AMERICA HAS SAY REGARDING WORLD NAVAL SITUATION

THIS COUNTRY ALONE HAS FINANCIAL RESOURCES FOR EXPANSION. LIMITATION MOVEMENT IS SPREADING RAPIDLY

Considered By Many More Effective Weapon For Peace Than The League.

By J. W. T. MASON, Written for the United Press. NEW YORK, Dec. 31.—The movement for limitation of naval construction is spreading so fast throughout the world as to make it a more immediate effective instrument for world peace than the League of Nations.

America controls the world's naval situation. Whatever the United States chooses to do, it can do. It has the financial resources sufficient for an indefinite expansion of warship construction. The world's balance of power is being shifted to the United States. Reports reaching here are that Great Britain and Japan, on certain conditions, are ready to accept the project. Japan, according to information given to Harding during recent conferences, is prepared to accept a limitation of her navy on military and naval armament and would welcome a complete disarmament of the world.

There are now only three naval nations of major rank. They are the United States, Great Britain and Japan. The key to the problem of naval armament is the proportional future strength in warships which these nations shall possess.

The United States, with two vast oceans to protect, and Great Britain with the outlying parts of the British empire to safeguard, are entitled to a larger share of the world's naval armament than Japan. When American disarmament is completed, the strength of the American and British navies will be about equal.

SENATOR PENROSE KILLS PROSPECT FOR EMERGENCY TARIFF

BELIEVES TARIFF AND REVENUE SHOULD BE CAREFULLY CONSIDERED.

OBJECTION INCLUDES THE PROPOSED BONUS BILL

Declares Measure Intimately Linked With The Revenue Question Before Congress.

By T. C. MARTIN, United Press Staff Correspondent. WASHINGTON, Dec. 31.—Senator Penrose of Pennsylvania, chairman of the senate finance committee, today virtually killed all hope of emergency tariff legislation or a soldier bonus bill at the present session of congress.

As chairman of the senate finance committee, Penrose has made every effort to delay both tariff and bonus legislation and is in a position to delay both proposals.

Mr. Madden's figures indicated that this section pays 5 1/2 per cent of all taxes, with the south and west paying the balance, but now able to control the house.

It has never happened before that the territory paying the freight, ran the legislature, and the territory, favored some legislation for the service men which will be satisfactory to them at the same time not overtax the territory.

AVIATORS PLAN TO CROSS CONTINENT IN LESS THAN ONE DAY

WASHINGTON, Dec. 31.—Army aviators will make a double attempt to fly across the United States from Florida to California in a single day on Washington's birthday. February 22, it was announced today that the war department has selected two planes to make the trip. One plane piloted by Lieutenant Alexander Pearson will leave Jacksonville, Fla., for San Diego, California, and another plane, the pilot of which has not yet been chosen, will leave San Diego for Jacksonville. Both are expected to reach their destinations in less than 24 hours. The distance is 2,979 miles.

SUSTAINS AN INJUNCTION FOR COMMISSION MEN

Would Prevent Government From Revoking the License of Licensees of Increased Rates.

KANSAS CITY, MO., Dec. 31.—Federal Judge S. Van Valkenburg today sustained an injunction suit brought by livestock commission men of Kansas City to prevent the United States department of agriculture from revoking the license of the commission men because of an increase of rates they put into effect last July.

Under this decision more than \$200,000 which has been turned over to the United States district clerk here in extra rate charges probably will be returned to the commission men.

Voice of Caruso May Never Again Be Heard on Stage

NEW YORK, Dec. 31.—Fear was expressed here today that the "golden voice" of Enrico Caruso may never again be heard on the operatic stage.

Despite unofficial reports from his bedside that he was "better" following a second operation in connection with his serious illness with pneumonia, the feeling grows among his friends and admirers that the series of mishaps culminating in his present condition mark the beginning of a decline in the musical career of the most brilliant tenor the world has ever known.

Caruso himself ever an optimist, has not at any time conceded the possibility of his permanent retirement from the stage, according to reports from the sick room, and has constantly indicated the greatest cheerfulness despite his severe pain he has sometimes suffered.

An inadvertent admission by those close to the great tenor that his condition may be graver than generally supposed, is quickly followed by an official denial by his physicians. Those who entertain doubt of complete recovery of his vocal powers, however, point out that the doctors are always the last to admit publicly the gravity of a distinguished patient's condition.

WANTS A FEDERAL LOAN TO PURCHASE LOCOMOTIVE

WASHINGTON, Dec. 31.—The borrowed locomotive now used by the Fredericksburg and Northern railroad, a short line in Texas, is about all in the road to the interstate commerce commission today in making application for a federal loan of \$25,000 with which to purchase a "good second-hand" engine. Unless another locomotive is acquired by spring, the application said, the road will be forced to suspend.

ARMENIA BOUNDARY PLAN MADE PUBLIC

Outline Decision of President Wilson Submitted At Request of Allied Premiers.

WASHINGTON, Dec. 31.—President Wilson's decision on the Armenia boundary, filed at the request of the allied premiers and transmitted to the French foreign office some time ago, was made public here today.

The new frontier on the Turkish side, as drawn by the president, cuts

was deeply indented Turkish territory than the extreme limits prescribed by the premiers and leaves beyond the jurisdiction of the Armenians much territory which the premiers asked be included within the new boundaries. Roughly the boundary line as drawn by President Wilson extends from the Black Sea to a point slightly west of Tishob, west of Karkat, and Erzincan through Milikan, west of Mush and Hahis, and south of Lake Van to the frontier of Azerbaijan.

AMERICAN MERCHANT FLEET HAS BEEN LEAST AFFECTED

Shipping depression has affected American merchant shipping fleets less than those of other nations, according to shipping authorities. DENY ATTEMPT TO FORCE CONCESSIONS

German Government Protests Charge That Big Stick Was Flourished.

By CARL D. GROAT, Special Correspondent United Press. BERLIN, Dec. 31.—The German government officially denied today that it had attempted to use a big stick in obtaining favorable reparations decisions.

French assertions that Herr Von Elm, foreign minister, had threatened

a breaking off of the Brussels conference on reparations or compelled to disarm the Bavarian citizens guard, were denied emphatically.

Well informed representatives of the German government, however, said, but the sense of them was that charged by the French. FORMAL OPENING OF KEMP HOTEL IS GALA OCCASION

STOCKHOLDERS AND WIVES TO NUMBER OF 140 GUESTS OF MANAGEMENT.

SPEAKERS LAUD MANAGEMENT AND BUILDING SPONSORS

Institution Represents An Investment Of \$1,300,000 And For Size Is Not Exceeded Anywhere.

A celebration of one of Wichita Falls' most notable achievements, the completion of the Kemp Hotel, was held Wednesday night when the builders of that proud structure, that in the man whose money made it possible, were guests at a dinner tendered by Joseph Huckins, Jr., lessee and manager of the hotel.

all be proud," he declared. "It is emblematic of the spirit of Wichita Falls."

Mrs. G. C. Wood, pinch-hitting as a speaker in place of her husband, who is out of town, said that the hotel filled a need in Wichita Falls as nothing else could.

It is a place of good things to eat, good service and fortunate is the management, she said, and it is good to see that it is being appreciated.

H. E. Shepherd, the next speaker, explained what the hotel means to the life of "a country boy" as he described himself, who wasn't used to big hotels.

Mrs. Reese Allen paid a tribute to Mr. and Mrs. Albert D. Allen of the hotel staff, and Mr. Allen responded briefly.

"Governor" Culbertson told how high the hotel stood with friends on his from big cities who had been guests. At a recent meeting in Chicago, Mr. Culbertson said, a New Yorker had said to him:

"Somehow, you Wichita Falls folks always make good. You said the census would show a population of 40,000, and did you save your word? Well, a splendid hotel there, and you've done it."

Dr. Joe Daniel responded with a story that suggested the need of a whistle for those who were blowing so hard about the hotel.

Dr. Knickerbocker, who had been restrained with difficulty while other speakers held forth, was at last given an opportunity. He spoke of the cultural influence of the hotel, pointing out that civilization is the way men sleep and eat, and that to be able to eat so substantially and sleep so comfortably was a symbol of advancement.

"I want to say to the management of this hotel that when it provides cheer and comfort for the traveler it is performing a divine function," Dr. Knickerbocker said.

W. M. McCreger, saying he had left his car parked at home, suggested that the speaking be cut short and the business session held. C. W. Snider was called upon to explain the purpose of the business meeting. He briefly sketched the history of the hotel.

Preparation of plans started in February, 1918, he said, when he started out to hunt for a manager. Mr. Huckins at first turned it down, feeling that the "boom" conditions would not last, but later he was convinced differently, and closed the lease. Then it became necessary to revise the plans, numerous other delays were encountered, and the \$600,000 of the original estimate grew to \$1,300,000 and on up until it finally reached \$1,300,000, and there are still a few unpaid bills.

"You may be surprised to know the extent of Mr. Huckins' investment here. He has spent \$250,000 for equipment. We ought to be proud, but he has faith in it like that."

Mr. Snider expressed appreciation for the compliments paid, and told of his own gratitude to the others with whom he had shouldered the burden. He then explained the need for increasing the mortgage lien from \$400,000 to \$700,000, pointing out that while the original lien was a 2-1/2 per cent of the estimated total, the new lien would be only 52 per cent of the actual total.

Frank Kell went into the plan in greater detail, and said that while there was no assured market for the bonds, there was some indication that they would be underwritten. Upon motion of C. W. Reid, it was voted to grant the request. Reese Allen, one of the stockholders, said that for his part he would be willing to accept a second mortgage, but Mr. Kemp replied that it would not be necessary to do this. Upon motion of W. W. Anderson, a committee consisting of T. B. Noble, C. W. Reid and R. G. Harvey was named to see such stockholders as were not present.

H. G. Harvey responded briefly to calls for a talk, expressing his appreciation of the results attained and of the support given the builders. C. H. Clark said that the stockholders had wanted the very best, and they had gotten it.

"That will be some consolation," he said, "whatever happens in the financing end."

J. J. Perkins, referring humorously to his share in the enterprise, said that he felt he had taken his post-graduate course in hotel building and his diploma.

The meeting then adjourned.

NON-PARTISAN LEAGUE AROUSES OPPOSITION

Notice Served On Organizer That He Is No Longer Wanted At Salina, Kansas.

SALINA, KAN., Dec. 31.—A committee of five members, appointed by the Salina county post of the American Legion are searching for A. C. Townley to notify him that he and his organizers are no longer welcome here.

Townley has surprised the people here by personally going out in the country and soliciting membership to the non-partisan league, this work during the past few years being done by his organizers.

The committee is waiting for Mr. Townley this morning to deliver a personal letter to him, in which it sets forth that the non-partisan league was disloyal, that it was classed with the I. W. W. and kindred organizations, and that therefore the American Legion protests against the activities of Townley and his organizers here.

Long Lean Winter for Education in a Little Ozark Town

NORTH LITTLE ROCK, ARK., Dec. 31.—It looks like a long, lean winter for education in this little Ozark town.

The public schools have been closed since October 15, and there is apparently no prospect of opening them against this school year.

Less than twenty per cent of the five thousand children of school age are attending classes.

Teachers who were thrown out of work by the alleged political manipulations of the school board, have opened semi-private schools in the public school buildings in an effort to keep the children from dropping behind in their work. Their efforts have been only partially successful as is evidenced by the fact that less than 1,000 children are attending the two schools run on the new plan.

The schools were closed following the refusal of local banks to honor warrants issued by the school board to teachers as salary. The action of the banks was the result of a factional fight among members of the school board who claimed that new directors had been fraudulently elected following the appointment of Frank A. Price of Winslow as superintendent.

State Money Not Available. As state money will not be available until spring it is probable that the schools will remain closed through the year.

Eleven of the teachers have organized to conduct two schools. They acted as principal and a treasurer. At the end of each month the pupil receive his report card, accompanied by monthly assessment. Children in second grade and under are assessed three dollars a month while those in the other grades pay \$15.

The money is put into a general fund.

and used to pay the teachers' salaries and incidental expenses.

ADMINISTRATION CHANGE DETRACTS FROM IMPORTANCE OF THE TRIP ON COLBY

SANTIAGO, CHILE, Dec. 30.—Much of the importance of the visit of Bainbridge Colby, American secretary of state, to South America has been lost from the standpoint of international policy.

Because the incoming republican administration "surely will not accept the doctrine of President Wilson or continue his policy," said El Mercurio today.

MORE THAN HUNDRED DAILY ARE RETURNING TO MEXICO

EL PASO, TEXAS, Dec. 31.—The exodus of Mexican laborers and their families to Mexico from the United States still continues at the rate of more than 100 a day, according to American immigration authorities here. No exact count is kept except in cases where the laborers have been permanent residents of the United States.

The laborers are coming in the main from California, Arizona, New Mexico and other western states, as well as from the east, immigration officials say.

REPLIES TO OBJECTION TO KING CONSTANTINE

ATHENS, Dec. 31.—Premier Rallis today replied to the joint note from Great Britain, France and Italy presented on December 2. The reply, which covers two typed pages, contains but vague expressions. It voices the hope that the allies will pass over recent events in the face of the real situation and says that Greece

asserted, by the vote returning Constantine, the right of peoples to govern themselves.

The note, which was approved by King Constantine, leaves the inference that Greece is ready to maintain an army in Smyrna when the funds are provided. The tenor of the note is amicable.

It points out that if Mustafa Kemal, the Turkish nationalist leader, amasses the Greek army, the allies will be in a worse position to deal with the situation than if the Greeks take up the offensive.

TO REMOVE TELEPHONES IF RATE IS INCREASED

LYONS, KAN., Dec. 31.—"If there's a raise, out they go." This was the consensus of opinion expressed at a mass meeting of five hundred citizens here last night when they ordered the telephone company to remove their telephones—if a proposed increase in rates is made effective by the Kansas court of industrial relations.

Important Business Session Civic League 3 o'Clock Tuesday p. m. at Kemp Library; Members Are Urged to Be Present on Time

GIRLS' FRIENDLY SOCIETY MAKING BIG PLANS FOR ITS SOCIAL YEAR, NEW OFFICERS

There is to be an important business meeting of the Civic League Tuesday afternoon at Kemp library, and the president, Mrs. T. B. Smock, urgently requests every member who can possibly do so to attend, and to be on time. The meeting will open promptly at 3 o'clock.

Among matters to be attended or considered are: The organization of a city federation; reports from each of the six departments of the league; appointment of a nomination committee for the February election of officers; appointment of election of two representatives of the business council of the chamber of commerce, by request of the chamber.

Representatives from each study and school club in the city have been asked for by special notification from the membership chairman of the league, and it is urged that each of these organizations notify their delegates to attend the meeting Tuesday.

Reports from the different departments will be made by the following: Mrs. W. S. Curlee of the city beautification committee; Mrs. Florence of the public affairs committee; Mrs. J. W. Stone of the entertainment committee; Mrs. W. A. Patterson of the market committee; Mrs. Glover of the sanitary committee.

Plans for the social year were made on an ambitious scale, several suggestions being offered for consideration. A Mardi-Gras entertainment and Valentine dance to be combined proved enthusiastic approval, no definite plans being made awaiting the appointment of program and entertainment committees. It was generally decided, however, that no reasonable expense of time or money would be spared to make the big annual event of the Girls' Friendly Society a success. The affair will be given in the ballroom of the Kemp Hotel.

Miss Irene Raney, retiring president, presided during the business session. Mrs. Stonevall Brown, retiring branch secretary, read several announcements, including an invitation to members of the society to be present at the wedding of Miss Ivy Mae Little to Milton McFall on Wednesday, January 6. It was also recalled that it was nearing the birthday of the little French orphan whom the society is supporting, and that a birthday check or gift should be sent him. Mrs. Brown and Miss Raney made a report concerning the family which the society assisted during Christmas, and it was decided to help them further.

Mrs. Brown invited the girls to hold the first meeting of the New Year at her home next week, and the invitation was accepted. She also suggested that the girls would be welcome at her home on New Year's afternoon from 4 to 6.

The hostess served a salad and tea refreshment course to the following: Mesdames Stonevall Brown and Bruce Winkworth, Miss Helen Brown, Mrs. Dorothy Toney, Florence Jackson, Ivy Little, Kodakok, Ruth Newman, Anna Collins, Guskie Kiel, Elizabeth Raney, Kathryn Brothers, and Irene Davidson.

WATCH-NIGHT DANCERS AND CELEBRANTS WILL WELCOME 1921 TO WICHITA FALLS

Watch night dancers and other celebrants will welcome the new year into Wichita Falls Friday night. The Elks New Year ball will be in full swing at the club rooms when the whistlers herald 1921. Dancers will also be celebrating at Kemp hotel ball room, and there will be private and semi-private parties all over the city.

At the First Methodist church the senior young people of the Epworth League are entertaining in honor of young people of the city with a watch night entertainment—a program, consecration service and social. All of the young people in the city are invited, the watch to begin at 9 and end at a minute after midnight.

Mr. and Mrs. Dennis DeWitt are entertaining members of the Harvard division at R. C. with a night watch party at their home from 8 to 12.

Mrs. Mary Robertson is entertaining for Miss Helen Francis with a New Year's eve party at her home. Mrs. Robertson also honors her two sons who spent the holidays at home.

SUBSCRIPTION DANCE FOR YOUNG PEOPLE, KEMP HOTEL

There is to be an informal subscription dance for the young people at Kemp hotel Friday night for which the original Louisiana Pils orchestra has been secured to furnish the music.

The dance will be a watch night affair, and the arrangements committee in charge of J. B. Bernard, has planned for one of the most elaborate and enjoyable dances of the holidays. The committee feels very fortunate at having secured the "Big Five," which is very popular with local dancers. The orchestra has just completed a six-months' tour of Kellogg Orphan and will entertain some of their biggest dance hits here Friday night.

These will include, among others, "Margie" and the "Home Again Blues."

Members of the Cypher club, whose New Year's dance is Saturday night at the hotel, and the younger set are especially invited.

ENTERTAINING AT KEMP HOTEL FOR MRS. T. B. NOBLE, JR. TODAY

Mesdames T. B. Noble, Sr., and Harold Mayers are entertaining the younger maids and matrons at bridge Friday afternoon at Kemp hotel in honor of Mrs. T. B. Noble, Jr., of Bentonville, Arkansas.

Mr. and Mrs. Noble are spending the Christmas holidays with Mr. and Mrs. Noble, Sr. They were recently married in Bentonville.

The members of the T. B. L. class of the First Baptist church were very happily entertained at the home of Mrs. Fred Carter, 1107 Fifteenth street, Thursday, December 30, by Mesdames Carter and Fred Morris as joint hostesses.

MISS MAURICE FRANKLIN GIVES YOUNG FOLKS PARTY THURSDAY

Miss Maurice Franklin of 1909 Huff street was hostess to a number of young people at a very attractive party Thursday evening. Music and games were enjoyed and refreshments of hot chocolate and cakes were served at a late hour to the following: Misses Leah Ford, Ina Myri Robertson, Jimmie Lee Bass, Patsy Howell, Ruby Howell, Mary Margaret Lewis, Owendolyn Hudd, Alma Willis, Alberta Smith, Opal Bailey, Gladys Hanes, Margaret Blum, Donna Mitchell, Bernice Deike, Louise Hanes, and Lois Franklin. Dances Clark, Barton Perry, Ray Hland, Thomas Watson, Farrow Tuttle, and Clarence Adams; Mr. and Mrs. Edgar P. Hanes, Mr. and Mrs. J. M. Franklin, and Mrs. J. E. Franklin of Waco.

D. A. H. WILL MEET THURSDAY AT HOME OF MRS. J. L. JACKSON

Major Francis Olin Chapter D. A. H. will not hold its regular meeting on Saturday but will meet on Thursday, January 6, at the home of Mrs. J. L. Jackson, 819 Denver street, at 3 o'clock. All members are invited to be present and an invitation is also extended to those eligible to membership to attend.

SOCIAL MEETING REBEKAHS AT O. O. B. HALL FRIDAY

There is to be a social and business meeting of the Rebekahs lodge Friday evening at the E. O. O. B. hall at 7:30 o'clock. Refreshments are to be served, and all members are requested to be present.

There is a new baby girl at the home of Mr. and Mrs. W. C. Woods, 1303 Taylor. The young lady weighed nine pounds on arrival.

Miss Lucile Walters of Dallas is visiting her grandmother, Mrs. L. T. Walters, for the holidays.

DOC SNOW LOSES SECOND STEP IN FIGHT FOR LIFE

JUDGE P. A. MARTIN OVERRULED MOTION FOR A NEW TRIAL FRIDAY.

DEFENDANT SAYS HE IS NOT GUILTY OF OFFENSE

Case Will Be Taken To Court Of Criminal Appeals By The Defense.

M. C. (Doc) Snow lost his second step in his battle for freedom Friday morning, when Judge P. A. Martin overruled his motion for a new trial. He was convicted for the murder of Marvin Caple and sentenced to serve 20 years in the state penitentiary by a jury on November 22.

A motion for a new trial was filed a week ago supported by affidavits from a juror on the case and by several others in regard to misconduct of the jury during their deliberation on the case and to newly discovered evidence. Immediately after the court overruled the motion, Judge Martin pronounced before pronouncing sentence whether he had anything to say to the sentence should not be pronounced. To this the defendant replied, "Yes, I am not guilty. I am not guilty. I am not guilty. I am not guilty."

Counsel for the defense immediately gave notice of appeal, but inasmuch as the law does not provide, no supersedeas bond was set and the defendant was remanded to the custody of the sheriff to await the decision of the higher courts before he will be committed to the state penitentiary. Eight members of the jury which tried Snow for the murder of Marvin Caple were called to the stand. They also Mrs. Snow and Officer Bobo. It was charged in the motion for new trial that reports had been made in the jury room while the jurors were deliberating on the case which influenced some of the jurors to cast their vote for conviction.

It was brought out that four ballots were taken before a unanimous decision of the jury was reached as to the defendant's guilt. The first vote stood six for conviction and four for acquittal. The second was eight for conviction and two for acquittal. The third, ten for conviction and two for acquittal, and on the fourth ballot all agreed on finding him guilty. In pronouncing sentence Judge Martin stated that according to the statutes of the state the defendant would be compelled to serve a sentence of not less than five years and not more than twenty.

The defendant's wife and children and aged father were in the court room during the presentation of testimony in corroboration of the affidavits filed with the motion. When the motion was overruled Mrs. Snow burst into tears. It was the first time that any evidence of grief had been shown during the entire affair.

COOKS AND WAITERS UNION VOLUNTARILY REDUCE SCALE

Voluntary acceptance of a \$5.00 per week cut in wages of men and women restaurant employees, the same to become effective January 1, was made by the Cooks and Waiters Union No. 123 at a meeting held Thursday night. The reduction varies somewhat for men and women but will average about 20 per cent in decrease and will mean a cut of about \$2 weekly for men and \$4 for women.

New contracts for the coming year were drawn up by the union and were presented to owners of cases in the city for acceptance Friday. According to officials of the union no difficulty was being experienced in obtaining the signatures of the restaurant heads. Unsettled conditions in the labor world caused the insertion of a clause in the new contract which provides that on thirty days notice the present provisions of the contract may be changed by either side, such action being deemed advisable by both the union and case proprietors.

New officials for 1921 were installed at the Thursday meeting at the conclusion of the regular routine business, those taking the oath of office being Lawrence J. Pack, president; John Melton, vice-president; J. Richards, financial secretary and treasurer and Gladys Vickers, recording secretary.

DR. IRA LANDRITH TO LECTURE IN JANUARY

Native Texan And Eloquent Speaker Will Be Here On The Fifth Of Next Month.

REV. DR. IRA LANDRITH

The Rev. Dr. Ira Landrith, D.D., L.L.D., who delivered one of the finest addresses ever heard in Wichita Falls at the Bodpath-Horner chautauque here in 1918, will lecture again in this city on the night of January 5th, according to a statement of R. E. Shepherd, cashier of the City National Bank of Commerce, today. The lecture will be in the interest of the Southwestern Presbyterian assembly, which is the extension secretary of the United Society of Christian Endeavor, and a later announcement of the time and place will be made.

Dr. Landrith, who is a native Texan, is one of the best known clergymen in the United States today, and a speaker of remarkable talents. He was a college president for eleven years, editor of his church paper for fourteen years, and moderator of the Cumberland Presbyterian assembly when that church united with the Presbyterian. He is the extension secretary of the United Society of Christian Endeavor, a chautauque, lecture and international convention favorite, and one of the two authors of the slogan, "A saloon-less nation by 1929."

Dr. Landrith was unanimously nominated for vice president on the prohibition ticket in 1918, and he has been for years an eloquent and fearless fighter for every movement which has believed tended toward civic righteousness. He will be accompanied to Wichita Falls by W. Roy Bree, southwestern secretary of the United Society of Christian Endeavor.

STARVING CHILDREN BEG FOR BREAD, WILL YOU GIVE IT

The fund for the relief of the starving children of Europe is crawling upward by dollar degrees. Wichita county now totals nearly \$2,500, with some of the wealthiest men in the county, who heretofore have never turned a deaf ear to such worthy appeals, yet to hear from.

One letter received by Jack Culbertson, chairman for Wichita county, from a starved citizen, shows how the necessities and prevail, appeal to a man with kiddies of his own. This letter states: "This is an awful time of the month to hit up on a generous donation for the European cause you are fathering—they deserve giving until it more than hurts. I am almost ashamed to send this widow's mite, but will double it later if you still have the books open."

A very substantial check accompanied this letter and if every one in Wichita county would respond in the same proportion to his or her means the full amount asked of this county would be raised as quickly as the mail could deliver the letters.

"This is the New Year," stated Culbertson in speaking of this relief, "and no man can make a better start than by obeying that natural impulse and sending in a check to save the children of war torn Europe from actual starvation. Make these checks payable to Edwin Hobbie, state treasurer, and mail them to me at Wichita Falls and DO IT TODAY!"

"We ought to have at least \$25,000 from Wichita county for this noble work, and we have just about ten per cent raised this far. I want to appeal to the man of substantial wealth to show his appreciation of the generous fruits of fate by sending in his check to me for just as large a sum as his ability will permit; and this must be done right away. After the next harvest in Europe it is hoped that Europe will be able to care for her own children. What is needed is something to care for these young people between now and the next harvest."

"Three and a half million children are starving. This is literal truth, not a poetical fancy. If death is to be cheated America must join funds with Europe and these children fed. For every dollar that America contributes...

ALL-TIME HEALTH OFFICER MAKES A QUARTERLY REPORT

Dr. A. W. West, all time county health officer, has submitted his quarterly report to the county in which he states that during the last three months he has conducted a physical examination of 3,499 school children in the county.

During this same time his office has sent out 1,235 letters to the parents of the children relative to the physical defects found in their children in examining them.

Since the work of all time county health officer has been inaugurated Dr. West and his assistant have had a total number of 1,397 sanitary toilets constructed in the county. The public health nurses (Red cross) have made 456 visits during the past three months and 123 babies have been examined in the child health center in the court house. During the past ninety days, Dr. West has sent out 1,149 bulletins throughout the county in support of promoting better health and more sanitary conditions in Wichita county.

SON OF HUBERT HARRISON STILL IN SERIOUS CONDITION

Word was received this morning from Greenville, Texas, that Milton H. Harrison, eight-year-old son of Hubert Harrison, secretary of the Wichita Falls chamber of commerce, is still in a serious condition from the burns he suffered recently when his clothing caught fire in the home of his grandparents in Greenville. It is not known when Mr. Harrison will be able to return to this city, as the condition of his son may make it imperative for him to remain in Greenville over the first of the new year.

A Greenville paper reports the accident as follows: "Milton H. Harrison, little son of Mr. and Mrs. Hubert M. Harrison of Wichita Falls, was painfully burned this morning at the home of his grandmother, Mrs. Will H. Harrison, when his clothing caught fire from a gas bedroom heater. While the burns are very painful to the little fellow it is hoped that they will not prove serious. He is reported as suffering considerably. He and his mother and father and baby sister are making a holiday visit in Greenville."

LACK OF MATERIAL DELAYS LIGHT SYSTEM

Owing to delays in receiving material from the Southwestern General Electric company, it was stated yesterday by the chamber of commerce this morning that 20 days possibly may elapse before it will be possible to complete the new system of ornamental street lights in the business section of the city.

The work is at a standstill with the contractor waiting for reflectors, lamp sockets and ventilators. If the material had been shipped in promptly when ordered, the complete system would have been in operation several weeks ago. Raba is Turkish for papa.

Lone Star State Will Not Have as Its Guest the One Lone Star of the Diamond

INTERNATIONAL POLO CUP IS ONLY WORLD'S EMBLEM NOT IN U. S.

America Has Swept Through The Field of Sport Almost Supreme.

By HENRY L. FARRELL, United Press Staff Correspondent.

NEW YORK, Dec. 31.—Tall Bill Tilden and tiny Billy Johnston have brought to a glorious end the greatest years of American accomplishments in sport in history.

As a year filled with brilliant performances on home and foreign fields was gasping its last, America's new famous pair of tennis—Tilden and Johnston—sent back home today the Davis cup, next to the last world's sport trophy that is not resting on American shelves.

Of all the world's emblems of superiority in sport, only one is not in America—the international polo cup, and an able team sets out for England after it this coming spring.

From the first of the year to the signing of the 1920 swan song, today, Americans have swept almost supreme down through the field of sport.

World's supremacy on the water was achieved by a yacht, by a fishing schooner and by a motor boat.

World supremacy of land was won by a team of riflemen, by a track and field team, by swimmers, by gamblers and by tennis players.

Perhaps the most "blue blooded" victory was the Resolute's successful defense of the America's cup over the British yacht Shamrock IV.

Notable class was in America's sweeping victory on track and field at the classic Olympic games.

Tennis joined the list of conquests and William T. Tilden won the British national championship and later with the help of William M. Johnston brought the classic Davis cup back to America after an absence of eight years.

Jack Kelly, Philadelphia, brought the world's sculling championship home from the Olympic games, the easy way on the eight oar championship and set a new world record and the American riflemen brought home the championship from Belgium.

The American fishing schooner Esperanto joined the list with a championship of the world and the Princeton track team beat Oxford and Cambridge.

America must bow, however, to Canada in hockey; to Britain in cross-country running and golf—the very few international contests in which American colors did not wave from the top of the pole.

In popular and wrestling America is almost supreme, but international sports reached their

The westward-ho and go-west-young-man stuff has struck the baseball world with a resounding and compelling thud and the result will be seen in a couple of months in the form of an exodus into Texas of several squads of players whose habit it has been to take their spring training in states farther to the eastward. At least half of the clubs of the two major leagues will undergo the hardening and conditioning process in the Lone Star state.

And yet there will be something sadly lacking—the Lone Star state will not have as its guest the lone star of the diamond. Unless Texas can effect speedily the exchange of eight complete and able bodied teams for one isolated player, the cow puncher will have to worry along without the ball puncher. The only tangible evidence they will have of his proximity will be an occasional bruised hat that comes whizzing over the eastern boundary from the direction of Shreveport.

Ruth the Ideal of All.

There is no longer room for any doubt as to the identity of the hero of the boys, large as well as small, of the continent and its adjacent islands. It is not Charlie Chaplin nor is it Jack Dempsey. Gages containing these no-nonsense and baseball lovers may be as hard put to it for an explanation as those who never see a game of the sport. Babe Ruth means more to the sport loving youth and manhood of this nation than anything else that strikes men are able to do with their muscles and brains.

It is no use as far as these enthusiasts are concerned, to group with the name of Ruth the names of other great players who may be very valuable in the chess for the present—and some of them excel in other respects, but not in driving the ball to distant climes two or three times a week.

Striking evidence along this line came to light within the last few weeks in Cuba, where baseball, while popular, has to strive against other sports for prominence.

Line's return to Greece was a frost compared to Ruth's invasion of Havana and its environs. Small boys and large ones, too, followed him around the streets when opportunity offered and watched his hotel by the hour when he was invisible. When he stopped to the home plate all minor activities, such as breathing, or the time being, were suspended. Even a falling slump which he indulged in while there failed to dampen their ardor, and when the squad of Giants with whom he had been touring departed, Cuba was by no means through with Babe, but held onto him for two or three weeks more, gladly paying a rather high luxury tax for the privilege.

The case of Babe Ruth furnishes a valuable tip to those aspiring parents who are anxious to raise their boys to become really great men.

It was not the strain and stress of war that finally wrecked Rome, but the weakening influence of a luxurious peace.

Strength in the main comes from the clash of battle, not from the spoils of victory.

PLANS MADE TO EXTRADITE INDICTED WHITE SOX

CHICAGO, Dec. 31.—The state attorney's office today announced plans were being made to extradite White Sox players not at present within jurisdiction of the state courts. It was said an attempt will be made to bring them back on charges of conspiracy.

Betting on Races Causes Indians to Leave New Orleans

The reason for Tris Speaker's sudden shift from the New Orleans training camp to Dallas has finally come to light. At least one of the reasons here, New Orleans authorities, especially those who were in charge of the city's championship, but the Indian leader is offering as one of his reasons the racing at the Crescent city.

It is said that several of the Indians were pretty hard hit at the track last year and that some were well "relied" at an early date. Speaker knew it and made early preparations to avoid a repetition. He figured that the best way to prevent it was to get away from the scene of the temptation and that his men would be in better condition financially and otherwise if they wouldn't see the ponies in action.

YANKEE PILOT PUTS BAN ON ALABAMA MARBLES

Crap shooting and other games of chance which are likely to keep ball players interested at night to the detriment of their playing on the following day are prohibited on the New York American league team, and Miller Huggins is going to put his foot down on them harder than ever next year. He says:

"Crap shooting has done more harm to professional baseball than any other agency, and I'll not permit it for a second while I'm in charge of the New York team," the night manager said. "I remember distinctly a game which we lost in Washington last year, which, no doubt, was due solely to carelessness. After the game I learned that many of the players had passed most of the night before rolling the Alabama marbles and were not fit to give their best on the ball field. And it was surprising the way they acted when I called them. It was for their own good and yet they felt quite put out about it. Hence on, however, there was no midnight sessions of African golf and the rule will be strictly adhered to next year."

RUSIE HAS WON A REAL PLACE IN WORLD AGAIN

Old-time friends of Amos Rusie may be interested in learning that Amos has won himself a real place in the world again, and by merit and earnest attention to business. When he bowed in baseball and blew all his earnings in the game as he went out, Rusie went to work in a lumber yard for \$1.30 a day. Later he drifted into a shipyard at Seattle. But he was tending to business, learning the new game. Now, according to reports, he has a responsible position in Seattle, on one that him more than he ever earned in baseball.

THREE CUSHION CHAMPION STARTS EXHIBITION WORK

KANSAS CITY, MO., Dec. 31.—A series of 300 points, to be played in blocks of fifty, has been arranged between Johnny Layton of St. Louis, new three cushion billiards champion, and Clarence Jackson, local stellar and artist who finished third in the recent championship tournament at Chicago to begin here Monday afternoon. It was announced today.

Another exhibition affair of 200 points is scheduled to be played at Sedalia, Mo., following which Layton will journey to New York to join Ralph Greenleaf, pocket billiard champion, on a tour.

BATTING NELSON GETS A REVERSE LICENSE

NEW YORK, Dec. 31.—Lestling Nelson, former world's lightweight champion, has been granted a reverse license by the state boxing commission. Chicago Defeatist Princeton, of Chicago last night defeated Princeton in the first inter-sectional basketball game of the season 12 to 7. The joke of the common garden lettuce is a sad story.

TO 1920. Now that the gray is in your hair Who long have known your fading prime, Before you reach the dark frontiers That dead years know beyond all time—

Accept, O fading year, this thought From one who's slipped both cheer and cure, Though you might have been finer wrought, You might have been a blighted sight worse.

THE GREATEST COWARD. Considerable gossip has been shifted back and forth as to various heights of courage or skill. There should be no room for debate about the greatest coward, which, as you have guessed, is The Dollar.

A LEADING EXAMPLE. You may recall a certain episode in the life of d'Artagnan, the fighting Gascon of Dumas's Three Musketeers.

TAKING CHANCES. The young ballplayer with his career to make will take any sort of chance. The game, at that time, is 100 per cent of the program.

WEALTH AND CONDITION. Wealth usually brings about a life of ease. Or at least a touch of luxury that develops softness.

THE CASE OF WILLARD. Willard kept to a rugged road when he was fighting his way up the ladder on the trail of Jack Johnson.

NOT BOTH WAYS. You rarely ever gain in two directions at the same time. The battle for money develops a hardness that carries through.

BOB ROPER IS AWARDED DECISION OVER WALKER. KANSAS CITY, Dec. 31.—Captain Bob Roper was given a newspaper decision over Hugh Walker of Kansas City in a ten-round fight here last night.

SAYS TOUCHDOWN MADE BY MAN RECOVERING FUMBLE SHOULD NOT BE COUNTED. CHICAGO, Dec. 31.—Coach Robert Zuppke of Illinois, advanced a new idea for a football rule while here attending the convention of the National Inter-Collegiate Association.

RECOVERING FUMBLE SHOULD NOT BE COUNTED. Zuppke says that a touchdown made by a man who recovers a fumbled ball should not be counted. The man who usually makes such a touchdown is one who might be termed the "toaster" of the team, who lags behind waiting for such an opportunity, he said.

NEW YEAR'S DAY TO BE DIFFERENT FROM THOSE OF THE PAST

THE REASON IS NEW DRY LEGALITY ADDED TO THE CONSTITUTION.

IS CHANGED GREATLY THROUGH THE CENTURIES

Observation in Large Cities Usually Featured by Much Noise And Expense.

NEW YORK, Dec. 31.—New Year's isn't what it used to be. This is a small but significant addition to the constitution of some dry days matter. In still greater part because the international character for celebrating whenever Father so takes a fresh start in plotting earth around the sun in billions years old. The manner of observing day has changed greatly through centuries.

The urge to give presents at least a year was felt even before historic and Santa Claus made in scheme of things, and the ancient gods, Chinese, Egyptians and Romans tendered their gifts to one another on the first day of the year. The habit of receiving presents got into the habit of receiving gifts from their subjects on so days and liked it so well they an exorbitant larger and larger sums. The practice got so bad in Rome under the Caesars that Claudius called a

Spreads to Other Countries. spread to other countries, however, the English had their New Year's celebration spoiled annually by a mad demand of her subjects for gifts. The celebration of New Year's Day become world-wide. With variations, it is still a national holiday, it is celebrated everywhere of eating, drinking, mostly merriment.

Christophers Columbus, so far as is known, was the first white man to date on New Year's Day in the western hemisphere. While his ships were returning to Spain in January 1492, he enjoyed a sumptuous banquet with two savage monarchs on the island of San Juan. The first white man to discover America had first smoke of tobacco. Whether he used it is not recorded, but he left a later generation. Sir Walter Raleigh is generally credited with the introduction of tobacco in Europe.

Major Quiet Holiday. The Pilgrim Fathers and the first white states of the union enjoyed a quiet holiday as each came around. They feasted, but until they had attended religious services. In the 17th century people big houses and flowing sideboards open house on New Year's Day from all over friends came about. Bicycles and in surreys and stanzas to pay short visits and sample some of the nationalities. They then set off to call on other friends. Poppy maidens in those days witnessed the jams in front of their homes, so they were to grant wishes for a short time on young women during the afternoon of the year's first day. This custom is still observed in some parts of the 20th century, automobiles, and cabarets. It was suggested that the prohibition of drinking should be lifted in the thousands who frequented the grill rooms in the cities on New Year's Eve.

Prohibition and Repeal. For 35 years up to the dawn of 1920, the era of war-time prohibition, celebrated in New York, Boston and more expansive each year, hundreds went to crowd into places of merriment while Broadway was packed with a surging throng of merry-makers. A sign, clappers, bells, ticklers and confetti were heard and most of the revelers were jammed with gay din. In 1920 it was estimated that 21,000 were kept in the white-light riot on New Year's Eve. After that riotousness gave up trying to figure the sum.

Prohibition and Repeal. The prohibition was greatly diminished upon the repeal of the 18th amendment. The younger element will not be barred. There must be a certain amount of liquor in their merry-making, says the order, but any unnecessary excess or rowdiness must be promptly suppressed.

LYNCHINGS ARE LESS NUMEROUS IN 1920

Total is Sixty-One As Compared With Eighty-Three During Year 1919.

WASHINGTON, Dec. 31.—Approximately sixty million dollars will be squandered in merry-making celebrations of New Year's eve tonight if the government reports of other years. Probably ten million men, youths and young women will spend the evening at theaters, hotels, cabarets, dance halls and other public places whose proprietors are banking on tonight's gate receipts to pull them through a financially dull December.

The government, however, will cost money in consumption taxes on the national revel in all cases except liquor consumption. Tax receipts on admissions to theaters and cabarets are expected to net the government at least \$10,000,000 for the evening or 13 per cent of the sum spent for this purpose. Diners and parties will account for an expenditure of probably \$25,000,000, it is believed.

Bootleggers have been unusually active during the last few weeks, according to reports from prohibition agents and police of big cities. Presentation of permits for the withdrawal of liquor from bond has increased in the last few days. The permits stipulate that liquor withdrawn from warehouses must be used for non-beverage purposes only, but prohibition officials admit much of it will be used as beverage.

WASHINGTON, Dec. 31.—Acting Secretary Davis of the state department was delegated today by President Wilson to act for him in the annual New Year's reception of representatives of the diplomatic corps. Mr. Davis will receive the ambassadors and ministers at his home and the president therefore, will hold no New Year's reception.

FUNERAL OF CLARENCE YOUNG TO BE SATURDAY AT 2:30. Funeral services for Clarence Young, who died Thursday morning, will be held from 2:30 to 4:30 p. m. at the First Christian church, 1215 North Broadway, and interment will be made in Rosemont cemetery.

CONDEMNNS SITUATION AFFECTING THE FARM

Criticism is Voiced By Fred W. Davis, Texas Commissioner of Agriculture.

AUSTIN, TEXAS, Dec. 31.—A drastic condemnation of conditions affecting farm products was recently delivered by Fred W. Davis, Texas commissioner of agriculture. He said: "During the war the people of Europe were consuming as little as possible and wasting nothing. In this country, after we entered the war, we carried on effective and extensive campaigns for saving to decrease consumption. In fact, to save on every hand."

In the face of rationing and soaring prices generally prevailing, since the war, with government restrictions removed, prices of raw products have dropped to the point of bankruptcy. Most all materials have declined, but such declines as have farm products. When commerce was once more free, the accumulation of raw materials in countries cut off from Europe increased the supply and effect on prices. It is doubtful, however, if there was enough surplus to fill the gap caused by using up supplies during the war. So the main difference does not lie in the great surplus. It must therefore be found in our financial policy. "During the war and before we entered it, we raised produce for Europe and loaned money with which to buy it. Now we raise produce for Europe and we refuse to help her buy it. If it were sound to enable fighting Europe, especially before our entrance into the war, to buy what she needed from us, wouldn't it be good policy to enable weak and weary Europe to buy what she needs now? Are we so set upon reconstruction, bringing disaster upon us, that we must deliberately bring it about?"

Admitting that our economic status could not have the same solid foundation during the war as in time of peace, and that get-rich-quick profiteering and wild speculation should not have been permitted—is there any good reason why this nation should show itself in such a state of affairs in the ashes? "We have a heavy war debt to be sure; but our necessities and determination to fall into great economic reaction for reconstruction purposes have cost us one-third of the debt already, and from the present outlook restricted production will cost us another one-third next year. On the other hand, we are the world's creditor to the extent of some \$10,000,000,000. Why not help Europe to come out from under the effects of the war, the same as we did to help her during the war? Are we less willing to put up money for constructive purposes than we were for destructive purposes? Take a comparative few determined to take advantage of the present psychological and economic status, to reap a rich harvest by hoarding gold and making money dear, and everything else cheap?"

The hair of Kaffir, while fringed, is not woolly like that of negroes.

CHIEF OF POLICE HUFF TO SPEAK AT AD CLUB

Chief of Police Law Huff will make his bow to the Wichita Falls public as an after dinner speaker next Monday noon at the regular meeting of the Ad Club. C. A. Kinsman, chairman of the program committee, following out his determination to introduce new men and fresh subjects of discussion, has persuaded Chief Huff to forsake the pursuit of criminals long enough to talk a few minutes to the members of the club. St. D. Lacey, mayor of Burk Burnett, also is a theme program, and should set forth some facts of interest regarding this city's nearest municipal neighbor, Bill Viner, former president of the University club, and L. F. Nichte, manager of the Wichita Falls Advertising company, will round out the program—and Kinsman also has promised to have some jazz music on tap to add a little shoulder shrugging to the weekly gathering.

LOCAL MARKSMEN WILL SHOOT FOR SIX PRIZES

One of the largest local trapshooting events of the season will be held tomorrow at the Wichita Gun club's traps when the annual New Year's shoot will be held. It will be an annual money shoot for those who wish to enter although others may shoot for the following prizes: Pair Elk hunting boots, thermos bottle, pocket knife, safety razor, all of which have been donated by the Winfrey Gun Store and a \$25.00.
