MAN HELD FOR WHITMAN MURDER

LITTLE DAMAGE BY GULF STORM; PASSES INLAND

REAR ADMIRAL SIMS DENIES HE MADE THE STATEMENT QUOTED
HANDS WRITTEN REPORT TO SECRETARY DENBY AS REQUESTED.
UNDER CONSIDERATION AND TEXT IS WITHHELD
Rear Admiral Reports Personally to Secretary of the Navy Thursday Morning.

WASHINGTON, June 23.—Rear Admiral Sims handed today to Secretary Denby a written statement about his recent speech in London which he was quoted as criticizing Irish-sympathizers in the United States and which resulted in his recall from leave. The naval secretary has the statement under consideration and meantime its text is withheld.

WASHINGTON, June 23.—Rear Admiral Sims arrived from London yesterday and called on Mr. Denby at the navy department this morning. He was with the secretary only a minute or two, then going to the office of Admiral Coontz, chief of naval operations.

The admiral refused to comment on the case in any way but Secretary Denby after his interview with the officer.
Admiral Sims has denied the accuracy of the statements attributed to him. He stated that he was incognito when he gave the statements.
I gave him a written memorandum setting forth these statements and asking him to inform me in writing where he was misquoted and to tell me if he could explain these remarks and Secretary Denby directed him today to make a written statement giving a correct text of what he had said.

STREAMS NEAR DENISON REPORTED OVERFLOWING
DENISON, TEXAS, June 23.—Creeks and brooks in and near Denison are overflowing as the result of a heavy rain which fell throughout the night and this morning. The city pumping station recorded a rainfall of 3.33 inches, for the 18 hours ending at 8:00 o'clock this morning. Rain was still falling at that hour.
The Katy office received word that the swollen streams are threatening bridges at various points.

GIVES REASONS FOR ABSENCE FROM OPENING OF PARLIAMENT
LONDON, June 23.—What purported to be a copy of a letter Field Marshal Sir Henry Hughes Wilson, chief of the imperial general staff, sent to Prime Minister Lloyd-George explaining his refusal to attend yesterday's opening of the Ulster parliament was circulated today.
In view of the fact that the government is determined to increase its pressure on the south and west of Ireland to bring the Sinn Fein rebellion to an end and that orders for all troops to go over will emanate from me, I think that perhaps it would be better to have a very strong preliminary to ordering thousands of troops over to crush the rebellion. I was sent to take part in the opening of the northern parliament.

REVOLT IS STAGED BY GENERAL PEREZ
General Sanchez Leaves With 1500 Soldiers to Suppress Trouble in State of Vera Cruz.
VERA CRUZ, June 23.—General Guadalupe Sanchez, chief of military operations in the state of Vera Cruz, has left with 1,500 soldiers for Minatitlan. In the southern part of the state, to put down a revolt reported to have been started by General Castulo Felix, with followers of Felix Diaz, who was deported.
General Perez reached an agreement with the Mexican government last February by which he was given amnesty in return for a promise not to engage in further disorders. Several warnings were sent to him recently but he ignored them.

ULSTER WOMAN IS ELECTED

Mrs. Julia McDermott, member of parliament at the recent Ulster elections.

BANK OF ENGLAND HAS REDUCED ITS RATE OF DISCOUNT
LONDON, June 23.—The Bank of England today reduced its rate of discount from 6 1/2 to 6 per cent.
The reduction came just as the banks were making up their half yearly accounts. It was expected that during the day deposit rates would be lowered.
The reduction of the federal reserve bank rate in the United States and cheaper money conditions in America were among guiding influences to the lower minimum rate.
In the stock market fair-sized orders were placed at once in the gilt-edged section for war loans, Indian stocks, Argentine fours and other bonds.

SENATOR M'CURBER FLAYS PROFITTEERS
Urges Bill for Giving Adjusted Compensation to Former Service Men.
WASHINGTON, June 23.—War-time profiteering plagues were flayed in the senate today by Senator McCurber, republican, North Dakota, in an address advocating his bill for giving adjusted compensation to former service men. The measure, reported favorably by the finance committee, would be an act not only of gratitude but also of justice.

ANTI-BEER BILL IS REPORTED TO HOUSE
Rules Committee is Expected to Give It Right of Way in Next Few Days.
WASHINGTON, June 23.—The Willamson anti-beer bill, with minor amendments, was reported today by the house judiciary committee. The rules committee is expected to give it right of way in the house within the next few days.

DRIVES 300 MILES TO REQUEST GOVERNOR TO PROTECT HIS SONS
AUSTIN, June 23.—E. M. Carpenter, a citizen of Ray, Bexar county, has driven 300 miles to request the governor to protect his two sons, who are in the service of the United States.

FURTHER UNOFFICIAL DETAILS OF BATTLE ON MEXICO BORDER
LAREDO, TEXAS, June 23.—Further unofficial details of a battle between Mexican federal troops and about 50 alleged bandits near Huisachito, south of Nuevo Laredo, last Tuesday, gave the number of soldiers dead as eight and two wounded. Heretofore, the number of the bandits has been four and the number of the band has been found by pursuing federal troops, reports said.

CONFESSES MURDER FUQUA POSTMASTER
Thelmer Kelley Arrested Following Information of Robbery Plans.
BEAUMONT, TEXAS, June 23.—Thelmer Kelley, 38 years old, of Vidor, law, confessed Thursday to the murder of Pres Bailey, postmaster at Fuqua, last Saturday, according to information received from County Attorney Matthews of Liberty county. The arrest was made on suspicion following the receipt of information by officers to the effect that Kelley had tried to get another boy to join him in a jobbery of his uncle, who lives at Vidor.

JAPANESE CLASH WITH THE BOLSHIEVIK FORCES
By Associated Press
TOKYO, June 23.—Japanese and bolshevik forces have clashed near Nikolaiivka, and there have been several casualties. It is asserted the Japanese were attacked by the bolsheviks. A Bolshevik, an important town in the western part of Ussuriysk, has been captured by the bolsheviks. The bolsheviks have withdrawn to neighboring villages where the opposing forces are confronting each other.

BILL EMBODIES PLAN OF SECRETARY MELLON FOR REFUNDING LOANS
WASHINGTON, June 23.—A bill embodying plans of Secretary Mellon of the treasury department for refunding war loans made to the allies was introduced in the senate today by Chairman Ferguson of the finance committee, to which the measure was referred.

REDSUBSTANCES HAVING BEEN REDUCED
DALLAS, June 23.—Redsubstances rates on all securities have been reduced from 8 1/2 to 6 per cent by the federal reserve bank, according to an announcement by R. L. Cullison, cashier of the institution. The new rate becomes effective June 23.

BUSINESS HAS EYE ON MEXICO MARKET

Showing Interest in Legal and Economical Requirements of That Country.

LAREDO, TEXAS, June 22.—With prospects of increased trade with Mexico and the announcement of Mexican railroad officials that the freight situation is improved, exporters are showing interest in the legal and economical requirements for the shipment of merchandise to the southern republic and business and industrial men of the United States are studying for a potential market, according to brokers in Laredo who handle the shipments through this gateway.

For some time there has been a heavy congestion of traffic, not only on the border but in the interior of Mexico. Cars are being furnished by some of the American railroads, by purchase by the Mexican government and by private concerns in that country.

But this was not sufficient to relieve the congestion and one broker tried to solve the problem by purchasing a number of locomotives and putting them in service.

So great has this sort of business grown that this firm was able to secure the services of the former general manager of the International and Great Northern railroad, who resigned to become transportation manager of the brokerage concern, with headquarters in Monterey.

There are fifteen locomotives in active service and their engines daily are hauling trains of merchandise through the route. Through an agreement with the National Railway of Mexico, the brokers send a representative in the caboose of each freight train of goods sent out, with an engineer in the cab of each engine.

The railway company furnishes a full train and engine crew, but the engineer of the train is furnished by the brokerage concern, often giving his services when they are on the trip.

Within thirty days there will be in Mexico sufficient locomotives to handle all traffic on the National railroad, according to Ramon P. Negri, personal representative of President Alvaro Obregon in management of the government railroads.

Within two months, trains will be running on schedule, according to railroad men. Although freight congestion at the ports of entry is great, conditions are improving. President Obregon has announced that the roads will be returned to private ownership as soon as possible, and Mr. Negri said there is no lack of freight cars in Mexico now, he said.

The agreement with the American Railway Association, which provides for the exchange of cars across the border, has given Mexico several thousand cars, enough for her needs. The difficulty until recently has been the lack of locomotives to move them.

HONOLULU TO PROVIDE UNUSUAL ENTERTAINMENT FOR THE PRESS CONGRESS

HONOLULU, T. H., June 22.—The greatest continually active volcano in the world, the crater of the earth's largest dormant volcano; majestic coast lines; baking sands; miles upon miles of pineapples and sugar cane; a miniature Grand Canyon of the Colorado; these and a hundred other impressive and novel sights will be spread before the delegates to the press congress of the world which will meet in Honolulu next October.

When the business sessions are over the entertainment committee, formed in Hawaii to entertain the delegates on a steamer tour of the islands and in the eight days planned for this trip an interesting itinerary will be followed.

The vessel will skirt the majestic windward coast of Molokai and from its decks the delegates will see the famous leper settlement of Kalaupapa, a settlement that promises soon to be a thing of the past, and the ever increasing progress being made against the disease by the chaulmoogra oil extracted in the University of Hawaii laboratories.

On the island of Maui a great rodeo is planned for the visiting publishers and editors and there also they will be taken to visit the ancient Iao valley and other beauty spots. On that island too they will be given opportunity to explore Haleakala, the greatest of extinct volcanoes, 14,000 feet high with a crater 2,000 feet deep and more than 30 miles in circumference.

Skirting the east coast of the island of Hawaii, the largest of the group, Mauna Kea, the Pacific's loftiest peak, its snow-capped summit breaking the clouds will offer a scenic thrill before the party lands at Hilo, the second largest city in the territory. From Hilo an auto ride will take the delegates to Kilauea, 30 miles distant, where the lava in the crater of Halemau mau (the house of fire) never ceases its restless swirl.

After side trips into historic districts of the island, the travelers will board their steamer again near the spot where Captain Cook, discoverer of the islands, was killed by the natives, a spot marked by an imposing monument.

While the visitors will be given every opportunity to see the natural

LUMBER COMPANY HAS BURGLARY AND FIRE ON WEDNESDAY AFTERNOON

Wednesday was a busy day at the Lohr-Bell Lumber company plant, 1005 Ohio, a burglary and a fire being recorded there within a few hours time.

A valuable gold watch, about \$10 in cash and a check for \$200 were stolen about 5:00 o'clock in the afternoon while office employees were in the lumber yards making an invoice of stock. The thieves apparently were familiar with the plant, as they ransacked the locker rooms where the street clothes of the workmen were hanging.

Fire of unknown origin broke out in the yards at 9:00 o'clock in the evening but was soon extinguished by fire apparatus from the central station. Damage was negligible.

PREPARE FOR REMOVAL OF MENNONITES TO MEXICO

EL PASO, TEXAS, June 22.—J. F. Welke and a party of six Mennonites, accompanied by an expert water photographer, are in Durango, Mexico, preparing the country for the first movement of colonists from Saskatchewan, Canada, to Mexico.

Drilling for a domestic water supply on the colonization lands will be started immediately, according to Mr. Welke.

The migration is being made because of friction with the provincial Canadian government on matters of education. Mr. Welke said, "Mennonites as the sect views them are reading, writing and arithmetic, taught the children until they are 14 years old, after which all education pertains to tilling the soil."

MEXICO AIDS SOLDIERS AND RELATIVES OF DEAD

JUAREZ, MEXICO, June 22.—Mexican soldiers, as well as relatives of their dead comrades, are being aided by the Mexican government.

The government is establishing soldiers on farms when they are discharged from the army, according to reports received at military headquarters in Juarez. Two colonies have been organized in Tamaulipas.

Immediate attention to the pension claims of relatives of soldiers killed on battlefields was ordered by President Alvaro Obregon through the war department. The order said that pension claimants should be given immediate attention and supplied with necessary information, thus avoiding the complaints made by pension collectors that their affairs are not carefully and speedily investigated.

NEGRO MAN IS HELD ON STATUTORY RAPE CHARGE, 17-YEAR-OLD GIRL WITNESS

A negro known as "Daisy" Weldon was arrested by the police Wednesday afternoon and turned over to county officials on charges of statutory rape.

He is said to have assaulted a 14-year-old negro girl Wednesday morning, threatening to kill her if she called for help.

The alleged crime was committed in the negro district east of the railway station.

"RAINBOW PARADE" FEATURES CONVENTION OF WOODMEN

ST. LOUIS, June 22.—The "rainbow parade" of the Foresters through the business district and final drill maneuvers at their annual convention of the approximately 4,000 members of the Modern Woodmen of America here at the order's convention for business session of the head camp was held during the day.

The Foresters, famous for their colorful turnout, were reviewed by city officials and high officers of the order.

Wall paper and canvas at reduced prices. Decorators Co. 25-7C

WHAT A WOMAN SHOULD DO WHEN SHE IS WEAK AND NERVOUS

THOUSANDS OF WOMEN HAVE SUFFERED FROM WEAKNESS AND NERVOUSNESS. They are often produced by iron starvation of the blood, the sufferer frequently never suspects the real cause of her trouble but thinks she has some other ailment. As a result of iron starvation you may suffer from headaches, dizziness, shortness of breath or heart palpitation, pain across the back, loss of memory, weak will power, melancholy or the "blues," disturbed digestion, loss of appetite, sleepless nights, and collapse in a state of nervous prostration but eat more spinach and green vegetables and take organic iron like Nuxated Iron for a while and see what a difference it makes.

But be sure the iron you take is organic iron and not metallic iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron, while organic iron like Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples. Beware of substitutes. Look for the name "Nuxated" on every package and the letters N. I. on every label. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. For sale by all druggists.—adv.

Warning: Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as sold in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of genuine Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages and prove safe by millions. Take Bayer Manufacture of Monocacetic acid of Salicylic acid.—adv.

You must say **BAYER** Aspirin

"Bayer" on Genuine Aspirin—say "Bayer"

MEYER Certified Drugs

Peroxide of Hydrogen

The strength and efficacy of peroxide of hydrogen depend upon its being bottled and sealed fresh. It quickly loses its potency and becomes practically worthless if long exposed to air.

Meyer Peroxide of Hydrogen—tested for its purity—is bottled and sealed as soon as made.

Its purity, potency and permanency are guaranteed by the largest drug house in the world, of 69 years' established character. Look for the Meyer label—the sure sign of pure drugs.

PRETTY PARTIES GIVEN AND TO BE GIVEN, FOR GIRLS VISITING HERE

Two pretty parties this week, and others planned for the week, are complementing holiday visitors of Wichita Falls during the present "open season for guests."

Wednesday morning Mrs. H. B. Patterson and Mrs. Will Irwin entertained with a delightful hospitality at the Country club, honoring Misses Curtis and Katherine Noble, their house guests.

Friday afternoon Miss Hallie Adams entertained with a few tables at the home of Mrs. J. M. Alexander. The Adams home was beautifully decorated with white daisies and orange flowers, and an informal musical program, to which a number of the guests contributed, added to the pleasure of the party.

SIX O'CLOCK DINNER HONORS MISS TOWLE OF HARRISBURG Miss Bernice Towle of Harrisburg, Pa., was complimented by her Ward-Belmont college friend, Mrs. Julia E. Ehlers of 1609 bluff, with a beautifully appointed six o'clock dinner Wednesday evening.

CATHOLIC DAUGHTERS PICNIC WAS A BIG SUCCESS TUESDAY The picnic sponsored by the Catholic Daughters of America at Bellevue park for the members of the church of the Sacred Heart was attended by between seventy-five and one hundred people.

Cuticura Soap Is Ideal for The Complexion

Good Thing Elephants Don't Come Small

Mrs. H. H. Thomas (at left) appeared at the Westchester County Horse Show at Gedney farms, White Plains, N. Y., with a pet woodchuck, and her friend, Mrs. A. G. Lodi, carried a baby monkey. The woodchuck pet attracted almost as much attention as the horses.

I had a pretty good idea this morning when I was milking the cow's duster, because she had some burrs on her tail and she swatted me in the back of the neck with them a couple of times, so I parted the hair on her tail and tied it around her hind leg, and pretty soon when a fly lit on her tail and she swatted it she wiggled her tail and I guess she thought it was paralyzed or something and she looked around to see if it could not see it because she was between her and it, so then she wiggled it again, and it did not work and she looked surprised, and I was watching her out of the corner of my eyes and so was Jubilee.

When I had got done milking her I took the pail out of the way and left her tied up and was just going to tie a horse shoe to the hairs of her tail, and then every time she swung it she would hammer on the ribs and after a while she might get through some to not ever switch her tail. And I would get out a patent on my idea and sell it to everyone that had a cow and pretty soon I could buy me a cow and hire a man to milk my cows and I would not care if they did switch him, and my father would let me set up till I got sleepy.

When I was eating breakfast Younias came bounding in and I thought it was a boy at first because she had on a suit like a boy scout, and everybody told her how pretty she looks, and she said that her mother says she can run around with me all summer but she must not go with the other boys because they are bad boys and too tuff for a girl to associate with. I did not know what to say. I wonder what is the use of being as tuff

So then she wiggled it again, and it did not work and she looked surprised, and I was watching her out of the corner of my eyes and so was Jubilee.

DR. TRUETT SPEAKS AT ROTARY LUNCHEON ON "UNSELFISHNESS"

A talk on "Unselfishness" with which was coupled a discussion of the disarmament plan, was made by Dr. George Truett of Dallas, who for the fourth time this week appeared before a local luncheon club.

PRESIDENT HARDING EXPECTED TO DEMAND ACTION BY CONGRESS

LACK OF AGGRESSIVE LEADERSHIP RESPONSIBLE FOR MOVE.

TAXATION AND TARIFF ARE PRESSING ISSUES

Reports of Restlessness Throughout Country Are Influencing Chief Executive.

By MARK SULLIVAN National Political Correspondent of The New York Evening Post and The Wichita Daily Times (Copyright, 1921, by The New York Evening Post)

WASHINGTON, June 23.—There are strong signs that President Harding will shortly assert a leadership of congress to an extent that is repugnant to his temperament and not sympathetic to his beliefs about the separation between the executive and legislative branches of the government. If President Harding had been asked any time up to a few weeks ago whether he would ever exert pressure on congress to hasten a purely legislative function, his answer would probably have been an emphatic "no."

But the atmosphere of Washington has universally come to regard congress as lacking in leadership within itself and as unreasonably dilatory in the important matters of taxation and tariff. This is supplemented by reports of restlessness throughout the country. The two combined have caused President Harding to show signs recently of a reluctant taking up of the leadership that congress lacks.

The president has restricted his requests to congress for action during the present session to two measures only, taxation and the tariff. These two measures compose the administration program for the present session. Mr. Harding undoubtedly would have preferred not to be compelled to go further than the original suggestion in his first message to congress. But the pressure on him, both from business interests and from party leaders throughout the country, and the pressure on him that is inherent in the sun, are such that he may shortly be expected to put his shoulder behind the program.

Undoubtedly, that part of the country which is generally spoken of as "the business interest" expects that in putting the republican party in power they were taking a step which would result in a prompt and capable transition from war time conditions to peace conditions. That this transition must be accompanied by some measures that will not be popular in the broad sense must be taken for granted, but it was expected that the republican party, backed by such a huge majority and with such comfortable margins in both houses and senate as they had, would not lack the courage to grasp these problems boldly.

The fact is, however, this is just what the republicans seem to lack. In the present tax schedule, and in other respects we have statutory conditions created in time of war, and arising out of the present system of taxation was designed, so to speak, to draft money, and was designed also to take from the private owners of business most of that unearned increment, which arose as an incident of war. This was right, and proper, but when the conditions are reversed, and we are in a period "not of inflation" but of deflation, the retention of the force of a tax system conceived in this spirit works hardships to individuals, and ill fortunes to the country.

There are aspects of our present tax schedule which as it has been expressed, act as an embargo on business transactions, properly which might otherwise be transferred and passed into useful activity is held, whether wisely or not, for a price which will enable the owner to pay the taxes, and still have a profit for himself. In some respects we are approximating the conditions of those eastern countries governed by the Turk, where the farmer, estimating the value of his crop, and the probability of it that will be taken by the tax collector, decides it is not worth while to reap.

But no republican leader and no republican group in congress seems to have arisen that has either the intense application or the intelligence to work out what is required in order to change the conditions and yet at the same time get the revenge. No leader or no group has arisen that has the energy and industry necessary to put such a case as this before the country, and has made the country restless, in the factor which now brings President Harding to the necessity disagreeable to him of assuming leadership himself.

Investigation Fails To Locate Ghosts of A Haunted House

BRISTOL, VA.-TENN., June 23.—An official police investigation has failed to locate Bristol's "ghost" and after more than a week's excitement strange moanings and groanings continue to emanate from the "haunted house" in the residential district to which thousands have been attracted, daily and nightly.

All sorts of theories have been advanced by the skeptical but all efforts to explain the strange sounds have been futile. The police advanced the theory that rats were responsible but after all rodents were eliminated from the building the moaning continued. Now building experts have decided to try their hand at solving the mystery and have started an investigation that will cover every inch of the room and walls in which the noise is heard. Two inmates of the house already have suffered nervous breakdowns as a result of the excitement created by the haunts.

TWO MORE MEN PLACED UNDER BOND BY COMMISSIONER D. L. Green and E. H. Minor were placed under bond of \$1,000 each by United States Commissioner J. A. Lantz following a preliminary hearing late Wednesday afternoon. The men are charged with having received and concealed property, alleged to have been stolen from an interstate shipment and for which theft three men are now in the county jail under bond.

LOQUACIOUS ADMIRAL AND PRINCE GET DEGREES AT CAMBRIDGE

Rear Admiral William S. Sims, now returning to this country to face what is likely to be a somewhat climactic moment in his career when he interviews Secretary of the Navy Denby, was in England primarily to receive the honorary degree of LL. D. from Cambridge University. His popularity in Great Britain began even before his now famous or infamous (depending on the point of view) "backass" speech in London. He was honored at Cambridge by receiving his degree at the same time as the Prince of Wales at the senate house of the University. The Rear Admiral is shown in the picture near the Prince as both joined in the procession from the senate house. The Admiral appears to have been vastly amused at one of the time-honored pranks of the collegians—the hanging of a proctor in effigy.

PRaise COURAGE OF THE KING AND QUEEN

Relief Over Their Safe Return From Ireland Voiced By London Press.

HOLYHEAD, June 23.—King George and Queen Mary arrived here this morning from Belfast where yesterday they presided at the state opening of the Ulster parliament. Immediately after landing they boarded their train for London.

LONDON, June 23.—Relief over the safe return of King George and Queen Mary from Belfast was expressed by this morning's newspapers, which also voiced appreciation of their courage in making the trip to the Irish city to open the Ulster parliament. Editorials warmly approved the king's address, especially his plea that the "Irish forgive and forget and peace be made of the land they love a new era of peace, contentment and good will." The Daily News, however, strongly criticized the government which framed the speech for "simultaneously making a mockery and reproach of these moving words" by its decision to send more troops to the south of Ireland. The London Times also denounced the government for "dashing all hopes by decreasing intensified violence in Ireland to the bitter end." It accused the government of playing the game with the king, who was said to have done all he could.

Relief was expressed strongly by some papers that the opening of Ulster parliament might lead eventually to the harmonious parliament for United Ireland. Commentators reasserted that to grant full independence to Ireland was "utterly impossible" but they declared that Great Britain was entirely willing to allow the Irish to manage their affairs in their own way. The Daily Telegraph, contending that in south and west Ireland, the Irish already had secured more than their constitutional leaders had asked, declared concessions would not long be withheld in order to change the conditions and yet at the same time get the revenge. No leader or no group has arisen that has the energy and industry necessary to put such a case as this before the country, and has made the country restless, in the factor which now brings President Harding to the necessity disagreeable to him of assuming leadership himself.

But no republican leader and no republican group in congress seems to have arisen that has either the intense application or the intelligence to work out what is required in order to change the conditions and yet at the same time get the revenge. No leader or no group has arisen that has the energy and industry necessary to put such a case as this before the country, and has made the country restless, in the factor which now brings President Harding to the necessity disagreeable to him of assuming leadership himself.

CITY MANAGER OF TYLER IS ELECTED LEAGUE PRESIDENT

H. J. Graesser, city manager of Tyler, was elected president of the League of Texas Municipalities late Wednesday at the concluding session of the ninth annual convention of the organization. Mr. Graesser succeeds Mayor J. W. Chancellor of Bowie, who has been president of the league for several years.

Other officers elected Wednesday are: Mayor W. E. Lea of Orange, first vice-president; Carl B. Calloway, assistant city attorney of Dallas, second vice-president; Commissioner A. H. Houston of Houston, third vice-president; Frank H. Stewart of Austin, executive secretary; Robert D. Jackson of Austin, assistant secretary.

Among the speakers of the final session was Fire Chief McClure of Wichita Falls, who told of the organization of the local fire department. The Episcopal ladies will hold a general food sale at the White House Market Saturday, June 25, 10 a. m. \$1-\$20 window glass at Decorators Co. \$3-\$70

BOND ELECTION FOR HIGH SCHOOL TO BE ORDERED SHORTLY

AMOUNT WILL BE \$250,000 OR \$700,000, ACCORDING TO PRESENT PLANS.

65 CENT TAX RATE IS LIKELY FOR THIS YEAR

Board to Fix Amount at Early Meeting—Details to be Decided in Advance.

At a meeting of the school board to be held within the next day or two, it is expected that the high school bond issue election will be called. A bond issue of \$250,000 or \$700,000 will be asked for the new high school building. It being estimated that a figure somewhere in that neighborhood will be required to construct a building such as is needed. Before the election is called, members of the board will settle a number of questions in connection with the building.

The board will also canvass the returns of the school tax election last Saturday, and will probably fix the 1921 tax rate. W. W. Brown, manager of the schools, said Thursday that a rate of probably 65 cents would be fixed. While the rate will be higher, school taxes will not be actually increased, Mr. Brown said, "because the valuations will not be above those established by the city, as they have been in the past. We are hoping that a 65-cent rate will be sufficient for the year."

IT NEVER HAPPENS

THREE POLES KILLED AND TWENTY-ONE ARE WOUNDED

WARSAW, June 23.—Three Poles were killed and twenty-one wounded during anti-German demonstrations at Bronberg, a town northeast of Poznan, yesterday. Seven policemen were injured during the disorders. The trouble arose out of feeling on the part of the Poles that their countrymen who have remained at work in German factories were being ill-treated by Germans. Mayor Malinsek, who was accused of pro-Germanism, was dragged from his office and roughly handled by Polish laborers until he was rescued by the police.

SPLENDID CROPS IN NEIGHBORHOOD OF BYERS AND CHARLIE

The northeastern portion of Clay county, particularly the Byers-Charlie section, has crop prospects this year unequalled in the history of northwest Texas, according to Wichitans who have been there recently.

E. J. Bean, who has recently been on several trips into that district said Thursday:

"Crops around Byers and Charlie will harvest 20 and 25 bushels of wheat to the acre, and they are needing harvest hands right now. The seasons have been just right for wheat, and they will make a splendid crop. Corn is as fine as any I ever saw, with one exception, and they are also going to make plenty of cotton and feed. I hardly ever saw a section that looked better, and I wish some of our folks who are grieving about dollar oil would drive out there and get cheered up a bit."

Mr. Bean said that several farmers had told him they needed harvest hands and he suggests that anyone looking for work should get in touch with folks at Byers and Charlie.

ENOUGH HANDS FOR OKLAHOMA HARVEST HAVE BEEN OBTAINED

Thursday evening will mark the end of the harvest hand recruiting campaign which has been carried on in this city during the past week, according to an announcement by James Hughes of the Oklahoma labor commission Thursday morning.

Mr. Hughes has been in Wichita Falls since last Sunday recruiting men for harvest work in both eastern Oklahoma and throughout his efforts several hundred laborers have been sent up to the fields.

The situation has been greatly relieved, he states, and there will be no further need for seeking help. With those that have already arrived on the farms, those now enroute and those to be recruited today the farmers will have sufficient help to care for their crops.

Mr. Hughes will leave Thursday night for Oklahoma, after which any and every work as harvesters must find it for themselves.

NO DELAY LIKELY BY FURTHER TROUBLES AT BRAZOS CROSSING

In spite of further difficulties encountered at the Brazos crossing, southern officials are still hopeful that the first train can be operated next Monday, as previously planned.

The difficulty of building across the Brazos has been increased by the fact that the first train can be operated on the hard-rock taking away the several feet of earth which had been used to hold the piling. A telegram Wednesday from Captain McFarland said that he would drill into the hard bed and blast, in an effort to set the piling.

The recent rains in this section have apparently not affected the work as only a two-inch rise being recorded. Water from the lower plains rains is expected to arrive at the crossing some time Thursday.

WOMAN IS INJURED IN NORTH WICHITA THURSDAY WHEN HORSE RUNS AWAY

A frightened horse which she was driving was the cause of painful injuries sustained Thursday morning by Mrs. Lillie May Hunt, residing on Jefferson street in North Wichita. She was thrown from a buggy when the horse ran, suffering a severely sprained left wrist and minor bruises about the body.

She was removed to her home and medical aid summoned, but it was not known whether the wrist was broken or dislocated.

The accident occurred just as she was approaching the river bridge at the foot of Ohio street.

AVIATORS TO SPAN THE CONTINENT IN ONE DAY

Breakfast in Los Angeles one morning, breakfast in New York the next morning will be the schedule of David B. Lee, Los Angeles sportsman and aviator, shown on the right in the photo. Accompanied by Eric R. Springer, on the left, he intends to start from Los Angeles in the "Cloudster," an attempt at a non-stop twenty-four hour flight to New York. Carrying fuel for twenty-eight hours, the big machine will be put through its paces. The plane is the biplane type, fifty-six feet wing tip to tip, thirty-six feet long and fourteen feet high. The power plant consists of a single 420-horsepower Liberty motor.

LOS ANGELES, CAL., June 28.—Start of a non-stop aerial dash for New York will be made this afternoon from March Field, Riverside, Cal. It was announced here today by David B. Lee of Hollywood, Cal., and Eric Springer of Ocean Park. Plans to start from here were prevented by field conditions.

In completing the coast to coast flight, a distance by airline of approximately 2,500 miles, the flyers would break the non-stop distance record of 1,340 miles made by Alcock and Brown in crossing the Atlantic shortly after the war. Indications are that a successful trip also would establish a new record for continuous flying, the present mark being 24 hours, 13 minutes, 7 seconds, held in France. The third of the most coveted achievements of flyers—the record for straightaway speed—probably would not be affected in a coast to coast flight.

The plane in which the attempt will be made in an especially constructed machine in which every modern mechanical appliance tending to insure the success of the trip will be installed. Every detail of it will be of American design and manufacture. Designed by Donald W. Douglas, it has been christened the "Cloudster." It will not be particularly large, the wing spread being 56 feet, the length 35 feet, and the height 13 feet. Many war planes were larger.

The tanks will carry 650 gallons of gasoline for the 400 horse power Liberty engine. An instrument of special construction will enable the pilot to tell whether the plane is flying level, even though he is in a fog which makes the earth invisible.

Other instruments will register the gasoline consumption per hour, the oil consumption, the direction and speed of the wind, the air speed and ground speed of the machine and all other data useful to an aviator in attempting such a record breaking flight.

The plane has been completed for nearly two months. Its speed has been found to be close to 110 miles an hour as a maximum.

MEXICANS TO LEAVE AT 5 P. M. FRIDAY ON SPECIAL TRAIN

The special train which is to carry nearly a thousand Mexicans from this city to their old homes in Mexico will leave the union station at 5 o'clock Friday afternoon, it was announced Thursday by Mexican officials who are in Wichita Falls supervising the work.

Passports to those desiring to leave were being issued Thursday at a Mexican cafe on Mill street, while other arrangements were being completed at that place also. Senor Cantu, Mexican consul of Dallas and Senor Arcoo and Mancilla arrived in town late Thursday and are working with Jimmy Gonzaless, local police officer, in completing details for the movement.

BAPTIST WOMEN WILL HAVE LARGE PLACE OF RESPONSIBILITY IN 1922

DES MOINES, IOWA, June 23.—Baptist women are to have a larger place of responsibility in the coming year than ever before, Dr. John Y. Altchison, general director of the general board of promotion of the Northern Baptist convention, declared today at the Northern Baptist convention here. His statement was made in the course of his response to an address made by Mrs. Andrew MacLeish of Glenco, Illinois, home administration vice president of the Women's American Baptist Foreign Mission society.

"Never before in the history of our work have the women been so largely represented in the councils of the general work of the denomination as at the present time," Dr. Altchison said. "We fully recognize the fact that they are not represented in all departments of the work as fully as they should be, nor as fully as we believe the denomination desires they should be in the near future. There is a type of work for women to do that can be done by no other force."

"Civilization has no greater riches than those of Christian womanhood. There are five words, the mention of which awakens a deep sense of gratitude in the hearts of multitudes of men. These words are 'mother,' 'grandmother,' 'sister,' 'wife' and 'daughter.'"

Dr. Altchison paid a tribute to the influence of all Christian women upon his own life and upon the lives of men in all lands. He stated that Christian women have ever occupied a place of leadership in all missionary enterprises. This is due to the fact that a woman by nature is unselfish, he said. When Christ enters the heart of a woman something of a practical nature must be done to make available the blessings thus received. The initiative, voluntary service and effective methods of women's missionary societies have had much to do with making possible the advance movements in all denominations, he declared.

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

CARPENTIER TO GET FIRST HAND REPORT OF DEMPSEY'S STYLE

ATLANTIC CITY, N. J., June 23.—Georges Carpentier will be given a close account of Dempsey's fighting style and condition today by Pierre Mallet, close friend and adviser of the French champion, who watched Dempsey go through a 40-minute workout of bag punching and boxing yesterday afternoon.

Mallet, who has been a friend of Carpentier's for 10 years and who has been with him in all his important contests, was impressed with Dempsey's condition and left hand hitting. The French visitor made no attempt to conceal his identity or the object of his visit and had nothing but praise for the heavy-weight champion. He appears to be in wonderful condition. Mallet said, and a magnificent specimen of a man.

Dempsey was not told of the presence of the visitor in camp until today, when he expressed disappointment that he did not meet him. "I am glad he was there," the champion said. "Any member of Carpentier's camp is always welcome. If I had seen him, I would have invited him to stay in my quarters."

SKETCH OF CARPENTIER'S LIFE

NEW YORK, June 23.—Georges Carpentier, the French people, is the "Man of Destiny." No more do they doubt the ability of this man, decorated for bravery during the world war, to defeat Jack Dempsey on July 2, when they doubted the ability of the allied armies finally to overcome Germany.

Carpentier's official war record, investigated recently, revealed that the boxer spent 15 months at the front, flying a two-seated observation plane and the Medaille Militaire.

Two defeats at the hands of the Americans, the first by Frankie Field, marked his 1912 record. Frankie Carpentier in 17 rounds and Frank Klaus beat him on a foul when the nimble-brained Dempsey clamored for a stoppage to save his protégé from a knockout.

The son of a miner, Carpentier was born in Lens, the coal mining center of France, on January 12, 1894. He started work as an office boy in a grocery store at an early age.

When Dempsey, from training and boxing with men who knew every twist and turn in the game, had adjured him ready for another invasion of the ast, this time under more expert supervision.

The trip was a triumph from the start. Dempsey's fight, his way across the continent, boxing at least once, sometimes twice a week in cities of varying size, he hung up a great record.

GEORGES REFUSES TO SHOW REAL SPEED IN PUBLIC WORKOUTS

MANHASSET, L. I., June 23.—Georges is hiding his real fighting ability behind a series of listless public workouts.

It was in 1909 that Carpentier defeated Charlie Ledoux, famous French bantamweight and the craftiest boxer that the island had met up to that time.

Two defeats at the hands of the Americans, the first by Frankie Field, marked his 1912 record. Frankie Carpentier in 17 rounds and Frank Klaus beat him on a foul when the nimble-brained Dempsey clamored for a stoppage to save his protégé from a knockout.

On November 8, 1918, Carpentier received the Medaille Militaire for heroic action. In December, 1916, he was forced to quit the front because of illness.

When Dempsey, from training and boxing with men who knew every twist and turn in the game, had adjured him ready for another invasion of the ast, this time under more expert supervision.

The trip was a triumph from the start. Dempsey's fight, his way across the continent, boxing at least once, sometimes twice a week in cities of varying size, he hung up a great record.

What the Managers Think About Long Distance Hitting

CHICAGO, June 23.—Here are reasons advanced by some of baseball's long distance hitters:

Tris Speaker, manager of the world champion Cleveland Indians: "Ineffective pitching is the cause. They've barred the emery ball, the spitter and all the old deliveries. The pitchers haven't anything left but a glove and a prayer and they work the prayer overtime."

Ty Cobb, manager of the Detroit Americans: "Baseball moves in cycles. We had the cycle of great base-running, the cycle of great pitching and now we have the cycle of heavy hitting. It won't last long."

John Evers, manager of the Chicago Cubs: "It's too lively ball. The ball is so fast the players can't handle it and the force that used to be used in hitting now puts the ball out of the infield. The fast ball is clipping infielders and spoiling the game."

John Heydler, president of the National League: "Habe Ruth caused it. Babe made every one think it was easy to hit homers and now the batters swing their hardest. Every one takes a full swing at the ball, result, more long hits than ever."

KM Gleason, manager of the Chicago White Sox: "It's partly the fact that the weather has been so bad in the central west that the western clubs' pitchers are not in condition. Most of the heavy hitting has been in the east by eastern clubs against western clubs' pitchers."

Frank Navin, president, Detroit American League club: "It's not the lively ball, for there is no such thing. The bats are all the same. The hitting is caused by the rules prohibiting a pitcher from doctoring the ball a little. He'd rub dirt on it to roughen it up a little, spit on it and do lots of other things to enable him to get a better grip. These things are barred now, and the pitchers are ineffective as a result."

BEGIN CONTEST FOR OPEN CHAMPIONSHIP IN BRITISH GOLFING

ST. ANDREWS, SCOTLAND, June 23.—Eighty-five of the premier golfers of the world began here this morning the first day's competition for the blue ribbon of the British golfing world—the open championship. Two rounds of 36 holes each will be played today and tomorrow, the player having the lowest medal score for the 72 holes being the winner of this classic.

Jim Barnes, the Epsom, N. Y., professional, was considered today as one American who would give an excellent account of himself. His game has improved decidedly since his recent illness and British professionals admitted that Barnes was almost certain to be among the leaders when play closes tomorrow night. Walter Hagen, Bobby Jones, J. H. Kirkwood, the Australian champion, and Jack Hutchinson had many supporters when play began but surprises were quite possible over this difficult course.

Pathe photographs are a great favorite; plays all records; built like a violin for tone. Sold on easy terms. Let us send one out to demonstrate. The Decorators Co. Phone 5316. 23-710

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste.

It's Camels for you.

MRS. C. H. BLACK SUCSUMBS AFTER TWO DAYS ILLNESS, BURIAL TO BE IN KANSAS

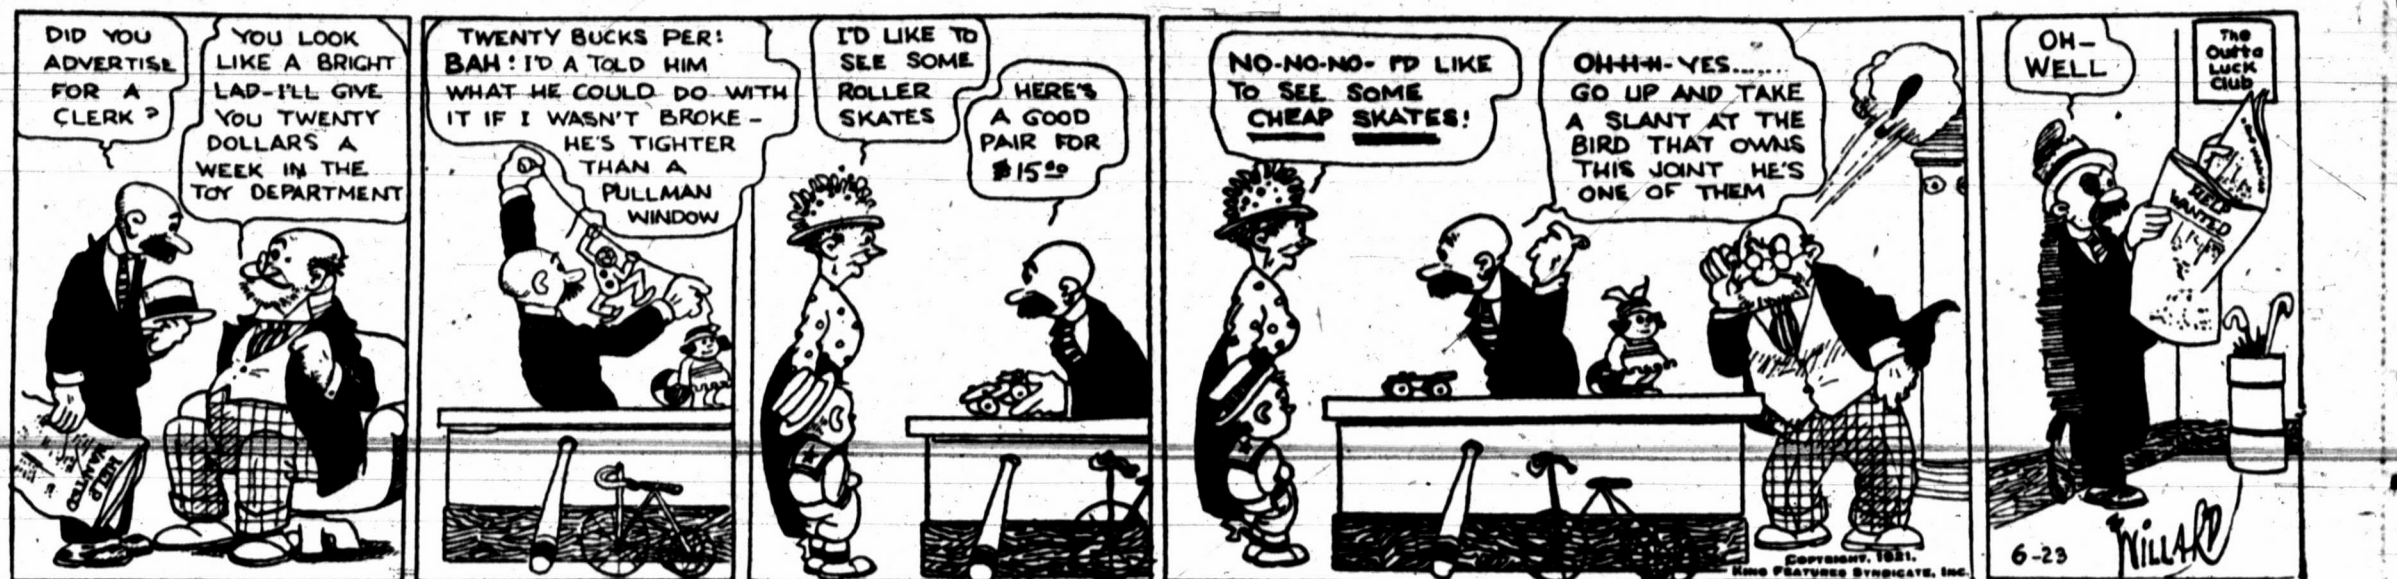

Mrs. C. H. Black, aged 34, died at 6 o'clock Wednesday afternoon after an illness of but two days at her home, 1207 Bluff street.

She is survived by her husband, a local chiropractor, one son, Cyril, aged 12, and a daughter, Cecelia, aged 14. She also leaves three sisters, Mrs. E. Peterson of Turon, Kan.; Mrs. Dorothy Rule and Mrs. Ruth Taylor of Greenfield, Okla., and two brothers, Glen Van Lehn of Oklahoma City, and Clarence Van Lehn of Greenfield. Her mother, Mrs. Fannie Van Lehn, also resides in Greenfield.

The body was sent to Turon, Kan., her old home, early Thursday morning by the Hines-Undertaking company, where funeral services and burial will be held.

TIMES DAILY MARKETS

New York Stocks—Grain and Provisions—Cotton—Livestock

COTTON MARKET. New York Cotton. NEW YORK, June 23.—The cotton market opened on a firm footing yesterday's advance. The Liverpool cables were lower than due while early weather reports suggested that the gulf storm was disappearing after having caused rains but no crop damage of importance in southern Texas. The reduction in the bank of England discount rate was an encouraging feature, however, and after opening at a decline of 3 to an advance of 3 points, the market held steady on continued covering. Japanese interest was credited with buying at the opening, but the demand was attributed chiefly to the morning with October selling at 12 cents, or 5 points net higher. The market then met renewed pressure owing to favorable weather conditions over the greater portion of the south and talk of an unsettled feeling in Wall Street. Houses with Wall street connections who had sold actively last week were reported to be selling again late in the morning, while there was scattering liquidation by recent buyers for a turn.

October closed off to 11 1/2 with active months generally showing net losses of 20 to 25 points around mid-day. The market was switching from July to later months during the early afternoon but otherwise business was fair and prices showed little further change with October ruling around 11 1/2, or about 25 points net lower.

Cotton closed steady. High Low Close July 12.00 11.62 11.72 August 12.25 12.15 12.24 September 12.45 12.35 12.44 October 12.07 12.15 12.24

New Orleans Cotton. NEW ORLEANS, June 23.—After making declines of 8 to 13 points around the opening today the cotton market thoroughly eased off to level 8 to 9 points over the close of yesterday. July first traded down to 10 1/4 and then advanced to 10 1/4. Declines were due to poor cables and an easier feeling resulting from the hurricane while the latter was due mostly to private cable messages from England stating that the cotton mill strike had been settled.

Weakness in the stock market and rumors of a cotton strike Saturday, the first notice day for that month, caused a decline to a level 27 to 30 points below the close of yesterday. July dropping to 10 1/2. One report had it that tenders Saturday would be at least 100,000 bales, but rumor, however, ever, claimed that July shorts were transferring to October and that one hundred bales were mostly to private cable messages for the purchase of 10,000 bales of July. At 11 o'clock the market was within a few points of the lowest.

Cotton closed steady at a net decline of 24 to 25 points. High Low Close July 10.58 10.25 10.32 August 11.48 11.35 11.37 September 11.92 11.51 11.57 October 12.10 11.75 11.72 March 12.38 12.12 12.13

New Orleans Spot Cotton. NEW ORLEANS, June 23.—Spot cotton steady; middling unchanged. Sales on the spot 700 bales, to arrive, 19 to 21, middling, 12 to 13, 10 to 12, 10 to 12, good middling, 11 1/2. Receipts, 2,774; stock, 467,348.

Texas Spot Cotton. DALLAS, June 23.—Cotton middling, 12 1/2; steady. At Houston, 10 1/2; quiet. At Galveston, 10 1/2; quiet.

Liverpool Cotton. LIVERPOOL, June 23.—Cotton spot slow of sale, prices unchanged. Good middling, 7 1/2; fully middling, 7 1/4; middling, 7 1/4; low middling, 6 1/2; good ordinary, 4 1/2; ordinary, 4 1/4. Sales, 2,000 bales, including 2,000 American. Receipts, 1,000 bales, no American. Futures closed steady: July, 12 1/2; October, 12 1/2; January, 12 1/2; March, 12 1/2; May, 12 1/2.

LIVESTOCK. Fort Worth Livestock. FORT WORTH, June 23.—Trade channels in the cattle division were thoroughly clogged today and the market was the poorest of the week. Around 2,000 head of cattle and 1,200 calves arrived. Steers looked fully 25c lower, the cow trade was conducted at a decline of 15c and on heifers and yearlings the underdone was weak. Calves remained about steady. Steers are 50 to 15c lower for the week and the cow trade is 7c down.

Hogs sold on a very uneven market, some stuff being lower and some sales were higher. The average was steady to 10c higher. Packers paid \$5.05 and shippers accounted hogs at \$5.70. Bulk sales ranged from \$5.50 to \$6.45. Receipts amounted to only 700 head.

A supply of 300 head in the sheep house appeared and steady. Hams, Lambs and yearlings sold at \$7.50 and wethers brought \$4.50. Quotations: Cattle, \$15.00; hogs, \$5.00; sheep, \$3.00; calves, \$2.00; yearlings, \$4.00; wethers, \$4.00.

Hogs: Light, \$8.00; medium, \$7.00; heavy, \$6.00; mixed, \$7.00; rough, \$6.00; pigs, \$5.00; sheep: Lams, \$6.00; yearlings, \$4.50; wethers, \$4.00; ewes, \$3.00; culis, \$1.00; goats, \$1.00.

Kansas City Livestock. KANSAS CITY, June 23.—Cattle 10c to 15c lower average steady; hogs 10c to 15c lower; sheep 10c to 15c higher; best vealers \$9.00; stockers and feeders slow, weak to lower; common stockers mostly \$4.00; yearlings sales below \$4.00; all other classes steady; medium to good cows \$4.25 to \$5.00; hogs \$5.00; sheep \$3.00; calves \$2.00; yearlings \$4.00; wethers \$4.00.

Hogs: Light, \$8.00; medium, \$7.00; heavy, \$6.00; mixed, \$7.00; rough, \$6.00; pigs, \$5.00; sheep: Lams, \$6.00; yearlings, \$4.50; wethers, \$4.00; ewes, \$3.00; culis, \$1.00; goats, \$1.00.

GRAIN AND PRODUCE. CHICAGO, June 23.—Bullish crop reports from the northwest led to an upturn today in prices for wheat. Advices told of drought damage and of hot unfavorable weather. Buying, however, lacked volume. Opening quotations, which ranged from 4 to 10c higher, with July \$1.30 to \$1.35, and September \$1.25 to \$1.24, were followed by something of a reaction, but then by a rise higher than before.

Subsequently, there was much selling of September and buying of July on the part of commission houses. Talk of harvest delay in the southwest was a factor. Prices closed strong, 1c to 2c net higher with July \$1.30 to \$1.31 and September \$1.25 to \$1.24.

General commission house selling weakened corn. After opening unchanged to 4c lower, including September at 4 1/4 to 6 1/4, the market underwent a general sag all around. Subsequently, there was some accumulating prevented any important rally. The close was steady, 5c to 7c net lower, with September at 62.5c to 63c.

Wheat declined with corn starting unchanged to 4c off, September 4 1/4 to 4 1/2, and later showing a decided drop. Lower quotations on hogs put provisions on the down grade.

Wheat: July 1.30 1.31 1.28 1.30 August 1.23 1.24 1.21 1.24 September 1.42 1.41 1.42 1.42 October 1.41 1.41 1.42 1.42

NEW YORK STOCKS

NEW YORK, June 23.—Contrary to expectations, the reduction of the bank of England discount rate, six per cent, was ignored at the opening of today's stock market. Initial quotations were clouded a major decline, especially among equipments, motors and food specialties.

General Electric, American International Corp., Standard Oil, American and Best Sugar lost 1 to 1 1/2 points. Rails were moderate. American Tobacco, American and Virginia Chemicals, American and Virginia Chemicals preferred dividend caused further losses at mid-day. Extreme declines of 2 to 5 points marked the offerings of numerous rails, shipping, oil, industrial and specialties.

The closing was heavy. Sales approximated 300,000 shares.

STOP! LOOK! LISTEN!

BANKERS, BANK EMPLOYEES, AUTOMOBILE DEALERS, GARAGE MEN AND EMPLOYEES. You are especially invited to attend this evening service of the wonderful Culpepper meeting, 8:00 p. m., corner Scott and Eleventh streets. This is the first opportunity the automobile fraternity has had to get together with the bankers during the past ten months. Come out, everybody come out. Give this preacher MONEY, AUTOMOBILES and a little gas and what he will do will be a plenty. It has been intimated that Dr. Culpepper will probably administer a dose of "Gun Powder" and "Red Pepper" tonight. Automobile folks, come out; if you do not the bankers will outnumber us.

SERMON ON STORY OF RICH YOUNG MAN

Evangelist Culppepper Speaks Wednesday Night on "Moral Inamy." Responses Number 15.

Weather conditions do not seem to affect the attendance at the "Al Fresco" tabernacle, as demonstrated Wednesday night, when another great crowd heard Evangelist Culppepper in one of his great sermons—"Moral Inamy."

Dr. Knickerbocker, who always delights the audience when he speaks or makes an announcement, said that when the "psychology of the meteoric" conditions of the weather prevented holding services at the tabernacle, that the services would be held at the First Methodist church, corner Tenth and Lamar streets.

In speaking of the delegations that will be invited to the tabernacle from night to night, Dr. Knickerbocker said he hoped the firms would take advantage of the invitation to be present, as that was a feature of the meeting that had been worked very successfully in other places.

Thursday night the bankers, insurance companies and automobile industries will be invited.

John U. Robinson, in a very pleasing manner, said that he had seen the sermons of visiting some of the department and furniture stores, and that he found them equal to any in some of the larger cities, carrying as they do more than the average of the department.

Evangelist Culppepper announced that on next Sunday morning he would preach one of the strongest sermons he has on the "Divinity of Jesus Christ," saying that it was the work of twenty years of thought and prayer, and said he would be very glad if there were those in Wichita Falls who were the least skeptical to hear that sermon.

The text Wednesday night was taken from Luke 12:16. "But God said unto him, thou fool! this night thy soul shall be required of thee, then whose shall those things be, which thou hast provided?"

Mr. Culppepper said that the text introduced the world's greatest trilogy, a trilogy being a tragedy in three acts. The curtain was first lifted in Mark 16:17, when those came running to Jesus a young man who fell at His feet and said "Good Master, what shall I do to inherit eternal life?"

Jesus looked at him and loved him, and the commentators say he wished to make him one of his disciples. The Great Teacher saw this young man did not have the proper conception of religion, and was really depending on his own ability to save him; and said to him, knowing that he was a very rich young man, "Go sell what you have, give it to the poor and come follow me." The next verse announces the unfortunate decision of this unfortunate young man.

"The young man of my text made four monumental blunders," said the speaker, "and with those blunders I will deal for a few minutes tonight."

"First, he left God out of his plans. Hear him: 'I will pull down my barns and build me bigger.' No room when the children of Europe are starving! No room, when there are the poor and needy all around us here in America today. He could have helped to build hospitals and churches, but he left God out of his plans and God called the hand of that ancient barn builder, and said to him 'Thou fool!'"

The evangelist called the notables of earth—Alexander, Caesar, Napoleon, Hannibal and others—to come before the great audience and answer the great question: "Why they had left God out of their plans. They had conquered the then known world, but all died without Christ and hope."

"Go sell your right from star to star. From luminous world to world arrayed. As far as the universe spreads her flaming wall: Then take all the pleasures of the spheres And multiply them through the endless years. And one minute of God is worth them all!"

"In the second place," said the evangelist, "he was a base materialist. He thought his soul could subsist on the things that his body could. 'Soul, take

this ease, eat, drink and be merry, thou hast much goods laid up for many years.' To lose your wealth is much; to lose your health is more, but to lose your soul is such a loss that no man can restore. There is but one thing that can satisfy the human soul, and that is Jesus Christ.

"Third, he thought his money was his own. He failed to recognize the great doctrine of stewardship. Everything I have is subject to God's check book. Some women spend more money for paint and powder than they give to God, and some men spend more money on cigarettes and tobacco than they give to the poor."

"The last blunder was he thought he had a lease on life. Of all the blunders I think this last the most stupendous, and yet men are making that blunder today. But God's verdict was 'Thou fool!' It was not the verdict of the town. He was a millionaire on earth, but a pauper in hell."

Fifteen came forward and made profession in Jesus Christ as a result of the service.

Mr. Culppepper announced that he would preach a special sermon again Thursday night at the tabernacle.

"INFLUENCES" THEME AT BAPTIST SERVICE

Dr. Truett Speaks Wednesday Night On Things That Keep Men From Christ.

Every one of the 1,500 seats in the First Baptist church was occupied Wednesday night when Dr. George Truett spoke the theme, "Christian Influences." The text was from the sixth chapter of John, wherein Simon Peter asked Jesus, when Christ inquired if his disciples, too, were not going to leave Him, "Lord, to whom shall we go? Thou hast spoke the words of eternal life."

Dr. Truett preceded his sermon with a plea for personal work on the part of all Christians present; just a few moments of intimate endeavor each day, he said, could work wonders in the present meeting.

Asking the question, "Why do men turn away from Christ?" Dr. Truett declared that influences were always at work keeping men from the church. The first of these influences, he said, was the fear of human influence. Lack of use of influence by those who can use it he cited as a frequent cause.

"Don't let your home witness the tragedy of wasted parental influence," he urged, in discussing the duty of parents.

The raising of captious doubts, Dr. Truett said, also keeps men out of the church.

"There is too much at stake for these little questions to influence you," he declared. "There is always light for those who really seek it."

He related an experience at Austin, "While I was conducting services for the students," he said, "a young man came to me and said, 'Dr. Truett, I don't believe anything. I'm a materialist. I don't believe there's any God or any hereafter. But I do believe that you believe it. I want to know how I can come to believe, how I can get out of this darkness.'"

"I asked him 'Why don't you take the chance of there being a God, and pray to Him for light?' I told him to

pray 'O God, if there is a God, show me the light."
"He went away, and I came back to Dallas. Before long I got a letter from him that I shall treasure to the end of my days. He had found the light. Now he has gone to serve the church in the most difficult of all her mission fields."

"Passing worldly pleasure, business cares and procrastination were other influences cited by Dr. Truett."
"Tomorrow" is Satan's supreme word," he declared. He closed with an appeal to his hearers to accept the testimony of those about them. There were seven who came forward at the close of the sermon.

The Truett meetings will be held throughout this week, with services at 10 a. m. and 8 p. m. daily.

EGYPTIAN COTTON IS NOT A SUCCESS IN THE WEST
LAREDO, TEXAS, June 22.—The United States department of agriculture has just issued a bulletin, based partly upon the experience of cotton growers in Webb county, Texas, with Egyptian cotton, showing that it is not a successful variety to grow in this section.

A year ago the local cotton gin put in machinery to handle the Egyptian cotton which was planted for an experiment. The ordinary saw gin will not handle the Egyptian cotton and a roller gin was put in for this particular variety, of which several acres were planted. The fibre is long and silky, but it takes about three times as long to gin as the other varieties, adding to the production cost. The picking cost is greater and the boll of the Egyptian cotton is only about half as large as the big boll Texas varieties, while it is not "storm proof" as is the local cotton, according to ginners.
