RENZIED CAMPAIGN IN KANSAS IS OVER; EXPECT LARGE VOTE

INDUSTRIAL COURT LAW IS MOST IMPORTANT OF ISSUES INVOLVED.

CONTENTS ARE MAINLY IN REPUBLICAN PARTY

Woman is Candidate For Republican Nomination On a "Wet" Ticket.

Associated Press. KANSAS, Aug. 1.—The last declarations of policy have been uttered, the frenzied campaigning has ended and the candidates for nomination for the scores of public offices in Kansas today awaited passively the returns from the polling booths.

Indications were that an unusually heavy vote would be cast. The industrial court law is probably the most important issue of the gubernatorial race, at least from the point of view of organized labor, which has taken a resolute stand against it, and endorsed F. W. Hays, the republican candidate. He of Tom Neal are the only two machine republican candidates for governor who have declared themselves definitely as opposed to the law. Three democratic candidates have all expressed themselves as antagonistic to it. It is set forth, however, among some of the politicians that the population of Kansas is predominantly agricultural and not adherent to unionism and therefore the industrial court law is not decisive.

On the republican ticket, W. Y. Morgan of Hutchinson, W. F. Lamson of Fairview, and W. H. Tubbs of Lawrence are slated as the strongest contenders for gubernatorial nomination. Morgan and Lamson favor the industrial court law. Mrs. W. D. McMorcy of Kansas City, Kan., also a republican candidate for nomination as governor, favors perfecting the law to give employer, employee and the public equally well. Miss Helen Stigrew, also of Kansas City, Kan., is other candidate for republican nomination for the governorship. She favors the law as it is.

Miss Stigrew is looked upon as a "wet." Colonel Leigh Hunt of Kansas City, Kan.; Jonathan Davis of Lawrence, and S. Martin of Lawrence are the contenders for democratic gubernatorial nomination. All have expressed themselves as opposed to the industrial court law and favor a state bonus for ex-service men.

The contests are mainly in the republican party, only two existing in the democratic, namely, for governor and for state superintendent of public instruction.

CITY ORDINANCE WILL REGULATE KEEPING OF HOGS WITHIN CITY

In a special meeting of the city council Tuesday morning an ordinance was passed which prohibits more than two swine being kept within the city limits by one owner. This ordinance also provides that the owner must keep his animals at a distance of 100 feet from any residence.

This ordinance, No. 415, was passed as an emergency measure and will go into effect immediately after publication, which will probably be Tuesday afternoon.

No circus carnivals or shows of any nature will be allowed to come to Wichita Falls between the dates of September 10 and October 10. This order went into effect Tuesday morning when the city council passed such an ordinance. It is understood that this measure was taken to protect the Texas-Oklahoma fair, scheduled here during the first week of October.

Following the passage of these two ordinances, Dr. J. E. Reed, health commissioner, suggested the name of J. M. Rowlett for inspector of all eggs received in Wichita Falls during August and September. The appointment of Mr. Rowlett was ratified by the other members of the council.

The rest of the meeting was taken up by routine business of the council.

NOTICEABLE LULL IN THE AMERICAN DEMAND FOR THE BRITISH COAL

LONDON, Aug. 1.—There is a noticeable lull in the American demand for British coal, due to the inability of the exporters to guarantee early delivery. With little prospect of further shipments before September the buyers are naturally inclined to wait.

The congestion at various British ports is unrelieved and efforts are being made to transfer part of the many thousand tons already en route to the Tyne to ports on the Tees and Wear rivers.

The miners are said to be urging the steamers and trimmers to work longer hours, or to agree to restoration of the three shift system and a conference of ship owners and colliery and railroad representatives is being arranged.

SHARP DIVISION IN THE BRITISH CABINET OVER ALLIED DEBT PROBLEM

LONDON, Aug. 1.—The British government's reported decision to send a circular note to the allies and the United States in reference to the war debts has been discussed in political and financial circles for some days. It is said there has been a strong division of opinion in the cabinet and a section of the press today sharply criticizes the supposed government decision.

The exact purport of the note is not very clearly defined in the newspaper reports, but the Morning Post says that it "in substance places upon the United States the responsibility for Great Britain's inability to cancel or to treat indulgently the debts owed this country by its European allies."

The newspaper describes the note as "mutual in its purport," and hopes it will be radically altered, fearing that otherwise it will create a most unfavorable impression both in Europe and America, and be interpreted as an attempt to fasten upon the Washington government the responsibility for the financial chaos in Europe. The Post reiterates its contention that Great Britain must, without delay, fund and pay the interest on its debts to the United States.

The Times also comments adversely, expressing the hope that the current rumors as to the character of the note will prove inaccurate.

Mrs. J. L. Downing and daughters, Misses Alice and Elizabeth, returned Thursday from Austin and San Antonio. Miss Alice Downing attended the summer session of the university, and accompanied her mother and sister on the trip to San Antonio.

ROME, Aug. 1.—The "always ready" brother organization to the fascist, has ordered the mobilization of its legionnaires, numbering 100,000, to oppose the general strike called for today. This unites all the nationalists in the movement to nullify the strike in protest against the recent reprisals of the fascist against the socialists at Ravenna.

The "always ready" legionnaires are headed by Deputy Fascist, who was decorated with the American distinguished service medal for his bravery in torpedoing and sinking the Austrian dreadnaught Viribus Unitis in Pola harbor on December 2, 1918.

The government is preparing in every way to maintain order and insure railroad communication.

Small Crowd Fails To Become Enthused When Spudgers Take Twelfth

By PAUL W. BARKIN. The Exporters wound up their visit to Wichita Falls Monday afternoon as the guests of Walter Baum at Athletic park and they would not just as unimpressively as they started it.

and White scored. Bischoff counted while Tanner was rolling out. Bascher went to second on the play and it was at the juncture that he became the victim of the audience's stunts.

BEARS AT ATHLETIC PARK FOUR DAYS

Hub Northern Says Club Will Not Lose Entire Series.

Hub Northern and his San Antonio Bears will provide the entertainment at Athletic park until Saturday. The Bears started the second half of the season with a rush and for a couple of weeks looked like one of the contenders for first place in the southern club.

STANDINGS OF THE CLUBS

Table showing standings of clubs in the Texas League, including Fort Worth, Wichita Falls, Galveston, etc.

CRABS 7, GERSERS 5

SHREVEPORT, Aug. 1.—Galveston in a garrison-like defense defeated the Gersers 7 to 5. The score was 7-5.

MARINES 2, BUFFS 3

DALLAS, Aug. 1.—Dallas could not hit Reinhardt in the pinches. Houston winning 3 to 2. Love, who relieved Bryan, forced the winning run with a base on balls.

BASEBALL'S BIGGEST BONES STEALS SECOND AND THEN STEALS BACK TO FIRST

If you pull a "mumb" play on the ball field, and it doesn't prove costly, it is soon forgotten. If you slip up on some feature of play that decides an important ball game, it gets a high rating in the list of bone-bone plays.

St. Louis was playing at the Polo grounds, Ward, first base, was singled. Sam Vick was the next batter. Vick was up to bat, but the pitch was so bad that he gave up.

ALEXANDER AND HOLLOCHER LEAD THE FIGHTING CUBS

While some of the Chicago fanatics, notably the pitchers, have done good work for Manager Killinger of the Cubs, Charley Hollocher, the sensational shortstop of that team, is perhaps the outstanding figure.

AMERICAN LEAGUE

DETROIT, Aug. 1.—Detroit made it three straight from Philadelphia pouncing four pitchers for 18 hits and scoring 11 to 1. Charley Hollocher had a perfect day at bat with five hits out of as many times up.

ST. LOUIS, Aug. 1.—The Browns increased their lead to one and a half games over the Yankees by defeating the Red Sox 6 to 2.

First to Fall. Dallas finally succumbed. The "million dollar" ball club was the first of the three to slip. Which will be next?

No Hints. Well, the Exporters have departed and they didn't leave any man beckoned to do a Spudger uniform. Joe Mathes was willing to talk turkey, but President Steinbocker wasn't.

Baseball's Big Bones. Fred Bank came out of his slump Monday long enough to crash out a double and home run. In his 23 previous trips to the plate he had collected only three big ones.

Time Limit Up. There will be no more trades of sales between clubs of the Texas league this season. The time limit expired at midnight Monday night.

After Outfielder. Manager Baum is searching for a new outfielder for the Southern league. He needs a good ground coverer.

A Real Comeback. This has been a great year for comebacks in the major leagues, but there is one in the Texas league who is causing some fans and critics to sit up and take notice.

One of Few Thinkers. Becher is one of the few men in the Texas league who plays smart baseball at all times. Quick as a cat he never fails to take advantage of a false move by an opponent.

NATIONAL LEAGUE

PHILADELPHIA, Pa., Aug. 1.—Chicago made 17 hits off Hubbell and George Smith and defeated Philadelphia 15 to 1.

BOSTON, Aug. 1.—Louge's hitting accounted for three runs, aiding Cincinnati in defeating Boston 6 to 2.

Cardinals & Dodgers. BROOKLYN, Aug. 1.—Sherdel scored his 15th victory of the season when St. Louis beat Brooklyn 5 to 2.

Pirates 12, Giants 8. NEW YORK, Aug. 1.—Pittsburgh made it three straight from New York, again slugging their way to an easy victory 12 to 8.

TEXAS FIRE LOSS MONTH OF JUNE TOTALS \$135,955

10 DECREASE OF MORE THAN \$4,000 OVER THE LOSS DURING MAY.

FIGURES ANNOUNCED BY THE STATE DEPARTMENT

Loss From Cigarettes is the Heaviest Reported From This Cause During Year.

AUSTIN, TEXAS, Aug. 1.—Fires in Texas during the month of June caused a loss totaling \$135,955, according to reports received at the office of State Fire Marshal G. W. Tilley.

The loss through fires in the state in June shows a decrease of more than \$4,000 over the loss during May, which totaled approximately \$139,955.

Table with 3 columns: Cause, Fires, Total. Includes categories like Sparks from flue, Cigarettes, Matches, etc.

The decrease in losses during the past month is noteworthy especially in view of the fact that the weather is dry and hot and many persons are away on vacations, creating conditions that are usually conducive to fire.

HOSPITAL MONEY MAY BE INADEQUATE TO FINISH BUILDING

The \$120,000 bond issue by the city and county for the building and equipping of the new general hospital will probably be insufficient to complete the final equipment.

The approval of the purchase of some kitchen equipment was deferred by the council on account of the shortage of funds. Prices will be more thoroughly investigated by the council in the future, as it seems that the county has been doing practically all the buying in the past.

BEGINNING OF NEW MONTH NO ESTOPPEL TO EXTREME HEAT

The passing over from July to August was no estoppel to the extreme heat that has settled itself in the vicinity of Wichita Falls.

The heat which sent the thermometer Monday to the 105 degree mark was sufficient to carry the night over as one of the warmest of the season. The minimum temperature recorded was 87 degrees.

As a result the mercury had a good start Tuesday morning and it was given an additional push when the sun rose above the buildings and its rays centered on the mercury bulb.

At 9:00 o'clock, however, it had again started climbing and was resting at 93, which seemed indicative that the day would be an extremely hot one.

Clear skies were reported from all points and but very little wind movement was noted.

SPRETTEN CONTINUES 222 IN POLICE COURT TUESDAY. A total of 222 was collected in fines during the Tuesday morning session of police court.

Although the city has only one motorcycle man, every effort is being made to stop fast and reckless driving.

INVITES PUBLIC TO ATTEND MEETING AT 12th AND BROAD. The Times has received the following: I just want to tell you who did not hear the R. B. sermon preached by Rev. J. F. Aaron on last Sunday evening.

At the big union meeting, corner Fifteenth and Broad streets, certainly did miss a treat, as it was one of the greatest of its kind that I have ever been permitted to hear.

Taking for his text, Joshua 24:15, "Choose ye this day whom ye will serve," he endeavored to show that there are two trains running through this life and how important that we should choose today as it is the only time which we have promised to us.

You should hear these soul-stirring messages to appreciate them and you are cordially invited to come every night this week and next.
