FIRST DEGREE MURDER CHARGE FILED IN THE FATTY ARBUCKLE CASE

DEMOCRATS TO AID RATHER THAN HINDER ARMS CONFERENCE

PARTY LEADERS WILL NOT COUNTERACT OBSTRUCTIVE TACTICS

ATTITUDE OF WILSON IS FIGURING IN DISCUSSION

Former President Not Disposed To Comment In Way To Embarrass Movement

By MARK BULLIVAN, National Political Correspondent of the New York Evening Post and the Wichita Daily Times. Copyright, 1921, by the New York Evening Post.

WASHINGTON, D. C., Sept. 12.—The country can take it for granted with much confidence that the attack on some aspects of the coming conference for the limitation of armaments which was issued in a routine way by a minor official of the democratic national committee does not reflect the policy of those who really supply the thought of the party. Something much more near the true attitude of the larger minded leaders is suggested by a favorable quotation attributed to ex-President Wilson. The quotation may be exact, or it may be only one of a good many picturesque phrases that have been attributed to the ex-president since his retirement.

The quotation as reported in Washington gossip, is that Mr. Wilson "proposes to show President Harding how an ex-president should behave himself. Whether authentic or not, this expression truly portrays what Mr. Wilson's attitude towards the administration has been since March 4, and it may be taken as accurate forecast of what will be his true attitude during the period of the conference. Aside from the meticulous taste that Mr. Wilson has observed in the shape of refraining from the faintest suggestion of criticism in fact that an affirmative sense Mr. Wilson has gone out of his way to be helpful to the new administration in the transition from his former life to those of Mr. Hughes. Incidentally, the conference in its social, if not in its official aspect, will present opportunities for Mr. Harding to show his appreciation of this attitude of those who were his associates in the White House. Many of the foreign statesmen who attend the conference will be men who either sat with Mr. Wilson in some of the most important conferences of the world, or at least scrupulous restraint against anything that would make the conference more difficult in Mr. Wilson's policy in the past. Other democratic leaders, who supply the thought of the party. Without doubt, these will be watchful towards the conduct of the conference, and if any occasion should arise calling for legitimate criticism by the opposition party, they will supply it wholeheartedly. But they do not expect any such occasion and they have no intention of the good faith of the administration.

Democrats Watchful but Helpful. In details of the conduct of the conference, such as the degree of publicity to be given to the proceedings, the democrats like many of the republicans will take a positive in favor of the largest publicity consistent with the circumstances but it will be indicated in the democratic attitude in the largest sense that Senator Harrison withdrew an amendment to the bill appropriating money for the conference and the democrats should accept the control over the funds for the conference to influence a detail of what is essentially the conference's own business would be lacking in that kind of courtesy on the part of the United States that is desirable to give the most agreeable atmosphere to the conference in our role of host. Senator Harrison expects to bring up the subject of publicity again and to express the desirability of it on the conference, to the degree that is proper for any American to express this view, but the democrats will be careful to refrain from anything that could be construed as making the conference more difficult for the administration. The same attitude on the part of the democrats is reflected in respect to another detail of the conference. President Harding has appointed as one of the American delegates to the conference the democratic leader of the senate, Mr. Underwood. Some democratic sources, commenting on the appointment, have said that Senator Underwood ought not to accept the appointment, on the theory that such a reputation would tend to commit the party to support of the actions of the conference. This criticism is not well received, and the better judgment is that Senator Underwood should accept. The judgment of astute politicians is that the American people as a whole are so universally hopeful of a favorable outcome of the conference that they will not look with tolerance on anything in the nature of what the politicians call "throwing a monkey wrench into the works."

FORMAL COMPLAINT SWORN TO BY A FRIEND OF MISS RAPPE

FATTY HELD IN A CELL IN THE "FELONY ROW"

Many Theaters Over Country Have Placed Ban On Pictures of the Accused

SAN FRANCISCO, Sept. 12.—A formal complaint charging murder was sworn before Police Judge Donald O'Brien today against Roscoe C. (Fatty) Arbuckle, in connection with the death of Miss Virginia Rappe, a motion picture actress. The complaint was signed by Mrs. Bambina Maude Delmont, a friend of the dead actress.

It was the second murder complaint against Arbuckle the first being made Saturday night by the investigating detectives for the purpose of holding him until the formal charge could be filed.

Mrs. Delmont signed the sworn statements, gave the police many details of the party in Arbuckle's rooms in the St. Francis hotel a week ago Friday. Miss Rappe died four days afterward.

Mrs. Delmont attended the party and assisted Miss Rappe after the alleged attack by Arbuckle. She appeared personally in court to swear to the complaint. Arbuckle was not in court when the complaint was filed but appeared later to be arraigned.

At the request of the district attorney the case was continued until Friday morning and Arbuckle was taken back to his cell.

Arbuckle consented later to see a group of newspapermen but refused to discuss the case with them. He appeared dejected but said he was receiving good treatment in the jail.

District Attorney Brady said "we have a complete case against Arbuckle."

Arbuckle's appearance in police court was delayed until his preliminary arrangements could be taken and he could be photographed for the rogues gallery.

The Bertillon showed that his weight is 264 pounds and his height 5 feet, 8 1/2 inches. He gave his birthplace as Kansas and his age as 34.

Representatives of the Famous Players-Lasky corporation, distributors of the films in which Roscoe C. (Fatty) Arbuckle is featured, said today that they had been some casting of Arbuckle's pictures as a result of the scandal involving the actor. Any declaration of policy involving the corporation has been suspended until the picture would have to come from New York.

The corporation representatives here declined to say where the pictures of Arbuckle are being shown in San Francisco or other authorities allege were inflicted by Arbuckle.

Arbuckle is held without bail in the hall of justice here. He was arrested Saturday night on his arrival from Los Angeles and was booked on a charge of murder. He is confined in a small cell, No. 12, on the hall of justice known as "felony row."

The Arbuckle case scheduled to be brought before the San Francisco grand jury tonight. A coroner's inquest into Miss Rappe's death has been called for next Thursday.

Arbuckle has requested that none but his attorneys be allowed to see him at the hall of justice. He declined yesterday to the grand jury tonight, to make any statement. His lawyers also refused to discuss the case in any way.

Police yesterday were busy examining witnesses whom they say will be presented to the grand jury tonight. These witnesses number 22 and are being guarded by police detectives.

MAJOR MEDFORD, MASS., HAS BARRED ALL ARBUCKLE FILMS

MEDFORD, MASS., Sept. 12.—Mayor Haines today barred all films of Roscoe Arbuckle until the accusations against the comedian have been disposed of.

OKLAHOMA CITY MAYOR BARS ARBUCKLE FILMS

OKLAHOMA CITY, Sept. 12.—An order barring the exhibition of motion pictures in which Roscoe Arbuckle appears pending the outcome of murder charges pending against him in San Francisco was signed here today by Mayor J. C. Walton.

BOARD OF CENSORS AT MEMPHIS TAKE ACTION

MEMPHIS, TENN., Sept. 12.—The Memphis board of censors announced today that the showing of motion pictures featuring Roscoe Arbuckle would not be permitted in Memphis theaters until he had cleared himself of the charges against him in San Francisco.

MICHIGAN ASSOCIATION PUTS BAN ON PICTURES

DETROIT, Sept. 12.—Pictures featuring Roscoe Arbuckle today were barred in the Michigan Motion Picture Exhibitors' association.

MAN ENGAGED TO MISS RAPPE WILL AID IN PROSECUTION

NEW YORK, Sept. 12.—Henry Lehman, motion picture director, who was engaged to marry Virginia Rappe, the film actress for whose death Roscoe Arbuckle is held in jail in San Francisco, today said he would devote every moment he could spare from his business to assisting the coroner's inquest. He said Miss Rappe had no near relatives. Burial will be in Los Angeles.

JOBLESS MEN "SOLD" AT AUCTION

Like slaves of the old south, 50 jobless men, stripped to the waist, were put up for "sale" on Boston Common by Urban Ledoux (right), a philanthropic worker who recently opened the Church of the Unemployed. Two were "sold" to employers.

MURDER CONFESSION BEING INVESTIGATED

Statement Made By Harvey W. Church Are Said To Be Conflicting

U. S. MISSION TO THE PHILIPPINES SAILS FOR CHINA

MANILA, Sept. 10.—Major General Leonard Wood and W. Cameron Forbes, with the other members of President Harding's mission to the Philippine Islands, sailed today for Hong Kong, China, on the steamer Korea Maru.

Leaving China, the mission will travel through Korea as guests of the Japanese government, following which the commission will return to Manila, after which Mr. Forbes will sail from Japan for the United States with the mission's report.

A summary of the report was telegraphed to President Harding from Manila today just prior to the departure for China.

Mr. Forbes in an address today at the University of the Philippines, declared the islands are still without sufficient resources, but that he believed it contrary to the traditional policy of the American people to hold an alien people in subjection permanently against their own will.

EARLY MORNING GOLF IS CLOSING EVENT OF VISIT OF HARDING TO SEASHORE

ATLANTIC CITY, Sept. 12.—An early morning golf game today was the closing event in President Harding's seashore vacation. After a round on the Seaview club links the president planned to motor to New York for an evening at a theatre and to board the presidential yacht Mayflower for a cruise en route to Washington.

The president should sail direct to Washington, he would arrive Thursday morning. After returning to hold a Sunday morning, the president, addressing the war veterans, expressed the hope for their aid in peace as well as war endeavors of the nation. He also said that the United States had sustained the morale of the allies in the war but disclaimed that its forces had won the war. The president pledged himself to aid wounded and disabled veterans.

SEYMOUR REPORTS RAIN DURING MONDAY FORENOON

SEYMOUR, TEXAS, Sept. 12.—A slow rain began falling here about 5 o'clock this morning and is continuing at noon. All farm work is at a standstill and the street paving is stopped indefinitely.

DR. JESS ANSLEY GRIFFIN SAYS HE WAS IN FRANCE AT THE TIME OF MURDER

RICHMOND, VA., Sept. 12.—Dr. Jess Ansley Griffin, whom Dr. Wilmer Ames Hadley, confessed wife slayer, is said by police to have declared he shot on the bank of the James river in December, 1918, just before he threw the body of Mrs. Hadley into the river, wired the local authorities from Los Angeles yesterday that he was in France at the time the murder is said to have been committed.

MANY DROWNED AT TEXAS POINTS OTHER THAN SAN ANTONIO

ESTIMATED NUMBER TO REACH MORE THAN FIFTY PERSONS

THIRTY OR FORTY MEXICANS NEAR TAYLOR ARE INCLUDED

Property Damage on Colorado, Brazos, and Other Rivers Will Run Into Millions

DALLAS, Sept. 12.—Partial restoration of communication with the flood stricken section of central Texas up to noon today brought the list of dead, based on unconfirmed reports and exclusive of more than forty dead in San Antonio, up to more than fifty. These figures of deaths to revivion, probably downward, when wire conditions permit accurate reports to come through. Property damage from flooding of the Colorado, Brazos, San Marcos, Little and other rivers probably will run into millions, principally in cotton, corn and other crops and livestock.

Waters were receding in central Texas and rapidly overflowing the southern reaches of the stream. Some property damage in south Texas is believed probable, but advance warnings of the approaching floods probably will prevent loss of life among lowland dwellers.

That the heavy rainstorms that caused the central Texas streams to go on a rampage extended far into Mexico, was learned today when Brownsville reported the Rio Grande at that point bankfull, due to heavy precipitation in the Monterey section. The high waters broke through the city levee at Matamoras, Mexico, opposite Brownsville, early today and flooded a large section of the town. No damage was reported on the American side, although Laredo has been isolated by wire since Saturday.

Unverified reports of the dead followed. Taylor—Between 30 and 40 Mexicans drowned on nearby farm. Hearne—Seven negroes drowned. Georgetown—Two dead, three missing. Calvert—Five dead.

F. W. Leath, Texas division engineer, and M. Robinson, master mechanic of the Santa Fe railroad, were reported drowned yesterday in the Little river near Cameron. Motor boats today were searching for the bodies, but friends said both men were good swimmers and believed they would be found safely lodged in trees. The men disappeared when their boat crashed into a bridge they were inspecting.

Mr. Forbes in an address today at the University of the Philippines, declared the islands are still without sufficient resources, but that he believed it contrary to the traditional policy of the American people to hold an alien people in subjection permanently against their own will.

COURIER GOES WITH DAIL EIREAN REPLY

Will Be Delivered To Premier Lloyd George At Liverpool, Scotland

By Associated Press. DUBLIN, Sept. 12.—A courier of the Dail Eireann left Dublin this morning for Liverpool, Scotland, where Premier Lloyd George has been making his headquarters.

Robert C. Barton, who was the official dail courier in the last exchange of notes with Mr. Lloyd George, did not make the journey this time. This was considered to strengthen the rumor that he would be one of the demissionaries for the proposed peace negotiations.

(Dublin messages Sunday night stated it was believed the dail eireann cabinet had completed the draft of the reply to the latest note from Premier Lloyd George regarding a settlement of the Irish question.)

IRISH LANGUAGE TO BE PROCLAIMED AS OFFICIAL

BELFAST, Sept. 12.—Irish has been declared the official language of the Irish republican parliament, declared Pierce Beasley, a prominent republican, today, in addressing the Waterford Gaelic festival. He added that when the dail eireann controlled its own government it would no longer allow an English education board to officials, but would insist to make Irish the spoken and written language of Ireland from the center of the sea.

"The dail eireann," he continued, "will make Irishmen out of the sons of Spaniards or Englishmen, or even make Irishmen of Oranmen."

This remark, in which was seen application to Edmond de Valera, who was born in America, evoked peals of laughter.

TOWN OF DARTMOUTH IS SHAKEN BY AN EXPLOSION WHEN OIL TANK BLOWS UP

HALIFAX, N. S., Sept. 12.—The town of Dartmouth, across the harbor from Halifax, was shaken by a terrific explosion early today when an oil tank of the Imperial Oil company blew up following an outbreak of fire.

The force of the blast was felt throughout this city, shattering windows in many buildings.

The first explosion was followed by a series of lesser shocks and flames from the burning oil could be seen leaping more than 100 feet into the air.

Many residents of Halifax, recalling the great disaster of 1917, when a munition ship was blown up in the harbor, became panic stricken and rushed from their homes into the streets.

Confusion was great in Dartmouth and it was impossible to ascertain whether there had been any loss of life.

SAN ANTONIO MAYOR ESTIMATES TOTAL WILL NOT EXCEED 50 AND PLACES LOSS AT THREE MILLION

San Antonio, Sept. 12.—Finding today of bodies of a man and a woman, both unidentified, brought the newspaper known as the San Antonio Express to 49. The body identified yesterday as that of Mrs. Rodriguez today was said to be that of Mrs. Guadalupe Escobedo, aged 38, 317 North Madiera street.

SAN ANTONIO, Sept. 12.—The loss of life in the San Antonio flood will not exceed fifty, and the loss and damage to property will not exceed \$2,000,000, Mayor O. L. Black said in a statement to the Associated Press today. "That majority of the reports have been exaggerated," he said, "and estimates have been made without investigation. The actual loss of life and property will come within the figures I have named."

Mayor Black said that the reclamation and relief work was going on rapidly and that the city did not need outside help. He said that the city officials, charitable organizations and other agencies in the city were entirely able to take care of the situation.

"Within the next few days everything will be cleaned up and the only signs of the disaster will be the demolished bridges and houses along the banks of the streams that overflowed," the mayor said. He praised the assistance and work of the United States army troops stationed at Fort Sam Houston in this city.

REMOVAL OF THE DEBRIS, MUD AND OIL CONTAINERS. SAN ANTONIO, Sept. 12.—Debris, damaged property and rehabilitation work were the principal reminders of the five-hour flood here early Saturday. Business outside the inundated districts and in sections where the water was not deep and work of cleaning was practically completed yesterday was resumed almost as usual. Removal of debris and oil continued in other districts.

The exact number of dead and bodies recovered remained slightly in doubt early today, but the total was from 45 to 47. In several instances bodies previously unidentified were reported as newly found when identified and a few instances of the same body being designated under two names, the person having been known that way, have been found. Checking of the list and search for more bodies continue.

Many bodies were found yesterday and more took place today. Early reports today from along the San Antonio river south of San Antonio failed to indicate loss of life. The river widens within 20 miles of here and is said to be capable of easily carrying more water than flooded San Antonio, without causing more than property damage.

Night reports from Falls City and Goliad, both on the San Antonio river, were to the effect that the water was high, but would recede as expected. There had been some damage to crops in the lowlands, but nothing serious had been reported to the two cities.

REPORT FORTY MEXICANS AND SEVEN NEGROES DROWN. HOUSTON, Sept. 12.—Weather bureau officials here were without additional information this morning as to flood conditions on the Colorado and Colorado river, but expected to have reports from their correspondents by noon.

Early reports to newspaper offices indicated that the rivers, where danger was feared yesterday, were receding. A three-foot fall being reported from Hearne.

Aside from the report from Taylor that forty Mexicans had been drowned, and a report from Hearne that seven negroes had drowned as they tried to make the river crossing, the reports of loss of life were few and scattered.

Tremendous losses to livestock and crops and cotton crops, however, are expected to send the total damage in this section up in the millions.

Observers were inclined to believe early today that the worst is over, at least as the general Houston territory is concerned.

Rail and wire communication throughout central Texas continued more or less demoralized today, but were slowly returning to normal. The floods of the Colorado, Brazos and other central and southwest Texas rivers were caused by almost unprecedented rains on Friday and Saturday of last week. The precipitation in 24 hours ranged from six to eighteen inches in the affected area. In Texas was not affected by the rains, many of the northern tier of counties still suffering from drought conditions.

Reports from the western part of the city where the loss of life was heaviest, and number of Mexicans at Taylor had not been confirmed, wire connection to that section still being uncertain. Georgetown reported two persons dead and three missing. Unverified reports had said more life at other points in the flooded districts.

Aside from the city of San Antonio, where more than 40 lives were lost, the territory most seriously affected extended from Houston northward to Georgetown, south to and below San Antonio, west to San Marcos and east to Corpus Christi. This embraces approximately 10,000 square miles, in which the damage to crops and property will run into millions of dollars. If the people in the flooded districts of the Brazos and Colorado rivers heed warnings sent out to them late yesterday, they will be in no danger and the risk of loss of life and property will be reduced to a minimum. Stretches will result only in crop damage, the weather bureau announced this morning. The river is flooding the banks in the lowlands around Columbus, the bureau said.

GIRL AND HER BROTHER SAVED FROM DROWNING. SAN ANTONIO, Sept. 12.—The story of how Sylvia Vanney, 15, and her brother, 12 years old, saved two young boys from drowning early Saturday was told today. The water was running down the street in front of their home. They had tried to get help and by the feeble light of a lantern they had been hit by debris. Neither was able to tell their name or experience. They were taken to an orphanage. It is hoped the younger boy died of his injuries and extensive brain damage. As yet, neither had been identified.

RELIEVE TWO OFFICIALS OF SANTA FE ARE DROWNED. WACO, TEXAS, Sept. 12.—Advice from Cameron by telephone this morning that the Santa Fe railroad probably lost their lives in Little river yesterday while inspecting the damage to the trestle in the vicinity of Cameron. Leatherberry, division engineer, and M. Robinson, master mechanic, both of Temple, disappeared when their boat was dashed against the wreckage of the bridge and the wreckage of the men had been discovered this morning. The boat was found later and in it was found the notebook belonging to Leatherberry. Motor boats are searching for the men.

BUSINESS AT AUSTIN IS HANDICAPPED BY FLOODS. AUSTIN, Sept. 12.—Suspension of train service out of Austin because of flood conditions has resulted in virtually stopping business at the capital as no mail has been received except from south Texas points over the Houston & Texas Central since the past three days. Train service over the Katy is not expected to be resumed until tomorrow. It was announced today. The Sunshine Special over the International & Great Northern left for San Antonio today via Elgin, Smithville and San Marcos.

RED CROSS DONORS AT AUSTIN GIVE \$100 TO 150. SAN ANTONIO, Sept. 12.—Red Cross relief headquarters at the city station today placed in the city today, treating those injured in the flood and aiding those needing food and clothing. No report was received from the city officials as to the extent of the damage to the city. The few who would talk explained that they were injured when trying to get to the city. Many of those appearing late yesterday and today had injuries showing signs of infection. The city officials have been bruised and cut about the limbs and feet. The few who would talk explained that they were injured when trying to get to the city. Many of those appearing late yesterday and today had injuries showing signs of infection.

MAYOR OF SAN ANTONIO SAYS NO OUTSIDE AID IS REQUIRED

BY MAYOR O. L. BLACK, OF SAN ANTONIO. SAN ANTONIO, Sept. 11.—It was with an easy stone's throw of where flood waters swept last night, that the historic defenders of the Alamo gave up their lives.

Words are inadequate to describe the catastrophe which has swept over our city, and the amount of damage done and the number of lives lost can only be conjectured as yet. The property damage, it is certain, will run into millions, and is irreparable.

To the outside world, however, I want to say that we still have a big majority of citizens in San Antonio who when a crisis like this comes along, can demonstrate that they are the true defenders of the Alamo.

As mayor of a stricken city, I want to express appreciation of the many offers of help that have poured in upon us, but at the same time I will be able to care for those who need it. I will be able to care for those who need it. I will be able to care for those who need it. I will be able to care for those who need it.

Regarding the damage done by the flood waters, a survey made today shows that not a single business house in the downtown district escaped the rush of the flood waters and in most cases the loss of stocks and merchandise are total losses. Everything on ground floors and that was stored in basements was wiped out and is practically beyond salvaging.

In other parts of the city, where the loss of life was heaviest, hundreds of homes have been swept away and several thousand people, mostly women and children, must be cared for until they are able to rehabilitate themselves.

The city is not under martial law and will not be. Military authorities, however, are co-operating with us and with their splendid assistance we are rapidly getting a grip upon the situation. Relief committees have been organized, the city tonight is efficiently policed, there is no looting or other outlandish and citizens and soldiers are working in perfect harmony.

Our greatest danger is from fire. The city is without water, due to the wrecking of water mains all over the city, and all efforts right now are being centered in remedying this one and greatest menace. Every precaution is being taken, however, to guard against danger from this source.

In rejecting the kindly offers of assistance which have been sent to us by many sister cities, it is not with any intent to be homophobic. The job is one we've got to tackle alone—and we are going to do it.

The Weather

OKLAHOMA: Tonight and Tuesday, probably showers.
WEST TEXAS: Tonight and Tuesday, probably local showers.

REPORT FROM CHINA JAPAN IS DISPOSED TO CANCEL DEMANDS

TOKIO, Sept. 12.—Reports from China that Japan is disposed under certain conditions to discard her famous "21 demands" made upon China in 1915 were followed today by an article in the Nichi Nichi Shimbun, dealing with the same subject.

The article favors a partial cancellation of the demands, says this newspaper, provided Japan is permitted to purchase rights and interests in Dairen, Port Arthur and in southern Manchuria by extending Japan's leases in these regions for 25 years and provided this arrangement can be completed before the opening of the Washington conference on limitation of armaments. Such a lease was provided for in the "21 demands."

The Nichi Nichi says this will constitute one feature of the recommendations on Japan's program at the Washington conference and that upon successful carrying out of this part of the Japanese program will be predicated Japan's willingness to withdraw her garrison from north and central China provided China will open the interior of the country for foreign trade.

The alleged program also includes the evacuation of Szechwan, after the conclusion of a Russo-Japanese commercial treaty. Adhering to views on the project previously announced, the article is said to favor mutual reductions or even the dismantling of fortifications in the Pacific. Japan will advocate at the conference, the newspaper says, the maintenance of an army of 21 divisions, as provided for in Japan's recommendations to the league of nations, but if other powers favor greater mutual reductions, Japan will follow suit, taking into consideration Japan's belief in the sincerity of other nations to the extent of their actual curtailment.

Government After the "Pot of Gold" in Bergdoll Case

WASHINGTON, Sept. 12.—The government is after the famous Bergdoll "pot of gold."

Thomas W. Miller, alien property custodian, announced today that a complaint had been prepared demanding of Mrs. Emma C. Bergdoll, mother of Grover C. Bergdoll, an attorney in fact for her son, all property in which he held any interest, including gold coin taken from the treasury before the draft evader escaped from federal authorities and fled to Germany. It is expected the complaint will be filed today in the federal district court at Philadelphia.

Demand was first made on Mrs. Bergdoll last May for delivery of all property belonging to her son.

"Under the terms of the peace resolution signed by the president July 2," said Mr. Miller, "all demands made before that date by the alien property custodian in accordance with the law are enforceable."

"It is our intention to insist on Mrs. Bergdoll's compliance with the terms of the trading with the enemy act, and in accordance with our demands made thereunder. We are prepared to go to the full extent of the law in causing her to do so, if it becomes necessary. The department of justice is aiding us through the United States district attorney in Philadelphia, and in our original seizure last May, we will proceed vigorously, but fairly."

ELIHU ROOT DECLINES TO SERVE ACCOUNT OF AGE

By Associated Press.

GENEVA, Sept. 12.—Elihu Root has definitely declined to be considered for election as judge of the international court of justice. In a cablegram to Dr. Manley O. Hudson, who is here in the capacity of American observer, Mr. Root declares he will be unable to serve on the court because of his age, 76 years.

The refusal of Mr. Root is said to increase the chances of either John Bassett Moore or Prof. Roscoe Pound, two other Americans nominated for the court, to be elected.

Mr. Root's cablegram was in reply to a personal message of inquiry.

Some of the delegates to the assembly, notably Gaston da Cunha of Brazil, declared today they favored the election of Mr. Root, despite his cablegram, as an honor.

YOUNG WOMAN DIES SUNDAY AFTERNOON FROM POISON DOSE

Mrs. Margie Wilson, aged 16, died in the Wichita General hospital at 4:30 Sunday afternoon, three hours after having drained the contents of an ounce bottle of poison. She was found in her room at 1297 Lamar, the empty bottle clasped tightly in one hand and with deep burns from acid about her face.

Before losing consciousness at the hospital she was heard to murmur "unhappy," but that was all that could be obtained as to why she had taken her life. Authorities believe that domestic troubles were the main motive in her act.

It was learned from friends that her husband had been in the city early last week, but had left town again after a quarrel with his young wife. His whereabouts now is unknown.

Mrs. Wilson, who is said to have come to Wichita Falls from Vernon about a month ago, had been working in a local cafe up to the time she had taken the poison. She has a mother, sister and brother now living in Hugo, Okla., and so far as is known these are the only relatives. O. W. Hines, local undertaker who has the body in charge, learned Sunday that her name was Norris before being married, and he is now endeavoring to get in touch with the relatives in Oklahoma. No word had been received from that place Monday morning and until some message does come no funeral arrangements will be made.

It was reported by friends at the house in which she was staying that the girl had quarreled with a young man a short time before drinking the acid, but no one could give information as to who he was. She had, it is said, attempted to effect a reconciliation and had failed.

Planned to her dress was a short note asking that her body be given proper burial and that her relatives in Hugo be notified.

C. M. WEAVER, FORMERLY STATE RANGER, MADE DEPUTY SHERIFF

C. M. Weaver, who was a member of the state ranger force up until September, when a reduction was made in the force throughout the state, was deputized by Sheriff Fred Smith Monday morning. Mr. Weaver was made a deputy by the sheriff shortly after his entry into the office but Mr. Weaver resigned when a place on the state forces was offered him. Mr. Weaver will fill the vacancy created through the resignation of Maurice Sansbury. Mr. Sansbury tendered his resignation Saturday.

YOUNG BOTTLING PLANT FALLS INTO OFFICERS' HANDS

A young bottling plant, which had already grown to the size of 150 pint bottles all filled with an "excellent" quality of chocoaw beer, fell into the hands of Sheriff Fred Smith and Stenger McCormick Sunday evening. The officers entered the house of M. B. Robertson, two miles north of Burk Burnett. The bottles and their contents were in plain view and no effort had been made to conceal them. Robertson was arrested and placed in the county jail.

324 GALLONS SOUR MASH AND A LARGE STILL CONFISCATED

Sour mash, 324 gallons of it, gurgling and spluttering in its six 54-gallon barrels, and a 25-gallon still that had just been set, and four sacks of corn meal and 100 pounds of sugar were confiscated by Constable Frank Morgan and his deputies, Lay, Miles, Bean and Belcher Sunday evening at 7 o'clock.

The haul was located in a house just east of the city near the brick yards. According to the officers who conducted the raid, the plant had just been set up and the still had never been operated.

The wife of a man who is out on bond under a federal charge and the children occupied the house where the mash and still were found but the woman stated she did not know that the things were in the house.

Mr. Morgan stated that he and his deputies were positively aware that they were near a still when they entered the back yard as the fumes greeted them a distance from the house. No arrests were made.

The tax assessor will begin the making of the large tax rolls Thursday morning, and as soon as each sheet is completed it will be given to the collector so that his force may busy itself in the preparation of receipts.

**NAVY YARD EMPLOYEES
PROTEST INJUSTICE DONE
IN THE WAGE REDUCTION**

WASHINGTON, Sept. 12.—Resolutions protesting against "injustices which are being imposed upon navy yard employees in the guise of economy" were adopted yesterday at a mass meeting of 4,000 workmen from the Washington navy yard, which met to consider the reduced wage scales recently approved by Secretary Denby.

The department's scale of 73 cents an hour for basic trades was declared to be an "arbitrary reduction" from a scale of 80 cents per hour recommended by the yard authorities and by the local wage board.

TAX COLLECTIONS TO BEGIN OCTOBER 1 DESPITE DELAY

Collections of state, county and poll taxes by County Tax Collector M. L. Tuttle will begin on October 1, despite the fact that the rolls are incomplete due to the late arrival of the state tax rate which was not received until Saturday morning.

The amount of taxes due can be secured off the rendition books which will be entirely completed by that date.

"The tax assessor will begin the mak-

KIWANIS DELEGATES TELL OF CONVENTION

Ben Neal's Nocturnal Activities and Social Conquests Reported To Club

Official reports of the district Kiwanis convention held in San Antonio last week, together with some confidential stories on the social conquests of Ben Neal, made up the larger portion of the program Monday's meeting of the Kiwanis club. Julian Bobo, Joe Stokes and Dr. M. H. Hoover, all of whom attended the sessions, conferred in the opinion that Ben could stay out later and go with less sleep than anyone else at the convention.

In his own defense Ben recounted a few of his adventures, the other three kindly prompting him where his memory failed on some points, and wound up by giving some excellent advice on what the local organization should do in the future. After taking the chaffing good naturedly, he made a plea for more members for the club, stating that had all the local Kiwanians been present at the San Antonio convention he was sure they would have realized the advantages of being affiliated with such an organization.

He declared that a 100 per cent attendance from the Wichita Falls club should be recorded in 1922, when the district convention meets at that city. Julian Bobo, district trustee, made a brief report on the convention and congratulated the Kiwanians on the fact that their secretary, Ben Neal, had been elected secretary-treasurer for the district in which Wichita Falls is included. Bobo told of the more important changes made in the Kiwanis constitution, and complimented San Antonio on the splendid manner in which it had entertained the guests. Joe Stokes' talk was confined mainly to telling tales on Neal and recounting that worthy's nocturnal expeditions with an Oklahoma lady. Dr. Hoover closed the program with an anti-brief report and laid before the club plans for a possible musical entertainment to be given in the city in the near future.

Local jewelers connived in prize-giving of the day, the attendance prize, offered by Dave Paul, being won by Joe Art. Neither one would reveal what the package contained. Art himself gave the silent boasts, which were glass paper weights with appropriate advertising.

Musical entertainment was furnished by Miss Mary and Louise Clark, who gave several delightful solos on the harp and violin. Their work was artistic and pleasing and drew rounds of applause.

Three new members, Jim Barnard, Charlie Nolan and Joe Miller, were welcomed into the organization. Raymond Myers delivering the address. Harry Baum served as chairman of the day.

COUNTY HAS SPENT OVER \$1,000,000 SINCE JANUARY 1

Wichita county has spent \$1,778,421.40 since January 1, 1921, according to the report made to the commission's court Monday by County Auditor W. Murphy. The auditor also reported that during that time over 4,000 accounts have been kept and that the discount saved the county by paying bills before maturity amounted to \$5,278.

Mr. Murphy made this report to the commissioners in making for additional help-in his office. The court granted him permission to hire another party whose duty it will be to audit the accounts of the various departments in the county.

The county auditor during the road building program stated that it required all of his time to take care of that work.

BREAK IN COTTON FOLLOWING ADVANCE ON EARLY MARKET

NEW YORK, Sept. 12.—News of damage to the cotton crop in the southwest by storms and an excited advance in Liverpool caused heavy buying at the opening of the cotton market today. The upturn was of short duration, however, a reaction being brought by extensive realizing and hedge selling.

October advanced to 21.50 at the opening, or 25 points above Saturday's closing quotation, and back to the high record of last Wednesday, but later broke to 19.55. January sold off to 19.40, or more than \$5 a bale over last week's quotation.

Reports that the tropical storm which threatened the cotton belt last week had passed out to sea and a private report indicating no more than average deterioration in crop conditions since the end of August led to further liquidation during the afternoon. The break extended to the full limit permitted by the maximum fluctuation rule in the case of October, which sold at 19.50, or \$10 a bale below the high level on the morning. Later months showed losses of 14 to 18 cents a pound but there was trade buying below the 20-cent level which caused a slight rally during the last few minutes. The close was easily net decline of 80 to 120 points for the day.

NO ARBUCKLE FILMS ARE ADVERTISED IN LOS ANGELES

LOS ANGELES, Sept. 12.—The latest film production featuring Roscoe (Fatty) Arbuckle was cancelled last night at one of the largest of the local motion picture houses. The film had been showing all last week.

Sid Grauman, owner of the theater, declined to comment upon the cancellation.

No Arbuckle films were advertised by any local theaters today.

PRINTING OF IRRIGATION BONDS IS ORDERED BY DIRECTORS

An order for the printing of the water improvement district bonds was placed Monday morning by the directors of the district. It was stated that there were no additional developments in the pending negotiations which were expected for several days.

TANK CAR WORKMAN INSTANTLY KILLED IN ACCIDENT MONDAY

Frank Armen, a workman at the Lone Star Tank company plant, was instantly killed at 9:29 Monday morning when a dome cover was blown from the top of the car he was testing, striking him in the head and hurling him 15 feet into the air. His head was badly crushed and he died within a few minutes.

The accident took place at the company plant three miles north of town on the Burk Burnett road and was attributed to a defect in the car itself. The big tanks are tested for leaks by filling them with air under high pressure. Armen was reported to have been on top of the car and directly over the dome, which was shot from its clamps by the force of the air inside the car. He was blown 15 feet into the air and about 25 feet to one side, falling between railway tracks to one side of the car.

Armen was about 27 years of age and was unmarried. His home is in Pilot Point. Relatives there have been notified of the accident and until directions are received as to the disposition of the body no funeral arrangements will be made. It is thought that the remains will be sent to Pilot Point for burial. The body is now being held at the Kerkie and Lunn undertaking parlor.

Armen was an ex-service man, having served in the front line trenches during the war and during which time he was gassed three times. He had been in Wichita Falls for a year or more and was well known to many persons here.

REDISTRICTING BILL LIKELY KNOCKED OUT BY QUEER OMISSION

The discovery that the recently enacted representative redistricting bill leaves out Swisher county will almost certainly result in the bill being unconstitutional, Representative B. F. Johnson said Monday.

Mr. Johnson did not know just who was responsible for the oversight that resulted in the omission of an important Panhandle county from the provisions of the bill.

Wichita county two additional representatives, who were to have been elected in 1922. If the bill is knocked out, as now seems probable, the present basis of representation will continue until a new bill is drawn, which cannot be before 1923.

ENTHUSIASTIC MEET IS HELD BY LIONS AT MONDAY LUNCH

A lion troupe which would have put Ringling and Barnum and Bailey's combined exhibits to shame roared in unrestrained enthusiasm Monday noon when 25 local business men assembled for luncheon in a private parlor at the Kemp hotel. With a sumptuous feast to annihilate and with inexhaustible stores of pep from which to draw the members, the presence known over the entire hotel, with the result that no doubt was left in the minds of many that the Lions' club has launched an organization in this city in proper fashion.

The first meeting was presided over by J. B. Hatchitt, first vice-president, who served during the absence of President S. A. Morgan. Short talks by practically all of the members were given and without exception all predicted success and prosperity for the city's newest civic organization.

It was brought out that the Lions' club has dedicated itself to the task of accomplishing some signal and lasting good for the city and that the members, individually and collectively, will work toward civic welfare and advancement on any and all occasions. Enthusiasm was the key note of the Monday session.

The club has been organized by R. L. McKinney, field director of the Lions clubs, who has spent something over a month in the city. Officers were elected a week ago and the club members now feel that they have launched a successful enterprise which will be an asset to Wichita Falls in more ways than one.

Mr. and Mrs. Edgar P. Haney, son Leo and daughter, Gladys and Louise, have returned from a six weeks' visit in the New Mexico Rockies. While in New Mexico Mr. Haney spent two weeks on his ranch in the Estancia valley.

HOW TO GET RELIEF FROM RHEUMATISM

Scientists Agree That the Cause Is Due to Waste Products in the Blood

The blood is the means by which all tissues, muscles, ligaments and flesh of the body are directly or indirectly nourished. It is also thru the blood stream that worn-out tissues and waste products are cast out of the system.

When waste products accumulate, they are a menace to life. They cause a lowered vitality, many skin disorders and rheumatism. Genuine relief from the agonies of rheumatism can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S.S.S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after-effects and the result is wonderful. Be sure you are taking S.S.S. today. Write for 16-page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 322 S.S.S. Laboratory, Atlanta, Ga. All drug stores sell S.S.S.

SCHOOL ENROLLMENT SHOWS INCREASE AS NEW TERM STARTS

The curtain went up on act No. 1 of this year's public school program Monday morning when approximately 5,000 students assembled in the various buildings of the local system and were duly registered. Class recitation work will not be started until the middle of the week as assignments, arrangement of other classes and other details will take up at least two days' time.

At the high school building about 75 new students reported for registration, according to Principal S. H. Ritter, who expressed himself as being greatly surprised at the large number. The total enrollment will probably exceed 100 at this building, it was stated, but authorities had not been expecting more than 25 new registrations.

Work at the high school was confined to the issuing of books and the arranging of other matters, but short class sessions, in which assignments will be made, are to be held Tuesday and regular work started Wednesday.

In the lower grades and grade schools the registering of pupils was the only work attempted. Books will be issued Tuesday and class work started as soon thereafter as possible. Reports to the school superintendent's office Monday morning indicated that all the buildings would be crowded this year, but several hundred more are expected.

No definite statements could be obtained as to enrollment figures, but official estimates placed the totals at well above 5,000, with the possibility that this figure would be passed by several hundred when all classes were running smoothly.

From the Booker T. Washington school came enthusiastic reports of enrollment figures and of work that is to be accomplished when the new negro school building is completed. H. S. Robinson, principal of the school, stated that the Monday enrollment was 228, over 40 more than that recorded at the close of the school term last spring. The negroes of the city, according to Robinson, are sincere in their determination to send their children to school, to co-operate with juvenile officer Yates and other city and county officials and to aid in every way possible in improving conditions among the negro population of the city. They believe that over 300 negro children will enter school when the new building is through.

INVESTIGATE COLLAPSE OF CHESTER, PA., BRIDGE

CHESTER, Pa., Sept. 12.—City officials and citizens alike turned their attention today from the death scene at Third street and the Chester river, where 21 persons lost their lives Saturday night in the collapse of a bridge, to the investigations which are expected to fix responsibility for the accident.

While Thomas J. Feely, a member of the board of commissioners, admitted the collapse was due to unusual weight being thrown upon a badly rusted and broken supporting arm, he declared the bridge had been inspected and pronounced safe by the county engineer 18 months ago. The break in the arm, he said, was completely concealed from view.

On the other hand, Police Chief Dav-sonport declared the bridge had been condemned several years ago and that only two of five bolts which were supposed to sustain the arm were capable of withstanding any pressure whatever.

"POUNDING" FOR PASTOR OF WALNUT STREET CHURCH

Rev. W. L. Nelson, pastor of the Walnut street Baptist church, was the willing victim of a "pounding" last Thursday evening, after the weekly choir practice. Members of the choir and church slipped up on the pastor, after choir practice had ended, entered his home and proceeded to load down all available tables with packages of eatables. A brief service followed the post-party. Mr. Nelson asked to express his heartfelt thanks for the gifts in the columns of The Times.

Morgan McLemore is here from Hall county looking after the affairs of the Penland oil company.

LOCAL BREVITIES.

W. C. Cole and W. M. Hagler left Monday for New Orleans, where Mr. Cole will probably undergo an operation on his right eye.

John W. Thomas and family have returned from a visit to Colorado Springs.

Word has been received here of the birth at Rushton, La., of a son to Mr. and Mrs. L. O. Nelson. Mr. Nelson is a son of Dr. Nelson of this city.

Clayton Stump, cashier for the Manhattan Refining company, left today for a three weeks' visit to his home in Toledo, Ohio.

Tom Morrillsey of the Panhandle Refining company, is here from Dallas on a business trip.

Mrs. Jeff Culver has returned from a two-months' visit with her parents at Dallas.

Arthur Lloyd has returned from a week's trip to Wichita, Kan.

L. C. McFann, representing the Meridian Petroleum corporation of Tulsa and Kansas City, is here on a visit for a few days.

M. E. Wolff and Mrs. Fannie Joseph were married Sunday evening at 7 o'clock. The ceremony was performed by the Rev. David Goldberg at the home of the bride's parents on Burnett street. Mr. Wolff is proprietor of the Hearn cigar stand. Mr. and Mrs. Wolff will be at home in a few days at 505 Austin street.

The University club will be entertained at their noonday lunch Tuesday by the young violinist, Frank accompanied on the piano by Prof. Frank Lowe.

Judge J. P. Jones is confined to his home on account of illness.

Funeral services for Beacher McDougal, 3-year-old son of Mr. and Mrs. D. McDougal of Elvira, were held at 11 o'clock Monday morning in the Merkle & Lunn funeral chapel with Rev. J. Lem Kewell, pastor of the First Christian church officiating. Burial was in Rosemont burial park. The boy died in the Wichita general hospital at 10 o'clock Sunday morning following a major operation. He was brought to this city from his home in Elvira late last week.

Billie Fabank of Fort Worth, formerly with the pipe-line department of the Gulf, is in the city meeting old friends.

Miss Charlotte Maunder of the Manhattan Refining company spent the week-end at Petrolia as the guest of her uncle.

ATTEMPT TO ASSASSINATE THE GOVERNOR OF KOREA

SEOUL, KOREA, Sept. 12.—An attempt upon the life of Admiral Baron Minomoto, the governor of Korea, was made today by a Korean who threw two bombs at the rooms in the government building where Governor Kato was assuming his duties after his return from the country. The governor was not injured.

OFFICIAL RAINFALL RECORD LESS THAN EIGHT INCHES

SAN ANTONIO, Sept. 12.—The official record of the rainfall which caused the flood showed less than eight inches in San Antonio. An unofficial report from the basin, which is the head of the river, which is the head of the river, was more than 13 inches of rain fell in that vicinity Friday night.

The creek, ordinarily dry and harmless, has been considered as the cause of the start of the flood. It has its source in a basin and flows into the San Antonio river just above the city. The sudden rush of water through it, combined with that flooding into the river from San Antonio and small streams, was too much for the river to carry.

- HONORARY PRESIDENT ASSEMBLY OF LEAGUES
- GENEVA, Sept. 12.—Gustave Ador, former president of Switzerland, was elected honorary president of the assembly of the league of nations today.

NEW OFFENSIVE IS STAGED AGAINST THE MOORISH TRIBESMEN

MADRID, Sept. 12.—The new Spanish offensive against the rebellious Moorish tribesmen in the Melilla area was begun at dawn this morning. It was officially announced here this afternoon.

The official communication stated that in order to prevent the transmission of false reports or regrettable commotion, the censorship would remain effective throughout the duration of the operations.

AMERICAN WOOLLEN CO. MAY IMPORT GARMENTS ALREADY MANUFACTURED

BOSTON, Sept. 12.—The American Woolen company may import manufactured goods from Germany and other European countries where costs are lower than in the mills here, President William A. Wood, who has just returned from Europe, said today. He expected a report covering this possibility from Chester J. Dane, president of the American Woolen Products company, a subsidiary, who has just completed an independent investigation of conditions abroad.

"Exportation of manufactured woolens is out of the question," Mr. Wood said. "It must be realized that Europe, especially Germany, is making goods at cost far below ours. Trade follows the price, not the flag. These products are going to come to this country, anyhow. We want to find out to what extent it is practical and desirable that we take part in this trade."

Mr. Wood refused to discuss a report that Mr. Dane had already secured options on the product of mills in Germany, Czechoslovakia and Austria.

ONE MAN REPORTED KILLED IN WRECK ON TEXAS AND PACIFIC

ARLINGTON, TEXAS, Sept. 12.—One man was reported killed in the wreck of the dining car and three derailments on Texas and Pacific Sunshine Special, east bound, between Sierra Blanca and Van Hous, last night, according to information received here. The man is said to have been riding on top of the dining car.

ARBUCKLE PICTURE IS SCHEDULED HERE SOON BUT MAY BE CANCELLED

With motion picture managers throughout the country cancelling dates for showing films in which "Fatty" Arbuckle figures, it was expected in local movie circles that the adipse comedian would make no further appearances here in the immediate future.

An Arbuckle picture is scheduled to be shown here later in the month, but no motive of cancellation of the date by the distributors had been received Monday afternoon.

GREATEST CAPACITY FOR MEETING HUMAN CRISIS

NEW YORK, Sept. 12.—President Harding in endorsing the national observance of Constitution day, next Saturday, has written to the Constitutional League of America that "no governmental system has demonstrated a greater capacity to meet and bear the utmost stress of human crisis than our own."

CLAY COUNTY WILL ACT ON ROAD BOND PETITIONS TUESDAY

Action on the movement for a \$2,000,000 road bond issue in Clay county will probably be taken Tuesday morning, it was learned Monday afternoon in telephone conversation with Clay county officials.

The commissioners' court convened at 1 o'clock Monday afternoon and was busied with routine matters, making it unlikely that the petitions would receive attention before Tuesday.

Reports from Henrietta indicate a decided sentiment in favor of the bond issue, and chances for ordering the election and for a successful outcome are considered excellent.

J. O. BOHO IN DER ARREST IN CONNECTION WITH RAID

J. O. Boho, a former motorcycle policeman of the city, was arrested Monday morning by city officers and transferred to the county jail. His arrest was made in connection with the finding of the six barrels of sawmash and a still in a house occupied by him and his family. Charges of manufacturing

WHISKEY AND HAVING A STILL IN HIS POSSESSION WERE REFERRED AGAIN HIM IN THE STATE COURTS.

STATE OF TEXAS, COUNTY OF WICHITA.

By virtue of a certain execution issued out of the honorable county court of law, Wichita county, Texas, on the 24th day of August, 1921, by W. T. Harlin, clerk of the county court of law, Wichita county, Texas, against Helen D. Chapin for the sum of \$527.74 and costs of suit in cause No. 454 in said court styled J. H. Price and W. H. Miller, co-partners as Price & Miller against Helen D. Chapin and placed in my hands for service, I, Fred N. Smith, as sheriff of Wichita county, Texas, did on the 24th day of August, 1921, levy on certain real property situated in Wichita county, Texas, described as follows: Tract of land in block No. 54, Floral Heights addition to the city of Wichita Falls, Texas, together with all and singular the hereditaments and appurtenances thereto belonging or in any way appertaining, all of which I levied upon as the property of said Helen D. Chapin, and on Tuesday, the 4th day of October, 1921, at that court house in the city of Wichita Falls, Texas, that one of the bidders at public vendue for cash to the highest bidder as the property of said Helen D. Chapin, in compliance with law I give this notice by publication in the English language of the Wichita Daily Times, a newspaper published in the city of Wichita Falls, Texas, witness my hand this 7th day of September, A. D. 1921, Fred N. Smith, Sheriff, Wichita County, Texas. By H. C. Daban, Deputy.

NOTICE IN BANKRUPTCY

In the United States Court of the United States for the Northern District of Texas, in the matter of A. H. Beals and F. F. Moore, bankrupts. First meeting of creditors. FROM POOR PARENTS
Italians all over the world are celebrating the 600th
anniversary of the death of the countryman, Dante Al-
ghieri, one of the greatest writers of all time.

THE AUCTION BLOCK
Selling the services of unemployed men, stripped to the
waist, from a block on the Boston Common is an effec-
tive method of rousing the country to the need for provid-
ing employment for our workers during the coming winter.

THE CAMEL AND THE MOUNTAINEER
There is a story to the effect that a small circus landed
in an Arkansas mountain village, the first of its kind ever
to reach this deep retreat. One of the attractions of the
show was a widely advertised camel. A mountaineer with
his wife and sixteen children applied for admission, and
was turning reluctantly away after he learned that the
entrance fee was fifty cents. Then the ticket seller called
to him and said, "Hey Mister, take your family right in,
there will be no charge. It will do you to see the camel."

VOICE OF THE PEOPLE
W. A. SQUIRES RECOMMENDS
GIANT BLACK WALNUT TREES
Editor The Times:
I noticed an article in your paper
written by Frank S. Field, which is
commendable and worthy of the same
being carried out by the citizens and
taxpayers of Wichita county, but his
suggestion that they grow and plant
black walnut trees I cannot agree with,
when a much better tree can be ob-
tained, and a tree that is suitable to
the climate and soil of this section,
that can be obtained that will prove
an investment for the county as well
as an ornament and a shade tree.

IT LOOKS AS THOUGH SOMEONE IS GOING TO GET MUSED UP

Churches and Societies Begin Their Fall Work

The various church organizations are beginning their fall work in earnest this week and a dozen or more committees, executive board meetings and general meetings are scheduled for the next few days.

Drives for membership will be a feature in one or more of the Sunday schools, beginning at once, and the young people's societies are following suit. Officers of various ones among the Sunday school and young people's organizations believe that for many reasons this fall and winter will see the biggest enrollment in their departments ever registered, and that more interest will be taken in the work. One reason assigned for this is that Wichita Falls is in a much more settled condition as regards citizenship and permanent residents, and another, that there is a greater need for a pull all together on the part of all organized social service and welfare groups than ever before on account of the labor situation.

COMMITTED MEETINGS WILL START FALL C. ENDEAVOR WORK

There will be several committee meetings in the First Christian Endeavor Society this week to plan for the fall work of the senior organization.

The Endeavor held a live meeting Sunday evening under the leadership of Paul Rutledge, and the members enjoyed a "lemonade" session afterward which proved very refreshing. The Endeavor has taken over the church basement as a meeting place for the coming year, and it will be the Endeavor home from now on. This coming Sunday Mr. Neighwander will have charge of the meeting and a big attendance is expected, as each member present Sunday is pledged to bring a new member.

TULSA, OKLA., COUPLE MARRIED MONDAY MORNING AT THE KEMP

George R. Ventris and Miss Elsie Dunn, both of Tulsa, Okla., were married Monday morning at the Kemp hotel, Tulsa, Okla., by Rev. T. S. Pittenger of the First M. E. church, Seventh and Lamar, officiating. Mr. and Mrs. Ventris will be in the city a few days and will make their home in Tulsa.

ROACH-HEFFNER WEDDING SATURDAY EVENING AT 9

John K. Roach and Miss Jennie C. Heffner, both residents at the William-Mary hotel, were married Saturday evening at 9 o'clock at the home of Rev. Mr. and Mrs. T. S. Pittenger, Rev. Mr. Pittenger officiating. Mr. and Mrs. Roach are at home at the William-Mary.

REV. MR. PITTENGER IN "MARRYING PARSON" LATELY

Rev. Mr. Pittenger, pastor of the First M. E. church at Seventh and Lamar, performed his fourth wedding ceremony since Saturday afternoon at 11 o'clock.

WOMEN'S BENEFIT ASSOCIATION OF MACABEES MEETS TUESDAY

The Women's Benefit Association of the Macabees meets Tuesday afternoon at the home of Mrs. W. C. Roark, 1212 Holliday, at 2 o'clock. All members are asked to be present and visitors invited.

LATEST STYLE

By LENORE

All smart sleeves must lead to the wrist, says Paris at the establishment of Jenny, one of the designers best known in America. I saw a rich brown crepe frock that had gotten itself charming sleeves. This differed from what has become known as the "Jenny sleeve" in that it was not so wide at the armhole, but slashed at the top and gracefully flowing about the wrist. This I have illustrated at the top of the sketch.

In the center is a suggestion for a light sleeve, not front a Bernese cloth frock, and the remarkably graceful sleeve below that I saw on an afternoon frock whose skirt was made of two rectangular pieces of material, with the loose edges meeting in softly cascading folds at the sides. Two satin ribbon sashes knotted over the hips formed the attractive girle.

PATTERN No. 226. Patterns of the above set of sleeves (three in all), No. 226, can be obtained in sizes 34, 36 or 38 by sending to Lenore, 8 West Fortieth street, New York City, your name, address and 25 cents in postage stamps. Be sure to keep this newspaper clipping of the sketches and descriptions of the sleeves to use for working models when the patterns reach you—they will be within two weeks time.—The Editor.

Cat Pals Share Each Others Joys and Sorrows Sixteen Years; Then Both Die

John went first. Perhaps it was right that John should have gone first. He was always the most venturesome. Several days later Jim followed him. John and Jim were born some 16 years ago in the warehouse of a wholesale grocery company in Chanute, Kan. At first it was thought that the brothers would have to be separated, because two baby things about a warehouse full of huge boxes and busy men, seemed to be too much. One, it was taken for granted, should stay for the use he could be.

But somehow, John and Jim, ere they were many days old, became beloved of the whole force of the grocery company. No one would take it upon themselves to separate them and so the mother and her two young sons became members of the grocery company's family.

They were wonderful pals. When John went to battle with some ally invader, Jim always followed in the wake, ready with a wicked paw.

Invariably they shared the top of one box for the scene of their morning salutations, and while Jim earnestly rubbed with his right, John scrubbed just as earnestly with his left. John was left-handed. Because they were given plenty of water and just enough to eat they became huge fellows and wonderful jumpers.

Whenever there was a change in the working force of the wholesale house, the newcomer was watched with interest to see whether John or Jim would win his approval. It was a serious thing to the force. But to John and Jim—pouf!

A few days ago, John—he was 16 years and 5 weeks old—didn't climb up on the box with Jim for his morning salutations. He didn't move down there in the basket. He touched it with a gentle right paw. He called loudly, with a look of puzzled hurt in his eyes. And then the cry became a long-drawn wail. He knew!

A little while later they buried John, the venturesome, in a grave right down beside the warehouse wall, with a G. W. Williams, one of the directors, officiating.

For seven days Jim refused either food or drink. On the eighth, he, too, died.

TIMES-HERALD ACCOUNT OF DAMON-RUBSAM WEDDING

The following account of the Damon-Rubsam wedding, which took place in Waco Wednesday evening at the First M. E. church, uniting Ivan W. Rubsam of this city and Miss Virginia Damon of Waco, is taken from the Waco Times-Herald:

Many friends assembled on Wednesday evening at the First Methodist church to witness the impressive ceremony which united the lives of Miss Virginia Damon and I. W. Rubsam of Wichita Falls.

The church setting was ferns, palms and beautiful white lilies in ivory baskets.

Mr. Gid Childers sang "Because I Love You" to Miss Edna Hutchinson's accompaniment at the organ.

The wedding attendants then entered as follows:

Miss Hattie Geffert of Beville was accompanied by Bruton Grand. She was gowned in henna taffeta combined with Spanish lace and wore a black hat crested with chrysanthemums in an arm sheaf were her flowers.

Miss Nena Damon and H. E. Barrett entered next. She wore a black dress beaded in iridescents with a hat to harmonize. Golden chrysanthemums were carried.

Mrs. Elberidge Woodward, as matron of honor, wore a handsomely headed navy Georgette, a black picture hat and carried American Beauty roses.

Little Louise Wiley, as ring-bearer, was charming in pink accordion pleated Georgette, and she carried the ring in a white satin good-luck slipper.

The lovely bride entered with R. E. Damon of Houston. She was modestly clad in a navy Polart twill coat suit with sable scarf, a gift of the groom. Her hat and accessories were brown. Her bouquet was of bride's buds and white lilies, charmingly arranged.

The best man, George Gutman of Wichita Falls, entered with the groom, D. H. Rubsam, also of Wichita Falls.

After the tableau formed, Dr. Bergin, assisted by Rev. Rentfro, performed the ceremony.

Afterward the wedding party and relatives were entertained at the Damon residence on Sanger avenue.

MISSISSIPPI DIVORCE RATE THREE TIMES GREATER THAN AVERAGE FOR OTHER STATES

JACKSON, MISS., Sept. 12.—The divorce rate in Mississippi is three times greater than the average for other states, declared Chancellor V. A. Griffith, in convening the Hinds county chancery court this morning.

"May God speed the day when we will pass a law prohibiting a divorce regardless of the cause," he said.

P. T. ASSOCIATION MEETS AT KEMP LIBRARY TUESDAY

The Parent-Teacher association meets at Kemp library at 4 o'clock Tuesday afternoon.

The association has expressed itself as deeply appreciative of the assistance of the Strand theater, the Bush and Gerta Piano company, Maxwell Hardware company, the Dusch and the Nunn Electric companies and Mayor Cline's assistance in their recent hospitalities to the inter-county teachers.

Mrs. Stonewall Brown is here from Alta Vista, Colo., where she spent the summer with her mother, for a short business visit. She is at the William-Mary hotel.

Salvation Army and Home League "Bites Off" a Big Job and Goes Right After It

The Salvation Army folks and the Home League are sewing for school children these days at the citadel, and a pile of work has accumulated that grows as fast as it diminishes. For if the army can help it, no child in Wichita Falls of school age is going to be robbed of this year's education because of a lack of clothing.

The Home League, which is the army's splendid "help each other along" organization, began the sewing some time ago, with a half-dozen children to be outfitted. Each day the work grows and more children are added. With 200 or more families in the city suffering from the unemployment situation, it is easy to see how the pile of clothing grows every day, and what the Home League has "bit off" for accomplishment. Many of the children will not enter school the very first day, but they will be enrolled just as soon as their clothing is ready, and shoes and stockings bought. Every member of the army family is taking turns at the machine and the needle these days.

Many of the children who are now being outfitted are from families in the neediest condition, yet which have never before needed to accept outside help. Some of them have never before missed a day of school, yet were so poorly fixed for clothing that they would have been forced to stay at home from school this winter. In some cases whole families of children are being looked after. Material for the clothing comes from various channels; the Home leaguers themselves help, good friends in town help, and when she is driven to it, "Ma" Burdick invests some of the army's precious budget funds. As the coats on the treasury are going to be much heavier than was expected, however, on account of the unprecedented labor situation, the funds are not drawn on when there is any other way out without solicitation. It is a safe guess, then, that a few yards of good gingham, bleached domestic for underclothing or children's clothing, either new or in good condition, would not be turned down at the citadel from any well-wisher of the army. Shoes have to be bought in every instance, which alone is a pretty fair outlay in money.

Mrs. W. L. Ponder and daughter, Miss Ina, have returned from a two weeks' visit with relatives in Dallas, Paris, Hillsboro and Waco. Mrs. Ponder was also in Temple, where she is taking treatment.

TRIPS TO SEYMUOR AND BRECKENRIDGE TO BE MADE SOON

PLANS FOR TWO IMPORTANT EXCURSIONS APPROVED AT MEETING MONDAY

DATE FOR CELEBRATION FIXED AS SEPTEMBER 20

Trip To Breckenridge Then and to Seymour Next Friday—Plan Dinner Wednesday

Plans for a big excursion to Breckenridge Tuesday of next week, and for an automobile trip next Friday to the Baylor county fair at Seymour, were approved Monday morning at a meeting of the trade extension committee of the Retail Merchants association, and the directors of the chamber of commerce.

The chamber is fostering the Breckenridge trip, which will be a formal welcoming of Breckenridge and Breckenridge territory as a new and nearer neighbor of Wichita Falls.

The trip to Breckenridge was originally scheduled for September 22, but as that is the day for the visit of the imperial potentate of the shrine, and many Wichitans who are expected to make the trip would want to be here for that occasion, it was decided to make the trip on September 20.

Mayor Cline was designated as the official representative of the city and chamber of commerce for the occasion. Further plans for the two trips will be considered at a luncheon to be held Wednesday at the Kemp, to which all members of the business council are being summoned.

WICHITANS ON VISIT TO CALIFORNIA SEE IRRIGATION'S PROMISE

Mr. and Mrs. J. W. Stone and son, Robert Allen, and Mr. and Mrs. C. E. Anderson returned Saturday from an automobile trip through New Mexico, Arizona, Nevada, Wyoming, Colorado and California, and from a stay in California. On their return trip they left their car at Salt Lake City and returned by rail.

In California they saw a number of former Wichitans, all of whom they report as prospering. R. M. Moore, C. W. Bean and St. Clair Sherrod, they report, have orange groves near Long Beach.

Mr. Stone says that the best looking country they saw, outside the irrigation district, was Texas.

"If irrigation," he said, "will do as much for us that it has done for the districts we saw we will have almost a paradise here. Water has made the desert bloom like a rose in places, and without it nothing could be grown. Opportunities are better here than at any place we found on the entire trip. We met and passed many men, walking through the desert with their packs on their backs, looking for any kind of work, without money to buy something to eat. Nearly all the mines and other industries over these states are shut down and the men are idle. At places it is hotter and dryer than it has ever been in Texas since I have been here. My advice to anyone would be not to leave Wichita Falls expecting to find a better place in the West. Those who do are likely to be bitterly disappointed. Notwithstanding that several former Wichitans in California are doing better than many others there, I expect some of them to be back in Wichita Falls within less than two years."

COLORADO HIGHWAY OFFICIALS TO VISIT THIS CITY SATURDAY

Executive officers of the Colorado-Gulf Highway association will be in Wichita Falls next Saturday on an inspection trip from Denver to the gulf. It was announced Monday that they will spend most of Saturday here, proceeding from this city to Fort Worth and thence through central Texas to the gulf terminus.

YOUNG MAN IS HANGED IN JAIL AT UNION, MO.

UNION, MO., Sept. 12.—John W. Carroll, 24, of Fairchance, Pa., was hanged in the Franklin county jail today in connection with the murder November 20, last, of Benjamin Schoebe, a garage owner of Berger, Mo. The trap was sprung at 2:27 p. m. and Carroll was pronounced dead in 14 minutes.

MILLIONS OF TONS OF SCHOOL BOOKS ARE TOTTED BY CHILDREN AS VACATION ENDS AND STUDY BEGINS

"The weight of this sad time." The meaning of the above Shakespearean passage had always been sort of vague and meaningless in our mind until Monday morning when we observed Tom and Bert and Bill trudging along the street headed in the direction of a two-story brick building that bore the inscription above the doorway, "Public School."

Each of the three were resplendent in new shoes, knickerbockers and blouses. Over their shoulders, dangling at the end of a strap, hung the solution to the aforesaid passages. School books. Their potential force bore heavily on each of the three, for it was evident that this was the cause of the none too pleasant expression on their faces. The actual weight of the pages of wisdom produced startling figures.

The fifth grade male student was taken as an example and the superintendent informed us that the following text books were necessary for the boy's education: Reader, spelling, arithmetic, grammar and geography, besides a few other incidentals. The parcel post scale gave the following weights of the books, respectively: 21, 9, 23, 11 and 42 ounces.

The combined weight is 109 ounces, or an average of 22 ounces to the book. Now, Tom told us that he took home two study books every evening. He said he lived just exactly a half mile from the school building. By his assistance we found out that during the school year of ten months he will be forced to carry 1,100 pounds of school books.

He told us further that a little girl with flaxen curls lived right next door

to him, and that through politeness he usually carried her books, too, and she surely did a lot of studying at home for she seldom went home with less than three books.

So for his own benefit and through his courtesies Tom, through the coming school year, will carry far over a ton of books. In fact, the exact figure can never be calculated for there are always the incidentals of the writing book and the drawing books that have to be taken home in order to show another the progress made, and then of course the weighty monthly report that mother or father must sign which will bring the total at least around the 3,000 pound mark.

Then of course this isn't all the work that Tom has to do. A half a mile from school means that he is forced to walk at least one mile every day—200 days—200 miles.

Three thousand pounds of books—200 miles.

"And think of it," Tom proclaimed, "there's over 12,000 kids just like me starting to school in Wichita county this morning."

TROPICAL STORM DOES CONSIDERABLE DAMAGE ON ISLAND OF HAITI

WASHINGTON, Sept. 12.—The tropical storm, which has been raging in the Caribbean sea since last Thursday, was said today by the weather bureau undoubtedly to have done considerable damage yesterday on the island of Haiti. Reports of damage had not been received, however, by the bureau.

The storm will not reach the coast of the United States, it was said.

10TH STREET HABIT HARD TO SHAKE OFF, FEW USING EIGHTH

Folks who reside west of Brook avenue are apparently finding it difficult to shake off the habits of several years, and comparatively few of them so far have used Eighth street as a route to the business district.

Traffic on Eighth street is of course much heavier than before the paving was laid, but is considerably less than might have been expected. City officials are anxious for Eighth to come promptly into general use by all who can travel that way, in order to lessen the abnormally heavy traffic burden on Tenth street and delay the time when repairs will be necessary.

But motorists generally are finding the Tenth street habit a hard one to shake off.

GOVERNORS RUSSELL AND PARKER ADDRESS OPENING SESSION OF FARM CONGRESS

NEW ORLEANS, Sept. 12.—Governor Russell of Mississippi and Governor Parker of Louisiana were to deliver addresses before the opening session of the interstate farm congress here today.

Coincident with this convention will be the sessions of the Louisiana branch of the American Cotton association. The principal question before the cotton division will be fixing the cotton acreage for next year and will provide a basis of public opinion for the south-wide conference of the American Cotton association that has been called by President Wainmaker.

UNIVERSITY CLUB TO HEAR JOHNSON AT TUESDAY'S SESSION

The University club will hold its regular weekly luncheon at the Kemp hotel Tuesday noon at 12:10. B. F. Johnson, representative in the legislature from this district, will address the members of the club on the subject, "How laws enacted at recent sessions of the legislature affect this city."

Mr. Johnson was to have made this talk at last week's meeting, but was unavoidably detained in a nearby town where he had journeyed as a representative of the chamber of commerce to extend an invitation to the citizens

IS NOW REJOICING OVER HER RECOVERY

After Suffering Eight Years This Houston Woman's Health Is Soon Restored

"My heart fills with gratitude for my wonderful recovery, and I feel like spreading the good news everywhere so everybody can know what Taniac is doing," said Mrs. Hattie Freeman, 1904 Maple St., Houston, Texas.

For the first time in eight long years I am free from suffering. The pleasure of being able to eat what I want without suffering is alone worth many times what my three bottles of Taniac cost me. All my troubles are gone now and I feel so strong and well.

I sleep like a child now, am never bothered with nervousness and have gained nine or ten pounds in weight besides. I have no more smothering spells or palpitation of the heart like I used to have and I am entirely rid of headaches. I simply feel like a new person.

A Tale of Blood

The blood is to the body what steam is to an engine. If the steam runs down, the engine slows up, and if your blood runs down, you slow up. Your food doesn't digest as it should, you don't feel rested in the morning and you are out of sorts generally. Over fifty years ago Dr. Pierce's Golden Medical Discovery was put on sale in the drug stores to help people whose blood was in poor shape, and ever since then has been doing wonderful things for men and women all over this country. Send 10c for trial package Tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

of that community to a visit to the city of Wichita Falls. This subject is one which vitally interests the citizens of Wichita Falls. Mr. Loew will have charge of the musical program, and he has arranged for an exceptionally good entertainment. Some very important matters pertaining to the work of the club will be discussed at the meeting.

ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

Spudders Break Even In Last Double Bill of Season With Gassers

Special To The Times. SHREVEPORT, La., Sept. 11.—Shreveport had an easy time galloping around the bases with Darrough in the box in the night cap today, which she won 10 to 1, but there was a different story to tell in the opening game lost to the Spudders 7 to 4.

BEARS 5-4, CRABS 2-5

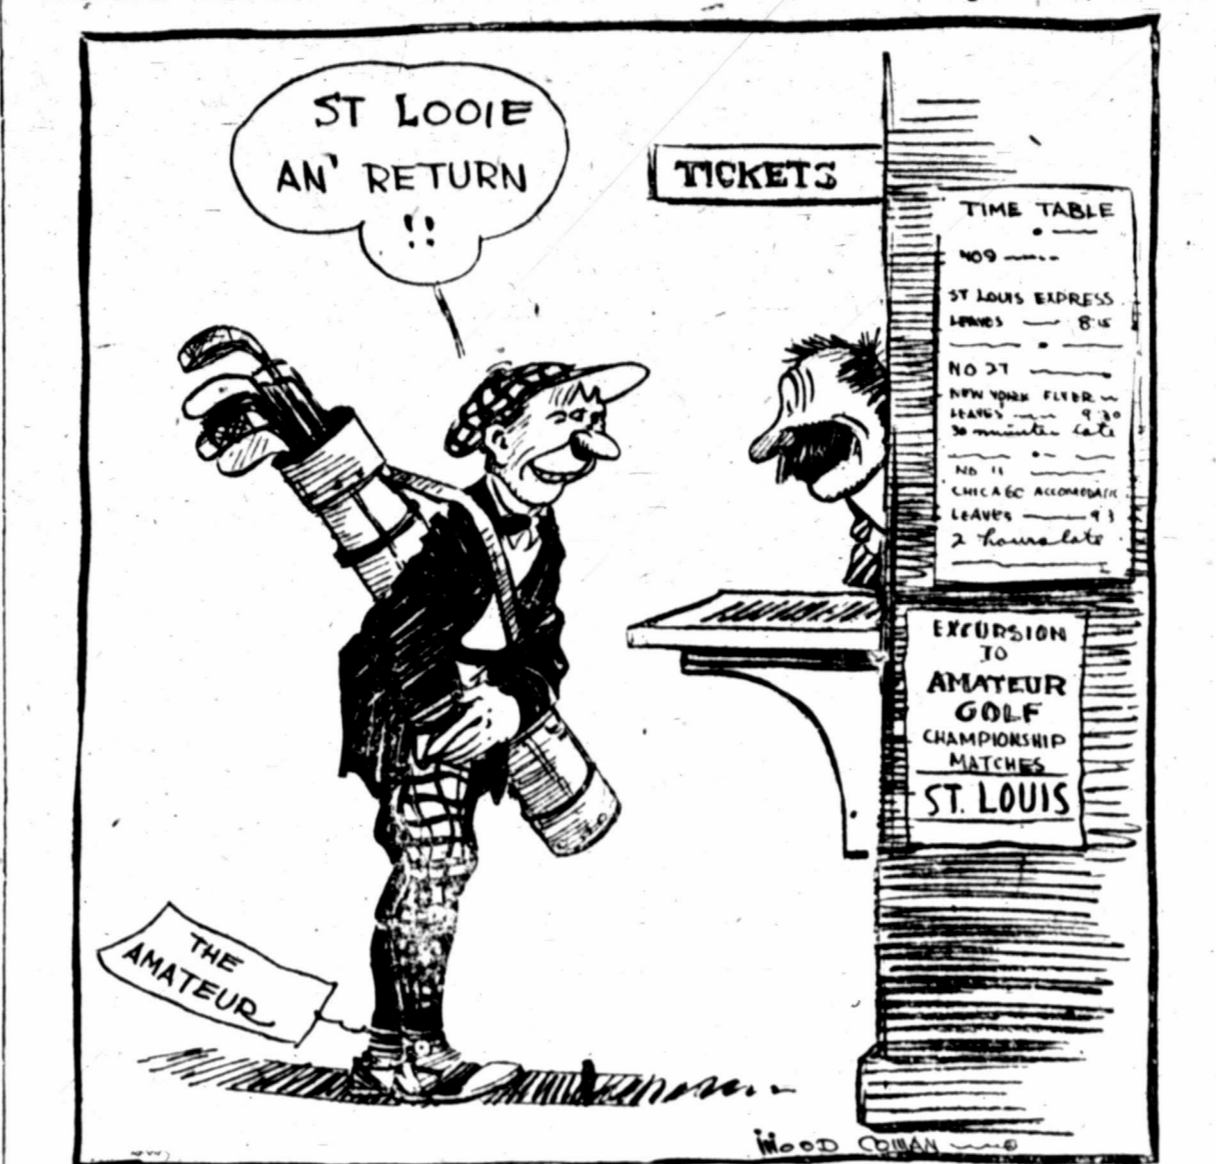

GALVESTON, TEXAS, Sept. 11.—Galveston and San Antonio divided a double header Sunday afternoon, the Bears winning the first 5 to 2 and losing the second 5 to 4. Second baseman Fuller of the Bears was escorted off the field by a policeman in the first game following an attack on umpire Spencer.

Table with columns: Team, AB, R, H, PO, A, E. Rows for Galveston and San Antonio in both games.

First Game. SAN ANTONIO—AB R H PO A E. Fuller, 2b, 2 1 1 0 0 0. Nee, 3b, 2 1 1 0 0 0. Bode, lf, 4 2 1 1 0 0 0. Connelly, cf, 4 1 1 0 0 0 0. Bowen, rf, 2 0 0 0 0 0 0. Tullios, 3b, 2 0 1 0 0 0 0. Brook, c, 3 0 0 6 1 0 0. Truska, p, 2 0 0 0 0 0 0. Coachman p, 4 0 0 0 0 0 0. Totals 25 5 9 27 9 1.

HE'S OFF AGAIN

MARINES 1, PANTHERS 3

FORT WORTH, TEXAS, Sept. 12.—Fort Worth won the final game of a great series here Sunday by a score of 3 to 1. Each of the four games were brilliant exhibitions of the national pastime, being decided by one run on three occasions and two on the other. Phelan's timely single with Haley on base won the game for the Cats. The locals leave tonight to open the final series of the season at Wichita Falls tomorrow afternoon.

Table with columns: Team, AB, R, H, PO, A, E. Rows for Fort Worth and Dallas in both games.

EXPORTERS 4-0, BUFFS 2-4

HOUSTON, Sept. 12.—Beaumont and Houston split a double header here Sunday, the Exporters taking the first game, 4 to 2, while the Buffs won the second, 4 to 2.

Table with columns: Team, AB, R, H, PO, A, E. Rows for Beaumont and Houston in both games.

AMERICAN LEAGUE

Tigers 5, White Sox 1.—Chicago's Sox were beaten, 5 to 1, by Cobb's Detroit Tigers Sunday. Four of the Detroit runs were off Connolly and one off Russell.

Table with columns: Club, Won, Lost, Pct. Rows for American League teams.

NATIONAL LEAGUE

Red Sox 5-1, Yankees 1-5. NEW YORK, Sept. 11.—Sunday 4,000 baseball fans crowded into the Polo Grounds to see the Babe hit a home run. Friday he hit his fifty-fourth home run of the season and equalled the record which he established last year. Instead, Babe got but two singles in eight times at bat, and the Yanks split with the Red Sox.

MEMPHIS AND FORT WORTH NEED ONLY ONE MORE VICTORY EACH

MEMPHIS, TENN., Sept. 12.—Arrangements for the post-season series between the pennant winners in the Southern association and the Texas league will be completed this week.

Bout With Frush to be Johnny Kilbane's First Since 1916

CLEVELAND, Sept. 12.—When Johnny Kilbane, world featherweight champion boxer, steps into the ring at Dunn Field here on the afternoon of September 17 to face Danny Frush of Ohio, September 17, 1916, Tuesday, it will be the first time Kilbane has defended his title since he knocked out George Chancy at Cedar Point, Ohio, September 4, 1916. Tuesday he is expected to receive \$20,000 for his end-win, loss or draw—possibly more, as he is working on a 50 per cent basis. This is said to be the largest amount ever guaranteed a boxer below the heavyweight rank, and very few heavyweights have received that much for a championship match. Frush is expected to receive \$2,000—his training expenses.

STANDING OF THE CLUBS

Table with columns: Club, Won, Lost, Pct. Rows for American League and National League teams.

Paramount "Star" Contest

Valuable Prizes—Merchandise, Cash and Olympic-Empress Theatre Tickets

Give Name of This
PARAMOUNT
STAR

Also name of last
picture he appeared in
at the Olympic Theater.

Always the Lowest Prices

The star feature of our business policy is the lowest prices consistent with reliable merchandise. We believe that our low-price policy is a well known fact in Wichita Falls. If you have found our merchandise a little better and our prices a little lower, here is your opportunity to earn a very desirable prize.

For the best article not over 200 words, telling why you think people should trade here, we will give a prize of a pair of shoes, also five tickets of admission to the Olympic Theater.

SAUL'S

Give Name of This
PARAMOUNT
STAR

Also name of last
picture she appeared in
at the Empress Theater.

Why Am I Successful?

There are many perfectly good reasons why this firm has been rewarded by success. I feel that I know them, but want to get the viewpoint of some of my patrons. I want it answered in just a plain, ordinary way—bringing out those factors which, in your opinion, have been most instrumental in making me successful.

For the best article submitted on the subject, "Why Am I Successful?" not over 200 words, I will give the lady winner a \$20 indestructible string of pearls or the man if he wins a sterling belt buckle with monogram engraved, also five tickets to the Empress Theater.

PARAMOUNT
STAR

Also name of last
picture he appeared in
at the Empress Theater.

Good Groceries Along with Good Service

We know that to please the buying public there must be good merchandise and with it must be good service. That has been our policy ever since we started business, and we are improving on it every day.

FREE COFFEE

For the best article of not over 200 words, expressing why our store is a good grocery to trade with, we will give a three-pound can of good coffee together with five free tickets to the Empress Theater.

at the Olympic Theater.

Our Prices Always Right

A child can trade at this store and get just the equal of value as the man or woman who is a keen judge of merchandise. We are satisfied with a very low margin of profit, and depend on volume of sales for money-making. Your dollars will go farther here and the class of goods we sell represent the best made.

For the best article of not over 200 words expressing in your own way why our prices make it an advantage to trade here, we will give a prize of a \$10 gold piece and five tickets to the Olympic Theater.

DEPARTMENT STORE

With publication of this page begins an intensely interesting contest in which the winners will be liberally rewarded with valuable prizes

RULES GOVERNING CONTEST

Twelve Paramount Stars appear on this page. You will have to give the name of the Star appearing in each individual section, the last picture he or she appeared in at the Olympic or Empress Theaters and write an article on the subject selected by the merchant—this article being limited to 200 words. The persons to name the Star, give the name of the pictures, and writing the best article will be the winners, and get the prizes offered by the merchants as well as the free passes to the theater.

While each merchant's space is an individual contest, you can reply to as many of them as you like. Papers should be mailed to the firm or merchant. The manager of the Olympic theater, the merchant or a member of the firm, and a representative of this paper will act as the three judges.

The spaces on this page are taken by the foremost merchants of this community, and they want to get the public viewpoint on those factors in their business careers which have made them successful.

PARAMOUNT PICTURE CONTEST

For the best article on "Why Paramount Pictures Are the Best," the Olympic Theater will give a grand prize of 10 free admission tickets. Patrons know of their standard excellence. Why are they the best—what factors enter into their making, classing them as superior to all others? If you can write the best article of 300 or less words you will get as many of them free of cost.

Neatness and cleverness of all articles submitted will be consideration of the winners. Contest closes Saturday, September 17.

WICHITA DAILY TIMES

EVANGELIST SAYS THIS CITY ONE OF DISCOURAGED SOULS

Taking his text from Samuel 1:11 and speaking upon the Subduing of Our Philistines, Evangelist Ireland brought a stirring message to a large audience Sunday morning upon the different problems that a Christian has to meet and overcome in this life.

The preacher stated that by faith David won his victory over Goliath, by faith in God the derelict fell down, and that Wichita Falls is a city of discouraged people, spiritually, without faith in God to pray for victory, like the people of Israel of olden times. "That our Christian lives are lives of resolutions, but that the resolutions are short lived and that a lukewarm heart will not win a victory for God." The terrible suffering of Christ was to drive sin from our lives. God's army was afraid of our Philistines and we are afraid of our Philistines. Each of us has a peculiar power and God wants us to lay this power at the foot of the cross for overcoming the world. We should consecrate our lives to Christ, so we can exert our influence for Him; we should not try to see just how close to the dangers of sin we can come, but should avoid them. The derelict ship is the terror of the ocean and the derelict life is the one to be feared by all; the devilish men and women of a city are not the ones that endanger the church as much as the derelict men and women that turn their backs upon the church when hell is playing havoc all around and we should become converted and get enough religion to carry us through every obstacle of life. We should not fall prey to the Philistine of duty, nor to the Philistine of society, but should serve God because of our love for Him, just as we court a girl because of our love for her. It is a great thing to see the armies of God on dress parade, but it is a greater sight to see the armies of God triumphant through His service. The Philistines bother every one that lives on the borderland and it is our duty to get on God's side, away from the borders of sin. Sin and neglect blind our eyes, put us into the mill of life and make us grind there and the Philistines that we have to defeat are worry, fear, doubt, indifference, deception and sensitiveness.

Sunday evening Evangelist Ireland preached on "The Unpardonable Sin" and declared that it is not swearing, nor drunkenness, nor theft, nor adultery, but is the continual saying no to every effort of God to save one's soul and closing one's ears to every message of God.

"Conversion is only possible through the action of the spirit of God upon our souls. God sent his prophets to save the people but the people killed them. Sin against God or Christ can be forgiven but the sin against the Holy Spirit, because then the last hope of God to save is gone, our hearts are turned to stone, to God's call, and we are deadened to his message. A man may pay every obligation, be a clean man morally, a good man in the home and community, and all that, but that does not keep him from robbing God of his soul. When we finally say no to God and bar the Holy Spirit from our lives, we cross the deadline of the soul. Many living men both here and elsewhere are dead to the real things of life. Giving money to the church cannot save our souls. The lepers and blind men who Christ cleansed and made whole did not commit the unpardonable sin, while the aristocratic Pharisees did. It is the brilliant men and women in Wichita Falls are crucifying Christ, as did the Jews of old, by denying Him. In the days of prosperity we throw away our money and forget God, now it is time to get right with Him."

At the close of the service when the call for those that wanted to accept Christ was made, many went forward and many others asked for prayers. The service Monday night will be a special Sunday school and church night service and everyone, both young and old, is invited to come and take part. There will be special music, both instrumental and vocal.

3 AUTOMOBILES ARE STOLEN HERE SUNDAY, ANOTHER IS BURNED

The theft of three automobiles, two from in front of the First Methodist church, north, at Seventh and Lamar, was reported to the police Sunday night. Two Ford touring cars, one the property of Dan Burk of Graham, and the other of C. C. Wiggley, 1200 Fillmore street, were taken from the church corner, while the third machine, a Studebaker touring, was stolen from Dr. W. W. Swartz.

An automobile stolen last Wednesday night from O. White of this city was found Sunday evening, stripped and burned, five miles from the city on the Jacksboro road. Everything of value had been removed by the thieves, and the body and other inflammable parts reduced to ashes.

City detectives who investigated the affair reported that all tires, the top, the wheels and such mechanical parts of the engine as could be carried away had been taken off. No clue as to the identity of the robbers was obtained.

ARREST TWO BELIEVED TO BE CHANGE ARTISTS AND DOPE SUFFERERS

Two young men, said to be dope addicts and believed by the police to be short-change artists, were arrested Sunday and are now being held in the city jail awaiting further investigation. They were picked up in the railroad yards south of the city.

When searched at the police station nearly \$100 in cash was found concealed in their clothing, together with a hypodermic needle. They were reported to have been under the influence of a drug at the time, although nothing could be found about them.

Detectives Jack Miller and John Boone declared Monday morning that both men were short-change artists and that they had probably been operating in this city. The police have requested that any one having suffered through short-changing call at the city hall and attempt to identify the prisoners.

OVERHEATED COOK STOVE RESULTS IN \$300 DAMAGE TO FIFTH STREET HOME

An overheated cook stove in the home of J. P. Young, 106 Fifth street, started a blaze at 4:30 Monday morning which burned away the roof of the kitchen and caused damage estimated at \$300.

According to Mrs. Young, she had risen early and kindled a fire preparatory to cooking breakfast and had then gone back to bed. The entire family was aroused a short time later by the crackle of flames in the kitchen.

Fire apparatus from the Central fire station responded to the alarm and confined the blaze to the room where it started. It is not known what insurance, if any, was carried.

LET CONTRACT FOR PAINT AND PAINTING NEW BUILDING

County commissioners Monday morning let the contract for the painting of the new paupers' quarters at the county farm to J. O. McBride. Sealed bids were submitted and Mr. McBride was \$60 lower than his nearest competitor in a field of five.

Contract for the furnishing of the paint was let to Sherwin-Williams company. Three bids were submitted for the paint and the difference between the highest and lowest bid was less than \$3.

FUNERAL SERVICE FOR MAN WHO SERVED IN PLACE OF NOTORIOUS DRAFT EVADER

PHILADELPHIA, Sept. 12.—Funeral services were held here yesterday for Russell C. Gross, the young Philadelphia man who was killed in the battle of the Argonne, after having been drafted into the army in place of Grover C. Bergdoll, the notorious draft evader.

BURKBURNETT PLANS BIG CELEBRATION ON 23RD AND 24TH

In the years before the Fowler oil strike the Burk Burnett watermelon carnival was the biggest entertainment in all of northwest Texas. People attended for a radius of a hundred miles and during the week of carnival Burk Burnett was crowded with visitors. Then came the oil strike and the watermelon carnival was forgotten in the excitement.

While they will not attempt to revive the watermelon carnival this year the people of Burk Burnett are planning a big entertainment on September 23 and 24. The Burk Burnett Star has the following concerning plans for this event:

"Plans are fast developing for Burk Burnett's two greatest days of celebration, September 23 and 24. Nothing is being left untaken in making these the two greatest days seen here for many years. Everybody seems much enthused and Secretary Spencer reports that he finds no trouble in finding willing workers.

"Just at present most of the work is being centered on completing the program. The program that is announced today by the committee will be as follows: Friday, September 23, beginning at 10:00 a. m. and lasting until 12:00 noon, a great auction sale will be held. Every merchant in the city will donate something to the auction committee and it will be sold under the hammer. This will be an opportunity for everyone to obtain a good bargain. The funds realized from this sale will be used to defray expenses for the celebration.

"From 12:00 noon until 1:30 p. m. a free barbecue will be served on Main street. This promises to be a real treat in the barbecue line, as arrangements have been made for a professional man to handle this and give the old fashioned barbecue meat, cooked over the pit.

"From 2:00 p. m. until 5:00 p. m. a rodeo will be held at Hardin park. Several local farmers are putting this on and they are making every effort to show something worth while.

"At 8:00 p. m. the big balloon ascension will be held at Hardin park. This attraction will be a feature. One of the greatest balloonists in the world has been engaged for this act and we are certain it will please.

"This is the complete program for the day; then at night when the general fun will start. On the streets there will be everything that did create excitement. The American Legion and Y. M. C. A. are combing their efforts, trying to raise a fund for the Home Charities association, and they tell us that they will not fail. This excitement will be on Main street and you will be sorry should you miss it.

"The program committee is not willing at this time to definitely announce the program for the second day, Saturday, but they assure us that it will be even better than the one announced for the day before.

"One of the most particular things about the success of these gala days is the manner in which they are advertised. It is the duty of every citizen interested to see that he does all in his power to help with the advertising. Do you own a car? If so, call at the office of the chamber of commerce

WILBARGER COUNTY TAX RATE FOR YEAR IS \$1.17

VERNON, TEXAS, Sept. 12.—Wilbarger county's total tax rate for the coming year will be \$1.17, according to figures announced from the offices of the treasurer and tax collector. In addition to this there will be the road and school taxes in the respective districts. The county tax rate is composed of the following: 55 cents for the county, 35 cents for the state school fund, 22 cents for the state ad valorem tax and 6 cents for pensions.

The tax collector's office here will be open for collections about November 1.

Private sch. ol. 1916 Seveth Street, September 5. 111-137P

WELL KNOWN COTTON MAN DIES IN LONDON SUNDAY

NEW ORLEANS, Sept. 12.—The death in London of Benjamin Neugas, formerly nationally prominent in the American cotton industry, was announced in cablegrams to relatives here yesterday. Mr. Neugas was a resident of New Orleans for many years and was a member of the firm of Lehman, Neugas and company. He was prominent in club and social life here. Upon his removal to England some years ago he became the head of a private banking house. His estate here and in England is valued at many millions.

The Most Important Lesson of All

Start the school right for your boy or girl by opening a savings account, and teaching him or her to maintain it. No lesson learned in books is of greater importance than that of thrift.

The First National Bank

Indiana at Eighth St., Established 1884
Capital and Surplus \$1,800,000

There Is Nothing More Important

than a banking connection to the individual, firm or corporation.

Your business with this bank is strictly confidential—yet its influence is helpful in many ways.

We are prepared to render every service possible consistent with conservative banking.

Clip your Liberty Bond coupons due Sept. 15.

The SECURITY NATIONAL BANK

"The Bank of Dependable Service"
Eighth and Ohio

Women Are Savers

Very often women are better savers than men.

This bank gives special attention to the savings accounts of women and they are invited to open their accounts here.

5% Interest paid.
