SMALL EVIDENCE DID NOT CHARGE A SECRET AGREEMENT

CORRECTION MADE IN REPORTED TESTIMONY IN PIERCE CASE

PIERCE SEEKS TO ANNUL ELECTION OF DIRECTORS

Preferred Stockholders Protest Action of the Pierce Oil Corporation

RICHMOND, Va., Nov. 17.—Examination of the court record today on the testimony Wednesday of J. W. Randall, vice president of the Pierce Oil Corporation, in a suit of preferred stockholders seeking to annul the recent election of directors of the company, revealed that he did not testify to the existence of a secret agreement between R. Doherty of New York and H. C. Pierce, president of the Pierce Oil Corporation, as reported in dispatches Wednesday.

Mr. Randall further testified that he had no knowledge of any such agreement. The court record shows that Mr. Randall testified that he knew the general terms of an agreement entered into between Mr. Doherty and the corporation. This agreement, dated October 3, 1922, purported to give Mr. Doherty the right to elect five of the eight members of the board of directors.

Mr. Randall testified at a conference at which five of the eight members of the board of directors were present. He testified that Mr. Doherty was elected a director of the corporation and participated in the conference of directors on that date.

Testifying further, Mr. Randall said that although not obligated to do so, Mr. Doherty already had secured the corporation more than \$50,000, and was to contribute the benefit of his credit to the limit of \$1,000,000. Mr. Randall, the record showed, did not testify, as reported, that under a secret agreement between Mr. Pierce and Mr. Doherty, the latter was to put up \$50,000 and to have the privilege of converting into preferred stock whatever debts he had to permit further he did not claim, as was reported, that it was the purpose of any such plan to give Mr. Doherty opportunity to secure the conversion privilege of converting virtually all of the stock of the corporation into preferred stock, practically controlling the corporation.

Sees a Change in Sentiment Toward Prohibition Laws

BRENTON, N. J., Nov. 17.—A second letter in which President Harding is supposed to have expressed his opinion that the public attitude toward the prohibition laws had changed has been received by E. H. Stoke, republican state chairman of New Jersey, it became known yesterday.

Mr. Stoke, like Mrs. Corinne Roosevelt Robinson, recipient of the letter, declined to make public the contents of the communication and said the president admitted that a change in public attitude was indicated in the recent election and that he wrote it probably would result in slight liberalization of dry laws.

MR. CANDIDO AGUILAR IS ENROUTE TO HAVANA HAS BEEN IN HIDING

VERA CRUZ, Nov. 17.—General Candido Aguilar, son-in-law of the president Carranza, is reported to be on his way to Havana, Cuba, after having been in hiding for a month. He is said to have entered Mexico from San Antonio, Texas, with General Francisco Murguía, who was recently captured and executed at Tepic. The ship on which the passenger is due in Havana today.

Hint that Bride of Minister May Have Been Slain

CHICAGO, Nov. 17.—That the 25-year-old bride of a Wisconsin minister, 20 years her junior, may have been slain was hinted here when her body was exhumed at Gary, Ind., and the vital organs brought here for analysis yesterday.

The bride was the wife of the Rev. Griffith Crawley of Solon Springs, Wis. Before her marriage last summer she was reputed to have been socially prominent in Gary and to have been worth between \$75,000 and \$100,000.

Her death took place on August 11 at Solon Springs, the body being taken to Gary for burial. It was exhumed at the request of Mrs. F. E. Williams, a niece, who filed a complaint with Dr. C. W. Yarrington, coroner of Gary.

SAYS BANK FAILURES ARE NOT SIGNIFICANT OF ECONOMIC CRISIS

MEXICO CITY, Nov. 17.—The bank failures of the last few days are not significant of an economic crisis of a general character, and should cause no alarm in commercial circles, according to Secretary of Finance de la Secretaría de Hacienda, in a statement issued here today.

He denied sensational reports of impending further failures, expressing the belief that business in general will proceed along normal lines. His statement was in response to frank predictions by the newspaper of further difficulties following the closing of the Banco Francés de Méjico, the Guadalupe Roman, a Spanish institution with branches in several cities, and the Milmo, a private bank at Monterey.

BANK AT VERA CRUZ HAS SUSPENDED PAYMENTS

VERA CRUZ, Nov. 17.—The closing of the Banco Francés de Méjico and the Guadalupe Roman with branch offices here, has given rise to a run on the other local banking institutions.

The banking house of Vixa Brothers, founded in 1876, yesterday suspended payments because of a shortage of cash, after paying out about \$50,000 pesos.

The assets of the bank are estimated to be between \$1,000,000 and \$1,500,000.

HAS NERVOUS BREAKDOWN

FRANK BACON
Frank Bacon, shown here, author and star of the play, "Lightning," has had to abandon his part until after his recovery from a nervous breakdown.

Bacon is 28 years old and is one of the outstanding characters of Broadway today. "Lightning," his present production, has been considered his greatest success. He wrote it in collaboration with Mitchell Smith and showed it for the first time in August, 1918. For the last four years he has been playing the lead in the play. After his recovery, friends say, he expects to resume the role.

Bacon's play, "Lightning," has appeared in several other successes, among them, "Alabama," "Puddin'-head Wilson," "The Fortune Hunter" and "The Cinderella Man."

'Tiger' Appears in Ship Concert Hall For Half an Hour

ON BOARD THE STEAMSHIP Paris, Enroute to New York, Nov. 17.—By Wireless to the Associated Press.—George Clemenceau again came out of the seclusion he has maintained on his voyage to America by appearing at the ship's concert yesterday. And, autographing several photographs taken on board the ship, which sold for several hundred francs.

It was the first time "the tiger" has appeared after lunch since leaving Havre, and most of the passengers were in the concert hall to greet him. He sat with the captain, saying nothing and appearing bored. After half an hour he quietly arose and went to his suite.

The weather continues splendid and there is but a slight roll to the ship. An iceberg was sighted today.

GURZON TO CONSULT PREMIER POINCARE ABOUT CONFERENCE

By Associated Press.
LONDON, Nov. 17.—Foreign Secretary Curzon leaves for Paris today to consult Premier Poincaré on the subject to be pursued by the alliance at the Lausanne peace conference.

Lord Curzon plans to proceed to Lausanne, possibly accompanied by M. Poincaré in June to hold another preliminary conversation on Sunday with Premier Mussolini of Italy.

If the size of the British delegation may be taken as a criterion, Lausanne will be the largest and perhaps the most important conference since Versailles.

It is believed Lord Curzon will be accompanied by a routine of at least 50 persons.

Well Balanced Vaudeville Bill At the Wichita

Wichitans who braved the threatening elements last night to witness the initial performance of the second week's schedule of vaudeville at the Wichita theater were treated to a well balanced bill.

Herman Munden, tramp cyclist, long a local favorite, proved himself the most popular member of the evening's show and with several new bits added to his act, was well received. Munden is adept at pantomime and his silent comedy is a scream which added, to "collapsible cycles" which are gimbled, disassembled and reassembled in clever.

Billy Maskoff might be called an "Allied Act." A bit of song, monologue and dancing in diversified tongue bring Russia, Italy, Hungary and a touch of our own country to the front. His crowd act, a native song and dance of Russia and in costume is well received also.

"A Fat Chance and Thin Excuse" with Van and York is that and then a bit more. The "fat chance" isn't so fat after all, and the well hidden, that with a couple of musical numbers while the "thin chance" is just what York is admittedly "slim" and he combines the bits with bits of comedy patter that has a kick.

Alan Gray uses a couple of animal boys in an act full of appearing and disappearing. The animal numbers are all the same to them. The two musicians are real synchronizers, but transpose to operatic numbers with accuracy. The voices are a balancing half to the act, and measure well to the other numbers.

'Two Fisted Love' All Next Week at Palace Theater

So that stock patrons who intend seeing "Two-Fisted Love" at the Palace theatre the coming week may not get a false impression from the title and plan on seeing several boxing bouts during the progress of the play it might be explicitly stated that, despite the fact that the hero of the play is "Kid Malone," matched to meet "Pete Burns" for the lightweight championship, the "Kid" only delivers one blow during the progress of the play and that is to the jaw of a minister's son who attempts to chastise the "Kid" and measures his length on the floor.

DeWitt Newing wrote "Two-Fisted Love" and he has written one of the most original and at the same time one of the most winning plays ever produced in dramatic stock.

The play gets its title from its central figure "Kid Malone" who comes to a small town to train at the road house of his manager. This manager and his place are a sort of a hot spot on the town and the lone clergyman there has taken it upon

himself to rid the town of the blot. Malone meets the daughter of the minister, falls in love with her and then finds himself in the unique situation of choosing between the girl's father and all that it means so far as the girl is concerned and his own manager.

The attempt of his manager to doublecross the "Kid" helps to find a way out of the dilemma, a series of situations adroitly conceived by Mr. Newing who is a master of continuity and construction.

"Two-Fisted Love" is a play essentially of types and it abounds in comedy situations and bright lines with the proverbial punches expected of a play of the title well distributed throughout.

"Two-Fisted Love" is certainly expected to prove the most popular play offered here in years and the name of Newing associated with a play is an asset here due to his former successes, "Dawn of the Mountains" and "The Love of Su Shong."

IDENTIFY TRAIN ROBBER PARTNER JACK KENNEDY AS LAWRENCE LOGSDEN

MEMPHIS, Nov. 17.—The train robber known to police here as Harvey Logan, who with his partner, Jack Kennedy, alias the "Quail Hunter," was shot and killed during an effort to rob a St. Louis and San Francisco train near Seventy-Six, Mo., several weeks ago, has been identified as Lawrence R. Logsden, 22, of Memphis. The identification was made by Logsden's mother from a photograph of the landlady's body taken after the attempted train robbery. She said he left home a month ago and she had heard nothing of him since.

'Strongheart' Has Relative in Lobby Olympic Theater

The picture attraction at the Olympic the last three days this week is being rivaled closely by one in the theater's lobby. Duke, a cousin to Strongheart, the great police dog starring in the picture, "Brawn of the North," is on display in a large cage where he keeps a crowd gathered around him at all times. Duke is owned by W. C. McLean of 2606 Tenth street of this city and is a descendant of the family which gave Strongheart to the screen.

"Brawn of the North" opened at the Olympic Thursday and is a highly entertaining picture and one that is out of the ordinary. Every lover of the great outdoors and the adventure which it holds will find him much in the picture and if you are not a lover of dogs the chances are you will be watching Strongheart protecting the lone mother and babe in the northland snows.

"Brawn of the North" will be shown Saturday morning at the school children's matinee, all children under 14 being admitted for 5 cents.

PLAN TWO GREAT REGIONAL SYSTEMS FOR NORTHWEST

WASHINGTON, Nov. 17.—Whether transcontinental railroads in the northwest could be consolidated into two regional systems, one built around the Great Northern and the Chicago, Milwaukee and St. Paul, and the other around the Northern Pacific and Chicago, Burlington and Quincy, was taken up for detailed consideration at a hearing today before the interstate commerce commission.

Representatives of the "Hill" group, including the Northern Pacific, Great Northern and Burlington, were given the first opportunity to be heard and through Walter D. Hines, formerly director general of railroads, they immediately attacked the consolidation plan which would result in a separation in their present unified holdings.

Commissioner Hall opened the session by explaining that the commission was proceeding under the general instruction of congress to prepare a consolidating plan that would combine all the major railroads in the United States into 18 or 20 great regional systems.

Congresswoman Cleans House Practicing for Stay in Capital

It's a "clean house" that calms the home of Mrs. Winifred Mason Huck of Chicago, newly elected congresswoman-at-large from Illinois. Its members are, left to right, Wallace M. 17; Mrs. Huck; Donald W. 16; Edith C. 15, and Harold W. 14.

By ROY J. GIBBONS
NBA Staff Correspondent.

CHICAGO, Nov. 15.—Mrs. Winifred Mason Huck, newly elected congresswoman-at-large from Illinois, is practicing for her job in Washington.

When I entered the home of Mrs. Huck, she met me with a dust rag. She had just put the finishing touches to the top of the family piano. A cloth was tied about her hair and she was dressed just as any other housewife during the morning dusting.

WOMEN, END WAR!
By MRS. WINIFRED MASON HUCK
Congresswoman-at-Large from Illinois.

The next 50 years will see an end of all war. Women and mothers will accomplish that. They have atoned to death of sending their sons and offspring to be led into the jaws of cannon.

Aggressive warfare can never be reconciled with justice by whatever name it is called. Year after year from now on, more mothers will be elected to sit in conducting the affairs of state.

If You Have Anything to Say to a Mule Say It to His Face

(The Letter Unsigned)

In Sunday's paper, I saw your ad—mule 'n everything, And, after digesting its contents, this ballet I must sing:

You sold me a suit five years ago,
I've worn it in sunsine, rain and snow,
I guess I've got to "hand it to you,"
'Cause the bloomin' thing still looks like new.
The only thing I can see that's wrong,
McClurkan's clothes last too darn long!

One Kind of a Pessimist.

We would like very much to know who the sender is, although we feel sure that it is a satisfied customer of whom we have extracted money from for several years, and which enables us to erect a large new building at the corner of Ninth and Scott.

STATE INCOME TAX MAY BE NECESSARY TO OBTAIN REVENUE

J. B. CARRINGTON SAYS SPECIAL OIL TAXES ALSO BEING PLANNED.

POINTS OUT INEQUALITIES IN EXISTING SYSTEMS

J. Wilkie Talbert Tells Business Council About Building and Loan Association.

Unless ad valorem tax rates in Texas are more equitably assessed, there is a strong possibility that a state income tax law will be enacted at the coming session of the legislature, according to John B. Carrington of San Antonio, representative of an organization which is working for a fairer system of valuations than at present exists.

Mr. Carrington spoke Friday at the weekly luncheon of the business council of the chamber of commerce. He told his hearers that about 80 "tax dodging" counties in Texas had put their assessments so low that they each received back from the state, in school revenue, from a few thousand up to \$100,000 more than they paid in.

"I am informed by those who have analyzed the situation," Mr. Carrington said, "that the state is deprived of over \$8,000,000 as a result of valuations being fixed at less than 25 per cent of the market value. Here in Wichita county, your valuations are two-thirds of the market price; the average for the state is one-fourth, but these counties—that assess at less than a fourth beat the state out of over eight million dollars a year.

"The result is, various schemes are offered to produce the revenue. There are already several special oil taxes, and they will try to provide more next year. They will revive the effort for a gasoline tax. And now there is talk of a state income tax, and I personally can't imagine anything that would be worse for business men."

Mr. Carrington told of the work and plans of the organization which he represents.

J. Wilkie Talbert was also a speaker at Friday's meeting, telling of the work of the building and loan associations generally, and of the local organization in particular. His subject, "The Building and Loan Association as a Community Asset," was eloquently treated. Mr. Talbert said that more than 90 houses had been financed in Wichita Falls by the local association during the year and a half of its existence.

Some owners are seldom found in divorce courts and never among the "red flaggers," Mr. Talbert submitted figures to show.

Announcement was made regarding plans for the united welfare drive.

Most Appealing Smile Says Juror In Phillips Case

LOS ANGELES, CAL., Nov. 17.—Mrs. Clara Phillips was saved from the gallows by her smiles.

The men members of the jury which found her guilty of second degree murder for shooting Mrs. Alberta Tremaine Meadows to death with a hammer were quoted as admitting that had it not been for the defendant's smiles, she probably would have been convicted of first degree murder, without a recommendation for clemency, thus making death the only penalty.

They said that Mrs. Phillips seemed to study them, one at a time, and to flash frequent smiles. "When she had the most appealing smile I ever saw" was the way one juror was quoted.

As the women jurors were not struck by it, it was said, as all three favored a verdict which would have sent Mrs. Phillips to the gallows, but compromised.

While the defense planned to ask a new trial next Monday, the time set for passing sentence, which may be any period of years from 10 to life, the state counsel said they had no comment to make on the verdict.

Mrs. Phillips was quoted as saying: "I don't know whether I killed Alberta Meadows or not, but if I did, it was for mother love. For Armand E. Phillips, my husband, is my only baby, and when I realized he was being taken from me, I fought and fought and fought, so I might have him again."

NEW COUNTY AUDITOR TO START DEC. 1 TO GET FAMILIAR WITH DUTIES

Mr. Walsh does not expect to make any announcement concerning the appointment of a deputy until after he becomes auditor.

IRRIGATION BOARDS OF BOTH DISTRICTS TO MEET SATURDAY

STEPS FOR FUNCTIONING OF SECOND DISTRICT ARE TO BE CONSIDERED.

CANAL ON NORTH SIDE DEPENDS ON OUTCOME

Property Owners On Farm Lands to Determine If It Is to Be Constructed.

Directors of the irrigation districts 1 and 2 will hold a joint meeting at the chamber of commerce Saturday morning, to determine what steps shall be taken for the further organization and functioning of district No. 2. This was decided upon Friday morning when the directors of district No. 1 met with C. H. Clark, chairman of district No. 2.

District No. 2 comprises much of the land to be irrigated when the system is completed, and the meeting Saturday will take up the question of what portion of the expense burden the lands shall bear. Upon the attitude of the land-owners will depend whether the north side canal is to be constructed. It is probable that district No. 2 will include about 100,000 acres eventually. At present district No. 1, which consists of Wichita Falls and lands between this city and Lake Wichita is bearing the full burden.

has not been awarded by the district, although the survey has been made, it being left in abeyance until it is known whether funds are available. It is the hope of those most interested in the project that district No. 2 will make construction of the north side canal possible at once.

District No. 2 was organized more than a year ago, and elected officers, but has not functioned since.

GROCERY and MARKET DEPARTMENT

COTTON MARKET

New York Cotton.—Yesterday's break was followed by nervous and irregular fluctuations in the cotton market here at the opening today. Liverpool was about an ounce, but the local market opened with an advance of 3 to 20 points on covering and trade buying. There was continuation of the commission house liquidation which had been so active late yesterday and further local trading as a result of which January quickly sold off from 23.17 to 23.15, or 2 points in 2 points, closing at 23.15. There appeared to be a good deal of rebuying and a little more trade demand at this decline, and the market steadied up some 8 or 9 points during the early morning. After selling off to 23.14 for January, the market rallied to 23.48 for the month by reports of a rebuying promoted by reports of a big export for the day and the liquidation of the market. The advance, however, brought in a renewal of commission house liquidation, which was promoted by reports of a slack spot demand in the south. The market was selling off to 23.22 early in the morning. The market became very weak and unsettled early in the afternoon under the renewed heavy liquidation and stop orders were increased on the market below 23.00 for January. At 23.92 for that position or about 20 points net low for the month. The market rallied as a result of which it declined to 23.00, which, of 22 points net higher. With the market presenting both strength and weakness speculators were at a loss for a time, but they led to follow. Some of the low priced oil rubbers, independent steel and iron, and a number of less active industries were distinctly weak. An equally vigorous opposition to the market was shown by the commodity speculators, such as Baldwin, Stuebker, United States Atchafalaya, Famous Players and New York. The market was liquidated in other quarters eventually being closed with a net gain of 15 points. The market was again very strong and the market again began to rise. An increased volume of business. An extremely strong market developed in the afternoon and there was general buying on the large market. The market was very strong and the market again began to rise. An increased volume of business. TO PRESENT NEEDS BRAZOS RIVER TO NEXT LEGISLATURE

BRYAN, TEXAS, Nov. 15.—John D. Lawrence, president of the Brazos River Reclamation association, has called a meeting of the body to convene in Bryan on Tuesday, November 20, to lay plans to present the needs of the Brazos river watershed to the state legislature which will convene in January. A general discussion of flood prevention and heretofore possible through flood control will be brought up. The body was organized May 13, this year, at Bryan, with Lawrence as president. The organization was organized at the College Station, secretary, E. H. Austin, vice president, Bryan, Robert M. Hays, secretary, Bryan, T. S. Henderson, vice president, Cameron, Milan county; D. C. Giddings, vice president, Brenham, Washington county; Dr. H. W. Cummings, vice president, Hoar, Robertson county. At the first meeting, May 15, legislation was recommended for adoption at the first session of the legislature. A topographical survey of the Brazos river was recommended. The organization went on record favoring the remission of state taxes for a period of 10 years on lands overflowed along the Brazos river during 1932. At a called meeting June 7 it was recommended that the following counties in the watershed be embraced in the association: Brazoria, Fort Bend, Waller, Austin, Washington, Tarrant, Erath, Hood, Somervell, Murray, Lee, Williamson, Travis, Bell, Falls, McLennan, Limestone, Hill, Johnson, Bosque, Coryell, Comanche, Erath, Hood, Somervell, Parker, Palo Pinto, Stephens, Eastland, Brown and Young. Cooperation with the state reclamation department, the state board of water engineers, the Texas agricultural experiment station, A. and M. college, the state forestry commission and other agencies of the state and national governments have been enlisted in the work.

SEVERAL DEALS IN HIRSCHI ACREAGE REPORTED FRIDAY

The demand for acreage in the vicinity of the big Hirsch well in block 34 has become brisk and big prices have been paid for several choice tracts. The Texas company bought 40 acres of the E. A. Dale tract in the northeast corner of block 34 west and northwest of the well. The Godley Oil company also purchased 41 acres out of the Hirsch land just south of the well for a consideration said to be \$750 per acre. R. M. Waggoner of this city also bought 19 acres out of the Allen-Foster tract from Peck-Pigg and Murchison, owners of the discovery well. This location is a short distance to the east of the producer. **HUNTER RUSSELL GOES TO STATE PENITENTIARY.**—Hunter Russell, who was sentenced to two years in the state penitentiary upon his plea of guilty to the charge of forgery, was taken to that institution Friday afternoon. Bud Russell, state penitentiary representative, passed through the city on one of his regular trips and called for the prisoner. The prisoner immediately after being sentenced asked permission to go to Huntsville himself unguarded. This, however, was refused by local authorities. **WOMEN ARE SANE BUT SUBNORMAL SAY EXPERT.**—CHICAGO, Nov. 17.—Mrs. Tulle Kilmek and her cousin, Mrs. Nellie Kilmek, suspected of having caused the death of a dozen or more persons by poison and held on charges of murder, are sane, according to Dr. William J. Hickson, city psychiatrist expert. Dr. Hickson spent more than four hours in a mental state of the two women. The examination disclosed, however, that both women are subnormal. Dr. Hickson said.

Six Rules for making BETTER COFFEE

- 1 Keep your Coffee fresh**
It loses strength and aroma when exposed to the air. Keep it in a tight container.
- 2 Measure carefully**
Use plenty of Coffee—at least a tablespoon to the cup. Guessing usually means a poor cup of Coffee.
- 3 Use grounds only once**
Don't waste fresh Coffee by adding it to old grounds. Used Coffee grounds are of no more value in making Coffee than ashes in building a fire.
- 4 Don't boil your Coffee**
Boil your water. Be sure it's boiling. Then pour over the Coffee. But don't let the water and the ground bean boil together after they are mixed.
- 5 Serve at once**
Many a pot of perfect Coffee has been ruined by letting it cool. If you must delay serving, keep the Coffee piping hot, but never let it boil. Re-cooking injures the flavor.
- 6 Scour the Coffee pot**
It is not enough to give the pot a hurried rinse and set it away to dry. Scour it carefully every time it is used.
Filter bags should be rinsed in clean, cool water—never hot—and kept sweet by submerging in cold water when not in use. Renew filter bags frequently.

WILBARGER BREEDER WINS 11 PRIZES AT KNOX COUNTY SHOW

VERNON, Nov. 17.—Adam Donges, local Buff Orpington breeder, won eleven prizes at the Knox county poultry show at Munday on November 9 to 13. He was awarded first cock, first and second cockerels, first and second pullet and third and fifth pullet. On specialties he took first on best solid color male, first on best color pen, first on best male with all varieties competing and first on best pen with all varieties competing.

Mr. Donges, who is president of the Wilbarger Poultry Association, and one of the regional vice-presidents of the Panhandle Poultry Association of Amarillo, has established quite a reputation as a breeder of this variety of fowls in the southwest. But his success of today is built on ten years of painstaking work.

Ten years ago Mr. Donges kept a few chickens around the place to use up the scraps from the table. He was a clerk in a grocery store and had very little time to devote to chickens. However, he got the fever and purchased ten standard bred birds as a start. Each year his little flock kept growing and every spare minute Mr. Donges could find outside of his business hours he was with his chickens and studying their breeding qualities.

Within a few years he entered his first show, which was at Plainview a number of years ago. He was fortunate enough to win first prize and sweepstakes on this initial showing and since that time his birds have been steady winners at the big shows at Plainview each year, the Waco Cotton Palace and many other large exhibitions. Through these years Mr. Donges states that his path has not been a rosy one by any means. Some times accidents and troubles would beset his way, but he always studied the cause and never let the same thing happen twice.

A few years ago Mr. Donges' flock got to be so large that he had to seek more room. He purchased three acres of ground in the edge of Vernon and today has a beautiful home, electric lights and running water, modern poultry houses and 250 big fluffy birds roaming his yards. When he started breeding birds he was a clerk in a grocery store and now he is one of the proprietors of the establishment. He is always ready to talk chick with anyone who comes in his

place of business. In discussing his fowls Mr. Donges states that he keeps them for a recreation but at the same time makes money out of them. During the spring of this year he cleared over \$100 off of the sale of eggs. As president of the Wilbarger Poultry Association he is working hard to encourage the farmers to keep more and better bred chickens. He states that if every farmer would get 200 standard bred birds and give them the proper care they would pay his grocery bill the year round and the rest of his crops would be money to put in the bank after the dry goods for the family were purchased.

EL PASO BLACKSMITH HAS BARITONE VOICE

EL PASO, TEXAS, Nov. 17.—Bill Rogers, El Paso blacksmith, is believed by persons who have come in contact with him, including several musical men, to have a natural baritone voice, which is little short of marvelous. These persons are trying to induce Rogers, who never had a lesson in his life, to go east for training as they believe he has a fortune in his throat. His voice is clear, strong and vibrant, it is said.

M. Another furrough, running parallel, was plowed; they run along the Santa Fe right-of-way to prevent spread of fire. STATE GRID LEAGUE HOLDS MEET RULING AGAINST AUSTIN HI

AUSTIN, Nov. 17.—At a meeting of the state executive committee of the University of Texas intercollegiate league held Tuesday, Warren Hastings, halfback of the Austin High school team, was upon motion of the Main Avenue High school of San Antonio, represented by Coach Spitz Clark, declared ineligible for further participation this year in intercollegiate league athletics under the transfer rule. The ruling involved an interpretation of the term "guardian" in the transfer rule. Hastings was eligible due to the fact that A. M. G. Swenson was Hastings' guardian. It developed that the guardianship was based merely upon a letter from Hastings' mother stating that Mr. Swenson act as Hastings' guardian. The committee ruled that the term "guardian" meant "legal guardian," and that the court record in it to be taken as determining guardianship within the meaning of the rule. The charge of professionalism against Hastings was also considered. The committee ruled that it was clear that Hastings had four years participation in inter-high school athletics.

The protest of Eagle Pass on the Rio Grande schedule was overruled. These two teams have tied twice already, and they were cleared to play another game in an attempt to break the tie before either team may be allowed to proceed further in the series.

COLLEGIANS BOOK SATURDAY GAME

Archer City Quint Comes For Morning Game On Legion Floor.

Coach Jones announces that the junior college quint will tackle the fast Archer City five Saturday morning at 9:30 o'clock on the legion floor.

This is the second meeting of the two teams for the season and supporters of both teams are interested in the outcome since the collegians took the short end of the count in the first meeting.

The collegians are playing every practice game possible, getting in condition for the hard season anticipated after the close of the grid schedule when Coach Jones will take active charge of the squad.

To date the junior college side has had no coaching other than their own originator, but from that have constructed a formidable team. Captain Hays at center, is developing into a fast court man, although at his first season at the game.

Cherry Johnson, local favorite, has charge of the team, and under his guidance, the team has progressed rapidly. Barlow and Long are two other members of the team who help beat the brunt of the attack.

Michigan May Hold Edge over Badgers

ANN ARBOR, MICH., Nov. 17.—When these two powerful Western Conference eleven, Michigan and Wisconsin, meet to decide supremacy at Ann Arbor, Nov. 18, it will be their second meeting in 17 years and incidentally the first since a Badger aggression has appeared in the maize and blue back yard in the same length of time.

S. M. U. LEAVES FOR RAZORBACK GAME

DALLAS, Nov. 17.—The Southern Methodist university football squad packs up its duds this afternoon, and tonight gets away for Fayetteville on the first road trip of the year.

It is an all-important journey for the Mustangs must defeat Baylor's back today.

The Arkansas game is the last stumbling block of the local team. If they pass it, every conference critic expects them to—

but the coaches are warning that they may not, they meet Baylor university at Fair Park stadium on Thanksgiving day, undefeated, with a chance at either a clear title or a tie in the conference.

At least thirty men will make the trip to Fayetteville tonight. At the last moment it may be decided to take others along. For while the coaches say they expect a hard game, they desire the recruits to be spared as much as possible.

If the first string lineup can get away on foot by a good margin, it is a certainty that the Razorbacks will be the most part see the reserves in action.

Morrison and Freedland, however, have never stood out on a single game this year. They have had a lot of reserve strength and they have used it. Every game the team has played has seen a flock of blue-coated athletes charging into the game.

REQUIRE SERVICE RECORD OF TWENTY-ONE YEARS

DALLAS—A twenty-one year service record is required for membership in a "Lone Star Chapter" to be organized soon for the Bell telephone pioneers. It is announced, with 152 eligible, and eighty-one of those qualified having expressed desire to join. Application for chapter has been made.

showing unusually well. He is certain to get a chance to show his worth in the all-important game with Michigan.

Richards is pinning his hopes of victory over Yost in his line, which is the more experienced of the two.

BAPTISTS PROTEST METHODIST VICTORY IN BASKET LEAGUE

The first storm cloud of the basketball-tempest has already arisen.

The Baptists have protested the Methodist win of Tuesday night on the eligibility of Dick Gordon, a high school player who was used by the Methodists in seeming violation of the league statutes.

No action has been taken on the case, but Chairman Lemen of the executive council has notified both captains and manager of the Methodist team to appear before the board and explain the circumstance.

Whether the game will be forfeited or ordered replayed has not been indicated, but the Methodists will likely find themselves liable from the act.

Another late move within the league shows the Knights of Columbus preparing to battle fiercely with the K. of C. team, a member of the Texoma team, has resigned his place with the refinery aggregation and will appear in a uniform with the K. of C. team from now on. This addition will permit a shift in the lineup and afford a front that will threaten the honor position.

HOPPE BEATS YOUNG AMERICAN EASILY IN SECOND ROUND PLAY

NEW YORK, Nov. 17.—Roger Conti of France and Erich Hagelbacher of Germany will meet in the matinee match today of the international 132 pound limit tournament.

Hagelbacher, whose high run for the tournament has been 178, has failed to win any of the three matches in which he has played. Conti's tournament score is one win and one loss.

Edouard Heremans of Belgium, who is defeating Hagelbacher in one of yesterday's contests, 500 to 201, ran a cluster of 241, the highest run thus far in the tournament, will take Jake Schaefer in tonight's match.

Willis Hooper, the former champion, won his second game of the tournament last night by defeating Walker Cochran, 509 to 142, in 9 innings.

HOPE OF TIGERS RESTS IN MITE QUARTERBACK

Princeton's big worry at the opening of the football season was the development of a quarterback to succeed the brilliant Don Lourie.

It seemed as if the Tigers would lack a good field general.

The Chicago game, however, dispelled that feeling. The way Johnny Gorman ran his team with deft starting him in the face from the very start of the game caused much jubilation in the camp of the Tigers.

In addition Gorman showed exceptional ability in bringing back punts.

In the Chicago game it was Gorman who ordered a forward pass by Cleaves while that player was standing 18 yards back of his own goal line.

It was a risky football but that was the only kind for Princeton to play with the score against them. It worked for 40 yards and probably saved the day for Princeton.

VILLA STEPS OUT OF CLASS; BESTS GOLDSTEIN EASILY

NEW YORK, Nov. 17.—Panchito Villa, the fighting Filipino, who holds the American flyweight boxing title, today had strengthened his chances to fulfill an ambition to duplicate Johnny Buff's feat of holding both the flyweight and bantamweight belts.

The aggressive Oriental boxer demonstrated convincingly last night that he could concede considerable weight and reach without handicap by decisively whipping Abe Goldstein, New York bantamweight at Madison Square garden.

Villa entered the ring at 110 pounds and Goldstein scaled 114. The former's 112 pound title, as a result, was not at stake. The Filipino outboxed, outgeneraled and outpunched Goldstein in nearly every round and thus got revenge for a reversal at the hands of the New Yorker in one of his first bouts in this country last summer.

Baylor Students to Adopt New Slogan

WACO, TEXAS, Nov. 17.—Realizing that in S. M. U. the Bears have the toughest opposition of the season to meet, the Baylor students have adopted the slogan of "Beat S. M. U." for the Bruin-Mustang battle on Thanksgiving day.

Already plans are being perfected to have special trains to take the Baylor students and supporters to Dallas for the big game. The Waco Y. M. C. is making arrangements to send a special delegation that will be composed of Waco business men and Baylor supporters.

Driftwood Left By the Sport Tide

BY "SPIKE" COOPER.

"Who Done It?" Got "double-crossed" yesterday somebody called in announcing the second set of games in the basketball league as played on Thursday night instead of Friday. Didn't look any further so wrote the story, saying they'd be played Thursday night, but no such.

Instead, the two games will be played tonight at the Legion gym just as scheduled in yesterday's paper, except, Manager Harper of the Battery D team says, Cherry Johnson was with the Texhomas last year and had planned to play with the same aggregation this year until ruled out by school officials.

Other than those two "bum steers," the basketball story was o.k.

Under a Cleburne date line the Dallas Journal carried a story Monday afternoon, wherein the following excerpt was given a prominent position, self-explanatory and explicit:

"The Wichita Falls team, defeated Saturday by the Cleburne team by the small score of 6-9, is one of the best teams, and one of the fairest and squarest that ever played here."

In the game just mentioned, there was but one penalty for rough play, a 15-yard setback received by the Cleburne Yellow Jackets in the opening of the second quarter.

As referee Robins stepped the distance, Coach Erney rushed to the sideline and demanded the cause of the penalty. Informed "tripping," he immediately asked the identity of the guilty player. M. Rhone, the referee, named the offender. Erney replaced the offender, even before another play could be called.

More glory to a coach of that kind. Give us more Erneys.

Who for the Thief? At present, 27 high school teams remain undefeated in the race to ward highest honors in scholastic circles for 1923.

There are innumerable possibilities to the race, but only a single probability—Waco leads swept through a season in a blaze of glory which lighted their pathway to 1923 accomplishments.

Three of the stars were lost, but their departure failed to cause a ripple on the sea of victory. Roberting two of the greatest high school players in the Missouri Valley, the Tigers look like winners in their debut year in the league.

There is little doubt of their superiority last season and their attack is equally gallant this year.

Yes, there are 27 possibilities at present, but only a single probability.

Those Tie Battles. For two weeks, two districts have fought to determine the champions.

Amorillo and Pampa have struggled through a pair of deadlocked contests, while on these same dates Del Rio and Eagle Pass have finished with the same results.

True enough, these teams are not to be counted out of the running, but likely none of them will ever reach the semi-finals.

Forest High Quits. Reinstatement of the Greenville high school Saturday brought a young revolution in grid circles in northeast Texas.

Denison and Forest avenue high school of Dallas had been ordered to play for the championship of that district Tuesday. Forest high was at that time in the midst of a far more glorious series, the city

JACK DAW AT SEA

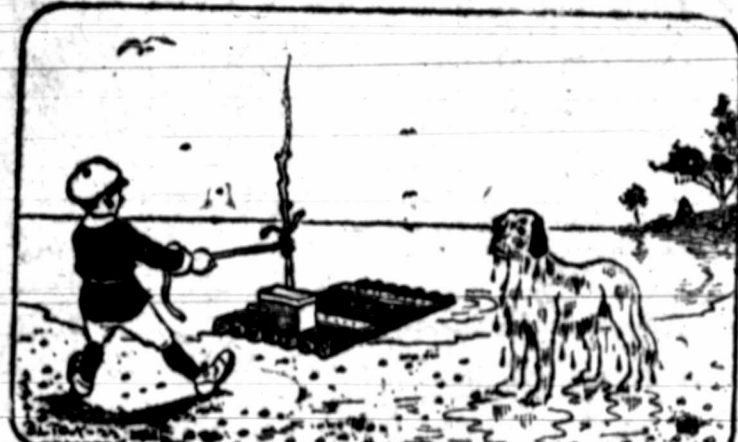

By ELTON

Sea gulls were hovering over the little raft. As one of them swooped down Flip backed and woke Jack up. The raft was standing almost still. The fish that had been pulling it had broken the line and was gone. In the distance Jack saw a beautiful white island.

Get, but I would like to land there, thought Jack. He dropped a line to see how deep the water was. "Way over my head," said Jack. "Come on, Flip, pull the raft to shore." Flip seemed to understand, for he jumped in the water and grabbed hold of the broken line. The raft moved.

After about half an hour of work Flip succeeded in getting the raft close enough so that Jack could wade. Then the young adventurer and his dog pulled their way up on land. This is a pretty place, thought Jack. Wonder who lives here.

Suddenly Jack's eyes began to water and he noticed that the little patches along the shore were throwing up a brilliant reflection. As he gazed there, "Well, don't be afraid," shouted the man, "I like company, come on up here." So Jack started to climb the beautiful white hill.

He had gone but a few steps when the great mass of pearls started to roll down on him. In an instant Jack was almost buried, and very frightened. The old man, at the top of the hill, however, just laughed. "Here, sonny," he shouted, "grab this rope and I'll help you." (Continued.)
