starts next spring. Klem is of the opinion that the magnates will decide to allow the pitchers who used the moist delivery last season to continue to do so next year and for the remainder of their stay in the big show. Like the majority of fans, Umpire Klem—ways it would be unjust to prevent such slanders as Grimes of the Brooklyn, Douglas of the Giants, Coveloskie of the Indians, Doak of the Cardinals and others who depend upon the wet delivery for the greater part of their effectiveness from using the spitter.

"If the pitchers were allowed to use the spitball delivery last season were forced to resort to another style of delivery, I think the fans in major league cities would raise a protest. For instance, suppose Grimes of the Brooklyn and Coveloskie of the Cleveland team had to rely solely on curves and speed next year, would the fans in these towns be satisfied? Among the players there has never been any great objection to the use of the spitball. It is not a dangerous delivery. The ordinary ball and other, froak deliveries which have been done away with were really dangerous to hit against and the majority of batsmen in the big leagues were glad that they were allowed under the ban.

"If it is decided to put the spitter in the class with the barred deliveries the pitchers who will suffer by the rule will be robbed of their effectiveness and as a result they will probably be easy marks for the batters and the career of such will be shortened. While I think it ought fair to allow the spitballers now in the big leagues to use the delivery for the remainder of their stay in fast company, I do not believe that any more moist ball batters should be allowed to enter the big leagues and use the delivery. Let the delivery pass out of existence as those who use it drop out of the leagues."

PRESS REPRESENTATIVES GUESTS OF KEMP HOTEL AT DINNER AND DANCE

Thirty-eight members of the fourth estate, representing the editorial and business office staffs of the Daily Times and the Record-News, were guests of the management of the Kemp hotel last evening at an informal dinner and dance in the ball room of the new hostelry. An added feature of the evening was an inspection tour of the hotel basement, including trips through the culinary department, the refrigerator rooms and the huge boiler room.

Alfred D. Allen, general manager of the hotel, and H. J. Forrester, cafe manager, acted as hosts to the newspaper party. In his opening remarks Allen emphasized the fact that the Kemp hotel is a public institution, that it is the desire of the management that every person present should at all times consider it his own hotel—and then he kindly threw bouquets at his guests by referring to them as the "first body of newspaper men and women in the state." Quite naturally, this was not denied by anyone present.

Forrester was extremely apologetic regarding the dinner service, despite the fact that both the dinner and the service were excellent. He sketched briefly some of the troubles he and Allen had experienced during the days of the post-battle infamy, and pronounced that all things connected with

the Kemp will improve steadily as the new employes become more accustomed to their duties.

C. S. Dulin, advertising manager of The Times, who acted as toastmaster, expressed the thanks of the newspaper men and women for the enjoyable evening, and brief talks also were made by C. F. Carter, Norris Frank, C. G. Manuel and Mrs. Kavanagh.

One of the very pleasant highlights of the evening consisted of some rapid-fire piano numbers by Paul Larkin, sporting editor of The Times, and a number of charming solos sung by Mrs. Larkin. And no less pleasant was an amusing monologue by Miss Marjorie Dulin denoting the emotions of a shop girl attending a movie featuring her screen hero.

Forrester was extremely apologetic regarding the dinner service, despite the fact that both the dinner and the service were excellent. He sketched briefly some of the troubles he and Allen had experienced during the days of the post-battle infamy, and pronounced that all things connected with

Keep Your Blood Pure Nature Will Do the Rest

Did you know that ninety percent of all human ailments depend upon the condition of your blood? Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Shorty runs into "Snapper" Teelbo!

Atlanta, Ga. Wednesday.

DEAR PETE.

Checked up our old dormitory pal "Snapper" Teelbo this morning waiting on an appointment down Backtree Street. "Snapper" wanted to know a bookfull about my visit to the Camel factories. "Tell us, old apple seed," says "Snapper," you're on the inside!" "Snapper" still has that mighty annoying way of saying "But that doesn't surprise me!" Some day I'll sock him—maybe that will be a surprise!

Anyhow—when I explained about the millions of Camels R. T. Reynolds Tobacco Co. made daily, what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from 'Uncle Sam' every work day to build a duplicate of the Winston-Salem post office! Why not? Smokers will love Camels!"

But "Snapper" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "write the Reynolds' folks for me that I travel and talk some with the world in a year's time. And I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume—" That's my brand, 'Camels are a wonderful cigarette', 'Like getting money from Rome', etc!"

And, Shorty, what's the answer? Why—Camels quality and Camels blend of choice Turkish and choice Domestic tobaccos meet the universal taste! That's it! Get me right, boy! They all open their shutters for Camels! You'll find that all over the nation! And, that's the hole story, old golf ball! Pete, you pet phonograph, did you ever hear a better record?

Sincerely
Shorty.

Camel CIGARETTES

Force Tonic
The Master Rebuilder
Brings More Years of Usefulness
Men whose occupations are confining; who are overburdened with business cares; who sense the wearing of their mental and physical powers; may forestall an early decline and add years of usefulness to their lives by the proper and consistent use of FORCE.

Women, likewise, who find social and household duties sapping their nervous energy and physical strength; robbing them of youth, beauty and pleasure in existence; discover in FORCE a worthy aid to renewed health and greater interest in life.

FORCE is sold by reliable druggists everywhere. Equally good for men, women and children.
"It Makes for Strength"

Boy Scout News

Harding With the Scouts. President-elect Harding has issued a statement in regard to the Boy Scout movement which has been sent to every executive in the country as being indicative of the real worth of the scout movement to the nation as large as well as to the boys who are enrolled as scouts.

Old Scouts to Report. Scout Executive Taylor is very anxious to get in touch with every man or boy who has been in the scout movement for the last five years. He is desirous of registering every man or boy in the city who has been connected with the movement as a veteran scout.

Scouts Sell War Stamps. Figures released from National Scout headquarters at New York show that over \$4,500,000 in war savings stamps were sold by the Boy Scouts of this country in the recent campaigns for the sale of these things.

To Preserve Paper. Local scout headquarters have been requested to aid in the national campaign for the conservation of waste paper and other material which may be used in the relieving of the paper shortage and the lowering of the price of this all important commodity.

Scouts Training School. The third meeting of the scoutmasters training school was held Tuesday with seven men, three of whom were new members in attendance.

Local scout headquarters have been requested to aid in the national campaign for the conservation of waste paper and other material which may be used in the relieving of the paper shortage and the lowering of the price of this all important commodity.
