GEOLOGICAL SURVEY INDICATES OIL POOL NEAR MADILL, OKLA.

PROMISE IS HELD OUT IN REPORT JUST ISSUED AT WASHINGTON.

PREPARED BY EXPERTS OF U. S. GOVERNMENT

Territory Described is Located Northwest of Madill, in Marshall County.

By CHAS. H. HAYDEN, Washington Correspondent Wichita Daily Times.

WASHINGTON, Aug. 4.—The possibility of finding a pool of high grade oil along the anticlinal axis northeast of Madill, Marshall county, Oklahoma, is set out in a report prepared by experts in the U. S. geological survey. This oil, it is suggested, should be similar to that found in the Madill area which registers 47.5 Baume and is probably the highest grade found in Oklahoma.

Discovery of that oil was responsible for many tests in Marshall and Bryan counties, Oklahoma, as well as Fannin and Grayson counties, Texas, but the only approach to success was the Elmer field, in the southern part of Marshall county.

The report, known as survey's bulletin 725-1 was prepared by C. N. Hopkins, Sidney Powers and H. M. Robinson. According to this the formations most likely to yield oil in the Madill area are the Woodbine and Trinity sandstones of the cretaceous age. The production at Madill is small, wells having an initial capacity of about 20 barrels a day, but it is pointed out that if oil is found further south, on the Leonard-Colets monoclinical nose, a greater yield may be expected, although prospects are not deemed favorable. The conclusions in the report are as follows:

"The possibility that oil or gas may be obtained from the carboniferous formations below the cretaceous is indicated by showings observed in at least two of the deep wells that have been drilled within a few miles of the Madill oil pool. These deep wells, however, in spite of their showings of oil and gas, offer little encouragement of the well records do not indicate that they penetrated sands that would hold much oil. Furthermore, the fact that was found was of extremely high grade, indicating that the forces which produced the Arbuckle mountains to the north, have acted also upon the deep seated oil bearing formations, destroying much of the oil or changing it to an intractable residue, and leaving only a remnant of high gravity oil. The destructive action is thought to have been intense in the region southeast of the Madill and Elmer fields, and hence the need of promising location for making a deep test in the area considered would be northwest of the Madill pool, along the anticlinal axis."

MAGNOLIA MEETS THE CUT IN CRUDE STORAGE ALL FULL

DALLAS, Aug. 4.—A reduction of 25 cents per barrel on Cemanan, Okla. crude, and a cut of 25 cents in the price of other crude oils effective today, was announced here by the Magnolia Petroleum company. New prices are: Electro-Burkhardt, Henrietta, Moran, Ranger and Stephens county districts, Strawn and Thrall, Texas, crude \$1.50 per barrel; Augusta, Kan., Yale, Comanche, Cushing and Duncan, Okla., \$2.25; and Cement, Okla., crude \$1.25. Slightly five cents per barrel for Cement crude is within 10 cents of the low record for that oil, according to the Magnolia headquarters here. On June 4, 1921, the price fell to 75 cents. Subsequently, it advanced to \$1, and recently began to decline in connection with reductions in other oils. Full storage tanks was given as the reason for the low price.

ATTITUDE OF U. S. ON DEBT QUESTION EASES SITUATION

STATEMENT OF WELTON AT TRACTS UNIVERSAL ATTENTION IN LONDON.

Hope That Early Meeting Will Prepare the Way For a Wider Conference.

LONDON, Aug. 4.—The attitude of the United States treasury department toward the allied debt question indicated by Washington dispatches saying the Balfour note would be the subject of a report towards the payment of war debts has attracted universal attention here.

This together with news dispatches from Paris to the effect that the American policy towards the payment of war debts has attracted universal attention here. This together with news dispatches from Paris to the effect that the American policy towards the payment of war debts has attracted universal attention here.

The supposed division of opinion in the cabinet regarding the British policy toward the debt problem seems responsible for another revival of the report that Prime Minister Lloyd George contemplates an early election. It is stated that if the conference yields nothing of value and conditions drift from bad to worse the premier is likely to resort to the dissolution of parliament with an election in the autumn.

GREEKS HAVE DECIDED TO OCCUPY CONSTANTINOPLE AND BRING ABOUT PEACE

ATHENS, Aug. 4.—Responding to the allied powers' note of July 21, the Greek government says it decided to occupy Constantinople in order to bring about peace by means of decisive military action against the Turkish capital. Complaint is made that the allied decision against such a move raises an obstacle to the proper exercise of Greece's right as a belligerent to put an end to Turkish resistance by moral and military actions of incontestable importance.

TWO PERSONS ARE KILLED SEVERAL HUNDRED HURT IN ITALY STRIKE RIOTS

ROME, Aug. 4.—Two persons were killed and several hundred wounded in the fighting between fascisti and communists at Bari in connection with general strikes according to the latest reports received here. MARRS CRITICISES HIS OPPONENT IN SPEECH AT BOWIE

BOWIE, TEXAS, Aug. 4.—Charging that his opponent, Ed B. Bentley, candidate for office of superintendent of public instruction, "had displayed a woeful lack of information with regard to the rural school problems of the state," S. M. Marrs, the other entrant in the August run, off, delivered a forceful stump speech before a large and enthusiastic crowd, gathered Thursday afternoon for the old settlers' reunion. Mr. Marrs was in a happy, fighting mood, and judging from the applause which greeted his frequent sallies, it was evident that Mr. Bentley will have his hands full if he is to land Mr. Marrs in the vote cast at the polls of this vicinity August 22.

"My opponent said in a recent speech that the distribution of the rural aid fund had been like 'pouring money into rat holes.' This unwarranted statement shows a woeful lack of information for the most casual observer may see the difference in buildings and equipment in rural communities, as compared with conditions six years ago. Certainly he would oppose the continuing of pouring money into rat holes," as he terms it, for he by the words of his own mouth shows that he is opposed to the giving of rural aid. A good rural school with comfortable buildings and adequate equipment is not a 'rat hole.' Further attacking what he termed to be 'either his opponent's willful misrepresentation of the facts or ignorance,' Mr. Marrs said: "In my opponent's speech at Granbury recently he stated that a rural aid inspector visited five or six schools in one day, and that night he sat down and wrote a report, distributing \$15,000 or \$20,000. Mr. Bentley evidently was too ignorant to know, or he wilfully exaggerated, that the maximum amount which might be granted to any school was \$1,500; that if each school had been granted the maximum amount the total could not have exceeded \$5,000 or \$5,000."

AVALANCHE OF TOURISTS ARE REPORTED SWAMPING BERLIN CLOTHING STORES

BERLIN, Aug. 4.—Avalanches of tourists are arriving in the wake of the latest plunge of the mark and are swamping the clothing stores, appearing overnight in brand new outfits of German clothing. The rush at the counters is so great that the natives are becoming alarmed at the possibility of greatly increased prices due to the unusual demand. Fear is also rampant that there will be a scarcity of clothes for the Germans themselves if the present tourist buying rampage continues. In some quarters the government has been urged to prohibit tourists from taking German merchandise out of the country. It would, however, leave the usual export channels open for international traffic.

The July clearings caused an unprecedented demand on the reichsbank for cash. As a result the notes in circulation are further increased by 15,750,000,000 marks.

If Rejected Farmers Will Have Lost Light and Monopoly Created, Is Claim.

WASHINGTON, Aug. 4.—Acceptance of Henry Ford's offer for lease and operation of the government's waterpower project at Muscle Shoals was urged in a minority report signed by members of the senate committee considering the offer.

The government has since \$3,000,000 at Muscle Shoals since the armistice, according to the report, and while objections to the Ford offer are admitted, "it is asserted that it can be remedied by government ownership."

The report further points out that the present fertilizer industry refused to operate the plants free of rental costs with an allowance of nine per cent on their invested capital.

ADVENTURES OF THE TWINS HOW FLOP GOT TUMMY-ACHE

By OLIVE ROBERTS BARTON

So he stayed to lunch and had three pieces of pie.

Flop Fieldmouse had a bad habit. He had a hundred relatives in Bright Meadowland—the Meadow-Mouse family, the Harvest-Mouse family, the Jumping-Mouse, the House-Mouse and lots of others. And here's what Flop would do: He'd visit 'round about meal-time and find out what they had for dessert.

Then if he didn't like it, he'd go on to his next relative's house and sniff around and find out what they had, and stay there, if it suited him. If not, he'd go on to his next relative.

Luck was with him. He wandered on to the Harvest-Mouse just

JACK DAW'S ADVENTURES—Continued, BY ELTON

THE DUKE TOLD JACK THAT HIS TRUSTED SPY HAD FOUND OUT THAT JACK CARRIED A MAP SHOWING THE LOCATION OF A SHIP'S TREASURE. "GIVE ME THE MAP," DEMANDED THE DUKE.

JACK REFUSED. THEN THE DUKE OFFERED TO MAKE JACK A PRINCE AND NEXT IN COMMAND OVER HIS BAND OF TRAINED GORILLAS IF HE WOULD HAND OVER THE MAP. AGAIN JACK REFUSED.

THIS MADE THE DUKE MAD, SO HE CALLED ONE OF HIS GORILLAS AND ORDERED JACK TAKEN OUT AND TORTURED WITH THE TICKLE STICK. POOR JACK WAS SURELY SCARED.

BUT WHEN THE TICKLE STICK WAS USED IT ONLY MADE JACK LAUGH. THEN THE DUKE ORDERED JACK'S CLOTHES STRIPPED FROM HIM, AND THE MAP TAKEN BY FORCE.

SOUTHPAW RECRUITS MAKING GOOD IN MAJOR LEAGUES

Here's an array of new left-handers in the American league. Upper left is Davenport of the White Sox...

By BILLY EVANS. Left-handed pitchers whirled while are much sought after by every major league club.

Next to Stecker. Manager Fohl thinks so well of him that, next to Stecker, no pitcher is called upon more often for relief roles.

Not in Two Years. "We haven't had a good looking southpaw break into the National League for a couple of years," he replied.

DETROIT, Aug. 2.—Detroit won a double header from Boston today, taking the first game 7 to 0 and the second 7 to 4.

CHICAGO, Aug. 2.—George Mcgrighe held Chicago to four scattered hits today and Washington took the second game of the series.

PHILADELPHIA, Aug. 2.—The St. Louis Cardinals found Leo Meadows an easy mark and defeated Philadelphia today 7 to 1.

Spudders Idle Friday; Six Games In Four Days Scheduled With Gassers

The Spudders were given a most welcome day of rest Friday after their remarkable repulsion of the four southern clubs.

The Spudders have not tasted defeat in their last 16 starts, but no records are yet in danger.

The rest of the squad is in perfect shape. There are no game legs or more arms.

Art Weiss returned to the club house Thursday on crutches and still has a wicked looking ankle.

French Toast With Crushed Raspberries

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

6 slices bread (stale)
1 cup milk
2 tablespoons butter
1 egg
1 teaspoon salt
1 cup sugar
2 cups crushed raspberries, sweet-
ened to taste.

Beat the egg slightly. Add milk,
sugar and salt. Allow the slices of
bread to remain, one at a time, in
the egg and milk until thoroughly
moistened.

Remove and fry in the butter in a
hot frying pan until nicely browned.
Serve hot with raspberries.

This is a good dessert for lunch-
eon or supper.

A Luncheon Dish

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

Eggs combined with a vegetable
often makes a very good and much
more satisfying dish than eggs or
vegetables alone.

The following recipe calls for to-
matoes, but egg plant or peppers
are good served in the same way.

Allow one tomato and one egg for
a person. This recipe is sufficient
for six servings:

4 tomatoes
6 eggs
1/2 cup milk
2 tablespoons butter
1 teaspoon salt
1 teaspoon pepper
6 pieces bacon.

Wash, wipe and cut tomatoes in
halves. Roll each half in salted
flour, mixed with a teaspoon of
sugar. Fry the bacon until crisp.
Remove pieces and keep hot.

In the bacon fat remaining in pan
cook the tomatoes until soft and
nicely browned.

Mix the eggs, milk and season-
ings. Melt the butter in a sauce
pan and in it scramble the eggs.
Remove from the fire when still
slightly soft, and one egg suffi-
ciently hard after being placed on
tomatoes.

On a platter place the pieces of
tomato, pour over them the scram-
bled eggs and garnish with the crisp
pieces of bacon. Serve at once.

Vegetable Salad

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

One of the reasons that many peo-
ple do not serve salad is that the
family does not like oil. Another
reason is that one does not always
have lettuce, and most recipes for
salad call for lettuce.

The following recipe uses very
little oil and no lettuce:

1 cup shredded cabbage
1 cup celery cut in small pieces
2 cucumbers, pared and cut in
very small pieces (they may be
chopped)
2 tomatoes, chopped
1 red pepper, fresh or canned
2 green peppers cut in small
pieces
1 teaspoon salt
1 teaspoon paprika
1 tablespoon sugar
1 tablespoon vinegar
2 tablespoons oil

Mix all the ingredients in a bowl
thoroughly and serve very cold.
If you do not like celery, use
twice as much cabbage and add one-
fourth teaspoon celery salt.

This salad is especially good
served with fried or broiled fish
and with cold meat.

Frozen Fruit Salad

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

For an afternoon or evening re-
ception, or for Sunday night supper,
one dish combining salad and des-
sert is very desirable. The follow-
ing recipe is easily made:

2 cups cut-up fruit
1 cup cream, beaten until stiff
1 cup mayonnaise or salad dress-
ing
2 spoons gelatine
3 tablespoons cold water
1 head lettuce
French dressing (oil, vinegar, salt
and pepper)

The fruit may be any seasonal
combination. For instance, two
oranges, two slices of pineapple
(canned), one banana, one pear or
apple, and a few raspberries, straw-
berries or cherries. Six marshmal-
lows are a good addition, especially
very soft ones cut in small pieces.

Soak the gelatine in the cold
water and dissolve by placing the
cup in hot water. Add the gelatine
to cream and mayonnaise, pour over
fruit and lightly mix together.

Turn into an ice cream freezer or
a water-tight mold and pack in two
parts ice to one part salt for two
hours.

Turn on a serving dish and serve
with lettuce dressed with the French
dressing.

This dish can be placed in a mold
in the ice box and served very cold
but it does not cut in attractive
slices as it does when frozen.

Picnic Lunches

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

This is the season for picnics and
someone must always prepare a
lunch.

Once was the time when a basket
must be carried containing plates,
spoons and linen napkins, all of
which had to be carried home.

Nowadays there are wonderful
lunch boxes and baskets, containing
everything one could possibly need,
and the automobile carries the bur-
den.

Or the lunch is eaten by the road-
side, in an attractive spot, while
seated comfortably in the car.

For less fortunate people there
are paper plates, cups, spoons, forks,
tablecloths and napkins. Also paper
containers, in which may be carried
moist, makes it possible to have
salads.

Patented bottles, now very cheap,
will keep the coffee or tea hot and
the ice water cold. With such equip-
ment and a pasteboard box no one
has to carry home anything.

What You Need.

The one preparing the lunch needs
oiled paper, or waxed paper, in
which sandwiches, hard cooked eggs,
cake, cookies or pickles may be
wrapped and stored, to go with the
grape juice or ginger ale.

It is wise to have three different
types of sandwiches, one with meat
or eggs, one plain, and one sweet.
Deviled eggs, each one wrapped in
its own piece of paper, or plain
boiled eggs with a little packet of
salt and pepper mixed are always
enjoyed.

When a fire is possible, the lunch
may be varied in endless ways.
Chops, small pieces of steak to be
broiled on a stick, and bacon make
one happy just to think about them.
Potatoes are a good accompaniment.
Marshmallows to be toasted on a
stick should not be forgotten.

Following are three suggested
menus—one a cold, simple lunch, one
hot, where a fire is possible, and
one automobile lunch:

Cold Menu
Ham and Egg Sandwiches
(Slices of ham and chopped hard
cooked egg, mixed with salad
-dressing)
Plain Brown Bread Sandwiches
Hard Boiled Eggs
Olives or Pickles
Small Sponge Cakes
Tea or Coffee (in patented bottle)
Fruit (whatever is available)

Automobile Menu
Chicken Salad Sandwiches
or
Chicken Salad and Buttered Rolls
Olives
Cut-up Fruit, Cakes, Candies
Hot Coffee or Tea Punch.

Hot Menu
Chops and Bacon
(Allow two chops and three slices
bacon to each person)
Rolls to Split and Toast, Butter
Tomato and Chopped Cabbage Salad
Chocolate Layer Cake
Coffee
Marshmallows (to toast)

Stuffed Baked Tomatoes

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

2 large tomatoes
2 tablespoons fat (bacon or but-
ter)
2 tablespoons finely chopped
onion
1 cup cold chopped meat
1 cup soft stale bread crumbs
1 teaspoon salt
1 teaspoon thyme
1 teaspoon paprika
1 teaspoon sugar

Cut the tops from the tomatoes
and scoop out the inside pulp, leav-
ing a well-one-fourth inch thick.
Sprinkle the inside with salt.
Fry the onion in fat until slightly
yellow. Then add meat, bread
crumbs and seasonings and cook all
together five minutes. Add pulp
taken from tomatoes and cook a
minute.

Fill tomatoes with the mixture,
replace the tops, cut a gash on each
side of the tomato and place closely
together in a baking dish. Bake un-
til tomatoes are soft.

This stuffing may be varied in
the following ways:
Raw chopped beef, lamb, veal or

pork may be used. Cook in the fat
10 minutes instead of five.
Cooked rice may be used in place
of bread crumbs.
Chopped red and green peppers or
parsley may be added.
The same stuffing may be used
for peppers, cucumbers, summer
squash, vegetable marrow or egg
plant.
Vegetables stuffed and baked may
be used as the main dish for lunch-
eon, supper or simple dinner.

Ginger Ale Salad

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

2 tablespoons granulated gela-
tine
1/2 cup cold water
1/2 cup boiling water
1/2 cup sugar
2 tablespoons lemon juice
Few grains of salt
1 cup ginger ale
2 cups mixed fruit

Soak the gelatine in the cold
water one-half hour. Add sugar and
boiling water, lemon juice, salt and
ginger ale. Allow the mixture to
cool, over ice if possible. When it
begins to set add fruit. Turn into a
wet mold, or mold, and let stand
several hours. Unmold on lettuce

and serve with mayonnaise, to which
beaten cream has been added.
Molded salads for luncheon or sup-
per when served with mayonnaise or
beaten cream may be both salad and
dessert. Sandwiches of plain bread
and butter, or toasted cheese sand-
wiches, are good to serve with these
salads.

Any kind of fruit may be used, or
a combination of several fruits; any
except fresh pineapple—that pre-
vents the jelly from stiffening—but
canned pineapple is all right.

Any of the prepared acid fruit
gelatines may be used. This recipe
calls for plain gelatine. The fruit
combination may be marshmallows
cut in small pieces, bananas, straw-
berries, oranges and canned pine-
apple.

Appetizing Salads

By BERTHA E. SHAPLEIGH
Cooking Authority For NEA Service
and Columbia University.

Whenever possible save dishes by
putting combinations on one plat-
e or plate. Cold meat is always

better when accompanied by a good
salad or some appetizing relish.

Corn beef after being cooked
should stand until cold in the water
in which it is cooked. Remove from
the water and press under a weight.
Cut in thin slices and serve around
a mold of jellied vegetables made
as follows:

1 cup chopped cooked beets,
1 cup thinly shaved cabbage,
1 cup peas (canned or fresh)
cooked)
1 cup boiling water,
1 tablespoon of gelatine,
1 cup cold water,
1 tablespoon of vinegar,
1 tablespoon of sugar,
1 teaspoon of salt,
1 teaspoon of pepper.

Soak the gelatine in the cold
water. Add to boiling water with
remaining seasonings. When cool
and beginning to stiffen add the
vegetables. Turn into mold which
has been wet with cold water. Put
in a cool place until time for serv-
ing.

Unmold as directed above.

TIMES DAILY MARKETS

COTTON MARKETS

New York Cotton.
NEW YORK, Aug. 4.—There was a further decline in the cotton market during today's early trading. Liverpool rallied from an early decline but the price here was 1 to 12 points lower. The market was quiet and prices soon broke to net losses of 30 to 40 cents, under continued liquidation of long contracts. New Orleans selling here presumably against hedge selling in the southern market and weathering pressure. A few stop orders were uncovered on the break which extended to 21.07 for October, but these prices evidently attracted some covering and the market rallied 12 to 18 points from the lowest. December sold up to 21.50 on the early afternoon rally or back to about yesterday's close but trading became very quiet on the advance and mid-afternoon fluctuations were irregular.

Reports of showers in the southwest were a little more general and a feeling was expressed here that prospects were better for a break in the hot dry spell which probably promoted the early decline. A Liverpool trade buying was reported and prices approached the market showed rather a steadier tone later on covering and a talk of an early settlement of the coal strike. December ruled around 21.35 shortly after midday or about 18 points up from the lowest.

Cotton closed barely steady.

GRAIN AND PRODUCE

CHICAGO, Aug. 4.—Wheat took a decided upward swing in price today during the early dealings, most of the impetus being apparently the result of efforts to have farmers hold back their grain under present conditions. Renewal of export demand together with strength in Liverpool quotations despite weakness yesterday in American tended further to induce buying. Bulls were also inclined to stress reports about car shortages and lack of the usual coal supply. Opening prices which varied from 1 1/2 to 1 1/4 higher, with September 1.08 1/2 and December 1.08 1/2, were soon followed by material additional gains.

Reactions took place at times but were not succeeded by moderate rallies and the close was 1/4 to 1/2 net higher, with September 1.08 1/2 to 1.09 1/2 and December 1.08 1/2 to 1.09 1/2. Corn and oats were firmer with wheat. After opening 1 1/4c higher, September 61 1/2 and the corn market continued to climb.

Damage from drought in parts of South Dakota and Minnesota had some effect on the market. The wheat firm, 1c to 1 1/2c net higher, with September 62 1/2 to 63c and December 62 1/2 to 63c.

NEW ORLEANS COTTON

NEW ORLEANS, Aug. 4.—Private reports of rain in the northwest section of Texas and hopes that it would extend over the more droughty sections of the state, together with reports of cotton picking under which prices lost 21 to 27 points in the first hour of the session. The market was steady at the decline and selling was held in check by further reports of cotton crop deterioration from many points in Texas.

Buying increased after the posting of supplemental weather returns indicating that droughty conditions in the west were becoming worse as temperature stations in Texas reported maximum temperatures for yesterday of from 110 to 118 degrees, the highest range of temperatures of the season in the reports received by this market. At 11 o'clock the list standing unchanged to 2 1/2 points lower, compared with yesterday's last figures.

The upturn continued until the most active months were 2 1/2 to 10 points higher than reports of 21.04 prices, October reaching up to 21.04 prices. October reports of new crop in the trading up to 12 1/2 cents.

Cotton closed barely steady.

STOCKS AND FINANCIAL

NEW YORK, Aug. 4.—Stocks in which there was a protecting short interest made good headway in the initial dealings on the stock exchange. Elsewhere the trading showed some hesitation with railroad issues quoted both above and below yesterday's final figures. New high records were achieved by some of the recently strong features including Union Pacific, Woolworth, Western Union and Rand Mines. Oils were advanced vigorously despite the announcement of further cuts in crude oil prices. Mexican Petroleum advanced 2 1/2. Pan American and Barnardell A. I. and Standard Oils of California and New Jersey a point each. Woolworth was up 1/2. Corn Products 1 1/2 and Rand mines a point. Pressure against Marine preferred forced 4 1/2 point. Kayser while Union Pacific and Kayser were down 1 to 1 1/2 respectively.

A reaction in the call money rate to 3 1/2 per cent and a rebound in Mexican Petroleum to well above the high price of the forenoon intimidated short interest into covering actively in the balance of the list. ANDY MEADOWS TRIAL POSTPONED TO AUG. 25

GARDEN CITY, TEXAS, Aug. 4.—The trial of Andy Meadows, Andrew county ranchman, charged jointly with his son with murder in connection with the slaying of A. A. Rawls on May 17, has been postponed from August 7 to August 25. The case was transferred to Garden City on a change of venue.

William Meadows, 18, son of Andy Meadows, was convicted in district court at Barstow June 23 and sentenced to 99 years in the penitentiary on a charge of slaying Rawls, who was an employe on the Meadows ranch. Notice of appeal was filed in young Meadows's case.

SCHOONER MAID REPORTED NEAR WRANGLER ISLAND

NOME, ALASKA, Aug. 4.—The schooner Maid carrying the Amundsen polar expedition reported her position at midnight August 2 as close to Wrangel island and in ice, with fine weather prevailing and little snow.

The Maid's operator stated that Captain Amundsen, Lieutenant Omunddal and Photographer Lund had gone to Point Barrow. Captain Amundsen intends to attempt his flight to the pole this year if weather conditions permit and if not then next year, the operator said.

RISH IRREGULARS HAVE ABANDONED INTENTION TO MAKE STAND AT RIVER

DUBLIN, Aug. 4.—The irregulars have apparently abandoned intention to make a stand on the banks of the river Suir. National troops entered Carrick-on-Suir yesterday, the 200 irregulars who had occupied the town fleeing across the hills toward Dungarvan. Before the evacuation they destroyed all the Suir bridges.

As the government's troops had previously taken Cahir, west of Clonmel, they now dominate the way east through the Suir valley toward Waterford and Clonmel which, held east from two sides, cannot hold out long. The nationalists have already captured Butterstown castle, near Waterford.

Mullins, County Tipperary; Kingdon, in Kilkenny, and other small towns also have been taken by the government forces.

WEATHER FEVER ON DECLINE ALTHOUGH NO RAIN REPORTED

There was a break in the weather fever Thursday night even though no rain was reported by any agent on the railroad lines leading into the city. At 7:30 o'clock Friday morning the thermometer registered 15 degrees lower than it did at the same time Thursday.

A light cool breeze from the northeast arose early in the night and its effects were still noticeable Friday morning. The minimum temperature reached during the night was 51 degrees.

Thursday the mercury rose to the 110 degree point and many people declared that it seemed warmer than the day before when the record breaking heat of 113 was reached. Clouded skies during the afternoon had its effect on the temperature and kept it down below the 113 degree point.

Reports Friday morning from all towns on railroads were to the effect that the temperature was cooler and that the skies were partly clouded.

TWO GIRL STOWAWAYS GLAD TO RETURN HOME

By Associated Press.

CHEROBURG, Va., Aug. 4.—Two girl stowaways from New York on the steamer Majestic enjoyed every minute of their transatlantic trip. "Just the same, we'll be glad to get home," said Katherine. "I really never dreamed the Atlantic was such a big ocean."

The stowaways will be returned to New York.

Guards House With Hoe Until Police Arrive for Couple

A love triangle between two negro women and a negro man was aired in police court Friday morning. The jilted woman had the other couple arrested for being in a house together about 11:00 o'clock Thursday night.

Evidence brought out the fact that the jilted woman stood guard over the house with a hoe until police officers arrived.

"She's just jealous," the negro man told Judge J. P. Marrs in explaining the cause of the arrest.

Evidently the court decided there was more than jealousy back of the affair, for he fined the couple, arrested in the house together, \$25 each.
