Initiation.

Undaunted by unfavorable weather, and with a big class of novices awaiting their tender attention, members of Maskat Temple early Thursday afternoon began their fourth ceremonial here.

The parade through the business district was the opening feature. This was participated in by members of the band, patrol, divan and Shrine proper, and while lacking in many of the "stunts" that have produced merriment on former occasions of the kind, was sufficiently spectacular and interesting to entertain the big crowd that watched its progress through the business district.

After the parade, Shriner and novices repaired to Call Field auditorium, where the ceremonial began with due ceremony. It was scheduled to continue until late Thursday, and was followed by a buffet supper, including turkey, pie and all proper appurtenances thereto. A reception and dance were scheduled as the concluding feature of the ceremonial.

U. S. Soldiers on Rhine Enjoy Turkey Dinner

COBLENZ, Nov. 24. — Eleven thousand American soldiers stationed along the Rhine frontier tucked away 33,000 pounds of turkey as the place of resistance to their Thanksgiving dinner. There were the usual "trimmings" of cranberries, raisins and pumpkin pie and piping hot plum pudding. Many units with mess funds added to the turkey and chicken and even pheasants and venison, which are plentiful and cheap this year.

While the plum pudding and pumpkins for the pies were sent from the United States, the turkeys were brought from Germany, and cost considerably less than a pound as compared with 50 cents a pound last year for turkeys shipped from America.

IDENTIFICATION OF KNIGHT DEPENDS ON WIRE FROM DALLAS

PHOENIX, ARIZ., Nov. 24.—Positive identification of a skull and charred bones found 12 miles from Tucson, Ariz., yesterday, as those of J. J. Knight, wealthy resident of Dallas and Wichita Falls, Texas, who has been missing since July 5, will for information regarding the missing man's teeth and fractures of various bones, the sheriff's office announced today. A telegram reporting the find and asking for the desired information has been sent to James A. McNamara, Wichita Falls, administrator of Knight's estate.

The bones were found in a shallow trench in the desert by two Phoenix men who were hunting for Knight, who was last seen in Buckeye, Ariz., on July 5 of this year, shortly after the state fair, when it was found six miles from where the body was found yesterday.

REWARD IS OFFERED FOR THE SLAYER OF OFFICER LITTLE ROCK, ARK., Nov. 24.—

Question Chinese Delegates As to
Authority to Speak For All
Of China.

WASHINGTON, Nov. 24.—Although formal proceedings of the arm conference have been suspended for Thanksgiving day, it was expected to be one of only nominal rest for the delegates and that in the absence of any meetings of the conference or its subdivisions, negotiations would continue to be pressed through consultations among the various individuals and groups.

As developments in the conference stood today the outstanding point of interest appeared to be the conflict of view between the British and Chinese delegations in their interpretation of the four adopted Root principles as applying to the question of fiscal autonomy for China.

The British view as authoritatively stated following the committee meetings of the delegates is that the Root resolutions were adopted by the powers as according with acceptance by China of a financial consortium, pooling of financial resources, and the Chinese delegation an internationalization of that country's economic resources.

The French delegation in connection with this proposal raised a question of great delicacy in proceedings when they pointedly asked the Chinese delegates by what authority they presumed to speak for all of China over the protests of the southern government of China.

PROMINENT LEADERS AT STATION TO WITNESS HIS DEPARTURE.

WASHINGTON, Nov. 24.—Aristide Briand, premier of France, and head of the French delegation at the armament and far eastern conference, left Washington shortly after 8 o'clock this morning for New York, from which port he will sail tomorrow for home. The French premier will be at the station to bid farewell to members of the French delegation, including Ambassador Jusserot and René Viviani, and representatives of the state department, headed by Secretary Hughes and Under-Secretary Fletcher.

PARTING KISS GIVEN PREMIER BY VIVIANI

The premier, just before the train departed, was embraced and kissed on both cheeks by M. Viviani, who now succeeds to the leadership of the French delegation. Albert Sarraut, French minister of colonies and one of the French delegates, accompanied M. Briand to New York, but will return to Washington tonight. Philippe Berthelot, secretary general of the French foreign office, who is to accompany M. Briand, but General Bout, chief of the French general staff, also to return home, did not leave until a later train.

THE "STRONG MAN OF FRANCE,"

M. Briand is known among his countrymen, appeared in a happy frame of mind, but loath to quit the conference in which he has been one of the outstanding figures. He told the other delegates at the time that he had been able to participate even for a time in the work of the conference.

FORT WORTH NEGRO SHOOTS HIS WIFE; RESISTS OFFICERS

FORT WORTH, Nov. 24.—Deputy sheriff and police are searching east of Fort Worth for Angus Williams, an alleged insane negro wife slayer. Precautions were taken by the officers for a hard fight when the heavily armed negro, who police say shot his wife, Linnie May Williams, last night, boasted he would not be taken alive. When the officers appeared with an ambulance shortly after the shooting, the negro fired on them from a distance of 150 yards and fled when the fire was returned.

SHIPBUILDERS ARE GREATLY CONCERNED OVER NAVAL PLANS

WASHINGTON, Nov. 24.—Commercial shipbuilders now engaged on naval construction are greatly concerned as to what the impending reduction in the naval program of the government is beginning to get a reaction from that quarter.

Government Beginning to Get Reaction From That Quarter.

None of the builders who have visited Washington, however, have voiced direct opposition to the conference program of the administration, whatever they may feel. Their inquiries here, it was learned today, have to do largely with devising ways and means of keeping their plants in operation for a time at least, after building operations are stopped by international agreement.

MAY SALVAGE THE BATTLESHIPS FOR COMMERCIAL USE

QUESTION RECEIVES THE CON-
SIDERATION OF AMERI-
CAN OFFICIALS.

SHIPBUILDING EXPERTS DECLARE THIS POSSIBLE

Could Be Converted Into Service-
able Intermediate Liners,
It Is Said.

WASHINGTON, Nov. 24.—American officials are giving some thought to the possibility of salvaging as non-combatant naval or as commercial craft the three new battleships now afloat, but which would not be completed under Secretary Hughes' naval limitation and reduction plan. They are hopeful that, in fixing the methods of scrapping, the conferees will not make an arbitrary rule that would require the ships to be sunk or otherwise totally destroyed.

It is possible, shipbuilding experts asserted today, that the Colorado, Washington and West Virginia could be converted into serviceable intermediate liners for commercial use. The method of in which battleships are put together, it is said, would make this a mechanical possibility without prohibitive cost. It might, however, be suggested, to turn one or more of the trio into repair or supply ships for the fleet, though high cost of operation might prevent this expedient.

The question of just how ships might be scrapped are to be dealt with was not treated in Secretary Hughes' proposals. That matter was specifically reserved for joint discussion between the conferees. The main points of the limitation and limitation agreement had been settled.

ARMS CONFERENCE SURE TO PRESERVE CHINA'S INTEGRITY

ENGLAND AND JAPAN TO AC-
QUIESCE IN OPEN DOOR
POLICY.

ONE DUBIOUS POINT IS RAISED IN CONNECTION

Whether Chinese Delegation Really
Represents the "Nation's"
Heart.

By MARK SULLIVAN.
National Politician of the
New York Evening Post
and the Wichita Daily Times.
Copyright, 1921, by the New York
Evening Post.

WASHINGTON, Nov. 24.—What
America is trying to do now in the
disarmament conference is to save
China.

We shall
succeed. There
isn't any doubt
about that. Both
Great Britain and
Japan will agree
with us on all the
essential things
that will help us to
maintain China's
integrity.

But the saving
of China is much
easier if
China herself were
in a better posi-
tion. The saving
of China is now
being done by
war. That condi-
tion is much
easier to do than
to do it by
force.

Nevertheless it is most unhappy
that China at this moment should
be unable to help us. It is even diffi-
cult to be certain to what extent
the Chinese delegates here for the
conference really represent China.
There is a strong faction in China
which claims that this delegation
does not really represent the nation
and announces that its supporters
will not be bound by what the Chi-
nese delegation now in Washington
does.

Also no one can look upon these
Americanized Chinamen who are in
Washington now without being a
little disturbed as to whether they
really represent the heart of China.
They wear American clothes, they
talk English almost too fluently
and most of them spent their years
of education either in Europe or
America. Some of them, it is taken
for granted, are Christians. One
wonders occasionally to what extent
they truly represent the ancient cul-
ture of the 460,000,000 people who
compose the Chinese race. If an
American had gone to China as a
missionary and had received his educa-
tion in China, if he had come back
to America wearing the Chinese na-
tional costume, and if it were ap-
parent that he had taken kindly to
the religion of China—under these
circumstances we would hardly re-
cognize him as a typical American.

William Allen White printed the
other day an amusing picture of the
most conspicuous of the Chinese
delegates, Wellington Koo. "He is
the best dressed man at the
conference," wrote Mr. White, "and
delights in a certain festive pink
shirt, which he takes down with the
most correct and sombre black coat
and trousers, cutting what we
Americans west of the Mississippi
river have pleased to call a "mobby"
fashion. His collar is a bit tem-
peramental and of a certain col-
legiate joyousness that cheers but
does not inebriate."

Mr. Koo is very sophisticated
very smart and up to date; but one
wonders a little if he really Chinese
in his heart and in his culture.
However, all that is immaterial.
No one doubts that the Chinese
delegation is working for the inter-
ests of China, and that the pro-
gram they have laid down is for the
good of that ancient kingdom. The
difficulty is that the present state
of China puts the whole burden of
saving her chiefly on the shoulders
of the United States. As between
the other two big nations, Great
Britain and Japan, the latter has
always been universally charged
with having selfish and aggressive
intentions towards China. The Jap-
anese say now, however, that they
are ready to abandon their old atti-
tudes and help us rehabilitate China
in the way that is best for China.
It can be accepted with a good deal
of confidence that as the discussion
of China ripens, Japan will be found
accepting, without much reluctance,
the American point of view.

British policy toward China has
been somewhere midway between
American policy and Japanese pol-
icy. Great Britain is ready to join
us in saving China, if that is the
program to which everybody else
agrees. On the other hand, if the
program is to exploit China, Great
Britain would probably have
joined in the disposition to save
China at an earlier date and with
more heartiness if she were not a
little restrained by the Anglo-Japan-
ese alliance. The worst thing about
that alliance has always been that
it prevented Great Britain from
standing with us as often as Brit-
ish people undoubtedly would prefer
in maintaining China's integrity.
Under cover of the Anglo-Japan-
ese alliance Japan has always been
able to take bigger chances in violat-
ing the open door than she would otherwise
have done.

Things of the Past.
However, that is all a thing of
the past. The Anglo-Japanese alli-
ance will go by the board, either
formally or through a process of ob-
scurity. America isn't as deeply

HUSBAND IS KILLED AND WIFE SUICIDES

Arrangements Made For Double

Henry B. Graham.

ST. LOUIS, Nov. 24.—Arrange-
ments for a double funeral for Mr.
and Mrs. Henry B. Graham, manu-
facturer, who was shot and killed
Monday, were being made today.
Mrs. Graham was a fourth wife.
Graham was the son of the founder
of the Graham Paper company and
a member of the board of directors.

Mr. Graham shot herself last
night at the family home. The body
of her dead husband was on the
main floor of the home. His fu-
neral was to have been held tomor-
row.
Graham was killed by his negro
chauffeur following an argument
which concerned the chauffeur's
wife, who was employed by Graham
as a cook. The chauffeur is in jail
charged with murder.
Mrs. Graham's grief and the fact
that attorneys told her a trust cre-
ated by Graham before her mari-
riage to him made it practically im-
possible for her to share in the
\$500,000 estate left by him, are
given by friends as the reason for
her suicide.
Mrs. Graham before her marriage
was Miss Georgina Shore of
Springfield, Ill. She was 25 years
old. Shortly before her marriage to
Graham, her sister, Mrs. Vera Eliza-
beth Snowden of Springfield, ob-
tained a divorce to marry Graham.
Mrs. Snowden sued Graham for
breach of promise. The action was
withdrawn when a settlement was
reached.
Graham's first wife died. His sec-
ond wife divorced him. His third
wife, Mrs. Alice Bowerman of
Springfield, Ill., married him at

the traditional turkey dinner. With
the turkey was served all the acces-
sories, including dressing, cran-
berry jelly, creamed potatoes, peas,
lettuce and mince pie.
At the same time, the aged vet-
erans in the Texas Confederate
Home were eating their special
Thanksgiving dinner, at which tur-
key also was present in abundant
quantity. The feast was enjoyed
by 246 inmates of the Confederate
home, of which 245 are men and 18

CITY FEDERATION TO ELECT OFFICERS AT MEETING ON SATURDAY

The City Federation will elect officers for the next year at its meeting Saturday, and a special and urgent invitation is extended every member and every woman interested to attend.

The meeting will be held at 3 o'clock at Kemp library, with an executive board meeting at 2 o'clock preceding. The board comprises the officers of the federation and one representative from each club, who is a duly authorized delegate with a vote. Members of the federation with a vote include representatives from each of the clubs affiliated with the organization, according to the size of the club.

The clubs at present affiliated with the federation include the following: The Beta-Delphianna, Delphianna, Daughters of the Confederacy, Civic League, Musicians' club, Registered Nurses' association, New Century club, Travel club, Standard club, Study club, Business Women's club and Girls' Friendly, and three joining last year, and among the new clubs organized by the extension department of the federation, or by individual clubs, the Unity Jr. Sorority, Florio-Delphianna Jr. Travel club, and the Music Study club, with two others, the Dramatic Art club and an Art-Literature club coming into the federation as soon as their organization is complete.

The federation has accomplished a number of progressive and noteworthy things during the past year in club and civic work. It was hostess in the spring to the First District Federated clubs' meeting, among other things, and has been of much influence in improving the standard of moving picture films brought to the city.

JUNIOR TRAVEL CLUB MEETING WEDNESDAY

With "Chaucer and His Contemporaries" as the rather unromantic subject for the day's program, the Junior Travel Club Wednesday morning congratulated itself on one of the most interesting and enthusiastic meetings of the year. As leader, Mrs. DeMontel read a paper which covered the salient characteristics of the literature and life of the period and which she interrupted at intervals to have the other papers and readings of the program interpolated in their proper places as illustrations and elaborations of her points. The first illustration was a reading and discussion of Mandeville's "Travels" by Mrs. Lane, which was followed by the leaders "Contract of Beowulf and Sir Gawaine," later illustrated by a reading of descriptive passages from "Sir Gawaine and the Green Knight" by Mrs. Somerville. Then came three biographical sketches: "John Wycliffe, Reformer and Mrs. E. T. Duff, C. E. Thames, Wayne Somerville, C. C. Jones Jr., E. W. Napier, I. R. Sheldon, Albert Lane, C. C. Calmes, Chester Wynne, W. L. Hawkins, F. T. Dutton and Miss Louise Lipcomb.

Peacocks, Wood, Tress—Selected peacocks delivered from my orchard in lots of 10 pounds or more 12, to 25 cents per pound. Ash wood cut to any length, delivered at 12 per cord. Hackberry, pecan and other native trees transplanted and guaranteed to live and thrive. T. P. Hickman, phone 5712. 191-307c

EXECUTIVE BOARD CIVIC LEAGUE MEETS SATURDAY

Members of the Y. W. C. A. obtaining cards from the business secretary at headquarters here will be admitted to the Empress and the Olympic theatres at half price on Monday, Tuesday and Wednesday of next week, according to an announcement from the management this week. The occasion is the showing, along with the feature picture, of special Y. W. C. A. camp life films, "Come to Camp" and "Admission."

YOUTH IS ACQUITTED OF THE MURDER OF FARMER

SEDALIA, MO., Nov. 24.—Theodore Wernicke, a 17-year-old orphan boy, was acquitted by a jury here early today of a charge of murder in connection with the death of Emmett Bouldin, a farmer near Hughesville, Mo., July 21, 1921. The boy was employed by Bouldin. He will be returned to the state reformatory at Booneville, from which Bouldin took him to work on his farm.

A monument, your last act of love. Let us place it. A. G. Dethering, 406 Seventh street. Phone 5416.

FIRST BRIDGE GAMES OF TOURNAMENT WEEK

Monday afternoon the first games of the big bridge tournament recently planned for Wichita Falls in the national tournament for a French relief fund will be played at the William-Marjory hotel. The games will start at 3 o'clock, and three or four tables are being arranged.

Tuesday evening at 8 o'clock a second set of players will engage in the game at the William-Marjory.

GREAT ENGLISH GOLFERS LEAVE A RECORD BEHIND

Duncan and Mitchell, the great English golfers, have sailed for home and left behind them a record that will afford a topic of conversation for many a moon. Here are a few of the remarkable feats performed by them during their tour of the United States:

Plitted against our leading professionals and amateurs, they won 51 matches, lost 17 and tied 4. Made 51 rounds with individual scores of 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Duncan's average was 72.17 and he made three 66's. Mitchell averaged 72.19 and he made two 65's.

Broke eight course records and took a dozen others.

"The Sheik," Now a Movie, Almost Perished in Manuscript

By JAMES W. DEAN
 NEW YORK, Nov. 24.—The film version of "The Sheik" will be released early in November and it will probably prove to be as great a financial success as E. M. Hull's novel from which it was adapted.

And all of that is more or less of accident!
 The manuscript of the book was rejected by a reader of a publishing house.

Later the script fell into the hands of the general manager of the concern. He saw possibilities for popular favor and published the novel.

The cognoscenti condemned the book as fit for low-brows only. Evidently the country is overrun with lowbrows—more than 200,000 copies of the book have been sold. The publishers are thousands of copies behind in their press run.

However, those who expect to find a screen story in keeping with the novel are doomed to disappointment. No board of censors would pass a film that would closely follow such a story.

This palpably points to argument against film censorship—or to argument for book censorship. For once this writer feels kindly disposed toward any form of censorship that would prevent either book or film publication of such a puerile, putrid plot as that of "The Sheik." Yet who would undertake such a work to an army of readers whose ranks promise some day to be as numerous as those of the A. E. W.?

On the other hand, the film will probably throw the cloak of marital respectability about the shoulders of the hero, in the first reel. Such a garment is denied her in the printed story of her affair with the desert chieftain who would be classed as regent of the cavemen were he to inhabit a more mountainous terrain.

Atmosphere of "The Sheik."
 "No better idea of the nature of the story of "The Sheik" can be gained than by reading these phrases in advertising matter on the film—

"A flaming romance of desert love, flinging away the trappings of civilization, leaving the lady only a woman, the gentleman only a man!"
 "The tale of a lawless Arab chief who loved an English beauty—and took her!"
 "A romance all colored with barbaric splendor!"
 "That's the word I was cudgeling my brain for—barbaric!"
 And all that I can add is—!!!!

Action on "Peter Pan."
 There has been a lot of talk and very little action in the matter of screening "Peter Pan." The nearest thing to action pointing toward the conversation of this tale to the screen is the news that John S. Robertson has examined almost a hundred children in England in an effort to find suitable actors for the juvenile roles. After Robertson's fidelity to Barrie's story of "Sentimental Tommy" it is to be hoped that he directs the screen version of "Peter Pan" and that he will do as well with it as he did with the former story.

We Americans are "all hot up" over the matter of censorship, but the most ardent proponent or opponent will enjoy this bit of censorship animosity in Australia. The censors of that country ordered the title of the film version of "Twin Beds" changed to "A Sleepless Night."

Jackie Coogan wearing a mustache as a Chaplin. The kid of "The Kid" has completed his first starring film. It's called "My Boy."
 Doris May, she and Douglas MacLean were formerly co-stars. Now she is featured by R.C. Pictures in "The Foolish Age."

That would be like changing "Fashion" to "Emotion," or "The Old Nest" to "A Forsaken Home."
 All of which goes to prove that censors can make as silly changes in titles as the producers themselves can make.

 Fritz Brunette will support Jack Holt in his second starring picture.
 Mae Busch has a prominent role in "Princess Virtue" which Marie Prevost has just completed.

 James Rennie will be featured in a Goldwyn picture. The husband of Dorothy Gish was playing "Pot Luck" when that stage play gasped its last breath.

Wallace Reid says he has experienced some queer dreams since he filmed the screen drama in "Peter Ibbetson." And so have some who saw the picture.

SIXTY-FOUR HELD AS PRISONERS IN CLOSED CAR DIE

WERE BEING TRANSFERRED IN THE MADRAS DISTRICT OF INDIA.

ONLY 36 OF THE 100 IN VEHICLE SURVIVE

Dying Prisoners Bite One Another In Their Desperate Fight For Air.

By Associated Press LONDON, Nov. 24.—Inquiry into the suffocation of 64 Moslem prisoners recently while being transferred by rail in the Madras district of India, has revealed that the incident created a sensation among the natives and provided them with material for effective propaganda.

The Times correspondent says that examination of the railway wagon showed that the ventilating panels had been recently painted, this particularly closing their mesh. The Moslems were imprisoned in the car for the purpose of their journey from Tioru to Bellary. The conductor went to give them water and found many of them dead and the remainder unconscious.

There was evidence of a fierce struggle for life, the dying prisoners having bitten one another in their desperate fight for air. It is the general opinion in Madras, according to the correspondent, that the wagon was packed with prisoners and that at any rate it was a mistake to put so many prisoners in it at once.

The Moslems are all said to have been weak from malaria when entrained after a sojourn of three months in the jungle and this is given as a possible contributing factor to the deaths.

The native newspapers are comparing the incident with that of the Black Hole of Calcutta in 1784 when Suraj-Ud-Dowla, the Nawab of Bengal, imprisoned 14 Europeans all night in a guard room measuring 15 feet by 10 feet 10 inches, and with but two tiny windows with the result that all 23 died before morning.

While this comparison is made, the correspondent says, on the occasion of deliberate motive, of which there has been no evidence in the present case, it is noteworthy that one native paper charges the British officials with a tendency to treat all Moslem prisoners as something less than human.

Even the moderate press in the Madras district condemns the affair and demands that the inquiry be entrusted to a mixed commission of officials and civilians, as the Moslems are not to have confidence in the official investigation.

The governor of Madras has issued a sympathetic communique deploring the incident and stating that everything possible was done for the survivors when the tragedy was discovered.

On the occasion of two or three newspapers, the London press has practically ignored discussion of the case.

"Blue Bonnet" Is Deadly Enemy of Harmless Sheep

AUSTIN, TEXAS, Nov. 24.—When the hills of central Texas in mid-summer are a sky blue color due to a covering of the blooms of the Texas blue bonnet it is hard to conceive the idea that these beautiful flowers are deadly enemies of harmless sheep; that if a sheep eats too much of them it means death, while only a portion means a crazy, drunken stupor.

Yet this is a fact, so officials of the state department of agriculture report. Wigs sheep eat too much of the flowers' pods, it is poisonous to them, while a smaller amount will make them drunk or crazy and even death sometimes results, the department officials say. The poison does not affect other domestic animals and sheep may eat the plant without injurious results if they do not eat the limit at one time.

The blue bonnet abounds thickly in central Texas, especially in the vicinity of Austin. In summer time the rolling hills and beautiful natural scenery around the state capital is enhanced by the flowers in full bloom.

WILBARGER COUNTY DRIVE IS SUCCESS

Quota Was \$5,000 to Care For All Charitable Cases For One Year.

VERNON, TEXAS, Nov. 24.—A concerted drive for funds on the part of the Wilbarger County Welfare association was staged Wednesday in Vernon. Up to a late hour no complete check had been made upon the money received. The quota set by the organization is \$5,000, and it is estimated that this will care for all charitable cases for twelve months.

The Wilbarger County Welfare association is a consolidation of all county charitable and benevolent organizations, and its purpose is to eliminate duplication of effort in caring for the needy. Citizens have been informed that if they contributed the quota asked for no other collection will be made to them for aid on the part of the organization, and there will not be occasion for subscribing a penny to any beggar within the city limits. Indications at present are that returns have been liberal.

"LIVE AT HOME DAY" OBSERVED AT CLARENDON

CLARENDON, TEXAS, Nov. 24.—"Live at home day" was observed at the Y. M. C. A. building Saturday, D. P. McCallib of Amarillo, formerly of Dallas, told of the work of the association in other counties and of the value Dooty county can realize from these organizations. The farmers at this time pledged themselves to decrease cotton acreage and to use the general diversification in the future.

VERNON ELECTION FOR LIGHT PLANT

Will Vote On \$100,000 Bond Issue For This Purpose January Third.

VERNON, TEXAS, Nov. 24.—An election calling for a \$100,000 bond issue with which to construct a new city light plant was unanimously agreed upon yesterday afternoon by Vernon commissioners, and January 3, 1922, was the date set. The bonds will bear interest at the rate of six per cent, and will be issued and paid for serially. Decision in regard to the election comes as the result of dissatisfaction over present rates charged here by a private concern.

J. D. Key, former sheriff of Wilbarger county, was elected city marshal of Vernon at the same meeting which called the bond election. Mr. Key is at present a commissioner, but will resign that office to assume his new duties.

THANKSGIVING DINNER COST AVERAGE FAMILY 39 CENTS LESS IN 1921

CHICAGO, Nov. 24.—Even to the turkey and its trimmings, the cost of a real Thanksgiving day dinner for the average family was 39 cents less this year than last, according to Russell J. Poole, secretary of the city council's committee on the high cost of living.

The family dinner cost \$4.74 last year, compared with \$4.31 for the same articles today, the decrease in price being distributed between the turkey, sweet potatoes, pumpkin pie, celery, bread and butter.

URGE A CONCERTED EFFORT TO OBSERVE STATE HEALTH WEEK

COUNCIL HAS PROGRAM TO BE CARRIED OUT EACH DAY.

SCHOOL HEALTH DAY TO BE OBSERVED ON FRIDAY

Church Services December 11 to Be Devoted to Discussion of Subject.

AUSTIN, TEXAS, Nov. 24.—Announcing that the Texas board of health and health department will cooperate with the national health council in observing health week from December 5 to 11 inclusive, Dr. Manton M. Carrick, state health officer, urged the people of Texas to put forth a concerted effort in carrying out a definite program for the week. He appealed to the cities and counties to cooperate with the national organization to make the country a healthier place to live in and to combat diseases and sickness.

Health week is being fostered by the national health council in all parts of the United States. State health departments of the various states are co-operating with the council to make the week accomplish the purpose for which it was set aside.

Individuals cannot wage the battle alone, said Dr. Carrick. "There must be co-operation and concerted effort in observing this week those who have made these efforts will protect the homes and life of our people."

NEW DISCOVERY PREVENTS MANY DISEASES

Hygienists have at last discovered a means by which everyone can ward off many serious diseases.

Recognizing the fact that most of the contagious diseases were contracted through the mouth, these health experts have prepared an antiseptic mouth wash, called Steroline, which, if used regularly will kill any germs that might enter the mouth.

Steroline, the perfected mouth wash, has as its base the famous Dobell's Solution, which proved to be so amazingly successful as a germicide during the war.

Dentists and physicians everywhere frequently recommend Steroline frequently, spraying the nose and throat with it and brushing the teeth with it. If used in this way this pleasant tasting mouthwash not only keeps the nose and throat free from germs, but it keeps the teeth clean and free from decay and heals sore and bleeding gums.

Steroline is sold and recommended by all leading druggists—Adv.

MEXICAN ATTITUDE TOWARD AMERICA HAS NOT CHANGED

MEXICO CITY, Nov. 24.—The Mexican government will stick to its previously announced program relative to recognition by the United States.

Alberto J. Pani, foreign secretary, makes this clear in a written statement issued in answer to recent newspaper articles which declared that a change in the government's policy was contemplated.

"It is not true that the present Mexican government has begged or begged for recognition by the United States," says the statement, which adds that the policy enunciated by President Obregon in his message to congress last September remains unchanged.

In this connection the statement asserts that the government is not "engaged in buying subsidies or purchasing allegiance" and that the foreign office in its budget for next year has made no provision for "secret expenses" or propaganda.

Denial is also made that Elmer Dover, who was recently reported to have carried communications from President Obregon to President Harding containing appeals for early recognition of the Mexican government is in any way connected with the Obregon government.

All such correspondence will be conducted through the regular diplomatic channels, the statement adds.

J. Lanier Winslow, who recently arrived in this city to assume the post of first secretary in the United States embassy, will be received by Secretary Pani today.

On Monday, December 5, the regular Rotary luncheon is to be devoted to a discussion of outstanding health conditions, including special attention to such problems as water supply, sewage disposal and other similar phases of the city or town life.

Tuesday, December 6, is designated as health appraisal day. An appraisal of the community's ills is suggested. Committees are asked to prepare reports on specific disease conditions, such as mental deficiency, infant mortality, cancer and other diseases and maladies.

Wednesday, December 7, is examination day. On this day is asked a voluntary medical examination of all citizens, including dental examinations.

Thursday, November 8, is public education day. The council urges that a mass meeting be held with speeches, reports of committees and outline of permanent health program.

Friday, December 9, is school health day. The council urges that a large part of the regular school schedule to the teaching of health and personal hygiene, the council program says.

Saturday, December 10, is health field day, or disease prevention day. Competitive games by Boy Scouts, churches and schools, health pageants and health parades are suggested by the council.

Health Sunday will be observed December 11. The council suggested that special committees arrange health talks in the churches by doctors and health workers.

Dr. Carrick approved on this program and urged that it be carried out. If it is impossible to carry out the entire program, he said, at least one day should be devoted to health week.

NEW YORK, Nov. 24.—Thomas Proctor, who gave up his bed to President Lincoln the night he was shot by Wilkes Booth, at his Thanksgiving dinner in St. Andrews' brotherhood home at Gibraltar, Pa., after spending the past six years as a ward in the city home on Blackwell's island.

Arrangements for the transfer of Mr. Proctor, who is now 79 years old, were made by Chaplain Sidney N. Usher, representing the Episcopal City Mission society.

Mr. Proctor, with Robert Todd Lincoln, son of the late president, are the only living survivors of the small group of persons who were present when the great liberator died.

KANSAS IN ANNUAL TILT WITH MISSOURI

Dope Thrown to Winds As Two Teams Are Evenly Matched.

LAWRENCE, KAN., Nov. 24.—The Missouri university tigers and the Kansas university jayhawkers clash here this afternoon in the annual Thanksgiving day gridiron battle.

TODAY'S Sport Angle

Was the ball that was used in the two major leagues in 1921 livelier than in former years?

Without the slightest hesitation, I reiterate that the ball in use in 1921 was the best ball I have ever seen.

The grade of yarn was so excellent that it permitted the ball to be very tightly wound, which naturally added to its liveliness.

True, the pitching was off the greater part of the year. This was due in a measure to the abolition of all kinds of trick pitching.

The pitching during the world series was excellent. However, it was not any better than I looked at during the latter part of the season.

FINAL AUTOMOBILE RACE OF SEASON ON PROGRAM

LOS ANGELES, Nov. 24.—The final automobile race of the 1921 season of the American Automobile association at the speedway here this afternoon will determine the national championship.

BOB ROTH SLIPS BUSHER SOME INSIDE STUFF

Like all ball players, Bobby Roth of the New York Americans like his base hits.

There is no denying that Bob hits them hard when he connects. Ball players have a lot of fun kidding him about his hitting, but never get very far, as Bob has a keen sense of humor.

Here is a story that got many a laugh last summer among the Yankees. It was pulled at the expense of a couple of recruits, and was so good that one of the recruits repeated it in the club house, thereby earning for Roth the recognition the quip merited.

As I said before, Bob likes his base hits. The bunting game never had much of an appeal to Roth.

One day last summer Bob was walking down Broadway with a couple of youngsters. They passed a man who had lost both arms at the elbow.

One of the recruits, who had been serving in the World War, remarked: "I wonder how he was injured?"

Quinn as a flash, Roth replied: "An old-time ball player, a third sacker. One day he came tearing in, thinking I was going to bunt. That's all there is to the story."

Then he stopped to the curb and pulled his watch to get the exact time he would take to have his remarks percolate.

WILL YOUNG BOB FITZ EQUAL THE DEEDS OF HIS FATHER?

'BOB' FITZSIMMONS 'YOUNG BOB' FITZSIMMONS

THREE UNDEFEATED ELEVENS IN EAST PLAYING TODAY

NEW YORK, Nov. 24.—Eastern football interest today was centered in the game of Pitt against Penn State at Pittsburgh, Cornell and University of Pennsylvania at Philadelphia, and Washington and Jefferson against West Virginia at Morgantown, W. Va.

HEAVYWEIGHT WRESTLING CHAMPION IS TO RETIRE

NEW YORK, Nov. 24.—Stanislaus Zbysko, who will defend his heavyweight wrestling title Monday night in a bout with Ed (Strangler) Lewis, former champion, announced today he expected to retire within a year.

Feed Them Curves.

"Any club that has a couple of good curve ball pitchers can make the New York American league team look cheap," says John McGraw.

By BILLY EVANS.

Is young Bob Fitzsimmons going to be a chip of the old block? Every flaccid fan who has seen the old gladiator in action, or read of his many valorous deeds, knows what that means.

Bob Fitzsimmons is, dead. No greater fighter at his weight ever lived. He feared no man. Even when he held the heavyweight championship, he was a legitimate middleweight.

"The bigger they are, the order they fall," he said. "I expect to quit."

Zbysko is more than 40 years old and has engaged in 140 matches. Clark Griffith says that few pitchers who measure better than six feet are worth anything when they come around six feet six inches, they seldom turn out to be great pitchers.

Strangely enough, young Bob seems to lack the thing that made his father famous, the sleep-producing wallop. Young Bob is perhaps more scientific than his father was in his prime, but the old "kayo" seems lacking. In this respect nature appears to have played a peculiar prank.

HEINE GROH'S BIRTH IN 1922 IS STILL IN DOUBT

Where will Heine Groh, star third sacker of the Cincinnati Reds, play next year?

Groh has already answered the question as far as Cincinnati is concerned. When Judge Landis ordered Groh to report to Cincinnati and finish the season of 1921, Groh said he would finish, but never start another.

Now that McGraw is the manager of the world champions, he says Groh is not needed. That sounds like the bunk. He will probably be with the Giants next year.

On the other hand, it is said that Pittsburgh is anxious to secure the crack third sacker and that Barney is ready to offer some of his stars, who are in bad favor in the Smokey City, for Groh.

Yale can look forward to big things in football in 1922. The Blue will lose only four men by graduation, into, Aldrich, Gurnsey and Sturm. There are seven sophomores on the Yale team.

CENTRE COLLEGE TO CLASH WITH TULANE

Expect New Chapter Will Be Written in Southern History of Game.

NEW ORLEANS, Nov. 24.—When Centre college of Kentucky meets Tulane of Louisiana here today, football enthusiasts are assured that a new chapter in the southern history of the game will be written.

Notwithstanding the counter attraction of the opening of the season, most crowds were in the stadium early today.

Today's contest will be the first game Centre has played outside Danville, on Thanksgiving day in more than ten years.

The probable lineup: TULANE P. Roberts, M. Payne, H. Talbot, E. Talbot, P. Pitts, M. Maloney, E. Brown, R. Legendre.

CENTRE P. Roberts, J. Jones, R. Shadoan, G. Gregor, M. McMillin, J. Armstrong, T. Tanner.

SPORT BRIEFS

CHICAGO, Nov. 24.—All previous attendance records were broken this fall, it was announced today, and at least five schools have under construction or in progress the stadium with enlarged seating capacity.

PITTSBURGH, Nov. 24.—The bout between Johnny Ray, Pittsburgh lightweight, and Rocky Kansas, Buffalo, scheduled for Dec. 2, has been called off for another day today owing to the local boxer having suffered a fractured rib.

SOUTH BEND, IND., Nov. 24.—The Notre Dame football team, considered by critics as one of the best in the country, will be wrecked after today's game with the Abilene Aggies. Thirteen of Coach Rockne's first string men including five star players, Capt. Eddie Anderson, Kilduff, Mohr, and Wines, will graduate from Notre Dame this year.

ANNAPOLIS, Nov. 24.—Navy's gridiron warriors will leave today for New York where their annual contest with West Point cadets for the inter-service football supremacy will be staged Saturday at the Polo grounds.

CHICAGO, Nov. 24.—Two victories over Willie Hoppe, for years supreme in the 148 baik line billiard world, made Jake Schaefer Jr., the inter-service champion today. Hoppe's first defeat Tuesday night was overwhelming, 4-0 to 26, and in the second game last night, although the average for the six innings was never equalled in a championship tournament, it was 14 points below Schaefer's mark of 82 2-4.

PHILADELPHIA, Nov. 24.—More than 150 athletes representing high and prep schools started today in the American inter-scholastic cross country championship race over the three and one-half mile course in Fairmount park.

CRIMSON CAPTAIN CONFESSED WHEN POINT IS RAISED

NEW YORK, Nov. 24.—There were many spectators who happened on the football field at Cambridge on Saturday, but none more noteworthy than the episode that followed the Harvard touchdown which was called back because of holding in the line.

LONGHORNS FAVORED TO DEFEAT AGGIES

Southwestern Conference Title At Stake in Today's Big Texas Battle.

COLLEGE STATION, TEXAS, Nov. 24.—Southwestern conference championship was the bone of contention between Texas A. and M. and the University of Texas on the Aggie gridiron here this afternoon.

"The Rawhide Scouts," after the Civil war, became known for "Buffalo Bill."

ON THE OTHER HAND BY GROVE

They are still talking about a Dempsey-Willard fight. Willard says he doesn't need the money. That should settle it. There is no other logical reason that could be offered for staging such a bout.

We busted up our Wee-gee board after the Yale-Harvard game. My, my, how times have changed. Nowadays you come rolling in at a late hour and she says, "Kiss me, dear, you've been drinking."

As it is customary to predict a football score before the game has been played, we take the opportunity to predict a Xmas score—Ma, 100—Dad, 0.

Do you know that: About twenty years ago Willie Hoppe made his first billiard?

The Hot Stove League is threatened with a gas shortage. What has become of the old-fashioned boxer who used to have a black eye?

Wonder what will the well dressed swimming champions wear this year.

Until the Greek God Dr. He was leaning on his golf club, more or less. And his clothes were out of golfing, but street dress. He was staring over the links, as the veteran Barney Bink approached and asked him of his sad distress.

Ah, mon, it is too bad—I cannot say. He! you not heard the news that's gone its way? I am through at playing golf, for I cast my ball off, and lost it in the creek, last Saturday.

One little nip—eye opener! One little wallop—eye closer! Sportsmanship.

There are all sorts of champions, contenders and athletes, but their strength and cleverness do not decide whether they are sportsmen or not. The follow with the blue blood of sportsmanship is seen aside from the main event. There is nothing that puts a batter deeper into a fan's heart than to see him stand over his kayoed opponent and, after the count is made, stoop over and help him to his corner. That's the big fellow.

NEXT PEACE MOVE AT KANSAS MINES EXPECTED AT ONCE

PITTSBURG, ILL., Nov. 24.—The next move for peace in the Kansas coal field may be made today by the Howat organization's board. Action is likely to be taken on the suggestion of John Wilkinson, president district No. 21, that the Howat board and the Illinois miners' board meet with international officers of the union at an Indiana district Monday, if the board holds an expected meeting.

Mr. Wilkinson's suggestion, wired here yesterday, followed a request made by the Howat board to Wilkinson at the district 21 convention at Fort Smith that a conference of the boards of the three districts be held at Kansas City next Sunday for the purpose of attempting a settlement of the Kansas trouble.

The Howat board states that a settlement might be made on the basis proposed in a resolution adopted by the Fort Smith convention several days ago, that district 21 would give support to the Kansas miners in their fight against the Kansas industrial court law when the Kansas miners obeyed the order of John L. Lewis, international president, and sent striking miners back to work at the Dean and Reliance mines, which strikes caused the present controversy in Kansas.

ENJOIN CHICAGO FROM ENFORCING 5-CENT CAR FARE

CHICAGO, Nov. 24.—Federal Judge George Carpenter at noon today issued a temporary restraining order against the city of Chicago and the Illinois commerce commission, enjoining them from enforcing the commission's order reducing Chicago street car fares from eight to five cents. The order was issued after a hearing lasting several weeks.

The commission's order reducing fares was issued last night after a hearing lasting several weeks.

TEXARKANA, ARKANSAS, IS WITHOUT GAS SUPPLY

TEXARKANA, ARK., Nov. 24.—This city awoke this morning to find itself gasless owing to a break in the mains supplying fuel gas, which company officials state occurred at Havana, Texas.

VIRTUAL COMPLETION OF THE ALASKA RAILROAD ANNOUNCED

FAIRBANKS, ALASKA, Nov. 24.—Virtual completion of the Alaska Railroad between Anchorage, on the southwestern coast, and Fairbanks, far to the interior, was announced here today.

McWeeny Looks Good. Kid Gleason is hopeful that Doug McWeeny will prove his worth as a regular next year. McWeeny has also speed and a good curve, but had little success last season, due in a great measure to lack of experience. In the final month of the season he turned in three or four excellent games, making it seem that he had finally arrived.

The Frenchman Pare in the sixteenth century invented three kinds of artificial eyes.

FRENCH RECRUITING BILL APPROVED BY PRESIDENT

PARIS, Nov. 24.—President Millerand today approved for submission to parliament a military recruiting bill authorizing two year enlistments and tightening present restrictions.

Four German Dumpings. BRUSSELS.—Belgian business men are complaining of German dumping and are demanding preventive measures. German sales to Belgium, they say, have been increasing rapidly.

CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose Of This Treacherous Drug May Start Trouble.

You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day! It looses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No matter how sick you are to the children because it is perfectly harmless and can not salivate.

Exide BATTERIES. Sending Your Words Through Space. If shipwreck or accident damaged the electric generator that sends a wireless message, and were no other power available, many lives might pay the penalty. For this reason wireless stations on land and sea have storage batteries for reserve power. Ninety per cent of the Marconi system and most of the government and private plants use Exide Batteries. A majority of the farms and country homes lighted by small electric plants get their current from Exide Batteries. Nearly every message sent over the telephone system is carried by the current from an Exide Battery. The same rugged reliability that makes Exide Batteries dominant in every industry where batteries are used is built into the Exide made for your automobile. Exide Service Stations are equipped to be useful to you, not only in putting the right battery into your car, but in giving skillful attention to whatever make of battery you are now using. SHERIFF'S WIFE PREPARES DINNER FOR 36 PRISONERS

PLEASANT SURPRISE SPRUNG ON INMATES OF COUNTY JAIL.

5 TURKEYS SACRIFICE HEADS FOR THANKSGIVING

Cranberry Sauce, Dressing and Sweet Potatoes and Celery On the Menu.

Mrs. Smith, wife of Sheriff Fred X. Smith, put in a most strenuous and arduous time Wednesday and Thursday morning preparing a most pleasant and unexpected surprise for the 36 prisoners who spent Thanksgiving day in the Wichita county jail.

The sheriff's wife did all the work herself which included the roasting and preparation of five large fat turkeys, all the dressing that it was possible for 36 men to consume and oodles of cranberry sauce, sweet potatoes and Irish potatoes. Celery was also included in the menu as was light bread.

Mrs. Smith worked quietly and modestly all day Wednesday in order not to allow the prisoners to have even the slightest idea that anything more than the regular daily fare was in store for them on the day when the outside world fed itself drowsy and cumbersome on turkey and the trimmings.

At 12 o'clock sharp several of the trustees assisted in bringing the steaming good things to eat to the various cells and upon sight a gleeful cheer arose.

The prisoners in a body thanked Mrs. Smith and Sheriff Smith for the kindness shown them and for the beautiful dinner on the day of thanks.

Mother of 15. LONDON.—An inquest at Shoreditch, over the death of a 15-month-old infant, brought out the fact that its mother, Mrs. Mulcahy, had given birth to 15 children, although she was only 35 years old. Only three of her children are living.

Lowestoft, Eng.—A "kipper" machine has been introduced to the herring industry here, by which 2,000 herrings can be prepared in one hour. That takes an expert hand upper eight hours.

"OUR HERITAGE" IS THANKSGIVING SERMON SUBJECT

CHURCHES UNITE IN SERVICE THURSDAY AT FIRST BAPTIST CHURCH.

DRAWN LESSON FROM SECRETARY HUGHES' WORDS

Enumerates Many Things For Which Nation Has Cause To Be Grateful.

With "Our Heritage" as the theme of his sermon, Rev. T. S. Pittenger at the union Thanksgiving service Thursday morning drew a striking lesson from the words of Secretary Hughes, in the latter's disarmament address, "America can have no moral isolation where justice and liberty are concerned."

The Thanksgiving service was held at the First Baptist church, and was well attended. The collection was for the united charities campaign, and a substantial sum was realized.

Mr. Pittenger's text was from Deuteronomy 3:2, "Remember the word of the Lord who hath led thee all the way to bring thee to a good land."

Enumerating a few of the many things for which America has cause to be devoutly thankful, the speaker mentioned the assurance of national safety, the soundness of national credit, and the national prosperity as among the material things.

America's heritage of great men, Mr. Pittenger said, gave her cause for profound gratitude. The nation's educational system, its philanthropies, he cited also, as things for which to give thanks.

"We also have reason to be profoundly grateful," said Dr. Pittenger, "for the common goodness that is not recognized."

Mr. Pittenger closed with reference to America's relation to the rest of the world, and referred to Secretary Hughes' words, quoted above, as expressing the attitude that this nation should adopt as a policy for her guidance in foreign affairs.

Special music was provided for the service.

BLAMES WHISKEY FOR SHOOTING IN WHICH WIFE IS HIT

J. J. HILL TELLS OFFICERS HE DIDN'T KNOW WHAT HE WAS DOING.

MRS. HILL IN HOSPITAL SUFFERING FROM WOUND

Is Struck in Thigh While Seeking Refuge at Neighbor's Home Late Wednesday.

Charges of disturbing the peace and being intoxicated were lodged at the police station Thursday morning against J. J. Hill, local drilling contractor, as the result of a shooting affray near the Hill home, 2905 Eleventh street, early Wednesday night. Mrs. Hill is now confined at the Wichita General hospital with a painful bullet wound in one thigh.

Hill was turned over to county officials immediately after paying his fine at the city station and was released shortly after on bond.

When questioned Thursday morning as to his motive for the shooting Hill declared to Chief of Police Morgan and Detective Jack Miller that he did not know what he was doing. Corn whiskey was blamed by him for the regrettable affair, a view concurred in by the police.

The shooting took place, police reports stated, on the porch of the J. H. Crumpler home, 2907 Eleventh street, at 7:15 Wednesday night. Mrs. Hill, it is stated, was pursued by her husband to the Crumpler porch from their own home and was cared for by the latter family after being shot with a .380 calibre automatic. Mr. Hill was detained also until the arrival of police officers.

The condition of the man and the heavy arms which he carried rendered it difficult to quiet him, officers declared Thursday morning. He carried, in addition to the automatic, a shotgun, but this was not discharged at any time.

Mrs. Hill was removed to the hospital where it was found that the bullet had struck in the thigh and ranged downward, coming out just above the knee. Her condition was not regarded as serious, reports from the medical institution indicated Thursday.

Mr. Hill expressed deep regret over the affair Thursday morning and appeared anxious, to do everything possible to amend for the trouble.

MUNDAY DEFEATS CROWELL HIGH IN SPIRITED CONTEST

MUNDAY, TEXAS, Nov. 24.—The game between Crowell high school football team and the Munday high school team resulted in a 14-0 victory for the Munday team on the local gridiron Wednesday.

The battle was fought largely on Crowell's grounds, their only touchdown resulting from an intercept on forward pass. The spirited line plunges of Munday's heavyweight fullback, Atkinson, were easily the features of the game.

Cap Right This Time. BURTON ON TRENT, ENGLAND.—When a policeman attempted to arrest a crippled beggar, who said he was a disabled veteran, a crowd encircled him. He had to call for reserved. The "veteran" turned out to be strong and able-bodied.

HARDEMAN TESTS RESUME DRILLING AFTER SHUTDOWN

Recent advances in the crude oil market have given an impetus to drilling operations around Quannah and Hardeaman county and many tests that have been shut down for the past few months are preparing to resume work. During the week the Hale Petroleum company's deep test on the Wheat land, eight miles west of Quannah, has started cleaning out the hole and will resume drilling at once.

The well is down around 2,500 feet, and has some very good showings of oil and gas. It is the intention of the company to drill to 3,000 feet. Six miles northeast of Quannah the See-No-Shee Oil company has been shut down with a well in the hole, and is waiting on a new cable and some heavy tools before beginning operations.

North of Goodlett, on the Norton ranch, Frisell and associates are repairing the derrick and will start up in a few days; this test is located in the hole, and is waiting and is now down over 2,200 feet.

Spectacular Air Stunt Is Planned for Trades Event

An airplane pursuing a hooch car, with officers standing on the wings and shooting at the fleeing auto, will be among the spectacular stunts provided for the trades day to be staged by local merchants next Tuesday in connection with the disbanding here of the Sell-Phone and Federal Courts.

The stunt will be arranged by the Seymour Motion Picture company of Los Angeles, which has had a reputation for air stunts, and which will film the chase and show the picture here.

Arrangements for the stunts of Monday afternoon are being rapidly perfected, and wide publicity is being given the affair in the surrounding country.

CHRISTIAN JEW TO CONDUCT REVIVAL STARTING SUNDAY

Under the auspices of the First Presbyterian church, Rev. A. Lichtenstein, who is the president of the Hebrew Christian association of America, who has preached for 40 years especially to the Jews, and who is at present visiting the city, will have charge of the revival beginning next Sunday morning at 11 o'clock at the Floral Heights Presbyterian church, 1701 Kemp boulevard. An announcement from Rev. C. C. Dooley, pastor, says:

"Doctor Lichtenstein has occupied nearly all the pulpits in Wichita Falls, and has created much interest by the way he is representing the gospel, much good having already been accomplished."

"This meeting will be evangelistic in nature, and it will be interesting to hear a Jew give the simple gospel call to sinners with repentance. We want the public to come, pray and work with us."

"Services next week and for a indefinite time each evening at 7:30. Other services announced later."

Thanksgiving Day

is a day appointed for counting over our blessings, one of which should certainly be MONEY in the bank—

How much have you here?
Make up your mind today, to make steady deposits at Our Savings Department, so that you'll be better off next Thanksgiving than you are this.
