ABANDONED PLAN TO STRIKE

FOUR YOUNG GIRLS DROWN IN BRAZOS RIVER AT GRAHAM

Special to The Times. GRAHAM, TEXAS, July 5.—Gladys and Heba Mae Davis, 21 and 18, together with Letitia and Ruth, 20 and 18, all of this city were drowned Tuesday afternoon while out with a swimming party on Brazos river, five miles south of Graham.

REMAINDER OF THE IRISH 'INSURGENTS' HAVE SURRENDERED

DUBLIN, July 5.—(5:30 p. m.)—The remainder of the Irish irregulars in the Sackville street area surrendered to the national army forces at 8 o'clock this evening; the press association says it has learned. Cathal Brugha (Charles Burgess), one of the chief insurgent leaders, was taken prisoner.

FIRE DOES EXTENSIVE DAMAGE TO BUILDINGS

Ten Structures in Territory Occupied by Rebels Reported in Flames

DUBLIN, July 5.—(3 p. m.)—Ten buildings in Sackville street, the republican insurgent stronghold, were ablaze at this hour. The irregulars were still holding out in the Granville hotel and were firing from the windows, surrounded by an intense fire. Five men, the last occupants of the Granville hotel, have surrendered. The rest of the battle is believed to be near.

Fourth Casualties

One Killed, One Injured. CHATTANOOGA, TENN., July 5.—Hazel Lewis, 11 years old, was slain by a bullet fired from a machine gun during a race at a local park.

NEGRO IS KILLED WHEN HE ATTACKS DALLAS CONDUCTOR

DALLAS, July 5.—John H. Foster, negro, is dead, and W. L. Page, 35, street car conductor, probably fatally wounded as a result of Foster's alleged attempted violation of the "Jim Crow" law here late last night. The negro, according to police records, was shot by Page's car at a downtown intersection.

NEGRO OWNER OF A Booze Laden Vessel Has Been Arrested

WASHINGTON, July 5.—More than 500 negro excursionists were taken into a near state of panic last night when police and revenue officers seized the Madison Hall, a 400 foot steamer plying between Washington and a Potomac river resort, after discovery of what was said to be a large quantity of liquor aboard. Ottaway Holmes, negro owner of the steamer, which was valued at \$100,000, was arrested on a charge of illegal possession and selling of liquor.

CREAGER IS ALLOWED \$10,000 A YEAR AS FEE

HOUSTON, July 5.—Federal Judge Hutchinson, in an order filed today, allowed \$10,000 compensation a year to R. B. Creager of Brownsville, receiver of the properties of the late Stewart Farm Mortgage company and other, including a large irrigation system in the Rio Grande valley.

NEGRO SLAYER OF BEAUMONT WOMAN HAS BEEN CAPTURED

BEAUMONT, July 5.—The negro slayer of Mrs. Harry Goldstein, wife of a Paris street grocer, who was shot to death in her husband's store last Saturday night, was captured at noon Tuesday by Detective Duck Smith of the police department, according to an announcement made today by Sheriff Garner. The negro was positively identified by Ethel, the 12 year old daughter of the slain woman and the only witness to the murder. He was immediately spirited out of the city for fear of mob violence.

PRESIDENT VISITS "THE OLD HOME TOWN"

Faded Letter the Final Chapter in Old Texas Murder

AUSTIN, July 5.—The appearance in Atlanta, Ga., yesterday of a letter supposed to be the confession for a crime of which A. G. George was convicted 25 years ago brings to a close a despatch but futile campaign by George to have the state of Texas right the wrong he claimed had been done him.

SEVEN BANDITS ROB MESSENGER OF BANK \$28,000 IS SECURED

ST. LOUIS, July 5.—Bandits who boarded a Tower Grove street car, disarmed a Policeman Oscar Kuntz, who was believed to be carrying a messenger of the Tower Grove bank, and escaped with a satchel containing \$28,000 in money, were captured today by seven armed bandits in the crowd.

RAILROAD MAN AT AMARILLO SUICIDES FOLLOWING ARREST

AMARILLO, July 5.—J. D. Montgomery, 39, secretary-treasurer of the local lodge of the United Brotherhood of Maintenance of Way and Railway Shop Laborers, shot himself through the head here today following his arrest on a charge of embezzlement of union funds. He died within a few minutes.

NEGRO OWNER OF A Booze Laden Vessel Has Been Arrested

WASHINGTON, July 5.—More than 500 negro excursionists were taken into a near state of panic last night when police and revenue officers seized the Madison Hall, a 400 foot steamer plying between Washington and a Potomac river resort, after discovery of what was said to be a large quantity of liquor aboard.

SENATOR LENROOT OF PROGRESSIVES WARNS MAJORITY

DECLARES HIGH DUTIES IN TARIFF BILL MUST COME DOWN

RESERVES THE RIGHT TO VOTE AGAINST MEASURE

Senator Johnson Delivers a Fiery Reply to Lenroot Criticism

WASHINGTON, July 5.—Majority leaders in charge of the administration tariff bill were warned today in the senate by Senator Lenroot, republican, Wisconsin, leader of the progressive group, that unless some of the high duties proposed in the tariff bill were brought down to within reason he would reserve the right to vote against the measure.

Senator Johnson said he was in favor of protection; but added that he had no sympathy with the system that seems to prevail here that if the interests of a person in a senator's state demand exorbitant duties that senator can go ask for and receive those duties and then because of the interrelationship of duties throughout the bill that senator will vote for every increase that is proposed.

Senator Johnson in a fiery reply to the Wisconsin senator declared he was casting his vote as to whether the almost growers who were selling at a loss and candy manufacturers who were making 250 per cent profits and fighting the rate on almonds.

Senator Johnson said he was in favor of protection; but added that he had no sympathy with the system that seems to prevail here that if the interests of a person in a senator's state demand exorbitant duties that senator can go ask for and receive those duties and then because of the interrelationship of duties throughout the bill that senator will vote for every increase that is proposed.

MAINTENANCE MEN WILL STAY ON THEIR JOBS UNDER PROTEST; SHOPMEN PLAYING 'LONE HAND'

By Associated Press. CHICAGO, July 4.—Railway shopmen who walked off their jobs last Saturday played a lone hand in the rail strike today. Fears that other unions would join the striking shopmen were virtually dispelled.

The first wide rift in railroad strike clouds were waiting today when maintenance of way employes who include track workers and other common laborer definitely abandoned the idea of a walkout.

Credit for averting a rail strike which threatened to become general among all classes of railway labor except the "big four" Brotherhood of Railway and Shipbuilding, American Railway Union and telegraphers was generally conceded to Ben W. Hooper, chairman of the United States railroad labor board.

Maintenance men will stay on the job "under protest" against the \$200,000 cut in their wages pending negotiations for a readjustment of the scales upon an agreed by the employes.

With their common labor problem out of the way, railroads throughout the country were waiting today for the first definite disclosure for the effect of the shopmen's strike. Over Sunday and yesterday's holiday the railway employes department was unable to determine how many employes had actually responded to Saturday's strike order.

Officials of the shop crafts said their strike was virtually 100 per cent effective and encouraging from their viewpoint. B. M. Jewell, head of the railway employes department of the American Federation of Labor, and nominal head of the shop crafts, who yesterday retailed to the strikers the message of the maintenance men, is believed to be calling only on individual roads.

The railroads also waited today for the effect of the message of the maintenance men, who are on the strike situation on the Pacific coast. Officials of the Southern Pacific said more than one-third of the shopmen remained at their posts and that others who had gone out were returning. Some new men were hired. Union officials reported that 98 per cent of the shopmen were out.

Reports of violence or disorders in connection with the strike were few and scattered. At McCollin, roadmaster of the Kansas City Southern at DeQuincy, La., reported that he had been attacked and beaten by a mob of strikers Sunday. Authorities expressed the belief that McCollin's assailants were strike sympathizers and not strikers.

Freight handlers, clerks and stationery firemen and others joined the deserting ranks of shopmen at DeQuincy. The city of Fort Worth is expected to be a hot spot.

By Associated Press. CHICAGO, July 5.—Striking railroad shopmen who walked out in anger to the nation-wide rail road strike yesterday were today playing a lone hand in the maintenance men's strike.

Details of the marriage celebration which will compete in interest with the regular vaudeville program of the evening, have been kept "dark" in the exception of the fact that Rev. J. H. Groves, pastor of the Floral Heights Methodist church, will perform the ceremony.

Many handsome gifts for their new home have been arranged for the young people by the Shriners in charge of that event, and have been donated by local merchants.

MARRIAGE WILL FEATURE CIRCUS WEDNESDAY NITE

A feature of the Shrine circus attraction Wednesday evening will be the marriage of a young couple. The ceremony will be performed by Rev. J. H. Groves, pastor of the Floral Heights Methodist church, which will compete in interest with the regular vaudeville program of the evening, have been kept "dark" in the exception of the fact that Rev. J. H. Groves, pastor of the Floral Heights Methodist church, will perform the ceremony.

Many handsome gifts for their new home have been arranged for the young people by the Shriners in charge of that event, and have been donated by local merchants.

WAGE REDUCTION POLICY IS WRONG SAYS AUTO HEAD

CHAIRMAN ASSOCIATED MOTOR INDUSTRIES DISCUSSES PROBLEM

BUILDING UP AND NOT TEARING DOWN, HE SAYS

Declares Talk of Wage Reduction is Entirely Out of Harmony

CHICAGO, July 5.—Assertion that a wage reduction policy is wrong in every way and unnecessary was made today by Will I. Ober, chairman of the board of Associated Motor Industries, an automobile merger formation of which was announced last week. Mr. Ober's headquarters are in Dayton, Ohio. Outlining his wage policy, Mr. Ober said:

"Everybody should join now in harmonious work for production and prosperity for all. Talk of wage reduction is entirely out of harmony. Where is prosperity if there is wage reduction? We are building up now and not tearing down.

"We believe that wage workers should have the opportunity to earn more wages instead of less. Talk of cutting down wages of working men and women is the most harmful talk that could be indulged in now.

"What this country and the world wants is harmony, mutual good will, confidence and greater production. Wage reduction can only produce discontent, pessimism and limited production.

"The answer to the needs of the country is not wage reduction but more efficient methods of manufacturing. Put the factories on a thoroughly efficient basis and you won't have to cut wages. On the contrary, the workers can earn more and more products will result. Reduction of costs should not be brought about by reduction of wages.

"One reason that has enabled me to take this point of view and see the real economy of enabling the worker to make all the money he is capable of is that I have never felt myself any different from or better than the men at the benches. I may be able to tell him what to make and how to make it, but he knows how to make a lot of things better than I do.

"We are going to have prosperity, in fact it is here now. Do not let us spoil everything by wage reduction talk. We don't want more wages for the workers. We want more wages and we want to make the opportunity greater for them to earn more."

PRISON BOOTLEGGERS IS PLACED IN CONFINEMENT

OSWINGO, N. Y., July 5.—John Sharkeyorn has gone down to defeat in his latest battle with Sing Sing prison officials and the inmate's contraband bootlegging is locked up in solitary confinement.

When his fellow prisoners are mourning the loss of their "potato hooch" maker, Bernard Conway, prison guards are searching for his apparatus. So far they have been unable to locate it.

Although some fermenting prune juice was found a short time ago, the last real attempt to run a distillery in Sing Sing was in 1927 when a complete still and enough hard liquor were discovered in a tunnel leading from the prison to the stone quarry.

Warden Lavers declares he will go the limit to make his guests obey the dry laws.

AGREEMENT REACHED ON COTTON SEED OIL RATES

By Associated Press. CAIRO, Egypt, July 5.—An agreement has been reached between the Egyptian shipping companies and shippers whereby seed oil will be carried to the United States at 25 shillings a ton and to the United Kingdom at 25 shillings.

The agreement reached in Cairo increases the freight on Egyptian cotton seed oil to the United States by 10 shillings a ton. Last year's rate of 25 shillings has been continued since May of this year because of failure to arrive at an agreement.

BEGIN WORK AT WACO ON LOCOMOTIVE SHOPS

WACO, TEXAS, July 5.—Work began this morning on the locomotive shops of the Katy railroad at Bellmead near here. J. E. Hutt having the contract for excavations and concrete. The building is to be 475 by 123 feet of concrete and steel. It is for the building and repair of locomotives and building and equipment is to cost \$1,500,000.

Picture Provokes Lively Discussion French Chamber

PARIS, July 4.—A photograph in which Premier Poincare and Myron T. Herrick, the American ambassador, appear to be smiling while passing through the Verdun cemetery provoked a lively incident in the chamber of deputies today.

Deputy Valliant Courturier, communist, called attention to the picture, interrupting the speaker to do so, saying: "I do not smile in the presence of the dead."

The premier jumped to his feet and demanded that the deputy explain himself. M. Courturier then endeavored to extend the discussion to the question of responsibility for the war, but M. Poincare insisted on having his say about the picture, explaining that it was taken when the sun was shining brightly in his eyes and those of Ambassador Herrick.

He declared it was an honorable act to use this picture as propaganda. He then announced himself ready to accept debate on responsibility for the war.

Immediately the communist deputy pleaded lack of documents for such debate and asked for a postponement. The premier assured the chamber an opportunity would be given to thrash out the question thoroughly before the present session closed.

LOSES 81 POUNDS IN ACROSS COUNTRY HIKE

LOS ANGELES, July 5.—When Frank Most of Danville, Ill., left that city for Los Angeles he weighed 167 pounds.

When he reached Los Angeles he weighed 86 pounds.

He walked all the way. He declared he is the only man to walk across the Mohave desert without carrying a supply of water.

He says a cross country hike beats Turkish baths and dieting as a weight reducer.

He had hoped to lose only 75 pounds when he started on the trip, but then there was the Mohave desert to cross.

He intends to start back to Danville immediately by train.

FRENCH AMBASSADOR TO GERMANY IS ANNOUNCED

By Associated Press. PARIS, July 5.—Reports that Maurice Herbet had been named French ambassador to Germany to succeed Charles Laurent were refuted in this morning's newspapers but there was no official confirmation of the appointment.

Foreign office officials declared the new ambassador had not yet been definitely selected.

M. Laurent, some time ago asked to be relieved, Mr. Herbet, who for some years has served as chief of the foreign office, has several times been mentioned for the post.

MAN DROWNED IN AN EFFORT TO SAVE SAN ANGELO GIRL

SAN ANGELO, TEXAS, July 5.—Guy L. Stanford, 35, was drowned in North Concho river near here late yesterday after he had unsuccessfully attempted to save Jewell Hall, 19 year old daughter of Sidney Hall, local business man, after she had jumped into deep water while wading in the stream.

Neither of the bodies had been recovered today. Stanford, although in ill health, had reached the drowning girl when both sank in the swollen stream. He is survived by his widow, three daughters and a son.

OKLAHOMA NEGRO AND HIS WIFE SURRENDER SAFE IN STATE PRISON

MUSKOGEE, OKLA., July 5.—John Welch and his wife, negroes, alleged slayer of Homer Teaff, deputy sheriff, are lodged safely in the state penitentiary at McAlester this morning. They surrendered at Muskogee last night to a farmer living near Brushy mountain, the scene of the crime, committed over a week ago.

They were taken by officers directly to the penitentiary, and were not brought to Muskogee. It is said they will be confined in the state prison until the date of their trial.

The negroes when taken in custody were almost exhausted from their week of scouting. They said that several times poisons which sought them were within a few yards of the bushes in which they hid and that they had heard threats to take their lives on several occasions.

The negroes surrendered to a farmer and waited at his home while officers came to take them to McAlester. They said they had tried several times to surrender to the officers but that they feared the possemen would shoot them and had therefore not left their possession.

Teaff was killed when he attempted to place Welch under arrest on a warrant charging larceny.

RAILROADS OF GERMANY ARE BEING EQUIPPED

By Associated Press. BERNE, SWITZERLAND, July 5.—The 15,000 freight cars and 4000 locomotives delivered to France by Germany since the armistice already have been replaced by new material, according to a Swiss delegate who has just returned from Berlin where he attended a technical conference of railway men.

So extraordinary has been the progress in the construction of rolling stock in Germany, this expert declares, that by August 1 the German railways will be as well equipped as they were at the outbreak of the war, so far as the quantity of rolling stock is concerned, while the quality will be superior.

POLITICAL FUTURE OF HENRY FORD HAS LEADERS GUESSING

SCOUTS OF BOTH PARTIES WANT TO KNOW WHAT HIS INTENTIONS ARE

QUESTION OF HIS PARTY AFFILIATION COMES IN

Strategists Would Like to Find Out If He is Democratic or Republican

By MARK SULLIVAN National Political Correspondent of the New York Evening Post and Wichita Daily Times. (Copyright, 1922 by the New York Evening Post, Inc.)

WASHINGTON, July 5.—The political intentions of Henry Ford are a subject of increasingly serious speculation. It is a field of speculation. Nothing definite is known. The most acute political scouts, inspired by political inquisitiveness, try to find out what Mr. Ford is going to do. They come back with nothing tangible, but with a variety of surmises which include some disturbing rumors.

One of the rumors is that he is not a democrat but as a republican. That Mr. Ford will figure in the presidential situation. This guess is accompanied by intimations that Mr. Ford is really a republican. Just what party Mr. Ford voted within the presidential elections of the past 15 or 20 years is a subject about which many political strategists would like to have information.

Whether Mr. Ford personally regards himself as a republican or not, the intimation is made that his wife and his son regard themselves as republicans and deplore the idea of Mr. Ford having anything to do with the democratic party.

Possible Not Probable. Henry Ford as a possibility for the republican nomination for president would seem far-fetched. Indeed, and yet it is not improbable that the republicans who gave the senatorial nomination to Frasier in North Dakota last week and the republicans who gave the senatorial nomination to Brookhart in Iowa last month would be equally willing and likely to nominate him.

The assumption that Mr. Ford would get the republican nomination for the presidency is so improbable that it is difficult for experienced politicians to take it seriously. The assumption that Harding, as a republican president serving his first term, will be re-nominated, is so completely borne out by precedent and by all ordinary calculations that it is true that Mr. Harding has less lust for power and less of anything like greed for the office than most men who come to the presidency.

That Mr. Ford should figure in the democratic situation is more reasonable. Until operations of the direct primary, and with the present lack of leadership and organization in the party, it is possible for almost anybody to raid it and carry away the prize of the presidential nomination.

Further than this, Mr. Ford has held out the idea that he is willing to make cheaper fertilizers for the farmer than anybody else. Finally, Mr. Ford has given out the notion that he can provide the country with a kind of fiat money, a notion likely to be extremely attractive. We should run into a severe business depression during the next two years. The long and short of it is that if Mr. Ford really makes the presidential situation ahead of us he can readily do it.

About all he himself has said so far is that he will spend no money. That amounts to little. The amount of publicity, and his position in the world, is such that he does not need to spend any money, more over Mr. Ford is able to make his business ambitions and his political ambitions, if he has any, work for each other. It is observed that the circulars advertising Ford cars and Ford tractors, which find their way into the hands of nearly everybody in the country, include a full page portrait of Mr. Ford himself, a portrait taken in a mood of benevolence and giving an impression of studied simplicity which looks very much like a man who would like to make the country think agreeably of him.

PRESIDENT OF MEXICO WITHHOLDS APPROVAL OF AGREEMENT OF BANKERS. MEXICO CITY, July 5.—Approval of the agreement reached between the Minister de la Hacienda and the international bankers in New York concerning payment of Mexico's foreign debt is withheld by President Obregon until the minister returns from New York and congress gives its formal approval, according to an official statement.

Picture Reveals Body of Woman Hidden in Brush

LOS ANGELES, July 5.—Police today admitted their bewilderment over a photograph taken more than two months ago in Topanga canyon, 15 miles from here, which upon development Monday night revealed the body of a woman, partly concealed by brush.

E. W. Anderson, who took the picture, intending it to be merely that of two friends, declared none of the three had seen the body when the photograph was taken. Anderson delayed developing the film for two months. When development apparently showed the dead woman he hurried to the police. The latter made two visits to the spot without results except to learn the topography had been slightly changed by a landslide since the photograph was taken.

DEATH RESULTS WHEN PARACHUTE BELT BREAKS

JOPLIN, MO., July 5.—A broken parachute belt told the story today of the cause of the death of William Spain, a "stunt" flyer, who fell 2,000 feet when he leaped from a plane watched by 5,000 spectators at Seneca, 20 miles from here, late yesterday. "Nearly every bone in Spain's body was broken."

M. V. Smoot of Joplin was pilot of the plane. He said today that as nearly as he was able to observe the belt broke and the parachute failed to unfold from the metal container. Spain's body fell only a few hundred feet clear of the crowd.

There are nearly 12,000 tool-makers in Michigan.

RUSSIAN GRAIN CROP PROMISING THIS YEAR; INTERNAL LOAN MADE

MOSCOW, July 5.—The soviet government's first internal loan is a success, according to the Russian newspaper, the 10,000,000 pood bread loan having already been subscribed. Although exact figures in the provinces are lacking, it appears that the peasants have directly subscribed 4,000,000 poods, the workers 2,000,000 and state institutions 1,000,000.

Russia's 1922 grain crops, according to present estimates, will reach a minimum of 2,500,000,000 poods (53,000,000 tons), or 1,500,000,000 poods more than those of last year, Acting Premier Kamanoff told the correspondent today.

QUANAH CELEBRATES THE FOURTH WITH BARBECUE

QUANAH, TEXAS, July 5.—July Fourth was fittingly celebrated in Quanah by a free barbecue and picnic, which was attended by the largest crowd that has ever assembled at the local fair grounds.

Through the leadership of the chamber of commerce 30 beavers and a number of sheep were secured from local cattlemen, and the business men of Quanah furnished funds necessary to provide for a full day of entertainment and to supply bread, pickles, black coffee, cowboy goulash, free ice water and all the trimmings which delight the palate of the old time ranchman and farmer of west Texas.

Races and wild west performances with liberal premiums for contestants were among the events of the day.

Polar bears have been known to scent a ship seven miles distant.

The Deciding Factor

Your selection of a bank is naturally influenced by its reputation for safety and conservatism, by the standing which it enjoys in the community.

But when these requirements are met, the friendly helpfulness of its service becomes the deciding factor.

In the City National Bank of Commerce you find recognized safety and conservatism in policy and practice—and you find also that atmosphere of cordial welcome which makes your relationships with the bank most satisfactory.

News of Advantage to Every Young Man in Wichita Falls

Look for the YELLOW Diamond and talk to the dealer who shows it

CHARLES M. SCHWAB NEW YORK 30 BROADWAY. April 4, 1922. My dear Mr. Gillette: Your letter of March 30th received. I have used the new razor constantly ever since you sent it to me and it has given me the greatest satisfaction. It is infinitely better than the old one. The question of adjustment was always a troublesome one to me. Now I keep it screwed down tight and have not the slightest difficulty. I am well pleased with it and heartily congratulate you upon this invention. I hope I may have the pleasure of seeing you soon, to renew our old acquaintance. With kindest regards, I am Sincerely yours, C. M. Schwab

YOU will live to see America produce many a startling invention. None will mean more to you in your daily life as a man and a citizen than the New Improved Gillette. Look over the clean shaven young men of affairs. Typical of the kind of men the world is selecting to run its business. This type of men hail the New Improved Gillette as the greatest shaving advance of all times. For instance—read this letter from Charles M. Schwab.

Your dealer in the Yellow Diamond store will show you the New Improved Gillette. Compare it with the best old-type razor you know. At every point you will find it a 75% finer instrument for shaving. Some say even more.

Be sure to have your dealer show you the Fulcrum Shoulder Overhanging Cap Channelled Guard Micrometric Precision Automatic Adjustment

The New Improved Gillette SAFETY RAZOR. Patented January 13th 1920

ALATHREAN CLASS WILL PICNIC THURSDAY EVE.

The Alathrean class of the First Baptist Sunday school will picnic Thursday evening at the home of Mrs. J. C. Davis, 1219 North 10th street. The picnic will be held at 7:30 o'clock in cars. Every class member is invited, and each member is asked to bring a sandwich lunch for the supper.

SUNSHINE RESERVE GIRLS WILL PICNIC FRIDAY NIGHT

The members of the Sunshine Reserve corps of the Y. W. C. A. will have a swim and picnic supper Friday night, according to plans made at the meeting Monday afternoon. The Sunshiners reported on their membership contest, the Blues partying two new members and the Reds six. The corps also entered the general Girl Reserve contest for punctuality and perfect attendance, which two cash prizes are being offered for the corps treasury.

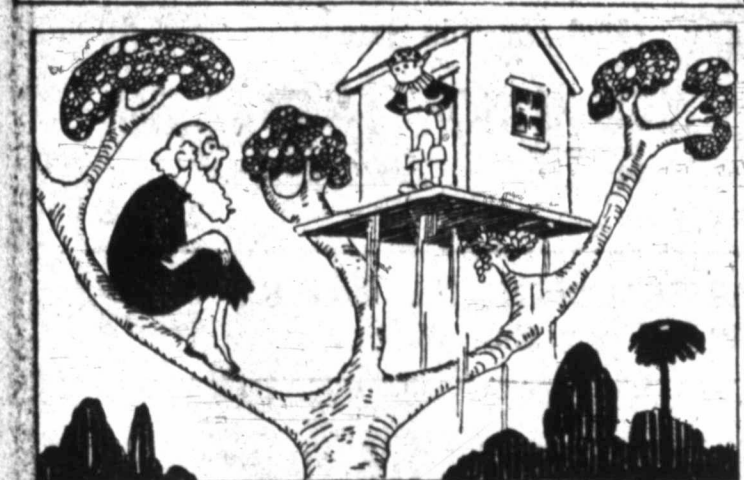

DOUBLE WEDDING LAST WEEK, HOMES IN ELECTRA

Sunday evening a double wedding took place in Rev. O. L. Powers' study at the First Baptist church when Miss Doris Marie Wiley, daughter of Mr. and Mrs. T. D. Robert L. Mathis, and Miss Era Joe Smith, daughter of Mr. and Mrs. W. W. Smith, became the brides of Mr. Charles S. Cook and Mr. Robert L. Mathis, respectively. The brides became the brides of Mr. Mathis and Mr. Cook are in business.

CHRISTIAN ENDEAVOURERS WILL PICNIC THURSDAY

The Christian Endeavor young people of the Central Presbyterian church will picnic at Scotland park Thursday evening, leaving the church at 6:30 in cars. All of the young people are invited to come and bring their friends and bring basket lunches. The picnic will be held at 7:00 o'clock.

ADVENTURES OF THE TWINS HERE'S WHAT HAPPENED TO THE MAN - IN - THE - MOON BY OLIVE ROBERTS BARTON

There was a funny looking house of old boards. Now, of course, my dears, you'll wonder where on earth Mr. Peers-out was after he got pushed off the Moon. Well, that's where he was—on earth. Not quite on it either, for after turning fifty-seven somersaults, the poor soul fell plump into the apple-tree in Old Orchard. But by the time Nancy and Nick had reached the earth and begun to search for him he had gone again. So to wonder the people of Bright Meadowland and Whispering Forest and Ripple Creek and even Old Orchard itself hadn't seen him. When the Moon-Man landed in the top branches of the apple-tree he was so shaken up and so breathless with his great fall he didn't move for a minute. Then he sat up and rubbed his eyes, and felt over his bald head for bumps and looked to see if his clothes were torn. Then he had time to look about and see what sort of place he had landed in. There in the tree top was a funny little house of old boards and in the doorway stood a queer little fellow with enormous top-boots and a spotted hanky on his head. "Howdy," said the little fellow, "where did you come from?"

TO BE BEAUTIFUL, BE 30; THAT'S WRITER'S ADVICE

By MARIAN HALE
"A woman's real beauty does not begin to show until she is 30." This is the opinion of Anzia Yezierska.
She has looked squarely at life through the eyes of a sweatshop worker, a factory hand, a dishwasher, a struggling journalist, and now with the complex vision and understanding of a successful writer.
"As women want to be beautiful themselves and to create beauty around them," she explains.
"When I came to this country from Russia, penniless, uneducated and friendless, I lived with the poorest workers—a worker myself, often without food and wretchedly clad. But there was never a time when I did not hunger more for beauty than for bread."
"But as I suffered and learned, I came to realize—that one couldn't get out and get beauty ready-made, that it was something you had to develop from within."
"Beautiful clothes, money, fine surroundings are all quite empty unless one develops an inner beauty. The beauty of youth is natural, but it is only a mask one wears while developing the soul."
"To be beautiful at 30 is purely accidental. To be so at 40 is character."
"A woman is beautiful only when she has suffered and lived and learned to think—when she has the courage to make her own decisions and be herself. Then she is an individual. Individuality is real."
"Then a woman has generated a force which shines through her eyes, and illuminates her face—something more dynamic, an electric than mere prettiness—something which lives and which attracts."
"To me the flapper is not beautiful. She lacks illusions and faith. She has the soul of a middle-aged woman. But when she casts aside her mask she becomes herself who knows what she may be."

ANZIA YEZIERSKA
Anzia Yezierska is a striking example of the type of beauty she says may be developed. In her latest book, "Salome of the Tenements," Madame Yezierska tells the story of a poor girl, driven by a passion for beauty. Her first book, "Hungry Hearts," which brought her fame, has just been made into a motion picture.

Junior College Will Keep Boys And Girls at Home This Winter, Some Plan Practical Housekeeping

Fewer boys and girls of the spring graduating class planning to leave Wichita Falls this September than ever before, according to a perusal of the graduating list and check-up on the plans of the young people for their college work. The check on the migration to other schools falls to the credit of the Junior College which will be opened here this fall. The college will keep the graduates at home another two years. Since the average age of the graduates is sixteen and a half, many of the parents are going to regret that the young folks will have another year or so at home.
A few of the girls who have planned to be in other schools next year are still undecided, but so far the following may not be here: Miss Helen Satter and Miss Gertrude Melot, who plan to enter Ward-Belmont in Nashville, Tenn.; Miss Virginia Miller, who may go to the College of Industrial Arts at Dordrecht.
Miss Jo Betsy Miller, who expects to study music in New York City with Ernest Hutcheson, and take a lit course at Columbia University.
Miss Anna Keefe, who plans to enter the Burdette at Sherman.
Miss Betty Hull, who may go to Southern Methodist University at Dallas.
Miss Luella Benson, now in New York City, who may stay there and study music with Mr. Hutcheson, but who expects to enter Southern Methodist University if she comes home.
Miss Lillian Randall and Miss Marie Johnson, both of whom plan to enter S. M. U. at Dallas.
There are persistent rumors that at least three very popular girls of this year's class will not go to any college, but will enter a practical course of household training in stead.

Whom Shall Molly Marry?

MOLLY, TORN BETWEEN STRENGTH AND SWEETS.
By ZOE BECKLEY

For a moment Molly stood too dazed to speak as the door banged behind Billy Barton. "I'm going to get you. If someone blocks the path, what should I do—meekly stand aside and surrender?"
"Would you feel flattered by that? Would you respect me? Don't you want a man who isn't afraid to use his strength? Or do you want—a Donald Manning? Do you want a man who can do things and build things? Or one who can draw pictures in the air or on paper? Do you want strength—or sweets? You've got to choose. You can't have everything. Come—answer!"
(To be continued.)

Y. W. C. A. Growing Popular With Men's Luncheon Clubs; Credit Association Dines Wednesday

The cuisine and service at the Y. W. C. A. is growing popular even with the men's clubs, following the big chamber of commerce annual dinner which the cafeteria director served to several hundred business guests in January. Many of the prominent men diners at that time spoke in terms of enthusiastic commendation of the Y. W. C. A. menu and service.
Tonight Mrs. Coyne, present director of the cafeteria, will serve dinner to the members of the Credit Association of Wholesalers and Jobbers. Last Tuesday the University club was served its last weekly luncheon at the Y. W. C. A. dining room for the summer. And it is rumored that one or two other men's luncheon clubs are arranging to have their weekly luncheons at the Y. W. C. A. club room at the Y. W. C. A., especially on account of the excellent luncheon menus served by the cafeteria.

Fashion Hints

Perfume bottles that come in pairs, with long stoppers and urn shapes, make very acceptable gifts. These are worn over light frocks, and are apt to be deep flame color, electric blue or beige.
Capes of crepe de chine and georgette crepe are seen in large numbers at the fashionable resorts. These are worn over light frocks, and are apt to be deep flame color, electric blue or beige.

MORTUARY

C. C. Odum, 44 years of age, died in the general hospital at 3:30 p. m. Tuesday. The body will be forwarded to Corsicans by Merkle and Lunn, undertakers, for burial. Mr. Odum is survived by a widow, Mrs. Verdie Odum of Angus, Texas, and a brother, F. M. Odum of Corsicana.

SELECTING A JURY IN THE EARL BEAVER CASE

HOUSTON, July 5.—Selection of a jury to try the case of Earl Beaver, charged with the murder of W. R. Sims, 60-year old Goose Creek farmer, in May. His body was found mutilated, weighted down, attached to pilings in the waters of Scott bay. Mrs. Laura Sims, widow of the dead man and sister of Beaver, also is charged with the murder.

GIRLS! LEMONS WHITEN THE SKIN

Squeeze the juice of two lemons into a bottle containing lye soap. Any drug store will supply for a few cents, shake well, and you have a quarter pint of lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands every day, then shortly after the beauty and whiteness of your skin. Famous stage beauties use this lemon lotion to bleach and bring back soft clear, rosy-white complexion, also as a frazzle, sunburn and tan bleach because it doesn't irritate. (adv.)

The One Standard Mosquito Remedy—Sweet Dreams

Sweet Dreams became the One Standard Mosquito Remedy the Morning the First Bottle Was Made.
Sweet Dreams lived up to a reputation that demands utmost attention. At the time ingredients were highest, and mosquitoes seemed to be hungriest, Sweet Dreams was made double strength. The cubic strength quality was found far more efficient—so it's double strength today.
There's one thing to remember: When a dealer offers something just as good, the man next door has Sweet Dreams in large, original, sprinkle-top bottles. When mosquitoes are troublesome, try the standard—Sweet Dreams. Hold by every drugist in every town. (adv.)

EXPERT SAYS FRUIT WILL BE PRINCIPAL IRRIGATED PRODUCT

UROGES THAT HORTICULTURAL SURVEY BE MADE OF WATER DISTRICT

DIRECTORS TO ASK FOR EXPERIMENT STATION

One Here Would Serve Districts to Be Created; Economic Survey Favored

Wichita Falls irrigated district is likely to become a great fruit growing section, and a horticultural survey of the land to be watered should be made, in the opinion of A. D. Jackson of College Station, who has returned home after spending several days here.

The establishment of an experiment station and the making of an economic survey are recommended by Prof. Jackson as the first steps in the development of the irrigated section. Mr. Jackson urged the district directors to at once start their campaign in the legislature to have an experiment station created in the district.

"Such a station could serve not only your local district but the many others that are certain to develop in west Texas if you are successful," Mr. Jackson said to the directors. "I believe that establishment of irrigation projects will proceed rapidly in Texas in the next few years and that irrigation will be developed in conjunction with schemes for control of flood waters.

An experiment station here could be used to serve irrigation projects that might develop on the Brazos or Trinity in later years and would not be necessarily a local undertaking alone."

In recommending an economic survey, Mr. Jackson pointed out that this could be made comparatively promptly, whereas a soil survey would take two or three years to complete. It was discovered while Mr. Jackson was here that a soil survey of Archer county was made in 1911 and the data obtained at that time can be used in determining the possibilities of that part of the district that is in Archer county.

The economic survey suggested by Mr. Jackson would include a study of such factors as transportation, marketing, credits and farm labor. For instance, the irrigated area is understood to be readily adaptable to the growing of sugar beets, but it is some thousands of miles from a sugar-beet refinery, and probably the raising of such a crop would not be profitable on account of shipping charges until a plant was established in Wichita Falls.

The economic survey would outline a sort of schedule of crops that could be profitably grown and marketed, and Mr. Jackson considers such a survey of more importance at this time than a soil survey would be.

The horticultural survey recommended by Mr. Jackson would determine what varieties of fruits can be successfully grown, what cultivation or fertilization is needed and such matters. Mr. Jackson told the district directors that it was his opinion that fruit growing would be the chief industry in the district and that preliminary work looking to this should be done promptly.

DECLARES EPILEPSY CAN BE CURED BY FASTING

LOS ANGELES, July 5.—Epilepsy may be cured by fasting, according to the theory advanced by Hugh Conklin, speaking before the twenty-sixth annual convention of the American Osteopathic association, now in session here.

Epilepsy, according to Dr. Conklin, is caused by the improper functioning of certain glands in the body. By fasting a patient for twenty-two days, permitting the patient to take only water, a cure may be effected, he said.

THREE ARRESTS MADE AT ELECTRA OVER THE FOURTH

Three arrests were made at Electra by members of the sheriff's department over the Fourth.

Oscar Lafferty and Louis Madden, the latter a juvenile, were arrested on charges of robbery. Officers who made the arrests assert that the two boys were caught as they were about to enter the Brown grocery store. It was stated that a Bill Jank, a white man, was arrested on charges of selling whiskey. All three were placed in the county jail Wednesday morning.

STANDING OF CONTESTANTS SHRINE POPULARITY RACE

The Shrine popularity contest is getting tighter and tighter every day, and the air is full of excitement as the last day draws near. The standing of the contestants now is as follows:

- Mrs. Gertrude Green 28,700
- Miss Eugenia Lane 24,542
- Miss Yolana Graves 24,750
- Miss Geraldine Dooley 27,500
- Miss Esther Lynn 22,500
- Miss Bill Stephens 22,100
- Mrs. Dennis Dobbie 22,000
- Miss Robye Harrison 10,370

Most of the icebergs that float in the Atlantic come from Greenland.

Images were introduced into various churches about 200 A. D.

RESERVATIONS FOR SECOND TRADE TRIP GETTING SCARCE

"Hurry if you want to go," was the word sent out Wednesday morning after a meeting of the trade trip committee.

Some space remains on the special train for the second trip which leaves next Monday afternoon, and the committee hopes to have all of it occupied before the train pulls out. The committee urges that all who expect to go send in their reservations and checks without delay. "This is in several ways the most important trip of the three," said B. J. Bean, general trade trip chairman. "It covers a territory where Wichita Falls business men ought to be much better acquainted than they are, and where there are opportunities that ought to be developed thoroughly. Every manufacturer, wholesaler and large retailer in Wichita Falls ought to be represented."

NEW REGULATIONS TO COVER STAMP TAXES

WASHINGTON, July 4.—New regulations covering stamp taxes on documents in conformity with the revenue act of 1911, were issued today by the treasury. The regulations cover all forms of document stamp taxes except on certificates of stock and sales of products for future delivery or which rules are to be promulgated shortly.

There are only 116 square miles of water surface in Arizona.

Eat Anything You Want

A man ought not to worry when he sits down to a meal because he fears the after-effects. He ought to be free to eat anything and everything that is good and wholesome. If the stomach is in an alkaline condition, the function of digestion is not apt to be hindered. Ware's Black Powder overcomes acidity of the stomach and leaves digestive juices free to do their work.

Ware's Black Powder Tablets

Rid You of That "Full" Feeling After Meals Formulated by Dr. James Ware, a well-known Southern physician, Ware's Black Powder (in convenient tablet form) helps digestion, overcomes dyspepsia, prevents gas on the stomach, bad taste in the mouth, and keeps the whole alimentary tract in good condition.

Ware's Black Powder has helped hundreds of thousands of people. It is splendid for all stomach and bowel disturbances. In use 40 years. Absolutely harmless. Keep a bottle in the house all the time; carry a package of the tablets with you when traveling. At all drug stores 50c and \$1.00.

By GEORGE MATTHEW ADAMS
PEACE
On awakening this morning, I glanced out of my window. The winding road, just beyond, flanked with trees and shrubbery, presented a lovely picture.

LIQUOR
Lord Leverhulme, England's ablest manufacturer, says that if his country went dry the savings in the credit bill would be enough in five years to pay England's entire indebtedness to America.

LEARN A WORD EVERY DAY.
Today's word is—Introspection.
It is pronounced in-tro-spek-shun with accent on the third syllable and the "o" short.

TYPHOID FEVER
By DR. R. H. BISHOP.
There always is a great deal of typhoid fever during the vacation season, because people on trips or out camping forget their accustomed health habits and eat food and drink water the sources of which may be unknown.

REGARDING MARTIAL LAW
There being no insurrection against the state government in Galveston, Mexico or Freestone county, the rule of martial law placed on them by executive proclamations, thereby overthrowing civil government therein, depriving the people in those districts of their constitutional rights and subjecting them to the powers of war, was, in my opinion, a distinct usurpation of power by the military forces of the state.

LETTERS EXCHANGED BETWEEN MINISTER AND HIS WIFE READ

GRAND RAPIDS, MICH., July 5.—Letters exchanged between Melvin M. Trotter, well known evangelist, and his wife, Mrs. Trotter, were read into the record in superior court today at the resumption of hearings on Mrs. Trotter's suit for separate maintenance. Trotter was placed on the stand during the reading to identify the correspondence. The letters, according to counsel for Mrs. Trotter, were presented to disprove Trotter's contention that his wife's charges of inconsistency resulted from a disordered mind. The correspondence showed that reconciliation effected in November, 1920, lasted until Mrs. Trotter appeared before the Grand Rapids separate maintenance board in April, 1921, and presented a statement of her husband and his secretary, Miss Florence Moody, had admitted to her that Trotter was remiss, for Miss Moody's delicate condition.

DENY REPORT THAT STRIKERS RUN MEN AWAY FROM SHOPS

CHICAGO, July 5.—Chicago and Alton officials today said they had no objection to the non-union men who had left the shops there peacefully, reports to Chicago said. The shops normally employ about 100 men. Only the officials and foremen are left on the job.

REPORT STRIKERS HAVE SEIZED RAILROAD SHOPS BY Associated Press. SLATER, July 5.—Striking shogmen here have seized the Chicago and Alton railroad shops, driven out non-union men brought in to work in the shops and are holding the shops this afternoon. Eighteen men were driven from the shops today. Yesterday 25 were driven out. Union officials said the non-union men were taken from the shops and that they left town voluntarily. Sheriff John Logsdon is on his way from Marshall, Mo., the county seat. Alton officials said that three guards employed by the railroad at the shops had been arrested by local authorities and placed in jail and that their property was without protection of any sort.

DOUBLE HEADER GAME AT GRAHAM ON FOURTH GRAHAM, TEXAS, July 5.—Graham celebrated the Fourth of July with a double header game between the Christian and Baptist Sunday school ball teams and Presbyterian and Methodist teams. The score in the first game was 12 runs in favor of the Christians. Score of the second game was 6 and 5 in favor of the Methodists. Graham is putting on a regular baseball series for the summer with organizations from the four denominational Sunday schools mentioned above.

RAILROAD SHOPS BURN LOSS MILLION DOLLARS DENVER, July 5.—As a climax to the series of 19 confagurations which broke out in Denver yesterday, fire in Denver and Salt Lake Moffat railroad shops at Utah Junction, a suburb of Denver, destroyed virtually the entire plant. It is believed the loss will exceed \$1,000,000. Exploding barrels of oil showed burning embers and flaming liquid over the shops. Officials declared the fire may have started from sparks from an engine. Bright Eyes. It makes the eyes bright and clear if you bathe them first in warm water containing a pinch of salt and then with clear, cool water. It is well always to filter water that is used in the eyes by pouring it through several thicknesses of cheese cloth. Judge W. N. Bonner is attending the Texas Bar association at Fort Worth for a few days. Stop That Itching There is a lot of skin trouble in Wichita Falls, Texas, and surrounding territory. It will sell you Sore's or Rich, Ezema, Ringworm, Fetter or Children. Will not stain and has a pleasant odor. Smith's Drug Store.—adv.

WHY BE WEAK AND PUNY? Are there hollows in your cheeks, neck and shoulders? Do you find it hard to perform your daily duties? Do you frequently feel all "dragged out"? Are you pale and "sickly looking"? If so, try Ironized Yeast, which has been found to mean the beginning of glorious daily health. Simply take two tablets with each meal. Then watch the results. Note the new vigor and change in energy. See how your cheeks acquire a new youthful glow. See how your figure fills out. You will be amazed at sudden improvement in your Ironized Yeast supplies your system with certain vital elements that perform your daily duties—the very elements needed to keep you strong, energetic and healthy. In addition, it embodies the new scientific process of ironization—the process which enables yeast to bring results just twice as quickly. Get Ironized Yeast from your druggist today or mail postpaid for Famous 3-Day Test. Address: Ironized Yeast Co., Dept. 38, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good drug stores such as Central drug store and Talace drug store. (adv.)

HAVE ABANDONED PLAN TO STRIKE

various points, although fully as many shops reported that men were returning to work today. The maintenance of way union, whose officers yesterday decided to delay their threatened strike, given the sympathy and congratulations of the striking railway shogmen by Mr. Jewell. He declared that the maintenance of way union action was not a surprise and added that "if they can find a way out of their difficulties they are to be congratulated." The decision of the track laborers does not weaken the position of the strikers in the least, Mr. Jewell said. "Each organization of the American Federation of Labor's railway department was an autonomous body and we don't want to drag anybody into a fight unless he wants to go." "The shogmen did not run away without doing everything they could think of," he said, "and the whole situation is the result of attempts by the financial interests to crush the union. I am wondering what those in control of organized capital in this country would think or say if the railroad labor board should order a railroad company which had refused to accept the board's decision to discontinue out of business and reorganize as another company which would be subservient to the dictates of the financial interests against organized labor." "You must know, Mr. Jewell," the chairman wrote, "that you do this board a grave injustice and yourself no credit when you characterize the board as unfriendly to your organizations and being implicated in a 'drive' of the financial interests against the employees."

NO BREAK IN RANKS OF STRIKERS AT DENISON DENISON, TEXAS, July 5.—Unless members of the six shop crafts on strike here today they will be declared vacant, all seniority rights forfeited and transportation cancelled. The order to that effect was given last Sunday. There was no break in the ranks of the strikers here this morning and leaders stated that no rift was caused as a result of the road's order. What course the road will follow after today is not known, as the office of the mechanical superintendent in charge of the department affected by the strike had no statement to make.

REPORT 1,500 WORKING COMPARED WITH LIST TOPEKA, KAN., July 5.—According to a statement by John Purcell, head of the Santa Fe railroad shops, 1,349 men were at work today as compared with 1,516 on Monday. "Fewer men have been employed," said Purcell, "but most of the increase was made up of men who for one reason or another did not show up for work Monday."

NO DEVELOPMENT IN SITUATION AT HOUSTON HOUSTON, July 5.—There were virtually no developments in the situation at Houston today. The Houston Pacific claimed a few workers obeyed the ultimatum to return today or lose their places. All roads reported trains running regularly. It was said they were hiring men to take strikers' places. Strike leaders were optimistic in their statements calling it a 95 per cent strike.

NONE OF EMPLOYEES AT DENISON ARE AT WORK DENISON, TEXAS, July 5.—None of the members of the six shop crafts on strike here returned to work today as a result of the notice of the road that their places would be declared vacant today, and the executive head of the strikers declared today all rights of seniority were lost. A few returned to work at Parsons, Kan., according to a report to H. P. McCoe, general manager. Officials of the road stated that none of the Denison strikers had returned to work. The shogmen further stated that 16 non-union men employed in the round house here quit. What the next move of the road will be could not be learned, the office of F. K. Tut, mechanical superintendent, and General Manager McCoe having no statement to what would be done to replace the striking shogmen.

TELEPHONE PICKETING NEW ANGLE TO STRIKE TOPEKA, KAN., July 5.—A new angle in strike picketing, "telephone picketing," has come to Governor Allen in several reports that shogmen who had gone out or members of their families had been called over the telephone and informed by argument, persuasion and with regret that the shogmen "unpleasant" was bound to happen if "scabbing" did not cease, the governor said today.

REPORT INTERFERENCE WITH U. S. MAILS WASHINGTON, July 5.—Interference with the movement of United States mails by striking railway workers in different parts of the country was reported today to the office of the superintendent of railway mail service. The reports came from Marshall, Texas; St. Louis, Mo.; Cheffle, Mo.; and Kansas City, Mo., and Quincy, Mo.

ARMED GUARDS ON DUTY AT RAILROAD BRIDGES ATLANTA, GA., July 5.—Armed

ANOTHER MOUNT EVEREST

guards are on duty at all bridges on the Nashville, Chattanooga and St. Louis railroad between Atlanta and Chattanooga. No overt act of the strikers occasioned the step, it was said. Other roads contemplate taking similar action, according to reports here.

BETWEEN 75 AND 100 CLERKS GO ON STRIKE COLUMBUS, OHIO, July 5.—Between 75 and 100 clerks at the local Norfolk and Western offices walked out today, according to their leaders.

SHOPMEN ON THE KATY FORFEIT ALL SENIORITY PARSONS, KAN., July 5.—Striking Missouri, Kansas and Texas railroad shogmen here, numbering 1,500 forfeited all seniority and transportation rights they held with the railroad this morning when they failed to return to work at the hour set by Receiver C. E. Schaaf.

DIFFERENT DATES FOR THE LOSS OF SENIORITY FORT WORTH, July 5.—Striking shogmen on the Fort Worth and Denver system have been given until July 19 to return to work and save their seniority rights, it was announced today by Vice-president and General Manager E. Clarity. Some of the local lines gave their strikers until 9 o'clock this morning to return to work; others extended the time until midnight. Reports from strike headquarters said there had been no desertions from the ranks. At the Texas and Pacific offices, it was announced today that only would the strikers lose their seniority rights but they would not be reemployed under any circumstances after tonight at 11 o'clock. Frisco shogmen have been given until 8 a. m. July 7.

BOTH SIDES EXPRESS THEMSELVES AS SATISFIED MEMPHIS, TENN., July 5.—Both railway officials and union leaders here expressed themselves today as satisfied with developments thus far in the shogmen's strike. Officials of the road stated that conditions satisfactory, while leaders of the strikers insisted there had been no defections from their ranks. "Conditions are very satisfactory," E. H. Egan, general superintendent of the Yazoo and Mississippi Valley, said. "All our carmen returned to work at Vicksburg and Baton Rouge and part of our men went to work here today. We also employed 25 new men in Memphis."

LOUISVILLE AND NASHVILLE EMPLOYEES REMAIN OUT BIRMINGHAM, ALA., July 5.—In the face of an ultimatum that striking shogmen would lose seniority and pension rights unless they came back at work tomorrow morning, Louisville and Nashville railroad employees who walked out last Saturday here are maintaining a solid front, according to strike leaders. RAIL officials report "no change in the situation."

At Montgomery, Western of Georgia railway shogmen were reported returning to work.

LOCAL BRIEFS. Miss Helen Snyder has returned from a three weeks' visit in the Ozarks and at Kansas City. Mrs. George L. Merkle left Tuesday for Colorado Springs, where she will stay two months. Dr. J. E. Nelson returned Wednesday from a short business trip in Dallas. A. V. Taylor of the Sioux Oil and Refining company has returned from a business trip at Breckenridge. H. R. Lyon, formerly of Dallas, is in the city to make his home. He is employed by the Gulf Production company. William Parsley of the Gulf Production company left Wednesday night for Fort Worth and Houston to look after interests of the company. Mr. and Mrs. C. Parsley are visiting in Fort Worth. E. B. Vaughn of the Gulf Pipe Line company is spending his vacation in Tazewell with his mother. Joe Pyron is in Fort Worth on business. Earl Fridley returned recently from a two weeks' vacation in Colorado Springs, Colo. E. B. Ragland, wife and children

have returned from a visit with Mrs. Ragland's mother, Mrs. Vance, at Hillsboro, Texas. Article, "In memory of Little Geneva, Perle," published Tuesday afternoon, was signed A. E. W. through mistake. The initials should have been A. E. H. Mrs. Albert Billie and daughter Dorothy returned Wednesday from Atlanta, Ga., where they have been visiting for several weeks. Farrow Tittle of Terrell, Texas, is visiting Ray Hand, 1216 Tenth street, for a few days. L. G. Gaines formerly of Dallas, is now located in Wichita Falls as agent for the Firestone Tire and Rubber company. Mr. and Mrs. W. B. Chauncey and son Ford left Wednesday for Long Beach, Cal., where they will stay until September. Carol Reid Popper returned Tuesday from a month's trip in the Arkansas mountains. He has been attending Oklahoma university. Bert King of Carrigan, Montgomery, Britton & Morgan law offices, is attending the bar association convention in Fort Worth. I. SCHUSTER ON TRIAL IN COUNTY COURT AT LAW I. Schuster, proprietor of a drinketeria on Seventh street, is on trial in the county court at law on his appeal from the city. Schuster is charged with being a vagrant in that he sold liquor to-wit, "Jake."

FANTASY OF FIGURES IS TERM FOR SOVIET BUDGET SUBMITTED

By Associated Press. THE HAGUE, July 5.—A fantasy of figures is the favorite characterization applied today by European experts here to the Russian budget, submitted by the Soviet representatives. "Still they are intensely interesting," said M. Alphan, the chief French expert, in an interview today, "because they clearly demonstrate that the bolsheviks are gradually abandoning communism. For instance, they uphold the state trade monopoly but are ready to grant individual trade licenses." White Diamond Electric Water Co. We understand the word "Electrified" is copyrighted in connection with the flowing system of treating water and we do not wish to infringe this copyright, we have eliminated the word "Electrified" and this company will hereafter be known as the Diamond White Electric Water Co. Our electric jump system not only kills bacteria and vegetable matter, but removes it, leaving the water absolutely free from any foreign matter. Diamond White Electric Water Co., 705 Ohio-ave. Phone 615.

FORT WORTH AND DENVER CITY RAILWAY COMPANY THE WICHITA VALLEY RAILWAY COMPANY. OFFICE OF PRESIDENT—CHICAGO, ILL., JULY 4th, 1922. TO MECHANICAL CRAFT EMPLOYEES. In compliance with the order of the United States Railroad Labor Board of July 3rd, as follows: "Where-as in the future submission of disputes involving rules, wages and grievances of said classes of employees of the carriers it will be desirable, if not a practical necessity for the employees of each class on each carrier to form some sort of association or organization to function in the representation of said employees before the Railroad Labor Board in order that the effectiveness of the Transportation Act may be maintained. Now, therefore, be it resolved that it be communicated to the carriers and the employees remaining in the service and the new employees succeeding those who have left the service, to take steps as soon as practicable to perfect on each carrier such organization as may be deemed necessary for the purposes above mentioned and be it further resolved that if it be assumed that the employees who leave the service of the carrier because of their dissatisfaction with any decision of the Labor Board are within their rights in so doing, it must likewise be conceded that the men who remain in the service and those who enter it anew are within their rights in accepting such employment, that they are not strikebreakers, seeking to impose the arbitrary will of the employer or employes, that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensable railway transportation and that they are entitled to the protection of every department and branch of the government, state and national." In view of our duty to the public to maintain our service we are obliged to re-organize with sufficient forces. Before taking this step in view of the harmonious relations which have always existed between us and because we want to give every consideration to faithful employees we ask you to give most earnest and sober thought to your final decision in the matter of returning to our service. The existing law provides the means of correcting any injustice which you may feel needs correction. For 76 years in the past we have been able to meet and agree amicably on all matters. We believe that consideration can and should exist again. Those of our mechanical craft employees who report for their duties not later than for the beginning of the first shift on Monday morning, July 10, may do so with the resumption of full seniority and will be treated as if their service had been continuous. Those returning after that time, if accepted and those newly hired will rank as new employees. We sincerely urge you to make up your minds individually and to act for the best interests of yourself, your families and the country which is dependent upon your loyal service. STONED—HALE HOLDEN, President.

Spudders Suffer Another Double Defeat at Hands Of Kraft and Panthers

FORT WORTH, July 4.—A super-abundance of Clarence Kraft was the chief factor in the double tag-day which befell the Spudders here Tuesday afternoon.

STANDING OF THE CLUBS

Table showing standing of clubs in Texas League, American League, and National League with columns for Club, Won, Lost, and Pct.

CARL LUNDGREN IS "MIRACLE MAN" OF COLLEGE BASEBALL

LUNDGREN WAS ONE OF THE MAIN COGS OF THE GREAT CUB MACHINE

Back in the days when the Chicago Cubs were winning pennants and world series for Frank Chance, Lundgren was one of the main cogs in the great machine.

Lundgren first gained faith as a college pitcher at the University of Illinois. He gained much of his early training there under Frank Huff, who is still director of athletics at that institution.

Lundgren came direct from college to the Cubs, and stands out as one of the few college players to make good in the major ranks without any previous professional experience.

When Lundgren's days as a big leaguer were over, it was only fitting that he should drop back into the situation any easier.

BEARS 2-4, EXPORTERS 11-6

DENVER SHOPMEN TO LOSE SENIORITY RIGHTS JULY TENTH

Striking Fort Worth and Denver shopmen may retain their full seniority rights if they return to work before the beginning of the first shift on Monday morning, July 10, according to a notice issued Wednesday by Hale Holden, president of the Burlington system, of which the Fort Worth and Denver is a part.

The statement recites that it is the duty of the railroad to maintain its service and that unless the men return to work a reorganization of the forces will be necessary.

Before taking this step, says Mr. Holden's statement, "in view of the harmonious relations which have always existed between us and because we want to give every consideration to faithful employees, we ask you to give most sober thought to your final decision in the matter of returning to our service."

OLDER TEACHERS ARE BENEFITED UNDER NEW LAWS

Teachers who have taught for fifty years under first grade certificate may now be granted a permanent first grade certificate, and those who have taught for five years under a first grade certificate may have this certificate extended for another year upon recommendation of the county superintendent and the board of trustees, according to the new school laws which have gone into effect.

Examination for teachers will be held at the offices of the county superintendent in the court house Friday and Saturday.

Buys a Painted Study of Horses; Work of Master

NEW YORK, July 5.—Christopher J. Fitzgerald has loved horses all his life and he has spent most of his life looking at them either as a follower of racing or as an official of the Jockey club. His affection even goes so far that he wants pictures of horses around him. Recently he saw in an auction room a related study of several horses and bid \$450 to get it.

He took the painting home and had it cleaned and displayed. He had purchased a work of Isaac Van Ostade, a Dutch master of the 17th century. The painting had been in the Barling and Danmore collection in London.

An offer of \$21,000 has been made for the painting but Mr. Fitzgerald says it is not for sale.

Yellowstone Park is 62 miles long and 54 miles wide.

FIFTY YEARS AGO

A woman in Lynn, Mass., was steeping herbs on her kitchen stove according to a recipe of her own, to furnish medicine for the women of the neighborhood. Today, a stone's throw from the little house where she lived, there is a four-story laboratory, making the same medicine for the women of the world. During the last year almost 300 tons of carefully selected herbs were used in the manufacture of Lydia E. Pinkham's Vegetable Compound.

A woman's medicine for woman's ailments. Have you tried it? (adv.)

HIT'S FAIR

GIVE YOUR FOLKS THE BEST FOODS

IT IS only fair to your family that you should give them the very best of foods upon all occasions. If this is your idea of the matter you ought at once to get acquainted with our bread and other bakery goods. Your family will give them a hearty welcome.

GRAND JURY GOES BACK TO LABORS AFTER A RECESS

The grand jury of the 26th district court resumed its work Wednesday morning at 9 o'clock after a recess since last Friday night. A recess was taken over the holiday, but work was begun in renewed interest Wednesday.

The bailiffs had succeeded in the meantime in summoning a large number of witnesses who were on hand when the jury convened. The jury continued busy throughout the day and at a late hour there were more than fifteen awaiting their turn to enter the secret chambers.

WILL DEMAND FORMER ALIEN OWNED PATENTS

WASHINGTON, July 5.—Formal demand will be made by Allen Property Custodian Thomas W. Miller this week on the Chemical Foundation for the return to the custodian of all formerly alien owned patents now controlled by the foundation, Mr. Miller announced today.

Custodian Miller said that in event of refusal to turn over the patents as had been indicated by Francis P. Garvan, head of the foundation, a suit in equity immediately would be filed in the supreme court of the District of Columbia, in conformity with President Harding's instructions.

GOLD BARS VALUED AT THREE MILLION DOLLARS ARRIVE AT NEW YORK

NEW YORK, July 5.—Gold bars valued at \$3,000,000 arrived here today on the steamer Majestic from England for Kuhn, Loeb and company, bankers.

This is a continuation of the movement for the balancing of trade accounts which was interrupted for several weeks by the strike in the South African gold fields.

The grisly bear produces young every two or three years.

PERFORMANCE PROVES SAVAGE TIRES Are BUILT TO EXCEL

IN DALLAS, TEXAS

Local road conditions render severe tests to tires operating in territories tributary to Dallas. This is especially true of tires in commercial service and in the oil fields where "tests" are made, more often than not, with no intention of making them as such. The "test" is in reality a part of the service tires must undergo in the course of regular duties performed.

Selected from our general office files of certified records showing the remarkably consistent service Savage Tires are giving in this and other territories, we find the following:

Unusual Service
Running a tire flat is considered the extreme of hard usage and abuse and generally necessitates an investment in a new tire. This is true in Dallas as well as anywhere else—and yet a local user tested the construction of the Savage Cord tire in this manner for a distance of fifty miles.

After this unusually severe test a critical inspection of the casing revealed a perfect bond between plies without a single loose cord. We attribute this in part to the superior constructional features we have put into the Savage Cord to make it the remarkable tire it is. Other tires "tested" in the same manner proved "unfit for service."

Rough Usage
A service car owner and driver known as "the hardest driver in the Panhandle," from previous experience with many makes of tires, certifies to getting value received if his tires last 3000 miles. At this writing Savage Cords have increased that mileage by more than 100% and are still in operation with the appearance of being less than half worn.

In Oil Fields
Operating on the gas lines and highways under heavily loaded cars hauling material to and from the oil fields, for a mileage of 17,500 miles, Savage tires have given greater service to certain operators in Northwestern Texas than any other make of tire used—and they claim to have tried them all.

In Taxicab Service
On a fleet of cars in this territory, undergoing the severest type of city, passenger service, Savage Cords are averaging better than 10,000 miles of highly satisfactory service. In comparison with the mileage previously secured from other tires the performance is justly considered remarkable.

Almost any tire will give satisfactory service under ideal conditions. Some makes will even render satisfactory service under certain adverse conditions. Certain makes of tires will perform best on long drives over pavements, other makes will show better advantages on dirt highways—and so it goes.

Our object has been to build Savage Tires to perform equally well under every condition—on the short haul of the heavily laden commercial car, on the heated roads of the sandy desert, over mud and stones of the land of forests or the broad dirt highways of the plains.

That we have accomplished our purpose is evident from the results users of Savage Tires are getting—everywhere.

RUBSAM BIG WINNER IN HOLIDAY EVENTS AT THE GOLF CLUB

Daniel Rubsam got the big share of honors in Fourth of July events at the Golf club, winning the blind handicap event, and capturing second in the flag tournament and in the pitching contest.

Among the features of the day was the scoring of an eagle by Dudley Gidding, who made hole No. 1 in two strokes. He had a 300-yard drive and then played a maulie-silbick shot that landed on the green and trickled into the cup.

In the flag tournament, A. R. Cotton won first prize, planting his flag on the 31st green before he exhausted his 80 strokes; two birdies helped him score. Dan Rubsam went to the 26th hole with the 95 strokes allotted him, winning second prize; third honors went to Fred T. Couper Jr. whose allotment of 105 strokes was not used until the 19th hole was reached.

In the sand trap contest, Dr. G. H. Hampshire won first prize and T. E. Cochran second. In the pitching contest over the irrigation ditch, Stanforth got first honors and Dan Rubsam second. Rubsam then won the blind handicap event, G. F. Heppy finishing second.

HAS REFERRED TO HONOR REQUISITION FOR NEGRO
ROME, GA., July 5.—Governor Davis of Ohio has refused to honor extradition papers from Georgia for Henry Maxwell, a negro wanted in Floyd county on charges of murder, declaring the negro would be lynched if brought back to this state, according to Sheriff Wilson, who has just returned from Cleveland where the fugitive was arrested.

DRY GOODS COMPANY AT WILLS POINT IS ROBBED
TERRELL, TEXAS, July 5.—The J. C. Mason Dry Goods company at Wills Point, 15 miles east of here, was entered last night and \$5,000 worth of clothing stolen. A motor truck of a Wills Hardware company also was stolen and officers believe the thieves used it to make their getaway.

FREEMAN WELL TO BE PLACED ON PUMP, ESTIMATED AT 100

Archery county's oil field broke out in a new place Tuesday when the test of Freeman et al on the W. P. Ferguson land, a mile and a half northeast of Mankins, filled up with oil from a sand at 1400 feet, and is estimated for 100 barrels or better.

The test has made several small flows. It is now being standardized and will be put on the pump pump.

Keep your home cool all summer with a G. E. Fan. The cost is trifling compared with the cost of winter heating. Wichita Falls Electric Co. will be glad to help you.

TIMES WANT ADS BRING RESULTS

"We got results on the want ad we ran for three days. We delivered the roadster today."

This remark was made to us by a prominent Automobile firm of this city. It is only one of many similar ones made to us every day.

This little want ad only cost \$1.08 and the consideration for which the car changed hands ran up into hundreds of dollars.

TRIAL OF OTTO NAMI AT AUSTIN POSTPONED; ROSS CASE HUNG JURY

AUSTIN, July 5.—On motion of the defense, the trial of Otto Nami, University of Texas student from Cuero, for murder in connection with the shooting of John R. Ross was continued until November 1.

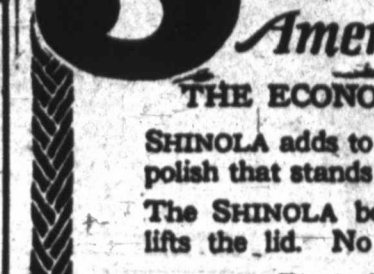

The defense claimed that Mrs. Ross' testimony was necessary in Nami's trial and that it should be continued until her's was disposed of.

Ross was shot in his home where Nami was rooming, last February. Nami admitted to officers that he shot him in self-defense, but the state sought to prove to Mrs. Ross' trial that she fired the fatal shot.

Keep your home cool all summer with a G. E. fan. The cost is trifling compared with the cost of winter heating. Wichita Falls Electric Co. will be glad to help you.

SHINOLA America's Home Shoe Polish

THE ECONOMICAL POLISH FOR ALL SHOES. SHINOLA adds to the life of leather. Gives a durable, brilliant polish that stands out. The SHINOLA box has an easy opener that automatically lifts the lid. Time

WIFE SLAMS DOOR IN HER HUSBAND'S FACE; NO TROUBLE

In the 1800 block on Seventh street, Tuesday night, a comical yet pathetic scene was enacted. A man returned to his own home, knocked at the door and saw his wife slam the door in his face, bolt it and run to the telephone to call the police. All trouble was averted when the man called to his wife in the same disparaging terms that she had heard for several years. This averted trouble. It all occurred like this: Jackson Hardy, chief clerk of the Katy, left his home Tuesday morning. He was dressed in a neat suit, stiff collar and striped shoes. Tuesday evening he returned without a collar, a dirty shirt, wrinkled trousers and a black mixture of oil and dirt smeared on his face and hands. He had assisted in repairing an engine which had come into the terminal marked bad order.

CASE DISMISSED AGAINST DEPUTY O'NEAL OF VERNON

United States Commissioner J. A. Lantz has entered an order dismissing the case against F. A. O'Neal, chief deputy sheriff of Wilbarger county, following the announcement of investigators that no further testimony was available than that already heard at a preliminary hearing. O'Neal was charged with possession of and selling whiskey and a hearing was held before Commissioner Lantz two weeks ago, at which time the case was continued until a later date. Two other men who were arrested at the same time with O'Neal were bound over under bonds of \$750 each.

DRILLING DEEP TEST NEAR RANDLETT, OKLA.

BURKURNETT, TEXAS, July 5.—Clifford Kerns, manager of the Interstate Drilling Co., Oklahoma City, was in Burkurnett Tuesday and stated that his company is now drilling a deep test on the Randlett Oil Co. company's tract, which is located one mile north of Randlett. W. V. Auld of Burkurnett is the driller in charge and stated that the hole is now down about 1,500 feet. Judge W. L. Morris, former justice of the peace for the Burkurnett precinct, was visiting his daughter, Mrs. Harry Sanders, who resides near the city, a few days this week. Judge Morris now resides at McGregor, Texas. Mrs. Lillis Morgan, her son Bundy and Dr. Coover and family of Wichita Falls passed through Burkurnett July 4 for Medicine Park, Okla. They intend to spend several days at this popular pleasure resort.

NEW POLICE JUDGE ASSESSES \$80 FINES AT FIRST SETTING

A total of \$80 in fines was assessed by the new police judge, W. H. Caldwell, in police court Wednesday morning. Three cases of speeding drew fines of \$10 each. One negro found guilty of fighting with his wife was given a \$10 fine. A young man who was charged

with being intoxicated and using abusive language was given a fine of \$15 by the new judge. A minimum fine of \$5 for being drunk was meted out to young man after the prosecuting attorney had recommended leniency in his case. One other case of the same nature drew an assessment of \$10.

MORPHINE, "SNOW" AND CORN LIQUOR ALL FOUND IN MAN'S ROOM WHO WAS ACTING QUEER

CALDWELL IS ACTING AS POLICE JUDGE UNTIL APPOINTMENT

W. H. Caldwell, prominent Wichita Falls lawyer, filled the police court bench Wednesday morning, which was left vacant by the resignation of W. H. Caldwell. The city council at the regular meeting Monday evening failed to elect a successor to fill the vacancy, and Police Commissioner Pitts had appointed W. H. Caldwell to sit on the bench until the council takes action. Judge Caldwell will act as police judge temporarily, according to Mr. Pitts, but his appointment will not become permanent until the other members of the council sanction the action. Judge Caldwell is a member of the firm of Mathis and Caldwell.

A man who was wildly waving an automatic pistol and acting "queer" was arrested Wednesday morning about 2:30 o'clock just off of Seventh street. Officers searching him after the arrest found a quantity of morphine and "snow" on his person, together with a needle, which contained about four "shots" of the same drug. Later a search of the man's room revealed two gallons of corn whiskey, a .35 caliber automatic, and a complete whiskey testing apparatus. The whiskey was found under the floor of the man's room, neatly concealed by a trap door. The man is now being held at police headquarters. A federal charge will probably be placed against him for having the whiskey in his possession. Officers making the arrest stated that the man told them that he was driving away some robbers, and gave this as the reason for having the revolver in his possession. Evidently the drug had secured too much of a hold on the man and he was "seeing things," for there was no one in the immediate vicinity of the place prior to his arrest. Turks never shoot birds or destroy their nests in Antolia. The calendar was invented in Egypt in 4241 B. C. Metal was discovered in Egypt about 4000 B. C.

JUDGE CALDWELL ASSESSES FINE AND GIVES ADVICE

Just a little family fuss brought four negroes into police court Wednesday morning. The four concerned were husband and wife, a friend of the family, and the "bully." The bully it seemed was trying to boss the house, and was to blame for the whole affair, according to the negro woman's testimony. However, the bully did not do any of the actual fighting, and was dismissed by Judge W. H. Caldwell. The husband was assessed a fine of \$10 and was told by the court to see it that the bully never came into the house again. The friend of the family played his part, and separated the fighting pair, according to testimony by the pugilistic parties. Only two per cent of the population of Kingston, Jamaica, are white. The fifth finest opera house in the world is at San Jose, Costa Rica. Dyeing and mining are the oldest British industries.

WEATHER POWERS REMAIN PLEASANT THROUGHOUT DAY

The weather powers looked with favor upon Wichita Falls and the entire territory served by local railroads throughout the day Tuesday and helped in making the celebration a success. The day's weather was an exception which proved the rule that it usually rains on the Fourth of July. The maximum point reached by the thermometer during the day was 84 degrees and a cool southwest wind kept blowing. The sky was not marred by any clouds. The night was cool, the mercury receding to the 71 degree point being three degrees warmer than the preceding one. Wednesday morning a clear sky reported from all directions that the skies were clear and a light wind from the southwest was in evidence. "LARGEST STILL YET" IS CAPTURED IN WILBARGER VERNON, TEXAS, July 5.—The largest still yet captured to date in appearance in Wilbarger county moonshine circles, and when the sheriff's force devoted Monday night to the business of capturing another outfit, all previous records were broken. The vat with a double coil and standing half full of mash was taken south of Harrod and about 25 miles southeast of Vernon at 2:30 Tuesday morning. Three arrests were made. Two of the prisoners are but mere youths. The man taken gave his address as Electra. Officers have been on the trail of the still for some time. FOURTH IS CELEBRATED BY PEOPLE OF VERNON VERNON, TEXAS, July 5.—Vernon celebrated appropriately Tuesday the Fourth of July by means of band concerts, picnics and programs of speaking. At Condon Springs, west of town, there was music and dancing throughout the afternoon, and in the evening the local chapter of the Women's Christian Temperance Union gave a program on the court house lawn. Major William Cushman of Wichita Falls was the principal speaker. Golf enthusiasts at Hill Crest Country Club conducted an all day tournament.

SHOPMEN REMAIN STEADFAST, NONE RETURN TO WORK

Local railroad shopmen remained steadfast to their convictions and cause Wednesday and not one reported to work at either of the shops, despite the order from the owners that men who had not reported to work Wednesday morning at 7:30 o'clock would be considered as having severed their connections with the company. Local officials report that thus far train service has not been impaired in the least as a direct result of the strike. Fifteen men have been employed to take the place of the men who walked out today in the Katy shops and preparations are being made to bring the number to normal.

VERNON COUPLE MARRY LEAVE FOR COLORADO

VERNON, TEXAS, July 5.—Fred Russell and Miss Ruby Virginia Blair, both of Vernon, were quietly married here Sunday afternoon at 1:30 at the Presbyterian church by Rev. E. L. Moore, pastor of the church. The ring ceremony was used. There were no attendants. Immediately after the ceremony the couple departed for Colorado for a 10 days' honeymoon. The bride is a graduate of a training school for nurses at Dallas and came here eight months ago to engage in nursing work at a local sanitarium. Her parents live at Lubbock. Mr. Russell is the manager of the Russell Dry Goods company and has been a resident of Vernon two years. He was formerly manager of another Russell store at Afton, Okla.
