

GERMAN FOREIGN MINISTER WARNS AGAINST OUTBREAK

BERLIN, Feb. 24.—Dr. Walter Simons, German foreign minister, today warned "political adventurers" against attempting any coup d'etat, the possibility of which in connection with the allied-German conference in London next week has been discussed. He declared the government was conscious of his authority and would promptly crush any outbreak.

TWELVE SEAPLANES START RETURN TRIP

Recently Made a Successful Flight From San Diego, California, To Balboa.

SAN DIEGO, Feb. 25.—The twelve F-5L seaplanes of the Pacific air force which made a successful flight from San Diego to Balboa, Canal Zone, a month ago, are en route home today, lapping back on the first lap to Bahia Honda, and will continue up the coast in daylight hours.

FORMER EMPRESS VICTORIA IS REPORTED UNCONSCIOUS

BOTSDAM, GERMANY, Feb. 24.—Former Empress Augusta Victoria of Germany is reported to be unconscious at Barmen in private telegrams received here tonight. It is said there is no hope for her recovery and her early demise is indicated.

Crowd of 75 See Two Electrocuted in Oklahoma Pen

MOOREHEAD, OKLA., Feb. 24.—Robert Blakely and John Ledbetter died in the electric chair at the state penitentiary here early today. Both confessed their guilt before they were strapped into the chair. Blakely was convicted of murdering his stepdaughter and Ledbetter of killing Robert Moulton, a Grand Juror. Both were sentenced from Muskogee county.

TEX-O-WA COMPANY TO DRILL WELL DEEPER ON WAGGONER COLONY LANDS

VERNON, TEXAS, Feb. 25.—Plans for deepening the hole drilled thus far by the Tex-O-Wa company in block 23, Waggoner colony, six miles north of Harrold, have been completed, and it was expected to start active operations immediately. The hole is now 1,218 feet deep, having been put down to its present level with a standard drilling outfit.

HEARING ARGUMENT IN SHAW AND KELLY CASE

COVINGTON, TENN., Feb. 25.—Argument was begun in the trial of A.M.A. C. Shaw of Memphis, and Edward T. Kelly of Intay City, Mich., charged with murder in connection with the killing of George C. Reeves, a Shelby county jailer who was shot to death when Shaw, Kelly and Clyde Hamilton, alleged highwaymen, escaped from the county jail at Memphis November 23, last, and fled to the north. The case would be submitted to the jury before night.

DISABLED SOLDIERS FORM ORGANIZATION

Hundred Thousand Banded Together To Obtain Recognition By The Government.

WASHINGTON, Feb. 25.—One hundred thousand of those who drilled together, went to France together, fought together and were wounded together, announced today that they had banded together in the National Disabled Soldiers' league to obtain recognition by the government of their claims for compensation.

Two Peoria Boys Given a Five Year Blue Law Sentence

EMPORIA, KAN., Feb. 25.—Two Emporia youths began a five-year sentence under drastic "blue laws" today.

OPERATING RAILROADS UNDER MARTIAL LAW IN WARSAW DISTRICT

WARSAW, Feb. 25.—The railroads in the Warsaw district are being operated under martial law, following a strike of mechanics for higher wages and better food. Russian soviet prisoners are being used as strikebreakers.

MILITARY PRECAUTION TO PREVENT GENERAL STRIKE

VIENNA, Feb. 25.—Military precautions to prevent a general strike Saturday have been taken by the Hungarian government in Budapest. Six divisions of troops have been moved into the city and the police force has been greatly strengthened.

TEN YEAR TERM FOR MURDER IN ARKANSAS

STAR CITY, ARK., Feb. 25.—The jury in the case of P. H. Frewitt, Grady, Ark., merchant, charged with the murder of Morris Hastings, prominent Grady plant, on February 11, today returned a verdict of guilty of second degree murder and fixed the punishment at 15 years in the penitentiary. The verdict was given at 1:15 a. m. after the jury had been out five hours.

TEXAS LEGISLATURE MAY VISIT THIS CITY ON WEST TEXAS TRIP

The Texas legislature on a trip to West Texas will visit Wichita Falls, according to an announcement made at Austin Thursday by Lee Satterwhite, member of the house.

CENTRAL BODY WILL ELECT 3 DELEGATES

Representatives to the State Federation Convention at Galveston to be named tonight. Three delegates to the State Federation of Labor convention to be held at Galveston May 16, will be selected at a meeting of the central body at the Labor Temple Friday evening.

BITTER ATTACK ON OIL MEN OPPOSING PRODUCTION TAX IS MADE BY AUTHOR OF BILL

"Diamond-studded lobbyist" representing the oil men, are at Austin opposing the proposed three per cent gross production tax, according to a circular distributed last night by Representative Roy Coffey of Wise county, author of the bill.

TABLOIDS

Chicago—Four female school teachers were in the Cameron school talking "shop" when a mouse shoved his head through a crevice in the wall. The door and windows were locked. Firemen answered the riot call.

COTTON ACREAGE WILL BE REDUCED FIFTY PER CENT

By HAROLD D. JACOBS United Press Staff Correspondent. NEW YORK, Feb. 25.—Cotton acreage throughout the world is to be reduced an average of fifty per cent next season, if present plans are carried out, it was learned today.

FLEETS SEPARATE AND END FIRST JOINT MANEUVERS

ABOARD U. S. S. NEW MEXICO, via Colon, Feb. 25.—The Atlantic fleet and the Pacific fleet have separated and ended the first joint maneuvers of the two fleets. The two manuevers, in the opinion of high naval officers, have been a marked success.

STATE HEALTH OFFICER ISSUES WARNING AGAINST RAT MENACE IN STATE

AUSTIN, TEXAS, Feb. 25.—Rats are a menace to the public health because they disseminate infectious diseases which are dangerous to man and they should be exterminated for sanitary as well as economic reasons, said Dr. Stanton M. Carrick, state health officer.

WILL CANCEL PROPOSED CRUISE TO AUSTRALIA

SAN DIEGO, Feb. 25.—Unofficial reports that the proposed cruise of the Pacific fleet to Australia and South Sea Island ports had been or would be canceled by the navy department, were published here today.

Propose New Plan for Enforcement of Prohibition Laws

WASHINGTON, Feb. 25.—A new plan for enforcement of prohibition is being discussed among republican leaders as a prospective policy of the Harding administration. It contemplates abolishing the present dual-enforcement machinery of the treasury and justice departments and centralization of full responsibility and authority under the attorney general.

OWNER OF DAMAGED FORD IS PLACED UNDER ARREST

W. Gilbert, owner of the automobile which figured in Thursday noon's crash with a fire truck, was arrested later in the day on a complaint charging interference with the fire department. The complaint was made by Fire Chief J. L. McClure. Gilbert was released on a \$200 personal bond.

DAUGHERTY REFUSES TO DISCUSS PROPOSED PLAN

COLUMBUS, OHIO, Feb. 25.—Harry M. Daugherty, who is to be attorney general in the Harding cabinet, today refused to discuss proposed changes in the federal prohibition enforcement machinery. Although admitting that some changes have been talked over among republican leaders, he said he would not publicly comment on them, disclaiming that any such changes would have to be authorized by congress.

WILBARGER GRAND JURY RETURNS 21 INDICTMENTS

VERNON, TEXAS, Feb. 25.—Wilbarger county officers and the county jail have been commended by the grand jury in a report made public today. The grand jury here filed with the court fifty-one true bills of indictment, of which thirty were for misdemeanors and nineteen for felonies.

ANNUAL ROUND-UP TO BE STAGED IN APRIL AT ATHLETIC PARK

WILL BE HELD UNDER AUSPICES OF THE CHAMBER OF COMMERCE.

PICK OF WESTERN TALENT TO BE AMONG CONTESTANTS

Lucille Mulhall Burnett Will Be Center Of Attention During Three-Day Performance.

Arrangements were completed today for the staging of the third annual Wichita Falls Round-up to be held at Athletic Park under the auspices of the chamber of commerce. Though no definite dates have been set it is probable that it will take place April 25 and 26. On these days the spudders will be playing in Shreveport and it is the wish of the management that the rodeo be held as near the first of May as possible.

Tom Burnett will again have charge of theariat and saddle experts and as was the case last year, Lucille Mulhall Burnett who knows no equal when it comes to riding and roping, will be featured.

A committee of which T. B. Noble is chairman and which includes Jerome S. Stone, Lamar Faine and E. E. Norton, was instrumental in bringing the Round-up here this year and all future arrangements will be made under their direction.

The diamond at the park will be fenced off as a matter of protection to the newly added infield and practically all events will be staged directly in front of the grandstand.

The pick of the West will be on hand to compete in the various events and Mr. Burnett has promised as great an array of talent as ever graced the arena of either Cheyenne, Wyo., or Pendleton, Oregon. Practically every cowboy and cowgirl who competed last year will be here in addition to several new contestants.

Many Contestants Enter.

Among last year's contestants who have assured Mr. Burnett of their presence are: Bryan Roach of Chickasha, Oklahoma, world's champion bronck rider and possessor of the championship belt won last year at Chicago; Ruth Roach, his wife, world's champion cowgirl bronck rider and reputed to be the most beautiful cowgirl in the country; Tommy Kirman of El Paso, world's champion trick rider; his wife, Bea Kirman, champion lady trick rider and fancy rider; and the only lady in the world going completely from the saddle under the neck of a running horse and regaining the saddle without ever touching the ground; Hugh Strickland, winner of more bronck busting first prizes than any other living rider; Slim Caskey, the local bulldozer, who has broken innumerable records; Eddie Burgess and Fred Heesen, champion calf and steer ropers.

It is the desire of Mr. Burnett and Bryan Roach, arena director, to make the roundup a real reproduction of the early days of the west and many features of that character will be included.

The wildest buffalo on the Goodnight ranch will be contributed by W. J. McCallister and will be killed in

public by a tribe of Comanche Indians who will be on deck.

These same Indians will burn a cabin as it was done in the olden day on the last day of the program.

Mrs. Burnett will give a daily exhibition of steeple roping, fancy lasso throwing and fancy roping. She is the only woman in the world who has ever roped and tied a steer and very few have even attempted the feat.

She and Virgil Keel will also ride their premier high school horses daily. Mrs. Burnett's horse, Eddie "C," has appeared on all large vaudeville stages in the country.

Each contestant pays his or her own expenses and also pays an entrance fee. They receive nothing in return unless they get some of the prize money and Mr. Burnett claims that the prizes this year will be well worth going after. There is no growl here the rivalry is keener and the elements of danger that it possesses keeps the spectator on edge at all times. Three competent judges will pass on every event and award the prizes.

Plans are under way at present to bring a large carnival here in connection with the main performance and Wichita Falls will assume a truly wild and woolly appearance the latter part of April.

BUSY PROGRAM PLANNED FOR FIRST M. E. CHURCH AT NEXT SUNDAY SERVICE

To a Times reporter Rev. H. D. Knieker, pastor of the First Methodist church, said the following remarks concerning his Sunday services and also:

"I have just got back from a trip to Dallas, where I went to help build a church in that thriving village. I had a remarkable proof of the saying that 'panic is purely a state of mind.' Last Sunday the main membership of which membership is made up of nearly all salaried people and wage earners, I took a subscription of nearly \$100,000.00 and \$15,000.00 of that in cash. This subscription was to build a church and yet there are folks in Wichita Falls who think that now is not the time to build anything. Let's move up on our psychology. That sacrificial giving is good for the soul, was evidenced that night in that Dallas suburb when I had 21 grown people converted. However, I think the opportunity is greater here in Wichita Falls than anywhere I know, and we are going to put it over."

"We have a great program planned for Sunday. It begins with the Sunday school which meets at 9:30. There is a contest on between the First Methodist Sunday school and the First Baptist. They beat us last Sunday. I reckon it was because, being used to deep water, they were unafraid of deep snow. If they beat us next Sunday I am going to make Brother W. H. Hamilton, superintendent of our Sunday school, give me a new hat."

"At 9:45 at the Olympic theater, I lecture to my men's Bible class on the subject, 'What Makes a Cornfield Nigger Happy?' Now he says to me: 'I get the men's class of the First Christian church beat us again. They beat us last Sunday. It's the 'Navy' and the 'Submarine' versus the 'Infantry.' Move up on 'Methodist doughboys.'"

"At 11 a. m. at the church my subject will be 'One Sentence That Will Solve Every Problem in the World in One Minute.'"

"At 7:30 I will continue my series of popular travel lectures. The subject will be 'Adventures in London Town.' The Olympic Palace, English Humor, Westminster Abbey, A Visit to John Wesley's Old Home, Sacred Souvenirs of Methodism, etc., will be some of the subjects."

"Special music by the big mixed chorus choir under the direction of Mrs. S. C. Huckabee at both services."

Phone 5947 for eight pounds Compound, #135. 277-1926

SETTLEMENT FOR OVER \$750,000 IN FAMOUS OIL SUIT

ROBERTS & HILL, INTERVENORS, AND W. M. PRIDDY, REACH AGREEMENT.

DIVISION OF LARGE SUM IS EFFECTED BY ACTION

Does Not Affect Main Issues in Case, Which is Now Before Higher Courts.

A settlement involving over three-quarters of a million dollars has been effected between W. H. Roberts and J. J. Hill on one side, and W. M. Priddy on the other, in the suit styled Clois Greene et al. vs. W. M. Priddy, in which suit Roberts and Hill were intervenors.

The settlement is of matters in controversy between the intervenors, Roberts and Hill, and the defendant, W. M. Priddy, and results in the division of over \$750,000 between the two parties. This settlement does not affect the main issue in the suit, as between Clois Greene et al. and Mr. Priddy. The suit was brought nearly two years ago by Clois Greene, R. M. Wagoner, C. E. McCutchen, A. C. Parks, J. N. Higgood and others against W. M. Priddy, and involved title to a lease on 30 acres 1,500 feet from the original Bob Wagoner well, owned at one time by the Godfrey Oil company and purchased by Mr. Priddy from P. F. Leish. This suit was tried in June, 1919, and an instructed verdict was returned for the plaintiffs. This was reversed and remanded by the court of civil appeals at Amarillo and the case was tried again last July, the jury returning a verdict for the defendant, Mr. Priddy. The plaintiffs appealed and the case is now before the court of appeals at Fort Worth; it will probably be heard in April.

The case is said to involve more actual money than any other ever tried here.

HAD SO MANY KISSES IT COST HIM \$30,000

Miss Margaret C. Lavezone of Chicago, who was awarded \$30,000 in her breach of promise suit against American Cuneo, son of a wealthy Chicago merchant, Miss Lavezone charged that Cuneo had wooed her with wild insistence, flattered upon her kisses too numerous for her to remember, pressed her to marry him and stampered her into consenting. After young America had done all this, Miss Lavezone explained, he went to Los Angeles, from where he wrote her had "lost his sense of affection."

LAST OFFICER TO LEAVE THE TALLAFERRO FIELD

FORT WORTH, Feb. 25.—Lieut. J. J. O'Connell, last officer left at Tallafferro aviation field here, received orders today to close his quarters and report to Kelly Field March 1. This field was erected in 1914 by the royal flying corps of Canada.

MOTHER PLEADS FOR LIFE OF HER BOY

Maggie Ray Writes to Sheriff Fred Smith and Judge Weldon in Pathetic Manner.

Pleading with all her maternal pathos, Mrs. Maggie Ray, mother of Floyd Ray, the negro who has been sentenced to be hanged, on March 18, has written a letter to Sheriff Fred Smith and Judge Weldon in which she asks that they spare the life of her son.

The letter, written from Fort Worth, follows:

"I thought I would write you a few lines in regard to my boy Floyd Ray. I am coming to you and Mr. Judge Weldon, I come to you in God's name, pleading to you all for my boy's life.

"I know you cannot be Christians. If you were you would not hang my poor boy. You all know he has not got all the sense in the world he ought to have. Floyd was raised here in Fort Worth, played with white girls, colored girls and never gave us any trouble about no kind of girls."

"I am sorry he stopped in Wichita. The white man told me that he put Floyd on the train to send him to work on a ranch. He said he was sorry that Floyd got off at Wichita. He said if Floyd had gone out on the ranch with Fort Worth people he would have been alright. He said if he had known that Floyd did not know where to get off at he would have sent him by himself."

"When Floyd was here in jail I was sick in bed and not able to do anything for him. He is now a throwed away boy. I did not know where to find them, that is why he had no one to speak for him, so I am pleading to you all to spare his life and let him die when God says die. No man has his life. God has no exception person. We all have to die."

"I would rather see him go to prison for life than hear of his neck being broken."

"Just think about your child, your

brother—I just think how you all would feel. He is a negro boy. The white people say that Wichita is a mean place. I don't know, I never was there.

"But I come to you all. Please spare his life for God's sake and for my sake. You could send him to the pen, if you please.

"To Sheriff Fred Smith and Judge

Weldon, Maggie Ray, 1102 East First street.

Nutrition Demonstrations Work

By IRENE J. Miss Eloise Berrin Thursday night weeks in Wichita, expert from the 1 tenation department of Texas.

When Mrs. M. M. Cross, nursing commission chairman, Mrs. Berrin, who is a nurse, visited the city for a community health week, which would have been a success had she not been here for a week.

"What did you do for a purposeful practical concern base of health than bitious humanitas brought her best immediately."

"I weighed and children in the prim five schools here, fourth of them to more under weigh rectly."

"Why should the average child life?" I asked.

"The average child mal' life, all right cent standards, but tion of health has been brought up i of the present 'n children who live under a Garden of eden, getting their roly 'normal' ma husles, etc., the would rather than the 'life-ten't' succo standards of 'nor have to bring up i ings to meet the i and 'ance. We hav well balanced a as nature would f der the first norm "And the avera

Nutrition Extension Expert from Austin Demonstrates What a Regular Nutrition Worker Would Do in the Public Schools

By IRENE M. DAVIDSON.

Miss Eloise Berry, who left for Austin Thursday night after spending two weeks in Wichita Falls, is a nutrition expert from the home economics extension department of the University of Texas.

When Mrs. M. M. Glover and the Red Cross nursing committee, of which she is chairman, invited Miss Berry to Wichita Falls they laid the cornerstone for a community health structure which would be sound from the basement up. And when Miss Berry finished her pioneer work here she had applied the spade in a vigorous two weeks of well directed excavation.

"What did you do?" I asked. Being a purposeful young woman whose practical concern with the nutrition base of health has grown into an ambitious humanitarian interest, she brought her best guns into position immediately.

"I weighed and measured 123 children in the primary departments of five schools here, and found one-fourth of them to be ten per cent or more under weight," she answered directly.

"Why should that be the case when the average child is living a normal life?" I asked.

"The average child is living a 'normal' life, all right, according to present standards, but the average condition of health surroundings has not been brought up to meet the demand of the present 'normal' life. If the children were living out in the open under a Garden of Eden arrangement, and getting their food in the only really 'normal' manner, from trees and bushes, etc., the health conditions would adjust themselves. But present day life isn't according to the natural standards of 'normal' living, and we have to bring up the health surroundings to meet the lower average of resistance. We have got to furnish as well balanced a ration by headwork as nature would furnish naturally, under the first normal conditions.

"And the average and even above-

the-average mother hasn't learned to do it. It takes time; a lot more time than would be necessary under the direction of a nutrition expert."

"Well," I said, "you can tell mothers these things, but children aren't so easily managed. A lot of them just naturally won't drink milk, for instance, and all child health experts emphasize the need of milk."

Weeks With Children.

"The nutrition expert does her work by getting the children interested," explained Miss Berry. "She works with the children, and with the mother. It's her business to take some of the burden from the mother's shoulders, in fact. And children in the primary departments are not hard to work with. They are amenable to health teaching to an astonishing degree, and the habits the health teacher is able to inculcate stay with them. They just learn to honor their physical condition along with their father and mother, as that their 'days may be long upon the earth,' etc."

Miss Berry had an arsenal of attractive looking scrapbooks and other material, including her weight and measure record of the school children of the Atman, Austin, San Jacinto, Travis and Houston school primary departments—all that she had time to visit during her two weeks' stay here.

The records were full and accurately worked-out from a standardized child health table of weights and measures. Opposite each primary child's name was his height, age and weight, and in other columns, what his weight should be for his height and age, and the per cent over or under weight.

The record represented tedious hours of work at the standard table. A copy of each room record had been made for use in the schools, and worked with the children during class periods the past two weeks had been to the end of interesting them in their physical condition, and the foods, habits and surroundings which will make them sound and healthful and capable of getting the most out of life.

"The nutrition worker went about her instruction during the time of her stay here in a happy manner, according to reports from the schools. The children entered into the fascinating health games with an interest and enjoyment natural enough to merit a continuance of the 'good' work in their behalf. They learned, through the various mediums of story-telling, pictures and the health games that cleanliness and rest are so essential to perfect physical condition as food, and that a natural taste may be easily acquired for the right foods. They learned why milk is absolutely essential to a healthy, growing child on account of the necessary lime content, and that fresh fruit and vegetables, plenty of water, fresh air and sunshine are also essential—and why.

"A child who learns the honest 'why' of a thing from a person in whom he has confidence, and doesn't have the feeling that that person wants him to eat or drink a thing simply because it is on the table or in the refrigerator, or for any other possible prejudice motive, doesn't easily forget it, and isn't easily argued out of it.

"Children are naturally led into proper healthful ways, because it is normal to seek health, and children are more nearly normal human beings than grown people for the reason that they haven't built up unnatural food-surrounding desires. The nutrition experts in the east and some of the middle west cities are making wonderful headway in their health work among the school children."

"Just exactly what does a nutrition expert do, and how is she employed?" I asked.

"She holds the nutrition classes in the schools, using the health games and interesting the children in the ways I have told about. Her instruction is definite, and she explains all the why's.

"Then she meets with the mothers in their parent-teacher organizations, or in any other way desirable. She can take charge of the school lunch planning. And she does individual visiting where the mothers invite her.

"She just picks up all the threads of nutrition work, in fact, and works them in wherever possible. But her steady work is with the children right in the class rooms, and it is that which, aside from her basic food study, requires the greatest training."

"She is employed by some towns through the Red Cross, and by the school boards in others.

"With the things that have been un-

earthly about physical condition, especially since the astounding facts made public during the war department's physical examination of men in the draft age, it won't be long until the whole United States will begin building health from the bottom up in the schools.

It is the easiest and simplest way. We wouldn't consider shouldering the burden of literary education of their children on their mothers, and with the exception of some of the fundamental health habits which, every mother should teach a child, it can be most easily done in the schools, with whole groups."

Miss Berry stated that children who had been found to be under weight in Wichita Falls could be taken to the child health centre, where the state and county board of health and the Red Cross co-operate to straighten out child health matters, and give health advice. If something is wrong physically, the health centre officials can make proper recommendations.

Where it is a matter simply of mal-

nutrition, she stated, then proper food habits must be begun and kept up. It is this condition that the nutrition expert is expected to remedy.

Miss Berry was the guest during her stay here of Mrs. M. M. Adickes. She spoke with sincere appreciation of the hospitality tendered her, and of the co-operation of all with whom she had worked.

trains. This consignment of fuel oil was for export to France. The company moved 73 cars of refined oils out of Burkburnett, destined to other points in the United States.

F. E. Clardy, vice-president and general manager, and J. Pfeiffer, superintendent of motive power of the Fort Worth & Denver City line were in the city Friday on their return to Fort Worth after an inspection trip over the entire line.

Elbert Blair, southwestern freight agent of the Chicago & Alton railway, who offices in Dallas was in Wichita Falls, Friday on business.

MAY SOON PURCHASE SITE ON WHICH TO BUILD HIGH SCHOOL

TRUSTEES NAME COMMITTEE FRIDAY TO GET PRICES ON TWO TRACTS.

FINAL DECISION LIKELY WHEN COST IS ASCERTAINED

Board Wants To Buy Before Prices Advance—Mother Of Tracts Near Residence Center.

Appointment of a committee to investigate prices of two tentative sites for the proposed new high school, was made Friday morning at a meeting of the school board, following an inspection of several locations which have been considered for the institution. While members of the board informally expressed themselves as being partial to one of the two locations, nothing in the way of a final decision was reached, nor will there be, it was agreed, until it is known that the land can be acquired at reasonable prices. One tract is owned in its entirety by a Wichita man who is anxious to sell to make the lowest possible price for his property. This tract, however, is considered less suitable than another, which is owned by about fifty different persons, and which cannot be acquired with nearly the same ease. The question of price will of course figure to a large extent. While it is obviously impossible to give the locations of the sites, no confidence is violated in stating that one is located in the neighborhood part of the city and the other in the southwestern. Neither is very close to either the center of the city or the center of the residence section, but the impossibility of obtaining a sufficiently large site that would really be convenient has long been realized by the school board. It is the hope of the board that at least 15 acres should be obtained for the site, so that there may be adequate room for play grounds, athletic fields and other things which are now pointedly lacking in this city's school equipment. The committee named today, is expected to submit a report within a few weeks, and definite action will be taken then. The board has deemed it wise to proceed without delay with purchase of a site for the million dollar building, which will be built, will probably be voted for some time, the trustees decided that a suitable site should be acquired before property values advanced any further. C. H. Clark, W. H. Friddy, W. E. Curtis and Mayor Cline accompanied the board on its trip Friday. The very urgent need for a new high school building, if not already apparent to every patron of the schools, will doubtless be emphasized next fall when the high school, after graduating about 50 in June, will have to find room for approximately 250 new students who come up from the junior high. The original idea of several members of the board was that the building be located on Ninth, would make an admirable high school site, but in this they met the opposition of J. E. Keaster, city planner, and of some members of the city administration.

EXPRESS FEAR THAT UNITED STATES WILL SEIZE THE ANTILLES

STATEMENT MADE BY FRENCH SENATOR FROM THAT COUNTRY.

DECLARES IT ESSENTIAL TO MONROE DOCTRINE

Says That The Antilles Prefer To Remain French And Would Protest Change.

PARIS, Feb. 25.—Fear that the United States will seize the French Antilles was raised here today by Senator Berenger, who represents the Antilles in the French senate, declared the islands are essential to America if the Monroe doctrine is to be upheld. The Petit Bleu declared there was an American danger, asserting: "Our American friends love us. They love to the point of absorbing us." Berenger issued his warning in an interview with the Petit Bleu, in which he said: "I am exceedingly happy that I have been re-elected from Guadeloupe. I am especially happy because it represents the attachment of the Antilles to France. I am opposed to the principle of separation which the United States would like to see implanted. "Already they are in Haiti and Cuba. In order to apply fully their famous Monroe doctrine, it is necessary that they have us. However, the Antilles desire to remain French. They have no desire to surrender to the big trustee." Berenger's warning was taken to the foreign office today. Officials of that department indicated they had no fear that the United States would attempt to take over the islands.

TO ASK REMOVAL OF MANY SIGN POLES BUSINESS DISTRICT

BUSINESS COUNCIL MOVES TO ELIMINATE OBSTRUCTIONS TO LIGHTING SYSTEM.

CANVASS MERCHANTS TO ASCERTAIN SENTIMENT

Luncheon Friday Has Discussion Of "Keeping The Falls In Wichita Falls" Urged By Ad Club.

The business council of the chamber of commerce Friday endorsed the view of its special committee, in recommending that poles, particularly electric poles, be removed from the business streets. A number of merchants, owners of sign poles sought to be removed, approved of the action, and agreed to co-operate. Action looking to stopping the placing of any more light or telephone poles in residence streets, confining them as much as possible to alleys, was also taken at the luncheon. The council heard a report on the organization of a city chorus, discussed a proposal from the Ad Club relative to use of this city's full name in advertising matter, and listened to some new plans for the spring-style show. Excellent attendance was noted at the meeting. Secretary Harrison read the report of the special committee, which said that in the section covered by the new street lights, it has found a total of 315 poles that should be removed; the committee urged that the board of aldermen be asked to act on this matter, and that some means be found for regulating the height, length and placing of electric signs; specific recommendations were made for removal of poles supporting private electric signs. Chairman Mytinger asked merchants to give their views on the matter. Burton Stetson said that his firm was one

of the offenders, and that it would be glad to remedy the matter by supporting the sign from the building. Jack Barnard, for the P. M. Co., took a similar view. J. W. Bradley said that his sign was not affected, but that he was in favor of the recommendation. W. W. Anderson said his company had delayed putting up an electric sign until it was sure what the city's action would be, and he favored the committee's view. He thought it would be difficult to regulate the distance which a sign might extend beyond the sidewalk line, saying the presence of awnings had to be considered. Secretary Harrison said that it was not for a moment intended to discourage electric signs, which he recognized as an attractive asset; however, he continued, if the present plan of such merchant making his sign extend just a little further than the next man's, it would not be long until Eighth street was arched by signs, and the advertising effect destroyed. E. F. Riley thought some difficulty might be met in attaching supports to the buildings, but said he was in favor of the recommendation. Doeh declared that any sign could be supported from the building, if the work were done properly. A. E. Miles brought up the question of removing utility poles from residence districts, saying this was a matter also to be considered. Mr. Harrison said that the time was coming when some such action should

be taken, and that it would depend upon public demand. Tom Snook took the view that a rule ought to be adopted at once to govern future installations, leaving the removal of poles already in to be considered later. C. C. Randle pointed out the difficulty of confining the poles strictly to the alleys. A motion to adopt and endorse the committee's report prevailed without dissent. To Test Sentiment. Chairman Mytinger appointed Burton Stetson, Jack Barnard and L. T. Watkins a committee to circulate a petition among the merchants and ascertain their sentiment in the matter. J. W. Bradley of the municipal chorus committee reported that while the idea had met with the approval of all clubs and organizations interviewed, he found that the Musicians club had already taken the initiative in the matter, and made a good start, making further action by the council unnecessary. T. Andrew Bradley, on behalf of the Ad club, presented the matter of using the name Wichita Falls, instead of the abbreviation Wichita, which caused confusion, as with Wichita, Kansas. Mr. Mytinger said that while the matter hadn't been presented to him before, the mill frequently received letters which had to be forwarded from Wichita, Kansas. Change Would Be Costly. J. O. Culbertson said it would cost

\$10,000 to change the name of the Wichita truck to the Wichita Falls truck. "It would be cheaper to change the name of Wichita, Kansas," he declared, amid much laughter. E. C. Doeh reported that plans for the street lighting celebration were practically complete, and that steps for raising the \$1,000 needed to finance it would be taken shortly. W. W. Anderson also reported upon some additional features of the Style and Auto show to be held at the same time. Several members of the council reported they had secured some new members for the chamber of commerce. Adjournment followed.

CREEK INDIANS TO MEET AT OLD STAMPING GROUND

OKMULGEE, OKLA., Feb. 25.—Members of the Creek Indian nation were to meet at the Cussetah stamping grounds, near here, this afternoon to consider matters affecting their future welfare. The meeting was called by Ben Grayson, chairman of the Okmulgee County Creek Indian club. It was understood the appointment of a chief by the president of the United States was to be among the questions discussed.

SAYS EAST WICHITA POSITIVELY WILL BE DRILLED IN SATURDAY

The exact status of the East Wichita well will be known tomorrow, according to H. A. Erwin, manager of the H. B. and H. P. Drilling company, who has been engaged to drill it in.

Mr. Williams, the former driller, failed to put in an appearance yesterday at the time specified by the board of directors and Mr. Erwin was engaged to complete the well.

Mr. Erwin stated today that the well will positively be drilled in tomorrow and that the drilling will not be done in private. He asserted that he would be able to tell in a short time whether or not the sand was there, but that if there was a big well he would be unable to bring it in tomorrow. He has no stock in the company nor does he own any of the surrounding acreage.

MILITARY POLICE OF IRELAND AMBUSHED

Three Hundred Men Attack Fifty Officers, Killing One And Wounding Six.

MACROOM, IRELAND, Feb. 25.—Fifty auxiliary police travelling in lorries were ambushed between this village and Ballyvourney this morning by 300 men. The ambushing party opened fire from the cover of rocks along the road, killing one policeman and wounding six. The fight was still going on at latest reports. The battle lasted two hours, at the end of which the military withdrew, leaving the attacking party still in possession of its position. Hundreds of reserves were then rushed up by the military from neighboring barracks and the attack was separated with the assistance of battle airplanes. In the first assault the major commanding the crown forces was killed and several of his men wounded, one mortally. The casualties of the ambushing party was not learned. The crown forces were unable to recover some of their wounded when they withdrew.

NEGRO POPULATION OFF

WASHINGTON, Feb. 25.—The negro population of New York City at the time of the 1920 census was 152,023, an increase of 41,578, or 44.5 per cent, the census bureau announced today. The white population was 5,452,004, an increase of 789,422, or 14.9 per cent, and all others 7,956. Negroes in Boston numbered 14,522, an increase of 2,794, or 20.6 per cent. The whites totaled 730,426, an increase of 74,750, or 11.4 per cent, and all others 1,312.

Healthy Young Womanhood

THE tendency to constipation begins with girls as they approach maturity, and that is the very time the mother should watch that the important function of daily elimination is regular and normal. Many thousands of mothers who have daughters will tell you they give only Dr. Caldwell's Syrup Pepsin. A teaspoonful is sufficient to relieve constipation and its commoner symptoms such as headache, bad complexion, loss of appetite and restlessness. Syrup Pepsin is a compound of Egyptian Beans and other simple laxative herbs with pepsin and glass-mixing aromatics, and a sixty-cent bottle is enough for many months. Eight million bottles were bought at drug stores last year, the highest sale of any kind in the world. Dr. Caldwell's Syrup Pepsin has been on the market thirty years and has not lost its popularity. Buy a bottle today and you will quickly see why it is so popular.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. E. Caldwell, 217 Washington St., Minneapolis, Ill. Enclose your card when you order, and it is well to know the best. Write me today.

Men's Spring Walk-Overs

Men, it is time to put aside those worn-out high Shoes and get into a pair of light, airy Oxfords.

There is nothing that puts the Spring feeling into a "fellow" like the first pair of "low cuts." The prices are much more reasonable this season than last. The quality is just as good and our stock is more complete than it has ever been.

Look the old shoes over. If you need a new pair—

LET YOUR NEXT PAIR BE WALK-OVERS

Speakers at City League Banquet Optimistic Over Outlook of Organization

SPORT SHOTS

By Paul W. Larkin
The signed contract of Danny Gross was received at the baseball office today. Danny joined the club near the end of the banquet last night. The organization should be a hum-dinger this season. All those present fully realized the lack of interest that was taken in the circuit last year by the big majority and all promised faithfully to do better next year. Next Thursday's meeting will tell the tale. The executive board will convene then and it is to be hoped that there will be a meeting at which something definite will be done. The spirit is there, but it has to be cultivated. There's plenty of work to be done.

Advice Flowed Freely.
If the City League moguls take to heart the advice that was handed out at the banquet last night the organization should be a hum-dinger this season. All those present fully realized the lack of interest that was taken in the circuit last year by the big majority and all promised faithfully to do better next year. Next Thursday's meeting will tell the tale. The executive board will convene then and it is to be hoped that there will be a meeting at which something definite will be done. The spirit is there, but it has to be cultivated. There's plenty of work to be done.

Viner Confesses.
Wonder who Mr. Viner went visiting the other night. Bill let the boys in on an interesting story which, according to him, took place in the home of the husband of a girl who he was visiting. That he has been given to understand that that being done quite a bit this season, but Bill is the first one with whom ever came in contact that accepted the nomination publicly.

Umpires Needed.
Jack Culbertson brought out a point last night that the City League moguls can not afford to overlook. It is the question of umpires. The league was sadly lacking in capable arbiters last year, and this should be one of the matters that should come up for consideration. It is the only man in the country who can handle a game right and it should not be necessary for a member of one of the competing teams to officiate.

Comiskey Hopes.
Charlie Comiskey must have a lot of faith in his club as it stands now. The White Sox owner is contemplating enlarging his park to accommodate the "world series" game. Comiskey is about the only man in the country who thinks that the Sox have even an outside chance to cop. If the wrecked crew does make a good showing and keeps up in the race it will not be the fault of the other club owners in the American league. Charlie has absolutely nothing to thank them for except their best wishes.

Another Famous "Hoop of Paper."
See where Pete Herman was slipped a hot check in the hands of the bank with Jimmy Wilde in London. You know the kind—those that are made of rubber and bound right back at you. Pete was paid with a check and had a friend cash it for him. When the friend went around to the bank to collect he was told to "quit your kiddin'." The friend tried to get his money, but the latter told him he would settle as soon as he reached his country. He is now on his side of the pond, while the friend is in the hands of the promoters in France. The chances are that Goldman will be sued for the amount. Probably no one will get the money in the end. The man who told him to cash the check in a foreign land again. Checks are all right to use when forwarding baggage, but not to pay fighters.

Action Appear to Santeos.
The fact that Hughie Jennings and Ty Cobb will both be in the bank directing the training of different clubs will add a little zest to the spring doings of their outfits. The Giants and Tigers are the only "big" clubs to be formed in either league anyway, and with these two fire-eaters guiding their destinies, there should be action aplenty. It is a pity that the two clubs will be followed closely in their leagues by Santeos fans at least.

MANAGER MITCHELL HAS ONE MORE TO WORRY HIM
ST. CLOUD, MINN., Feb. 25.—Joseph Jager, last season member of the Chicago National Baseball club, is uncertain about signing the 1921 contract sent him by Manager Evers. Jager, who has brought to the attention of the big league scouts by his pitching during his army service, did but little work for the Chicago club last season, although Manager Mitchell liked his underhand delivery.

DUNDEE AND JACKSON MEET FOR ELEVENTH TIME TONIGHT
NEW YORK, Feb. 25.—Johnny Dundee and Willie Jackson were to hit the long, long trail with another fight here tonight. It is the pairing of the two men, only one of them being in decision. At Philadelphia in their last bout Jackson dropped the jumping Johnny for the count.

FOUR ATHLETIC HURLERS GET FIRST WORKOVER
LAKE CHARLES, LA., Feb. 25.—Pitcher Perry, Ray, Bigbee and Moore donned athletic uniforms today and took their first workout. Manager Connie Mack announced he will keep eight of thirteen hurlers he is now working.

More vs. Tremaine Tonight.
CLEVELAND, Feb. 25.—Pal Moore, Memphis bantamweight, and Carl Tremaine, Cleveland, will clash in the main ten-round bout of a boxing show here tonight. Henry Kerstein, Cleveland lightweight, will meet Willie Ames, Akron, in the ten-round semi-final. Get the Nichols Rheumatic Remedy a sure thing—At Retail Drug Stores.

THREE NEW MANAGERS TO HAVE TOUGH JOBS

Evers, Mitchell and Donovan Must Do a Lot of Rebuilding, According to Present Dope.

Three managers in the National League, Johnny Evers, the Cubs, Fred Mitchell of the Braves, and Bill Donovan of the Phillies, have a hard task ahead of them. They are the only new blood in the sport and they are taken hold of clubs that require a lot of rebuilding even to finish in the money. Evers, Mitchell and Donovan are the only new blood in the sport and they are taken hold of clubs that require a lot of rebuilding even to finish in the money. Evers, Mitchell and Donovan are the only new blood in the sport and they are taken hold of clubs that require a lot of rebuilding even to finish in the money.

More Competition This Year.
There is one thing I want to impress upon everybody and that is that the City League was an organization last year, but an organization, nevertheless. There will be far more competition in the league this year than there was last year. It was the last year for applications for entrance from six teams which did not enter a team last season. The cup was received on behalf of the Motor club, which had two out of the three new field bosses. He has undertaken to direct a club that several baseball men declined. The position was offered to Shortstop Bob Fletcher of the Phillies, but he refused with thanks. Mike Kelley, manager of the St. Paul club, has gone so far as to accept terms from President William Baker, after analyzing the club decided to remain in the minors. Donovan does not even have the nucleus of a fair team and unless he is lucky in getting new players, he will probably find himself out of a job at the end of the season.

Cobb Has Ideas of His Own When It Comes to Scouting
Ty Cobb not only has ideas about training ball players and wasting their energies in morning practice, he also has some views on scouting, and he should be consulted at once. Navin, who has spent more money probably for scouts in the past ten years than any other manager in the league, can't see the advantage of the present system of having scouts wander all over the country looking at players for railroad fare. He thinks an umpire in each league would be first for such work, though he might find some objections raised to that.

Both St. Louis Teams Are Working Out Rookies
ST. LOUIS, Feb. 25.—Fletcher Emilio Palmero, right hander, is the only pitcher of the St. Louis American, according to a dispatch from Bogalusa, La., where Manager Lee Dobbins has his battermen in training. Palmero is expected at any time, however.

Benny Kauff Has Not Signed With Giants Yet
WHEELING, W. VA., Feb. 25.—A F. Stevens, business manager of the New York National League club, is still awaiting the arrival here of Benny Kauff for the purpose, he says, of doing him to sign a contract for the coming season.

Managers Sure to Be in St. Louis One More Year
KANSAS CITY, MO., Feb. 25.—Roger Hornsby, St. Louis shortstop, will wear a Cardinal uniform for another season. He is en route to training camp at Fort Worth, Texas. Hornsby set at rest any intimation that he might join the New York Giants, by announcing that he had signed with the St. Louis National league club two days ago. The salary figure was withheld.

Track Stars to Compete in Annual Chicago Meet
CHICAGO, Feb. 25.—Zeb Terry, second baseman of the Chicago Nationals, has signed his 1921 contract, it was announced today.

Donovan Defeats Rose.
FALL RIVER, MASS., Feb. 25.—Johnny Donovan of South Boston easily defeated Johnny Rose of St. Paul in a ten-round bout here last night.

Every Round Goes to Benny Leonard

ST. LOUIS, Feb. 25.—Benny Leonard, world lightweight champion, easily defeated Joe Welling of Chicago in an eight-round bout here last night. Leonard, who took every round, scored heavily. He sent Welling sprawling to the canvas in the fifth round with a vicious right cross. Welling took the count of five and then clinched for the remainder of the round.

COCHRAN WORKS WAY TO THIRD ROUND

State Champion Defeated by Kampman in Extra Hole Match at Houston.

HOUSTON, Feb. 25.—With the championship field narrowed down to eight men, some good golf is expected here today in the third round of the semi-finals of the invitation meet. Bob Kampman of San Antonio, Ad Langhorne of Houston, Randon Porter of Houston and C. L. Dexter of Dallas are in the upper half. T. Cochran of Wichita Falls, George Rotan, Bryant Heard and Billy Hugg of Houston are in the lower brackets.

Holdouts Evidently Overlook Important Clause in Contracts

In the event of a player failing to report for practice or to participate in the exhibition games as provided for in his contract, he shall be liable to a penalty by way of fine may be imposed on the player or they are deducted from the compensation stipulated herein.

That a clause in the new form of baseball contracts which the players must sign and it is a clause that many of the holdouts are evidently overlooking. There are many holdouts nowdays as there used to be in the past, and it is a clause that many of the holdouts are overlooking. There are many holdouts nowdays as there used to be in the past, and it is a clause that many of the holdouts are overlooking.

Both St. Louis Teams Are Working Out Rookies
ST. LOUIS, Feb. 25.—Fletcher Emilio Palmero, right hander, is the only pitcher of the St. Louis American, according to a dispatch from Bogalusa, La., where Manager Lee Dobbins has his battermen in training. Palmero is expected at any time, however.

NOTHING NEW ABOUT CARL MAYS' DELIVERY

Few Hurlers in Older Days Used "Submarine" Ball With Success.

There is nothing new under the sun at least the trainer tells us. The lack of it for Mack was a powerful pitcher in the American league who saw Carl Mays pitch his underhand ball some upon an almost replica of Big Jim McCormack, who pitched for the Cleveland and Chicago clubs of the National league from 1883 until 1887.

THE FAN CLUB.
The American polo team that will be selected from such stars as Milburn, Hitchcock, Webb, Ramsey and Stoddard has put in a winter of hard practice at competition. As Carl Mays, who flourished during the period between 1883 and 1892. Some writers credit Rhines with being the originator of the underhand curve or the ball. Others say Rhines was taught the delivery by the famous McCormack. However, Billy Rhines was a complete master of a raise ball that was a thing of beauty, and perhaps his work for the Cincinnati Reds in 1890 classes with the great hurlers framed up by the great hurlers of the past.

IN COUCH'S DAY.
Frank Smith outlasted the greatest field more than any wrestler has done since, despite the opinions of many experts that Stetcher and Lewis could have thrown him.

BRUTALITY AND RICE.
It is no easy matter for the outsider to decide what is brutal in sport and what is not. Tackling at one time was supposed to be a brutal feature of football. Yet we have seen coaches who stood up to be tackled roughly for twenty minutes at a time without blinking an eye.

CINCINNATI REDS HAVE LONG EXHIBITION SCHEDULE
CINCINNATI, Feb. 25.—An extensive schedule of practice games has been completed for the Cincinnati National league baseball club beginning March 11, with a six game series in Texas with the Columbus team of the American Association. The schedule follows: March 11, 12, 13, 14, 15, Columbus at Cincin; March 16, 17, 18, Port Worth at Cincin; March 19, 20, Chicago Americans at Fort Worth; March 21, 22, Columbus at Cincin; March 24 and 25, Dallas at Dallas; March 26 and 27, Cleveland at Dallas; March 28, Detroit at Fort Worth; March 29, Oklahoma City at Oklahoma City; March 30, Tulsa at Tulsa; March 31, Ind. at Ind.; April 1, Wichita at Wichita; April 2 and 3, Kansas City at Kansas City; April 4 and 5, Joplin at Joplin; April 6 and 7, Indianapolis at Indianapolis; April 8 and 9, Cleveland at Cincinnati; March 7 for Cincin.

BRVES DISCARD INDIAN.
HOUSTON, Feb. 25.—The Boston Braves going off to the Indian sign today. Manager Fred Mitchell announced that the Indian head which has decorated the uniforms of Boston's losing teams will be discontinued with the plain initial "B".

MANAGER MITCHELL HAS ONE MORE TO WORRY HIM

ST. CLOUD, MINN., Feb. 25.—Joseph Jager, last season member of the Chicago National Baseball club, is uncertain about signing the 1921 contract sent him by Manager Evers. Jager, who has brought to the attention of the big league scouts by his pitching during his army service, did but little work for the Chicago club last season, although Manager Mitchell liked his underhand delivery.

Contract Awarded For Sewer Outlet, Contest Is Hinted. L. E. Whitham & Company were awarded the contract for construction of the city's sanitary sewer outlet. The project was formed last fall at Gainesville, Fla.

Confident Sister Was Murdered and Has Body Exhumed

LAKE CHARLES, LA., Feb. 25.—Positive that his sister, Mrs. William Williams was murdered at Guadalupe, Vermilion Parish, on February 2, Isaac Joseph, her brother, who lives in Sulphur, caused the body to be exhumed at Grandcane cemetery at Lake Charles, Mrs. Williams was found dead with a pistol wound in her abdomen. The report given to the newspapers was that the wound was self-inflicted, due to ill health and dependency. Her brother states that his sister's health was good and as she had a two months old baby he was sure she would not have shot herself.

SIXTY-SIX MILLION EXPORT SHRINKAGE MONTH OF JANUARY

WASHINGTON, Feb. 25.—A shrinkage of \$66,000,000 in American exports in January was reported today by the department of commerce. Imports for the month fell off \$5,000,000 as compared with December figures.

CONTRACT AWARDED FOR SEWER OUTLET, CONTEST IS HINTED. L. E. Whitham & Company were awarded the contract for construction of the city's sanitary sewer outlet.
