

STAR Lives

by Bill Ellis

With all the news stories about Hippies and other types of "revolting" youth, we were leashed to run across a newspaper reference to something of a different nature, approaching "vandalism in reverse."

We've heard of a similar movement in other states, but were glad to see it developing close to home. The following quotes from editor Harold Hudson's column in The Perryton Herald explain the situation.

"A while back," writes Editor Hudson, "we noticed that the trash containers on Main street had been painted and new lettering put on, making quite an improvement in the look of things downtown. We told city engineer Ben Street about it, complimenting the city on this project, and he said it wasn't done by the city employees at all. In fact, nobody seems to know who did it."

"One night all of the trash cans disappeared and a couple of nights later they returned, freshly painted. Not only that, but there has been a mysterious series of good works being done around town. One Main street vacant lot was cleared of weeds the other night, and there have been instances of junk cleared off certain premises."

"We don't know quite what is going on here," Editor Hudson concludes, "but it appears that somebody, or a group of somebodies, is reversing the usual trend of night-time prowling which often results in vandalism, and is doing good deeds. At least we hope this is the case. We hear rumors that this is some sort of organization doing this kind of work, and if so, we hope they keep it up."

We would hope that such a trend could catch on in Friona. A similar happening recently was reported from a mid-western city, and was traced to a group of young people in a Methodist church.

Before we leave the recent election, in which the Texas Water Plan amendment was defeated by less than 6,000 votes, we thought editor H. M. Baggarly of Tulsa has some appropriate remarks in a recent column.

Here are his thoughts: "Failure of the water amendment by about 5,000 votes is one of the greatest tragedies ever to befall North, West and South Texas."

"The only thing we can be sure of is that three fourths of the state will be needing water before it gets it. The amendment can't even be presented again for two years... and there is nothing to indicate that it would have a greater chance of passing then unless the masses abandon their apathy towards going to the polls. Participation of from 25 to 50 percent of the qualified voters just won't get the job done."

"There are many who might be assessed the blame for this tragedy. We could charge East Texas with selfishness, with having no concern for the problems of other people. We could compare East Texas with a person who refuses to give a pint of blood to a dying child."

"Or we could lash out at Houston, the city which graciously accepts many of the billions of dollars we pay in taxes in order to send men to the moon, but which shows a lack of concern for those living outside her city limits by voting 5 to 1 to return West Texas to a desert."

"We could even give Amarillo Mayor Stroud and his John Birch kooks a kick in the teeth for perhaps persuading a few to vote against water. Had Amarillo cast as many votes as Lubbock, the issue would have more than passed."

"By going on television and opposing water, Mayor Stroud at least created enough doubt in some minds to keep them away from the polls."

"Tommy Thompson said that water did poorly in all the 'Ernie' boxes in Amarillo."

"But we don't have to go to East Texas, to Houston, or even to Amarillo to place the blame."

"Specifically we can blame the 6,550 residents of the 18th Congressional District who made a trip to the polls to vote against water... or we can blame 17,000 or more re-

Discount Center Planned For City

Hanna Malouf, owner of Malouf's Dry Goods store in Friona and Hereford, announced this week that he has purchased the former Friona Lanes Building, and plans to open a discount center in the building in the near future.

Malouf purchased the building

from John Bingham, Dean Bingham and Doyle Elliott. Friona Snack Bar will continue at the location, probably in expanded quarters, and Malouf hopes to secure another tenant for the building.

Name of the new business will be Friona Discount Center, and

Malouf indicates that he will add hardware, toys, etc., to his dry good line of merchandise.

"We plan to give the people of Friona some prices lower than they have ever seen. When we say 'discount' we mean discount prices on every item, and not

just on loss leaders," Malouf says.

Malouf has operated a store in Hereford for the past six years. He has operated his store in Friona at the corner of Sixth and Main for the past two years.

"We will have a store that the

people will be proud of. They will be able to shop right here in Friona for values, and not have to go to Hereford or elsewhere," he said.

Present plans are to knock out a portion of the south wall of the building and put in a 30-foot display window and a dou-

ble door. Malouf's store will be housed in a 75 X 100-foot portion of the building.

The cafe and another possible business will be housed in the remaining 50 X 75-foot space. Malouf expects to close his Hereford store and move to Friona when his new store is opened

here. He has been commuting to Friona since opening his local store.

He had no estimate as to when the discount center will be open, saying it depended upon availability of building contractors who will do the re-modeling work.

Enrollment Sets Record

Enrollment at Friona Schools set a first-day record of 1,365 on Monday, an increase of 88 students over the first day a year ago.

The healthy 6.5 per cent increase was noted mainly in the lower grades. Junior high reported the biggest gain, of 41 students. The sixth, seventh and eighth grades counted 473 students.

Primary and grade school enrollment climbed 38 over last year to 554 for the first grades. High school enrollment grew by nine to 338.

Enrollment usually climbs for about a week, and school officials still expect the total to approach the predicted 1450 students. Last year's enrollment stood at 1359 after the first week, but the figure was surpassed by the first day's enrollment this year.

Weaver Is Queen MC

The master of ceremonies for the 1969 Maize Queen contest, along with contest judges and a theme for the 1969 celebration were announced this week by Cecil Maddox and Baker Duggins, co-chairman of the celebration.

Ted Weaver, former Chamber of Commerce manager here, currently serving in that capacity at Slaton, will be the master of ceremonies at the contest.

Judges will be Mrs. Bill Clayton, Ted Hooper, Dumas Chamber of Commerce manager and Bill Thompson, Hereford Chamber of Commerce manager.

Theme for the 1969 celebration will be the "Maize King of the Planet Earth."

Mrs. Andy Hurst and Mrs. H.K. Kendrick reminded that Thursday is the final day for entering girls in the 1969 Queen Contest. As of Monday, 16 girls were entered in the contest.

Thursday Is Last Day to Enter Girls in Maize Queen Contest

WATCH FOR KIDS... With the starting of school, motorists are reminded to be on the alert at school crossings. W.O. Brown, who mans the crossing at Highway 60 and Euclid Avenue, is shown helping Gary Stone cross on the first day of school Monday.

PRIZE WINNER... Mrs. Helen Pena, left, was the winner in the first week's "Gifts Galore" promotion the past week, as she was present at Ben Franklin Store at 3 p.m. when the winning name was announced. Shown presenting Mrs. Pena her certificate for \$3.00 in merchandise from each store is Kenneth Williams, owner of the local Ben Franklin Store.

LOCAL INDUSTRY

MBP Stock Now Listed On ASE

Missouri Beef Packers, Inc., one of the nation's fastest growing beef packing companies, is now listed on the American Stock Exchange. The stock was assigned ticker symbol MBP.

Missouri Beef Packers, headquartered in Rock Port, Missouri, listed 1,242,000 shares of common stock, of which 1,134,045 is issued and outstanding. The company's securities previously had been traded over the counter.

In the three years it has been in business, Missouri Beef has become widely acknowledged as one of the most progressive companies in its industry. It presently operates two of the largest and most efficient beef slaughtering facilities in the world and has announced plans to open a major slaughtering, breaking and fabricating facility in Plainview, Texas, by October 1970. When this third plant is operational, combined processing capacity of the three

plants will be 1.4 million head a year.

For the 28 weeks ended May 10, 1969, Missouri Beef reported earnings of \$949,589, or 83 cents per share, on sales of \$112,055,375, compared with earnings of \$542,316, or 54 cents per share, on sales of \$46,678,038 for the 28 weeks ended May 11, 1968.

Corporate officials, including Melvin Rolf, chairman of the board; J.C. Walker, executive vice president; Harold Wichman, vice president and controller; and Charles Bacon, corporate counsel, represented the company at the American Exchange's listing ceremonies this morning.

After being greeted by AMEX officials, Mr. Rolf purchased the first 100 shares of MBP to be traded on the exchange. The group then toured exchange facilities and were guests at a luncheon with exchange executives.

Later in the afternoon, Mis-

souri Beef officials met with a group of security analysts at the City Midday Club in New York and outlined company prospects for the near and long range future.

A corporate spokesman told the meeting that while he could not predict estimated earnings for the fiscal year ending October 28 because of fluctuating market conditions, he said he "could live with previously published estimates of approximately \$1.50." Earnings per share for the last fiscal year were 87 cents.

One of the first beef processing companies to locate a plant in the midst of a major cattle feeding belt, Missouri Beef became operational as a company in February 1966 when it opened its Rock Port, Mo. plant. In the Spring of 1968, it opened the Friona, Texas plant, said to be the largest single-shift beef-processing plant anywhere in the world. Principal products are carcass beef, beef-by-products, and, more and more, fabricated beef (broken down into cryovac-packed cuts).

The company serves wholesalers, jobbers and grocery chains across the U.S. A&P and Safeway are among its major customers.

As of May, 1969, Missouri Beef employed approximately 550. When the Plainview plant becomes operational, some 350 persons will be added to the company work force. As of May 30, there were 3,002 holders of record of the company's common stock.

Ladies Golf Winners Told

Mrs. Cotton Renner won the Friona Country Club's ladies' member tournament recently.

Other winners included Mrs. Ancel Renner, first flight, and Mrs. Troy Ray, second flight. Mrs. Don Powell placed second in the first flight and Mrs. Baker Duggins was second in the second flight.

The tournament was held August 11-14, with a luncheon and awards given August 14 at the Country Club.

HELEN PENA

Winner Named In Give-Away Program

Mrs. Joe Pena of 718 West Seventh Street was the winner in the first week's "Gifts Galore" drawing last Saturday. Mrs. Pena was in Ben Franklin Store, one of the participating stores, at 3 p.m. Saturday, to win \$3.00 in merchandise from each of the participating merchants.

The second in the series of eight drawings will be held this Saturday. Shoppers may register at any of the 28 participating stores. All registration blanks were destroyed last Saturday, so this week's drawing will be all-new.

A merchant's name is drawn from among the participants each week and he draws the name of the week's winner. Thus, it behooves the shopper to register in as many of the participating stores as possible each week.

Chiefs Test Ranchers Here

The Friona Chiefs will face Boys Ranch in a scrimmage affair here Friday beginning at 7 p.m.

Coach Bob Owen said this week that the boys were looking "real good" in practice, but that he would know a lot more about them after Friday.

Senior back Ted Procter has been out with a sprained ankle, and sophomore Bobby Drake broke his arm in the first workout. They have been the main casualties.

Following the scrimmage, the Booster Club will meet, and select officers for 1969-70.

If the person is not present whose name is called, they will receive a consolation prize of \$25 in merchandise from a participating store.

No purchase is necessary to participate in the program. Shoppers may register as often as they visit the stores cooperating in the program.

Merchants participating in the program include Piggly Wiggly, Plains Hardware, Friona Consumers, S&R Fabrics, Ruthie's Ladies and Children's Wear, Friona Motors, Allen's

Jewelry, White Auto and Hurst Department Store.

Also, Bi-Wize Drug, Pioneer Gas, Johnson's Food Store, Haywood's Cut-n-Curl, Paniera Tire and Supply, Maurer Machinery, Gib's Cleaners, Tasty Cream and Foster's Dry Goods.

Also, Houser's Grocery, Modern Beauty Shop, Reeve Chevrolet, Rockwell Bros. Lumber, Ben Franklin, Crow's Slaughter House, American Automotive, Larry's Tire Co., and the Friona Star.

COOLS THINGS OFF

Healthy 1.32 Inches Falls During Week

After going more than a month without any appreciable moisture, Friona's official weather recording station has recorded 1.32 inches of rain in the past week, coming on five different dates.

Also, the temperature, which had hit 90 or more degrees for 42 consecutive days, dipped below the 90-degree mark two days during the week.

Sunday night, a nice shower of .59 inches was recorded at the city's weather station, to go with the .29 inches last Thursday evening, and .39 inches the previous Tuesday. It made another attempt at raining Monday night, but only .04 inches was logged.

But the rainfall was welcomed by maize farmers, who were having trouble keeping up with

their irrigation program.

Bookmobile Dates

On Thursday, stops are scheduled at Oklahoma Lane (9:50-10:50); Rhea (12 noon-1:30 p.m.) and Black (2:30-3:30 p.m.)

Friday, the Bookmobile stops at Hub (8:45-9:45); White's Elevator (10-11 a.m.); Lazbudie (12 noon-1 p.m.) and Clay's Corner (1:15-2:15).

Saturday--Friona City Park, 1-4 p.m.

TIME NEARING... Floyd Reeve is shown looking over a field of maize on his farm west of Friona. If the picture was in color, the darker heads would be showing up red, as the crop is beginning to ripen. It should not be long until elevators begin receiving the area's number one cash crop, which will give added meaning to the city's observance of Maize Days, September 8-13.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO--AUGUST 30, 1929
At a called meeting of the Chamber of Commerce several days ago, the subject of securing a competent waterworks system for Friona was discussed, and a committee was appointed to secure the necessary information for securing a system.

35 YEARS AGO--AUGUST 31, 1934
Applying a caliche surface to the Goodnight Trail leading from Canyon to Palo Duro State Park was resumed this week after a shut down. Enough money has been received by local office to carry on this work a short time. Unless additional funds are received, the work will again be discontinued.

30 YEARS AGO--SEPTEMBER 1, 1939
H. V. Hennen of Hereford, project manager for the Rural Electrification Administration, stated that the building of the REA through Farmer County was assured. Hennen stated that there will be 224 miles of electric lines built in Farmer County, the contract for 220 miles having already been let.

25 YEARS AGO--AUGUST 25, 1944
With all but one of the nine escaped Italian prisoners of war back in the prison camp at Hereford, officials today said they believed steps had been taken to prevent further breaks through the same source. Three of the escaped men were taken by Amarillo officers, three more in Friona after being out three days. All carried maps showing routes into Old Mexico.

20 YEARS AGO--AUGUST 26, 1949
Leo McLellan has recently been appointed as business manager of the Farmer County Community Hospital to succeed Mrs. Alice Moore, who recently resigned from that position. Mrs. Moore had been holding that position practically ever since the hospital had been opened.

15 YEARS AGO--AUGUST 26, 1954
Soaking rains and almost daily evening showers over the weekend through this week have benefitted all of Farmer County, with moisture amounts varying from three to five and one-half inches reported. Most of the rain has fallen gently. Heaviest fall has been recorded west toward the county line and in the Rhea community, where some gauges show over five inches.

10 YEARS AGO--AUGUST 27, 1959
The hiring of three teachers the past week completed the staff for the 1959-60 school term, which begins today. Hired were Mrs. Viola Treidler, for sixth grade; Mrs. Steve Havousett for first grade and Mrs. Otho Whitefield for second grade.

Parmer County Commissioners purchased a new Oldsmobile from Parmer County Implement Co. for the county sheriff's use.

5 YEARS AGO--AUGUST 27, 1964
Rev. Audye Wiley, first and only pastor for the Calvary Baptist Church in Friona, has resigned his position at the local church to accept a position with a church in Albuquerque, it was announced this week.

Work Begun On Drive For New Water Plan

State Representative Bill Clayton of Springlake has taken the first step pointing toward ultimate approval of an overall water plan for Texas, proposing a joint interim study committee to look into all phases of the Texas water situation.

Clayton makes the proposal in a resolution which would set up the committee comprised of three members from the Texas House of Representatives, three members from the Senate, and three members to be named by Governor Preston Smith. The committee would report its findings back to the 62nd State Legislature which convenes in Jan., 1971.

The committee stems from failure of Constitutional Amendment No. 2 at the polls on Aug. 5. The proposal, which would have provided the financing for implementation of the Texas Water Plan, was defeated by less than 6,000 votes.

The water plan, proposed by the Texas Water Development Board, would come under the scrutiny of the special interim committee, and, the committee would look into the ecological effects from implementation of the plan.

As proposed by Clayton, the committee would hold fact-finding hearings throughout the state, explaining the water plan and consider alternate proposals from legislators and from the public.

The resolution calls on the Texas Water Development Board, the Texas Water Quality Board and the Texas Water Rights Commission to cooperate with the committee to the end that a comprehensive picture of the Texas water situation can be obtained.

The committee's work could lead to another statewide vote on the Texas Water Plan or on a similar proposal.

gistered voters of the 18th Congressional District who just didn't care enough even to go to the polls and cast a vote! There were at least enough in this number who didn't oppose water for the future to swing the election the other way. No doubt many favored water. . . but . . . "they won't need my vote. . . my one little vote won't make much difference."

"It might be pointed out that had Lubbock increased its vote by just ten percent, it would have insured victory for the amendment statewide."

"Hale county has approximately 11,000 registered voters. Less than 3,000 voted, leaving 8,000 persons not voting. Those who did vote in Hale county approved water by nearly 85 percent. Had these 8,000 voted and the percentage held, it would have been enough to win the election statewide."

"Or, had all the registered voters in Swisher and two or three other comparable counties all voted, it would have passed on the state level."

"Even though only about half of Swisher's eligible voters went to the polls, that was better than the voters of some West Texas counties did. . . counties whose water problems are as grave as those of Swisher."

"While Swisher cast 1,367 votes for water, Deaf Smith cast only 1,203. . . only 1,203 residents of Deaf Smith are concerned that there will be no water for irrigation, to operate Hereford industry, or to provide municipal water for Hereford 25 years from now!"

FHS REGISTRATION. . . Jerry Shelton and Carla Mann are shown being assisted by high school principal John R. Cook as they registered and made out schedules on the first day of school Monday. A total of 338 high school students got through registration day smoothly according to Cook. There are only 172 more days to go.

AT BOVINA

County Representative For Deaf Smith Electric

Deaf Smith County Electric Cooperative has stationed a representative in Parmer County, and he is now living in Bovina.

Sam Garrison is the new county REC representative. He came to this area from Perryton, where he had worked for the past eight years with North Plains Electric Cooperative.

Headquarters for the electric cooperative, which serves most of the rural area in Parmer County, is Hereford.

"We believe that our service in Parmer County will now be greatly improved with Mr. Garrison living and working in that area. We want to encourage our users who need service to call him in Bovina, day or night," James Hull, manager of the cooperative, says.

Garrison may be contacted at

SAM GARRISON

238-2651. He purchased the former home of Mr. and Mrs. O. W. Rhinehart on the Dimmitt Road.

It marks the first time for a representative of Deaf Smith County Electric Cooperative to be stationed in the county.

Other recent activities of the local Red Cross chapter have included filling dirty bags for delivery to all Parmer County servicemen who are in Viet Nam at Christmas time.

Mrs. R. B. McKee, chairman of the service to military families committee, reports that these bags have been filled with shaving supplies, canned nuts, cigarette cases, white socks and an assortment of articles appropriate for Christmas gifts.

Red Cross Gives To Hurricane Relief Fund

The Parmer County chapter of the American Red Cross contributed \$146.00 to the Hurricane Camille Emergency Fund. It was announced by Steve Bavousett, chairman of the Parmer County chapter, and Lois Norwood, treasurer.

The contribution was made from the local Red Cross' regular budget, without having to conduct an emergency drive, it was pointed out. The Red Cross shares in the local United Fund drive.

Money raised in the drive was to be used for disaster relief operations on the Mississippi Gulf Coast, with an objective of raising \$6 million to aid disaster victims.

A tidal surge from the hurricane did extensive damage from Bay St. Louis to Passaoula, Miss. It was the most extensive hurricane damage on the Gulf Coast in recent years.

WHITE'S SUPERMARKET

On The Farm In Parmer County

RONNIE MCNUTT
County Agent

The following facts were reproduced from the magazine "Better Crops With Plant Food," No. 2-1969. These facts were based on USDA and U.S. Congressional Committee on Agricultural Reports.

"Everything's sky high at the supermarket. Boy, the farmers must be getting rich! They oughta... with the tax money they get NOT to grow crops."

Let your urban friends know...

The food costs rose less than most consumer items between 1947-49 and 1966—only 35% compared to 85% for medicare, 52% for rent.

That an hour of work in a factory bought more food in recent years than it did 20 or 30 years ago:

	1935	1945	1966
Round Steak	1.5 lbs.	2.5 lbs.	2.4 lbs.
Bacon	1.3 lbs.	2.5 lbs.	2.8 lbs.
Milk	4.6 qts.	6.5 qts.	9.7 qts.
Oranges	1.7 doz.	2.1 doz.	3.4 doz.
Bread	6.6 lbs.	11.5 lbs.	12.2 lbs.

That three factors affect our food budget: (1) Processing costs—such as canned, frozen concentrated, dehydrated, ready-mixed, ready-to-serve foods; (2) Transportation and packaging costs; (3) Non-food items on your check-out tape casually charged to food budget.

That the cost of marketing food soared more than 130% in less than 20 years—from \$22.6 billion in 1947 to \$21.1 billion in 1966.

That farmers have not been getting the benefit of higher food prices, as average wholesale farm prices decline before oversupplied wholesale markets.

That the farmer's share has recently been 2.8¢ from a 30¢ box of cornflakes... .5¢ from \$1 worth of choice beef... .3¢ to 4¢ from a 22¢ loaf of white bread... .23¢ from a man's \$4 cotton shirt... .25¢ from \$1 worth of pine in his woods.

That the farmer has the following income to live on (using 1966 average figures): about \$5,024 per farm net out of about \$13,100 gross... about \$1,730 per farm person indisposible personal income... about \$1.60 per hour for farm work compared to \$2.71 per hour for factory worker, \$2.39 for food market employee

That the world's most efficient food producer (the American Farmer) is squeezed between rising operating costs and declining wholesale farm produce prices—from an index of 106.4 in 1950 to 98.4 15 years later.

That agriculture is the nation's biggest industry, with better than \$273 billion assets... nearly 2/3 the value of all current U.S. corporate assets.

That farming involves 5.2 million workers—more than the combined work force in transportation, public utilities, steel, and automobile industries.

That 30% of private enterprises (3 out of every 10 jobs) is

Nominees Selected For ASCS Committee Voting

Nominees for community committeemen for the ASCS have been selected by the incumbent committee.

In addition to the names selected, the name of any person eligible to serve may be added to the slate of nominees by petition.

The balloting on the community committeemen will be by mail. Ballots will be mailed to all known eligible voters early in September. Marked ballots are to be returned to the ASCS office in time to be counted on September 17.

Those nominated include:
Community "A"—Ernest Anthony, Franklin Bauer, D. L. Carmichael, David Grimsley, Howard Hayes, W.S. Ingram, Curtis Murphree, Melvin Sachs, Raymond Schueler and Travis Stone.

Community "B"—W. M. (Sam) Bradley, Bill Brown, Orville Burnett, T. L. Gleason, Homer Lindeman, Joe Tarter and D. M. McGuire.
Community "C"—Leon Billingsley, Tom Caldwell, Troy Christian, James Ensor, Vernon Estes, Ted Magness, Gerald Norton, Norvell Strawn and Harold Travis.

TODAY'S NEWS AND TOP EVENTS ARE A COMPILATION BY FRONIA STAR AND BROADCAST STATION. THE NEWS IS A SERVICE TO OUR READERS AND LISTENERS. WE ARE PLEASED TO HAVE YOU WITH US EVERY DAY.

related to agriculture. For example, 8 million people store, process, and merchandise agricultural products, while 6 million provide the supplies farmers use.

That farmers pump \$45 billion a year into our economy—\$33 billion for goods and services just to produce their crops and livestock, \$12 billion for food, clothes, medicines, furniture, appliances, etc.

That farmers use about 1/3 the steel the auto industry does—some 5 million tons yearly in machinery, trucks, cars, fencing, building, etc.

That farmers use 28 to 30 billion kilo-watt-hours of electricity a year—more than Baltimore, Chicago, Boston, Detroit, Houston, and Washington, D.C. combined.

That farmers pay their share of public programs—\$1.7 BILLION in farm real estate taxes... \$300 million in personal property taxes... \$318 million in gasoline taxes... \$180 million in motor vehicle license fees... \$350 million in sales taxes... \$1.5 BILLION in federal and state income taxes... all in one year, 1966.

That American agriculture exports more farm products than any other country—\$6.9 billion worth from 78 of our 300 million harvested acres in one year.

That one farm worker can now produce enough food, fiber, and other farm commodities to supply himself and 38 other people.

That one hour of farm labor now produces over 6 times the food and crops it did in 1919-21.

That farmers get barely a quarter of USDA appropriation—about 27% in 1966—as the balance goes to programs serving everything from defense areas to food distribution and natural resource improvements.

Grain Producers Invited To Hear About Referendum

Parmer County grain sorghum producers are urged to attend a meeting Thursday, Sept. 4 to hear the upcoming grain sorghum referendum explained. The meeting will be held in the Bovina High School Auditorium. Meeting time is 8:00 p.m.

Dr. Bill Black, Extension Economist in Marketing and Policy, headquartered at Texas A&M University will be the speaker at the meeting.

Purpose of the referendum is to develop, carry out and participate in programs of research, disease and insect control, edu-

cation and promotion designed to encourage production, marketing and use of grain sorghum. The referendum calls for an assessment of five cents per ton to be collected at the point of first sale.

A two-thirds majority vote is required or a vote of approval by farmers producing at least 50 percent of all the grain in the 29 county area which is involved. The referendum will come before a vote in early October.

Cucumbers have two classes: slicing and pickling. For crisp pickles, use firm, small to medium cucumbers. Don't buy more than you can process at one session. Know the strength of vinegar you are using. A high grade cider or white distilled vinegar of 40 to 60 percent grain strength gives good results. Also, pure dairy or pickling salt should be used if possible, since fine table salt contains a little starch which clouds the liquid.

Use fresh, good quality spices—while unless it is otherwise directed. Stainless steel, glass or aluminum should be used to prevent giving the pickles an unattractive, dark color. Use firm but not plump cucumbers for slicing. They should be well-shaped with fresh looking green skins.

Teflon cookware should be reconditioned after a sudsy scrubbing with stiff sponge or plastic scrubber, after wash-

ing in dishwasher. You can recondition your cookware by rubbing the coated pan with cooking oil or unsalted fat.

In a year or two, credit cards may be found in supermarkets, if the present try-outs are successful.

Two major chains are experimenting with them now. Trials are to determine if shoppers prefer or like to use credit cards instead of cash in the supermarket, and if the consumer will pay his bill after the food has been taken home and consumed.

This plan may be convenient, but similar to most plans, an 18 percent interest charge is added to bills not paid within the month.

Colors are printed on cotton cloth much like printing on paper.

Party Honors Six Year Old

A birthday party in the home of Mr. and Mrs. Everett Gee Tuesday afternoon was a courtesy for Stacy Gee, who observed her sixth birthday on Sunday.

Following a game session directed by Mrs. Gee, refreshments of pink party punch and cookies were served. Favors were paddle balls and bubble gum.

Guests were Cara Joan Hand, Tommie Nelson, Kathleen Middleton, Guy Wilkins and Ashley Gee.

Others present included Mrs. Harrison Gee, mother of the honoree, Mrs. John Hand and Mrs. Floyd Wilkins.

Mary Reeve Is On Vacation

Mary Reeve, daughter of Mrs. F. L. Reeve, is vacationing in Mexico. She and a party of friends from Pampa, where Miss Reeve has been a teacher for a number of years, spent several days at Hotel De Cima, Mazatlan.

The group was en route from Mexico City and Acapulco to Los Machis and Chihuahua via El Treos by bus.

Bible Class Supper Held In Floyd Home

The home of Mr. and Mrs. Gerald Floyd, 1401 West Sixth, was the scene of an outdoor supper Sunday evening. Members of a young adult Bible class of Sixth Street Church were present.

Special guests were Mr. and Mrs. Bill Gipson and son, Bill.

Others present were the Jimmy Mabrys, Johnny Millers, Mickey Wilsons, Everett Gees, Larry Fairchild, Yale Canfields, Wayne Wallaces, Don Reeves and Burke Hands.

A game session concluded the evening's festivities.

Millers Attend

Funeral

Mr. and Mrs. Roy V. Miller Sr. and Mr. and Mrs. Ross Miller and children, Kent, Curt and Dana, attended funeral services for Walter Carroll Roysden, brother of Mrs. Roy Miller, Wednesday.

Roysden, who died Monday in the Veteran's Hospital in Albuquerque following a heart attack, was buried in the National Cemetery at Santa Fe.

Class Meeting

Held In Clovis

Following a meeting of Senior 1 girls of First Baptist Church at El Monterrey in Clovis Monday evening, a Mexican Food supper was served. Later the group attended a movie.

Those attending were Mrs. Johnny Mars, Vicki Beck, Georgia Hodges, Maxine Broyles, Debbie Carter and Diane Day.

Mr. and Mrs. Jim Greeson and daughters, Sandy and Rhonda, of Sublett, Kansas, were visitors in the homes of local relatives early this week. Mrs. Greeson is the former Gayle Knight.

The moisture which has been received in this area during the past few days is greatly appreciated. It seems that each summer local farmers have more difficulty getting water to growing crops on time. This is probably due to the increasing lowering of the water table.

A lot of the corn has already been made into ensilage; many maize fields are beginning to turn red and most of the cotton is blooming in the top. Soon it will all be over except the harvest. Cotton has been ginned as close to us as Lamesa and maize has been harvested near Slaton. When our South Plains neighbors start harvesting, we know it will soon be our turn.

Maize Days is just around the corner. Let's all start inviting friends, relatives and former residents to attend. To help insure the success of this project we can all volunteer our services wherever they are needed.

If you have a good idea for something new, make your suggestion to the proper committee. Merchants who haven't chosen a candidate to sponsor in the contest for Maize Queen need to do that real soon. Mrs. Andy Hurst will be happy to assist merchants in any way possible on this project.

It will be good to have Ted Weaver back with us during Maize Days. I visited with a Slaton merchant Saturday. He thought loaning Ted to us for a few days was a fine idea, but said, "We do not want you to keep him. He's doing a good job here and we don't want to lose him."

Ted was not at home when I called the Weaver residence, but I enjoyed visiting with Elva. She likes living in Slaton and plans to commute to Texas Tech University this fall. She will be a freshman and thinks going to school, keeping house and caring for the children will keep her busy, but is looking forward to the challenge.

The opening of school always brings new people to our town. If we want Friona to have the reputation of being a friendly town, we should make a special effort to make all new residents feel welcome.

It seems that each day brings us more suggestions on how to do this, that or the other. I recently picked up an article entitled "How To Live." It is supposed to be centuries old.

HOW TO LIVE

An old Chinese philosopher, when asked what he had found to be the greatest joy in life, said, "A child going down the road singing, after asking of me the way."

Would any one of the millions of hurrying Americans, being given an opportunity to direct a child, have noticed the child was going "down the road singing"?

In 1800 our forefathers could miss a stagecoach, and cheerfully wait several days for the next one. Today many of us let out a squawk if we miss a single division of a revolving door. The secret of happiness is the appreciation of the things we find too small to notice.

There are those who know how to live, who can get more enjoyment out of the little things along the way incident to a ten-cent bus ride than can others from a transcontinental sight-seeing tour. Let two men walk a mile down the same road to work each day, and one will complain endlessly of the chore; the other will watch the season's changes, the comings and goings of the birds, and the ever-varying cloud formation, and will soon have friendly acquaintance with those things along the way.

It is not what we do in life, but how we do it; it is not what is there to see, but how we react to what we see. Money, or the lack of it, will affect happiness but little. What we give to life will by life be given back to us.

When we look at the world in a broad, generous, friendly way, what wonderful people we find in it.

WEDDING DATE ANNOUNCED. . . Lt. Col and Mrs. Robert Leonard Nelson, San Antonio, have announced the engagement of their daughter, Mary Beatrice, to Dr. Charles Edward Watson, Austin, son of Mr. and Mrs. Albert C. Watson, Tucumcari, New Mexico, and grandson of the late T. J. Crawford, Friona pioneer. Miss Nelson, who is a graduate of St. Mary's University with a bachelor of science degree, holds a master of science degree from the University of Texas, Austin, and is a candidate for a Ph. D. in chemical physics. She is a member of the American Chemical Society, Sigma Pi Sigma and Iota Sigma Pi, scientific honorary societies. Dr. Watson, holds a bachelor of science degree from New Mexico State University and a Ph. D. in nuclear physics from Florida State University. He was a post-doctoral fellow at the University of Florida and is a member of American Physical Society, Sigma Pi Sigma and Sigma Xi, scientific societies. The couple plan to be married at St. Peter Prince of the Apostles Church, San Antonio, August 31.

Some animals go faster than one might think. The tortoise can go half a mile an hour, and a charging African elephant has been clocked at more than 24 miles per hour!

If you traveled around the equator 10 times, you would have gone about the same distance as if you flew from the roof of your house to the moon.

Bible Class Members Host Afternoon Tea

Members of the Tuesday afternoon Bible class of Sixth Street Church of Christ were hosts at a tea recently. The class members, who are first, second and third graders, presented the program.

Group singing was directed by Bill Gipson. Karen Stevick presented the welcome address; Terry Wilcox directed the invocation; Danny Hand read several verses of scripture and Tammy Fairchild presented a reading.

Special guests were Mrs. Pearl Brannon, Mrs. Lucy Welch, Mrs. W.G. Brown, Mrs. Elwyn Hartman, Mrs. Newman Jarrell, Mrs. Martha Bates, Mrs. Ray Scott, Mrs. J.M. Watson, Mrs. Cap Dennis, Mrs. Hardy May, Mrs. Herman Brown, Mrs. Ethel Adams, Mrs.

Ed Boggess and Mrs. Bill Gipson.

Refreshments of cookies and punch were served and each guest was presented a hand made book mark.

Class members present were Christy Cunningham, Tammy and Jeffery Fairchild, Ky Graham, Danny Hand, Tony Johnson, Tommie and Linda Nelson, Shannon Parr, Karen Stevick, Lynn Welch, Terry Wilcox, and Phillip and Tawnya Hand.

Others attending were Mrs. Larry Fairchild, Mrs. V. R. Wilcox, Pam and Kim, Mrs. Grady Nelson, Mrs. Burke Hand and Mrs. Ira Bruce Parr and Sharlene.

Book Review Highlights

WMU Meeting

Highlight of the Tuesday morning WMU of First Baptist Church Round Table meeting was a review of one chapter of "To Change The World," by Ross Coggins, by Mrs. Joe Talley.

Mrs. Talley presented an assessment of the churches and an overall look at churches of today to Mesdames C. W. Dixon, Charlie Turner, Joe Menefee, Spencer Hough, O. B. Moyer, Doyce Barnett, Bill Foll, Jim Johnston and Diane, Mrs. Johnny Mars and the hostess, Mrs. Curtis Murphree, in whose home the meeting was held.

Mrs. Murphree served refreshments of coffee, cold drinks and cookies during the fellowship hour which followed.

SCHOOL-MINDED—The culotte jumper is classroom-bound in a centuries-old fabric that's suddenly brand new-looking. It's cotton corduroy, gone ribbies this year for a smooth and velvety appearance. By Seaton Hall.

Welch Family Meets At Creste del Monte

Several members of the Welch family spent a few days last week at Creste del Monte, which is located near Cowles, New Mexico. Some improvements were made at the cabin during the family's stay.

Those making the trip were Mrs. Lucy Welch, Mr. and Mrs. Steve Struve and Sheila, Mr. and Mrs. Nelson Welch, Louis Welch, Holly and Lynn and John Carson, all of Friona, and Mr. and Mrs. Jack Miller and family of Lubbock.

The Frionans returned home Saturday.

Osborn Attends NTS Conference

Joel Osborn of Friona participated in the eighth pre-college conference ever held at North Texas State University on August 11-12.

Aimed at giving prospective freshman a preview of campus life, the two-day orientation period included counseling, testing, registration, recreation and tours of the campus. Some 130 of the 2,200 students who will enroll at NTSU as beginning freshman in September took part in the eighth phase of the 12-session program which began July 17 and will continue throughout the summer.

The group, which was housed in Clark Hall during the conference, represented 25 different Texas counties and Oklahoma, Arkansas and Missouri. Osborn is the son of Ernest Osborn of Friona.

Renner Wins City Tourney

John Renner, a former champion, won the Friona City Tournament last weekend, nosing out Dwight Whitaker and Johnny Barker by one stroke, 146-147. Whitaker also is a former winner.

The two runners-up had a sudden-death playoff for second place, with Barker winning on the second hole.

Ralph Roden was the first flight champion, with Jobey Claiborn second and T. A. Shirley third.

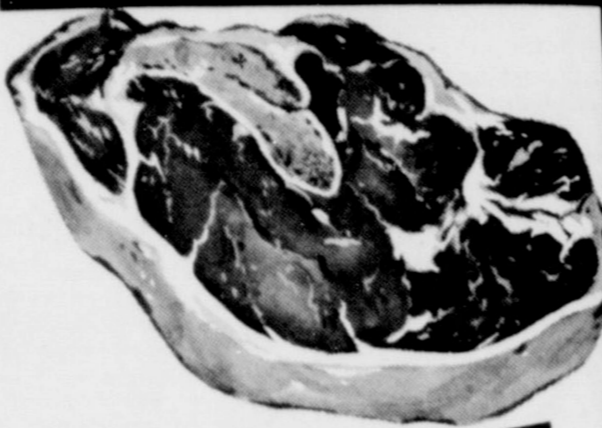

Gaylord Maurer and Don Davenport tied for first in the second flight.

Whether you live in the North or in the South you're likely to start a fire in the fireplace during winter. If so, when the fire is out, sweep the wood ashes into a container that can be stored in a dry, covered place. Wood ashes contain potash and therefore are a fertilizer, particularly effective for plants like carrots or beets that form thickened rootstocks. As a byproduct of a fire they cost you nothing.
