STRIKE BALLOTS ARE COMING IN SLOWLY; REPORT OPPOSITION

LEADERS DISAPPOINTED OVER VOLUME OF RETURNS SO FAR RECEIVED

SPECULATE ON EFFECT OF HOOPER STATEMENT

Chairman of Board States That Strike, If Called, Will Not Succeed

By Associated Press. CHICAGO, June 21.—Although expressing hope for a rush of ballots the rest of the week, union headquarters where the strike vote of railway employes is being tabulated today admitted disappointment over the volume of returns in the nation-wide referendum of shop and other rail workers on the question of a walkout in protest against the railroads labor board.

But five days remain before the general committee of 18 representing the rail workers meet in Chicago to canvass the returns.

Mr. Jewell, head of the railway employees department of the American federation of labor who urged the union voters to return their ballots early so the result could be announced at the same time the \$125,000,000 wage increase effective July 1, is expected back from the Cincinnati convention tomorrow to take charge of headquarters during the closing days of the referendum.

Mr. Hooper's letter, which was addressed to Mr. Jewell, said the strike should not be taken on any misunderstanding of the action of the board and asserted that the ultimatum of the union chiefs "had a strikingly distorted conception of what the board has done and what it did."

Mr. Hooper said although he felt no reply was required, he also felt it his duty to answer the union leaders in the interest of peace and because the threatened strike "contains such possibilities of loss and detriment" to the strikers.

FURTHER MEETINGS TO CONSIDER JOINT STRIKE

By Associated Press. CINCINNATI, June 21.—Further meetings to consider joint strike action were being planned today between leaders of the striking coal miners and the rail unions that are without a national-wide rail strike since the month of the union chiefs indicated that they expect to hold conferences here this week to be followed by a later meeting in Chicago.

An unanimity of sentiment as the necessity for the rail strike was shown by a joint statement of President John L. Lewis, head of the railway unions, issued last night after the first formal discussion of the proposed joint strike action.

The joint statement which the union men said they regarded as important on account of its dual authorship, declared by Kenneth "Big Boy" Fisher, both the railroad men and the miners.

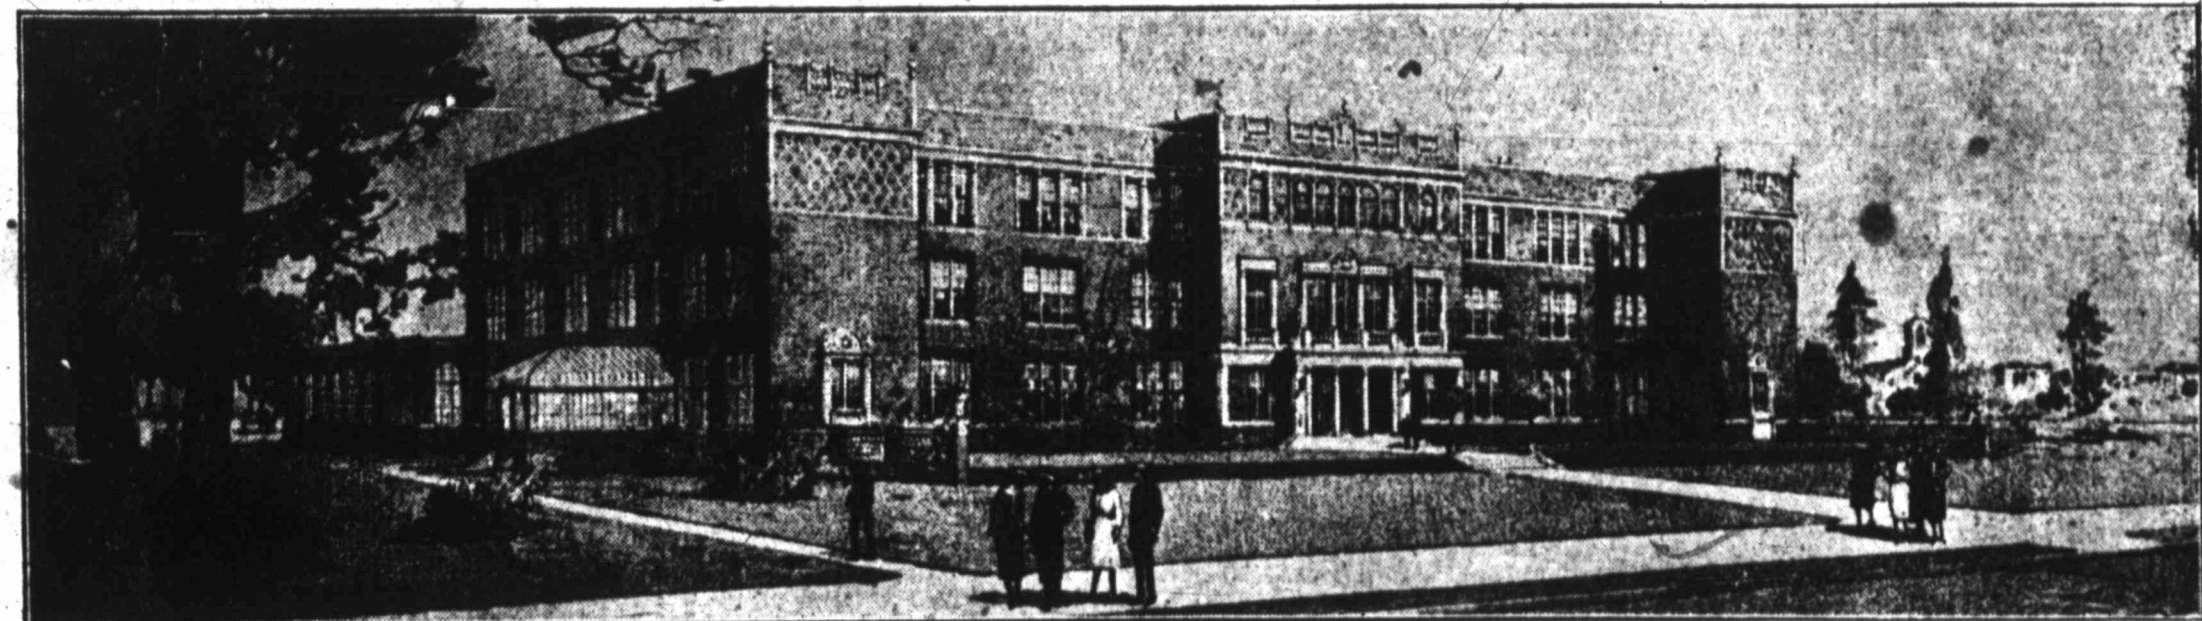

RULE COMMITTEE GIVES RIGHT OF WAY TO THE GRAIN EXCHANGE BILL

WASHINGTON, June 21.—The house rules committee voted today to give right of way to the Capper-Tracy grain exchange bill which would supplant the futures trading to meet the recent supreme court decision. The measure will be taken up by the house this week.

TURKS REFUSE TO ALLOW COMMISSION TO VISIT ASIA MINOR

By Associated Press. CONSTANTINOPLE, June 20.—The Turkish nationalist government will not permit a commission of inquiry of Americans and representatives of the allied powers to go into Asia Minor, according to a declaration made in a speech by Mustafa Kemal Pasha, the national leader, at Imit. Kemal explained that confusion drawn by officers of enemy governments were inevitably biased. He considered the allied demand for the inquiry unprecedented. No government in the world could be expected to agree with such an unfair proposal even if it came from a friendly country.

ARCHITECT'S DRAWING OF NEW HIGH SCHOOL AND JUNIOR COLLEGE BUILDING FOR WICHITA FALLS

If property taxpayers of the Wichita Falls independent district again approve the \$550,000 bond issue in next Saturday's election, this imposing structure will become a reality. It will be one of the largest, not the largest, high school building in Texas, with a capacity of 1500 students. Two ward school buildings and additions to some of the existing buildings, are also to be constructed out of the proceeds of the bond issue.

RUTH IS SUSPENDED FOR TWO DAYS MORE RESULT OF F ATTACK

MUST BEHAVE OR REMAIN OUT OF GAME SAYS BAN JOHNSON

SUSPENSION TO COST THREE HUNDRED A DAY

Statement Indicates Salary for the Season Amounts to \$46,200.00

CHICAGO, June 21.—Babe Ruth's argument with Umpire Dineen yesterday before the Cleveland-New York court will keep him out of the game two days in addition to the three-day suspension imposed yesterday. President Ban Johnson of the American league announced today. Ruth consequently will not be able to play until Sunday.

President Johnson increased the home run king's suspension originally three days for disputing a decision made by Dineen in Monday's game at Cleveland to five days when he received a long report from the umpire today detailing remarks made by the outfielder yesterday when ordered off the field in compliance with Mr. Johnson's first ruling.

Mr. Johnson announced that Ruth is suspended without pay and his salary for the season will cost Babe \$150—or \$300 a day, which was said by the American league president to be the player's salary.

Babe Ruth is going to behave himself or keep him out of the game all summer, Mr. Johnson said in making known the decision.

Umpire Dineen, in the report which brought Ruth's original three-day suspension, said that the player had called him one of the "vilest names" in the report received by Johnson.

There is no player in the American league who can call one of my umpires names like that and get away with it," Mr. Johnson said.

Mr. Johnson's statement that the suspension without pay would cost Ruth \$1,500 was the first official statement that has been made concerning the home run king's salary. At \$300 a day on the basis of 150 games, Ruth would receive \$45,000 for the season.

Germany May Ask Representation at Lusitania Raising

By Associated Press. BERLIN, June 20.—That the Lusitania carried two submarines in addition to munitions and torpedoes which it was intended to remove unseen on the vessel's arrival, was a statement made in an official report today by the national people's party which asked whether the government was ready to take steps to have German representatives present at the raising of the vessel. The interpellation said that the party based the statement on reliable information.

PLAN UNDER WAY TO USE THE KATY FOR INTERURBAN

DALLAS, June 21.—Tentative plans are under discussion for construction of a Dallas-Wichita Falls interurban line through electrification of the Katy railroad between the cities, C. W. Robinson, speaking for builders of the proposed Dallas-Denton line, said here today.

Other amendments were proposed by the committee as follows: An amendment prohibiting the labor of children under 16 years of age in a mine, mill, factory, workshop or other mercantile establishment; an amendment prohibiting the employment of any child, bargaining between employers and employees, and an amendment to make the constitution more flexible and easier of amendment.

The committee also proposed that congress be asked to enact laws making more definite certain sections of the Clayton law which the committee said had been "manifestly ignored and overridden" by the supreme court.

FOUR AMENDMENTS ARE PROPOSED FOR THE CONSTITUTION

RECOMMENDATION MADE BY AMERICAN FEDERATION OF LABOR

WOULD REPEAL THE ANTI-TRUST LAW

Include Child Labor and Congressional Veto of the Supreme Court

By Associated Press. CINCINNATI, June 21.—Four amendments to the constitution of the United States and repeal of the Sherman anti-trust law were recommended today to the American Federation of Labor convention by its special policy committee as the means for overcoming court decisions regarded as adverse to labor.

Other amendments were proposed by the committee as follows: An amendment prohibiting the labor of children under 16 years of age in a mine, mill, factory, workshop or other mercantile establishment; an amendment prohibiting the employment of any child, bargaining between employers and employees, and an amendment to make the constitution more flexible and easier of amendment.

The committee also proposed that congress be asked to enact laws making more definite certain sections of the Clayton law which the committee said had been "manifestly ignored and overridden" by the supreme court.

MEXPET SOARS ON NEW YORK MARKET TO A NEW RECORD

NEW YORK, June 21.—Mexican-Petroleum continued its rising performance on the stock exchange today. In the very early dealings it made a further advance of 31 points to 173 from which it soon reacted six points.

In the second hour another vigorous rise carried the stock a fraction over 176. This established a new high for the year.

Belief that the movement is primarily directed against a large short interest was again prevalent in the financial district.

In the oil trade, however, there were rumors that some thing of a more definite character was contributing to "Mexpet's" meteoric behaviour.

THREE ESCAPE AN AIRPLANE TAIL SPIN USING PARACHUTES

WICHITA, KAN., June 21.—Pilot Roy Snow, R. H. Norman and a woman passenger, all of Oklahoma City, escaped in parachutes when their airplane went into a tail spin at an elevation of 2,000 feet crashed to the earth near Belle Plaine, 15 miles south of here today.

The plane, a former Canadian government machine, was demolished. The parachute had been strapped to their bodies before the flight as a precaution, according to Norman.

SUPREME COURT IS SUBJECT OF WARM DEBATE IN SENATE

WASHINGTON, June 21.—The plan of Senator La Follette to give Wisconsin, to give congress power by constitutional amendment to override supreme court decisions holding its acts unconstitutional caused another flurry today in the senate.

Senators Edge, New Jersey, and Kellogg, Minnesota, republicans, attacked the proposal and evoked a fiery defense from Senator La Follette. The La Follette proposal advanced June 14 before the American Federation of Labor convention in Cincinnati, was assailed by Senators Edge and Kellogg as subversive of democratic government.

Senator Edge said Senator La Follette's plan was a "pernicious doctrine" which would "strike at the very foundation of government" and give congress the power to interpret and override the constitution as it should see fit.

FEDERAL RESERVE BANK AT NEW YORK REDUCES ITS DISCOUNT RATES

NEW YORK, June 21.—The New York federal reserve bank today reduced its discount rates from 4 1/2 to 4 per cent, the lowest rate since December, 1921. The 4 1/2 per cent rate has been in effect since December 2.

MANY OF LEADERS OF DAIL DEFEATED IN IRISH ELECTION

OF SIX WOMEN MEMBERS ONLY TWO HAVE BEEN REELECTED

MARY MAC SWINEY AND MRS. O'CALLAGHAN WIN

Coalition Treaty Has 54, Coalition Republican 33, Others Scattered

By Associated Press. DUBLIN, June 21.—The approximate representation of the various parties in the parliament chosen at last Friday's election, as shown by returns up to this afternoon, follows: Coalition treaty 54, coalition republican 23, labor 14, farmers 4, independents 10.

Results today showed the removal of many of the best known persons in the dail stream.

Of the six women members all anti-treaty, only Mary MacSwiney survived and Mrs. Kate O'Callaghan was returned unopposed.

Mrs. Egan, whose two sons were executed for their part in the Easter week rebellion, was defeated in County Dublin. His pro-treaty colleague, a frequent speaker in the treaty debates in the dail, was defeated in Wexford and Seamus Robinson, one of the leaders of the army dissidents, was lost in Waterford.

Conspicuous among the defeats was that of Eraling Childers at Kildare. His pro-treaty colleague was given more than 5,000 first preferences.

It is announced that in Galway the pro-treaty candidates on the Sinn Fein panel, P. J. Hogan, O. O. O'Malley, professor of Wheatland, and George Nichols were elected.

Commenting on the results the Irish Times says: "The results of the election have certainly not tended to promote a solid coalition. It is expected that developments soon will arise that will reveal the situation more clearly, not alone on the political, but also on the military side."

LONDON PLEASANT WITH RESULTS OF ELECTION

LONDON, June 20.—The striking results of the Irish elections as far as announced are welcomed here with relief. The situation, more clearly, not alone on the political, but also on the military side."

EXPECT CREST OF RIO GRANDE FLOOD WEDNESDAY NIGHT

RIVER HAS EXCEEDED ALL PREVIOUS RECORDS IS REPORT

GREAT DAMAGE FEARED TO THE GROWING CROPS

Red Cross and Other Relief Work in District Is Already Under Way

BROWNSVILLE, TEXAS, June 21.—Four hundred feet of levee protruding a section of the San Benito irrigation district about 24 miles up-river from Brownsville, gave way before flood waters of the Rio Grande this morning, causing the first inundation of the levee since Cameron county. A large force of workmen, rushed to the scene, began work on the levee this morning, but the little town of Brownsville, which is seriously threatened by the break.

At Laredo, where hundreds were made homeless yesterday by flood waters, the Rio Grande continued to fall rapidly today. The international bridge there about which much concern had been felt, safely weathered the flood, according to engineers who made a preliminary inspection of the structure today. It was covered with a mass of debris, however.

Four hundred persons made homeless at Laredo, are being cared for by the Red Cross and other organizations. The Red Cross also was planning to take charge of relief work in Nuevo Laredo where scores of persons lost their homes and possessions.

Laredo was fast returning to normal conditions today while the Rio Grande continued to fall. Heavy crop damage was indicated today at Mission and Pharr, although Donna, San Juan, McAllen and Mercedes districts were threatened.

No word had been received here at noon today from two army headquarters in the flooded territory there for persons believed to have been marooned.

The break in the San Benito levee was reported under control this afternoon after 400 workmen had built new levees which will hold the water back into the Rio Grande. Headquarters of the irrigation district at San Benito, 12 miles from the break, announced that only 100 acres had been inundated.

EXPECT CRITICAL STAGE WEDNESDAY NIGHT

SAN ANTONIO, June 21.—The critical stage in the lower Rio Grande valley flood which has already inundated 16,000 acres in Starr, Hidalgo and Cameron counties, marooned nearly 3,000 Mexicans in small border towns and covered the roads leading west of Mercedes is expected midnight tonight and dawn Thursday when the crest of the upper flood is due to reach the edge of Starr county.

This upper flood, the result of a cloudburst in the hills of Terrell county, is expected to reach the edge of Starr county, not only because it has exceeded all previous records at stages, but also because of its slow movement and sustained volume.

From a stream normally 200 to 300 yards wide and eighteen inches to six feet deep, the water has become 50 feet deep at the flood crest and from three-quarters of a mile to a mile wide. The volume of water is so great that at Laredo, where an unofficial stage of 52 feet (Continued on Page 2, Column 2)

Forty Prohibition Investigators Are Fired at Chicago

CHICAGO, June 21.—Dismissal of forty investigators from prohibition headquarters in Chicago presages a cleanup in the office and a new campaign against the illicit liquor traffic in the city and state, according to reports in prohibition circles today.

GOVERNMENT LOSES IN HOUSE OF LORDS; CONDEMN MANDATE

LONDON, June 21.—The government was defeated in the house of lords today when Lord Balfour's motion condemning the Palestine mandate was adopted by a vote of 69 to 23, although the Earl of Balfour, acting foreign minister, made a strong speech defending the government's policy and the mandate.

SENATE RESUMES CONSIDERATION OF THE TARIFF BILL

ACTION FOLLOWS VOTE TO GIVE MEASURE THE RIGHT OF WAY

SOLDIER BONUS BILL NEXT ON THE PROGRAM

Decision Does Not Preclude a Motion to Take Up Bonus at Earlier Date

WASHINGTON, June 21.—Proceeding under a program which makes the soldiers' bonus bill the special order of business immediately after the final vote on the tariff measure, unless it is disposed of before that time, the senate today resumed consideration of the latter bill.

A motion giving this status to the bonus measure was adopted by a vote of 12 to 4 yesterday after an all day fight in the outcast of which an attempt to get the bill before the senate was defeated 21 to 22. The motion as finally adopted, however, does not preclude a motion to take up the bonus before disposal of the tariff bill and several such motions have given formal notice that they would continue to press for prior action.

The motion to make the bonus measure the special order of business was offered by Senator Watson, republican of Indiana, in the midst of the new which was continuing for five hours yesterday after the motion of Senator Walsh, democrat, Massachusetts, that the tariff bill be displaced by the bonus bill was tabled. It was finally adopted after a provision that would have required a two-thirds vote of the senate to displace the bonus measure when once taken up was withdrawn on a point of order made against it by Senator Underwood of Alabama, the democratic leader, and an opponent of the bonus.

Eight opponents of the bonus, four republicans and four democrats, voted against the motion, while some supported it. In the previous vote on the Watson motion to table the Walsh proposal to take up the bonus bill, eight democrats supported it and two republicans were recorded against it.

It was pointed out today that the action of the senate in making the bonus measure the special order of business at an indefinite date has but few precedents, a date being fixed in virtually all instances of such procedure.

Tooth Abscesses

often infect the whole system, causing rheumatism and other serious ailments. You can help to avoid them by using Lasko's tooth powder. Eyes Sore

If your eyes or lids are sore; if they itch, burn or feel dry; if your vision is blurred, your eyesight dim; if you are obliged to wear glasses, go to the Palace Drug Store and get a bottle of Bon-Opto tablets. Dissolve one in a fourth of a glass of water and bathe the eyes as directed. Sound, comfortable and improved eyesight will make the world look brighter.

Note: Doctors say Bon-Opto strengthens eyesight 50 per cent in a week's time in many instances and fragments of hair elsewhere will find under a positive money-back guarantee. (adv.)

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to keep hair healthy and brightly tinted, streaks, hair.

That beautiful, even shade of hair, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaks, apply an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. EXPECT FLOOD CREST WEDNESDAY NIGHT

(Continued from Page One.)

was reached at 11 o'clock yesterday morning, the water was still 50 feet deep at 6 o'clock last night. At Eagle Pass a 21 foot surge was reached at midnight Sunday and it had receded to six feet above normal at 6 o'clock Tuesday evening.

The flood crest appears to be moving at five miles an hour which will bring it to the lower valley after midnight Wednesday.

These families with the Rio Grande valley, much of which is barely above sea level, fear that the lower flood will approach far beyond all previous overflow marks. Greatest damage is feared to growing crops, the section being that which is now supplying many canals to northern markets and which has in recent years developed into a large producer of early vegetables, especially cabbage, onions, cauliflower and tomato.

Areas inundated by districts, according to an estimate made by the military engineers at Fort Huachuca, Shary district, 1,500 acres; McAllen, 4,500 acres; Pharr, San Juan and Alamo, 12,000 acres. Land near San Antonio, Mercedes has escaped inundation thus far.

Red Cross relief for the flood district under Henry M. Baker, St. Louis, district representative, already is in Eagle Pass. Hundreds of Mexicans living in lowlands there have lost all of their belongings, while at Piedras Negras, across the river, the situation in respect to food is admittedly serious.

Three aviators were dispatched from Kelly Field, San Antonio, yesterday for flood relief work. Their instructions are to work from Camp McAllen and drop bags of food to maellean farmers who may be found in the flood areas. Eighth corps headquarters was expected this morning to dispatch a company of engineers with pontoons to Eagle Pass and help restore communication there.

No figures are available on loss of life in the flood. It is believed that many Mexicans living in lowlands along the river were caught in the sudden rise and swept away. One man after riding downstream nearly 100 miles on a roof, swam ashore at Laredo yesterday.

SITUATION IMPROVED IN THE LOWER VALLEY

BROWNSVILLE, TEXAS, June 21.—The flood situation in the extreme lower Rio Grande valley appeared more favorable this morning with reports from Brownsville that at least two feet below the recent high mark and that at that hour stood 23 feet above normal. The flood that passed Laredo yesterday had not reached Mission, however.

Train service between Harlingen and San Pardo was discontinued early today because water was over the tracks west of Mercedes.

Five hundred pounds of dynamite was ordered from Brownsville today to Mercedes to be used in destroying dykes which are preventing flood waters from reaching arroyo Colorado, an arroyo in the Gulf of Mexico south of Harlingen, through which most of the excess waters may reach the gulf.

\$200 FINE AND 20 DAYS IN JAIL IS UPHOLD BY COURT

A fine of \$200 and a twenty day jail sentence in each case against Mr. and Mrs. E. E. Hurd of Burk Burnett was upheld by the court of criminal appeals today in a decision according to telegraphic reports.

The Burk Burnett couple were tried in the county court at Laredo last fall on charges of operating a hawdy house and each was found guilty and like punishment assessed.

The case was considered once before the higher court, but was sent back on account of incomplete appeal papers. The court returned the case Wednesday and affirmed the lower court's decision.

Pussyfoot Won't Ride on American 'Bootleg' Vessel

NEW YORK, June 21.—When William E. "Pussyfoot" Johnson sails for Liverpool tomorrow to resume his prohibition drive overseas it will be on the British steamer Scotia.

"I will not ride on American bootleg scows," he said today announcing his decision, "I don't regard such ships as being safe to travel on."

The managers of the United States shipping board spent money advertising in American newspapers appealing to Americans to ride on their ships for patriotic reasons and more money in Europe appealing to Europeans to ride on American ships because there is plenty of booze on board. "I don't know what these shipping board fellows could do to make America more ridiculous in the eyes of the world."

EXPECT FAVORABLE REACTION ON THE SHIP SUBSIDY BILL

WASHINGTON, June 21.—Confidence that a "very favorable reaction" will be encountered by members of congress who take the administration's ship subsidy bill before their constituents prior to its consideration by the house is expressed by President Harding in a letter to Representative Mondell of Wyoming, republican leader, giving formal approval to the plan to press the legislation to a vote immediately after the tariff bill has been sent to conference by the house.

Presenting a detailed statement of reasons favoring passage of the bill at this session, the president in his letter declared the public interest would not permit a postponement until the December session in view of the loss entailed by the government's ship holdings which the bill is designed eventually to get into private hands.

This loss, the president pointed out, amounted to more than \$1,000,000 during the fiscal year now closing.

Ascribing the question was "not to be prejudiced by the old and worn out cry against subsidy," Mr. Harding urged that if that was used "to awaken public hostility" it be emphasized that "we are subsidizing today by paying losses of \$50,000,000 a year for inadequate service of no permanence while the measure contemplates no such outlay."

BALL PLAYER SUSPENDED AFTER BEING BEATEN BY MOB AT SAPULPA, OKLA.

SAPULPA, OKLA., June 21.—Tod Miller, first baseman of the Sapulpa Southwestern league team, has been suspended, Manager Barney Cleveland announced today. It was said that Miller was taken into the country by unidentified men last Monday and whipped for breaking training and alleged ungentlemanly conduct at an amusement resort, where he is said to have cast aspersions against the protestant religion.

RANCHMAN REPORTED IN SERIOUS CONDITION

PORT WORTH, June 21.—L. A. Dickson, ranchman of West Texas, is in a serious condition at Panhandle, Texas, as the result of being struck by a bullet during a game yesterday. Panhandle's Claude Dickson was a spectator.

DENY PETITION OF BEAUMONT JUDGE IN SHERIFF'S CASE

AUSTIN, June 21.—The supreme court today denied the petition of District Judge McDowell of Beaumont to file mandamus proceedings seeking to force the ninth court of civil appeals to rescind its action restraining Sheriff Garner of Beaumont during pendency of his appeal from the decision of the district court ousting him from office because of alleged membership in the Ku Klux Klan.

It cannot be doubted that the Beaumont court of civil appeals was authorized to consider and determine the right of Garner to continue in office during pendency of his appeal, the opinion by Associate Justice Greenwood read in part, "and to protect against enforcement that right, if affirmed, in the exercise of the court's power to issue all jurisdiction necessary to enforce its jurisdiction."

The appeal court's action "was not void," it was held.

SHARE OF TEXAS IN FEDERAL ROAD FUND NEAR THREE MILLION

WASHINGTON, June 21.—Texas share in the \$50,000,000 recently voted by congress as federal aid in highway construction available July 1, has been estimated by the department of agriculture at \$2,550,000.

Under the bill a three year program was provided so that next year \$5,000,000 will be distributed and the year following the amount will be \$7,500,000.

Members of senate, including Senator Sheppard and Cullbertson, are insisting on letters from the association of state highway officers commending them for their support of the measure urged by the association.

KLAN AT ELIASVILLE MAKES CONTRIBUTION, STATING PRINCIPLES

ELIASVILLE, TEXAS, June 21.—The Ku Klux Klan made their organization first known in Eliasville Monday by a letter addressed to the First State bank of this place in which they enclosed \$20 in currency to be deposited to the credit of the family of Frank Lloyd, which has had sickness for several months.

In setting forth their principles in the letter they said: "It is the purpose of this organization to bring aid to the needy, succor to the distressed and relief to the oppressed. Not for self but for others, is our motto."

"We believe in the enforcement of all laws by the duly constituted authorities and in upholding the flag of our country and defending School Teacher's Friends Made Glad

One of them had this to say yesterday. "We never thought that poor Ellen would ever recover. She had suffered so long from stomach and liver trouble and had lost more than 40 pounds in weight. She took a bottle of May's Wonderful Remedy upon the advice of her aunt and has steadily improved from the first dose. We are all confident of her complete recovery." SPECIAL SESSION IN SEPTEMBER TOO LATE FOR SCHOOLS

AUSTIN, TEXAS, June 21.—Governor Neff calls a special session of the legislature early this summer for the purpose of adding the rural and small town schools to the session which will be held in the fall when it is called, Miss Annie Webb Blanton, state superintendent of education, said recently. Miss Blanton informed the governor that the special session should be called before the automatic tax board meets in July to fix the state tax rate for the next fiscal year. That board, however, has authority to postpone meetings until a future date but it is understood that the board does not favor a postponement so that the tax rates can be applied to the county assessors for making their rolls.

"If the governor should call the special session in September or October," Miss Blanton said, "it would come too late, in my opinion, to constitute the legislature from knowing anything about a regular session of next January unless the legislature should have a special session in the fall to make the tax rate to meet expected expenses and to make a provision for the schools. If the legislature at either session should make an appropriation for the schools it would create a deficiency which I understand cannot be done, without."

Miss Blanton pointed out that the present tax rate is 23 cents on the hundred dollars while the constitution allows a maximum of 35 cents. She believes that unless the rate is raised that the legislature will again find it difficult to pay for the schools. Rural and small town schools are in a sad plight because of their financial conditions, state educators point out, and the question of their opening and length of the term depends on assistance given by the legislature, it is said.

Attorney General Asks a Rehearing In Pickford Case

CARSON CITY, NEV., June 21.—Attorney General Fowler of Nevada yesterday filed a petition in the state circuit court asking for a rehearing of its recent decision upholding the divorce of Mary Pickford and Owen Moore, motion picture stars.

The petition, the attorney general said, replied to the decision that a portion of the Nevada statutes directing the attorney general to protect the interests of the state was applicable to the present case. He said in part:

"The interest of the state in a divorce case existed prior to the adoption of the section involved. The language of the section makes it the duty of the attorney general to commence action and defend actions and secure the interests of the state."

HABEAS CORPUS IN EMPTY GRAVE CASE; WANT APPEAL BOND

AUSTIN, TEXAS, June 21.—The celebrated "empty grave" case, styled State of Texas vs. E. B. Cochran, from Stonewall county, has bobbed up again in the form of a habeas corpus proceeding filed in the court of criminal appeals. Cochran, who was convicted of swindling and sentenced to two years, in his application for a writ of habeas corpus, alleges that he is being illegally restrained of his liberty by the sheriff of Stonewall county.

Pending final disposition of his appeal in the higher court, Cochran alleges that the Stonewall county sheriff declines to accept his appeal bond, which, he claims, has been approved by the district judge. He seeks an order from the higher court to compel the sheriff to accept the bond and to release him from custody.

Cochran, according to the record, was convicted of swindling in connection with the payment to his wife of a life insurance policy of \$5,000 carried by Cochran with the Southwestern Life Insurance company. It was alleged that Cochran simulated death and was "buried." Later the insurance company, after the policy had been paid, made an investigation, which revealed that the coffin in which Cochran was supposed to have been buried was empty. Cochran's arrest and conviction followed.

SUIT FOR DAMAGES FOR TEN MILLIONS AGAINST SINCLAIR

WHITE PLAINS, N. Y., June 21.—Damages of \$10,000,000 for alleged frustration of his plans to sell the Sherman process for extracting gasoline from crude oil are sought by Percy N. Lawrence of Westchester county in a suit against the Sinclair Refining company of Chicago, which went to trial yesterday before Supreme Court Justice Morschauser.

Lawrence claims to have had a contract with the stock and syndicate owners of the process whereby he was to get 20 per cent of the proceeds of sales. He charges that the Sinclair company, then the Cudahy Refining company, blocked a sale to the Texas Oil company by selling a plant in East Chicago, Indiana.

Later the Cudahy company obtained use of the Sherman process from the stock and syndicate owners and the Texas company dropped its negotiations.

GRANT PETITION OF THE CITY OF HOUSTON

AUSTIN, June 21.—The petition filed by the city of Houston seeking to file mandamus proceedings against Attorney General Keeling to force him to approve city bonds of Houston was granted by the supreme court today. The attorney general's department refused to approve the bonds because the city tax rate exceeded that constitutional limit, it was claimed.

SEVEN INDICTMENTS IN THE REBOLD CASE AT OKMULGEE, OKLA.

OKMULGEE, OKLA., June 21.—An official check of the indictments returned on March 21, by a special district court grand jury against John H. Rebold, former vice-president of the Guaranty State bank of Okmulgee, revealed that seven bills had been against him instead of eight as was reported. The indictments, as announced by William Campbell, court clerk, were as follows:

Four charging acceptance of deposits in an insolvent bank.

One alleging borrowing money from a bank of which he was an active managing officer.

One charging bribery of officers. With the exception of the indictments charging Mr. Rebold with borrowing money from the bank of which he was an officer and one charging bribery, all were joint bills naming also John F. Cook, former president of the bank. Both Mr. Rebold and Mr. Cook are to be arraigned July 1, with Governor J. B. Robertson in named in an indictment charging acceptance of a bribe which Mr. Cook and Mr. Rebold were alleged to have given.

KU KLUX KLAN STAGES PARADE AT DEVOL, OKLA.

DEVOL, OKLA., June 21.—The Ku Klux Klan on last evening at 10 o'clock, fulfilling notice previously posted, gave to the citizens of Devol and the surrounding towns who were gathered here, a parade. The Klan, after parading Main street, announced to a crowd of 2,500 or more people the main principle for which they stand. There were no disturbances worthy of note. It was an impressive affair.

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you have tried without getting relief, use "TIZ". "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Get a box at any drug or department store, and get relief for a few cents. (adv.)

OVERRULE MOTION FOR REHEARING IN THE VICKERS CASE

AUSTIN, June 21.—The court of criminal appeals today overruled a motion for rehearing in the case of Ernest Vickers, given the death penalty in Tarrant county for murder of J. B. Loper on October 29, 1920. The case has been previously affirmed. Executive clemency is now Vickers' only hope.

Loper, a railroad special agent, refused to hold up his hands when Vickers ordered him to do so, his intention being to rob him, the evidence shows. Vickers then shot him. The court granted a motion for rehearing in the case of Will Whitton, sentenced to life imprisonment in Van Zandt county for murder, and reversed and remanded the case for a new trial.

The state's motion for rehearing in the case of Fred Ritter, given 10 years for murder in Collin county and which was reversed, was overruled.

ONE BANDIT CAPTURED BUT ANOTHER ESCAPES

CHICAGO, June 21.—After a spectacular hunt through the Masonic temple one of two robbers who had attempted to rob the offices of H. Klein and company, Belgian diamond brokers, of diamonds valued at \$250,000, was captured last night. The other robber escaped with some of the jewels, valued at probably \$10,000.

REINSTATE APPEAL AND AFFIRM CASE OF HURT AND HURT

AUSTIN, June 21.—The following proceedings were had in the court of criminal appeals today:

Affirmed: Otho Robertson, Matagorda; Ella Gregory, El Paso; Fred Karelis, Falls; J. C. Richards, Eastland; R. H. Morley, Harris; P. D. Freeman, Harris; Jim Brox, Milam; W. T. Jacobs, Dallas; Webster Overby, Ellis; H. K. Swann, Gregg; F. B. Martin, Gregg; Carlos Rodriguez, Bexar; Ira Dollar, Hunt; Young, Coryell; Tom Johnson, Hale; H. B. Wilson, Tarrant.

Appeal reinstated and affirmed: B. E. Hurt and Mrs. E. E. Hurt, Wichita.

Motion for rehearing granted and reversed and remanded: G. Adams, Harris; Will Whitton, Van Zandt. Appeal dismissed: Charlie Evans, Liberty; E. B. Glass, Taylor. Motion for rehearing overruled: E. L. Miller, Bexar; Fred Ritter, Collin; W. T. Jacobs, Dallas; Webster Overby, Ellis; H. K. Swann, Gregg; F. B. Martin, Gregg; Carlos Rodriguez, Bexar; Ira Dollar, Hunt; Frank Squires, Shelby; Joe Davis, Smith; Ernest Vickers, Tarrant; Cleveland Wilson, Navarro; Zula Goldberry, Potter.

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its

value by the general run of tires. Since last fall when USCO established the \$10.90 price range they have recognized it as a value beyond any possible comparison.

A still greater money's worth than even USCO itself had reached before.

What Price Did Our Bodies Pay for Civilization?

ONLY a few thousand years ago the human body was nearly a perfect machine, for then it was used only to function physically.

Our primitive forefathers, before the dawn of thought or history, lived perfect outdoor lives. They fought, hunted, ate and slept in the open. They walked, ran, jumped, climbed or swam with equal ease. They had no other aim than to meet their daily physical wants.

Down the centuries the human race has broadened the scope of its composite mind at the expense of its composite body. We have paid a fearful price for civilization in physical health and length of life.

The development of any science, therefore, which tends to reduce human suffering from illness, or that tends to increase Nature's chances to lengthen life, is worthy of passing interest.

So the Texas Chiropractors Association presents you the philosophy of chiropractic.

Here is found the simple, practical thought that the major nerves of the body pass out between the sections of the spinal column and because this spinal column is not mechanically perfect, the joints or vertebrae often slip or rotate, and press on these major nerves.

Chiropractic holds that when this occurs the nerve vitality in that part of the body served by the nerve under pressure decreases fearfully or is entirely gone. Without this nerve vitality that portion of the body is immediately open to illness.

To a chiropractor the presence of illness is a symptom only of lack of nerve force and vitality and this lack of nerve force and vitality occurs in an overwhelming number of cases from pressure of vertebrae on major nerves.

He removes this pressure by spinal adjustment, which restores the flow of nerve vitality to the affected parts and Nature removes the illness, which was but a symptom.

Rotations in the spinal column can occur from minor or major accidents, or from occupational positions held day after day. Would you be interested in knowing the condition of your nerve supply? Call on your local chiropractor and maintaining its standards of practice, and then discuss practice, determine that he is a State Association member the matter with him.

(Think of a series of messages designed to inform the public on the science of chiropractic and its ability to save the sufferer.)

LOCAL GIRL WILL HELP IN WORK OF SALVATION ARMY

Announcement was made by Captain Hicks of the Salvation Army Wednesday morning that Miss Lella Thorne, former local Army worker, who has been in the Chicago Training Garrison the past ten months, would be here Thursday morning to assist in the local work.

Hundreds of friends of the Army and of Miss Thorne in the city will be very much delighted at the news of her temporary return here, as she was a very popular member of the Army corps. Miss Thorne is a daughter of Mrs. M. E. Thorne and was reared in the city, where she was in the Citadel work for five years before going to Chicago. Splendid reports of her progress there in training have been made in the Army publication, and through Lieut. Gen. Wood of Dallas. A welcome service for Miss Thorne will be held Thursday night at 8 o'clock at the Citadel, Captain Hicks stated.

Another Large and Pleased Crowd at Majestic Theatre

Another large and well pleased audience was at the Majestic theatre Tuesday night to see the Roy E. Fox Stock company, which opened an indefinite engagement Monday night, presenting popular priced dramatic stories with good vaudeville and music by a large, classy orchestra. It has been quite a while since the amusement loving people have had the pleasure of seeing as good a company as this in Wichita Falls. Nothing but good, clean stories with lots of good comedy are presented, with vaudeville acts of the big circuit to fill in between the acts of the story.

The policy of the company is to change to a complete new program twice each week, the change coming on each Monday and Thursday nights with two matinees each week on Wednesday and Saturday afternoon.

Judging from the applause and the popularity this company has gained from the crowds that have attended the first two nights they will have no trouble filling the house each and every night. The program that is on for the last half of the week commencing Thursday night will be entitled "What a Woman Will Do."

REVIVAL SERVICES NORTH SIDE METHODIST CHURCH

On Tuesday evening Rev. R. F. Hines brought a heart-searching message at the North Side Methodist revival services based upon Luke 14:33. "So likewise, whoever he be of you that forsaketh not all that he hath, he cannot be my disciple."

The minister used the eventful life and experiences of Abraham for illustrating the "forsaking" demand of the text so urgently insisted upon by the Lord. The necessity for the followers of Christ separating themselves completely from all sinful and questionable habits and associations was stressed. Instances of distastefully wrecked lives due to the failure of persons to entirely leave off wrong doing were cited, which had come under the observation of the preacher. The duty of abandoning all malice and illwill was urged.

The congregation was considerably larger, due in part to the personal calls made by the pastor and evangelist and others inviting the people to attend services.—W. A. Betts, pastor, 502 Bridge street.

LIONS' CLUB ALSO PLANS INQUIRY ON BUDGET OF POLICE

Action similar to that taken Tuesday by the University club, relative to the police department budget, was taken at the weekly luncheon of the Lions' club Wednesday. The meeting was held with the North Side Civic league, at the community house recently erected, and the Lions devoured a very pleasing meal.

Dr. L. D. Farnell, Rev. J. Lem Kevill and Dr. A. D. Pattillo were named as a committee to look into the sufficiency of the police department budget, and report at the next meeting. As at the University club, the sentiment was expressed that the council's cut might seriously cripple the police department.

County Attorney E. L. Fulton was the principal speaker at the luncheon; Mr. Fulton spoke on the needs of cooperation from the public, in enforcement of the law, saying that public officers, no matter how zealous or conscientious, could not maintain real results unless backed up by the public. He mentioned jury service as one public duty that ought not to be shirked.

Mrs. J. E. Sharpe of the Civic league told the Lions of the work the north side organization was trying to do.

CIRCULARS RESULT IN WOMAN'S ARREST; CRITICISE OFFICERS

Red ink circulars which were distributed downtown Wednesday caused the arrest of Mrs. Roy Taylor of the Westland hotel, on a charge of violating the city ordinance against throwing loose papers on the streets.

The circulars contained attacks on Police Commissioner Fitts and Police Commissioner McCormick for the latter's course in connection with raids and arrests at the Westland. Reference was also made to affidavits which the circular said had been obtained, in connection with the commissioner and chief.

The circular said that the petitions asking for the recall of Mr. Fitts were progressing satisfactorily, being numerously signed, and that many who would not sign them were going to vote for recall when election time came.

'The Paleface' an Added Attraction At the Empress

In addition to "The Wall Flower," with Colleen Moore, within itself a feature, beginning Thursday the Empress will show as an added attraction, Buster Keaton in "The Paleface." Commenting on this production, Life, the noted publication, says:

"It is strange that the silent drama should have reached its highest level in the comic field. Here, and here alone, it is pre-eminent. Nothing that is being produced in literature or in the drama is as funny as a good Chaplin, Lloyd or Keaton comedy. The efforts of these three young men approximate art more closely than anything else that the movies have offered."

"In 'The Paleface' Buster Keaton is captured by a tribe of Indians who have a grudge against the white men because some oil promoters have attempted to steal their lands. Buster is sentenced to death, but the fact that he wears an asbestos union suit saves him from considerable embarrassment when the Indians try to burn him

at the stake. He is then made chief of the tribe, and he proceeds to outwit the oil sharks and save the reservation.

TODAY'S TALK
By GEORGE MATTHEW ADAMS
THE PAT ON THE BACK.
If you would suddenly become the happiest person in town, just get into the habit of patting people on the back—with real pats of honest encouragement.
There is nothing in all the world so satisfying, so happy, as to see the thrill of hope coloring the cheek of someone whom you have encouraged. Half the wrecks of life are strewn along the gutter of failure for no other reason than this—they have starved for want of encouragement.
There are no favored-of-destiny successes. The only winners are the favored-of-encouragement folks. A smile, a hearty handshake, a rousing cheer—the cup of crystal water to those who thirst—these are the things that make men, mold events and start business to humming.
And it's the greatest fun in the world to go about distributing pats on backs that need them.
The next fellow to you right now—whoever you are and wherever you are—is just as human as you are. He's lonesome, in his heart, and needing something, and probably discouraged. Turn your pockets of encouragement inside out for him—keep them empty by giving their contents constantly away, for they will always be miraculously refilled while you are picking out the next one to pat on the back.
Give away your own success—only then will you learn how fine it is. Point out the springs of your own encouragement and inspiration.
More backaches are caused by the lack of a pat than by all the loads they carry. The remedy is large doses of encouragement. And you don't need a doctor's degree to administer that remedy—or a license to practice back-patting.

LITTLE BENNY'S NOTE BOOK
by LEE PAPE
Yesterday I had to go down to post office so he could take me to get a new pair of shoes on account of my new hair looking like a old pair already, the first thing popped when he saw me being. Wat king of a hell of hair is that to come and grow out? You look more like a mop than a son of mine, how many years has it bin'aints you had it cut last? he said.
Not very long, I sed, and pop sed, Well go down stairs on the first floor and you'll find a barber shop, tell the barber to cut your hair and tell him I'll pay him a come down in about 20 minutes.
Yes sir, I sed, and I went down and 2 barbers was shaving 3 men and one hair was standing next to his chair waiting for somebody to get in. Wich I did, saying, Mr. Potts says cut my hair and he'll pay you when he comes down.
With pleasure, sed the barber. Being a kind of fat barber needing a hair cut himself, and he cut my hair and pop hadent come down yet and the barber sed, How about a little singe?
All right, I sed, on account of me being a little nervous getting a singe before but never having one myself. Wich he did, lighting a long thing like a kinnis candle and making me smell like a chicken. And he kept his fingers off but not giving me any other sensation, and pop went down yet and the barber sed, How about a little shampoo?
Being another thing I never had from experience, and I sed, All right, and he gave me such a fearsome one, saying, All right, and he had a shampoo, tonic and a massage. Not to speak of wat he's going to get when he gets home, sed pop.
Wich he did.

YOU AND I

DEAD-BEATS
Dead-beats are steadily becoming fewer. So say retail credit men, at their national convention in Cleveland. This reflects the skilled work of the credit men, who have not changed much in 50 years. The reason there are fewer dead-beats is because the credit organizations have made it harder for a bill jumper to open a charge account. George A. Lawo, credit expert from Memphis, says he has found during his lifetime that 99 per cent of the people are inherently honest. The remaining 1 per cent are being made honest by compulsion.
All laws and regulations are made for a small minority. The majority need few, if any, restraints.
WISKEY.
Haynes, head of the rum sleuths, reports that 2,877,223 gallons of whiskey were withdrawn from government bonded warehouses in nine recent months.
This was at the rate of only 26 gallons for each 97 gallons withdrawn in the corresponding period a year before.
The abrupt falling off is another indication of how "prohibition is a failure."
It will not be many years, at this rate, until the little old United States will be as dry as a mouthful of chalk.
SAVAN.
The Black and devil worship is revived on a large scale by a cult of decadents in Paris.
This turns the clock back a good many centuries, but the superstitions days when the evil reared that they might escape punishment by becoming worshipping henchmen of Satan's mother.
Somewhere on earth you can find the spirit of every preceding century, at work among the gullible and ignorant. In some places, it still is the year 4000 B. C.
SPECIALTIES.
Brill, leading American psychoanalyst, "kidd" one famous list of ailments which Ingvator Edison submitted to applicants for a patent. To answer all the Edison questions correctly, says Brill, would reveal only a general smattering of knowledge superior to that of a baseball player. You did not instead of thoroughness in any one thing.
Maybe so, maybe not. A question remains, the an applicant with baseball-phobia might be sufficient proof that his mind would seldom be on his work.
Brill is right about thoroughness, in this age when success comes only by specialization. That's the chief trouble with our government. Forgive me, but I am not an experimenter instead of specialist.

DEFENDING THE PRIMARY SYSTEM
It is generally conceded that something is wrong in our political system, and perhaps for the lack of anything tangible, the trouble is usually laid upon the primary system which is attacked nearly every day.
In theory the primary method of nomination looks all right. In practice it has been disappointing, at least, something has caused disappointment. A good many folks want to believe in the primary system because they think it is right and in these days of general attack upon it there is comfort in hearing it defended.
W. C. Edwards, editor of the Denton Record-Chronicle, whom the people of Denton county have drafted to run for the legislature, is a defender of the primary system. He is what he says:
"There is a widespread and well organized campaign against the primary system. The agitation seems largely to be from among those who under the old convention system would have had control of their communities, districts or states and who are pointing—somewhat truthfully as must be admitted—to the small-calibered men that are now filling many public offices. There is some reason also to believe that the propaganda is purposed to eliminate or reduce the influence of women voters. In the idea that they would be unable to fight their way through to victory under the convention system wherein a bull voice and brass are tremendous more valuable assets than ability. The primary system has its faults, some of them, judged from the results, glaring; but the primary system with all of its faults is better than the old-fashioned convention system which gave much power to the self-constituted leaders and very little to the rank-and-file. There are many factors contributing to the elevation of 'little men' into offices. The primary system probably is one of them. But there are others which one thinks contribute even more to that end, and not the least of them being the fact that while in time ago the salaries paid public men were very high alongside the incomes of better-to-do men, public salaries are extremely small now in comparison with what very many men get in private life. Public salaries have increased slightly if at all. Here in Texas that statement is particularly true and speaking by and large it is practically true throughout the nation. There may be a better way than the primary system has developed, but the convention system isn't. Government by the people—and that means in this country the whole people—is correct in principle and sound in practice. The difficulty is—and it is a difficulty under the primary system, just as it was a greater difficulty under the convention system—to evolve some plan that will adhere to the principle and get better results in actual practice."

JUST FOLKS

THE LESSON OF THE CRATE.
It seemed an unimportant task. Too trifling for a chief to ask. A little thing, nor could he see The need to do it thoroughly; He fancied none could ever tell Whether he did it well or slighted it, yet truth to say On him depended much that day.
He was to nail a wooden crate. No chance in that for splendor great. No chance to prove his gift of skill. A thankless post was his to fill; Well-nailed or not, 'twould be the same. The world would never learn his name— And yet that wooden crate was filled With what had taken months to build.
He did not see or understand Just what was passing 'neath his hand— That as that wooden crate was nailed, A plan succeeded or it failed; That miles away men stood in wait Depending on that simple crate. For not a wheel could turn or drive Until it safely should arrive.
He drove his nails, and let it go. Thinking that none would ever know Whose hand had held the hammer there; Or, knowing it, would ever care; Yet in a few brief days there came The news that burned his cheeks with shame: "Broken in shipment and we stay Facing another month's delay."
Vain is the skill of workmen great. Unless the boy who makes the crate Shall give his best to driving nails; The work of all the others fails; There is no unimportant task. Whatever duty life may ask. On it depends the greater plan— There is no unimportant man! (Copyright, 1932, by Edgar A. Guest)

Weather—Appetite
By DR. R. H. BISHOP
Warm weather usually brings with it a loss of appetite, especially in the case of the office man and other sedentary worker. Most of us overeat in summer, or else we cram our bodies with foods containing in themselves a high caloric value. Foods containing large amounts of heat units, or calories. Therefore, at this season, unless you select your food with some care, you are liable to supply your old furnace with enough heat for midwinter instead of summer.
To see if we measure our food by the square inch—eat through our eyes, as the saying goes—according to the size of our stomachs, instead of eating food on which we have no bearing on inches. A pat of butter has as many food units as five cupsful of shredded cabbage.
In the summer avoid meat and heavy foods altogether. In their place substitute green vegetables, fruits and cold foods. Meat and fowl may be eaten when the meat craving is strong.
People who are more or less inactive during the day do well to cut out the heavy milk and coffee. Here are rules to remember, no matter what the weather or the meal:
Do not eat too fast, but chew the food well.
Do not eat when excited or angry.
Food should not be "washed down" with milk or coffee. They interfere with digestion. Drink after the food has been swallowed.
BEGIN CONSTRUCTION OF BRIDGE NEAR VERNON
VERNON, TEXAS, June 21.—Driving of piling and actual construction began Monday on the Interstate Bridge company's structure over Red river on the road between Vernon and Altus, Okla. Barring accidents and high water the bridge should be completed by July 20, it is thought.
A study of the highway systems of Texas, Oklahoma and the remainder of the United States is now being made with a view of establishing a highway of importance between Altus and Vernon and points beyond each city. Much traffic is expected to cross the bridge when it has been completed. Its construction has been discussed here for many years.
PROPOSAL TO ELIMINATE MILITARY TRAINING WINS MINNEAPOLIS
A proposal to eliminate military training from Minneapolis high schools was carried by a vote of 29,672 to 23,124 at yesterday's election, according to complete unofficial returns.
This does not mean that the training must be dropped, as final decision rests with the board of education.
It is said that a well-built chimney 100 feet high will sway from three to four inches in high wind without danger of falling.

CARAMOUCHE

"It seems, monsieur, that I must retreat from the Marquis. The Marquis directly faced M. de Vilmoren. "You spoke, monsieur—and you spoke very eloquently. It seemed to color his face; but he said nothing more. Instead, it was M. de Chabrilane who now did the talking, taking up his preconcerted part in this vile game."
"You realize, monsieur, what you have done," said he, coldly, to Philippe. "And you realize, of course, what must inevitably follow."
M. de Vilmoren had realized nothing. The poor young man had acted upon impulse, upon the instinct of decency and honor, never counting the consequence. But he recalled them now at the sinister invitation of M. de Chabrilane, and if he desired to avoid these consequences, it was out of respect for his prestige, which he strictly forbade such adjustments of disputes as M. de Chabrilane was clearly thrusting upon him.
He drew back. "Let one affront to some such counter-move as this—a counter-move that left him entirely at the other's mercy."
M. le Marquis looked on, very white save where M. de Vilmoren's fingers-print had begun slowly to color his face; but he said nothing more. Instead, it was M. de Chabrilane who now did the talking, taking up his preconcerted part in this vile game.

M. de Vilmoren had realized nothing. The poor young man had acted upon impulse, upon the instinct of decency and honor, never counting the consequence. But he recalled them now at the sinister invitation of M. de Chabrilane, and if he desired to avoid these consequences, it was out of respect for his prestige, which he strictly forbade such adjustments of disputes as M. de Chabrilane was clearly thrusting upon him.
He drew back. "Let one affront to some such counter-move as this—a counter-move that left him entirely at the other's mercy."
M. le Marquis looked on, very white save where M. de Vilmoren's fingers-print had begun slowly to color his face; but he said nothing more. Instead, it was M. de Chabrilane who now did the talking, taking up his preconcerted part in this vile game.

W. T. WAGGONER IS IN SYMPATHY WITH PLAN FOR BIG LAKE

FAVORS PLEASURE RESORT BUT DEMANDS SOME PROTECTION

ATTITUDE EXPLAINED BY MANAGER OF LAND

Realizes Value and Importance of This Great Body of Water to Public

ELECTRA, June 21.—Notwithstanding reports to the contrary, W. T. Waggoner is in hearty sympathy with the plan for making the big lake now being constructed along the Wichita river the pleasure resort of the southwest. What Mr. Waggoner wants is some right to say what use is made of the land he swings along the proposed water front and some protection for his cattle in the big pastures that will have a frontage of a score of miles on either side of this the largest artificial body of water in the United States.

Such is the substance of a statement by R. L. More of Varson in a personal interview. Mr. More is manager of the half million or more acres owned in Wichita, Wilberger, Bayler and Ford counties by Mr. Waggoner. It was he who negotiated with representatives of Wichita Falls for sale of twenty odd thousand acres of land which the lake will cover. And it is likely that Bob More will handle the details of any negotiations for securing land along the lake front for making a great pleasure resort.

Mr. Waggoner proposes to keep hunters, fishermen, and campers off the north side of the lake, according to his manager. Mr. More insists that when a strip of land half a mile wide by some 15 miles long is opened along the south side of the reservoir that will be all the ground needed.

"If we permit hunters, fishermen, and tourists to camp on the north side, it will mean that thousands of acres of the richest grazing land will be practically ruined," Mr. More said. "Hunters will tramp and ride over it, campers will live there, and the cattle will not go on it."

Mr. Waggoner has 40,000 acres along the proposed lake site now on which the cattle refuse to graze. "But along the south side of the lake we propose to throw open ample ground for hunting, fishing, camping, and the building of as fine a pleasure resort as any man could wish. Of course, we can't give any right to the water. That will be up to the directors of the irrigation district."

"We will lease the land in small tracts for a month, a year, or 10 years—or perhaps for a longer period."

"Then you will have something to say about the use to which the ground is put?" Mr. More was asked. "Certainly," was the reply. "We have no desire to hinder any legitimate pleasure, but it is Mr. Waggoner's purpose to prevent the use of this half-mile strip along the lake for purposes which might not be strictly in accordance with the law and good citizenship."

There has been no little speculation as to the possible conflict between the owner of the land along either side of the lake since a statement purported to have come from Mr. Waggoner was printed to the effect that the cattle king would prevent camping, hunting, or fishing along the water front on his land.

Little by little men of vision are beginning to realize some of the possibilities of this mammoth body of water as a pleasure and health resort. Since the lake will cover approximately thirty square miles in depth averaging twenty-five feet, it is expected to become the great summer playground of the southwest. It is destined to be, according to engineers, not less than ten times as large as Lake Worth (its nearest rival) and the Fort Worth watering place has already become a resort of national reputation. Motor and sail boating can be engaged in to an unlimited degree. There will be deep water fishing unexcelled in the United States, and the area for hunting will make it the sportsman's paradise. That is why much concern had been caused by the rumor that Mr. Waggoner was opposed to its development as a pleasure resort.

MORE ATTENTION TO SCHOOLS, LESS TO PRISONS -- ROGERS

BONHAM CANDIDATE FOR GOVERNOR SPEAKS HERE TUESDAY NIGHT

DECLARES SELF FARM AND LABOR CANDIDATE

Refers to Neff's Conduct During War; Says in League With Waco Bankers

"If I am elected governor, I will pay more attention to the million school children in the state and less to the 3,000 inmates of the state prison," said Fred Rogers of Bonham, candidate for governor in his address delivered Tuesday night at Ninth and Indiana streets. A crowd of over 250 people heard the speech. He scored the Neff administration for its wastefulness, contending that three times more money was spent during the present term than by any of Neff's predecessors.

Mr. Rogers emphasized the fact that he was the farm and labor candidate and that he was in the ring to see that every person, regardless of what he would get out of it, would be a winner. He alleged that Pat Neff was bound under a verbal contract with the bankers of Waco to put through any kind of legislation that the bankers might suggest. In speaking of Pat Neff he referred to his age by stating that when the boys were holding the Hindenburg line that the present governor delivered an address in the panhandle on 100 per cent Americanism and the next day changed his age one year. He stated that this happened while the 18 to 45 year draft law was being considered.

FRENCH OFFICER AND SOLDIER IN CITY ON WAY HOME
Captain F. Lee and Horace Mathews, formerly members of the French army and later members of the American army stopped in this city Tuesday night on their way to New York in an automobile where they expect to make their way back to Paris.

Horace Mathews was an enlisted man in the command of General Robert George Nevill, the French officer who visited in this country in 1919, and was wounded in the battle of Verdun. Mathews lost his right arm in this engagement but refused to be discharged and returned into service and suffered five more wounds.

Later when the armistice was signed he enlisted in General Pershing's army as a file clerk and was discharged at Fort Sam Houston. The officer and enlisted man are traveling to New York in Captain Lee's automobile.

HOT WEATHER WILL SOON BE HERE AS SPRING HAS GONE

The cool refreshing happy spring-time has gone and hot weather with high temperatures will soon arrive. Wednesday the summer season begins and no longer may Wichitans expect the cooler days, for example last Saturday, Sunday and Monday.

Tuesday the mercury rose to the 101 degree mark, one degree cooler than the day before, but during the night it reached to the 77 degree mark. High temperatures prevailed throughout the district touched by the local railroads and Wednesday morning agents reported clear skies with practically no wind movement.

FLATS DISTRICT TO BE SCENE OF NEXT PHASE OF CLEANUP

The District Known as the Flats Will be the Scene of the Next Phase of the Police Department's Cleanup

Commissioner Pitts said Wednesday. The work will start Saturday

morning, at which time all women residing in that section, who do not own their own homes, will be brought to the station and given an opportunity to show how they earn their livelihood.

After Saturday, all men visiting the district will have to explain why they are in that part of the city. Mr. Pitts has reversed the usual order of things in this part of the department's campaign. The Flats have been raided and reformed before, with the result that many uptown hotels and rooming houses have become the abiding places of the women. Mr. Pitts does not believe that the uptown places will welcome the women now, as the year.

COFFEE CAN DISTURB NERVES AND DIGESTION, AND OFTEN IT DOES

There's a safe and satisfying course for everybody in the selection of a table drink.

Postum has charm without harm. It's the safe drink for all, and probably, therefore, it's the better drink for you.

Thousands have found it better, and fully satisfying, for them.

Your grocer has both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for fully 20 minutes.

"Watch me," said the strong swimmer, "I'm not afraid"

So he matched his strength against the swirl of the rapids, and laughed at the danger, and kept repeating the stunt, until—

It was the day the life-savers had been waiting for—that day the call for help came.

It's an easy matter to smile at coffee warnings when you're going strong.

But a good many strong swimmers won't risk the rapids, and a good many coffee drinkers are beginning to think of the caffeine in coffee.

PERFORMANCE PROVES SAVAGE TIRES Are BUILT TO EXCEL

IN SAN DIEGO, CALIFORNIA

It would be difficult to locate a better natural "testing ground" for the development of tires than the city of San Diego and its environs affords. Here, within comparatively short distances can be found every type and condition of road that tires may be called upon to withstand—from long, splendidly paved highways to dirt and rocky ruts, from mountain trails to desert sands.

Being the Home of Savage Tires, the advantages thus afforded have naturally been made use of by the Spreckels "Savage" Tire Company. Under these varying conditions, through close attention and careful tabulation of results a tough, efficient tread, a strong, flexible carcass and a remarkable bead lock were developed and incorporated into the Savage Cord.

An interesting story could be written of the development of this tire and the tests it went through.

Tread Wear Tests
On rocky, mountain stage line runs, Savage Cords averaged better than 10,000 miles in a service where no other tire had ever begun to approach that mileage before. The performance was the more remarkable because some of our tires were purposely "under-sized" to determine what they would do against larger sizes of competing makes that had been previously used.

We point with no particular pride to isolated instances of 20,000 miles rendered by our tire in service where other makes have never gone better than 10,000 miles, or less, before. These we class as exceptional cases. They do not necessarily prove the consistency of performance we are desirous of portraying.

Bead Lock Tests
A common point of failure in cord tires is the bead. The success of a tire requires exacting, correct construction here. Aside from regular road service our bead was tested for strength and stretch in various unusually severe manners.

Mounting our tire on a wheel and dropping it several times from the fourth story of our main factory building did not dislocate or do any damage to the bead or carcass—as evidenced by 10,000 miles of service rendered thereafter by this tire in further test runs.

We tried repeatedly to effect a dislocation of the bead by over-inflating our tire. In this we were unsuccessful. In each case the rim collapsed under the enormous pressure. Finally we mounted a tire on cast iron bead rings and inflated it to better than 1400 pounds hydraulic pressure (the government specifications require only 350 pounds). Even this enormous pressure did not dislocate or break the bead—it broke the iron rings. This tire, seating properly on the rim is now in road service and has thousands of miles to its credit.

Tests for Carcass Strength
Placed on runs where the tread wears more quickly than usual, Savage Cords averaged 30% better service on their original treads than the total previous mileage secured from other makes of tires used under similar conditions. Retreaded, these tires increased even that mileage by 75%.

On runs of this nature Savage Cords have been retreaded three and even four times—showing a most remarkable excess strength.

We have incorporated into this tire seven-teen outstanding constructional features that make it a truly wonderful product.

Almost any tire will give satisfactory service under ideal conditions. Some makes will even render satisfactory service under certain adverse conditions. Certain makes of tires will perform best on long drives over pavements, other makes will show to better advantage on dirt highways—and so it goes.

Our object has been to build Savage Tires to perform equally well under every condition—on the short haul of the heavily laden commercial car, on the heated roads of the sandy desert, over mud and stones of the land of forests or the broad dirt highways of the plains.

That we have accomplished our purpose is evident from the results users of Savage Tires are getting—everywhere.

Our Place In Your Gas Supply
The Lone Star Gas Company is a producing and wholesaling enterprise. In that capacity it supplies natural gas to 45 communities. It does not retail gas, hence it has no dealings with the individual consumer, nor does it hold or seek city franchises.
Our Responsibility
Responsibility of The Lone Star Gas Company ends with the delivery of gas to the local distributing companies. To render this service it has a huge investment in 875 miles of pipe line, hundreds of wells, many compressor stations and other facilities.
Because its officers realize the value of natural gas to the favored people of this part of Texas, they have a keen interest in the economical and satisfactory use of gas, and in the means by which this gas is delivered to the consumer.

HOW TO PLAY BALL

Scott Says to Keep Your Eye on the Ball and Time It for Big Bound

EVERETT SCOTT

If asked to give the two most important features of shortstop play, I would say, keep on your toes and always get the ball on the big bound.

Never be caught flat-footed. It is best to figure out what you do with the ball if it comes to you. The shortstop must be ever alert, physically as well as mentally.

It is an easy matter to find a ground ball if you can play it on the big bound. The shortstop must figure the bounds the ball will take as it reaches him and play it accordingly.

Get Jump on Ball. Of course there are some batted balls that it is utterly impossible to get on the big bound. Balls that are hit on a line and land two or three feet in front of you are such.

Be confident of yourself and get the jump on the ball, always be in a position to throw without waiting any time. Figure a batter's speed and play him accordingly. Deep on the slow men, close in on the fast boys.

Always try to get the ball away.

They Will Do It

When Hack Elbel parked one of Hub Purdue's fast ones at Athletic Park in the last Spudders-Crab series, Hub swore that he'd never give him another ball with any slip on it. Wonder that he served him Tuesday. He had no business serving him anything but four wide ones with a man on third base and one runner needed in.

Crabs Deserve Victory

However, nobody was entitled to that game but the Sand Crabs. They had everything a winning club should possess—great pitching, timely hitting and wonderful fielding. It's no disgrace to be beaten in a game like that. If all the Spudders losses were similar to that of Tuesday's there wouldn't be any crying.

Haley to West Texas

Frank Haley has evidently outlived his usefulness in the Texas league, though the Panthers have always got the better of him. He doesn't look natural without Frank at third. He was a great ball player and one of the cleaner types figure out what is going to be pitched.

Big and Little Deals

Last winter the Yankee-led Sox deal, whereby the New Yorkers received Joe Bush, Sam Jones and Dickie Smith, was a poor second publicity as did the Groh-Burns swap by the Reds and Giants.

Little Fellows Deliver

Take the Tigers, for instance. They were rated as a poor second division club, but they are battling with the topnotchers. Why? Because their lesser lights have delivered.

Then Carp

Then came the Carpenter match. Few who knew anything at all about the two men believed that the Frenchman had a chance, but the ballyhoo was effective and the gate was the largest known in the history of the ring.

JACK PREFERS WHITE MEAT

By BOB DORMAN

JACK DEMPSEY

NEW YORK, June 21.—Whether it's chickens or prize fighters, Heavyweight Champion Jack Dempsey prefers the tender, white meat.

In Chicago he gravely announced that "he would defend his title against Bill Brennan on Labor day."

Dempsey has twice knocked Brennan for the full count. "And what other fights has the champion in mind?"

Jess Willard, over 40, and out of the ring for three years, and Georges Carpentier, the victim of a year ago.

None of these matches should draw a corporal's guard, yet the power of the ballyhoo is great, and they may draw a state sufficiently large to satisfy all concerned.

The Kerns-Dempsey duel, in Toledo in July, 1919, will remember the duel sang by Kerns and Dempsey before they won the title, that if Jack became the world's champion it was his ambition to be a real fighter like John L. Sullivan, meeting any and all comers whenever the public demanded.

How has Dempsey kept that promise in the three years that have elapsed?

He took on Billy Miske, just out of a hospital, broke and willing to fight for the loser's end.

A bigger farce was never seen in the ring than that fight.

Bill Brennan, who had already been knocked out in four rounds by Dempsey before he became champion, furnished the next opponent.

As the Carpenter fight was in the spring it would not do to take Brennan too quickly so he was permitted to stick around for twelve rounds.

Then came the Carpenter match. Few who knew anything at all about the two men believed that the Frenchman had a chance, but the ballyhoo was effective and the gate was the largest known in the history of the ring.

The result is history. How long are the fight fans going to stand for fights like the ones proposed?

Why has the match with Miske, the heavyweight, conceded the best chance of standing off the hard-hitting Dempsey and furnishing a real fight, been allowed to drop into oblivion?

Because our champion prefers the tender, white meat!

MRS. DUNN IS FIRST WOMAN CLUB OWNER IN AMERICAN LEAGUE

By Associated Press

CHICAGO, June 21.—The late James C. Dunn, president and chief owner of the Cleveland American league club who died here a short time ago, left an estate of approximately \$300,000.

It became known yesterday when his will was filed for probate. His widow, Mrs. Edith R. Dunn, is sole beneficiary. The will thus makes Mrs. Dunn principal owner of the Cleveland club and makes her the first woman to own an American league club.

She is not the first woman club owner, however, for the St. Louis Cardinals formerly were owned by Mrs. Harry E. Hearsh.

The will requested that Mrs. Dunn retain Tris Speaker as manager of the team and that E. S. Bernard be elected president of the club. Mrs. Dunn, when asked if these requests would be carried out, told the Associated Press that she was "not at liberty now to make any statement."

Explaining that she had been unable to give the will consideration thus far because of her grief, Mrs. Dunn's death and because of the many affairs needing her attention now.

She will request the widow to consult with Speaker, Walter M. McNichols and Bernard if she decided to dispose of the club. It was signed May 16, 1922.

MURPHY PLANS TO USE 8 CARBURETORS IN FUTURE RACES

By Associated Press

CHICAGO, June 21.—Jim Murphy, California speed demon, plans an innovation in automobile racing, he revealed here yesterday. He intends to use eight carburetors, one for each cylinder of his specially built motor.

During his pause here enroute from Uniontown, Pa., to Tacoma, Wash., he also let it be known that in the recent Indianapolis speedway race he drove the entire 500 miles without a general stop.

In the Hoosier classic Murphy said he decided to use two batteries direct after he had generated trouble, but found he needed only one battery for the winning race.

Murphy said he has been using four carburetors and found the idea worked perfectly, so he decided to extend it to all his cylinders.

GALLOWAY FINED \$50 AND DRAWS SUSPENSION

By Associated Press

DALLAS, June 21.—Jim Galloway, manager of the local baseball club, was fined \$50 and indefinitely suspended by President Don Roberts last night for his argument with umpire Weir in yesterday's game with San Antonio. Galloway was dissatisfied with the decision of Weir in the sixth inning when he was called out at the plate.

Galloway's suspension will handicap the local club who start on a long road trip tomorrow.

SHOOT THREE MEN EN ROUTE TO WORK IN A COAL MINE

CARBONDALE, ILL., June 21.—Three men of a party of 10 said to have been en route to work in the strip mine of the Southern Illinois Coal company were wounded when fired on from ambush six miles east of here this afternoon. The trio was brought to a local hospital where it was said one probably would not recover.

LARGE CROWD ASSEMBLES FEW MILES FROM MINE

HERRIN, ILL., June 21.—Following publication today of a communication from John L. Lewis, president of the United Mine Workers of America, that men working at the Southern Illinois Coal company's strip mine, near here, should be viewed as "common strike-breakers," a crowd estimated at 200 persons assembled on the Herrin-Johnson City hard road, several miles from the mine, shortly before noon. The crowd displayed no firearms and apparently was in a jovial mood. The gathering had a "picnic" aspect, and was being continuously augmented. A party of men came into Herrin this afternoon and purchased firearms from several hardware stores and disappeared.

FAIRVIEW SCHOOL DISTRICT TO VOTE ON \$20,000 BONDS

A petition bearing 25 names was filed Wednesday by property owners in the Fairview school district asking that an election be ordered for July 14. The question to be determined is whether a bond issue of \$20,000 to be made in order to erect a seven room school building in this district. The original intention of the school trustees of this district was to utilize the balance of \$33,000 in the treasury in the erection of the building but after further deliberations it was determined that a bond issue would be more suitable. The bonds which are to be voted on are ten-year serial bonds with the option of retiring all of them within five years.

SWISHER CO. MAN MAKES BOND AFTER SHOOTING AT KRESS

AMARILLO, June 21.—J. B. Slade of Kress, Swisher county, gave bond in the sum of \$1,000 on a charge of assault with intent to murder following a preliminary hearing at Kress this morning. Slade is alleged to have fired a charge of buckshot from a shotgun into the left shoulder and arm of W. W. Cobb, a Kress merchant, this morning about 7:30 o'clock. Cobb was not seriously injured. Both men have families.

WHITE MAN OF 50 ATTEMPTS ASSAULT ON A LITTLE GIRL

WACO, TEXAS, June 21.—The case of a four year old child attracted a passing neighbor to a house in the outskirts of this city this morning, and upon entering the woman found the little girl had been the victim of a white man of 50, who had attempted criminal assault. Officers are scouring the city for the man, who is believed was a camper on a vacant lot nearby. The child was not badly injured.

TAXING OF NOTES MAY BRING COURT INTO LEGAL FIGHT

OPPOSITION FOLLOWS RESCINDING OF COURT'S RECENT ORDER

"ALL ARE NON-TAXABLE IF SOME ARE NOT," PLEA

Supporters of Theory That Notes Are Taxable State Law Is Very Clear

Following the action of the commissioners court last Monday when the order that all vendor lien notes should be taxed, was rescinded, much opposition to the action has sprung up and as a result the issue may find its way into the district court for final decision.

The commissioners' court in rescinding the former order did so on the theory that it would be double taxation to tax the notes which were already taxed under the former order.

Those who support the contention that all vendor lien notes should be taxed state that the Texas law is very clear on the issue and specifically states that vendor lien notes should be taxed and the method of the property against which the note is held should be permitted to deduct that amount from his rendition.

It was learned Wednesday afternoon that a certain wealthy citizen definitely stated that he was going to take the matter into court.

His contention is that if some of the notes are not to be taxed that some of them should. He took no issue on the question of taxing notes, pro or con, but maintained that it was an injustice to tax a few and permit others to be exempt.

He stated that he was assessed for over \$100,000 worth of notes, but that they were not taken off when he appeared before the board.

According to the tax assessor's office the action of the county commissioners in rescinding the order of taxing notes cut off over two million dollars from the total assessments.

COMMITTEES BUSY COMPLETING PLANS FOR SHRINE CIRCUS

The following Shrine contest announcement has been received: The Masked Shrine circus contest for the most popular lady is creating quite a great deal of comment and as this contest does not get fully under way until June 22, there is plenty of opportunity for the ladies to enter and be voted the most popular in this section and also appointed Queen Wichita of the Circus. Send in your name to the Recorder of Masked Temple and enter in this contest and if you are successful, which you can be, you will receive a beautiful five passenger phaeton type car. There are two diamond rings valued at \$300 each, now on exhibition at Kruger's jewelry store, in addition to the car that will be awarded to the next popular young ladies. Further and detailed information can be secured at the recorder's office, Masked Temple, located in the Masonic Temple, telephone 2824.

The standing of the ladies already in this contest is as follows: Mrs. Gertrude Green, 13,400; Miss Volena Graves, 13,400; Miss Anna Mae Cato, 12,900; Mrs. Dennis Drell, 11,500; Miss Gertrude Doolittle, 11,500; Miss Eugenia Lane, 11,500; Miss Lois Fitzgerald, 11,000; Miss Maude Murphy, 11,000; Miss Bobby Harrison, 10,500; Miss Mildred Day, 10,000; Miss Louise Fries, 10,000; Miss Gertrude Hines, 10,000; Mrs. Mae Bennett, 9,500; Mrs. Thelma Cain, 7,000.

Reports from the various committees of the Shrine circus were heard at a committee meeting recently, Captain Horace Robinson of the Patrol who also just returned from the Imperial Council meeting at San Francisco gave an outline of what the Patrol was expected to do and were going to do in the circus. Albert Ellis then spoke on the publicity and advertising campaign now going on in reference to the circus and reported that this circus was receiving full publicity. Ads and reading notices are being carried on in all the newspapers in this vicinity and the bill posting is being done in all the surrounding country on a larger scale than ever attempted by any other circus.

R. E. Shepherd, who is to be in charge of the entertainers in the circus, reported that he had gathered his committee together and had an array of talent that had never been equalled, as far as ability was concerned, by any circus that has hit the road. Martin Rowe, in charge of concessions reported that he was lining his bunch up and they are all enthusiastic and determined to put the circus over. Lieutenant Charlie Nolan and Sid Gaines gave interesting talks on the various good things that are being accomplished. Otto Stehlik gave a report on the automobiles, saying they were all lined up in good shape. Dan Daniels, who is to have charge of the parade, reported that he is working out details of the parade and the marching of which would start this section of the country. C. O. Fritz, recorder of Masked Temple then gave a wonderful, stirring talk on the preparations for the successful carrying out of the circus, this being followed by a discussion of minute details by Robert Morton, general show and production manager. Everybody left the banquet room fully enthused in making the Masked Shrine circus from July 1 to July 8, stay in the red letter week of Wichita Falls.

Editor Describes Klan's Recent Visit To Archer Churches

The Ku Klux Klan visited Archer City last Thursday night, and Editor Charles Martin of the Archer County News wrote in his paper about their visit as follows:

"On Thursday night the Wichita Falls Ku Klux Klan, supposedly, thirty-odd strong, invaded Archer City and passed on parade down our habited main street in full view of the street loungers and from where they went to church. "The kluz on parade looked just about as spooky and unearthly as a bunch of ghosts, but they were not unearthly because some of them wore Ford cars, and some wore Fords do not harmonize. Some of the cars also were of the Cadillac-Marmont type which vehicles of nights are more often used for spiritual purposes. As to just what these kluzers looked like on their first visit in such numbers, well, they looked diversified. They were all attired in white robes and hoods or masks. Some of them showed to be fat and beefy like unto bloated bondholders; others were tall and lanky; others short and fat, while some looked right cute and part like possibly they could have been kluzettes. But as they did not stop for a cream-soda, or to look in a mirror, we are doubting all knights of the kluz.

"They created some interesting, considerable interest. The street loungers followed them to the church something like the rats followed the famous old piper of Hamelin, but when the kluzmen started to leave the church the said loungers beat 'em to it and got away in the lead just like the devil was after them. They each seemed intent on not letting the kluz even suspicion they were trying to stop or molest them.

"The kluzes going on. The kluzmen, divided about 16 on each side, marched past the church and on each side of the lawn seats back of the church, where services were being held, and back up the aisle between the rows of seats to the preacher's platform. They said not a word, but handed out two letters, each containing \$25, and left. The two letters follow:

"Wichita Falls, Texas, June 15, 1922.—Rev. Smith, Archer City, Texas. Dear sir and brother: It is with a great deal of pleasure that we have listened to your sound arguments for the Christian religion and for a law-abiding citizenship that believe in:

"The protection of our pure womanhood.

"The closer relationship of our pure Americanism.

"The limitation of foreign immigration.

"The upholding of the constitution of these United States.

"The prevention of the causes of mob violence.

"The prevention of fires and destruction of property by the lawless.

"The sovereignty of our state rights.

"The separation of church and state.

"The freedom of speech and press.

"The placing of the Bible in our public schools as the basis of our education.

"As a token of esteem and love for you, and appreciation of the good work you are doing in our community, we herewith hand you \$25 dollars, and pray God's richest blessings upon you.

"Faithfully yours, in the Sacred Unfailing Bond, Wichita Falls Klan No. 193.

"Rev. Ayers, Archer City, Texas. Dear sir and brother: As a small token of our appreciation of the good work you have done in our midst in bringing about the noble principles for which our forefath-

FAITH LODGE HAS ANNUAL ELECTION, P. B. CURD, MASTER

With a good attendance and amid a spirit of enthusiasm, which has dominated Faith lodge No. 1188 A. F. & M. since its organization, officers for the ensuing year were elected at the regular stated meeting held Tuesday evening in the lodge rooms.

P. B. Curd was named worshipful master; Sid Gaines, senior warden; Thomas E. Winn, junior warden; R. E. Shepherd, treasurer; Albert Ellis, secretary and E. L. McCullum, tyler. The appointive officers will be selected by the officers before Saturday.

Saturday night at 8 o'clock in-statement service will be held in the lodge rooms.

MRS. J. A. EDMONSON DIES AT HER HOME IN VERNON

VERNON, TEXAS, June 21.—Mrs. J. A. Edmonson, 52 years old and for several years a resident of Vernon, died Sunday at her home here after an illness lasting two weeks. She had been confined to her bed for six months. Beside her husband she is survived by six children. A son, Frank, is a candidate for sheriff of this county.

Funeral services were held Monday with Rev. C. A. Waterfield, Methodist minister, officiating. Burial was in East View.

SHE'S JUST LIKE A PERSON MADE NEW, SHE SAYS

"Tanlac Has Restored My Health so Wonderfully I Simply Can't Say Enough for It," Declares St. Louis Resident.

"Tanlac has meant so much to me that I just can't say enough in its praise," said Mrs. O. Dedler, residing at 2133 Gravois street, St. Louis, Mo.

"Before I took this medicine my ailments had become so numerous and distressing that I hardly had any ease or comfort. I suffered from sour stomach, gas and indigestion nearly all the time, and my head ached fearfully. I had such severe pains in the small of my back that I could hardly get up or down. Dark spots would come before my eyes and I would get so dizzy it was all I could do to stand on my feet. Sleep was almost impossible for me.

"After seeing my husband improve so much by taking Tanlac I began taking it, too, and my troubles are not only gone, but I have actually gained 10 pounds in less than a month's time. I am just like a person made new and of course I think the world and all of Tanlac."

Tanlac is sold by all good druggists.

EYE TALKS

BY FRED GOSS

WE WILL ADVISE YOU!

DO I NEED GLASSES?

OUR SERVICE

Is only that of supplying glasses, but of thoroughly and in a scientific manner, examining the eyes to determine whether or not glasses are really needed.

If so, we supply them with the latest scientific method, the most expensive possible with the least expenditure of energy-effort.

If your eyes strain you say pain or annoyance, it is better that you come here and let an experienced optometrist make a correct verdict. You will not be advised to buy glasses unless you need them.

We fit glasses that satisfy.
