## FEDERAL AGENTS KILL ONE PERSON WOUND ANOTHER

LOUISVILLE, KY., July 27.—Federal agents killed Harry Baker, former lieutenant of police, and wounded another in a gun fight here at 2:45 o'clock this morning at a distillery located a short distance from the business section of the city. One of the alleged run runners escaped. Baker was recently discharged from the police department.

The alleged run runners intentionally drove their truck laden with 25 barrels of whiskey into a federal agent's automobile, then opened fire with pistols. The 18 government agents returned the fire, killing Baker, wounding another. A third man was captured. Baker's accomplice, it was reported by hospital attaches, will probably die.

None of the government agents were wounded. They went to the distillery armed with rifles and pistols.

A steady supply of liquor to local residents is the object of an investigation which climaxed with the gun fight.

## SOVIET TURNS DOWN U. S. PLAN TO FEED THE INTELLECTUALS

By Associated Press. MOSCOW, July 27.—After a month of negotiation, Leo Kamenetz, acting premier, has definitely refused the American relief administration's conditions for feeding the Russian intellectuals as a class.

The commonwealth fund offered to send food packets to the value of approximately \$150,000 to Russia for distribution by the relief administration among professors, teachers, doctors, scientists and others selected by the relief authorities. The latter were ready to have the government co-operate in the distribution, but insisted that the final decision as to what persons should receive the packets should rest with the relief administration.

The government, according to M. Kamenetz, is willing to permit the relief administration to visit any of the government's agencies of beneficiaries, but is not willing that an outside organization be permitted to assist persons despite a soviet veto.

## Either Ferguson or Mayfield May Face Challenge in Senate

## GOVERNOR ALREADY HAS APPLICATIONS IF MAYFIELD WINS

WASHINGTON, July 27.—That the right of either Earle B. Mayfield or James E. Ferguson to a seat in the United States senate, no matter which one wins, will be challenged, is forecasted today. Wayne E. Wheeler, general counsel for the Anti-Saloon League, declared today he would fight Ferguson at "every turn of the road" and insisted that the charges against him, those made by Ferguson, are unworthy to sit in the United States senate. Thus far no one has actually declared he will prefer charges against Mayfield, should he be victorious, but it is scarcely probable that opponents of the Ku Klux Klan would fail to file charges against him. Those made by Ferguson are unworthy to sit in the United States senate. Thus far no one has actually declared he will prefer charges against Mayfield, should he be victorious, but it is scarcely probable that opponents of the Ku Klux Klan would fail to file charges against him. ## COAL OPERATORS DENY KNOWLEDGE OF PEACE PLANS

## NOT INFORMED OF MEETING SUGGESTED BY JOHN L. LEWIS

CHICAGO, July 27.—Coal operators today were continuing to deny knowledge of any scheduled peace conference as mentioned by John L. Lewis, head of the United Mine Workers, and the strike seemed little nearer a settlement.

Mr. Lewis' statement that he had "every reason to believe that an interstate joint conference of the central competitive fields will be adjourned within a few days" was discounted by officials of the National Coal Association at Washington. They said that the decision had been reached to make no move in the central field.

An early agreement in Illinois was said to be "dead issue" following adjournment of the "big six" executive board at St. Louis. Illinois operators again refused to enter into any sectional or national wage conference with the operators of various states that the federal government would request the governors of Iowa, West Virginia, Pennsylvania, Minnesota and Kansas, already received by the secretary.

Mr. Lewis expected that the president's coal committee which has been working to perfect an organization for the coal control program is ready to function by the first of next week. The name of the fifth member of the committee was expected to be announced today. More than half of the national public utility commissions have assured Commissioner Altshuler of the L. C. C. and representing that body on the president's committee of the industry in carrying out the priority orders.

Violence increased in connection with the coal strike in Kentucky, West Virginia and Pennsylvania, six points being affected. A clash between state troops and strike sympathizers in the Middleboro, Ky., mining district. Twenty-five janitorians and their officers were on their way to the Yellow Creek mine where a strike sympathy was reported to have fired on miners going to work and strike leaders here said if the troops arrived at the mine trouble was almost certain.

Troops were sent to Clarksville, W. Va., where mine operators had asked for additional protection in an attempt to save the life of Admiral John S. Dumaresq of the British navy. It was announced at army headquarters here.

Penlang was thanked by British Consul General Harrington.

LANSING, MICH., July 27.—A letter from President Harding declaring in effect that the federal government is prepared to deal with the attitude of the United Mine Workers of America toward independent local agreements; that at present nothing can be done except enable men who are willing to work in safety, and that the big issue in the coal strike dispute is national distention, "unhappily" assumed by the mine workers, which must be taken care of by legislation, today drew sharp disapproval from Governor Alex J. Groesbeck.

Replying to a letter from the president, Governor Groesbeck declared he could not concede the federal government has not the power to protect our citizens from the embarrassing situation that faces us.

The president's letter was in reply to a telegram sent by the governor, together with the president's statement indicating that he would ask the labor board to grant the shopmen a rehearing, was taken in rail circles here to mean that the rail strike would be asked to leave settlement of the issues involved to the board.

White the conference at Baltimore of the Baltimore and Ohio officials with their striking workmen was reported to have progressed smoothly, E. M. Jewell, head of the shopmen, was said to be holding a national settlement had been thoroughly discussed. Mr. Jewell would say nothing of his conference with the president, but he exchanged statements of our views of the situation. It was expected that further conferences would be held by the president with rail executives and with representatives of the strikers.

In view of statements made by some rail heads that striking shop-

## EXECUTIVES OF 148 RAILROADS CALLED TO MEET NEXT TUESDAY TO CONSIDER PEACE PROPOSAL

WASHINGTON, July 27.—Definite announcement that President Harding has evinced proposals for ending the rail strike is said to have been made today by J. A. Franklin, president of the bolsheworkers union, after he, with B. M. Jewell, general leader of the strikers, had concluded a final conference with the president.

Representatives of the striking shop workers, Mr. Franklin said, "presumably" would meet in Chicago to consider the president's proposals, while T. DeWitt Cuyler, chairman of the association of rail executives, has announced a call for a meeting of executives next Tuesday in New York.

By Associated Press. WASHINGTON, July 27.—Three proposals for immediate ending of the railroad strike have been submitted to representatives of the railroad executives and labor unions by President Harding, according to information obtained today from administration advisers, who talked with the executive.

Three proposals, all hinging on various plans for adjusting the employees' seniority rights, will be submitted, it was said to the executives' meeting in New York Tuesday and to an earlier conference in Chicago to be arranged by B. M. Jewell, the shopmen's leader.

There were indications from various sources close to the two parties to the strike that leaders of the shopmen had manifested an inclination to accept the president's plan in the main and that representatives of the executives considered it unsatisfactory in principle. Final decision, however, will rest with conferences of the two groups.

One of the proposals, according to those claiming to have information of the president's suggestion, would be for the railroads to waive the seniority question and take all strikers back to work. Another was said to be to give "loyal" men who have remained at work prior seniority rights over strikers and the third was for separate adjustment of the seniority dispute by each road with its own employees through joint committees to be appointed.

The president was said by his advisers to believe that the three proposals promised considerable hope of a strike settlement and to have declared that "more clouds had passed away" in the railway situation within the past few hours than for several weeks.

Rehearing by the railroad labor board of the shopmen's wage question was said to be embraced in all of the three proposals. One proposal, it was said, also contemplated that both employers and employees agree that hereafter the board's rulings be observed without question.

### JIM FERGUSON TO STAND ON PLATFORM OF FIRST CAMPAIGN

STATEMENT EMPHASIZES HIS STAND FOR MODIFICATION VOLSTEAD ACT.

### FREEDOM OF RELIGIOUS AND POLITICAL CONSCIENCE

Also Announces His Opposition to the Ku Klux Klan Organization.

DALLAS, TEXAS, July 23.—In a statement issued here today James H. Ferguson indicated that he would adhere to the same platform in the run-off primary as in the first primary in his race for the United States senate. His statement emphasizes his stand for a modification of the Volstead act to permit the sale of light wines and beer and for the freedom of religious and political conscience and against the Ku Klux Klan. His statement was headed under the title "Ready for the Second Election" and follows:

"Well, we have run the first heat and the political handicap is now narrowed down to the Honorable Earle B. Mayfield and myself. While my vote in the last Saturday's primary was not as large as I expected, still the total vote was not as large as all expected and therefore all estimates were cut down.

"I hasten to thank my friends everywhere for their loyalty and continued friendship, and while I have no unkind feelings for those who did not vote for me, yet I am sure I will not be blamed when I hasten to acknowledge my gratitude to my friends.

**Adheres to Platform.**  
"The question naturally arises in the minds of the people, what will be the issues in the run-off campaign. As for myself, I shall adhere to my platform published some months ago, containing twelve planks, and I see no reason to change my views unless the majority of the people in their sovereign capacity shall instruct me otherwise. No question is ever settled for any longer time than the people prefer. It must be remembered that the constitution itself is but the voice and the will of the people and they have the right to change or abolish any part of it at any time.

"It was for this reason that I was extremely anxious to have the question of light wines and beer put on the ballot. If this had been done, the people would have shown me the way to elect my next United States senator on that question and I so urged this argument upon the committee in order that there might be a free discussion of the subject on this question. It would be a good idea for the legislature to submit the matter of light wines and beer to the people and let them decide as their next senator I pledge myself to cast every vote on that question in accordance with their decision.

**Favors Law Enforcement.**  
"It is useless to say that the question is settled, when the cabinet of officers announce in the public press that it is a national issue, and when a great democrat like Woodrow Wilson requests his own party in a national convention assembled to adopt a plank demanding the repeal of the Volstead law. I am in favor of the enforcement of the law as much as anybody, and nobody can say that I ever bought five cents' worth of intoxicating liquor in violation of law; and I am going to insist in this campaign that the people demand of all the candidates a frank question of whether they have bought liquor illegally in the last three years.

"Any man who will preach prohibition and then go out and buy liquor from a bootlegger or from anybody not authorized by law to sell it, is a contemptible, unscrupulous hypocrite. No candidate should be allowed to raise the question of prohibition and ask the people to elect him until he has shown that he has set a good example in enforcing the law which he espouses.

**Right of Religious Liberty.**  
"Above and beyond all questions, however, confronting the American people, and especially the people of Texas, is the right of religious liberty. If the Ku Klux Klan has its way and is permitted to banish the Catholics and the Jews because of their religion, their intimidated, their property will be torn from the Catholics and Presbyterians, and then us poor sinners who do not belong to any church, will be 'bound hand and foot and cast into outer darkness, and where there is weeping and gnashing of teeth.'

"When this condition arises, of course, no government can exist. It will be immaterial then how any of us stand on financial legislation, organized labor or prohibition, because there will be no government that can put into force any law representing the views of any part of the people. The rule of the people will be destroyed, and therefore we must all be willing to lay aside for a time the discussion of our views on all questions until we banish from this country the idea that anybody can here establish an empire or an imperial police ruled by any kind of a king, wizard or prince.

**Crown Prince of Klan.**  
"The Honorable Earle B. Mayfield is now the crown prince of the Ku Klux Klan, and is meeting with them secretly in different parts of the state, and he has pledged himself to carry out the plans and policies of the Klan. I have a duty to perform, and I challenge him, if I am not correct, to deny that he is a member of the Ku Klux Klan, and if he is not a member of the Klan, let him denounce their purpose to secretly gain control of all the offices in this country under the cloak of a mask and the guise of legalism.

"Connected with this movement to elect the Crown Prince are the big corporations of this country having for their purpose to crush the laboring masses, and to rob the public with high railroad rates and turn this nation over to the most damn-est set of political hucksters that ever carried a free country.

"There may be good people in the Ku Klux Klan, but if there is, let them show their faces, and when they have done that, they will have to leave the Ku Klux Klan. I have a duty to perform, and I challenge to this challenge, and I will continue to bring down, who, if left alone will bring down the greatest internal revolution this nation ever saw, and will plunge us into a condition far worse than Russia itself.

**Open Part Law "Infamous."**  
"Let the people be not deceived. Ten days ago I predicted that just as soon as this election was over, Pat Neff would send his adjutant general's department, honeycombed with Ku Kluxism, into certain parts in Texas and declare martial law, and under the provisions of the declaration of some crack-brained judge and the infamous open part law, will begin to shoot down workmen in order to satisfy the railroad corporations of this country in their determined design to exploit the assuming public with high freight rates and rob their own employees of a living wage. My prediction has come true, and the Ku Klux Klan of Texas is now in the field with bayonet and gun and the peaceful and prosperous condition of the last few years is now turned into one of turmoil and strife, because of the greed of the corporations and the fanaticism of those who lust for power.

**Challenge to Mayfield.**  
"I call to arms all those who stand for the supremacy of the American people and for the freedom of political and religious conscience. The time has come when either we must acquire corporate greed and fanciful power of our nation with faith, or we must stand for the principles, to give me their support for the good of the country. Pitted against me is a candidate who has admitted in this campaign he has admitted that the Texas railroad commission is upon the railroad commission for ten years, and in a public speech in this campaign he has admitted that the Texas railroad commission is a rubber stamp, and I think he told the truth. But nobody has charged that it has been a rubber stamp for the people, and therefore it must have been a rubber stamp for the railroad. I challenge him to show where, as railroad commissioner, he has done anything on the side of the people. It is remarkably strange that all the big railroad corporations and all the big oil companies are supporting him in this campaign.

**Plan to the Masses.**  
"I can only win this fight by the help of the great masses. You ask me what to do. In reply, I will start the discussion right now: demand of candidates how they stand; organize clubs, and subscribe for papers that are friendly to our cause; and order that the people may be fully acquainted with the facts.

"As is well known, I have made this campaign without money, and I have my name put on the ticket. I cannot expect to nor would I expect money from the special interests, and therefore I am compelled to look to the generous support in a financial way of the masses. If I can get contributions from my friends throughout the state, I can carry on the campaign victoriously. I have numbers of good friends who are willing and anxious to make speeches for me, if I can only arrange to pay their traveling expenses. So I hope my friends will help me all they can, and do now, because the fight is on, let us not waver; let us not falter, and with the love of family reminding us, and with the love of country ruling us, we will ride to victory."

### MAYFIELD OPPOSES ESCH-CUMMINS ACT FOR VOLSTEAD LAW

CANDIDATE FOR THE SENATE OUTLINES HIS PLATFORM.

### CHARGES BREWERS MAKE FIGHT ON PROHIBITION

Expresses His Thanks to Those Who Supported Him So Loyal.

DALLAS, TEXAS, July 23.—Repeal of the Esch-Cummins act and opposition to changes in the Volstead act, except to strengthen the enforcement of that act will continue to be the issues advocated by Earle B. Mayfield in the run-off campaign for United States senator. It is indicated in a statement issued by Mr. Mayfield here Thursday.

Mr. Mayfield's statement follows: "I desire to express my heartfelt thanks to my loyal friends throughout the state who started their best efforts in behalf of my candidacy for United States senator, and to the thousands of voters who voted for me in the Saturday primary. I wish to say that I shall never be guilty of any act, official or personal, that will cause them to regret having given me their active support.

"A careful analysis of the returns shows that my support was general throughout the state, and undoubtedly indicates that the people of Texas are more interested in preserving the life of their state railroad commission than they are in any other great economic question. The farm bloc in the senate has on its program the proposition of restoring the rate-making powers to the state commissioners. Republican states of the west are nominating as their candidates for the United States senate men who are pledged to make a fight for the repeal of the Esch-Cummins transportation act and for the restoration of the rate-making powers to the state commissioners. My candidacy for United States senator is dedicated to that undertaking, and I shall continue through the second primary the same earnest campaign upon this question that I waged through the first primary.

**Fight on Prohibition.**  
"The United States Brewers' association has for its program the repeal of the Volstead law and its candidates for the senate and house of representatives throughout the country have pledged themselves to an amendment of the Volstead law that would permit the sale of light wines and beer. This act would mean the nullification of the 13th amendment, the return of the open saloon on the corner and the complete undoing of the work of the prohibition forces of the nation for the last 20 years. The candidacy of my closest opponent, James H. Ferguson, was pitched upon that issue, he being the only candidate for the senate favoring the sale of light wines and beer.

**Fighting is Resumed Between Troops of Dr. Sun and Gen. Chen.**  
CANTON, July 23.—Fighting between troops of Sun Yat Sen, Republican president of the southern republic, here and those of General Chen Ching-Ming, the leader of the public in Peking, has been resumed after two day respite, near Shichow, about 150 miles north of Canton.

According to estimates Chen's soldiers number 13,000 and Sun's 7,000. Airplanes from the Sun Yat Sen army dropped hand bills at Shichow warning the people to leave, as a general engagement was planned for Saturday.

**Watching Rate of Exchange National German Pastime.**  
BERLIN, July 27.—Watching the rate of exchange in order that an idea may be obtained as to what the market will bring forth in the way of higher prices for commodities has become a great national pastime in Germany. Today marked the advent of President Ebert himself to the ranks of the bourgeoisie.

### MAYFIELD OPPOSES ESCH-CUMMINS ACT FOR VOLSTEAD LAW

CANDIDATE FOR THE SENATE OUTLINES HIS PLATFORM.

### CHARGES BREWERS MAKE FIGHT ON PROHIBITION

Expresses His Thanks to Those Who Supported Him So Loyal.

DALLAS, TEXAS, July 23.—Repeal of the Esch-Cummins act and opposition to changes in the Volstead act, except to strengthen the enforcement of that act will continue to be the issues advocated by Earle B. Mayfield in the run-off campaign for United States senator. It is indicated in a statement issued by Mr. Mayfield here Thursday.

Mr. Mayfield's statement follows: "I desire to express my heartfelt thanks to my loyal friends throughout the state who started their best efforts in behalf of my candidacy for United States senator, and to the thousands of voters who voted for me in the Saturday primary. I wish to say that I shall never be guilty of any act, official or personal, that will cause them to regret having given me their active support.

"A careful analysis of the returns shows that my support was general throughout the state, and undoubtedly indicates that the people of Texas are more interested in preserving the life of their state railroad commission than they are in any other great economic question. The farm bloc in the senate has on its program the proposition of restoring the rate-making powers to the state commissioners. Republican states of the west are nominating as their candidates for the United States senate men who are pledged to make a fight for the repeal of the Esch-Cummins transportation act and for the restoration of the rate-making powers to the state commissioners. My candidacy for United States senator is dedicated to that undertaking, and I shall continue through the second primary the same earnest campaign upon this question that I waged through the first primary.

**Fight on Prohibition.**  
"The United States Brewers' association has for its program the repeal of the Volstead law and its candidates for the senate and house of representatives throughout the country have pledged themselves to an amendment of the Volstead law that would permit the sale of light wines and beer. This act would mean the nullification of the 13th amendment, the return of the open saloon on the corner and the complete undoing of the work of the prohibition forces of the nation for the last 20 years. The candidacy of my closest opponent, James H. Ferguson, was pitched upon that issue, he being the only candidate for the senate favoring the sale of light wines and beer.

**Fighting is Resumed Between Troops of Dr. Sun and Gen. Chen.**  
CANTON, July 23.—Fighting between troops of Sun Yat Sen, Republican president of the southern republic, here and those of General Chen Ching-Ming, the leader of the public in Peking, has been resumed after two day respite, near Shichow, about 150 miles north of Canton.

According to estimates Chen's soldiers number 13,000 and Sun's 7,000. Airplanes from the Sun Yat Sen army dropped hand bills at Shichow warning the people to leave, as a general engagement was planned for Saturday.

### LAWTON MINISTER FOUND GUILTY IN TRIAL AT LAWTON

LICENSE AS A MINISTER REVOKED BY THE EL RENO PRESBYTERY.

### NOTICE OF APPEAL TO SYNOD OF OKLAHOMA

Featured in Widely Heralded "Bathing Suit" Marriage at Medicine Park.

By Associated Press. LAWTON, OKLA., July 28.—Convicted at a secret trial on the widely heralded "bathing suit" charge and allegations of perjury and high handed disciplining of members of his flock, the Rev. Thomas J. Irwin, former pastor of the Lawton Presbyterian church, was unfrocked as a minister of the Presbyterian church in the United States of America, early today by the judicial commission of the El Reno presbytery.

"You are indefinitely suspended as a minister of the Presbyterian church, United States of America, and may the Lord have mercy on you," said the verdict of the trial body.

The convicted minister gave notice to the trial commission of an appeal to the synod of Oklahoma, the next higher body in the church, which is scheduled to meet in October.

Mr. Irwin was found guilty of conduct unbecoming a minister in performing a marriage ceremony last summer at Medicine Park, a resort near here, in which the principals, including the minister, wore bathing suits. It was alleged the wedding was conducted in a spirit of revelry, bringing disrepute on the church.

He was convicted of having sworn to a false affidavit to obtain a district court injunction restraining interference with his conduct

### PUZZLE: FIND THE CASUALTIES

of the affairs of the Lawton church. The third count on which the jurors voted guilty was that he disciplined members of his congregation without due process as provided by church regulations.

A fourth charge, that the pastor had not made a proper financial return to the Presbyterian board, was previously dismissed by the commission.

The suspended minister faces trial in the district court here on an arson charge filed by the county attorney after an investigation of the alleged incendiary fire in the Lawton church last April, while Mr. Irwin was still pastor. It is alleged that the move was to gain sympathy in the fight he was waging against one section of his congregation. On the other hand, Mr. Irwin attributed the fire to enemies seeking to destroy his church.

Interrupting the pyrotechnics of the bitter church row this spring, Mr. Irwin was found in the country on two occasions suffering from attacks of alleged abductors. After an investigation of one of the alleged abductions the county attorney announced he would drop the case as information he gathered tended toward the theory that the minister "framed" the kidnapping.

Minister Irwin declared that men who had threatened his life if he did not leave Lawton were at the bottom of the reported attacks.

### Another Change In Wedding Plans Of Jack Pickford

LOS ANGELES, July 28.—Another change has been made in the wedding plans of Jack Pickford, motion picture actor, and Marilyn Miller of the stage.

Originally the wedding was set for August 1. Then it was advanced to 7 o'clock on the night of July 30. Now, while the date remains the same, the hour has been changed to 1 o'clock in the afternoon.

The license has been obtained, revealing the bride's surname as Carter and her age as 23, while the groom is listed as John U. Pickford, 25.

### PYORRHEA Should Not Be Neglected

See Your Dentist And Use Lykolene Daily

Don't temporize with pyorrhea or receding gums. It is a serious condition which if neglected means abscesses, marginal cavities and eventual extraction of the teeth. If you have this trouble, go to your dentist and begin treatment to arrest the progress of the disease. Also use Lykolene, the powerful antiseptic, as a mouth wash, every day. This will keep the gums from becoming soft and spongy; it will make them firm and keep them healthy. Whether you have pyorrhea or not you should use Lykolene as a mouth wash to keep teeth and gums in fine condition and to purify the breath. Used regularly it works wonders.

Use Lykolene also as a wash for cuts and sores, as a spray and gargle for colds and sore throats, use it wherever a powerful soothing antiseptic is needed. See what wonderful results it brings. Sold by leading druggists. Always in stock at Palace Drug store.—adv.

### ARCHER COUNTY RANCHMAN DIES THURSDAY NIGHT

ARCHER CITY, TEXAS, July 28.—R. D. Andrews, one of Archer county's best known citizens, died last night at Glen Rose, Texas, according to word reaching here today.

Mr. Andrews went to Glen Rose some months ago for the benefit of Mrs. Andrews' health. Death was due to a paralytic stroke.

Funeral services will be held Saturday afternoon at 4:00 o'clock in Archer City.

Mr. Andrews' ranch was in the southern part of the county, where he resided for many years. His widow and three sons survive.

### DENISON CAMP NAMED IN MEMORY CAPT. ELLIS

DENISON, TEXAS, July 28.—In memory of Captain J. G. Ellis, the first Denisonian to lose his life in action in France, the camp of state militiamen here will be known as Camp Ellis, Colonel C. W. Nimon, in command, stated today. Captain Ellis, in charge of ambulance unit 27, with the third division, was killed in France in June, 1918.

### CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not sllivate. (adv.)

### MOUNTAIN CLIMBER IS KILLED IN A FALL FROM MOUNT SIYEH

GLACIER PARK, MONTANA, July 28.—Dr. Frank B. Wynn of Indianapolis, president of the American Alpina club and one of the country's foremost mountain climbers, was killed yesterday in a 300 foot fall from a cliff near the summit of Mount Siyeh, one of the highest peaks in Glacier National park.

According to Dr. H. Goodard, also of Indianapolis, who was a few minutes behind Dr. Wynn on the trail, the latter's fall from the narrow ledge followed what appeared to be an apoplectic stroke. Dr. Wynn was 53 years old and while in good health, it was believed that the 10,000 foot altitude and the exertion of the climb proved too much for him. Recovery of Dr. Wynn's body

proved a slow task because of the inaccessibility of the ledge on which it lay. The recovery was effected late last night.

Live fish were carried recently in special tanks on a steamer for consumption on the liner's dining tables.

## Y. W. Camp Still Holds Up With a Big Attendance

The Y. W. C. A. girls' camp at the "77" fishing club is holding up with big attendances every day this week. Between forty and seventy-five have dinner each evening at the camp and enjoy the fine swimming, while from a dozen to a score of more girls spend the entire days.

Several local classes and young people's societies have availed themselves of the privilege of the camp. Mrs. J. V. C. T. Christensen's class of First Christian Sunday school going out Thursday evening, among others. It is stated that the attendance this year has about averaged double that of last year, which was considered good.

### T. E. L. CLASS ENJOYS PICNIC AT HAVEN PARK

The T. E. L. class of the First Baptist church, with Circle Four as hostesses and the husbands as special guests, enjoyed a swim and picnic supper at Haven park Thursday evening.

About fifty members and their husbands attended the picnic. The hostesses from Circle Four included: Mesdames J. W. Parker, W. L. Ponder and Hicks.

### MISS LILLIAN SPROLES HONOR GUEST THURSDAY

Miss Lillian Sproles of Muskogee, Okla., who is visiting friends here, enjoyed the day with a quartette of girl friends at the home of Mrs. O. R. Harritt Thursday, with 1 o'clock luncheon. The others included Mrs. John Z. Martin of Breckenridge, who is visiting her parents, Mr. and Mrs. J. A. Richolt, Mrs. John W. Naylor, Mrs. Grady England and Mrs. Harritt.

### HEBREW DRILL TEAM TO MEET SATURDAY EVENING

Captain Hays requests every member of the Rebekah drill team to be present for practice at the I. O. O. F. hall at 7:30 Saturday evening.

Milburn Nutt has returned from a vacation to central and south Texas points.

### Miss Lillian Sproles, who has been visiting Mrs. John W. Naylor, Mrs. John Z. Martin at the J. A. Richolt home, and other friends here, leaves Saturday for her home in Muskogee.

Mrs. C. W. Beavers is expected in tonight from Alva, Okla., where she attended the bedside of a sister, who is very much improved.

By MARIAN HALE.

The latest fad in women's athletics is the revival of one of the noblest of sports—archery.

Cupid, of course, holds the world's championship. Just the same, there is no good reason why he should have a monopoly of the form of amusement or why anyone shouldn't have fun with targets less dangerous than the human heart.

That was how the Campfire Girls figured it out when they started to revive the sport. So they made it a part of their training to master the technique of the bow and arrow and now they are in demand for teaching society and business girls how to play Diana's favorite game.

At parks, country clubs and on greenwards generally splashy looking targets are being erected and the most attractive sport to be being exhibited to advantage. Archery clubs may become as common as those of golf and tennis.

The one great advantage of archery over every other sport is its decorativeness.

There are bound to be ungraceful moments in golf and tennis, but archery gives an opportunity always for the most graceful and beautiful of attitudes.

Not only that, but it really develops grace and symmetry more than any other form of exercise, besides affording development of arms and shoulders.

Archery is not an expensive sport. After the original outlay for the bow and arrows the worst is over.

A good bow may command any price, according to its merit. It is handsome, preferably of yew, and must balance exactly. The arrows, too, must be of perfect balance.

Regulation arrows are tipped with brass. Many society women are having their bows tipped with silver, ivory or gold. Naturally, these embellishments are expensive.

The sartorial equipment is limited only by your imagination and your wallet. Any snappy sports costume is bound to be seen to advantage. Naturally you want something that insures freedom. Practically any color looks well against green.

The strength of the bows is computed in the pounds of pull necessary to draw back the string until the arrow head touches the wood.

Ulysses, you remember, had a bow of such strength that no other man could string it. One way to keep your archery set exclusive is to develop a similar strength.

## Autoists Get Lost In Making Detours Signs Installed

Large signs have been installed at both ends of the Henrietta road detour, to guide motorists. The signs were set up by the chamber of commerce as a result of complaints from motorists that autoists who didn't know the route of the detour were wandering all over that section of the county. The signs will, it is hoped, enable motorists to make the detour expeditiously until the paved road is open to traffic.

## AUTOS VOLUNTEERED FOR GUARD NOT NEEDED, FRISCO TRAIN IS HELD

Wichitans who generously offered their automobiles for use in transporting the local artillery unit to Fort Sill were not called upon to use them for that purpose. Through efforts of the chamber of commerce, the Frisco railroad was persuaded to hold its regular train at Frederic two hours so as to obviate the necessity for the soldiers laying over there 22 hours. As a result the guardsmen were able to go straight through to Lawton Friday, and it was decided to use the train instead of the volunteered automobiles.

## ADVENTURES OF THE TWINS GUINEA-PIG'S LIFE IN DANGER

These Oscar called up the field mouse

Poor little George Guinea-Pig was unhappy. He was tired of being made fun of because he had no tail.

So one day he went to the house of Dr. Snuffles, the fairman doctor, and told him his troubles.

"Is there anything I can do?" he asked. "Is there any medicine I can take that will grow me a tail?"

"Nothing I know of," answered the kind little doctor. "Nancy, did you ever hear of anything good for growing tails?"

The Twins said they had never heard of anything.

So George peddled off home again to the old box beside the hen-house. He felt so unhappy his tears dropped from his funny little black shoe-button eyes.

"Oh, me, oh, my!" he wailed. "I'd be the happiest person in the world if only I had a tail!"

Now old Oscar Owl had heard the whole thing and he cooked up a plan. "I see where I got two meals tonight instead of one," he hooted. "Little Flippy Fieldmouse just got done telling his mama he was tired of his long tail because it was always giving away his hiding-hole. I'll telephone to both of them."

So he called up the hen-house and asked Mrs. Leghorn please to get George Guinea-Pig to the telephone. George came at once.

"This is a friend," croaked Oscar Owl. "I know where you can find a tail. Come to the edge of Whispering Forest under the old hickory tree at eight sharp."

"I'll be there!" squeaked George happily.

Oscar called up the Fieldmouse. "Oscar has told Flippy that he knew how he could lose his tail—which was more like the truth."

### HAVE PLAN TO SETTLE RAIL STRIKE

(Continued from Page One.)

commander, to assign state rangers to guard the yards where the air hose on a number of cars in the yards were punctured and several hours were required to repair the hose and move the cars.

Some excitement was caused last night when a negro cook brought here by the railroad to cook for new workers, inflicted severe cuts on one of a party of white men who were scouting him out of town. The negro escaped, supposedly in Oklahoma.

Guardmen on duty at Ray yards fired at provokers, according to a report to headquarters today. The millmen challenged several men who ran. The men escaped. The Missouri, Kansas & Texas car shops here, which have been closed since January, will be opened next week. E. G. Hopkins, assistant to the chief operating officer, announced today.

Mr. Hopkins said that work here was now being organized. Expressing their "utmost confidence" in Governor Neff and Labor Commissioner Joseph E. Myers and their activities for the state of Texas, twelve hundred shopmen on strike at a mass meeting today adopted a resolution urging Mr. Myers to reconsider and withdraw his resignation.

Perturbed by the federal government's action which he termed as coercion, resulting in the governor's declaration of martial law here and ordering of troops to the city, Mr. Myers forwarded his resignation to Governor Neff several days ago.

### WOULD PROTECT KEY SENIORITY RIGHTS

ST. LOUIS, July 25.—Executives of railroads in the southwest at a meeting here today, telegraphed President Harding that, in their opinion, non-union men who have been employed since the strike began July 1 and union men who refused to strike, should be protected in their seniority rights. The executives were of roads operating in Missouri, Kansas, Arkansas, Oklahoma and Texas.

### COAL CARRYING ROADS HAVE DECLARED EMBARGO

WASHINGTON, July 25.—Three coal carrying railroads, the Norfolk and Western, Chesapeake and Ohio and Louisville and Nashville, have declared embargo over their lines against the acceptance of any freight except foodstuffs and livestock. The actions were taken under the interstate commerce commission declaration of an emergency which authorized roads to barriade by the shopmen's strike to show preference and establish priority in transportation.

### WHITE MAN ARRESTED BY RANGER COONSMAN

DENISON, TEXAS, July 25.—W. H. Ingram is under arrest here, charged with interfering with commerce in that he used physical force in restraining Goldberg, Neel, negro employee of the M. K. & T., from his work. The complaint was sworn to by M. N. Coonsman, Texas ranger, who served it.

It is alleged that Ingram was one of a party which kidnaped Neel as he left the Katy property last night, carried him to the Red river hot-springs and flogged him. One of the

### negroes slashed one of his captives with a knife, Ingram, it is believed, was the knife victim.

### FOURTEEN RANGERS ARE ON DUTY AT CLEBURNE

CLEBURNE, TEXAS, July 25.—Captain W. L. Wright and 13 other Texas rangers arrived here at noon today to join others of the force already here to protect rail property and workmen. Two more rangers are expected tomorrow.

### ACTUAL SETTLEMENT MAY BE DELAYED FOR A WEEK

By Associated Press. CHICAGO, July 25.—Though prospects of peace in the rail strike were brightened today by the union leaders abandoning plans for their return to headquarters from Washington, the possibility of an actual settlement seemed at least a week distant. Meanwhile the general situation was expected to remain at a status quo.

The next move for peace was up to the eastern railroad executives, who are to meet in New York next Tuesday to consider three tentative proposals, submitted by President Harding for smoothing out the present situation, which apparently is the only obstacle to termination of the walkout.

No new announcement of traffic conditions was made today by either the eastern or western roads. Union men continued to maintain the picket line in New York since Tuesday to consider three tentative proposals, submitted by President Harding for smoothing out the present situation, which apparently is the only obstacle to termination of the walkout.

In Wisconsin troubles also broke out, three men being assaulted at Janesville, while at Milwaukee, 48 non-union workers quit their jobs after shots had been fired at them.

### TEMPORARY EMBARGO ON CARLOAD FREIGHT LIFTED

ST. LOUIS, July 25.—The Baltimore and Ohio railroad today lifted a temporary embargo placed on carload freight east bound from here, due to the coal strike and an unusually heavy offering of freight. No reason was given for lifting the embargo.

### COMMISSIONER DECLINES USE OF TEXAS RANGERS

FORT WORTH, July 25.—The use of rangers in handling the strike situation in Fort Worth was declined today by Police Commissioner John Alderman. Ranger Captain Wright and two of his men arrived from Denison Thursday and conferred with the police head this morning. Where the rangers will go from here was not stated, but it is thought they will be sent to Cleburne.

### MANY APPLICATIONS FOR JOB AS RANGER

AUSTIN, July 25.—Applications for commissions as rangers are pouring into the adjutant general's office daily, according to Ranger Captain W. M. Ahrens, quartermaster captain. The applications far exceed the number of present appointments to be made, he said.

### TWO RANGERS STATIONED AT WACO DURING STRIKE

WACO, July 25.—Following orders issued by Governor Neff, Rangers E. R. McKeon and R. D. Shumate have arrived here. They will be in command of the force at Waco during the present strike of railroad shopmen.

### COAL OPERATORS DENY KNOWLEDGE

(Continued from Page One.)

possessed by either state or federal government. "Manifestly legislation must be provided and I mean to submit the whole problem to congress at the earliest consistent time possible after the house reassembles.

"If the coal producers of the United States were so organized that a national body were to determine the policy of every member and permit no sales of coals except on dictation of terms by the national officials every state legislature and congress itself would instantly put to an end such a practice. The mine workers unhesitatingly assumed national dictation. It is the big issue involved in the present dispute. Frankly, I think it must be dealt with if we are to have any security and any assurance of a supply of fuel."

The governor's reply, in the form of a letter, said in part: "You will pardon me for taking the position that the national government has the power and authority to protect our citizens from the administrative situation that faces us. I do not see how we can concede that such power does not exist. I am writing frankly because the people are becoming impatient of further delay in the adoption of measures that will spell an early end of the matter."

### LEWIS IS CONFIDENT OF AN EARLY SETTLEMENT

PHILADELPHIA, July 25.—John L. Lewis, president of the United Mine Workers, remained in Philadelphia today. "I am confident of an early settlement," he said. His plans were indefinite and depended on the developments in connection with the proposed interstate joint conference of the central competitive field. He declared that he had every reason to believe such a conference would be arranged within a few days and would end the soft coal strike.

### APPOINTS COMMISSION TO CONTROL DISTRIBUTION OF COAL IN ILLINOIS

COLUMBUS, OHIO, July 25.—Governor Harry L. Davis today appointed a commission that will have full control of coal distribution to the people of Ohio during the coal strike.

### TO DIRECT DISTRIBUTION OF COAL IN ILLINOIS

SPRINGFIELD, ILL., July 25.—Robert M. McMill, state director of mines and minerals, was this morning appointed temporary state fuel administrator for Illinois, to direct the distribution of coal under Secretary Hoover's priority shipments plan.

### GUARD AT COAL MINE RELIEVED FROM DUTY

DENVER, July 25.—One hundred and fifty national guardsmen encamped near Frederick, Colo., since first reports of threatened coal strike disorders, were ordered relieved from active duty by Adjutant General F. J. Hamrock of the Colorado national guard. The camp was disbanded.

### CONFIDENT SUPPLY OF COAL WILL BE MINED

WASHINGTON, July 25.—Confidence that enough coal will be produced eventually to meet the country's needs regardless of strikes on

### railroads and in the mines, President Harding, it was said today at the White House, contemplates no new step in the coal strike situation.

The administration, it was added, will, of course, interpose no objections should the governor of any state adopt the policies of Governor McCray of Indiana and Governor Beck of Michigan and undertake coal production for the public.

### BIELASKI AND WIFE ARE STILL 'GUESTS' OF MR. SUMMERLIN

MEXICO CITY, July 25.—A. Bruce Bielaski and Mrs. Bielaski are still "guests" of George T. Summerlin, American charge d'affaires, at the American embassy awaiting developments in the recent kidnaping case at Cuernavaca.

Mr. Bielaski's business affairs have been completed and the Cuernavaca court has been properly advised of his intentions. He has made all preparations to leave for Laredo tonight.

It is considered barely possible that the former American department of justice official may invoke amparo proceedings in order to free himself of the restraint imposed by the Cuernavaca court in ordering him to remain within the confines of Mexico City. The military and police secret agents who since the kidnaping incident have shadowed Mr. Bielaski day and night, returned to their labors yesterday following a few hours of relaxation the day before. They are now stationed close to the gate of the American embassy.

For the first time since the incident occurred, Mr. Bielaski today appeared pleased at the turn of affairs which hitherto he had treated more or less as a joke. He was insistent that unless he was legally restrained he was prepared to depart for the United States at the earliest possible moment. It was pointed out at the embassy that Mr. and Mrs. Bielaski were not in any hurry there and that if a demand for their surrender is made they must be turned over to the proper authorities.

### SIGN CONTRACT FOR NEW STEEL BRIDGE ACROSS THE BRAZOS

MERRON CITY, TEXAS, July 25.—The contract made verbally two weeks ago for the construction of a new steel bridge across the Brazos river at this place was reduced to writing today, and signed by nine local business men and oil operators of this town and Graham as guarantors and work is to be commenced next Monday. The builders guarantee to have the bridge completed by November 1. The cost will be \$25,000.

## THE NEVILL WELLS NEAR HERRON CITY 2500 FOOT SAND

HERRON CITY, TEXAS, July 28.—This town is all excitement over the coming in of two more wells from the 2,500 foot sand. The Spilling well test just south of town is making 1,000 barrels and the Weeks well recently purchased by the Penn. City Oil company came in at 3 o'clock Thursday afternoon and flowed 45 barrels the first 45 minutes or at the rate of 144 barrels. The Tyrell Oil Corporation made 12 locations this week and ordered several rigs.

### DENISON NEGRO INVOLVED IN FIGHT IS CAPTURED

DENISON, July 27.—A negro, said to be a cook for the M. K. and T. railroad, kidnaped by a party of white men, last night, who escaped with a companion after slaying one of his captors with a knife, was captured this morning in Red River bottoms near here, military authorities announced. Captain Jerry Gray of the state rangers captured the negro, it was said. The military heads are conducting an investigation of the affair, in which a white man was severely cut.

### COUNTRESS OF ESSEX IS FOUND DEAD AT HOME

LONDON, July 28.—The Countess of Essex, widow of the seventh earl of Essex and daughter of the late Beach Grant of New York, was found dead in her bath at her London residence this morning. Her marriage took place in 1912.

### MILLIONAIRE SOAP MAKER ADVOCATES EARLY RISING

LONDON, July 28.—American ownership of three-fourths of the gold in the world is not as great an asset in competition among nations as is the Yankee habit of early rising, is the opinion of Lord Leverhulme, the English peer who has made millions in the soap industry.

In an informal address at Bolton recently the well known soap maker spoke of his recent trip to the United States where people, he declared, are forming better habits of industry than in England.

"If I am in an English hotel," said Lord Leverhulme, "and in order to catch an early train, desire my breakfast at 7 o'clock, the waiter brings a night-watchman who gives me some cold stuff said to be tea. New York hotels are in full swing at that hour and I can get a good breakfast in the dining room."

Lord Leverhulme also told his countrymen that in America young men do not consider work degrading, as do some English youths who are assured of legacies. "It is these English habits which are the danger which will count in the competition among nations," Lord Leverhulme asserted.

## Cold Corn Beef; Jellied Vegetables

By BERTHA E. SHAPLEIGH  
Cooking Authority for NEA Service and Columbia University.

The sandwiches are sufficient for luncheon or supper as the main dish. They use any left-over cold meat as well as chicken, and the bread may be stale but not dry.

The proportions given will make six good sized sandwiches:

- 1 1/2 slices bread.
- 2 tablespoons chicken.
- Salt and pepper to taste.
- 2 eggs.
- 1 cup milk or cream.
- 1 teaspoon salt.

Cook the chopped chicken in the butter and milk or cream until creamy but not too dry. Spread between two slices of bread and trim off a little of the crusts.

Beat the eggs slightly, add the one and one-half cups of milk and salt. Dip each sandwich in the egg and milk and cook in a pan until brown on both sides, use a little butter as possible. Serve at once, garnished with a little parsley or watercress.

F. H. Seley, of Chicago and Philadelphia, the noted "truss" expert, will personally be at the Kemp hotel, and will remain in Wichita Falls this Saturday and Sunday only, July 29-30. Mr. Seley says: "The Spemetic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional operations (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section."

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seley.

### DISTRICT ATTORNEY TO HENRIETTA TO INVESTIGATE CASE

District Attorney W. F. Schenck and Assistant Sam Holliday went to Henrietta Friday afternoon for the purpose of conducting further investigations in the murder of Ed Phelan near Jolly three weeks ago.

Preparations are being made for the filing of formal charges and the holding of preliminary hearings.

According to the officials nothing new has developed in the case than was brought out while the five people being held were prisoners in the county jail here.

Mrs. Johanne Lee Fuller, who was assaulted and seriously injured at the time that Phelan was killed is improving rapidly as the hospital where she underwent a surgical operation on her head two weeks ago.

### LOCAL BREVITIES

Arthur Thompson left Friday morning for Fort Hill where he was called with others members of the national guard.

Mr. and Mrs. Fred Lane are on a vacation trip to Galveston and Port Arthur.

Mrs. Tom R. McHam returned from Anson Friday where she spent the past week with friends and relatives.

The 3-year-old son of Will Hale, of Dundee, died at a local hospital Thursday night. The body is being held at Hines undertaking parlors pending the arrival of the child's parents.

E. W. McGlothlin, vice president of the First State bank of Bonarton, Texas, is in the city on business.

Miss Levy of New Orleans, who has been visiting Mr. and Mrs. M. Kaufman, returned to her home Thursday.

Miss Helen Swatts of El Paso, who has been visiting Mr. and Mrs. Sam Swatts for several weeks, left for her home Thursday.

Carl Lamb of the Owl Drug Store left on a two-weeks' vacation to his home in Sulphur Springs, Texas.

J. H. Twaddle is in Burk Burnett on business Thursday.

John White of Byers was in the city on business Thursday.

Mr. and Mrs. Henry Mahler and children of Holliday were visiting in the city Thursday, and stayed with Mrs. Mahler's parents, Mr. and Mrs. Henry Ford.

Abe Schlen returned from Mayo Brothers at Rochester, Minn., where he has been for several weeks. He is very much improved.

### GIRL WONDER TO SWIM FOR BENEFIT OF DAY NURSER

Marla Burke, six year old diving champion, who is here this week, will swim at Downing's swimming pool at 7 o'clock Friday evening. This is to advertise the exhibitions to be given at Downing's Saturday and Sunday.

Marla has been swimming for the benefit of the milk and ice fund of the Day Nursery. The exhibitions on Saturday will take place at 7 and 9 o'clock, and on Sunday at 5, 7 and 9.

### JURY FOR WEEK IS EXCUSED FRIDAY P. M.

The members of the jury for the week were excused from further attendance on the court immediately after court convened after the noon hour. All departed with the exception of those engaged in the trial of a case. Twelve men were held on a civil case in the 7th district court and six in the county court at law.

### Notice Republicans

The republican county convention of Wichita county will be held at the court house in Wichita Falls at 2:30 p. m. Saturday, July 29, for the purpose of electing a county chairman, precinct delegates, and all required delegates to the various districts and state conventions, and for the transaction of all other business that may properly come before the convention. All republicans in the county are urged to be present.—Otis T. Bacon, county chairman. (Adv.)

### Eyes Strained?

If your eyes are work-strained or tired; if your vision is dim or blurred; if it bothers you to read; if your eyes burn or itch or ache; if you wear glasses, get a bottle of Bon-Opto tablets from Palace Drug store, dissolve one in a fourth of a glass of water and use as directed to bathe the eyes. Bon-Opto has brought comfort and relief to thousands and thousands.

Note: Doctors say Bon-Opto strengthens eyesight 50 per cent in a week's time in many instances and drugists everywhere sell it under a positive money-back guarantee. adv.

### HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with Eczema, Itches, Ringworm, Rash and similar skin troubles. Zemo obtained at any drug store for 50c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and cools the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. Get it today and see all further distress.

### ROTARY GOVERNOR GUEST OF CLUB AT ELECTRA FRIDAY

Accompanied by several carloads of local Rotarians, District Governor John Singleton of Waxahachie visited the Electra Rotary club Friday.

and delivered an address on Rotary principles. A splendid dinner that included fried chicken and cream pie was served.

Mr. Singleton returned here early in the afternoon and caught the southbound Deaver for his home.

## TIMES DAILY MARKETS

### COTTON MARKET

**New York Cotton.**—Responding to continued dry hot weather in the southwest and more favorable news regarding the strike situation, the cotton market opened steady to day at a net advance of 1/16 to 1/8 points and Liverpool was buying after the opening in expectation of bullish week-end statistics today and unfavorable weather details at noon. Special reports from Georgia and the Carolinas were unfavorable as to crop conditions. Absence of pressure in the early afternoon and further crop complaints kept the market very steady although trade was of rather nominal volume, pending the bureau report. October ruled around 21.42 or about 15 points in the forenoon, partly for commission house account, ran October contracts up to 21.25 and December to 21.45, or practically 30 points above the previous close. A great many complaints about hot weather damage in the southwest and weevil activity in the central and eastern belts were received adding to the strength of the market. The average of 11 private condition reports thus far issued is 73.2 compared with the bureau condition of 71.2 last month and with an average of 70.10 year average of 73.6. Six of these reports included crop indications, the average of which was 73.45, 0.00 below.

**Cotton closed very steady.**  

	High	Low	Close
October	21.54	21.32	21.42
December	21.48	21.23	21.45
January	21.30	21.08	21.25
February	21.28	21.07	21.15
March	21.28	21.07	21.15
May	21.28	21.07	21.15

**New Orleans Cotton.**—A favorable opinion of strike news and the hot and dry weather in the southwest kept the price of cotton higher today, the market gaining 23 to 25 points in the forenoon, and slightly advanced to 21.67. Many complaints were received from Texas by brokers that weaker conditions were causing severe crop damage. Speculation from the long side caused a downturn of 10 to 15 points but the market did better again when the official returns noted temperatures of from 100 to 110 degrees yesterday at 21 weather stations. In the trading up to 11:00 o'clock the advance was widened to 24 to 25 points, rising to 20.50 but October did not make a new high. Realizing on the long side worked against values in a moderate way and at 12:30 o'clock the trading positions were at net gains of but eight to 15 points with October at 20.50. Cotton closed steady at a net advance of 18 to 20 points.

**Liverpool Cotton.**—Cotton steady, prices steady; good middling 13.45; fully middling 12.24; middling 11.19; low middling 10.15; good ordinary 11.35; ordinary 11.35. Sales 5,000 bales, including 4,100 American. Receipts 7,400 bales, all American.

**Texas Spot Cotton.**  
DALLAS, July 28.—Cotton steady; 21.25. Galveston, steady; 21.35. Houston, steady; 21.30.

**New Orleans Spot Cotton.**  
NEW ORLEANS, July 28.—Spot cotton quiet and unchanged. Sales on the spot 245. To arrive 42. Low middling 22.50; middle 21.50; good middling 21.50. Receipts 690; stock 84,070.

### GRAIN AND PRODUCE

**CHICAGO, July 28.**—Wheat averaged a little lower in price during the early dealings, although bullishness over prospects of a settlement of rail and coal strikes was said to have been largely discounted here. In some quarters it was contended that a settlement would give such an impetus to general business grain values. The foreign markets today were unexpectedly weak and export inquiry was less brisk than has been recently the rule. The opening, which varied from unchanged figures to 1-16 lower, with September 1.07 5-8@1.08 and December 1.07 7-8@1.08, was followed by a slight rally and then by a new decline. Advances in the wheat market took place today in the last of the session, export buying on a large scale being renewed. There was also a noticeable let up in hedge sales. The close was unsettled, at year same as yesterday's finish, 1/16 higher with September 1.08@1.09 and December 1.08@1.09.

**Corn and oat** were firm, influenced by a falling off in receipts of corn. After opening unchanged to 1/16 higher, September 42 1-2@43, the corn market scored a slight general advance. The market closed firm at the same as yesterday's finish to 1/16 higher with September 42 1-2@43 and December 41 1-2@42.

### NEW YORK STOCKS

**NEW YORK, July 28.**—Opening quiet and unchanged. New York exchange today were firm to strong, reflecting favorable overnight developments in the coal and rail strike situations. Gains ranging from fractions to nearly 1/4 points were scored by virtually all active issues. Bethlehem and Lackawanna Steel, negotiations for the merger of which now are pending, furnished the only exceptions to the general advance, each dropping a quarter point presumably in announcement that Bethlehem had failed to earn its dividend requirements for the last quarter. Stronger features among the falls included Baltimore & Ohio which touched 3 1/2 up to a new high for the year, and Northern Pacific which gained a large fraction. Other large gains were recorded by Baldwin Locomotive and Crucible which were up 2 1/2 and 1 1/4 points respectively. Irregularity developed during the mid-session, some of the leaders forfeiting a large part of their early gains on realizing sales. Rails and equipments held firm. Pennsylvania touching 4 1/4, a new high for the year, and Baldwin advancing three points over last night's close. Heavy selling of Crucible caused a recession of 1/4 points from its early top, while Studebaker was under heavy pressure at a loss of 3/4 points.

### Piggly Wiggly

The Piggly Wiggly is the place. My Mama always trades. Because she says they set the best. Of all the standard grades. The Piggly Wiggly's always good. And always clean and cool. You always know just what to pay. Because you see the price.

You walk around and pick your choice. You take it from the shelf. Then let it in your basket drop. You wait upon yourself. They never try to make you buy. They never substitute. The goods are all so well arranged. With everything to suit.

You do not have to pay the debts. Of those who do not pay. You save on your deliveries. That's what I heard Pa say. I love to buy my goodies there. And bring them in a sack. When I forget some little thing. My Mama sends me back.

Pa says these stores will take the town. Because they sell so cheap. And then because the people know. The others are so steep. Yes, Mama trades there all the time. Because my Mama knows. That they sell cheaper than the rest. At Piggly Wiggly Stores. —Anonymous

You walk around and pick your choice. You take it from the shelf. Then let it in your basket drop. You wait upon yourself. They never try to make you buy. They never substitute. The goods are all so well arranged. With everything to suit.

You do not have to pay the debts. Of those who do not pay. You save on your deliveries. That's what I heard Pa say. I love to buy my goodies there. And bring them in a sack. When I forget some little thing. My Mama sends me back.

Pa says these stores will take the town. Because they sell so cheap. And then because the people know. The others are so steep. Yes, Mama trades there all the time. Because my Mama knows. That they sell cheaper than the rest. At Piggly Wiggly Stores. —Anonymous
