

West Texas: Tonight and Wednesday partly cloudy, warmer tonight except in southern portion, warmer in north and east portion Wednesday.

ATTERBURY AGAIN ON WITNESS STAND IN WAGE HEARING

FOURTH DAY OF CROSS QUESTIONING OF RAILWAY EXECUTIVES.

ADMITS SPY SYSTEM ON PENNSYLVANIA ROAD

Had Little Armies at Various Points Where Guns and Ammunition Were Kept.

CHICAGO, March 22.—Brigadier General W. W. Atterbury, vice president of the Pennsylvania lines, testified before the railroad labor today that his railroad "maintained an extensive spy and espionage system among its employees," and that it "had little armies at various points where guns and ammunition were kept."

The testimony was given during cross examination by Frank P. Walsh, labor attorney, who charged that the Pennsylvania road spent \$300,000 a year in maintaining systems and that many of this really was used in keeping up a spy system among its employees. Mr. Walsh was unable to question deeply into the matter as Judge R. M. Barton, chairman of the board, held that the subject had not come before the board.

The letter as presented by Mr. Walsh read as follows:

"St. Louis, Mo., March 10, 1921.
To All Supervisory Employees.
In compliance with the decision reached at meeting of all general superintendents in St. Louis on March 2, it is desired that you acquaint yourselves with the attitude of all employees relative to the proposed reduction in wages scheduled for some time during the month of April, 1921. It is desired that you ascertain fully as possible the feeling of the employees in regard to this matter, reporting to your superior the results of your investigations along with the source of same.

In connection with this proposed investigation would advise that you use every available means to get this information without resorting to defamation of all labor organizations if necessary.

Trusting that this matter is fully understood by all concerned and that you expedite this matter as the information desired is to be used informally in any conference that may call for the representatives of employees.

Yours truly,
W. W. GREER,
General Manager.

Coughs Up Bullet Carried in Head Since Civil War

LANETT, ALA., March 22.—W. V. Meadows, 78, a veteran of the civil war who was shot in the eye at the battle of Vicksburg, July 1, 1862, today coughed out the bullet and is in his usual good health, despite the fact that he had carried the slug weighing approximately 100 grains in his head for 58 years. Mr. Meadows was a member of Co. G, 27th Alabama Infantry.

SPECTACULAR EXPLOSION DESTROYS A FIRE WORKS PLANT NEAR CINCINNATI

CINCINNATI, OHIO, March 22.—A series of explosions that shook houses within a radius of two miles and hurled fireworks, bombs and other pyrotechnics over a wide area, today destroyed a fire works plant near Reading, a suburb.

MAJOR GENERAL WOOD TO RETIRE FROM SERVICE TO HEAD PENN. UNIVERSITY

WASHINGTON, March 22.—Major General Leonard Wood will retire from active service in the army to become head of Pennsylvania university after he returns from the Philippines. It was learned today at the war department.

FORMER GOVERNOR BROUGH REPORTED IMPROVED TODAY

LITTLE ROCK, ARK., March 22.—The condition of former Governor Chas. H. Brough, which fell yesterday became very grave as the result of acute nephritis and cardiac irregularity, today was reported as somewhat improved. Mr. Brough recently underwent a surgical operation but had left the hospital and was believed to be on the way to speedy recovery when complications arose which endanger his life.

SENTENCE IMPOSED ON MASTER PLUMBERS AND CORPORATIONS

NEW YORK, March 22.—Jail sentences and fines ranging from \$250 to \$1,000 were imposed today on nearly two score of fifty-two master plumbers and corporations, indicted last December in connection with the building investigation on a charge of violating the state anti-trust law.

They were arraigned on pleas of guilty shortly after a jury returned a verdict finding Charles A. Murphy, John A. Knight and the Wells & Newton company guilty and clearing Frank J. Fox of the same charge. The heaviest jail sentence was 30 days and the largest fine was imposed on the Hopkins plumbing company. Several penalties were suspended.

MAY GET DIPLOMATIC POST.

RUSSIAN BOLSHEVIK FORCES NOW OCCUPY THE CITY OF BATUM

Nelson O'Shaughnessy of New York, former Charge d'Affaires in the American embassy in Mexico City, photographed while leaving the White House after a call on the president slated for a diplomatic post.

RUSSIAN BOLSHEVIK FORCES NOW OCCUPY THE CITY OF BATUM

Batum advises under date of March 20 that the Turkish nationalistic forces, which recently occupied Batum had left that city and that a soviet government had been established there.

The Turks, it was added, were shelling Batum, causing damage to property.

The Turkish nationalistic forces occupied Batum early this month, it was reported from London, their arrival apparently preceding that of Russian bolshevik forces in the Caucasus, which had been attempting to reach Batum before the Turks.

RUSSIA BOASTS PLAN TO CONQUER THE WORLD

By ED L. KEEN
United Press Staff Correspondent.
LONDON, March 22.—Russia laid plans today to become a world power. The French, believing these plans included a military offensive against weak European nations, hurriedly sent General Weigand to aid Poland in preparing her defense. Despite the peace treaty signed last week the French desire cover a wide area of the world.

France also declared there was proof of "communist intentions to go through with the former Russian plan of an extensive campaign which would take the red armies through Rumania, Hungary, Czechoslovakia and Serbia. It persuaded the Russian communists to approve free trade in surplus farm products and a renunciation of requisitions on produce.

Temporary Measure.
While Lenin states clearly that this was a temporary measure, the commercial instincts of the Russians were aroused. They now see the nation once more a world power in trade. Even the official publication "Pravda" declared:

"We undoubtedly are entering a new phase of international relations in general and economic in particular."
"In the last few days treaties have been concluded with Great Britain, Poland and Turkey. Others are negotiating."

"Clearly soviet Russia is to become a mighty world power. This will be recognized in the world's stock exchange."

The "Pravda's" hint regarding stock exchanges revived a belief that communistic principles are to be sacrificed for "practical" observers here believed that even the Russian ruble may be revived and again be given a place in the foreign exchange table. There was little doubt that capital will be invited to establish enterprises to be listed in the stock exchanges.

WARSHIPS STATIONED AT KRONSTADT SURRENDER

STOCKHOLM, March 22.—Russian warships at Kronstadt, Petrograd, Pavlovsk and Sebastopol, which were surrendered at Kronstadt during the revolt, today were reported to be in the hands of the bolsheviks. Little damage having been done to them.

The bombardment caused enormous damage in Oranienbaum. Houses were destroyed and its saw mill and several factories are in ruins. Many persons were killed and wounded, but in Petrohof only a few shells fell. Fugitives say the crews of the warship could not be relied on, orders given for open fire being disregarded for hours while the men engaged in political discussions.

BRECKENRIDGE WELL-FLOW TANKS ON FIRE

BRECKENRIDGE, TEX., March 22.—Flow tanks of the Lucky Waller oil well here were set on fire late last night by lightning and at noon today were still burning. Steam was being played on the well by many boilers. Many neighboring wells are threatened by the fire.

FOREIGN AFFAIRS

OCCUPY ATTENTION CABINET MEETING

SECRETARY HUGHES FURNISHES A GENERAL SURVEY OF CONDITIONS.

MAKES NO RECOMMENDATIONS REGARDING THE PROBLEMS

Not Thought That League Of Nations Or Versailles Treaty Were Discussed.

WASHINGTON, March 22.—Foreign affairs occupied the major attention of President Harding and his cabinet at their meeting today. Secretary Hughes laid before the cabinet a general survey of the foreign relations of the United States. He made no recommendations regarding the problems, it was said.

The discussion, it was understood, referred to the question involved in the forthcoming visit of Rene Viviani, former French premier.

The allied debt situation also is understood to have figured in the discussion although nothing definite was said on this point.

If there was any discussion on the League of Nations and Versailles treaty no intimation of it was given during the cabinet meeting but it is likely that these questions came before the cabinet.

FIVE CAPTURED MEN ARRESTED IN FEBRUARY

Put Off Terrific Fight When a Wire-less Ordered Their Arrest On Ship.

NEW ORLEANS, LA., March 22.—Five men said to be wanted in connection with the Wall street bomb explosion last year were brought here today from Rio de Janeiro on the shipboard boat steamer Rushville.

The men are sailors and give their nationality as German or Russian. They are shackled hand and foot.

Names of the men as placed on the register of the parish prison here where they are being held incommunicado are:

Philip Bender alias "Chief" Lionel Kueberuff, Rudolph Dorp, Hans Rardin and Henrik Lipan. All are apparently of the Russian nationality.

Among their effects were atlases, maps and a large quantity of correspondence.

It was said to live on South street, New York City.

Arrested in February.

The five captured men were arrested last February on the shipboard boat vessel City of Alton, where they were working as members of the crew.

According to Captain J. H. Van Winkle, in command of the City of Alton, a terrific fight ensued on the mail line, when word was received by wireless from United States authorities as to the identity of the men, accompanied by instructions for their arrest. They were finally overpowered, shackled and a strong guard placed over them.

The men were taken in irons to Rio de Janeiro, according to Captain Van Winkle, and then taken to New York. Finally the steamer Yoro of the Munson line was engaged to take them aboard.

Another fight was taken to Rio de Janeiro where the Yoro turned them back to the Rio de Janeiro prison.

The Rushville arrived in Rio de Janeiro at the time and Captain Van Winkle said American Consul Thomas persuaded him to undertake to handle the matter and the men were taken to the United States prison and held in manacles.

Department of justice officials declined to discuss their names or just what the situation would be in New York. It was stated, however, they were wanted in connection with the investigation into the Wall street explosion.

Department of justice officials and members of the force at the parish prison where the five prisoners are being held refused absolutely to even discuss the captives after their incarceration.

"Awaiting instructions," was the only comment at the department of justice.

In a communique," was the word at the parish prison.

Although the men were held incommunicado at the parish prison, a New Orleans item reporter managed to talk with Bender and reported him as saying that while he resided in America he "was not an American."

To other questions he said he didn't care to talk for newspapers "vilified and misrepresented him."

CALL MINE STRIKE IN DEFAVOR OF A COURT INJUNCTION

PITTSBURG, KAN., March 22.—A strike of 150 coal miners called by Alexander Howat and the Kansas miners union executive committee in defiance of the court of industrial relations and the injunction of Judge A. J. Curran of the Crawford county district court, went into effect this morning.

The mines affected by the strike operate a deep steam shovel plant near Frontenac, a deep mine near Pittsburg and a deep mine near Englewick, all operated by the Patton Coal Mining company. The original dispute concerned a mine boss at the steam shovel whose discharge was demanded by union officials. A brief strike occurred over the dispute. The boss was discharged. The boss was discharged, but since that time the mine has been operated by a part of the union. The union officials declare non-operation is due to the dispute over the boss.

The action of Howat and the district board is considered in mining circles here as a direct challenge to the state and to Judge Curran whose injunction is violated.

ONE NEGRO KILLED POSSEMAN WOUNDED IN ARKANSAS RAID

FOREST CITY, ARK., March 22.—One negro was killed, a posseman was slightly wounded, sixteen negroes were arrested and a still and several jugs of "moonshine" liquor were seized by a sheriff's posse which late yesterday exchanged shots with the negroes who were found barricaded in a house at Kinzy, Arkansas, near here.

The posse was organized to rout the negroes after two white men had been fired on while passing in the roadway near the house.

James Harris, the posseman wounded yesterday, exchanged shots with the negroes who were found barricaded in a house at Kinzy, Arkansas, near here.

More than a score of guns and pistols were found in the house occupied by the negroes. They were brought here and placed in the county jail.

REPLY OF GERMANY TO ENTENTE DEMAND IS NO, SAYS BERLIN

BERLIN, March 22.—Germany's reply to the demand of the entente for the payment before March 23, of one billion marks gold to apply on reparations obligations will be in the negative, it was unofficially stated today.

The allied reparations commission in a note sent March 14 demanding fulfillment by Germany of Article 225 of the peace treaty notified the German government that it must pay one billion marks gold before March 23 and that she should comply by the payment of twenty billion marks gold by May 1. Germany was given until April 1 to submit the balance of the twenty billion marks otherwise than in cash, having the privilege of bringing forward a plan for a foreign loan, the proceeds of which should be payable to the commission, however, that Germany had virtually refused to pay the balance, asserting that the twenty billion marks have already been paid in full.

The greatest sum they could compute as having been paid by Germany against the account could hardly reach eight billion marks by May 1. It is therefore, the initial payment of one billion marks and a balance of at least seven billion marks that the allied are demanding of the German government.

DEPARTMENT OF JUSTICE AWAITING DEVELOPMENTS

WASHINGTON, March 22.—Department of justice officials declined today to discuss the detention at New Orleans of five men said to be wanted in connection with the Wall street bomb explosion. They said they had long distanced the matter and are awaiting developments. Presumably the call was to the department of justice agent at New Orleans.

MEN CONVICTED ARE IN SHREVEPORT JAIL

SHREVEPORT, LA., March 22.—John R. Parker, Loganport, and Earl R. Holmes, Burton, Kansas, convicted in De Soto Parish yesterday for murder of Wilmer M. Roberts near Mansfield, were returned to Shreveport for safe keeping today.

Governor Parker was expected to fix the date of hanging in a few days, authorities said.

FACULTY MEMBER AND SIX OR MORE STUDENTS INJURED

ATLANTA, GA., March 22.—Dr. A. R. Biss, member of the faculty of Emory university and six or more students were injured in an explosion in the pharmacology laboratory of the university.

Authorities of the university believe the explosion resulted from gas ignition. The laboratory was badly damaged. Approximately thirty students were in the room at the time.

The explosion occurred just before the opening of the winter term convocation exercises in the university chapel and as students and friends were gathering on the campus for the graduation March of the students who were to receive degrees.

Using Airplanes As Rum Runners

SAN ANTONIO, TEXAS, March 22.—With from fifteen to twenty airplanes reported making weekly trips across the border as rum runners, prohibition agents along the Rio Grande have appealed for army airplanes to help solve the high flying liquor traffic.

Agents are claimed to have checked movement of planes from Matamoros to Nebraska, Montana, Ohio and Illinois.

ARRIVE WITH FIVE MEN ARRESTED IN N. Y. BOMB CASE

SHACKLED HAND AND FOOT ON VESSEL FROM RIO DE JANEIRO.

FIVE CAPTURED MEN ARRESTED IN FEBRUARY

Put Off Terrific Fight When a Wire-less Ordered Their Arrest On Ship.

NEW ORLEANS, LA., March 22.—Five men said to be wanted in connection with the Wall street bomb explosion last year were brought here today from Rio de Janeiro on the shipboard boat steamer Rushville.

The men are sailors and give their nationality as German or Russian. They are shackled hand and foot.

Names of the men as placed on the register of the parish prison here where they are being held incommunicado are:

Philip Bender alias "Chief" Lionel Kueberuff, Rudolph Dorp, Hans Rardin and Henrik Lipan. All are apparently of the Russian nationality.

Among their effects were atlases, maps and a large quantity of correspondence.

It was said to live on South street, New York City.

Arrested in February.

"Awaiting instructions," was the only comment at the department of justice.

In a communique," was the word at the parish prison.

Although the men were held incommunicado at the parish prison, a New Orleans item reporter managed to talk with Bender and reported him as saying that while he resided in America he "was not an American."

To other questions he said he didn't care to talk for newspapers "vilified and misrepresented him."

DRIVE ON SPECIAL TERM OF CONGRESS FOR FARM RELIEF

DELEGATES FROM ALL STATES WILL BE IN WASHINGTON APRIL 11.

PROVIDES A DELICATE SITUATION FOR MEMBERS

Program Will Encounter Opposition And Success Of Move Is Doubtful.

By RALPH H. TURNER
United Press Staff Correspondent.

WASHINGTON, March 22.—A drive upon congress in the interest of farm relief legislation will be started coincidentally with the opening of the special session on April 11, it was learned today. On that date delegates from all states will come here for an executive meeting of the American farm bureau federation, representing farmers and half farmers. A week later representatives of the National Farmers Union and National Milk Producers Association will gather here. Delegates of all three organizations will urge upon congress that promises for relief be translated into action.

The farmers' demands for relief will include one for an embargo on products, hide and wool and other commodities. Farmers, according to their representatives are losing hope in tariff relief, fearing that an emergency tariff may be held up in congress and that permanent revision may take from seven to nine months.

The campaign of the farmers is one of a delicate tariff and revenue situation.

Tariff a Farmer Victory.

A second angle was presented in congress where the house ways and means committee reported a bill for a permanent tariff law in accordance with a program sanctioned by congressional leaders and tentatively approved by President Harding. This program is a farmer victory.

It contemplates passage of the Fordney emergency tariff in the same form as voted by congress, without exception, that it will be limited to six months instead of a year; next in order, an anti-dumping bill and a measure having import duties on American instead of foreign values and then permanent tariff relief followed by revenue revision. While the Fordney anti-dumping bill is pending, all emergency measures are being passed, the ways and means committee will write the permanent tariff and the senate finance committee will hold hearings on revenue revision.

This program will encounter democratic and perhaps some republican opposition. It is doubtful whether it can be carried out.

Despite the fact that republicans want to show unusual speed it is doubtful whether the program can be reached before December under the program.

SLATED FOR AMBASSADOR.

PRO-GERMAN RESULT IN UPPER SILESIA IS BLOW TO THE FRENCH

POLISH MINERS FAVOR GERMAN SOVEREIGNTY

France Objects To The Aid Results Give Germany In Economic Way.

CHEERING THOUSANDS IN WARSAW RECEIVE NEWS

WARSAW, March 22.—Optimistic news from the plebiscite districts in Upper Silesia tonight was received by cheering thousands gathered in an open air meeting here. The celebrators improvised an altar at which prayers were offered for the territory they believed had been regained for Poland after a separation of more than 600 years.

The meeting was called by enthusiastic among the plebiscite districts. The cheering was for the fact that the late editions of the newspapers showed the returns upon which the rejoicing was based were unofficial and incomplete.

Returns from Sunday's plebiscite in Upper Silesia, received Monday, showed a German vote of 500,000 for the whole territory on a scale of about 2 to 1 in favor of Germany. These returns were borne out in large measure by returns from the districts Monday night, which reported the Upper Silesia vote generally in favor of Germany, but that sections of the territory, notably the southern section to the east and the south of the line running from Rosenberg to Krappitz, had voted in favor of Poland.

The latest German advice indicates a lessening of the feeling of jubilation that was reported throughout Germany as a result of the returns from the voting in a lesser degree of German preponderance that was expected being shown. It has been printed out by the German press, likewise, that under the treaty the German vote for Poland to take into consideration the voting by communes and the economic relations of the various sections, some of which, it was felt, might be considered Poland, notably certain regions which are regarded as highly important to German industry.

EXPECTED COAL REGION WILL BE GIVEN POLAND

By EDWIN HULLINGER
United Press Staff Correspondent.

POLLN, March 22.—Germany despite her victory in the plebiscite in the rich coal district of upper Silesia, it was indicated today on adjournment of the allied council of ambassadors.

It was stated that when the ambassadors meet early next month upper Silesia will be partitioned with the coal region, the districts greatest asset, going to Poland.

Paris regarded the balloting as an attempt to determine the sentiment of the plebiscite prior to dividing the district between the two nations. It is believed that Germany was especially interested in retaining the coal mines as the basis for her industrial life. Geologists place the total reserve there at sixty-two billion tons.

The council was supposed to have definite figures on the plebiscite but refused to make them public. The French press was filled with comment on the balloting, universal disappointment being expressed at the failure of the Poles to obtain a majority. The press argued, however, that final disposition of the territory lay with the allies and predicted Poland will win a large slice of the district.

REPORT DISORDERS WHERE THE VOTE WAS CLOSER

OPPELN, March 22.—Disorders are reported at Beuthen, where the closeness of the vote had led to discord and charges of fraud. There has been some shooting during the trouble there, according to the German plebiscite commission.

Districts where the plebiscite held on Sunday showed a substantial majority in favor of either Poland or Germany have been quiet.

GERMANY QUIET DESPITE OVERWHELMING VICTORY

BERLIN, March 22.—Under advice of government officials Germany was quiet despite the overwhelming victory won in the Upper Silesian plebiscite. Figures announced by Foreign Minister Von Simons said the vote territory won to Germany by a ratio of 112,700 to Poland's 460,700.

TEXAS VEGETABLE AND FRUIT SECTION ESCAPES A FREEZE

DALLAS, TEXAS, March 22.—Freezing weather in the early fruit and truck gardening section of Texas is improbable as the result of the sudden drop in temperature yesterday, according to local weather bureau. While the cold was accompanied by snow and sleet in the Panhandle and parts of west Texas, farther south and east where vegetables and fruit were in an advanced stage, the thermometer last night did not register below forty degrees.

CLOUDY SKIES SAVE THE OZARK FRUIT CROP

SPRINGFIELD, Mo., March 22.—Cloudy skies last night saved the fruit crop from a frost. The temperature dropped to 24 above zero last night. Nearly three inches of rain have fallen in the ozark region in the past 48 hours. The forecast is for warmer weather tomorrow.

WHITE HOUSE ANNOUNCES RECESS APPOINTMENTS

WASHINGTON, March 22.—The following recess appointments were announced at the White House today:

John J. Esch, Wisconsin, to be member of the interstate commerce commission.

Freight L. Davis, St. Louis, to be director of the war finance corporation.

No Race Suicide In This Family

MANTE, UTAH, March 22.—Fredrick Cox, 84 years old, a pioneer of Utah, was buried yesterday. Mr. Cox was the oldest of thirty-six brothers and sisters, twenty-seven of whom survive, and all of whom were present at the funeral. He was the father of seventeen children, thirteen of whom are living and all but one of whom were in attendance at the funeral.

More than a score of guns and pistols were found in the house occupied by the negroes. They were brought here and placed in the county jail.

ONE NEGRO KILLED POSSEMAN WOUNDED IN ARKANSAS RAID

FOREST CITY, ARK., March 22.—One negro was killed, a posseman was slightly wounded, sixteen negroes were arrested and a still and several jugs of "moonshine" liquor were seized by a sheriff's posse which late yesterday exchanged shots with the negroes who were found barricaded in a house at Kinzy, Arkansas, near here.

The posse was organized to rout the negroes after two white men had been fired on while passing in the roadway near the house.

POLISH MINERS FAVOR GERMAN SOVEREIGNTY

CENSUS ESTIMATES FOR 1921 PUT THIS CITY UP TO 44,483

INDICATES GROWTH OF 11 PER CENT HERE SINCE FIRST OF 1920.

PASSES BEAUMONT IN TEXAS POPULATION RACE

Organization's Figures Based on School Attendance, Water Consumption and Like Data.

Wichita Falls gained 11 per cent in population during 1920, attaining the figure of 44,483 and passing Beaumont in the population race, according to figures compiled by the Newspaper Feature service.

The figures are based upon additional reports received, school attendance and public service corporation patronage. Wichita Falls, with 45 per cent increase, followed by Beaumont with 18 per cent, Corpus Christi with 15 per cent and Port Arthur with 13 per cent.

The 1920 census gave Beaumont 40,422 population, compared with 40,679 for this city. The estimate for 1921 gives Wichita Falls 44,483 and Beaumont 44,464. The latter percentage of gain being ten per cent.

Dallas, San Antonio, Houston and Fort Worth each gained eight per cent, according to the organization's figures, each maintaining its relative position. El Paso gain was nine per cent and Galveston's four per cent, putting the report only a short distance ahead of Wichita Falls.

The organization's figures indicate that Los Angeles, with a 12 per cent gain, edged Pittsburgh out of ninth place among American cities.

Although the impression is more or less general that Wichita Falls has grown but little if any, since the census was taken, Wichita Falls, whose figures were shown were inclined to accept them as authentic.

"Because you don't see so many people on the streets every day, it doesn't mean there aren't as many actual residents here," commented Mayor Clinton. "Most of the transients that were here and that were always in evidence downtown were not counted in the 1920 census, anyhow."

Many of the men who located here during the height of the oil excitement, as transients, have become citizens and have moved their families here, others pointed out.

QUEEN MARIE OF RUMANIA DENIES MAKING AN EFFORT TO DETHRONE CONSTANTINE

By Associated Press. ATHENS, March 22.—Reports that Queen Marie of Rumania was working for the dethronement of King Constantine of Greece and the ascendency of Crown Prince George and his wife, formerly Princess Elizabeth of Rumania, are without foundation, the queen declared yesterday upon her return from Athens from a tour in northern Greece. She was asked by the Associated Press to refute these stories.

During the conversation, Queen Marie declared she believed that the addition of King Constantine at the head of the throne would cause discontent among the people and possible disturbances.

ARRAIGN SOLDIERS WHO MADE ATTEMPT TO KIDNAP AMERICAN DRAFT EVADER

MONSIEUR, BADEN, March 22.—Trial of Carl Neuf and Franz Zimmer, Americans who attempted to kidnap Herbert C. Bergdoll, American draft evader, at Eberbach, last January, which was begun here yesterday, was continued today. With the two Americans there were placed on trial four Germans, who, it is alleged, were their accomplices in an attempt to kidnap Bergdoll. The case is being tried before the local criminal court.

Neuf and Zimmer are charged with "illegal assumption of authority," while an additional charge of carelessness inflicting bodily injury" has been preferred against Neuf. This charge is a result of wounds inflicted upon a young woman by shots fired, it is averred, by the Americans while they were attempting to arrest Bergdoll.

LIEUTENANT CONEY IS PREPARING TO HOP OFF SOON AFTER MIDNIGHT

JACKSONVILLE, Fla., March 22.—Lieutenant W. D. Coney, 25th aero squadron, who recently fled from San Diego, California, to Jacksonville in 22 hours, 27 minutes, and being a new record for the transcontinental flight, was making final preparations today to begin his return trip to the Pacific coast, shortly after midnight tonight.

The start will be made from Pablo Beach on the Atlantic ocean. Lieutenant Coney expects to arrive in San Diego by twilight Wednesday.

Only one scheduled stop is planned, a brief one at Dallas for fuel and oil. Lieutenant Coney's mother, two brothers and a large delegation of citizens of Brunswick, Georgia, his home, were to witness his departure.

Everybody Wants Buffalo, According To U. S. Officials

WASHINGTON, March 22.—The forestry service asked recently if anybody wanted a buffalo, having a score on hand to dispose of. Apparently the answer was "everybody does," for the service has been deluged with requests. One little girl sent a two-cent stamp, expecting a baby buffalo by the return mail for her back yard. A farmer with sixty acres and five children wanted a family fella-buffalo. Stockmen wanted to try cross-breeding. Will west shows rushed in applications by telegram and mail and the supply was quickly exhausted despite the warning that a lusty bull buffalo eats two tons of hay a year.

Jewelry Believed Property of Czar Has Been Seized

By CAMIELO CIANFERRA, United Press Staff Correspondent.

ROME, March 22.—Jewelry and other items believed to have been property of the czar of Russia was seized today by the Italian government.

They were taken from trunks of the new soviet representative here despite his protests that as a diplomat his baggage was not subject to search. M. Vorovskii, head of the Russian delegation, which ranks as a commercial mission, today revoked his first denial of a break-off relations with Italy. His baggage yielded a gold collar, studded with 82 pearls, and other jewels and a tiara set with diamonds. The two pieces evidently were property of the czarina.

There was a real dinner set of silver, a numismatic collection believed to have been the czar's, five pieces of Persian tapestries and quantities of gold and platinum and costly furs.

Customs officers expected to find riches of the czar in the baggage, but declared they had not expected to find riches comparable only to gifts carried by the queen of Sheba.

ENTIRELY NEW TYPE OF SEAPLANE BEING BUILT BY BRITISH GOVERNMENT

LONDON, March 22.—Details of an entirely new type of seaplane which can either fly and cruise as a warship have been made public here. Two of these ships are being built for the army ministry. The vessels are said to be much like small ships with wings added. They are larger and stronger than any seagoing aircraft yet constructed, and each will carry a crew of seven with accommodations for five machine guns. The vessels are being constructed that while being light, the hulls are sufficiently seaworthy to ride out the roughest waves. They will be capable of cooperating with the navy and joining in all maneuvers with a parent vessel, operating from a sea base just as the submarine does.

They have a range of 1,500 miles and when not flying will be able to "crawl" along the water, driven by their propellers.

INFLUENZA EPIDEMIC IS RAGING AMONG SOLDIERS OF ARMY OF OCCUPATION

COBLENZ, March 22.—Influenza epidemic form has broken out here among soldiers belonging to the United States occupation army. The second battalion of the eighth infantry has been quarantined by the medical authorities. Forty-five cases of the disease have been reported, and it is said the attack of the malady is very severe. There have been no deaths from it so far.

BELIEVE HARDING WILL APPROVE THE "JAP" AGREEMENT

OPINION IS EXPRESSED BY THE JAPANESE AMBASSADOR TO UNITED STATES.

WILL BE SATISFACTORY TO JAPAN, HE STATES

Do Not Contemplate Beginning Any Trouble Of Their Own Accord.

NEW YORK, March 22.—Bishop Yoshitatsu Ijira-awa of the Japan Methodist church, now in this city, declared today that while he was in Washington, Count Shidehara, Japanese ambassador, had expressed to him belief that the Harding administration would adopt the Morris-Shidehara agreement in final settlement of the Japanese situation in California.

"The Japanese public is anxiously awaiting news to this effect," said the churchman.

"The Morris-Shidehara agreement will be satisfactory to the Japanese people, but it leaves unsolved the problem of racial expansion, which is pressing."

"The Japanese still look toward the western hemisphere as the only logical ground for immigration. But contrary to belief in this country, they are willing to amalgamate with the people among whom they settle."

"Japan does not want Hawaii or the Philippines. The present friction has been greatly augmented, however, by the suddenly increased garrisons and the extensive fortifications being erected there."

"Frankly, the Japanese people are extremely nervous over the possibilities of aggression from a nation of such power and wealth as the United States. They do not contemplate beginning any trouble of their own accord."

"There is a strong movement in Japan for reduction of armament because the present military and naval expenses consume more than one-third the yearly budget and the people are burdened with heavy taxes. Any action by the United States toward such an agreement would find a hearty response in Japan, but it must originate with your country, because of the relative size of the two nations."

Any action by the United States toward such an agreement would find a hearty response in Japan, but it must originate with your country, because of the relative size of the two nations.

To Reduce the Fee For Passports Into Lower California

CALEXICO, CAL., March 22.—Governor Epigenenio Y. Barra of the northern district of Lower California, announced he had received from President Oregon a message approving a recommendation of Barra that the fee for passing passports from California to Lower California be reduced from \$1 to 50 cents, it was learned today.

STOCKHOLM GETS BOXES OF SOVIET PROPAGANDA

STOCKHOLM, March 21.—Upon examination, a number of boxes addressed to Frederick Sjöom, the bolshevik representative here, were found to contain soviet propaganda leaflets in the Hungarian language and a complete set of directions for a new uprising in Hungary.

DALLAS WOMAN IS AGAIN UNDER ARREST AFTER LONG SEARCH

DALLAS, TEXAS, March 22.—After a search of several months, Mrs. Ida Valera Ott, charged with killing her husband, Andrew L. Ott, of Joplin, Missouri, on a Dallas street on December 23, 1919, again is in the Dallas county jail. She was located in Shreveport yesterday and brought here last night.

Mrs. Ott was at liberty under \$5,000 bail, pending appeal of conviction for killing Mr. Ott and a sentence to two years in the Texas penitentiary. A higher court reversed and remanded the case for new trial and when the second hearing was called on June 28, 1920, the woman failed to appear. The bond was forfeited.

Shooting of Ott followed a long series of alleged mistreatment. Mrs. Ott testified at her first trial. Mrs. Ott was brought into criminal district court early today, where Judge Pippin set her bond at \$5,000. Failing to make the bail immediately, she was returned to jail.

Denver Bank Tellers Passing Out Gold Coins First Time in Five Years

DENVER, COLO., March 22.—For the first time in five years, Denver bank tellers today were passing out to the public gold coins along with the silver and paper money. As the bank it was said gold would come into its own again especially in the west where, for so long, it was the most popular circulating medium.

Millions Use "Gets-It" For Corns

Steps Pain Instantly—Removes Corns Completely

Everybody, everywhere needs to know what millions of folks have already learned about "Gets-It," the guaranteed pain-

Adventure of Charles Augustus Milverton

By A. CONAN DOYLE
Copyright, 1921, by Harper & Bros. Published by special arrangement with The McClure Newspaper Syndicate.

The story so far: Charles Augustus Milverton, king of blackmailers, comes one day to see Sherlock Holmes to make terms over some letters which he holds that the Lady Eva Blackwell soon to be married to the Earl of Dovercourt, writes once to a young country squire. They are imprudent, nothing more, but Milverton has said he would show them to Dovercourt, who, having seen them, would break off the engagement. The terms that Milverton demands of Holmes, who is acting for Lady Eva, are too high, and Holmes refuses them. Thereafter he goes about getting acquainted with Milverton's residence, and disguised as a young workman becomes engaged to his housemaid. Then he tells Watson he intends to burglarize Milverton's house and secure the letters in question.

PART TWO.
I had a catching of the breath, and my skin went cold at the words, which were slowly uttered in a tone of concentrated resolution. As a flash of lightning in the night shows up in an instant every detail of a wild landscape, so at one glance I seemed to see every possible result of such an action—the detection, the capture, the honored career ending in irreparable failure and disgrace, my friend himself lying at the mercy of the odious Milverton.

"For Heaven's sake, Holmes, think of what you are doing," I cried.

"My dear fellow, I have given it every consideration. I am never precipitate in my actions, nor would I adopt so energetic and indeed so dangerous a course if any other were possible. Let us look at the matter clearly and fairly. I suppose that you will admit that the action is morally justifiable, though technically criminal. To burglarize his house is no more than to forcibly take his pocket-book—an action in which you were prepared to aid me."

"I turned it over in my mind. 'Yes,' I said, 'it is morally justifiable so long as our object is to take no articles save those which are used for a illegal purpose.'"

"Exactly. Since it is morally justifiable, I have only to consider the question of personal risk. Surely a gentleman should not lay much stress upon this, when a lady is in most desperate need of his help?"

"You will be in such a false position."

"Well, that is part of the risk. There is no other possible way of regaining these letters. The unfortunate lady has not the money, and there are none of her people in whom she could confide. Tomorrow is the last day of grace, and unless we can get the letters tonight, this villain will be as good as his word and will bring about her ruin. I must therefore abandon my client to her fate or I must play this last card. Between ourselves, Watson, it's a sporting duel between this fellow and me. He has the best of me, as you say, the best of the first exchanges, but my self-respect and my reputation are concerned to fight it to a finish."

"Well, I don't like it, but I suppose it must be," said I. "When do we start?"

"You are not coming?"

"Then you are not going," said I. "I give you my word of honor—and I never broke it in my life—that I will take a cab straight to the police station and give you away, unless you let me share this adventure with you."

"You can't help me."

"How do you know that? You can't tell what may happen. Anyway, my resolution is taken. Other people beside you have self-respect, and even reputations."

Holmes had looked annoyed, but his brow cleared, and he clasped me on the shoulder.

"Well, well, my dear fellow, be it so. You know, Watson, I don't mind confessing to you that I have always had an idea that I would have made a highly efficient criminal. This is the chance of my lifetime in that direction. See here! He took a neat little leather case out of a drawer, and opening it he exhibited a number of shining instruments. 'This is a first-class, up-to-date burgling kit, with nickel-plated jimmy, diamond-tipped screwdriver, and every modern improvement which the march of civilization demands. Here, too, is my dark lantern. Everything is in order. Have you a pair of silent shoes?'"

"I have rubber-soled tennis shoes."

"Excellent! And a mask?"

"I can make a couple out of black silk."

"I can see that you have a strong natural turn for this sort of thing. Very good, do you make the masks. We shall have some cold supper before we start. It is now nine-thirty. At eleven we shall drive as far as Church Row. It is a quarter of an hour's walk from there to Appleton Towers. We shall be at work before midnight. Milverton is a heavy sleeper and retires punctually at ten-thirty. With any luck we should be back here by two with the Lady Eva's letters in his pocket."

Holmes and I put on our dress-clothes so that we might appear to be two theater-goers homeward bound. In the front street we picked up a hansom and drove to an address in Hampstead. Here we paid off our cab, and with our great coats buttoned up, for it was bitterly cold, the wind seemed to blow through us, we walked along the edge of the Heath.

"It is a business that needs delicate treatment," said Holmes. "These documents are contained in a safe in the fellow's study, and the study is the ante-room of his bed-chamber. On the other hand, like all these stout, little men who do some cold supper before we start, he is a phobic sleeper. Agatha—that's my fiancée—says it is a joke in the servants' hall that it is impossible to wake the master. He has a secret way who is devoted to his interests, and never budges from the study all day. That's why we are going at night. Then he has a beat of a dog which roams the garden. I met Agatha

late the last two evenings, and she looks the brute up so as to give me a clear run. This is the house, this big one in its own grounds. Through the gate—now to the right, among the laurels. We might put on our masks here. I think. You see, there is not a glimmer of light in any of the windows and everything is working splendidly."

With our black silk face-coverings, which turned us into two of the most truculent figures in London, we stole up to the silent, gloomy house. A sort of tiled veranda extended along one side of it, lined by several windows and two doors.

"That's his bedroom," Holmes whispered. "This door opens straight into the study. It would suit us best, but it is bolted as well as locked, and we should make too much noise getting in. Come round here. There's a greenhouse which opens into the drawing-room."

The place was locked, but Holmes removed a circle of glass and turned the key from the inside. An instant afterwards he had closed the door behind us, and we had become felons in the eyes of the law.

The high object of our mission, the consciousness that it was unselfish and chivalrous, the villainous character of our opponent, all added to the sporting interest of the adventure. Far from feeling guilty, I rejoiced and exulted in our dangers. With a glow of admiration I watched Holmes unrolling his case of instruments and choosing his tool with the calm, scientific accuracy of a surgeon who performs a delicate operation. I knew that the opening of safes was a particular hobby with him, and I understood the joy which it gave him to be confronted with this green and gold dragon which held in its maw the reputations of many fair ladies.

Turning up the cuffs of his dress-coat, he had placed his overcoat on a chair. He held out two drills, a jimmy and several skeleton keys. I stood at the

center door with my eyes glancing at each of the others, ready for any emergency, though, indeed, my plans were somewhat vague as to what I should do if we were interrupted. For half an hour Holmes worked with concentrated energy, laying down one tool picking up another, handling each with the strength and delicacy of the trained mechanic. Finally I heard a click, the broad green door swung open, and inside I had a glimpse of a number of paper packets, each tied, sealed and inscribed. Holmes picked one out, but it was hard to read by the flickering fire, and he drew out his little dark lantern, for it was too dangerous, with Milverton in the next room, to switch on the electric light.

Suddenly I saw him halt, listen intently, and then in an instant he had swung the door of the safe to, packed up his coat, stuffed his tools into the pockets, and darted behind the window curtain, motioning me to do the same.

It was only when I had joined him there that I heard what had alarmed his quicker senses. There was a noise somewhere within the house. A door slammed in the distance. Then a confused, dull murmur broke itself into the measured thud of heavy footsteps rapidly approaching. They were in the passage outside the room. They paused at the door. The door opened. There was a sharp snick as the electric light was turned on. The door closed once more, and the pungent reek of a strong cigar was borne to our nostrils. Then the footsteps continued backwards and forwards, backwards and forwards, within a few yards

of us. Finally there was a creak from a chair, and the footsteps ceased. Then a key clicked in a lock, and I heard the rustle of papers.

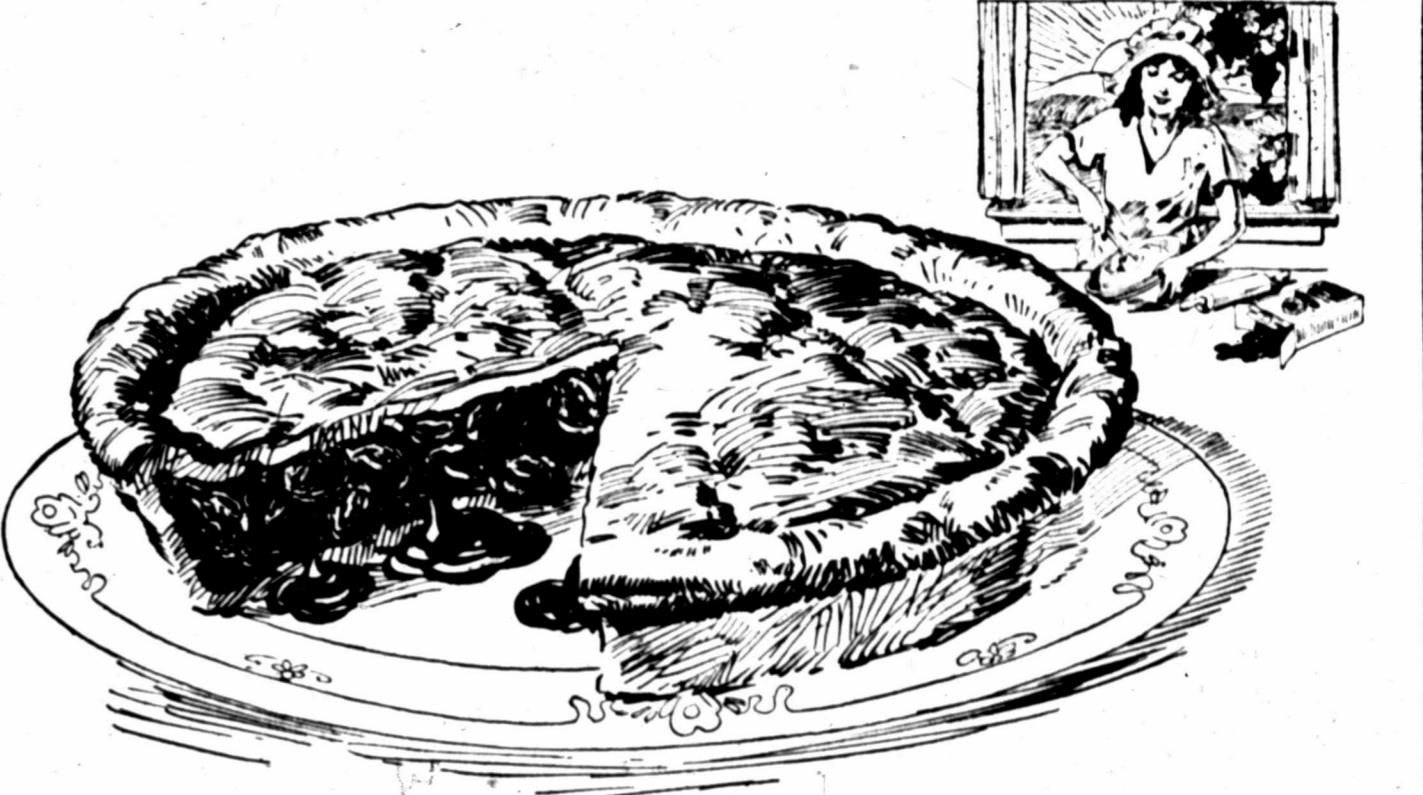

So far I had not dared to look out, but now I gently parted the division of the curtains in front of me and peeped through. From the pressure of Holmes' shoulder against mine, I knew that he was sharing my observations. Right in front of us, and almost within our reach, was the broad, rounded back of Milverton. It was evident that we had entirely miscalculated his movements, that he had never been to his bedroom, but that he had been sitting up in some smoking or billiard room in the far wing of the house, the windows of which we had not seen. His broad, grizzled head, with its shining patch of baldness, was in the immediate foreground of our vision. He was leaning far back in the red leather chair, his legs outstretched, a long, black cigar projecting at an angle from his mouth. He wore a semi-military smoking jacket, claret-colored, with a black velvet collar. In his hand he held a long legal document which he was reading in an indolent fashion, blowing rings of tobacco smoke from his lips as he did so. There was no promise of a speedy departure in his composed bearing and his comfortable attitude.

I felt Holmes' hand steal into mine and give me a reassuring shake, as if to say that the situation was within his powers, and that he was easy in his mind. I was not sure whether he had seen what was only too obvious from my position, that the door of the safe was imperfectly

closed, and that Milverton might at any moment observe it. In my own mind I had determined that if I were sure, from the rigidity of his gaze, that it had caught his eye, I would at once spring out, throw my great coat over his head, platoon him, and leave the rest to Holmes. But Milverton never looked up. He was languidly interested by the papers in his hand, and page after page was turned as he followed the argument of the lawyer. At last, I thought, when he had finished the document and the cigar he will go to his room, but before he had reached the end of either there came a remarkable development, which turned our thoughts into quite another channel.

Tomorrow—The Adventure of Charles Augustus Milverton, continued.

A Man's Pie

Fresh—Delicious—Try it now

Just phone to your grocer or bake shop and say, "Send a Sun-Maid Raisin Pie," or make one at home according to the recipe below. You'll get the pie that men like best because of its flavor and nourishment.

The Raisins are Sun-Maids, plump and tender. The pie is baked so the juice forms a luscious sauce.

It's a man's pie—and a woman's, too, because it is delicious and easy to prepare. Healthful, too, for raisins are nutritious. Rich in assimilable organic iron, which brings the tint of roses to women's and children's cheeks. Eat raisins daily in some delicious form and you'll get all the iron you need.

Every first-class baker sells Sun-Maid Raisin Pie

SUN-MAID RAISINS

Always use Sun-Maids for your every cooking need.
Made from California's tenderest, sweetest, juiciest table grapes, noted for their fragile skins.
Packed in a great sun-lighted, glass-walled plant. Sweet, clean, wholesome American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid Brand.
Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

THE MERRY JOURNEYS OF MARY JANE

"What do you want to make honey out of Mary Jane Syrup for, Mr. Bumble-Bee?" asks Mary Jane.

Mary Jane and the Bumble-Bee

ONE day when the sun began to get warm, Mary Jane started to eat a nice spread of bread and Mary Jane Syrup on her way to school. Just then a big bumble-bee buzzed around and he smelled all this de-li-cious Mary Jane Syrup.
He buzzed and buzzed around till finally Mary said to him "Say, Mr. Bumble-Bee, why don't you go and bother somebody else for a while, and let me alone?"
The old Bumble-Bee said "What right have you got to sit here and eat all that de-li-cious Mary Jane Syrup, when I'd like some of it to make honey out of?"
Mary Jane said "What do you want to make honey out of Mary Jane Syrup for?—that's sweeter and nicer than any honey, and fit for a prince to use on his pancakes and waffles and gingerbread and corn pone."

And old Mr. Bumble-Bee said "Well maybe you're right about Mary Jane Syrup, but give me a little anyhow, just for a treat."
Mary broke him off a nice piece of bread with a lot of syrup on it, and they sat there together and had a regular party. Mary told her mother about it after school, and her mother said "That's right—never be selfish. We have lots more Mary Jane Syrup in the house, and it's so ec-o-nom-ic-al to use that you can give anybody a treat of it any time you want to."
And so now every boy and girl in school has Mary Jane Syrup at home, because Mary Jane told them about it in school, and let them taste her de-li-cious lunches whenever they wanted to.

SUPERINTENDENT OF DENVER LINES WILL MOVE OFFICES HERE

CHANGE FROM FORT WORTH WILL BE EFFECTED ON OR BEFORE APRIL 1.

WILL BRING FOUR OR FIVE CLERKS WITH HIM

Management And Laborers Will Meet Friday to Compromise On New Wage Scale.

Offices of S. A. Covington, general superintendent of the Fort Worth and Denver City Railroad company will be moved to Wichita Falls from Fort Worth on April 1. This announcement was made from the local offices Tuesday morning.

Although the general superintendent will bring four or five clerks with him it is not generally believed that the transfer of this office here will effect any change in the personnel of the offices in this city.

Reasons for the change in office of the superintendent were not given but it is believed that Wichita Falls has come to be regarded as a more central location of the line.

In accordance with a bulletin that has been posted in the warehouses and the shops in this city, a meeting between the management and representatives of the unskilled laborers will be held Friday, March 25, at Fort Worth, at which time an effort will be made to compromise on the new wage scale which will go into effect on the entire system on April 16.

The bulletin, sent out from the offices of E. E. Clardy, vice-president and general manager, stated that the company proposes to employ a reduction in wages, but asks that representatives be sent so that no trouble will be experienced on April 16.

The meeting will be held in the Denver-record building at Fort Worth at 10 o'clock Friday morning.

Representatives in this city who are affected under this order have not stated whether they will send a representative to the meeting or not.

E. F. Lott, superintendent of the local division of the Denver, stated Tuesday that the company has had a large increase in business during the past ten days. He stated that the south bound freight had shown the greatest increase. The company has kept all of its motor power in use during that time.

A bulletin issued from the main offices of the M. K. & T. railroad shows that from March 1 to 6 inclusive 783 cars of merchandise were moved over the entire system, of which 665 or 94.8 per cent were operated on time.

F. W. Grace, division superintendent of the M. K. & T. returned from a business trip to Dallas.

H. G. Smith, division freight and passenger agent, returned from Tulsa and Kansas City, where he had gone in the interest of the company.

ORGANIZER TO SPEAK AT OPEN MEETING TUESDAY OF TWO LABOR UNIONS

At the open meeting of hod carriers and common laborers to be held Tuesday evening at the labor temple, Sam Hillhouse, an international organizer, will speak. The meeting was planned several weeks ago and all union and nonunion workmen are asked to be present.

Ollie Olson, a state organizer, was in the city Tuesday and will appear before one of the unions which holds its regular weekly meeting tonight.

Herman Kachel, first vice-president of the Texas State Federation of Labor, passed through the city Tuesday. He remained in the city only a few hours gathering some information for the state organization.

ELECTRA IS PLANNING TO PROVIDE A CITY PARK

Special to the Times. ELECTRA, TEXAS, March 22.—Electra is planning to have a park. Five blocks, located in the east end of the city were deeded to the townsite for that purpose by Sol Williams when Electra was platted. The chamber of commerce is urging that the site now be converted into a place of civic beautification as was originally intended.

During recent years a number of squatters have erected their tents and shacks upon this site. Some have moved away and tented their domicile to others and are deriving the profits. Twenty-six families are quartered thereon.

At one time this site was covered with water. The lake was constructed by W. T. Waggoner when Electra was a cow pasture but the water was drained out a year or two ago by order of the city health officer.

It is planned to eventually subdivide this site, put out trees and convert it into a playground for the people.

INCREASED MORTALITY IS SHOWN IN STATE REPORT

AUSTIN, TEXAS, March 22.—There were 4,946 deaths among persons between the ages of 45 and 55 reported to the bureau of vital statistics for the year 1920, according to Dr. Mantion M. Carrick, state health officer. For the month of January, 1921, alone the report shows 368 deaths among persons between the two ages.

"The increased mortality at these ages," said Dr. Carrick, "indicates either some undue and increasing strain in our modern mode of existence, or a lessening resistance among our people. Men and women, as middle life approaches, tend to decrease their physical exertion and increase their nervous activity. This is a critical period and certain principals of living should be followed: Plenty of exercise without over exertion; proper bathing; the observance of dietary precautions such as less consumption of meat and greater consumption of vegetables; the avoidance of nervous worry or trifles—all these will do much to decrease the high death rate among middle aged people in our state."

Building Permits. The following building permits have been issued by City Clerk Thorburn: Mrs. C. Johns, repair residence, 704 Ninth, \$200.

W. C. Wooten, 2-room residence, Mississippi street, first west on Sunday morning, \$2,000.

U. H. Randal, battery station, Ninth street, \$2,000.

T. W. Adamson, 2-room residence, Yale avenue, \$200.

T. W. Adamson, barn, Seymour and Sixth, \$1,500.

Will Bryan, repairing residence, Ninth street, \$150.

Art Weiser, residence, Travis, \$700.

T. E. Williams, residence, Grant, \$100.

H. G. James, residence, 1304 Kemp, \$2,000.

COMMITTEE ASKS FOR TIMEKEEPER ON PUBLIC ROAD WORK

CHAMBER OF COMMERCE BUREAU WANTS COMMISSIONERS TO AUTHORIZE EMPLOYE.

RESIGNATION OF MURPHY AS AUDITOR IMPENDING

Some Members Favor Supplementing His Salary So That He May Continue On Duty.

At a meeting of the public highways bureau of the chamber of commerce Tuesday morning, it was voted to request the county commissioners to authorize an additional timekeeper for the paved road contract, such timekeeper to be responsible to the county auditor. J. B. Marlow, N. H. Martin and John M. Blawie were named as a sub-committee to take the matter up with the commissioners.

The committee's action, which has been under consideration for some time, was taken because of the fact that timekeepers employed on the road work are selected by the contractors and paid by the county, and members of the committee felt that a timekeeper who was responsible directly to the county auditor would fully protect the taxpayers' interests.

It was also brought out at the meeting, which County Auditor Murphy attended, that the auditor had been offered a position much more lucrative than his \$2,000 a year official job, and that he feels that he owes it to his family to accept. Members of the committee discussed the advisability of supplementing Mr. Murphy's salary to such an extent that he could remain on duty as auditor, but no action was taken.

W. F. Weeks, chairman of the committee, said that a fund should be raised to make it possible for Mr. Murphy to continue as county auditor, because he had been instrumental in saving a great deal of public money.

The matter will be brought before the commissioners at their meeting next Monday.

MRS. FUSON BETTER, LIKELY TO RECOVER FROM HER WOUNDS

Mrs. Victoria Fuson, who was wounded early Monday morning in the shooting which resulted in her husband's death, will in all probability, recover from the Wichita General hospital Tuesday was the effect of a report that Mrs. Fuson had passed a restful night and was somewhat improved. Attending physicians Walker and Foster believe that unless complications develop she will eventually recover.

None of the four shots fired at Mrs. Fuson by her drink-crazed husband found a vital point, although each bullet inflicted a painful and dangerous wound.

E. C. Etter, a brother of Mrs. Fuson, arrived in Wichita Falls Monday evening from his home in Waurika, Okla., but was unable to account for Fuson's actions, unless it was liquor. According to Mr. Etter his sister and her husband had been perfectly happy, to the best of his knowledge, and that the unbalancing influence of alcohol was responsible for the tragedy, was his opinion.

The parents of Neal Fuson, who reside in Nashville, Tenn., a brother in Memphis and a second brother in Abilene have been notified of the death. They are expected to arrive in this city Tuesday or early Wednesday morning, and pending their arrival the body of Mr. Fuson is being held at the Merkle and Lunn undertaking parlors.

CAPT. DEVORE TO SERVE FIVE YEARS IN PRISON, HAS TOO MANY WIVES

SAPULPA, OKLA., March 22.—"Captain" Harry W. Devore, alias George W. Roberts, alias George W. Mack, working sometimes as a railroad switchman and always in the role of an enamored swain, must serve five years in the state penitentiary for alleged bigamous activities.

Those of Devore's wives testified in superior court here yesterday that "captain" had wooed and won them and had left them behind after a few months' flirtation. When he departed, it was charged, he left the jewels and money of his wives went with him. Early last night the jury assigned Devore to the penitentiary for five weary years. Devore lost his air of supreme complacency when the jury came in with the verdict. He groaned and ran nervous hands through wavy hair. "I'm a victim of a double," he moaned. "My brother is the guy that married these belles."

Devore is on trial today for forgery. It is charged that he paid ministers who officiated at two of his weddings with forged checks.

THRIP WORM DAMAGES BERMDA ONION CROP

CORPUS CHRISTI, TEXAS, March 22.—Thrip worm infestation has damaged the Bermuda onion crop in Nueces county to such an extent that this year's product will be reduced 50 to 60 per cent, according to C. E. Coleman, a local produce dealer. Ordinarily about 500 car loads of onions are shipped from the county annually, but Mr. Coleman said today he doubted if 250 car loads would be available for market this year.

WAVES OF THE GULF WASHING OUT ASPHALT

VELASCO, TEXAS, March 22.—Fishermen returning from Quintana beach today reported the washing up on the coast of thousands of tons of fresh asphalt by the waves of the gulf. Blanket-like strips of 25 to 50 feet in length and varying in thickness up to several inches were cast up Sunday morning along a stretch of the beach from Jupiter out to the Perry Bryan beach home and thence six miles beyond toward the Bernard river, they report.

INDIANAPOLIS CAPITALIST AND TRACTION MAGNATE DEAD

INDIANAPOLIS, Ind. 22.—Samuel F. Murdock, aged 53, Indiana capitalist and traction magnate, died here last night.

HISTORIC PROHIBITION BATTLE RENEWED WITH VIGOR IN THREE BRANCHES OF THE GOVERNMENT

WASHINGTON, March 22.—The historic "battle of prohibition" which many of the dregs thought had been brought to a peaceful end by the eighteenth amendment and the Volstead law, is breaking out again today with unexpected vigor in all three branches of the government—legislative, executive and judicial.

The developments in the renewed fight are: Legislative "sector"—More drastic amendments to the Volstead act to prevent any widespread sale of beer as the result of the Palmer ruling being considered.

Judicial "sector"—The supreme court today hears arguments in the second big attack on the validity of the prohibition amendment, the ground being that it is unconstitutional. President Harding while a senator, is unconstitutional, because it limited to seven years the time in which states might ratify. Executive "sector"—Dry forces besiege the president and the attorney general not to put into effect the ruling of former Attorney General Palmer that beer and wine may be made and

DENIES NEGRO VOTE CAN BE DELIVERED

President of Negro Business League Explains Organizations Political Attitude.

In a statement to the Times Tuesday, Andrew E. Ford, president of the Negro Business League, declares that the organization is not trying to vote either its members or the negro voters as a whole for any candidate or candidates in the city election. The statement, which is addressed "to whom it may concern," is as follows:

"In order that we may adjust some matters of vital importance to the public, we herewith append the object of our 'Negro Business League' as it is encouraged by our constitution. 'The object of this organization is to encourage the buying and operating of farms, the establishment and maintenance of industrial, business and professional enterprise in towns and cities, among Afro-Americans, to the end that prepared men and women may receive lucrative employment and thereby strengthen and increase the financial resources of the race.'

"Recently publications have appeared in these columns questioning the idea that the Negro Business League was the spokesman for the 776 negro votes in Wichita Falls, and had decided on a certain candidate or candidates. This is not true. Neither of the league nor the 776 negro voters.

"No one man can hope to get all of the negro votes, any more than he could hope to get all of the white votes. For each negro voter has his or her preference, and they are going to unilaterally and judiciously vote their choice."

SHOOTING AT MEETING OF CITY COUNCIL WHEN GRAFT CHARGE IS MADE

By Associated Press. COLUMBIA, Mo., March 22.—Claude E. Brown, chief engineer, today was in a hospital here with a bullet in his left eye, and Ira L. Davis, councilman, was out on bond, following a fight at the council meeting last night in which Davis shot Brown.

The shooting followed a charge by Davis that there had been graft in the purchase of a turbine for the local water and light plant. It was witnessed by all members of the council, Mayor Gordon and Consulting Engineer T. H. Rodhouse.

Brown knocked Davis to the floor, witnesses said, and was stamping him in the face when Davis fired. Davis' bond was fixed at \$2,000.

GREEK FORCES PREPARING OFFENSIVE IN ASIA MINOR

CONSTANTINOPLE, March 22.—Greek forces in Asia Minor are reported to be energetic preparing for new offensive in the direction of Eski-Shehr, an important city in the interior of Asia Minor, more than half way to Angora, from the Greek occupation area around Smyrna. It is understood the offensive will begin late this month.

INAUGURATE FIGHT TO CURB INTERNATIONAL DRUG TRADE

NEW YORK, March 22.—Opening of a fight to curb the traffic of an international drug ring said to be headed by business men of Germany, Japan and England, was announced here today by Dr. Carleton Simon, special deputy police commissioner.

Declaring high ranking officers of steamships plying between New York and Mexico and South American ports have been transporting drugs to this country, Dr. Simon said many raids are planned and developments of a startling nature are expected.

RESUMES AIRPLANE TRIP TO BEDSIDE OF MOTHER

PARIS, March 22.—Filial love triumphed over filial obedience when William Leeds today resumed his airplane flight from Nice to Athens to see his mother, Princess Anastasia, who is ill. Despite her telegraphic command not to attempt the flight, Leeds donned an aviator's costume yesterday and accomplished the first jump from London to Nice. Today he expected to continue along the Mediterranean coast to Rome, thence to Brindisi and across the open sea to Athens, where he hoped to arrive Wednesday night.

house, may be removed to a man's home for his private use was asked George J. Ohio. The court previously has held that liquor may be removed from one building of the owner to another, but has never passed on the question of taking it out of bond.

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1830
Began the manufacture of his famous prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S. Pharmacopoeia. I consider Syrup Pepsin today in the serious 82nd year of my age, as I did in 1892, the best remedy a family can have for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.

TRY IT FREE Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

Teeth Shine
When the film goes—watch and see

Learn now how teeth look—how they feel—when you combat the film. Get from your druggist, without cost, this ten-day test. Note the instant results, then look in ten days. Millions have already done this. Leading dentists everywhere advise it. Now show your home folks what clean teeth really mean.

The war on film
Dental science, the world over, is fighting a war on film. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. And most tooth troubles are now traced to it. Those troubles have been constantly increasing. The ordinary tooth paste does not end film, so the tooth brush has proved inadequate. Millions know how well-brushed teeth have discolored and decayed.

Quick, visible results
Anyone can see and feel what Pepsodent is doing. No old method of brushing ever brought such effects. So we let this test convince you. One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The alkalinity of the saliva is multiplied also, and at once. That is to neutralize mouth acids which cause tooth decay. Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere. The effects of Pepsodent come with every application. We constantly combat, in efficient ways, the teeth's great enemies. And millions of teeth are given new protection and new beauty.

Millions now show the effects
In every circle nowadays you see glistening teeth. Ask the owners. You will find, we think, that they are using Pepsodent. Go get this free tube and try it for yourself. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then let the children use it. Their teeth need it most. Very few children reach the age of 15 without some tooth decay. Let the man who smokes see how it takes the stained film from his teeth. Let all find out how much cleaner teeth feel, how much safer, when brushed in this new way. Then this ten-day test may bring to your home some lifetime effects.

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

Dempsey and Carpentier May not Meet if Rickard Decides to Slice Purse

SPORT SHOTS

By Paul W. Larkin

A misunderstanding. Many fans claimed yesterday that the score of Sunday's game between the Spudders and Blues should have been 3 to 2, basing their statements on the assumption that the game was over when Sam crossed the plate with the third run. Such is not the case, however. The correct drive, which would have been 3 to 2, and Frank would have received credit for only a single. But a new ruling was introduced last year to cover just such drives at "kitch" made Sunday so that a batter would receive credit for a circuit clout.

The Rule.

The following is an excerpt of rule 22 of the Official Rules and covers the situation: "Every championship game must be commenced not later than two hours before sunset and shall continue until each team has had nine innings, provided, however, that the game shall terminate: (Sec. 2.) If the side last at bat in the ninth inning scores the winning run before the third man is out, provided, that if a batsman, in the last half of the final inning in any game, hit a home run over the fence or into a stand, all runners on the bases shall be entitled to score, and in such event, the final score of the game shall be the total number of runs made."

New City League Meeting.

The second meeting of the representatives of the clubs that plan to form a new city league will be held tonight in the chamber of commerce at 7:30. Representatives from the five original clubs will be on hand and a delegate will be elected for the new league. As things stand up at present there are only two berths open as it is planned to make a circuit of eight clubs. The matter has been in touch with Secretary Hiestel of the city league and the latter will probably be on deck to assist in any manner in the organization work.

Schedule May Be Increased.

The original plan of the city league to have a schedule of 27 games, one on each Saturday, may be revised, according to Secretary Bristol. A 24-game schedule is now being drafted and will be presented to the different managers for their approval. Some of the clubs thought that one game a week was not enough and if the new schedule is put into effect games will be played on alternate Wednesdays.

Spudders and Crabs Save Day.

Texas league clubs did not fare very well in their exhibition games last Sunday. The Panthers were walloped by Columbus 9 to 6; the Marines were blanked by McGraw's Yankigans 11 to 6; the Bears received a terrible drubbing from the Tigers to the tune of 20 to 0; the Braves slipped 3 to 2 defeat over the Exporters, and the Detroit Yankigans blanked the Buffs 4 to 0. The Spudders with their 5 to 2 win over the Blues and the Sandcrabs with a 2 to 0 victory over the Braves upheld the honor of the Roberts loop.

Lost a First Baseman.

Has a long record of being a first baseman wandering around loose? "Bugs" Gabriel has disappeared for the second time. He has not been seen by any of the players since Sunday night and they are beginning to wonder if he is disgruntled or jealous over the fact that it was Salm and not he who broke into the limelight Sunday. This time he is taking a lot of liberties for a rookie and he'll soon find out that he can't take "French leave" at will and get away with a trick as he did last week. Many a friend is lost over a young fortune with his fists. Just a few years ago he battled for the magnificent sum of \$100,000 against Knockout Sweeney, one of the toughest middleweights that ever donned the mitts. Last week he left the Garden richer by \$10,000. Wilson's greatest purse previous to last week was one of \$2,500, the reward he received for beating O'Down on their bout last May.

Famous Over Night.

Johnny Wilson tasted of pugilistic highs last week for the first time in his life. For his battle against Mike O'Down, Johnny received more money than he has collected from all his previous battles combined. His is another case of the complete unknown, who suddenly leaps into fame and fortune over night. Less than a year ago he was content to live for the price of a square meal. Last week he earned a young fortune with his fists. Just a few years ago he battled for the magnificent sum of \$100,000 against Knockout Sweeney, one of the toughest middleweights that ever donned the mitts. Last week he left the Garden richer by \$10,000. Wilson's greatest purse previous to last week was one of \$2,500, the reward he received for beating O'Down on their bout last May.

Manager of St. Jo Club Trying for Cub Berth

CHICAGO, March 22.—One of the best infielders of the Western League who performed last season with the St. Joseph club, will try for a permanent berth on the Chicago Nationals this season.

The athlete is Johnny Kelleher, shortstop, who managed St. Joseph last year, and who critics declare is the best shortstop turned out in the circuit this season.

In addition to piloting the club, Kelleher played spectacular ball throughout the season. He has a wonderful arm and gets the ball away fast. Kelleher, although a shortstop, is actually capable of holding the second base position.

Kelleher batted .293 last year. He is fast on the bases, his record for thefts being 34, which mark was bettered only by two other members of the league.

WOLVERINE CAPTAIN PLAYED PRO BALL AND RESIGNS

ANN ARBOR, MICH., March 22.—Vernon Parks, captain of the Wolverine baseball team, confessed today he played on the Portland, Ore. league squad last summer and resigned.

Parks' action makes him a professional and ineligible for college baseball.

Parks told me he played because he was in need of money," said Athletic Director Bartelme.

Peter Jan Boren of Grand Rapids was elected captain to succeed Parks.

Origin Kayos Denny.

NEW ORLEANS, March 22.—Using terrific body punches, Battling Oregon, San Francisco, knocked out Young Denny, Ne w Orleans, in the fifth round of a scheduled 15 round go here last night.

Personal Glimpses

DANIEL C. (DANNY) CLARK.

Every ball club has its one outstanding star and the one which, in the opinion of the majority of local fans, has that honor on the Spudder aggregation is Danny Clark, the slugging keystone guardian.

Danny was born in Meridian, Miss., in 1896, and has been playing professional ball since he was 18 years old. He first began to attract attention with the Augusta club in the South Atlantic league during the season of 1914. The following year he went up to the Boston Braves and joined the Birmingham club. He stayed with that outfit until 1918 when, like many other ball players, he threw down the bat for the gun. He enlisted with the 142nd infantry which saw 11 months overseas service. He came out without a scratch and joined Galveston in 1919.

He remained there until the middle of last season when Walter Salm paid one of the highest prices ever paid by a ball game club to attract attention to his services. Danny will be welcome as long as he is in Wichita Falls, but he is too good a ball player to stick in the minors, and it won't be long before he is up with the big show.

Danny's war club broke up many a ball game at Athletic park last summer, and it is said that his timely swats enriched him by about \$500. He finished the season with a batting average of .296 and a fielding average of .942.

He is still a single man, but "is rumored on fairly good authority that he will not remain in that state long.

Tomorrow—Jake Miller.

PAULETTE FACING GAMBLING CHARGE

Philly First Backer Said To Have Been Mixed Up in Crooked Work in 1918-19.

PHILADELPHIA, PA., March 22.—Charges that Gene Paulette, first baseman of the Philadelphia National league club, was involved in gambling activities in 1918 and 1919 are being investigated by Judge Landis, it became known here today.

The charges against Paulette are very serious and I am awaiting the judge's decision in the case," William Baker, president of the club, said today. Paulette's alleged activities are said to have come to the attention of John Heydler, president of the National league, when he came into possession of a letter said to have been written by Paulette to a St. Louis gambler.

Baker, upon hearing of it notified Paulette not to report to the club until the case had been investigated. He is not now with the club and is said to have signed a contract to play with a semi-professional team in Massillon, Ohio. Manager Donovan is using Harry Luefel, an outfielder, in his place.

Baker intimated that if Paulette had signed with the Massillon club he is automatically suspended from organized baseball for five years.

SPORT BRIEFS

The New York Giants open a two-game series with the Houston, Texas, leaguers today. Galveston appears next on the Giants' program.

Tommy Gibbons of St. Paul, a brother of Mike, is expected to meet Paul Sampson of New York in a 15-round bout tonight in Gotham. It will be the first appearance of the heavy-weight member of the Gibbons family in any ring.

Joe Lynch, New York, bantamweight champion, and Young Pinchot Charleroi will meet in a ten-round bout in Pittsburgh on March 28.

Hans Wagner, the New Athletic director at Carnegie tech, Pittsburgh, had his baseball squad on the field yesterday. He will turn out the best team the institution has ever known, he declared.

A call for baseball candidates at West Virginia university brought out 57 men, including ten letter winners from last season's squad.

Walter Mails, heavy duty moundsman for the Cleveland Indians, is temporarily out of the game at the training camp with a sore arm. Manager Speaker reports the remainder of his championship aggregation in first-class condition.

Walter Schmit, star catcher of the Pittsburgh Pirates yesterday, nine circuit hits were registered in a game between the regulars and the yanngians, the former won, 14 to 7. Tierney, Barnhart and Whitted each gathered a pair of the four base hits. Tierney's two brings his total since the training opened to seven.

Ralph Schaffer, a recruit of the Cincinnati Reds, will be transferred to the Toledo American Association team. Manager Hrenshahn will use him in the infield. Manager Moran of the Reds wants the youth in regular play this season.

Catcher Eddie Almsmith, veteran of the Detroit Tigers, has reported for training. He has been conditioning in California since he returned recently from an order for fifty tons of paper received from a St. Louis firm by a paper mill company here.

Manager Cobb of the Detroit Americans has secured authority to carry 22 men on his 1921 roster. Heretofore only 22 men have been carried. Cobb was reluctant to release some of his more promising recruits.

Fred Beebe, veteran twirler of the

GIANTS AND BUFFS WILL PLAY TWO-GAME SERIES

HOUSTON, TEXAS, March 22.—The New York Giants are here for games today and tomorrow with the Houston Texas league club. Jack Monroe, the player who was hit with a bat in going around with three sitches in his jaw and Frank Frisch is holding around with a sprained ankle. Otherwise, the club is in good shape.

CARDINALS MAY MAKE BUSINESS GOOD FOR TEXAS CONCERNS

BEAUMONT, TEXAS, March 22.—If the Cardinals get in such condition at Orange that they win the pennant this season, we will buy five carloads of paper a week from you," was the postscript to an order for fifty tons of paper received from a St. Louis firm by a paper mill company here.

THREE HOOKS "TAKE THE AIR" AT EVER'S COMMAND

SARASOTA, CAL., March 22.—Frank Meyers, catcher, and Jim Coble and Frank Kenney, pitchers, were given "the gate" by Manager Johnny Evers today. The Cubs conclude their training here tomorrow.

BABE WILL PLAY LEFT ACCORDING TO HUGGINS

SHREVEPORT, LA., March 22.—Babe Ruth will play left field and Walter Pipp will hold his own place on first, it has been decided by Miller Huggins, manager of the Yanks. He is of the opinion that the sun in left field will not impair the slugging of the king.

SPEAKER PREDICTS PENNANT FOR HIS INDIANS NOW

DALLAS, TEXAS, March 22.—Tris Speaker is satisfied with his Cleveland Indians and expects to play the New York Giants in the world's series next fall, he said today.

TWO PHILLIE VETS GET FIRST SPRING WORKOUT

GAINESVILLE, FLA., March 22.—Cy Williams and Casey Stengel, outfielders, who just arrived at the Phillies' camp, got their first workout yesterday.

LOUISVILLE AMERICAN ASSOCIATION CLUB HAS BEEN REINSTATED

The Chicago Cubs complete their training today and leave Pasadena for Los Angeles, where they will rest between play in a series of exhibition games. Manager Evers reports his men in top-notch condition.

Spectators at the world's championship chess tournament between Dr. Emanuel Lasker and Jos. E. Capablanca at Havana declare the play-off the most evenly matched contest and exhibits the most remarkable skill displayed in any modern competition.

Emerson W. Dickerson of Grand Rapids has been elected president of the reorganized Central league, comprising six western Michigan teams.

Joe Morris, who entered the White Sox training camp at Wapakonache as "the Tulsa iron man," pitched against the second team yesterday, allowing only four hits. Professor Jorgensen, the Kimballton, Iowa, ex-superintendent of schools, allowed the regulars eleven hits.

Mike Yokel, claimant of the middle-weight wrestling championship, will meet Ira Dern at Salt Lake March 30.

A. B. C. BOWLING TOURNAMENT SHOWS NO NEW DEVELOPMENT

BUFFALO, N. Y., March 22.—Although 22 five-man teams rolled in the A. B. C. tournament here last night, none was ranked with the ten leaders. The Central Alley team of Canton, Ohio, rolled the highest score of the evening with a total of 2,353, which placed them in eleventh position.

The honors in the doubles were carried off by Al Pape and Fred Stowell of Chicago, who rolled a total of 1,267 and advanced into fifth place. There was little hot shooting in the singles event. Bill Davis of Columbus, Ohio, turned in the best card with a score of 429, but failed to rank with the leaders.

RED SOX WILL PLAY EXHIBITION GAMES IN SOUTH

HOT SPRINGS, ARK., March 22.—The southern itinerary of the Boston American league baseball club as announced by Secretary Larry Graver here today includes visits to ten cities where twelve exhibition games will be played. The Red Sox will leave the Hot Springs camp March 28 and be continuously on the road until they open the regular season in Washington, April 12.

INCLEMENT WEATHER HAMPERS CONNIE MACK'S CLUB

LAKE CHARLES, LA., March 22.—If weather permits, the Athletics will have a stiff two-hour workout this afternoon. The weather man predicted snow and cold weather for today.

White Sox Regulars Win.

WAXAHACHIE, TEXAS, March 22.—White Sox regulars beat the goofs here yesterday 10 to 3. Harry Hooper, who was recently obtained from the Red Sox, reported yesterday.

Morris Kayos Goddard.

NASHVILLE, TENN., March 22.—Carl Morris, Oklahoma heavyweight, knocked out Dave Goddard of Kansas City in one minute and ten seconds here last night.

Kramer Defeats Sandow.

PHILADELPHIA, PA., March 22.—Danny Kramer, Boston bantamweight, won an easy victory over Sammy Sandow, Cincinnati, in an eight-round bout here last night.

Notice of Removal.

GRAVE DOUBT AS TO WHETHER ROAD FUND WILL BE SUFFICIENT

ONE COMMISSIONER HAS OVERDRAWN HIS APPORTIONMENT BY MORE THAN \$6,000.

SPENDING MONEY OF OTHER PRECINCTS RAISES QUESTION

Approximate Amount of \$5,000 is All of Additional Money for This Fund for Whole Year.

With the apportionment of the county's share of the taxes paid in during January and credited to the proper accounts comes the realization that the road funds may not hold out during the present year.

County Treasurer Tom McHam's books show that there remains but \$12,855.62 for the four commissioners, which will necessarily be all the money that will come to them before next November 1. One of the commissioners has overdrawn his apportionment of the money by \$6,355.96. This is Commissioner H. H. Haynes, precinct No. 4.

At the present time the precincts have the following amounts on hand: J. P. Jackson, precinct No. 1, \$19,446.97; Lee Prescott, precinct No. 2, \$19,537.65; and L. L. Kuntz, precinct No. 3, \$19,096.94.

Tax collector Little stated Tuesday morning that his estimate would be that the county would not receive more than \$25,000 additional taxes this year. He figures 10 per cent of the total amount which the county receives goes to road funds, which would mean that not more than \$5,000 will be received for road purposes.

In accordance with the order now on the books each commissioner receives 25 per cent, which figures \$1,250 additional for each precinct.

These facts, under consideration of the commissioners' court, has raised a vital question which was touched upon at the regular meeting Monday.

Whether the commissioners will be allowed to draw on the fund regardless of whether they have exhausted their apportionment will come before the court at its next meeting, when it is hoped every member will be in attendance.

Commissioner J. P. Jackson of precinct No. 1 contends that it would be unfair to precinct No. 1 to allow the other precincts to realize the benefits of the money which should be realized by his own precinct. Many officials are of the same opinion.

Taking into consideration the amounts spent by each precinct in the last four months, since December 1, it is likely that the road funds will be exhausted before any additional money is paid in.

Since December 1, 1920, the following amounts have been expended by precincts Nos. 1, 2, 3 and 4 respectively: \$15,522.29, \$10,496.66, \$14,259.29 and \$11,156.12.

It is explained, however, that three of the commissioners during that time have expended over \$5000 each for a tractor which is being used in place of horses and mules in grading and leveling roadbeds.

The county's apportionment of the 1920 taxes, paid in during January, which represents the bulk of the tax, has been divided into the following funds in accordance with the tax law: Road funds divided four ways to each of the commissioners, \$25,048.92; jury, \$21,124.73; third class, general, \$92,948.65; hospital, \$1,267.48; jail, \$181,939; court house, \$5,449.20; bridge, \$2,184,72; road No. 1, \$2,924.46; and road No. 2, \$92,948.65.

WANT PERMISSION TO RAISE THE SHREVEPORT GAS RATE TO 50 CENTS

SHREVEPORT, LA., March 22.—The Louisiana Oil Co., which furnishes a large per cent of the gas supply for Shreveport, has formally applied to the city commission for authority to raise local domestic rates to fifty cents per thousand cubic feet, an increase in some instances of twice the present charge. The company claims that the construction of a pumping station at a cost of two hundred thousand dollars is inevitable and that it will not make the investment unless allowed the increase.

TWO SMALL CHILDREN THROWN FROM WINDOW MOTHER THEN JUMPS

NEW YORK, March 22.—Mrs. Bridget Mulfall and her two small children were expected to die today following a four-story fall to the street.

Police alleged Mrs. Mulfall threw the two children out of the window of a tenement house and jumped after them. They said she and the children were found four months ago in a gas filled room.

MUST DECIDE WHETHER MAN MAY HAVE "CELLAR" LOCATED IN HIS OFFICE

HOUSTON, TEXAS, March 22.—Whether a man may have his "cellar" in his business office must be decided here by Judge Hutcheson, federal court.

George S. Cohen, merchant, living at hotel, pleaded not guilty to a charge of possessing liquor. The liquor was found in his office, police said. He contended he had a legal right to keep his liquor at his office because he had no "home."

2 ADDITIONAL LINES NOW CONSIDERED BY TRACTION COMPANY

MAY LAY TRACK OUT SIXTH OR SEVENTH INTO CRESCENT LAKE SECTION.

DELAY "CUT OFF" DECISION UNTIL PLANS ARE READY

Will Not Choose Between Eighth and Ninth Until New Line is Located.

Several features of the city plan outlined by J. E. Kessler were considered in planning the new line, it is learned. It is among the possibilities that the line to Riverside will eventually connect with a fifth line to North Wichita.

Final decision on the car line route question, it was indicated, will not be made for several weeks.

Completion of the "cut-off" would give three lines, including the new one formed by extending the Thirteenth street track to Grand, and this work is considered certain regardless of what decision is reached on the proposed fourth line.

SUPER DREAUGHT COLORADO LAUNCHED

Second of The Eleven Great Vessels Authorized to Be Constructed.

CAMPDEN, N. J., March 22.—The super-dreaught Colorado, the largest and most powerful battleship ever built on the Delaware river, was launched at the New York ship building corporation yard here at 12:42 p. m. today.

The Colorado is the second of the eleven great super-dreaughts authorized to be launched. A sister ship, the Maryland, is now nearing completion at Newport News and probably will be commissioned this year.

There are five ships of this class, the first in the American navy to be armed with 16-inch rifles. The other four are the Maryland, Maryland, Washington and West Virginia and all five were given names previously assigned to armored cruisers, which since have been transferred to the navy.

Although far more powerful than any American warships now in commission, the Colorado class will be surpassed by the sixteen battleships authorized in 1916 and known as the Massachusetts-Iowa class. The Colorado class mount eight 16-inch guns each, whereas the others will carry twelve such guns.

The Colorado's main battery will be mounted in four turrets, with two guns each, located along the center line, two turrets forward and two turrets aft of the superstructure. The Massachusetts-Iowa class will carry three guns in each turret and will develop two knots more speed than the 21 knots of the Colorado class.

The Colorado is 361 feet long and slightly more than 97 feet wide with a normal displacement of 22,486 tons. The motive power will be furnished by four Westinghouse electric drive turbines connected to develop 25,000 horsepower. The crew will consist of 675 officers, 1,345 enlisted men and 25 marines.

The secondary battery of the Colorado will be fourteen single rifles, four 3-inch anti-aircraft guns and two torpedo tubes. The Massachusetts-Iowa type will have two additional 3-inch guns in the secondary battery.

Chain Stores Will Sell Stock Issue by Unusual Methods

The United Stores Co., operating a chain of stores handling staple merchandise, has announced that it will issue a stock of 100,000 shares at a price from 10c to \$1, and who have a branch store in this city, are putting on a stock selling campaign which is unusual in its scope and method.

"We wish," said one of the officials, "to give the SALARIED MAN AND WOMAN a chance to invest in chain store enterprises, and to participate in the profits which the chain stores make. Heretofore only the man with surplus capital had this opportunity. By our deferred payment plan any man or woman, no matter how they are situated, may buy stock in the United Stores Co. and in a short time be DRAWING DIVIDENDS ON THEIR MONEY."

Send for Prospectus, Western Branch Sales Office, 1210 City Nat'l Bank Bldg., Wichita, Falls, Texas.

EQUITY CASES ARE SET FOR FIRST WEEK

Judge Wilson Orders Docket Set For Federal Court Which Opens April 11.

Equity cases will be tried by Judge J. C. Wilson in the federal court here which opens on April 11. United States Commissioner J. A. Lantz received a communication from the judge Tuesday morning ordering him to set the docket.

Orders for the summoning of a grand and petit jury have not been received as yet, but are expected at any time. The grand jury will undoubtedly go into session on March 11 with the hope that it will have completed its duties by the close of the week, so that the trial of criminal cases can be taken up by the next Monday morning.

No petit jury will be on hand during the first week of the term of court, and although it is not definitely known, it is believed that the trial of civil jury cases will be taken up during the last week of the term.

Indications are that all three dockets will be heavy ones and attorneys are urged to have their cases in such shape that they can go to trial speedily.

PROHIBITION OFFICIALS TO TURN ATTENTION TO ILLIGITIMATE DEALERS

WASHINGTON, March 22.—Prohibition officials are ready to turn their attention from the drive on illegitimate dealers in liquor to relieving the honest dealers and users of some of the burdens incident to strict enforcement of the Volstead act, Prohibition Commissioner Kramer told a conference of manufacturing pharmacists and chemists here today.

"We have not yet got to a place where we do not have to look quite so much at the illegal trafficker," he said, "and that we can turn our attention to straightening out difficulties brought upon the honest and scrupulous dealers through rigid enforcement."

Mr. Kramer told the manufacturers that he realized there were lots of firms in business whose object was "to make money whether honestly or illegitimately."

"We have learned the tricks of the illegitimate dealer," he added, "I think we know now how to head him off. I believe also that by pruning the lists of permits we can get rid of a great many more."

G. C. Hall of Pittsburgh interrupted to say that the present regulations made "a large rogues gallery" of all manufacturers using alcohol in their products and that the "legitimate" manufacturer desired to be freed of the stigma of being a "potential criminal."

The conference submitted to Mr. Kramer resolutions regarding further restrictions on the manufacture and sale of proprietary medicines containing alcohol and then adjourned.

HOLD CANADIAN HOUSEWIFE RESPONSIBLE FOR THE RATE

MONTREAL, March 22.—The Canadian housewife today was held largely responsible for the high exchange rate in the United States on the Canadian dollar by Sir Henry Drayton, minister of commerce.

Speaking before the American women's club here, Sir Henry warned that with a continuance of the "lavish importation of merchandise from the United States" the expense of Canadian producers and manufacturers, national bankruptcy was inevitable.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and feel "catarrhal deafness" or if you have ringing, rumbling, hissing noises in your ears, get your druggist and get 1 ounce of Bayer Aspirin (double strength) and add to it 2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with "catarrhal deafness" or who has had head noises should give this prescription a trial—ad.

MORE THAN A HUNDRED MEMBERS OF LEGION IN LITTLE ROCK AID POLICE

LITTLE ROCK, ARK., March 22.—More than 100 members of the American Legion have been organized in a special police force to aid the local force in patrolling the streets to prevent recurrence of assaults on white women by negroes.

The legion members will be subject to call for duty at any time but because many young women employed in department stores are forced to work late on Saturday nights the special officers will be on duty every Saturday night until it is deemed safe to withdraw them. The legion's special officers were drawn last night went on record as opposed to lynching or mob violence and pledged their support to the officers in preventing lawlessness.

Several attempted assaults and two cases of assault have been reported to the police in the past month, the last of which was on March 12, and in which two negro men participated. One of the negroes, Emanuel West, has been identified and yesterday was indicted by the grand jury. The negro with the others is being held in Fort Smith for safe-keeping as a result of an attempt by the police to remove him from the penitentiary last week. The legion members sworn in as special officers are in addition to 25 new policemen placed on duty last week.

EXPORTS OF BREADSTUFFS AND MINERAL OILS SHOW INCREASE IN FEBRUARY

WASHINGTON, March 22.—Exports of breadstuffs and mineral oils increased materially during February as compared with the same month a year ago, but cotton exports slumped heavily.

Figures made public today by the department of commerce show exports of breadstuffs valued at \$43,916,000 compared with \$33,841,000 for the same month a year ago. Exports of mineral oil aggregated 25,827,000 gallons worth \$46,258,885, compared with 22,672,369 gallons worth \$34,181,026 in the same month last year.

Cotton exports in February totaled 452,426 bales valued at \$44,232,040 against 640,220 bales valued at \$55,903,127 a year ago.

What exports for the month aggregated 18,485,711 bushels worth \$36,826,026 compared with 14,955,122 bushels worth \$19,888,907 in February, 1920.

INCREASE CAPITALIZATION OF NORTH GERMAN LLOYD

WASHINGTON, March 22.—Capitalization of the North German Lloyd company has been increased from 12,000,000 marks to 250,000,000 marks, the new issue of stock to participate in dividend earnings in 1921, according to a report to the department of commerce today from Consul General Olin of Berlin.

Construction of ships and the development of service is said to have made "a large rogues gallery" of all manufacturers using alcohol in their products and that the "legitimate" manufacturer desired to be freed of the stigma of being a "potential criminal."

The conference submitted to Mr. Kramer resolutions regarding further restrictions on the manufacture and sale of proprietary medicines containing alcohol and then adjourned.

WASHOUT AT CRESTONIA STOPS RAILROAD TRAFFIC

LAREDO, TEXAS, March 22.—Traffic on the Texas-Mexican railroad between Laredo and Corpus Christi was a washout today due to a washout at Crestonia, caused by heavy rains last night. It was expected the line would be open tomorrow. The rail fall was general in this section and of some places amounted to five inches.

WAGO MAN KILLED IN A FLORIDA HOTEL

C. W. Powell is Shot To Death in Dining Room at St. Augustine Monday Night.

ST. AUGUSTINE, FLA., March 22.—The authorities today still were without a clue as to the identity of the slayer of C. W. Powell, registered from Waco, Texas, who was shot to death in the dining room of a local hotel just before midnight last night.

Four 28 calibre bullets entered Powell's back and one of them penetrated the heart. Several persons are believed to have participated in the killing as it was held for an immediate autopsy. Three citizens who were passing the hotel told the police they saw five men run from the front entrance after the shooting. An inquest will be held later today.

Powell is said to have formerly owned a string of race horses in Jacksonville when racing was permitted in Florida.

ACTION ON HIGH SCHOOL SITE LIKELY TO RESULT AT BOARD MEETING WEDNESDAY

NEW YORK, March 22.—Action on a site for the new high school will probably be taken Wednesday morning by the school board. A meeting of the board which was scheduled for Tuesday morning was postponed until Wednesday.

The site was tentatively chosen by the board several weeks ago, it being necessary to delay final action until preliminary plans had been drawn and for which money is now available.

TWO CASES TYPHUS FEVER REPORTED AT GALVESTON

ASTIN, TEXAS, March 22.—Two cases of typhus fever were reported to the health department here from Galveston. It was announced today by State Health Officer Carrick. This makes seven cases reported in Texas since January 1, 1921.

TRACTION COMPANY HAS NEW PLANS ON ROUTE FOR CUT OFF

WITHDRAWS THE REQUEST FOR EIGHTH STREET FRANCHISE—WILL SUBMIT NEW OFFER.

REVISION OF ROUTES IS UNDER CONSIDERATION

Council Acts On Protest Against Incinerator Site—More Paving Matters Considered.

The city council Thursday night put the eighth street car line ordinance to sleep for a while at least, upon the request of the traction company; took steps to find a new site for the city incinerator, after property owners in the vicinity of the present site had registered a protest; acted on several paving matters, passed the electric sign ordinance to second reading, and attended to a number of minor matters.

A letter from General Manager Albritton of the traction company, handed to Mayor Cline shortly before council convened, brought out the fact that the traction company is now considering some important changes in street car routes, and the company asked that the eighth street matter be held up until the plans are perfected. The letter from Mr. Albritton says in part:

Tells of New Plans.
"On account of some recent investigation with reference to Seventh street and one or two other streets, we have decided that our plans are not yet sufficiently developed to definitely determine just where the new line should be laid, looking to the future of the city and giving our citizenship full consideration."

"We have therefore decided to ask you for permission to withdraw this application for the time being, and when the matter has been fully analyzed and thoroughly determined, we shall be very glad to present another application."

The councilmen, who had come to the meeting determined to act on the eighth street matter one way or the other, but who for the most part were still in doubt on the routing question, killed the ordinance by refusing to pass it finally.

Object to Incinerator Site.
A large delegation of citizens residing in the vicinity of Front and Oak streets, near where the city has been assembling material for the garbage incinerator, presented a numerous signed written protest against putting the plant there, and also entered verbal objections through an attorney, Judge W. T. Carlton. Judge Carlton said it was felt that a garbage plant at that point would be a nuisance in several ways.

F. B. Massey of 401 Lee street entered a rather vehement verbal protest, demanding that he be informed why the incinerator was located in that part of the city, instead of at the end of Monroe street or at the end of Tenth street. He suggested that a site on one of these streets be acquired and offered to finance its acquisition if the city couldn't.

Mayor Cline told Mr. Massey that

while the offer of financial aid was appreciated, he thought the city could meet any expense needed. He declared that the city would give full consideration to the rights of any citizens in a matter like this. Judge Carlton then resumed his statement, explaining the fears of the residents on the matter.

Denies Presence of Odors.
A representative of the incinerator company told the council that no odors emanated from such incinerator plants, pointing out that in Fort Worth there are four such plants, some of them located in thickly settled districts, without any complaints arising.

After an informal discussion of the matter, Mayor Cline told the petitioners that further work on the incinerator would be held up pending a detailed investigation. City Engineer Montgomery and Dr. Douglas were asked to look into the feasibility of some other land east of the city. It was explained that the site chosen was selected because of its proximity to the stock pens and because the city already owned some land there, acquired for a pumping station in the sewerage system.

Paving matters occupied the attention of the council for some time, with the result that the necessary formalities for paving Ohio from Sixth street to the river were put under way, and a final order was passed for paving the gap on Lucile street.

Lucile street property owners who had declared at the last previous meeting that they could get a better price on the contract and who had gained with the council at some length on what the railroad should be required to do. It seemed probable, as a result of the discussion, that the railroad's property near Tenth and Ohio would bear its share of paving costs in that section, and that a special agreement with property owners would be reached whereby the road would share in the expense of paving north of Sixth street. At Mr. Boone's request the matter was passed until Thursday afternoon, when Judge Barwise, of counsel for the Denver, will be here to go into the matter more thoroughly.

The council killed an ordinance which had been under consideration for several weeks, relative to lowering of the traction company's tracks on Sixth street in Floral Heights. The ordinance had provided that the city assist in the work of lowering tracks, and had been passed to second reading, pending investigation.

The electric sign ordinance was read, but no action was taken pending preparation of some amendments. The ordinance prescribes in detail the manner in which electric signs shall be supported from buildings, and requires permission from the council before any such sign can be put up.

The council passed the formal order for the election of April 5.

Notice of Removal.

Boy Scout News

The new scout masters have been appointed by Scout Executives H. E. Taylor, O. R. Hart is to take charge of troop 1 at the First Methodist church, south, and H. G. Cross, who will direct troop 12 of the Methodist church, north. Mr. Cross has had several years' experience in boys' work and it is hoped that troop 12 will now grow into one of the largest and strongest in the city. All boys who were formerly enrolled in the troop are requested to be on hand for the meeting next Friday night.

Baseball games in the scout troop league resulted Saturday in victories for troops 2, 3 and 5. The former vanquished troop 1, troop 2 won from troop 4 and 5 took a hard earned victory from 6. Games on Saturday of this week are scheduled as follows: Troop 1 vs. troop 4; troop 3 vs. troop 6; troop 2 vs. troop 5; troop 7 vs. troop 11, and troop 9 vs. troop 8.

A drive will start next week to raise funds for the 1921 scout budget. Estimates now place the mark needed at around \$6,000.

Troop 7 is still in the lead for the scout efficiency contest flag which will be awarded for this quarter on next Friday. Troop 8, which carried off the honors last quarter, is running a close second.

Scout Executive, H. E. Taylor is planning to visit the district scout executive convention to be held in Fort Worth the latter part of this week.

There will be a scout masters' meeting

ing at the First Christian church Tuesday evening, at which time plans for the summer camp will be discussed and other matters of importance brought up. All scout masters and assistants are urged to be on time.

A Child Doesn't Always Know
—that its eyes aren't normal and that they need attention.
Some people have their children's eyes examined periodically, even if there is no apparent sign of trouble.
—It is a wise and safe plan

Indiana at Eighth

A Question of VALUE RECEIVED

—In choosing a bank, as in choosing any other institution for your patronage, you can apply the rule of value received; and thoughtful patrons of this bank realize that the service it renders them has a value that is not often equalled and never excelled.

The First National Bank

"The Personal Service Bank"

Established 1884 Indiana at Eighth

Start NOW!
—Your small savings of today may steadily grow into several thousand dollars and the compound interest rates does not require many years to give you an independent income sufficient for all of your needs.

Security National Bank
"The Bank of Dependable Service"
EIGHTH AND OHIO

You'd Be Surprised
Money spent is gone. Money stolen is dreadful. Money lost is too bad. Money in your pocket is skittish. Money in the Bank—you'd be surprised.
Try it. Open a Savings Account.
