NINETY-EIGHT ARE MISSING FROM THE STEAMSHIP EGYPT

SINKS NEAR BREST WHEN IT IS STRUCK BY ANOTHER VESSEL IN FOG.

TWO AMERICAN WOMEN ARE AMONG THOSE LOST

Two Hundred and Forty-Two Of Those Aboard Vessel Are Accounted For.

By Associated Press.

BREST, May 21.—Ninety-eight persons are missing and 242 were saved of those who were on board the British steamship Egypt when it sank off the island of Ushant Saturday night by a collision with the French steamer Helios, according to the latest official figures.

Among those missing are two American women, Mrs. M. L. Sibley and Miss V. M. Boyer, whose home addresses are unknown here. It is possible that some of the missing may have been picked up by the steamship Cap Irenia in addition to those brought here by the Helios.

According to the Egypt's purser, the ship was struck by the Helios after her plates were crushed in the collision, moving to the limit of the vessel and sounding her siren continuously.

Suddenly there came the warning shriek of the siren on the Helios and the latter loomed up out of the fog and darkness, striking the Egypt amidships. With the crash there came a terrible confusion on the stricken vessel. Four or five boats were all the time being lowered, and many persons jumped overboard, fearing to be drawn down with the ship. There was no cabin boat when the vessel took her final plunge, he believed.

The purser estimated that 15 passengers, 20 white officers and 60 sailors of the ship were missing. Mrs. Sibley and Miss Boyer, two missionaries on their way to India, were among the missing.

WOMAN'S RESCUERS WERE FOUND FOR INDIA

BOSTON, MASS., May 21.—Mrs. M. L. Sibley and Miss V. M. Boyer, American women who are missionaries from the British steamship Egypt sunk off the coast of France, were rescued from the sea by a fishing boat in this city Saturday.

Mrs. Sibley has relatives in Toledo, Ohio. Miss Boyer, who formerly made her home at Aspinwall, Pa., was going to India to work in a school for missionaries' children and others in South India. Mrs. Sibley was a widow somewhat beyond middle years, and was on her station in the city of Waco, Texas, with no parents or relatives, was taking up work in the mission field for the first time.

PLAINVIEW HOST TO ANNUAL MEETING OF THE W. T. CHAMBER

LARGE ATTENDANCE, MUCH ENTHUSIASM IS MANIFESTED.

By Staff Correspondent.

PLAINVIEW, TEXAS, May 21.—Plainview is alive today with color, music and enthusiasm as only west Texas can furnish. The annual meeting of the West Texas chamber of commerce is bringing into this beautiful little city thousands from all over the western portion of the state, and the attendance is the greatest ever attending a convention of the organization. It is estimated 1,500 delegates and visitors will have arrived by noon today.

Delegates are arriving hourly and many bands are enlivening already lively and colorful parades. The Vernon delegation headed by A. M. Bourland, president of the chamber of commerce, arrived on the train at 2:15, being joined at Amarillo by the Amarillo delegation, Brownwood, and the delegations from many northwest Texas cities. Headed by the Amarillo drum corps and the Texhoma band, the delegates paraded the principal streets and were greeted with a storm of applause.

Vernon is seeking the 1923 convention for the organization and is supported almost solidly by northwest Texas. All of Wichita Falls' proxies have been given to Vernon and the few Wichita Falls delegates who attended the convention are enthusiastically for the Vernonites themselves.

Other strong contenders for the convention in 1923 are Chillicothe, Lawton, and San Angelo. All of these cities have large delegations with bands here.

One of the finest bands here is the 128th Infantry Band from Brownwood. Jayton, a city of less than 1,000 population, has a 25-piece band that would be a credit to any city. The band from northwest Texas is the Texhoma band.

Homer D. Wada led a delegation of 15 from Stamford, accompanied by the Stamford fire band which was given a place on the platform. Another large delegation from this section is that from Chillicothe, which is headed by the band from the 1923 meeting.

The sessions of the convention are being held in Plainview's new auditorium, which is not yet completed. It is a fine structure of steel and concrete and will seat 3,000 people. It is being built at a cost of \$100,000, when completed it will be one of the finest buildings in the city of Plainview. Wichita Falls could not provide a meeting place for an audience as large as the one gathered in this auditorium.

More than a dozen New Mexico towns and cities are represented in the convention, and a large number are now nearly 10,000 people here, the attendance exceeding all expectations. The convention is being held at the Hotel El Comodoro, which is being operated by the city of Plainview.

TWO PEOPLE KILLED WHEN A CLOUDBURST WRECKS KATY TRAIN

ENGINEER AND FIREMAN ON PASSENGER LOSE LIVES IN OKLAHOMA.

ENGINE IS SWEEP FROM TRACKS BY HIGH WATER

Seven Coaches Are Derailed But None of Passengers Are Injured.

MUSKOGEE, OKLA., May 21.—The engineer and fireman of the Missouri, Kansas and Texas passenger train No. 1, southbound, due to arrive in Muskogee at 11 o'clock last night were killed when a cloudburst swept the engine from the tracks four miles south of Vinita about 10:30 o'clock.

The dead are: William Marshall, engineer, and Gilbert Daugherty, fireman, both of Parsons, Kan. According to the statement this morning of railroad officials in Muskogee, members of the train crew were the only persons killed. The engine turned completely over and rolled into the ditch.

Seven passenger coaches were derailed but none of the passengers was injured. The train was running late due to the condition of the tracks, made soft by the heavy rains and was "feeling its way" south of Vinita when a cloudburst swept water down the hills, tearing the track from the side of the embankment and giving the engineer no time to stop the train before it tumbled into the wreckage of rails and plunged into the ditch.

A special train with wrecking equipment and the killed engineer and fireman left Muskogee for the scene of the wreck to bring to Muskogee all passengers.

The special train is due to arrive in Muskogee this morning, and arrangements will be made for sending the travelers on to their destinations.

Details of the wreck were not available and officials here were awaiting the arrival of the special train to learn more of the cause of the disaster.

NEWLYWEDS.

Joseph Valentino and his wife, formerly Miss Winifred Redbut, whom Valentino married in Mexico, resulting in his being charged with bigamy.

SODERMAN CASE IS CALLED IN DALLAS; JURY BEING CHOSEN

DEFENSE QUESTIONS JURORS ALONG LINES OF THE "UNWRITTEN LAW."

TEMPORARY INSANITY MAY FEATURE DEFENSE

Judge Reminds Attorney "Written Law is the Only Law in This State."

DALLAS, May 21.—Two veniremen, Fred A. Shippe, 29 years old, salesman, and G. C. Pugh, 24, clerk, were accepted by the state and defense attorneys this morning in the trial of D. E. Soderman, 21, of Fort Worth, Texas, charged with murder in connection with the shooting of Jay Clay Powers of Dallas, prominent in theatrical and hotel circles in the state, at the Waldorf hotel here April 18.

Five prospective veniremen were selected by the court but being opposed to capital punishment: one by the state, and two by the defense.

Thirty-six of the special venire of 200 called by the state, were absent at the opening of court this morning, and 23 were excused by the court before being examined for proposed jurors. The jury was selected by the court at 10 o'clock this morning, leaving 31 on the list for examination by the state and defense.

"Do you believe it to be the duty of a white man in Texas to protect his wife, his daughter or his sister?" was asked by Special Defense Attorney W. W. Neime of each prospective venireman on the witness stand.

An affirmative answer was given in each case.

"If you are accepted as a member of the jury in this trial, bear in mind the mental condition of the defendant if he is proved beyond a reasonable doubt to be temporarily insane at the time of the shooting?" was another recurring question of the defense.

Once, when Attorney Neime on the other hand countered with lead-questions as to whether the witness, if sworn in as a juror, would "make certain that the accused was sane at the time of the shooting?"

"I would not," was the answer given by Neime.

"The government was busy today recruiting troops. There was rifle practice going on in the streets. The government troops and rebels during the afternoon; several soldiers were wounded."

"Later at the conference, it was agreed that General Cruz would surrender the fortress at 10 o'clock tonight to the officer of the American marines."

DALLAS, May 21.—D. E. Soderman, charged with the shooting and death of Jay Clay Powers, playwright, actor, prominent business man and former major in the United States army, by the shooting of Powers April 18, went on trial today in criminal district court No. 2 before Judge C. A. Pippen here.

Powers was alleged to have been shot while standing at the desk of a hotel at which he was proprietor. Soderman, according to witnesses called before the jury, returned an indictment charging him with the shooting several days after the alleged occurrence, was Powers' attorney today during the trial.

Selection of a jury from the special venire of 200, was expected by attorneys to occupy all of today and part of tomorrow.

Powers was prominent particularly in north Texas, as owner of a string of hotels. He and the accused, Soderman, were business partners for a year ago, grand jury witnesses have brought out.

NICARAGUA'S SCENE OF NEW REVOLUTION AGAINST PRESIDENT

SEIZE FORTRESS LOMA, COMMANDING THE CITY OF MANAGUA.

WILL BE GIVEN BACK TO THE GOVERNMENT

Promise is Made Upon Representations From the American Minister.

By Associated Press.

MANAGUA, NICARAGUA, May 21.—A revolutionary movement broke out here today against President Diego Manuel Chamorro, a band of rebels seizing Fort Loma, commanding this city. Upon representations from the American minister, John E. Ramer, however, the revolutionists later agreed to turn the fort over to the commander of the American marines at 10 o'clock tonight to be given back to the government.

The capture of Fort Loma was effected at noon under command of General Arcenio Cruz. Other revolutionary leaders are Adan Canton and Salvador Castrillo. All are prominent conservatives.

When news of the fortress capture was received the American minister sent a letter to all the rebel commanders. The reply stated that the rebels were friendly to Americans, their purpose was to cause the resignation of the president and a change of the present cabinet.

The American minister replied that if the fort fired upon Camp de Marte, where American marines are stationed, or upon the city, the fire would be returned.

He proposed that General Cruz send three representatives to meet three government representatives for a conference.

Mr. Ramer then communicated by wireless with Rear Admiral Cole, United States navy, who replied that he would arrive at Corinto tomorrow with 500 marines.

The government was busy today recruiting troops. There was rifle practice going on in the streets. The government troops and rebels during the afternoon; several soldiers were wounded.

Later at the conference, it was agreed that General Cruz would surrender the fortress at 10 o'clock tonight to the officer of the American marines.

TORNADO HITS WALNUT SPRINGS ESTIMATE DAMAGE AT \$100,000; THREE ARE KILLED IN OKLAHOMA

PORT WORTH, May 21.—Damage approximating \$200,000 was inflicted in Walnut Springs and vicinity yesterday afternoon when a heavy wind accompanied by hail and rain, visited that section. It is estimated the damage in Walnut Springs will reach \$100,000 and in the surrounding country fully as much.

Practically every window pane in the town was broken by the hail, every glass building was damaged, and few residences escaped. Mrs. Hamilton was slightly injured and her cat completely wrecked. Thirteen other persons in the building at the time escaped unhurt. The Presbyterian church is almost a complete wreck and a large grain elevator collapsed.

The Baptist church at Steel's Creek was demolished. This is between Walnut Springs and Morgan. Farmers in the vicinity declare crop damage will be heavy.

Immense property damage was done by a tornado which visited Walnut Springs last night, according to a telegram received over railway wires here today. The Masonic temple now under construction in Walnut Springs and a cigar factory were partly wrecked and a hog farm was blown from its foundation.

OKLAHOMA CITY, May 21.—Three known dead and an undetermined number of injured is the toll of a night's storm which visited nearly every portion of Oklahoma. Houses and outbuildings were wrecked, basements were flooded and electric light and power service in many towns was disrupted.

Mrs. Marvin Kilman, 22, of Oklahoma City, killed at Shawnee, when her building in which she had taken refuge collapsed in the high wind. Her young son and Willis Bennett were injured.

Edward W. Greenfield and Gilbert Daugherty, both of Parsons, Kan., killed when a Missouri, Kansas and Texas passenger train in which they were engineer and fireman, respectively, was wrecked near Vinita by a torrential rain which swept the engine from the tracks.

Shawnee appeared to have suffered the greatest damage from the storm. Injury to property was estimated at \$250,000. One four story building was demolished, several garages and several houses were wrecked and plate glass store fronts in the business section smashed.

At Oklahoma City hail fell intermittently during the deluge which continued for several hours, flooding streets in the downtown section until they resembled miniature rivers and causing the North Canadian river to rise several inches within a few minutes. No one was injured seriously although several residences and outbuildings in the greatest portion of the city were wrecked.

Tulsa and Muskogee reported slight injury to property and utility services.

When communication was restored between here and Okemee today it was learned that reports that two women had been killed there were untrue.

WALNUT SPRINGS TORNADO DOES EXTENSIVE DAMAGE

WACO, TEXAS, May 21.—Owing to wire trouble communication with Walnut Springs, 43 miles north on the Texas Central railway, was cut off this morning and the storm damage there could not be accurately obtained but a terrific tornado ripped the central railway tracks and property. One school building between Walnut Springs and Morgan was demolished but Steady's was injured. The bridge at Steady's creek was damaged by high water, the rain in that vicinity measuring from two to two and a half inches. One section of the two span bridge was washed away.

The Brazos river is rising here and is already touching the 18 foot mark. Heavy rains are reported at Granbury, Kopperi, Morgan and Whitney.

It is reported that a brick building in Walnut Springs was demolished and that A. M. Hamilton was injured, but this has not been confirmed.

KATY RAILROAD BRIDGE HAS BEEN WASHED OUT

PORT WORTH, May 21.—First report of yesterday's storm in this morning indicated that at Walnut Springs one woman was badly injured, at least four houses blown down and the Katy railroad bridge washed out, isolating the town. All wires into Walnut Springs are down. The storm was general south, north and west of here last night. The Walnut Springs storm struck at 6:30 p. m. The Trinity river at Fort Worth began to rise this morning, going up three-tenths of a foot in the forenoon as the result of the heavy rains. The rise will continue for several days, it is predicted, though another dangerous stage is not expected. In the morning at Weatherford and Bridgeport, where are in the watershed of the river.

WOMAN IS KILLED IN STORM AT SHAWNEE

SHAWNEE, OKLA., May 21.—Mrs. Mary Kilman, 22, of Oklahoma City was killed, her young son injured and an unidentified man seriously hurt when the Becker theatre building, a four story structure, was wrecked here last night by one of the most violent storms in years.

The three had sought shelter in (Continued on Page 2, Column 2.)

GENERAL CONFERENCE OF METHODIST CHURCH CONCLUDES ITS WORK

MEETING HERE EARLIER THAN USUAL, THIS MORNING'S CONFERENCE HERE OF THE METHODIST EPISCOPAL CHURCH, SOUTH, RACED THROUGH THE REMAINING BUSINESS ON SATURDAY AND ADJOURNED FINALLY AT 11 P. M.

By Associated Press.

MEMPHIS, TENN., May 21.—The general conference of the Methodist Episcopal church, south, which opened here Saturday morning, adjourned here at 11 p. m. today.

The conference, which is the largest ever held in this city, adjourned here at 11 p. m. today. The conference, which is the largest ever held in this city, adjourned here at 11 p. m. today.

WANT ORGANIC UNION RATHER THAN PROPOSAL FOR CLOSER RELATIONS

DES MOINES, May 21.—Organic union instead of further efforts to bring closer relations between northern and southern Presbyterians by means of new types of federation is desired by the northern branch of the church, the 154th general assembly of the latter denomination informed the southern Presbyterian machinery for federation until such time as organic union can be achieved.

The resolution rejected proposals received Saturday from the southern Presbyterian assembly at Charleston, W. Va., for the formation of a new federation and declared that the council of reformed Presbyterian churches affords sufficient machinery for federation until such time as organic union can be achieved.

ADOPT RESOLUTIONS OF COMITY BETWEEN CHURCHES

CHARLESTON, W. VA., May 21.—The northern Presbyterian general assembly today adopted a resolution of comity between its church and the southern reformed Presbyterian church. The resolution of the joint committee on comity of the Presbyterian churches, U. S. A., and Presbyterian churches in the United States was accepted.

TRIAL OF GOVERNOR SMALL OF ILLINOIS ENTERS FIFTH WEEK

By Associated Press.

WAUKEGAN, ILL., May 21.—The trial of Governor Len Small charged with conspiracy to embezzle state funds entered the fifth week today with W. W. Sherman, assistant treasurer of Swift and company, Chicago bankers, on the stand.

Mr. Sherman, who was in the chair at adjournment Friday, continued his story of the financial transactions between his company and the Great Park bank. The state attorney, Governor Small, Lieutenant Governor Fred E. Sterling and Vernon Curtis, president of the Great Park bank, continued to defend the state's case.

Selection of a jury from the special venire of 200, was expected by attorneys to occupy all of today and part of tomorrow.

CHILEAN DELEGATION HAS DECLINED TO ACT AS AN INTERMEDIARY

By Associated Press.

WASHINGTON, May 21.—The Chilean delegation to the Washington-Peruvian conference on questions arising from the treaty of Ancon entered its second week today with the delegates ready to advance their negotiations to a decision without unnecessary delay.

Having canvassed the entire field of problems confronting them in a week of preliminary decisions, both the Chileans and Peruvians showed a disposition when they came to gether again today to develop a direct issue for the first time. Both have been in further communication with their home governments over the week-end and were said to be in a position to get down to cases on the problems confronting them.

BRIGADIER GENERAL A DEFENSE WITNESS IN BLIZZARD TRIAL

By Associated Press.

CHARLES TOWN, W. VA., May 21.—Brigadier General H. S. Bandholtz, who represented President Harding in federal activities to restore order after several thousand miners and others had marched across two counties and gave battle to the defending forces on the border of Logan county last summer, was expected to be the principal defense witness today in the trial of William Blizard in circuit court here under a charge of treason.

One of the things which the lawyer, in his opening statement, indicated that a similar reply would be made, by the Peruvian delegation.

FUEL CONSERVATION BY THE RAILROADS URGED BY SPEAKER

By Associated Press.

CHICAGO, May 21.—Conservation of fuel by railroad companies through educating the men who place the fuel on the fires, was urged today by Speaker Clegg, vice-president of the Illinois Central railroad, in an address before the International Railroad Fuel association.

Coal means more now than it did prior to the war, he said. "It costs more to produce, transport and handle it until it reaches the fire box of the locomotive or of the stationary plant. The increased rate has made it necessary for us to burn our coal purchased at the most reasonable rate so that it will give the maximum efficiency. We should exert every energy to burn coal scientifically."

APPEAL TWYMAN CASE TO THE HIGHER COURT

AUSTIN, May 21.—There was filed in the court of criminal appeals today appeal in the case of H. G. Twyman, former drill master at the state training school at Gatesville, sentenced to ten years imprisonment for murder at Dull, Tex., May 14-year-old inmate of the school, last September. An inquiry by the board of control followed the boy's death, alleged to have occurred following a punishment administered by Twyman.

The appeal attacks the indictment and the charge by the judge to the jury.

LIQUOR VALUED AT \$18,000 POURED IN STREETS OF RANGER

RANGER, TEXAS, May 21.—Liquor valued at \$18,000 was poured into the streets here yesterday after a raid by a citizens' committee cooperating with police upon a barn in the heart of the business section. Four men were arrested and placed under bond. The raid was part of a plan of civic bodies to stop bootlegging here, which, it was alleged, officers have failed to suppress.

NEW CONGRESSMAN TAKES HIS SEAT IN THE HOUSE MONDAY

WASHINGTON, May 21.—Gustav Williams, who has been elected to fill out the unexpired term of the late Lucian W. Parrish as representative from the 13th Texas district, was sworn in when the house convened today. The new congressman was introduced by Representative John W. Garner, dean of the Texas delegation, who asked unanimous consent that he be sworn in although the new congressman's credentials had not arrived. There was no objection and Mr. Williams, accompanied by Representative Garner as his sponsor, advanced to the front and took the oath which was given to him by Representative Joseph Walsh of Massachusetts, who was presiding temporarily for Speaker Gillette.

Congressman Williams has been assigned room No. 18, house office building, which is directly across the hall from the room occupied by Congressman Parrish.

He has not yet designated his secretary nor have his committee assignments been announced. Congressman Garner is to arrange these.

"Just say for me that I am here with the harness on," said Congressman Williams, "and trying to get bridge-wired."

TWO NEGROES ARE SPIRITED AWAY TO PREVENT LYNCHING

MARSHALL, TEXAS, May 21.—Two negroes, arrested yesterday about six miles north of here, after a 10-year-old girl was choked and strangled in the face as she slept about 5 o'clock Sunday morning, are in jail at Shreveport, La., according to Sheriff Sanders, who returned to Marshall this morning.

The girl's arrest and the members of the family and one man was seen to jump through a window. Bloodhounds were brought to Marshall and an area placed where several negroes were congregated. Two of the men were arrested and hurried away by officers as there had been reports of violence. Two members of a crowd at the jail here last night were permitted to enter the jail to see that the negroes were not there.

Sheriff Sanders expressed the belief that the two men arrested were not guilty, but said they were arrested to quiet a crowd which gathered here yesterday and last night.

MARSHALL, TEXAS, May 21.—The two negroes arrested yesterday following alleged choking of a 10-year-old girl have just been spirited away for safe keeping as the result of public sentiment. The girl was strangled after having been run down by blood hounds from Shreveport.

A sister of the young girl awoke Saturday night and discovered a man leaning over the girl's bed choking her. He escaped and later the bloodhounds led officers to a point five miles from here where the two negroes were arrested. They attempted to run when officers approached.

PASS BILL TO IMPROVE THE RIVERS AND HARBORS

WASHINGTON, May 21.—The Damppay bill authorizing improvements for rivers and harbors was passed today by the house, 209 to 167. Funds for the improvements are yet to be provided.

ROUNDUP ALLEGED BAND OF THIEVES IN DENISON RAID

DENISON, May 21.—A roundup of 174 men said to be members of a band of thieves which have looted stores in several towns near Denison and believed to be responsible for robberies here, was carried out Sunday morning. Boyd Craig, sheriff, stated here today. A store house, described by the sheriff as a "modern cave of Al Babs," was found in the town of Denison, the two months activities of the gang, it was said.

SUN YAT SEN ARMY DRIVING NORTHWARD

By Associated Press.

HONG KONG, May 21.—Sun Yat Sen's southern army is driving northward into the provinces of Kwangsi and the troops of the military government of Kwangsi are reported to be fleeing in disorder.

TWO SENATORS TAKE THEIR CONTROVERSY INTO THE CORRIDOR

WASHINGTON, May 21.—Postmaster appointments in Georgia started a hot exchange in the senate today between Senator Watson, democrat, of that state, and Senator Phelps of Colorado, a republican member of the postoffice committee, with the result that business was disrupted for several minutes after which the two senators took their controversy into the corridor.

"If you say I word out of the way I'll knock you down," Senator Watson said he told the Colorado senator after they left the senate chamber. Senator Phelps declined to see newspaper men to discuss the incident.

Senator Watson, discussing the dispute which began while the senate was discussing an army bill, challenged to personal combat, mentioned calling a senate sergeant-at-arms and then walked away.

The Georgia senator explained that the dispute involved three postmaster nominations, Jack Curran, to be postmaster at Savannah; J. B. Crane, at Dixie, Ga., and Lawson Pritchard at Tennesse, Ga. All are "personally objectionable" to Phelps, Watson said, and he so notified Senator Phelps.

NEW STEAM SCHOONER RAMMED BY SUBMARINE

LOS ANGELES, May 21.—The new steam schooner Virginia Olson was rammed by the navy submarine D-7 in a dense fog off the breakwater outside the harbor here today, and racing at full speed with a hole in the bow, sank just after 10 o'clock.

Captain Johnson reported that the submarine proceeded on its way seaward after the collision, and he did not know whether it was damaged or not. The Virginia Olson was inbound from Portland, Ore., with 1,200,000 feet of lumber. It is owned by San Francisco.

OFFICE PRINCIPLES OF 'KU KLUX KLAN'

SAN FRANCISCO, May 21.—The state executive committee of the American Legion yesterday passed resolutions opposing the principles of the Ku Klux Klan and commending John R. Quinn, state commander, for resigning from it.

VETERAN OF MEXICAN AND CIVIL WAR DEAD

PETERSBURG, VIRGINIA, May 21.—Major Joseph Samuel Langford, aged 102, veteran of the Mexican and Civil wars, died here yesterday. He was born in Norfolk September 15, 1819. He attributed his longevity to abstinence from intoxicants and tobacco.

RAIL EXECUTIVES DISCUSS PROPOSED RATE REDUCTIONS

WASHINGTON, May 21.—Seven railroad executives representing the group of 13 which participated in the white house dinner conference Saturday night at which President Harding asked voluntary action by the railroads in certain rate reductions, today held a two hour session with the members of the I. C. C.

Although the formal announcement of the conference was made by Daniel Willard, president of the Baltimore and Ohio, and one of the conferees, merely said the meeting was "for the purpose of discussing the rate situation," the session generally was regarded as the first step by the railroads toward possible compliance with the president's request and toward carrying out the agreement made at the white house conference.

SLEEP OVERTAKES 4 CAR THIEVES AND ALL ARE ARRESTED

TWO MEN AND TWO WOMEN FOUND IN MISSING MACHINE.

"JUST COULDN'T KEEP GOING" THEY REPORT

Are Captured Following Receipt of Telephone Message From Dallas.

Inability to resist the wiles of Morphine proved costly to two men and two women who, in a stolen car, had successfully eluded police between here and Dallas Sunday night. The quartet were found fast asleep in the machine just beyond the front street viaduct at 4 o'clock Monday morning and all four are now held in the city jail awaiting the arrival of Dallas detectives.

Local police received a message from Dallas late Sunday night to the effect that a new Ford touring car had been stolen by a party of four, two men and two women, and that it was believed to be on this way. Police kept a sharp look-out throughout the night but not until just before dawn was their vigil rewarded. Night Sergeant Charley Debutant located the machine and conducted it and its four abductors to the city hall.

The car talked exactly with descriptions furnished from Dallas. License number, motor number and state seal being identical with the figures given.

"We were sleepy and just couldn't keep going," the four culprits are said to have told officers.

DUMMY COP DEFIES TWO AUTOISTS BUT IS VICTIM OF THIRD

The "dummy cop" at Ninth and Indiana streets argued successfully with two automobile Sunday night and then went down to ignominious defeat before the assault of a third which, running slightly faster than its two companions, upset the ponderous representative of law and order and rolled it half way across the street.

All three collisions took place within one hour's time and were blamed on the rain which made streets slippery and vision difficult. The third car suffered a broken bumper as the price of its success but the other two escaped unscathed.

A policeman and the driver of the ambitious machine restored the big block to its original position and let it go at that.

The blocks on down town street intersections will be removed within a few days, or just as soon as the new style traffic markers recently constructed have had time to harden sufficiently in their concrete beds.

DEEP TEST WILL BE SUNK ON CRANFILL LAND AT IOWA PARK

IOWA PARK, TEXAS, May 22.—What is looked upon as being one of the most interesting developments in the Iowa Park vicinity, is promised in the 300-foot test that will be run in the week on the Dr. J. B. Cranfill land, two and one-half miles northwest of here.

This well is being drilled by J. D. Looftbourrow, who has extensive holdings in Wichita county and in this vicinity. Mr. Looftbourrow is now drilling on the George Mills tract about three miles northwest of town, and expecting pay sand at any time, as the depth of the shallow production in that territory has about been reached. It has long been the desire of local oil operators to see a 3500 or 4000 foot test made, and the geological report received on this acreage to the north of town is very encouraging, and the test will no doubt be watched with a great deal of interest by the oil fraternity.

Contracts have been let for four wells on the Nichols tract which is four miles north of Iowa Park. These locations are less than three miles from the Serrain wells, among the oldest producers in Wichita county.

Drilling has reached about 300 feet on the C. Birk, adjoining town on the north. Considerable leasing is being done, and a better demand for acreage than at any time since the boom days of the Zink and Watkins wells.

HABEAS CORPUS IS FILED IN CASE OF ROBERT FLETCHER

Habeas corpus proceedings have been instituted by counsel for Robert Fletcher, who was remanded to the county jail without bail bond last week following a preliminary hearing before County Judge Morrison at Archer City. Fletcher is charged with murder.

The hearing on the writ has been set down for next Thursday morning before Judge H. R. Wilson.

GRAND ARMY OF REPUBLIC AND AUXILIARY MEET

DALLAS, May 22.—The 37th annual convention of the Grand Army of the Republic, department of Texas, and the "Woman's Relief Corps" an auxiliary, was opened here this morning for a two day session. A. L. Allmar, Fort Worth, and Mrs. Lizzie T. Martindale are presiding over the meetings.

Linda Lee, Inc.

by LOUIS JOSEPH VANCE

©1921 by Louis Joseph Vance

(Continued from our last issue) "The man I've got in mind to direct you in your first picture, Mrs. Lee; that is, if you can get hold of Barry. You couldn't do better, but his salary's ex-normous. I'll give him a ring and find out for you."

"There's no hurry, Mr. Summerland. Remember, Mr. Lontaine hasn't taken the first step toward forming a company yet."

"Well, but I'd hate to have you lose a chance, Barry's a wonder. Even Griffith takes a back seat when Barry Nolan picks up the megaphone."

Lontaine interposed a question of technical nature, and as Summerland answered him at length, Lucinda's attention wandered, she began to think more about the speaker than about what he was saying. Undoubtedly a most satisfying creature, at least to look at. Bending over the table, his face glowing as he illustrated his meaning with an animated play of hands; though his words were all for Lontaine, Summerland's consciousness was constant to Lucinda, his quick eyes were forever seeking hers. Hard hit and making no secret of it.

Not that it mattered, more than for the good it does one's self-esteem to be respectfully if openly adored by a personable young man whom one found agreeable. Vanity had been sorely sprung by Bellamy's sacrifice of his wife's love to his appetite for flirting with women of cheap emotions. Neither had Daubney's devotion meant great deal to Lucinda, something so familiar through old acquaintance not to be misapprehended. This had needed some new conquest as it had to make Lucinda feel that she was again in the least proved her charms not yet passed.

Lucinda inclined to approve the style in which Summerland maintained himself. The bungalow, secluded in wide and well-kept grounds, might have served as a "retreat" for a grand duke.

By merely turning her head she could look out through an open casement to a lawn where a self-esteem like liquid silver, slept between mysterious, dense masses of purple shadow. The breath of the night was bland and fragrant in Chicago, the thermometer had shivered in the neighborhood of zero; New York, according to telegraphic news, was digging out from under a snowfall which only to the west of its legendary blizzard.

"I want to purr," Lucinda confessed, finding Summerland's eyes upon her. "I am adored by California."

"I must make the most of these moments, then. Presently we'll both be busy, you in special for too busy to give me many evenings like this."

"I'm not at all afraid of being done to a lawn, you in special for too busy to give me many evenings like this."

"If I'm not mistaken, that's a dare."

He accepted with a smile the smiling gaze of her eyes. They understood each other perfectly.

When it came time to return to the Alexandria, Summerland insisted on driving them home himself.

Lucinda fell asleep that night to dream of courting a will-of-the-wisp through a land whose painted illusion faded and faded as she fled, till in the end there was no more beauty, only the bare grin of the desert savages and implacable.

She started awake with her husband's name trembling on her lips.

The room the Lontaine's occupied in the Alexandria adjoined Lucinda's, and while she was lying over breakfast Fanny tapped on the communicating door and drifted in, as he lit, with a cigarette and an airy nonchalance oddy at war with a problematic shadow that lurked in her eyes.

"My amiable first husband," she announced, "has charged me to arrange for an audience at your convenience."

"As soon as you like," Lucinda laughed.

"This morning Harry has waked with his head aching more than usually addled with gorgeous schemes, and says he wants to consult you. What he really wants is your unconditional approval of everything he has to propose. So do be wise as well as kind."

"I'll try," Lucinda promised. Considered in the light of this semi-serious warning, all that Lontaine had to lay before her seemed almost disappointingly conservative.

"I've been thinking it over all night," he assured Lucinda seriously as she and Fanny settled to give him attention, "and it seems to me I ought to let you know more specifically what you're letting yourself in for, before I ask you to hold yourself pledged."

"That sounds suspiciously like preparation for letting me down easily."

"Please don't think that." There was a convincing glint of alarm in Lontaine's look. "Never more enthusiastic, more sure of everything than I am of your eventual success. But it's going to mean hard work for both of us."

"I shan't mind hard work," Lucinda replied. "As for disappointments, I don't expect much, so I

Even in America such sincere artists exist, and we'll find and bring them together and prove first that business production can be an art as well as a money-grubbing scheme.

"Bravo! bravo!" Fanny interposed. "Hark to the dear man! Now if only he'll perform one-half as bravely as he promises!"

Lontaine flushed a little but paid no other heed. "To get back to the question of capitalization. . . . Arbitrarily setting fifty thousand as a fair production cost, we'll want at least a hundred and fifty thousand to begin with."

"But surely we won't need a hundred thousand margin for safety?"

"Not for safety—for economy. When we finish our first picture it will be a matter of six months at least before it can be exhibited. Meantime, we can't afford either to disband our company or hold it together in idleness. We ought to start our second picture the day after we finish the first. Thus we'll waste no gestures. And allowing three months to each, we should have our second and third ready by the time the first is released. Do you follow me, Mrs. Druce?"

"I think you're quite right. You said yesterday you had some people ready to furnish the necessary capital."

"In half an hour I can find half a dozen who'd jump at the chance," Lontaine replied without a quiver. "The question is: Do we want to take them in? Is it necessary? Is it good business?"

"Can we avoid that?"

(Continued in our next issue)

Simply enough, if you care to take the risk. I'll confess I'm not financially in a position to invest in the business myself. But if you should decide to back yourself, use your own money to finance Linda Lee, Inc., you would ultimately receive two-thirds of the profits instead of the one you'd be entitled to as the star. And no outsider would have anything to say about the way we conduct our own business."

"I don't think I care about that," Lucinda observed thoughtfully. "But it does appeal to me, the idea that if I use my own money nobody but myself can suffer if we're making a mistake, if we don't make a success."

"Then you will find the capital yourself, Mrs. Druce?"

"I think I can manage it without much trouble."

Lontaine sighed quietly and relaxed. The contented glow of last night crept back into his eyes. He produced his cigarette case, and began to smoke in luxurious puff. "I may call on you for a check in a day or two, for preliminary expenses."

"That brings up a question," Lucinda confessed. "You see, my check will be signed Lucinda Druce, and I don't like to risk my incognito as Linda Lee."

"Nothing to fret about," Lontaine declared. "Simply make your checks payable to me. I'll open an account with a local bank in my name first, and transfer it to the account of Linda Lee, Inc., as soon as we incorporate."

"Can we avoid that?"

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists—adv.

Business Women Elect New Board At Tuesday Meet

Six new board members will be elected at Tuesday evening's meeting of the Business Women's club, which will be the closing annual business session of the year.

Six of the twelve members of the present board will also be reelected, the six receiving the highest number of votes to be retained. Twelve names for the new directors will be presented by the nominating committee appointed last Tuesday evening, comprised of Misses Ethel McDowell, Estelle Garrison and Kathryn Brothers, and Mesdames Sadie Carter and Grace Higgins, with the floor open to other nominations.

Annual reports will be made by the chairman of standing committees, and other business attended to. During the week following the club's business session, the new board will meet and elect officers.

The close of the club year will be observed Tuesday evening, May 20, when the last issue of the organization's publication, the Tuesday night, will be distributed.

The executive board of the club meets Monday evening at the Y-W at 7 o'clock.

OBSTRUCTION ON ROAD TO BE TAKEN AWAY BY L. L. KUNTZ

County commissioners in session Monday instructed Commissioner L. L. Kuntz to remove the obstruction on the road leading through the John and Jeff Waggoner ranch.

According to members of the court this road has been a public highway for several years but recently it was reported that a gate had been erected across the road. Residents of that portion of the county entered a protest to the court and last Monday the court ordered the obstruction removed.

Monday morning another committee visited the court reporting that the obstruction was still there. The court instructed Mr. Kuntz to remove the gate and road.

KIWANISKS BRING SKELETONS OUT OF CLOSETS, AT LUNCH

The local Kiwanis club is a remarkably virtuous bunch. If the law of past inequities unfolded at Monday meeting, it would be a criterion by which to judge the club membership as a whole. It may have been that the presence of the law of the past inequities, which usually sealed the tongue of some or it may have been natural perversity, but the fact remains that very few of the confessions of the club members were made this noon when the luncheon hour was devoted to the relating of personal incidents entering in the lives of the Kiwanians.

W. W. Silk was bold enough to talk for fifteen minutes about his honeymoon trip, and C. W. Snider confessed to having once won a bicycle race on a bicycle race, which prize he still retains, and aside from those none of those who spoke could distinctly remember their own hazy days had been filled with anything but a blur.

Norris Switzer and Paul Johnson, candidates for the Shrine ring, aired their views on the Ku Klux Klan and the same man promised to which at least furnished plenty of amusement at the expense of no particular individual.

Several members of the Ben Hur baseball team of Austin were guests of the club at the meeting, and Louise Pink was the attendance prize, a silver buckle which was given by Shelby Owens.

MEMBERS OF CLUB TO TAKE LUNCH AT COMMUNITY HOUSE

Members of the local Kiwanis club will hold the next meeting at the North Side community house, Monday at 12 o'clock.

The Kiwanis club is a remarkably virtuous bunch. If the law of past inequities unfolded at Monday meeting, it would be a criterion by which to judge the club membership as a whole. It may have been that the presence of the law of the past inequities, which usually sealed the tongue of some or it may have been natural perversity, but the fact remains that very few of the confessions of the club members were made this noon when the luncheon hour was devoted to the relating of personal incidents entering in the lives of the Kiwanians.

REPORT GILLILAND COMPANY BELLS LOUISIANA PROPERTIES

The Gilliland Oil company is reported to have sold their tank farms and 40 miles of pipe line in the Homer and Mayneville, Louisiana, fields to the Atlantic Oil and Refining company for a consideration of \$2,300,000.

The Gilliland company is interested in the Wichita Falls district, having some properties in the northwest extension, and will continue to operate as a developing company.

CITY MARSHAL IS SHOT AT PARRAL, OKLAHOMA

PORT WORTH, May 22.—Two men who shot City Marshal Ellis at Parral, Okla., late Saturday night and escaped, are being sought here today by police. Warning that the pair was here was received this morning from officers. Ellis had arrested the men on a charge of automobile theft and was transporting them to Wichita to sell. He was driving his automobile. One of the prisoners held him while the other wrestled his revolver from him, shot him and fled. The marshal was found lying in the night in his automobile. He has a chance to recover.

ADVENTURES OF THE TWINS TWINS IN TRIP TO MOON SEE CITY OF ICE!

By OLIVE ROBERTS BARTON

"Oh, isn't it beautiful!" Nancy gasped.

"Silver," answered the Mushroom.

"Add these flowers," asked Nancy. "They're all yellow and shiny. What are they made of?"

"Gold," said the Mushroom. "And the rocks shine, too!"

"And the rocks shine, too!" went on Nick. "They look like diamonds."

"Diamonds of the moon are," nodded the Mushroom. "And some are moonstones, and some are pearls. Some are merely rock crystal, and some are opals."

"Oh, there's a city!" related Nancy. "And it's white, too. What's it made of?"

"It's made of ice," related the Mushroom. "It's never melts here on the moon. It can be carved into beautiful shapes."

"I've got another city yonder," cried Nick, pointing in an opposite direction. "It's ice, too."

"No, fine marble with trimmings of granite," said the Mushroom. "The moon is so beautiful they cannot be described. But come! We must find Mrs. Peabody—the Man-in-the-Moon—Hurry, hurry!"

(Copyright, 1922, NEA Service.)

MAN BREAKS HIMSELF WHEN HE TRIES TO BREAK LAWS, JUDGE KAY TELLS HIS CLASS

Man cannot break God's laws and get away with it, Judge John C. Kay told his Bible class at the Olympe church Sunday morning, in an appeal for a deeper knowledge of the law as a whole. There were 212 present. Judge Kay said, in part:

"There is no escape from the laws of the Bible. Now they are not the law because they are not the law. It was the law before there ever was any Bible, before the world was created. Before the mountains were ever lifted up, before the seas were mentioned in the Bible, there was law and always will be.

"We talk about breaking our laws. We break the laws in the Bible, you only break yourself against their granite steps, and the law is not broken. It is ever good, unchangeable, and unforgotten. Because some man has broken himself to pieces against the walls of the law, we say that the law is broken. At a lot of people do not read the Bible, some through carelessness, some through indifference, but a lot of people do not read the Bible because they do not know that there is a law that does not suit their methods of life. It is a terrible book; it will punish you, it will punish you, and leave you the living, breathing, pulsing life of the Bible. Words here we call it theft, the common law calls it fraud, but the Bible says, 'Thou shalt not steal.' 'Thou shalt not steal' is the language of the Bible; 'Thou shalt not take the name of the Lord in vain' is the language of the Bible; 'Thou shalt not give false testimony' is the language of the Bible; 'Thou shalt not kill' is the language of the Bible; 'Thou shalt not commit adultery' is the language of the Bible; 'Thou shalt not covet' is the language of the Bible; 'Thou shalt not desire' is the language of the Bible; 'Thou shalt not be envious' is the language of the Bible; 'Thou shalt not be wrathful' is the language of the Bible; 'Thou shalt not be proud' is the language of the Bible; 'Thou shalt not be humble' is the language of the Bible; 'Thou shalt not be meek' is the language of the Bible; 'Thou shalt not be gentle' is the language of the Bible; 'Thou shalt not be kind' is the language of the Bible; 'Thou shalt not be merciful' is the language of the Bible; 'Thou shalt not be gracious' is the language of the Bible; 'Thou shalt not be good' is the language of the Bible; 'Thou shalt not be righteous' is the language of the Bible; 'Thou shalt not be just' is the language of the Bible; 'Thou shalt not be holy' is the language of the Bible; 'Thou shalt not be pure' is the language of the Bible; 'Thou shalt not be clean' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; 'Thou shalt not be without flaw' is the language of the Bible; 'Thou shalt not be without spot' is the language of the Bible; 'Thou shalt not be without stain' is the language of the Bible; 'Thou shalt not be without blemish' is the language of the Bible; 'Thou shalt not be without fault' is the language of the Bible; 'Thou shalt not be without defect' is the language of the Bible; 'Thou shalt not be without imperfection' is the language of the Bible; mates will meet again and spaw. How do they always find the ones they're engaged to? Science knows they do.
The strangest mysteries and the most fascinating oddities in the world are the peculiarities of animal life.

THE OLDEST MYSTERY.

The Swastika is the oldest symbol in the world. Also, it is the oldest mystery.
You find it engraved on primitive tools, dug up in the mounds of the Ohio, Tennessee and Mississippi mound-builders, who inhabited America before the Indians.

The Swastika also is found in the most ancient ruins of Alaska, Mexico, Brazil, Egypt, Babylonia, China, Japan, India, Assyria, Phoenicia, Persia, Tibet, Greece—and nearly every other country in the world, including obscure islands.

Buddha, according to myth, carved the Swastika on the soles of his sandals, and oriental statues of him often have their feet decorated to correspond.
The Swastika is the international symbol for good luck and general welfare—like our horsehoe, the negro's rabbit-foot and the "chung-meng-fu-goi" sign that is painted on the door of nearly every Chinese home.

The Swastika's origin is unknown. But archaeologists, the ditch-diggers of science, have traced it back to the beginning of the Bronze Age, 4500 years ago.

For all we know, the Swastika may have been old then.
How did it spread over the earth and become known in countries that are supposed to have had no knowledge of each other in ancient times?

Christopher Columbus unquestionably knew the Swastika, possibly had it painted on his ships for luck. Yet, mark that it was used by his mound-builders in America centuries before Columbus was born. How did they get it?

The only plausible explanation of the universal use of the Swastika comes from China.
The Chinese—who claim that their explorer, Fu-sang, visited America 1060 years before Columbus—believe that civilization travels in an endless wave up 30,000 years, then down 30,000, so on forever.

That's why Chinese mythology tells of "flying men" far back in antiquity.

The earth may be 1,700,000,000 years old, says Prof. William Duane, of Harvard Medical School. He bases his calculation on radio-activity.

Regardless of the number of years, queer things are buried back there in the past, as shown by the Swastika, oldest mystery.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

PERSONAL.

A reader who has been kind enough to write us and to encourage us about these Talks, asks if we are really as serious and sad as our picture makes us out to be.

That is a fair question and one which has been asked so many times now that we feel it devolves upon us to set many of our unseen friends aright.

No, we are not sad at all. Yes, we do look very serious at times for we have serious problems to face quite often. It is unfortunate but true that one of the most serious times of our lives is when we face a camera. The man says: "Look pleasant, please!"

But the very words frighten us, for they seem to confer the impression that we are not doing our duty before this same camera man.

And so we keep as still as night. We do not wink. We even hold our breath, and count ten in our mind while the picture man holds the shutter open.

How could we help but look serious and sad after such an operation?

We wanted to smile—as is our wont—but he (this same camera man) said that it wouldn't look dignified. And it was our first thought to look dignified and wonderful—as well as beautiful.

And so it is that we have no smiling pictures, though we do smile a great deal and are known for our smile—a real boast!

We like to walk on the sunny side of life and to see the funny side to everything. We have a sense of humor, we think—which is often more valuable than rare rubies as a possession.

We like wholesome fun at every stage of the game. We don't like long faces and solemn processions.

We even try to smile—and often succeed—when we are not much in the mood. So as to put them in the mood, you see.

We are very fond of that line of Ella Wheeler Wilcox's: "Laugh, and the world laughs with you; weep, and you weep alone."

HAMBONE'S MEDITATIONS

DEY SONT A MAN T' DE PEN FUH LIFE, ATTEH HE DONE PAID HE LAWYUH A THOUSAN' DOLLARS; BUT SHUCKS! WHUT HE KEER BOUT A THOUSAN' DOLLARS, ENNYHOW, ATTEH DAT?

LITTLE BENNY'S NOTE BOOK

by LEE PAPE

We was eating supper today, being stake under onions, and I said to pop: "Well, Whittson, I guess you know I'm to be congratulated, I was elected Royal High Perple of the Dawters of Cleopaterra this afternoon, its a grate honor, I assure you."

It sounds like "one, Royal High Perple, well well, wat are your duties? sed pop.

In a way I'm going to tell you, do you? sed ma, the duties are absoolootly secret, but its a grate honor, I can tell you that much.

Was it a hard fought election, how many canditates were there? sed pop.

Well let me see, 4, there was Mrs. Ambrose and Mrs. Wilson and Mrs. Snider and myself, sed ma.

And you beat them all, so it, grate stuff, sed pop.

Well, in a way I did, sed ma. In a way, how can you win an election in a way? sed pop, and ma sed, I didn't say that, I sed I beat the other candidates in a way, because I was the first one elected.

Yes, gods, was there more than one Royal High Perple elected? sed pop.

Certainly, naturally, all 4 of us were elected, its one of the offices where there's no limit to the number that can be elected, but just the same its a grate honor, sed ma.

It must be, I dont see how you can bare up under it, yes, gods, sed pop. And he kept on reading the paper every once in a while.

TUBERCULOSIS

By DR. R. H. BISHOP.

Too many people in the first stages of tuberculosis think they are exceptions and can beat the disease their own way. If they broke down or were attacked by appendicitis or a contagious disease, they would stop working until they were completely recovered. Yet in the case of one of the worst of all diseases, they think it unnecessary to quit until the disease has such a foothold it is practically impossible to do down.

Tuberculosis is caused by a bacillus or germ so small it can be seen only under the microscope. Sunshine will cause these germs to curl up and die, which explains why the disease thrives in houses where fresh air and sunlight are shut out.

When exposed to infection, people in good physical condition are safe enough, because nature provides defenses which destroy the bacilli. It is when the body is weakened by sickness or improper living that the germs gain a foothold.

When a battle on one's own body between the invading germs and the defenses nature has provided. It is your business to strengthen your defenses by rest, fresh air, proper food and good health habits.

The encouraging thing is that the tuberculous death rate is decreasing—yearly more disease is being prevented and more lives are being saved. Most cases can be cured if the patient seeks medical care before too much of the lung tissue has been destroyed. Even in advanced cases the disease often may be stopped and many men with only one lung is leading a useful life and supporting his family.

Big Cotton Exports Exports of cotton, in week ended May 12, totaled 111,252 bales, against 63,778 bales in corresponding week a year ago and 191,925 two years ago.

Total exports for the season that began last August 1 have passed the 4,000,000 bale mark.

YOU AND I

By ALBERT APFEL

RUKE-BUNNIGER. An American bootlegger gets in touch with a Canadian distiller. He buys a carload of whiskey and has it shipped to an imaginary person in Mexico. The railroad shipment is routed across the United States, as permitted up to now by law.

While the whiskey freight car is in an American railroad yard, it is broken into by the bootlegger. He hauls his stuff away.

Canadian distiller doesn't care. He has his money. The railroad "doesn't" care. Freight is paid in advance. No complaint, of course, from the imaginary consignee in Mexico. All around, it's a beautiful arrangement.

But the national supreme court now rules that liquor, moving from one foreign port to another, can be seized in American territory, under the prohibition law, if the bootlegger is caught.

One by one, the whiskey leaks are being sealed.

BIED-MAN. An airplane without a motor is being built by Edmund T. Allen, student in Boston. He calls it a birdplane. It is a glider, operated by human muscle power, in imitation of a soaring bird.

Will Allen's death, in a week or so, when he makes his first flight? Not necessarily. An European glider recently stayed aloft for an hour and 21 minutes.

The most successful artificial-wing plane will never have a wide market. Civilized man is lazy, does nothing that he can get a machine to do. Then, too, airplanes were a motor, and most of us are speed maniacs.

PIONERS. Born in Connecticut in 1844, Mrs. Henry F. Pellett reminisces about those days for 78 years ago. On the wedding day her husband had only 16 cash, but she says it was ample for paying the minister and honeymooning for a week.

You get a sense of how prices have changed, when Mrs. Pellett recalls the tailor made a man's coat those days for 25 cents. And nothing that he can get a machine to do. Then, too, airplanes were a motor, and most of us are speed maniacs.

SWARMING. Ontario province, Canada, finds that its total population is only a trifle larger than Chicago's. Cramped into less than 200 square miles of territory are 700,000 people in the 497,253 square miles of Ontario.

That is the answer to about nine-tenths of the problems of so-called "civilization." Swarming breeds our troubles.

BOOK-WORMS. Robertson Smith might have been valedictorian of his class this year at the University of Chicago. He was put out of the running because he couldn't climb himself 10 times. Smith had all the mental record qualifications for official class orator. He had even climbed himself seven times, his muscles went back on him.

It will amaze old-time graduates to learn that an A-1 student no longer is a "book worm." A good many will consider it ridiculous, which it is, despite the value of gymnasium training.

One of the troubles with Americans is that we go to extremes in everything.

GRAIN. Russia will not be able to export grain for at least five years. That is the report of a special agent of the department of commerce.

With Russia out of the running until 1927, American grain growers will have to find other foreign markets, also better prices than if a flood of grain were pouring in through the Dardanelles.

There's a slip, etc., however. Five years is a lot of time.

REPAIRS. Rail labor board makes up its ends against the contract system by which railroads are "farming out" a third of their repair work to outsiders, at lower labor costs.

We seem to have the same problems in each generation, over and over. As far back as 1884, the contract system was in use by a number of roads, including the Philadelphia, Wilmington and Baltimore.

That road's contracts covered practically entire operation and maintenance, also most new construction. Pondering that program, we may realize they have made big progress and that their present contract problem is only a ghost of the old one.

LEARN A WORD EVERY DAY. Today's word is—Ethical. It's pronounced—eth-uh-kal, with accent on the first syllable.

It means—pertaining or peculiar to race; relating to common physical and mental traits in races. It comes from—Latin "ethnicus," nation.

It's used like this—The treaty makers, after the war, made a pretense of trying to remap Europe along ethnical lines but did not make much of a success of it.

OUT OUR WAY

MARTY NEVER TAKES HIS BROTHERS WORD FOR ANYTHING SINCE THE TIME HE PROMISED TO GET HIM INTO THE CIRCUS FOR NOTHING.

GLOOM CHASERS

More Coal Mined. Soft coal production is gradually increasing, now is close to 4,300,000 tons a week, or about 60 per cent as big as a year ago. Plenty of coal to be had by buyers, but mostly the expensive grade.

Some miners reason like this: "We might as well be idle several more months and then have (ready work to build up coal reserves to normal as drag along steadily) at a few days a week. In the long run, just so much coal has to be mined."

Many striking anthracite miners are vacationing in the "Old Country."

Steel Mills Busy. Steel industry continues turning out three times as much tonnage as last July, when production hit bottom and started climbing. This general industry is running to past capacity. Iron mining operations are increasing in Lake Superior district.

Average selling price of finished steel products has advanced \$2.30 a ton since March 1. The mills claim this is largely due to increase in high-priced coal instead of Connellville supply, shut off by strike.

Steel exports mounting. Ties big buying has shifted from Japan to South America.

Money's Travels

The country's total bank earnings now are, roughly, a sixth bigger than a year ago, an eighth less than two years ago, and averaging higher than during corresponding weeks of the 1919 boom.

ELECTRICAL STORM SENDS MERCURY TO MORE COOL LEVEL

TWO-TENTHS OF AN INCH FELL IN WICHITA FALLS AND VICINITY.

HIGH WINDS CAUSE DAMAGE AT POINTS

Heavy Hail Storm Reported From Northwestern Part of Northwestern.

Sweltering under the heat waves of a torrid sun, Wichita Falls cheerfully greeted the electrical, wind and rain storm Sunday evening. The mercury was immediately reduced to much more comfortable levels and the rain refreshed the air. A total of two-tenths of an inch of rain was recorded in Wichita Falls.

The agent at May, which is located 25 miles north of Woodward on the Northwestern, reported a heavy wind and hail storm. A portion of the roof of the depot was torn away. At Carter an empty box car was lifted from the siding and deposited on the main track.

At Estelline on the Denver three box cars were blown from the siding. The rain fell within the area bounded by Electric, DeCatur and from Dundee to Wings. The Dundee operator reported a half inch of rain.

At 3 o'clock Sunday afternoon the temperature rose to the 95 degree mark, where it remained until 5 o'clock, at which time the advance of the wind storm struck the city. At 9 o'clock the mercury had receded five degrees. At 7 o'clock it had fallen to 84 and at 9 to 78 degrees. The minimum temperature for the night was 70 degrees.

HEALTH OFFICER IS WHIPPED BY MOB; TO OFFER REWARD

BIRMINGHAM, Ala., May 21.—Announcement by local civic clubs and individuals of subscriptions to a reward fund for the apprehension of the guilty persons, and statements of the local officers of the department of justice that the government is working upon the case, were the principal developments today from the announcement Saturday night that Dr. J. D. Dowling, city and county health officer, had upon Wednesday night been lured from his home and severely whipped by a party of men.

The whipping of Dr. Dowling followed a series of such acts during the past six months. Newspapers have appealed in editorials to the public to aid in putting down mob law.

Dr. Dowling, who has recovered from the effects of the beating, left yesterday to attend the meeting of the American Medical Association in St. Louis.

BELIEVE SIX MEMBERS LIQUOR SMUGGLING BAND WOUNDED NEAR EL PASO

EL PASO, May 22.—Six members of an alleged liquor smuggler band are believed to have been wounded Saturday night in a clash with federal prohibition agents who surprised the band as they were endeavoring to cross a ford on the Rio Grande river near here. More than 100 shots were fired before the smugglers were dispersed and escaped.

Ordered to halt, the smugglers opened fire. The officers loosed a volley of shots which returned. Federal police have no reports of casualties, but officers said they believed the wounded men were carried away by their comrades.

Authorities say the smugglers used signal lights to guide each other across the ford.

MORE INDICTMENTS ON PROGRAM IN THE CHICAGO LABOR WAR

CHICAGO, May 22.—More indictments in Chicago's social labor war will be forthcoming today following the submission of additional evidence before the grand jury. Robert E. Crowe, state attorney, announced.

Police said today that further evidence had been secured which is said to link "Big Tim" Murphy, "Frenchy" Mader and other labor leaders, with the slaying of two policemen more than a week ago in connection with terrorist disorders.

The general strike of the building trades, called by Mader before his arrest, is said today to have collapsed.

ARMSTRONG PERFORMS MANY TERRIBLE FEATS

VERNON, TEXAS, May 22.—Frank Armstrong was the feature performer here Sunday afternoon in an aviation meet that attracted scores of persons from not only Vernon but surrounding communities as well. The doughy airman performed many thrilling feats while riding on the wings of the plane, and executed a couple parachute jumps as well. Six ships participated in the event.

MEMBER OF ULSTER PARLIAMENT KILLED; MANNIFESTO ISSUED

By Associated Press.

BELFAST, May 22.—The killing today of W. J. Twaddell, a member of the Ulster parliament, who was shot while on his way to business, caused the issue of manifesto to be discussed by Sir James Craig, the premier, announcing a special meeting of the cabinet and the legal authorities. The premier declared "just retribution" was called for.

W. J. Twaddell, a member of the northern parliament, today was shot and killed in a hotel. He was proceeding to business when he was struck by several shots. A woman was also wounded by the fusillade.

Twaddell is the first member of parliament to be attacked in the history of Belfast's disorders.

DISQUIETING FEATURE IS SHIFTING OF THE TROUBLE

BELFAST, May 22.—The most disquieting feature of Sunday's disorder in Belfast was the shifting of the center of trouble to Bally Macarrett, where there is a large artisan population and a small, compact Sinn Fein community living in a row of tenements.

Two men were killed in the violent rioting there and Thomas McShane, who was wounded Saturday, died in County Antrim.

The flying column responsible for Saturday's raids in Counties Antrim and Down vanished as quickly as it came, but a renewal of its operations is anticipated.

FORMER MAJORS IN THE MEXICAN ARMY EXECUTED RECENTLY

MEXICO CITY, May 22.—Secretary of War Herrera has arrived in Tall Hermosa, the capital of Tabasco state, and begun an active campaign against the rebel leader, General Carlos Greene.

Nicasio Vasquez and Donaciano Escalante, former majors in the federal army, were executed after their capture by government forces under General Manuel Arana in the Huasteca district near Tampico.

STORMS DO GREAT DAMAGE IN PLACES

(Continued from Page One.)

the doorway of the structure from the driving rain and high wind which struck the city at 7:30 o'clock. At the height of the storm the building began to crumble and Mrs. Kilman with the child in her arms was crushed under a mass of falling bricks. Her husband, who had not been learned, sustained internal injuries and a broken leg.

The building had for several years been used as a warehouse.

Several frame dwellings and a number of garages were demolished in the storm and all power and electric facilities were put out of commission.

REPORT SEVERAL PERSONS ARE SLIGHTLY INJURED

OKLAHOMA CITY, May 22.—Several persons were slightly injured, basements were flooded, electric and telephone lines disrupted and considerable damage done to small residences and outbuildings by a miniature cloudburst accompanied by a 25 mile an hour gale which swept Oklahoma City early last night.

Three to four feet of water was reported standing in some portions of the residential district. Down streets the water was flowing like rivers.

The Oklahoma state fair grounds, in the north Canadian river bottoms was seriously damaged by the high wind and part of that section was entirely under water.

The storm came at the end of a day which established a new record for high temperature at this time of the year, according to the United States weather bureau. Just before the wind set in the thermometer registered 95 degrees, weather officials said and within a few minutes it had dropped 25 degrees. During the fire half hour the downpour registered 4.1 inches of rain.

Within another hour the 1.50 mark had been reached. Some hail also fell.

STORMS IN OKLAHOMA DO EXTENSIVE DAMAGE

KANSAS CITY, May 22.—Many districts in the southwest were today recovering from severe wind, hail and rain storms. Losses were high, resulting in the death of at least one person, injury of several others and much property damage.

At Shawnee, Mr. Marvin Kilman, who, with a young son in her arms, had taken refuge from a storm in the entrance to an old theatre building, was killed and the child injured when the building was wrecked. A man also in the building was injured.

Two women were reported killed at Okemah, Okla., when winds were down to that town and it was impossible to verify the report.

Many basements were flooded here and several persons slightly injured by high winds and rain in Oklahoma City.

In Tulsa, Okla., hundreds of trees were blown down, scores of plate glass windows were smashed, and telephone and street car service temporarily paralyzed by the rain and lightning. A fireman was injured today that swept that section last night.

LIGHTNING STARTS FIRE AT DALLAS CYCLE PARK

DALLAS, May 22.—Clyde Park, popular amusement resort here, was damaged to the extent of about \$30,000 by an early morning fire, started by lightning. A negro was rendered unconscious by the bolt of lightning and a fireman was injured while fighting the flames.

Ballew's Death Is Theme of Verses In Graham Paper

The verses appearing below were published in the Graham Leader last week. The author's name is not given:

Synically smild the coffers, and say "The Wild West days are over; 'Tis no more than a mere ghost— 'The don't do that more.' But down in Ardmore . . ."

Bud Ballew was a fighting man, sudden and sure on the draw; A dead hip shot 'twould cast his lot With the forces of the law.

Cut in the grips of the gas he wore Were notched the death he'd dealt; The south west knew and feared Ballew, And the six-knif at his belt.

His deputy's star (till he lost his job) Plus the name of Bud Ballew, Made a casual bluff most times enough.

If not—he could see it through. So never a hand was raised when Bud Mixed brawls with law and order, 'Till one day he strayed away Across the Texas border.

Down in a town called Wichita Falls Ballew charged the air; With worst and best of the Woolly West, Drawn by the rodeo there.

Lids, wide brimmed on every dome, "Chaps" topping high heeled boots Sets on his lips, "corn" on his hips— "The West on one of its 'toes'."

Down the line in a gay cafe, Dinky called the shortstrait, "I'm here," he said, to scatter lead, "I yearn for a scrap or two."

Just a breath and the word went round, And the crowd began to thin; But he checked its pace as it saw the face Of a man who'd just stroled in.

Coolly across the room he moved; His voice was quiet drawl, "You're pinched, Ballew, I thought you knew, That stuff won't go at all."

Tiny he looked by the side of Bud, Dinky and sinner there; Apart a pace and face to face, Each studied his man with care.

Well Ballew knew the man he faced, The chief of police—"Hell!" "Them words," he said, "sound strange to me," Like a flash his right hand fell.

Crash! roared a gun and roared again, The voice of a forty-four; The throng, amazed, eyes bulging, gazed, As a man slipped to the floor.

Calmly the victor knelt beside, The one who'd defied the law; The high wind and part of that dead, Deaten at last to the draw!

2 TRAINLOADS OF WHEAT SHIPPED BY MILL IN TWO DAYS

A new record for wheat shipments here has been established by the Wichita Mill and the M. K. & T. in moving two solid train loads of wheat within two days.

The shipments were made last week, being destined for Galveston and other ports, and the time made in loading and starting the two trains is a source of considerable pride to Max Junker, agent here for the mill.

There were 68 cars in the two trains.

STATEMENT IS MADE BY MRS. RITTENBERRY AS TO HUSBAND'S DEATH

Mrs. W. T. Rittenberry, whose husband died last week from the effects of a bullet wound to the head, has sent the following statement to The Times:

"I wish to state in regard to the accident which Mr. Rittenberry met with and which caused his death, that there was no misunderstanding with his family. There had been no feud, as has been stated. Never was there a more loving husband and band than he. His death is a mystery which we cannot solve.

"I wish to thank the friends for their kindness during my husband's illness and death, and for the beautiful floral offerings. (Signed) "Mrs. Rittenberry and Daughters."

HILLSBORO PRISONERS ARE REMOVED TO DALLAS; MOB VIOLENCE FEARED

DALLAS, May 22.—Lynn Wade, who officers say surrendered at Hillsboro last Saturday following the fatal shooting of his sister-in-law, Mrs. Rosa Wade, here, was placed in Dallas county jail yesterday. R. N. Wade, brother of Lynn, also was brought here. Mrs. Wade was shot down on the steps of the court house at Hillsboro. Wade was hurried away after rumors were circulated of possible mob violence.

NEW CABINET IS FORMED BY M. PROTOPADAKIS

ATHENS, May 22.—The new cabinet formed by M. Protopadakis is composed as follows: Premier, M. Protopadakis. Foreign minister, George P. Baltassis. Minister of Justice, Demetrios Gounaris.

Interior, Nicholas Stratos. National economy, M. Boufios. The organization of the new cabinet took place after Stratos and Stratos reached a mutual agreement for the formation of a coalition ministry under the presidency of Protopadakis.

BERNINE CARAVAN DELAYED; FAILS TO ARRIVE AT NOON

The Shrine caravan, which is journeying by auto from Washington to the Pacific coast, and which was scheduled to reach here from Fort Worth at noon Monday, had not arrived at 3 p. m. and is thought to be delayed by Sunday night's train.

REPORT BURCH JURY STOOD 7 TO 5 FOR AN ACQUITTAL VERDICT

LOS ANGELES, May 22.—The jury in the trial of Arthur C. Burch for the murder of J. Belton Kennedy was discharged by Judge Sidney N. Reeve today after reporting it impossible to agree upon a verdict.

Jurors said the final ballot was 7 to 5 for acquittal. This division was unchanged since a Saturday afternoon when the jury voted for acquittal. The case was placed on the calendar for next Saturday to be set for a third trial.

The early trading carried July contracts up to 20.25 and October to 20.25, or 41 to 43 points above last week's closing figures. The demand tapered off and there were reactions of some 15 to 20 points from the best later in the morning under sharp selling in the afternoon.

Trade in the market was quiet on the outlook for continued unsettled weather with showers over the western and central portions of the country.

Detailed weather reports showed a 10-day rain—rain—expected in the Pacific coast region for July and August. Under scattering liquidation the market fell to 19.25, or 30 to 35 points below the high.

High Low Close July 21.52 21.17 21.52 August 20.25 19.96 20.06 October 20.25 19.96 20.06 December 20.06 19.75 19.81 January 20.06 19.75 19.81

NEW ORLEANS, May 22.—Much rain in the cotton region with prices advanced today. Windstorm in portions of Texas and Oklahoma caused a sharp decline in the cotton today. In the first hour of the session the trading months advanced 15 to 20 points. The contract rising to 20.19. The contract rising to 20.19.

NEW ORLEANS, May 22.—Much rain in the cotton region with prices advanced today. Windstorm in portions of Texas and Oklahoma caused a sharp decline in the cotton today. In the first hour of the session the trading months advanced 15 to 20 points. The contract rising to 20.19. The contract rising to 20.19.

NEW ORLEANS, May 22.—Much rain in the cotton region with prices advanced today. Windstorm in portions of Texas and Oklahoma caused a sharp decline in the cotton today. In the first hour of the session the trading months advanced 15 to 20 points. The contract rising to 20.19. The contract rising to 20.19.

AWARD CONTRACT SHOULDERING ROAD FOR \$200 A MILE

Contract for the placing of shoulders on the Burkhardt road was awarded Monday afternoon to J. A. Wallace by the county commissioners at the price of \$200 per mile.

The court passed an order instructing the auditor to draw a warrant for \$18 in favor of the girls' training school at Gainesville to defray the expenses of an operation for Pearl Smith, a juvenile. The physician of the institution stated that it was necessary to have the girl's tonsils removed.

At a late hour Monday afternoon the court was canvassing the election returns of May 13.

The vote of a forty-four; The throng, amazed, eyes bulging, gazed, As a man slipped to the floor.

GRAIN AND PRODUCE

CHICAGO, May 22.—Despite big receipts of wheat here today, 550,000 bushels, the market advanced 15 to 20 points. The opening which varied from 16 to 17 cents advance, with a high of 17.25 and a low of 16.25.

Chicago Produce. CHICAGO, May 22.—Butter high-crown extra cream 24. Eggs on charge; receipts 56,617 cases; first 24.24; poultry alive, higher; fowls 15; broilers 40.25; roasters 15.

Sugar Market. NEW YORK, May 22.—Raw sugar quiet and steady; unchanged. Centrifugal, 4.07 to 4.11. Refined, unchanged. Fine granulated, 5.30 to 5.50.

Coffee Market. NEW YORK, May 22.—Coffee Rio quiet and steady; unchanged. Rio 19.07; December 2.25.

LIVESTOCK. Fort Worth Livestock. FORT WORTH, May 22.—Cattle, receipts 4,000; steady. Heifers 2.50; calves 2.00; hogs 12.00; sheep 10.00; pigs 10.00.

NEW YORK, May 22.—Cattle, receipts 5,000; steady. Hogs 12.00; sheep 10.00; pigs 10.00.

NEW YORK, May 22.—Cattle, receipts 5,000; steady. Hogs 12.00; sheep 10.00; pigs 10.00.

NEW YORK, May 22.—Cattle, receipts 5,000; steady. Hogs 12.00; sheep 10.00; pigs 10.00.

WICHITA DAILY MARKETS

strong to 10c higher; better grade 19.00 to 19.75. Sheep, receipts 3,991; steady to 25c lower; shorn Texas wethers 7.00 to 7.50; shorn and spring lambs steady; shorn 11.95; native springers 14.25.

NEW YORK, May 22.—Domestic and foreign advices over the week-end evidently were of a character to make traders cautious at the opening of today's stock market. Although the trend of prices was higher, within the first 15 minutes of the opening the market was swayed by several of the independent steels, notably Midvale and Republic Iron and Steel common and preferred.

Little attention was paid to the bond market, the call money rate which touched four per cent in the early afternoon. Buying was large in stocks which ordinarily do not sway the general course of the market.

Call money's rise to 5 per cent in the last hour had little effect upon representative rails and industrials, but oil and specialties were affected. United Clear Sales approximated 1,500,000 shares.

NEW YORK, May 22.—Foreign exchange irregular. Great Britain 4.44; cables 4.44; Belgium 4.44; France 4.44; Italy 4.44; Japan 4.44; Netherlands 4.44; Norway 4.44; Sweden 4.44; Denmark 4.44; Greece 4.44; Poland 4.44; Czechoslovakia 4.44; Argentina 4.44; Brazil 4.44; Mexico 4.44.
