

### TURK SPOKESMAN GIVES ASSURANCE AMERICANS SAFE

NO DISPOSITION TO DRIVE OUT THOSE IN EDUCATIONAL WORK.

### TREATMENT SAME AS TURKISH INSTITUTIONS

Declares No Special Privileges Will Be Given Foreigners in That Country.

By Associated Press. LAUSANNE, Nov. 24.—Turkey's spokesman at the Lausanne conference hearing of the arrival of American missionary representatives here, expressed the hope that American philanthropic and educational institutions would not be needlessly alarmed by the advent of a new regime in Turkey.

The spokesman explained that there was no disposition to drive out Americans especially those engaged in educational and charitable undertakings.

It was pointed out, however, that Turkey saw no reason why foreign institutions, whether educational or industrial should be dealt with differently than Turkish institutions, and that if Turkey's schools and factories paid taxes, then foreign establishments should also.

The Ankara delegates declared that there should be no special privileges for foreigners in Turkey and insisted that it should be understood that all schools, whether foreign or Turkish, should teach the Turkish language.

The problem of Thrace and the western boundary of Turkey still occupied the attention of the conference today. The sub-commission of the full commission on territorial military questions, comprising a group of experts, was wrestling with the boundary question. The establishment of a demilitarized zone on both banks of the Maritza river, which seems to be the boundary favored by the great powers, is one of the topics of discussion in the sub-commission.

The Ankara delegates declared that there should be no special privileges for foreigners in Turkey and insisted that it should be understood that all schools, whether foreign or Turkish, should teach the Turkish language.

### TWO OIL WORKERS SERIOUSLY BURNED; RIG IS DESTROYED

MERRON CITY, Nov. 24.—Fred Soper and Marvin Keith, tool dresser and driller, were badly burned and the rig on the Tyrrell Williams No. 1-C was completely destroyed late Thursday afternoon when the gas flowing from the well was ignited. The well is one mile south of here and had just hit the gas in the 2400 foot sand. Now it caught to unknown as there was no fire in the rig.

### Woman Declares Would Be Dreadful If Women Control

WASHINGTON, Nov. 24.—"The wave of feminism that is passing over the land" was deprecated by Mrs. Nelson O'Donnoghue of this city in an address last night before the convention of the national council of Catholic women. "A world run by women," she declared, "would be dreadful to contemplate. Men may have muddled the affairs of the world badly but doubtless they have some better than would the women."

### NOMINATION OF PIERCE BUTLER IS SENT TO SENATE

WASHINGTON, Nov. 24.—The nomination of Pierce Butler of Minnesota, to be associate justice of the supreme court of the United States, resigned, has been sent by President Harding to the senate. Mr. Butler is a practicing attorney of St. Paul, 56 years old and a democrat. Mr. Butler was admitted to practice before the supreme court on May 26, 1884, and since then frequently has appeared before that bench in the argument of important cases, including the Minnesota rate cases in 1912, decided by Justice Hughes. The appointment will restore to the bench the political question which existed when Justice Clarke resigned. He, a democrat, was succeeded by Justice Day, republican, the court will again stand six republicans and three democrats. In the senate the nomination was referred to the judiciary committee, where it will be considered next Monday. A favorable report is expected to be made promptly by the committee, democratic senators having freely expressed their approval of the selection. It is considered satisfactory to the republicans.

### NEWLY ELECTED CALIPH INVESTED WITH POWER

CONSTANTINOPLE, Nov. 24.—Abdul Medjid Effendi, newly elected caliph, was formally invested with power today. The ceremony took place in the Topkapu palace.

### MINERS TO RESIST ANY MOVEMENT TO LOWER WAGE SCALE

PHILADELPHIA, Nov. 24.—Any move to lower wages of miners or remove any favorable working conditions granted them in recent years will not be accepted by the miners, Ellis Searles, editor of the official publication of the United Mine Workers, declared in an address today before the Business Science club. "Whether there will be another strike of coal miners next year is a question that no living man can answer today," he said. "If there are any in this country who are anticipating lower wages for coal miners next year they may as well abandon that anticipation now and devote their spare time to some other subject. The miners are not asking for any general or universal increase in their wages in the bituminous industry, but miners in the anthracite region have asked they are now asking and they will continue to demand increased wages until their wage rates are brought to the level where they belong." He pointed out the hazards of

### MAGNOLIA STOCK DIVIDEND OF 50 PER CENT PROPOSED

A 50 per cent stock dividend is to be declared shortly by the Magnolia Petroleum company, if the stockholders approve, according to word received here. Wichita Falls stockholders in the Magnolia own stock to the value of probably \$400,000, it is estimated, and their holdings will be increased to \$600,000 by the dividend.

**"TIGER" WILL SPEAK  
IN TREMONT TEMPLE  
IS WARMLY GREETED**

**JUBILANT OVER RECEPTION  
HE HAS RECEIVED SINCE  
ARRIVAL**

**WILL TREASURE MEMORIES  
OF LAST MISSION OF LIFE**

**Confident of Success in Winning  
American Hearts For  
His Country**

By Associated Press.  
BOSTON, Nov. 24.—Georges Clemenceau, war premier of France, was up at dawn today putting the finishing touches on the second formal address of his American tour which he will deliver at 4 o'clock this afternoon in Tremont Temple. Seated before his inevitable pot of cold tea, with his battered gray skull cap on at a rakish angle, he worked for more than an hour on his notes at a small table in the home of F. L. Higginson Jr. What he does with the notes after he has prepared them no one knows. He never refers to them when he is speaking, but he always makes them.

Refreshed by his night's sleep the Tiger appeared even more jubilant today than he was yesterday over the enthusiastic reception given him by Boston and other cities between here and New York.

He declared that even if his "mission" of winning American hearts for France failed—which he is confident it would not—he always would treasure the memories of the welcome he had received on this "last mission of my life."

**BOSTON EXTENDS CORDIAL  
WELCOME TO CLEMENCEAU**

BOSTON, Nov. 24.—Georges Clemenceau, the Tiger of France, Thursday stood in Massachusetts' historic call hall of flags and cried out to America that she could not desert her war associates.

"You are prisoners of your own nobleness," he declared. "You must remain what you are."

The aged war premier of France arrived here Thursday afternoon to find the warmest reception he has been accorded since he landed at New York last Saturday. He delivered two half hour addresses. He spoke first in the city hall after he had been welcomed by Mayor Curley and had been presented a huge silk flag of France and gold medal inscribed "The Tiger." He spoke again in the hall of flags at the state house where Governor Cox introduced him.

Boston turned out everything it possessed in the way of military display to emphasize her welcome to the famous war figure.

Major General Clarence R. Edwards, commandant of the first army corps area, was among the party of notables led by Lieutenant Governor Fuller, which met him at the station. A double line of national guardsmen kept the path open for him to the street.

Outside had been massed fighting men of every sort that the city could muster. There were cavalrymen, infantrymen, artillerymen, marines, blue jackets and policemen.

**Parade Before Statute.**  
Up Boston's winding streets the cavalcade moved, through streets lined with cheering crowds. After ceremonies at city hall Clemenceau was escorted to the state house. Entering he passed several moments before a statue of Washington.

Beneath the high dome of the hall of flags the Tiger's first greeting

**THREE ARE KILLED  
WHEN AUTOMOBILE  
AND TRAIN COLLIDE**

CHICAGO, Nov. 24.—Three persons were dead today as the result of the collision of their automobile and a Chicago and Northwestern fast mail train at Elmhurst, near here last night. The engine was derailed after it had carried the automobile 900 feet along the right of way, grinding it to pieces. Both the fireman and engineer jumped when the engine turned over, and escaped injury.

The dead are George Clerk, owner of the car; Ella Hinleman and her fiancée, William Ehlert.

**MISS ANNIE MAC SWINEY  
HAS BEEN REMOVED TO A  
PRIVATE NURSING HOME**

By Associated Press.  
DUBLIN, Nov. 24.—Miss Annie MacSwiney, who has fasted outside the gates of Mount Joy prison since last Friday as a protest against the imprisonment of her sister Mary, was removed by friends last evening to a private nursing home. She was in a very weak condition but refused

to take food and only swallowed some water.

In a letter to the newspapers Annie MacSwiney, who has been on a hunger strike for 30 days, says that her sister received the sacrament on Wednesday and was given extreme unction. Mary now refuses visits from the prison doctors and nurses. She is attended day and night by her fellow prisoners.

**CONCERN GENERAL RESIGNS  
PROTESTS IMPRISONMENT**

NEW YORK, Nov. 24.—Joseph Connolly, consul general here of the Irish Free State, has resigned by cable and called for Ireland to protest against the imprisonment of Mary MacSwiney and the other measures of the government which resulted in the recent execution of four adherents of the Eamonn De Valera republicans.

**DIVIDEND IS DECLARED  
BY COTTON BELT ROAD**

NEW YORK, Nov. 24.—A dividend of two and one-half per cent on the preferred stock of the St. Louis Southwestern Railway company for the last six months of 1922, the first dividend on the preferred stock since April, 1914, was declared yesterday by the directors. The dividend is payable to stockholders of record December 15. Edwin Gould, chairman of the board, estimated that the company's net corporate income this year would exceed \$2,500,000.

Sentence has been passed on this Turkey to take effect just before Thanksgiving, but a premature tragedy will take place if Sir Gobbler doesn't watch out for the hungry dog.

went to a blinded son of his native France. The "blue devil" who lost his sight in the great drive of 1915, was Private Guy Emdin, now a student at Harvard. The Tiger spoke to him as he was led forward, his broad resplendent with the croix de Guerre, the medaille militaire and the decoration of the legion of honor, and stepped quickly to embrace him.

He spoke emotionally to him in French for several minutes before Governor Cox could start his speech of introduction.

From the state house again riding through cheering crowds and paraded troops the Tiger drove through the back bay section to the public library where nearly a thousand school children, singing the Marseillaise in French. The Tiger alighted for a moment so that he and the children could see each other better. Then he was driven to the home of F. L. Higginson Jr., nearby, where he will stay while in Boston. An hour later he was in bed, resting up for his second formal address which he is to deliver at 4 o'clock today in Tremont temple.

Colonel Stephen Bonsal, who is conducting the tour, refused to let him be interviewed on the criticisms launched at him from the floor of the United States senate yesterday. "It's too tired," Colonel Bonsal said.

**RICE FED TO LIVESTOCK.  
RESULT FREIGHT RATES**

POPULAR BLUFF, MO., Nov. 24.—Rice is being fed to livestock in the White river bottoms of Arkansas as a result of high freight rates, while grain is in demand in South America and selling at 12 cents a pound, declared R. E. Jeffries of Newport, Ark., former American minister to Uruguay, in an address before the local chamber of commerce yesterday in which he appealed for an increase of barge line service on the Mississippi river.

### FARM POPULATION OF THIS COUNTY IS SHOWING INCREASE

#### ABANDONED LANDS AGAIN ARE TENANTED, COUNTY AGENT SAYS

#### GIVES REPORT UPON WORK OF PAST YEAR

Has Traveled 9243 Miles in Ford Since Appointment; Council Hears Other Speeches.

Wichita county's farm population, and the acreage under cultivation, are increasing steadily, with prospects for continued growth, Guy B. Jones, county agricultural agent, told members of the business council at the weekly luncheon at the Kemp Friday. Mr. Jones, who began work in this county a year ago, gave a number of facts and figures out of his annual report to the government.

Data compiled in 1922 by the chamber of commerce revealed that at that time only 200,000 acres of the tillable land in this county was being cultivated. Since that time, Mr. Jones said in answer to a question, a number of farms that all operations has caused to be abandoned, are again tenanted, and wheat is growing in the shadow of the derrick.

A total of 9,243 miles, as the Ford files, have been traveled in the county by Mr. Jones during the past year, his report showed; he made 115 visits to demonstrators, 76 to cooperators, 229 to other farmers, 18 to business men, 144 to members of boys' and girls' clubs, attended 46 meetings of farmers and 113 other meetings, and spent 247 working days in field activities.

Among activities with which his office was connected during the year, Mr. Jones cited the Denver poultry specialist, the work of the Texas-Oklahoma fair, the Electric fair, the organization of the dairymen's committee, the work of the county with truck farmers in marketing, matters directly affecting farmers included the introduction of spur locusts as a food crop within this section, improved seed for cotton, inoculation of hogs against cholera, and the organization of 36 boys and girls into clubs.

Poultry raising is growing in the county, Mr. Jones said, and better methods are employed. The dairy cowman wants more cream than it is getting, Mr. Jones said, being able to supply only about a fourth of the demand. Highest Harrison, who is a member of the Texas-Oklahoma fair, the Electric fair, the organization of the dairymen's committee, the work of the county with truck farmers in marketing, matters directly affecting farmers included the introduction of spur locusts as a food crop within this section, improved seed for cotton, inoculation of hogs against cholera, and the organization of 36 boys and girls into clubs.

The council heard a brief talk by Raymond Myers on the united welfare drive, and also heard a report by Herbert Harrison, who is a member of the Texas-Oklahoma fair, the Electric fair, the organization of the dairymen's committee, the work of the county with truck farmers in marketing, matters directly affecting farmers included the introduction of spur locusts as a food crop within this section, improved seed for cotton, inoculation of hogs against cholera, and the organization of 36 boys and girls into clubs.

Mr. Jones also discussed in his report some of the possibilities of this section under irrigation. Fruit growing is plentiful, he said, but he did not believe that either apples or cherries could be successfully raised here.

The council heard a brief talk by Raymond Myers on the united welfare drive, and also heard a report by Herbert Harrison, who is a member of the Texas-Oklahoma fair, the Electric fair, the organization of the dairymen's committee, the work of the county with truck farmers in marketing, matters directly affecting farmers included the introduction of spur locusts as a food crop within this section, improved seed for cotton, inoculation of hogs against cholera, and the organization of 36 boys and girls into clubs.

There are now 1,000 miles of permanent paved road in Canada, and sufficient mileage to extend one-third of the distance between the Atlantic and Pacific coast, according to Mr. Campbell, who added that this mileage has been increased as rapidly as possible.

The Dominion government has appropriated \$25,000,000 to be used in construction in main highways and market roads, calculated to cover a period of five years. This is divided among the provinces on the basis of population. Under the terms of the grant the provinces carry out the road building, and the government, on approval of the plans, contributes 40 per cent of the cost. This guarantees standardization of roadway and places only 60 per cent expense on the provinces.

Highway improvement has been especially rapid in the west, due to the rapid development of the great agricultural districts by the influx of new settlers, states Mr. Campbell. Farmers are making use of their marketing with motor trucks and crops are quickly transported to market over the modern highways.

### T-O FAIR DATES TO BE DETERMINED AT TORONTO MEETING

C. H. Verachopie, secretary of the Texas-Oklahoma Fair association, left Friday for Toronto, Canada, where next week representatives of fair associations from the United States and Canada will meet to lay plans for 1923.

The meeting will fix dates for practically all fairs so as to avoid conflicting dates of the same character. It is expected that the Texas-Oklahoma fair will have substantially the same dates as this year, on or about the first five days in October. It is hardly probable that more than a 5-day fair will be planned next year.

As soon as the dates of the fair are known, plans will start actively. Directors are hoping that construction of a grandstand may be undertaken before very long, so that horse racing and football games may be added to the attractions next year.

### CHAMBER OF COMMERCE COMMITTEES REPORT ON VARIETY OF SUBJECTS

GALVESTON, Nov. 24.—Reports of committees on trade organizations, the immigration law and education and a discussion of national forestry measures were features of the morning sessions of the directors of the United States chamber of commerce here, Julius H. Barnes, president, presided.

The trade organization report dealt with what can and what cannot be done by combinations under the limitations prescribed by the federal trade commission.

The effect of the three per cent immigration law on the labor situation was taken up in the report of the immigration committee.

Federal aid in forestry conservation with certain compulsory features was discussed. The directors consider that the forestry question is of paramount national importance.

Closing sessions will be held this afternoon.

### KLAN PROTESTS THE USE OF GERMAN IN SCHOOLS

PATERSON, N. J., Nov. 24.—An open letter to school commissioners and citizens protesting against attempts to restore the study of German in the Patterson high school was made public today by the committee on politics of the Ku Klux Klan No. 1, Realm of New Jersey.

The letter charged that the attempt to restore the study of German in the schools was part of a re-organized German propaganda in this country and asserted that members of school board would be held responsible.

### TWO GOOD GAMES IN PROSPECT FOR CAGE FANS FRIDAY

American Legion hall will be the scene of two basketball encounters Friday evening. The first game between Collier and Landon and the First Baptist church team begins at 8 o'clock. In the final game Capt. Fletcher's battery, led by Harper, team captain, will endeavor to bombard the American Legion team's goal fast enough to put over a win.

Most of the games are being won by a few points, and with improved weather, no doubt there will be a large crowd out to root for favorite players and teams. The enlarged hall given ample seating facilities and the league officials have had stoves installed, in order that all the spectators may be as comfortable as possible.

### WELFARE CAMPAIGN IS EXPLAINED TO STUDENTS BY J. WILKIE TALBERT

J. Wilkie Talbert spoke to the senior and sophomore assembly Friday morning on the "Responsibility of Citizenship." Mr. Talbert spoke in behalf of the Welfare Council, and told of the new charity movement in this city.

He stated that usually he came before a high school assembly to bring laughter, but this time he brought tears. After citing several cases of families in need of charity in this city, he asked all the students to do all they could for the campaign.

### FAVORABLE LIVESTOCK CONDITIONS REFLECTED

HOUSTON, Nov. 24.—Parts of west central Texas and south Texas reflect favorable livestock conditions within the extreme western portions of the state conditions are still unsatisfactory, according to a livestock report made public by the bureau of agriculture, economics, United States department of agriculture.

Prices for all classes of livestock are low, the demand slow, and an inability to get sufficient cars for shipping purposes and a somewhat unseasonable weather condition for the stock interests is the result, it is pointed out. The prospects for the coming spring seem to warrant optimism.

### Rogers Gains 20 Pounds; Feels Like a Boy

"I have actually gained twenty pounds by taking Tanlac and am now as healthy as when I was a school boy," recently declared George Rogers, 42, residing at 2225 S. Chicago, Ill., dining car steward on the Grand Trunk railway between Chicago and Detroit.

"Before I took Tanlac indigestion and loss of appetite had pulled me down until a trip on the road would almost completely exhaust me, and I would get home feeling so nervous I seldom got any restful sleep.

"Since taking Tanlac I feel so well that my run is a pleasure and I get back home feeling as spry and active as when I start out. I haven't a touch of indigestion or nervousness, and when I get up I sleep like a top. One of the joys on the road put me on to Tanlac and I want to pass the good news on. It is grand."

Tanlac is sold by all good druggists.—Adv.

### ORGANIZATION OF CABBAGE GROWERS IS PLANNED HERE

Organization of a cooperative association for marketing cabbage will probably be effected by truck farmers along the lake ditch, before next spring, it was learned Friday.

Several informal meetings on the subject have been held, and preliminary plans laid for active organization in 1923.

Cabbage has been one of the most successful and profitable crops in the lake irrigated region in the past, and it is hoped to establish it on a business-like basis in future seasons, so that the planting of it in still greater quantities may be encouraged.

### PIONEER NEWSPAPER MAN DIES AT CHICAGO HOME

CHICAGO, Nov. 24.—Arrangements for the funeral of Henry N. Cary, general manager of the Chicago Newspaper Publishers' association, who died last night, were being made today. Death was caused by pneumonia after an illness of three weeks. He was 64 years old. Mr. Cary was born in Racine, Wis., in 1859. Soon after graduating from the public schools

at La Cygne, Kan., he began his journalistic trade as a printer for the Journal. Some years later he moved to Milwaukee where he became a reporter on the Sentinel, finally being advanced to the position of managing editor.

In 1899 he became managing editor of the Chicago Times. Later he became general manager of the New York Associated Press, managing editor of the New York Evening Post, editor of the St. Louis Post-Dispatch, publisher of the Verdier, New York morning editor of the New York Morning Telegraph, general manager of the Detroit Free Press and general manager of the St. Louis Republic. He was well known throughout the country by many newspaper men.

He is survived by a widow and two children.

### AWARDED PRIZE FOR BEST PEN WHITE WYANDOTTES

WHITESBORO, Nov. 24.—Sam McAttee of Sherman was awarded the prize for the best solid color pen or white Wyandottes at the Tri-County poultry show here, participated in by Grayson, Cooke and Denton counties.

### MEXICANS ARE TURNING TO AMERICAN FURNITURE

HOUSTONVILLE, TEXAS, Nov. 24.—The Mexican people especially those residing near the border, are becoming "Americanized" rapidly so far as their furniture purchases are concerned. A few years ago the average Mexican would turn with disdain from furniture which was devoid of gilt or highly colored trappings, but today the Mexican

GOVERNMENT WINS FIRST TEST VOTE IN NEW PARLIAMENT

LONDON, Nov. 24.—The first division in the new house of commons which occurred this afternoon was carried by the government by a majority of 168 against the labor's opposition.

LONDON, Nov. 24.—Premier Bonar Law today introduced in the house of commons the bill putting into effect the constitution of the Irish free state and the free state consequential provision bill. Both measures received their first formal reading.

When Prime Minister Bonar Law moved that the government be empowered to take all the time of the house for government business during this session, the laborites opposed it. The prime minister's motion was carried by a vote of 238 to 125.

WORLD LEAGUE AGAINST ALCOHOLISM IN SESSION

TORONTO, Nov. 24.—Delegates from six continents today attended the opening session of the World League Against Alcoholism. Responses to official greetings by the city, province and dominion were made by Rev. A. J. Cook, secretary of the South African Temperance Alliance; Nivros, secretary of the Calcutta Temperance Society; Rev. Cromarty Smith of the Scottish Temperance Union; Rev. E. B. Hammond, of the Australian Prohibition Alliance; Larsen Ledt of Denmark; Pastor George G. G. of the Norwegian Union; La Croix Blou, France; Mrs. Hardy-Nia K. Norville of Buenos Aires, and Frederick Fostick of Boston, chairman of the executive committee of the Anti-Saloon league of America. Conspicuous among the delegates were the world officers of the Women's Christian Temperance Union and national officers of the organization in many countries who were easily identified by their bows of white ribbon.

HOUSE ON BONNER STREET IS DESTROYED BY FIRE; ESTIMATED AT \$2,000 LOSS

Fire of unknown origin destroyed the home of Albert L. Ditto at 218 Bonner and slightly damaged the property of Hans Michael next door to the Ditto home. Mr. Ditto had gone to Colorado Springs and the home was occupied by a family named Asche. The residence and household furnishings were a total loss. It is estimated at \$2,000. Mr. Ditto has not been notified and it is not known if the property was insured. About \$30 damage was done to the roof of the Michael residence at 214 Bonner; no insurance was carried on this property. The fire was well under way when the alarm was given; the telephone at the roundhouse was the nearest and when it was reached to turn in the alarm, the flames had covered the building.

RANGER CAPTAIN REPORTS ON CONDITIONS AT WACO

AUSTIN, Nov. 24.—Ranger Captain Frank Hamer, who was sent to Waco in connection with the killing of Grady Ely, returned to Austin today and conferred with state officials regarding the situation at both Waco and Breckenridge. Hamer declared conditions at Waco to be quiet. The ranger captain will not return to Waco, it was said.

HIGH POWER WIRELESS STATION FOR NEW ZEALAND

SYDNEY, N. S. W., Nov. 24.—The construction of a high power wireless station for New Zealand, which would be able to communicate with the large stations of America, Great Britain and Europe, is under consideration, the postmaster general has informed the dominion house of representatives. The government is considering whether it should establish a station which would render the dominion independent of the empire chain system for purposes of world wide communication, he said. The cost of setting to work a station capable of communicating with any part of the world would be about 400,000 pounds sterling, he estimated.

AUTHORIZE THIRTY-FIVE MORE BOILER INSPECTORS

WASHINGTON, Nov. 24.—Working toward a final vote on the administration resolution authorizing a loan of 15,000,000 to Liberia which has been debated consistently for two years, the senate by a vote of 51 to 9 today adopted an amendment authorizing employment of thirty-five interstate commerce commission of 35 additional locomotive boiler inspectors. The amendment was offered during the recent railroad strike by Senator Harrison, democrat, Mississippi. The resolution also carries an approved amendment by Senator Borah, republican, Idaho, authorizing an appropriation of 120,000,000 for land reclamation.

COMMISSIONERS ORDER ROAD BOND ELECTION

CARTHAGE, Nov. 24.—The commissioners' court has ordered an election for bonds in the sum of \$100,000 for the purpose of building roads in Panola county. The election will be held Saturday, December 23.

666 quickly relieves Colds and LaGrippe, Constipation, Biliousness and Headaches.

Why Women Get Despondent Are not women naturally as light-hearted, brave and hopeful as men, certainly; but a woman's organization is essentially different from man's—more sensitive, more responsive and more exacting. Women in delicate health are more dependent, more nervous, more irritable and more despondent. When a woman develops nervousness, sleeplessness, headaches, heartaches, dragging-down pains and melancholia she should lose no time in giving Lydia E. Pinkham's Vegetable Compound a fair trial, as it will quickly dispel such troubles. This root and herb medicine contains no drugs and has been the standby of American womanhood for nearly fifty years. (Adv.)

Virginia Girl Again Elected

For the second time, the Conservative voters of Plymouth elected Lady Astor to Parliament. The former Virginia beauty was one of the three women to win in the recent English elections. Thirty-three women were candidates. Here she is shown with her husband and children. In the group, standing, left to right: William Waldorf Astor, Viscount Astor, Robert Gould Shaw III, seated, Michael, Lady Astor, John Jacob and Nancy.

WILL MAKE DETERMINED FIGHT ON CONFIRMATION OF NEW ORLEANS NEGRO

WASHINGTON, Nov. 24.—A determined fight on confirmation of the nomination of W. J. Cohen, a negro, as comptroller of customs at New Orleans, will be made in the senate, it was stated today by Senator Russell, democrat, Louisiana. The senator was a white house caller today, but said the subject of Cohen's appointment, made by the president on Wednesday, had not been discussed.

COAL OPERATORS AGREE TO ATTEND CONFERENCE WITH MINERS ON DEC. 4

CHICAGO, Nov. 24.—Illinois coal operators agreed today to send their representatives into the joint meeting of delegates of the bituminous operators of the country and the miners on December 4, with instructions to urge the establishment of district wage agreements and, should such proposals fail, to support some compromise plan based on the old central competitive field agreement.

REPORT ARREST MADE IN CONNECTION WITH LYNCHING OF MEXICAN

AUSTIN, Nov. 24.—Arrests have been made by county officials of Hidalgo county in connection with the alleged lynching on November 11 of Elmo Vincent Zarate, Mexican, according to information received here today. Ranger Captain Weight, stationed at Mission, has been ordered to investigate the Mexican disturbances also.

BROWNSVILLE TO HAVE 23 ADDITIONAL BLOCKS

BROWNSVILLE, Nov. 24.—Contracts were awarded recently to the Southwest Bitulithic company of San Antonio for the construction of 23 additional blocks of bitulithic paving. When the present paving program is completed, Brownsville can claim the distinction of having the greatest mileage of paved streets of any city in south Texas.

PROBABLE LINEUP FOR SATURDAY'S GAME ANNOUNCED

According to Coach Jones, the probable lineup for Saturday's game with Quannah, will be: Kiker and Bracken at ends, Howls and Coffey at tackle, Walker and Copeland at guards, West at center, Mackeohney at quarter, Cheating and Stinger at half, and Kenley at full. However minute changes may be made in the lineup.

HONORS REQUESTION OF MISSOURI GOVERNOR

AUSTIN, Nov. 24.—Governor Neff today honored a requisition from Governor Hyde of Missouri for the return to Jefferson City of Loren Goist, charged with escaping from the Missouri penitentiary there. Goist is under arrest at Burk Burnett, Texas. Goist is alleged to have escaped in 1918, while serving a five-year sentence for grand larceny. M. H. Lee, Jefferson City, acted as agent for Missouri officials.

GENERAL BARTON ARRIVES HERE, ILL., ON PERSONAL VISIT

"I came here on a personal visit to my good friend Major Culbertson and to look after routine matters concerning the national guard," Adjutant General T. D. Barton said on his arrival in this city Friday afternoon. General Barton was suffering with an attack of dengue fever when he arrived here and went immediately to his room at the Kemp hotel. He said that he had planned a trip over to Breckenridge from here to look into the trouble there but owing to his illness would return to Austin Saturday. General Barton said that as far as he knew there was no cause for any alarm over the I. W. W. situation here. Major Neil Bannister held a short conference with the general in his room at the hotel in regard to organization of national guard units in this territory. Major Bannister has charge of national guard organization in Texas.

MOTOR ASSOCIATION PLANNING LEGISLATION

FORT WORTH, Nov. 24.—A legislation program is being planned by the Texas Motor Transport association, according to V. G. Hill, secretary, emphasizing supervision of construction of better built roads, good materials, modern highway laws for modern conditions, and "equity for the state, equity for the people and equity for us who, more and more in this modern age of transportation, are taking the farm to the city and the city to the farm in a mutual exchange of the products that each has."

WANT TO MOVE BODY OF MEXICO REVOLUTIONIST

LOS ANGELES, Nov. 24.—Permission to transport the body of Ricardo Flores Magon, Mexican revolutionist who died recently in Leavenworth prison, where he was serving a sentence for violation of American neutrality laws, to Merizo City for burial "at the expense of the nation" was contained in a telegram from the Mexican chamber of deputies to his widow, Mrs. Marie B. Magon of Los Angeles.

WILL EXPLAIN POPULAR THEORY OF RELATIVITY

COLLEGE STATION, Nov. 24.—Professor H. Halperin, associate professor of mathematics, will explain the popular theory of relativity at the Thanksgiving meeting of the T. R. T. A. and Mathematical Association of America, which will be held in Houston in connection with the state teachers' association.

Fascisti Idea of Hazing

Youthful members of the Fascisti or Italian National Party, now in power, seize Signor Bombacci, Communist deputy, shave his head, paint it in the national colors and parade him through the streets of Rome.

CHARGES CHIEF JUSTICE WITHOUT JURISDICTION

OKLAHOMA CITY, Nov. 24.—Judge J. W. Bolen of the seventh judicial district of Oklahoma today filed in the state supreme court a motion to set aside a writ of prohibition issued Monday restraining for hearing proceedings in the bribery case against Governor J. B. A. Robertson at Ada. Judge Bolen charged that Chief Justice John B. Harrison was without jurisdiction to issue the writ.

ABANDON PLAN TO HOLD TWO DISTINCT CONFERENCES

LAUSANNE, Nov. 24.—The plan to hold two distinct conferences on the near eastern question, one for re-establishing peace between Turkey and Greece and between the allies and Turkey, and the second to decide the status of the straits of the Dardanelles, has been abandoned, it was stated today, and the problem of the straits has been merged into the general conference.

JESS WILLARD HAS RECEIVED OFFER OF THIRTY THOUSAND

LOS ANGELES, Nov. 24.—Jess Willard, former heavyweight champion boxer, has received an offer of \$30,000 from Charles Murray, boxing promoter of Buffalo, N. Y., to meet Floyd Johnson in that city the latter part of January, according to Gene Doyle, Willard's local representative. Willard has taken the matter under advisement, Doyle said.

NO DECISION REACHED ON PROPOSED MERGER

WASHINGTON, Nov. 24.—Although the various interested agencies of the federal government have about completed their individual investigations into the proposed merger of the packing concerns of Armour and Morris, there were indications today that no final policy would be decided on until there had been a full exchange of opinion among high administration officials generally. It was considered probable that today's cabinet meeting might advance the question toward the point of decision.

WILL OF RICHARD CROKER

DUBLIN, Nov. 24.—Attorney for Richard Croker, Jr., today initiated in the probate court here a suit to have condemned the alleged last will of Richard Croker, Sr., dated October 12, 1919, under which Mrs. Julia Edmondson Croker, widow of the late Tammany chieftain, claims to be his sole legatee.

## FOR YOUR THANKSGIVING DINNER

HOW TO SELECT AND COOK THAT TURKEY—AND OTHER FIXIN'S  
By BERTHA E. SHAPLEIGH of Columbia University

In choosing a turkey do not be guided entirely by appearance. Many a homely turkey has proved delicious when eaten.

Generally speaking, it is wise to buy a turkey weighing not over 12 pounds, and many prefer a hen turkey to a gobler.

A loose-jointed bird is always tender.

The stuffing flavors the meat more uniformly if it is put into the bird the night before it is to be roasted.

A word regarding the stuffing. There are many different kinds of stuffing, although all have a bread or cracker foundation. In New England, crackers, or cracker and bread crumbs mixed, have been thought to make a most excellent stuffing, especially when hot milk is used to moisten the crumbs. Some do not care for a moist stuffing, but wish the bread crumbled and moist-

ened with melted butter or bacon fat, and seasoned with salt and pepper. A baker's loaf of bread soaked in water and then squeezed dry, makes a good stuffing, not as dry as the one just described, nor yet as moist as some.

Seasonings to suit individual taste may be added.

Some cooks cook the giblets in water, finely chop them, and add to the bread, using the water in which they were cooked to moisten the stuffing. Some like to use sausage meat for flavor. Some put just thyme, others like sage, and still others put mixed seasonings in all stuffings.

Oysters added to a bread stuffing give a flavor which many think very good.

If stuffing is to be served sliced with cold turkey, an egg added when making is an improvement.

A ten-pound turkey is better if the pan with the turkey, and chop the giblets to add to the gravy.

Supreme Quality house paint covers a multitude of old and new houses in Wichita Falls. Sold by Decorators Co., 715 Ninth street—adv.

apples in eight; cook in cider, adding sugar to taste, until the apples are soft, but not broken. Separate into sections the oranges, freed from skin and membranes.

In tall glasses, champagne or fruit, arrange the sections of apples and oranges. Fill glass with the frozen cider, and garnish with beaten cream and cubes of jelly.

Note—A "cooper" is a frozen mixture served in glasses over cup of fruit. It is usually garnished with stiffly-beaten cream and fruit.

Many housewives like to use, instead of a pie paste, a rich biscuit dough, and cut out of the dough tiny biscuits. Place these on top of the pie a little distance apart, and bake fifteen minutes in a hot oven.

PEANUT BUTTER BISCUIT

2 cups flour.  
4 teaspoons baking powder.  
1/2 teaspoon salt.  
3 tablespoons butter or shortening.  
1 cup milk.  
1 cup peanut butter.  
2 tablespoons water.  
1 cup seedless raisins.

Sift flour and baking powder and salt together. Cut in butter with a knife or rub in with finger tips. Add milk and mix to a smooth dough. Turn out on a floured board and roll in thin rectangular sheet. Spread with peanut butter moist-

Apple Marshmallow Dessert.  
Six juicy apples.  
One cup sugar.  
One-fourth cup water.  
One-third cup seedless raisins, marshmallows.

Peel, quarter and slice the apples. Arrange the apples and raisins in layers in a buttered baking dish, having apples on top layer, add the water. Cover and bake in a moderate oven until apples are tender. Brush with sugar and arrange marshmallows an inch apart over the apples. Place in the oven long

enough to plump and delicately brown the marshmallows. Serve with cream.

PERMANENT RECRUITING STATION FOR DALLAS

DALLAS—A permanent recruiting station for all branches of the regular army will be opened as soon as the truck with the supplies for the office which is now en route from Fort Sam Houston arrives, according to Capt. E. L. Brown, in charge of the office. The office will have a personnel of 15 men.

**Oyster Stuffing.**  
3 dozen oysters.  
1 quart bread or cracker crumbs.  
1/2 cup butter.  
1 small onion finely chopped.  
1 tablespoon salt.  
1 teaspoon pepper.  
Melt butter and in it cook the onion, without browning, for five minutes. Add to bread crumbs with the oysters, which have been cleaned and are free from any bits of shell. Season with salt and pepper, adding more if necessary. This amount of stuffing will be sufficient for a medium sized turkey.

**Westerns Coupe.**  
1 quart cider.  
3 cups sugar.  
1/2 lemon.  
1/2 fine western apples (any good apple may be used).  
6 oranges.  
Boil sugar and cider 5 minutes. Add lemon, cool and freeze as you would ice cream. Pare and cut the

That Help Everybody Save

**Constipation never will "get" you IF you eat Kellogg's BRAN because it's ALL BRAN**

**Insist upon Kellogg's -the original Bran cooked and krumbled**

**It Relieves Constipation Permanently**

Just as certain as you are reading this message you can cut constipation out of your system by eating Kellogg's Bran, cooked and krumbled, every day—because it is ALL BRAN! Foods with a low bran content cannot permanently relieve constipation. You need ALL BRAN—that's why Kellogg's is so universally successful. Eat Kellogg's regularly and you can free yourself from pills and cathartics! They only aggravate a dangerous intestinal condition.

Kellogg's Bran mechanically sweeps the bowels without irritation, without discomfort, and it purifies and cleanses! If you will use Kellogg's Bran regularly—at least two tablespoonfuls daily; in chronic cases with every meal—you will head off constipation naturally! Your physician will indorse the value of Kellogg's Bran for constipation.

There are endless palate tickling ways to serve Kellogg's Bran, cooked and krumbled. (See recipes on package.) Try sprinkling Kellogg's on your favorite cereal every morning. You'll enjoy the nut-like Kellogg's flavor—it's great! Or eat it as a cereal. Every spoonful spells health!

Your health can't afford another day's delay! Know for yourself what Kellogg's Bran—ALL BRAN—must mean to you and to every member of your family! All grocers sell

**BRAN BREAD**  
3 cups Kellogg's Bran; 1 cup boiling water; 1/2 cup molasses; 1/2 cup shortening; 1 egg; 1/2 cup sugar; 1/2 cup salt; 1/2 cup yeast; 1/2 cup water. Mix all together. Beat thoroughly. Shortening and sugar, egg and salt. Add dry ingredients. Drop the mixed batter into well greased pan. Bake about 25 minutes in hot oven. This recipe will make three dozen cookies.

**BRAN COOKIES**  
1 cup Kellogg's Bran; 1 cup wheat flour; 1/2 cup granum flour; 2 tablespoons shortening; 1 egg; 1/2 cup sugar; 1/2 cup salt; 1/2 cup yeast; 1/2 cup water. Mix all together. Beat thoroughly. Shortening and sugar, egg and salt. Add dry ingredients. Drop the mixed batter into well greased pan. Bake about 25 minutes in hot oven. This recipe will make three dozen cookies.

# GROCERY AND MARKET DEPARTMENT

## COTTON MARKET

**NEW YORK, Nov. 24.**—There were fewer December notices issued in the cotton market today than anticipated. It was reported that the notices would be promptly stopped after opening irregular at a decline of 1 point to an advance of 4 points, the market sold up sharply covering by near month shorts.

December advanced from 22.25 to 22.50 and January from 21.12 1/2 to 21.25. The strength of the near positions encouraged considerable commission house buying of the later month and there was also buying on the relatively steady late Liverpool market, but the advance of 1/2 to 3/4 points from yesterday's closing ran into considerable spot house selling and was not fully maintained.

There was quite a demand for December at 22.50, but the market rather than steady against the difference widened to about 1/4 point, which gave the market rather an uneasy appearance.

On the reaction trade interests continued to buy December against the difference of 1/4 point, but the market was steady around mid-day with January at 21.25 showing a net advance of about 2/4 points.

Offerings increased somewhat at the market, but the market held firm and there was slight reaction during the early afternoon but the market held within four or five points at the end around 2 o'clock with the tone steady on bullish notes. The figures and reports of a better demand from southern mills. Cotton closed steady.

## GRAIN AND PRODUCE

**CHICAGO, Nov. 24.**—Wheat advanced a little higher today during the early morning, the chief influence being that Liverpool quotations failed to reflect fully the decline yesterday in America. Buyers here, however, were inclined to go slow in view of reports that a projected loan to Germany had apparently met with defeat.

On the other hand sellers also were cautious as a result of persistent reports about other plans for financing German purchases of United States surplus food products. Opening which varied from an advance to a like advance, with May 1.12 1/2 to 1.13 and July 1.17 1/2 to 1.17 3/4, was followed by slight gains all around.

Subsequently persistent strength at Liverpool and Winnipeg together with reports that Canadian wheat was being taken for Europe led to a further upturn in prices here. The close was unsettled, 1/2 to 1/4 net higher with May 1.17 1/2 to 1.18 and July 1.17 3/4 to 1.18 1/4.

Corn and oats paralleled the action of wheat. After opening unchanged to a higher, May 78 1/2 to 79 and corn hardened a trifle for all deliveries.

The closing was nervous, at the same as yesterday's finish to 10 higher, May 42 1/2 to 43 and later continued firm, 43 1/2 to 44.

Strength in the hog market tended to raise the value of provisions.

## STOCKS AND FINANCIAL

**NEW YORK, Nov. 24.**—Continuation of yesterday's late short covering movement in some stocks combined with renewed short selling of rail and electric securities, gave a decidedly irregular appearance at today's opening.

High prices of cotton and textiles showed substantial improvement, a gain of a point being recorded by Consolidated Textile Associated Dry Goods Standard Oil of New Jersey and Pan-American A and B. U. S. Bank opened 1/2 point higher and then cancelled its gain. Delaware and Hudson recorded a two point advance, Chesapeake and Ohio gas, while fractional recessions took place in Baltimore and Ohio Northern Pacific, Reading and Missouri Pacific preferred.

Bethlehem proved a vulnerable target for bear selling, dropping 1/2 point, while Lackawanna and Crucible sank off fractionally. Losses of one to two points also were recorded by New York Central, Continental Can, American Ice Standard Oil of California, Sears Roebuck and Public Service of New Jersey.

Foreign exchanges opened steady. General buying was suspended for a time while a wave of selling orders were submitted in General Asphalt and Davison Chemical which fell 1/2 and 3/4 points respectively to revive buying for the year. Heaviness also developed in Bethlehem Steel, Sears Roebuck, Chicago Northwestern, Pere Marquette preferred, Union Pacific preferred and Western Pacific preferred. Later accumulations of St. Louis Southwestern preferred which improved 1/2 to the year's top figure on its restoration to a five per cent dividend basis and a gain of 3 points in St. Louis and San Francisco preferred. Later accumulation of St. Louis Southwestern preferred which improved 1/2 to the year's top figure on its restoration to a five per cent dividend basis and a gain of 3 points in St. Louis and San Francisco preferred.

## NEW YORK MONEY

**NEW YORK, Nov. 24.**—Call money firm; high 1/2, low 1/4, ruling rate 1/2. Time loans against acceptance 1/2. Time loans firm; sixty ninety days 1/4, four six months 1/2, prime commercial paper 1/2.

## LIBERTY BONDS

**NEW YORK, Nov. 24.**—Liberty bonds closed: \$10 100.15; second 4 1/2 97.95; first 4 1/2 98.35; second 4 1/2 97.75; third 4 1/2 98.65; fourth 4 1/2 98.05; victory 4 1/2 uncalled 100.15; called 100.05; U. S. treasury 4 1/2 98.45.

## ONE OF TWELVE SELECTED FOR THE HONOR ROLL

**TEMPLE, Nov. 24.**—Harry Taylor, 18, son of A. F. Taylor of Temple, has been enrolled as one of twelve selected for the honor roll from among 60,000 men of the United States Navy. He is a member of the crew of the battleship California, flagship of the Pacific squadron, now stationed at San Diego. The ship will sail January 1 for a cruise half way around the world.

# HOSPITAL BONDS MAY HAVE WON, AFTER ALL NOW HAVE 2 MAJORITY

## SIXTEEN VICTIMS OF MINE DISASTER ARE UNIDENTIFIED

By Associated Press. BIRMINGHAM, Ala., Nov. 24.—The Birmingham district today prepared to try to identify the 16 dead whose lives were snuffed out Wednesday by an explosion of the Woodward iron mine, nine miles west of this city. The dead belong to the district, for virtually every settlement and city is represented in the casualty list and graves were being dug today in nearly every little cemetery, between Birmingham, Bessemer, Emley and the mine.

Sixteen of the victims in an undertaking establishment in Bessemer had not been identified Friday. One was a white man and the others negroes. Identification of some of the negroes was declared virtually impossible, because their faces were burned almost beyond recognition. At the mine where the only evidence visible of the disaster was the charred woodwork of the concrete tipples fired by the blast as the flames sprung from the slope, repairs were being made with the exception that coal production would be resumed Monday.

The mine had been in operation since 1832 without a serious accident until Wednesday and the disaster then was due to circumstances observed only twice before in this country, according to records of the local mining experts. The mine is what is known as "gas free" and to prevent the accumulation of coal dust, another danger, the automatic sprinker system which constantly keeps it damp. A tiling of coal dumps being built by the tipples lower, dropped 800 feet down the incline and the impact when they reached the bottom created clouds of coal dust. The tipples, which high tension electric cables and the flash ignited the explosive dust.

Eighty-two of the 475 men in the mine were killed outright by the explosion or asphyxiated by the after damp. Of the 68 burned or overcome by the gas, two died a few hours later.

The \$150,000 hospital bond election last Tuesday carried by two votes, on the face of returns returned Friday afternoon. Unofficial figures indicate the total to be:

For bonds \$89, against \$67.

Additional errors were discovered Friday and reported to the Times by election officials, from two boxes. Box No. 35 vote was reported as one for, 49 against. Box No. 30 figures were declared by an election official to be 10 for, 103 against, as originally reported.

The official count will no doubt be required to finally determine the real outcome of this, the closest contest this county has experienced.

The report from No. 2 was received after the page in today's Times containing the other report, had been made up.

## Beaumont Jails Are Overflowing U. S. Court Busy

BEAUMONT, Nov. 24.—Convictions in liquor cases tried this week in federal court here filled the Beaumont county jail to overflowing. Jailer King advised Deputy United States Marshal Abernathy today, a number of the federal prisoners are being kept in custody in the city jail and arrangements are being negotiated with authorities in neighboring counties to accommodate any additional commitments which might result from federal court proceedings during the remainder of the present term.

## PRESIDENT OF SCHOOL OF OSTEOPATHY KILLED; IS ACCIDENTALLY SHOT

By Associated Press. KIRKSVILLE, Mo., Nov. 24.—A coroner's inquest will be held today into the death of Dr. George A. Still, president of the American School of Osteopathy here and nationally known osteopath, who was accidentally shot last night when an automatic pistol he was demonstrating to a party of friends at his home, fell from his hands and accidentally discharged. The bullet entered his left cheek and ranged upward, penetrating his brain.

The accident occurred in the presence of his wife, Mrs. Aldella Dickery Still; his parents, Dr. S. S. Still and Ella E. Still, and about 25 nurses, interns and physicians of the school of osteopathy, who were guests at a party at the Still home.

Dr. Still was a sportsman and lover of outdoors, he had shown members of the party his shotgun and was exhibiting the mechanism of a new automatic pistol which he recently had purchased when the accident occurred.

## THIRTY ONE PEOPLE IN LOS ANGELES JAIL SPEEDING CHARGED

LOS ANGELES, Nov. 24.—Thirty-one persons, including one woman, were in jail today for speeding and reckless driving, bringing up to 85 the total to receive such sentences in the Los Angeles police courts this week.

Fifty alleged offenders were notified to appear for hearing today. "If we can not get all of the speeds on the court room we will adjourn to a vacant lot," announced Police Judge Joseph F. Chambers.

"I am sending speeding maniacs to jail because that is where they belong."

A deputy city prosecutor said he had heard some speeders are hiring drivers in parking squares to go to jail for them, and if the report were true he would then "ask that drastic action be taken." The pay for these parties is said to be \$15 a day.

Picture frames at Decorators—adv.

## STILLMAN LOSES FIGHT TO SET ASIDE DIVORCE

NEW YORK, Nov. 24.—James A. Stillman, New York banker, today failed in his efforts to have the appellate division of the supreme court set aside confirmation of the referee's grant of his divorce suit, which refused his petition and upheld the legitimacy of baby Guy.

## TWO NAMES ARE ADDED TO KANSAS 'KLAN' CASE

TOPPERS, Kan., Nov. 24.—The names of two Wichita men today were added as defendants to the ouster suit against the Ku Klux Klan in Kansas filed in the state supreme court Tuesday by the assistant general department. They are Hoyt Andrews, cited as "exalted cyclops" of the Wichita klan, and Elmer W. Cookson, alleged to be treasurer.

## OBTAIN SERVICE ON TWO ALLEGED MEMBERS

INDEPENDENCE, Kan., Nov. 24.—Service on two alleged members of the Ku Klux Klan was made last night when Sheriff W. F. Troutman officially delivered notices for Bruce Hinkle of Coffeyville, and W. D. McCrab of Coffeyville, to answer summons before the supreme court in the next 30 days.

Later Hinkle authorized the following statement:

"I never have been a klanman, nor connected with the klan in any way."

"You can say for me that I have been neutral up to the present, but now I am strong for them."

## MUSKOGEE AT MURKHOUSE IS BURNED

MUSKOGEE, Okla., Nov. 24.—The roundhouse of the St. Louis-San Francisco railroad and one locomotive was destroyed by fire here early today at an estimated loss of \$25,000. Another locomotive was damaged.

## OKLAHOMA UNIVERSITY AND OKLAHOMA A. & M. CLASH AT STILLWATER

STILLWATER, Okla., Nov. 24.—Oklahoma university and Oklahoma A. & M. college clash here this afternoon on Lewis field in the fifth annual renewal of the state's annual gridiron classic.

## SATURDAY IS CAKE DAY

We will be glad to make you a cake for your Sunday dinner, and have a variety to choose from. Come in or phone in your order Saturday morning and we will take that supply cake preparation off your hands.

We are serving tomorrow Vegetable Soup, Hot Roast and Vegetables, Chicken and Gravy.

# BOON FOR RADIO INVENTORS

By NEA Service.

NEW BEDFORD, MASS., Nov. 24.—For future surprises in the advancement of radio, look to the Round Hills estate of Colonel Edward H. R. Green, who inherited the fortunes of the late Hietzy Green, world's richest woman.

This 233-acre estate, near South Dartmouth and 10 miles from here, is scheduled to be the world's greatest experimental station for amateurs. Not only that, it will be free to any radio enthusiast who believes he has the key to an improvement by invention or otherwise in the science.

That is the announcement made by Colonel Green, and he has begun building the radio towers and installing experimental apparatus at various points on his estate. At the same time, he is offering an annual prize of \$5,000 and a gold cup to the amateur who is judged as having advanced radio the furthest, with his idea during the preceding year. A second prize of \$2,000 and a silver cup is held out for the man who has furnished the best idea.

Colonel Green plans to go further. His plans include the establishment of a radio school for amateurs who cannot afford to pay for expert help toward experimentation on a new idea. School and college professors who show they have something worth while to develop, says Green, will be allowed to make their homes on the estate during the summer vacations.

Financial help, too, "Some of them, if necessary, will be placed on our payroll and receive pay for their services," Green announces. "They will be allowed to construct their sets or to work out their ideas with materials furnished by us, or they may if they wish, have their sets made by our engineers. Then they may hook up to our antennas and try out their ideas."

Colonel Green's great estate is dotted with tall steel and wooden masts for sending and receiving antennas. The sun-parlor of his handsome big mansion has been turned into an amateur laboratory and a dozen great horns which amplify speech and music so that it can be heard plainly for four and one-half miles over the bay and inland.

The experimental station, whose call is IXV, will take care of nine different broadcasting stations. The broadcast call is WMAF, which carries the 50, 100 and 500-watt stations. These are all built for experimental purposes only, and tests are going on daily of different types of apparatus. For instance, 18 types of loop aerials are to be tested, to find the most practical.

"My aim is to hasten the advent of the 'Radiophone Ford'—a type of receiving set that will not cost more than \$15 at the most, which will really be reliable, sensitive and simple in operation," says Colonel

The huge loud-speaker tower on the estate of Colonel Edward H. R. Green; at left, Colonel Green.

Green. "If I can hasten the day when every home will be equipped with a radio receiver I will be happy. We will have a special microphone for each station—one for voice, another for the organ and another for hand music.

"Once a year the station will publish articles giving full details of all that has been discovered during the previous year, and this will be available for general use. We shall give inventors every opportunity to work out their ideas and to profit by them, as well as let the public profit by having them available.

"There will be no buying up of patents and great quantities of them against use and manufacture of the apparatus, such as is frequently done by corporations having great quantities of material made up that would have to be scrapped if some radical improvement came along."

eschequer, she became his secretary.

Then came the war. There was a shortage of high explosive shells and the crying need was to get some man to fill the post of minister of munitions.

Giving up his treasury job, Lloyd George in 1915 became minister of munitions. The job cut lines in his face and put white in his hair.

His Time of Stress.

Miss Stevenson is authority for the statement that was the greatest time of test and trial in the life of her great chief.

In July, 1916, Miss Stevenson followed him to the war office as a member of the same year she again followed him, this time to 19 Downing street, the official home of the prime minister.

And now that Lloyd George is no longer premier, she is over at 15 Abingdon street, his new headquarters.

During all this long service confidential papers, letters and cables by hundreds have passed through Miss Stevenson's hands.

She is a strong advocate of women in government service. She makes the assertion that in all her experience she has never known of a secret which leaked out because a woman talked.

To women seeking success in work, such as hers, she says one thing gives the key—education.

# WON'T TELL

Lloyd George's Secretary, a Woman, Proves Her Sex Can Keep Secrets

FRANCES LOUISE STEVENSON

By MILTON BRONNER, NEA Service Staff Correspondent. LONDON, Nov. 24.—The keeper of more secrets than anyone in the British Empire is a young and pretty and fair haired and charming woman.

She is Miss Frances Louise Stevenson, for nine years—the most crucial nine years in Britain's history—confidential private secretary to Lloyd George, and the first woman in the world to be secretary to a premier.

Compared to her the oyster is a trifling thing. "She is the greatest proof in the world that women can and do keep secrets."

Miss Stevenson was graduated from Clapham high school and Royal Holloway College and got her Bachelor of Arts degree from London university.

Then she entered civil service. She became a clerk in a government department. That usually means burial for good and all.

George Notices Her.

But, somehow, by her skill, efficiency to detail, Miss Stevenson was brought to the notice of Lloyd George. And in 1915, when that statesman became chancellor of the

Numerous times to give an example of how a real estate loan is paid out in this institution. For instance, \$1,000 is borrowed. A note is given for it, which does not mature until the 15 building and loan shares taken by the borrower reach a cash value of \$1,000. Payment of \$50 a month per share is made or \$7.50 on the fifteen shares. Interest at 10 per cent or \$1.25 a month is paid, making total payment per thousand dollars borrowed of \$1.25 a month for 99 months. You repay \$1,424.70 for the \$1,000 borrowed, making your NET interest cost \$424.70 to carry a 7 1/2 year loan. If you made a straight loan for the same period at 4 per cent it would cost \$450 of interest and you would still owe the original loan of a thousand dollars. In this institution it costs \$25 and you OWN YOUR HOME FREE OF DEBT. We are willing to help every good person own a home. Come to see us.

# PERMIT IS GRANTED FOR A STATE BANK AT BRECKENRIDGE

AUSTIN, Nov. 24.—Permit to organize a state bank at Breckenridge was granted by the state banking board today to William E. Hawkins of Dallas, and others. The institution will be capitalized at \$100,000, with surplus of \$10,000. Plan of organization will be submitted for approval to the board in a short time. The permit today followed several hearings by the board some time ago when applications were submitted by five Breckenridge delegations.

# NEWS BRIEFINGS

Tom Hickman, state ranger, is expected to arrive in this city Friday afternoon. A telephone message from Tom Burnett of Iowa, Park notified his permit today followed several hearings by the board some time ago when applications were submitted by five Breckenridge delegations.

Frank Kell returned Friday from South Texas where he attended a meeting of the directors of the U. S. chamber of commerce.

Major Nell H. Bannister, assistant chief of the staff of the 35th division and an overseas officer of that division, spent several hours in this city Friday with his friend, Major W. L. Culberson, Major Bannister is in charge of national guard organization in Texas.

E. R. Austin, demurrage agent of the Katy lines with headquarters in Dallas, is here on company business.

R. W. Miller, superintendent of the Wichita Falls and Southern railway, returned from an inspection trip of the San Antonio, Uvalde and Gulf lines on Thursday, and immediately departed for an inspection trip over the Southern.

M. B. Oates, agricultural agent of the Denver, departed for Fort Worth Thursday evening on company business and will return Saturday.

A. & M. COLLEGE PLANS INTENSIVE SHORT COURSE

COLLEGE STATION, Nov. 24.—The A. & M. college of Texas plans to give an intensive short course in the feeding, breeding, management and selection of livestock the first week in January, open to anybody over eighteen years old, in order to reach the class of livestock producers who had not able to take the regular course.

## Beautiful Party at Wichita Club; T. E. L. Thanksgiving Luncheon, and Penwomen Have an Interesting Meet

More than 150 guests were entertained at the beautiful bridge and party at the Wichita club given by Messrs. E. E. Huff and Tom Roberts Thursday afternoon, the party proving one of the loveliest socialities offered this season.

At the Y. W. C. A. Mrs. Coyne served a delightful Thanksgiving luncheon to eighty members of the T. E. L. Sunday school class of the First Baptist church, and a most attractive informal program was presented by Mrs. J. T. Roodhouse, president of the class.

At Kemp library the Penwomen held one of the most interesting meetings of the year, members answering roll call with the titles of movie scenarios. All the latitude desired was given in connection with the selections, and the prelude to the day's lesson proved most entertaining, to say it mildly.

**At Wichita Club.**

The Wichita club was a bower of autumn loveliness for the bridge and "42" party with which Messrs. Huff and Roberts entertained a large circle of friends Thursday afternoon. Boys and baskets of lavender and yellow chrysanthemums, softly shaded lights, Thanksgiving scene cards, and the suggestion of the season in the refreshment plate, all contributed to make the big party one of the prettiest and most enjoyable ever given at the club.

Thirty tables were arranged for the games, and several hours of progressive playing were enjoyed. At the close it was found that Mrs. Ed Shegog held high score among the bridge enthusiasts and Mrs. George Keith won in the cut for the "42" prize. Mrs. Shegog was remembered with a beautiful Hawkeye crystal rose bowl in green, and Mrs. Keith with a handsome burnished gold and patterned plate. Mrs. Fred Louper, who won low at bridge, was very happily consoled with another beautiful hand painted plate.

After the games the refreshments were served at other quartette tables with a dainty Thanksgiving refreshment plate. Mrs. Huff and Mrs. Shegog were seated with a lovely chrysanthemum each, and a very pretty feature of the party was the presentation of these gorgeous flowers to the guest at each table most fortunate in a cut.

The guest list included the following: Mesdames E. T. Shegog, Burton Statten, F. T. Timberlake, R. A. Thompson, Mark Walker, M. M. Walker, Thomas, G. D. Whitely, Hay Woodruff, W. F. Weldon, A. Sundelwila, Wynne Clayton, John Gould, William Huff, Marie Blair, Louella Thompson, Williams, Rees, Allen, Woodruff, Bander, Halbrook, Kira, Cunningham, Allen, Joe Art, Piner Avis, Jake Avis, A. H. Britain, Burns, H. O. Cravens, Coulter, Fred Cooper, Ballington, James F. Freese, T. H. Boone, Bass, Delaney, Doughty, Dent, Fisher, Gates, Grayson, Peyton Wynne, Will Gardner, Fraser, Hunter, Hamlin, Halbrook, Hancock, Everett Jones, Larkin, Harry May, McDonald, R. L. Miller, Ivan Murchison, A. E. Myers, Moore, Abe Shrock, W. M. McGee, Carlter, M. G. McGee, J. C. McVee, J. T. Montgomery, M. M. Darnell, L. E. Perham, Donohue, Walter Roberts, H. H. Robinson, Scrib Moore, Martin Smith, Scott, Strauss, Stanforth, Stacy, J. T. Sherrod, Eugene Sherrod, W. N. Maer, J. L. Jackson Jr., M. M. Adiche, G. D. Anderson, W. W. Anderson, C. E. Bailey, Bridwell, A. H. Carrigan, F. R. Ollard, Duncan, Deberry, W. A. Freese, Geraldine, J. C. Gust, Bennie H. Densaid, Hamilton, Hunt, Hyatt, Gardner, Ferguson, Foster, Frank Keim, Huntington, Jackson, Jameson, Keith, J. F. Langford, J. C. Hunt, Hyatt, John Naylor, Frank Kell, Richolt, Bernard Martin, D. J. White, H. H. Hunter, C. M. Baker, W. W. Silk, N. H. Martin, Jason

## Penniless Royalty Solves Servant Problem

MATILDE VOSSLER

## Wearing Wrong Wrap

Today's incorrect fashion shows you an interesting, very stylish wrap, whose charm is quite lost on the type of woman wearing it. She is medium in stature, slightly inclined toward heaviness, and in this garment she gives the impression of a caricature. The coat is much too large in proportion to the skirt, and gives a painfully top-heavy appearance.

How different the same individual looks in the coat of dark brown Tarquina-cloth-trimmed with rich heavier in which the waistline is not exaggerated, the lines are simple and the general effect is that of slimness and trimness.

**Velvet Blouses.**  
Velvet blouses, decorated with cut steel beads, with short sleeves and round necks, are most effective when worn with a suit to give the appearance of a costume.

## Wesley Girls Make Pretties for Bazaar

The Wesley Girls made many beautiful things for their Christmas bazaar at the meeting Thursday afternoon in their class room at the church, when a specially good attendance was reported.

Those who worked included: Mesdames A. C. Bolter, E. N. Walker, L. C. Tanner, W. C. Cole, McJunkin, L. M. Baggett, C. M. McFarland, T. R. Glass, E. E. Baugh Jr., R. C. Hopes, W. L. Fisher, L. C. Ulrich, Crat Jones, Claude Simpson, J. R. Ogil, Frank Satterfield, J. S. Gullahorn, J. C. Ellison, Kelly, R. E. Broyles, W. B. Gani, H. C. Chesire, Elbert Hanks, C. M. Richardson, Bert Adrian, R. F. Calvert, Guy Bailey, E. McCullough, J. C. Russell, T. Fisher, H. G. Parker, A. L. Wilson, R. E. Reeder, J. E. Sims, F. O. Harrell, J. C. Hanks, J. H. Johnson, and J. R. Welch.

**Domestic Service.** It is practically the only sort open in Constantinople to refugees. Miss Vossler said, "consequently it is easier to place women there and many titled women there support their titled husbands washing dishes or making pastry."

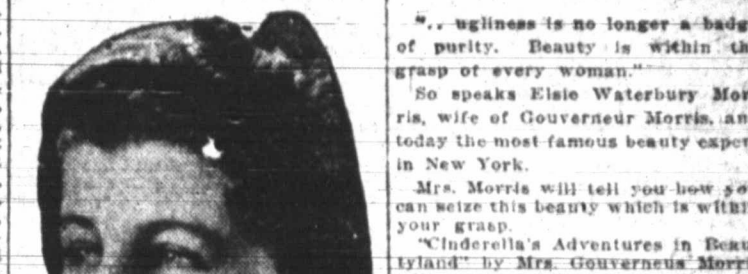

"Most of our requests come for maids and cooks, but these were hard to fill because royal refugees have not always been trained for domestic service."

"There was also a demand for children's nurses, but reliable ones were hard to find. Practically every Russian woman has a child or two to time during the war and inspired to become a regular nurse, but it was difficult to standardize their training."

"Many noblewomen sought positions as governesses, and others desired to become interpreters, but outside American and British military organizations there were few demands for them. It is hard to find trained stenographers, as the art of typing is almost unknown among Russian women of the leisure class."

"Many women could do nothing but needlework, and this was highly desirable as it could be taken home by mothers of small children."

## Elsie Waterberry Morris of Primrose House Fame To Write for The Times

MRS. GOVERNEUR MORRIS

"...witness is no longer a badge of purity. Beauty is within the grasp of every woman."

So speaks Elsie Waterberry Morris, wife of Gouverneur Morris, and today the most famous beauty expert in New York.

Mrs. Morris will tell you how you can seize this beauty which is within your grasp.

"Andromeda's Adventures in Beautyland" by Mrs. Gouverneur Morris will appear daily on the Women's Page of The Times. Don't miss the first of these articles, Sunday.

## ADVENTURES OF THE TWINS LIGHT FINGERS MEDDLES

By OLIVE ROBERTS BARTON

Here are your glasses, Bunkies, called up Nick.

Light Fingers, the had little fairy who worked for Twelve Toes the wicked sorcerer, was looking for mischief.

And he found it.

He saw Nancy and Nick start away from the pine-tree where the Green Wizard lived and he knew where they were going to be mischief.

First they were going to the old apple-tree to give the apple-tree fairy a pair of smoked glasses the kind wizard had made for her.

Second they were going to the Blueberry Patch to give the fairy landlord a pair of extra-seeing

### RAILROADS REPORT COLDER WEATHER, SLEET AT FORGAN

Forgan, Oklahoma, was the only point Thursday touched by railroads entering here, reporting cloudy weather, with some sleet. Woodward, Oklahoma, and Amarillo reported minimum temperature of 40 degrees, while Stamford reported 45 degrees, with clear and cool weather along all the lines touching here.

### THREE RESIDENCES AND ROOMING HOUSE RAIDED BY OFFICERS AT VERNON

VERNON, TEXAS, Nov. 24.—Federal prohibition officers made a raid on Wednesday afternoon, and asked the assistance of local officers in raiding some residences and a rooming house. Search warrants were procured and three residences and a rooming house were raided and searched.

### Auto Business in Olney for October Involves \$26,750

OLNEY, Nov. 24.—As a matter of curiosity and also with the idea in view of learning what helps to deplete the average man's bank account, a canvass was made of the six filling stations and garages of Olney, with the result that for the month of October \$26,750 worth of gas was sold, and \$11,750 was put on wheels in the shape of new cars, while repairs, accessories and tires brought the grand total up to the respectable figure of \$26,750.

Twelve years ago an automobile on the streets of Olney was a curiosity and gasoline enough to supply the entire countryside was contained in three or four barrels in the back lot of a ramshackle garage, whereas today it takes 27,500 gallons of gasoline and 2,300 gallons of oil to keep in operation the cars of this territory for a period of 30 days.

### E. B. LAWRENCE TO BUILD NEW HOME IN ELECTRA

ELECTRA, TEXAS, Nov. 24.—J. B. Lawrence has let a contract for construction of a home which will be one of the nicest in Electra. It will contain several rooms, breakfast room, bath, sleeping porch, and basement. In the latter will be a laundry, heating plant, and storage room. Construction will be of hollow tile and specco with pebble dash finish.

### VERNON SHIRINERS ATTEND FORT WORTH CEREMONIAL

VERNON, TEXAS, Nov. 24.—Frank Murchison, Harry Rogers, Elsie Youngblood and Seth Ingram left yesterday afternoon at 4 o'clock for Fort Worth where they will attend the shiriner ceremonial. They expect to return to Vernon Saturday afternoon. They are making the trip by automobile.

### TWO VERNON CITIZENS HAVE SUCCESSFUL HUNT

VERNON, TEXAS, Nov. 24.—Frank L. Nassie, vice-president of the Farmers State bank, and S. D. L. Killough spent Wednesday night at the "Spring Lake Road and Gun Club" north of Vernon 14 miles on a duck hunt. They reported quite a number of ducks in the maize fields and on the lake. They returned Thursday morning with 16 ducks.

### NUYS BUSINESS LOT AND WILL ERECT A BUILDING

VERNON, TEXAS, Nov. 24.—John Brown purchased a lot on North Main street Thursday. The property is for improvement on it. The consideration paid was \$4,450. He expects to erect a brick building on the property.

### WILBARGER FARMER'S RECORD LEADS TO BELIEF THAT COTTON WILL BE BIG IRRIGATED CROP

"Last year while I was agricultural agent of Wilbarger county," said Guy R. Jones, who is now the agricultural agent for Wichita county, "I was especially interested in the efforts of W. A. Walker of Vernon, who planted 210 acres of sweet potatoes. The land, characteristic of that section, is a sandy loam, adapted for sweet potatoes. The soil is sub-irrigated, making it especially attractive. At the close of the season Mr. Walker harvested 22,000 bushels of potatoes, and on one measured acre of ground 466 bushels was the yield. He stored a considerable portion of these potatoes in a 15,000 bushel capacity storage house, selling the potatoes later on for \$1.25 per bushel."

"On this same ground," said Mr. Jones, "this year Mr. Walker has been able to raise two bales of cotton to the acre, and right in this vicinity we will be able to do as well when irrigation water is available, because we have the characteristic soil of Mr. Walker's farm in many parts of this section. My observation and experience have led me to believe and know that the long staple upland cotton will produce the largest yield under irrigation in this section, and I also feel assured that under irrigation we will raise a bale to the acre. Assuming as a general proposition that we get 100 per cent cotton returns, the farmer can well afford to spend \$10 of this sum for dusting for the boll weevil where he could not when his returns were but a quarter of a bale to the acre."

"In speaking of alfalfa, Mr. Jones said that many of the farmers said it could not be grown because of alkali in the soil. "In the black land soils of Texas," said Mr. Jones, "alfalfa could be grown were it not for root rot. It is not alkali that kills alfalfa in this soil, but root rot, and in this section we have much of that root rot. However, there are scattered tracts of land where this root rot has not entered, and the farmers are raising splendid alfalfa, for all-matic conditions are excellent for alfalfa here were it not for root rot. And a strange thing about root rot, it seems to attack all leguminous plants except sweet clover. Just why, we do not know. There seems to be nothing yet discovered that will permanently do away with this root rot. Alfalfa will only last two or three years, when it has to be replanted."

plowed up and the ground planted to grain or cotton for several years before it can again be replanted to alfalfa.

Mr. Jones said that much study was ahead as to the varieties of peacans best adapted to this section, and but little could be determined at this time. He said that in Georgia a variety of "Mobile Peacans" topped the market. They were a soft shelled pecan full of meat and commanded a dollar a pound wholesale.

"I have seen this variety grown here," said Mr. Jones, "but they are far from being the same nut grown in Georgia, and so we have much to study out along this line to determine just what is best to plant."

Eyes tested for glasses. Faith Optical Co., 215 Scott avenue.—Adv. Times Warz Ads bring results.

## JACK DAW AT SEA

By ELTON

Jack wanted to wade right out, but he was afraid he would ruin his clothes or possibly catch cold. He offered this as an excuse to King Whitecap. "Don't worry, son," said the king, "this water is magic and you can be sure it will neither hurt your suit nor your health."

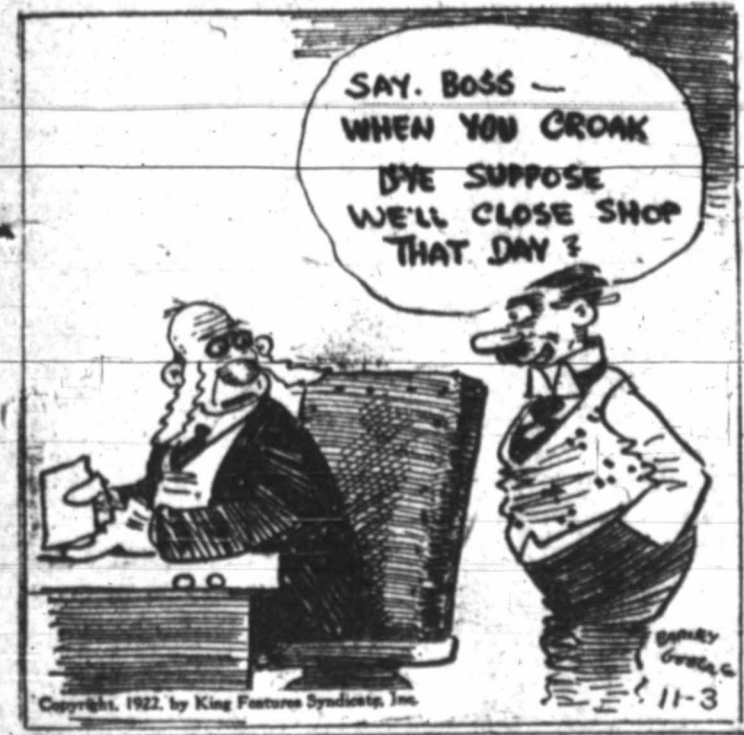

So Jack went. The mermaids came close to him and took his hand and led him to a big rock. As soon as Jack climbed out of the water and stepped on the rock his clothes dried as if by magic. King Whitecap had told Jack the truth. Then Jack watched the mermaids dance and parade.

Suddenly a huge fish came cutting through the water and the mermaids again dove out of sight. King Whitecap stood close to Jack. The fish lifted its head out of water, showing a slip of paper held in its teeth. It was a note from the ruler of the island. (Continued.)

## BAYLOR SEASON TO END DECEMBER 9TH IN SPITE OF OFFERS

DALLAS, TEXAS, Nov. 24.—Announcement by Baylor university's athletic council that it has decided to conclude its season on December 9, and has declined to consider a tentative proposal to meet an eastern team in Dallas on New Year's if the Bears win their remaining conference game means that the only other opportunity North Texas fans will have of seeing the Waco squad in action this fall will be in the Thanksgiving game with S. M. U. at Fair Park stadium. Their post season battle is scheduled in south Texas.

Incidentally a Bear defeat here Thanksgiving would almost certainly result in the New Year's invitation being extended to S. M. U. although the Mustangs have been eliminated from a chance at the conference title.

The S. M. U. grid squad is not seriously considering a Baylor game at Stillwater in the light of any possible showing here on turkey day. They are going ahead on the theory that the Baylor team they face here will be Baylor plus Bradshaw and a fresh team with nearly two weeks' rest between games. The Baylor is a victory can be thrown out of the account as Bradshaw men played under severe handicap with a wrecked backfield combination and with other contributing factors to what was admittedly a poor showing considering the caliber of the team.

But Baylor will invade Dallas Thanksgiving in far better spirits and better shape with the moral support of the entire student body which will accompany the team. The odds are against S. M. U. But the rosters for the Mustangs are a decided faith in the ability of the local eleven. In its fighting spirit, victory is only an outside possibility but the team has settled down to a careful design of a plan to stop Baylor's offensive. It is impossible to stage any reserves for the Bears' tackle and guard play but the Mustangs will be on guard.

Seats are still obtainable at the stadium but the advance sale is heavy and purchases should be made early.

### SATURDAY'S SCHEDULE

- New Haven, Yale vs Harvard.
  - Boston, Boston College vs Georgetown.
  - Providence, Brown vs Dartmouth.
  - Pittsburg, Carnegie Tech. vs Notre Dame.
  - Gettysburg, Gettysburg vs Lebanon Valley.

## PUBLICITY OFTEN PROVES COSTLY

MANY RECRUIT STARS FAIL BECAUSE OF TOO MUCH PRESS AGENTING

Left to Right, Billy Kamm and Jack Bentley; Below, Jimmy O'Connell.

Presenting the "million-dollar babies" of baseball, Jimmy O'Connell, Billy Kamm and Jack Bentley, in the spring the baseball fans of the country will give much attention to this costly trio. Publicity always arouses curiosity, and good news knowing the names of the players who have had more than their share of publicity.

Jimmy O'Connell goes to the New York Giants. About two ago McGraw gave \$75,000 to the San Francisco club for O'Connell. He was then a first baseman. In order to get through the Pittsburgh sale, McGraw was forced to allow O'Connell to play the following year on the coast.

Since McGraw intends to use O'Connell as an outfielder he stipulated that he be played in the outfield rather than at first. In all probability McGraw figures on O'Connell filling the center field gap on the Giants.

Billy Kamm comes to the Chicago White Sox with the reputation of being the best third sacker ever sent east from the coast league. Kamm cost the Sox \$100,000 in addition to a number of players. Chicago has already turned over three pitchers, Hodge, McWeney and Courtney; also third baseman Eddie Mulligan as part payment.

Jack Bentley of the Baltimore club, known as the Babe Ruth of the minors, was only recently purchased by McGraw for the New York Giants. Bentley is said to have cost McGraw \$75,000. He can play first or pitch. McGraw says he intends to use him on the rubber.

The showing of O'Connell and Kamm last year was a bit of a surprise. O'Connell, a natural left-handed hitter, was expected to show the way to Kamm, who is a right hander, and more or less a man-made batter when he broke into the coast league but has shifted his style until he got results.

Last season in the coast league Kamm batted .312, while O'Connell hit only .325. Bentley batted .325, and when not playing first base won 13 out of 14 games as a pitcher. McGraw says he intends to use him in that capacity.

What will the spring bring forth? We shall see what we shall see.

beat ends of the year, Kirks and Goebel of Michigan and Tebell of Wisconsin. Likewise it placed on exhibition two great halfbacks in Kipke of Michigan and Williams of Wisconsin. Williams, who had been stopped more or less in the Illinois game, was at his best in the Ann Arbor encounter.

Wisconsin in the last few minutes of the game showed a varied assortment of forward passes that had the tired Michiganers bewildered. Had Wisconsin opened up earlier there might have been a different tale to tell.

It was a great game, one that reflects great credit to both Michigan and Wisconsin as well as western football.

Three Great Ends

The game produced three of the Art supplies at Decorators—adv.

Right Error! She was her daddy's only child. Her mother's loving daughter. They dressed her in a shorter skirt. And now the men look longer.

Left Error! He came from the hunting. Rabbits—he had none—but his wife, she used to hunt. The butcher sent out one.

### MONROE PRODUCTION CO. HAS MOVED TO OLNEY

OLNEY, Nov. 24.—T. E. Sigler of the Monroe Production company of Graham is making arrangements to move to Olney. The company has been in existence for some time, but has not been able to develop an early date. This move is being made necessary, also, owing to the fact that the Graham Stewart well is but a short distance from Olney and operations in this territory can be conducted more expeditiously from here.

Reports received from this well indicated that some trouble was being experienced with caving, but that production had not been impaired.

## Coach Roper Has Unique Grid Theories

Coach Roper of Princeton has some peculiar theories on football, yet they have been mightily successful.

One of his pet hobbies is that a player should never fall on a loose ball, instead he should pick it up and run with it.

The history of the gridiron has proved that the Roper theory in this respect is a mighty good one. Princeton beat Chicago and Harvard by grabbing a loose ball and running with it.

"An interferer never looks back." That is another Roper truth that is painted on a sign in the Princeton club house. It is in a spot where it can't be missed as the players file in and out of the dressing room.

It is a rather interesting fact that resulted in a Princeton victory and a Harvard defeat in the recent game between the two teams.

George Owen, the Harvard back, after a run of 35 yards and a clear field, was stopped by one of his interferences who looked around.

It is a cinch that Coach Roper has called the attention of the Princeton players to that happening many a time since the Harvard game.

Coach Roper has called the attention of the Princeton players to that happening many a time since the Harvard game.

## Scott Explains Failure to Star at Short

Shortstop Everett Scott of the New York Yankees, who like Babe Ruth was one of the big disappointments of the world series, has an explanation for his failure to show his old-time form that sounds logical.

"A lot of people were surprised at my failure to get certain balls that were hit in my territory during the series," says Scott. "I was one of them, although it has been apparent to me all year—that I wasn't covering as much ground as formerly."

"The idea has already been advanced that I am old and slipping in my play. Possibly there is some truth to that. I realize that I can't go as far for them as I could 10 or 15 years ago. However, I feel that the Polo Grounds was more responsible for making it seem that I was slowing up than any other thing."

"I don't get the impression that I am offering this as an alibi, or that there is anything wrong with the Polo Grounds. As a matter of fact, the infield is so very fast that the Polo Grounds that it has had me a bit off balance all year."

### Injuries to First String Men Handicap Coyotes For Game With Quannah

#### SIX HIGH SCHOOL GAMES SATURDAY TO DECIDE HONORS

The Coyotes face one of the hardest contests of the season Saturday at 2 p. m. when they go against the Quannah team. The game, could never have been considered a setup, under any circumstances, and with a number of the Coyotes out of the lineup with injuries, it promises to be a sure enough struggle.

The Quannah bunch has some old scores to settle with Wichita Falls and will bring the strongest possible aggregation here for the contest.

Beach, Daems, Moore, Shaw and Waggoner are the Coyotes who will decorate the side lines Saturday afternoon, some being in condition to go on the field, save for a few minutes, perhaps, in the cases of Shaw and Waggoner.

The new quarters will be extended to the alley, remodelled, and a basement constructed. Mr. Maxwell said, before the move is made, the building now extends back 90 feet, but will be made 150 feet. The

The majority against the hospital funds increased some more Friday, and is now five.

The vote at box No. 3, reported as 42 to 1, was found to be 46 to 1. This makes the total unofficial count: For 288, against 993.

**PREACHER STILL ACTIVE AT SEVENTY-SIX YEARS**

**BROWNWOOD.**—The Rev. J. W. Johnson of this city, 76 years old, preaches as forcefully as he did 40 years ago. He was licensed to preach in the Silver Springs church in Ouachita county, Ark., 57 years ago. He will attend the Little Rock conference meeting Nov. 23, having entered this conference in 1869. He was stationed in Texas from 1875 to 1896, worked throughout East Texas for many years, and came west only a few years ago, locating at Brownwood.

#### THREE ADDITIONAL ANTI-BOND VOTES ARE DISCOVERED

The majority against the hospital funds increased some more Friday, and is now five.

The vote at box No. 3, reported as 42 to 1, was found to be 46 to 1. This makes the total unofficial count: For 288, against 993.

**PREACHER STILL ACTIVE AT SEVENTY-SIX YEARS**

**BROWNWOOD.**—The Rev. J. W. Johnson of this city, 76 years old, preaches as forcefully as he did 40 years ago. He was licensed to preach in the Silver Springs church in Ouachita county, Ark., 57 years ago. He will attend the Little Rock conference meeting Nov. 23, having entered this conference in 1869. He was stationed in Texas from 1875 to 1896, worked throughout East Texas for many years, and came west only a few years ago, locating at Brownwood.

**ABILENE HAS CONTRACTED FOR NEW SEWER MAINS**

**ABILENE.**—The city has let a contract approximating \$26,000 for the laying of new sewer mains and the construction of a sewer disposal plant. The sewer mains will take in several thousand feet of pipe.

### J. L. MAXWELL BUYS BUILDING ON SCOTT; WILL MOVE STORE

Purchase of the Brown building, at 220 Scott, by J. L. Maxwell of the Maxwell Hardware company has been announced, the consideration being \$74,000.

Mr. Maxwell will, sometime in the next 18 months, move his retail hardware business to the new location from its present place on Ohio avenue.

The new quarters will be extended to the alley, remodelled, and a basement constructed. Mr. Maxwell said, before the move is made, the building now extends back 90 feet, but will be made 150 feet. The

Jewell-Jones Hardware company occupies the building at present. The Maxwell store is the second large retail establishment whose removal from Ohio to Scott is in prospect, the other being McClurkan and company who are now erecting a new home at Ninth and Scott.

**WICHITA FALLS ROTARIAN IS SPEAKER AT ELECTRA**

R. E. Shepherd of the City National bank was the principal speaker Friday before the weekly luncheon of the Rotary club at Electra, being invited by members of that organization to address it. Several other Wichita Falls Rotarians accompanied Mr. Shepherd to Electra.

**LANCASTER JAIL NOTE FOR WANT OF PATRONS**

**LANCASTER, Nov. 24.**—The town in Dallas county is said to have a jail that has rotted down for want of patrons. Lancaster was the first town in Texas to be strictly "dry" in the early 30's by special prohibition act of the state legislature.

TAILORED AT FASHION PARK

It Isn't how many quarts a cow gives that counts

It's how much cream there is on the milk when you get it.

It isn't how low a price a clothier pays for his stock—it's how big a value he puts into the purchase.

In providing for our Fall merchandise—not only in clothing, but throughout the store—we plan to give our customers unwatered and unadulterated values which deserve your attention to them—because they are real.

#### Fashion Park Fall Suits and Overcoats

## LOVERA CIGARS

Like the men who smoke it

LOVERA is much like the men who smoke it—honest, whole hearted, friendly, likeable.

The quality of its Havana is unquestionably fine. Its draft free—its ash firm—its shapes are pleasing—its price fair.

Lovers of good cigars—try Lovera!

Lovera Cigars made by Consolidated Cigar Corporation, New York

The famous five Lovera shapes

- Elites 10c
- Regals 10c
- Sublimas 2 for 25c
- Coronas 15c
- Monopolis 3 for 30c

Elites 10c
