Vote Early and Attend Your Convention Tomorrow

IT IS AS MUCH YOUR DUTY TO VOTE AS IT IS TO WORK; AND AS MUCH YOUR DUTY TO ATTEND THE PRECINCT CONVENTION AS IT IS TO VOTE—DON'T PASS THE BUCK

Tomorrow, Saturday, is election day for the Democratic Party—no other party is numerous enough to hold primaries—this is not an election to office—it is an election to a place on the General Election Ballot, which is held on the first Tuesday after the first Monday in November.

The ballot you use this year, now has the legal pledge, which only obligates, but does not bind you, to vote for the nominee, not nominees of the Primary. So you can vote in this primary, and be left free in your vote for Presidential Electors.

Another caution: The ballot is incorrect, in that it does not leave a line, space, below each office to be filled, so that you may scratch all names, if no one meets your approval, and write in your own candidate. For example, where there are several, as for Governor, if you don't think either should be your governor, scratch out every name, and write below the list the name of a man whom you think should be Governor of Texas.

Or, there may be only one name for the office, and you don't think it ought to be elected, it is your duty to scratch his name off, and write another name.

Having no opponent does not mean that the candidate is the choice of even a majority—it means that no person was willing to oppose him.

It is best for the candidate that you scratch him, if you do not think he ought to be re-elected, or elected the first time, your scratching his name, and writing in another, is a notice to him that his services are not satisfactory to you; and it will do two other things: It will prevent his growing into the notion that he has a cinch on the office, later to assume he is indispensable!

Don't forget Democracy demands short terms of official service; two times up and out, is the best safeguard.

But, above all: don't forget to be present at the precinct convention to be held tomorrow, July 22, at same place you vote—don't mean building but in same town or voting box.

There is where state party policies should start; and not until after the State convention in September will Texas Democracy have spoken.

Every voter has a right to participate; and is duty bound to participate. You may not make a speech, and may not write a resolution; but you ought to be there and vote for or against motions, resolutions, or such delegates as you do not think should go to county convention, to be held Saturday week, July 29th.

Lastly don't forget to write in on blank line near end of ticket, the

FACTS ABOUT BAIRD YOUR HOME-TOWN

Did you know that the greatest obstacle to Baird's future development is an adequate water supply? This is all that stood in the way of our getting an air field. We would stand an excellent chance of getting a veterans hospital, if we could assure the authorities that we have the water. With plenty of water we could have as beautiful city as could be found anywhere.

When the City undertakes to make this water supply available what will be your attitude?

CITY OF BAIRD

number of your voting box, and your choice for your Precinct Chairman; and if you agree that the political divine choice should be broken, you will scratch Hugh Ross's name, and write your choice for County Chairman—even if no one gets enough votes to beat Ross, who is as good man as could be found, but improperly placed on ballot—it will serve as a protest of the control of a few.

THERE WILL BE NO SECOND PRIMARY FOR COUNTY OFFICES

The law is clear and specific—if the County Executive Committee at their regular meeting, does not determine which shall be nomination: by majority or plurality vote; the nomination shall be by plurality vote as demanded by following Sec of the Terrel Election Law:

ART. 3106. Majority or Plurality vote.—The county executive committee shall decide whether the nomination of county officers shall be by majority or plurality vote, and, if by a majority vote, the committee shall call as many elections as may be necessary to make such nomination, and in case the committee fails to so decide, then the nomination of all officers shall be by plurality of the votes cast at such election.

LADIES ORGANIZE AUZILIARY

An American Legion Auxiliary was organized Monday night at the USO hall by Mrs. Ima Cotton Jennings of Abilene. The following officers were elected: Mrs. Fred Heyser, President; Mrs. B. F. Freeland, Vice-P.; Burma Warren, Secretary; Mrs. Mildred C. Stiffler, Treasurer; Miss Eliska Gilliland, Historian; Mrs. O.C. Yarbrough, chaplain, and Mrs. B. O. Brame, Sgt.-at-arms.

The Aux will meet next Monday night to receive members. Regular meetings will be the 2nd and 4th Monday nights. Dues are \$1.50 per annum. A large membership is expected as there are many ladies who are eligible for membership.

HOT WEATHER SEEMS TO BE WHAT LUNCHERS NEEDED

Believe it or not, I had come to doubt the Businessmen's Luncheon Club ever got down to brass tacks; but they really did last Wednesday, after eating a real lunch prepared by the Presbyterian ladies!

A prodigal son turned up, B. F. Russell of Dallas, but he resented being thus introduced—said, "I am of, for and with Baird always! Came back to vote! I can work in Dallas, but I must vote in Baird!"

Well, that sounded pretty good, and Judge Freeland proposed that now is the time to get going for a Veterans Hospital! That caught the water supply in mid-rib; but Ace Hickman said, "We are going to build that lake; Baird is able, and she will—the city dads are for it 100 percent!"

Councilman Lawrence said, "The Site is located; we are having an engineer prepare blue prints etc. for building the dam!"

So Judge Freeland, Ace Hickman, and Councilman Anderson were set the task of setting in motion forces leading to the Veterans Hospital.

Then Judge Russell reminded us that farm-to-market roads are already in the cards after the war, the money is in sight from both State and Washington; and this got the alert signal.

Those three things would revolu-

THAT REV. DAVIS CHASED THE

Devil out of Baird, and has been bulldogging him hither and yon, for last few weeks. Held meeting at Oak Grove Church, 7 miles north of Caddo, July 3rd to 12th; and seven were converted and baptized.

He began with Zion Hill Church, 6 miles north of Commanche, Friday night, July 21, to continue thru the 28th; but will preach at Baird next Sunday morning, July 23.

He is going to Highland, in Erath County, August 6th, and will run through the 13th. Then to Long Branch, Commanche County, 21 to 26th of August; then to Emmanuel Church at Odessa, Aug. 27; and by Sept. 3 he will be at Wicket for a week—but always, he turns back to his flock here on Sunday mornings for inspiration and encouragement.

REV. HICKS GETTING SECOND

Breath this week at Camp Berkeley, holding a meeting there; after his first revival at Anson. He took time out between to visit kinfolks up near Wichita Falls—but, may the ants sting him, he has made no report to the Star!

TOMATTO BLOSSOM SHEDDING

Bothers you at this season. Whatever the cause, pinching off all tomato suckers up to the first bloom cluster will provide more moisture and plant food for the blossoms.

This causes them to stick better, and increases the size of the fruit. It also hasten fruit ripening at least 10 days. Then, spraying or sprinkling tomato plants with water every day or two, in late afternoon helps.

SEARCHING FOR BLACK GOLD

Oil Scout Perry reports that—Some oil properties and leases are changing hands in Callahan County, also in Shackelford.

Some activity north of Baird on county line near the Dr. White and Miller well, Sec. 94, Dyer, and Fred Brown of Eastland is taking 122 acres, and L. A. Warren of Cisco is taking a 120-acre tract near the Miller well.

Litchfield and Stogner of Wichita Falls bought the Cal-Tex Oil Co. property, 120 acres, and 2 producing wells. They have moved in a rig and tools, and will do more drilling.

R. S. Miesse, on the Joe Griffin, is drilling at 1400 foot level.

Tom Humphreys, on the Scott, at Eula, is drilling.

The Anzac Corporation, on the Brightwell Lease, is drilling at the 2100 foot level.

Northern Ordinance Co. with the Rotary, is drilling northwest of the City of Baird, and are down 4450 ft.

Mr. & Mrs. Sam Black and daughters Estelle and Claudia, came up Saturday night from Ft. Worth. Mr. Black and the girls returned Sunday, leaving Mrs. Black for a longer visit with her parents, Mr. & Mrs. O. B. Jarrett.

Mrs. Marshall Manning has been visiting her mother in Eastland. The two went over to Gorman to an eye-specialist, who removed a cataract from Mrs. Manning's left eye. The operation, so far, seems successful.

I'LL BET HE'S BUSTED—CAUSE HE WOULDN'T ADVERTISE IN THE BAIRD STAR REGULARLY!

Sure 'nough, folks, wouldn't surprise us to find that he is really a busted hombre—that fellow Earl Johnson; for Monday Morning we saw on his front door where Fords used to be sold, a notice: "Will be Closed until Monday, July 24th!"

Now, if he is not busted, and if he do not his long-suffering creditors do not take over, we want to remind Earl that worse things have happened to folks who did not advertise in the Star; yeah boy.

Of course, he may have gone to his country home for a spel—he did not tell us a thing! Hope he has gas enough to get the misus and the kids back to town.

HOLIDAY NOTICE

This Bank will not be open for business.

Saturday, July 22, 1944

Election Day

Being a legal holiday, customers are requested to be governed accordingly in the transaction of their banking business. All paper maturing on above date will become legally due the next business day.

OLD T & P GETTING NEW SUN-BONNETT, AND HER FACE WILL BE LIFTED AND ROUGED!

A few carpenters are busy putting new roof on T & P Station, and Agt. Holliman says they will do some inside changes, repairs, and a paint job will be put on! The crew has already done a bit of work down in the yards.

That is a busy place—especially when a long troop train comes, and stops for division-point grooming.

The editor was down Monday afternoon when a very long train loaded to the axles with old salts, and on seeing the USO sign, they stamped, and Market Street to middle of second Block, was a beehive of sailors; they cleaned out cream and colddrinks, and got almost all the drug stores had, too.

ARIDIN A HORSE AND A CHAIR!

That brat that pinch-hit for the Missus at the front office, came in to see us last week—she is pretty well known around here as Rosa Pauline. We proffered her a chair, with a "sit and visit awhile," but she glanced at the chair, her hand retreated involuntarily, and she said, "No, thank you; but you see I've been out on the ranch!"

Evidencing my usual dumbness; she noted my puzzled look, and added, "Horseback riding!"

Rosa Pauline says that riding herd on sure enough cows don't invite a follow-up of chair-sitting.

A RICH TOWN, AND A RICH PUBLIC TREASURY— AND WEEDS

Folks, this is the spirit of the Old Baird Star talking—course no new upstart is gonna barge in with a criticism, or dare make a suggestion!

Pride is one of the finest virtues one can have—and cities must have it, too; if it measures up to the top of its possibilities!

Some day, when you come to the city's main (Market) street, walk or drive slowly from Courthouse to Station, and back, and keep your eyes peeled on gutter and streets leading of to right; not forgetting to watch side walks and also—and it will impress you that your town is arrayed in paupers clothes, rather than in the fine linens of the rich!

You know, it is not the business of a town to pile up bank deposits, nor lay away for a rainy day—its business is to keep its fingernails clean, and a good morale surcharging the citizens' veins.

Can't get labor? What's wrong with us business men doing it! Ye ed is hard working, but he will do his part of the labor—if Woodley and Sutphin will do theirs, egad.

TECUMSEH CEMETERY DAY

You are invited to come out on July 29th to Tecumseh Cemetery; bring your tools and your lunch and help put the cemetery in order.

This invitation and reminder is relayed to you by the Baird Star from Mr. and Mrs. Jno. Jordan and Shirley Marie Nobles, who drove over Monday from their home at Oplin.

Mrs. Alice Powell and Mrs. May Eastham spent last week with the T. W. Eastham family at Admiral.

Mrs. Pauline Hare has returned from Denton where she visited with relatives.

Mr. & Mrs. Claud Winston and daughters Roselle and Clara Jean, came up from their ranch home at Whitney, for a two-day visit with Mr. & Mrs. Sam D. Jobe.

Mr. and Mrs. J. B. Ford of Brownfield visitor recently in the home of her aunt, Mrs. A. T. Scroggins.

FROM INVASION FRONT ON D-DAY ACTIVITIES

Mrs. Buchanan brought in two newsy letters from Aubrey. He was just off the beach on D-Day where the Germans were pretty well dug in, he said.

Quoting one paragraph verbatim: "Thanks for the candy and cookies. They were swell. Say, that soap sure smells good, but I am kind of afraid to use it, because the rest of the fellows would kid me a plenty and make me sleep topside until I air out a little."

(Maybe his mother better send lifebuoy, or perhaps a cake of the old fashioned home-made lye soap.)

BACK FROM THE STATE OF SUPERLATIVES!

Mrs. O. E. Eastham returned Friday from a month's visit in California. She visited the L. L. Fords at Torrance. Miss Dorris Ford at Oakland, Mr. and Mrs. Eddie Blair at Los Angeles. She had a fine trip; saw the Pacific (As did Balboa); went over the famous bride at Golden Gate (as Balboa didn't); went to Hollywood; and then an earthquake scared her—dishes actually rattled!

Sgt. Bernie Bryant of Baird and Sgt. Wilson H. Gilbert of Roby are members of the veteran Tiger Stripe Marauders Group, which has just been cited for exceptional service while over-seas with the U. S. 9th Airforce in England. They have been overseas a year.

S-Sgt. V. W. Hamilton, wife and babies of Majors Field, Greenville, were in Baird over the week-end, in the Jarrett and Swinson homes. It is reported that Marvin Simpson has not been well for the past few days.

S-Sgt. Nolan V. Cooper is on a furlough visiting his people in Abilene. He was in Baird Monday to see his father, and many of his old friends. Sgt. Cooper who spent 27 months overseas, in the air corps, is now in DeRidder, La. in a P-40 Sq.

Mr. & Mrs. Jesse Poindexter of Oplin had a letter last week from their son, Pvt. J. R. Poindexter of the Signal Corps, the first letter they had had from him since the invasion. He is all right!

THE COOKS ARE BUSY AT WAR

Pfc. J. C. Cook and J. Raymond Cook, a-s, sons of Mr. & Mrs. R. W. Cook, have just returned from a few days visit here. J. C. left three days before Raymond but on his way home he visited with Raymond in Kansas a few hours.

Raymond is now in Midshipman School, Columbia University, while J. C. is in Camp Ellis Island. They have an older brother Horace, a-s, in Camp Wallace, Galveston.

LIEUT. BEAL BRASHEAR STILL UNDER TREATMENT FOR ARM.

Last November, Lieut. Beal Brashear, son of J. A. Brashear, while flying a no-man P-38, a plane that has a speed of 400 to 600 miles an hour, and one man must not only control the flying-lightning, but he must shoot the gun it carries, he suffered the dislocation of his left arm at the shoulder.

Surgeons had to slit the muscle several inches, and take a blood clot out of the socket. The arm healed okeh, and he has use of it, but blood circulation is so poor that the arm is cold all of the time, turns blue at times, and an other operation is contemplated to right this condition.

His heart is broken because he wants to mount one of his beloved P-38's, but the air forces will not trust him with the plane, if he is not, of course, in perfect physical trim.

He is at McCaw General Hospital, Walla Walla, Washington, and Mrs. Beal is with him; their little daughter is with his sister in Memphis.

He is now afraid they will transfer him to another division!

THE WINDHAMS ON THE JOB

H. Windham of 2120 Summer St., Houston, has our thanks for a check covering subscriptions for himself and his three sons in service. We list them below so friends may get an idea where they are, 'tho we wish we had a newsstory about each. Mr. Windham is employed in a Houston ship yard, we are told. S. W. is at Roosevelt Base Terminal Island, San Diego; Monterey is at Camp Polk, La., and Wamie is APO 262, Fleet Post Office, San Francisco.

Sgt. M. L. Hughes, for many mos. in Alaska, wrote in a letter to his father this week, that he believes and hopes that his company will be sent back to the States in a few weeks.

Glynn R. Gibson, GMS-c, is on a 17-day leave, visiting his home folks the A. W. Gibson family. Glynn has been in service two and one-half years, mostly in Pacific waters. For the past ten months he has been in the Aleutian area.

Sam I. Smith was called to Rockwall last Wednesday on account of the death of his brother, Henry Smith. This is the second brother he has lost since December.

Cpl. Sam I. Smith has been transferred four times in the past few days. He has done his stint overseas and hopes to get an assignment in the States, and settle down for a while. He says he is weary of moving so often.

HOLLIS M. KNOTT IN ITALY

S-Sgt. Hollis M. Knott, Sqd. A-2, in Italy, writes interestingly of its people and life. He says the people are of small stature, and are mostly ragged and dirty. Their homes are dirty, their villages smell like barnyards. They have narrow cobblestoned streets, similar to old Spanish towns, like San Antonio used to be, with a few paved army roads.

The people seem to have plenty of money, but there is almost nothing in the stores to buy."

He wishes for a nice clean place to dine and dance, with some nice girl, like the ones back home.

CORPORAL SWINSON WRITES

Cpl. Eugene R. Swinson, engineer, writes that he missed by one day seeing Jim Bob Denny before he left England. He is in the same regiment with Wade Johnson. Hopes to meet him. Eugene declares he has seen little top soil in France because the terrain was so torn up, but lots of bottom soil. Even while writing, he was in a fox hole.

In that same place, he sketched a very clever little water-color of his band, showing how they set up on short notice. He sent an insignia of German, saying, "The Jerry does not need it any more."

SOLD SODA POP FOR DOUBLE!

Wrong thinking came to our attention: An old man said to me, as we stood in front of USO hall, and watched sailors mill in and out, "It is a dirty shame—some of those boys bought a half dozen bottles of coke, and are selling them to others for 10 cents a bottle!"

I replied, "What wrong about that thing?" and he said, "Why they only paid a nickel!"

The boy who bought the pop had no thought of compelling the other sailor's paying 10 cents for the coke.

The sailor did not have to have the coke. If the sailor wanted the coke more than he wanted the dime, he had a perfect right to pay a dime, and the lucky sailor had a perfect right to take the dime!

Any way, that is the get up and get that made America great!

But, whence came all of this stuff that the right of private contract is wrong? I'll tell you—straight from Europe—Russia and Naziland—it is a child of National Socialism, the Henry Wallace brand of it, if you please!

LOCAL LADY'S BROTHER DEAD

Crepe hung on the J. A. Brashear Food Store door Monday—Mrs. J. A. Brashear's brother, Merchant Seaman Rankin Daniel had died in Navy Hospital at Ft. Stanton, New Mex. His body was taken to Eastland where it was laid to rest in the family plot, Monday. Services were held with Clyde pastor officiating.

Seaman Daniel fell 11 months ago off gang plank to his ship, suffering injuries, which have kept him in the hospital all these months. Double pneumonia set up, and he could not recover from its ravages.

He leaves a wife, and is the son of Mr. and Mrs. Walter Daniels of Clyde.

FINAL STATEMENT FROM SAM RUSSELL, CANDIDATE FOR RE-ELECTION TO CONGRESS:

On the eve of the first Primary election to be held Saturday, tomorrow, I desire to express my appreciation for the fine spirit of friendship and cooperation that has been extended me since I have been your Representative in Congress. I am all-grateful for your understanding of the conditions existing during these trying times.

Most of you know that Congress recessed just a few days ago, and that by reason of the many important measures that were coming up daily, I felt it my duty to stay on the job and help protect the interests of our Country, and that you would rather I did that than come home and campaign. As a result of this situation it has become physically impossible for me to see you personally, and solicit your vote, although it would have been one of the happiest privileges of my life to visit in the homes of all the people in the district.

It is for this reason that I come to you now in my final word, addressing you as my friends, and asking that you help me in the election next Saturday. Your support in the past has meant much to me. It has been an inspiration, and has encouraged me through the dark days we have had to go through within the Nation's Capital. Now it will be doubly encouraging for me to go back to Washington and carry on in the interest of the great people of my district, State and Nation. It is my desire to do this for you, and it will be doubly encouraging to receive a large vote at your hands next Saturday.

I take this method of asking each of you to consider this a personal appeal, and ask you to give me your kind consideration and vote of confidence on Saturday, the 22nd of July, for which I shall always be grateful, and shall try to repay you with the best service possible.

I am
 Sincerely your friend,
 SAM M. RUSSELL,
 Candidate for Re-Election
 To Congress

A SHOCK WE MAY SURVIVE!

The Little Onion King had us a bit worried, Tuesday morning—he was out with hoe cutting the weeds and grass behind his cafe building! We first thought he was just bluffing, but as the sun rose and shone hotter, he attacked that wilderness the harder—and it is clean! Drat it! Now we gotta get busy for our old back lot looks worse'n all get out! ...

What got us was: we thought at first it was Street Commissioner Anderson, who, Bob White-like, had decided he would clean up the town, if on one else would!

Miss Billie Jean Lincecum had as her guest the past few days, Miss I-lene Tucker of Dunn, and Genelda Smallwood of Ft. Worth.

Coincidentally.—Monday night we read Quillin's column, and re-read it to the missus, then clipped portion of it for use in the Great Baird Star!

Tuesday Morning, E. L. Woodley, local oil magnate, local alderman, a pretty good sort of a guy, on his way to New York to see if Tommie Dewey had grown any horns since marrying a Texaness, stopped by, laid the whole column down on the desk, with, "When I read this last night, it occurred to me that you would like to reproduce it!"

Well, here is the appendage of the column, which carries the resume of all of it: Looking to Washington.

We have seen in recent years a steady increase of centralized management. We have seen our states

and our people shut out to Washington. More and more we hear people say, "What is the government going to do for us?" Have they forgotten that they themselves are the government? Will they deliberately trade their birth-right for a mess of pottage?

ON EARTH CONTROL YOUR LOCAL SELF-GOVERNMENT. If you give up that, you will lose the last safeguard of freedom.—Rob-

Hey, Chum! Wanna buy some nice fresh kilowatts?

It's not likely that a shifty, fast-talking gent will ever sidle up to you with such an offer.

Bootleggers and Black Markets exist only where there are shortages—and a chance to make big profits by breaking ceiling prices.

There are no Black Markets in electricity, nor are there any shortages.

And far from pushing against price ceilings, the price of electricity has stayed right down on the floor. In fact, over the last 15 years, the average price to the average family has been cut just about in half. Of course, you probably have more electric appliances and use more electricity today than you did then—but you're getting twice as much for your money!

Your thanks for such a big bargain belong largely to your friends and neighbors who work with this company. They're doing a better job ever

CITIZEN PASSES—LL, AGE 84 YEARS

... knew that he ... where Sharon ... so when word ... last Saturday that Judge T. Powell had died, its reality was ... in spite of our being warned ... of his dissolution.

Judge Powell had been a real factor in Baird's ongoing for many long years, and his going reminds us that such men's places are filled ... sion will gnaw at the vitals ... own.

Funeral was at the Methodist ... at 5:00 p. m., Sunday, the ... Rev. W. B. Hicks officiating, ... by the Baptist pastor, Rev. A. Davis, and interment was in ... family plot by the side of wife. ... over 30 years he was engaged ... dry goods business here, and ... in the banking business for ... than a quarter of a century.

He had banking interests at Baird, Clyde, Cross Plains, and Moran, but retired from business several years ago.

Having been a charter member of the Methodist Church here, he of course was one of its most faithful communicants, and one of its most liberal and active supporters of all of its departments.

He was a Scottish Rite Mason, a Shriner, and Knight Templar—and a member of Baird Masonic Lodge for more than 50 years. He was a member of the Woodmen of the World, and other orders.

He was a long, faithful member of the Methodist Church, and served it as Sunday School Superintendent for twenty years. The editor found him, back in January, when he first began frequenting the Hickman Mens Class, coming to Sunday School; The Editor was handed a little red book, the year's Sunday School Lessons in discussion, and was told that Judge Powell supplies the class with these little books.

He was born in La Grange, Ky., July 15, 1859, in the trying days of secession movements, and died on his birth day, just 84 years later.

He married Miss Alanda Allen Gray of Louisville, Ky., October 1,

1885, and he and his young bride came west, reaching Baird, a young prosper town the same year. And for 59 years he did his best to make his adopted town everything a busy and Christian town ought to be—always you found Judge Powell on the right side of all moral and civil problems.

Surviving him are: two sons, Gray Powell of Dallas, C. I. Powell of Am- and Jesse Powell of Baird. He leaves six grandchildren: Jack Powell Dubberly of Camp Barkeley, John Allen Dubberly, Lubbock; Gay Powell, Dallas; W. J. Evans, Jr., Clovis, N. M.; Patsy Ann Powell and Thomas E. Powell of Amarillo.

He is also survived by two sisters and two brothers: Mrs. A. M. Miller, Lubbock; Mrs. L. P. Nutter, Louisville; H. O. Powell, Long Beach, Cal., and H. F. Powell of Abilene. All were at his bedside except the two brothers, who were unable to be present.

His wife preceded him about or a little over a year ago, June 12, 1943. The floral offerings were many and most beautiful from friends and relatives far and near.

Many out of town guests attended the funeral; which was under the careful direction of the Wiley Funeral Home.

Pall bearers were Hugh W. Ross, C. B. Snyder, L. L. Blackburn, Dr. V. E. Hill, Lawrence Bowlus, R. P. Stephenson, Howard Farmer and Earl Hall.

GRANDMA BROWNING PASSES.

That's a long time to live—91 yrs. But Grandma Browning filled those long years—in prospect, but short, so short in retrospect—gloriously.

Funeral services were held in the Baird Methodist Church last Thursday, at 5:30, p. m. for Mrs. Martha Emma A. Browning, who died Wednesday. She was 91 years old. She was of that pioneer stock of women who was indeed a helpmeet of her husband, and a staunch, sturdy, tender mother of her children—and two girls and three boys were her contribution to the replenishing of the earth.

No ceremony was ever held, nor were any accolades ever bestowed up-

on her in public ceremonies, yet she her nation, her state, her communi- was of far more supreme value to ity than hundreds who have stood for decorations—the great usually escape the notice of the common herd who build monuments and write eulogies.

She joined the church at 15. And was during all those 76 years a quiet soldier of the cross, doing her duty and letting her work proclaim to the world her true Christian mother- hood.

Two sons survive: J. F. Browning of Baird, and W. R. of Wichita Falls. One daughter, Mrs. J. F. McLaugh- lin, with whom she made her home, lives in Baird. There are 13 grand children and 16 great grandchildren surviving, and two sisters, Mrs. Alice Thomas of Ft. Worth, and Mrs. Carrie Pesterfield of Little Rock, Ark.

She was buried in the Ross Cem- etery, and Rev. Cal Wright preached the funeral sermon. The Wiley Fun- eral Home had charge of the arrange- ments.

Mrs. Frank E. Stanley reports a new grandson in Dallas, whom she has just been to visit.

THE HOLLEYS ARE GONE

You know, eating that Ugly-Mug, W. T. Holley's cooking, when the rascal wanted to do the job nice and brown, made you forget how awfully ugly he is; and his charming wife from way up Washington-state way must have married after eating one of his food concoctions!

Any way, they came in, worked for Little Onion a while, then opened up the Hi-Way Cafe, and customers began to rush in before lunch hour to get a table!

Just as the thing looked like a bonanza, the Missus got poorly, took on the dimensions of a beanpole, so the Holleys sold, and headed for the compass made famous by Horace Greeley.

The place is mapped as Weaver- ville, high in north California Mts. where they had their mail forward- ed.

They sold to Mr. and Mrs. W. C. Butler, and here's good luck to the

Holley's in your high mountains; and good cooking to the Butler's in the Hi-Way Cafe!

LONE STAR GAS HAS NEW HOME ECONOMICS DIRECTOR

Miss Julia Hunter has been named home economics director for the Lone Star Gas company, to succeed Miss Albertine Berry who resigned to accept another position.

She has been assistant for many years, as home economist in Galves- ton. She has B. S. degree from the Texas State College for Women at Denton.

She of course will become chief evangel in spreading improvements in gas ranges, their uses etc. and two times each week over the radio, on WFAA Tuesday at 8:45, and KRLL at 9:15 on Fridays, as well as thru the company's home weekly Modern Homemaking Bulletin, which runs about 30,000 copies a week, and in classes here and there, she will do what she can to make her company service most helpful for the public.

L. B. McNeil of Clyde was in Baird last Thursday, accompanied by his son and Mr. Phillips, also of Clyde. He came by, paid a year's subscrip- tion, took time to tell us he gets a great kick out of reading the Baird Star. He then hurried up to the hospi- tal to see Mrs. McNeil, who has been in for more than a week.

HE MAY KNOW HIS ONIONS; BUT HE DON'T KNOW NEWS!

That fellow Leslie Bryant sure is some onion—I go in and I says, "Any News?, Mr. County Clerk, and he says right back at me, "Don't know a single thing!"

Then I says, "Got any returned ballots?" and he says, "Yes; a few." And he gets out his mail, and we find that Rupert Jackson of Saipan had got his ballot back; Bruce Bell and Donald Melton, those seabee aff- inities of Honolulu, had their ballots in, and that 14 other servicemen had ballots back—Edwin J. Hunter, W. J. Sipes, E. C. Hill, E. E. Durham, Lo- ren Everett, Morris W. Huntington, C. E. Allen, Randall Jackson, J. P. Reynolds, Steve A. Warren, A. B. Shocklee, Vernon Walker, Tom B. Barton, and Bee Hickman.

Now that is the best sort of news! When these political bugs are out of the way, I'm going up there, sort push that county clerk around, and take one long dive into those records

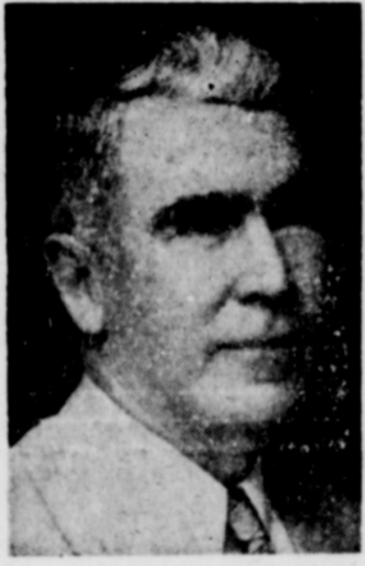

and come up with one of the most absorbing newstories you ever read. May be; I'm sorta fraid of Leslie. See?

Miss Evelyn Blakeley and little niece Marylyn Taylor of Putnam visited recently in San Antonio with her sister Mrs. F. B. Jones and fam- ily and Marylyn's uncle, Homer Tay- lor.

THREE JUDGES AFTER ONE FARMER
Why I Am Running

An Abilene paper stated that a farmer in Erath County, who had never been mentioned for Congress, had joined the race.
It is so. I'd never been mentioned—no one on earth knew I was to run—not even myself. I went to bed one night after hearing cattle had gone down, hogs had taken a tumble, chickens had gone down, eggs had gone down, the farmers had been wheedled out of their peanuts; and then I heard that another judge had announced for Congress—the third one.
And I said to myself, "Why on earth don't the farmers assert themselves? I never heard of a farmer Congressman from Texas! Why not some farmer run? We farmers have been electing other professions all the time, and about all we get out of it is a greeting card for Johnnie or Susie at graduation time!"
Oh yes; we are told how smart we are, and how patriotic! We are always drowned in softsoap. As a matter of fact, we are not smart. If we were, we would demand our rights, so that we could lay up a penny, or two, for a rainy day, while others are making millions!
I may not be elected, but even if I am not, I want to act kinder as a heel fly, and keep the judges out of the shade, and running when the weather gets hot. We farmers are used to hot weather. Come to think about it, I know more about heel flies than I do about politics—just the same, I can learn.

You may want to know who I am? I came to Erath county quite a while ago, and when I got here I did not have a shirt on my back nor a nickel in my pocket. They told me afterwards, I weighed nine pounds in my bare feet. I was very near born between two cotton rows. My father was an old Irish peddler who walked from Mississippi, and peddled his way as he came. My mother was raised in Georgia, in the wake of Sherman's march to the sea. You could not tell her anything about war. She knew! I do not claim any credit for my boyhood days—I just grew up as that seemed the handiest thing to do at the time.
The judges will try to sell you themselves. I am going to try to sell the people ideas. I know that I shall be at a disadvantage in the race. I am not as handsome as the judges—never went to a beauty parlor in life for a facial, or hair do. I am not much at public speaking, so the only way I can beat the judges is to out-think them. Ideas do not appeal to some like sentiment does.

You know a man can't work as well after eating boggy-top custard as he can after eating corn bread. The custard has the sentiment.
I want to say this—I may make a little fun of my opponents, but you bet your life, I am not going to say anything bad about them. If I knew anything bad, and I don't, I would not tell it. Don't get the idea that I'm against any profession. We are all in the same boat, and trying to do the best we can. I think it is time for the farmers to rear up on their hind feet. If there was a farmer in every district running for Congress, we would all be better off; and, if I could start a thing like that, I would not have run in vain, even if the judges do walk my log for me.
Some people may say it is too serious a time to be laughing. You can laugh a wart off your nose as easily as you can cry it off, and a man looks better laughing.
At FITZGERALD'S NURSERY we have trees that laugh at drought. No matter how dry or how wet, they laugh. We have others that fold up and die, if things get bad for them.
"Laugh and the world laughs with you.
Weep and you weep alone!"

If this old world had had a little more laughter a few years ago, there would not be an ocean of tears now.
Lawyers are jolly good fellows, every one of them. They have to charge for their services to buy bread like the rest of us. They are often accused of being saving with the truth, but it is a patriotic duty for a man to be saving with anything as scarce as the truth is at this time. Nevertheless, when I went to get on the ticket, I soon found I had gone at it wrong. I found I would have to go before a notary and sign a great long thing. I went to a judge. I could see he was laughing way down in his gizzard at my ignorance, and I was ignorant.
Just the same the President of the United States is a lawyer, every member of the cabinet is a lawyer. All the members of the Supreme Court are lawyers; all members of the Senate are lawyers; all the congressmen are lawyers—nearly 500 of them. It took lots of lawyers to get our country in the mess it is in now.
And this tells you why I am running for Congress.
Thank you and with best wishes, I am

WHAT JOE E. FITZGERALD'S NEIGHBOR THINKS

G. E. Ray, owner of the Ray Block, the Ray Gardens, and a successful Stephenville merchant, has this to say about the candidacy of Joe E. Fitzgerald for Congress:
"J. E. Fitzgerald will soon learn all the law he need in Congress. He will have access to law books, and any other books on government—in a few weeks he will understand such things as well as any one. There is an index to such things as these; but there is no index to Joe Fitzgerald's knowledge about horticulture, agriculture, ranching and many other things relating to farming. I predict that in three months after Joe Fitzgerald has been in Congress the members of Congress will be consulting him on such questions."
G. E. RAY.

P. S. When you are by Stephenville, be sure and see Ray's Gardens. You'll be surprised to know one man can create such a beautiful place.

To The Voters of Callahan County—

I wish to express to you my appreciation for the favors and the splendid co-operation given me in the past. It has been impossible for me to make an active campaign, as the major part of my time for the past six weeks has been occupied as Chairman of the 5th War Loan Drive in Callahan County. I feel that any service connected with the war effort is more important than the personal or political interest of anyone. If you see fit to entrust me with the office of County Judge for another term, I assure you that I shall appreciate it and will endeavor to render you the service you are entitled to expect.

Sincerely yours,

F. F. SUGGS DIES IN ABILENE

F. F. Suggs, 76, a resident of Callahan County for many years, died of a heart attack at his Abilene Home Tuesday. The funeral was at Clyde Methodist Church, Wednesday. He was buried there.
He is survived by his wife, one son and four daughters. Mrs. Lenoir Harp of Baird is his sister.

CARD OF THANKS—

To everyone who has been so kind and thoughtful, we appreciate what you people have done for George. We can never repay your kindness, no matter how hard we try.
Thanks a million.
Mrs. George McWhorter
And Family.

WHAT ABOUT THE GRAIN SEED

Texan Barley has the possibility of becoming a good producer in this county, and it has no barbs on the beards, and threshes easily, and is more convenient to harvest.
Comanche wheat, which has given good production in adjoining counties, should be adapted to this county.
This wheat is resistant to stink and smut and leafrust, and is superior in test weight. It matures early. If you would like a small amount of seed for next year's test, you should see the county agent.
—W. M. Meador.

SAVE YOUR OWN VEGETABLE PLANTING SEED.

You should select now plants which are true to type, thrifty, and disease free; then let seed mature, and when you harvest them, especially with squash, pumpkin, cushaw, cucumber, tomato, egg plant, cantaloupe, watermelon, and pepper, you should wash the seed thoroughly in two or three rinses.
After properly cleaning, the seed should be spread in very thin layers and allowed to dry in the sun for two days, after which the moisture contents of the seed should be reduced to the extent that seed can be stored.
—W. M. Meador,
County Agent

Card of Thanks—

We wish to take this method of expressing our thanks to the friends and neighbors who were so kind to us during the illness and death of our loving mother.
We especially thank each lady who furnished and served nice meals, and your offering of beautiful flowers.
May God's richest blessings be with you always.
—The Browning Family.

THAT'S LOTS OF WHEAT

Agent Holliman told us Monday he had billed out 25 cars of wheat, and they averaged 100,000 pounds each!
That'd be two and a half million pounds—some half of wheat, I'll say.
Of course lots of the wheat of Callahan county went to Abilene, Coleman, Cisco, Moran and other towns; but Callahan did right well on its part of producing the 65 million bushel wheat crop for Texas this year.

J. F. Browning was in and reports that his sons in service are both doing well, and they are T-4 James E. Browning, and Coxswain John E.—both are overseas. He reports also that his nephew Frank Terry is with a R. R. Battalion in India.

Mr. & Mrs. John Tatum of Abilene were in Baird greeting friends Saturday. They came to see their daughter, Mrs. Evelyn Young.

ATTENTION! ALL HOME CANNERS!

Before you begin your 1944 canning, Good Housekeeping Magazine advises you: use the boiling-water bath method for tomatoes and fruits, only. Can all vegetables except tomatoes by the correct use of pressure cooker to be sure of killing botulism germs. In the last few years, cases of botulism food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. CALLAHAN COUNTY SCHOOLS.
Callahan county has 8 common and 3 independent schools—there are 25 teachers in the 8 common, and 48 in the three independent.
There are 2671 scholastics, and 2628 enrolled.
Somebody is trying to make out a case for more money for the teachers and figures that it would require \$15,157 more money to raise the salaries to a minimum of \$1200 per annum!
Better watch this thing—if we look to Washington to feed our kids, the teachers are going to turn to Washington for more pay—and with more pay, they will want more pay, and Washington, if time to form, will send the money, and follow closely with a club, on which will be carved these words: "I am the President's Directive—you must economize by closing that negro shack of a school building, and take the niggers into your nice building—and under my Fair Employment Whim, you must hire a nigger teacher, if he applies! And I don't mean Maybe!"
Oh, you say it can't happen here? Well, brother, you just keep groveling at the feet of Roosevelt, and see whether it can or not!
It happens in his dear New York. Down in his dear Harlem, white women fill their night clubs, and dance held in nigger arms—then you don't think it can happen here?
In Tyler, my old town, yankee students there, in uniform, brought negro women to the best theaters, and tried to get admission!
People of the South, you had better wake up and quit taking food and Roosevelt! You sure had cash from this thing headed by the Misses Vaughn-Jelle Buchanan and Wynell Lovell are leaving Saturday to attend Telegraph School in Springfield, Mo.
REEDS IN THE WIND!
From Pathfinder.—Lloyd Bangister, Ft. Dodge, Iowa, a farmer, was fined \$400 for building a barn after being denied or refused a permit by USDA war board. Case was first of its kind.
Sneezing is dangerous to the well-being of a neighbor; therefore, if nuts continue in control of our government, before sneezing, you will have to sneeze!
—Editor
From Pathfinder.—U. S. Beef producers have lost many of their legitimate markets for cattle, with courtesies going to the OPA. Inequalities in price ceilings and other controls, penalizing big and little meat packers and processors all have forced hundreds of firms to close up shop this summer. In Detroit, alone, 31 packers have locked up and gone home after average losses reached \$20 to \$30 for every steer they bought. So, OPA forces cattle-growers either to (a) hold on to their herds, or (b) deal with the black markets.
