

### WOMAN SOLICITS SERVICES GUNMAN TO KILL HUSBAND

FURNISHES PHOTOGRAPH AND OFFERS \$20,000 FOR THE "JOB."

### SEVERAL PLANS FOR THE KILLING ARE PRESENTED

Woman Denies Charges and Declares She is Victim of a "Frame Up."

DETROIT, MICH., Dec. 8.—Mrs. May Blinn Ford solicited the services of a gunman to kill her wealthy husband, Noy J. Ford, offered the gunman \$20,000 for the "job" and gave him a photograph of her husband to make sure the right man was slain, according to the sworn statements of four detectives whose investigation resulted in Mrs. Ford's detention today on a charge of attempting to commit murder.

Denying the charge, Mrs. Ford declared she was the victim of a "frame up" that grew out of her domestic difficulties. These difficulties include a suit for divorce, filed last August in which she charges cruelty, and a suit asking \$25,000 damages of her estranged husband, for alleged assault.

Mrs. Ford was arrested last night when it is alleged, she was about to meet Edward Kunath, a detective lieutenant, for a second conference on her reported plans for the slaying of her husband. Kunath, it was said, posed as a Kansas City gunman Wednesday night when she alleged plot was first revealed by Mrs. Ford.

Several plans for the killing were presented by Mrs. Ford, the officers declared. One, they said, was that he be shot in his farm home west of Detroit and the others were that he be shot or strangled while working about the barn, the body to be buried in a hay stack.

### WANT COMMUNISM ELIMINATED FROM "PLAN OF CONDUCT"

VERA CRUZ, MEXICO, Dec. 8.—The fascist organization at Jalapa has warned President Obregon to eliminate communism from the "plan of conduct" of the federal government.

In a document containing 22 questions as to the government's purpose the fascist asserts that the present manner of conducting the affairs of state indicates that the federal government is adapted to be the preliminary to the cooperation of communism.

The communication asserts that if President Obregon refuses to reply to the questionnaire, his silence will be interpreted as assurance that the government is about to accept communism.

They are beautiful and fresh from Delaware. Call at once as the supply is limited. Christmas trees will be in next week. Morgan's, 1100 Oak; phone 1532.—Adv.

### FELT SO TIRED ALL THE TIME

Madame Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well

Madame, I'd—I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Vera Courtney, of 705 North Seventeenth Street, this city.

"I was all run-down, with my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to go for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs. I felt hardly able to drag; just tired—so tired all the time. It was an effort for me to do anything, but Cardui helped me so I feel like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Cardui is a purely vegetable, tonic medicine for women's ailments, found valuable in thousands of such cases as described above.

Take Cardui. Your druggist sells it.—(Adv.)

### COTTON GINNED IS TWO MILLION MORE THAN DEC. 1, 1921

WASHINGTON, Dec. 8.—Cotton ginned prior to December 1 amounted to 9,318,144 running bales, including 197,729 round bales counted as half bales; 22,610 bales of American-Egyptian and 4,365 bales of Sea Island, the census bureau announced today.

Ginning to December 1 last year totalled 7,439,961 running bales including 121,440 round bales counted as half bales; 22,187 bales of American-Egyptian, and 2,941 bales of Sea Island.

### BRITISH MINISTER TO GUATEMALA IS RECALLED FOR MIXING IN POLITICS

MEXICO CITY, Dec. 8.—A dispatch to El Mundo from Guatemala City, says the British minister to Guatemala has been recalled on charges of having mixed in the politics of the republic.

Available data shows that Hugh William Galsford was appointed minister to Guatemala, Honduras, Nicaragua, and Salvador in 1920.

### FOURTEEN ARE INJURED IN STREET CAR WRECK

LOS ANGELES, Dec. 8.—A street car containing 50 passengers was struck by another car and knocked over on its side in the downtown district last night. Fourteen were injured.

### TEST NEAR NOCONA TO BE SPUDDED IN SATURDAY AT 2:30

NOCONA, TEXAS, Dec. 8.—The Thomasson test, one mile east of Nocona, will be spudded in Saturday at 2:30 p. m. Arrangements have been made to have music by the Nocona band, and speaking by visiting oil people.

### SEVEN FATALITIES IN DWELLING FIRE; TWO MORE INJURED

EUGENE, ORE., Dec. 8.—Mrs. Iver Johnson and Hazel Church, aged 4, who were burned Wednesday night when the Johnson residence was destroyed by fire in which five children lost their lives, died yesterday, making seven fatalities. The condition of Mr. and Mrs. James Church, who also received serious burns, was reported critical.

### I. C. COMMISSION DISCUSSES RATES IN ANNUAL REPORT

MAJOR ACTION WAS TEN PER CENT REDUCTION OF LAST JULY.

TONNAGE MOVEMENT IS REPORTED ON INCREASE

Review Measures Adopted to Meet Conditions Incident to Strike.

WASHINGTON, Dec. 8.—An increased scope of activities, due partially to enlarged responsibility put upon it by legislation of recent years, and partially to use of emergency powers required by industrial disturbances in recent months, were described in the annual report of the interstate commerce commission.

Together with its usual work in regulation of railroad rates and service, the commission reviewed operations by which it assumed some degree of actual control of railroads during the summer period of emergency occasioned by the double strike in the coal mines and in the railroad shops; presented summaries of results in its supervision of railroad securities; and forecast the outlook for final conclusion of the federal control, arising out of the federal controlling the railroads.

Its major action in the rate fixing field, the report said, was the 10 per cent reduction in freight rates ordered last July.

Manifestly, the existing rates are no longer interfering with the free flow of commerce as a whole," the report said. "The tonnage moving has been steadily increasing in recent months. Little opportunity has been afforded for determination of the effect of the reduced rate level upon the net earnings of carriers because of freight congestion and other abnormal conditions which have resulted from the coal strike, the shopmen's strike and other causes."

#### Priority Orders.

The report reviewed how the commission, to meet the "menacing domestic and industrial consequences of the strikes," had put priority orders into effect, and cooperated with the emergency organization of the protracted attention of the strike. Though conditions of disrepair of equipment grew "more serious on some important trunk lines," before the strikes were over, it was said, the commission had not found it necessary to lay embargoes or resort to the more extreme measures which congress legalized while the danger was greatest.

In its more traditional field, the regulation of rates and service, the commission was enabled during the year to reach a basis of cooperative understanding with state commissions and regulatory bodies, the report said, and for the plan devised, hope of ultimate success was expressed. It had also moved to acquire experimental installation of automatic train control systems by a large number of railroads, for accident prevention, and had laid the basis for comparative studies of efficiency in railroad operation.

Control of railroad security is vested in the commission, re-

sulted in its approval during the year of stocks and bonds having a total par value of \$293,749,716, with some additional issues, having no par value, or a value expressed in foreign currencies. The Illinois Central and Chesapeake and Ohio railroads, the commission said, had given "encouraging indications" in the field of railroad finance by demonstrating that new capital could be secured for their expansions by issuance of stock instead of, by increases of bond indebtedness.

#### Roads Reimbursed.

Discussing the reimbursement of railroads which incurred losses in operations during the first six months after their return from government to private control, the report said that up to October 31, last, total payments of \$49,973,944 on that account had been authorized from the treasury. Sums still payable to the carriers, who were guaranteed reimbursement for such losses, the commission estimated at \$85,936,000. The report also expressed the conclusion that the further loans to railroads, authorized by the transportation act, would not involve much money.

Reductions in its estimates for appropriations, made by the board of the budget, occasioned the commission to recommend formally to congress that amounts be given it necessary readjustments. For the current fiscal year, its appropriations were \$4,642,000, the commission said, and for next year it would require \$4,204,500, though the budget director had recommended that the amount be reduced to \$4,144,500. With this smaller amount, the report said, the commission would be "forced to defer or greatly restrict work."

Congress was further requested to enact legislation to make it criminal to bribe railroad employ-

### TERRITORY OF HAWAII PASSES CRITICAL PERIOD IN HISTORY OF ISLANDS

WASHINGTON, Dec. 8.—During the past fiscal year ended June 30 the territory of Hawaii successfully weathered one of the most critical agricultural and financial periods of its history, Governor W. R. Farrington declared today in his annual report.

Conservative policies that have always controlled the business of the territory were declared by the governor to have been the barrier that checked an era of widespread disaster. General business conditions now have improved as the result of a more normal world price for raw sugar, the product from which Hawaii derives its prosperity. He added, however, that agricultural conditions are still serious and command unceasing attention. Shortage of field labor has caused considerable abandonment of cultivated land and legislation that will provide laborers, at the same time bringing the racial population of the territory more nearly into balance, was recommended as a prime necessity.

Raw sugar and pineapples continued through the year to hold first place in the food crops of Hawaii. The yield of sugar for the calendar year 1922 was estimated at 44,844 tons, and that of pineapples at 5,000,000 cases.

## MOVE SICK CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

MOTHER! Even Bilious, Upset, Tongue-Coated Children Love this Pleasant, Harmless Laxative.

A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work. Refuse any imitation. Adv.

right out of the stomach and bowels without griping or upsetting the child. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation. Adv.

# SAY DADDY

What Are We Going To Do About Getting a Brunswick?

These kids worry the life out of me, always wanting to go somewhere. We really need more entertainment at home and I figure music will go further than anything else.

We can get a Brunswick at "Martin's", and he will give us all the time we need to pay for it. Everybody is talking Brunswick and there is no doubt in my mind about it being the best buy. You see, they play all makes of records and have features we do not get in other machines.

I realize this is hard times, but the children are crazy for one and, besides, it will afford you and me a great deal of pleasure and I really feel like we should strain a notch to make the investment.

"Oh, I guess we'll get one. You go down and make a selection and have it sent out."

"John, your are a darling."

Yes, we think so, too, and we want to help make your home a source of more pleasure and happiness. Our payment plan makes it easy for you to own a Brunswick. Call in now and make your selection while our stock is complete.

Don't Lend Friend Money If You Want to Keep Him

MISS ELEANOR KERR

NEW YORK, Dec. 8.—"If you've a friend and want to keep him—Never lend him money."

"Never, though repeatedly urged, tell him candidly what you think of his character, his children or his private stock."

Thus Miss Eleanor Kerr, financial statistician for a Wall Street municipal bond house, advises...

"If you are a widow," she says, "with your husband's insurance in a lump sum, or if your great aunt left you a legacy, it's the wisest thing to lend ear to a friend who knows an investment paying up to 22 1/2 per cent."

"But don't listen. He is you to a dependable bank and consult its financial adviser. What he probably suggest will be an investment paying either to five per cent. But you will not wake some morning to find the principal and interest vanished into thin air."

Home-savings women are not alone wiser in their investments, business women are just as indiscreet, Miss Kerr adds.

To the woman who depends on inherited money for support, Miss Kerr recommends bonds of the class legal for savings banks.

To the business woman she suggests the safe investment of a certain sum and speculation, if desired, with what's left.

"But no matter what the circumstances," she concludes, "a woman will always be safe in consulting her bank before investing."

Half combings made to order; work called for and delivered; Prices reasonable. Guaranteed. Machines and corn popped. Games and confections. Phone 2138, Miss Doris—Adv.

Players Club Makes Sure-Enough Hit; Audience Doesn't Overlook A Single Laugh in Either Sketch

Those Players' Club folks are "reg'lar fellers," not slanting, but from the real standpoint of art. And Thursday afternoon and night, playing to two crowded audiences at the Kemp Library theater, they made themselves solid with every unconverted fan of the drama.

The audience didn't miss a laugh from start to finish, in either of the sketches. It was easy, of course, to catch them in the old ladies' home play, "Joint Castles in Spain," but some of the ironic humor of the "Twelve Pound Look" requires finished interpretation to be got across.

The fact that every little subtlety of the latter play found instant response in the audience is the biggest compliment that could have been paid the Players. They absorbed the spirit of the sketch in a true scholarly spirit before attempting its production.

Mrs. John Thomas' interpretation put the "Twelve Pound Look" across in a very good support, in Roger MacEachern, and an artistic little assistant in Miss Glenn Williams—formerly Miss Louise Hamilton. Strictly technically speaking, Mrs. Thomas' interpretation was one of her best points, not a syllable in the whole subtle quiver of her arched eyebrows and ambition in her patient acquiescence, was thoroughly artistic. The climax, a pointed bit that made a strategic demand on atmosphere and understanding, was entirely to her credit. It was finely done.

In the Joint Castles in Spain sketch, Mrs. Ben G. O'Neal and Mrs. Leslie Humphrey divided a regular crown of honors. And while make-up can never "make up" for the more difficult art of character presentation, there was an admirable second for success. Groups in the audience disputed for the first five minutes over Mrs. O'Neal's identity, and received the appearance of Mrs. Humphrey with a storm of laughter and applause.

The two utterly cantankerous old ladies in the home, they were the last word in realism. It was a pleasure to recognize such dramatic ability in a company of homebodies.

Mrs. E. T. Barker, as the matron, who talked with utter frankness to both, furnished very successfully a large slice of the play's background, and was in good character. Mrs. Akin, who as Mrs. Patterson, the roommate of the complaining Miss Dyer, moves out, bag and baggage, in the first three minutes, did her little bit creditably.

It is the number of their presentation, were a credit to the club and to Wichita Falls. Such productions would furnish a first class course in the appreciation of drama that is not only worth while, but splendidly entertaining. The Players, whose work has been complimentary to the public (represented in their associate membership and guests) deserve great credit for the first class entertainment they have provided at their own cost on numerous occasions which is that of Thursday afternoon and night.

The Emma Fritchard Tag time orchestra from Kansas City will furnish the music. The orchestra has played at several local affairs.

LAMAR BAPTIST Y. W. A. PARTY THURSDAY EVENING

The young women of the Lamar Baptist Y. W. A. gave a corn-popping and candy-pull party Thursday evening, and about 30 young people spent a very delightful evening at games and refreshment-making.

Divinity, fudge, date roll and several kinds of taffy were made, and corn popped. Games and confections. Phone 2138, Miss Doris—Adv.

ADVENTURES OF THE TWINS SPRINKLE-BLOW ARRIVES BY OLIVE ROBERTS BARTON

"I just thought I'd drop in," he said. The next person who came to call upon the Green Wizard was Mr. Sprinkle-Blow, the Weatherman. He rode his magical umbrella through the sky until he came above the place where the Green Wizard had his workshop in the tree-tops. Then opening his umbrella, he hung on the handle and dropped down, as the parachute man does at the circus.

"I just thought I'd drop in," he said as he landed with a thump right in the middle of the room. "The Green Wizard laughed. 'You nearly dropped into the soup' he declared, nodding toward his big kettle nearby. 'I wonder how Weatherman soup would taste?'

"Then everybody laughed, for Nancy and Nick were there, too. 'That's just it,' announced Mr. Sprinkle-Blow, jumping to his feet and closing his magical umbrella with a snap. 'That's exactly what I came to see you about. This umbrella you made for me is a dandy, but you see I just can't guide it exactly right. I was wondering if you know how to make such a thing as a magical airplane?'

"Well, now," answered the Green Wizard. "I might. But where would you keep it?" "Tip in Bluster Gust Land where I live," answered the fairy Weatherman. "I'd build a garage or hangar, or whatever the keep airplanes in, right beside my house. Oh, there would be no trouble at all."

"All right, then, I'll do it," said the Green Wizard obligingly. "But remember, never throw away your umbrella. Take it with you, for you never can tell what may happen."

**ADDITIONAL BOOKS FOR LIBRARY ARE ORDERED BY BOARD**

Continual progress in everything for the advancement and betterment of the institution was the program laid out and planned for at the meeting of the executive board of the Kemp public library Thursday evening. The meeting was the first since the arrival of the new librarian, Miss Lucia Powell, who comes here from the Dallas public library. The board has expressed itself as being particularly fortunate in securing Miss Powell for the work here; she is a graduate of the University of Wisconsin library school and has been juvenile librarian in the Dallas library for several years.

Among the improvements discussed and decided upon at the board meeting Thursday night was the matter of supplying the missing copies in the magazine files and binding the copies for use on the shelf for reference work. A magazine file has been kept at the library but the copies were unbound and unsuitable for reference use. In addition to this the librarian was authorized to enter subscriptions for a number of magazines that are not at present available on the library racks; the new list includes some of the best magazines and reviews published in this country and abroad.

A new book order, including the best of full fiction and reference books, is being prepared and will be placed on the library shelves. A request comes from the librarian that any firm that is through with the 1922 directory can improve the library facilities by making this donation. Donations of the old city directory will make possible exchanges with other cities in the state and Oklahoma; frequent calls at the library for directories from other cities prompted this request. This contribution may be made by calling the librarian at 5355.

**HIGH SCHOOL SPANISH CLUB HAS INTERESTING PROGRAM**

The Spanish club of the high school enjoyed a very interesting program at the regular meeting of the club Thursday afternoon. This organization consists of the Spanish class members.

Presiding the program a short business meeting was held, when the various committees made reports, and the constitution of the club was read. The attention of the members were also called to the fact that the dues were to be in before the Christmas holidays. The program follows:

Talk, "My Trip to Mexico," by Miss Zihlman.

Duet, by James Zetsche and Dillard Hughes.

Talk, "Three Spanish Characters," by Wesley Thompson.

Piano duet, by Miss Inez Carter and Miss Eileen Willis.

**POSTPONE SCHOOL TRACK MEET ON ACCOUNT OF THE WEATHER**

The track meet to have been held Saturday morning at the Panamint school grounds by teams representing the ward schools of the city Saturday morning has been indefinitely postponed on account of adverse weather conditions.

The meet was to have been held in observance of physical education week.

**Cussing High Taxes is Like Kicking a Chair, Speaker Tells Council**

Too many folks have the same attitude toward the tax question as that of a man who, walking into a dark room and barking his shin on a chair, relieves his feelings by kicking the chair. This homely but effective metaphor was employed by William A. Black of San Antonio, Texas, tax authority, in a talk before the business council of the chamber of commerce at its weekly luncheon.

Mr. Black spoke at the conclusion of a round table discussion which, starting out to deal with the plans and problems of the chamber of commerce for 1923, soon swung around to a consideration of high taxes as an adverse factor in city development.

Taxes, however, did not monopolize the blame for the decline of building activity in the face of a rent-house shortage; inability to get a dollar's worth of labor for 100 cents was declared by some of the speakers to be a contributing cause. One speaker said that his profit was \$403 on business on which the cost of labor had been \$7,000.

It was announced that no more meetings would be held this year, owing to the holiday rush. Early next month the election of new members will be sent out to all chamber of commerce members. In making these announcements, Hubert Harrison, general manager of the chamber of commerce, said that no program had been prepared for the meeting owing to a desire to discuss the organization's plans and problems for 1923. Chief of these problems, he said, were the tax situation, and the development of the irrigated area.

Judge Guy Rogers, B. J. Bean, H. J. Naylor and L. M. Fuller were among those who took part in the discussion.

Mr. Naylor said that one reason that the average bungalow costs more than formerly is the greater desire for better things, greater conveniences. He was not prepared to say that rent houses can be constructed at a profit under existing conditions.

Black says that the chamber of commerce ought to give a year's careful study to the tax situation and report back at the end of that time with a program that offered definite remedy.

### DRY ENFORCEMENT MESSAGE FEATURED

(Continued from Page 1)

speech and promote international understanding," he adds. "We are cognizant of the world's struggles for full adjustment and rehabilitation and we have shirked no duty which comes of sympathy or fraternity, or highest fellowship among nations. Every obligation imposed under our form of government is willingly met."

**Text of Message.**  
The president began his address by calling the attention of congress to general world conditions which, he said, still were seriously disturbed as a result of the war. He asserted that "the inevitable disorder of the social and economic order is not more than barely begun," and continued:

"There never again will be precisely the old order; indeed, I know of no one who thinks it to be desirable. For out of the old order came the war itself, and the new order, established and made secure, never will permit its recurrence. It is no figure of speech to say we have come to the test of our civilization. The world has been passing today through a great crisis. The conduct of war itself is not more difficult than the solution of the problems which necessarily follow. I am not speaking at this moment of the problem in its wider aspects of world rehabilitation or of international relationships. The reference to our own social, financial and economic problems at home, these things are not to be considered solely as problems apart from all international relationships, but every nation must be able to carry on for itself, also, in a manner which will have a larger influence toward making marked conflict less likely."

### SAYS TANLAC PUT HIM BACK ON HIS FEET

"I firmly believe Tanlac saved me from a complete breakdown," declared George Pargos, 1913 Sidney street, St. Louis, Mo. "My appetite failed me and I got no nourishment from the little I did manage to eat. I had a persistent cold that worried me for months. I kept getting weaker and losing weight, and many a day I drove myself through my work when I should have been at home. "Hearing so much praise of Tanlac I decided to try it, and now I am brimful of energy and strength. I have a big appetite, everything agrees with me. I sleep sound every night, and a heavy day's work never tires me. I can't say anything too good for Tanlac." Tanlac is sold by all good druggists.—adv.

through the federal land banks, may well have its powers enlarged to provide ample farm production credits as well as enlarged land credits. It is entirely practical to create a division in the federal land banks to deal with production with the limitations of time as applied to the farm turnover as the federal reserve system provides for the turnover in the manufacturing and mercantile world. Special provision must be made for livestock production credits and the limit of land loans may be safely enlarged. Various measures are pending before you, and the best judgment of congress ought to be expressed in a prompt enactment at the present session.

**Transportation Problem.**  
"But American agriculture needs more than added credit facilities. The credits will help to solve the pressing problems growing out of war-inflated land values and the drastic deflation of three years ago but permanent and desirable agriculture, good fortune depends on better and cheaper transportation. Here is an outstanding problem demanding the most rigorous consideration of the congress and the country."

"In the last half of the year new closing the railways, broken in carrying capacity because of motive power and rolling stock out of order, though in the past the contrary, embargoed shipments, or denied care when fortunate markets were falling. Too frequently the railway workers' strike, which possible profits to losses counted in tens of millions, has been a constant reminder of the danger of transportation. We have built forty per cent of the world's railroad mileage and yet find it inadequate to our present requirements. When we contemplate the inadequacy of today, it is easy to believe that the next few decades will witness the paralysis of our transportation using social schemes or a complete reorganization on some new basis."

"I remind you that congress provided a joint commission of agricultural inquiry which made an exhaustive investigation of car service and transportation and unanimously recommended in its report of October 15, 1911, the pooling of the decision of the railroad labor board. Carriers have ignored its decisions on the one hand and railway workers have changed its decisions by a strike, on the other hand."

"The labor board itself, is not so constituted as best to serve the public interest. With six partisan members on a board of nine, three partisans nominated by the employees and three by the railway managers, it is inevitable that the partisan viewpoint is maintained throughout hearings and in decisions handed down. I am well convinced that the functions of

this tribunal could be much better carried on here in Washington. "The substitution of a labor division in the interstate commerce commission, made up from its membership, to hear and decide disputes relating to wages and working conditions which have failed of adjustment by proper committees created by the railways and their employees, offers a more effective plan."

"This suggested substitution will involve a necessary increase in the membership of the commission, probably four, to constitute the labor division."

"Let there be no confusion about the purpose of the suggested conference of the power to make the decisions effective. There can be no denial of constitutional rights to either railway workers or railway managers. "No man can be denied his right to labor when and how he chooses, or cease to labor when he so elects, but since the government assumes to safeguard his interests while employed in any essential public service, the security of society itself demands his retirement from the service shall not be so timed and related as to effect the destruction of that service."

"During its longer session the present congress enacted a new tariff law. The protection of the American standards of living demanded the insurance it provides

against the distorted conditions of world commerce. "No one contemplates commercial monopoly nor any other aloofness contradictory to the best American traditions or loftiest human purposes. "War made us a creditor nation. We did not seek an excess possession of the world's gold and we have neither desire to profit unduly by its possession nor permanently retain it. We do not seek to become an international dictator because of its power."

"We would rejoice to help rehabilitate currency systems and facilitate all commerce which does not drag us to the very levels of those we seek to lift up. "While I have everlasting faith in our republic, it would be folly, indeed, to blind ourselves to our problems at home. Abusing the hospitality of our shores are the advocates of revolution, finding their deluded followers among those who take on the habitations of an American, without knowing the American soul. There is the recurrence of hypenated Americanism which we thought to have been stamped out when we committed the nation, life and soul, to the world war."

**Prohibition Enforcement.**  
"There is a call to make the alien respect our institutions while he accepts our hospitality. "Let men who are reading the moral fiber of the republic through contempt for the prohibition law, because they think it restricts their personal liberty, remember that they set the example and breed a con-

tempt for law which will ultimately destroy the republic. "Constitutional prohibition has been adopted by the nation. It is the supreme law of the land. In plain speaking there are conditions relating to its enforcement which favor of nationwide scandal. It is the most demoralizing factor in our public life. "Most of our people assumed that the adoption of the eighteenth amendment meant the stimulation of the question from our politics. On the contrary it has been so inaugurated as an issue that many voters are disposed to make all political decisions with reference to this single question. It is distracting the public mind and prejudicing the judgment of the electorate. "The day is unlikely to come when the eighteenth amendment will be repealed. In fact may as

### COMMISSIONER OF PATENTS WANTS TO HAVE INFORMATION

SUIT IN PROGRESS HERE FOR OFFICIAL AT WASHINGTON, D. C.

### WHO IS INVENTOR OF AUTO FENDER BRACES?

Three Patents Filed Application For Patent On Same Article Within Few Months.

Who is the inventor of the automobile fender brace which appeared on the market here over a year ago? This is the question that the commissioner of patents at Washington, D. C. wants to determine and in accordance with his wishes an interference hearing is being held in the court house. The testimony is being reduced to writing and will be forwarded to Washington as soon as completed.

Three local men filed application for patent on the fender brace within a few months during the year 1921. The braces on which a patent was applied for are practically the same article and for this reason the commissioner wants to know definitely to whom he shall grant the patent.

W. B. Reeves was first at the commissioner's office with his application and was followed within three months by applications from both the Langford Motor Supply company and the Wichita Wheel & Body Works. The evidence as adduced from the witnesses and the three contending inventors is to the effect

### BRIDGE COLLAPSES, 2 HORSES DROWNED SOUTH OF ELECTRA

ELECTRA, TEXAS, Dec. 8.—The lower bridge on Beaver creek, near here, collapsed this morning at 8:30, several persons were on the bridge at the time it fell through but all escaped unhurt.

### COAL OPERATORS AND EMPLOYEES REQUESTED TO HOLD CONFERENCE

WASHINGTON, Dec. 8.—In view of the failure of bituminous coal operators and miners to agree on a wage scale which would insure peace in the industry after the present agreement expires next April, the new federal coal commission today asked representatives of the two groups to come to Washington regarding steps to "avoid the impending strike."

### PRIORITY MOVEMENT OF COAL ENDS DECEMBER 11

WASHINGTON, Dec. 8.—Notice was given by the I. C. C. today that beginning at midnight December 11 practically all of the service orders now outstanding which have given priority to the foreclosure of coal since the strike will be cancelled. The only restriction after that time will be a requirement that all shipments must be forwarded by the most direct of routes without regard to the normal traffic arrangements.

Holly Wreaths They are beautiful and fresh from Delaware. Call at once as the supply is limited. Christmas trees will be in next week. Morgan's, 1109 Ohio; phone 2528.—adv.

### TO CONTINUE FIGHT ON EXPRESS RATE ADVANCE

AUSTIN, TEXAS, Dec. 7.—The fight against the proposed increase in interstate express rates applied for by the American Railway Express company will be continued until final action is taken by the interstate commerce commission, according to Clarence E. Gilmore, member of the Texas railroad commission. Commissioner Gilmore represented the state commission at the hearing on the proposition before the interstate commission recently.

To carry on the opposition to the increase on the part of some three composed of central states for express rates purposes. Commissioner Gilmore together with representatives of four other utility and railroad commissions of the central section, have been appointed members of a committee to study and prepare evidence on the part of one zone against the increase.

### JUDGMENT RENDERED IN FAVOR OF PLAINTIFF

Judge E. W. Napier of the 74th district court Thursday evening rendered judgment in favor of W. J. George in his suit against William Viner for the foreclosure of a \$200,000 worth of notes held on the William and Mary hotel of this city.

### AWARDED JUDGMENT OF \$2150 AGAINST J. D. PARNELL

Peck and Hickernell were awarded a judgment of \$2150 in their suit against J. D. Parnell by Judge E. W. Napier of the 74th district court Friday morning. The suit was on a settlement contract in connection with the Call Field site deal.

Holly Wreaths They are beautiful and fresh from Delaware. Call at once as the supply is limited. Christmas trees will be in next week. Morgan's, 1109 Ohio; phone 2528.—adv.

### HORSE, FRIGHTENED BY TRAIN, WRECKS BUGGY, WOMAN HURT

Mrs. R. D. Caldwell, who lives west of the city was thrown from the buggy in which she and her husband were riding and painfully injured Friday morning when the horse which they were driving became frightened at a locomotive and ran away.

Mr. and Mrs. Caldwell were at the railway crossing on their way to the city when the animal became frightened, ran away and completely demolished the vehicle in which they were riding.

Mrs. Caldwell was taken immediately to General hospital for medical attention. An examination revealed a serious fracture of the right leg, and minor injuries. Mr. Caldwell was unhurt.

Southwestern Glass & Paint Co.

JOHNSON-RETAILERS

PHONE 5178 713 NINTH STREET

Hello! Mrs. Smith

sorry I was out when you called. I have just returned from a most-satisfying round of the shops and I am as pleased as I can be.

I nearly finished my Christmas shopping and I had thought that it was going to be a real task, but it was not. I went to the P. B. M. Co. and found so many pretty things that it was no trouble at all to decide.

I wanted something for Aunt Alice and I found a beautiful corduroy robe for only \$8.95. They had some other pretty ones as low as \$3.95. They showed me a beautiful brown fox scarf for \$45 and I picked that for sister.

Then I selected a fine perfume set for Bertha, it has perfume, toilet water, a box of powder and a cake of scented soap and was priced at only \$5.95.

Of course I had to get John some ties, but they had such pretty ones for only \$1.50 that I had to take three. And I found the prettiest shirt for him with a small neat stripe on fine quality madras at \$3.50 so I took that also.

I bought some linen towels for mother, I am going to work her initial in the border, they were real linen and were only \$1.50.

You remember Jerry's baby? She is just a year old now and I found some dandy little wool booties with pink tops for 98c and a little dress for \$2.50.

When I finished I really wished I had some other folks to buy for and then I thought that maybe I had forgotten some one on my list so I picked out three of the prettiest sets of ear bobs and a fancy comb. They were real good looking and one was \$1.00 and the others were 75c and \$1.25.

Come over tomorrow and we will go down together, they have all their dresses and coats reduced and I want to get one for myself. And they told me that tomorrow would be Dollar Day in the Millinery department. Seventy-seven hats will go for \$1.00. We want to be there early. Bye-bye.

### A THOUGHT FOR TODAY

For this cause I bow my knees unto the Father, of whom the whole family in heaven and earth is named.—Ephesians 3:14, 15.

ON THE OTHER HAND—

You have doubtless listened to a soap box orator tell his audience that the country is in the grip and control of the rich and the special interests, that the public officials are but the servants of the rich, that capital is crushing labor, that the common man has no chances and that everything is out of joint.

You have doubtless heard some cynical business man declare that the country has gone to the demagogic bow-wows, that it is given over to socialism and communism, that there is no virtue in our public servants and that they are ready to sell out any time for money or for votes, that public policy is against the honest and fair accumulation of wealth through oppressive taxation and through restrictive regulations.

We have all heard these things and know that there is just enough foundation for them to allow those who want to believe the extreme of either side to do so. As the Manufacturers' Record says: "They see only the rotten egg in the crate of humanity and make much loud cackling over it."

"But on the other hand—  
"Have you ever stopped to consider the millions of honest, intelligent, home-loving, God-fearing, hard-working men and women, who make up the citizenship of this land, men and women who by words and deeds are making this country and the world a better place in which to live? And this is the best of all world any of us have ever lived in."

"Wherever there is one 'bad egg' in society or in the business world, whether among capital or labor, there are hundreds and thousands of good and wholesome ones.

"Wherever there are found wastrels, murderers, robbers and petty thieves and grafters, there are thousands who are the salt of the earth, upbuilders of humanity and business.  
"Wherever there is found one who lives as a leech on humanity there are thousands who are up-builders of society, and doing for others as they would be done by."

"Wherever there is one disgruntled employe, whether the product of a real or fancied wrong, or one naturally vicious or lazy who demands of the world an easy living—always when made, at the expense of someone else—there are thousands of willing, energetic employes, working for the interest of their employers and in doing so realizing that they are working for their own interest and advancement."  
"The rotten egg" is so often held up to our view that it is a good thing occasionally to look at the other eggs in the crate. Ours is a splendid country, governed under a constitution that protects the most precious rights of the individuals. Never in history have a people fared so well, had so much freedom and been able to enjoy so many of the comforts and the luxuries of life. We can all see this if we stop to think and look. It is a good thing to do if we hear too much talk about the "rotten egg."

### YOUR FUTURE.

You have noticed that hard times and prosperity follow each other in cycles, like spokes of a revolving wheel. Makes life uncertain. You never know for sure what to expect.  
A valuable tip along this line is furnished by Colonel Leonard W. Ayres. In business he's the statistician for Cleveland Trust company and known internationally. Uncle Sam uses his "fingers"—keeps him on the army's general staff.  
Colonel Ayres, after analyzing business conditions in the last 60 years, makes this discovery:  
"During this long period, as many as four years out of each 10 have been years of serious business depression."  
In other words, striking an average, two years out of every five are going to be hard times. And, probably, out of the three remaining years, one is a period of mild depression, one a year of half-hearted pro-

# YOU AND I

By ALBERT APPLE  
GAMBOL  
What binds between you and death? It may be a small "unimportant" thing instead of a big calamity.  
Ed Collins, woodsman, gets lost in the dense forest near State Line, Wis. After a week, hunters find him, both hands and feet frozen. "Bright chance for recovery," say the doctors. One match stood between Ed Collins and death. He didn't have it.  
In Chicago, Herman Kuech thought he was safe from death. He drank a bottle of hard cider, fell off the second floor back porch and broke his neck. They buried him. A bottle of cider stood between Herman and death. He had it.  
ENDURANCE  
A horse that earns its living hauling newspapers in Boston ran away. He fell off a trough, leaving the wagon behind. When rescued, he had been swimming 23 hours in the cold harbor water.  
Humans, like the horse fighting for life, have stronger powers of resistance than they realize until a real crisis comes along.  
MIDDEN  
Daily you pass hundreds of strange faces. Behind those facial features, what do you think?  
Sometimes, in a flash, you learn what is stewing inside one individual head. As for instance, this classed in a prison cell, the mother of London Times: "A mother of daughters thanks every mother who gave or lent a son to England, 1914 to this day."  
IMPOSSIBLE  
Why worry about Germany swamping the world with her cheap goods? She's getting swamped here. A check-up shows that in September and October her imports exceeded her exports by nearly \$150,000,000. A Chinese puzzle is classed in a prison cell, the problem of how to extract indemnity payments from Germany's foreign trade.  
HOOD  
Quebec liquor commission reduces prices to 40 cents a bottle, interesting to an American, though hard to explain why, since "it doesn't mean anything to us."  
ETERNAL FAME  
The remarkable thing about nature is not merely that nothing in nature is ever lost, but that in nature all creation is eternal.

# TODAY'S TALK

By GEORGE MATTHEW ADAMS  
The remarkable thing about nature is not merely that nothing in nature is ever lost, but that in nature all creation is eternal. Change upon change—but ever something better, something more useful, is the story.

# Triumphs of M. Jonquelle

By MELVILLE DAVISSON POST  
© 1922 NEA Service, Inc.  
THE TRIANGULAR HYPOTHESIS  
The man's loose body seemed to have been packed into his clothing about the end of the year, and was the vague note of victory in his voice.  
"Citizens," he said, "two of our citizens—the citizen which is born and the citizen which is acquired. Each are valued to us at least fifty thousand francs, as your schedule in the Government, already fixed the price for murder."  
THE LAKE  
Hearing the thunder of a lake, Which always the rushing waters make, I watched the waves come in and break.  
Gray-beards, they seemed, of many years, Wise men in laughter and in tears, Ending their turbulent careers.  
And then, at last, they reached the shore, And with one glad, exultant roar Found rest and peace forevermore.

# JUST FOLKS

By SIGA L. GONZ  
THE LAKE  
Hearing the thunder of a lake, Which always the rushing waters make, I watched the waves come in and break.  
Like men with silver in their hair, Who've lived their time and breasted care, They came to shore and vanished there.  
Oh, they had traveled far and been Through troubled days, and days serene, Much they had known and much they'd seen.  
Gray-beards, they seemed, of many years, Wise men in laughter and in tears, Ending their turbulent careers.  
And then, at last, they reached the shore, And with one glad, exultant roar Found rest and peace forevermore.  
Wave followed wave, the great and small, Even the giants, towering fall, Sharing the common fate of all.  
Waves on the Sea of Life are we, Journeying shorewards constantly. Where we shall find eternity.

Oh, man of might—oh, giant mind, Reaching the port that all will find, Would you could turn to look behind!  
If you could stay to look upon The sea o'er which your life has gone, You'd see the millions rushing on.  
Millions, like waves upon the lake, Seeking the shore, at last to break Where worldly poms no difference make.  
Home come the toilers one by one, Finding the grave's oblivion, But always Life keeps thundering on.

# "BABY MINE"

THE TELEPHONE CO. MUST BE SELLING SHOES NOW—MAW BOUGHT A PAIR TODAY BUT SHE GOT THE WRONG NUMBER  
By LEE PAGE  
Sunday afternoon pop was taking a nap on the setting room sofa and snoozing to himself, and he called him about 4 times on account of putting his life on one side out, me saying, G. P., do you know what you went and did?  
No, well, I go and do? pop said, I sed, you went out and put your neck tie on one side out.  
No, the door, did you? pop said, I sed, you went out and put your neck tie on one side out.  
No, the door, did you? pop said, I sed, you went out and put your neck tie on one side out.

# EVERYONE

By NEA Service  
NEW YORK, Dec. 8.—Captain Cyril Turner had to go two miles up in the air to astonish New York. He is the man who writes in the sky. A thick jet of white smoke issuing from his airplane writes words for crowds below to read. He's a British aviator who is trying to sell the sky at space rates for advertising purposes.  
"Sky writing is a success in England," says Turner, who lives at Hotel Pennsylvania when he isn't up in the air. "I've advertised everything from cigars to camels. I'm going to tour America now."  
Turner considers himself the first person to come from Europe with a message for America. "I'm sure everybody will have to read whether he wants to or not."  
"The airplane travels 125 miles an hour," he said. "The smoke pipe releases 250,000 cubic feet of smoke per second. I've written with a 30-mile gale blowing. Sometimes the smoke letters remain their shape for half an hour. The letters are written horizontally and are a mile in length—but in five feet in the air they look only a few feet high."  
More than 7,000 telephone calls reached Turner after he wrote his telephone number in the sky.  
"Just curious, most of them," he said. "Some were advertisements—and some wanted me to write the sort of messages you read in the personal column."  
"Not a bad idea, that. I could find John's missing sweetheart by writing in the sky—or tell Jim to come home that has been forgotten."  
"One," he said, "wrote me to help him propose. What a mixup if I wrote 'Mary—Marry me?' John. All the Marys in New York would be asked to set aside their luncheon meeting of the week of January 21 to 27 to a consideration of the highway needs of Texas, according to W. V. Crawford, president of the Texas Highway Association."  
"No, I draw the line at love letters," he said.  
JANUARY 21-27 Highway Week  
WACO—All of the civic luncheon clubs of the state, including the Rotary club, Kiwanis Lions, Salesmanship, Business Women's, Citizens, Advertisers and Purchasing Agents and other civic clubs will be asked to set aside their luncheon meeting of the week of January 21 to 27 to a consideration of the highway needs of Texas, according to W. V. Crawford, president of the Texas Highway Association.  
RATON, N. M.—Mine rescue car No. 1, with its crew, having headquarters here for Texas, New Mexico, and Colorado, has as part of its equipment two canaries, veterans of four mine disasters. They are used to detect carbon monoxide, the most dangerous of all gases. Sometimes, as it cannot be seen, tasted or smelled.

### CLEMENCEAU HAS WASHINGTON VIEW OF U. S. ATTITUDE

#### ADMINISTRATION AND SENATE CLING TO "OUT OF EUROPE" POLICY.

#### FORMER PREMIER HAS MADE DEEP IMPRESSION

His Personal Charm and Rugged Strength Have Attracted General Attention.

By MARK SULLIVAN  
National Political Correspondent of the New York Evening Post and Wichita Daily Times.

WASHINGTON, D. C., Dec. 8.—Georges Clemenceau is in Washington. He makes his speech here on Friday. This Washington speech, in his original plans, was to be his only one, certainly his principle one. It may yet turn out that the "Tiger" has some special-appeal in his speech.

When he made his appeal to America now fairly well known, it is possible to sum up the effects of it on the government here at Washington. Any such summary would say that M. Clemenceau has made a personal impression of the best sort—one that combines charm and rugged strength. There is the kindest feeling and even marked enthusiasm for him practically everywhere.

Further than that, there is a sympathetic understanding of the plea he makes and the way he makes it.

When you pass from the personal impression into the question of how much he has effected our public opinion on the subject he discusses, it is believed that he has made a marked change in the American point of view on the charge that France is ungrateful. It is believed he has succeeded in making the American eye feel that the French people are determined to be their own masters and to secure their own security.

Whether M. Clemenceau's visit has worked any change in the policy of the present administration, or of the present senate towards Europe, the answer is "no."

Any recorder of facts as they are is obliged to set it down clearly that the policy of abstaining from internal European affairs is a little more strongly held by our government today than at any previous time. Clemenceau's visit has not affected it. As to the specific plea on which Clemenceau lays emphasis, the appeal for a guarantee to France against future German aggression, there is not in sight the faintest suggestion of a probability that America will consent to be a party to such a guarantee.

That Clemenceau and France should wish for such a guarantee is understood and conceded. But that America should give it is regarded as utterly unlikely. This statement is made on the basis of contact with many shades of thought, not only among republicans but among democrats as well.

Probably this statement of facts as they are ought not to be said without adding that there are men, few in number, but strong in experience and judgment, who are calmly confident that sooner or

### SAMPLES DENIED NEW TRIAL UPON LENGTHY MOTION

#### JUDD-SIGLER DRILLING CO. IS ORGANIZED AT VERNON

VERNON, TEXAS, Dec. 8.—The Judd-Sigler Drilling Co. has been organized with \$25,000 capital fully paid up. The corporation has 500 shares and the names of the incorporators are as follows: O. D. Judd, Lloyd Sigler, Mrs. D. H. Sigler, wife of Lloyd Sigler, and G. D. Peeler.

The company is drilling some 30 wells on the Waggoner ranch for the Haskell interests of Oklahoma. Lloyd Sigler is well known in this county, having brought in the first oil well on the Waggoner ranch 1 1/2 miles south of Vernon. He is making Vernon his home at this time but has lived several years in Los Angeles, California.

#### HAS BILL TO AMEND COTTON FUTURES ACT

WASHINGTON, Dec. 8.—A bill to amend the cotton futures act to enable buyers of contracts to demand delivery of grades of cotton they desire for use in manufacture was introduced yesterday by Representative Stevenson, democrat, South Carolina.

### MERCURY SLUMPS 49 DEGREES HERE, AS NORTHER HITS

The mercury took a 49-degree slump between Thursday afternoon and Friday morning, the cause being the arrival of a stiff norther that brought overcoats back into use and caused the gas tops to sharpen his pencil. Thursday afternoon's temperature was 51 degrees, while that of early Friday was 42.

Foran, Okla., reported sure enough cold weather, 17 degrees; Woodward reported 26, Spur 22 and Texline 16.

Cloudy and unsettled is the prediction for Saturday.

666 quickly relieves Colds and LaGrippe, Constipation, Biliousness and Headaches.

### PSYCHOLOGIST TO ARRIVE SATURDAY TO LECTURE HERE

Dr. William A. McKeever of Chicago, editor of the "Golden Rule" magazine and lecturer on psychology and salesmanship, traveler, author and leader of child welfare movements, who is coming to this city to appear before the Psychology and University clubs, will arrive in this city Saturday noon.

Dr. McKeever will make his first appearance and will deliver his lecture, "The Divine Drama of the Unfolding Personality," at the Methodist church, Lamar and Tenth streets, at 3 p. m. Sunday.

Dr. McKeever will deliver an address at the University club at noon Tuesday, to which all of the members of the various clubs as well as the public are invited. The subject on this occasion will be "The New Psychology, the Greatest Instrument of Success and Happiness."

Dr. McKeever will reach here Saturday afternoon and will be tendered an informal reception at the Kamp. He expects to remain here several days. Announcements in the middle of the following reception committee:

Mayor Frank Collier, Edgar P. Haney, F. A. Farmer, Lee Clark, J. A. Martin, Hubert M. Harrison, Burl Bryant, W. R. Ferguson, A. H. Carrigan, W. D. Cline, W. J. Townsend, Joe P. Marrs, Rev. Lambert Hancock, J. W. Akin, D. A. D. Pattillo, L. P. Dixon, B. D. Martin, B. G. Ripley, Wm. Bairdridge, Chas. F. Spencer, R. L. Yates, C. C. Knight, Ed W. Nelder, Guy Rogers, Clarence R. Roberts, Dr. E. B. Bailey, Dr. A. O. Saff, Rev. N. F. Grafton, R. E. Shepard, O. A. Jones, Wm. McGregor, N. M. Clifford, L. M. Creagan, Rev. O. L. Powers, Rev. S. A. Jones, Rev. F. T. Dutton, R. A. Jarret, A. B. Holland, C. E. Danaher, Rev. C. M. Simpson, Rev. S. M. Cook, Rev. J. D. Pinkston, Ray, T. Holt, Hugh Porter, H. A. Glass, J. A. Butler, W. E. Chalmers, Paul Morgan, J. E. Park, Robt. Goldberg, Myrta High, Knox L. R. Buchanan, Homer M. McGregor, O. C. May, J. C. A. Guest, J. W. Grisham, Walter Daugherty, O. E. Nichols, C. Y. Tully, Joe Shipley, Ben G.

### "WHOLE FAMILY DAY" PLANNED FOR SUNDAY AT CHRISTIAN CHURCH

"Whole Family Day" will be observed at the First Christian church next Sunday morning, says an announcement which adds:

"The object of the day is that every member of the families represented in the church will be present. Years ago it was the custom for the parents to stack the children into the wagon or buggy and drive to the church, and there sit together. This time things have changed. It is expected that the in-laws, the nieces and other relatives will be filled with the family and all come together for the church service.

Three bunches of flowers will be given away Sunday morning, one to the family with the largest number present, one to the family with the oldest member present, and one to the family with the youngest member present. Also a big red ribbon will be given to the person representing the largest family in size.

"Another special feature of the day will be the recommendation of the congregation of the 1923 budget of finance. The board will make a recommendation for its adoption at the church, and there will be special talks by R. E. Shepherd, W. S. Kinningsworth, J. W. Bradley and Lambert Hancock.

"This church is now beginning another ten year lap of history. It has had a wonderful growth, and what a few years ago was considered a building adequate, beyond hope, is now crowded in its every department, and an expansion program forces itself upon the church. Far-reaching programs of expansion are being prepared. Whole family day is but one of a series of several days looking to the accomplishment of the work."

**FAITH OPTICAL COMPANY TO HAVE FORMAL OPENING**

The formal opening of the Faith Optical company, recently established here by Dr. J. W. Duval and Fred Goss, will be held Saturday afternoon from 2:30 to 4:00 p. m., and preparations have been made to receive a large crowd of visitors.

The laboratory, spectacle and eye glass departments and other features of the company will all be open to public inspection. Carnations will be provided as souvenirs for the ladies.

**WANTED—ALL DANCERS**

To be at The Dreamland Saturday night, Dec. 9, 8:45 p. m., if you can't dance come anyway. Ladies, bring your tickets from Thursday night.

### Texas Fat Man Fails to Find a Place in Movies

LOS ANGELES, Dec. 6.—John Henry Allen, 25, farm laborer of Rusk, Texas, who came here three days ago with the hope that his weight—324 pounds—would win him a place as a motion picture comedian, today was waiting in the university police station for his wife to take him home.

For two days after his arrival here, he and his wife walked about the city together. The third day he tried it alone and became lost. The police rescued him from the maze of traffic and gave him food and shelter overnight when he told them he did not remember his Los Angeles address nor know the way there.

He was confident his wife, whom he called "Lollers," would eventually call for him.

**PLAN TO OPEN FANNIN SCHOOL MONDAY MORNING**

The new Fannin school building will be opened on Monday, December 11, according to an announcement from Superintendent Clark's office. W. W. Brown, school manager, has been very busy the past few days getting the final touches added that will enable the building to be opened.

### Wife-Choking Case Dropped When She Fails to Testify

That a well trained wife is a valuable asset was proved in the city court Friday morning when the man charged with an assault upon his wife was dismissed. Several days past, the wife filed charges against her husband for the offense and told officers that she was ready and willing to testify against him at any time. Three days the trial has been passed because of the failure of the wife to appear. Friday morning Judge Britain decided the wife must have suffered a change of heart or remorse of conscience; the case was dismissed for lack of evidence.

Fines of \$10 each in two drunkenness charges were the only penalties assessed at the Friday morning session. The prescription drunk appeared with the remains of a bottle of "Dripping Springs" and agreed that he had not followed the directions on the bottle "one ounce three times a day." Several cases of traffic violation and one case of vagrancy were passed.

### Safety Zone Made Useless by New Routing of Cars

Anybody want a nice safety zone, solid concrete? The city has one that it doesn't need any more. The zone built at Eighth and Indiana, at a cost of several hundred dollars, has been rendered useless by the change in routing of the street cars. It is now on the wrong side of the street and the Police Commissioner Fitts is planning another one on Eighth street, where all cars will stop. It will probably be less elaborate than the old one, which will doubtless be torn away.

# ALL THE NEWS OF ALL THE SPORTS ALL THE TIME

## Tex and Beck are Sold by Salm--Texas League May Raise Salary Limit

The Spudder's sale of Tex McDonald to Omaha, announced late Thursday, was rather expected, it having been generally expected that Tex would not remain with the team another season. The sale of Beck to Memphis, also announced, is taken here to mean that Salm has a time on a first baseman, or he would not be letting Beck go. Further indication of this is given in the sale of Brinkhoff to Atlanta. Brinkhoff, who was with London, Ontario, last year, was technically Spudder property, but did not want to come this far south, hence was never used. Walter Salm is expected to bring two first basemen on if he didn't have something in sight for that position.

"TEX" McDONALD

The purchase of Weinberger and Crawford doesn't mean much of anything, yet, to local fans, there is no hope available on their 1933 records. Whether these are the "right hander and left hander" recently referred to by R. O. Harvett is not definitely known, but they probably are.

The Louisville meeting gave Class A League authority to fix their salary limits, and if the Texas League magnates want to go above the present limit of \$4,500 per year for 14 men, they can do so. However, they won't make the fact public if they do raise it, because that would just cause a lot of new arguments with players who, knowing the limit had been raised, would strive to get part of the increase.

## NO SOUTHWESTERN ATHLETIC TITLES WILL BE AWARDED

WILLIAMSON, Dec. 8.—The Texas intercollegiate athletic association will have no official football championship this year and after this year will not have championship titles in basketball or baseball, according to action taken at the annual meeting of the association here yesterday.

FRED BECK

The motion to do away with the championship regulations of the association passed by a large majority. Two applications for membership in the association were considered at the meeting. The application of Sam Houston normal of Dallasville was granted and that of Dallas university was rejected. The invitation to hold the annual track meet at Southwestern university in May, was accepted.

## Star Pitcher Seeks Weight

By NEA Service. CINCINNATI, Ohio, Dec. 8.—Pete Donahue, star pitcher of the Reds, has been ordered to add to his poundage. The order comes direct from President Garry Herrmann. Pete is a whale of a pitcher despite his tall, lean figure. However, it is believed the addition of 20 pounds will greatly improve his work. He finished last season drawing pretty fine. Donahue is a student at Xavier as Christian university. He has been requested to take a long vacation prior to the opening of the season at the club's expense.

HARRY RANDOLPH

any star is entitled to All-American consideration.

## COACHES PRAISE FINE PLAY OF BETHANY CAPTAIN

By NEA Service. BETHANY, Va., Dec. 8.—"It felt like an on Princeton he would be the talk of the east. If he was on any of the Big Ten teams the western critics would be lauding him to the skies."

### Billy Evans says

Eight major league clubs have already signed exhibition games with training camp. Others may follow suit.

It would seem that the eight clubs who have already decided on Florida had made a very wise move. There are any number of reasons to be obtained due to so many clubs training in the same state.

The climate is certain to suit even the most exacting club owner. I have never seen bad weather in Florida in the early spring. There is every new and better reason to be obtained due to so many clubs training in the same state.

The National League veterans will show no mercy to the American League youngsters. The same goes for the regulars in the American League ranks. Thus these exhibition games are certain to be real contests in which the young pitchers will be tested to the limit.

These inter-league affairs are sure to bring out every fault of the recruit pitchers. These faults probably would not have been brought to the surface in exhibition games against minor league clubs. It will also give the managers a chance to correct any number of these evils before the season opens.

Last, but not least, these games should be the means of sending the clubs north in the best of condition. When competition, such as these exhibition games should produce, is the very best method of getting a major league club ready for the big campaign.

## BAPTIST-TEXHOMA AND GAINES-LEGION IN QUINT CONTESTS

Two basket ball games of unusual interest are scheduled for Friday night at the American legion hall. The Gaines Motor five will battle with the Legion team in an effort to protect their undefeated record. The Baptists are in line to come back strong in a game with Texhoma.

Gaines Motor has an undefeated team with three victories to their credit. The Legion has but only one game in the city league contests; they were defeated by Collier and London. The two teams are well-matched; the dope points toward a close game, but does not mean anything in basket ball this season.

## OIL BELT FOOTBALL CHAMPIONSHIP WILL BE DECIDED SUNDAY

Sunday's football game at Athletic park will determine the championship of the oil belt, and rooters from both Breckinridge and Breckinridge are expected here for the contest, according to J. M. Williams of Burkhardt, who is arranging the game. Most of the players on both teams are former college stars, and are in the best of condition. Mr. Williams says, so that a well played game may be expected.

## 22 LETTERS TO BE AWARDED COYOTES AT ANNUAL FEAST

Letters for the 1933 football season will be awarded to 22 Coyotes at the annual team banquet Friday night. The banquet will be held at the Y. W. C. A. at 7:30 and Principal Hugh Porter will preside.

## ADVANCE MEETING DATE AMERICAN LEAGUE CLUBS

CHICAGO, Dec. 8.—President Ben Johnson of the American League today advanced the date of the American league club owners annual meeting in Chicago to Tuesday, December 12, to enable the club owners to attend the joint meeting of the major leagues called by Commissioner Landis for December 14 in New York, according to a long distance telephone message from Mr. Johnson, in Excelsior Springs, Mo.

TEXARKANA—Miss Lois Dale has been appointed a deputy, giving her authority to "shoot a pistol, under Sheriff John Strang's aid, in the first woman deputy sheriff in the history of Miller county, and recently was named county probation officer. She is a lawyer and in the last democratic primary was an unsuccessful candidate for state senator.

## FIRST BILLY EVANS HONOR ROLL

By BILLY EVANS  
Herewith is presented the first annual "Billy Evans Honor Roll" that of the middle west. Others sections of the country will be handled in a similar manner. Each sport writer selected a number of the most authentic selections made. They are the collective choice of the sport experts of the United States. In preparing my honor roll of the middle west I have been guided by the opinions of 50 of the leading sport writers of that section.

## Contract Jumpers Shown No Leniency by Landis, Leagues Meeting Ends

LOUISVILLE, Ky., Dec. 8.—Organized baseball is not fattening a state for its sons who became prodigals via the contract violation route, was the opinion today of observers who followed the meeting here of the National Association of Professional Baseball Leagues.

This conclusion was reached after the association's board of lawyers and Commissioner Landis yesterday withheld leniency from players who had served three years of their automatic five-year suspension for violation of contracts.

Otto O'Mara, infielder, who turned his back on the Indianapolis club of the American association in 1912, appeared in person to enter his plea for reinstatement. He played out-law baseball in Wisconsin last year. "Keep away from ineligible players for one year and then come back for a hearing," Commissioner Landis told him.

Chesterfield, Piedmont, Camel, Lucky Strike, 2 packages for \$1.25 CARTON

## NOBLE GRAY'S NEWS STAND

Lobby First National Bank Building

Under the proposed fifty player limit it would be possible for each big league club to have at least twenty-five men in the minor leagues under option. Such an arrangement, the minor league contend, practically would give control of the player market to the majors.

Sales at record breaking prices and rumors of such transactions ended yesterday with the departure of the major leaguers. Notable among the deals of the day, however, was the sale by the Cleveland American of Pitcher Walter Hall to the Oakland, Cal. club of the Pacific Coast league, and the purchase by the Columbus American association club of William Kennworthy, second baseman, from the Portland Ore. club.

At the instance of the Southern association, Class A leagues were granted permission to determine their own salary limits. The former limit for Class A leagues was \$4,500.

## TWO TEAMS CLING TO LEAD IN 6-DAY CYCLE RACE

NEW YORK, Dec. 8.—Two teams, Goulet and Ballou, and Breckenridge, tenaciously clung to their lead of a single lap at the end of the 16th hour of riding in the six-day bicycle race at Madison Square Garden at 8 a. m. today. They had pedaled 1,334 miles and seven laps, one lap behind them was the Kopp-Eaton team. The other teams trailed as far as six laps behind.

## JACK DAW IN HOOPLAND

By ELTON

Once inside the Honorable Hoop's house, Jack was more surprised than ever. The owner of the place was standing in front of one corner, but Jack could see right through him and there stood a little monkey with a long tail, hoop ears and a hoop body. Jack had to laugh.

"Now, would you like to go upstairs and take a look over the surroundings?" asked the Honorable Hoop Hoop. "Here, I would," said Jack. "All right," replied Hoop Hoop. "Just crawl inside of my treated traveling hoop and it will take you up the hoop stairs in a hurry."

"That's funny, hoop hoop," said Jack Daw. When he reached the top he heard all the hoops, who had remained below, laughing. He looked back and saw Flip trying to climb the steps. Every time Flip took a step a hoop would roll away and send Flip flying, head over heels. (Continued.)

# GROCERY and MARKET DEPARTMENT

## HINTS ON STEWS

There is nothing better and more appetizing than a good stew, especially on a cold day. Some people think of a stew as merely to use up left-over meat.

While such a stew may be excellent, a dish of freshly cooked meat is as important and dignified as a roast. The process of stewing is cooking meat in water at a temperature slightly below boiling.

By this method tough meat may be made tender and the juices become rich and thick. To this vegetables and seasoning may be added.

Every country has some kind of a stew, the meat and vegetables differing.

Oriental countries use lamb and pork more than beef, while English stew is usually made with beef. An Irish stew has lamb or beef and a brown gravy.

Chicken is used a great deal, although not entirely in France and Spain. The Mexicans use chicken, chile peppers and beans together.

A curry is really a stew, very highly seasoned, and may be made of fish, veal, chicken, lamb or beef.

Fresh pork makes an appetizing stew, and in some countries beef, veal and pork are combined. What is plentiful in a fish stew is used as much as meat in other places.

used for building a home for children, the will directed. Standard interest tables show that the \$25,000 will reach \$5,000,000 in 75 years if placed at six per cent and compounded annually.

**Benefits Are Active**

TIEN-TSIN.—A correspondent returning from Tsingtau declared the conditions in the principal city of the Kiaochow leasehold were bordering on the chaotic. It was said that large numbers of bandits had been residing freely in the Japanese controlled territory for several months and during the past fortnight had come out openly and were living in the leading Chinese hotels of the city.

## WEEK OF JANUARY 21-27 IS TEXAS HIGHWAY WEEK

AUSTIN, Dec. 7.—For the purpose of creating public sentiment in favor of legislation to insure construction of a greater state highway system and amendments which will permit Texas to continue to receive federal aid, the week of January 21 to 27 has been set aside as Texas highway week by the state highway association, according to information received by state highway officials.

At the time the legislature will be in session and it is planned to call to the attention of the people of the state the need for legislation for highway construction and in this way to bring to the attention of the legislature the need for such measures.

The activities of the week will be carried on principally through civic organizations and bodies, according to highway officials. Among the bodies that have joined in the observance are the Rotary club, Lions and Kiwanis clubs, Business women's clubs, Civilians, advertising clubs and other bodies also will be asked to join in the movement.

For the purpose of furthering the week and preparing programs, to be submitted to local organizations for their consideration, W. V. Crawford, president of the state highway association, has appointed a committee composed of the following: George Holmgren, San Antonio; Ross T. Rogers, Amarillo; Bob Corbett, Houston; Porter Whaley, Stamford; James Mates, Beaumont; W. N. Blanton, Amarillo; Walter Kingsbury, Dallas; A. L. Budge, Tyler, and Harding Branch, Texas.

Representatives of the highway association will be furnished where wanted to speak at gatherings of the civic clubs and other meetings on the needs of highway legislation. It is said. Officials of the state highway department probably will approve and assist in the activities of highway week.

## Unusual Will Filed

ELIZABETH N. J.—That the sum of \$25,000 be left on deposit until it aggregates \$2,000,000 was the unusual request of Charles M. Rice whose will has been filed for probate. Rice directed that the income from the \$25,000 be paid to his wife during her life. When the deposit reaches \$2,000,000, it is to be

used for building a home for children, the will directed. Standard interest tables show that the \$25,000 will reach \$5,000,000 in 75 years if placed at six per cent and compounded annually.

## Don't delay fighting constipation with BRAN that is ALL BRAN!

When constipation flashes its signs of sickness into your eyes and shocks into your brain, your brain and your appetite, it is absolutely necessary that you head it off! Toxic poisoning stands close by; Bright's disease and other dangerous diseases await their turn!

The remedy that nature offers is the simplest and most effective—Kellogg's Bran, cooked and krumbled, which is ALL BRAN! And it is ALL BRAN! It is ALL BRAN you need when you start to fight constipation. You can't afford to delay a minute and you can't afford to use half-way measures with foods that contain a percentage of bran! Your physician will recommend Kellogg's Bran because it is not only effective, but because it is delicious. Why—you will like its nut-like flavor, which adds so much to any food with which it is served.

Be certain to eat Kellogg's Bran regularly—at least two tablespoonsful daily; in chronic cases with each meal. Results will prove astounding. Remember that Kellogg's Bran is nature's own regulator, which operates in nature's way—which is the best way!

Eat Kellogg's Bran as a cereal, sprinkled on other hot or cold cereals, or make it up into the best of muffins, pancakes, milk bread, cookies, macarons. Kellogg's Bran is printed on each package. Let the children eat Kellogg's Bran. It is wonderfully beneficial. It will improve their health just as it will really and truly make over men and women. The value of Kellogg's Bran cannot be overestimated. Sold universally by grocers.

## There Isn't Any One Word

or any combination of words in the English or foreign languages that will come anywhere near describing the goodness of the meats we sell, so we're simply advising you to make a purchase here, put it on the fire and let your dinner time enjoyment tell the story. We think that's a pretty good idea.

THE QUALITY OF MEATS WE SELL IS BETTER THAN OUR WORDS CAN TELL!

## COTTON MARKET

**New York Cotton**  
**NEW YORK, Dec. 8.**—The cotton market opened steady at an advance of four to 17 points on higher Liverpool cables, better Manchester trade reports and a more optimistic feeling over European affairs, promoted by the steady opening of the stock market and firmness of foreign exchanges.

The advance met considerable selling, much of which came through houses with New Orleans connections which also included scattering local or commission house liquidation. Due to rather larger clearing figures than expected, and a result prices broke rather sharply right after the call, with January selling down from 24.25 to 24.21 or about five points net lower.

As soon as the early selling orders had been absorbed around 24.51 for January and 24.65 for March, the market became less active and steady on a renewal of light covering and commission house buying.

Italy later was promoted by the more favorable view of European political prospects and reports of a steady improvement in the woolly ruled around 24.75 early in the noon hour, or about seven points net higher.

A favorable interpretation of the president's message and reports of bullish weekend figures seemed to stimulate buying to some extent, and prices advanced to 24.86 or 30 points higher and prices were within four or five points of the best around 2 o'clock.

Cotton closed steady.

	High	Low	Close
December	24.82	24.48	24.75
January	24.87	24.53	24.75
March	24.95	24.65	24.85
May	25.05	24.75	24.85
July	25.15	24.85	24.95

## WHEAT

**Chicago Produce**  
**CHICAGO, Dec. 8.**—Wheat futures were strong in the afternoon, but closed lower on a heavy offering of the visible supply of American cotton.

The market opened steady at an advance of 1/2 to 1 1/2 points on higher Liverpool cables, better Manchester trade reports and a more optimistic feeling over European affairs, promoted by the steady opening of the stock market and firmness of foreign exchanges.

The advance met considerable selling, much of which came through houses with New Orleans connections which also included scattering local or commission house liquidation. Due to rather larger clearing figures than expected, and a result prices broke rather sharply right after the call, with January selling down from 24.25 to 24.21 or about five points net lower.

## GRAIN AND PRODUCE

**CHICAGO, Dec. 8.**—Although unexpected declines in Liverpool quotations led to a downward move in the wheat market today at the outset, a rally soon took place. Failure of Argentine prices as well as those at Liverpool to respond to yesterday's reports of harvest de-

## STOCKS AND FINANCIAL

**NEW YORK, Dec. 8.**—Irregular price changes at the opening of today's stock market continued to reflect the play of opposing speculative forces. Special buying operations were conducted in a few specialties. National Lead being pushed up 2 1/2 to a new high record for the year, the preferred advancing two points to 100.00. Products and May Department Stores duplicating its previous top and Piggly Wiggly establishing a new peak price gain of one point. U. S. Alcohol and Allied Chemical were strong in early dealing. The list turned heavy soon after the opening in response to a heavy offering of rail shares and some of the speculative favorites, notably Studebaker, Baldwin, Cor. Products and Continental Can, all of which declined large fractions to 11 points. Material reactions also took place in St. Paul common and preferred, Baltimore & Ohio, New York Central, Union Pacific & Great Northern preferred. Crucible, International Harvester and Utah Copper were also reactionary.

Foreign exchanges opened firm. The closing was strong. Sales approximated \$90,000 shares.

## SHERIFF'S FORCE POUNCE UPON BIG STILL AND MASH

The sheriff's department Thursday evening flew into the northwest fields and confiscated a large 40-gallon still and 18 barrels of mash. The still and other equipment and materials were found in the bottom near the river.

It is the opinion of the officers that their intentions had been communicated to this part of the field as the territory for a mile around was absolutely destitute of a human being.

No whiskey was found but some evidence was discovered which may lead to arrests later.

## AUTOISTS DRIVING INTO ALLEYS MUST TURN TO LEFT, WARNS CHIEF

A warning to autoists not to turn to the left either in driving into or coming out of downtown alleys has been issued by Police Chief McCormick.

The ordinance forbids cutting across a street in a "wonderful block," the chief said. "A driver going east on Eighth street and wishing to turn into the First National alley, for instance, should drive on to Indiana, turn around and turn into the alley from the right hand side of the street. A driver coming out of the alley at that point, and wishing to proceed east, should turn to the right and drive up to Scott, turn around and then proceed."

There have been several minor accidents as a result of violations of this ordinance. The police department will try to make an example of the first autoist it catches violating it, so as to stop the practice before it results in a serious accident.

\$15.00 in gold fine to the person submitting in writing a slogan most suitable for our business. Attend our opening tomorrow from 8 to 10 o'clock P. M. see our wonderful place, and you will be in a better position to suggest a slogan. Carnations for the ladies. Faith Optical Co., 215 Scott—Adv.

## Boils Quit Quick!

S. S. S. Will Prove to You in Your Own Case the "How" and "Why" of its Remarkable Blood-Cleansing Power!

There is a reason for everything that happens. Boils—these little nasty, common-sense also stops boils! S. S. S. is the common-sense remedy for boils.

Because it is built on reason, scientific authorities admit its power! S. S. S. builds blood-power, it builds red-bloodedness. That is what makes fighting blood. Fighting blood destroys impurities. It fights boils. It always wins! It fights pimples. It fights skin eruptions. It builds nerve-power, thinking power, the light-fast power that wins a man up into success. It gives women the health, the angelic complexion and the charm that moves the world. These are the reasons that have made S. S. S. today the great blood-cleanser, body-builder, success builder, and it's why results have made tens of joy from the souls of thousands! Mr. Y. D. Schaaf, 307 15th St., Washington, D. C., writes:

"I tried for years to get rid of a bad case of boils. Everything failed until I used S. S. S. It was a wonderful cure, and it was S. S. S. that did it."

Try it yourself. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

**S.S.S. makes you feel like yourself again!**

Recently published reports of a contemplated taking over of the Fort Worth & Denver by the Rock Island system have met with official denial from the Denver offices. The statement follows:

"The Rock Island has never at any time owned any interest of any kind in either the Fort Worth and Denver City Railway company's line nor that of the Colorado and Southern. There are no negotiations between these lines looking to an acquisition by the Rock Island of the Fort Worth and Denver City Railway company's property or any part thereof. This is no doubt also true as to the Colorado and Southern."

The acquisition and the operation by the Burlington interests of the Colorado and Southern, Fort Worth and Denver City, and the Wichita Valley lines as integral parts of a through line of railroad from the northwest to tidewater at Galveston, was the acquisition of a plan laid by Mr. James J. Hill many years ago. These properties were acquired and have been improved and built up to carry out that plan and the owners of these properties have no expectation or wish of modifying or changing this plan.

"At a recent hearing before the interstate commerce commission held at Washington with reference to the consolidation of railroads, Mr. Hale Holden, president of the Burlington and of the Colorado and Southern and of the Fort Worth and Denver City, presented to the interstate commerce commission facts that plan and the owners of these properties have no expectation or wish of modifying or changing this plan.

Mr. Jones said he had visited 40 farms so far this week and found a peculiar situation existing with reference to eggs, that 40 or 50 hens were producing on an average of but one egg a day. One farmer was getting five eggs a day from 200 hens, and another getting three eggs from 250 hens.

"I cannot account for this strange condition," said Mr. Jones, "because as a general rule I find the chickens are being well fed and have lots of green feed. It perhaps is caused from an excessively warm summer and warm fall that retarded moult, and where the moulting period should have come earlier, it is coming at this time."

Mr. Jones said the wheat condition never looked better.

"Conditions are favorable for the green bug," said Mr. Jones, "and the farmers are much concerned over this." Mr. Jones estimates 150,000 acres are planted to wheat in this country.

Mothers be sure to see the doll clothes at McConnell Bros. Friday and Saturday—Adv.

## Goose Feathers Revenue Source For One Farmer

Mr. Obenhaus has 20 Toulouse geese on his place, and picks them every seven weeks, except during the coldest weather. The feathers find a ready market at a dollar a pound.

Mr. Jones said he had visited 40 farms so far this week and found a peculiar situation existing with reference to eggs, that 40 or 50 hens were producing on an average of but one egg a day. One farmer was getting five eggs a day from 200 hens, and another getting three eggs from 250 hens.

"I cannot account for this strange condition," said Mr. Jones, "because as a general rule I find the chickens are being well fed and have lots of green feed. It perhaps is caused from an excessively warm summer and warm fall that retarded moult, and where the moulting period should have come earlier, it is coming at this time."

Mr. Jones said the wheat condition never looked better.

"Conditions are favorable for the green bug," said Mr. Jones, "and the farmers are much concerned over this." Mr. Jones estimates 150,000 acres are planted to wheat in this country.

# RE-OPENING SALE

## Saturday, Dec. 9th

For many months workmen have been busy enlarging and improving the KRESS store. The efforts of our entire organization have been put forth to build a store large enough and with the most modern conveniences in keeping with the rapid growth of the progressive city of Wichita Falls. KRESS stores have striven through SERVICE, VALUE and QUALITY to become real assets to the public, and we believe have become the favorite and growing buying center in every city where there is a KRESS store.

We believe the results of our efforts will more than surpass your expectations. Our Re-Opening, coming at this busy period, will be pleasing to the many Christmas buyers, who will find the KRESS store brimful of the many little things so necessary to Christmas.
