

150,000 WELCOME IN SUNDAY FIRE

LATEST DEVELOPMENT IN STRIKE INDICATES TREND TOWARD PEACE

CHICAGO, July 6.—The 150,000 men who are on strike in this country will be called on to decide whether the time being at least, D. W. Holt, president of their union, announced this afternoon in calling a meeting of his executive committee here Saturday afternoon to decide what permanent action the signmen will take.

CHICAGO, July 6.—The strike of railway shopmen assumed a more conciliatory aspect today as it came more general in rail circles that the last 24 hours has shown a marked trend toward peace.

It was believed yesterday's exchange of letters between Ben W. Hooper, chairman of the United States railroad labor board, and Earl M. Jewell, head of the American employees department of the American Federation of Labor, probably paved the way to negotiations for Jewell's statement that the shop crafts "are willing to confer with any body authorized by the railroads to bring peace proposals" was accepted as a promising indication of a speedy return to normal conditions in the railroad shops. Mr. Jewell said he neither included nor excluded any body, but that if the labor board came with a definite proposition he would not hesitate to consider it.

The statement was made in the face of the repeated contention by the railroads that the shopmen's strike is not against the carriers but against the government and a matter to be settled before the labor board.

Chairman Hooper asserted that the labor board "has been protecting the interests of the striking shopmen even while they have been calling the board to order."

Explaining his failure to answer last Friday's summons to appear at a joint conference before the board, Mr. Jewell said the summons came too late to possibly avert a walkout and his appearance would only have caused confusion in the ranks of the shop crafts who had their orders to strike.

Managers of Peace.

Another harbinger of peace in the statement by Chairman Hooper was that a number of railroads which had been farming out shop work to contractors is ready to abolish the contract system which proved to be the main issue in the shopmen's strike, according to returns in the strike referendum.

Fifty percent wage adjustment cases were set by the board.

Meanwhile the railroads generally were advertising for men to take the place of the strikers and strikers were reported at many points to be drifting back in numbers to their old jobs. This back-current continued in the face of repeated assertions by shop craft leaders that the strike was virtually 100 per cent effective.

In spite of the agreement of their president, E. F. Grable, and members of the executive committee to withhold strike orders, maintenance men at various points were reported to be joining striking shopmen.

At the exception of Slater, Mo., and Bloomington, Ill., disorders on Chicago and Northwestern were serious disturbances of the strike have occurred in the south. At Algiers, across the Mississippi river from New Orleans, a striking machinist was arrested charged with attempt to murder a worker in the Tennessee Central shops.

Railroads at the most part announced passenger and freight traffic to be still unhampered.

Ultimatums to strikers to return to work by the early part of next week or forfeit all seniority rights still stood effective in railroad shops today.

Railroads Make Report.

A number of the railroads included in the Association of Railroad and Mechanical Engineers' proposal to draft men in California.

SAN FRANCISCO, July 6.—Men of military age in Butte county, California, which is being tapped by the lines of the Southern Pacific and Western Pacific railroads, will be drafted into the service of the county, according to the weekly summary of the American Petroleum Institute.

Oklahoma-Kansas shows a daily average gross production of 432,000 barrels; north Louisiana an increase of 7,550 barrels; north Texas shows an increase of 59 barrels; central Texas an increase of 1,004 barrels; south Texas an increase of 240 barrels and Arkansas a decrease of 158 barrels.

In Oklahoma production of the Ocala nation is shown at 167,100 barrels, against 103,300 barrels and the output of the Lyons-Quinn pool

CHICAGO & ALTON AWAITS RESPONSE OF THE GOVERNOR

DELAY EFFORT TO REOPEN THE SHOPS AT SLATER, MISSOURI.

STRIKE BREAKERS ARE CLEARED FROM TOWN

Eighteen Men Driven to the Edge of Slater and Told to "Beat It and Keep Going."

SLATER, MO., July 6.—No more nonunion men will be brought here by the Chicago and Alton railroad and any attempt will be made to operate the Alton shops here. Full protection is furnished to the men by county or state authorities, J. L. Marquette, division superintendent of the railroad, announced here today.

Mr. Marquette, who was in the shops yesterday when a crowd of union men took strikebreakers from their work, today told a correspondent of the Associated Press that he did not consider it safe to send outside men here under present conditions.

The town is outspoken in its sympathy for the striking shopmen and would resent the bringing in of troops as being an effort by the state to aid the railroad company in breaking the strike.

No damage was done to railroad property in yesterday's outbreak.

By Associated Press.

SLATER, MO., July 6.—Railroad officials today awaited word from Governor A. M. Hyde before making any plans for reopening the Chicago and Alton shops here, from which a crowd of more than 500 strikers drove 18 strike breakers yesterday.

After the strikers had cleared the town of strike breakers, had drawn a deadline around the shops beyond which strikers were not allowed to pass, and had established guard posts at various points, they settled down to a policy of watchful waiting.

Union chiefs and town officials are one in declaring they expect no trouble if the railroad does not attempt to import strike breakers.

Eighteen strike breakers were taken from the shops late yesterday in automobiles to the edge of town and told to "beat it and keep going." Ten more who escaped the first deportation by hiding in a foreman's car in the yard were placed on a Chicago train and left for St. Louis.

The account of the final surrender of the national army headquarters, said: "At 4:30 p. m. a party of men led by Mr. Art O'Connor left the Granville hotel under a white flag and surrendered to Lieutenant Craze.

"The strike, which had been given orders to surrender by Mr. Cathal Brugha, Mr. Brugha, brandishing a revolver, then dashed out. When he came under the fire of the troops he was wounded and was removed to a hospital."

Casualties in yesterday's fighting, so far as the records of the city hospital show, were one killed and 14 wounded.

For the eight days of the fighting in Dublin the casualties were given as 100 killed and 1,000 wounded, including four snipers shot dead in Marlborough street and the wounded taken prisoner from the republican headquarters in the city.

The material loss to the citizens of Dublin is very heavy. The value of the buildings destroyed is estimated at \$1,000,000 and the destruction also means the loss of very large sums in rentals and probably considerable unemployment.

WILL CELEBRATE STARTING OF WORK ON WAURIKA LINE

PLANS UNDER WAY FOR COMMEMORATING BREAKING OF GROUND.

WILL PROBABLY BE THURSDAY, JULY 13

Residents of Byers, Waurika and This City Will Be Invited to Participate.

Citizens of Byers, Waurika and Wichita Falls will join in properly commemorating the occasion when work starts on the Byers-Waurika line.

Plans were set on foot Thursday for a celebration of the starting of work, and as soon as a date is definitely fixed, arrangements will be completed. It was thought Thursday morning that ground would be broken about Thursday of next week. The celebration will not be an elaborate one, but will be such as to duly signalize the starting of the important project.

Material for the road is moving toward Wichita Falls rapidly, and will be here in ample time. Several matters in connection with the final signing of the contracts were receiving attention Thursday.

THERE WAS A FLASH OF FLAME SMOKE SWEEPS CROWDED TRAIN; POLICE RESERVE FORCE CALLED

By Associated Press.

NEW YORK, July 6.—About 150 persons were overcome by smoke today when a northbound Jerome avenue express on the East Side subway caught fire near Lexington avenue and 61st street. Dozens of ambulances were summoned from nearby every hospital in the city and Mayor Hylan arrived to direct the rescue work.

The accident occurred about 7:30 feet underground.

The fire started in the motorcar's box after a fuse had blown out. There was a flash of flame and the smoke swept through the crowded train.

When the emergency brakes were applied and the train came to a screeching halt, guards threw open the doors and passengers made a mad scramble to escape.

Those unable to walk were carried from the cars to the 60th street station. Fire ladders also were used to get out of the cars. A temporary hospital was organized and 14 patients were put in operation. The crowd of spectators soon became so dense that police reserves had to be rushed to the scene.

Men, women and children filled the 10 cars and the crowd was so dense that it was impossible to fight the flames with hand extinguishers, but failed. When the firemen arrived, however, they soon succeeded in extinguishing the fire, which was small. Many of the fire-fighters were overcome by smoke.

Relief work soon got under way. Stenographers were ordered back to 50th street and Lexington avenue promptly organized a fire brigade of 75 employees, who dashed into the subway to aid in the rescue work. The store drug department was raised for supplies and patients.

Mayor Hylan, one of the first city officials to arrive, was greeted by a throng when he attempted to enter the subway. He directed that experts be summoned from the fire department to inspect the cause of the water supply, gas and electricity to make a thorough investigation of the cause.

Frank Hedley, president of the Interborough Rapid Transit company, also hurried to the scene.

DENVER TRAIN IS DELAYED AT RHOME REPORT BREAKDOWN

PORT WORTH, July 6.—A Texas and Pacific passenger train due here at 9 this morning, came in four hours late, due, according to a statement from railroad officials, to the tampering with safety appliances in New Orleans. Many other passenger trains are running far behind schedule today. The strike is attributed to the walkout of the shopmen, the sign all roads with the exception of that at Marshall a few night ago. A Port Worth and Denver train is said to have broken down last night at Rhome and relief was sent from here.

S. M. Gaines, superintendent of railway mail service in the south-west, said this morning, commenting on reports from Washington, that there had been no serious delay in handling mail and no trouble at all with the exception of that at Marshall a few night ago. He said Texas and Pacific railroad officials were co-operating in the investigation of the Marshall affair.

CONGRESSMAN HERRICK ARRIVES IN OKLAHOMA TO OPEN HIS CAMPAIGN

PERRY, OKLA., July 6.—Manuel Herrick, congressman from the eighth Oklahoma district, arrived here from Washington today to open his campaign for re-election. Herrick's entry into the town was unheralded and few persons were at the train to meet him.

Frank Hedley, president of the Interborough Rapid Transit company, also hurried to the scene.

TWENTY YEAR SENTENCES FOR TWO YOUNG MEN ON BANK ROBBERY CHARGES

NORMAN, OKLA., July 6.—Sentences of twenty years in the state reformatory were pronounced yesterday in district court against Hobbs Stewart, 19, and Jack Parker, 22, who were convicted of bank robbery, following their capture in Oklahoma City within an hour after they had taken \$1,300 from the First National bank at Moore, near here.

FILE REORGANIZATION PAPERS FOR M. K. & T.

JEFFERSON CITY, MO., July 6.—The reorganized Missouri, Kansas & Texas company filed incorporation papers today in Missouri with Secretary of State Charles U. Becker and was given a charter for \$114,000. The application was filed through three attorneys for the road.

The road's charter was granted under the non-par corporation act enacted by the last legislature which authorizes the issuance of a charter to a corporation before all the capital stock is paid in.

The name of the reorganized company differed from that of the old organization only in the omission of the word "and" and addition of hyphens.

NEARLY A HUNDRED PEOPLE ARE INJURED IN TRAIN WRECKS

CHICAGO, July 6.—Seventy-five persons were injured, only one seriously, when a Chicago bound Pere Marquette passenger train crashed into a New York Central engine on a siding near Porter, Ind. last night.

The train proceeded to Chicago this morning after the injured received first aid.

Officials of both railroads began an investigation immediately. A car was the only person reported to have been seriously injured.

According to early reports the engine was on a siding when the Pere Marquette plunged into it through a presumably open or defective switch, according to railroad officials.

MAJOR BLAKE LEAVES ATHENS ON HIS FLIGHT

ATHENS, July 6.—Major V. T. Blake, the British aviator, who is attempting an airplane flight around the world, left here today for Cairo. Major Blake landed at Athens, July 4.

SAYS PRESIDENT AND LASER HAVE VIOLATED THE LAW

WASHINGTON, July 6.—President Harding and Chairman Lasker of the shipping board were charged by Senator Caraway, democrat, Arkansas, in the senate today with flagrant violation of the prohibition laws in permitting the sale of liquor on shipping board vessels. The senator said that today with flagrant violation of the prohibition laws in permitting the sale of liquor on shipping board vessels, who gave the opinion that sale of liquor was legal on American vessels beyond the territorial limits of the United States, was described by Senator Caraway as a "swindler" and attorney for interests which fought the prohibition act.

TWENTY BUILDINGS BURNED IN DUBLIN AFTER SURRENDER

DUBLIN, July 6.—Twenty buildings in O'Connell street, Dublin's main thoroughfare, were destroyed by fire after the surrender in their resistance to the provisional free state government.

The fires which raged through the night were not completely under control today. Only smoldering ruins remained, where the insurgents made their last stand. It is believed the damage will reach several hundred thousand pounds.

Some of the buildings were destroyed by incendiary bombs which were dropped from the shops late yesterday in automobiles to the edge of town and told to "beat it and keep going." Ten more who escaped the first deportation by hiding in a foreman's car in the yard were placed on a Chicago train and left for St. Louis.

The account of the final surrender of the national army headquarters, said: "At 4:30 p. m. a party of men led by Mr. Art O'Connor left the Granville hotel under a white flag and surrendered to Lieutenant Craze.

"The strike, which had been given orders to surrender by Mr. Cathal Brugha, Mr. Brugha, brandishing a revolver, then dashed out. When he came under the fire of the troops he was wounded and was removed to a hospital."

WAGE ADJUSTMENTS FOR FIVE RAILROADS BEFORE THE BOARD

CHICAGO, July 6.—Wage adjustment cases involving five railroads and subsidiaries, not included in the recent wage cut announced by the United States railroad labor board, were taken under advisement by the board today.

The roads involved are the Washington Terminal company, in a dispute with its signal men, telegraphers, and federated shop crafts; the Kansas, Oklahoma and Gulf railroads, in a dispute with maintenance of way men; the St. Louis and Southwestern in controversy with telegraphers, railway and steamship employees; and the Central Railroad of New Jersey, in controversy with unorganized employees of several classes.

The case started today were filed at the board started its hearing March 6 last.

CHARGE SAN ANTONIO MEN HAVE REFUSED TO PRODUCE THEIR BOOKS

SAN ANTONIO, July 6.—T. P. Egan, a U. S. marshal, and E. N. Brackenridge, U. S. attorney, respectively, of the Brady building, one of San Antonio's largest office buildings, were arrested this morning on federal warrants charging them with failure to appear before the United States internal revenue collector to produce records, books and accounts bearing on their income tax returns. Both waived examination before United States Commissioner K. L. Edwards and will appear in federal court at the September term.

The charges against Brady and Brackenridge grew out of the income tax returns for the years 1918, 1919, 1920 and 1921. The warrants charge that they failed to produce these books and accounts, following a summons properly served.

HENRY FORD OFFERS TO LEASE BRANCH L. & N.

DETROIT, MICH., July 6.—Henry Ford has offered to lease that part of the Louisville and Nashville railroad extending between Banner Park and Corbin, Kentucky, from the Cincinnati and Great Northern with the present force of railway employees "in order that coal may be moved to Detroit." It was announced by Mr. Ford made the offer to the president of the Louisville and Nashville after the railroad company had informed him it was unable to move 600 cars of coal consigned to Detroit industries because of labor troubles.

12,850 BARREL GAIN IN DAILY PRODUCTION WEEK ENDING JULY 1

NEW YORK, July 6.—The daily average gross crude oil production of the United States increased 12,850 barrels for the week ending July 1, totaling 1,424,300 barrels, as compared with 1,411,450 barrels the preceding week, according to the weekly summary of the American Petroleum Institute.

Oklahoma-Kansas shows a daily average gross production of 432,000 barrels; north Louisiana an increase of 7,550 barrels; north Texas shows an increase of 59 barrels; central Texas an increase of 1,004 barrels; south Texas an increase of 240 barrels and Arkansas a decrease of 158 barrels.

In Oklahoma production of the Ocala nation is shown at 167,100 barrels, against 103,300 barrels and the output of the Lyons-Quinn pool

was 22,300 barrels against 24,600 barrels. The Mexico pool, central Texas, is reported at 68,500 barrels against 67,000 barrels. Hainesville, north Louisiana, 54,000 barrels, against 53,500 barrels, and Eldorado, Ark., 23,250 barrels, against 23,000 barrels. In the Gulf coast field, West Columbia is reported at 30,500 barrels, against 32,000 barrels, and Orange county, 17,500 barrels, against 17,000 barrels. No change in crude oil prices were reported.

According to figures collected by the Institute, imports of petroleum (crude and refined oils) at the principal United States ports for the week ended July 1, totaled 3,622,000 barrels, a daily average of 517,272 barrels, compared with 1,322,276 barrels, a daily average of 274,953 barrels for the week ending June 24.

GRANDDAUGHTER OF S. B. BURNETT GETS BULK LARGE ESTATE

RECEIVES INCOME FROM TWO-THIRDS OF THE LARGE HOLDINGS.

CREATES A TRUST FUND PROVIDES DISTRIBUTION

Mrs. T. W. Roberts, Sister of Deceased, Will Also Share in the Division.

FORT WORTH, TEXAS, July 6.—

Giving the bulk of the estate to his granddaughter, Anne Burnett, the will of the late S. B. Burnett was filed for probate Wednesday afternoon in the county probate court. The estate, probably the largest ever to enter Tarrant county courts, is valued at not less than \$1,000,000, although it probably has a maximum value of \$1,500,000, according to those in a position to appraise it. Tom L. Burnett, Texas' oldest citizen and only surviving son, is given \$25,000 a year under the provisions of the will. A fund of \$50,000 was left for improvements of the Burnett park which was donated to the city by the deceased. Marion Sanson and W. E. Connell, upon their application filed Wednesday in probate court were made independent executors and temporary administrators of the estate. No bond was required as independent executors, but a \$50,000 bond was furnished in the temporary administration. Request for the temporary administration was made because the will cannot be probated before the September term of court. The will provides that the estate be held intact, after the debts against it, the legacies and bequests provided for, shall have been paid. Residual interest is made to the Burnett building at Fourth and Main streets, and the Reynolds building at Eighth and Houston streets, the 46th ranch in King county and the Carson county ranch. The executors, while having full power under the will to dispose of any of his property, are required by the will to dispose of either buildings or other ranch. However, there is a stipulation that in the event a railroad is built to Guthrie, that 1,000 acres of the 46th ranch are to be sold to actual settlers. **Ceate Trust Fund.** The will in effect creates a trust fund. It provides that the income from two-thirds of the estate shall go to his granddaughter, Anne Burnett, and the income from one-third to his daughter-in-law, Mrs. Ollie Burnett, mother of Anne. Should Anne Burnett marry and bear children, she shall have the entire estate, real, personal and mixed, not otherwise disposed of in the will, shall go to such child or children. In the event of her death

without issue or without descendants of such issue, the will provides that the estate shall vest absolutely and in fee in Captain Burnett's sisters, Mrs. T. W. Roberts and Mrs. Amanda Barkley, and his niece, Mrs. Juanita Atterbury, share and share alike. On this point the will states: "Provided, however, that in the event of the death of the said Mrs. T. W. Roberts, who is childless, the share that she would otherwise enjoy herein shall pass equally to the other final beneficiaries herein named; and in the event of the death meanwhile of my sister, Mrs. Amanda Barkley, the share that she otherwise would take shall pass in such way that all the final beneficiaries herein named shall share equally, so that in the event she, the said Mrs. Barkley, should die leaving surviving her a daughter, such daughter shall not take any more or any greater interest in my estate than the other nieces herein provided for." Thomas L. Burnett, only surviving son, is out off in the will with an income of \$25,000 per year over his lifetime. The will provides also that he is to have no part in the management or control of the estate and if that in the event he consents to the probating of the will to determine the value of the community estate to which his wife, Mrs. Mary Connell Burnett, is entitled. On this point the will points out at the time of the marriage that Captain Burnett's estate was worth in excess of \$1,500,000, mostly in lands which were retained until deceased through a "natural process" of obsolescence and that other properties were acquired with his separate funds, all of which have multiplied eight or nine times over since that the community estate is very meager.

The only bequest of a public nature provided for by the will is \$50,000 for the beautification of Burnett park which Captain Burnett gave to the city several years ago. The will provides that the title to this sum shall rest with his daughter-in-law, Mrs. Ollie Burnett, and Sidney L. Sanson, his personal attorney for many years, and that they shall direct its spending. **Other Bequests.** Other bequests provided for in the will are: To Mrs. T. W. Roberts, sister, \$10,000. To Mrs. Amanda Barkley, sister, \$10,000. To Mrs. Bonnie Shaw, Mrs. Eual Deard, Mrs. Peary Perry, Mrs. Ruth

Gas Tight Bolted Steel Tanks, Wood Tanks. Tank reset work of all kinds. M. & V. TANK CO. 1010 City National Bank Building

Mrs. Mrs. Sue Durston; Mrs. Juanita Atterbury, and Mrs. Margaret Mason, niece, \$5,000 each. To Miss Cora Belle Fugate of Missoula, Mont., an invalid, \$200 per month during her lifetime and while incapacitated, but to cease upon her marriage. To Sid Williams, J. W. Arnett, Joe Christal, Chas. Ernest and Miss Anne Burnett are also directed in the will to employ Samuels as their attorney in all matters arising out of the estate.

The will bears date of Nov. 24, 1921, and is witnessed by F. Walker Brown of Samuels & Brown, and his wife, Mrs. Dora D. Brown. **JURY UNABLE TO AGREE** IN I. SCHUSTER CASE Judge Guy Rogers of the county court at law discharged the jury in the case against I. Schuster, charged with vagrancy, after it had reported that the count was three and three and that there was no possible chance of agreement. Schuster was charged with vagrancy to that he sold intoxicating liquor, to-wit: "Jaks."

Large Amount of Deep Sea Chicken Condemned by City

Employees of the public health department of Wichita Falls were busy last month as shown by the report recently compiled. Especially were the food inspectors watching out for bad fish. During the month of June 280 cans of salmon were condemned and destroyed. Candy was also a commodity that suffered badly, 1,997 pounds being pronounced unfit for sale. The fruit inspected during the month was in most cases edible. The only fruits that were condemned by the health officials were 280 cans of cherries. Figures show that during the last month the health department inspected 384 establishments where food was being sold. Forty districts were inspected and found to conform with the standard prescribed by the department. The cattle tested during this period numbered 107. Water inspectors reported the testing of 818 water meters. Laboratory tests totaled 315. Of this number 87 consisted of bacteriology tests, and 228 were chemical. The report shows that \$284.48 was collected. This amount was derived from all sources, which included meter inspections, dairy permits, and scavenger permits. Doctors reported that 23 visits were made to houses where contagious diseases were reported.

FORT WORTH AND DENVER CITY RAILWAY COMPANY THE WICHITA VALLEY RAILWAY COMPANY

OFFICE OF PRESIDENT—CHICAGO, ILL., JULY 4th, 1922 TO MECHANICAL CRAFT EMPLOYES

In compliance with the order of the United States Railroad Labor Board of July 3rd, as follows:

"Whereas in the future submission of disputes involving rules, wages and grievances of said classes of employees of the carriers it will be desirable, if not a practical necessity for the employees of each class on each carrier to form some sort of association or organization to function in the representation of said employees before the Railroad Labor Board in order that the effectiveness of the Transportation Act may be maintained. Now, therefore, be it resolved that it be communicated to the carriers and the employees remaining in the service and the new employees succeeding those who have left the service, to take steps as soon as practicable to perfect on each carrier such organization as may be deemed necessary for the purposes above mentioned and be it further resolved that if it be assumed that the employees who leave the service of the carrier because of their dissatisfaction with any decision of the Labor Board are within their rights in so doing, it must likewise be conceded that the men who remain in the service and those who enter it anew are within their rights in accepting such employment, that they are not strikebreakers, seeking to impose the arbitrary will of the employer or employees, that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensable railway transportation and that they are entitled to the protection of every department and branch of the government, state and national."

In view of our duty to the public to maintain our service we are obliged to re-organize with sufficient forces.

Before taking this step in view of the harmonious relations which have always existed between us and because we want to give every consideration to faithful employees we ask you to give most earnest and sober thought to your final decision in the matter of returning to our service.

The existing law provides the means of correcting any injustice which you may feel needs correction. For years in the past we have been able to meet and agree amicably on all matters. We believe that consideration can and should exist again. Those of our mechanical craft employees who report for their duties not later than for the beginning of the first shift on Monday morning, July 16, may do so with the resumption of full seniority and will be treated as if their service had been continuous. Those returning after that time, if accepted and those newly hired will rank as new employees.

We sincerely urge you to make up your minds individually and to act for the best interests of yourself, your families and the country which is dependent upon your loyal service. SIGNED—HALE HOLDEN, President.

Studebaker Bodies Don't Rattle or Squeak

Studebaker bodies rest squarely on the chassis frame—not on the body sills. The body and the frame form a rigid unit that successfully resists the rack of the road. Studebaker bodies are built in Studebaker shops by men, many of whom have been building vehicle bodies for Studebaker for upwards of 30 years—and their fathers before them. Studebaker has been building fine bodies for seventy years. Studebaker Special-Six bodies, because of their quality and soundness, weigh more than those of other cars around the Special-Six price. You cannot skimp in material and build a body that will not rattle. Freedom from rattle or squeak is just another of the fine-car refinements that emphasize the extra value of the Studebaker Special-Six.

The Special-Six chassis frame is 7" deep. It tapers from a width of 29" in the front to 41" in the rear, so that the sides of the body fit perfectly without overhang. Five cross-members prevent the distortion that eventually causes bodies to squeak.

DALLAS SECRETARY SEES OPPORTUNITY FOR BIG FAIR HERE

W. H. STRATTON OF STATE FAIR-CONSULTS WITH OFFICIALS.

DEPARTMENT HEADS ARE NAMED WEDNESDAY

Will Be in Charge of Various Details in Planning for September's Event.

"We of Dallas know better than anybody what a fair means in building a city, and you have the same class of citizenship, and the same opportunity here," said W. H. Stratton, secretary of the Dallas state fair, while here Thursday. Mr. Stratton came here at the request of the fair association to confer with officials regarding plans for the first Texas-Oklahoma fair next fall. In company with George Keith, president of the association; G. C. Wood, secretary of the chamber of commerce, and others, he inspected the Call Field grounds and buildings, and expressed the belief that it would be hard to find a more suitable plant. Appointment of department chairmen for the fair was completed Wednesday afternoon. An executive committee consisting of W. M. Moore, E. S. Goodner, T. E. Noble, C. H. Verschoyle, R. M. Waggoner, W. F. Weeks and E. M. Friend of Electra was named to have charge of general arrangements. The department chairmen are: Agriculture, M. J. Gardner; Amusements, J. L. McMahon; Automobile, Frank Quiesner; Baby show, E. S. Goodner; Building and grounds, G. C. Wood; Cattle, Will Young; Decorations, Theo Beck; Dogs, Dr. Frederick Woolsey; Education and school, R. H. WILL ATTEMPT FLIGHT ACROSS THE CONTINENT

SAN ANTONIO, July 6.—Crossing the American continent from Jacksonville, Fla., to San Diego, Cal., in one day by airplane will be attempted within the next few days by Lieutenant James H. Doolittle and L. A. Andrews of Kelly field, according to an announcement at Kelly field. The two army fliers are now at Jacksonville where they landed Monday afternoon after piloting a De Havilland plane from San Antonio in nine hours and 10 minutes flying time. Early in May they completed the first lap of the coast-to-coast trip by flying from San Diego to San Antonio in 11 hours and 33 minutes. Authority from the chief of the air service is now awaited for making the one day flight across the continent.

LITTLE OMOGENE LAYNE DIES AT BURKSURNETT

BURKSURNETT, TEXAS, July 6.—The funeral of little Omogene, a year old daughter of Mr. and Mrs. Shannon Layne, was held at the family residence in this city Wednesday at 3 p. m. Interment in the Burksurnett cemetery. The little girl was stricken with typhoid fever and other complications set up from which she was unable to recover, and she died Tuesday, July 4, at 1:30 a. m. Hugh Layne and family of Monday, Texas, at brother of the bereaved, and Jim Munday of Munday attended the funeral.

DEAF WOMEN THREATEN BRAZILIAN COTTON CROP

WASHINGTON, July 6.—Leaf worms threaten the Brazilian cotton crop, the commerce department was advised by Consul General Cavalli at Rio de Janeiro. Cotton fields of Sao Paulo have been invaded with considerable damage, he declared, and cold weather favors the spread of the plague but efforts are being made to combat it.

Find Bodies of Man and Woman In Kansas Park

SMITH CENTER, KAN., July 6.—Tourists camping in the city park at Kensington, near Here, yesterday found the bodies of a man and woman shot to death in the park. They were identified as the divorced wife of Warren Wood, Kensington, and W. J. Allan of Denver, Colo. Mrs. Wood had been shot four times in the back and Allen had two bullet wounds in his left breast. A note found with a bankbook in Allen's pockets stated he and Mrs. Wood had been living together in Denver three months, that he furnished her money with which to obtain her divorce from Wood but that when she left him to visit her parents, Mr. and Mrs. Patrick Smith of Kensington, he became suspicious as to her fidelity to him and determined to follow her. The note also told of his plan to kill both Mrs. Wood and himself when he found her. Allen's body was found lying face down across Mrs. Wood's body.

Two Young Women Will be Deported Threaten Suicide

BALTIMORE, July 5.—After close questioning for two hours by immigration officers yesterday Anna Videnko and Eugenia Bonar, young women who arrived Monday as stowaways on the steamship Manilowa, were ordered deported to Russia. The women claim to be opera stars. An appeal will be made to Washington. Dishonor, torture, imprisonment and probable death, the refugees say, will be their lot if they are deported. "We cannot believe that they will be sent back," said the young women. "The Americans have been kind and generous and so good to us and to thousands of our suffering countrymen that we think it is impossible that they will allow us to be sent back to be killed." They declare they will commit suicide rather than return to Russia.

REPORT CROWN PRINCE HAS RATIFIED ALL OF CONFERENCE TREATIES

HONOLULU, T. H., July 5.—A cable received here from Tokyo by the Nippo Jiji, a Japanese language newspaper, today, stated that the report, Crown Prince Hirohito, had ratified all treaties formulated at the Washington disarmament conference. The government announced, it stated that the provision for the abolition of 13 post-offices in China would be carried out within the year as far as Japan was concerned. Previous dispatches from Tokyo stated that the report would not sign the Washington treaties ratified July 1 by the privy council until the other contracting powers were ready to do so.

Oles Insists He Is Still Mayor Of Youngstown

YOUNGSTOWN, OHIO, July 6.—Despite City Solicitor Jess Leiginger's official ruling that William B. Oles is mayor of Youngstown and George L. Oles' resignation stands, Oles announced this morning that he would go to the mayor's office today, take off his coat and resume work where he left off last Friday night when he turned in his resignation. "I'm still mayor and I'm going to work at the job," Oles declared this morning. "I may yet have to let the court reinstate me," he said.

WOULD GIVE POLAND SIX OF U. S. VESSELS DUE TO BE SCRAPPED

WASHINGTON, July 6.—Establishment of a new navy for a new republic was the object of a bill introduced yesterday by Senator France, republican, Maryland, to authorize the president to give to Poland six of the American naval vessels which are to be scrapped under the arms conference treaty.

LITTLE PROGRESS MADE AT CONFERENCE OF THE SOCIALISTS OF GERMANY

BERLIN, July 6.—The conference growing out of the proposal that the independent socialists participate in the government are still in the informal initial stage and the plan has not yet been discussed seriously by the majority socialists, officials and social democrats who constitute the other components of the present coalition.

On the other hand, the independent socialists are demanding of their more moderate comrades a positive declaration on some of the outstanding topics of socialistic legislation such as nationalization of the coal and potash mines, for which the majority socialists hitherto have only displayed "platonic affection." Fear that the independent's advent in the government may interfere with Germany's obtaining financial relief abroad in one of the bourgeois coalition parties who are now flirting with the people's party in an endeavor to persuade the latter to take on a leftist orientation to forestall the proposed merger. This is viewed with alarm as an inevitable indication that the government will drift into radical currents as a result of the preponderant number of mandates controlled by both socialist parties.

CHRISTIAN SCIENCE PLANS FOR \$2,000,000 COLLEGE

ST. LOUIS, MO., July 6.—Christian Science leaders are considering the construction of a \$2,000,000 college near St. Louis. It was announced today. It will be the Christian Science college in the world, it was said.

Alkali In Soap Bad For The Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulfield's coconut oil shampoo (which is pure and gentle), and is better than anything else you can use. Two or three teaspoonfuls of Mulfield's in a quart of water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of lather, which is quickly and evenly, and it leaves the scalp soft, the hair fine and silky, bright, and easy to manage. You can get Mulfield's coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulfield's—adv.

Fist Fight Puts Louisiana House Into an Uproar

BATON ROUGE, LA., July 6.—The Louisiana house of representatives was thrown into an uproar yesterday by a fist fight on the floor of the chamber between Senator J. O. Stewart of Lake Charles and Representative F. C. Claiborne of New Roads. The fight followed a tilt in connection with a senate bill which had been referred to the house judiciary committee of which Mr. Claiborne is chairman.

TRADE IN SUGAR FUTURES OPENS AT NEW ORLEANS

NEW ORLEANS, July 6.—Trading in sugar futures began here today on the floor of the Louisiana sugar and rice exchange, the second organization in the United States where transactions in sugar future deliveries are conducted. New York is the only other such market.

NORTH AND SOUTH SIDE STRUCTURES TO COST \$45,000 EACH.

ONE TO BE LOCATED IN GOLF CLUB VICINITY

Site Not Yet Definitely Chosen—Buildings Will Be of Nine Rooms, One Story.

Contracts for two of the new school buildings to be erected from the proceeds of the recent \$500,000 bond issue were awarded by the school board Wednesday night.

The buildings will be erected on the north side and in the vicinity of the Golf club. The location of the latter building has not been determined as yet.

The buildings will be of one story, containing nine class rooms, a principal's office, a combination assembly hall and cafeteria, with kitchen and store room. Each building is designed to accommodate about 350 pupils.

Back of this will be the assembly hall, equipped with a stage, with the kitchen and store room. The other eight class rooms are in the wings, four at each end, with a corridor running the length of the front of the building.

This type of school, it is reported, will be followed extensively in future school buildings. It has the advantage of permitting additional rooms to be constructed without inconvenience, and of avoiding the noise and danger of two-story structures.

Contract for the addition to the Sam Houston school will be awarded shortly. All contracts are subject to the sale of the bonds, which will probably be consummated next week.

FORMER OFFICER IS ARRESTED ON FEDERAL CHARGE

J. R. Spiller, formerly a well known city and county officer, was placed under arrest by federal prohibition agents Wednesday on a charge of having a still in his possession.

Spiller was formerly a member of the city police and later worked as a deputy constable. He was one of the officers who was present at the time the rat was made on the gambling house in New City, at which time two officers were killed.

According to the officers who made the arrest, the still was found in a house next door to the one occupied by Spiller. The house had been rented under a supposed name of "Ray Jones." The lights and gas were also registered under that name.

Judge E. W. Napier of the 75th district court Thursday heard testimony in the case of D. M. Hardy et al vs. L. R. Stewart and others. The case involved the lease contract for a local business block, the plaintiffs seeking judgment in the sum of \$22,000 for money alleged to be due on the contract.

BILL FINCHER SENT TO WESTERN LEAGUE

Spudder Fincher Goes to Barney Burch's Club—Ramsey Leaves For Bonham.

BILL FINCHER.

Bill Fincher, Spudder Fincher, was released Wednesday night by Manager Walter Balm to the Omaha club of the Western league, according to Bill himself, who passed through Wichita Falls Thursday en route to join Barney Burch and his gang, Clyde "Jumbo" Ramsey, also left Wichita Falls Thursday for Bonham in the West Texas league. It is understood that Ramsey still belongs to the Spudders, however, Fincher did not know whether he was traded or sold and the exact nature of the deal could not be learned as President Harvey is out of the city.

The dismissal of Fincher comes as a distinct surprise to many local fans. It was known that Balm would have to cut down his lineup, but few thought that Bill would be one to go. Two years ago Fincher was rated as one of the leading hurlers of the Texas league, but few thought that Bill would be one to go.

NEGROES RECEIVE NOTICE TO LEAVE HOMES POST HASTE

WARNINGS SIGNED "K. K. K." ARE FOUND ON PORCHES THURSDAY MORNING.

APPEAL IS MADE TO ALL LOCAL OFFICERS

Order on Plain Stationery Found on Dallas, Fort Worth and Janopolis Streets.

Negroes residing on Dallas, Fort Worth and Janopolis streets awoke Thursday morning to find a notice on their front porches ordering them to leave their homes that part of the city without delay. The order was signed "K. K. K."

Appeal was immediately made to all local officers and the entire settlement was patrolled early in the morning. As soon as the first one was found a visit was made to the neighbor where it was discovered that a like notice had also been posted there.

These streets include the routing of the paved highway into the city from Clay county and inasmuch as the stationery was plain and the writing very poor, officers disregarded the notices and inasmuch as they were not known to be in the city, they were not taken into consideration.

The substance of the notice was that all "niggers" one and all should take notice of this order and leave the vicinity without further delay or bear the consequences. A thorough investigation is being made by officers.

ROY SCOUTS COUNCIL WILL HOLD COURT OF HONOR FRIDAY

NEGROES REFUSE TO TAKE THE PLACE OF STRIKING SHOPMEN

SPRINGFIELD, MO., July 6.—Twenty-eight of the approximately 100 negroes sent here by the Memphis, Tenn., employment agency to take the place of Pyroco firemen and others who are out of strike, left their jobs this morning after being informed that they were working in a town where a strike existed. The negroes claimed that they were informed at Memphis that they were being sent here to do construction work on a school building. They also claimed they were brought here under armed guards in box cars.

FAIR, TRADE TRIPS, ADDING MACHINES, ROTARY SUBJECTS TO T-S CLIENTELE

More than 1,000,000 adding machines are in use in the United States, according to members of the Rotary club who were told Thursday by George W. Platt, local agent, who made the weekly "classification talk" at the luncheon at the Kemp. Mr. Platt sketched the history of calculating devices from the time of the invention of the Chinese abacus down to the present time.

W. E. Stratton, of Dallas, secretary of the State fair, addressed the club and promised the hearty cooperation of the Dallas association in helping to make the local fair a success. He said that the Call field site seemed suited in every way to a fair, and that he would like to see the fair brought here under armed guards in box cars.

Patrons of the Kemp hotel are now enjoying an added convenience, that of a roof garden. The hotel management has recently finished equipping a portion of its roof space for the convenience of guests. An attractive fence encloses the space, and seats and lights are provided for those who wish to avail themselves of the quiet and cool breeze in the evening.

At present, the roof garden is used only as a "loafing place," there being no provision for dancing, refreshments or other attractions often found in such places; the hotel management established the garden as a place where guests might loaf, read and talk and enjoy the breeze.

LARGE CROWD ATTENDS THE ROBY CELEBRATION

ROBY, TEXAS, July 6.—The crowd that attended Roby's annual Fourth of July celebration yesterday was a record breaker and named without exception to mark the day: the execution of the hanging rider who was slightly injured by a horse falling on him. The force of peace officers for the day kept order and the celebration was a success. There were no candidates for state office here during the day, the speaking being done by district and county office candidates.

The amusements consisted of sack races, sweep stake races for boys, and fat men races, wrestling matches, etc. The legion band from Sweetwater furnished some excellent music for the occasion. All entertainments except the ball game were free. Roby and Nolan riders one of the swiftest ball games of the season, the score being two to nothing for Roby. The day's attendance was something like 2,000.

JUDGE HOLDS CONTRACT MADE BY CORRESPONDENT

Judge H. R. Wilson Thursday found for the plaintiff in the case of Swan Petroleum company against J. P. Cranfill and others. The court held that a contract was in existence by virtue of correspondence. The suit was for performance of the alleged contract, which included the leasing of 160 acres of land in this county for oil and gas purposes. The court also found that a reasonable market value for the land was \$50 an acre. The defendant accepted the court's ruling and filed motion for new trial.

AMERICAN CABLE IS THREATENED BY IRISH IRREGULARS

BY Associated Press. CORNELL, July 6.—Word has reached here that the cable station of the Commercial Cable company of New York at Waterville, the terminus of the trans-Atlantic cable, has been threatened by the irregular Irish forces, who have seized property of the company and its employees, terrorized the families of the employees and have demanded the key to the school quarters, to be used as general headquarters of the Irish forces. Waterville is on Mullinaculling bay at the southern extremity of Ireland and is the landing point for a large number of cables connecting with the United States.

Spudders Are Helpless Before Pate's Offerings And Cats Annex Fifth

FORT WORTH, TEXAS, July 4.—The Spudders started off in whirlwind fashion yesterday and had a regular jamboree while Bill Whittaker served 'em up for two-thirds of an inning, but when the Bussers were pulled and Joe Pate sent in for the second time during the series all the joy was taken out of their lives. Joe was just as invincible as he was in his first start, and though the Salmites did succeed in getting one run off him in the final chapter his mates got to Abe Bowman and Babe Ruth a plenty and won the fifth and final game of the series 4 to 1.

ENGINE SEIZED WITH WANDERLUST AND STARTS AWAY

KATY ENGINE WANDERS DOWN DENVER TRACKS TO SUNSHINE YARD.

NO DAMAGE CAUSED BY WILD MONSTER

Reported Story That Engine Had Been Stolen Is Discredited By Officials.

A Katy switch engine that was parked in the neighborhood of the union depot Wednesday night was suddenly seized with wanderlust and started on a journey all by itself, unaccompanied and alone.

The huge monster made all the switches and finally found its way to the Denver tracks and started on its way to Denver. At the Sunshine yard, however, it lost its impetus for some reason or other and stopped. A train coming towards the city noticed the blockade and was bringing it back to town when it was discovered that the engine had gone out as a searching party.

No damage was caused by the runaway although it might have ended disastrously.

A story was circulated through the city Thursday morning that the engine had been stolen by strikers and run to the point where it was found and left there to do what damage it might. This story is absolutely discredited by railroad officials.

The theory expressed is that a leaky throttle permitted steam to escape and started the locomotive on its own accord.

FORCE OF WORKMEN MAKE PREPARATIONS TO RE-OPEN MINES

PITTSBURGH, PA., July 6.—

Forces of workmen today began cleaning up two mines in the Pittsburgh bituminous coal preparatory to operations under a scale which the Pittsburgh Coal Producers' association offered to miners and which the miners rejected before the strike became effective April 1 last. Several days will be required to put the properties in condition to hoist coal. They were under guard by Washington county deputy sheriffs and early reports from the mine said there were no disorders.

NO ACTION IS EXPECTED BEFORE MONDAY MEETING

WASHINGTON, July 6.—Pending the outcome of next Monday's meeting of bituminous coal operators and miners' representatives, it was believed improbable that any conclusive action toward settlement of the anthracite controversy would be taken at the second meeting today of that branch of the conference called by President Harding to consider means of settling the strike in union coal fields.

Indications were, however, that definite settlement proposals would be advanced by both sides in the anthracite conference, which, unlike the bituminous negotiators, having powers merely to suggest action by their associates, constitutes actually a joint wage negotiating group. It was believed the union contingent was prepared to offer to negotiate a new wage contract on the general basis of scales existing March 31 while the operators, asking a reduction of wages, would propose arbitration by President Harding as a means of settlement.

BAYS WOMEN OPPOSE CHANGE IN DRY LAWS

EVANSTON, ILL., July 6.—

Many prominent women of America differ with Miss Elizabeth Marbury, New York authetic and publicist, and are unalterably opposed to any change in the prohibition law, according to the Union Signal, the official organ of the National Women's Christian Temperance union.

Miss Marbury was quoted as saying at a recent meeting of the association against the prohibition amendment:

"The women of this country were the first to demand prohibition and they will be the first to repeal it. The Union quotes several prominent women to support its contention."

FIND 150 POUCHES OF RIFLED MAIL IN DEPOT AT MEMPHIS

MEMPHIS, TENN., July 6.—

Mail thefts believed by postoffice inspectors to amount to many thousands of dollars were discovered yesterday when 150 pouches of rifled mail, many in sealed and wrapped packages of missing parcel post packages were found in an abandoned elevator shaft at one of the railroad depots. Five negroes are held in connection with the thefts.

One of the negroes told postal officials, they declare, that parcel post packages have been removed from the trucks as they were being moved from the trains. He admitted, they said, that he had been stealing packages since last year, but much of the mail found in the stolen pouches today was postmarked 1919 and 1920.

ARMY OFFICER KILLED IN VETERAN'S CRISIS FIGHTING

VERA CRUZ, July 6.—

Fighting among the striking members of the tenants' syndicate resulted in the death of an army officer and the serious wounding of two other officers and seven civilians. The tenants have refused to pay rents. Soldiers were called out but their officers were attacked with knives when they attempted to pacify the mob. The arrival of reinforcements restored order.

PRESIDENT MAKES THE RETURN TRIP BY WAY OF COLUMBUS

COLUMBUS, OHIO, July 6.—

Driving from his home town of Marion in one hour and 41 minutes, President Harding arrived here at 1 o'clock to participate in a celebration to be given by the Columbus republican club.

MARION, OHIO, July 6.—President Harding, who was here today as they prepared to leave on their automobile trip back to the white house. Their schedule called for a getaway from Marion before noon with Columbus, 50 miles away, as their destination.

Tomorrow morning the presidential party will leave Columbus with the expectation of arriving in Washington either late Saturday or Sunday. The national road which was traversed most of the way on the trip to Marion will be followed on the return journey.

His Columbus relatives and former neighbors, away from the cares of office, has proved invigorating to the president. His efforts to conceal his regret that he could not tarry longer among them. Aside from four appearances in public, Mr. Harding kept himself pretty much in seclusion.

Marion residents who had expected him at present there is no opening across the railroad tracks.

After dispersing with the highway controversy the council members gave permission for W. S. Ellis to erect a filling station at 1925 Tenth street.

No other business coming before the council, the meeting was adjourned.

GENDRAMES POLICING THE VATICAN HAVE MUTINED

HOUSTON MAN DIES WIFE ADMITS SHE DID THE SHOOTING

HOUSTON, July 6.—

Dan W. Ryan, 45, president of the Buffalo Bayou Band and Shell Company, died at 3:45 a. m. today from wounds received at 11 o'clock last night when he was shot on the Clinton road. A charge of murder was filed against his wife.

Mrs. Ryan did not make a statement to reporters, but her attorneys said that she admitted firing the fatal shot. Her attorney said she told him she followed her husband, discovered him with another woman, accosted him, that she threatened her and that she then fired.

She is about 30 years old and formerly lived in Lake Charles, La.

WIDOW OF OFFICER IS ENTITLED TO THE REWARD

AUSTIN, July 6.—

The attorney general is in opinion today that rewards offered by the board of prison commissioners for capture of an escaped convict should be paid to the widow of the officer killed in attempting to capture the convict, provided the convict is killed or caused to be returned by the sheriff.

There is Strength in Every Tablet

One dose often helps convince you to search your mind for the cause of your nervousness. Numbness from a nerve is a warning sign. It is a warning sign in your blood. It is a warning sign in your system. It is a warning sign that it will not insure the health of your body. It is a warning sign that you are not strong enough to absorb and assimilate the food you eat. It is a warning sign that you are not strong enough to resist the attacks of disease. It is a warning sign that you are not strong enough to live a long and healthy life.

NO CONFIRMATION BIELASKI CONVICTED WITH KIDNAPPERS

WASHINGTON, July 6.—

Reports in Mexico City that legal proceedings were contemplated by Mexican officials against A. Bruce Bielaski on charges that he had conspired in his own abduction by bandits recently near Oueruayaca, lacked confirmation today at the state department. No word has come, it was said, from Charge Sumnerlin to indicate he had been advised by Mexican federal authorities that they suspected the Bielaski incident.

Mr. Sumnerlin discussed the case with President Obregon's minister during the time Thursday morning he made representations, urging the rescue of the former head of the department and later for the apprehension and punishment of the abductors.

ROUTE CONTROVERSY TO GO BEFORE COURT BY INJUNCTION

THE CITY COUNCIL SITTING IN

an special meeting Thursday morning passed a resolution instructing the city attorney to get out an injunction to prevent further work on Fort Worth street. It is understood the suit is a friendly one to get the route controversy before the court.

The controversy caused by the various routings of the Meridian Highway through the city of Wichita Falls has been pending by the city council and the county commissioners for some time.

The proposed route which is now favored by the city officials will bring the highway from Fort Worth street by way of Denison street to Jalonic, and from Jalonic to Lamar. A special road will have to be opened to connect Jalonic with Lamar.

At present there is no opening across the railroad tracks.

After dispersing with the highway controversy the council members gave permission for W. S. Ellis to erect a filling station at 1925 Tenth street.

REPORT ATTEMPT TO ASSASSINATE SOVIET DELEGATES

TIMES DAILY MARKETS

COTTON MARKET.

New York Cotton.

NEW ORLEANS, July 6.—The cotton market opened easy at a decline of 11 to 22 points in response to relatively easy Liverpool cables and sold about 25 points net lower during the early trading with October touching 24.4, or within 4 points of the lowest price touched on the day of yesterday morning. Liverpool was a moderate seller here, while there was further scattering liquidation on commission house selling, but the offerings were not heavy and the market was comparatively quiet. Private cables said that bulls were reselling in the Liverpool market and that sentiment there was moderately bearish. There was some scattered local buying on the decline here owing to expectations that there would be bullish comment on the boll weevil situation in that weekly report of the weather bureau.

The weekly report of the weather bureau proved a little more favorable than expected and prices came off after its publication under liquidation by the department of agriculture. October sold down to 23.50 and December to 22.10, or about 34 to 40 points below the high records reported in the public report on Monday. There appeared to be a little general buying of the market, but the closing was quiet in the noon hour.

The details of the weekly weather report were considered by the market and helped the early advance in the afternoon which carried October to 22.10, or about 12 points from the lowest. Except for a few scattered orders, the market was reported, however, and the rally was not fully maintained with prices closing about 25 points net lower around 2 o'clock.

Selling increased again under the influence of continued dry weather in the interior and the outlook for the first hour amounted to a good part of the bulk. In the afternoon prices were 38 to 41 points under October's final with October off to 22.01.

New Orleans Cotton.

NEW ORLEANS, July 6.—Absence of news over the belt and a poor Liverpool market caused a decline in cotton prices today which, in the first hour, amounted to 21 to 22 points. October falling to 22.10. Selling was more scattered than general but the market got very quiet after support.

The weekly crop reports were at first regarded as fairly favorable and the decline was widened to 21 to 22 points, October falling to 22.05, but the trade came to the conclusion after more mature consideration, that the report to some extent mentioned of the weevil 60 to 65 percent really favorable. Moderate buying in and at 11 o'clock October stood at 22.21, with the list at net declines of 45 to 60 points.

NEW YORK STOCKS

NEW YORK, July 6.—

Covering of short contracts in the foreign oils and buying of rails based on the historic view for an early settlement of the strike were factors in the firmer tone of today's early stock market. Mexican Petroleum and Pan-American A registered initial gains of 31 points with further strength in common, California Petroleum and General Asphalt. Studebaker rose 14 points and Graciette and Baldwin Locomotive strengthened. Atlantic Coast Line featured the rally, rising 31 points in the first few transactions. Louisville and Nashville, Canadian Pacific and Missouri Pacific preferred also were substantially better. Nova Scotia Steel was the one weak issue, declining almost 4 points.

Accumulation of high grade railroad shares tended to revive bullish operation in other quarters and even caused a substantial rally in the Mexican oil stock. Bullish aspiration was derived largely from declining money rates, record prices for Liberty bonds and the encouragement of the treasury in the early trading outlook in many industrial stocks. Practically all of the popular stocks advanced in the market's strength, with equipment, steel and food issues making a particular feature of the advance. American Electric Supply gained 5, American Waterworks preferred 3, Deloitte American Locomotive 2, and Delaware and Hudson, Great Northern preferred, Baldwin Locomotive and American locomotive 2 to 2 1/2.

The closing was strong; sales approximated 70,000 shares.

GRAIN AND PRODUCE

CHICAGO, July 6.—

Wheat—Wheat underwent a decided setback in price today during early transactions. Houses with eastern connections were heavy sellers and crop developments were generally favorable. Reports of lessened chances of black frost damage had a bearish effect. The opening, which varied from 1 1/2 to 1 3/4, declined with September 1 1/4 to 1 1/8, and December 1 1/4 to 1 1/8, was followed by a material additional drop in values.

Around 11:15 for September commission houses became good buyers and caused a moderate rally. Bullish European crop estimates together with announcement of a decrease in the available supply total assisted the recovery somewhat. Prices closed unsettled, 1 1/2 to 1 1/4 and 1 1/4 to 1 1/8. Rains in the corn belt eased the market for corn and oats.

Times Want Ads

The Difference in Advertising Is the Difference in Men

Of itself, advertising is little. And the differences in it are the differences which exist in men. Just as some men are strong and virile and interesting, so is some other advertising. "Does it pay to advertise?" It pays those men who are keen enough students of the public to make it pay them. It pays those men who are truthful, sincere, interesting and believable. It pays the men whose product deserves the payment, whose brains are keen enough to organize for success and judge enough of the human mind to know how to tell their story with sincerity and interest. So when you judge advertising, judge it by how it is used and by whom—not of itself and of itself alone. Remember, an ugly man looks just as ugly in a mirror.
