OFFICIALLY REPORT ITALIAN SITUATION AS NORMAL AGAIN

SETTLEMENT HAILED WITH GREAT SATISFACTION BY THE PEOPLE.

ROME, Oct. 31.—The fascist high command today ordered the demobilization of the fascist and the numerous members of that organization in Rome will leave for home after their patriotic procession.

It was decided that not all the throngs of fascist who had made their way to the vicinity of Rome should participate in the triumphal march, the idea being to limit their number to 15,000 with the route of the parade passing by the quirinal for a tribute to King Victor Emmanuel.

These disorders led to disorders in some quarters during which there was considerable shooting with a number of fatalities, a total of twelve deaths being reported.

PREACHER ON TRIAL FOR HONORABLE MURDER LEADS WITH PRAYER

STATESBORO, GA., Oct. 31.—When the Rev. Elliott Padrick, on trial for the alleged murder of his wife and her mother, Mrs. M. B. Dixon, took the stand in his own behalf here today, his first act was to lead the court room in prayer.

During the presentation of his statement Padrick became so excited that he had to be restrained by his attorneys to call a halt and when instructed to "sit down," the young minister walked deliberately over to a water cooler, drank a glass of water and returned to his attorney's table, where he sat down, closed his eyes and appeared to drop off in a sleep.

POLITICAL PACT IN GREAT BRITAIN MAY NOT BE EFFECTIVE

SEEMS NEAR A SMASH-UP AS A RESULT OF DEVELOPMENTS.

LONDON, Oct. 31.—The so-called cooperative pact between governmental conservatives and the Lloyd Georgean national liberals, which yesterday appeared to be gaining strength, today seemed near a smash-up that may force Lloyd George to carry out his threat to "spread the war" and wage a bitter fight to the finish with the men who brought about his downfall.

One trouble seems to be that conservative candidates have bobbed up against those running after the Lloyd George banner in certain constituencies where the latter had regarded themselves as safe from Tory attacks.

The cooperative pact—a sort of "you leave us alone in this district and we won't bother you in that district" understanding—first attracted attention through the alleged return to coalition rule under a new government.

THREE KILLED WHEN FAST 'SUNSET' TRAIN HITS A SHOW SPECIAL

NEW ORLEANS, Oct. 31.—Three dead, four seriously injured and two slightly hurt was the human toll taken in the crash of the fast "Sunset" train today when the fast train struck a show special in the North Louisiana section.

There were persistent reports that the train was derailed and wrecked and the two were moving in the same direction and were only a few miles apart. Later Mr. Floto, manager of the Sells-Floto, announced at Patterson that his circus was not in the smashup, the dead were officials of the Wortham.

GOV. HENRY ALLEN CONTINUES ATTACK ON "KU KLUX KLAN"

DECLARES ONE PISTOL SHOT COULD PRODUCE STATE OF CIVIL WAR.

GREAT BEND, KAN., Oct. 31.—One pistol shot could produce a state of civil war in Kansas similar to that in Ireland, according to Governor Henry J. Allen, who continued his attacks on the Ku Klux Klan here yesterday.

The governor denounced certain types of Catholics and members of the Klan in the same breath, telling them they should both be ashamed of themselves.

"You are both to blame," he asserted. "You Catholics who go out and say: 'I don't vote for a man who is not a Catholic; I am going to put my political activity behind my religion.' You ought to be ashamed of yourselves. And you men who join this Klan and say: 'Here is an order that exists for the protection of white supremacy and to save us from the Catholic church,' you ought to be ashamed; honestly, you ought to be ashamed."

ORDERS ISSUED BY FIFTH COURT OF CIVIL APPEALS AT DALLAS; OFFICIALS CITED FOR CONTEMPT

DALLAS, Oct. 31.—The fifth court of civil appeals this afternoon ordered set aside the temporary restraining order granted by Judge A. M. Blackmon at the fifth court Saturday, which temporary order forbade the playing of the name of Earle B. Mayfield on the ballot in the democratic senatorial candidate.

The order of the court of appeals ordering that the temporary restraining order be set aside directed that Judge A. M. Blackmon at Greenbeck "in hereby ordered, commanded and directed to vacate and set aside and set aside the order heretofore entered by him on the 28th day of October, 1932, in the case of State of Texas et al against Earle B. Mayfield et al."

MEMPHIS, TENN., Oct. 31.—Jesse E. Sanderson, Caruthersville, Mo., farmer, is on his way back to the Louisiana state penitentiary at Baton Rouge today, to resume serving a life sentence, after enjoying 19 years of freedom following his escape from prison in 1908.

Judge Is Asked to Restore Mince Pie To Prior Standing

CHICAGO, Oct. 31.—In a new attack on the Volstead act by the Old Victory distillery, Judge George T. Hoge, in federal district court, has been asked to restore mince pies to their pre-prohibition standing when his father was an escaped prisoner.

IN THE NAME OF THE LAW

Attorneys for the distillery contended the Volstead act is unconstitutional if it prohibits the sale of spirits for cooking purposes. They suggested that liquors have great value as an aid to the culinary arts and by some cooks are deemed essential, especially in the preparation of mince meats.

VERNON ELKS PLAN PARADE AND DANCE FOR HALLOWE'EN

WILL BE GIVEN IN CONNECTION WITH INITIATION CEREMONIES.

LODGE HAS CLASS OF 25 CANDIDATES FOR OCCASION

Delegations Expected From a Number of Places Including Wichita Falls.

VERNON, TEXAS, Oct. 31.—Plans for a Halloween parade, band concert and general celebration on an extensive scale Tuesday and Wednesday evening have been completed by the Elks lodge. At this time a class of 25 candidates will be initiated. The lodge will have in attendance a band of some 40 members to make music during the day and for the dance that will follow the initiation. A large delegation is expected from Quannah, Chickasha, Okla., Crowell, Electra and Wichita Falls. These visiting Elks will have part in the ceremonies and the festivities which will follow the initiation.

The parade, according to their secretary, O. K. Storey, will form on North Main street at 2:30 p. m. The line of march will be south on Main street to the court house, thence east on Wilbarger street to Pease, thence west on Pease to Main, thence north on Main back to the Elks hall. The marchers will be appropriately garbed in costumes fitting the Halloween occasion, and which usually characterize an Elks parade. Immediately after the parade the band will give an open air concert at the band stand on the court house lawn.

A very unique ball has been planned for Tuesday evening at the hall for the visitors and in honor of the Elks who survive the initiation ceremonies. The music for the ball will be furnished by the Elks orchestra. One of the features of the ball will be the award and spooky decorations carrying out the Halloween idea. The following committee has been appointed as a "stunt" committee: J. S. Lynch, chairman; Fred Russell, George Veto and T. Lisman. The social committee is: Forest E. Nowlin, Guy Pettit and T. P. Lisman Jr. Refreshments will be served and O. K. Storey has been appointed chairman. Mayor Harry Mason is the exalted ruler of the Vernon lodge.

BURKBURNETT ITEMS

BURKBURNETT, TEXAS, Oct. 31.—Mr. and Mrs. H. D. Brown of the Stringtown community, visited their niece, Mrs. W. L. Long and family Monday.

The high school students attended the revival meetings in a body last Friday evening at the services conducted by Evangelist Bugg at the Immanuel Baptist church, near the high school building on avenue D. Much interest was manifested by the young people.

Mrs. Pauline Parsons of Breckenridge has rented the building recently remodeled and repaired at 288 Main street, owned by W. E. Clark of Wichita Falls, and will put in a fruit store and confectionery.

The Barocco class of the First Baptist church are going to entertain the Philathea class with all of the modern ideas of Halloween festivities at the home of Rev. and Mrs. Robinson, corner of D avenue and Fourth streets, Tuesday evening.

Dr. Ligon, resident minister of the Church of Christ, visited over Sunday with his family at Denton, Texas.

Rain began falling about 3 o'clock around Burkburnett and kept on falling steadily.

As planned now the revival meetings that have been conducted for the past three weeks by Evangelist Bugg and Singer McManis will close this Wednesday evening, at the Immanuel Baptist church, near the high school building. These men have made many friends since coming here.

Several Halloween parties are planned for this evening and the Halloween spirit will prevail over the city.

QUANAH PASTOR GOES TO WEST TEXAS CONFERENCE

QUANAH, Oct. 30.—Rev. T. H. Davis, circuit pastor here for the Methodist church, received a telegram this morning announcing the fact that he had been elected to the west Texas conference and has been assigned as pastor of the church at Willow City, near San Antonio. Rev. Davis has been in the northwest Texas conference.

The notification of the appointment to the pastorate at Willow City was made by Rev. E. A. Reeder, presiding elder of the Kerrville district in the west Texas conference. Rev. Reeder's headquarters are in San Antonio.

Rev. Davis has been circuit preacher here for the past year, and has rendered efficient service during that time. His successor will doubtless be named at the meeting of the north Texas conference here this week.

GENUINE 'SPOOK' PARTY IS STAGED BY LEAGUE

QUANAH, Oct. 31.—The Epworth League of the Methodist church staged a genuine "spooky" party here last night as an observance of the Halloween season. It was a genuine Halloween fete, and the entire citizenship participated to make it a success.

Busses left a central location on Main street every 15 minutes, and the passengers taken direct to "spooktown." Here a great reception greeted them, for everything imaginable had been contrived to depict a true representation of Mother Goose, the witches, and all the mysterious personages of myth and fancy. A real entertainment fitting in with the season was given, and everybody told of a genuine good time. Refreshments of pie and "spook" wine were served.

INCH AND-QUARTER RAIN ESTIMATED AT QUANAH

QUANAH, Oct. 31.—Breaking a drought of many months' duration, and bringing a smile on the face of everyone, a good rain fell here last night and all day today. Although no official estimate has been made as yet, old timers say the rain was at least an inch and a quarter. Farmers and merchants are expressing pleasure over the rain, and everybody seems particularly glad to see the showers. The rain came in a gentle downpour all night and today, and farmers are saying it is just the kind they have been needing to get a season in the ground. Practically all the cotton is out, and they have been waiting and hoping for rain.

HEAVY RAINFALL IN THE VERNON TERRITORY

VERNON, TEXAS, Oct. 31.—A rain began falling during Sunday night and continued all day Monday and into Monday night. The ground seems to be thoroughly wet and the wheat farmers of Wilbarger county are rejoicing over the prospect of plenty of rain. The cotton is not all picked, there being some 2,800 or 4,000 more bales in the country. Much of this, however, has not opened.

Times Indebted to High School Girl For Advertisement

The Times is indebted, apparently, to a certain high school girl for a very attractive advertisement of this paper which was portrayed in the "dress-up day" festivities at the high school. The Times learned of this much-appreciated compliment through the following letter: "As I came down the street last Friday, I met a beautiful girl with bands of the Times attached to her dress in many places. I wondered if you had found a new method of advertising your paper, and if that was it, you certainly had hit upon an unlimited and wonderful success, for surely no one could resist such a charming promoter. I thought also, it must cost a small fortune to secure such a wonderful representative. Upon inquiry, I found it was dress up day at the high school. Since, my effort to learn who this beautiful advertiser of your splendid paper has been rewarded—it was Miss Mabel Bundy. I am sure, could you have seen her, you would feel not only complimented, but that a vote of thanks should be given her through your paper. If we could be so lucky as to obtain such a charming advertiser, we could soon retire from business and live on the interest of our money." The letter was on the stationery of a well known business house of this city.

LOCAL BAR WIRES HARDING TO URGE NAMING OF PHILLIPS

A telegram urging appointment of Judge Nelson Phillips of Dallas to the existing vacancy on the United States supreme court was sent to President Harding Monday, following the meeting of the Wichita Falls Bar association. The telegram follows:

It is understood that your excellency contemplates appointing a southern democrat to fill the vacancy in the United States supreme court bench caused by the resignation of Justice Day. We would most respectfully recommend to your excellency's consideration Judge Nelson Phillips of Dallas, Texas. Judge Phillips is a comparatively young man and has been chief justice of the supreme court of Texas. He is splendidly equipped in every way for the place and, in our opinion, is the peer of any democrat in the union both as a man and a jurist. (Signed) "The Wichita Falls Bar Association, Edgar Scurry, president."

The following is a list of the members of the Wichita Falls bar which are endorsing Judge Nelson Phillips for a position on the supreme court bench: James V. Aireid, Joseph H. Ayresworth, O. D. NORTHWEST TEXAS CONFERENCE IS TO MEET WEDNESDAY

QUANAH, Oct. 31.—Everything is in readiness for the annual meeting of the northwest Texas Methodist conference which opens its sessions here Wednesday morning. Details of the arrangements have been completed, and even now early arrivals have begun to come in.

BAPTIST MISSIONARY WILL UNDERGO OPERATION

QUANAH, Oct. 30.—Rev. C. V. Carroll, missionary for the Red Fork Baptist association, has resigned from his position, and will undergo a serious operation at a sanitarium here tomorrow. Last week Rev. Carroll came in from his work in a serious condition, and it soon became apparent that an operation would be necessary. The resignation of Rev. Carroll was accepted with regret, with the stipulation that it take effect with the first of December. A successor to Rev. Carroll will not be named until spring.

FIFTH SUNDAY MEETING AT METHODIST CHURCH

QUANAH, Oct. 30.—The fifth Sunday meeting of the Baptists of the Red Fork association was held this week end with the Middleburg church, six miles southwest of here. The meetings lasted Thursday through Sunday and the program contained a host of numbers by prominent workers. A feature of the meeting was dinner on the ground each day, and Sunday was the climax, both of the spread of edibles and in the program. A good attendance of members from here and churches in the vicinity was noted.

MABEL CHAMPION ADMITS SHE KILLED CARNIVAL PROMOTER

TELLS OF INCIDENTS LEADING UP TO SHOOTING OF O'CONNELL

FIRED TO FRIGHTEN IS EXPLANATION TO JURY

Second Shot Accidental and Resulted From Scuffle With Witness

CLEVELAND, Oct. 31.—Mrs. Mabel Champion, on trial for first degree murder in connection with the slaying of Thomas A. O'Connell, carnival promoter of New Haven, Conn., took the witness stand in her own behalf when court opened today, and admitted she fired the shots that killed O'Connell in a restaurant here last July, but claimed the gun she held was discharged accidentally in the scuffle attendant in the attack upon her husband by O'Connell.

Mrs. Champion told how she and her husband drove up to the restaurant about midnight after motoring throughout the evening and were accosted there by O'Connell, drunk and staggering, who pleaded with her husband for a drink.

The defendant admitted that her husband, Ausley Champion, carried a bottle of whiskey with him when that he gave one of three men congregated in front of the restaurant a drink.

Mrs. Champion testified she was married in 1917 at Brownsville, Texas, which had been her home continuously since that time, except when she and her husband were in and out of business in California, New Mexico, Kansas and Missouri.

Witness said she and her husband came to Cleveland from Texas prior to the shooting of O'Connell.

Reverting to the quarrel between her husband and O'Connell, Mrs. Champion testified that the men argued and finally O'Connell struck her husband and she noticed a revolver protruding from her husband's pocket. She drew it forth and fired a shot into the floor to frighten O'Connell after he had struck at her, the witness testified.

After she had been fired at she declared the man lunged toward her with a fork in his hand, seized her arm and the revolver she held was "accidentally" discharged twice in rapid succession. She declared O'Connell then staggered back and fell to the floor.

4 TAKE TREATMENT FOR BITES OF DOG FOUND TO BE MAD

Harry Thornberry, Wayne Hampton, Joe Benson and Dr. R. E. Richardson are taking Pasteur treatment here as a result of wounds received when bitten by a wild dog afflicted with rabies. The dog was owned by Mr. Thornberry and as soon as his actions were noticed the animal was killed and the head sent to Pasteur institute at Auspitz for examination.

A positive report was received from Austin Sunday, and the patients were urged to begin treatment at once.

HALLOWE'ENERS ARE WARNED TO AVOID SCHOOL BUILDINGS

Halloween ghosts had better let the school buildings alone Tuesday night. They just better had.

Heretofore property around school buildings has been the particular choice meat of Halloween pranksters, and considerable minor damage has sometimes resulted.

This year, according to W. W. Brown, business manager of the schools, steps have been taken to prevent such depredations. Mr. Brown didn't disclose just what the steps were. He indicated that those who got too curious about it might regret it.

NORTH SIDE SCHOOL TO BE READY FOR PUPILS SHORTLY

The new Pannin school building will be ready for occupancy within three weeks, school officials reported Tuesday. Interior work is all that remains to be done, and rapid progress is being made.

The Pat Carrigan school on Speedway avenue will be ready about December 1. It is thought steady progress is also being made on the addition to the Sam Houston school.

Sore Throat Coughs, Colds, Croup, Catarrh Relieved in Two Minutes

Is your throat sore? Breathe Hyomel. Have you catarrh? Breathe Hyomel. Have you a cough? Breathe Hyomel. Have you a cold? Breathe Hyomel. Hyomel is the treatment for nose, throat and lung trouble. It does not contain cocaine, morphine or other dangerous drugs and does away with stomach distress. Just breathe it through the little black pocket inhaler that comes with each outfit. A complete outfit costs but little as any reliable drugist and Hyomel is guaranteed to banish catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomel inhaler lasts a lifetime and extra bottles of Hyomel can be obtained from druggists for a few cents.—adv.

CAMP FIRE GIRLS INTERPRET WORK AT UNIVERSITY CLUB

Painting a natural picture so vivid that the members of the University club forgot their surroundings in the Hallows'een decorated dining room of the Y. W. C. A. today, the Camp Fire girls entertained as the weekly program.

Eight girls, uniformed in the official dress of the organization some in the white dress uniform, others in the camp dress, interpreted the organization to the luncheon club.

Opening with a number of camp songs, the eight seated in a circle assisted the spokesman, Miss Mary Mathilde Akin, in bringing more clearly and definitely their creed and purpose to the minds of the club. An imaginary campfire, the moon overhead and all nature as a background, the Campfire Girls depicted all phases of their work.

Wo-He-Lo, the official moniker of the organization, derived from the first two letters of the three fundamental—of the club, Work, Help and Love, were explained. The head strings, their several meanings and ways in which secured as honors, were also explained.

Paul Van Ailmen served as a supposedly injured person and was bandaged in various and sundry ways, first aid demonstrations by the girls.

Various knots, their purpose, advantages and manner of tying interested every member of the club present. Several of the 17 different uses of the uniform tie were also depicted.

The program was under the supervision of Miss Josephine Flak, executive city secretary of the Camp Fire girls. Miss Flak was assisted by Misses Zona Bachman, Juanita Bachman, Mabel Gwinn, Thelma Gwinn, Marguerite Akin, and Marguerite Kaye.

Following the program, in executive session, the club decided to reduce membership fees and dues and to launch a campaign for more members.

The committee appointed for the program two weeks hence were Judge Guy Rogers, Frederick Lows and H. O. Newton.

394 ARRESTS AND \$8840 IN FINES DURING OCTOBER

Five white men who were arrested Monday night and held for investigation were brought before Judge Akin Tuesday morning, and fines totalling \$140 were assessed on charges of drunkenness and vagrancy. Notices of appeal were given in two cases where the defendants were fined \$10 each on drunkenness charges. The defendants in both cases where a heavy fine was assessed for drunkenness are well known in the police court.

According to a report made by Desk Sergeant Lemly Humphreys at the police station Tuesday, fines during the month of October amounted \$8,840. Although the report is incomplete, it is thought that the cash fines for the month will run well over \$9,000.

City officers made 394 arrests during the past month; traffic violations led the list with 88 arrests.

OKLAHOMAN CHARGED WITH HAZING TO FACE TRIAL BY COURTMARTIAL

ANNAPOLIS, MD., Oct. 31.—On charges of hazing, Midshipman Jack H. Kerans, first senior class, appointed from Oklahoma, was called for trial before the naval court martial at the naval academy today.

The court had been in recess for a week pending developments, it is said, as to the seriousness of offenses against upper classmen as disclosed by the board of investigation.

Kerans is alleged to have thrown a glass tumbler at Campbell and also required him to get under a table while a meal was in progress. Kerans asked for a delay of one week to prepare his defense, whereupon court adjourned until tomorrow for consideration of the request.

There are 305 navigable rivers in the United States.

REAL LIVE COYOTE IS SEEN DOWNTOWN MONDAY AFTERNOON

Those who cried "wolf, wolf" on Indiana Monday were in earnest. A real live coyote, which had possibly strayed from his home in someone's back yard, ran from Twelfth to Eighth street and attracted the attention of the passers-by and recalled to many old timers the days when the appearance of a wolf on the streets was not sufficient cause for any excitement.

The young wolf soon gained a following of school boys who joined in the chase and pursued the frightened animal to Eighth street where the race became a close one and the young wolf lost no time in going to his "own back yard" where he would attract less attention.

There are said to be 342 spoken languages or dialects in the world. Until 1920 there were only two stars with known diameters.

A THOUGHT FOR TODAY
In that day a man shall cast his idols of silver, and his idols of gold, which they made each one for himself to worship, to the moles and to the bats.—Isaiah 2:20.

MIKE McNAMARA'S DISMISSAL.
Mike McNamara, inspector in the oil and gas department of the State Railroad Commission, must walk the plank.

He has been notified by wire that his services with the department have terminated and he has been instructed to turn over the state property in his hands.

In the absence of any other reason made public it may be assumed that McNamara has been discharged because of testimony he gave in the injunction proceedings unfavorable to Earle B. Mayfield, who is a member of the State Railroad Commission and who in part, at least, controls McNamara's employment.

If this is the reason for his discharge, then McNamara has been discharged because he answered a citation from the state which he serves, for he was cited first to answer a deposition and later to appear before the court at Corsicana and testify. Since when has it become an offense to obey a summons from duly constituted authority?

But if McNamara told the truth, that Mayfield asked him to raise money for his campaign and that he, McNamara, did obtain subscriptions from certain men, these men having dealings with the oil and gas department of the State Railroad Commission of which Mayfield is a member, then a serious breach has been made by McNamara for carrying out such instructions, but a much greater by Mayfield for asking a man in the employ of the commission to raise funds knowing that such funds must come from men whose business was at the mercy of the commission and so could not refuse to subscribe when asked to do so.

That is the kind of thing we have been trying to get away from and must get away from. Maybe the state law does not cover such a transaction, but certainly the moral law does and if a member of the State Railroad Commission has been guilty of such practice he cannot be too severely condemned.

There may be other good reasons for the dismissal of McNamara. Perhaps it is best to withhold judgment until those reasons are made public, but unless his testimony can be impeached an ugly thing challenges the people of Texas.

DUMB BELL & CO.
Engineers used to say that it was impossible to bridge the Hudson river at New York City. They have changed their minds. The bridge will be built. The impossibility of yesterday is the accomplishment of tomorrow. So runs civilization.

The new bridge will have for its "backbone" four cables, each 13 feet in diameter. These cables will support the central span, 3,000 feet long, without a pier in the water below.

The bridge, says one engineer, will contain 450,000 tons of steel, which is more steel than all the bridges across the Mississippi, Missouri and Ohio rivers.

By 1940 at least 25,000,000 vehicles and 200,000,000 passengers a year will be passing over this bridge— if expectations materialize.

Quite a job, to keep New York City connected with the United States.

Representative Ernest Ackerman of New Jersey says the bridge across the Hudson will be "the most stupendous engineering work yet undertaken, surpassing in that respect and also in final cost the Panama Canal."

The actual bridge will cost at least \$100,000,000. About \$15,000,000 additional will be required for the terminal towers from which the huge cables will be suspended. These terminal towers will rise into the air 585 feet. Very strong towers required, to support 400,000 tons, the weight of the steel in the suspended section. More millions required, for the approaches.

It makes you wonder, is there any limit to the engineering powers of man, second only to the ant (in proportion to size) as a builder?

This enormous expenditure of money, human labor and materials, is necessary because people persist in flocking to join the swarm in New York City, each year on a larger scale.

It is just a beginning of what will be required in the future. All this, the penalty of flocking to an island.

In the long run, it might be cheaper to abandon New York City proper and move the swarms to the mainland of the United States.

QUOTING DANIEL WEBSTER.
The Denison Herald recalls that eighty years ago Daniel Webster solved an international problem in a decision that would settle this question as to whether foreign ships with rum aboard could call at our ports. The Herald tells who Daniel Webster was and goes on to say:

"He was known as a gentleman of capacity generally, and there are still men alive who feel it an honor to have met him, while others younger consider it a sufficient reward to have traced their elbows on counters that once supported the statesman.

"Anyway, the tradition is that he was quite an authority on the constitution and international law. In 1842 he wrote the British minister in Washington: 'Enlightened nations in modern times clearly hold that the jurisdiction and laws of a nation accompany her ships not only over the high seas but into ports and harbors—and that to the extent of the exercise of this jurisdiction, they are considered as parts of the territory of the nation herself.'

"If British ships are part of British territory or French ships part of French territory, clearly the present question is solved.

"Of course, Mr. Webster may have been wrong. And again, he is dead and Mr. Daugherty is our present duly appointed prophet in such matters. While the casual observer might incline sometimes to a doubt whether the constitution on which the late statesman relied is the same instrument which Mr. Daugherty attempts to interpret, it must be assumed that it is still something is done about it.

"Mr. Webster appears to have provoked less of a riot with his decision than Mr. Daugherty ordinarily does with any of his, and in view of that fact and other circumstances, such as the caliber of the men and so on, it might be a grand idea to look up some of the old fellows occasionally to see what they did in situations similar to ones that confront us today.

Country cousins will soon get even for city cousins' vacations.

TODAY'S TALK
By GEORGE MATTHEW ADAMS

IMAGINATION.
Imagination, not will, is the force that has ruled the world thus far.

Writers have given false praise to this abused word—will. It is the imagination that has always been the master of the will! The will always does what the imagination tells it to do.

It's the imagination that is the master and the will the servant.

Napoleon, with whom this magic word will has for so long been linked, fully understood its secondary importance. During the Egyptian campaign it was that he uttered the famous phrase: "Soldiers, from yonder pyramids forty centuries' look down upon you!" And thereupon every soldier felt his marshal's baton itching within his breast.

Desire was stimulated by what each soldier saw. On another occasion this master leader of men exclaimed, when he was told the impossibility of crossing the Alps: "There shall be no Alps!" And so these were none, for him—not because his will decried it, but because his imagination saw his army creeping, as one man, to the other side. The career of this marvelous man was one of maps, maps, maps—pictures of things he wanted done or achieved, worked out long in advance of his acts.

But let this be said of this will of ours—it is the greatest servant that we possess!

For it will go anywhere with any message we give it to. Tell it that your back is sore or tired, that your heart is lonely, or that in some minute corner your bodily machine there is repair to be done, and straightway—as Rowan carried his message to Garcia—this will do the bidding of your imagination.

And what wonders are accomplished! All the great teachers of the world have understood this vital, subtle power, though but few have rightly crowned it.

Emile Coue, the great French physician, has come nearer to the truth than anyone. He links the imagination to the unconscious self and says: "The unconscious self is the grand director of all our functions." And furthermore he says: "When the will and the imagination are antagonistic, it is always the imagination that wins, without any exception."

What greater task, therefore, can there be than for us each to set quickly about educating these imaginations of ours—to serve us, and others, well. (Copyright, 1922, George Matthew Adams)

JUST FOLKS
By EDGAR A. GUEST

WHEN I WOULD REST.
At times when night has settled down
And shut away the noisy town,
I take it in my head to look
And ramble through an ancient book.

A restful hour thus spending,
But surely as I settle there
In comfort in my easy chair,
There comes this order ringing clear:
'Tis wish you go at once, my dear,
The furnace fire needs tending!

If I should lie me down to sleep,
And snatch a little sweet repose,
To toss myself to pain and strife,
The barter and the trade of life
And all its hate offending;
The moment that I close my eyes
I then am called upon to rise
And she will whisper sitting near:
'And wouldn't you to sleep, my dear,
The furnace fire needs tending!

From ere October unto May
The furnace runs the live-long day
Unseen; unhelped by mortal hand
It does its work to heat the land
And keeps the heat ascending;
It seems to need no touch of care
Until I find my easy chair
And settle down, and then I hear
Her one insistent cry: "My dear,
The furnace fire needs tending!"

There is no perfect peace, they say,
No one untroubled lives his day
Life's irritations catch us all,
The rich and poor, the great and small,
From which there's to be defending.
Yet why, I wonder, should it be
One restless hour's denied to me,
Why must its ways interfere
When I have settled down? "My dear,
The furnace fire needs tending!"

RESUME.
Dr. Hilar Keys of Sweden discovered a new blood clot from an artery, by operation. With chills, when he announces this in Boston at the clinical congress of the American College of Surgeons. It is news of extreme importance, for it involves the most valuable of the world—human life.

Dr. Keys' discovery will save thousands of people a year from becoming cripples. Hereafter a blood clot, the most dangerous and amputation of arm or leg.

GRAB.
Lloyd George, in a vote-getting speech, says the money his country owes us is nothing to the debt we owe England because of the benefits we have derived from Englishmen—John Wesley, Shakespeare, the Pilgrim Fathers, etc.

Startling the books this way and there no end to it. How much does England owe us for the benefits she gets from discoveries made by such men as Edison, and the inventor of airplane, street car, auto, automatic machine, sewing machine, etc.? More than all the money in the world.

WESTWARD.
Exports from our Pacific coast have increased 10 per cent in the last eight years. The gain at Atlantic coast ports was only 45 per cent.

The Panama canal has a lot to do with this, cutting into transcontinental railroad hauls.

More important, our foreign trade is greatly swinging westward. Our export future is in the Orient, not Europe.

PASSING.
Europe, in the hands of cranky old men, continues running in a circle. We live too close to the surface to grasp the back of it. The perspective of time may eventually show that Europe, right now, is in the midst of stages of the decay of its civilization.

Will it pass like Rome, Babylon and the empire of Genghis Khan? A century from now, the leading world powers will be United States, Brazil, Australia and China.

EYE.
William Rettig is killed and Charles Douglas seriously injured when an airplane crashes into a field near Okmooch, Okla. They were in the plane. Luckily, no pedestrians hurt. Such crashes into city streets may be common later.

Some scientists are leading world powers will be United States, Brazil, Australia and China.

COUNCIL CONSIDERS INSTALLATION OF CITY POWER PLANT

An electric system which, it is claimed, would more than pay for itself in the first year and which will affect a saving of \$25,000 annually in the city's expenses, was discussed at the Monday night session of the city council. It was stated that the city pays \$40,000 annually for the current used in lighting the street and at the municipal water works. It is estimated that a plant large enough to furnish sufficient current for the city's needs could be installed for \$25,000. Although no action was taken by the council Monday night, many comments in favor of a municipal plant were heard from city officials and this is expected to be the next step in the campaign toward the reduction of operating expense.

The council voted to accept the policy of a liability insurance company, the reliability of which had been questioned by the council at its last meeting. C. C. McDonald appeared before the council in behalf of the company and on Monday night of way was granted the city company for a main across the city dumping ground. The line will run from the Lone Star pipe line through the city to the water line.

An extension of the water line from the M. K. & T. tracks to the new school was authorized by the council. In addition to supplying the school, it was reported that this extension of the main will supply a number of families in that district with city water. A cost of \$2,800 was the estimate on the extension, pipe for the extension case not be secured for two months and the work will begin at that time.

A publication was ordered on petition for a filling station at the corner of Virginia and Fort Worth. The matter of paving and arrangements to be made for paving streets and intersection on certain streets was discussed but passed until a later meeting.

CRITICISE WOMAN EYE WITNESS IN HALL-MILLS CASE

NEW BRUNSWICK, Oct. 31.—The credibility of Mrs. Jane Gibson, who says she was an eye witness to the murders of the Rev. Edward Wheeler Hall, rector of the Episcopal Church of St. John the Evangelist, and his choir leader, Mrs. Eleanor Reinhardt Mills, was subjected to criticism today. Authorities continued their investigation into her past, following reports that instead of being the wife of a clergyman, she is the wife of William H. Easton, who works in New Brunswick and drives to and from her farm in a small automobile.

Mrs. Gibson insisted that the reports were untrue. She denies she has a husband. Easton said he had "nothing to say" when asked if she was his wife. "It's an amazing story," he said, commenting on her eye witness statements. "She has a brilliant mind."

Special Attorney General Wilbur A. Mott has made no move to present Mrs. Gibson's story to the grand jury. He said, however, that he had found nothing which would tend to discredit her story of the murders.

Mrs. Gibson was reported today to have fired a shotgun at three newspaper photographers who appeared at her home.

GREAT PICTURE AT THE STRAND

Claude Gillingwater, Patsy Ruth Miller and Cullen Landis as they appear in Goldwyn's production of Rupert Hughes' "Remembrance", one of the big pictures of the new season.

"Remembrance," showing at the Strand Monday, Tuesday, Wednesday and Thursday, is another one of those refreshing sort of film stories that it does one's soul good to see occasionally. Incidentally, it puts Claude Gillingwater into stardom as one of the very best of the "old men of the films," if not the most thorough actor in his class.

The play is a good, strong, artistic human nature story, with "Dad" the feature. It is an antidote for "The Old Nest," which left one with the feeling that the children would all go right home after the birthday party and begin their separate lives all over again—away from the old nest. But the kids stick to "Poppa" in "Remembrance," because he's that kind of a dad. That is, they do after they find out what life would feel like without him.

Gillingwater plays with splendid support, and the film is A-1.

MAN AND WIFE ARE FOUND DEAD IN HOME; YOUTH IS QUESTIONED

CIRGINIA, MINN., Oct. 31.—Officials today were checking the story of Tolbo Aho, son of Mrs. Frank Wirtanen, who with her husband was found shot to death in their home here last night. Aho, who is held without charge, said that a man whom he failed to identify had killed his mother and stepfather and fled.

Repeated questioning has failed to shake Aho's story. The officials declare there was enmity between Aho and his mother and her husband.

INTRUDERS WERE HUNGRY AS THEY ATE EVERYTHING

Douglas Pipes, proprietor of the Wichita Chili Parlor on Seventh street, opened his place of business early Tuesday morning and discovered that some one had come into his place during the night and helped himself to everything in sight.

Among the missing articles were pork chops, ham, chili, pop, gum, candy and milk.

The chili drawer was also shy one dollar. This was all that was in the register besides a few pennies.

The party or parties gained admission by crawling through a window.

GERMAN REPRESENTATIVES REFUSE TO REVEAL PLANS

By Associated Press.
BERLIN, Oct. 31.—Just what specific issues will constitute the starting point for the German government's deliberations with the reparations commission remains a matter of conjecture.

The members of the commission on their arrival from Paris declined to say whether they were carrying any specific program. They also refrained from discussing the purpose of their visit.

Sir John Brambury expressed the hope the commission would be able definitely to settle matters, although he admitted that any investigation into methods required for effecting a stabilization of the mark must comprehend a survey of many other subjects.

BEN W. TIPTON TO OPEN LAW OFFICE IN ELECTRA SOON

Attorney Ben W. Tipton, who has been a member of the law firm of Weeks, Morrow, Francis, Tipton and Hankerson with offices in the American National bank building, will open a law office in Electra within a few days, he announced Tuesday. His temporary offices will be in the Dale-Coffey building.

Mr. Tipton was born in Georgia and came to Texas in 1912. Before coming to Texas he was a court reporter in the courts of Georgia for 12 years.

Shortly after coming to Texas he became associated with W. F. Weeks in the capacity of law clerk and prepared himself for admission to the Texas bar.

He stood examination and was admitted to the bar in 1919, since which time he has been actively engaged in the practice of law in the local district courts.

NEGRO IS FOUND GUILTY; CHARGE REDUCED BY JURY

Ben Little, who went on trial in the 89th district court Monday facing a charge of assault with intent to rob, was found guilty of a charge of aggravated assault by the jury at 5 o'clock Monday evening and fined \$10.

Little was charged with having assaulted W. W. Flamin, another negro, in a servant's house in Floral Heights, with the intent to rob him. Testimony was introduced by the defendant which led the jury to believe that the intent of the defendant was merely to administer a sound thrashing.

The prosecuting witness took the stand and testified that three negroes entered his house at night and assaulted him. He further stated that he wrestled with one of them and succeeded in taking a

receiver from him. The other two intruders, he said, fled when he began scuffling with the one with the gun.

The case was closed at 6 o'clock and was submitted to the jury without argument. The jury was out 30 minutes when it arrived at a verdict.

Gentlemen:
I am chief of a laboratory long famous in soap making. For 60 years it has studied soap chemistry. The greatest toilet soap in existence—Palmolive—Now we have perfected a Shaving Cream which far exceeds all others. In fairness to yourself and us, I ask you to try it—free.

- To satisfy men**
We asked 1,000 men what they most desired in a Shaving Cream. Then we spent 18 months to meet those desires as no one else had done.
We made up and tested 130 formulas before we attained the ideal.
But the result today is a Shaving Cream supreme in these five respects:
Way 1—It multiplies itself in lather 250 times.
Way 2—It softens the beard in one minute.
Way 3—It maintains its creamy fullness for ten minutes on the face.
Way 4—The bubbles are strong, so they hold the hairs erect for cutting.
Way 5—The after effects are delightful. The blend of palm and olive oils leaves the skin in fine condition.
If these claims are correct, you want Palmolive Shaving Cream. You are getting no such results from another.
If those claims are unjustified, ten shaves will show.
Find out in our mutual interest. Ask for a trial tube. Cut out the coupon now.

Perhaps you remember the days when coffee was purchased green and roasted at home. A few handfuls placed in a hot oven and stirred around for a short time until brown, perhaps burnt a little for good measure, was the usual thing. Although in all probability it was a low grade of Rio sold at a fancy price, one can look back with pleasure on the mornings when coffee, on account of its scarcity and high price, was a big addition to the meal.

Coffee roasting and packing today is not the simple thing of forty or fifty years ago, for the insistent demand for quality has made coffee preparation an exceedingly difficult and important operation.

The half century endeavor of Hills Bros. toward one aim—highest coffee quality—has developed processes of blending, roasting, grinding and packing that are distinctly individual. These methods, a little more skill and knowledge here and there, make a difference in taste and flavor which accounts for the fact that Hills Bros. Coffee leads all other brands in volume of sales.

TIMES DAILY MARKETS

COTTON MARKET

New York Cotton. NEW YORK, Oct. 31.—The cotton market opened steady at a decline of two points on December but generally three to five points higher and sold about 10 to 15 points above yesterday's closing during the early trading. A better opening response to the relatively firm showing of the Liverpool market was prevented by scattered southern selling and overnight selling orders brought in by the reaction...

STOCKS AND FINANCIAL

NEW YORK, Oct. 31.—Some irregularity took place at the opening of today's stock market but prices immediately started upward in response to a brisk demand for oil shares and a fairly good industry for steel, equipments, coppers and standard rails. Short covering prompted by the resistance met at today's opening levels was largely responsible for the upward trend. Mexican Petroleum advanced 24 points, Standard Oil of California 21, General Asphalt 14 and Standard Oil of New Jersey 14. United States Steel common moved up a point in anticipation of favorable earnings statement following today's quarterly meeting of the board of directors while Crucible was pushed up 1/2 and Gulf State Steel 1/2. The advance in value was led by the Paul preferred, Norfolk and Western and Lehigh Valley, each up a point or more. American Locomotive, Consolidated Gas, Lehigh Valley, American International, Chandler, American Can, U. S. Alcohol, Kayser-Flores and Virginia-Carolina Chemical preferred, were the outstanding bear spots.

Cleburne's Protest In Hands of League; No Definite Action Yet

Cleburne seems to be gaining recognition for the protest voiced against eligibility of certain North Side players who participated in the game Saturday which eliminated the Johnson county entry, doped as state champions, from the race. Immediately after the game Coach Eney of Cleburne departed for Gainesville where he secured evidence in the form of affidavits which he took to Austin in person. Upon his arrival there Monday, a telegram was dispatched to Coach Jofast of local officials in various parts of the state to accept arrangements with North Side until further notice, since Cleburne's protest was being aired. Roy B. Henderson, head of the interscholastic league, was reported in Fort Worth yesterday, and from a telephone message between Coach Farrington of that team, and Coach Jones, the local member is led to believe that Henderson was making a personal investigation.
