

# 46 MISSING, 29 INJURED IN FLOOD

## FORT WORTH HAS 35 MISSING AND 29 INJURED IN HOSPITALS; TRINITY RIVER IS RECEDING

FORT WORTH, April 26.—Recovery from its disastrous flood, extensive repairs, preparation for better protection and searching of the inundated portions for refugees and bodies of victims began today, as Fort Worth emerged from the high waters of the Trinity river and its tributaries.

One of the victims reported missing was accounted for this afternoon, reducing the estimated death toll to 35. Twenty-nine injured persons are in the hospitals.

DALLAS, April 26.—Forty-six persons were unaccounted for or were reported known dead today, as a result of the floods, and wind storms in Texas in the past 24 hours. The list was:

Fort Worth, 35 missing; Breckenridge, three reported drowned; Grand Prairie, two missing; Palmer, two reported drowned; Waco, one reported drowned; Somers, one drowned; Belton, one drowned; Mountain Creek, near Cleburne, one man reported killed in wind storm yesterday.

Actual casualties will be known only after the flood waters go and the lists of the missing and reports of drownings can be verified.

FORT WORTH, April 26.—Fort Worth today was surrounded on three sides by the sheet of water, extending over an area estimated at 25 to 30 square miles. The exact area of the flooded area has not been determined, there being none who have crossed the area to the city limits.

On the north the water extends from the court house to the limits of North Fort Worth, about two miles. The eastern area is from the Rock Island tracks to Riverside, about one mile. This area is about 30 blocks from the business district of Fort Worth. The water on the western boundary of the city extends from the Van Zandt viaduct, about 14 blocks from downtown, to the Van Zandt station, a distance of about one mile.

The property damages will be about \$1,000,000, according to estimates today.

FORT WORTH, April 26.—The body recovered from the flood today was identified this afternoon as that of W. G. Gentry, 25, 455 South 14th street, who was identified by two brothers of the dead man. He was said to have been helping in the rescue work.

FORT WORTH, April 26.—Miss Vesta Moore, 18, of near Waco, was reported alive by her brother, Mark Moore, of Kennedale, who was identified by two brothers of the dead man. He was said to have been helping in the rescue work.

DALLAS, April 26.—Postal officials here have asked authority to transport mail between Dallas and Fort Worth by airplane until regular channels of communication are restored.

FORT WORTH, April 26.—Games at Panther baseball park, where the fence and box office have been swept away by the flood, probably will be resumed May 4 when the Wichita Falls club is scheduled to open a series, it was said today.

FORT WORTH, April 26.—Thirty-five persons are dead or missing in the Trinity river flood here, a revised list indicates. The new unofficial list includes:

MRS. C. D. RENNELLS, 45, missing.

Unidentified woman and child, seen to drown.

W. H. HARRIS, believed drowned.

SHELLEY SELLERS, wife, mother-in-law and five children, missing.

ALLEN FAIRBANKS, brother of Allen wife and three children, White Settlement road.

MRS. G. W. PETER, 44, believed drowned when rescue boat capsized. (Continued on Page 9, Column 2.)

DALLAS, TEXAS, April 26.—Flood damage in Dallas county was estimated at \$500,000 at noon today by various officials. County officials said that \$250,000, highways \$100,000 and the remainder to various classes of property. Hundreds of persons were homeless.

The river reached 48 feet at Dallas before noon. At least two to five feet more water may be expected. The water was touching the beams of the street car tracks on the Oak Cliff levee.

Effect of the Tuesday night rains in the Trinity river shed above Fort Worth were expected to be felt in about two days.

Arrangements were being made this afternoon to provide tents for the homeless.

SEVERAL ARE NARROWED

TEN MILES FROM DALLAS

DALLAS, TEXAS, April 26.—A boat and men from the sheriff's office today were rushed to Irving, about 10 miles from Dallas where it was reported 12 or 13 persons were marooned on bridge tops.

Weather indications were for scattered showers this afternoon, and tonight, but unless there should be heavy rains, the river stages were not expected to be affected materially, it was said.

At 7 o'clock the river here showed 39 feet, and a further rise of two to four feet might be expected, according to weather bureau officials.

No loss of life in Dallas and immediate vicinity had been reported and peace officers believed all residents of lowlands had escaped. However, two persons were reported missing near Grand Prairie, between here and Fort Worth.

Reports of rainfall from points in the Trinity watershed showed 1.75 inches at Gainesville Tuesday night, and 1.42 inches since 9 o'clock last night at Bowie, in the Elm Fork basin.

Large tracts of lowlands outside the city along the Trinity were under water, and crop damage will be heavy.

Train and interurban service through Dallas was interrupted by downed trains were running.

M. K. T. trains north and south were running.

There were washouts on the T. & F. east and west of Dallas. Train No. 3, from the east arrived 24 hours late. East bound No. 4 did not leave Dallas at 7 & 2 trains were annulled, temporarily.

Houston and Texas Central trains were detouring by way of Waxahatchie.

The interurban companies were able to get cars through on the Denison line only. The Waco line was operating to Lancaster only, and from Waco to Waxahatchie. The Corsicana cars were running as far south as Ferris, and from Corsicana as far north as Palmer.

NO GAME ACCOUNT OF WET GROUNDS

No game will be played today between the Spudgers and Gassers at Shreveport on account of wet grounds, and the Times' Sport Edition will be postponed until conditions permit a resumption of play.

NO GAME ACCOUNT OF WET GROUNDS

No game will be played today between the Spudgers and Gassers at Shreveport on account of wet grounds, and the Times' Sport Edition will be postponed until conditions permit a resumption of play.

## OVERRIDE MOTION FOR REHEARING IN AUSTIN KLAN CASE

### SAYS TARIFF WILL BOOST PRICES AND LOWER PRODUCTION

AUSTIN, April 26.—The court of criminal appeals today overruled a motion for a rehearing in the case of J. D. Copeland, police commissioner, and F. G. Reynolds, clerk of a fraternal order, cited for contempt of court in connection with their alleged refusal to answer questions of the grand jury concerning their membership and the membership of others in the Ku Klux Klan.

This final action upon the part of the court will mean that the men must go to jail and remain there until they answer the questions asked them by the grand jury, it is said.

Commissioner Copeland and Mr. Reynolds are at present out on bond of \$500 each. The decision of the court does not become effective until the mandate is issued. Friday is the customary day for the issuance of mandates and the men will remain out on bond until that time, unless a request is made and granted by the mandate is issued before that day, according to court officials.

The men were summoned to appear before the grand jury in connection with the jury's investigation of the killing of Peeler Clayton near the "Klan Hall" the night of December 8, 1921.

## RENEW EFFORT TO PROMOTE PEACE IN TROUBLED IRELAND

DUBLIN, April 26.—Efforts to secure peace in southern Ireland were renewed today with the resumption of the conference between free state and republican leaders. The conference was adjourned last Thursday. Three labor delegates were in attendance with free state and republican leaders. The conference was a statement issued by the labor delegates, were that the labor delegates were in attendance with free state and republican leaders. The conference was a statement issued by the labor delegates, were that the labor delegates were in attendance with free state and republican leaders.

## COMMISSION RULING IS FAVORABLE TO THE FRENCH GOVERNMENT

WASHINGTON, April 26.—The French government which lost under a decision handed down yesterday by the inter-state commerce commission, won a ruling in another case today.

## STANDARD OIL COMPANY INCREASES EXPORT PRICE OF GASOLINE ONE CENT

NEW YORK, April 26.—The Standard Oil company of New Jersey announced an increase of one cent per gallon in the export price of gasoline today.

## MISSING SEAPLANE HAS BEEN LOCATED AT WILSON ISLAND

MIAMI, FLA., April 26.—The seaplane, Santa Maria, missing since early Monday when it began a search for Key West, today was found at Wilson Island, according to a wireless message received here today at 11:30 a. m. from Havana.

## ELECTRICAL STORM SETS FIRE TO TANKS IN ELIASVILLE FIELD

ELIASVILLE, TEXAS, April 26.—An electrical storm which began about 3:10 a. m. Tuesday and lasted for two hours did much damage in the southwest Eliasville field. The tanks were lighted until they broke down from the burning of oil tanks that were ignited by lightning. The tanks of the Midkissan Oil and Gas company caught on fire and almost all of the tanks were destroyed. Four tanks of the Midkissan Oil and Gas Co. were destroyed. The tanks of the J. W. Hill, Account 2 No. 1 well, Ruler et al. at least two tanks of oil and gas and Neble's largest storage tank caught on fire and were destroyed by lightning on the Brown lease.

## NO EVIDENCE THAT DYNAMITE IS USED ON TRINITY LEVEES

FORT WORTH, April 26.—Evidence of dynamiting of the levees along the Trinity river was not found today and further developments in the report that unknown persons caused the breaks in the levees were lacking. Flood workers along the river expressed the opinion that the report was started when shots fired yesterday to warn persons in the lowlands were heard. Sanitation measures to be taken by the city will depend upon a survey being made today. The situation, however, is not expected to be serious, due to the washing of the debris, including dead livestock, beyond the city. Probably the most serious problem will be the disposal of the mud and silt that has been deposited by the overflow.

## U. S. MARINES TO PROTECT AMERICANS

MANILA, P. I., April 26.—Admiral Joseph H. Huron, commander of the Asiatic squadron, departed today for Chin-Wang-Tao with three companies of marines. Admiral Huron said the purpose of the movement was to protect American interests in China in the event they are menaced by a clash between Chinese factions.

## WANT AN ECONOMIC CONFERENCE CALLED

Plan Suggested at Convention of the Mississippi Valley Association

KANSAS CITY, April 26.—A resolution calling upon President Harding to call a world economic conference in Washington was before the annual convention of the Mississippi Valley association here today.

The resolution reads: "In view of the precarious conditions surrounding the present economic conference at Genoa, the United States has in attempting to compose the commercial, political, social and moral situation in the world today, and in order to stabilize general economic conditions and avoid further possibilities of world conflict, the Mississippi Valley association respectfully requests the United States and its advisers to consider without unnecessary delay the wisdom of endeavoring to assemble at Washington an actual world economic conference with reasonable assurance of the same impressive results that attended the recent conference for the limitation of armaments."

## PLAN GRAND JURY INVESTIGATION OF LOS ANGELES KLAN

ACTION TAKEN FOLLOWING VERDICT AT INQUEST ON TUESDAY

CITY COUNCIL PROPOSES ORDINANCE OF DISGUISES

Klan Leader Declares Raid Not Official Act of the Organization

LOS ANGELES, April 26.—District Attorney Thomas Lee Woolf, today characterized the Ku Klux Klan as "a hooded band of outlaws and cowards" in a statement issued shortly after receiving by postal card a warning signed "K. K. K."

The post card warning, mailed yesterday in Los Angeles read as follows: "Friend Tom: Better have your force go slow on this ingewood matter. (Signed) K. K. K."

LOS ANGELES, April 26.—Immediate convening of a grand jury to investigate the raid at Inglewood, a suburb, Saturday night—presumably instigated and directed by members of the Ku Klux Klan—according to a coroner's jury which sat at the inquest over the body of the man in whose death it resulted—was considered probable today by county officials.

The Los Angeles city council adopted a resolution calling upon the city attorney to prepare an ordinance directed against the wearing of "disguises."

Judge Frank R. Willis, presiding judge of the Los Angeles superior court, took action leading to a grand jury investigation immediately after he had been informed of the verdict reached at the inquest over the body of Melford B. Mosher.

The testimony at the inquest directly involved the Ku Klux Klan and brought into the records the names of several persons as having been present at a meeting at which the raid was said to have been planned.

The raid was "positively not an official act of the Ku Klux Klan," the county attorney and grand juror, Pacific Domain of the Klan. "I am anxious to assist the authorities in the prosecution of the Klan," he said.

W. C. Price, Los Angeles, king klegg, said it "had been hinted" he might have been present during the raid.

"My silence on this score is most conclusive," he said. "Neighbors of mine can testify I was at home developing pictures all during the time the affair was going on."

All blame for the night riders raid of Saturday night was placed by William S. Coburn, supreme attorney and grand juror of the Knight of the Ku Klux Klan, upon the slain constable, Melford B. Mosher, in the official statement dictated today to the Associated Press by the general attorney for the Klan.

## DELEGATES WONDERING WHAT WILL COME NEXT

GENOA, April 26.—There have been so many thrills in rapid succession at the economic conference that delegates and spectators alike, today are wondering what will come next.

The Italian statement as sponsors of the conference were joined by Mr. Lloyd George, M. Barthou, M. Theunis and the leaders of the lesser states in fervently hoping that the thing might really be done about Russia, the supreme remaining subject for discussion.

The alliance and neutral powers seemed determined to give the Russians another chance to come to terms and there is hope that crises brought on by the soviet latest demands will pass. Mr. Lloyd George particularly appreciates the difficulties in the way of the Russians relinquishing the practical doctrine of the nationalization of property which incarnates the very fundamentals of the bolshevik preachings and efforts may be made to settle the question of the status of private property in Russia so that the communist leaders may save their faces on their pet principle.

RICHARD WASHBURN CHILD IS CENTER OF INTEREST

GENOA, April 26.—Snapshot photographs of Richard Washburn Child, the American ambassador, find ready sale here. Mr. Child stands in Genoa as a representative at the economic conference of all that America may or may not do for Europe. When he enters or leaves his hotel he is always surrounded by a curious crowd. When not occupied with his official duties he is sought by the delegates to whom he is entertaining him daily.

WILL HOLD MEETING TO DECIDE PLAN OF ACTION

GENOA, April 26.—The signatories of the treaty of Versailles will hold a meeting, probably within a fortnight, to solicit fuller information of the French attitude indicated in Premier Poincare's Bar-le-Duc speech and to decide upon all allied action in the event of German unwillingness to meet her reparations obligations on May 21.

## BULLINGTON MAY RUN AS INDEPENDENT FOR PLACE IN CONGRESS

Washington, well known local politician, will probably become a candidate for congress for the unexpired term of the late Lucia W. Parrish, it became known Wednesday.

Mr. Bullington, if he decides to enter the race, will do so as a non-partisan candidate. Although it is understood he was solicited to enter the contest by local republicans, as a republican candidate, telegrams received Wednesday from him stated that he would not run on a party ticket, if he entered the race, but as an independent. It is expected that Mr. Bullington, who is now in

## THREE PEOPLE ARE REPORTED DROWNED AT BRECKENRIDGE

BRECKENRIDGE, TEXAS, April 26.—Three persons are reported drowned in the sudden flooding of Gonzalez creek here at 2 o'clock this morning, which ousted 300 sleeping residents from their homes. Reports of death could not be verified. Two prisoners left the county jail, built rafts and assisted in rescuing residents from their water surrounded homes. One man was rescued after three hours in the water.

## HOUSTON CASE GOES TO MASTER IN CHANCERY

HOUSTON, TEXAS, April 26.—By agreement of opposing counsel the case of James H. Houston, receiver of the International & Great Northern railroad company against the Pierce Oil corporation, seeking \$2,568,125 for alleged breach of contract on fuel oil taken from the jury today in federal court.

Because of the large amount of evidence the lawyers agreed to try the case before Thomas H. Ball, master in chancery. They set the hearing for Monday.

## HOUSTON CASE GOES TO MASTER IN CHANCERY

HOUSTON, TEXAS, April 26.—By agreement of opposing counsel the case of James H. Houston, receiver of the International & Great Northern railroad company against the Pierce Oil corporation, seeking \$2,568,125 for alleged breach of contract on fuel oil taken from the jury today in federal court.

Because of the large amount of evidence the lawyers agreed to try the case before Thomas H. Ball, master in chancery. They set the hearing for Monday.

## COUNSEL FOR THE GOVERNMENT URGES HIGH RIVER BLUFF

CONTENDS BOUNDARY IS AT FOOT OF THE BLUFF ON THE TEXAS SIDE

NUMEROUS MAPS ARE EXHIBITED TO COURT

WASHINGTON, April 26.—Counsel for the government continued the oral argument in the supreme court today in the Red river case, contending that the boundary between Oklahoma and Texas is at the foot of the high bluff on the Texas side.

Several maps were exhibited to the court showing the Big Bend territory and conditions there were used as common throughout the course of the argument. The desks of the justices were also covered with maps prepared by the government in support of its position. Documents were presented to show that the government sought a boundary with Spain which would be permanent in character. In support of this phase of the case the difficulties which would constantly arise at a shifting boundary located at the edge of a stream which was always changing and during a part of each year was not marked by standing water at all, were emphasized.

The stream in the receivership territory where oil and gas wells have been referred to by government counsel as an "opera house" river, which when there is running water in the river bed, in most places in several streams, some along the foot of the gorge bluffs, first on one side and then on the other, and at places along both.

This constant change would make it futile, the government asserts, to mark now as the boundary the water margin of a water which is flowing in the river bed, because the markings would not be permanent as locating the point of actual flow of the stream territory.

## ALLIED PACKERS PURCHASE WESTER PACKING PLANT

CHICAGO, April 26.—Purchase of the United Packing and Commission company by the Allied Packers, Incorporated, which took over the Western plant, was announced today.

The deal, which was announced by the Allied Packers, Incorporated, was a statement issued by the company, which took over the Western plant, was announced today.

## RESIGNS AS EDITOR OF OKLAHOMA PUBLICATION

MUSKOGEE, OKLA., April 26.—N. S. Morrison today announced his resignation as editor of the Oklahoma Herald, a weekly publication here that claims to be the official organ in Oklahoma for the Ku Klux Klan. Morrison said he was not in sympathy with the paper's policy.

## DEMAND GERMANS DELIVER FIFTEEN PEOPLE FOR TRIAL

By Associated Press.

Paris, April 26.—The allied council of ambassadors today delivered a note to Dr. Mayer, the German ambassador, demanding that the German government hand over at once some 15 individuals for whom warrants have been issued in connection with the hand grenade attack on the French barracks in Paderborn, Upper Silesia, three months ago.

The council asks that the individuals be delivered to the custody of the inter-allied commission in Upper Silesia. The requisition says the men took refuge in Germany after the attack on February 1, in which two French soldiers were killed and 25 wounded.

## MISSING SEAPLANE HAS BEEN LOCATED AT WILSON ISLAND

MIAMI, FLA., April 26.—The seaplane, Santa Maria, missing since early Monday when it began a search for Key West, today was found at Wilson Island, according to a wireless message received here today at 11:30 a. m. from Havana.

The radio, which was sent by one of the naval planes sent out early today by Commander Albert C. Read, stated that the passengers on the Santa Maria were taken to Nassau by a small boat, while the pilot and the mechanic remained with the plane.

## HOUSTON CASE GOES TO MASTER IN CHANCERY

HOUSTON, TEXAS, April 26.—By agreement of opposing counsel the case of James H. Houston, receiver of the International & Great Northern railroad company against the Pierce Oil corporation, seeking \$2,568,125 for alleged breach of contract on fuel oil taken from the jury today in federal court.

Because of the large amount of evidence the lawyers agreed to try the case before Thomas H. Ball, master in chancery. They set the hearing for Monday.

## ELIASVILLE, TEXAS, APRIL 26.—An electrical storm which began about 3:10 a. m. Tuesday and lasted for two hours did much damage in the southwest Eliasville field. The tanks were lighted until they broke down from the burning of oil tanks that were ignited by lightning. The tanks of the Midkissan Oil and Gas company caught on fire and almost all of the tanks were destroyed. Four tanks of the Midkissan Oil and Gas Co. were destroyed. The tanks of the J. W. Hill, Account 2 No. 1 well, Ruler et al. at least two tanks of oil and gas and Neble's largest storage tank caught on fire and were destroyed by lightning on the Brown lease.

Heavy rains accompanied the electrical storm of the creek and rivers in this section are up.

## U. S. MARINES TO PROTECT AMERICANS

MANILA, P. I., April 26.—Admiral Joseph H. Huron, commander of the Asiatic squadron, departed today for Chin-Wang-Tao with three companies of marines. Admiral Huron said the purpose of the movement was to protect American interests in China in the event they are menaced by a clash between Chinese factions.

Plan Suggested at Convention of the Mississippi Valley Association

KANSAS CITY, April 26.—A resolution calling upon President Harding to call a world economic conference in Washington was before the annual convention of the Mississippi Valley association here today.

The resolution reads: "In view of the precarious conditions surrounding the present economic conference at Genoa, the United States has in attempting to compose the commercial, political, social and moral situation in the world today, and in order to stabilize general economic conditions and avoid further possibilities of world conflict, the Mississippi Valley association respectfully requests the United States and its advisers to consider without unnecessary delay the wisdom of endeavoring to assemble at Washington an actual world economic conference with reasonable assurance of the same impressive results that attended the recent conference for the limitation of armaments."

PRESIDENT OF THE PUBLISHERS URGES LOWERING OF COST

DISCUSSES ELIMINATION OF WASTE AND WAGE ADJUSTMENTS

OPPOSES 44-HOUR WEEK IN NEWSPAPER OFFICES

Suggests Encouragement of the Apprenticeship School Movement

NEW YORK, April 26.—Placing the full weight of the American newspaper publishers' association against any effort to introduce a 44-hour work week in newspaper shops and declaring that there cannot be any reduction in newspaper advertising subscription rates at this time, T. R. Williams of the Pittsburgh Press, and president of the association, called upon members at the opening of the annual convention today to eliminate waste in the newspaper plant of the country and get behind the apprenticeship school movement in order to prevent a shortage of skilled help in newspaper plants.

Calling attention to the achievements of President Harding, himself a publisher, Mr. Williams urged his hearers to follow the example of their illustrious fellow craftsman, and as he had led in the scrapping of engines of war to promote international cooperation, for the publishers to scrap the wasteful and antiquated methods in their ultimate results are harmful not only to those upon whom they are used but to those who use them as well. Only by this method will this association obtain its fullest results, he added.

"Undoubtedly one of our chief needs is a further lowering of the cost of production and the elimination of waste," said Mr. Williams. "The former lies chiefly beyond the immediate control of the publisher, the latter is entirely within his own power."

"As a further alleviation of the high cost of production, many insist that the chief cause is a reduction in the wage of the skilled workmen."

"While it is conceded that some reduction in the wage of the very best workmen is being paid, and while these reductions seem certain to come in course of time, yet there is another and I think, better light which to consider in connection with securing greater and more efficient returns from labor. Publishers generally are not averse to giving labor a high wage in keeping with the experience and skill required by the business, but in return they have a right to insist upon a day's work in constructive labor, producing some of real value to the employer."

"During the period of business readjustment we have been passing through the publisher has been forced to look out for the elimination of waste, increasing of efficiency and of lowering of cost on every hand. Is it not a good time for the newspaper printing trades unions to do likewise? In this day of industrial economy when lowering of the cost of producing the necessities of life means so much to the welfare of mankind, does it not seem strange that trades unions should have in their code of laws regulations designed exclusively for the purpose of creating jobs and not producing useable productions for the employer?"

TEXAS TRAFFIC MEN TO HAVE MEETING APRIL 29

DALLAS, April 25.—A meeting of Texas traffic men and shipping interests has been called by the transportation department of the Texas chamber of commerce to gather in this city Saturday, April 29, to consider action to be taken with reference to the hearing upon grain rates to be held in Kansas City, May 29. In this case certain Kansas City grain men ask the elimination of alleged discriminatory rates to Texas points from the panhandle and New Mexico as against rates to Kansas City from the panhandle and New Mexico.

The Texas railroad commission will be represented at the meeting Saturday as well as the wheat shipping interests and grain men of the panhandle and seaport cities. This meeting will decide upon a concerted action to fight the attempt of the Kansas City interests to have present rates altered.

Oil of the latruncula berries, a product of sandy coastal regions of several Brazilian states, is reported to be equal to the best olive oil, both as food and medicine.

HELP IS WANTED; NEGRO CAN'T FIND PLACE HE ROBBED

Juvenile Officer R. L. Yates and a young negro boy are crying for help. The boy in charge told the juvenile officer that he broke into a garage and stole the automobile tools that are now in the custody of the officer.

All day Tuesday Mr. Yates carried the boy all over the city in an effort to locate the garage that the boy said he had broken into. But the boy was unable to find it. He is absolutely at a loss.

The tools are fitted for a Pierce-Arrow car and Mr. Yates asks any person who drives a Pierce-Arrow and who has missed some tools during the past week to call at his office in the courthouse and identify them.

LEWIS HOLDS TITLE IN ZBYSZKO BOUT

Pole Unable to Get Wrestling Crown Back But Gets One Fall

KANSAS CITY, MO., April 26.—By taking the first and third falls, "Strangler" Lewis, heavyweight wrestling champion, retained his title in a hot here last night with Stanislaus Zbyszko. Lewis obtained the first fall with a head lock in 22 minutes 18 seconds. Zbyszko took the second in 12 minutes 42 seconds, using the head scissors and arm lock. The champion used a half-nelson and crotch hold to get the third fall; time, 26 minutes 27 seconds.

KNOT HOLE GANG MEMBERS TO CAMP OUT FRIDAY NIGHT

Weather permitting, members of the Rotary "knot hole" gang will spend Friday night camping on the banks of the Wichita river about five miles from the center of the city. The boys, who will be in charge of Douglas Pipes, will meet Friday at 8 o'clock at Athletic park instead of 4 o'clock as was previously announced. The hour was changed when it was learned there would be no archery Friday.

All the paraphernalia necessary for camping will be taken on a truck to the site which has been selected, but will march in a body. An open field meet will be held Saturday and the boys will return early Saturday night.

"The Truth About Husbands" Some Women Could Tell But Won't!

EVERYBODY ASKS FOR NEW KIND OF CALOMEL

Calotabs, the De-Nauseated Calomel Tablet, is in Great Demand Because of its Freedom From Unpleasant and Dangerous Effects.

Have you tried the new calomel tablet that makes calomel taking a pleasure? If you have you appreciate the wonderful virtues of calomel when robbed of its unpleasant and nauseating effects.

Calotabs is the sensation of the drug trade. Pharmacists regard it as a practically perfect remedy for the liver. Its effect in biliousness, constipation and indigestion is delightful.

The next time your liver needs a thorough cleansing try Calotabs. One tablet at bedtime, with a swallow of water—that's all. No taste, no nausea, no griping. Wake up in the morning feeling fine, with your system thoroughly cleaned and a hearty appetite. Eat what you please—no danger.

Beware of imitations! Genuine Calotabs are sold only in "checkered" (black and white) packages bearing the copyrighted trade-mark "Calotabs." The large, family size sells for 35 cents; vest-pocket size, 18 cents. All dealers are authorized to refund the price if you are not delighted with Calotabs. (adv.)

SEVERAL KILLED AND MUCH DAMAGE DONE BY AN EARTHQUAKE

By Associated Press. TOKIO, April 26.—A heavy earthquake centered in Tokio, occurred at 10:15 o'clock this morning. Considerable damage was done to buildings in the city and their contents.

The earthquake was preceded by an eruption yesterday of Mount Asama-Yama, 30 miles northwest of Tokio, which broke out with a loud report, pouring forth volumes of ashes, stone and smoke. No serious damage was caused by the eruption.

The earthquake caused several deaths. None of the victims were Americans or Europeans. There were narrow escapes from collapsing chimneys and walls.

DESDEMONA OUTLINES A BUILDING CAMPAIGN

DESDEMONA, TEXAS, April 26.—The citizens of this city are now outlining plans for the most extensive program of building in the history of Desdemona. An imposing \$75,000 school building is now under construction. While the new Baptist church has just been completed, a cost of \$10,000. The Magnolia Petroleum company is now constructing a casing head gas plant which is stated to be the largest in the world. The local oil field now has 17 casing head gas plants. The city of Desdemona now has a payroll of exceeding \$15,000 a month. A large number of the old oil fields are now being cleaned out, while three new rigs were placed under way this week.

Porter A. Whaley, manager, and H. H. Ellzey, chief clerk of the west Texas chamber of commerce were in this city yesterday consulting with local citizens in plans for an enlarged chamber of commerce.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

NEWSPAPER MAN IS HELD IN CONNECTION WITH TAYLOR CASE

SAN FRANCISCO, April 26.—Honora C. Conette, newspaper man, taken into custody by Detective Sergeant A. J. Wynne of Los Angeles on his arrival here yesterday from Hilo, T. H., today had completed a 15-page typewritten statement in answer to questions asked by the officer in the belief that Conette would throw some light on the death of William Desmond Taylor, film director.

Conette consented to remain in custody at a San Francisco hotel until Wynne could receive further instructions from District Attorney Thomas A. Woolwine of Los Angeles.

He was taken into custody, it was said, on information furnished by the Los Angeles authorities by officials of Hilo. Conette left Los Angeles shortly after the slaying of Taylor, February 7, Wynne said, and sailed from San Francisco to the Hawaiian island, February 7.

Is Backache Making You Miserable

Are you dull, tired and aching—bothered with a bad back? Do you lack ambition, suffer headaches and dizziness—feel "all worn out"? Likely your kidneys are to blame. Lameness, sharp, stabbing pains, backache and annoying urinary disorders are all symptoms of weakened kidneys. Don't wait for more serious trouble. Get back your health and keep it! Use Doan's Kidney Pills. Home folks, tell their merit. Ask your neighbor!

Here's a Wichita Falls case: Mrs. M. L. Yearly, 367 Sixth street, says: "My kidneys acted me miserably. Morning I could hardly straighten because of the pain through my back. If I stooped I got dizzy and I often had headaches. My kidneys acted irregularly. I couldn't do my housework and I tried different remedies but found no relief until Doan's Kidney Pills cured me."

CAR SMASHES INTO DRUG STORE WINDOW EARLY WEDNESDAY

The glass was splintered to bits, the heavy steel sill was fractured, and the iron grating underneath the window was broken into several pieces. The car was not damaged and Mr. Robertson and other occupants of the machine were unharmed.

Mr. Robertson was arrested immediately after the accident, and was fined in police court for reckless driving. He also agreed to pay for the damage to the hotel building. He told officers that the car was going about 15 miles an hour at the time of the accident.

### NEW WELLS AROUSE MUCH ACTIVITY IN GRAHAM TERRITORY

ESPECIALLY IS THIS TRUE OF MILLER-HORNER AND DALTON DISTRICTS

#### LATTER BEING WATCHED WITH SPECIAL INTEREST

Supply Companies Are Doing Large Business Result of New Developments

GRAHAM, TEXAS, April 25.—With the Miller-Horner-Taylor on the Herron lease making around 500 barrels of oil at 2,550 feet, with the Gulf, Carmack, reported at 700 barrels Sunday, and the Dalton, just over the line in Palo Pinto county, making better than 1,000 barrels, business is getting livelier in Graham.

The Miller-Horner-Taylor, which is nine miles southeast from Graham, came in Thursday morning from what appears to be a true oil sand. Drillers and field men are of the opinion that the Miller-Horner sand found in this section, closely resembling Bartlesville sand of Oklahoma. Most of the acreage around the well is owned by individuals or small companies, which insures a rapid development of the field. The further fact that the upper sands found near this well, one at 1,700 feet and another at 2,377 feet, which are now producing, and the Penn Cities Herron No. 2 with a good showing of both oil and gas at 2,000 makes it look all the more inviting.

The Dalton is also being watched with special interest by operators since it means an extension of the original Bunker pool several miles to the southeast. Leases are changing hands rapidly in this vicinity and already acreage has been made.

The roads leading out of Graham to the Miller-Horner and Dalton districts are literally clogged with traffic. The big oil field supply houses of Graham are loading out material into these fields day and night.

The Graham chamber of commerce will undertake to keep these roads in passable condition at all times, notwithstanding the constant grind of heavy traffic.

Graham is the natural and logical distributing point for this entire pool and with the Oil Well Supply Co., Frick-Reid Supply Co., and the Supply Co., Continental Supply Co., Wagner Supply Co., National Supply Co., North Texas Supply Co., Atlas Supply Co., Marion Boundary Supply Co., Federal Supply Co., Republic Supply Co., Keystone Supply Co., Parkersburg Rig & Reel Co., Black-Sullivan-Bryson, United and Standard Tank companies, no one can doubt that she is amply prepared to take care of the oil field trade.

Another matter of no small importance to the oil operator is the Anderson Manufacturing company's plant located at Graham. This company has more than \$100,000 in plant and is prepared to handle everything in their line, it matters not how large or how small.

The consolation of knowing that they can get any kind of work done at any time you want it done is worth a good deal to the man who is drilling a well.

In addition to the various oil field supply companies now operating at Graham, the city has several of the largest lumber yards in north Texas, and as a result of the little oil field towns that spring up with every new "hit," they are doing a thriving business.

Drilling operations were greatly hindered during the fall and winter months by reason of the continued drought but with the coming of general rains all water trouble has vanished.

The Ranger Gas company is pushing its lines into every part of the field and with abundant water and fuel for drilling purposes, Young county bids fair to be the most active spot in Texas during the spring months. The high gravity of the oil, the shallow depth at which it is found and the six different sands in which it is found all tend to make Young county attractive.

#### NEW PUBLIC WORK FOR POINTS IN WEST TEXAS

STAMFORD, TEXAS, April 25.—New public work for west Texas is announced as follows by the west Texas chamber of commerce:

Clarendon will receive bids May 1 for \$75,000 water works system. Pecos, Reeves county and Palo Pinto county will receive bids April 25 for road construction. Palo Pinto plans covers the creating and building structures on the Minnie road beginning at straw and extending east about three miles. Glen Rose will receive bids on May 1 for the construction of four miles of state highway No. 25. Coleman has already let contract covering the construction of a system of permanent highways in Coleman county. And Glendon has let contract for eight miles on lateral roads leading out from that city. Ward county has let contract at \$10,000 for the improvement of approximately 13 miles of state highway No. 1.

Dadson, Anson, and Paducah are anticipating voting bonds for street paving.

#### HEAVY POLICE COURT DOCKET WEDNESDAY; GAMBLERS PAY FINES

The police court had its biggest docket in several weeks Wednesday morning, the traffic officers being busy having to a busy day Tuesday. The cases numbered 21.

Seven men who were arrested in a downtown room pleaded guilty to gaming and were fined \$15 each. One man paid fines for two of his companions who apparently had not found the hole-card so pleasing to look at.

Most of those arrested on traffic charges entered pleas of guilty.

#### R. L. HENRY SPEAKS IN VERNON ON THURSDAY

VERNON, TEXAS, April 25.—Robert L. Henry of Waco, candidate for the United States senate, will address Vernon and Wilbarger county voters Thursday at 8 p. m. in the district court room here. There is much interest in Mr. Henry's candidacy in this section.

Bargains in wall paper at the Decorators Co. 243-71c

### R O B GROCERIES OF MEAT, PIE, BANANAS, CHEESE AND SNUFF

Two grocery stores were robbed some time Tuesday night, according to reports to the police Wednesday morning.

Somebody who entered the store of Eimer Rahl at 1104 1/2 Ohio took 400 pennies, some pies, condensed milk, chewing gum, smoking tobacco, bananas and candy.

More substantial diet was required for the miscreant who broke into the store of Alex Michael on Fifth street. Here bacon, flour, corn meal, butter, cheese, crackers, potatoes and some snuff were taken.

Rahl reported that his store was entered by someone who evidently had a key to the door. Entrance to the other store was forced.

#### NEXT WEEK IS SET ASIDE FOR TRIAL OF MISDEMEANORS

Judge Guy Rogers of the county court at Law has set aside the entire week beginning next Monday morning for the trial of criminal cases. Lists of cases have been set for the first three days of the week entered which the trial of those not reached earlier in the week will be held.

The case settings as announced follow:

**Monday.**  
6601—O. Anderson, gaming.  
6602—Lena Sparks, vagrancy.  
6603—F. L. Benedict, embezzlement.  
6604—J. F. Murphy, traffic violation.  
6605—Eugene McKinney, disturbing peace.  
6606—Jim Sherrill, gaming.  
6607—Henry Knight, pistol.  
6608—S. M. Gilbert, gaming.  
6609—H. H. Myers, swindling.  
6610—Robert Clark, disturbing the peace.

**Tuesday.**  
6611—A. Portie, swindling.  
6612—George Johnson, theft.  
6613—Geo. Dimock, plumbing violation.  
6614—Earl Day, gaming.  
6615—Kearns & Griggs, plumbing violation.

**Wednesday.**  
6616—H. H. Austin, aggravated assault.  
6617—H. H. Austin, aggravated assault.  
6618—W. T. Draw, aggravated assault.  
6619—Joe Campbell, swindling.  
6620—Bonnie Pearce, vagrancy.  
6621—Ruth Rollins, vagrancy.  
6622—W. R. McGinty, swindling.

Rockwood pottery makes a wedding present that is appreciated. The Decorators Co. 243-71c

CHAPTER V

The road narrowed to a mere trail; Ba'tiste tugged on the reins, and motioning to Barry, left the wagon, pulling forth an axe and heavy, cross-cut saw as he did so. Ba'tiste stopped and motioned toward a tall spruce.

The axe gleamed in blow after blow. A deep incision appeared in the trunk of the tree, and at the base of it Ba'tiste started the saw, Barry working on the other end with his good arm.

"Look out!"

A crackling sound had come from above. Ba'tiste abandoned the saw, and with one great leap caught Houston and pulled him far to one side, as with a roar, the spruce seemed to vertically disintegrate. Its trunk spreading in great splintered slabs, and the tree proper crashing to the ground in the opposite direction to which it should have fallen, breaking as it came.

A moment Ba'tiste stood, with his arm still about the younger man, waiting for the dead branches, scattered from other trees, to cease falling, and the disturbed needles and dust of the forest to settle.

"Get break up like an ice jam!" came at last. "That tree, he is not made of wood. He is of glass!"

Barry joined him, studying the splintered fragments of the spruce, suddenly to bend forward in wonderment.

"That's queer. Here's a railroad spike driven clear into the heart!"

"Huh? What's that?" Ba'tiste bent beside him to examine the rusty spike, then hurried to a minute examination of the rest of the tree. "And another," came at last. "And more!"

Four heavy spikes had revealed themselves now, each jutting forth at a place where the tree had split. Ba'tiste straightened.

"Ah, out! Et is no wonder! See? The spike, they have been in the tree for maybe one, two, three year. And the tree, he is not strong. When then winter come, last year, he split inside, from the frost, where the spike he spread the grain."

"Wait!" Ba'tiste, suddenly serious, turned away into the woods, to go slowly from tree to tree, to dig at them with his knife. "I have found another!"

"The spike, they are all in this little section," he said finally. "I have cruised all about here—there are no more."

"But why should trees grow spikes?"

"Ah, why? So that saws will break at the right time! Et is easy for the iron hunter at the mill to look the other way—see he knows what the boss want. Et is easy for the sawyer to step out of the way when the blade, he hit a spike!"

A long whistle traveled over Houston's lips. This was the explanation of broken saws, just at the crucial moment!

"Simple, isn't it?" he asked caustically. "Whenever it's necessary for an accident to happen, merely send

ing of a curt nod and averted eyes. "Baybe we'd better just go alone, Ba'tiste."

"Tree? When. We shall go into the forest. We shall learn much."

CHAPTER V

The road narrowed to a mere trail; Ba'tiste tugged on the reins, and motioning to Barry, left the wagon, pulling forth an axe and heavy, cross-cut saw as he did so. Ba'tiste stopped and motioned toward a tall spruce.

The axe gleamed in blow after blow. A deep incision appeared in the trunk of the tree, and at the base of it Ba'tiste started the saw, Barry working on the other end with his good arm.

"Look out!"

A crackling sound had come from above. Ba'tiste abandoned the saw, and with one great leap caught Houston and pulled him far to one side, as with a roar, the spruce seemed to vertically disintegrate. Its trunk spreading in great splintered slabs, and the tree proper crashing to the ground in the opposite direction to which it should have fallen, breaking as it came.

A moment Ba'tiste stood, with his arm still about the younger man, waiting for the dead branches, scattered from other trees, to cease falling, and the disturbed needles and dust of the forest to settle.

"Get break up like an ice jam!" came at last. "That tree, he is not made of wood. He is of glass!"

"The spike, they are all in this little section," he said finally. "I have cruised all about here—there are no more."

out into the woods for a load of timber from a certain place.

"I've seen enough, Ba'tiste. I'm going to Denver and contract myself an entirely new crew."

They drove in silence to the clearing of Barry's mill, with its bunk house, its diminutive commissary Houston leaped from the wagon but at the door of the commissary he whirled, staring. A buggy was just

coming over the brow of the little hill which led to the mill property. Some one had called to him—a woman whose voice had caused him to start; they, a second later, to go running forward.

Agnes Gordon was beside Thayer in the buggy, leaning forth, one hand extended as Barry hurried toward her, her black eyes flashing eagerly, her full, yet cold lips parted.

her olive-skinned cheeks enlivened by a flush of excitement as Houston came to her.

"Agnes," he gasped. "Why did you—"

"I thought—and the drawing you—"

"Fred Thayer had a suddenly sobering effect on Houston, that you weren't hurt very bad. Your memory came back awful quick, didn't it?"

### FEDERAL COURT TO BE IN SESSION 4 WEEKS TERM HERE

TWO WEEKS OF SESSION WILL BE DEVOTED TO TRIAL OF CRIMINAL CASES

LAW CASES FIRST WEEK EQUITY THE LAST WEEK

Grand Jury Will Be Empanelled and Will Convene Monday Morning, May 1

Federal court will be in session in Wichita Falls four weeks according to advice received Wednesday morning by U. S. Commissioner J. A. Lantz. The communication was received from the Fort Worth office which also advised that Judge George W. Jack of Shreveport, who will occupy the bench, will arrive here next Sunday. The first week of court will be devoted to the trial of law cases, the letter advised, and the following two weeks will be entirely consumed in the trial of criminal matters. Equity cases will be taken up the last week that court is in session. The grand jury members have been ordered to report Monday morning at 10 o'clock, at which time the jury will be empanelled and will immediately be ordered to begin its work. It is believed that it will require at least a week for this body to conclude its work. The trial of criminal cases that were continued at the last term of court will be the first to be taken up by the court and District Attorney Zwaifel. The sessions of the federal court will be held in the 30th district court room on the second floor of the courthouse.

### LOCAL TEMPLARS ENJOYING LIFE AT NEW ORLEANS MEET

ON PULLMAN CAR JOURNEY. New Orleans, April 25.—The knights of the state commandery at Fort Worth was but the beginning of another trip to the Triennial Knights Templar convocation at New Orleans for the Wichita Falls commandery drill teams. There never was a jollier lot of fine fellows. We left Fort Worth Sunday 4 p. m. in a solid Pullman special of 12 cars—10 Pullmans and two diners with the honored guest Sam P. Cochran of Masonic fame. Such a supper as was served up last evening. It was the absolute opinion of all present that it was the best meal ever served on a diner. Special menu cards and a special supper. It was agreed that everyone would sit four inches away from the table and eat until they touched. Guy Sinclair got talked up on how to use so many tools at the table. Homer Kavenbrock washed his face in the "finger bowl." "Cap" Stinger swears up and down that "fish is fish." He says he don't like to travel with such an ill-mannered bunch, but the rest of the boys pay little attention to "Cap." Jim Bachman is the royal good fellow. He just pegs away and keeps out or mischief. Old man Reid gets his usual share of knocks. He's the goat all right. This morning when the boys woke up Dr. Hartsook had lost one of his socks and was raising caps about who stole it. "Cap" Stinger announced that the fellow who was caught with the sock would be suspended from the drill team. "Guess 'Doc' got his sock back. Grover Smith is the train cut up. Mrs. Bennett painted his face and dolled him all up like a million dollar beauty. "Cutie" Griggs is very much in evidence. Every time he laughs he wiggles. Poor boy, he is so thin—needs to eat more. He's the only one in the bunch who can't conform to regulation distance. Well, we are now settled in the T. & P. R. R. yards and taking in the sights. We arrived Sunday 11 a. m. Everyone enjoyed the trip across the Mississippi river on the ferry. The train was broken up into four sections and it required two trips to bring the cars across. The six knights climbed the levee if a ferry boat. The Mississippi river is dangerously high. In fact government men continually patrol the levee, ready to break the levee if necessary demands. It is the highest it has ever been. New Orleans is a wonderfully quaint city—full of interesting things and places. The city has spared no expense to entertain the triennial convocation. Wonderful electrical effects down Canal street made a most beautiful sight. The stores have their windows attractively decorated for the occasion. The writer attended a wonderful church service at the First Presbyterian church this afternoon. The general grand commandery officers were present—and the entire church filled with plumbed six knights. It was a most impressive service. The week is filled with entertainment. The boys all send their best wishes and assurances of lots to tell of their return.

An electrical expert says that \$200,000,000 worth of light is wasted annually because windows, globes, reflectors and shades are not kept free from dirt and dust.

The Y. P. A. Ice Cream Social That was to have been held at Twenty-Second and Broad has been POSTPONED Indefinitely ACCOUNT OF RAIN

### WILD STEER RIDER ARRIVES TO TAKE PART IN ROUND-UP

John Hartwig of Miles City, Montana, one of the most noted wild steer riders of the northwest, has arrived in the city and will be one of the contestants who will try to ride Tom Burnett's bucking longhorn, Brahmas, to the big prize hung up for the winners of this event at the roundup here May 2, 4, and 5. Hartwig was awarded the grand prize at the Kearney, Nebraska, roundup two years ago in the wild steer riding and then attempted to ride the famous bucking steer Teddy, a longhorn demon of Brahmas stock that has never been ridden to a finish. His steer, like the one of Tom Burnett's herd called the "Bovolupus" has dangerous horns and the second jump the animal made he popped the sharp end of his horns into Hartwig's neck, missed the jugular vein by a bare half inch, yet Hartwig stuck with the bucker nine full jumps, which still stands as a record ride upon the animal. Hartwig, aside from taking part in the regular steer riding contest of the roundup will also be one of the trio who will attempt to ride the "Bovolupus," for which Tom Burnett has hung up a special purse.

### INDOOR PICNIC TO BE HELD WEDNESDAY NIGHT AT M. E. CHURCH SOUTH

Rev. H. D. Kneckerbocker, pastor of the First M. E. church, south, corner Tenth and Lamar, issued the following announcement concerning affairs at his church: "Tonight we are going to have another unique and enjoyable entertainment at our church. It is an indoor picnic especially in honor of the 275 new members that have joined our church in the last six months and also a number of others whom we hope to receive in the immediate future. There will be in round numbers a hundred baskets of old-fashioned picnic goodies brought by hundreds of families of the members who have been members for a longer period than six months, and these will have as their guests, individually and collectively, nearly one hundred families and then a number of unattached individuals. There are going to be great pans of chicken, stacks of pie, cords of cake, barrels of ice cream, pecks of salad, bushels of stuffed eggs and pickles, etc., etc. Everybody in the church is invited and all the friends of the church. The eating will come off promptly at 7 o'clock. This will be followed by a delightful program of music and stunts and contests. Then there will be social communion and fellowship, a meeting of the board of stewards, a session of the fourth quarterly conference council of the Sunday school teachers, a pow-wow of the Epworth league, a jubilee of the winning circle of the Missionary society, etc., etc. "All these things will take place, whether or so weather. Not like an outdoor picnic, no matter if it rains cats and dogs, the cakes and pies and puddings and things will be protected. "So note it be: E pluribus unum."

### C. OF C. BOOKLET TO SHOW PROGRESS SINCE BOOM DAYS

"Wichita Falls Four Years After the Boom" will be the title of an attractive folder-booklet soon to be issued by the chamber of commerce for distribution to sales managers and business executives throughout the country. The booklet will be prepared with a view to counteracting the impression prevalent in some quarters that this city has ceased to progress after the oil boom subsided. Publication of the folder was authorized Tuesday afternoon at a meeting of the publicly committee of the chamber of commerce. The committee also voted for adopting the recommendation of the business council that publication of the folder be resumed. "The Better City" be resumed. The business council has asked that this be done in connection with the vigorous buy-at-home campaign. The organization is waging. Creation of a vigilance committee on advertising schemes was also decided upon by the committee in order that the protection afforded by such a committee might be available. T. P. Duncan, A. J. Ellis, C. C. Cabiness, T. A. Bradley, N. R. Buckley, Norris Ewing and V. N. Armstrong attended the meeting.

### KNIGHTS OF PYTHIAS TAKE IN SIX NEW MEMBERS

A well-attended meeting in lodge rooms at their new home, corner of Travis and Ninth streets, the local lodge, Pioneer No. 49 of the Knights of Pythias, initiated six members in the rank of Knight Tuesday evening. Those admitted to membership by this institution with the degree team in charge of A. G. Deatherage were: T. D. Wiley, L. R. DeMont, W. E. Mahaney, R. C. Beckwith and Doctors A. W. West and O. W. Wilson. After many years of regular and faithful service, Dr. J. W. DuVal has submitted his resignation as master of finance of the lodge and at the end of the current month, election of officers to fill vacancies will be had at next convention, Tuesday, May 2.

### BAPTIST REVIVAL ADDS 82 MEMBERS TO CHURCH SO FAR

So far in the First Baptist church revival, there have been 82 additions to the church. Aside from this number, there have been many other conversions. One feature of the meetings is the number of grownup people who are taking a stand for Christ and the church. A report, which adds: "The interest continues to grow and the large audience which heard Dr. Scarborough Wednesday morning, shows the unusual power of the evangelist, increasing and intensifying daily. Last night Dr. Scarborough preached from the subject of "Warming at the Devil's Fire," or "The Backsliding Christian." He gave reasons why Christians become indifferent to spiritual things. He said: "The cause of backsliding is, both negative and positive. Men neglect their prayer life, their reading of the Bible and attendance upon the church worship, but perhaps the most vital factor in backsliding is the entertaining of secret sins which take the form of unholy desires and ambitions." Dr. Scarborough spoke liberally concerning the infidelity of the home life, domestic infidelity, the engaging in social sins which destroy the mind, body and soul. Dr. Scarborough announced that he will speak especially to the high school students. RESERVATIONS BEING MADE FOR ROTARY NIGHT MEETING

### A BIG ATTENDANCE AT ROTARY NIGHT MEETING

A big attendance of Rotary club members is expected for the meeting Thursday night, at which officers for the ensuing year will be installed. The officers have already been chosen by the directors, but their identities are being kept secret until the meeting. After many years of regular and faithful service, Dr. J. W. DuVal has submitted his resignation as master of finance of the lodge and at the end of the current month, election of officers to fill vacancies will be had at next convention, Tuesday, May 2.

### HIGH WATER HALTS DAM OPERATIONS, CAUSES NO DAMAGE

The Wichita river and all streams in this section rose materially Tuesday night as a result of the continued rains. High water at the irrigation dam-site necessitated halting most of the operations, but the delay is expected to be brief. No damage resulted at either dam-site. Contractors expected to be able to resume work before the end of the week unless the wet weather continues.

### QUARTERLY MEETING FOR WICHITA METHODIST MISSION

The second quarterly meeting for the current conference year will be held with the Marion church congregation in the Cooper school house, where the membership is temporarily worshipping pending the removal of the church building to that locality. The presiding elder, Rev. S. M. Black, will preach at 11 a. m. April 30, (fifth Sunday) and hold the business session of the quarterly conference at 3 p. m.—W. A. BETTS, Pastor.

### FONTAINE RESIGNS POSITION HERE TO GO TO KANSAS CITY

C. L. Fontaine, well known railroad man of this city and for the past year traffic manager of the Wichita Falls and Southern, has resigned his position with that company and will go to Kansas City where he has associated himself with a commission firm of that place. Mr. Fontaine has resided in Wichita Falls since 1907, and during all that time was connected with local railroads. Mr. Fontaine's son who has been connected with the Kell mills for a number of years, has been with the Kansas City firm for five years.

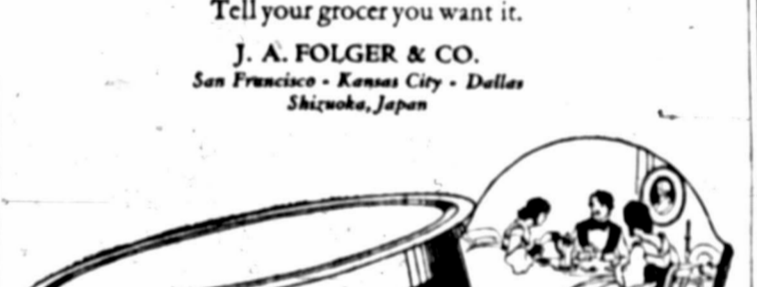

Notice to all holding bills against the White Produce Company, Wichita Falls. Make itemized statement of account up to and including April 15 to file with Ben W. Grimmert, Receiver, for payment Deliver to local office, Business continuing under name of Ben W. Grimmert, Receiver, The White Produce Co., Inc. 246-247

As the result of Prince Hirohito's recent visit to Europe publication of photographs of the imperial family in newspapers and magazines will be permitted.

KENNETH WILLIAMS OF ST. LOUIS BROWNS MAY TAKE HONORS FROM BABE RUTH

Kenneth Williams, the slugging outfielder owned by the St. Louis Browns, is apparently bent on showing fandom that Babe Ruth is not the only swifter in the business.

KENNETH WILLIAMS

Williams and Bob Meusel of the Yankees tied for second place among the home run hitters in the American league with 24 apiece last year.

AMERICAN LEAGUE

Browns 5, Tigers 3. ST. LOUIS, April 25.—Slugging his sixth home run in four days, Kenneth Williams today surpassed Babe Ruth's record at this time last season.

EXPORTERS 6, BEARS 1

BEAUMONT, April 25.—Morgan held San Antonio to two hits while Beaumont bunched blows with Tinners' wildness and won the final game of the series here today, 6 to 1.

WHEN YOU SCORE A BALL GAME

REMEMBER—An assist is always credited to a player who makes a play in time to put a runner out, even if the player who would complete the play fails, through no fault of the assisting player.

HOME RUN CLUB

16th Hole to Be Made Real Tough

Committee Plans

The sixteenth hole at the golf club, heretofore one of the easiest on the course, is shortly to become a real tough proposition if plans of the greens committee are carried out.

WALSH HAD GREAT CONTROL DESPITE HIS SPITBALL DELIVERY

By BILLY EVANS. Ed Walsh as a pitcher was one of the greatest of the game ever produced.

CRABS 5, BUFFS 3

HOUSTON, April 25.—Galveston took the final game of the series from Houston here today, 5 to 3.

MISS MABEL REEDER AND RALPH McDUFF MARRIED

VERNON, TEXAS, April 25.—Miss Mabel Reeder of Oklahoma and Ralph McDuff of Houston were quietly married Thursday at 3:30 p. m. at the home of the bride.

4144 ?

After the game was over and it was discovered Engle was the only man who reached first base, I was mighty glad the ball on which I had my support was so bad that no one questioned my judgment.

First to establish the \$10.90 price—Usco

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90."

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—'Usco' established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

\$10.90 and even better than the price

After the game was over and it was discovered Engle was the only man who reached first base, I was mighty glad the ball on which I had my support was so bad that no one questioned my judgment.

First to establish the \$10.90 price—Usco

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90."

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—'Usco' established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

\$10.90 and even better than the price

FUNERAL SERVICES FOR JUDGE MILLER TO BE HELD HERE

FORT WORTH JURIST SERVED 30th DISTRICT AS PROSECUTOR AND JUDGE

TO BE BURIED BY SIDE OF LITTLE DAUGHTER

Courageous Part He Took When Mob Stormed Jail in 1896

Recalled by Friends

Funeral services for Judge George E. Miller, Fort Worth jurist, formerly of this city, who died in Fort Worth late Tuesday, will be held in this city at 2:30 Thursday afternoon from the First Presbyterian church.

Burial will be in Riverside by the grave of his little daughter, Etta.

Judge Miller was district attorney of the 30th district for four years and district judge for eight years, leaving here about 20 years ago to make his home in Fort Worth. News of his death was received with deep regret by his many friends here and tributes to his memory were paid at a public meeting of the bar association Wednesday morning.

The body will reach here at 2 p. m. Wednesday and services will be held at 2:30 from the First Presbyterian church, with Rev. N. F. Crawford officiating. Active pallbearers at Fort Worth will be J. H. Barwise Jr., Dr. J. C. Chase, Dr. W. C. Miller, John Bostick, Judge E. M. Stephens, Irvy Dunklin, Active pallbearers here will be J. C. Kay, Edgar Scurry, J. A. Nichol, J. H. Barwise Jr., Charles E. Coombs of Abilene, J. T. Montgomery, Honorary pallbearers will be W. T. Waggoner, W. B. Reynolds, Judge J. C. Wilson, R. L. Carter, R. H. Young, R. H. Stone, A. H. Carrigan, H. Y. Cummings, Ralph Mathis, E. W. Napier, H. F. Weldon, J. W. Akin, W. F. Weeks, R. L. Moore.

Judge Miller was born in Baldwin, Mississippi, in 1852. He graduated from the academic department of the University of Mississippi and took his law degree at Lebanon, Tennessee.

After his graduation, Judge Miller came to Texas and took up the practice of law in Graham, where two years later he was elected to the office of county attorney. He was succeeded in that office by Judge P. A. Martin of this city.

When he was elected to the office of district attorney of the 30th judicial district which was comprised at that time of the counties of Jack and Wilbarger, in addition to the four which it now embraces.

After serving four years as district attorney, during which time he built up an enviable record, he was elected to the office of judge of the 30th district and held that position on the bench for two consecutive terms, being succeeded by A. H. Carrigan.

He then took up the private practice of law, and attorneys who knew him state that his convictions of the righteousness of his cause and the rights of his client were uppermost in his thoughts. Financially, attorneys state he did not make a pronounced success, but as an attorney and a man, he had mounted to the highest pinnacle in the success of his profession.

Up until the time that he was stricken with paralysis he was actively engaged in the trial of law suits. Several months ago he was involved in this city having a case on trial in this county. Three weeks ago he attended a banquet of the ex-judges of the 30th district court. At that time he delivered an address on the "Ethics of the Profession."

Judge Miller was judge of the 30th district court here in February, 1896, when the City National bank was robbed and Foster Crawford and "Kid" Lewis were lynched. In the face of high public feeling Judge Miller tried earnestly to dissuade the mob from carrying out its intentions, and at the hanging, at Seventh and Ohio, he pleaded with avail that the law be allowed to take its course.

His many intimate friends, both in the bar and outside upon hearing of his death Tuesday night expressed as one, that they had lost the best friend that they ever had.

A called meeting of the local bar association was held Wednesday morning in the 30th district court room. A committee on resolutions composed of Judge J. T. Montgomery, Judge P. A. Martin, Judge B. Y. Cummings, Judge John C. Kay and Judge C. B. Felder was appointed by the president, Judge Edgar Scurry.

Judge Scurry also appointed a committee on arrangements. It is composed of Attorneys T. R. Boone, Fred Weeks, C. M. McConell, Bert King, Ralph Mathis, Luther Hoffman, and Judges E. W. Napier, E. W. Nicholson, F. E. Fitzgerald and H. F. Weldon. The bar appointed Judge Scurry as chairman of this committee.

Judge Scurry then gave an opportunity for all those who were acquainted with Judge Miller to the committee on resolutions met.

Judge H. F. Weldon was called upon. He told of his first acquaintance with Judge Miller, when the latter was district attorney. He stated that Judge Miller was the man who put the first fright into the violators of the law in the district.

"His outstanding characteristic," Judge Weldon said, "while he was district judge, was being fair, impartial and thoughtful and kind to counsel. The last time that I saw him was on his next to the last visit to this city, being called to his home. At that time I remember we spoke of his improved condition. Even through the years of his affliction, he was always the cheerful, optimistic George Miller."

Judge Martin, who had known Judge Miller since 1885, spoke of his first meeting him in Graham while Judge Miller was serving the county as county attorney. Later the acquaintanceship became intimate and Judge Martin was associated with him while he served as district attorney. Judge Martin said in part: "One of the outstanding features in his character was his love for the written laws of his country. I shall always treasure that memory of him. As a practicing lawyer he was always ethical. At the bar banquet at Graham he spoke on 'Ethics of the Profession.' At that time he held up to the bar who were assembled there that the greatest duty of the present time lies in the departure of so

46 MISSING AND 29 ARE INJURED

(Continued from Page One)

ISAAC PETTIS, 10, son of Mrs. G. W. Pettis, unaccounted for.

MRS. VESTA MOORE, 18, whose home is near Waco, visiting in the home of Fred Yates, two blocks north of the Chevrolet plant, believed drowned.

GEORGE PERKINS, John Ferguson, Starr Williams and Dave Hogan, previously reported missing, were rescued this morning.

An elderly woman clinging to a small boy was seen by M. J. Farria to drown at 2:30 o'clock Tuesday about half a mile from the Van Zandt viaduct.

Mrs. Gene Walker and her daughter, reported Tuesday as lost, were located Wednesday morning on the East Side.

No bodies have been recovered.

Rapid recession of the flood water at noon yesterday morning was relieving the danger of additional damage and loss of life.

Although more than two inches of rain fell last night, bringing the total rainfall here to 15.53 inches during the past 24 hours, the Trinity was receding rapidly.

One of the most important today's developments was the announcement of Street Commissioner Glavin that the city will have water service restored by early this morning from the department.

Many dwellings that were inaccessible at noon yesterday have emerged from the flood until they may be reached by road, it was reported. The flooded area near the packing houses has been reduced by several square miles.

The first street bridge over the Trinity between Fort Worth and Riverdale was down today. The bridge crashed yesterday afternoon.

The market street bridge, quarter of a mile above the first street bridge, and the fourth street viaduct were intact this morning, although fear for their safety was felt.

Houses are piled up against the embankments of the railroads bridges that span the Trinity east of the Sampels avenue viaduct. Many are smashed.

The Van Zandt school has been turned into a first aid station for the relief of homeless. Food is being purchased from a subscription of several hundred dollars and refugees are being housed by more fortunate residents.

Centries with rifles were almost the only persons on the streets early today. They were members of the American Legion, who are cooperating with the police department in protecting the city.

DALLAS, April 26.—The Trinity river was steadily rising here today with a 48-foot stage predicted for continued during the early-morning hours and the prediction for the

Mrs. Gene Walker and her daughter, reported Tuesday as lost, were located Wednesday morning on the East Side.

No bodies have been recovered.

Rapid recession of the flood water at noon yesterday morning was relieving the danger of additional damage and loss of life.

Although more than two inches of rain fell last night, bringing the total rainfall here to 15.53 inches during the past 24 hours, the Trinity was receding rapidly.

One of the most important today's developments was the announcement of Street Commissioner Glavin that the city will have water service restored by early this morning from the department.

Many dwellings that were inaccessible at noon yesterday have emerged from the flood until they may be reached by road, it was reported. The flooded area near the packing houses has been reduced by several square miles.

The first street bridge over the Trinity between Fort Worth and Riverdale was down today. The bridge crashed yesterday afternoon.

The market street bridge, quarter of a mile above the first street bridge, and the fourth street viaduct were intact this morning, although fear for their safety was felt.

Houses are piled up against the embankments of the railroads bridges that span the Trinity east of the Sampels avenue viaduct. Many are smashed.

The Van Zandt school has been turned into a first aid station for the relief of homeless. Food is being purchased from a subscription of several hundred dollars and refugees are being housed by more fortunate residents.

Centries with rifles were almost the only persons on the streets early today. They were members of the American Legion, who are cooperating with the police department in protecting the city.

DALLAS, April 26.—The Trinity river was steadily rising here today with a 48-foot stage predicted for continued during the early-morning hours and the prediction for the

and one-half feet since 10 o'clock last night.

Swept away by the swirling current, bodies of the victims have not been recovered. For this reason no casualty list can be compiled. The death toll, based as yet upon reports of missing persons, were variously estimated from 15 to 25.

Several persons were seen to fall into the swollen river and others are missing. The missing include the mother of R. A. Pettis, Mrs. Sam O. Bradley and three children and a son of G. W. Pettis, all believed drowned.

Response was awaited today to the appeal last night of Mayor E. H. Cockrell and Hubb Dicks of the local Red Cross for \$10,000 with which to care for the flood sufferers.

Food for the homeless probably will be needed for 10 days, Mr. Dicks stated, while many are in need of clothing.

Believe Levee Dynamited.

Request for an investigation by a grand jury of the alleged dynamiting of levees along the river by unknown persons was expected today.

John North, Fort Worth engineer, declared last night that the levee which broke yesterday flooding the lowlands was dynamited.

The heaviest damage is on the north side, where 25 square miles of land is said to be under water and virtually all connections with that portion of the city are cut off.

In other sections of the city the situation is nearly as serious. It is feared Sycamore creek, abetted by recent rains, will again go on a rampage and families within the danger lines have fled.

Relief work was hindered last night by inky darkness, but workers continued to combat the flooded areas in search of bodies. Power was obtained from a Waco line, thus giving city lights.

Telephone service is crippled and street car service has been suspended in parts of the city.

The flood victims chiefly to lowlands adjoining the tributaries of the Trinity and the disaster is far from city-wide.

Marine, Sycamore and Clear Fork creeks in the Trinity are the swollen streams. The flooded areas are roughly in the north, west and southeast portions of the city, as well as North Fort Worth, Arlington Heights and Sycamore, respectively.

Early today a torrential rain was sweeping over the city. Streets in the business section were flowing with a mass of water that reached the curbs.

Business, virtually suspended Tuesday, probably still will be curtailed today by the storm.

A Rock Island passenger train the only train to arrive in Fort Worth last night, reached here at 11 o'clock this morning, having left Dallas at 7 p. m. and coming via Cleburne. Other train service was suspended yesterday.

The office of Police Commissioner John Alderman has been converted into Red Cross headquarters.

Relief headquarters have been set up in the business section of the city. Three flooded districts. Their activities will continue today, while relief subscriptions are being taken for the hundreds of homeless families.

Sentries with rifles were almost the only persons on the streets early today. They were members of the American Legion, who are cooperating with the police department in protecting the city.

DALLAS, April 26.—The Trinity river was steadily rising here today with a 48-foot stage predicted for continued during the early-morning hours and the prediction for the

day was for probable addition precipitation.

Early today water was within three feet of the top of the Dallas-Clark cliff street viaduct spanning the river bottom and lacked but 19 feet of overflowing the union terminals yards. Industries located along the water front were making preparation to protect their property.

All street lights except those necessary for safety were turned off last night to conserve power. The city's principal power plant is located on the east river front.

Interurban service south and west of Dallas has been suspended and it may be several days before cars can traverse the Dallas-Fort Worth line. Automobile traffic between Dallas and Fort Worth is impossible due to Mountain creek, nine miles west of here, being far out of its banks. Traffic on the Texas and Pacific between Dallas and Fort Worth is badly demoralized.

Missouri, Kansas and Texas services north and Santa Fe and Cotton Belt schedules are reported normal.

With the exception of 1908, when a flood stage of 32 1/2 feet was reached, the Trinity river has never reached the 48-foot stage forecasted for today. City officials and local welfare and relief agencies are making preparations to care for all persons impoverished or made homeless by the flood.

FOUR INCHES OF RAIN REPORTED AT DENISON

DENISON, TEXAS, April 26.—Four inches of rain within the past 24 hours has filled streams in this vicinity to flood stage, isolated sections of the country and made many country roads impassable, according to reports from rural districts. The river is steadily rising but is still several feet below the flood stage.

ONE AND HALF INCHES REPORTED AT AMARILLO

AMARILLO, April 26.—There was a quarter of an inch of rain here last night, bringing the total to an inch and a half in the past 24 hours.

Reports from the railways serving the panhandle and plains sections of Texas report an inch and a half to one inch rain over the entire panhandle and south plains. Eastern New Mexico got heavy rains, ranging from one-half to two inches during last night.

FISHER COUNTY REPORTS THREE INCHES OF RAIN

ROBY, FISHER COUNTY, TEXAS, April 25.—Rain that began falling here Saturday afternoon continued throughout the night, covering a large area southwest, west and northwest of here. There was a total rainfall of over three inches in most places and as it fell so slowly it practically all went in the ground. To make it all the better it was not accompanied by wind severe enough to do any damage.

A great many farmers were practically through with their first planting, but will likely have to replant quite a bit of their cotton. Some of the earlier planted grain sorghums was already up and will not have to be planted over. Some of the earlier planted cotton may this rain amount insure a good cotton crop so far as moisture is concerned.

HEAVIEST RAINFALL IN MONTHS AT ABILENE

ABILENE, TEXAS, April 26.—The heaviest rainfall in months amounting to 2 1/4 inches, fell in Abilene last night. Creeks were flooded but so far no serious damage has been reported. Efforts are being made to rescue a family water bound in northeast Abilene.

ONLY THREE ARRESTS MADE TUESDAY NIGHT

FORT WORTH, April 26.—Only three arrests were made last night and few reports of pilaging were reported to police.

C. A. Hennessy was taken to a hospital this morning, where his condition is said to be critical. An eight-month-old infant, youngest member of the Hill family of nine rescued yesterday, is reported in a serious condition, due to exposure. A float loaded with food and clothing were sent across to Arlington Heights today.

WATER IN THREE FEET OF TOP OF DALLAS VIADUCT

DALLAS, April 26.—The Trinity river was steadily rising here today with a 48-foot stage predicted for continued during the early-morning hours and the prediction for the

### DENVER TRACK IS ABOVE WATER LINE INTO FORT WORTH

TRAINS ON ALL ROADS RUNNING WITH CARE ACCOUNT SOFT ROAD BED

### INCH AND HALF OF RAIN RECORDED DURING NIGHT

Wichita Valley Has Washout Near Abilene Early Wednesday Morning

Despite the inundation of all properties between Fort Worth proper and North Fort Worth, the Fort Worth & Denver City railroad tracks are high and dry and all trains are leaving the flooded city and entering it. Many of the other railroads are detouring their trains over the Denver route. The Santa Fe and the Denver are the only two roads out of Fort Worth in this direction that are able to use their tracks, according to the report submitted to the local dispatcher Wednesday morning.

Orders have been issued on all the roads leading into and out of this city for trains to run carefully, and cut down on speed as the heavy rains of the past three days have placed the road beds in a very soft condition. Tuesday evening and night an inch and a half of rain was recorded locally. Practically the same amount fell throughout the district touched by the railroads. The heaviest rains, however, fell south and east of the city. On the north end of the North-western agents reported only light rainfalls.

At 9 o'clock Wednesday morning the agent at Abilene reported to the Valley dispatcher's office that No. 2 was unable to pass on account of the washout across Elm creek. It was reported that a hundred feet or more of track had been damaged at this point. It was stated that this stream was nearly a half mile wide at this point. Efforts were being made to detour the Valley trains.

The Canadian river rose two feet early Tuesday night, but after midnight the watchman stated that the waters had receded as quickly as they had risen. The Denver, however, is keeping its bridge going in close proximity to this stream, which has proved very treacherous in former years.

Low overhanging clouds were reported from all points Wednesday morning and agents seemed to be of one opinion that the rain was not all over with as yet. The temperatures throughout the district have remained above the 45 degree mark throughout the rain storm. The minimum temperature locally Wednesday morning was 63 degrees.

### RAILROAD SMASH TIES UP TRAFFIC ON 2 MAIN LINES

TRAFFIC ON THE WICHITA FALLS & SOUTHERN AND THE WICHITA VALLEY LINES WAS TIED UP SINCE 4 O'CLOCK TUESDAY MORNING UNTIL 4 O'CLOCK WEDNESDAY MORNING AS THE RESULT OF A SMASH-UP NEAR BALL BROTHERS' GLASS FACTORY WHEN A KATY SWITCH ENGINE AND TWO BOX CARS FIGURED IN AN ACCIDENT.

According to information received at railroad offices, the Katy switch engine No. 16 had taken out a number of cars to be placed on the spur at the glass factory. The accident occurred when an attempt to make a flying switch failed and the two cars jammed into the engine. One car was badly torn up and the other one damaged. The engine was derailed.

As far as could be ascertained no one was injured, but the engine and the derailed engine were in such a position that the main lines of the Valley and Southern were blocked.

It required from 4 o'clock Tuesday afternoon until 6 o'clock Wednesday morning to clean up the wreckage and replace the engine on the track. The damage to the track was nominal, it was stated.

### ODD FELLOWS NOTES

Brother G. A. Kernell, a member of Odd Fellows lodge No. 57 of Durant, Okla., who has been living in North Wichita Falls for some time, is compelled to go to Arizona for his health, and his home lodge and the Odd Fellows lodge in Wichita Falls are assisting him and his family in getting into a higher altitude as soon as possible. It does not matter where one lives, Odd Fellowship looks after his comforts.

The Rebekah degree of Odd Fellows will meet this Thursday night at the Odd Fellows hall, at Sixth and Scott, at 8 o'clock and it is reported to be an important meeting as there is a large class being gathered for the May work. The membership contest committees are working hard for new members.

The Rebekah degree of Odd Fellows meet this Thursday afternoon at the hall at 3 o'clock for business. There were about 200 books brought in for the orphan's home at Corsicana, which were sent down Tuesday. There should have been 500 sent down from here, but the selection was very good that was brought in. They ranged from linen picture books for the kiddies to story and technical books for the older members and teaching staff.

Brother Otho Owens of 2015 Ninth street was taken suddenly sick Monday afternoon. It was reported in the lodge room, his works brought in for the orphan's home at Corsicana, which were sent down Tuesday. There should have been 500 sent down from here, but the selection was very good that was brought in. They ranged from linen picture books for the kiddies to story and technical books for the older members and teaching staff.

All the committees having charge of the public meeting to be held at Seventh and Lamar, next Saturday, April 29, will meet this (Tuesday) evening at the home of Brother and Sister Joe Perry, 1309 Eighteenth street, to make final arrangements. The public in general is invited to come out and hear Hon. J. W. Chancellor of Bowie, and Mrs. W. Marie Dale Brown of Iowa Park.

### DR. KNICKERBOCKER URGES THOMAS IN SENATORIAL RACE

The Times has received the following:

In making up mind to vote for Cullen F. Thomas for United States senator, I took into account several vital considerations which I wish to submit to the attention of the voters of our great state. I did not primarily study the platforms of the various aspirants. I studied the men themselves. Platforms are sometimes good to "get in on," but the man's the thing after he is in. If I can find a man with a fine intellect and a great character I'll trust him to do the right thing under any circumstances and ably meet all legislative exigencies that may arise. There is no question that Cullen Thomas has brains. He has a disciplined and cultured intellect. He has a golden tongue and a magnetic personality. He has leadership and undaunted courage. He has tact and persuasiveness. He has initiative and executive ability. All these qualities he has demonstrated in the conduct of his own life and affairs and in a hundred hard fought battles for righteousness and reform in our great state.

I am for Cullen Thomas because I have a good memory. I can remember when it was as much as a man's living, if not his life, was worth to take a place of leadership against the saloons of Texas. I can remember when some few of us lead what seemed a forlorn hope against tremendous and militant odds and curses and threats and persecution and boycotts were our daily portion. In those dark days the name and voice of Cullen Thomas rang out like a golden trumpet in its courageous call and inspired the thin ranks of the moral crusaders under the white flag to hold on hard and keep on fighting. There were Sauls in those days who slew their thousands, but Cullen Thomas was a dauntless David who slew his ten thousands. Let no man be fooled into believing either that the great fight for righteousness, moral reform and prohibition is over. I'd hate to trust a congress where a majority of its members were men who were belated converts to the 18th amendment and whose change of heart came only after they had to make a virtue of necessity.

I am for Cullen Thomas because he is a genuine and tested Christian gentleman. "But he is a Baptist," some have said. Well, what of it? I am a Methodist, but I believe thoroughly in the democracy, patriotism and loyalty of the Baptists. Nay, more, I believe the Baptists are if anything more thoroughly "agin" the union of church and state than anybody else. They are for religious freedom and political freedom, but, thank God, not for the saloon brand of "personal freedom."

I am for Cullen Thomas because he is just one of the plain folks—no aristocrat, no plutocrat, just a hard-working, plain representative citizen who began with nothing and now is rich in brain, experience, character and knowledge of his fellow men, their problems, joys, needs and sorrows.

Many years he has served his great state with vow and pen and pocket book and asked nothing but the joy in the state's progress and the satisfaction of duty done. Now he comes and asks, not a gift of honor so much as an opportunity for continued service in a larger and more productive field. Fellow citizens, let's send this man to the halls of the senate. They need him there. Read the editorial in the "Saturday Evening Post" of April 15. That editorial sets forth that all too many "pewees" and plutocrats and "has-beens" are in our present senate—small men, with small motives and smaller interests. This man Thomas is a big man. He will stand out at once as one of the leaders of the senate and pay back ten fold the honor we confer upon him by adding honor and glory and grace to the name of the great state of Texas. So mote it be.

H. D. KNICKERBOCKER.  
P. S.—One more word by way of postscript. Personally, I am for the Ku Klux Klan, but I regret exceedingly that this subject has been injected into senatorial politics where it has no rightful place. I beg all broad-minded men to cast their vote in the election with reference to the character and ability of the man and his principles. A man like Cullen Thomas, I am sure, can be trusted to be fair and honest and broad-minded all the time and on every question and issue.  
H. D. K.

BLANTON WILL SPEAK IN VERNON ON FRIDAY  
VERNON, TEXAS, April 26.—Thomas L. Blanton of Abilene, United States congressman and candidate for reelection, will speak in Vernon Friday, May 5 at p. m. at the court house. Mr. Blanton will explain the many attacks made upon him in the nation's highest legislative body, he has informed local citizens in an advance notice, and he has asked that every tax payer in the county be present in order that he may show how their money is being wasted.  
When Queen Victoria ascended the throne not more than 40 per cent of the people of Great Britain could write their names.

Thirteenth District  
**SPECIAL ELECTION MAY 13**  
**FOR CONGRESS**  
Thirteenth District  
**DEMOCRATIC PRIMARY JULY 22**

To the People of the Thirteenth Congressional District:

A congressman is to be elected in this district for the next two years. We present for your consideration the name of Senator Guinn Williams of Decatur, Texas. We are his neighbors, living in the same county with him; most of us have known him intimately for several years. He is a life-long Democrat, always found in the ranks battling for the good of his country and party. He is an upright Christian gentleman—one of the very best neighbors, and the truest friend one ever had. When his country called he was ever ready to answer the call; when his party called the Democrat host to arms to battle for its principles, its tenets, he asked no further questions, but with the Democrats' declaration of war in hand, his only inquiry was: "Where is the enemy that dares tread upon the peoples' rights?" and the battle was on.

From his earliest boyhood the cry of the distressed found a sympathetic hearer and a ready helper in him. From his early youth to his present status, he has heeded the admonition, "Remember thy father and thy mother." As a business man he adopted as his slogan, "Honesty is the best policy," and on this principle, adding to it economy and industry, he has succeeded. His neighbors have always found him ready to help them to bear their burdens. As an officer in this county, he applied the same principles as he used in his own business and succeeded in honoring the office, as well as the office honoring him. As a thinker and statesman we point you to his record from his earliest manhood, culminating in his record as a Senator.

Having a splendid personality and a happy way of meeting people, armed with a great fund of business and political information, and a diplomatic mind, no wonder on entering upon his duties as a Senator he at once took front rank. His great work and service in the Senate will appeal to all men and women who believe in great Democratic principles; you will not be disappointed if he is elected. He has never disappointed anyone who put his trust in him.

We, the undersigned Democratic citizens of Wise County, Texas, hereby endorse Guinn Williams of Decatur, Texas, as a candidate for Congress from the Thirteenth Congressional District of Texas and will do all in our power to fairly and honestly secure his nomination at the Democratic Primary Election to be held July 22, 1922, and we pledge ourselves at all proper times and places to work, talk and vote for his election.

**But There Is a Difference**

The man who thinks all banks are alike doesn't put any value on experience, doesn't put any value on personality, doesn't put any value on accessibility.

Banks differ in these things; we try to see to it that the difference is in our favor.
