HOME EDITION

EIGHT ARE VICTIMS MISSISSIPPI STORM; MANY ARE INJURED

MEMPHIS, TENN., March 16.—Eight persons were killed and fifty or more injured in the storm which wrecked the village of Savage, in Tate county, Miss., late yesterday and swept through sections of Randolph and Quitman counties, according to word received today from the storm swept area.

Wire communication with the storm swept section still was cut off today.

Sardis, Hernando, Phillip and Crenshaw, Miss., also felt the effects of the storm.

At Sardis 12 dwellings were wrecked and a railroad water tank was blown across the track, according to reports brought to neighboring towns by train crews. Two persons were reported injured at Sardis.

At Crenshaw several homes were damaged.

The storm apparently took its heaviest toll at Savage, which was partly wrecked by a tornado two months ago. Relief parties were sent to Savage from Crenshaw and other towns. The injured at Savage were estimated at 25 or more.

John Kerr, a merchant, crushed when his store at Savage was demolished, died here today at Crenshaw, where he was taken for medical attention, according to W. S. McCoy, a telegraph operator at Crenshaw, who brought the first definite news of the storm's havoc to Memphis today. Three other persons, a man named Chambers, his wife and son, were drowned when they were blown into Coldwater river.

Four negroes were reported killed on plantations near Lambert, Miss.

Mrs. T. H. Rich of Savage was brought to a hospital today with her skull fractured. Her condition was reported as critical.

CHICAGO, March 16.—The center of the blizzard which for the past three days has enveloped the middle west from Texas to the Canadian border, today was sweeping over Ontario, and the bureau here announced. Colder weather followed in its wake, but rising temperatures were predicted for Saturday and Sunday.

Gales were reported in the eastern great lakes region, reaching a velocity of nearly 60 miles an hour at Cleveland and Buffalo.

The storm just past left snow banks varying from a few inches to a foot and a half over the entire northern group of mid-western states and in even some localities in Oklahoma and the Texas Panhandle.

CHICAGO, March 16.—The north-westward march of the storm from the west, one from the northern Rocky mountain region, and the other from the southern Rocky mountains, brought relief to the upper Mississippi valley, but destruction to the lower Mississippi valley today.

The storm that centered over New Mexico Thursday on its eastward sweep was marked by death and destruction as it crossed northern Mississippi last night. At Lambert, Miss., four negroes were reported killed. Virtually the entire town of Oshtemo, which was reported destroyed, where 21 persons were blown into the Coldwater river. Some were still unaccounted for today.

Other towns in the vicinity were without means of communication and damage in that section for that reason had not been checked today.

Relief parties were making for the stricken area.

The storm in the upper portion of the valley left Kansas and Nebraska partially covered by snow. In some portions of those states it was reported that a depth of more than two feet of snow had fallen.

The Missouri river at Jefferson City, Mo., was rising.

Gales of 52 miles an hour swept across a portion of Texas and carried the severest blizzard of the year into the Panhandle.

California, whipped by high winds, reported fair weather today. Much colder weather was predicted for the Ohio valley, Tennessee and the east gulf states today.

Freezing weather and snow flurries were general over Oklahoma.

Southeastern Missouri had its hardest rain in five years and rivers in that section were at flood stage. The Missouri river at Jefferson City, Mo., was rising.

Gales of 52 miles an hour swept across a portion of Texas and carried the severest blizzard of the year into the Panhandle.

California, whipped by high winds, reported fair weather today. Much colder weather was predicted for the Ohio valley, Tennessee and the east gulf states today.

EXHIBIT WEAPONS OFFICERS FOUND IN HOME WACO NEGRO

GUN AND OTHER ARTICLES IN EVIDENCE IN TRIAL OF CASE.

ALLEGED TO HAVE BEEN THE PROPERTY OF VICTIM

Brother of Murdered Man and Others Testify During Friday.

WACO, TEXAS, March 16.—The six shooter, scabbard, pocket book, rope and gloves alleged to have been found in the home of Roy Mitchell, Waco negro on trial for the murder of W. E. Holt on January 18 of this year, were submitted in evidence by County Attorney Farmer at the Friday morning session of court.

County Attorney Farmer, scabbard, pocket book and gloves are alleged to have been the property of the murdered man, while the rope was introduced in the effort to show that it was a part of the rope found on the "murdered man's leg and by which he had been dragged after his death.

A. T. Holt, brother of the murdered man, testified that pistol submitted in evidence was similar and believed the same pistol that his brother owned. He also identified the gloves and pocket book as belonging to his brother. Sheriff testified to having found the property submitted in evidence in a search of Mitchell's house the next day after he was arrested. He testified to having found the scabbard under the house and the rope tied in the floor.

Charles Wilson, Mitchell's brother in law, identified the shotgun submitted in evidence as his property which was at the home of his mother, Lucy Postel, the night of the murder and met Roy Mitchell that night while on the road to the gravel pit, near the scene of the murder. Mitchell took his meals at Lucy Postel's, but he never came back to the house the night of the murder after eating his supper.

Identified Pistol.

Leslie Fred, in the jewelry and loan business, testified that he had been in the jewelry store in which the pistol was found, and that he had seen the pistol in the store.

Mayella Postel, Johnny Postel, Henry Longmire and B. D. Holt, negroes, testified that they had seen Mitchell at Lucy Postel's house the night of the murder and that they had seen him with the pistol.

The police after questioning John Postel, negro elevator boy, said they were told that a man engaged in the tire business in New York, Charles Postel, had frequently visited the apartment where the murder was committed.

The autopsy showed that death was caused by chloroform.

Dark marks and a scratch on the nose and finger marks about the eye and mouth were also found. Dr. Charles Postel, chief medical examiner, reported.

MAN UNDER ARREST IN BOSTON

BOSTON, March 16.—Albert E. Guimaraes, under arrest in New York in connection with the death of an artist's model, has been sought by the police of this city on an indictment charging larceny from a customer of the model and brother-in-law of Joseph and William McLaughlin. He was known here as Morris and was the manager of the company's office, now closed.

HELD WITHOUT BAIL ON STATUTORY CHARGE

DENISON, TEXAS, March 16.—Raymond Simpson, 24, was held in justice court here today on a statutory offense charge. He was married two weeks ago and the girl to whom he was previously engaged filed complaint.

FOR THIRTEEN YEARS WEN-DAB-BAN WAS KEPT HIDDEN IN THE OHIO FOREST by Neeta-Wen-Wan, wife of Pe-tah-bo. The latter testified that he was the son of a white man, but never would say who he was. He was a boy of all whites grew with the years. When 13, Wen-dab-ban was taken to the trading post by Pe-tah-bo. There the boy met white people for the first time. He was kept in a white man's house for a year. When he was 14 he was sent to the trading post. He had the dream that he should become a white man. He dreamed that he should become a white man. He dreamed that he should become a white man.

COURT IS DELAYED BY SEVERE WEATHER

By Associated Press.

MAHON, ILL., March 16.—Owing to severe rain and wind storm in all parts of Williamson county yesterday afternoon and last night, Judge Nathan Barnes was unable to return this morning for resumption of the Herrin riot trial and court adjourned for the remainder of the week.

SHERIFF TELLS OF COMBUSTIBLES FOUND IN OTHERS ON STAND

DESCRIBES FINDING OF TWO BARRELS OF PAPER AND DOCUMENTS.

CROSS EXAMINATION BY FRANK P. WALSH

Sheriff Admits Federal Agents Had Gone Through the Evidence.

ST. JOSEPH, MICH., March 16.—With Sheriff George Bridgman, of Chagrin county still on the stand, the trial of William Z. Foster, charged with criminal syndicalism, entered the last day of its first week today with taking of evidence well under way.

Bridgman was followed by Jacob Spolansky, one of the federal agents who assisted him last August in raiding the communist party convention in the effort to solve the mystery of the disappearance of Rev. John A. Vranick, Catholic priest of Virde, local priest who disappeared from the streets in the night of the riot.

The state finished the direct examination of Sheriff Bridgman and the cross examination was taken up by Frank P. Walsh.

The sheriff described the raid on the communist convention and the finding of two barrels of paper, documents, filing envelopes, typewriters, duplicating machines and other articles and paraphernalia which had been buried on the convention grounds.

Mr. Walsh questioned the sheriff about the raid and the finding of the barrels of paper and documents. He asked the sheriff if he had been through the evidence and if he had found anything else.

Mr. Walsh asked the sheriff if he had been through the evidence and if he had found anything else.

THREATENS TO BREAK U. S. GOVERNMENT

OKLAHOMA CITY, March 16.—A threat to "break" the U. S. government was made today by Beverly Mahoney, imperial knight of the Ku Klux Klan, in a brief address to the state legislature. He declared:

"This country has a super-government. We must break it. We will."

SEARCHERS ABANDON HOPE FOR SOLUTION PRIEST KIDNAPING

ST. LOUIS, March 16.—Although searches at Virde, Ill., have abandoned hope of solving the mysterious disappearance of Rev. John A. Vranick, Catholic priest of Virde, local priest who disappeared from the streets in the night of the riot, they still are investigating the case.

Detectives who have been assigned to the case admitted, however, that it presents one of the most baffling mysteries in the annals of the St. Louis police department. The detectives said they were without a lead which might lead to further developments after making a minute search of the river district here, where Father Vranick's automobile was found last Saturday.

The crux of the mystery, they added, is in the question of how the priest's automobile was brought back to this city after Father Vranick was last reported seen in it at Virde, Ill., on his way back to Virde after making purchases in St. Louis.

FOLLOW CLUES WITHOUT AN ENCOURAGING RESULT

YRDE, ILL., March 16.—Awaiting probable action by Bishop James Ryan at Altoon, calling upon the Catholics in his diocese to aid in the search for Father John A. Vranick, who disappeared nearly two weeks ago, authorities here and members of missing priest's family announced today that they had worked out every possible clue without a single encouraging result.

Mr. Walsh brought out that Allen O. Myers, general manager of the W. J. Burns international detective agency, came to St. Joseph immediately after the raid.

Mr. Walsh asked the sheriff if he had been through the evidence and if he had found anything else.

NO NEGOTIATIONS CONSIDERED UNTIL TROOPS ARE WITHDRAWN UNOFFICIAL REPLY OF LEADERS

By Associated Press.

BERLIN, March 16.—Germany's unofficial response to the recent announcement that France and Belgium will evacuate the occupied regions as fast as Berlin makes tangible guarantees, asserts that only a complete withdrawal of the allies will make possible any negotiations.

This opinion so far has been expressed only in the press and Reichstag circles, but it is known that the German government has been informed by the government that any negotiations on the conditions of the return of the Ruhr to German control.

Political writers familiar with the attitude of Wilhelmstrasse say that they have heard nothing of the reported German desire to negotiate. Any intimations of peace suggestions that appear in the Berlin press come from outside sources.

Die Zeit, the industrial journal, asserts that the "occupation of territory is no guarantee for deliveries" and that such a situation will be given until the last soldier is evacuated from the Ruhr. This seems to epitomize fairly the attitude of both the newspapers and the Reichstag parties. The government is convinced that it has the unswerving support of Germany's millions in settling forth that there can be no negotiations while the allies remain in the Ruhr valley.

The presence of even restricted forces of occupation, a socialist leader said, "would be a constant reminder of the ten weeks of terror to which the Ruhr workers have been subjected and would constitute a permanent basis of friction."

By Associated Press.

BRUSSELS, March 16.—The reported dispatch of 5,000 Belgian troops to the Ruhr can be authorized only after the Belgian army of occupation, which is at present about that number, has been reduced to 10,000 men. It is stated that French troops are being sent to relieve those now in occupied Germany.

The Belgian socialists in the senate and chamber have decided to accept the British laborite invitation for an international conference in Paris to seek a solution of the reparations question.

The Belgian socialists have appointed a committee of twelve to proceed to the Ruhr to investigate conditions there following the example of the British laborites.

WALTHAM BEGINS HIS DUTIES AS SUPERVISOR OIL AND GAS DIVISION

AUSTIN, March 16.—R. E. Waltham, former supervisor of the oil and gas division of the Texas state oil and gas commission, today assumed the duties of chief supervisor of the oil and gas division of the Texas state oil and gas commission.

Waltham was born in 1891 and was educated in the public schools of his native town. He was a member of the Texas state oil and gas commission for several years.

FORMER ACTING IMPERIAL WIZARD OF KLAN MISSING

HOUSTON, March 16.—A nationwide search for Edward Young Clarke, former acting imperial wizard of the Ku Klux Klan, began today to look for a Mann white slave charge, was in prospect today following the failure to appear in federal court here yesterday.

Clarke, under \$1,000 bond, disappeared from his home at Atlanta, Ga., early in the month and his whereabouts are unknown even to his attorneys, Federal Judge J. C. Hutcheson was informed yesterday by an attorney who asked continuance of the case. Clarke's whereabouts are unknown even to his attorneys, Federal Judge J. C. Hutcheson was informed yesterday by an attorney who asked continuance of the case.

Sydney Smith, Clarke's attorney, in asking continuance, said that Atlanta federal commissioner had said he had no authority to set the date of the trial in the Texas court, but that he would be taken to bring Clarke to speedy trial were not definitely announced. It was intimated, however, that a bench warrant, returnable in the Houston federal court, would be issued. Were Clarke arrested under such an order he would be brought here to make bond.

Mr. Smith declared he was not representing the Klan and that he was not a member of it.

ATLANTA, Ga., March 16.—Edward Young Clarke, former acting imperial wizard of the Ku Klux Klan, under indictment for alleged violation of the Mann act in the federal court at Houston, is not a fugitive from justice, it is asserted in parts unknown upon the advice of his counsel, it was stated today by an attorney who asked continuance of the case. Clarke's whereabouts are unknown even to his attorneys, Federal Judge J. C. Hutcheson was informed yesterday by an attorney who asked continuance of the case.

Clarke was born in 1891 and was educated in the public schools of his native town. He was a member of the Texas state oil and gas commission for several years.

INDICTMENTS ARE RETURNED IN MOREHOUSE CASE

MORE THAN 125 ARE EXAMINED BY THE GRAND JURY.

JUDGE ODOM DISMISSES JURY WITHOUT COMMENT

Third Grand Jury Called into Session Since Masked Band Depredations.

BASTROP, La., March 16.—The Morehouse parish grand jury which began its sessions here on March 5, and heard more than 125 witnesses in connection with the masked band activities in the parish during last summer, which had as their climax the kidnapping on August 24 of Watt Daniel and T. F. Richard, whose bodies, the state charged, were found in a lake four months later, submitted its report to Judge Fred M. Odom yesterday stating its failure to find indictments on account of insufficient evidence.

Attorney General Coo and his assistants who presented to the jury the mass of evidence obtained at the state's grand jury in January, were today on their way to New Orleans and it was not known here what further course the state would take in the case.

The grand jury confined its brief report to the "deplorable crime of August 24, 1922," not mentioning the kidnappings, deportations and other offenses charged against the masked bands by the state.

"After stating that it had 'carefully considered all the evidence brought before this grand jury as to the activities of masked and hooded men,' the report added 'the majority of this body are of the opinion that the evidence provided was not sufficient to warrant the finding of true bills against any particular party.'"

Judge Odom dismissed the jury without comment.

Two previous grand juries had been called into session since the outbreak of masked band depredations, but neither of these returned true bills.

"Captain J. K. Skipwith, exalted cyclops of the Morehouse Ku Klux Klan, declared he was pleased with the verdict. 'The state has done its duty and I hope it is satisfied and will let the matter rest,' he said."

STATE MAY MOVE FOR ANOTHER GRAND JURY

NEW ORLEANS, March 16.—The state may move to obtain a new grand jury in Morehouse parish and through it make a second attempt to obtain indictments on murder charges against persons it believes responsible for the death of Watt Daniel and T. F. Richard on August 24, according to T. Ramsey Walmsley, assistant attorney general here today.

He indicated that at the same time the attorney general's office probably would file information against more than two score individuals who he said had been linked with the Morehouse parish crimes on minor charges.

If this plan of procedure were carried out, he explained, the cases would not require action by a grand jury and the state could proceed with prosecution in the courts.

Keen disappointment was expressed by Mr. Walmsley when informed that no indictments had been returned by the grand jury.

ONLY ONE LANGUAGE SHOULD BE TAUGHT DECLARES OWSELEY

MONTGOMERY, Ala., March 16.—American elementary and high schools should teach but one language and that should be the language of the United States, declared Alvin M. Owsley, national commander of the American Legion, in addressing a general audience here last night.

"One-fifth of our fighting men could neither speak nor write the English language," Commander Owsley said. "This condition could be eliminated and Americans could be working instead of thousands idle, if this steady stream of undesirable immigration was stopped as it should be."

"Sovietism in the United States came in for attack by Mr. Owsley who warned against what he termed continual efforts on the part of the unscrupulous American to bring about a reign of bolshevism."

MRS. J. MARCH PATTERSON DIES AT CHICAGO HOME

CHICAGO, March 16.—Mrs. J. March Patterson, mother of Paul H. Patterson, president of the American Newspaper Publishers association and publisher of the Baltimore Sun, was dead here today. Death occurred at her home here yesterday of a heart ailment.

STERILIZATION BILL IN NOW MONTANA LAW

HELENA, MONT., March 16.—The "sterilization bill," providing for sterilization of congenital idiots and insane confined in institutions with the consent of the guardian and of the custodial officers, passed by the legislature recently, was signed yesterday by Governor Dixon.

AIRCRAFT AVAILABLE FOR DISTRIBUTING RELIEF

WASHINGTON, March 16.—Aircraft of the army and navy air service and the postoffice department will be available in the future for speedy transportation of disaster relief supplies to the American Red Cross. Completion of arrangements for this purpose with the three government departments was announced today at Red Cross headquarters here.

KING SIGNS DECREES GIVING FULL EFFECT TO 1919 LABOR AGREEMENTS

ROME, March 16.—King Victor Emmanuel has signed two decrees giving full effect to the Washington labor conventions of 1919.

Albio T. Thomas, director general of the international labor bureau, telegraphed Premier Mussolini an expression of his thanks for the contribution thus made by Italy to international labor legislation.

ACQUIT MRS. WELLS OF PETIT MURDER; PLEADS INNOCENCE

MINEOLA, N.Y., March 16.—With a smile on her face denoting the "inexpressible happiness" that she expressed with her lips, Mrs. Mary Elizabeth Wells walked out of the courtroom today a free woman. Just before midnight she was acquitted of the murder of Captain James M. Pettit, with whom she lived at Massapequa inn which he kept.

The jury was out about five hours.

Mrs. Wells' acquittal followed closely two convictions of women charged with having murdered men with whom they had been intimate. In each case the trial jury was chosen because of a professed inability to judge testimony against women charged with murder with their heads rather than with their hearts.

Her two predecessors, Mrs. Lillian Hansen and Mrs. Paulette Saldaña, unlike Mrs. Wells, admitted having shot their victims to death, but pleaded justification and mental instability. At all times Mrs. Wells maintained that she did not shoot Captain Pettit.

The basis of her defense was that she had no reason to punish Pettit. Her love for him was too great, she pleaded.

The jury had been charged by the court that Mrs. Wells either had killed Pettit or that he had committed suicide. His body was found in his room the night of January 7 with his heart blown out by a shot gun shell. Mrs. Wells and he had quarreled a short time before.

AGED WOMAN PROBABLY FATALLY BURNED AT DALLAS

DALLAS, March 16.—Mrs. Lizzie Pinkett, 77, was probably fatally burned at her home this morning when her clothing became ignited from a gas stove. If C. Bridges was badly burned about the hand while smothering the flames which had enveloped the aged woman.

PRELIMINARY CONFERENCE WILL OPEN NEXT TUESDAY

PARIS, March 16.—The preliminary conference among the allies for examination of the Turkish counter proposals to the Lausanne draft peace treaty will open next Tuesday in London. It was indicated here today in an announcement that the French government authorities were engaged in preparatory work for this meeting.

Safe instant relief from CORNS

One minute—and the pain of that corn ends! That's what Dr. Scholl's Zino-pads do. They remove the cause—friction—pressure, and heal the irritation. Thus they avoid infection from cutting your corns or using corrosive acids. Take advantage of this new relief from corns, blisters, bunions. Get a box today at your druggist's or shoe dealer's.

Dr. Scholl's Zino-pads

Made in the laboratories of The Scholl Mfg. Co., makers of Dr. Scholl's Foot Comfort Application, etc.

Put one on—the pain is gone!

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive, Method That Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable, or no disease that will lead to so much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries which you smoke in a dainty pipe or cigarette. The smoke vapor is inhaled into all the air passages of the head, nose, throat and lungs and carries medicine where sprays and douches cannot reach. Its effect is soothing and healing and is entirely harmless. It contains no opium or tobacco, and may be used by women and children as well as men.

If you suffer from catarrh, asthma, bronchitis, deafness, or if subject to frequent colds, you should try Dr. Blosser's Remedy which may be had at any drug store; or if you desire proof of its beneficial and pleasant effect send ten cents (coin or stamps) to The Blosser Co., 27 E.D. Atlanta, Ga. for a trial package.

HENRY TOUSSAINT MURDER CASE WILL BE TRIED APRIL 17

Henry J. Toussaint, charged with the murder of his father, O. H. Toussaint, will be tried in the 25th district court on Monday, April 17.

The defendant was arraigned on the new indictment returned by the recent grand jury of the 25th district court Friday morning. He pleaded not guilty to the charge.

A special venire of 250 men was ordered and the names were drawn from the jury wheel during the morning. Personal service on the defendants was waived by the defendant and his attorneys as well as the presence of the court at the time the names were drawn.

District Attorney Walter P. Henck stated that he would arrange to be present when the case was tried.

SUPREME WAR COURT OF RUSSIA CONDEMNS SIX MEN TO DEATH

MOSCOW, March 16.—The supreme war court has sentenced to death six men, most of them convicted with the general staff of the army. They were charged with espionage on behalf of Lettish agents.

A number of other persons tried or espionage received prison sentences.

BODY OF W. S. CARTER IS TAKEN TO WASHINGTON

BALTIMORE, March 16.—The body of William S. Carter, former president of the Brotherhood of Locomotive Firemen and Engine men, who died at a hospital here last night, today was taken to Washington, where he will be buried with Masonic ceremonies either tomorrow or Sunday. Mr. Carter had been living in Washington, serving as manager of the research bureau of the Brotherhood of Locomotive Firemen and Engine men.

Mr. Carter came to the church home and infirmary about three weeks ago suffering from arterio sclerosis. He was born at Austin, Texas, August 11, 1859.

VERDICT OF GUILTY WITH FORTY YEARS FOR SIDNEY WELLS

DALLAS, March 16.—Sidney Wells was found guilty of murder and sentenced to 40 years in the penitentiary by a jury here today in connection with the shooting of Tom I. Wood, deputy sheriff, who was killed near Garland, Texas, 21, 1922, during a raid by officers on an alleged still. Evelyn Layton Comer and Henry Bell had been given ten years' imprisonment in the same case. They have appealed.

To Save Enamelware.—Put your new enamelware safely in a pan of warm water and allow the water to come to a boil then cool the pan. Vaseline treat this way, usually last much longer before burning or cracking.

PLAYGROUNDS ARE DISCUSSED BEFORE BUSINESS COUNCIL

STEPS FOR ACTION HERE ARE TAKEN AFTER AUTHORITY IS HEARD.

TO MEET TUESDAY TO COMPLETE TRIP QUOTA

Graham Man Tells of Tentative Plans for Establishing Branch Parkery Here.

An impressive talk on the question of playgrounds, by Dr. W. E. Curtis of Ohio, featured the weekly luncheon of the business council of the chamber of commerce at the Kemp Friday. The business council is customarily rather impatient of tales by "outsiders" and holds the watch on them, but Dr. Curtis put the subject up in such an effective way that he was allowed all the time he wanted.

Most of the members of the council promised to meet at the chamber of commerce rooms Tuesday morning for a drive to complete the trade personnel, which is being filled as rapidly as might be.

The council heard a brief talk from H. L. Alderson, connected with the packing plant at Graham, who told of tentative plans for establishing a branch plant in Wichita Falls. He was assured that this city would cooperate actively when his plans assumed definite form.

Dr. Curtis, discussing playgrounds, put the question of play and recreation on a business basis, seeking to show that money expended for play facilities was repaid many times over in the saving effected on handling of delinquent children, tuberculosis children and the like. The United States spends eight times as much for cigarettes as for playgrounds, Dr. Curtis said, hinting rather broadly that playgrounds are of more benefit to the growing youth than the cigarettes are.

This country spends enough in one year to care for tuberculosis, Dr. Curtis said, to build existing playgrounds for 250 years.

When efforts were made in New York City to establish a playground system, the speaker said, it cost about a million dollars an acre to get around; communities like Wichita Falls, he pointed out, could save for the future and acquire suitable land before it became too costly.

Mayor Collier spoke on the same subject, heartily endorsing Dr. Curtis' remarks, and reciting some of his own experiences, as a boy, to show that the youth who has the chance to play is much more apt to keep out of trouble. John W. Bradley, A. M. Nash, Lee Clark, Dr. Everett Jones and others spoke briefly. Bert Bush, declaring that a stranger who heard the discussion might think that Wichita Falls possessed no playgrounds whatever, sought to correct any such impression. Dr. Curtis said that playgrounds lost much of their usefulness unless supervised. He told of seeing a number of youths in a grain game on a public playground recently.

The matter of getting city and school subdivisions together for a comprehensive playground plan was referred to the civic affairs committee of the chamber of commerce.

VOLLEY BALL BETTER THAN DRUG STORE FOR COMPLEXION, TELLS GIRLS

Dr. Curtis, playground expert who was brought to the city by the Parent-Teachers' Association, spoke to a large assembly of students in the high school auditorium Friday morning on the subject of physical training. He compared the physical training in the public schools of other countries and that of America, and told the students the necessity of keeping fit.

In telling of the athletic activities of other countries, Dr. Curtis

Demolay Minstrel Boys Ready to Rise and Shine; First Performance Friday

stated that in Germany, before the war, the public schools had a long systematic plan for exercise. He also said that the Germans had realized the advantages afforded by walking, and that the school children would walk great distances, gaining both a knowledge of the geography of their country and physical training.

"England is one of the most athletic nations in the world," said Dr. Curtis. He said that all boys are required to take part in at least three games, football, cricket and tennis. In comparing the athletics of America with those of England, Dr. Curtis said that the employed 15 coaches for 11 football men, while Oxford never had over one or two coaches. However, at graduation, the American athletes entirely drop their athletics, while the English take part in all sports even after they have reached the age of fifty.

In speaking to the girls, Dr. Curtis asked how many took part in baseball games.

"Yet," he said, "in cricket the ball is much harder, and the racket much heavier than a baseball bat, and even after English school girls are required to spend 15 hours a week at cricket." He advised the girls to take up volleyball or indoor baseball, saying that in hour a day at these sports would give a much better complexion than the drug store.

In conclusion, Dr. Curtis gave his five rules of sportsmanship: 1.—Courtesy to the opponent. 2.—Play the game according to rules. 3.—Abide by the decision of the umpire. 4.—Be a courteous loser. 5.—Be generous. Dr. Curtis told the students that these were also the rules of life.

"It is your duty," he ended, "to see that you get sufficient physical training."

J. W. Santwell, newly elected superintendent of schools, was also introduced to the students Friday morning.

DEATHS

Mrs. Cassie Hanks, 67, died at the home of her son, O. D. Doyle, 1800 Fifth street at 2 o'clock Thursday afternoon. Funeral services were held from the residence at 3 p. m. Friday. Burial was in Riverside cemetery.

Funeral services were held for John Cox, 810 Cox, Leonard Trolinger, Omar Lee, A. Lee, and Elmer Tillman.

Everything is set for the opening performance of the Demolay Minstrel Friday evening, judging from the final rehearsal Friday afternoon. The end men are full to the brim of the necessary pep, and the songsters are ready to enrapture the audience with their melodies.

Some of the acts of the show have been changed and lengthened. The musical number is expected to be one of the hits of the evening, since the "Musical Roughneck" are talented along their line, and are ready to give the best musical performance local fans have ever had the privilege of hearing.

The only difficulty the minstrel officials have had during the past week, has been the accumulating of properties. Property men have been scouring the city over to find everything from a broken rocking chair to a white mule, and have succeeded to get all the required articles.

Then will be another performance Saturday night.

MUSICIANS CLUB STUDIES TCHAIKOWSKY THURSDAY

The Musicians studied Tchaikowsky at their Thursday morning meeting at Kemp Hotel, when Miss Ussie Bartlett led the lesson.

Miss Lucy Higgins discussed the symphony orchestra and symphony organization. Mr. Youngblood interpreted Tchaikowsky's "Eugene".

Mr. Barron sang an aria from Jeanne d'Arc, with Mrs. Collier at the piano. Mrs. Edwin Webb, Miss Bailey and Mr. Ellis gave a violin, cello and piano trio the "Chant d'Automne" from the composer, and two piano numbers, the "Ballad" and "Fugue" and Rebikov's "Musical Box" closed the program.

During the business session Mrs. O. B. Kiel, chairman elect of the program committee for next session, gave an interesting outline of the proposed course of study. Mrs. Nicholls, local chairman of the state convention, which is to be held in Wichita Falls in April, reported the convention arrangements well under way.

The Musicians voted to continue \$5 toward the \$100 pledge of the first district for placing the name of Mrs. Robert H. Robinson, first district president, on the list of founders in the state endowment fund. At the Houston convention the past year each district placed the name of its president as a founder, in the campaign for the endowment fund, and Mrs. Mamie Bolemon Wyne proposed the name of the first district president for first place on the list.

SUIT FOR \$50,000 IS FILED AGAINST BABE RUTH FRIDAY

NEW YORK, March 16.—The \$50,000 suit of Dolores Dixon against Babe Ruth, Yankee home run slugger, accusing Ruth of attacking her during a motor trip to Long Island, was filed in the New York county clerk's office today by George Feinberg, her lawyer.

The complaint alleges that Ruth is the father of a child, as yet unborn to Miss Dixon.

The complaint against Ruth, sworn to by Barbara Escos, guardian ad litem for Miss Dixon, declares also that Ruth was a visitor at her home during July and August, 1933, and that he treated her brutally.

Ruth, who is training with the New York Americans at New Orleans, several days ago through his attorney, characterized the charges as blackmail, saying he did not know Miss Dixon.

SELF-DENIAL WEEK BY SALVATION ARMY MARCH 25 TO APRIL 1

March 25 to April 1 will be "self-denial week" for the Salvation Army, the annual period when a special effort is made to provide for forwarding the work of the army.

F. O. Burdick, adjutant, has made the following announcement: "Salvation Army makes a special effort, once during every year to raise funds for missionary work. This occurs during self-denial week, a week set apart when all officers, soldiers and friends of the army unite to abstain and deny themselves in various ways, according

to their position, and devote the money so obtained to forward on the work. To hundreds of millions of children in mission lands have never heard the name of Jesus Christ; half of all the people alive today will die without the benefit of Christian preaching—unless missionary work is vastly extended at once.

"Every great pestilence, the bubonic plague for instance, has had its origin in the ignorance and superstition of non-Christian lands. The security and peace of civilization can only be hoped for when the teachings of Christ have enlightened the whole world. Jesus Christ himself tells us to carry on the gospel to all the world. Won't you deny yourself one week that those in darkness may receive light? Cooperate in a real spirit of self-denial so that our comrades in the mission lands, giving their lives for the unrequited world, may be comforted by the realization that we are with them in spirit."

"Will you help that in 76 countries and colonies throughout the world, in which Salvation Army home and foreign missionary enterprises are carried on, this great continuous work for the salvation of souls may be sustained and extended? Pa and Ma Burdick and

the soldiers, and friends of the local post, are very anxious to do their part in this immense task of Christianizing the world."

In 1888 a bill was introduced in the Kansas legislature appropriating money for drilling four deep holes in the ground "to see what can be found."

Top minnows were safely shipped recently from the United States to Palestine for use in fighting the malaria-carrying mosquitoes there.

A Good Thing—DON'T MISS IT. Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and debility throat; Chamberlain's Stomach and Liver Tablets for stomach trouble, indigestion, gas, pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, bites, and skin afflictions; these valued family medicines for only 5 cents. Don't miss it—adv.

During the business session Mrs. O. B. Kiel, chairman elect of the program committee for next session, gave an interesting outline of the proposed course of study. Mrs. Nicholls, local chairman of the state convention, which is to be held in Wichita Falls in April, reported the convention arrangements well under way.

The Musicians voted to continue \$5 toward the \$100 pledge of the first district for placing the name of Mrs. Robert H. Robinson, first district president, on the list of founders in the state endowment fund. At the Houston convention the past year each district placed the name of its president as a founder, in the campaign for the endowment fund, and Mrs. Mamie Bolemon Wyne proposed the name of the first district president for first place on the list.

MUSICIANS CLUB STUDIES TCHAIKOWSKY THURSDAY

The Musicians studied Tchaikowsky at their Thursday morning meeting at Kemp Hotel, when Miss Ussie Bartlett led the lesson.

Miss Lucy Higgins discussed the symphony orchestra and symphony organization. Mr. Youngblood interpreted Tchaikowsky's "Eugene".

Mr. Barron sang an aria from Jeanne d'Arc, with Mrs. Collier at the piano. Mrs. Edwin Webb, Miss Bailey and Mr. Ellis gave a violin, cello and piano trio the "Chant d'Automne" from the composer, and two piano numbers, the "Ballad" and "Fugue" and Rebikov's "Musical Box" closed the program.

SUIT FOR \$50,000 IS FILED AGAINST BABE RUTH FRIDAY

NEW YORK, March 16.—The \$50,000 suit of Dolores Dixon against Babe Ruth, Yankee home run slugger, accusing Ruth of attacking her during a motor trip to Long Island, was filed in the New York county clerk's office today by George Feinberg, her lawyer.

The complaint alleges that Ruth is the father of a child, as yet unborn to Miss Dixon.

The complaint against Ruth, sworn to by Barbara Escos, guardian ad litem for Miss Dixon, declares also that Ruth was a visitor at her home during July and August, 1933, and that he treated her brutally.

UNION STATION AT GRAHAM DEDICATED THURSDAY EVENING

RAILROAD BUILDERS AND OFFICIALS ATTEND; PARK TO BE IMPROVED.

MARKS CULMINATION OF COMMUNITY EFFORT

Leading Citizen of City Saw Personal Benefits Sacrificed For City's Advantage.

The new union station at Graham, constructed jointly by the Rock Island and Wichita Falls & Southern lines, was formally opened Thursday evening. Officials of both railroads, and a number of Graham citizens attended the ceremony.

The station is a handsome and commodious brick structure, costing about \$40,000. The railroads provided a small tract of land for a park, and steps were taken Thursday night for immediately improving this tract and making it an attractive gateway to the community.

The opening of the station marks the culmination of the efforts of the city of Graham to secure direct connection with Wichita Falls. When the extension of the Southern southward from Newcastle was first projected, it was intended to build directly south, missing Graham. M. K. Graham, leading citizen of the town, started negotiations to bring the line through Graham, and was at first met with a flat refusal. He persisted, however, and Graham gave a bonus, right of way of way and terminal site aggregating over \$200,000. Mr. Graham is the owner of an 8000-acre tract just south of Newcastle, which would have been greatly enhanced in value had the road taken the route originally planned. He took the view that the interests of his home town outweighed his personal benefits, and cheerfully saw the road built in such a way that his land received only nominal advantages.

Frank Kell, J. J. Perkins, H. P. McFarland and a number of Southern officials attended Thursday evening's affair, returning late at night in Mr. Kell's special car.

TWO BANDITS WHO ROB HOUSTON MAN ARE HELD IN JAIL

HOUSTON, March 14.—Two bandits who early yesterday held up Captain H. C. Alden, former marine superintendent for S. S. Galtco, and Company of Galveston, and relieved him of approximately \$1,155 in money and valuables, were in custody in San Antonio today. They had through tickets to El Paso and gave their names as Louis Darby, alias "Slim" Daniels, and Glen Weeks, alias J. C. Wells. An amount of money corresponding to that taken from Captain Alden was said to have been found on the men.

PRESIDENTIAL PARTY PLANS FISHING TRIP

MIAMI, Fla., March 14.—Refreshed from a night's rest ashore in the Coccoloba Cay club, at Coccoloba Cay, an island some 25 miles south of here, President Harding and his fishing party today awaited the calming of choppy seas before venturing into the open Atlantic for a taste of barracuda fishing. The presidential party arrived at the island late yesterday after a round of golf earlier in the day on the Flamingo course while Mrs. Harding spent her first night ashore. In more than a week with her hostess, Mrs. Edward B. McLean, in a cottage near the Flamingo hotel. Besides being prepared for the barracuda, President Harding was anxious to take a fling at the amberjack and the king as soon as conditions on the water would permit. Calmer seas were expected with abatement of the stiff northeasterly wind which held throughout yesterday and last night.

Cut off from the mainland by Discayne bay, with radio the only means of communication, the president is enjoying more seclusion than at any time since his vacation began.

COLD WEATHER BRINGS MANY DRUNKENNESS CASES BEFORE COURT

Cold weather over Thursday resulted in drunkenness being the chief source of worry to the police force. Several names with an infraction charge written opposite them appeared on the police blotter Friday morning. Empty prescription bottles the contents of which the defendant admitted he had not taken according to directions, and a new variety of patent medicine which is said to produce the desired results, were introduced as evidence in the two cases that came to trial. Fines of \$5 each were assessed in the two cases.

A negro charged with vagrancy pled guilty to the charge and was given a fine of \$10 on condition that he agree to leave town as soon as he had served his time. He as he had served that he had served one term in the penitentiary and was now under indictment in the Tarrant county court.

Denver Newspaper Man Dead. DENVER, March 14.—F. O. Dickson, financial editor of the Rocky Mountain News and the Denver Times for many years, died here yesterday.

POWERFUL POISON FOUND IN BOTTLE; TO EXHUME BODY

CHICAGO, March 14.—Finding a powerful poison in a bottle of medicine, believed by a coroner's chemist to have caused the death of two sisters, Mary F. Cummings, 29 years old, and Anna Cummings, 35, within a month, today started police on an inquiry that contemplated exhumation of the younger sister's body.

Analysis of the medicine was made last night. Poison, powerful enough to etch glass when unmixed with other chemicals, was found, according to the coroner's physician.

When the coroner's statement was issued police said steps would be taken to exhume the younger sister's body. Should relatives refuse that permission police said, court proceedings would be instituted to compel their acquiescence.

After questioning numerous persons police said they could find no motive for substitution of poison for part of the original contents of the bottle.

Miss Alice Cummings, a sister, testified that both Mary and Anna died with the same symptoms, each after having taken a dose of the medicine contained in the bottle.

HENRIETTA PARTY AT BELLEVUE FOR GOOD ROAD BOOST

HENRIETTA, March 14.—One hundred members of the local chamber of commerce made a booster trip to Bellevue Thursday night for the purpose of advocating the good roads action to be held March 20.

The boosters were accompanied by the local band and were accorded a royal reception and a big banquet by the Bellevue citizens, according to those present.

Henrietta speakers included J. S. Dickey, R. J. Brown, W. J. Glasgow and County Attorney Vincent Sims, who were introduced by N. T. Gains, mayor of Bellevue.

Dr. Sherill of the Bellevue chamber of commerce was master of ceremonies and a program was rendered by the fine arts department of the Bellevue schools.

MOVE SICK CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

MOTHER! Even Bilious, Upset, Tongue-Coated Children Love this Pleasant, Harmless Laxative

A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.—Adv.

REPORT PANHANDLE RANGE CONDITIONS MUCH IMPROVED

ABUNDANCE OF RAIN HAS
FALLEN DURING THE
PAST MONTH

CONDITION OF CATTLE
SHOWS IMPROVEMENT

Mild Winter and Early Weeds and
Grass Are Contributing
Factors

HOUSTON, TEXAS, March 16.—An abundance of rain has fallen since the last report a month ago which has started the growth of grass and weeds and greatly improved the condition of stock and range. It is reported by the U. S. Division of Crop and Livestock Estimates. Sales of stock have been few so far, but it is felt that range prices are advancing with prospects excellent for great activity in both the cattle and sheep industry. The improvement in the range, in the financial situation, the reduction in the workmen unemployed and the increasing per capita consumption of meat are tending to bring the condition of the stockman back to normal.

Cattle have improved in condition from 80 per cent on March 1 to 90 per cent on March 15. In practically all instances, except in portions of the Coastal Plains where the cold spell early in February caused thousands of deaths, cattle have wintered very well. The mild winter and early weeds and grass are bringing about a most satisfactory condition. The condition of cattle range, has been from 77 per cent 15 per cent during the month, and spring prospects are the best in years. Calves are beginning to drop.

Livestock Prices
Some of the prices reported range below and some above those given here but the bulk of the sales have been as follows: Calves, from \$11 to \$25 with an average of \$18; yearlings and coming 2-year-old steers, from \$12 to \$25 with an average of \$17; 2-year-old steers and over, from \$25 to \$45 with an average of \$35; breeding cows, from \$25 to \$45 with an average of \$31. The condition of sheep was reported as 90 per cent last month and as 91 per cent on March 1. Sheep of all classes show a steady improvement in flesh and ewes are in good condition. They have had a mild winter with few range losses as a consequence losses have not been great. Sheep ranges indicate a 92 per cent condition with prospects for them to go above normal very quickly. Good, soaking rains have started weeds and grass coming fast. The demand for wool is strong and wool with the situation the best in years; wool prices are good, sheep are healthy, a good lamb and wool crop is expected and muttons will be fat in May.

The price of lambs reported range from \$5 to \$8 with an average of \$6.50. A few sales of ewes and yearlings have brought from \$5 to \$10 depending upon quality and whether clipped for fall. Lambs for September 1 delivery have sold at \$2.50 to \$2.55. Breeding ewes range in price from \$5 to \$12; average \$10. Most ewes are from \$5 to \$12; 2 to 3-year-old ewes bring around \$4. Ewes are generally in good condition with lambing volume expected the latter part of March.

Range Conditions
Panhandle: Weeds and wild rye are well started; range sufficient for more cattle; fairly well stocked with breeding cows and young she cattle; prospects for a good calf crop; demand slow for she-stuff, but particularly good for yearling steers. Cattle coming thru winter well with but few poverty losses; sold off close last year and surplus not large this spring; steers contracted for shipment to Kansas grass, latter part of April. There are inquiries from banks and loan companies for cattle paper. The bulk of leases for grass in Kansas will range from \$5 for helpers to \$6 for steers; yearling steers at around \$5 or \$7.

North district: Cattle generally in fair condition; cows rather thin; have wintered better than usual; grass prospects good and moisture ample; more feeding necessary than in several years; larger percentage of cows than usual. There is active inquiry for stock of all classes.

West district: Weeds coming thick and grass greenening; recent rains inestimable value; best season in years; early grass assured; February rains unusually heavy. Few calves dropping; fewer cows on hand due to liquidation of past years; cattle shipped in from drought

country thin, but no losses; some cattle on edge, particularly those heavy with early calves. Sales few; demand for steers of all ages and local call for stocker cows.

West center: Range prospects best in years; weeds and grass starting promise early fat cattle and good calf crop. Cattle wintered in good shape—they are thin but healthy; losses have been light. Sales few; owners inclined to wait for better prices; northern feeders took large percentage of steers and calves last fall; little trading except in steers for spring delivery; many cows and heifers were shipped in. There is considerable inquiry for steers at little stronger prices.

Center and east: Grass and weeds growing well; normal numbers of stock on pasture. Considerable feeding was necessary during winter; cattle in fair condition; fewer calves; little activity in cattle business; demand for stockers and well bred bulls; few shipments; calf crop promises to be early and good. Many aged steers were shipped to south Texas last fall.

South district: Range excellent and could carry many more. February rains ample; little feeding has been necessary; sections of coastal plains too wet. Prospects for fair crop and early fat cattle; every class should be fat in 60 to 90 days. Stocker market has been much strengthened by rains; much local demand; few sales but considerable inquiry for all classes; buyers for Kansas pastures starting to locate stuff; prices becoming better. There appear to be fewer cowboys and aged steers than last year.

Southeast district: The range is covered with water in places and heavy losses in Jefferson, Chambers, Matagorda and Brazoria counties; cattle in fair condition, but have gone back considerably since cold spell. Calf crop may not be up to average; heavy calf shipments of past two years have made supply of 1 and 2-year-old steers light—many not many cattle of any class moving.

HOLD FUNERAL SERVICES FOR B. H. McWILLIAMS

ELECTRA, TEXAS, March 16.—Funeral services for B. H. McWilliams were conducted by Rev. M. M. Francis, pastor of the First Baptist Church, and the remains were buried by the E. of P. lodge of which McWilliams was a member. He died in Dallas Thursday, following an operation some six weeks ago. Mrs. McWilliams reached his bedside just before her husband died, having been summoned from Electra by telegram. McWilliams had been in the employ of the Texas Company for a number of years. He is survived by his wife and two children. Out of town relatives who attended the funeral were W. M. King of Houston, Miss Ada King of Dallas, and Miss Dixie King of Wichita Falls, brother and sisters of the wife.

MINOTRA BUICK COMPANY OCCUPIES NEW BUILDING

ELECTRA, TEXAS, March 16.—The Minotra Buick Company has opened its new building at 325-1/2 North Main street. The old Star Garage has been remodeled throughout for its new occupants, having a show room 35 by 56 feet with driveway on either side. The building is 73 by 113 feet and is one of the pioneer landmarks, having been one of the most aggressive liveries in the northwest before the days of the automobile in this section.

A modern service station has been installed, and the old brick front has given way to a magnificent plate glass across the entire width of the building.

CLARENDON FIRE DEPT. CLARENDON OFFICES

CLARENDON, March 16.—Fire department part of the (formerly) building here Thursday afternoon, starting in the office of Dr. Reynolds. Contents were a loss in his office, also the offices of Dr. Strickland and Carroll, only damage by water to the office of Dr. Ellis. Water also very badly damaged Haver Bros.

Final Chapter of Empty Grave Case Is Being Written

FORT WORTH, March 16.—The Aspermont "empty grave case" in Stonewall county started its final chapter here when Hyrd Cochran was lodged in Tarrant county jail by Bud Russell, penitentiary agent, to await the gathering of other convicts from nearby towns, with whom he will be taken to prison to serve two years for alleged swindling.

Cochran, although resigned to his sentence, maintains his innocence of implication in the swindling of the insurance companies out of the money collected on policies. He claims that that was an after thought of his accomplice. His fake burial, not discovered until a year and a half later, was to avoid being taken back to New Mexico to answer what he claims was a trumped up indictment for murder and where he feared he would be slain by Mexican enemies. If he did not go his friends forfeited a \$15,000 bond, he says.

The mechanics of the fake burial

The matter of the graving of the street from the Denver right-of-way to the corner of the treasury and on to the next corner was taken up as it had to do with the payment of the graving. Councilman Green, on the street committee, had agreed to the work. It appeared that the policy of the city had been to repair streets, put them in shape for traveling, etc., when requested, but the city has not graveled any of the streets, this being done by the citizens. In this instance the city did the grading and dragging of the street but would not pay for the graving.

AWARD CONTRACT FOR COUNTRY CLUB HOUSE

CLARENDON, March 16.—O. W. Latson, contractor of this city, secured the contract this week for the club house from the directors of the Clarendon Country Club, which is to be finished on or before May 15. This will be a modern bungalow, 10x24, with long porch, reception room, kitchen, dining room, lavatory and other conveniences.

have never been explained. It is believed that he was "doped" before being laid out for burial, and a weight substituted for his body making final preparations for burial. The coffin was not opened at the grave at the request of his wife. She died before the community of Aspermont was started by the discovery that the grave of Cochran had never contained a corpse. The burial took place in March, 1915, and Cochran was arrested two years later. He was convicted a year ago.

Cochran was at the time of the fake burial a well-to-do farmer and ranchman. He is now penniless.

WILMERS DAY AT NATION'S CAPITAL RESULT NEW LAW

CONDITION SEEN IN "AIRPLANE
VIEW" OF EVENTS OF
DAY.

ANNOUNCEMENT FROM THREE DEPARTMENTS

Senator Underwood Figures Large
in More Recent Developments.

BY MARK SULLIVAN
(Copyright 1923, N. Y. Tribune, Inc.)
Political Correspondent of the New
York Tribune and Wichita
Daily Times.

WASHINGTON, March 16.—An airplane view of today's events in Washington would reveal it as the Wilmers day in more than one sense. The announcements from three government departments, as well as from some unofficial agencies, dealt with the beginning of action for loaning money to the farmers under the provisions of the various farm relief bills.

What is more interesting is a thing that is developing for the future. The Republican party, the Democratic party, the American Farm Bureau Federation, which is the dominating influence of the farm, the International Bankers in New York, domestic bankers in Chicago, and organizations of business men who sell goods to the farmers, and several other groups, all acting separately but toward the same end, are going on the assumption that the real salvation of the farmer and of American business generally is the restoration of European markets for American farm products. The Democratic party looks upon the lack of this as the basis for the 1924 campaign. The Republican party looks upon the lack of this as the basis for the 1924 campaign. The Democratic party looks upon the lack of this as the basis for the 1924 campaign. The Republican party looks upon the lack of this as the basis for the 1924 campaign.

Starts With Underwood
So far as it is a matter of record, the career of Senator Underwood, who, during the closing days of the Senate, just before he himself started for Europe, and just before it was announced that he was to be put forward for the Democratic presidential nomination, read into the record an impressive statistical record of his career. The record shows that the true degree of the menace to the American farmer is not the lack of the ordinary trade figures, and more than has been realized generally from the condition of Europe is more serious than is apparent from the ordinary trade figures, and more than has been realized generally from the condition of Europe is more serious than is apparent from the ordinary trade figures.

FOOD SALES TO BE HELD DOWN TOWN ALL DAY SATURDAY

There ought to be plenty to eat in every household in Wichita Falls Sunday, with six different women's organizations advertising home-spoken food sales downtown all day.

At the O. W. Smith grocery the North Side Civic League will hold a bake sale all day, with all kinds of good home baked cakes, pies, bread, etc.

At the P. B. M. store—right out in front—the D. O. D. class of the First M. E. Church, South, will have a cooked food sale, with many varieties of cooked food dishes for sale.

At Tipton's Drug Store the Floral Heights Methodist ladies of Circle Two will have a cake and cookies sale.

At the D. B. Market on Indiana, Circles Three and Five of the T. E. L. class of the First Baptist Church will have a cooked food sale.

At Piggly-Wiggly store No. 2, the Bowie parent-teachers will have a cake and pie sale.

At Anderson's store Division One of the First Christian Aid will have a big candy sale.

At the P. B. M. store—inside—the Barwise mothers will have an apron, cap and canned fruit sale.

Stamp for sale at Times Office—adv.

HISTORY CLASSES PRESENT PORTRAITS TO SCHOOL FRIDAY

The American history classes of the high school Friday presented the school with large portraits of the five most representative men in the history of the United States.

They are Washington, Lincoln, Lee, Roosevelt, and Wilson. The pictures were ordered some time ago, but only recently arrived.

They were framed by the manual training classes.

Chief of Police J. W. McCormick and Deputy Sheriff W. W. Decker arrested a man who gave his name as T. L. Brown, on a charge of forgery Friday afternoon.

The man presented a \$45 check at the Wichita State Bank made to and endorsed by T. L. Brown, the check was recognized by the teller as a forgery and the matter was reported to the police department.

The man was taken to the city hall and later confessed that the check was forged and that his name was J. V. Lewis. He was transferred to the county on a charge of forgery.

REVENUE COLLECTORS ARE MAKING UP THE TOTALS

WASHINGTON, March 16.—While the general public turned with a deep sigh of relief to pleasant things, revenue collectors throughout the country still were deeply immersed today in the annual deluge of income tax mathematics, and officials here predicted that it would be several days before reliable figures were available on the total they had been paid into the federal treasury.

Such estimates as were received, however, led officials at the treasury to reaffirm their previous guess that the quarterly collections would amount to around \$400,000,000.

FORGERY DETECTED BY TELLER WHEN CHECK IS OFFERED

Chief of Police J. W. McCormick and Deputy Sheriff W. W. Decker arrested a man who gave his name as T. L. Brown, on a charge of forgery Friday afternoon.

The man presented a \$45 check at the Wichita State Bank made to and endorsed by T. L. Brown, the check was recognized by the teller as a forgery and the matter was reported to the police department.

The man was taken to the city hall and later confessed that the check was forged and that his name was J. V. Lewis. He was transferred to the county on a charge of forgery.

REVENUE COLLECTORS ARE MAKING UP THE TOTALS

WASHINGTON, March 16.—While the general public turned with a deep sigh of relief to pleasant things, revenue collectors throughout the country still were deeply immersed today in the annual deluge of income tax mathematics, and officials here predicted that it would be several days before reliable figures were available on the total they had been paid into the federal treasury.

Such estimates as were received, however, led officials at the treasury to reaffirm their previous guess that the quarterly collections would amount to around \$400,000,000.

KANSAS GOVERNOR VETOES SIX BILLS; TOTAL IS NOW 27

TOPEKA, KAN., March 16.—Six vetoes were sent to the legislature today by Governor J. B. Davis, increasing the total number this session to 27. The general reason for the governor's opposition was that the measures called for bond issues or increased taxes.

For several days the legislature has made no attempt to pass a bill over the governor's veto. It is understood that the two houses will discuss the vetoed bills. Thus far the legislature has passed five measures over the executive veto, having been successful in every attempt.

HON. JOHN RUSSELL IS GRANTED A DIVORCE

LONDON, March 16.—The Hon. John Russell, son and heir of Lord Ampthill, was granted a divorce today. A jury found Mrs. Russell guilty of misconduct with an unknown man, but not with Harold Russell, the correspondent. The case attracted wide attention in social circles.

CITY GOLF COURSE TO BE CONSIDERED BY COUNCIL FRIDAY

A committee from the Kiwanis Club is scheduled to meet with the city council at the special session Friday night to discuss the plan for the proposed municipal golf course. It is understood that the Kiwanis Club committee has a definite proposition to make to the council. It has been suggested that the club will provide for the grounds and equipment upon an agreement from the city authorities to assume the responsibility of maintaining the course.

More plumbing troubles and further discussion of the paving protests on Austin street, that were brought up at the Monday night session, will also be brought up at the special session.

What Are You Good For? It's All in Palm of Hand

Palmistry is a science and has nothing whatever to do with fortune telling, your experience with Oracles to the contrary notwithstanding.

It doesn't require psychic or supernatural power to be able to decipher and analyze the meaning of the lines in your hand, but it does take patient, untiring study to master Palmistry just as it does any other science.

There is absolutely no question but what the facts that you ought to know about yourself, the latent qualities that should be developed as well as the natural tendencies that should be curbed, etc., can be accurately analyzed by master of Palmistry.

You can convince yourself very readily by calling at room 11 Maryland Hotel, over Globe Clothing store, Eighth and Ohio—adv.

KATO BAKER

DETROIT, March 16.—There's many a hard knock to be established in the law business. Bob Sage, Detroit University law student is giving them as well as taking them.

So well is he giving these knocks that he has become a big ring favorite here. Sage, known as "Kato" in the ring, is one of the fastest middleweights in the game, and when he's not studying law he's knocking out his tuition, first fees and some opponent in the boxing game.

After holding Bryan Downey to a draw and beating Glen Conkley and a lot of other good boys, Sage has his eyes on the middleweight title. His only loss so far was a foul to Jack Malone.

But when his fighting days are over Sage will take up the practice of law.

SLOW BALL SURE TO GET BIG PLAY IN BOTH MAJOR LEAGUES THIS SEASON

Already from southern training camps is being waited the news about the peculiar deliveries that some of the recruits are putting on display, as well as new styles being developed by the veterans.

Big league pitchers are all working on the theory that the lively ball is to be continued in the majors. It was proved last year that speed and curves alone will not get by with the lively ball.

A change of pace, a slow ball, or some puzzling delivery like the knuckle or finger-ball which calls for only ordinary speed, is now absolutely necessary for success as a big league pitcher.

Last season Joe Bush, with his fast ball, which is merely a slow ball that drops like a sifter, made a most sensational comeback. Bush was once a fast ball pitcher exclusively. An injury to his arm put him out of the running. He spent two years

Bill Evans says

No sport is making more rapid strides than golf. Next to baseball it is the most played.

Within the past 10 years golf has come from a game that was regarded as a hobby of the rich to a near universal pastime.

Like baseball, the big appeal in golf is that it gets the player out into the open. Another feature of golf that has tended to popularize the game is the fact that there is no age limit.

After reaching a certain age, baseball becomes passé, is entirely too strenuous. With golf it's different, the player of 50 is as equal at home as the youngster of 18. It is a game with a wide range.

The increased popularity of the game in the last 10 years has helped competition and developed many more players of class. This is proved each year in the big tournaments, in which some comparatively unknown youngsters often show the way to the veteran stars.

Two or three years ago Gene Sarazen was little known. Today he is the national champion, one of the most talked about individuals in the game. Casting a shadow that threatens at any time to crowd out Sarazen is Johnny "Pop" Jones of New York, touted by many experts as a coming champion.

There is no denying the fact that it is getting more difficult all the time to put over a win in some big tournament. The competition is so keen, and the fields so large and strong, that the favored seldom run true to form.

EXPERTS DOUBT THAT CHAMP GENE SARAZEN WILL REPEAT THIS YEAR

GENE SARAZEN

HOME RUN MANIA CAUSES PROMISING RECRUIT TO SET STRIKE-OUT RECORD

The home-run mania does not fill the strike of all ball players. Major league managers have said that many batters have ruined their value as batters for the desire to get a toe-hold and sock it out of the lot.

One of the first moves to be made by Art Fletcher as the new manager of the Phillies is to change the lineup of Frank Tompkins, his ace and leaser. Possessing a pair of broad shoulders, Tompkins had an idea that he could knock them as far as Italian Ruth, Kenzie Williams, Bob Monett and others.

There were times when Tompkins connected, but then again the strike-out record in the National League for 1922 tells the story of Tompkins' home-run swing. He created a National League record for strike-outs when he whiffed 92 times.

NO DETHRONED HEAVYWEIGHT HAS EVER REGAINED TITLE

With all his trouble of securing suitable ring opponents for the doubtable Jack Dempsey, the question is being asked as to how long the giant fighter is likely to rule the ring. Also, will he ever make a high mark for leading the heavyweight division?

It is going on four years now since Dempsey completely upset the pugilistic world by toppling over the huge Willard at Toledo, and with the pugilistic world looking for a new champion, Dempsey has an excellent chance of hanging up a new record.

In fact Dempsey is over half way to the coveted goal now, the "long distance" title being held by Jack Johnson, who showed the way for seven years, or from 1903 to 1915. Jim Jeffries was out in front five

Seldom do national champs repeat. That is one reason why the experts figure some other star will take away the youngsters' crown in 1923. In addition, competition is getting keener each year, the fields are classier. In order to win one must not only play golf, but also get the breaks. Sarazen got them last year.

While admitting that he has been off his game for several months, Sarazen contends that he is rapidly rounding into form and that he feels he will be as much a menace to those with championship aspirations during the coming season as he was last year.

SOZANNE AGAIN ROMPS ON OUR MOLLA MALLORY

NICE, March 14.—Suzanne Lenglen defeated Mrs. Molla Bjurstedt Mallory, 6-0, 6-0, in their tennis match here on March 12.

The American champion received a severe beating from the world's title holder, not taking a single game to defeat the first set and only scoring eight points.

In the second set Mrs. Mallory took two more games to defeat, but scored only 11 points.

Mlle. Lenglen showed superiority in every department of play.

PAROLE OFFICER FEDERAL PENITENTIARY IN DEAD
 LEAVENWORTH, Kan., March 16.—Captain J. M. Purcell, 42, parole officer of the federal penitentiary here, was dead today despite a blood transfusion which had been made in an effort to save his life.

When it became known Purcell was suffering from stomach trouble which caused him to be unable to take medicine, a blood transfusion was performed. He continued to grow weaker, however, and died last night.

PAROLE OFFICER FEDERAL PENITENTIARY IN DEAD
 LEAVENWORTH, Kan., March 16.—Captain J. M. Purcell, 42, parole officer of the federal penitentiary here, was dead today despite a blood transfusion which had been made in an effort to save his life.

When it became known Purcell was suffering from stomach trouble which caused him to be unable to take medicine, a blood transfusion was performed. He continued to grow weaker, however, and died last night.

Here's the Harp Battling Siki's To Meet the 17th

MIKE MOTTAGE

PULLEN, March 14.—The Vin sisters, known as the "Vin Sisters," have figured in the early training of Battling Siki, Chicago's champion, but hard work has been the order of the day with Mike Mottage, the Irish middleweight champion, who meets Siki here on March 17.

Mottage, who claims the Canadian middleweight championship, seems a match with Siki, and the other European fighters in that class if he can polish Siki.

This picture shows Mike doing roadwork at Mottage's gym near London.

KNIGHTS AND INELIGIBLES IN GO TONIGHT FOR TITLE HONORS; TEXHOMA IS BEATEN

The second half winners of the City League basketball game will be decided Friday night when the Knights of Ineligibles clash with the Knights of Columbus five at Legion Hall. The game is called for eight o'clock.

Captain Sand's Ineligibles crew won the right to meet the Knights when it defeated the Texhoma team 27 to 19 Thursday night. The Ineligibles went into the tilt without their full strength on the court and Texhoma came near upsetting the dope by taking them under for a beating. At least that is the way things looked until the closing minutes of the game.

The two fives started off nip and tuck with the first half ending 12 to 9 with the Ineligibles on the long end of the count. In the second half both teams came back fighting and there was never over a four-point difference in the count at any time during the game. Wigley, Texhoma forward, tied the count with only a few minutes to go with a pretty basket. Powell for the Ineligibles came back with a basket that put him five again the lead and when Haney dropped two more through the hoop the game went to the Ineligibles as Texhoma was held scoreless for the rest of the route.

Ferguson and Powell were the big factors in the Ineligibles' win while Wigley did the best work for Texhoma.

Line up and summary:
 Ineligibles: Ferguson and Gaver, forwards; Haney, center; Powell and Walker, guards.
 Texhoma: Haney and Wigley, forwards; Johnson, center; Putty and Van Horn, guards.

Scoring: Field goals, Ferguson 4, Gaver 3, Haney 1, Powell 1, Putty 1, Wigley 4, Johnson 1. Free goals, Ferguson 1, Haney 1.

The winners of Friday night's game will play Collier and London in the first half, for the championship of the City League.

THE TIMES' GROCERY-MARKET DEPARTMENT

HOME GROWN TRUCK SCARCE JUST NOW; A VARIETY SHIPPED IN

Onions and spinach are the only home grown vegetables being offered on the local markets this week according to various grocery men. It will be 20 to 30 days before much of a variety of local truck stuff can be expected. It is said, and it is true, that the weather is still too cold to hold the growth back.

Spinach can be had at 15 cents per pound and other greens such as mustard, two heads for a quarter, and collard greens are three for 25 cents.

Fresh local onions are 10 cents a bunch. Celery 15 to 20 cents a bunch and beets 10 cents a pound. Tomatoes are two pounds for 25 cents and Florida beans around 10 cents a pound. Egg plant can be had for 50 to 25 cents a pound and beets 10 cents a pound. Beans are six pounds for a quarter and 6 cents a pound is asked for the "pink" variety. There is some squash on the market at around 15 cents a pound and peppers bring about 25 cents.

Supermarket lemons are 25 cents a dozen with California oranges running 20 to 30 cents a dozen. Texas grape fruit are either 2 or 3 for 1 cent, depending on the quality and tanginess are 40 cents a dozen.

Fresh pineapple can be had for 10 cents and California grapes are 10 cents a pound.

Apples have a wide range of 50 to 20 cents a bushel according to the kind. A few boxes of strawberries are offered at 25 to 30 cents a pint box.

Paper Towels Handy.
Paper towels are handy to have about the kitchen. They make a quick way to dry the lettuce and do not bruise the leaves. Lettuce or salad should always be dried before using, otherwise the water dilutes the dressing and injures the flavor.

Bakes Them Better.
A cup of water placed in the oven is said to make cakes, cookies or roasts bake more evenly.

Hot and Cold.
Remember that fresh meat should be put in boiling water; salt meat cold.

Makes Furniture Shine.
Old pieces of velvet or velvet should be saved and used for polishing furniture.

Keeps Away Moths.
Apply gasoline with a sponge or brush to your carpets to keep the moths away.

Quick Quaker Oats
The Quickest-Cooking Oats in the World

Now you get two things in Quaker Oats which no other oats can offer. You get a flavor which has won the world. All Quaker Oats are flaked from queen grains only—just the rich, plump, flaky oats.

And now there is Quick Quaker—the quickest-cooking oats in the world. It cooks in 3 to 5 minutes.

Made from the same queen grains, but the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

In either style you get the finest flavor an oat dish ever had. In Quick you get quick cooking. Tell your grocer which style you prefer.

from **Mexico**
the land of delectable dishes with the real piquant flavor, come the principal ingredients of

Walker's "Red Hot" Chile Con Carne
and
Walker's "Red Hot" Mexene Chile Powder

These products are made by Mexican cooks under ideal sanitary conditions in a big, modern government-inspected factory. They are pure, healthful, economical, appetizing.

Household Suggestions

Clean It Well.
Never use a brass kettle for cooking until it has been thoroughly cleaned with vinegar and salt, inside and out.

It Polishes Glass.
Wash mirrors and windows by rubbing with a chamois skin wrung out of warm water, and dry with a piece of dry chamois skin.

Removes Burned Spots.
To clean enameled or granite utensils in which food has been burned, fill them with cold water and add a piece of washing soda the size of an egg. Heat to the boiling point, then wash in the usual manner and the burned spots will be easily cleaned.

In Candy Making.
When making candy, if you will add a tablespoon of cornstarch to every two cups of sugar, you will find the result greatly improved from the point of texture, creaminess and looks.

Removing Ink Stains.
To remove ink from silk, woolen cotton goods, saturate the spot

with spirits of turpentine. Let it remain for some time, then rub with the hands until the stain is removed.

Use White of Egg.
Dip slices of mush into white of egg before frying and they will be crisp and brown—just as you like them.

Kerosene Helps Burns.
The sting from a bad burn will often be alleviated by the application of kerosene.

Kills Insects.
Wash your plants in soapuds occasionally to kill any insects and keep others away.

Toughens the Spigots.
Take care of your broom and make it give you longer service. Each week dip the broom into boiling water and then into cold. This makes the spigots tough and durable.

In Cutting Bread.
Before cutting freshly baked bread dip the knife in boiling water. You will not tear the loaf or have uneven, jagged crusts.

Cleaning the Mop.
Clean your oil mop with hot water, ammonia and a little washing powder. You'll find this much

less difficult than the ordinary soap and water method.

Lemon and Water.
You can fresher vegetables that

are wilted by letting them stand

To Clean Wood Work.
A little kerosene added to the water with which you clean the wood work will be more beneficial.

Clean the Paint.
You can remove the finger marks that inevitably cluster about every doorway that is frequently used by wiping with a clean cloth dipped in kerosene. Then go over the surface with a cloth wrung out of hot water.

Keeps Yolks Fresh.
To keep the yolks of eggs fresh for an hour in water to which the juice of a lemon has been added.

Gets Better Results.
To cream butter and sugar use a perforated spoon instead of a fork.

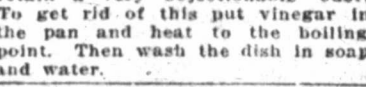

You will find the results much more satisfactory.

With Cake Icing.
A teaspoon of vinegar added to the cake icing while it is cooking prevents it from becoming too sugary.

Kills the Odor.
Frying pans in which fish or onions have been cooked sometimes retain a very objectionable odor. To get rid of this put vinegar in the pan and heat to the boiling point. Then wash the dish in soap and water.
