

YANKS WIN OPENING GAME

POSTPONE ARREST OF 'FATTY' ARBUCKLE IN ALLEGED BOOZE CASE

AWAIT INVESTIGATION OF DISAPPEARANCE OF \$40,000 WORTH OF LIQUOR

MANSLAUGHTER CHARGE SCHEDULED TO BE CALLED

Arbuckle Does Not Appear as His Presence Was Not Deemed Necessary

SAN FRANCISCO, Oct. 5.—Frank E. Dominguez, prominent Los Angeles attorney, has withdrawn as chief counsel for Fatty Arbuckle, indicted for the murder of Virginia Rappe, in Los Angeles, an associate counsel for Arbuckle, announced here today.

SAN FRANCISCO, Oct. 5.—The manslaughter charge against Roscoe (Fatty) Arbuckle for the death of Miss Virginia Rappe, who is declared to have died following injuries suffered from the comedian at a drinking party in the Hotel St. Francis here a month ago, was on the calendar of the superior court here today, but the defendant was several hundred miles away at his home in Los Angeles.

It was learned last night from Charles Brennan, one of the defense attorneys, that Arbuckle's presence in court today was not deemed necessary as the case will come up only for investigation and arrangements. District Attorney Brady, however, intimated that he opposed Arbuckle's absence and probably will insist that he appear next Friday to enable him to come to San Francisco and appear.

Federal action against Arbuckle in connection with alleged violations of the prohibition laws is to be held up for some time, it was announced by Robert H. McCormack, special assistant to the attorney general of the United States. McCormack said he had cancelled plans which called for the immediate arrest of the comedian on a charge of unlawful possession of liquor until after a full investigation of the alleged disappearance of \$40,000 worth of assorted liquors from Goby's restaurant, owned by McCormack, to have been the source of the liquor supply consumed by guests at Arbuckle's party.

Late last night McCormack made public a telegram which he had received from Wayne B. Wheeler, chief counsel for the Anti-Saloon League, in Washington, and which demanded immediate and vigorous prosecution of Arbuckle and others who attended his party for alleged violations of the prohibition laws. McCormack replied, he said, that a full investigation was being made and that he would undoubtedly prosecute the persons involved.

COMMISSION HOLDS THE ROADS ARE NOT JUSTIFIED IN A PROPOSED INCREASE

WASHINGTON, Oct. 5.—Railroad proposals to increase transcontinental freight rates in lumber and other commodities moving from Oregon, Washington, Utah and Idaho to El Paso, Texas, by 25 per cent were held not justified by the interstate commerce commission today.

The commission also refused the railroads' request for an increase in lumber rates to and from intermediate points.

ROCKFORD MANUFACTURER ANNOUNCES A REDUCTION IN FARMING MACHINERY

ROCKFORD, ILL., Oct. 5.—A ten to twenty per cent reduction in prices of farm machinery, including tillage implements, harvesters, tractors and threshers, the second substantial reduction made by the company in 1921, was announced today by a large manufacturer here.

TEXAS POSTMASTERS ARE NAMED BY THE PRESIDENT

WASHINGTON, Oct. 5.—Texas postmasters were announced today by the president. At Henderson, George Will Smith; Laveria, Charles A. Tiner; Sulphur Springs, William P. Harris.

CROW DIES FROM THE WOUND SUSTAINED IN THE FIGHT AT LORENA

WACO, TEXAS, Oct. 5.—Louis Crow, the victim of the Lorena tragedy Saturday night, died this morning at 9:55. Crow was a spectator at the rifle shoot and two of his sons, Sheriff Buchanan and a Ku Klux Klan member, were in the crowd.

Mr. Crow was shot in the right breast, the knife entering the lung and liver. His wound yielded to medical treatment readily, but heart infection intervened yesterday and the end came this morning.

The grand jury will not be called together by Judge Monroe until the results of the wounds are known in all cases. Grand jury action, the judge maintains, would be only temporary in the event of subsequent death of any of the parties. Executive County Attorney Frank R. Tiley is gathering testimony to be presented when the grand jury convenes. Mr. Tiley refuses to give out any information concerning the investigation pending grand jury action.

ATTORNEY GENERAL EXPECTED TO URGE 18 NEW JUDGESHIPS

WASHINGTON, Oct. 5.—Attorney General Daugherty is expected to appear before the senate judiciary committee today in support of the bill to create an additional eighteen United States circuit judgeships. This measure, Mr. Daugherty said, would go a long way toward expediting the mass of litigation and prosecutions now awaiting action in many of the nine circuits.

MAYOR NOT TO SEEK RE-ELECTION IN 1922 TELLS LEGIONNAIRES

DECLARES HE HAS NO MORE POLITICAL ASPIRATIONS OF ANY KIND, TUESDAY NIGHT

POST REOPENS BONUS QUESTION BUT DELAYS

Issue is Made Special Order for Next Meeting; Members Entertained by Auxiliaries

That he does not intend to be a candidate for re-election as mayor and that he has no other political aspirations whatever was the statement made Tuesday night by Mayor Walter D. Cline, speaking at a meeting of the Pat Carriagan post of the American Legion.

The mayor's intention not to seek re-election has been known to some of his friends for some time, but has not been accepted by them as final, and probably will not be now that he has made public announcement of the fact. The mayor had previously let it be known privately that he did not desire a second term; on the other hand, many of his friends have been pressing to insist upon his again being a candidate.

Judge John C. Kay, who has been named as a possible successor as a possible candidate for mayor next spring has indicated his unwillingness to run, but has not, it is understood, made a definite decision in the matter.

Mayor Cline made the announcement Tuesday night as a preliminary to his talk to the legionnaires in which he spoke of the opportunity that presented itself for such an organization to be of service in civic and municipal affairs. He stressed the fact that the legion, composed of men who had already given public service of the highest kind, could become the means of continued public service and that the youth, ability and energy of its members admirably equipped them for such service.

The mayor's talk was the concluding feature of a very interesting session of the post, in which an effort was made to reopen the so called "bonus" question. Some months ago the local post took a stand against the bonus question, and the legionnaires of the highest kind, could become the means of continued public service and that the youth, ability and energy of its members admirably equipped them for such service.

The question was reopened Tuesday night in connection with the question of instruction, and delegates to the approaching national convention of the legion.

As the women of the auxiliary were willing to serve refreshments and to dance, it was decided after some discussion not to prolong the argument, and a motion to table the question until the next regular meeting prevailed.

Mayor Cline made his report of the state convention. A request from local labor organizations that the legion participate in the disarmament parade here was referred to the executive committee. The post heard a brief talk by George L. Hodgins in connection with plans for a minstrel show.

DRIVER OF CAR WHICH STRIKES PERSON MUST STOP AND RENDER AID

AUSTIN, Oct. 5.—The law requiring a driver of an automobile which strikes a person to stop and render aid to the person struck if necessary, or carry the person to a physician, if requested, was upheld by the court of criminal appeals today. Two cases for violation of that law were affirmed.

RECOMMENDATION MADE TO COUNTY JUDGE JONES FOR AGRICULTURAL AGENT

A recommendation for county agricultural agent was submitted to County Judge Jones Wednesday by B. T. Johnson of the Electro chamber of commerce and Hubert Harrison of this city. The name of the man recommended was not made public.

It is expected that the appointment will be made in the near future.

REMINISCENCES OF EARLIER DAYS HERE HEARD AT HEARING

BURK BURNETT AND W. T. WAGGONER ARE WITNESSES IN BOUNDARY CASE.

TELL OF ROOSEVELT, QUANAH PARKER, ET AL

Declare Red River Has Undergone Little Change Since They First Knew It

With two of this county's real pioneers, S. B. Burnett and W. T. Waggoner, as witnesses, the opening hearing of the Red river boundary hearing Wednesday morning was devoted rather more to reminiscences and less of actual testimony about Red river.

Captain Burnett's memories of Quanah Parker, of Colonel Roosevelt, his close friend, and of things in general in this section in the early days formed one of the most interesting chapters yet put into the nearly 10,000 pages of testimony taken so far in the case.

Both testified that property lines didn't worry anybody much in the cattle days.

"We had the whole damn country," said Captain Burnett, "we didn't know who owned the land, we didn't want to know."

The transition from the open range was touched upon also by Captain Burnett.

"When the fellow with the hoe gets after you, you might as well move on," he said. "They shove me out of the Big Pasture in Oklahoma. I'm sorry they didn't do it sooner; then I wouldn't have had to pay so much for my ranch up in King county."

Captain Burnett said Roosevelt was "a wonder man and a good sport."

"I wish there were more like him," said the witness.

MISS LEITCH FAILS IN HER CONTEST FOR U. S. CHAMPIONSHIP

DEAL, N. J., Oct. 5.—Miss Leitch, woman's golf champion of Great Britain, France and Canada, has failed in her quest of the United States championship. She was defeated today by Mrs. C. F. Letts Jr. of Chicago, one up at the home green, and thus eliminated from the tournament.

The first real cheer of the day came in the Giants' batting practice when Frank Frisch popped one into the upper right field stands. Coach Cozy Dolan begged up the slants during the batting practice in which pitcher Tony Douglas and Neff, all blanketed in sweaters, took part. "Roar!" Ryan later relieved Dolan in the box.

The umpire conferred with Captain Peckinpaugh and Bancroft on rules which somewhat delayed the starting of the game.

FAVOR THE FORMATION OF A NEW POLITICAL PARTY

INDIANAPOLIS, IND., Oct. 5.—With the adoption of a declaration favoring the creation of a new political party of organized labor and the organized farmers, the convention of the United Mine Workers came to an end today after having been in session since September 29.

INDIANAPOLIS, Oct. 5.—A declaration favoring the formation of a new political party of organized labor and the organized farmers, the convention of the United Mine Workers came to an end today after having been in session since September 29.

STECHER AWARDED REFEREE'S DECISION OVER LEWIS

SAN FRANCISCO, Oct. 5.—Joe Stecher won referee's decision over Ed (Strangler) Lewis today in a two hour wrestling without a fall here last night. Both Stecher and Lewis are former world's heavyweight wrestling champions.

JUDGE SAYS MORE THAN 200 CRIMES IN NAME OF KLAN

BEAUMONT, TEXAS, Oct. 5.—More than 200 crimes have been committed in the name of the Ku Klux Klan in Texas, Judge E. A. McDowell said in his charge to the grand jury here Monday, calling upon it to investigate activities of the Ku Klux Klan in Jefferson county. He did not ask the jury to name the Ku Klux Klan for all crimes committed in its name.

Ford Railroad In the Merger

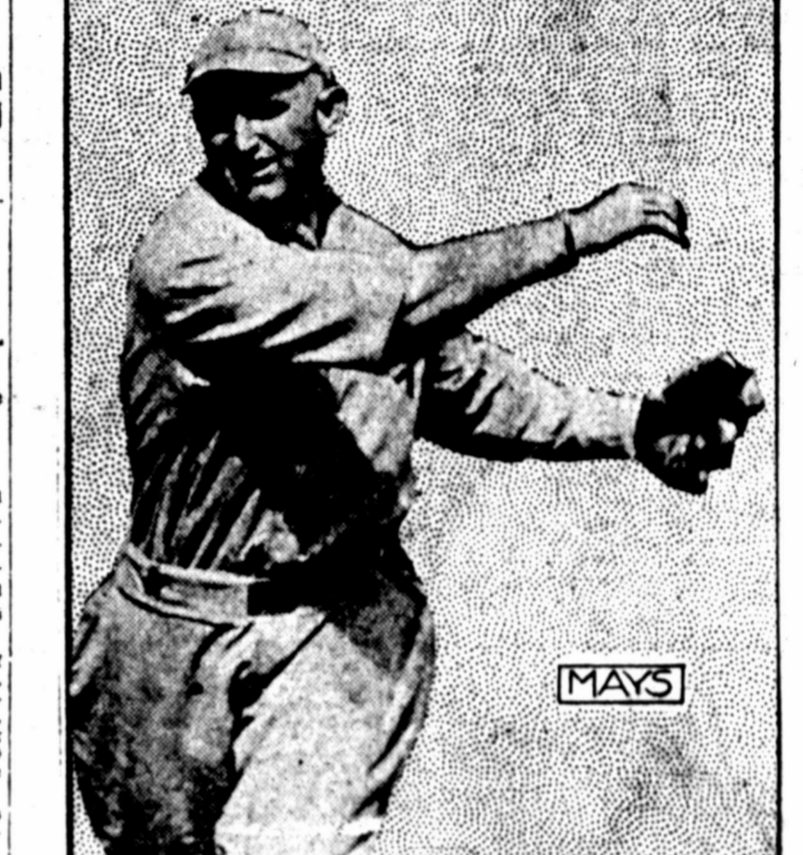

WASHINGTON, Oct. 5.—What will happen to Henry Ford's famous Detroit, Toledo & Ironton railroad when the Interstate commerce commission puts its proposed nationwide railway merger into effect.

Preliminary merger plans, just announced, would place Ford's line under the Pere Marquette system, together with the Detroit & Mackinac, Ann Arbor & Boyne City, Gaylord & Alpena.

Ford's line has made a record by making money and paying high wages.

Under the merger, will Ford's ideas dominate the whole Pere Marquette system, or will the system blot out his railway?

HURLS SHUT-OUT GAME

BURDEN OF PROOF REVERSED BY COURT. CRIMINAL APPEALS

AUSTIN, Oct. 5.—The case of P. Robert was affirmed by the court of criminal appeals today. This case is peculiar in that the court reverses the burden of proof. A motion for rehearing was also granted.

Robert was convicted of manufacturing intoxicating liquor. When convicted he was sentenced to two years imprisonment.

The burden of proof heretofore rested upon the state. In this case the court held that the burden of proof rests on the defendant, granting him a new hearing.

The first called session of the legislative amended the Dean prohibition law so that the proof that such liquor was manufactured for medicinal, mechanical, scientific or agricultural use rested on the defendant instead of the state. This ruling of the court is in line with this amendment, although the latter has not yet taken effect.

FATHER ARRESTED FOR MURDER OF DAUGHTER

MADISON, WIS., Oct. 5.—While sitting as a witness in a clemency hearing of a man who has served 10 years in prison for the murder of seven-year-old Annie Lemberger, Martin Lemberger, her father, was arrested on a second degree murder charge today, accusing him of the crime.

The arrest climaxed a two weeks' review of the murder incident to the application of John A. Johnson, the girl's father, for clemency.

The girl was killed in 1911. Johnson confessed and immediately repudiated the confession. He testified at his hearing that while he was being urged to confess a mob stood outside ready to lynch him and he took blame for the crime only in order to put himself in a place of temporary safety.

During the hearing today O. A. Stolen, Johnson's attorney, asked Lemberger if he knew how his daughter came to her death and Lemberger replied in the negative.

Stolen turned to the pardon board and announced that he was now prepared to prove that Annie Lemberger died from a blow administered by her father while he was intoxicated. Lemberger was arrested.

The Weather

Oklahoma: Tonight and Thursday fair, warmer tonight in east portion.

West Texas: Tonight and Thursday fair.

LOCATE BIG STILL IN ABILENE SECTION

ABILENE, TEXAS, Oct. 5.—The biggest moonshine stills ever discovered in this section was found by Sheriff John Bond and deputies yesterday. The still was southwest of Abilene. Six hundred gallons of mash was poured out. Two men and a woman were taken into custody.

CARL MAYS HURLS THE AMERICANS TO VICTORY WITH SCORE OF 3 TO 0

Yankees 100 011 000—3 7 0
Giants 000 000 000—0 5 0

POLO GROUNDS, NEW YORK, October 5.—The Yankees tore off the opener of the world's series this afternoon by kalsomining by a score of 3 to 0 the New York Giants. Mays' ball tied the Giants into knots, though Frank Frisch, the National League's third baseman, helped himself to four hits.

Babe Ruth accounted for one of the Yankees' runs with a blazing single but could not oblige the 35,000 spectators with a home run. McNally's steal of home in the fifth inning was the base running feature of the game. See the official box score and learn how the Yankees applied the whitewash.

SEARCH FOR JIMMY DRIVER FORCED TO HAIL NEGRO

FORT WORTH, Oct. 5.—A Lake Worth "Jimmy" driver, said to have continued their search for a lone negro who last night terrorized the occupants of a camp at Lake Worth as they robbed them of \$1,200 in jewelry and money, after torturing his victims.

The negro, according to witnesses, entered the camp and commanded the eight occupants to hold up their hands. The two men in the party, J. W. Zuch and Judge H. E. Crowley, were bound and gagged at the direction of the negro. The negro fled after the party, except Miss Helen Zuch.

After he had seized all the valuables he could find, the bandit forced Miss Helen Zuch to pour him some water, and she claims she saw his features as he drank the water. Mrs. Zuch pleaded with the negro and diverted his attention from her daughter, she said, when she claims she saw his features as he drank the water. Mrs. Zuch pleaded with the negro and diverted his attention from her daughter, she said, when she claims she saw his features as he drank the water. Mrs. Zuch pleaded with the negro and diverted his attention from her daughter, she said, when she claims she saw his features as he drank the water.

NEGRO AT FORT WORTH TERRORIZES PARTY AND ROBS THEM OF \$1200

FORT WORTH, Oct. 5.—Police today continued their search for a lone negro who last night terrorized the occupants of a camp at Lake Worth as they robbed them of \$1,200 in jewelry and money, after torturing his victims.

The negro, according to witnesses, entered the camp and commanded the eight occupants to hold up their hands. The two men in the party, J. W. Zuch and Judge H. E. Crowley, were bound and gagged at the direction of the negro. The negro fled after the party, except Miss Helen Zuch.

After he had seized all the valuables he could find, the bandit forced Miss Helen Zuch to pour him some water, and she claims she saw his features as he drank the water. Mrs. Zuch pleaded with the negro and diverted his attention from her daughter, she said, when she claims she saw his features as he drank the water.

RESIGNS WHEN COUNCIL VOTES DOWN RESOLUTION TO PREVENT KLAN PARADE

WAXAHACHIE, TEXAS, Oct. 5.—E. F. Phillips, alderman and chairman of the police department here, resigned last night after the city council had voted down his resolution designed to prevent Ku Klux Klan parades. The council instructed the city attorney to draft an ordinance prohibiting parades of any nature without permission of the mayor.

GEN. LEONARD WOOD RETIRES FROM ARMY; GOVERNOR FILIPINOS

MORE THAN THIRTY-SIX YEARS OF DISTINGUISHED MILITARY LIFE

URGED BY HARDING TO GO TO PHILIPPINE ISLANDS

Brigadier General Charles J. Bailey Will Be Promoted to Succeed Wood

GEN. LEONARD WOOD

WASHINGTON, Oct. 5.—Major General Leonard Wood retired today from active service in the army to accept appointment as governor-general of the Philippine islands, thus terminating voluntarily more than thirty-six years of distinguished military life. His retirement was caused by insistence of administration officials that he accept the post and the refusal of congress to permit him to do so while continuing his active army status.

In announcing the general's retirement, Secretary Weeks said he would select a vice-governor for the islands and expected immediately to commission General Wood to duty as governor-general. He announced also that nominations would be forwarded to congress without delay promoting Brigadier General Charles J. Bailey, commanding the second coast artillery district to fill the vacancy caused by General Wood's retirement.

General Wood began his army career as a contract surgeon in June 1885, immediately entering service with troops in the Apache campaign in Arizona and northern Mexico. As commander of an infantry detachment in that campaign he was commended "for gallant and hazardous service, courage and energy" and later was awarded the congressional medal of honor.

When the Indians were pacified and their leader, Geronimo, taken, the surgeon dropped his fighting weapons temporarily and again returned to the practice of medicine and surgery at army headquarters in Arizona. He continued in army medical service until 1893, but when the Spanish-American war was declared in that year, he entered combat ranks, organized and commanded the first United States volunteer cavalry (Rough Riders) and later was transferred to command the second brigade, cavalry division, in the Cuban campaign, in which capacity he entered the fight at Las Guasimas and San Juan, Santiago.

When the Spanish forces surrendered the general was appointed military governor of the island of Cuba. He turned the government of the island over to the first president of the republic of Cuba in 1898 and returned to the United States.

About a year later he was ordered to proceed to the Philippines as commander of the department of Mindanao. He also acted as civil governor of the Moro province and in other administrative work until 1908. The experience and understanding of the natives thus gained and later as a member of the special commission sent by the president to investigate conditions in the Philippines undoubtedly were responsible for his selection for the new post.

His record in the world war began with his assignment to select for the war department the sites of the great majority of the training camps for national guard and national army troops in the southeastern department, which he then commanded.

Later he was assigned to Camp Funston, Kan., to organize the eighty-ninth division. With other divisional officers he went on a preparatory inspection trip to France while the American army was in the making and was injured there by the bursting of a French gun.

On his return to the United States, General Wood completed the training of the eighty-ninth for battle, but got no chance to serve with it abroad as he was relieved on the eve of embarkation, precipitating a controversy that raged in the press for months, even during General Wood's campaign for the republican nomination for the presidency.

An achievement for which General Wood has been greatly praised was the development of the "Plattsburg idea" of civilian training camps.

By Associated Press
MEXICO CITY, Oct. 5.—Reports that Elmer Dover of Tacoma, Wash., had been named personal representative of President Harding in Mexico, which were current some time ago, were revived here today by the newspaper Excelsior. Information "obtained with the greatest difficulty from high Mexican sources," according to the newspaper, indicated that "overtures from the state department in Washington expected to pave the way for speedy recognition of the Obregon government by the United States, were being brought to Mexico City by Mr. Dover, who was expected to arrive here this afternoon."

Mr. Dover was said to have been given an autographed letter to President Obregon by Mr. Harding. The newspaper's statements which appeared to be at least semi-officially inspired, were not in accordance with general belief here that George T. Sumnerlin, United States charge d'affaires, had been designated sole spokesman of the United States government preliminary to recognition. Mr. Sumnerlin said last night he had received no instructions from the state department relative to Mr. Dover's visit to Mexico.

NATION HAS BORNE PERIOD OF STRESS REMARKABLY WELL

WORST OF THE CREDIT STRINGENCY OVER, SAYS PAUL WARBURG

NATURAL RECUPERATIVE FORCES GETTING RESULTS

Conditions of Country Feature Discussion at Meeting of Bankers

LOS ANGELES, Oct. 5.—The worst of the credit stringency seems to be over and it appears that the country has borne the period of stress remarkably well, it was reported to the American Bankers association convention here today by its economic policy commission, of which Paul M. Warburg of New York is chairman.

"Natural recuperative forces are now making for recovery," the report said, "and there is every reason to believe that when wages have been readjusted and a normal balance is re-established between industries and between nations, our country will enter upon a new career of prosperity and advancement."

"The commission again points to the dangerous attempts which are made so frequently at present to cure all existing evils by legislative action. The commission feels strongly that most of our troubles will be eradicated more quickly and cured more thoroughly if economic laws are allowed free play."

"The commission approves the policy of the present national administration in refraining as far as possible from governmental participation in private business undertakings and in seeking to effect economies in administration wherever possible. It welcomes there-

ELMER DOVER MAY REPRESENT HARDING IN MEXICO AFFAIRS

WASHINGTON, Oct. 5.—President Harding has no personal representatives anywhere," was the statement authorized today by George B. Christian, secretary to the president, when attention of White House officials was called to reports published in Mexico City by the newspaper Excelsior that Elmer Dover of Tacoma, Wash., had arrived in Mexico City as the representative of Mr. Harding.

BANK AT SLIDELL IN WISE COUNTY ROBBED ON WEDNESDAY NIGHT

DENTON, TEXAS, Oct. 5.—The First State Bank at Slidell, Wise county, was robbed last night of about \$200 in cash by supposed automobile bandits. Telephone wires leading to the building were found cut this morning and the money was missing when the bank opened. Officers are securing the country.

Four Hundred Men Initiated in "Klan" In City of Chicago

CHICAGO, Oct. 5.—The Chicago Herald and Examiner today printed a news story saying that 400 men were initiated into the Ku Klux Klan here last night and that a reporter evaded efforts to detect him and obtained a report of the administering of the first degree.

The reporter gives what purports to be a list of the local officers of the organization that officiated at the initiation, a description of the ritual and abstracts from the addresses made.

The Arabs will not drink black tea, as their religion prohibits use of products which have been fermented in the making.

TOUSSAINT CASE PAPERS FORWARDED TO APPEAL COURT

All appeal papers and the record of the trial of Henry J. Toussaint were forwarded to the court of criminal appeals Wednesday by attorneys for the condemned man.

An effort had been made to have the papers and the case before the court when it opened its session last Monday, but due to an unavoidable delay the papers could not be perfected by that time.

One of the attorneys for the defendant made a trip Tuesday afternoon to Archer City in order to secure the signature of Judge H. F. Weidon before whom the case was tried.

It is the desire of the defense to get the case before the court as soon as possible.

SURPLUS WAR STORES OF GREAT BRITAIN WILL BE GIVEN TO THE RED CROSS

LONDON, Oct. 5.—It is said the British government has decided to transfer to the British Red Cross for famine relief distribution of Russia certain surplus war stores consisting in part of medicines and clothing. These stores, valued at approximately \$250,000, are now being held at disposal of the Red Cross board. The action was taken on the recommendation of the international commission for Russian relief, which met at Paris in September.

GIN AT HASKELL IS DAMAGED BY A FIRE

HASKELL, TEXAS, Oct. 5.—The Farmers' gin of this city was slightly damaged late yesterday afternoon by fire, which was discovered in the gin stands on the north side. No damage

further than several hundred pounds of seed cotton destroyed.

PLAN TO BUILD A HOTEL IN HONOR OF PRESIDENT MARION, OHIO, Oct. 5.—A campaign has been started to build a hotel here to be named in honor of President Harding. It is to cost \$600,000, will be eight stories high and have 160 rooms.

UNION ARMY VETERAN DIES AT HOUSTON

HOUSTON, Oct. 5.—Col. James H. Agen, union army veteran and past commander of the Wisconsin Grand Army of the Republic, died at his home here today at the age of 74. He was a native of Montpelier, Vt.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

"They Satisfy"

Whose fault is it when your husband is cross at breakfast?

If you hit your thumb with a hammer you wouldn't blame your thumb for hurting.

Then why blame your husband whose nerves may have been pounded by coffee, and whose rest probably has been broken by the irritation of the caffeine it contains?

The caffeine of coffee and the thein of tea are known drugs. If their use is persisted in, sooner or later the nervous system may give way.

Then you may have insomnia, or disturbed sleep. Your nerves and tissues will be robbed of that stability essential for normal and happy living.

You can avoid this possibility if you'll stop drinking tea and coffee and drink instead, rich, pleasing Postum.

Postum is the delicious cereal beverage with a coffee-like flavor. It affords the advantages of a hot drink, without the ill effects of tea or coffee.

Order Postum from your grocer today. Try it with the family for a few days, and see what a difference there'll be—how it will permit Nature to bring sound sleep and strong, sturdy, quiet nerves. Sold by grocers.

Postum comes in two forms: Instant Postum (in the form of granules) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health "There's a Reason"

Fall and Winter Oxfords By Walk-Over

The style a great many men will wear this winter with heavy wool hose. English Brogues, with extra heavy strong oak soles and low flat heels. Great for winter walking.

The Real Issue This Fall

It isn't what you pay for a Suit or Overcoat that counts—it's what you get for your money.

Society Brand Clothes are inexpensive because of their better style and longer service.

Hand-tailoring and all-wool fabric does it.

\$40 to \$60

New Patterns in Manhattan Shirts.

New Van Hausen Collars, the soft collar with the stiff collar appearance.

Hanan Shoes Interwoven Hosiery

Come in and get your Fall outfit.

MURDER WILL NOT BLOCK BOOZE TRIALS

United States Officials Push Cases
Despite the Handicap of Missing Witnesses

MEMPHIS, TENN., Oct. 5.—Twenty men are under indictment here and awaiting trial in federal court in November as the result of a belated government investigation into a traffic that brought hundreds of thousands of dollars worth of whiskey into Memphis in 1919.

Trials are to be pressed despite the fact that following the obtaining of the evidence two years ago on which indictments were based, four persons who it was expected, would be government witnesses, have been murdered and a fifth killed in self-defense.

Tennessee was already a dry state at that time and contraband whiskey by the boatload poured in here from Carter's Bluff, Mo., Paducah, Ky., and other up-river cities that were wet.

The federal grand jury that recently completed the special session at which the indictments were returned, is said to have based practically all of the indictments upon the confession of Tyrone Taylor, former chief deputy in the U. S. marshal's office here.

Officer Striped.
Taylor was brought back from Atlanta, Ga., in a motor car. He is serving a seven-year sentence for accepting bribes from whiskey dealers. He was a fugitive for nearly two years until captured in New Orleans last July. When brought back here, he immediately entered a plea of guilty.

Most of those under indictment are alleged to have paid money to Taylor for the privilege of bringing whiskey into Memphis in the days shortly before national prohibition.

The others are charged with conspiracy to violate the laws of the United States.

During the two years that intervened between the operations of the whiskey gang and the returning of indictments, strange things happened to certain men when rumors had mentioned as possible witnesses for the government.

Violent Deaths.
Charles Mayer, negro chauffeur employed by an ex-bootlegger, was taken to a lonely road just outside the city and murdered. His clothing was soaked with kerosene and a match applied.

Guo Fadgett, said to have been a river blockade runner, was kidnaped from his room by a group of five men and dispatched in the same manner.

S. Bondi, alleged bootlegger, was lured to a lonely spot by a mysterious telephone call and his head blown off with a shotgun.

William Rindley, a former police detective, reputed to have been the brains of one group of bootleggers, was killed in a pistol duel with a deputy United States marshal, whom he shot through the heart, both falling dead together.

No arrests or convictions ever resulted.

Prober Is Ousted.
C. H. Oldfield, an investigator for the department of justice, came here when the operations of the booze ring were at their height and lived among the whiskey runners as one of them.

He made a lengthy report to Washington, and it was on this report that Taylor was indicted.

Oldfield's report, which has never been made public, is said to have contained the names of several "higher ups."

Oldfield was recalled to Washington and was dismissed from service. With Chief Deputy Taylor a fugitive from justice, the case lagged on.

When Taylor was captured, the government sent Frank L. Gabarino, of the department of justice, to Memphis for another investigation.

RENEWED ACTIVITY IN IOWA PARK FIELD AS RESULT OF ADVANCE

Special to The Times.
IOWA PARK, TEXAS, Oct. 5.—The well being drilled on the farm of Mrs. Helen Wilson, adjoining town on the northwest, by the Walker Consolidated Petroleum company, is now 1,645 feet and the drillers are feeling their way as they are expecting to encounter oil sand about the same depth as that on the Watkins farm just north, drilled some time back.

The Western Crude Oil company well on the Mrs. L. Troutman farm has reached the 1,800-foot sand, but the sand has not yet been tested out. The Western Crude well is only a mile from the well drilled some time back on the J. A. Watkins farm, that got a fair sand just below 1,800 feet.

With refineries in the county paying a premium of 25c to 35c per barrel on oil, there is now some incentive for the drilling of new wells, since the oil is netting \$1.75 to \$1.85. Considerable optimism is being expressed here by the oil fraternity over the great boom given the oil business in the advance of oil. As soon as sufficient water is available there is to be considerable drilling started in this vicinity.

The Iowa Park Producing and Refining company plant that has just recently been completed and put into operation is now installing additional tanks. This company is backed by a number of men holding oil lands in the field north of town and in the Northwest Burkburnett field, the production from which is to be turned to their own plant.

Local members of the board unless a large percentage of the money raised is kept for use here. Last year, it was pointed out, \$2,432.13 was raised in Wilbarger county and forwarded to headquarters. None of this was returned for the benefit of this locality.

A new plan put into effect by the army calls for the retention by various county boards of a certain percentage of funds raised. These grounds will be the only ones considered by the local advisory board upon which to base a drive here. Delegates to Fort Worth from Vernon will be Emory Rhoads and Jed Morrow.

Objection to a drive was presented

VOICE OF THE PEOPLE

The Times and Buchanan Commended
Editor The Times:

I want to commend the Times for its editorial comment on the K. K. K. tragedy at Lorena Saturday night—tragedy I say, because it was nothing less. Would that we had more newspapers of the courage of the Times; more officials with the high conception of duty that possessed the McLennan county sheriff.

Sheriff Buchanan immortalized himself with the friends of constituted government when he snatched the Stars and Stripes from that hooded crowd and demanded that the invisible empire become a visible one.

Imagine, if you can, a band of unknown masked men defying the orders of an officer of the law of our state, carrying the American flag. Think of an American citizen standing beneath Old Glory and receiving punishment at the hands of a mob. Sheriff Buchanan's actions were for the majesty of his country's laws of which he was an officer.

The fact that he fell—mortally wounded perhaps—would indicate that laws of the land and those in authority must not interfere with the program and plans of the invisible empire. Consider this, will you, then choose between the anarchy of some phases of klanism and the orderly delegated government based upon the bill of rights.

Let us hope that the blood shed at Lorena Saturday night will hasten the end of the reign of terror provoked by this organization, that rules when the shadows of night covers their deeds and identify.

WILLIAM BALDRIDGE

Approve Times' Editorials
Editor The Times:

Your editorial with reference to organizations asserting individual right to take law in their hands, as do an-

archists of other character, and then alleging 100 per cent Americanism when they violate both the law, and the provisions of the law for amending or modifying laws not approved, is timely and to the point and in accord with statesmanship and logic.

Similar observations appear in the following day's issue of the Dallas News quoting the charge of Judge Hamilton of Austin to the Travis county grand jury. This should be read and considered by all inclined to approve of arrogant assumption of legal authority outside of the law, and contrary to provisions of the law.

Alleged difficulties in law enforcement would be largely eliminated if all citizens (even those alleging 100 per cent Americanism) recognized and observed the legal and lawful procedure in all social matters to the same degree they show respect for and observe the umpire's decision in baseball.

F. G. SWANSON.

Success Is Manufactured

It is not raw material, but what you make of your raw materials—your strength, your skill, your wares.

If you will save a portion of your wages, this bank will work with them as men work with raw materials, and will make them still more valuable to you, paying upon them 4% interest, compounded semi-annually.

And the fact that this is a National bank, operating under United States Government supervision, helps to make them safe. Open an account today and begin the creating of your success.

CITY NATIONAL BANK of COMMERCE

EIGHTH & SCOTT
WICHITA FALLS, TEXAS

The Women—

The hand that rocks the cradle may rule the world all right, but the woman who is competent to handle financial matters is able to take good care of herself which at times may be as important to her, as the question of ruling the world.

Many women today are good financiers. They understand all about handling money. Many of them keep their own accounts at our bank. Other women might profitably follow their example. It's fine of course to depend upon husband, father, brother or some other friend to save you the care of handling money matters, but the relative you depend on may not be with you always. What would happen then? We invite all the ladies to open a little account with us, no matter how small. The experience will be helpful.

The Men of Real Power

The men who occupy the positions of importance and influence are the men of keen, alert minds and strong, sturdy bodies.

The weakling never ascends to the top of the ladder in any calling. His lack of strength and endurance prevent him from going so high. He must of necessity stay near the bottom, where the crowd is ever dense; submerged in a mass of mediocre humanity—and there to be jostled and pressed always from every side, with no elbow room or freedom of opportunity.

But with the healthy and vigorous the surroundings are entirely different. By their superior strength they are able to climb above the motley throng, to where their visions have full scope and their chances are unlimited for development and expansion of their talents.

It's the same old story of that inexorable law of the universe—the survival of the fittest. Yet, withal, it teaches a lesson of paramount value to the weak, nervous and worn-out; bringing forcibly home to them the tremendous importance of good health and the proper care of the physical system.

There's hope of greater achievement and fuller enjoyment of life for those who are mentally and physically exhausted, in FORCE, the master-rebuilder. For this tonic possesses wonderful revitalizing and reconstructive qualities; properties which tend to materially increase the energy, strength and endurance of those who are reduced in vitality, whether as the result of sickness, excessive exertion, worry or care. Its rejuvenating, strength-giving and up-

building effects begin to show almost immediately in greater mental and physical efficiency.

Therefore, make up your mind today to discard the handicap of ill-health and decide to supplant it with new vigor, increased energy, and greater strength by commencing to take FORCE.

This splendid tonic is sold by retail druggists everywhere; and is equally beneficial to men, women and children.

IF THE MEN HAD TO DO THE KITCHEN WORK EVERY HOME WOULD HAVE A "HOOSIER"

YOU OWE IT TO
YOUR WIFE
BUY HER A HOOSIER

The kitchen is her office for 365 days in the year—you spend much less time on your job than she does. Your office is fully equipped for efficiency, how about your kitchen? Think it over, then come in to see us and get one of these wonderful Hoosiers, the big labor saver of the kitchen. Just think that you can have a Hoosier by paying \$1.00 down, the balance in easy payments. We will take your old kitchen cabinet as part payment.

\$1 Delivers Your
HOOSIER

MEN—JUST STOP
AND THINK

Every man, no matter what his vocation may be, whether it be office or shop work, always has his office or shop arranged with all the conveniences known to make his work easier and more accurate.

Take the business man who has his spacious desks with their large drawers, his vast array of filing cabinets wherein everything has its own place and can be found at a minute's notice, is prepared for all occasions.

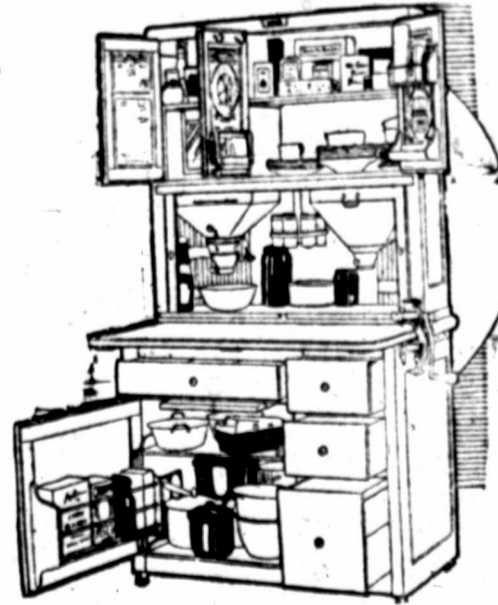

All of these were bought with the idea of helping in the system so as to be able to do better work. And they cost a lot of money, but they are worth it when you figure what they mean in the efficiency that is obtained by their use.

The "HOOSIER"
The Filing Cabinet of the
Kitchen

You should have a Hoosier in your home. Once you have one you will wonder why you did not buy one sooner. It saves steps and takes down the last barrier that keeps any overworked woman in her kitchen for needlessly long hours.

In addition we will send with each Hoosier Cabinet a 10-piece Dexter Kitchen Cutlery Set, with a built-in compartment tray to hold it, absolutely free of charge. This is the greatest single convenience that has ever been incorporated in a kitchen cabinet.

TRY THIS ONE

Little Miss Irene Noe is hostess, birthday party.

Little Miss Irene Noe was the surprise hostess at her birthday party Saturday afternoon when, called home from her little cousin's, she found a dozen or more of her little playmates which had been brought in remembrance of the day, and immediately afterwards all repaired to the coolness of the lawn to play games. Kodak pictures were taken in the yard, and after about an hour the children were invited inside to "pin the tail on the donkey." Little Miss Kuvon Cox was most fortunate in the contest and was awarded a box of candy. In an apple biting contest which followed Master H. J. Short was most fortunate and was awarded a box of animal cakes.

When the children were invited into the dining room they found it very lovely with roses and ferns, the birthday table centered with a cake lighted with 11 pretty candles. In cutting the cake Little Miss Louise Standley cut the dime and Leonard Baggett the ring.

The following little folks were served ice cream and cake by Mrs. F. H. Noe, assisted by Mesdames Weldon Noe, Will Noe and C. E. Clark: Lucile Moore, Aline Noe, Leonard Baggett, Kuvon Cox, Frances Noe, Elizabeth Martin, Ruth Martin, Katherine Saunders, Mary Dodson, Annie Hill Saunders, H. J. Short, Bernice Shell, Merle Short, Clyde Marshall, Louise Standley and Irene Noe.

BRIDGE PARTY AT GOLF CLUB TUESDAY AFTERNOON

With Mesdames Richard Bailey, Guy Brown and Fred Cooper hostesses, a score or more of members of the Golf and Country club enjoyed the bridge games Tuesday afternoon at the club house.

In the score count it was found Mrs. Finley Weldon held high, and she was awarded the club prize. Daily refreshments were served to the following: Mesdames F. E. Van Wormer, Dudley Golding, L. L. Upchurch, Elizabeth Shepherd, G. F. Betty, H. F. Sandifer, James C. Berny, W. P. Killingsworth, James M. Williams, W. E. Maxson, Dan Rubenstein, Walter Frenn, H. M. Spaulding, J. H. Gardner, Paul van Almen, A. J. McKnight, D. J. Whitney, H. F. Weldon, R. E. Hardwick, Stanley Fields.

An Interview With Bill Hart About His Next Picture

By JAMES W. DEAN

NEW YORK, Oct. 5.—William S. Hart's first role upon his return to the screen in the near future will be "Patrick Henry."

The play will be a special production of 19 reels and will be based on a story which Hart wrote and copyrighted three years ago.

Hart told me about these things in an exclusive interview about his plans for the immediate future.

This play of Hart's is his pet child. And so he is going to dress it up for the public in his best bib and tucker. No swasty kerchiefs knotted about the neck. No rough chaps and sombreroes.

This play is to deal with the days of the American revolution. The great heroes who made American history are to stalk across the screen in knickerbockers, powdered whigs and three-cornered hats.

"I played Patrick Henry 18 years ago," Hart said. "I set out to learn all I could about the man and found that there was little to learn.

"This circumstance gives a certain latitude for the handling of the subject."

There was a twinkle in Hart's eye at that. He was as much as to say, "Well, the critics can't accuse me of deviating from my own story and they won't know any more about Patrick Henry than I do."

"Friends, men high in the government, advised me against producing the play at the time I wrote it because of war conditions," Hart continued. "Propaganda might have been read into it when no propaganda was intended."

"Other friends advised me to write it in book form. I have been doing that for the last three months. I have written 40,000 words and have about 20,000 more to write. It is upon this later version of the story that the photoplay will be based."

I asked Hart why he had not stayed in retirement.

"I would like to bunk to you," he answered, "but it's the truth. From what I had observed, I thought that three years was the most any player could hold popularity on the screen. I announced that I would retire at the end of my contract. I had been in pictures seven and a half years.

"But when the time came to retire I knew that I couldn't. The public made me what I am. The public wanted more of my pictures and if I hadn't come back, it would have been turning tail on 'em."

If anyone else had told me that I probably would have thought it bunk. But when you talk to Bill Hart, you're not talking to a man given to subterfuge.

The most insincere thing about Bill Hart is a white collar. It makes him look like a cowboy, "all dressed up and no place to go."

He was ill at ease in his chair at the Waldorf because it didn't have stirrups for his feet.

When he feels like carrying "hell" he says it. The word carries conviction the way Hart says it.

Even in his pictures there isn't much bunk. There are only two bones in Hart's two hands that have not been broken or dislocated in screen fights.

He has never had a double do any of his tricks for him. And he told me that he has doubted for others, many times.

But don't think Bill Hart is all physical. He wrote five of his last nine pictures. And his two "weaknesses," as he puts it, are children and animals.

Flukeergames
Corinne Griffith's latest is "Reverend Payment."

Bryant Washburn is to play the male lead in "Hungry Hearts."

Edna Murphy and Johnnie Walker are co-starring in "Extra, Extra!"

Boxing is taught in "The Manly Art of Self-Defense," a slow-motion reel.

Tom Gallery will be leading man for Marie Prevost in "Princess Virtue."

"Dangerous Curve Ahead," the Rupert Hughes film, has been booked by 150 theaters.

"Sleep If You Must." That's the title of Eileen Percy's next. Now that the dog days are over one would expect a few sane titles.

Bill Hart and the twins who appear with him in "Three Word Brand," his latest release. Bill plays three roles in that.

"Sleep If You Must." That's the title of Eileen Percy's next. Now that the dog days are over one would expect a few sane titles.

Civic League to Meet Hereafter at Monthly Luncheons

The Civic League will transact its monthly business hereafter at luncheon meetings, according to the approval with which the club received Mrs. B. Frank Johnson's report to that effect from the entertainment arrangements committee.

The luncheons will be held at a downtown hotel, and it is believed the plan will be especially feasible, as many of the members whose husbands are not home for the noon hour anyway can more easily be away from home at that time than for several hours in the afternoon.

Another matter of special interest in Mrs. Johnson's report was the announcement of the big reception and entertainment to be given Tuesday evening, Oct. 25, at the home of Mr. and Mrs. J. A. Kemp. The reception guests will include the husbands of members. A program for the entertainment is being prepared under the direction of Mrs. E. L. Fulton.

Committee chairman made reports at the Tuesday meeting and a number of matters in connection with the fall Bacon, the new first vice president, presided over the meeting in the absence of Mrs. Kemp from the city.

IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.

Wife Helps Elect Hubby

"After having been in bed half the time for a year with severe pains in my right side over the appendix, stomach trouble and bloating, which the doctors seemed unable to reach with medicine, and advised an operation as the only remedy, my nurse advised me to try May's Wonderful Remedy, and its results have truly been wonderful as I am now entirely well and strong, and at the last election worked hard to elect my husband." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mack Taylor and druggists everywhere.—Adv.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, streaked locks and they become dark, glossy and youthful

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.

PRESBYTERIANS IN SESSION WEDNESDAY, ELECT DELEGATES

REPRESENTATIVES TO SYNOD MEETING ARE CHOSEN BY NORTHWEST TEXANS.

MEETING OF PRESBYTERY ON WEDNESDAY EVENING

Five-Day Gathering of Ministers From All Over Texas Now in Progress.

Election of delegates and alternates to the Texas synod, which convenes in the First Presbyterian church at 7:20 Wednesday evening featured the morning session of the Amarillo Presbytery now in session in this city. Other business matters and various reports took up the major portion of the morning.

The Amarillo Presbytery is composed of all counties between Wichita and Dallas and Wichita and Stephens, about 35 in all. Thirty delegates were present for the opening session in the First Presbyterian church here Tuesday night, at which time Rev. F. Judd of Chillicothe was elected moderator and Rev. J. R. Sharpe of Herford,

Herford, Texas, was selected by the delegates as the meeting place for the April convention.

The scheduled program for Wednesday evening, at which time the Texas synod convenes, will be open to the public and a cordial invitation has been extended by Presbyterian officials here to the public in general. The welcoming address will be delivered by Mayor Walter D. Cline and the response by a member, yet to be selected, of the synod. Rev. W. D. Preston, D. D., of Teague, Texas, will deliver the opening sermon.

Other meetings scheduled for Wednesday and Thursday are the sessions of the home and foreign mission committee of the Texas synod, which meets in the First Presbyterian church Wednesday afternoon, and the Women's Synodical Missionary society meeting which opens in the church at 9 o'clock Thursday morning. The ladies will hold a joint devotional service with the synod at 8:30 Thursday.

The synod delegates elected by the Presbytery Wednesday evening were Rev. N. E. Grafton, Wichita Falls; Rev. R. Thompson, Amarillo; Rev. H. C. Bullock, Plainview; Rev. W. A. Erwin, Wichita Falls; Rev. C. W. Yates, Seymour, and Elders Robert Bayless, D. E. Shifflet, J. W. Cradgington, O. M. Burges and J. L. Duffler.

Alternates were Rev. J. R. Sharpe,

Herford; Rev. Garland Shell, Childress; Rev. J. H. Boone, Miami; Rev. B. G. Taylor, Canadian; Rev. Paul M. Joy, Dalhart, and Elders J. C. Chambers, H. T. Hageman, R. R. Kellum, Julian Montgomery and John D. Robertson.

COLLECTOR SENDING OUT NOTICES OF TAX ASSESSMENTS

M. L. Tittle, county tax collector, is sending out notices to taxpayers in the county advising them of the amount of county and state taxes due. The tax assessor will not complete the rolls until the first of November, it was stated, but the notices are being sent out upon the receipt of the various sheets of the rolls.

THREE CIVIL SUITS TRIED BEFORE JUDGE IN COUNTY COURT

Three civil suits were tried before Judge Guy Rogers of the county court at law Wednesday morning, and in each case a judgment was rendered in favor of the plaintiff. The cases tried were: Stampff & Roberts vs. C. H. Campbell, \$40, forcible detainer. A. J. Williams vs. W. J. Brown, \$481, debt. J. R. Hartley vs. Wichita Transfer & Storage company, \$267.

General Burgoyne, the British commander near Boston, is politically opposed to the Revolutionary war.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder bothers you—Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

SEARCH FOR THREE MILLION DOLLARS SUNKEN TREASURE

NORFOLK, Va., Oct. 4.—Search for sunken treasure amounting to \$3,000,000 and which has been at the bottom of the ocean for eleven years in the wreck of the Ward line steamship Merida is vigorously going on at a point 60 miles east of the Virginia capes where the Merida went down after a collision with the United Fruit company's steamer Admiral Farragut. Word has come from the treasure hunters that they believe they have located the wreck of the sunken vessel and expect soon to bring to the surface of the ocean the gold, silver and precious stones which had to be abandoned when the vessel sank.

The search for the treasure ship's wreck is being made from the steamer Ripple, a disreputable looking craft. Looks don't amount to much as far as salvaging vessels go, however, and aboard the Ripple is the best gear for the work in hand that can be obtained. Manned by a picked crew of 25 men, the ship carries three of the best known divers of the country, all of them able to work at depths considerably in excess of the 200 feet, in which the Merida is supposed to lie.

The search for the Merida's treasure is being financed by a group of prominent New Yorkers. The Ripple left New York on August 20 and has been steadily dragging the bottom at a point approximately 60 miles east of Cape Charles, where the Merida is supposed to have foundered.

When the Ripple commenced the sweeping of the bottom at the position given by Captain George W. Nordstrom, chief officer of the Merida when she sank, a six-mile row of buoys spaced a mile apart, was placed so that the same ground would not be twice gone over. Finally the drag line grew taut. Captain Nordstrom who is aboard the Ripple, believed that the obstruction encountered is a pile of the Merida's lifeboats and life rafts which were dropped over from the steamship Hamilton after she had taken the passengers aboard. The Hamilton's position at that time is estimated at from a quarter of a mile to a mile from the spot where the Merida sank.

Those aboard the steamer feel confident that, once located, the wreck can easily be stripped of its treasure. Among the three divers is Frank J. Crilly, who holds the world's record for depth, 306 feet, made while he was assisting in attempts to rescue the crew of the submarine F-5, sunk off Honolulu some years ago. Fred Nielson, who went down 228 feet when engaged upon the same task, is also aboard. The third member of the diving trio is Frank Kramer, well known up and down the coast.

The Merida's treasure consists of a large quantity of silver, about \$500,000 in gold and a quantity of precious stones. She was sunk in May, 1910, when bound for Mexico, via Havana, for New York, by the steamer Admiral Farragut. The collision occurred about midnight, in a fog, the Merida remaining afloat for six hours. The Admiral Farragut was badly damaged but remained afloat. All passengers of the Merida were saved by ships which answered her SOS messages.

The vessel had 470 tons of copper in her hold, carried as ballast. She is believed to be resting on an even keel on the hard sand bottom which obtains in the vicinity.

The Ripple expedition is the second to attempt the finding of the Merida. About four years ago a number of New York capitalists fitted up a steamer and dragged for some days for the wreck. It was believed at one time that she had been located but had weather prevented further operations.

British consuls in China have been ordered to discourage traffic in airplanes for the Chinese civil or military authorities.

Business Women Hear Fred Couper Tuesday Evening

About one hundred members of the Business Women's club of the city heard a splendid talk by Fred Couper of the Rotarians Tuesday evening on his recent trip to Scotland.

Mr. Couper's talk, which was prefaced by the presentation to each member of the club of a bit of Scotch heather from the "auld country," was the feature of the biggest meeting the business women have held this year, and was thoroughly enjoyed from beginning to end. The speaker's perfectly good "brogue" naturally lent an added attraction to the talk, which dipped interestingly into Scotch history back to the early centuries for background for the descriptive parts.

The remainder of the program included a reading, "Laddie," by Miss Bernice Martin and a Scotch love song by Mrs. C. Y. Tully. Both were enjoyed to the utmost in the Scotch atmosphere already created.

Club Conests.

In the membership and attendance contests, Miss Vera Louise Dodge was the fortunate winner of a handsome pair of oxfords and silk hose to match, presented by the P. B. M. Co., and Miss Gladys Parrish won the handsome fall hat presented by the Bon Marche shop. Mrs. Mary Gross made a little talk in appreciation of the business men's cooperation with the club in the presentation of the membership prizes. Mrs. McMill of the beauty parlor at Kimberlin's sent word to the club that she would make a twenty-five per cent discount on all work done in the parlor for the members of the club.

Miss Florence Jackson, president of the club, presided at the meeting.

A small washing machine for apartment use, driven by an electric motor, has a capacity up to five large bed sheets.

One of the dire needs of the American troops during the early days of the Revolutionary war was that of engineers.

ARREST COUNTY'S MOTORCYCLE COP FOR OPEN CUTOUT

A county motorcycle officer was arrested by the city police Wednesday on orders of Police Commissioner J. B. Pitta, who charged that the county cop was running on a city street with his cut out wide open. The officer was taken to the city hall and booked on the police blotter. He was released on his own recognizance and will stand trial Thursday morning.

Following the arrest Commissioner Pitta issued a statement declaring that hereafter no county or city officer

would be given privileges not accorded an ordinary motorist.

"If I catch a city or county officer violating a traffic rule after this," Pitta stated, "he will have to pay a fine just like anybody else. This thing of officers racing on the streets and running with their cut outs wide open is going to stop and if we catch them violating the law they will pay for it."

The county officer arrested Wednesday indicated that he would fight the case Thursday. He is the second official to come under the displeasure of the law, a health department officer having been arrested and fined \$5 Tuesday for turning his machine in the middle of a block.

PRESIDENT IS UNABLE TO ATTEND OPENING GAME

WASHINGTON, Oct. 5.—President Harding in a letter today to B. D. Johnson, president of the American League, expressed his regret that public business precluded his attendance at the opening game of the world's series.

WIDOW OF COL. ROOSEVELT IS WITNESS IN THE CASE WHICH CHARGES FORGERY

NEW YORK, Oct. 5.—Mrs. Edith Carew Roosevelt, widow of the former president, took the stand today at the opening of the trial of Mrs. Emma Richardson Burckett of Hilldale, Ind., charged with forging the colonel's name to a check for \$2400.

After acknowledging receipt of Mrs. Burckett's claim, Mrs. Roosevelt testified that she never had heard of Charles J. Shunson, whose signature also appeared on the note, and that

she never had heard her husband refer to him.

Mrs. Roosevelt identified "signature" made by her husband which have been adopted as a standard for comparison with the signature appearing on the note. She pointed out that the latter was prefaced by "Col." and asserted that her husband never had attached any title to his name in affixing his signature.

CITY ZONE PLAN IS PROPOSED FOR QUICK RELIEF OF THE IDLE

HOOVER WILL ORGANIZE COUNTRY DISTRICTS AS IN WAR TIMES.

EACH LOCALITY MUST PROVIDE EMERGENCY AID

At the Same Time Communities Will Be Expected to Prevent Migration.

By MARK SULLIVAN
National Political Correspondent of the New York Evening Post and the Wichita Daily Times
(Copyright, 1921, by the New York Evening Post.)

WASHINGTON, D. C., Oct. 5.—The unemployment conference has gone far enough to make it possible to see what is likely to come out of it in the way of emergency relief.

So far as this part of the conference program is concerned, the bulk of what will be done in the way of relief will take the form of an organization of the country, city by city. Every mayor will be requested to set up a committee, which shall include manufacturers and other business men, the labor leaders and representatives of the local charitable organizations. This committee in each city will handle the unemployment problem of that city. The relation of Washington to it will be intentionally slight and will express itself not so much in supervision as in stimulation, advice, co-operation, and similar forms of help.

Each city will be urged to adopt a system of priority in furnishing relief to its own unemployed, in order to prevent migration from cities which are slow in getting under way, to cities which are prepared. The unemployed in each city will be registered, and will be classified into three groups, the first being those for whom jobs can be secured immediately; second those who, although without jobs, have some available form of relief in the shape of savings or benefit dues, and the third group of those who must be cared for by the charitable organizations.

This is the burden of what the conference will do as regards emergency relief. To a certain extent, it is patterned on the method of organizing the country followed by the food administration during the war, the principle of decentralization and local responsibility being emphasized.

With the matter of emergency relief out of the way, the conference will probably take up two or three related, but entirely distinct problems. One will be how to increase the general business activity and prosperity of the country. Whether the conference knows it or not, this will lead them head on into a consideration of the present state of Europe for substantial prosperity in the United States must wait upon a resumption of buying power upon the part of the unhappy nations of Europe. Unfortunately this resumption of buying power does not seem very close. So long as this condition lasts, it presents the problem whether there is any way of getting Europe back to normal in an economic sense other than by the co-operation of the United States.

The other two subjects which later on will be taken up by the conference will be an effort to anticipate some conditions which the far-seeing think may arise during the coming winter, and finally, some discussion in the academic field of the relations of labor and capital, looking to recommendations. These matters, however, will be postponed until everything to be done about emergency relief is completed and under way.

GERMANY TO REST CASE ON OPINION RENDERED BY DAVID HUNTER MILLER

BERLIN, Oct. 4.—It was announced today at the foreign office that Germany would rest its case in respect to the legal claim for an undivided Upper Silesia on the memorial containing an opinion said to have been expressed by David Hunter Miller, formerly an expert of the state department at Washington.

The foreign office sought Mr. Miller's views six weeks ago on the advice of a "prominent American" who is a democrat.

BOX SUPPER TO BE HELD AT TRAVIS SCHOOL FRIDAY, PLEASING PROGRAM PLANNED

An old fashioned box supper and school entertainment will be staged Friday night at the Travis school at Third and Lee streets, the proceeds from the sale of tickets to be expended for purchasing playground equipment, which is badly needed at the school.

There will be a short program by some of the school children, including a midget wedding, also short addresses by Mayor Cline, Judge P. A. Martin and members of the school board.

The auctioneer will be A. L. Lane, a veteran auctioneer of this section who has donated his services for the occasion.

FAMOUS AS A JOCKEY JOE FULLER IS PALPER

NEW YORK, Oct. 5.—Joe Fuller, famous as a jockey half a century ago, today was on Blackwell's Island, a pauper, although he earned approximately a half million dollars in his racing days. Fuller, now 74, gave himself up to a member of the police narcotic squad yesterday and asked that he be sent to the island to be cured of the drug habit.

Are You Bothered With Over-Active Kidneys?

Both adults and children are often bothered with over-active kidneys at night and find that a dose of Liquid Shu Make, taken before bed time, usually corrects the trouble.

Liquid Shu Make is made of medicines endorsed by leading physicians for the relief of excessive kidney action, and seldom fails to relieve.

If your druggist cannot supply you with genuine Liquid Shu Make, directions on bottle, send his name and 25c to the Shu Make Remedy Co., Fort Worth, Texas, for a trial size bottle.—Adv.

Divers in Shark-Proof Cages Search for Sunken Treasure

The steel shark-proof cage divers are using in their search for treasure at the bottom of Havana Bay.

By N. E. A. Service.
HAVANA, CUBA, Oct. 5.—Probing the mysteries of the deep! Battling with man-eating sharks!

Bringing up the bones of ancient Cuban political prisoners!

That is what divers are doing off Morro Castle, on the entrance to Havana Bay, in their search for sunken treasure.

During the Cuban insurrection Spaniards slit the throat of Cuban prisoners and sent the bodies down a concrete chute, in Morro Castle to a bed of man-eating sharks.

At this same point, in the bay, the Spanish gunboat "Sanchez Barcateaguil" was sunk.

Later it was learned that the ship's strongbox contained gold and silver. Attempts were made to locate the money but, after sharks had killed several divers, the search was given up.

Recently Armando Andre, captain of the Port of Havana, ordered all sunken craft cleared out of the bay.

The Cuban Salvaging company obtained permission to remove the remains of the "Sanchez Barcateaguil," with the understanding that if any treasure were located it would belong to the company.

Armed with sharp knives, two divers, risking their lives for high wages, were lowered 130 feet below the surface. Five sharks attacked one of them. He fought them off and both men were hurriedly pulled to the surface.

Divers thereafter refused to go down into the shark bed.

Then the salvaging company built a

reinforced steel cage that was shark proof.

Since then the bones of many men have been discovered and much of the old war craft hauled to the surface.

The concern is now asking permission to use dynamite to aid in reaching the spot where the treasure is believed to lie. The Cuba-United States cable must be moved before this is done.

Then divers will go down into the deep and blast for the treasure chest.

Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, rundown, tired out—when they are pale, nervous and saggy—there are thousands who might readily build up their red corpuscles, become checked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A two weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. Get all good druggists.

NUXATED IRON

What Do You Know About Your Blood?

Is It Normal? Is It Rich? Is It Free of Waste Products? Is It Pure?

How the Test May be Made.

In justice to yourself and your loved ones you should know the truth about your blood—for who knows at what time he or she will be called upon to stand this test.

Ask yourself these simple questions: Do I feel tired when I get up in the morning? Am I all fagged out at night? Is my face pale and drawn? Do I suffer with pains in my muscles and joints? Am I subject to any skin disease? Have I any pimples or boils?

Nature is warning you. If your answer to any of these questions is "Yes," Nature now needs help. She has done her best but is failing.

Listen to nature's warning. Your blood is your fountain source of energy—therefore keep your blood rich and pure.

Our greatest health asset is to have blood which is pure and clean—blood which is free of waste products.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-17 S. S. S. Laboratory, Atlanta, Ga., for special medical advice (without charge). He is helping people every day. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all druggists. (adv.)

The New McCALL PATTERN "it's printed"

EVERY pattern-user will see the advantage of it.

Instead of wearisome perforations, all instructions for cutting and sewing are printed plainly right on the pattern.

Arrows show clearly the straight of the goods. Numbers that match are guides to the joining of parts. And many other valuable instructions that weren't possible in the old way.

The New McCall Pattern makes home sewing simpler, easier, surer—and saves time in the sewing-room.

The Patterns you've always used—haven't you spent weary hours

puzzling out the how, and why, of them?

It takes an expert to sew in the old way. With this new kind of pattern even the woman who has never sewed before will enjoy making her own clothes.

All instructions for cutting and sewing are plainly printed right on the pattern. Where the dots and dashes used to be—words that tell you how!

No lengthy directions on the pattern envelope.

A wonderful aid to home dress-makers. Ask to see the New McCall Pattern.

BICYCLE DEPARTMENT WICHITA DAILY TIMES

What's the Matter With Us, Anyway

By DR. E. F. LADD
United States Senator from North Dakota.

I should say that among the causes of the present great business depression and unemployment may be mentioned:

One—Over-inflation, encouraging speculation and waste, with the financial interests to large loans to European countries.

Two—Unnecessary rapid deflation so timed and apparently prearranged, under the guidance of the federal banking system, as to force the farmers of the country to the verge of national bankruptcy. This saddled on to the farmer an undue proportion of the losses, forcing him to dispose of his products way below cost of production.

E. F. LADD.

Foreign Investments.

After the money and credits had been largely withdrawn from the ordinary channels of trade to the eastern speculation centers, apparently most of this money was used and is still being invested by big financial interests to gain spheres of trade influence in foreign countries.

This is apparently to acquire concessions that will force the United States from her Washington ideas of abstinence from old world affairs and drag her into the unfortunate political affairs of European and Asiatic diplomacy heretofore alien to our ideas of frankness.

The unnecessary rapid and complete deflation of agriculture, beyond that forced upon other lines of business and industry, destroyed not only the farmer's income, but plunged him unnecessarily into debt, also destroying his purchasing power.

It should be remembered that the farmer has been the largest purchaser of manufactured products as well as the largest producer in this country. For the past 18 months the farmer has failed to buy even the necessities for carrying on his business.

Three—With the failure of the farmer to buy, manufacturers as well as retailers were forced to discontinue business, or at least largely to curtail their output, thus throwing large numbers out of employment.

The railroad in place of taking their share of losses, under governmental sanction, proceeded to raise all transportation rates until producers could not ship by rail and secure enough in return to meet expenses.

Railroad management seems to have lost ordinary business acumen to regulate so as to come within railroad control that now confront them any more than they were able to manage affairs during the period of great war activities.

Four—Lack of confidence is a big factor, and while all would like to be optimistic few have faith to do more for early revival of liberal taxing and renewed activity in the manufacturing centers of the country.

Banking Monopoly. Five—Much of the present unfortunate conditions have been made possible because of the uncontrolled banking monopoly, highly profitable to the inner circle. Most people still think that our banking system, and especially the new capstone of the system, the federal reserve bank, is a governmental institution. As a matter of fact it is undoubtedly the world's greatest uncontrolled monopoly interlocking with some of the leading speculative interests of the country.

It is not at all so designed or conducted as to furnish our greatest and basic industry with production credit, but capable of being employed as to wreck that industry or any part of the country at will.

It must so remain so long as 85 per cent of the people must serve and 15 per cent rule, and while 2 per cent of the people control 85 per cent of the wealth of the land.

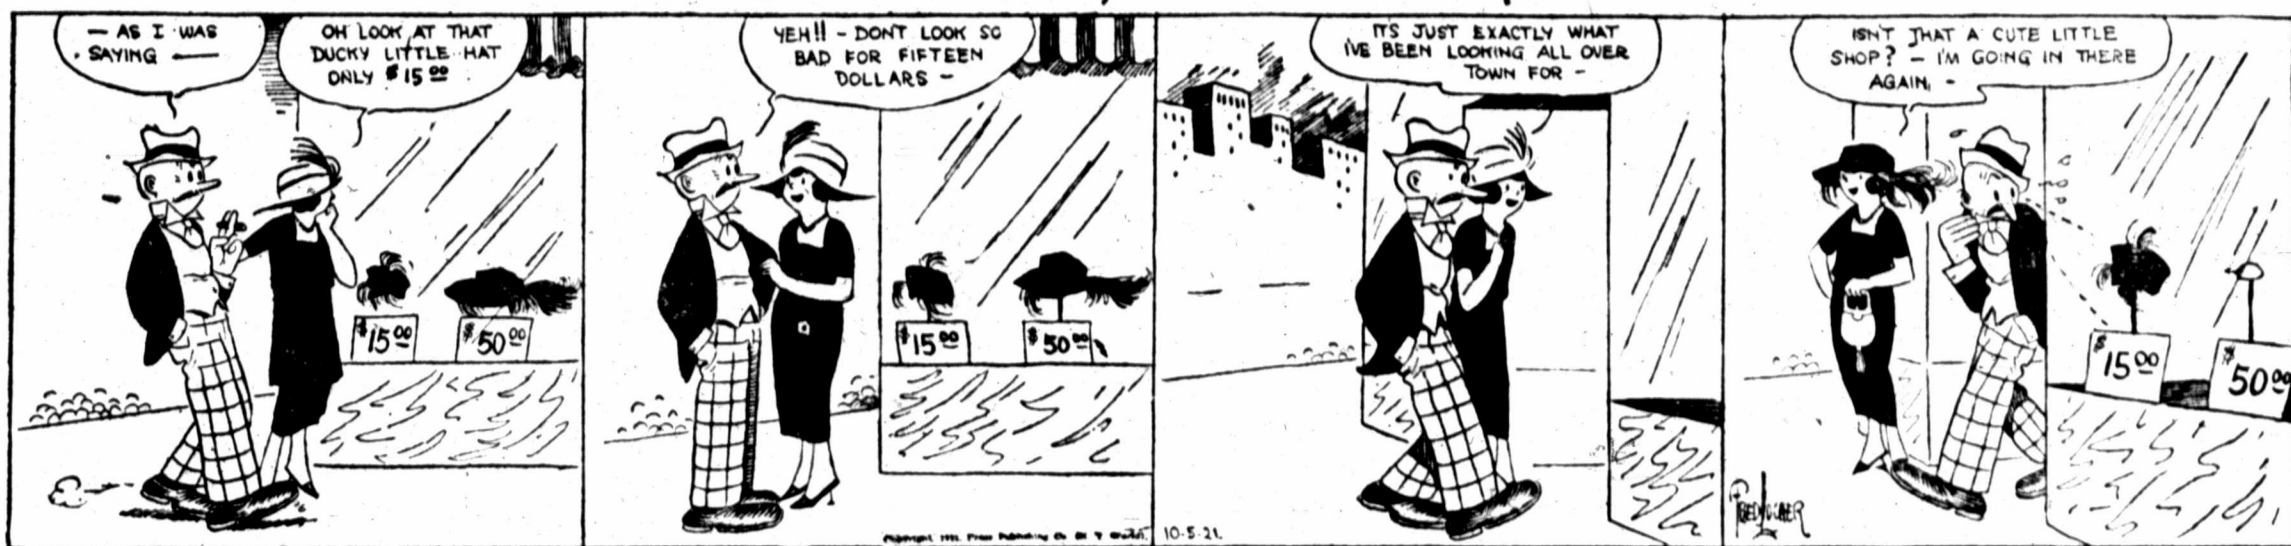

All this can and should be changed. It can be done away with by the adoption of senate bill 2212 to establish a honest money system.

In other words, the root of the great evils that have come upon us is the outcome of the method of conducting our present banking system which Salmon P. Chase helped to establish and later so strongly condemned.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method That Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable, or no disease that will lead to as much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries, which you smoke in a dainty pipe or cigarette. The smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs and carries medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless. It contains no cubes or tobacco. It is not sickening to those who have never smoked, and may be used by women and children as well as men.

If you suffer from catarrh, asthma, nasal defects, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Well-stocked drug stores can supply Dr. Blosser's Remedy.

A trial package will be mailed to any sufferer for ten cents (coin or stamps) by the Blosser Co., 25 DD, Atlanta, Ga., to prove its beneficial and pleasant effect. (ADV.)

CITY TO HONOR THE MEMORY OF LIEUT. ALFRED CARRIGAN

MAYOR AUTHORIZED TO ISSUE PROCLAMATION ON ARRIVAL OF BODY

ACTION IS TAKEN AT MEETING OF COUNCIL

Irregularities of Former Police Official Charged by Commissioner Fitts

Granting of authority to Mayor Cline for the issuing of proclamations calling on the city of Wichita Falls to do honor to the memory of Alfred H. Carrigan when the body of the dead soldier is returned from France and a charge by Police and Fire Commissioner J. H. Fitts that irregularities in the conduct of a former police official had been found served as the features of a brief session of the city council held Tuesday evening.

Assurance was given that the city would pay high tribute to its illustrious son whose life was snuffed out in the front line trenches on the Champagne front in October, 1918, when the council on the suggestion of Commissioner Reed, unanimously agreed that municipal recognition should be taken of the return of Carrigan's remains.

The body is now en route to the United States and will reach New York the latter part of this week. It is thought Judge and Mrs. A. H. Carrigan are now in the east and will return with the remains. The mayor's proclamation, which is to be issued within a few days' time, will probably call for the closing of the city during the hours of the funeral services.

Requests from the Pat Carrigan post, American legion, and from a number of prominent citizens that the city take official action at the funeral services have been made, according to Dr. Reed's report.

The other feature of the meeting was furnished by Commissioner Fitts when he introduced a letter bearing on the disposition of certain property confiscated by former police officials.

According to the letter, which was from an anti-automobile theft bureau of Dallas, an officer recently in the employ of the city has appropriated for his own use a Ford automobile recovered after being stolen from the original owner. The ex-officer has recently left Wichita Falls.

The machine now alleged to be in his possession was one of two Fords recovered by the former officer. It is said, the other having been disposed

of, according to the report. Mr. Fitts brought the matter to the council's attention and asked advice on what to do. The city of Wichita Falls, so the letter from the Dallas company states, may be held liable for the machine appropriated by a former official in case the original owner ever puts in a claim. Thus far the latter has not been found.

City Attorney Mann was instructed to investigate the legal status of the matter and to report at a future time. It is considered probable that action will be taken toward recovering the machine.

C. P. Boos, representing a number of property owners near the Taylor street and Avenue Q intersection, appeared with a request that the city do some road grading in his neighborhood. The matter was passed until a more complete investigation could be made of the case. Another request for road grading on Austin street was granted.

J. A. Bailey Jr., representing property owners in that section, being assured that the street would be graded immediately.

Collector H. J. Anderson appeared again for instructions regarding a delinquent tax payer, cited a specific case in which a former tax collector had erred in reporting taxes unpaid on certain properties. The taxes were paid, receipts show, but the tax books render the property delinquent as a result of the error. The council was divided on their status quo and final action deferred.

Acting on the request of Fire Chief J. A. McClure, Mayor Cline will issue a proclamation setting Monday, October 10, as a date for the observance of fire prevention in Wichita Falls. October 9 is National Fire Prevention day, but as this falls on Sunday, the actual celebrations will not be held until Monday. A parade and other features are being planned by Chief McClure.

The appointment of John A. Thomason and R. L. McDonald as deputy city clerks was made by the council on the recommendation of City Clerk George W. Thornburn. McDonald, who is night chief of the police force, will serve as deputy during the night while Thomason will act in that capacity during the day.

Initial steps toward placing the Fourth street viaduct in condition to be used were investigated by Commissioner Fitts. The viaduct is now in a run down condition and with the completion of the Ohio avenue paving Mr. Fitts believes that it will be wanted for use. The Fort Worth and Denver railway, whose tracks are carried over the city street by the viaduct, will be asked to make needed repairs.

URGENT APPROPRIATION FOR THE HOME FOR LEPERS
NEW ORLEANS, Oct. 5.—The New Orleans association of commerce has addressed resolutions to Louisiana senators and representatives in Washington urging an immediate appropriation to enlarge the federal home for lepers at Carville so as to care for nearly one hundred cases on the waiting list and remove the danger of spreading several of the lepers at large in New Orleans.

LIFE IMPRISONMENT ON A CHARGE OF MURDER
HOUSTON, Oct. 5.—Paul Grisolf, Italian, charged with murder in connection with the fatal shooting last spring of his brother-in-law, was given a sentence of life imprisonment by a jury in criminal district court late yesterday.

Making New Clothes Out of Old Ones

In many an efficient household this fall, clothes that were destined for the rag-bag will be rejuvenated, and made new, by dyeing.

TWINK solves the dyeing problem. Twenty-four colors, easy to use, easy to get good results with. Works evenly and happily on almost any fabric.

It's made by the same people who make Lux. That says something about its quality.

FORT WORTH BOYS HOME AFTER SEASON WITH REDS

FORT WORTH, Oct. 4.—Pete Donohue and Astyanax Douglass, Fort Worth boys and members of the Cincinnati National league team, arrived home today. Donohue will re-enter Texas Christian university, leaving for the Reds' training camp in the spring, while Douglass has been employed by a local firm.

TOYS "MADE IN GERMANY" ARRIVE AT NEW ORLEANS

NEW ORLEANS, Oct. 5.—Six tons of toys "made in Germany" were part of the cargo of the steamship Haveland, which has arrived in New Orleans for a load of cotton and grain for Germany. While the initial shipment is not large, it is expected others will follow.

SURE YOU CAN—

You can cold storage an egg. BUT it won't be a FRESH EGG. You can seal up butter in a tin can and keep it indefinitely BUT it won't be FRESH BUTTER. You can pack coffee in a vacuum can, but it won't retain its delicate aroma—

—BUT

SUPPOSE IT DID—what's the use of going to all that useless expense WHEN you can buy your coffee FRESH FROM THE ROASTER. DO YOU BUY Storage Eggs? DO YOU BUY Tinned Butter? Then WHY buy Vacuum Coffee? DON'T BE WOOLY—IT'S IN THE CUP.
