

FIVE COMPANIES REACH DENISON

NEGRO ABDUCTED FROM CHAIN GANG; FATE IS UNKNOWN

LOCAL ARTILLERY UNIT GETS ORDERS, SEEKING RECRUITS

WILL LEAVE HERE FRIDAY MORNING BUT DESTINATION IS UNKNOWN

INSTRUCTIONS CAME LATE TUESDAY EVENING

Present Strength of 55 Men Being Increased by Additions Wednesday

Dr. J. H. Fletcher, captain of the local artillery battery, was increasing the strength of the battery Wednesday, in preparation for compliance with orders received late Tuesday, instructing him to be ready to move the unit Friday morning. The battery will go first to Fort Sill.

The company's normal strength is 55 men, and Dr. Fletcher hopes to increase this to 75 or more before he leaves. Several enlistments were received Wednesday.

Captain Fletcher and Lieutenant Lee will accompany the battery on its travels.

According to tentative arrangements made with the Wichita Falls and Northwestern railroad company, with reference to the movement of the local artillery unit of the Texas National guard, the company will leave here Thursday morning.

The Northwestern will convey the outfit to Frederick and transfer it to the Frisco. The company will be in Frisco by Thursday night.

FERGUSON LEAD OVER CULBERSON IS 19,792 VOTES

DALLAS, TEXAS, July 25.—Ferguson's lead over Culberson increases as delayed returns are received, and Wednesday morning the former governor was a 19,792 vote lead ahead. More than a half million votes have been accounted for.

The vote as tabulated Tuesday night was as follows: Mayfield, 140,250; Ferguson, 110,149; Thomas, 77,994; Owsley, 51,589; Henry, 27,447.

PUBLISHERS ARE CHARGED WITH MAKING A THREAT

WASHINGTON, July 25.—Chairman McCumber of the senate finance committee, declares today that a committee of newspaper publishers had appeared before the committee when the Payne-Aldrich tariff bill was being framed, and threatened to unite against the tariff administration unless newspaper paper was placed on the free list.

Senator Robinson, democrat, Arkansas, demanded that Senator McCumber "inform the senate and the country" who constituted the publishers committee, whether the statement attributed to it had been made in an open or secret session of the committee and why information concerning it had been withheld "all these years."

WASHINGTON, July 25.—A settlement of \$1,000,000 hospital for service men, with facilities for between 250 and 350 mental cases, was announced today by Director Forbes of the veterans' bureau.

DETROIT, July 25.—A Detroit sergeant was killed today at a meeting of the district board.

ST. LOUIS, July 25.—Detective Sergeant James M. Lankford, head of the homicide squad, was shot and killed by two men whom he was attempting to arrest in the business section of the city, this afternoon. The men escaped.

BUSINESS BLOCK IN GRAHAM IS BURNED; LOSS ABOUT \$80,000

GRAHAM, TEXAS, July 25.—A fire which started at 11:30 last night destroyed the entire Lauck-Gallagher block at the corner of Fourth and Elm streets, with an estimated loss of \$80,000. The fire started in the ceiling of a barber shop and is thought to have been caused by a short in the electric wiring. The Graham fire department was on the job and the fire boys worked faithfully, but the fire

had too much headway to save the block. The firm suffering total loss were the Majestic theatre, Home Laundry office and shoe parlor, barber shop, Liberty Cafe, Magnolia filling station, The Smokey and Cook's paint shop. The Corner Drug Store suffered a 50 per cent loss. McCrum sign shop, Texas filling station, Cornish and Bates, and the City Tailors sustained partial losses. The Clifton hotel building was also damaged.

WOMAN AND TWO SONS HELD RESULT SHOOTING OF GIRL

CLIMAX TO SENATORIAL DIVORCE SUIT FILED LAST NOVEMBER

HUSBAND OF WOMAN ONCE DEMPSEY MANAGER

Girl Named as Correspondent by Her Sister, the Accused

NEW YORK, July 25.—Miss Bertha Katz, named as co-respondent in a separation suit filed last November by her sister, Mrs. John J. Reiser, against "John, the Barber," was shot three times and fatally wounded today in her Brooklyn bedroom.

Police arrested Mrs. Reiser and her two sons, Morris and George, and the slain woman's brother, Max Katz, charging each of them with homicide.

At 1:30 Wednesday afternoon word of the negro's fate had been obtained by either city or county officers working on the case.

The negro was convicted of vagrancy, and fined \$200. In police court Monday morning, after evidence was presented that he had been found in a downtown rooming house with a white woman.

The negro's abductors are believed to have taken him southward from near the corner of Eighth and Austin, where the capture was effected. Several statements were made that they planned to administer a flogging or to do worse, was a matter of conjecture Wednesday afternoon.

Information regarding the seizure was obtained with difficulty. The only witness was "Shorty" Gamble, special officer in charge of the negro, said Gamble failed to observe the appearance of number of the white men, the size, make or number of their car, the direction from which they came, or the direction in which they took the negro.

A note reading "Turn the negro over to her," (Sign "McDonald") was presented to Gamble by one of the men. Night Chief R. L. McDonald denied that he wrote the note or knew anything about it.

The party seized Sibley is thought by officers to have numbered four, of whom two actually took the negro, the others remaining in the building.

It was the first day that Sibley had been put to work. Police Commissioner Pitts keeping him in jail for two days after his conviction on account of fears of rough treatment. Wednesday morning the negro was put to work, guarded by Gamble.

The southwestern will convey the outfit to Frederick and transfer it to the Frisco. The company will be in Frisco by Thursday night.

The woman, arrested at the same time as the negro, who was identified as Mrs. Reiser, was held in the city Tuesday.

After the negro's conviction Police Commissioner Pitts gave orders that the prisoner be worked on the streets with a ball and chain on him. These instructions were not carried out until Monday morning.

The seizure took place shortly after 9 o'clock, but the police did not learn of it for about an hour, and it was not until after 10 o'clock that the location could be located.

CULBERSON SUPPORTER TO WORK FOR FERGUSON

HOUSTON, July 25.—Harry V. Fisher, local attorney, a Culberson supporter and the man whose telegram Culberson addressed his telegram several months ago denouncing the Ku Klux Klan, today announced that he will bend his energies toward the nomination of James E. Ferguson for United States senator.

RUSSIAN MAJOR GENERAL FACES THE FIRING SQUAD

MOSCOW, July 25.—Major General Alexander Perkhovoff, who was sentenced to death for leadership of the Yaroslavl mutiny in 1918, was executed yesterday by a firing squad.

ST. CLOUD, MINN. SELECTED FOR VETERANS' HOSPITAL

WASHINGTON, July 25.—Selection of St. Cloud, Minn., as a site for a new \$1,000,000 hospital for service men, with facilities for between 250 and 350 mental cases, was announced today by Director Forbes of the veterans' bureau.

DETROIT SERGEANT KILLED

ST. LOUIS, July 25.—Detective Sergeant James M. Lankford, head of the homicide squad, was shot and killed by two men whom he was attempting to arrest in the business section of the city, this afternoon. The men escaped.

GONZAULAS AND NITZER INDICTED BAIL IS DENIED

BEAUMONT, July 25.—Indictment charging William A. Nitzer, division chief of the general prohibition agents at Dallas, and General Agent M. T. Gonzaulas with murder in connection with the fatal shooting here on election night of Justice H. E. Showers, was returned by the Jefferson county grand jury this morning in district court. Both of the men under indictment were placed in county jail late Tuesday when denied bail following a preliminary hearing in justice court.

Miller Concedes the Defeat of Culberson; To Support Ferguson

DALLAS, July 25.—Barry Miller of Dallas, campaign manager for Senator Charles A. Culberson in the recent democratic primary election, late last night conceded the defeat of his candidate and announced that he had offered his services to former Governor James E. Ferguson, who will be in the runoff with Earl Mayfield, high man, on August 28. Mr. Ferguson has accepted the offer and Mr. Miller is expected to take the stump for him within a few days.

Mr. Miller was himself defeated in Saturday's primary in his race for re-election to the state legislature. He did not campaign in his own behalf, having devoted all his time to stumping the state for Senator Culberson. Mr. Miller, former Dallas politician, is a supporter of Mr. Ferguson, having supported former Governor W. P. Hobby in the latter's campaign against Ferguson. The telegram from Mr. Miller follows:

"Reports show that you are 17,900 ahead of Senator Culberson, in view of this fact, there can be but one place for a real democrat to go. If I can be of any service to you, do not hesitate to command."

AWAIT RESULTS OF EARLY ATTEMPTS TO OPERATE THE MINES

WASHINGTON, July 25.—While the administration continued to await the results of the attempt to operate strike affected mines, at the same time confining its policy in the event of a strike to the interstate commerce commission put into effect today.

The property order issued yesterday established a preferential system for shipment of fuel and food over all railroads east of the Mississippi. Another mandate going into effect at the same time today directs all the roads of the country to disregard established routings in favor of such routing as would expedite movement and avoid congestion.

Producing operators and railroad people were expected to meet today to discuss the proposed emergency control. The president was expected to formally establish the directing agency for the scheme by this time.

CONSTITUTES HUGH JOKE FAY BINKER'S PRESIDENT NEW YORK, July 25.—Importation of British coal to the United States to avert a fuel famine among American industries, "is so apparently futile and absurd as to constitute a huge joke," John L. Lewis, president of the United Mine Workers of America, asserted today.

"They tell me \$50,000 tons of coal already has been contracted for at such a price as to make it impossible, "enough to keep the miners of America digging just two and one-half hours on a day of average production."

"When it is realized that the normal coal requirements of this country are 3,000,000 tons a week, while such a contract would supply only 100,000 tons on the America seacoast is less than 25,000,000 tons a year, it becomes apparent how farcical are the attempts to break the miners' strike with a foreign fuel."

CHARGES PRESIDENT OF UNION "PLAYING HORSE" ST. LOUIS, July 25.—John L. Lewis has indicted John A. Stripes in his mine strike attitude and is simply "playing horse" in asking the operators to another national conference because he knows such a conference is impossible, W. K. Kavanaugh, president of the fifth and ninth district (Illinois) coal operators' association, said today.

REQUEST ASSISTANCE IN CARRYING OUT PROGRAM WASHINGTON, July 25.—State railroad and public utilities commission today requested assistance in carrying out the priority orders for the distribution of coal.

MURKOOKE, OKLA., July 25.—A "qualified reply" refusing to enter negotiations with the coal mine operators of Missouri, Kansas, Oklahoma and Arkansas, was given today by a representative of the miners' union.

Those indicted are Late Young, chief of detectives of Austin and democratic nominee for congress; W. E. Kuyber, an attorney at Camp Mabry; Barnett Miles, United States prohibition enforcement officer, understood to be now stationed in Dallas; and J. J. McNelly, patrolman of the Austin police force.

Peeler Clayton, a taxi driver, was shot one night last December while driving through the streets of Austin. He was indicted for the murder of the "Ku Klux Klan" hit. It is understood a meeting was going on in this hall at the time.

The day after the killing charges of murder were filed against 18 Austin citizens in the justice court. Later charges were filed against the four officers now indicted. Examination of the case in both cases and they were submitted to the grand jury. County Attorney Hornsby said at the time that the officers "had admitted in substance to having fired several shots at Clayton's party, one of which killed him."

MONTEAL REPORTS INDICATE WALKOUT 40,000 INVOLVED

PEACE IN RAILWAY STRIKE SEEMS A REMOTE POSSIBILITY

NO FURTHER SPREAD IN UNITED STATES EXPECTED

No Report on Progress in Effort to Form Separate Agreements

CHICAGO, July 25.—With the government assuming control of freight traffic from midnight last night, the eastern railroads continue their efforts to form new unions of shopmen and indications from Montreal that a walkout of 40,000 Canadian shopmen had been authorized indicate that the railway strike seemed a remote possibility.

On the other hand, good will was apparent in the meetings being held at Baltimore between officials of the Baltimore and Ohio railroad and representatives of the shopmen, which have been regarded as a possible precursor to other individual settlements if successful.

No further spread of the strike was looked for, although 50 main line roads were on strike in Oklahoma, and a number at Moberly, Mo., quit work yesterday because armed guards are patrolling railroad property in those cities.

A resolution adopted by representatives of nearly 300 general chairmen of the clerks and freight handlers union after their meeting here yesterday declared they would resort to their "economic power" if their grievances are not adjusted, but it was believed they would take no further strike action pending negotiations.

Plans have been perfected for delivering mail by motor truck at least once a day to Chicago, Kansas, Oklahoma, and a number at Moberly, Mo., quit work yesterday because armed guards are patrolling railroad property in those cities.

Chicago preparations were being made to substitute oil as fuel for coal in a shortage of coal as a result of the combined rail and coal strikes.

Reports of violence or threatened violence were slightly increased and troops were called out in three new states, while in Montana the Great Northern railroad was promised protection of United States deputy marshals at Havre and Wolf Point, where protection had been asked and any other points where the need might arise.

Denison, Texas, was placed under martial law at 5 o'clock this morning by Governor Neff. Three companies of Alabama state troops were mobilized at Birmingham, Kentucky state troops were ordered to Fonda, near Jellico, Ky.-Tenn.

Reports from Kingsville, Texas, said two non-union workers had been attacked and beaten by a number of strikers.

A special deputy sheriff guarding the shops of the Seaboard Air Line at Jacksonville, Fla., was shot through the leg by unidentified men.

In Richmond, Va., a temporary C. N. Whitehead, chief operating officer of the Katy road, who arrived here last night, stated that the strike "so far as the shopmen on the Katy are concerned is lost."

Resumption of discussion of a SEPARATE AGREEMENT BALTIMORE, July 25.—While none of the men representing the management and striking shopmen of the Baltimore and Ohio railroad would comment on the situation prior to resuming their conference today there was no attempt to conceal their cheerfulness. Inquirers were simply referred to the brief official communique issued at the close of yesterday's meeting which stated that the terms of the agreement were a general discussion of the wage reduction and the various rules and working conditions handed down by the labor board, that no conclusions were reached and that the discussion was harmonious.

Neither would the conference comment on the opposition toward this conference of the national union officers who take the stand that the railroad shopmen must stand or fall as a unit and that no separate agreement with any railroad was proper or possible.

The railroad company was represented as acting entirely alone in this matter. One high official who would comment on the situation (Continued on Page 7, Column 2.)

CALL OUT UNION MEMBERS LEFT ON DUTY IN TEXAS

BERLIN, July 25.—Count Teofilo Rossi, Italian minister of industry, and Count De Neurath, German ambassador to Italy, have signed a treaty which guarantees the return of German property in Italy by the German government.

The German government will buy back the confiscated German property as a whole. It will then be restored to its former owners.

The purchase price is fixed at 200,000,000 lire to be paid in installments, the first falling due after the agreement is ratified. The property already liquidated or nationalized by the Italian government will be excluded from the agreement.

MURKOOKE, OKLA., July 25.—All employees of the coal mines in Oklahoma, Texas and Arkansas since the general strike of union miners here were called out by the executive board of district 21, United Mine Workers of America, which is meeting here.

LABOR COMMISSIONER TENDERS RESIGNATION RESULT TROOP ORDER

DENISON, TEXAS, July 25.—John S. Myers, state labor commissioner, has wired his resignation to Governor Neff, he announced today. He did not state the reason for his action, but friends of Mr. Myers said the labor commissioner's dissatisfaction with the governor's order sending troops to Denison was responsible for his action.

Mr. Myers has been conferring with leaders of the strike for two days. It is said that the shopmen will petition Governor Neff not to consider Mr. Myers' resignation.

DENISON, TEXAS, July 25.—Five companies of the 142nd regiment of Infantry, Texas national guard, remained here this morning to carry out effect the governor's proclamation placing military rule over the Denison military camp. They arrived on a special train from Austin. Colonel C. W. Nimmon of Gainesville assumed command of the battalion.

The troops, who were worn and weary, marched from the M. K. & T. yards where they were detained, to Ford park, where a camp will be laid out. Most of the troops were fed and the hungry militiamen fell in for "chow."

Picket lines were thrown out at once. Without protest strikers moved their picket lines back 1,000 feet from the railroad property, the boundary of military control. Texas rangers who have been on guard duty here are under orders to proceed to Childress and Sherman, which is the military camp. The strikers have been placed under operation of the "open port" law by Governor Neff. The "open port" law is designed to keep open traffic lanes in Texas and the rangers are under instructions to see that rail property and workmen in these lanes are not molested.

Rangers also will be sent to Childress, Temple, Amarillo, Marshall, Lufkin, Kingsville, De Leon, Waco and other places where state property is being molested.

Reports of violence or threatened violence were slightly increased and troops were called out in three new states, while in Montana the Great Northern railroad was promised protection of United States deputy marshals at Havre and Wolf Point, where protection had been asked and any other points where the need might arise.

CHARGES RAILROAD OFFICIALS ATTEMPT TO PUT 'ONE OVER'

CHICAGO, July 25.—Railroad officials of the entire country are attempting to put "one over" on the public, John Scott, secretary-treasurer of the railway employees' department of the American Federation of Labor, charged today.

He denied their claims that transportation is normal, that 100,000 coal cars are ready for Secretary Hoover and the interstate commerce commission; that strikers in the east are going to western railroads and working under assumed names while western strikers are working in the east; and that 60.5 per cent of the normal shop crafts forces are working.

"It's all a big bluff," declared Secretary Scott. "There is just about as much truth in it as there was in some railroad reports that only five per cent of their men walked out when in reality the strike was 100 per cent effective."

GERMANY TO BUY BACK CONFISCATED PROPERTY

BERLIN, July 25.—Count Teofilo Rossi, Italian minister of industry, and Count De Neurath, German ambassador to Italy, have signed a treaty which guarantees the return of German property in Italy by the German government.

MAINTENANCE MEN THREATEN A STRIKE, CHARGE VIOLATIONS

DENISON, TEXAS, July 25.—Five companies of the 142nd regiment of Infantry, Texas national guard, remained here this morning to carry out effect the governor's proclamation placing military rule over the Denison military camp. HEAD OF ORGANIZATION DENIES STRIKE PLANNED

CHICAGO, July 25.—E. F. Grable, president of the International Brotherhood of Maintenance of Way and Railway Shop Laborers, denied reports emanating from his headquarters that 400,000 members of the union were threatening again to strike. Grable said negotiations were proceeding satisfactorily before the United States railroad labor board.

He was filling out cases before the railroad board and expect early hearing," Mr. Grable said. "Any new strike threat is news to me and I just left Detroit last night. Some progress in these matters have had a dream."

Mr. Grable also denied that members of his union in Canada were taking the question of forming a separate union under Canadian management.

"Our men up there are going ahead just as we are here," he said. "They have a labor board and are taking their grievances to it just as we are doing."

URGENT MOVE FOR BETTER TERMS FOR THE SOVIET

MOSCOW, July 25.—An appeal to the world proletariat to bring pressure to bear upon the various governments for better terms for Soviet Russia in its negotiations to establish relations with capitalist countries was issued today by the communist international.

The appeal was made in view of the slow progress of the revolutionary movement abroad, some measures are now necessary to establish connection with capitalists in other nations and to emphasize the fact that soviet government has no intention of making further retreats from communism.

THREE AIRMEN KILLED IN FIRES IN SPAIN

GRANADA, SPAIN, July 25.—An airplane-carrying mail and passenger plane between Rabat and Casablanca, Morocco, fell yesterday near Guadalupe, a few miles from here, after catching fire in mid-air. The three occupants of the machine were killed.

GOVERNOR ASKS FIVE DOCTORS TO EXAMINE VICKERS

FORT WORTH, July 25.—Five local physicians today were asked to examine Ernest Vickers, Bell county youth, condemned to hang next Saturday for the murder of Special Officer J. B. Lopez. The physicians received this request from Governor Neff and are asked to report to him. The governor has been petitioned to commute the sentence to life imprisonment.

### DEFENSE PRESENTS TESTIMONY IN THE CASE OF DR. IRWIN

LAWTON, OKLA., July 25.—The defense today began presentation of testimony before the special commission on the case of Dr. Thomas Irwin, former pastor of the First Presbyterian church here, charged with violation of federal regulations. The prosecution stated yesterday and indications were that at least an entire day would be taken up by the minister in his answer to the charges.

Although the proceedings are kept secret, it is known that Irwin's former members of the church have been called for examination today. The Rev. Irwin is defending himself before the trial body, his attorney having been heard.

### TWO MISSOURI COUPLES ARE HELD BY POLICE TO ANSWER INVESTIGATION

DENVER, COLO., July 25.—Denver police late yesterday arrested Maud Kelly, 17, and Roy Clark, 22, of Mexico, Mo., and are holding them in connection with an investigation of their alleged flight here from that place. Frances Robinson, her chum, 15, who was taken into custody at Cheyenne, Wyo., today, and M. L. Pitta, who was arrested at Fort Collins, Colo., also being held pending investigation in the same case.

The four young people are alleged here about a week ago and it was reported at Aurora, a suburb of Denver, representing themselves as being married.

### Hits a Car With Ford in Avoiding Woman Pedestrian

For a fraction of second Wednesday morning Mrs. M. E. Sevin was driving in the country near Wichita Falls had a choice of running over a woman pedestrian or driving her Ford into a moving street car.

She chose the latter with the result that the axle of the Ford was badly bent and the front wheels damaged.

The accident happened at the intersection of 4th and 10th streets, Mrs. Sevin was delivering milk in her car. She was uninjured.

### Police Are Pelted By Women With a Shower of Bricks

TOLEDO, OHIO, July 25.—Forty women, wives and relatives of striking railway employees attacked a party of non-union railroad shopmen on their way to work in the morning street shops of the New York Central railroad here early today. Police responding to a call for help were met with a shower of bricks and stones which resulted in call for police reserves.

Three patrol wagons filled with officers were rushed to the scene with orders to arrest every woman found in the vicinity.

### BLAME DR. SAWYER FOR POOR CARE THE SOLDIER RECEIVES

ST. LOUIS, July 25.—Charges that Brigadier General Charles E. Sawyer, personal physician of President Harding and chief coordinator of the federal board of hospitalization, was directly responsible for alleged inadequate care of the war veterans in the ninth district, were made in a report of the American Legion rehabilitation committee of the district, made public here yesterday. The district comprises the states of Missouri, Nebraska, Iowa and Kansas.

According to the American Legion's committee report, 1,000 insane cases have been found in the district of which only 422 were being cared for in hospitals, the medical and surgical cases are estimated at 1,000, of which 440 are in hospitals. The report further charges that hundreds of beds held in the veteran's bureau report as being in use are unfit and that some of the men in the hospital which the veterans were cared for were inadequately equipped with medical attention and supplies.

### Mother of Jack Says the Wedding Must Be Sunday

LOS ANGELES, July 25.—The date of the wedding of Marilyn Miller of the stage, to Jack Pickford of the screen, has been advanced from August 1 to July 30.

Miss Miller arrived here yesterday and she and her fiancé were discussing their plans for being married August 1 when Mrs. Charlotte Pickford, Jack's mother, interrupted:

"No, they'll be married next Sunday—at 1 o'clock Sunday night—so there will be no interruptions in the picture work."

"All right," said Jack and Marilyn.

**TO MANUFACTURE PAPER FROM COTTON LINTERS**  
CHATTANOOGA, TENN., July 25.—The plant of the Southern Cotton Paper company, at which it is proposed to manufacture bond paper from cotton linters, the first experiment of the kind, will be opened here about September 1.

The method to be used is entirely new.

### DEMAND GERMANY DESTROY MILITARY SCHOOL AT CANAL

PARIS, July 25.—The council of ambassadors decided to send a sharp note to the German government demanding the immediate destruction of the fire control and range finding school which the German naval authorities have quietly established at a strategic point on the Kiel canal. Allied expert opinion has declared the school convertible into a fort commanding the entrance to the canal.

Allied control officers who reported the school to the council termed it the most flagrant of the long series of violations of the naval terms of the treaty of Versailles on the part of Germany.

Experts reported these violations as having extended over a period of two months and strongly urged action by the council. Among other charges made against Germany was that of attempting to build a German navy far beyond the quota allowed by the treaty. Failure of the Germans to destroy her coast defense guns also was among the complaints.

### FINDS NINE QUARTS OF FINE ENGLISH RUM

VERNON, TEXAS, July 25.—Nine quarts of the finest English rum are in the safe of the Wilbarger county sheriff today, and officers are looking for a man who is said to have concealed the liquor in a field of thistles two miles northwest of town. Information leading to the discovery was furnished by a man who drove up near the field in which he was working and carried something heavy from his car which he deposited in a dense mass of thistles. Moved by curiosity the farm hand made his way into the adjoining premises with the above result.

### BUILDING OF COLORADO ORPHANAGE IS BURNED

GILMER, TEXAS, July 25.—Lyons Hall, the largest of the group of buildings on the grounds of the Dickson colored orphanage was destroyed by fire last night. The building was a wooden structure and burned so fast that little of the contents were saved. No one was injured.

### SAYS INDUSTRIAL UNREST CHALLENGE TO THE CHURCH

CHICAGO, July 25.—The present industrial unrest is a challenge to the church, said Dr. A. E. Craig, pastor of Trinity M. E. church of Evanston, Ind., at a conference of Chicago ministers of the Methodist Episcopal church here today.

### MAN KILLED AND OIL SALESMAN OF KANSAS ARRESTED

CLEVELAND, OHIO, July 25.—A man believed to be Edward O'Connell of Cambridge, Mass., was shot and instantly killed in a downtown restaurant here early today during an alleged altercation in which a young woman is said to have become involved.

Police say the woman fired the fatal shots and her companion, who she says is her husband, but who denied knowing her longer than 24 hours, were taken into custody as they sought to flee in an automobile. No formal charges have been placed against them pending completion of the police investigation.

O'Connell was spending his vacation at Geneva-on-the-Lake, a summer resort east of here.

### BANKERS URGED TO EXTEND FACILITIES IN BOND EXCHANGE

**NOTIFIED NATION'S SHORT DATED DEBT MUST BE REFUNDED PRESENTS A PROBLEM OF FIRST IMPORTANCE**  
Provide for Exchange of Victory Notes for New Issue of Treasury Notes

DALLAS, July 26.—The secretary of the treasury announces an issue of gold notes bearing four and one-quarter per cent interest dated August 1, maturing September 15, 1926. These notes can be purchased for cash or by credit by special deposit. Interest also exchangeable for Victory four and three-quarter per cent notes. Subscriptions can be placed through local banking institutions or with federal reserve bank direct. Subscription books are now open.

WASHINGTON, July 26.—Banking institutions were called upon today by Secretary Mellon to extend their facilities for the exchange of outstanding 4 1/2 per cent Victory notes for the new 4 1/4 per cent treasury notes offered as part of the federal program for refunding the short dated debt.

In a letter to bankers, the treasury secretary explained that approximately 14,900,000,000 of the nation's short dated debt must be refunded.

"The refunding of this debt," he said, "most of which will have to be accomplished within the next 18 months, presents a problem of first importance. The \$100,000,000 or thereabouts of treasury notes offered for subscription on the usual terms will provide for the treasury certificates maturing August 1 and for the treasury's remaining cash requirements between now and September 15, 1922, while the offering to allot additional notes in exchange for 4 1/2 per cent Victory notes should accomplish the refunding of some more of the Victory-Liberty loan and correspondingly reduce the amount of Victory notes to be provided for upon redemption or maturity. On December 15 of this year, and enable the treasury to deal with it before maturity. This will mean by January 1, 1923, outstanding Victory notes will have been reduced to about \$1,000,000,000."

Mr. Mellon stated that by June 30, 1922, the gross public debt had been reduced to about \$23,841,000,000, a reduction of about \$1,022,000,000 during the past fourteen months. He declared the treasury through its refunding operations has distributed about \$2,250,000,000 of early maturing debts into treasury notes falling due in 1924, 1925 and 1926.

### MINISTRY OF BAVARIA IS GIVEN A MAJORITY VOTE OF CONFIDENCE

MUNICH, July 26.—After today's debate in the diet on Bavaria's position with respect to enforcement of the national law for the defense of the republic, the ministry of Premier Lerchenfeld was given a majority vote of confidence by the deputies of the Bavarian people's party, the Bavarian peasant league and the Bavarian middle party.

Premier Lerchenfeld, speaking in the landtag, said the Bavarian government was prepared to grant everything to maintain the present German constitution.

### DROP IN MINE PRICE OF COAL IN KENTUCKY

LOUISVILLE, KY., July 26.—Local dealers in western Kentucky coal today reported the mine price had dropped \$2, from \$12 to \$10 and \$10 a ton Monday.

### WILSON DOES NOT APPROVE VARDAMAN FOR SENATE PLACE

JACKSON, MISS., July 26.—In answer to a query relative to what he thinks of former Senator James K. Vardaman, who is a candidate for United States senator, Dr. James F. McCallah of Carlisle, Claiborne county, recently received a reply from former President Woodrow Wilson asserting that he thought Mr. Vardaman "thoroughly false and untrustworthy."

### WHISKEY DISTILLERS TO "DECLARE WAR" ON THE ENFORCEMENT OFFICERS

LOUISVILLE, KY., July 26.—Whiskey distillers from the entire country assembled today to "declare war" upon the national prohibition enforcement officers, according to statements of their attorneys. Support in opposing the regulations of whiskey withdrawals from warehouses will be used for medicinal purposes will come from the American Medical association, it is claimed, and in the recent protest to Commissioner Hayes of the National Association of Retail Druggists.

### LIVING COSTS HIGHER BY 66.6 PER CENT THAN DECEMBER 1913

WASHINGTON, July 26.—While living costs generally in the United States were 23 per cent lower last month than in June, 1920, and two-tenths of one per cent lower than in March this year, they were 66.6 per cent higher than in December, 1913, the bureau of labor statistics of the department of labor announced today.

Food prices showed an upward trend from March to June the figures revealed, but were offset by declines in clothing, fuel, light, furniture and miscellaneous necessities, while housing remained stationary.

Kay, Akin & Kenley have moved their law offices to tenth floor City Natl. Bank of Commerce building.

### SENATOR OVERMAN DENIES REPUBLICAN CLAIM OF ECONOMY

**MAKES COMPARISON OF THE PAST AND PRESENT APPROPRIATIONS ONLY CAMOUFLAGE AND PIPE DREAMS, HE SAYS**

Appropriations for 1922 Are \$643,000,000 More Than Wilson Administration

WASHINGTON, July 26.—Republican claims of economy in federal appropriations and expenditures were denied by Senator Overman of North Carolina, ranking democrat of the senate appropriations committee, in a statement today in the senate comparing present and past appropriations.

"All the big headlines which have been appearing in the newspapers showing the great savings made by the budget system under the Harding administration were nothing but camouflage and pipe dreams," said Senator Overman, referring to recent statements by Chairman Warren and Madden of the senate and house appropriation committees, respectively.

Appropriations under the republican administration for the present year were \$54,000,000 more than those under the Wilson administration in 1914 for actual running expenses of the government, excluding war time obligations, according to comparisons presented by Senator Overman. He said it was more fair to compare the 1922 appropriations with the peace time period of 1914 than to make the comparison with appropriations of last year as was done by the republican committee chairman.

"It is true as stated by Senator Warren," said Senator Overman, "that the appropriations for the fiscal year 1922 are \$219,000,000 less than 1921, but by analyzing this statement it is found that a greater part of it was on account of a savings in congress in decreasing the army and the navy and by charging the good roads item to the postal appropriations—all of which are necessary reforms brought about by peace."

### GOVERNMENT GETS HALF A MILLION A MONTH FROM OIL

**REPORT NET REVENUE OF SOUTHERN PACIFIC GAINS FIVE MILLION**

WASHINGTON, July 26.—Royalties received from the production of oil and gas on government leased lands are now running around half a million dollars a month and for the last fiscal year aggregated \$5,704,907, it was announced today by the bureau of mines. Receipts for the month of June amounted to \$163,199 for production in Wyoming, California and Montana. The bulk of this amount, \$50,704, was for oil. There are now 311 producing wells on leased public lands, it was said, and 72 in process of drilling.

#### ADVENTURES OF THE TWINS HOW BUDDY BLUEBOTTLE WAS FREED

It was being whispered all over Bright Meadowland. Everyone was talking about it, but no one knew who had started it. Some said it was Mike Mole, who had a habit of disappearing into one of his million underground passages the minute he heard a remark.

Some said it was a butterfly, but he, too, had gone on a journey. Some said it was the kingfisher, but he'd gone on a fishing trip to Silver River.

Nancy and Nick heard it and told it to Dr. Snuffles, the fairy doctor, but what was the use? He couldn't do anything because he didn't know where Buddy—

But there! Dearie me! I've not told you yet what they were saying. Everybody was saying to his neighbor, "Buddy Bluebottle can't move. He's not moved since seven o'clock this morning."

Well, Dr. Snuffles couldn't help him any, because he didn't know where Buddy was in the first place, and in the second place because he didn't know why Buddy couldn't move.

He'd have asked Buddy's ma and his pa, but he didn't know where they lived either. It was rumored Buddy had no ma and pa, and even whispered they, too, had been unable to move, just like Buddy, before they left him an orphan.

By and by Bar Ann Spider passed on her way to school. "M-m-m-m," she was saying to Flossy Fussy-Worm, "I wish school were over. We're going to have something extra good for lunch, but I'm not allowed to tell."

"Ah, ha!" nodded Dr. Snuffles wisely. "Now I know."

He called Nancy and Nick and took his sharp scissors and started off.

There was poor Buddy Bluebottle in Mrs. Spider's web, bound all around with a strong thread. No wonder he couldn't move!

Snip! Snip! went Dr. Snuffles' long scissors.

Buddy was soon free and, after he buzzed his thanks, flew away.

#### Don't Spoil Your Child's Hair By Washing It

When you wash your child's hair be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and heats anything else all to pieces.

Two or three teaspoonfuls of Multified in a cup or glass with a little warm water is all that is required. Simply moisten the hair with water, rub it in. Long hair needs an abundance of rich, creamy lather. Cleanse thoroughly, as when done evenly, and is soft, fresh looking, curly, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and sand. You can get Multified at any drug store, and a few ounces will last everyone in the family for months. Be sure your druggist gives you Multified. (adv.)

### REQUEST VETERANS INJURED TO OBTAIN THEIR CERTIFICATE

AUGUST NINTH IS LAST DAY FOR REGISTERING SUCH CASES

### IMPORTANCE OF MATTER URGED IN STATEMENT

Failure to Register Will Prevent Injured One From Receiving Benefits

DALLAS, July 25.—Veterans of the world war who were injured in any way or contracted disease during government service, were urged to obtain a certificate of injury before August 9, the last day for registering such cases, in a statement issued today by S. C. Kile, district manager of district 14, U. S. veterans' bureau here.

"There are thousands of former service men, no doubt hundreds in Texas alone, who sustained slight injuries or contracted disease during the period of their service, who have thought little of possible results," Manager Kile said. "These men should realize that at any time the injury may give them unexpected trouble and in this case they should have assistance from the government under the provisions of the war risk insurance act."

"Under the terms of an amendment to the war risk insurance act, passed by congress August 9, 1921, all former service men who have minor injuries must register the same before August 9, 1922, or forfeit all claims to future benefits of the act. This means that many veterans are going to lose their claims for assistance because of failure to register the injury with the veterans' bureau."

"It is not necessary to file a claim for compensation or to take any formal action to register such minor injuries or defects which resulted from service. All that is necessary is to write the director, U. S. Veterans' Bureau, Washington, giving name, rank, organization, date of enlistment and discharge, and stating the circumstances under which the disease or injury was incurred. Such action may be the means of determining disability of the veteran, for either compensation or pension benefits. These same regulations apply also to parents and other beneficiaries who are not receiving compensation for death of a dependent while in service."

### MINISTER REMEMBERED ON EIGHTIETH BIRTHDAY

TERRELL, July 26.—On his eightieth birthday, the Rev. J. P. "Buck" Sherwood, veteran Methodist minister of Terrell, was "again in the harness" after being retired for several years. Reverend Sherwood preached the sermon at the Methodist church here on his birthday. Following the sermon he was presented with eighty one-dollar bills by the congregation, one for each year of his life.

### PLAN PERMANENT ROADS FOR HENDERSON COUNTY

MURCHISON, July 26.—Recommendation that a campaign be launched to float \$1,000,000 bonds for the construction of permanent roads in Henderson county was made at a good will meeting of the county, held here recently. Under the plan discussed, the county would issue bonds for one-half the cost of road improvements and application made to the federal government for the other half.

### CLAIM AGENTS POSTPONE THEIR ANNUAL MEETING

GALVESTON, July 26.—Because of unsettled conditions as a result of the railroad strike the annual three-day convention of the Southwest Claim Agents' association, which was to have been held here last week, was indefinitely postponed. No date for the session will be fixed until the strike is settled, it is announced.

### LAMB COUNTY TO VOTE ON COURT HOUSE BONDS

LUBBOCK, July 26.—A bond election to vote on the proposal of issuing \$50,000 bonds for construction of a new court house for Lamb county is being planned for the near future. The proposal of changing the county seat from Olton to Littlefield also may be voted upon.

## WICHITA IS AMONG THE LEADING COUNTIES TOTAL WAGE EARNERS IN MANUFACTURING INDUSTRIES

DALLAS, July 26.—The industrial importance of Texas is shown by the fact that in 158 counties the number of wage earners in manufacturing industries is more than \$9,000 and the average annual amount paid to these wage earners is \$22,521.626, according to statistics on industrial plants announced today by W. M. Burdick, secretary of the Texas Industrial congress.

Of the 6,724 manufacturing industries in Texas, returned in the census of 1920, 6,188 are reported in the 158 counties considered in the above statement, according to Secretary Burdick. While the remaining 536 manufacturing establishments are contained in the other 35 counties of the state, the latter group of industries employ an average of 17,323 workmen, with wages amounting annually to \$22,521.626. Thus it is seen that the wage earner in Texas industrial plants receives an average annual wage of \$1,074, based upon the census of 1920.

A tabulation of the leading counties of the state in industrial activities shows that Dallas county stands first in the number of manufacturing establishments with 493; Harris county stands second with 422; Bexar, third, with 228; Tarrant, fourth, with 257, and El Paso, fifth, with 217.

Harris county leads the state in the number of wage earners and wages paid, according to the tabulation. The southern Texas county, with Houston as the chief industrial center, has an average of 11,411 workmen who receive an average of \$1,172.176 annually in wages. Tarrant county, with Fort Worth as the principal center of activity, stands second, reporting 3,156 wage earners and a payroll of \$10,522,246; Dallas county, third, with 2,704 wage earners and wages amounting to \$8,752,026.

Other leading counties in industrial activities include:

Counties	Establishments	Earners	Wages
Bexar	228	8,889	\$5,977,625

### MORE THAN \$200,000 TO BE EXPENDED FOR SCHOOLS

DALHART, July 26.—More than \$200,000 will have been expended on school improvements under the building program now in progress here. A \$115,000 consolidated school building has just been completed and two grade school buildings costing \$35,000 each are under construction. Equipment for these buildings will cost \$10,000, it is estimated.

### NOVEL METHOD TO FIGHT THE COTTON BOLL WEEVIL

SHERMAN, July 26.—A novel method of combating the cotton boll weevil has been undertaken by the Sherman Retail Merchants' association. The organization through contributions of its members, has bought 100,000 weevils at one-half cent each, expending \$50,000 as a means of encouraging farmers to fight the crop pest.

### LEADING THE FIGHT ON THE COTTON BOLL WEEVIL

BONHAM, July 26.—The Bonham board of trade and local banks have been leading the fight on the cotton boll weevil in this community. Machine destroyers and poisons are used to combat the pest. Reports from farmers indicate the campaign is one of the most successful ever attempted. Cotton prospects are for the largest crop in years.

### PRESENTS BOY SCOUTS WITH HERFORD BULL

DALLAS, July 26.—To start boy scouts of Dallas on stocking of the 200 acre farm near Duncanville, recently presented to the scouts, Dr. A. E. Flowers of Dallas has presented the scouts with a yearling Holstein bull, valued at \$1,000.

### BUILDING ACTIVITIES IN BEAUMONT ON INCREASE

BEAUMONT, July 26.—Building activities in Beaumont have shown a decided increase during the present year over last year, according to reports of the city building inspector. Permits issued during the first six months of this year total \$729,346, and for the same period last year but \$662,772.

LENRÖÖT MAKES SHARP ATTACK ON SENATOR GOODING

WASHINGTON, July 25.—A sharp attack on Senator Gooding of Idaho, chairman of the republican agricultural block, by Senator Lenrööt, republican, Wisconsin, and a heated exchange between the two senators marked continuation to debate today in the senate on the Lenrööt amendment to lower the proposed duties on coarse wools.

Asserting that Senator Gooding was the greatest enemy of the farmer in America, Senator Lenrööt declared that the inevitable result of Mr. Gooding's policy with regard to wool duties would be to return the democratic control of the government with free wool and all that would entail in the way of hardships for the wool growers.

The senator urged the wool grower to limit upon every rate proposed in this bill, declared Senator Lenrööt. "I do not know of a single rate voted upon which has not voted for the highest proposed by the committee."

Senator Gooding interrupted to say he could not say whether he had voted for "under conditions as they prevail in the world today."

The Wisconsin senator retorted that "unfortunate as the governor could not convince the country of the justice of all the rates."

Senator Lenrööt went on to say that the committee was not right of entirely by Senator Gooding. In this connection he asserted that the Payne-Aldrich wool schedule had defeated the republican party within three years after its enactment.

MONTREAL REPORTS INDICATE WALKOUT

(Continued from Page One.)

would not permit his name to be used, was reported as declaring that "we want a peaceful settlement of the strike for the better and Ohio, no matter what the other roads may want."

CHICAGO, July 25.—Two big walkouts from the Santa Fe and the Southern Pacific, reporting today to the United States railroad labor board in support of the road's contention that the seniority question is the big issue at stake in the shop crafts strike, declared they had 15,000 men at work who would be affected by it.

The Santa Fe presented figures to the board showing 8,113 skilled mechanics and 2,154 shop laborers were at work in its shops last night.

The Southern Pacific report shows that out of 10,000 shopmen employed June 25, 8,551 did not walk out and that return of strikers and employment of new men qualified to perform their duties last night up to 8,618.

Both roads told the labor board that the men now employed were all skilled mechanics or laborers qualified to perform their duties and not strikebreakers picked up at random.

CHICAGO, July 25.—A strike of the Order of Railway Clerks in connection with the shop crafts strike "would be in the nature of a backward step in the movement toward normalcy," according to a statement issued by G. W. Gallaway, secretary-treasurer, and James J. Canavan, general chairman of the order, today.

WASHINGTON, July 25.—Resuming the conferences through which he proposes to keep in close contact with the railway strike situation, President Harding conferred today with W. W. Atterbury, vice-president in charge of operations of the Pennsylvania railroad. Secretary Hoover also participated in the conference.

PHILADELPHIA, July 25.—The directors of the Pittsburgh, Cincinnati, Chicago and St. Louis railroad company today declared a dividend covering the period from January, 1921, to July, 1922, at a rate of four per cent a year, being an aggregate of six per cent for the period.

WILL BE NO DELAY IN TRIAL OF MORSE SAYS PROSECUTION

WASHINGTON, July 25.—The trial of the criminal charges of conspiracy to defraud the United States and the shipping board in connection with war contracts pending in the District of Columbia against Charles W. Morse, his three sons and eight others, will not await the determination of any civil controversy between the defendants and the government, United States attorney in chief, J. E. A. Tamm, today declared.

Referring to the reported agreement between Fletcher Dobyne, special assistant to the attorney general, and counsel for Morse at the recent hearing in habeas corpus proceedings at Fort Belknap to delay the trial of the criminal charges pending in Washington and New York until the disposition of the civil cases between Mr. Morse and the government, Mr. Tamm said: "If Mr. Dobyne entered into such an agreement it was without my knowledge or consent and was also without the knowledge or consent of the attorney general."

WASHINGTON, July 25.—The first test of strength in the senate on the Lenrööt proposition to reduce the proposed tariff on coarse wool and manufactures thereof was expected today. Leaders of the republican agricultural tariff bloc and other opponents of the suggested change believed they would muster a safe majority.

Fans Fear Buller. The fans seem to be worrying more over the game that Bill Bailey will throw for the Buffs more than the players. They have it all figured out that the Buffs will win that game and no other.

Times Have Changed. It's different now. Those players who used to be picked for Bill Bailey have gone to other fields.

Somewhat Superstitious. Walter Salm is taking no chances on breaking his winning streak. He refused to allow a photographer to take a picture of the club Tuesday.

St. Louis Fans Rightly Fervid. St. Louis fans are highly incensed over the deal made by the Yanks and Red Sox whereby the former obtained Joe Dugan.

### KELL IS PRINCIPAL SPEAKER TUESDAY AT DALLAS MEETING

Frank Kell returned Wednesday morning from Dallas, where at noon Tuesday he addressed a meeting of 500 business men on the strike situation. Resolutions were adopted at the meeting commending Governor Neff's stand in the strike situation, and calling for the strikers' place.

The Dallas News of Wednesday reports Mr. Kell's address as follows: "Frank Kell of Wichita Falls, who was the principal speaker of the occasion, bitterly rebuked the agitators in the strike (disruptive) whom, he characterized as 'puppets', but just not giving a damn what the consequences of their work in disrupting peaceful work."

"Whether or not you have given the situation close and careful study, I can assure you that this is one of the most serious emergencies that has ever confronted the nation."

"When the war threatened, as those whose interest was the interest of the perpetuation of the government rallied to the cause and we won out. Today there is that same call for the people who want to see the United States continue its freedom and growth to enjoy the right and the right to work where they want to, and to work with protection and freedom of movement."

"The farmers are hit harder by the strike situation than most any other class. They must, or at least will, remain by their tents and it

is for the business men to step into the breach and effect a remedying of our principles," he declared.

"That the meeting was not primarily to stop the strike, but rather to lay plans which will in the future make such things of commerce and periods of warfare impossible, was declared by Mr. Kell as the reason for the meeting."

"I am not opposed to organized labor," said Mr. Kell. "Indeed, I fully uphold it. I am opposed to classes of men in organized labor. The first and the greater majority are men of high character and reputation, who are as far removed from those dastardly acts of violence as are you men."

"Men would not now be perpetrating their crimes were they not incited and intimidated by the agitator and minority class, the radical, who cares not for the cost or result of his activities."

"The horrid radicals does not represent organized labor; they do not represent or uphold the government; they are in the ranks for the strikers' place and what they can get out of it."

"Recalling the various strikes that have caused so great losses in the state and the strike of the Missouri and North Arkansas railroad. He described the character of the agitators, who fled in haste and fear when a group of the men from the hills came down to take a hand in the matter and see that the trains were operated."

"The inestimable value of men of nerve and vision was emphasized as he told how a Presbyterian minister rather than Ole Hansen of Seattle, was responsible for the settlement of the strike in 1912. 'The minister had secured information on each of the fifteen strike agitators, and when they presented their ultimatum he factored like a game soldier and literally restrained the mayor and his advisors from meeting their impossible demands and what they can get out of it.'"

"That is the man we need now," said Mr. Kell. "There are thousands of them in Texas—and they are coming out in the millions and show the world that Texas have the nerve to stand for and demand what is right."

"Unless the primary law is repealed I fear that we shall be often confronted with such similar situations, for under the present form of election we are not securing the best men for our government, any number of them will not stand solidly for the principles that are paramount today."

### LEGION POST TO ELECT OFFICERS AT KEMP TONIGHT

The local post of the American Legion will meet Wednesday night at 8 o'clock in the hall room of the Kemp hotel at which time officers for the ensuing year will be elected and plans perfected for the enlargement of the organization and conducting it upon a sound basis.

All ex-service men, who are eligible to membership in the post and all members of the post are urged to be present to present several very important matters which will affect every soldier in the world war will be taken up, discussed and disposed of.

Mrs. Elmer Barger of Chickasha, Okla., is visiting Mrs. M. D. Hardwick this week.

R. L. Manning and A. A. Dowdy have returned from a trip to Norman, Okla.

Miss Nona Dobbs of Channing, Texas, is visiting friends and relatives here.

### 6 DEGREES ABOVE HUNDRED MARK IS MAXIMUM TUESDAY

The maximum point reached Tuesday by the thermometer locally was 108 degrees, three points higher than the day before but five degrees below the high mark for the season.

The minimum temperature for the night, which was reached just before sunrise Wednesday morning was 84 degrees.

Points north and west on the railroad leading into the city reported cloudy skies Wednesday morning with a light southwest wind.

Throughout the district high temperatures were reported for Tuesday afternoon.

### WITNESSES FINED \$50 EACH FOR NOT ATTENDING COURT

Due to the failure of witnesses to appear in court Wednesday morning no criminal cases were tried. Judge H. R. Wilson at 11 o'clock entered a fine of \$50 each against two men who had been summoned to appear.

Tom R. Giesler, constable of the Electra precinct, had not appeared at that time and Judge Wilson issued an attachment for him and entered a fine of \$50 against him.

J. F. Riggs, another witness who had been subpoenaed, was reported out of the city, having gone to California after the subpoena had been served. A like fine was also placed against him.

All witnesses in the O. F. Carter case were excused by the state until next week, due to the absence of Mr. Riggs, who is the state's main witness.

### THE HOPE OF THE WORLD

The war of 1914 laid half the nations of the world in the dust. Their homes, their industries, their peace must be restored by the rising generation, in them is the hope of the world.

To make motherhood easier, to secure for every baby a clean bill of health and a fair start in life—that is the problem.

### FERGUSON'S LOCAL MANAGER PREPARES FOR RUNOFF FIGHT

Guy R. Holcomb, who managed James E. Ferguson's campaign in Wichita county during the first primary, will have charge of his campaign in the second primary, it was announced Wednesday morning.

Mr. Holcomb is very optimistic over the prospects of Ferguson carrying Wichita county in the runoff.

"Hundreds of voters have come to me and pledged their votes for Ferguson in the runoff and their support and efforts in the campaign," said Mr. Holcomb Wednesday.

"Governor Ferguson desires that I express his sincere thanks to the good people of Wichita county who stood by him so loyally in his great fight just closed, and in which he has been so justly vindicated. I am thankful personally to all of those good citizens who lent me their encouragement and assistance."

"All good democrats who believe in constitutional government, religious liberty, political freedom and all of the other great principles for

which Ferguson stands are invited to join us in the great fight during the next four weeks.

"An organization for the purpose of carrying on Governor Ferguson's campaign in Wichita county is now being formed and if you desire to join us with your assistance please communicate with me."

### PERFORMANCE PROVES SAVAGE TIRES Are BUILT TO EXCEL

Tires in Salt Lake and adjacent territory can be put to two extreme types of service which, collectively, will demonstrate conclusively whether or not those tires are of a construction and calibre that will render satisfactory service under more normal conditions in this same territory.

In the territory, general use around the mines will clearly determine whether or not a tire has the ability to withstand extreme hard wear.

The following performance data taken from certified records in our general office files shows the remarkably consistent service Savage tires are giving in this territory.

**City Commercial Service**  
Placed opposite other makes of tires, Savage Cords have given continuous service for more than eight months on one of your largest transfer and storage company's vans. These tires have been over every description of road, including frozen ruts, heavy mud, steep grades, and other conditions which have put them to the severest test.

Where conditions make the use of chains essential the non-skid features of the Savage Cord have reduced this necessity to a minimum. In this service, to date, Savage Cords are showing very little wear while competing makes put on at the same time are badly chipped and show such signs of distress as separation. As a result of this comparison, this firm is now standardizing on Savage.

**Territorial Runs**  
Wearing out two machines and driving 24,400 miles in a third car, a driver covering roads of Big Cotoawood Canyon up to Cardiff Mine and around the mines of Pioche, Nevada, has kept a detailed mileage record on sixteen different makes of tires used. In this service Savage tires have averaged 54% better mileage than received from the fifteen other makes used.

**The Reason**  
The men and motorists familiar with tire construction have found in the Savage Cord, aside from pleasing appearance and design, seventeen outstanding constructional features that make this product the wonderful tire it is. Other good makes of tires, to be sure, use one or more of the features enumerated for our product, but the Savage Cord is the only tire we know of that begins to embody them all.
