SPUDDERS ARE OUT TO WIN SAYS SALM; LYLE TO JOIN TEAM

By PAUL W. LARKIN.
FORT WORTH, Aug. 31.—Realizing that they have nobody to blame but themselves for Wednesday's defeat, the Spudders will start today's game with that indomitable spirit which carried them to the bottom of the Texas league to the top in three weeks. Neither Walter Salm nor his proteges were in the least demoralized over the loss of the opening game, and the Spudder skipper declared today:

"They will have to get a lot of runs from here on to beat us. I have pitched a masterful game yesterday and I know my hitters are right now. For the first time since I have had the club I really believe we will win a flag. I look for Flaherty to stop them today."

"Lefty" McNeil joined the club this morning and First Baseman Lyle, recently purchased from Abilene, is due today. Art Wain will join Friday. He was left in Wichita Falls at Lloyd Weaver's request, but Weaver wants him with the club and ordered him to report today.

"Pop" Boy Smith, second base manager, who is here for the series, claims that Lyle was the best looking prospect around first base in the West Texas league this year. He also commended McNeil highly, stating that he had the makings of a great hitter.

FOUR PRISONERS CUT AND BATTER WAY OUT OF JAIL

BELIEVED TO HAVE MADE ESCAPE WHILE JAILERS WAS LOCKING CELLS.

ONE HAS TWO YEARS SENTENCE PENDING

Breaking Their Way Out Was An Easy Matter—Only Two Minutes—Out.

Four men saved and kicked their way out of the county jail some time during the night Wednesday. It is believed that the men made their escape at 9 o'clock while the night jailer was engaged in locking the prisoners in the various cells. Those who escaped were Ray Collins, convicted of theft and a two-year sentence hanging over him; W. E. Hinton, charged with the theft of an automobile; Tom Barker, charged with receiving and concealing stolen property; and E. L. McPherson, who is charged with the theft of property over the value of \$50.

The discovery that the men were gone was made early Thursday morning when breakfast was served. It was noticed that the cell was empty. Inquiry among the other prisoners on the county side revealed that the men had gotten out at 9 o'clock Wednesday night.

According to the other prisoners, the four men who escaped had made all preliminary arrangements and had the affair well planned. When night jailer John Simmons had locked the individual cells on the county side and had gone over to the other side of the jail separated by a brick wall, the men made their way out.

Texas Company's Employees Have Big Party Wednesday

By FRANK S. REID.
Perhaps one of the most enjoyable affairs ever given by any of the oil companies in this section was the picnic given August 30 by all departments of the Texas company operating in the north Texas division. The picnic was held in the Old Settlers Grove near Iowa Park, an ideal place for such a gathering, about 1,500 being present.

Several weeks ago the idea was conceived that it was time that the employees of the different departments, the families and friends ought to become better acquainted, so plans were perfected and brought to a successful conclusion. The superintendent of the various departments composed the various committees, some for the eating, others for obtaining the water, making the lemonade, others for the music, dancing, etc., for nothing was left undone to make the occasion one of the most enjoyable.

One of the best barbecuers in this section, Mr. Landrum of Petrolia, made all arrangements for preparing the 700 pounds of beef and to say that he can prepare barbecued meat to a queen's taste would be putting it mildly. It was simply par excellence. A 40 x 100 platform was erected for the dancing, and 20 of the boys of Muskat Temple band from Wichita Falls dispensed entrancing music during the day for the dancers. Every dance ever invented was indulged in from the modern to the square dance, the Paul Jones taking a good lead with our friend Dan Gibson as the leader.

At 3 o'clock the ball team played the Electra team, and trimmed them to the tune of 3 to 2, when dancing was resumed until 6 o'clock, the end of a perfect day. The families of the employees brought well filled baskets and groups of merry makers were to be found here and there in the shade, enjoying the good things to eat. The affair was a wonderful success in every way, and to those who served diligently on the committees many thanks are due, and to J. L. McMahon, the general superintendent in this division of the producing department, thanks for his initiative in the matter, and the officials at Houston, who heartily endorsed the move, the appreciation of the employees for their financial co-operation.

ELECTRA, TEXAS, Aug. 30.—An increase in capacity of 25 percent is being made by the Electra Telephone company as a result of the growth of the community. These improvements were made primarily to accommodate the new homes under construction or recently erected in the new Southland addition.

Figures compiled on basis of water consumers, users of electric lights, and subscribers to the telephone service, give Electra a population of more than 4,000. A score of new homes are under construction.

FARM HOME AGENT ARRIVES THURSDAY AND STARTS WORK

Miss Georgia Lansford, home demonstration agent for Wichita county, arrived Thursday to assume her duties, and started in at once helping to work up exhibits for the Texas-Oklahoma fair.

Miss Lansford, who graduated from the College of Industrial Arts at Denton this week, is from Chidress county, and is therefore largely familiar with northwest Texas farm home problems.

Miss Bess Edwards of College Station, district supervisor for the demonstration work, is here getting Miss Lansford started. Miss Edwards reports that interest is quite high, throughout the farm club membership in adjacent counties, in the fair, and that exhibits will be numerous and varied.

After the fair, Miss Lansford will start organization of clubs among the farm girls and farm women of the county.

Early A. M. Party Fines Are Settled From Hosiery Bank

Two women and three men, participants in what officiously denominated a rather jiffy automobile party, were arrested about 3 a. m. Thursday, and charges of disturbing the peace were docketed against the quietest.

Fines of \$25 each for the women, and of \$5, \$10 and \$25 for the three men were assessed. The women, who were decidedly well dressed, produced the currency from that portion of their clothing where an elastic band supplies a secure repository.

Another young woman, very stylishly dressed, was in jail Thursday but wasn't in condition to appear in court. She had been arrested and fined earlier in the week, but didn't heed the warning, and late Wednesday was in again with the two big dolls which she carried. She has earned the sobriquet of "Hardbored Mary" among the officers by reason of her attitude toward the law.

A man and a woman were fined \$25 each on charges of vagrancy. The woman was no stranger to the police court.

EARLY TESTING OF ZONING ORDINANCE EXPECTED BY CITY

The city will have early occasion to defend its new zoning ordinance in the courts, it was indicated Thursday. It was reported at the city hall that a test of the measure would be forced without delay. Since the supreme court's decision on the Dallas ordinance, a number of individuals who had been denied permission to erect stores in the residence areas have taken advantage of the city's apparent helplessness, with the result that many stores have been built and a number of others are now planned.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. That You'll Be Glad to Hear.

You might just as well know it right now. Eczema, pimples, blackheads, boils and so on, are right in the blood. There is no cure for them until you have cleaned your blood. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't common sense to simply treat the skin. A bottle of S. S. will prove to you what is happening in your blood. S. S. is a scientific blood cleanser—it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real thing that the whole world admires. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

SPORTS STORIES

by Paul W. Barkin

Man In Hospital.
Jake Als had planned to use force in the opener, but the southerner was taken to the hospital at noon suffering with the dengue fever.

Fans Flee.
The Panther fans weren't as hostile as predicted, Walter and the boys got razzed a plenty as they entered the park and the term "spudders" was heard from time to time, but during the contest, the boys received all the applause that was coming to them. There wasn't much coming, however. The organized gang of rooters failed to put in an appearance.

Officials On Deck.
One box was occupied by President Doak Roberts and Secretary William R. Roggies of the Texas League and Walter Morris, Dallas mogul.

Daily Announcer.
Though Jack Daily sampled at third base, he was the announcer. His stentorian voice was clearly audible. The umpiring, by the way, was faultless. The Sox were beaten by the Cats, not the arbiters.

Got What They Deserved.
You can't expect to win a ball game when the first man up gets on in six of the nine innings and only two of them score.

Wichitans In Evidence.
There was a good sprinkling of Wichita fans on hand. They didn't have much opportunity to cheer.

Beck Still Suffering.
The only Spudder who is still to be regretted now is "Caruso" Beck, first baseman and singer extraordinaire. The big fellow is still troubled with charley horse and stasis; that his leg is just as sore now as it was when he left home.

Tex Feeling Better.
McDonald's arm is practically O. K. though he occasionally feels a twinge of pain when he cuts the apple loosa. His batting eye is the same as ever.

Bob Ready to Go.
Becher's foot is in good shape again and Bob expects to work in every game from now until the end of the season. He doesn't report that his leg was bothering him, but Bob denied that. He asserts that the hard turf caused the spikes on his shoes to spread and the bones in his foot spread at the same time. He and Jake Miller had a touch of the dengue fever in Galveston, but each has worked it out of his system by now.

Chicago A Sode.
The boys arrived in Fort Worth about 9 o'clock and fooled the Wichitans who were in the Terminal waiting for them. They went to the Texas.

Tickets Scarce.
The Spudder rooters were disappointed when they learned that no reserved seats could be obtained for Wednesday's game. They were put on sale Tuesday and went like wild fire. Will Gray saved a few, however.

Present Rooters to Stand.
When asked if there were any deals for new players hanging fire, Skipper Salm answered that he would either win or lose the flag with the aggregation that he now has. It was rumored that Alex Freeman was due to join the club here, but Walter denied it most emphatically. Freeman killed his chance for playing in organized ball this year by taking part in a couple of outlaw games. It is said that Freeman wants to join the Spudders now, but before so doing he will have to apply for reinstatement and Secretary Farrell of the National Association will have to pass on his case.

FOOTBALL SUITS TO BE ISSUED BY COACH SATURDAY

Coach J. W. Jones of the high school will issue suits to the boys at the high school building Saturday afternoon and he asks that all those who wish to try out for a position on the team be present at that time. It is apparent, however, that there will not be a sufficient number of suits to supply all those who are candidates. The rule of first come first served will be partially adhered to.

Regular practice will begin Monday afternoon under the direction of Coach Jones, who expresses the belief that he has a good lot of material of picking a winning team from this year.

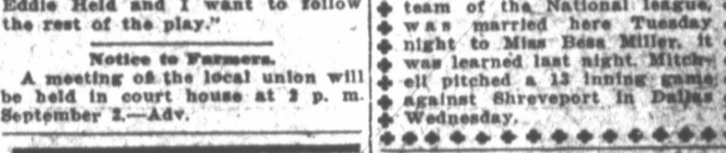

He stated that it was imperative that all those who wish to have their position be present Monday and at each and every practice thereafter. He will start noting the ability of the candidates from the beginning.

A meeting of the local union will be held in court house at 2 p. m. September 2.—Adv.

Studebaker
The Light-Six
Now \$975

So far this year Studebaker has built and sold more cars than during the entire year of 1921. And 1921, in spite of a general business depression, was the biggest year in Studebaker's 70 years' history.

This steady volume of business, plus the savings resulting from Studebaker's methods of complete manufacture, reduces manufacturing and selling costs. And it is a Studebaker policy of long standing to share these savings with the customer. Hence, the new low prices.

That's why you can buy a Studebaker Light-Six today at its new low price of \$975—the lowest price for which it has ever sold and the lowest at which a car of such quality is ever offered.

Only the price is reduced. Quality is better than ever.

Stop in and see the Light-Six. Let us demonstrate its easy handling, its lack of vibration, its great comfort. Let us prove its endurance. Then drive it yourself.

Cowl lights; cowl ventilator; high-grade, nickel-plated combination robe and hand-rail across back of front seat; dust-proof transmission lock; large rectangular plate glass in rear curtain; 9-inch seat cushions of genuine leather; 40 H.P. motor with inclined valves and internal hot spot.

TEXAS DEMOCRATS TALK OF EX-SENATOR BAILEY

Suggested as Possible Independent Candidate Against Earl B. Mayfield

By MARK BULLIVAN National Political Correspondent of the New York Evening Post and Wichita Daily Times.

WASHINGTON, Aug. 31.—A question to which the Washington leadership of both parties are paying a good deal of attention is the possibility of a Republican candidate for the U. S. Senate in Texas.

It is believed that the Ku Klux Klan candidates would be a serious threat to the Democratic nomination.

From the partisan Republican point of view, that is all the good. Well informed persons may know it is a great deal more than that.

The Republicans want the election of 1930 to a large extent through working all the foreign voters away from the Democrats.

Among the national Democratic leaders it is believed that the situation is not so clear as it appears to be.
