Anne Camp returned home from Lubbock Friday a week ago after being hospitalized in the Methodist Hospital. She's had heart surgery to accumulation of excess fluid around her heart.

Mrs. Tom Surguine of Boulder, Colorado, is visiting this week in Muleshoe with her mother, Mrs. Mervin Wilterding.

Rotary met at noon Tuesday at the Muleshoe Catholic Center. Ronnie Bullock was the student guest.

John Miller was in charge of the program and he presented Rev. Glen Harlan who gave a talk to the Rotarians.

School will dismiss at 2:15 p.m., Wednesday, November 27, for the Thanksgiving Holidays. School will resume the following Monday.

4-H Members are still selling tickets for the metal windmill sculpture to be given away December 24 at Cobb's. The winner does not have to be present to win.

The sculpture is on display at various locations in Muleshoe.

Proceeds will be used for the 4-H Center to be located in Brownwood, Texas.

Funeral services for U.V. Huggins, father of Rev. V.L. Huggins of Muleshoe, were held Friday, November 22, at 1 p.m.

## Touring The Panama Canal

By S.E. Goucher

Mr. and Mrs. S.R. Goucher recently returned from touring the Caribbean and many other places. One of the places they toured was the Panama Canal. Goucher reports on this particular place.

The Royal Viking Sky, a tourist ship arrived at Cristobal Canal Zone in the early morning of November 5, 1974, with about 400 tourists aboard. Twenty six of us were a group sponsored by the Farmers Stockman Magazine. All of us were amazed and thrilled at the beauty and grandeur of it all. Those Engineers of long ago did a wonderful job.

The first ship went through only one day before the start of World War One. There has been more than 419,000 ships pass through the Canal saving the long trip around South A-

Float entry blanks can be picked up at Cobb's Department Store or Western Auto or call Mrs. Royce Harris at 272-4891 or Mrs. Odell Rasco at 272-3170. Every float must be entered by filling this form out and returning it by noon on December 6.

The floats cannot be longer than one cotton trailer and Santa Clause can not ride on any float as he will be riding on the fire truck.

Prizes for this year's parade will be \$100 for first place; \$75.00 for second; \$50 for third place; and \$25.00 for fourth place.

Everyone is urged to have a float in the Christmas Parade.

## Local Athletic Boosters Elect New Officers

The Athletic Boosters met Monday night and viewed the film of the Muleshoe versus Dumas football game.

New officers were elected for the Boosters. The new president is Arvis Grogran, Dave Sudduth is the new vice-president; Mrs. Lewis Wayne Shaffer is secretary; Mrs. Bill St. Clair is the new reporter; and Jacque Baker is the program chairman.

The members discussed plans for the athletic banquet. Chairman of the banquet will be Mrs. Eugene Buhrman and the decorating chairman will be Mrs. Cont. on Page 2, col 5

## Police Report

Arrests logged in the Bailey County Law Enforcement Center this week included the Sheriff's Office arresting one for carrying a prohibited weapon, two for theft and one drunk. The Police Department arrested one for assault on his wife, one drunk and two shoplifters.

COTTON HARVEST PICKING UP... The South Plains Cotton Harvest is gaining momentum this week as many local farmers are taking advantage of clear weather this week to pull cotton. Clear weather has been helpful to the local farmers as some are still harvesting corn and milo at the present time. Cotton

harvest should be well underway by the first of December in Bailey County. Pictured above is Elton Bass who is shown stripping cotton on his farm one mile west of Lariat, Bass expects to make about one and a third bales per acre.

## Bland Appointed New Defense Coordinator

The appointment of a Civil Defense Coordinator and an As-

sistant Civil Defense Coordinator was made this past week. Cleve Bland was selected as Coordinator and Tommy Black as Assistant Coordinator.

So far in the program of work, the television over-ride system has been completed and it will be put to use and tested in the near future. Feasibility studies on the need of sirens are being worked on at the present time.

The Department of Public Safety and the National Defense Department, in conjunction with the National Weather Bureau, are all here working on taking a survey of the town for defense and protection suggestions.

The plan of work also calls

for the location of cellars, basements, etc., which might be used in emergency situations. It is requested that anyone having any such facilities which would be available to

others besides their own families contact Tommy Black or Pat Moore at the Chamber office.

The town will be mapped out Cont. on Page 2, Col. 6

Commenting on the Water, Inc. Membership Drive in Bailey County, Chairman Jess Winn reported that the drive is just getting underway here.

Winn stated that water importation is an absolute necessity for food production in this area. He reported that the West Texas-Eastern New Mexico area produces 27 percent of the grain sorghum in the country; 20 percent of the corn; and a big percent of the cotton.

He stated that Water, Inc. plans are to have this water importation before the local under ground water is depleted. The south part of the county should be more interested in the project than other area due to the lack of water in that region.

Next week, Winn reported, all concerned farmers and businessmen will receive a letter with an application form attached for membership in Water Inc. Dues start at \$25 per for an individual and other memberships are from that value up.

Winn said intentions are to hold a meeting of co-chairman the first of next week and begin the mailing subscriptions for Bailey County.

Anyone that is interested in Water, Inc. can check with the local banks, Tri-County Savings and Loan or Pioneer Natural Gas where memberships are available along with other information on this project.

## Articles Begin Today On Progression Of Alcoholism

This article is part of a series on "The Progression of Alcoholism" produced by the Alcoholism Council of San Fernando Valley, Calif. The stories are made available locally by the Central Plains MH/MR Center Alcoholism Program.

Alcoholism is a disease which need not lead either to death or confinement in a mental institution. It can be arrested through total abstinence if the sufferer reaches the most important and difficult point on the road to recovery-identification of his sickness as alcoholism and the acceptance of the fact that he is an alcoholic and no longer can practice controlled drinking.

Surveys show there are more than 9,000,000 alcoholics among the 80,000,000 who today use alcohol regularly.

Because alcoholism can be recognized, diagnosed and treated successfully (but never cured so the person can again drink socially), the Bailey

County Journal today starts a series of brief stories about this disease.

They are intended to help each heavy drinker, who suspects he has this disease, to determine for himself is the sec-

rets he so long has kept from others makes him the alcoholic that family, medical men and members of the clergy may have been confronting him with for years.

## Community Thanksgiving Service Set

The annual community Thanksgiving Service will be held Tuesday, November 26, at the First United Methodist Church.

Speaker for the service will be Rev. V. L. Huggins, minister of the Trinity Baptist Church in Muleshoe.

Rev. John Jaquez will present the special music. The service is sponsored each year by the Bailey County Ministerial Alliance.

## Local Boxers Win Champion Trophies

Local boxers attended the Levelland Bozong Tournament November 14-16. Those attending from Muleshoe were Ruben Reyna, Raul Garcia, Benny Gomez, Albert Ontivaros and Loy Dominguez.

Three of the five fighters went to the finals. Albert Ontivaros received a runner-up trophy when he was defeated by Albert Fuentes of Oton in the

65 pound weight class.

Benny Gomez received a Championship trophy by defeating Robert Martinez of Hereford in the 60 pound weight class.

Loy Dominguez received a Championship trophy scoring a third round knock-out his opponent, David Sanchez of Lubbock, in the 139 pound weight class.

TOURNAMENT WINNERS... Local boxers participated in the Levelland Invitational Tournament last week. Albert Ontivaros, left, was the runner-up in the 65 pound division; Loy Dominguez, center, was the champion in the 139 pound division; and Benny Gomez, right, was the champion in the 60 pound division.

# Average Cost Of Gas Down In October

Pioneer Natural Gas Company notified the cities on its West Texas System today that the average cost of gas purchased during the month of October was down 2.14 cents from the month of September. This reduction in the cost of gas for October will be reflected in the bills rendered on the company's West Texas System during the month of December.

In the letter of transmittal to the cities on the West Texas General Service rate, Pioneer included some additional information for the mayors and city officials.

During the past few months several questions have come up regarding Pioneer's cost-of-gas adjustment. The questions reduced themselves in four general categories, and Mr. W. N. Lampe, company vice-president, provided answers to those questions as follows:

Q. Has Pioneer acted prudently in acquiring gas supplies during 1974?

A. We feel we have been prudent and are pleased with the results of the year in the purchase of gas for the West Texas System. An ultimate test of prudence is our complete con-

plete confidence that any gas purchase contract or group of contracts could easily be assigned to other gas purchasers in Texas on terms satisfactory to Pioneer. We have reviewed our gas supply and gas purchase contracts in meetings with large customers and some representatives of the cities and, without exception, they have expressed satisfaction with the contracts completed. We would be pleased to make the same presentation to any city willing to take the time.

Q. Are excessive earnings being generated from the revenues received from residential and commercial customers?

A. Revenues from domestic and commercial customers on the West Texas System were less for the first nine months of 1974 than for 1973, although the cost of gas was considerably higher. This was due mostly to the warm weather. The spread of average domestic rates over cost of gas for the first nine months of 1974 was 54.22 cents per Mcf, a reduction of 3.22 cents from the same period in 1973. This spread is less than that established when the rates were set by the cities in 1970. The same condition exists for commercial rates.

Q. What has been the effect on cost of gas for the West Texas System due to Pioneer's buying gas from a subsidiary producing company?

A. Pioneer purchases approximately 16 percent of its West Texas System gas supply from its subsidiaries and has

paid no more to its subsidiaries than the going field price paid other sellers of gas in the area at the time the contract was made. The average cost of gas purchased from subsidiaries in October was 28.22 cents per Mcf considerably less than the total average of 46.51 cents.

Q. Have the curtailments to the city-owned power plants been reasonable under the conditions existing during 1974?

A. The overall curtailments to city-owned generating plants do not exceed five percent of their annual demand during a year of normal weather. Curtailments have been exaggerated in 1974 due to unprecedented irrigation demand brought about by the extreme drought through the first seven and one-half months of the year. However we still anticipate that the aver-

age will be in the area of five percent of historical annual consumption.

Pioneer's acquisitions of new gas during 1974 has progressed favorably. As Mr. K.B. "Tex" Watson, president of Pioneer reported to a security analysts meeting in New York recently,

Well, it has finally arrived. That point in our society for which the bankers have yearned for many years is now at hand. Starting this month the government begins a pilot project for handling Social Security retirement checks in Georgia to 700,000 old-age pensioners, by asking them to permit the government to send their checks directly to their banks instead of mailing them to the recipient. More than 1,500 of the Georgia pensioners have said "yes" to the direct deposit program.

The Treasury Dept. mails out millions of checks regularly and is almost choking on the huge volume of paperwork. Making payments through the banking system eliminates a

'In the first six months of 1974 Pioneer acquired new gas supply equal to about 130 percent of sales during the same period, and in the third quarter acquisitions of an estimated 70 billion cubic feet were considerably in excess of sales for the period.'

## Alcoholism...

Cont. from Page 1

Alcoholism nearly always is a progressive disease. While progression differs in many cases, the majority of the alcoholics follow patterns which can be used as guidelines.

Some cases develop slowly and methodically, others swiftly and violently; but, for the most part, the average time required to progress from the first signs of loss of control to final stages is 15 years for men and seven for women.

To begin at earliest stages, we look at pre-alcoholism periods when individuals may show first symptoms of the disease. The length of time varies considerably from a few months to many years.

Only some of this type of drinker develop alcoholism. It is that person with whom we must be concerned, not all who drink.

Through the pre-alcoholic stages there is a gradual, quite often noticeable increase in the use of liquor, both in the frequency of imbibing and the quantity of alcohol consumed. This increase usually is not entirely intentional.

The person who eventually abuses alcohol invariably is unaware that he is finding, although not deliberately seeking, an increasing number of occasions for drinking.

This person derives an "ex-

ceptional reward" from his drinking. He feels liquor does more for him than it does for most people.

For him, alcohol brings a relief from tension. This feeling of pressure, his is positive, comes from circumstances and surely not from the liquor.

When, much later, he analyzes honestly, he realizes that his reaction to liquor has built up tensions.

He continues to drink more heavily and more often, experiencing feelings of freedom, adequacy and confidence which normally are not his. As he drinks more, he eventually becomes aware the drinking of alcohol is more important than is the occasion he once considered to be an excuse.

The next step is obvious. The former pattern of "occasional drinking" grows into "constant or regular relief drinking."

Once such relief drinking begins, the imbibing may be designated as a "problem drinker."

His drinking most likely is not yet as conspicuous as that of the alcoholic.

### Nursing Home News

by Myrtle Guinn

Visiting Miss Marie Ingham Friday were her cousins, Mrs. R. L. Benson, Mrs. Elmer Cross. Her cousins live in Spur, Texas.

Mrs. and Mr. Kenneth Largent of Littlefield, and Dr. McDaniels visited Mrs. McDaniels, Friday evening. Mrs. Largent teaches school in Littlefield and is the McDaniels' daughter.

Murray Hall of Dimmitt came Sunday for a visit with his mother, Mrs. Lottie Hall who has been ill and is better now.

Mrs. Nellie Dean is a new member of the Nursing Home, room 94, having moved in Sunday with Mrs. Blackman.

On Tuesday afternoon from 2:30 until 3:30 the Joyce Hill Circle of the First United Methodist Church came and served punch and cake to five birthday women and men of the home. Earl Roberts of Farwell lead the program and led the singing of some songs.

Mrs. Birdsong visited her friend, Mrs. Mildred McDaniels, Tuesday afternoon. She also visited Mrs. Lewis, Mrs. Hall and Mrs. Guinn.

Earl Roberts brought a centerpiece of twenty pink roses and a huge candle in the center of an oblong reed basket for the day room.

Mrs. Lassiter came Wed-

nesday to see and be with her mother, Mrs. Newton who is and has been ill and is a little better today.

Mrs. Cardie Claunch and Mrs. Lorilla Jones of Bovina visited Mrs. Miller on Wednesday. They are her friends of past years.

Mr. and Mrs. Keith Boone and girl visited his grandmother, Mrs. Boone on Thursday.

Mrs. Pete Guinn and daughter, Jennifer came to see their grandmother, Guinn on Thursday. Jennifer has tonsillitis.

I sometimes wonder back over the years passed and think of wonderful friends that I had and still have and friends I meet each day. This poem expresses my thoughts and feelings. It follows, "Friends like Jewels, grow more dear with years, we value their worth beyond measure. Time but strengthens and tightens each link in friendship's golden chain that we treasure. My friends are precious to me and I love each one dearly and daily pray God's blessings on each one of my dearly loved ones."

### Jess Winn Attends Water Rally

"Action Today for Water Tomorrow" is the theme of the annual Water, Inc., Membership Drive launched at a Leadership Rally in Lubbock this week. Attending the session at the First National-Pioneer Building was Jess P. Winn, Vice-Chairman for Bailey County. Between now and Dec. 10, Winn and other area residents will be joining their counterparts from throughout West Texas and Eastern New Mex-

ico in an intensive campaign for new members for the regional organization. Water, Inc., is a non-profit corporation working to assure adequate future water supplies for all segments of the economy. Mainly through its efforts, importation of water into West Texas and Eastern New Mexico was included in the Texas Water Plan and the focus point of extensive federal studies.

At the Lubbock session, Water, Inc., officials told the campaign workers that a strong membership is vital to success in the quest for supplemental water. The organization is financed entirely through membership dues, consequently, the limiting factor on its activities is membership, according to Lloyd Calhoun of Hobbs, N.M., membership drive chairman. Campaign participants have accepted a 1,200 new member goal for the drive.

### Tech Carol of Lights Scheduled On Dec. 6

The traditional Carol of Lights program at Texas Tech University, heralding the Christmas-New Years' holiday season, will be presented December 6 in the Science Quadrangle.

Dr. Grover E. Murray, president of Texas Tech, will preside over the program. Barry Wood of First Baptist Church will lead the invocation. The Texas Tech Choir and the Oakwood Baptist Bell Choir will be among the performing groups and Dr. Gene Hemmle, former chairman of the Department of Music at Texas Tech, will lead community singing of carols. Other participating groups will be announced later.

The program concludes with the throwing of a switch which turns on 28,000 red, yellow and white electric lights on 50,000 feet of wire strung on 10 buildings in the center of the university campus.

The entire program, which will begin at 7 p.m., is open to the public. Residents and visitors of the area are invited to tour the campus to see the display. Thousands of West Texans and eastern New Mexicans drive to Lubbock yearly to view the spectacle.

Following the formal Carol of Lights program, the lights will be lit from dusk until mid-

night from December 6 through January 2. Until last year, when energy conservation measures reduced the hours of illumination, the lights burned all night during the period. The cutback will remain in effect this year.

The Residence Halls Association (RHA), sponsor of the annual program, this year is underwriting approximately half the cost of \$6,000 through the sale of 5,000 red and black pom-poms during Homecoming and the days preceding it.

The RHA plans to raise \$3,000 from its project and calls on the community of Lubbock to underwrite the other part. Harold Hinn of Plainview and Dallas, former member of the Board of Directors of Texas Tech and the Texas Tech Foundation, was first to envision the idea of lighting the campus in 1958.

He sponsored cost of buying, placing and operating the lights that outlined four major buildings in the lighting program in 1959, the first year of the holiday project. He repeated the gift the next year, the first time the students participated in the event.

The program grew continuously until fuel and energy shortages forced a cut-back last year.

## Beta Sigma Phi Plans Christmas Float

Alpha Zeta Pi Chapter of Beta Sigma Phi met Tuesday, November 19 in the home of Mrs. Bill Russell with Mrs. Hugh Collis as co-hostess.

Mrs. Reagan Cox conducted pledge rituals in which Mrs. Gene McGlaun took her pledge vows and received her pledge pin.

Mrs. Ted Barnhill and Mrs. Jerry Wenmohs then presented a cultural program on "The Connoisseur" in which wines were the main topic. Mrs. Barnhill gave a talk in which she informed members of the kinds of wines, how wines are processed, what makes the flavor of a wine and how to store the wine. She also told members the foods for which red and white wines are complementary. Following Mrs. Barnhill's presentation the members tasted various types of red and white wines along with an assortment concluded the Connoisseur presentation by a reading of humorous things on how to get the most out of tasting a wine.

Mrs. Reagan Cox then presided over the business meeting in which officers and committee chairman gave their reports. Mrs. Cox reminded members of the Hospital Auxiliary Christmas Card Project. Mrs. Jerry Gleason, chairman of the bingo carnival announced final plans for the carnival on Thursday night and the service committee with Mrs. Danny Noble as chairman announced plans for the Christmas parade float. ### Student Teachers Welcomed

The students of Muleshoe High School wish to welcome two student teachers, teaching in the Home Economics Department.

SHARRON HINLEY  
Sharron Hinley is the 22-year old daughter of Mr. and Mrs. Horace Hinley from Dallas. She is attending Texas Tech University, majoring in Home Economics Education with a Kindergarten Endorsement. She will graduate in December. She also attended Clarendon Junior College. She is a member of the AHEA and was a cheerleader and was a member of the Science Club at Clarendon Junior College. Her favorite hobby is sewing. When asked to comment on the school she said, "M.H.S. is an ideal school for student teaching because the classes are usually around 20 and not over-crowded. I have really enjoyed it a lot."

ANNITA KELLY  
Annita Kelley is the 23-year old daughter of Mr. and Mrs. Donald Kelley from Earth. She is attending Texas Tech University and majoring in Home Economics Education. Other Colleges that she has attended are Wayland Baptist College and West Texas State University. She is a past grand officer of the International Rainbow for Girls, a member of the Eastern Star and a member of the AHEA. Her hobbies are singing, playing the piano, water skiing, snow skiing, and working with little children. Her comment on the school was that she has really enjoyed it.

Happy Holiday

## Senior Cheerleaders Featured This Week

This is a memorial year for all Seniors, but it has a special significance for five girls. These are the Senior Cheerleaders and their mascot. These girls have always worked together very compatibly and shared many good times to make wonderful memories. In the minds of each girl there will always be a special place to hold the memories of their cheerleading experiences.

The leader of the group this year is Terri Crane. Terri has been a cheerleader since the eighth grade and obviously she has loved every minute of it. She is active in many school activities as well as serving as Rotary Club Sweetheart. Susie Cousatte, a cheerleader of four years, will be remembered by those at Muleshoe High by her cheerfulness and enthusiasm everyday without fail. Susie is also kept busy by an active schedule and serves as a Chamber of Commerce Ambassador.

Being a cheerleader for four years is rewarding as well as challenging and Pam Loyd is one who will accept any challenge. Her eagerness and readiness to go will never be forgotten by her fellow cheerleaders. Pam is very active and never seems to tire of hard work. Jan Harlin has been a cheerleader for six years. She has been a great help to the squad, by devoting much of her time to cheerleader activities. Jan is also very active in many school and is a starting Mulette for

ward, Jan has contributed much to the spirit of M.H.S. CHEERLEADERS AND MASCOT!!!!

### Rick Grogan Named Best of MHS

Rickey Grogan, the son of Mr. and Mrs. Arvis Grogan, has been selected by the Thespians as the 'Best of MHS' for this week. Rickey is 16 years old and is a Junior at MHS. He is involved in Athletics and in FFA.

When asked for his comment on football, Rickey replied: "This year the Muleshoe Mules record was 1-9. One thing I can say is that we never quit trying. I believe next year we will have as good or better team."

Rickey was chosen as "Best of the Week" this week because of his outstanding accomplishments in football this year. CONGRATULATIONS RICKEY!

RICKY GROGAN

### Band Starts Concert Season

The Muleshoe "Mighty M Band" has officially started their concert season. They are now preparing the music they will play for the annual Christmas concert which will be held December 16, in the High School Auditorium. The band has really been working hard and they are looking to a good fall season.

### FTA Chapter Participates In Contest

The Muleshoe FFA Chapter participated in various contests at Friona, November 20, Representing Muleshoe, the Radio Broadcasting Team placed sixth. The members were Gene Rogers, Paul Harbin, and John Saylor. The Senior Chapter Conducting team placed second and included Kyle Kimbrough, Larry Martin, Robert Martin, Kem Bales, Gary Gunter, Dee Buckner and David Head. The FFA Quiz Team placed fourth and members were Dwayne Shafer, Ross Feagly, Oscar Agundiz, and Scotty Farley. The Greenhand Chapter Conducting Team placed first, and the members were Joe Don Prather, Brent Gunter, Mark Washington, Edwin Watson, Kirk Lewis, Tommy Green, Noble Killough, Greg Haight, Danny Ward, and Terry Edwards. CONGRATULATIONS.

### Excitement, Sadness Found On Faces

Both excitement and sadness were on the faces of 126 seniors as they faced the M.H.S. Students during the Senior Pep Rally, Friday, November 15. This was the last pep rally of the season.

The high school gym was decorated with many posters honoring the seniors of 1975. A large "75" was taped to the floor for all seniors to stand on during the school song.

All senior football players were recognized and given a standing ovation as they walked down to face the student body. The senior players are: Dusty Davis, Max Buhman, Bobby Henry, Danny Vela, Doug Crawford, Jeff Skipworth, Robert Stovall, Andrew Ybarra, Paul Harbin, Gary Parker, David Watson, Steve Reed, and Jimmie Wisian. These boys were recognized for their undying determination and fine leadership to the younger members of the team.

### HECE Class Has Meeting

The HECE class met November 19, 1974, at Leal's restaurant for dinner. The president Ruth Ramm called the meeting to order. They discussed the ideas for their Appreciation banquet that they are having in 1975 for their employers and parents. They also discussed the yearbook. All the girls enjoyed eating together.

Donna Burris read the minutes for the past two months meetings, and Connie Floyd gave a treasurer's report.

were also recognized by junior cheerleader, Jana Bruns. There are five seniors this year, Diane Dale (mascot), Jan Harlin, Susie Cousatte, Pam Loyd, and Terri Crane.

All seniors were then asked to come down to the gym floor and face the student body and faculty. A poem dedicated to the class of '75' was read by senior, Jana Oyer. The Alma Mater was sung by all the students and faculty, followed by the senior class yell, "We're the greatest class alive, we're the class of '75'."

The seniors of Muleshoe High will never forget the great times and friends in school, and M.H.S. will never forget the class of '75', the "greatest class alive."

### Juniors Host Supper

The Junior Class held its annual Thanksgiving Supper on Friday, November 15.

The mothers of the Juniors worked very hard to make the supper a success. The Junior Class would like to take this opportunity to say a great big "THANK YOU" to Mrs. Lewis Wayne Shafer and the Junior Mothers who helped so much in the preparation and work for the supper.

The Junior Class cleared over \$450 dollars from this event and are anticipating a great banquet for the Class of 1975.

### Mules Start Basketball Season Friday

Friday, November 22 the Mules began the 1974-75 season against Dimmitt. This year the Mules are young and inexperienced with only four returning seniors: Jimmy Wisian, Gary White, Dusty Davis and Bobby Henry. Other members of the team are John Gunter, Rodney Turnbow, and Carey Suddeth, a returning Junior from last year's varsity, Robert Shafer, Gary Wrinkle, Bryan Nickels, Jack Barber, and Terry Mick.

Coaching the Mules this season is Coach Raymond Schroeder. This is Coach Schroeder's ninth year to Coach the Mules. He teaches bookkeeping and Free Enterprise at Muleshoe High School.

ROSE FHA OFFICERS AT "MOM'S HAY DAY"

### Mulette Maneuvers

The Mullettes A and B teams have played two games thus far this season and won both of them. Saturday night at New Deal the J.V. score was Muleshoe 63, New Deal 32; and the varsity game was much closer with Muleshoe winning 40-32. Elizabeth Isaac and Laura Beene had an outstanding game for the J.V. team. Outstanding efforts were turned in by Varsity members Belinda Throckmorton, Joie Carpenter, Lavern Carpenter and Sarah Patterson.

New Deal played at Muleshoe Tuesday night with the J.V. team again winning 58-43. Tanya Burton, Sarah Patterson and Jan Harlin had outstanding games for the forwards. Belinda Throckmorton, Diane Dale Lavern Carpenter, Ellen Shafer, Joie Carpenter and Teresa Hamilton had good games for the guards. The players really appreciated the large crowd Tuesday night. The Mullettes played Dimmitt here Friday night.

THE CLASS OF 1975 SHOWS MUCH FEELING AT THE GRAND FINALE OF THE SENIOR PEP RALLY.

### Coaches Column

Friday night, November 15, the Dumas Demons traveled to Muleshoe to meet the Mules for their last game of the 1974 season.

The Mules were really enthusiastic about this final game, and they were ready to play.

The Mules scored two points from a safety when the Demon center made a bad snap and their punter was captured in the end zone.

The offensive line showed great improvement over previous games and they held the Dumas defense real well.

Ricky Grogan and Steve Reed assisted in intercepting two of the Demon's passes. Jimmie Wisian again showed ability to catch a football, while Carey Suddeth did a fine job of throwing.

This was the final football game of the season, even though we are sorry to see the Seniors leave us, we really looking forward to next season with our remaining players.

# Fruitcake Making Provides Pre-Holiday Fun

COLLEGE STATION--It's fun of baking is a big part of pre-holiday festivity.

Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, looked at the holiday tradition of fruitcake baking--and buying. "One big question is whether to make your own or buy one," she noted.

Good quality ready-made fruitcake is a boon for busy homemakers. They come in all sizes--by the slice, in 8-ounce, one-pound, one and one-half pound, up to five pound and over sizes. DARK OR LIGHT FRUITCAKES Choices range from dark to light types of fruitcake, with both kinds full of fruits and nuts--or for families who like just a hint, the fruit and nuts may be lightly scattered through the cake.

"But whichever type you choose, read the label first to make sure you buy what you intended to buy. Prices for

ready-mades usually depend on the amount of fruits and nuts they contain. The more nuts and fruits, the higher the price," Mrs. Clyatt said.

**COST OF HOME BAKING**  
The specialist pointed out that if you make your own, cost depends on the recipe.

"Check costs of the ingredients before you bake. Of course, costs don't consider your time, patience and the cleanup--or your satisfaction."

**CANDIED FRUIT CHOICES**  
Candied fruits are a necessary part of fruitcakes and a welcome addition to pies, cookies, breads and salads. As you look over the selections of candied fruits, you may want to

compare the price with the cost of preparing your own, Mrs. Clyatt suggested.

Some choices are citron, lemon peel--available in glaze form, covered with a light coat of sugar, or in drained form, with all the surplus sugar removed. Also cherries are packed whole in glaze form, colored green and red.

"Mixed fruit contains four or five diced fruits such as citron, orange peel, lemon peel, pineapple and cherries. Pineapple, packed in glaze form as fingers, slices and sliced, colored red, green and yellow is available.

Candied fruit comes in four-ounce containers, but can also be found in larger vacuum jars, cello-packs and bulk containers. The specialist suggested you consider the total amount of candied fruit you will need for holiday baking and buy it in the larger packages--usually more economical.

Stores usually stock candied fruit to last only through the holiday season since the demand is small during the rest of the year, the specialist said.

**HOW TO BUY NUTMEATS**  
Nutmeats are an important ingredient in fruitcakes of all kinds and there are do's and don'ts for buying them.

Mrs. Clyatt's suggestions are:

--Buy unshelled nuts that are clean and free from scars, cracks or holes.  
--With shelled nuts, look for kernels that are plump and meaty, crisp and brittle, and if used for garnish--uniform in size and color.

--Unshelled nuts are often, but not always, less expensive than shelled nuts.  
--To compare costs: two pounds of unshelled tree nuts make one pound (three to four cups) of nutmeats.

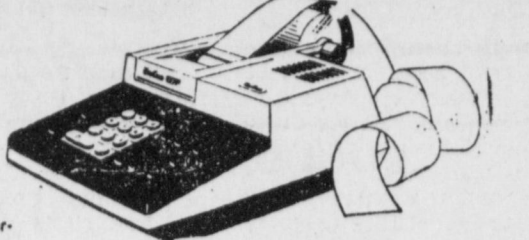

"The small, recipe-size (one pound) packages," the specialist pointed out.

**BAKING, GLAZING AND DECORATING**  
"Bake fruitcakes in foil pans, individual-size glass casseroles, or even in tiny muffin tins. Glaze and decorate them after they've cooled. You can bake them in clean, well-washed coffee cans for unusual shapes," she added.

Wilson urges British unity in economic crisis.

## News Of Our Servicemen

### S.D. Conklin

WICHITA FALLS, Tex.--The son of a Muleshoe, Tex., resident has been assigned to Dyess AFB, Tex., following his graduation from the water and sanitation specialist course at Sheppard AFB, Tex.

Airman Stephen D. Conklin, son of Mrs. Dora R. Benek, Rt. 2, received specialized training in water and wastewater processing. He will serve with a unit of the Strategic Air Command.

The airman graduated in 1974 from Muleshoe High School.

**COTTON TALKS**  
FROM PLAINS COTTON GROWERS, INC.

There is little if any likelihood that the "target price" provisions of the current cotton program will be of any benefit to High Plains cotton farmers struggling to avoid financial losses on the 1974 crop.

This is the opinion of Donald Johnson, Executive Vice President of Lubbock-based Plains Cotton Growers, Inc., after reviewing the law, consulting with Washington officials of the U.S. Department of Agriculture, and studying the volume and prices of cotton sold in the market through September of this year.

Greatly increased costs of production have most farmers on the High Plains facing less than break-even returns at low and falling prices on a crop that promises poor yields and subnormal quality.

"There is hope in some instances for a small measure of relief under the program's 'disaster provisions' where reduced income results from low yields," Johnson says, "but protection against low prices this year is conspicuously absent."

The disaster clause in the law, inserted largely at the insistence of PCG, offers a producer payment if total production on a farm falls below about two-thirds of the farm's established aggregate yield. For those farms that qualify under this provision, the payment would be 12.67 cents per pound times the difference between total production and 100 per cent of the established yield.

Producers, Johnson advises, should maintain accurate production records and check with county ASCS offices to determine if they are eligible for a disaster payment.

The "target price" section of the law says that producers in 1974 will be paid the difference between 38 cents per pound and the national average price received by farmers for all U.S. cotton during the calendar year in which the crop is planted.

"But as best we can determine," Johnson laments, "there will be no payments made here or elsewhere under this provision."

The average price received by farmers is computed monthly by USDA's Statistical Reporting Service, using data gathered from questionnaires sent to all ginners and to a statistical sampling of growers. The average for the year will be the average of these monthly prices, weighted by the volume of cotton sold during each month.

PCG calculations from January through September SRS reports for this year show over 4.4 million bales sold at a weighted average price of 55.3 cents per pound. Over 2 million bales sold in January at the 9-month high average of 57.2 cents. Low monthly average for the period was in September when almost 108,000 bales changed hands at 44.2 cents.

Johnson also points out that an estimated 2,200,000 bales of 1974 crop will be delivered on pre-harvest contracts at prices probably averaging 55 cents or above.

"This means that some 6.6 million bales of cotton at around 55 cents per pound will be thrown into the 1974 average," he continues. "Therefore, the remaining 9.5 million bales of uncontracted 1974-crop cotton would all have to sell during this calendar year at below 27 cents per pound to bring the annual average below 38 cents."

The 38-cent target price itself is far too low to cover production costs, and there are moves underway to get it raised. However, any increase would require congressional action and could hardly take effect before 1975.

In an early version of the present farm law, the target price section called for a payment equal to the difference between 38 cents and the average spot market price of Strict Low Middling 1-1/16 inch cotton for the first five months of the marketing year, August through December. Producer organizations across the Cotton Belt, including PCG, objected to this language.

It would have (1) used unrealistic and generally higher spot market prices for 1-1/16 inch cotton instead of prices received by farmers for all cotton, and (2) excluded from average price calculations most of the West Texas and Oklahoma crops--traditionally the lowest priced in the nation.

"As it turned out in 1974, the average price paid to farmers for the first five months of the marketing year obviously will be lower than the average for the calendar year," Johnson admits.

"But with a little more than a fifth of the crop contracted at an average of 55 cents or above, and with very little cotton being sold at current market prices, it is highly doubtful that payments would have been forthcoming had the language not been changed."

# An investment in Your Future ATTEND CHURCH

"For where your treasure is, there will your heart be also"

## THE SEASON FOR . . . COLDS AND FEVER

THE COMMON COLD . . . one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things we must accept on faith.

"The secret things belong unto the Lord our God; but those things which are revealed belong unto us and to our children forever, that we may do all the words of this law." Deuteronomy 29:29

God has revealed himself, his son, and his commandments, these are the major things.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

**Turkey Is Tops This Year**  
**COLLEGE STATION**—This just may be the year of the turkey.  
 Although the turkey roamed over Texas and Mexico long before Columbus came to our shores, the All-American bird is looking its best this year. Turkeys are plentiful, and, to top it off the price is right. Of course, at any price, turkey is an excellent value, nutrition-wise. But now turkeys are a double value, according to poultry specialists with the Texas Agricultural Extension Service.  
 "Nutrition is presently the name of the game and turkey wins this game hands down," contend Dr. David B. Mellor and Dr. William O. Cawley. "Turkey is highest in protein and lowest in fats of all our common meats. It is also a meat that is high in riboflavin and nicotin—two of the more important B vitamins."  
 Turkey is a common fare for holiday meals but really deserves more use by most families on a year-round basis, say the two poultry specialists. Size should not be a deterrent, as the raw frozen turkey may be divided, wrapped and refrozen for delicious meals. A publication, "Freezing Poultry for Home Use," provides helpful hints and is available from any county Extension office.  
 "Turkey also works well when the cooked meat is refrozen for later use," note the Texas A&M University System specialists. "Some families serve turkey for an evening or Sunday dinner and then debone and freeze the remaining turkey for later use—saving just enough for cold turkey a day or so later."  
 No matter how you cut it turkey is usually one of the better protein values. Have you ever compared the foods you buy on the cost of the protein they are supplying to you? Just use the protein content and price per pound for any food.

Your county Extension agent has this information for several foods and can assist you in calculating your own cost of protein in foods.  
 Turkey meat is naturally low in fat. One would expect to find 125-150 calories in a serving. Of course, if the serving were just white meat, it would be less. Self-basting turkeys are a little higher in calories due to the added basting sauce. But the calorie count is still low when compared with chestnut and sausage stuffing or gravy made from pan drippings.  
 "One of the biggest secrets in roasting turkey is keeping the meat moist," contend Mellor and Cawley. "Since the birds are so young when processed for market, the naturally low-calorie meat has really little fat. Keeping this meat moist requires more care than for meats having more fat. You can conserve moisture by covering the bird in a roasting pan, placing it in a special plastic bag, or 'tenting' it with foil and cooking at 325 degrees F. The turkey is cooked when a meat thermometer placed in the center of the thickest portion of meat registers 180 degrees F."  
 Any time is turkey time. Plan now to make this double-value meat a part of your menu each week.

 "Let the nations gathered here resolve to confront the challenge, not each other."

**Farmers Union Drafts Statement**

Fifteen farmers and ranchers from across Texas met in Waco last week to draft the 1975 policy statement of the Texas Farmers Union. The members of the policy committee wrote the draft of the general farm organization's guiding document by incorporating recommendations and resolutions submitted by the county Farmers Union locals. The delegates to the Texas Farmers Union annual convention in Houston, December 13-14 will debate the proposed statement and adopt the final version.  
 Adequate income protection for farmers and ranchers was one of the key issues before the farmer/rancher panel. Many of the recommendations passed by the committee deal with proposed changes to the 1973 Farm Act. Other issues which will spur debate in Houston concern the farm organization's position on the subjects of land-use planning. The administration of the disaster program, proposed changes in the peanut and rice programs, the creation of a state utilities commission, property taxes and fuel allocation to agricultural producers. The agricultural producer-delegates will also debate questions of school financing, brand inspection, water priorities and the commodity check-off programs.  
 Members of the Policy Drafting Committee who will present their recommendations to the Houston convention are: Co-Chairmen Joe Rankin of Ralls; Henry Harnly, Pampa; Herbert Heine, Del Valle; Stanley Moore, Lorraine; G.W. 'Dub' Drummond, Hamlin; William F. Powell, Howe; Mrs. Lucy Culwell, Tulia; George Lee Streit, Electra; J.W. Sadberry, De Leon; Melvin Long, Memphis; Gene Perry, Big Spring; Keith Lynch, Crawford; Patrick Rasmussen, Louisiana; Sylvester Cerny, El Campo; and James Cooper, Lockhart.
