SIX HUNDRED MORE DEVELOPMENTS IN MINERS CALLED OUT COAL CONTROVERSY NO REASON ASSIGNED

MUSKOGEE, OKLA., July 20.

-Six humired coal miners in

Oklahoma, Arkansas and Texas,

who have been permitted to

work since the national coal

miners' strike that began April

1, were today ordered out on strike by John Wilkinson, pres-

ident of district 21, United Mine Workers of America. These men

have been working at mines en-gaged in supplying hospitals, ice companies and public utili-

ties with fuel in the three states

which comprise the district.
Wilkinson's order came from

ndianapolis to Secretary-Treas-urer Eugene Ross and was im-mediately communicated to all members of the district execu-tive board. It was not accom-

panied by any explanation.

Most of the coal produced in
Oklahoma for utilities comes
from the Henryetta field.

GOVERNOR'S REPLY OF A HUMOROUS NATURE

Noted Editor Says Order is in famous Infraction On Free Press and Free Speech.

By Associated Press.

TOPEKA, KAN., July 20 .- "Henry d me," the one governor Henry Allen and other William Allen White, close friends for many years, fellow travelers, both with national reputations as publicists and editors, co-workers overseas during the world war, and two of the chief political leaders of Kansas, today differed materially. The Kansas court of industrial relations of which Govenor Allen was the chief sponsor, was the point of dissension. Mr. White, publisher of the Emperis Gasette, rising to a point of personal privilege, posted in the window of his newspaper office a pigcard espousing the cause of the striking railway shopmen and ex-White, close friends for many years striking railway shopmen and expressing sympathy for their an-nounced stand for "living wages and fair conditions." DESCRIBES STRIKE AS MORE EFFECTIVE DAILY

Charges Railroad Stand On Seniority Question is Only Camouflage.

CHICAGO, July 20.—B. M. Jewell, president of the six federated shop crafts, predicted today that the railroads will capitulate and settle the strike within two weeks.

The strike is becoming more effective daily, he said, and "the roads will yield as seen as we bring them to their knees."

to their knees. The railroad executives stand on the seniority question was char-acterized by Mr. Jewell as comou-flage designed to cover up the real issue—a national adjustment board. The executive board of the strik-

When the national agreement was up for revision last year, the question of a national adjustment board was broached by the unions but nothing ever came of it.

Mr. Jewell said today that the unions opposed regional boards because two or three different bodies in different sections would be tryrules on various parts of the same system and nothing but confusion would result. "Regional boards," he said, "would mean war and not peace on the railroads."

REFERS TO CASE IN THE TRAVIS COUNTY COURT

Says Governor Has No Word Of Encouragement For Judges Seeking to Enforce Law.

GRANBURY, TEXAS, July , 24,-In his speech at Granbury, Harry T. Warner, candidate for governor, had this to say of the Ku Klux

"I see a warning in the fiery cross. It is a danger signal to the people of Texas who believe in liberty and constitutional government. The kian has already gained such power that it can balk the courts; and in proof of that I cite to you the eventuation in Texas county. and in proof of that I cite to you the experience in Travis county, where a learned and fearless district judge has sought for months to ascertain through the grand jury the truth concerning the slaying of Peeler Clayton. He has not been able to do so. The members of the klan have refused to reply to questions. They were fined and they carried their case to the high courts and were told they must answer. carried their case to the high courts and were told they must answer.

Having been very closely confined to the duties of my office during the past few weeks, I have been unable to make as complete a canvass of the county as I would like to have made. I am therefore taking this method of meeting you and soliciting your vote and influence in the coming election.

The following is a short history of my education and

I was born and raised in Texas and have studied Civil Engineering four years in Texas Agricultural & Mechanical College and have had Civil Engineering experience in various points in Texas since leaving college in 1915. I served in the World War as a member of the Corps of Engineers and received an honorable discharge. I have resided in Wichita county a number of years and during most of that time was employed by the Engineering Department of Wichita. County Highways as Assistant County Engineer. Upon the resignation of Mr. J. D. Metcalfe, former county surveyor, I was appointed to fill the unexpired term.

Feeling that I have discharged the duties of the office in a sat-isfactory manner, I am now a candidate for re-election and re-spectfully solicit your vote and influence.

vice president or as liquitenant governor.

Therefore, when the democrats of Texas come to nominate a candidate for lieutenant governor on July 22, they must as intelligent citizens apply this test to each candidate:

Would he be acceptable as governor in the event of a vacancy in that office? Is he of the character and ability that would meet the requirements of the governorship if events should call him to that high office?

Texas A. & M.

In speaking of the lieutenant governor's race the Houston Post, July 5, very aptly says.

T. W. DAVIDSON FOR LIEUTENANT GOVERNOR

The office of lieutenant governor is one of prime importance only in the contingency of a vacancy in the office of governor, by death, resignation or impeachment.

The constitution of Texas makes the lieutenant governor president ex-officio of the senate, not because the senate needs his services, but rather because the presidency of the senate enables him to become somewhat acquainted with the business of the government should he becalled to the head of it.

In some states there is no such office as lieutenant governor. In Georgia, the president of the senate chosen by the members, is in line of gubernatorial succession if a vacancy occurs, but this plan denies the people of the limit of States choose a vice president or the people of the limit of the sex and the choice to be made-on July 22, and the choice for continuity that the executive office when a vacancy occurs.

It is true that frequently little care is exercised in nominating candidates for these offices, but the fact does not render it less fimportant to nominate for these contingent honors only men of the high-est quality, for the vacancies do cocur. A vacancy has occurred five magistracy of the state.

POLITICAL EFFORTS OF THE KU KLUX KLAN.

Self respecting American-citizens vote for candilates of their own choice,

That is why efforts to deliver any particular group American voters to any candidate have always ailed, and if the spirit of Americanism survives why such efforts will always fail. It is the reason why efforts of leaders of the Ku Klux Klan to put through Klan tickets will fail. No self respecting Klasnman, he remains a self-respecting American, is going take orders from any Kleagle, Cyclops, Terror, Dragon, Goblin, Hocus Pocus, Ding a Dingus, Kum Kwat or What Not as to how he shall vote, and it is milikely that any great number of them are going o pay any attention to the Klan tickets that are being put out for their guidance.

That leaders in the Klan are making an effort to ercise political authority is being proven in many ties in the state where lists of candidates with the Klan endorsement have been printed and srculated. In some communities these tickets cover offices "from constable to governor" as those at to be "naturalized" have been told. These tickets without exception have endorsed Nett for povernor, Johnson or "Billie" Mayfield for lieutenant-governor, and Henry or Mayfield for senator, howing that the Klan is carrying on a statewide ampaign. The effort ought to disgust all self-reeting Klansmen.

And a disgusting controversy has arisen among ne of the higher-ups in the Invisible Empire over senatorial contest. Some of them are for Bob mry but the majority appear to be for Mayfield. After it had been decided in a conference at Waco to leave the field clear in the first primary between Henry and Mayfield it appears that a move- "Who is this boy, who has caught your eye! ment was started in the grand palace at Atlanta. Georgia, to eliminate both Strong and Henry. has already gotten out, but Bob Henry is tercising his American privilege, apparently withut the consent of the Imperial Wizard, and is stayg in the race.

The controversy has getten to the public through publication in the Dallas News of the letter of ignation of E. J. Clark of Waco, Grand Titan rovince No. 3, General Counsel Realm of Texas, aights of the Ku Klux Klan, to Dr. H. W. Evans. perial Dragon, at Atlanta, Georgia.

It shows that while Knight Henry was going about over the state of Texas holding aloft the "flery cross" an attempt was being made in the imperial palace at tienta to crucify him politically upon a double cross. It is barely possible that the same thing may have happened for some lesser offices in a number

TODAY'S TALK

EUGEN HAMY.

The subject of this appreciation is a barber in New York City. He is not only one of the best bar bers I have ever known, but he is a man that any one might be proud to have as a friend,

You no sooner sit in Hamy's chair and he begins his work on you than you feel the inspiration of his fine, clean mind and character as a man,

The manager of the hotel in which he works, told ne of Hamy, remarking that he was a fine worknan. And so I often go miles out of my way to have Eugen Hamy cut my hair!

One day a man came into the shop where this barber works and sat in his chair. He told briefly what he wanted. In a few weeks the same man returned to the city and hunted out the same chair. Without a word from the customer, Hamy repeated what he had requested before on his previous visit The gentleman smiled his appreciation. It later developed that he was the manager of a hotel in another city.

You see, one never knows whom he may be serv

courtesy, consideration and efficiency of Hamy that he nut him in the way of securing a very big barber shop managership. I hardly think that he will ac cept it, however, for he isn't the type of man who jumps at things quickly. One thing I am sure of, though, and that is that he will some day own his own shop-and that it will be one of the best in the

For real ability and solid character always walk on-and up!

The other day when my friend was cutting my hair, he told me a story: A gentleman was so pleased with the service he had gotten from Hamy that he said he would be back one week from that date. Business made it impossible, but did he for get to let Hamy know? He did not. He sent him a letter stating how sorry he was and expressing his appreciation of such service.

I looked at the letter, as my barber friend's face shown—and at the bottom was the signature of one of the business giants of America, whose name is household word almost around the world.

What a rare exchange—service for appreciation!

There's more to a lad than a man would think, You may read a book in a single day And know the tale when it's laid away You may glance at a canvas wondrous fair And see the skill of the painter there, But you've got to stay close to the boy to know The sort of a man that Time will grow

Now I thought him only a youngstef small, Till he got me out for a game of ball, I'd heard him tell of the times he'd played But I little dreamed of the strides he'd made And I thrilled with pride when I came to know That my boy could catch and my boy could throw And I watched him with wonder in my eyes. Gracefully taking the tallest flies. said to his mother when I came in, "Well, I've found a boy with a happy grin, And I've discovered a lad tonight Whose eye is keen and whose heart is right. He has strength and courage and he can throw The way I could in the long ago-"

There's more to a boy than his hats and shoes And the thing you buy for his hands to use, There's more to learn than his slightest whim, There's denth and breadth to the soul of him He is growing up, and unless you stay Close at his side he will grow away, But in all that he does if you watch to see, You'll catch some hint of the man he'll be. FLAHERTY DECIDES TO JOIN SPUDDERS IN DALLAS

Former Gasser Hurler On Way From Hot Springs; Harvey Receives a Jolt

BY PAUL W. LARKIN. Pitcher Pat Flaherty is on hi way from Hot Springs to join th Spudders in Dallas, according to word received here from Walte Salm Thursday. Flaherty wired the Salm Thursday. Flaherty wired the skipper Wednesday that he was ready and anxious to join the Salmites if they would make up the salary he claims is owed him by Shreveport. If not, he stated that he would leave for Cincinnat Wednesday night. Salm immediately got in touch with him over long distance and some sort of satisfactory arrangement must have been tory arrangement must have been made as Pat stated he would join right away in Dallas. His decision to join comes at an opportune time since Salm is up against it for hurl-ers now worse than at any time this

Wichitans who witnessed the opening game in Dallas Tuesday claim that H any manager was in a terrible fix for hurlers, Salm was. When Ruth received his lacing Wal-ter had absolutely nobody left to rush into the breach except the rush interest. Wheeler had pitched nine innings the previous day and was in no condition to go in. Mowas in no condition to go in. Mo-kan had worked the two previous days and had not recovered from the effects of halting the Cats twice. Vio Keene had injured his foot on the way to the ball park and it is not known how long he will be out. He slipped one of his "dogs" under He slipped one of his dogs under a jumper seat in the car which was taking them to the park just as Salm was pushing it down. Perdue was siready out of the way and the skipper had nobody left.

Severe Blow to Harvey. When President R. O. Harvey of the Spudders received a telegram from Barney Dreyfuss, Pittsburgh mogul, Wednesday afternoon that Jack Hollingsworth had absolutely Jack Hollingsworth had absolutely refused to play ball with Wichita. Falls, the Spudder prexy was just about the sickest human in Wichita Falls. Coming as it did, on the heels of the Chicago story that Alex Freeman had jumped organized baseball, it is no wonder that he felt accomplishing inside of him crack. He ething inside of him crack. He felt that all his labors of the past felt that all his labors of the past month had gone for naught as prac-tically every slabster upon whom he had counted failed him.

During a lengthy interview Mr.

Harvey showed the writer a stack of telegrams which resembled a Western Union file. That the Spudder boss has left no stone unturned to land capable hurlers was suffi-ciently brought out by a perusal of the messages he has sent and re-ceived. Freeman was offered as much money as could possibly be offered a Class A player and was also offered transportation to and from Chicago for himself and wife. But Freeman has cooked his own O.B. for a number of years. Mr. Harvey expects a ruling on his case from Judge Landis any day. Over a dezen messages were sent to him and President Vecck of the Chicago

Cubs in an effort to land him, but more than could be expected from a man of his type. It is supposed that he refused to come sinca Walter Saim is pilot of the club. His run with Walter dates back to the cri cial Labor day series in Fort Worl cial Labor day server in when he rifused to go into the box thoughthere was absolutely nothing the matter with him. It was a case of tter with him. It was a many local fans and every member of the Spudders who was with the of the Spanders. Walter told him few things which he resented, by Walter didn't tell him half enough There is no doubt but that he would have won here had he reported an tried to pitch, but the chances ar that he would have gone about hi work in a half-hearted manner if I had consented to join.

Wants Helly Any Way. Just what will become of him no not known. He said he would re tire rather than play here. Preside: Harvey immediately wired Dreyft to turn him over to Wichita Fal and then let him retire. An inde pretty pass it the player is going to dictate as to where he will play. Whether Dreyfuss will turn him over to the Spudders is a question. If he does, it will be some time before Hollingsworth will play ball

when Miller was sent to the Pi-rates the understanding was that notingsworth would report here immediately and that Dreyfuss would have first chance to purchase him back at the end of the season. Since he failed to come, Harvey will demand immediate payment from Dreyfuss for Miller and states that will use the money to purchase

he will use the money to purchase a hurler. A telegram sent to Dreyfuss Thursday morning, however, demanded a pitcher just as good as Hellingsworth.

A deal is also under way at present to land Winters of the Philadelphia Nationals, The outcome should be known within a few days. The Phillies are in Pittsburgh at esent and Dreyfuss may be able fix things up.

Big Leaguers Find New Field In Coaching College Teams

Left to right: Jack Coombs, Carl Lundgren and Jack Barry,

The standard of play in the collegiate ranks throughout the country was exceptionally high.

With the season over, a number of players who have graduated are

about to seek new fields to conquer by entering the professional ranks.

Some 50 college ball players have been signed by the majors and miners of a higher classification. In all probability a hundred more "Rah! Rah!" stars will be given a chance to show their worth in the smaller minor leagues.

Four Spudders Given Specal Prizes Gate But Giants Are Offeed Nimm Overwhelmed 12 to 2

DALLAS, TEXAS, July 20.—The but the Salmites increased their to-tal before he retired the side, Rain interrupted the game for Spudders landed on the offerings of Russell, Selffert and Hill in the last about 20 minutes. The box score: two innings of yesterday's game with the Giants and won easily by
the score of 12 to 2. The contest
was marked with continual wrangling among the players and umpires
and among the players themselves.
Five athletes were ejected by arbiters Sweeney and Hill during the
fray. Four of them were Spudders.

ling among the players and umpires and among the players themselves. Five athletes were ejected by arbiters Sweeney and Hill during the fray. Four of them were Spudders. Frank Kitchens and Cal Segrist were the first to be parked. They started to mix it up in the opening inning when the latter was at bat. Kitchens accused Segrist of using abusive language while he was arguing over a pitced ball and he proceeded to go after him with his mask. Both players were chased, aided by the police.

In the next chapter Russell directed a few unkind remarks at the Spudder bunch and dared anyons to come after, him, Bob Bescher com-

come after him, Bob Beacher com-plied with his request, but the police got him away before any damage was done.

Later on Lovelace palpably inter-fered with Buddy Tanner at third base as he tried to complete a dou-ble play and when Buddy protested too vociferously Hunter Hill waved him to the bench.

Manager Salm was the last to go.

He won his argument, however, before he went. The difference of opin-

ion cropped out on what proved to be the winning run. Walter and Sweeney were the participants in the verbal battle. It came up over a bunt of Shorty Adams' which sent the winning run across the plate. Steve Mokan had the better of the pitching argument all the way through. He showed no signs of weakening at any stage and allowed only four hits. Galloway started

two innings with two of the four hits—a triple and a double, but the Spudder defense came to Mokan's rescue on both occasions. Russell hurled sirtight ball until the eighth, when a collection of in-field hits won the game. Hits of the clean cut variety got him out of the way in the ninth and Seiffert,

who relieved him, fared little better. Cliff Hill wound up the matinee, "SUT SAYS"

Volume Savings Permit Greater Value

There are hundreds of parts in a motor car. Many companies buy all, some makers build a few, of the parts that go to make up a complete motor car. For every part they buy, a partsmaker's profit must be included in the final price

Studebaker builds every vital part. Motors, bodies, axles, transmissions, frames, tops and other parts are designed and manufactured completely from raw material to finished product in Studebaker plants, under Studebaker control and inspection.

The savings, because of tremendous volume, give the buyer extraordinary value. Complete manufacture also ex-

plains the uniform high quality

that you get in a Studebaker car, whether it is a Light-Six. a Special-Six or a Big-Six. And uniform high quality has made Studebaker cars known everywhere for their dependable

performance in owners' use.

LIVESTOCK

New Orleans Cotten.

NEW ORLEANS, July 20.—Heavy rains in the eastern belt and a great deal of boil weevil comment from many sections of the entire belt caused moderate buying of cetton today. In the first hour of the session prices were advanced 8 to 11 points, October rising to 21.98.

The market sagged after the posting of the forecast calling for fair yeather over the greater part of the selt. Some little hedge selling was done by the interior and something of a tendency to sag developed. At 11 o'cleck October stood at 2.85 with pricts, two points up to two points down, compared with yesterday's finals.

CHICAGO. July 28.—With apparent lessened prospects of any immediate settlement of the raitroad strike, prices for wheat tightened up a little today during the early transactions. Some attention was given also to talk about a rally being natural in view of recent declines. Selling lacked volume. The opening which varied from unchanged figures to be higher, with September 1.114 to 1.118 and December 1.134 @1.138, was followed by slight gains all around and then by a moderate setback.

To the VOTERS of WICHITA COUNTY

I take this means of thanking you for your kind and courteous treatment throughout this campaign.

I have tried to keep it clean and believe my opponent has done likewise. If I am elected Tax Collector of this county, it will be my one ambition to render unto the public that degree of service they are entitled to.

I believe in the democratic doctrine of rotation in office, (my opponent is asking for his third term) and will thank you for your vote on next Saturday.

Knights of Columbus Oath

There has been recently published in newspapers in this section and there has been circulated in Wichita Falls what has purported to be the oath of the Fourth Degree of the Knights of Columbus.

This purported oath is both fraudulent and malicious and is bying published and circulated with the purpose of misinforming and misleading the people and inflaming prejudices and passions.

The actual and true oath of the Fourth Degree of the Knig ats of Columbus, as certified to by the Supreme Secretary and introduced in the case of the state of Minnesota versus A. M. Morrison and Garfield E. Morrison, tried at Waterville, Minn. Wednesday, July 29, 1914, an action of criminal libel mvolving the bogus oath, and as printed in the Congressional Record as follows:

The True Knights of Columbus Oath

"I pledge myself, as a Catholic citizen and Knight of Columbus, to enlighten myself fully upon my duties as, a citizen and to conscientiously perform such duties entirely in the interest of my country and regardless of all personal consequences. I pledge myself to do all in my power to preserve the integrity and purity of the ballot, and to promote reverence and respect for law and order. I promise to practice my religion openly and consistently but without ostentation, and to so conduct myself in public affairs, and in the exercise of public virtue as to reflect nothing but credit upon our Holy Church, to the end that she may flourish and our country prosper to the greater honor and glory of God."

(Supreme Council Seal)

"A true copy. Attest

(Signed) Wm. J. McGinley. Supreme Secretary."

Wherever the bogus oath has been published, attention has been called to the fact that it has been published in the Congressional Record. How it came to be published therein is fully explained by Hon. William Kettner, a member of congress from California and a 33rd degree Mason, in a speech delivered in congress and published in the Congressional Record, and which includes the report of a committee of prominent Masons of California who examined all the work, ceremonies and pledges of the Knights of Columbus. This report is as follows:

Report of Committee of Masons

October 9, 1914. We hereby certify that by authority of the highest officer of the Knights of Columbus in the State of California, who acted under instructions from the supreme officer of the order in the United States, we were furnished a complete copy of all the work, ceremonies, and pledges used by the order, and that we carefully read, discussed and examined the same. We found that while the order is in a sense a secret association, it is not an oath-bound organization, and that its ceremonies are comprised in four degrees, which are intended to teach and inculcate principles that lie at the foundation of every great religion and every free state. Our examination of these ceremonials and obligations was made primarily for the purpose of ascertaining whether or not a certain alleged oath of the Knights of Columbus, which has been printed and widely circulated, was in fact used by the order, and whether if it was not used, any oath, obligation, or pledge was used which was or would be offensive to Protestants or Masons, or those who are engaged in circulating a document of peculiar viciousness and wickedness. We find that neither the alleged oath nor any oath or pledge bearing the remotest resemblance thereto in matter, manner, spirit or purpose is used or forms a part of the ceremonies of any degree of the Knights of Columbus. The alleged oath is scurrifous, wicked and libelous, and must be the invention of an impious and venomous mind. We find that the order of Knights of Columbus, as shown by its rituals, is dedicated to the Catholic religion, charity and patriotism. There is no propaganda proposed or taught against Protestants or Masons or persons not of Catholic faith. Indeed, Protestants and Masons are not referred to directly or indirectly in the ceremonials and pledges. The creemonials of the order teaches a high and noble patriotism, instills a love of country, inculcates a reverence for law and order, urges the conscientious and unselfish performance of civic duty, and holds up the constitution of our country as the richest and most precious possession of a knight of the order. We can find nothing in the entire ceremonials of the order that to our minds could be objected to by any per-

There is little that can be added to this plain reproduction of the pledge itself and to the testimony of the emment Masons of high degree. It ought to be unnecessary to have to print this. It is done in the hope that any who may have been misled and misinformed will know the truth and that better understanding which will promote Christian brotherhood and genuine Americanism will prevail.

Wichita Falls' Want-Ad Directory

To the Men and Women Voters of Wichita Falls

Owing to the fact that I have been busily engaged in the discharge of the duties of the office of the Justice of Peace, I have been unable to personally see all of the voters of this precinct to present to them my candidacy for re-election.

During my tenure of office I have strived to the utmost of my ability to discharge the duties of that office impartially and to the end that justice may be done. I feel that I have given general satisfaction to the public and that my service has been of some benefit to the community at large.

It is impossible for me to see all of the voters of the precinct and to personally place before each one just what I have done and how I have discharged the duties of that office. I respectfully refer the voters to any attorney in the city who has practiced before me and I am willing for such attorney to advise the voter just how and in what manner I have discharged my duties.

I hope to be favored with your vote for relection and I especially solicit the vote of the women for this precinct and I pledge one and all, if re-elected, that I will give my entire time and attention to the office and do everything in my power to see that the laws are imparially enforced.

> Yours very respectfully. R. V. GWINN.
