STRIKE MEETINGS CALLED FRIDAY

TWENTY-FIVE CLAIMS RESULT LATE WRECK; OVER 200 EXPECTED

INTEREST IN COAL INDUSTRY NOW IN JOINT CONFERENCE

LEADERS OF MINERS AND OPERATORS TO MEET ON WEDNESDAY

OPTIMISTIC REGARDING POSSIBLE SETTLEMENT

Forecast This Week Will See End of Bituminous Coal Controversy.

CLEVELAND, OHIO, Aug. 8.—With a definite program for ending the soft coal strike ready for consideration tomorrow, the joint conference of the leaders of the striking union miners and coal operators today marked time. President John I. Lewis of the miners, also leaders among the operators here, were optimistic regarding the probability of a settlement which if accomplished would be followed almost immediately by the union asking anthracite operators to renew the wage negotiations that were broken in June. Mr. Lewis had expressed the opinion that "this week will see the end of the bituminous coal controversy."

ST. LOUIS, Aug. 8.—Twenty-five claims already have been filed for damages with the Missouri Pacific railroad for injuries suffered in the wreck at Sulphur Springs, Mo., 34 miles west of here, Saturday night when 25 persons were killed and more than 100 injured when train No. 24 crashed into a trestle. The railroad company expects over 100 such claims to be filed.

RAIL CHIEFS AND STRIKE LEADERS IN SEPARATE CONFERENCES WILL ACT ON PROPOSALS OF HARDING

WHAT ARE "SENIORITY RIGHTS"?

"Seniority Rights" are the stumbling block to settlement of the railway strike, men want restored, and the railroad refuse to restore them.

"Seniority rights" are the stumbling block to settlement of the railway strike, men want restored, and the railroad refuse to restore them. Why? What are "seniority rights," anyway? Mr. M. J. Jewell, president of the Railway Employees' Department, A. F. of L., defines "seniority rights" as follows:

"Seniority rights" involve, principally, first, the right of the senior employe to be the last laid off in a reduction of forces; second, the right of the senior employe to have the first preference in selection for vacancies in preferable jobs.

The first right is of great importance. It results in encouraging permanent employment and the building of homes. The senior employe, as a group, will average between 10 and 25 years in continuous service. With its increasing certainty of permanent employment the longer they remain in the service, they are encouraged to buy homes and to establish themselves in community activities with assurance of continuous livelihood. To deprive the men of these rights would operate so that in the event of reducing forces the railroad would be permitted to discharge the senior employe and to retain men engaged for only a short time in transportation service.

Chicago, Aug. 8.—Acting upon President Harding's new suggestion for ending the rail strike the United States railroad labor board today stated ready to "promptly and readily consider and determine" the question of seniority rights, sole remaining barrier to peace in the railroads.

11-CENT CUT MADE IN CITY TAX RATE BY COUNCIL MONDAY

LEVY FOR THIS YEAR WILL BE \$1.55 INSTEAD OF \$1.66.

REDUCTION MADE IN SPECIAL BOND TAXES

Fire Chief McClure Renews Effort For Action Toward City Building Code.

An 11-cent reduction in the city's 1922 tax rate was decided upon by the city council Monday night, the first rift in the dark cloud that has been hanging over local taxpayers. The rate will be \$1.55, as against \$1.66 for last year. The cut is made possible by the fact that the interest and sinking fund accounts now have a surplus, and enough money can be raised with the lower rate to provide sufficient funds for the securities.

The \$1.55 rate will be divided as follows: General fund, 60 cents; street, 18 cents; library, three cents; park fund, 15 cents; water bonds, 11 cents; park bonds, one cent; other bonds, 15 cents.

There was some disposition on the part of the council to make a further reduction, at the expense of the park fund, but this move was finally dropped. The city's reduction will to some extent offset prospective increases in other tax levies.

J. L. McClure, chief of the fire department, appeared before the councilmen asking some action for the lowering of the key rate for insurance, by establishing a building code. No action was taken on this proposition by the council Monday night.

Chief McClure also asked that the council send for the state fire inspector for the purpose of investigating the old stand pipe. It is understood that this tower has not been used by the fire department for some time.

Routine business of the council took up a large portion of the meeting.

SHOWER OF MONDAY EVENING FOLLOWED BY PLEASANT NIGHT

The shower of Monday evening at 4:30 o'clock was followed by a drop in temperature and as a result the night was one of the most pleasant ones enjoyed during the past month. The minimum temperature reached during the night was 73 degrees.

The amount of rain that fell here was less than a sixth of an inch. A heavy rain was reported at Loveland between Grandfield and Frederick, Okla., but other points on the Northwest reported light showers. Agents on the Fort Worth & Denver City railroad reported no rain.

Before the shower Monday evening the mercury had risen to the 102 degree point.

Entourage of 12 In One Automobile Is Colorado Bound

An automobile with 12 human occupants, making a trip from Jacksonville, Fla., to Colorado, passed through Wichita Falls Tuesday morning, setting a new record for a one-load tourist party.

Of the 12 tourists, eight are below the age of seven years, and don't take up much room. Four of them belong to Mr. and Mrs. Charles Perryton and the other four to Mr. and Mrs. Elmer Blakely. Mr. Blakely is Mrs. Perryton's brother; the women are en route to Colorado to visit grandparents.

OLDEST COUPLE AND OLDEST 'FLIVER'

Auguste Jeausonne, 111, and his eldest daughter, Mrs. Jean Baptiste Fraga, 92.

By NEA Service. NEW ORLEANS, Aug. 6.—Auguste Jeausonne's ancient bones do not creak as much as his flivver does. He's 111 years old and he won the prize for the oldest person driving the oldest flivver in Opelousas village.

He drove it himself, all the way from his farm in St. Landry parish and the flivver looked older than he did. Sitting beside him was his eldest child, Mrs. Jean Baptiste Fraga, a youngster of 92.

They came to town to see the sights and wound up by condemning titles man's titles! Flappers, prohibition, short skirts, cigars, bobbed hair and votes for women.

Jeausonne qualifies as an expert. He has been married five times and is the father of 10 children—15 of them living—and grandfather and great-grandfather of more children than he can remember.

His flivver views. "These flappers, what do you think of them, Pere Auguste?" He was asked as a crowd of short-skirted girls eddied around the ancient machine.

"Flappers?" The centenarian looked puzzled. "Oh! Ken! Les poulet! Les petits! Elaborate facings are used."

BURKBURNETT MAN IN HOSPITAL AFTER WRECK LATE MONDAY

S. A. Nichols, of 217 East First street, Burkburnett, was seriously injured, Joe Dyer, superintendent of the Wichita Brick & Tile company was severely shaken up, and a Willys-Knight car was wrecked in an accident at 4 p. m. Monday about three miles north of town on the Burkburnett road.

Nichols, who is at the Call Field hospital, suffered a dislocated shoulder and some minor bruises, and may lose the sight of one eye. The car is said to have turned over three times before coming to a halt, and Nichols, who was driving, remained in the machine until just before it ceased rolling.

The car, which was coming south, passed another machine, and in doing so went off the pavement into the "skidway," which was wet from the rain; it got back onto the concrete, but skidded and then started turning over. Those who saw the wreck before the damaged car was hauled away could not understand how either occupant escaped death.

MAJORS ORGANIZATION IS HELD OVER FINAL COUNT The local Majors organization is elected over the final count of votes in the state which, according to the figures Tuesday morning, gives a M. N. Marrs a plurality of 1,511 votes over Ed E. Bentley. This official count does not include 12 counties, however, but Superintendent Burt Bryant tabulated the unofficial figures and discovered that adding these will give Mr. Marrs a plurality of a little more than 1,000 votes.

Does Your Corset Mould You—Or Do You Mould Your Corset?

You know how exasperating it is to get what you think is just the right corset—only to find after you have worn it a few times that it has lost its own lines and taken yours. And yet how many corsets do that very thing.

Binner Corsets will never lose their shape—no matter how long you wear them. They are so skillfully made and such fine materials go into their making that until the very end of their long life they will retain the graceful lines that they had when you first put them on.

When you wear a Binner you are assured of the utmost in beauty of line, in fineness of materials, in exquisite character of workmanship. A luxurious corset at a moderate price.

Woman, a Former Neighbor, Also Speaks and Endorses Candidate.

Special to The Times. WAXAHACHE, TEXAS, Aug. 8.—Marie B. Mayfield, candidate for United States senator, speaking here Monday night in the interest of his campaign, declared that he was glad that the name of his opponent, former Governor James E. Ferguson, was left on the ballot by the state democratic executive committee, meeting in Dallas Monday.

Sun River Ointment CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble.

You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile, dynamite, cramping and sickness. You know Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can't salivate.—adv.

Mayfield declared that he could answer satisfactorily to the people of the state every charge that had been brought against his character by Mr. Ferguson.

With persons in attendance from over a wide area, including five special interurban cars from Dallas and about 100 supporters from Fort Worth, the crowd that gathered at Chattanooga auditorium, where the speaking was held, overflowed well out into Getzendaner Memorial park, in which the auditorium is located.

Mrs. B. C. Kelly, a prominent worker in the First Baptist church, who has known Mr. Mayfield since he was a tiny lad, spoke briefly, stating that she was there "to defend the high and honorable principles for which he stands." She said they had lived neighbors in east Texas and that she had always known him and that she was glad to represent Mr. Mayfield, that she would like to "lay her hand on his shoulder, like his mother, and bid him God speed."

When he cast his first vote, and that was for prohibition, said Mrs. Kelly, "he practiced all that was high and noble. Today the women are several speakers, who addressed the audience prior to the arrival at the auditorium of the senatorial candidate.

There is no greater problem to be decided than that of transportation that it brings into controversy the relative functions of state and nation," he asserted. He said that the original purpose of the state and federal railroad commissions was for the former to control the rates within the state and the latter those between states, but that now the state commission is impotent.

After the delegation, upon the invitation of Mr. Mayfield, filed down front, arriving late.

"We are with you, Earle," shouted the spokesman. Grouped about the orchestra pit, the Fort Worth delegation gave Tarrant county's nine rays for Mayfield, amid applause.

Resuming his discussion of the transportation problem, Mr. Mayfield demanded, "When will we find relief?" Answering, he stated that "congress alone can give you relief, by repealing the Esch-Commins law, by restoring the rate making power to the states."

He then took up Mr. Ferguson's attacks upon him. "No man but Jim Ferguson would say I have not kept faith with my people. He is going up and down the state shouting, 'Down with the house of Mayfield.' And in his heart he is saying, 'Up with the house of Anshuser Busch.' Neither I nor my cousin, Allison Mayfield, have cast a blot on the fair escutcheon of Texas, and that's more than Jim Ferguson can say."

"The best answer I can give to the dirty, slimy, filthy things he has said and is going to continue to say is that they rolled out of the mouth of Jim Ferguson. But I could take up every charge he has made and answer it to the satisfaction of the good people of Texas.

"He used to cuss the Baptists, and

now because I am a Methodist he turned on the Methodists at Georgetown. He was not satisfied with this, but blasphemed the name of God Almighty in Dallas today. I imagine his supporters took him off to one side and told him, 'Jim, you've ruined yourself.' So I predict that within three days he will be denying the statements accredited to him at Georgetown and saying, 'I've ruined myself.' He charged that Mr. Ferguson is the candidate in Texas for the United States Breweries' association.

"Let's roll up our sleeves and give Jim Ferguson and John Barleycorn a knockout blow on August 25," he shouted, much cheering following.

MANY SECTIONS OF TEXAS REPORT RAIN MONDAY AFTERNOON

FORT WORTH, Aug. 8.—Various sections of Texas, including this city, this morning reported rain varying from one inch to merely a drizzle. Stamford, Abilene, Sweetwater, west and parts near Waco, south, reported showers. These rains are all in the cotton belt and the rain is expected to prove of great help. Though cotton bolls are now open the rain was not hard enough to injure them.

FIRST SHOWER IN WEEKS IS REPORTED AT VERNON

VERNON, TEXAS, Aug. 8.—The first shower in weeks, although of short duration, fell Monday afternoon at 2 o'clock in Vernon and vicinity and served to freshen momentarily the drooping plant life and settle the dust just on country roads. A brisk wind, starting early in the morning, served to freshen the day and bring some alleviation from the intense heat which has marked the past two weeks.

CATTLE COUNTRY WILL BENEFIT FROM RAIN

FORT WORTH, Aug. 8.—Rain fell as far west as Ranger, north beyond the Oklahoma line and south to Menard, according to reports received here this morning. In the cattle country around Menard and Ranger good will be done, as drought conditions and reports to be received. At many points the precipitation continued all night.

CROPS ARE BEGINNING TO SUFFER FOR MOISTURE

ABILENE, TEXAS, Aug. 8.—No rain has fallen here in several weeks, and crops are beginning to suffer for moisture.

APPEARANCE DOCKET IS CALLED IN COUNTY COURT

SPECIAL JUDGE ARCH DAWSON of the county court at law called the appearance docket of the court Tuesday morning. The new term of court opened Monday morning. A number of attorneys were present when the docket was called.

ELECT Q. O. ROSS AS SPECIAL JUDGE OF 30TH

At a called meeting of the bar association Tuesday morning Attorney Q. O. Ross was elected as special judge of the 30th district court during the absence of Judge H. R. Wilson, who left Monday on a ten day vacation trip. Judge Ross has served as special judge of both the 15th and 20th during the past year.

OREGON RATIFIES RECENT AGREEMENT MADE IN NEW YORK

By Associated Press. MEXICO CITY, Aug. 8.—The financial agreement reached by Secretary of the Treasury de la Huerta and the international committee of bankers in New York is now ready to be presented for final ratification to the Mexican congress when it convenes September 1. The agreement was ratified and signed yesterday by President Oregon without the slightest change in the original text.

The president has had the text of the agreement at hand since de la Huerta returned from the United States but it was not until Sunday that his health permitted him to go over it.

It is understood the president at first objected to some of the clauses but yielded to De la Huerta's request for unequivocal ratification. In newspaper circles the president's action is hailed as another step toward recognition by the United States, although it is realized that in order for the agreement to become effective, congress must give its assent.

MORE OF DEEDS AND LESS TALK, SAYS HUGHES

MEXICO CITY, Aug. 8.—Mexico again has been told by Charles E. Hughes, American secretary of state, that Mexico's accomplishments regarding guarantees for American properties and interests are not as many as they should be.

A communication to this effect, the paper says, was delivered by George T. Summerlin, American chargé d'affaires, to Foreign Minister Paul last Thursday. Excelsior states that it has reliable knowledge of the communication which it describes as embodying friendly insistence by Mr. Hughes that recognition of Mexico must be preceded by some written guarantee that American holdings in Mexico are not to be subject to confiscation.

LAMONT NOTIFIED THAT AGREEMENT IS RATIFIED

NEW YORK, Aug. 8.—Thomas L. Lamont, chairman of the international committee of bankers on Mexico, announced that he received an official message from Minister of Finance de la Huerta of Mexico, stating that the agreement as to the Mexican debt, signed by Minister de la Huerta and the international committee on June 16 was ratified by President Oregon and that the agreement would be submitted to the Mexican congress for its ratification.

The Mexican congress meets September 1.

TWO INJURED WHEN TORNADO STRIKES A GIN NEAR ABILENE

ABILENE, TEXAS, Aug. 8.—T. G. Tedford received a broken back and died and G. F. Freeman sustained a broken leg and dislocated hip late Monday afternoon when a tornado struck a gin house where the men were working at Truby, 28 miles north of Abilene. The gin house was wrecked. Seven others working at the plant escaped uninjured. Freeman was brought here for treatment but Tedford could not be moved.

Tong War Breaks Out in New York; Leader Is Killed

NEW YORK, Aug. 8.—Chinatowns today seethed with rumors and sudden periods of panic among its Oriental population while the body of Ko Low, national president of the Hip Sing, lay in state in the tong's headquarters in Pell street. Ko Low died early today after Chinese gun men toppled him into the gutter with a bullet in his back as he left a Chinese restaurant within the bounds of Hip Sing territory.

for the slayers of the powerful tong chief were declared to have been strangers in the section populated by the Chinese.

Hip Sing officials sat with faces as expressionless as those of waxen images, in their lodge rooms. They said little, thought much, while their men combed the city seeking the identity of their chief's slayer.

SHOWER AT VERNON BENEFIT OF HOSPITAL

VERNON, TEXAS, Aug. 8.—Local members of the Baptist Women's Auxiliary gave a shower Monday afternoon for the benefit of the Baptist hospital at Fort Worth. A considerable quantity of necessary articles for the institution was brought by the ladies.

FIRE DEPARTMENT AT ABILENE HAS PULMOTOR

ABILENE, Aug. 8.—A pulmotor has been purchased by the city commission and placed in the local fire department, to be used in the resuscitation of drowned persons and persons overcome by gases and fumes. The machine was given a demonstration on the Federal lawn Sunday afternoon before a large crowd by City Health Officer Cash, and all firemen have been instructed in its use. It will also be used in all cases required in this section, when necessary demands, the commission stated.

RAIN AT GAINESVILLE WILL BENEFIT COTTON

GAINESVILLE, TEXAS, Aug. 8.—Rain which fell here last night broke an excessive heat wave and will benefit cotton.

All along the streets of Wichita Falls. ONE thing you'll notice right away you begin to talk to the dealer who shows the Blue Diamond. You'll hear a note of assurance in all he says about shaving. No "ifs," "buts," or signs of mental reservation. He has the instrument to demonstrate everything he says—the New Improved Gillette. A razor and shaving service far in advance of anything you have ever known. Now—a suggestion: Bring your old razor with you when you visit the Blue Diamond Store. These points of superiority about the New Improved Gillette are best appreciated by comparison. You will know then why the dealer with service ideals is glad of the opportunity to show the Blue Diamond in his window. Where you see the BLUE DIAMOND Walk in. CONY ISLAND PARTY ATTENDED BY 90 LEAGUERS

The Cony Island party given Monday night by the South Methodist Epworth league at Lake Wichita was the most successful social affair given by this organization during the summer. Ninety leaguers and their friends were present, and there was enough variety of entertainment for each one to have a good time. The swimming pool attracted the greatest number of the party. Refreshments consisted of hamburgers, ice cream cones, sandwiches and cold drinks.

Those enjoying the occasion were Misses Helen Thompson, Zona and Juanita Bachman, Lucile Campbell, Ida Baggett, Edna and Anna Fay, Dorothy Lora Brown, Mary Mathie, Akin, Ada John Gora, Stella Holt, Budie Hall, Susie Downing, Annette and Carrie Koenig, Mabel Winfrey, Elizabeth and Minnie Maxey, Lona Luana Liggitt, Margaret Akin, Louise Bartlett, Eunice Stalcup, Doris Ragland, Olivia Harrison, Jim and Aline Covey, Vivienne Harris, Edith Blain, Adea Callahan, Louise Scott, Stella Winters, Jenny V. W. W. DE FRIES HAS NEW USES FOR CANTALOUPE

Override, soft or spotted melons can be utilized in the making of real delicacies. According to the following letter, written to the National Hotel Reporter by F. W. De Fries of the Kemp Hotel:

"Having just completed a series of experiments, I am hastening to give you the results, believing that they should prove very interesting to many of your readers.

"This time of year stewardesses have more or less override cantaloupes on hand, or soft or spotted fruit, which are not fit to serve. Usually these are thrown away.

"My way is to cut cantaloupes in half, just as for serving, remove seeds, and scrape out all the meat to the rim. Put in copper kettle and boil, or better steam, until very soft; add one fluid ounce of lime juice to each quart of pulp, strain through colander, and put in Mason jars for future use.

Cantaloupe Sherbet.
Prepare the usual mixture as for lemon sherbet. I am heating pulp to suit taste. This makes one of the finest sauces ever.

Cantaloupe Cream Pie.
To your regular unflavored cream filling add cantaloupe pulp as described above, one cup full of the quart of cream, top off as usual with meringue.

Cantaloupe Sundaes.
Prepare the pulp as above, then strain through a hair sieve, add one pound of shredded coconut to the quart of pulp and serve in the usual manner.

Cantaloupe Butter.
Prepare cantaloupe pulp as before, but allow to simmer longer to the consistency of marmalade. Never add sugar as it would make it too sweet that it would lose all the natural flavor of the fruit. This makes one of the finest fillings for layer cakes and keeps indefinitely.

GOLF LADIES PLAY WEEKLY BRIDGE TUESDAY MORNING

The ladies of the Golf club enjoyed their weekly game of bridge Tuesday morning. Mrs. J. H. Gardner won the club prize for high score. Refreshments were served about noon to Mesdames J. B. ADVENTURES OF THE TWINS HOW FLEET FOX WAS FOOLED

By OLIVE ROBERTS BARTON

Sure enough, there sat Fleet, never taking his eyes off Cutie's front door.

One day Dr. Snuffles' telephone rang. Nancy answered it. It was Cutie Cottontail talking.

"Say," said Cutie. "I'm in a fix. Ma's gone out and I'm alone. A while ago I peeked out and there was Fleet Fox watching for me. 'I can't go out and Ma can't come in for I heard Fleet call up to Mr. Crow he'd get one or both of us if he had to camp on our door-step till next winter.'"

"All right, Cutie," said kind Nancy. "I'll tell Dr. Snuffles and Nick and we'll help you. Don't worry. Just keep still and don't poke your little pink nose out until we tell you."

Nancy and Nick and Dr. Snuffles talked it over and finally Dr. Snuffles said:

"I've got a plan, Fleet is the most curious person I ever knew, as well as the greediest. So we'll fool him. Nick, go out and gather some sleepy-berries."

So Nick got the sleepy-berries and the three started off to Cutie's house.

Sure enough, there sat Fleet, never taking his eyes off Cutie's front door.

"Hello," said Fleet. "Where are you going?"

"Just to call on Cutie Cottontail and take him something," said Nancy.

Fleet had sharp eyes and he saw the round blackish berries.

"Look like wild berries," he said hungrily.

"But they aren't!" said Nancy mysteriously.

"I don't believe it," declared Fleet. "Lemon taste ones."

Nancy handed it over and Fleet gobbled it down. "Ugh!" he coughed. "That's bitter! What is it?"

"A sleepy-berry," laughed Nancy. "You'll be asleep in two minutes. Mr. Fox, and poor Cutie can get out!" And so it happened.

MARY NASH TELLS HOW TO HAVE BEAUTIFUL HAIR

Brush the hair upward.

Use a good tonic.

Don't shampoo too frequently.

MARY NASH.

fully into the scalp. There is no better hair grower than vaseline or crude oil, but in using these care should be taken they are applied only to the scalp and not allowed to get on the hair.

Air and sunlight are absolutely necessary. When at home it is well to let your hair hang unconfined frequently and give it a sun bath whenever you have time.

Regular clipping of the hair is advisable.

While it is a good plan to go to a hair dresser and have regular hair treatments, practically any woman can get the same results for herself at home.

TOMORROW—Ethel Terry, the celebrated beauty of the "Music Box Revue," will tell "Times" readers about the care of their teeth.

Mrs. Eli Morgan has returned from Oklahoma City, where she was called recently by the death of her father, E. L. Green.

Texas-Oklahoma Fair, September 30 to October 4, Wichita Falls.

If you will separate your hair and rub the scalp with a coarse Turkish towel you can remove much dust and keep your scalp free from dandruff.

For the average woman once a month is often enough to shampoo. If the hair is exceedingly oily this should be corrected by a tonic.

Use only the purest soaps. An excellent soap jelly is made by melting a bar of pure castile soap in a quart of boiling water. This may be delicately perfumed if you like.

Use a good reliable tonic once or twice a week and massage it carefully.

WICHITANS SPEND WEEK END IN MEDICINE PARK

Medicine Park attracted an unusually large number of local people the past week-end. With the mercury hovering around 110 most of the week, work, play and sleep became almost impossible, and many of the young people as well as older ones took advantage of the opportunity to seek a cooler place.

Those who visited the popular resort for the week-end were Misses Ethel Hale, Geneva Wislizen, Marguerite Barnhart, Louise Montgomery, Hallie Maud Neff, Ethel Moran, Nancy Jane Martin, Nellie Marcus, Suda Willis, Sadie Adickes, Katherine Moore, Josephine Cummings, Ethel Owens, Edith Henderson, Ethel May Martin, Louise Stevens, Fay and Frances Boyd, Messrs. RINGWORM OVER FACE AND HANDS

Also Feet, Burned and Itched. Coticura Heals.

"I had been bothered with ringworm for more than two years. It broke out underneath my chin and soon spread all over my face, hands and feet. The affected parts were badly inflamed, and my clothing aggravated the breaking out. I could not do my usual work. At night I lost my rest because of the irritation, burning and itching. I began using Coticura Soap and after three uses of Coticura Soap and three boxes of Ointment." (Signed) Miss Athalia Johnson, Welder, Texas.

A THOUGHT FOR TODAY

Ask and it shall be given you; seek and ye shall find; knock and it shall be opened unto you.—Matthew 7:7.
Ourselves are easily provided for; it is nothing but the circumstantialities of life that cost so much.—Alexander Pope.

Texas-Oklahoma Fair, September 30 to October 4, Wichita Falls

WHAT BORES YOU?

Years from now, when young men of today will be white-haired and hobbling about on canes, their piping voices will interrupt the conversation in the airplane with this:

"I mind the time just like it was yesterday, back there in 1922 when Bill, the inventor of the telephone, died. Strangest part of it all was that in his last years he didn't have any phone in his own house. Said it was a nuisance."

"That will interest people of the future more than any other fact about the great inventor, just as it has recently been causing the most talk."

And yet it is a very simple piece of psychology—a clerk in a candy store soon gets "sick of the sight of it."

The housewife, though she loves the furnishings of her home, often becomes bored almost beyond endurance by the sight of the ever-present broom and dustpan.

Small wonder, that Bill became bored and annoyed by the telephone after devoting most of his long life to it.

It responds to you, starting jubilantly on a task, but coming down the home stretch with: "If I ever finish this up, I'll never tackle another one."

A kitten never tires of playing with a ball of yarn. A squirrel would be content to run forever in his revolving cage. A toad never wearies of music.

All animal life is more or less contented with routine existence. The difference between it and man is that man alone has the nervous temperament, forever seeking a change, tiring of the old, laboring for the thrill of the new.

This nervousness is what has made man develop into civilization while animal life has plodded along mechanically, without material improvement or progress.

In each of us there is a mysterious something that demands contrast in life, to keep us normal and progressing.

Physically, emotionally and mentally we react from the thrills of intense activity to a languid torpor.

It is a natural law and no life can be happy without recognizing and conforming to it. Very few men can avoid going to seed without having a hobby.

Often a wife is blamed for being irritable and grumbling when all that's wrong is that she is deprived of contrast by being cooped up without proper diversion.

Work like a beaver, when you're working. When you quit work, forget it—if you can. Concentration is a fine asset, but only in its place. If life bores you, it is your own fault. The remedy is simple—cast about for diversions that will give you contrast. And be thankful for sorrows and setbacks. Without them for contrast, all pleasures and successes would become homesome.

WHEN OPPONENTS MEET IN CONFERENCE THERE IS HOPE FOR SETTLEMENT.

Representatives of the soft coal operators and leaders of the miners will meet in conference in Cleveland Wednesday in a further effort to settle the miners strike.

If we recollect correctly this will be the first time since the controversy started that the representatives of the two sides in this strike have gathered about the same table.

The operators have lost heavily as a result of the strike.

The miners have suffered great hardships. Both ought to be in a mood to accept some reasonable compromise. Perhaps when they meet face to face they will find that settlement is much easier than they had expected. That is usually the case. It is a very hopeful sign indeed that both sides are willing to attend such a conference.

One can't help but remember the mine strike began April Fool's Day.

Smokeless powder is strong and so is a smokeless cigar.

Early to bed and early to rise makes you healthy but not very wise.

We wish to retract our kicks against the cold last winter.

You can see a little ripple of prosperity at the banks.

Jumping at conclusions lands you in a hole.

BOYS, WE LIKE YOUR SPIRIT.

Isn't it great, how the Spudders are going! They got off to a bad start in the second half of the league schedule and were down at the bottom before they recovered, but once they got into their stride, how they have been going!

It is their fighting spirit that has won the greatest admiration. It is true that the team is a great aggregation of ball players but the thing that is winning games right along now is that fighting spirit that keeps the team playing every minute of every game. There is no such thing as giving up a game by this bunch. A good long lead by their opponents in the early innings doesn't discourage these boys a bit. They have won any number of games lately that would ordinarily have been safe for the other team.

They have won nineteen straight games. There are lots of folks, even outside of Wichita Falls who would be pleased to see the Spudders make a new world record, which the sporting editor tells us is 27 games. But even if they lose one before breaking that record we know the team that wins it will have had a battle and that the Spudders will be right in there winning the next one.

Boys, we know that you are great ball players but the thing we like the best is your spirit. Atta, boy!

TODAY'S TALK

By GEORGE MATTHEW ADAMS

OBSERVATION AND EXPERIENCE.

The best educated people are not always those who come out of a college.

For education necessarily implies an important amount of control and understanding. And these are things which must come through exercise of our faculties—through observation and experience.

People with perfectly good eyesight are quite often blind. They do not see—it is not that they cannot.

The sculptor sees beauty of form and substance in every solid piece of matter. Let him pass a great rock and he finds in its imagination some heroic figure from its body. Let the painter pass a quiet meadow and he sees the groundwork for a masterpiece. Whereas the writer of fiction hardly misses an attitude or word that is able to reveal some touch of character.

And this is important—what you see is able to become a part of you! For that is how we are made great.

The more you see, the better becomes your vision. You learn to pick the flaws from the woven mesh of life and you see pure gold where others are able to see only the dross.

The good observer is always the learner. And through learning, and the application to good ends of all we learn, we get experience.

And from this experience we get our viewpoints. How important is observation, how great is experience! How far in the front ranks do all travel who are equipped with these requirements.

Get into the habit of seeing when you look at anything. Open the doors of your imagination when you see any particular spot of beauty. Study the people about you. Think much, but say little.

Use your experiences to smooth your way. Get something of permanent value from them, be they experiences that have tried your soul or merely those which have brought happiness.

But grow from both observation and experience. (Copyright, 1922, George Matthew Adams)

JUST FOLKS

By EDGAR A. GUEST

VACATION.

The boys are on their holidays, As brown as berries they are burned, But grow-up age on duty stays, Still finding lessons to be learned.

Youth romps the vacant lots in play, From books and studies wholly free, But age must go from day to day, Still seeking manhood's high degree.

Youth puts its lesson grim aside, But age must meet a sterner test; With man life's never satisfied, He must do better than the best.

Thus while the children romp and play And from the path of duty turn, Age never puts life's books away, Each page has lessons it must learn.

No glad vacation ever dawns When age has come and youth has fled, Old feet must shun the velvet lawns To trudge the road which lies ahead.

So let them romp the while they may And let them think their lessons done, They shall discover down the way The work of man is just begun.

And they shall find when they are grown And reach the highway's distant turn, How very little we have known, How very much there is to learn. (Copyright, 1922, by Edgar A. Guest)

SMILE A WHILE

From the way shoe laces break it is a regular string game.

Some women even go to church for their husbands.

Painting a house never costs as much as painting a daughter.

Remember when "I pronounce you man and wife" was a life sentence?

There is a tendency to go to sleep in political berths.

"Longer skirts," say the bow-legged. "Shorter," say the bold-legged.

LITTLE BENNY'S NOTE BOOK

By LEE PAPE

I had 2 cents and Puds Simkins had 3, and we was going past Mommy Simkin's store and there was a box of candy peaches in the window saying on them, "While they last, 5 for a cent."
Being a bargain, I bought 15 for my 2 cents and Puds bought 18 for his 3, and after supper I throve of something, saying, "May, ma, may pop, was you think, I cracked 18 peach stones with my teeth today."
That's nothing to boast about, that's the very worst thing you can do, do you want to ruin your teeth?
Do you want to ruin your father's pop sed, I just paid the dentist a 50 dollar bill for my own teeth and I don't suppose to pay him a lot more for yours just because you get a morbid satisfaction from cracking peach stones with them, he said.
Aw G. pop, but I could of cracked 30 just as easy, I sed. Do you think you could crack 30 peach stones with your teeth, pop? I sed.
That's nothing to boast about, that's the very worst thing you can do, do you want to ruin your teeth?

ROOKIES MAKING GOOD CLYDE BARFOOT INHERITED HIS MOUNDMANSHIP

Enter Sergeant Clyde Barfoot, six feet tall, 171 pounds, into the ranks of winning major league pitchers. Being one of the species which has for its particular characteristic the theory that the St. Louis Cardinals are going to beat out the New York Giants for the National League pennant, the Virginia lad is giving for some proof of the verity of this doctrine his own strong right arm.

CLYDE BARFOOT.

And not only did Barfoot have success with this delivery in the Texas league, but he is causing national league batters to tap weakly or miss altogether with the use of this deceptive twist.

Friends of the sergeant's in Richmond daily scan the box score of the Cardinals to see what Clyde did. His mother, Mrs. Annie Barfoot, and his younger sister, who at present live in Cleveland, are partially supported by the youngster, and are frequently visited by him, along with Mrs. Clyde Barfoot, who hails from Texas.

He only cost St. Louis \$4,000. Before this season is over he may be worth \$14,000 to them. Watch him in the 1923 series.

BRIDGE KEEPER AT BYERS BARS PATH OF AUTO THIEVES

Fred Baldwin, keeper of the Byers bridge over Red river, blocked the gateway of thieves who had stolen the five-passenger Cadillac of Mrs. T. Taylor Monday night. Soon after the car was missed, officers notified Baldwin to be on the lookout for it, there being evidence that it had gone in that direction. Late Monday night the men, thought to be three in number, half of the car at the toll gate and one of them tossed Fred a dollar. "I can't let this car through," said Fred. "Why not?" they asked. "It's stolen, that's why," he replied. Without another word the driver threw the gears into reverse, backed a short distance and was gone. The car was found early Wednesday about six miles from the toll gate, the tires being flat, but otherwise it was not harmed.

ANOTHER WORKER ON IRRIGATION DAM SUNSTROKE VICTIM

Another fatal case of sunstroke developed last week at the irrigation dam site, according to information received here Tuesday. A white laborer was the victim. The first case, which also proved fatal, was reported about ten days ago. The only case of sunstroke reported in Wichita Falls was that of a 21-year-old boy last week. He got well on the way to recovery.

BEST NEAR NOCONA REPORTED SHOWING CONSIDERABLE GAS

The Texas company's test north of Noconna was making considerable gas and some oil, according to reports from Montague county Tuesday morning. The sand is said to have been encountered at 725-765 feet. THE CASE IN SOUTH BEHORE SPECIAL JUDGE KILGORE. Special Judge J. E. Kilgore of the 32nd district court was engaged in the trial of the case of Arkansas Gas company against W. G. Shipman Tuesday. The plaintiff seeks judgment in the sum of \$1,000 on the sale of an oil tank which the defendant claims was sold under a defective judgment out of a justice of the peace court. Judge Kilgore was asked special judge of the 10th district court after Judge O. Ross had advised the bar that it would be impossible for him to serve that capacity.

TRUSTEES REDUCE SCHOOL TAX RATE OF CLARA TO 60¢

Following the notice taken by resident taxpayers of the Clara school district before the commissioners in session Monday, the trustees of the district met with the county superintendent Tuesday and reduced the rate to 60 cents. The original rate as recommended by the trustees was one dollar and this was based on estimated figures on the total property valuation of the district, which at that time was thought would be at least ten per cent below the total valuations of 1921. Tuesday morning fairly accurate figures were obtained from the tax assessor's office and on this basis it was thought that 60 cents on the hundred-dollar valuation would be sufficient to tide the schools of the district over during the coming year.

Ware's Baby Powder Relieved His Baby of Intestinal Indigestion in 48 Hours Cured in a Few Days

Geo. W. Thomas, prominent citizen of Shreveport, La., writes us July 28, 1922, in Archer city, his baby boy, "Eight months old, was in constant pain, crying continuously, suffering from intestinal indigestion, and after spending \$750.00 with the best doctors, I got a box of your Ware's Baby Powder, and in 48 hours my baby was relieved and in a few days was entirely well."

What a Home, La. Mother Says About It Mrs. Aleodora Pilon, 503 East Park Ave. Home, La., writes us March 30, 1922, as follows: "Please send me twenty boxes of your Ware's Baby Powder by parcel post, c. o. d. I have used your baby powder in my own home and many of my friends want your Ware's Baby Powder because they have seen what it did in my home. One of my children weighed 134 pounds before he began using your Baby Powder, before two months had passed he had gained nine pounds, and today he weighs 201 pounds and is in perfect health."

For over forty years, Ware's Baby Powder—the prescription of Dr. James Ware, famous old Southern physician—has been a healing boon to babies for bowel troubles, teething and summer complaints, etc. Keep the stomach and bowels in a healthy condition and you need have no fear of these distressing troubles so general among babies especially during the teething period. Perfectly harmless, mixed according to directions, (a teaspoonful of Ware's Baby Powder, a half teaspoonful of sugar, add enough water to make four doses), children love to take it. At your drug store in 50c and \$1.00 packages. Prepared in the laboratories of The Ware Chemical Co., Dallas, Texas. Adv. No. 4

PAGE CHARLES GARRETT AT COURT HOUSE IF YOU WANT TO KNOW IF IT WILL RAIN

If you want to know if it will rain within the next 24 hours, page Charles Garrett, engineer and yard man at the county court house, without fail he will be able to tell you. His means of forecasting the weather is practically infallible. Mr. Garrett is very modest about all things and it was only through a peculiar circumstance that the discovery was made that he possessed the means whereby weather forecasting was an easy matter. "Sunday morning he came out of the hole and perched himself out here in the middle of the floor, looked around a few minutes and croaked a half dozen times. Then he hopped back to the hole in the wall. Sunday evening about 8:00 o'clock he came out again and stayed here fully a half hour and filled the corridors of the building with the resounding noise of his continuous croaking. This he repeated each time before we had a rain all summer long."

Mr. Garrett explained the pet frog's presence in the basement last October when Mr. Garrett went to work he noticed a little bit of a creature about the size of his thumb nail hopping around in the boiler room. Today this little creature is the infallible weather forecaster.

BIG BUSINESS DEAL IS REPORTED AT ABILENE

Abilene, Aug. 7.—One of the biggest business deals in the history of Abilene was consummated Saturday when the A. B. Barrow Furniture company, formerly with offices in Hamlin, announced the purchase of the McCarty Furniture company. The capital of the Barrow company is \$200,000, having stores in ten West Texas towns. Abilene will be made the headquarters of the company, and all goods will be bought direct from the manufacturer for the local house and distributed from here.

Rheumatism at 60

Sometimes a mother is suffering tonight! The source of rheumatism has wrecked her body; limping and suffering, she is unable to do the common ground, but her heart still belongs to the stars! Does anyone know the cause of this greatest blood-purifier known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never cleanses the stomach. It is in fact a splendid food. It makes a blood purifier. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what a mother needs tonight! Mother, if you can't get out to bed, a bottle of S. S. S. will surely somebody in your family will get better. Let your mother, S. S. S. is sold at all drug stores. At 10c a bottle. Larger size is the more economical.

How glorious you will feel, mother, when your rheumatism is all gone. Let S. S. S. do it. It will build you up. Let S. S. S. do it.
