

PEACE SOCIETIES ARE CLASSED AS PUBLIC ENEMIES

CHARGE IS MADE IN STATEMENT ISSUED BY SECRETARY WEEKS.

ALLEGES CIRCULATION OF MISLEADING STATISTICS

Days Uninformed But Patriotic Citizens and Made Parties to "Propaganda."

WASHINGTON, April 6.—"Pacific" propaganda and organizations in the United States were denounced as public enemies today by Secretary Weeks in a statement made public by the War Department.

Whispered circulation of "incorrect and misleading statistics," Mr. Weeks said, had been accomplished by a well-organized campaign.

"Typical of the material that is being used in this what seems to me to be a dangerous campaign," the secretary continued, "is the following statement which appeared in a recent bulletin of an organization calling itself the National Council for the Prevention of War which has its headquarters in Washington."

Secretary Weeks said the chart enclosed shows that we are allowing one-fifth of our budget for 1924 for the army and navy, including \$2 per cent of that budget will go for past and future wars.

Secretary Weeks declared that the budget for the army and navy, including \$2 per cent of that budget will go for past and future wars.

"The government is not and never has been expending \$3 per cent of its budget for military purposes," Mr. Weeks declared.

"Their circulation of the misleading statement," the secretary continued, "creates an erroneous impression in the public mind, is reflected in demands on congress for further reductions in the army and navy, and had the appearance of coming from a public opinion that is inimical to the national welfare."

"The corruption of that opinion is an act which results in the bad faith of those who purport to be actuated by sincere interest in the national welfare."

MAN FLOGGED TO LEAVE AS RESULT OF THREATS MADE

MACON, GA., April 6.—Suffering from more than 200 welts and stripes on his body inflicted by the flogging administered him Wednesday night, L. L. Briggs of Macon, today was making preparations to leave, according to his announced intention.

The eight members of the band which attacked him gave Briggs 24 hours to leave the city under threat of death, according to his statement to the police, backed up by the statement of Mrs. Frederick Pace of New York, who was a witness to the whipping, but Briggs said yesterday that he could not make final arrangements to leave before the first of the week.

Meanwhile, authorities were searching for some clue to the identity of the mob.

Geraldine Farrar Divorce Case May Be Publicly Aired

By Universal Service.

NEW YORK, April 6.—When Geraldine Farrar arrived here from Philadelphia with three detectives guarding her, she faced the unpleasant possibility of having every detail of her divorce against Lou Tellegen brought out before a jury.

Miss Larrimore has been Tellegen's leading lady in his vaudeville sketch this season.

Judge O'Malley granted a delay until April 22 and before that time, it is believed Lou Tellegen will have returned to New York to avoid Miss Stella Larrimore, one of the corepondents with the right to have the charges against her heard before a jury.

One man is dead, two are seriously injured, more than 200 persons are deprived of their personal effects and clothing, and the site of the Arlington hotel is a vast open space.

George Ford, John Wood and Butler Brown, Hot Springs firemen, were crushed under a falling wall late last night as they were working a hose line in the ruins.

Fortunate circumstances combined with heroic efforts of the local fire fighters enabled all guests and employees of the hotel to escape without serious injury.

Fireman climbing to front window safely brought to the ground half a hundred persons who had been cut out of the burning hotel by windows by the dense smoke and flames.

By Associated Press. WARSAW, April 6.—Although Poland has been deeply shocked by the execution in Moscow of Vice General Butskavitch, the government has issued no official statement on the subject.

CHICAGO, April 6.—Explosion of a bomb wrecked the publication office of Dawn, a Ku Klux Klan organ, last night. Twenty minutes later another bomb partly damaged the office of W. W. Burghoorn, who said he advertised in the Klan publication.

After the bombings police telephoned advertisers of the Dawn to warn them of possible visits from the persons responsible for the explosions.

Edwin J. Parka, publisher of Dawn, said: "I have been receiving a number of threatening letters. Only two days ago I received a telephone call warning me that my printing establishment and my home would be blown up."

CHARGE PURCHASER IS A PARTY TO VIOLATION

Problem is Discussed By Federal Prohibition Commissioner Haynes.

NEW YORK, April 6.—The attitude of persons in "high official and professional" positions who tacitly sanction violation of the prohibition laws by purchasing "bootleg" liquor is a "matter for serious thought," Federal Prohibition Commissioner Haynes declared in an address here today before the New York annual Methodist Episcopal convention.

"These citizens," Commissioner Haynes said, "seen not yet to have realized that only one question is involved in prohibition law enforcement, viz: Are you for or against the constitution of the United States?"

JURY IN FOSTER CASE DISMISSED; WAS SIX TO SIX

ST. JOSEPH, MICH., April 6.—The jury that tried Wm. Z. Foster, first of more than 30 defendants charged with violation of the Michigan syndicalist law, was discharged at 1 o'clock last night without having reached a verdict.

Butchman said the jury had voted six for acquittal and six for conviction on the first ballot and that there had been no change in the balloting that followed during the 33 hours.

Mrs. Minerva Gleason, the only woman on the jury, headed those standing for acquittal.

"I think I got a fair deal," was the only comment he made.

NEW BURKBURNETT SCHOOL BUILDING IS SLIGHTLY DAMAGED

BURKBURNETT, TEXAS, April 6.—Fire discovered on the roof of the new \$150,000 school building now under construction caused the fire department to make a run this morning at 1 o'clock.

At a joint meeting of directors of the two irrigation districts at Iowa Park Saturday, it is expected that final details for the election on the contract between the two districts will be agreed upon.

Representatives of the two districts have been going over the contract during the past week. The terms of the contract are the same as were published some weeks ago.

Both districts will call elections to ratify the contract between the two districts. District No. 1, after the contract is ratified, will call its election to vote-bonds.

DALLAS WOMAN WAS ALMOST PROSTRATED

Mrs. Lonnie Hicks Says She Has Never Had Any Trouble Since Stella Vitae Restored Her to Health

"The suffering I endured before I got hold of Stella Vitae almost prostrated me and unfitted me for anything, but I am now feeling as fine as silk and nothing bothers me at all," said Mrs. Lonnie Hicks, of 5041 Main street, Dallas, Texas.

"My condition was brought about by a common female affection from which many women suffer and it worried me quite a bit, besides causing intense suffering at times. I was badly constipated and would often have such awful cramps I thought I just couldn't endure it another minute. When these passed off they left me too unnerved and weak I wasn't fit for a thing."

"Headache nearly drove me wild and my back, too, would begin aching and paining me till I could get no rest either sitting up or lying down. Then on occasions my lower limbs would ache and hurt so I could hardly stand on my feet, let alone get around to look after my household."

"I tell you I was about as miserable a person as you ever saw until I started taking Stella Vitae, and

just one bottle of this wonderful treatment set me right and ended my troubles. I never know what it is to have a pain or ache like I did before, and as my periods are now established and regular I feel better in every way than I have in a long time."

Women by the scores, many of whom, like Mrs. Hicks, quoted above, were on the verge of despair after long suffering from pain and aches, and from head-aches, backaches and the other symptoms that tell of female troubles, have testified that they have found complete relief through Stella Vitae treatment.

According to their own statements they are overflowing with the buoyant spirits and unfeigned good nature that is always associated with the woman who is blessed with good health.

Public Now Prefers Vegetable Laxatives. Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way. THE PUBLIC is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt water and powders that dry up the blood; constipation drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures," over-effective, weakening and griping. The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable compound of Egyptian aenna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required, in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with. Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Burroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family use it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!

### TWO VOTING BOXES ARE PROVIDED FOR ELECTION SATURDAY

FOUR TRUSTEES ARE TO BE CHOSEN OUT OF NINE NAMES.

### EXCEPTIONALLY HEAVY VOTE IS ANTICIPATED

Polling Places Provided at High School and Court House; To Open at 8.

Two voting boxes are provided for Saturday school election, one at the court house and the other at the high school. Voters can go to whichever box is most convenient, W. W. Brown, school board secretary, said Friday, there being no specific boundary line between the two boxes. Many business men who live nearer the high school than the court house, it is pointed out, prefer to vote at the point more convenient to the business district.

Four trustees are to be chosen out of nine candidates. The nine names to appear on the ballot are W. M. Friddy, W. B. Chauncey, W. T. Willis, W. H. Ferguson, M. A. Bundy, O. H. Clark, W. H. Downing, O. W. Smith and Mrs. L. R. Buchanan. The polls will open at 8 a. m. and close at 7 p. m.

Efforts recently to bring Will Daniel into the race were not successful, he declining to permit the use of his name.

It is expected that an unusually heavy vote will be cast, owing to the recent controversy in school affairs. This controversy, which has centered around the failure of the board to reelect Lee Clark as superintendent, will not be affected by the outcome of the election, as all candidates have declared their intention of supporting J. W. Cantwell, superintendent-elect.

Election officers at high school will be George Simmons, J. H. Russell and H. P. Webb. Court house box election officers will be J. M. Faber, H. A. Glass and M. A. Jarrett.

### COURT CONTINUES TO DISPOSE OF A NUMBER OF CASES

Judge Wm. M. Atwell of the United States district court continued to try in large number of cases at the session of court Thursday afternoon. The docket had not been cleared on these cases and brief in these matters kept right on Friday morning.

Dallas Rigby pleaded guilty to possession Friday morning and was fined \$20. F. N. Hedger also pleaded a plea of guilty to the same charge and drew a like fine. The case of Roy Taylor was then called and the jury heard. Cases disposed of Thursday afternoon included the following:

Willa Norfleet, \$25 on plea of not guilty.  
L. J. Bray, \$100 and 10 days on plea of guilty.  
H. M. Willis, \$50 on plea of not guilty.  
W. L. Taylor, \$75 on plea of guilty.  
J. J. Davis pleaded guilty and drew a fine of \$150.  
Sam Ireland pleaded guilty and was fined \$25.

### FACTIONS BUSY IN SCHOOL ELECTION

(Continued from Page 1)

Now for Mr. Cantwell and anything that is for the best interests of children and our city.

From M. A. Bundy: To the good people of Wichita Falls: In answer to the letter addressed to me by candidates for election to the school board appearing in the Wichita Falls Daily Times of April 5, signed by the most prominent citizens, I want to state that my attitude, if elected, toward the action of the old board will be just as it has been since I assumed office for election, and that will be to stand by and abide by any contract made by the old board—to fridly support their action and work for the betterment of the school by working in strict harmony with the new superintendent, Dr. Cantwell, also the entire board, each signer to the letter, as well as the general public, know me well enough to know that I at all times stand for harmony. Respectfully, M. A. BUNDY.

From W. W. Friddy: Replying to the equity of Mr. E. Huff and others relative to my intentions if I am elected, one of the trustees of our schools, beg to state as follows: If I am elected, I expect in good faith and all sincerity to support

the superintendent and to honor in every way the contract already made with him, I expect to put my shoulder to the wheel and do my part toward building up a splendid recognized system of schools—to try to make them first instead of ninth—to try to prevent any impartiality or favoritism—to try to see that the schools have an efficient, economical, businesslike administration—to try to keep Dallas, Fort Worth and other cities from taking many of our best teachers by raising their salaries—to equalize the scale of salaries being paid by our nearby progressive cities.

I have been instrumental in electing Dr. Cantwell and most assuredly expect to give him my sincere support. WALTER M. FRIDDY.

Judge Chauncey's Position Judge W. B. Chauncey was out of the city Friday on account of the illness of his mother in Abilene, so that no statement in reply to the query was made by him. His friends, however, called attention to his letter in the Times of Thursday in which he made it clear that he would support Dr. Cantwell.

From C. H. Clark To the Citizens of Wichita Falls: In reply to the request of a number of good citizens of this city, asking for a statement from the candidate for school trustee, I am glad to make myself plain. I was a supporter of Mr. Lee

Clark because he was the head of our schools through the most trying time that could be imagined in any city, and he accomplished great things as indicated by the great Junior College that is now being built, which will stand as a monument to his foresight.

The trustees have elected Mr. Cantwell head of the schools, and I am satisfied that he is a man worthy and well qualified for this position, and I now pledge my unqualified support to him and all that he plans. This has been my feeling from the day that he was elected, and I have had no reason to retract the same.

I have never done anything knowingly for the detriment of the schools of this city, and I will always do what I think to be my duty under all conditions. I love the schools and I love the school children of this city, and I shall never let personalities, friendship or influence drive me from my course that I believe to be absolutely right. I do not believe in personalities being injected into matters of this kind, and I now pledge you gentlemen that I will earnestly and honestly strive to keep such things out of our schools in the future, and I now ask you to give your support to those candidates who stand above bickering

and strife that so often comes into matters of this kind. Let us build our schools on that high plane so that they can be seen by the world and appreciated by all men. I wish to thank you for your interest in this matter. C. H. CLARK.

From O. W. Smith To the Citizens of Wichita Falls: As a candidate for school trustee, I desire to say that if elected, I will give superintendent Cantwell my hearty support for the coming school year. In this connection I will state that I was one of those who about February 27, 1922, requested the school board to take immediate action in selecting a superintendent and agreed to support their action.

While I do not consider it of importance, some reports have been circulated as to my church and secret society affiliations, will state that I am a member of First Baptist church of Wichita Falls, and of Lodge No. 623, A. F. and A. M. and have no other secret society connections.

I am a patron of our public schools, and hope if elected to assist in making them equal to any in Texas, and solicit your support for that purpose. Yours truly, O. W. SMITH.

## When do you really "wake up" in the morning?

Do the golden morning hours find you wide-awake and fit, or do they find you sleepy and tired?

Coffee is a common cause of sleepless nights, which bring drowsy days with their usual train of neglected opportunities.

LIBRARY MOVE IS GIVEN APPROVAL BY BUSINESS COUNCIL

PROPOSAL FAVORED IF DETAILS CAN BE WORKED OUT SATISFACTORILY.

COMMITTEE NAMED TO HANDLE MATTER

Suggestion That Council Meet Once a Month Meets Sharp Opposition.

The proposal to broaden the scope of the Kemp Public Library to make it part of a county library system was approved in principle at the weekly luncheon of the business council at the Kemp Friday afternoon.

Approval was given on condition that the details of the plan be worked out by a committee.

The committee will consist of J. M. McCall, P. J. Swanson and C. H. Clark.

The council set down hard in its suggestion that the meetings be held monthly instead of weekly.

Members contended that monthly meetings would destroy much of the council's usefulness.

Emphasis was laid on the fact that the meetings are always open to all members of the Chamber of Commerce.

It was reported that the matter of blocking railroad crossings had been taken up with railroad officials, who had promised prompt relief from the nuisance.

Reports showing the trade trip preparations complete and everybody ready to go were submitted.

SENATOR REQUESTS U. S. INVESTIGATION OF COTTON DECLINE

WASHINGTON, April 6.—Senator HEDDING, democrat of Alabama, asked the Federal trade commission today to determine whether the New York and New Orleans cotton exchanges were conspiring with the Smith-Lever cotton futures act and to develop the cause of a decline of 50 per cent in a year in the price of cotton.

Senator Heddington asked the commission to investigate the extent of "short" selling in the cotton market in the past year by speculators and spinning interests of Great Britain.

The trade commission was authorized to conduct a thorough investigation of the cotton market during the past year and to report on the results of its investigation.

The commission was also authorized to investigate the operations of the cotton futures market and to report on the results of its investigation.

### TEXAS CHECKS ON BANK IN COLORADO MARKED 'NO FUNDS'

DENVER, COLO., April 6.—Checks totaling \$25,000 written on the First National Bank of Denver, Colo., and bearing the signature of Silas J. Lamby have been returned to points in Texas marked "no funds."

Harry Casaday, Colorado budget commissioner, announced today that Mr. Casaday is president of the Brownfield State Bank.

The checks were sent in for collection by various Texas banks, several of which are in Brownfield, Texas.

The president of the Colorado bank which turned back the checks stated that Lamby had never had an account in that bank.

He said that from letters received seemingly the checks had been issued in payment for oil stock in the Brownfield field.

ROSS AND GOODE TO SEEK RELEASE BY HABEAS CORPUS

FORT WORTH, April 6.—Advises today indicate that Tom Ross and M. R. Goode, charged with killing Dave Allison and Horace Robinson, veteran range inspectors at Seminole, Sunday, are to seek their freedom through habeas corpus proceedings.

They have been indicted for murder and trial set for Lubbock on June 18.

Meaning they have been held in jail at Lubbock.

The habeas corpus petition for Ross and Goode will be heard in Lubbock, April 20, according to a message today.

A. D. Harvick, former state range inspector now employed by the cattle raisers' association as an inspector, is in Midland and will carry on the work of Robinson and Allison.

### SUIT FOR \$100,000 AGAINST ARMY COL. HAS BEEN DISMISSED

SAN ANTONIO, April 6.—Suit for \$100,000 filed in the 33rd district court several weeks ago by Captain and Mrs. Edwin H. Randle against Colonel Arthur L. Conger, commanding the 10th Infantry, Camp Travis, after a defamation of character suit was dismissed today following an agreement between attorneys in the absence of any statement from either of the principals as to the reason for the dismissal. The suit had been filed by the Randles.

It was reported that the matter of blocking railroad crossings had been taken up with railroad officials, who had promised prompt relief from the nuisance.

Reports showing the trade trip preparations complete and everybody ready to go were submitted.

SENATOR REQUESTS U. S. INVESTIGATION OF COTTON DECLINE

WASHINGTON, April 6.—Senator HEDDING, democrat of Alabama, asked the Federal trade commission today to determine whether the New York and New Orleans cotton exchanges were conspiring with the Smith-Lever cotton futures act and to develop the cause of a decline of 50 per cent in a year in the price of cotton.

Senator Heddington asked the commission to investigate the extent of "short" selling in the cotton market in the past year by speculators and spinning interests of Great Britain.

The trade commission was authorized to conduct a thorough investigation of the cotton market during the past year and to report on the results of its investigation.

The commission was also authorized to investigate the operations of the cotton futures market and to report on the results of its investigation.

## NEW RESIDENT OF CITY HELPED BAKE BIGGEST CAKE YET

Resident of Wichita Falls holds the record for having baked the biggest cake ever baked in the world.

This mammoth cake was 5 feet square, 3 feet high and weighed over a 1000 pounds. It was made in the shape of a star and elaborately ornamented in red, white and blue. A thousand eggs, 250 pounds of sugar and 200 pounds of butter went into the making of it and every inch of it from the bottom to the tip top was edible according to Mr. Herzog who made it.

"It was necessary to do a great deal of the ornamenting from a top ladder," Mr. Herzog declared. The cake was exhibited in Pemberton's Furniture store in Fort Worth and was later raffled off and the proceeds given to the Texas Children's Home and Aid Society, it was stated.

Mr. Herzog only recently came to Wichita Falls and is now connected with the Stamfl Baking Company. He is in charge of the bakery department and Mr. Stamfl stated last week that the company is now in a position to cater for any party or entertainment, no matter how elaborate the plans or needs of the occasion.

## BUREAU SUBMITS CONDITION REPORT ON VARIOUS CROPS

AUSTIN, TEXAS, April 6.—Plans general rains over the state following the freezing weather of March 15 and 16, have improved generally the crop outlook for Texas and prospects are now bright, according to the biweekly crop summary issued by the bureau of crop estimates of the United States department of agriculture here. Brief summaries of the reports on the various crops follow:

Wheat: Set back by recent freezes and high winds; good rains have been great help.

Corn: Much of early planting was killed by freeze, but is coming back; some being replanted. Ground too cold in north half for prompt germination.

Cotton: Land in good condition for planting in most instances where too wet. Freezing weather considered of great benefit.

Oats: Both fall and spring sown slightly injured by freeze; rains benefiting crop.

Sorghum: Planting is well under way; some of the early planted had to be replaced.

Hay: Grass is beginning to put out generally; Johnson grass was killed back. Alfalfa received a severe set-back.

Broom Corn: Acreage increase indicated; some of early planted injured by freeze.

Cane: Hurt by freeze.

Rice: Soil preparation retarded by rains.

Potatoes: About 10 per cent up; frozen back. Sweet potatoes bedded out were damaged.

Fruits: All fruit is damaged by freeze; about one-half crop in prospect.

Livestock and Pastures: Range was set back at least two weeks by freezing temperatures and high winds, weeds and brush were badly hurt. Stock is reported to be in average condition and has suffered few losses. Some stockmen are still feeding. New grass beginning to come in panhandle.

## HOME GROWN TRUCK EXPECTED TO COME INTO MARKET SOON

This week's market has nothing new in locally grown vegetables, although with a continuation of good weather, some of the local truck stuff will be coming in soon.

Highly vegetables remain at 10 cents a bunch with lettuce two for a quarter and celery 15 cents.

Green beans run 25 to 30 cents a pound and English peas 30 cents a pound. Bell peppers are 20 to 25 cents a pound and egg plant 20 cents a pound.

Cabbage is from 8 to 10 cents a pound; rhubarb 15 cents, and cucumbers 35 cents a pound.

Tomatoes are 15 cents a pound, new potatoes 2 pounds for a quarter and onions, two bunches for 15 cents.

Strawberries are 30 cents a quart this week and a 5 cent grapefruit is being offered and another variety at 2 for a quarter.

Oranges run 25, 50 and 60 cents a dozen; lemons 25 cents and apples are offered at 25, 35, 50 and 60 cents a dozen in a wineap and a delicious apple can be had for either 2 or 4 for a quarter.

## Escaloped Tomato

Escaloped tomato is too familiar a dish to require a recipe, however, a new taste is given if the cut tomato is highly seasoned with a small onion and half a green sweet pepper, both finely minced, and salt and sugar to taste, instead of adding the seasoning to each layer.

**Tomato Cross**  
This makes an excellent luncheon or supper dish. Select as many fine, ripe tomatoes of similar size as required, and cut the same number of rounds of bread. Spread the bread with margarin and lay close together in a shallow pan. On each round place a peeled tomato. Sprinkle each tomato with salt, pepper and one-eighth teaspoonful of sugar. Cross over the top of each tomato two very thin strips of bacon and cook in a good oven until the tomato is crisp and brown and the tomato-baked. Do not let the tomatoes cook long enough to lose their shape.

**Birds Nest Salad**  
This is pretty and attractive food. Cut fine large tomatoes in halves and remove the inside. Make cottage cheese into small balls the size of marbles in fat. Then add one and one-half quart of unpeeled to the sauce, if liked, rubbed through a sieve, and salt. Put three balls into each tomato half and arrange the tomato on crisp lettuce leaves. Serve mayonnaise with this salad.

**Conservatory Salad**  
Peel large, round tomatoes, remove the pulp, and fill with the following mixture: one cream cheese mixed with one tablespoonful of cream, two tablespoons of chopped nuts, one tablespoonful of finely

## 5-Minute Breakfasts

**Quick Quaker Oats**  
make them possible

Now your oat dish can be ready in five minutes, if you wish. There is a Quick Quaker Oats which cooks in 3 to 5 minutes.

It is just like the Quaker Oats you know in quality and flavor. It is flaked from queen grains only—just the rich, plump, flaky oats. We get but ten pounds from a bushel.

But the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want the Quick Quaker look for "Quick" on the label. You will get the quickest cooking oats in the world.

**JAPANESE CRUISER HAS LEFT VLADIVOSTOK PORT TO AVOID COMPLICATIONS**

MOSCOW, April 5.—The soviet government announces that the Nishin, the last remaining Japanese cruiser at Vladivostok, has left that port for Japan.

A dispatch from Tokyo March 27 said the soviet government had threatened to blow up the Nishin unless her captain ceased transmitting wireless messages from Vladivostok harbor for Japanese merchandise. The dispatch added that it was understood in Tokyo that the Japanese admiral had ordered the Nishin home to avoid complications.

## It was almost Magic

A French Chef, famous the world over for his cooking, told her:

"Flavor—flavor—that's the one thing that counts in cooking. Insist upon flavor. Demand flavor.

"The one sure, unfailing way to get supreme flavor in coffee is to use M-J-B Coffee.

"Its flavor comes from the skill, the money, the lifelong knowledge of fine coffee, back of every can.

"You can make it strong or weak—as you prefer, but you'll always get flavor. Use M-J-B. You'll find the results you get almost magical."

## TIMES DAILY MARKETS

### COTTON MARKET

**New York Cotton.**—Yesterday's big advance was followed by reactions in the cotton market during today's early trading. Liverpool cables were relatively easy while the carry-over was steady and the opening here was barely steady at a decline of 1/16 to 29 1/2 points. May sold-off to 29.55 and October to 25.50 during the first hour. The market was about 20 to 21 points lower under realising and scattered southern selling. The market was a buyer here again this morning and there was some further buying of near months' spot houses, but the technical position of the market was evidently rather heavy covering yesterday. There was a rally shortly after the opening on the Liverpool buying, supposedly on the difference, but this demand was soon supplied and the market turned easier under a continuance of scattered selling or liquidation. The latter was probably promoted by the more available action of Liverpool and while the selling was not active, it was considerable and net losses of about 22 to 27 points, and the new crop of 26 to 27 points around midday with May selling at 29.45 and October at 25.41. There were scattered rallies early in the afternoon on the bullish week-end figures, but trading remained very quiet. May contracts held around 29.64 and October 25.57 at 2 o'clock, or about 12 to 17 points net lower.

| Cotton closed steady. | Low   | Close       |

| December              | 25.12 | 24.95-25.09 |

**New Orleans Cotton.**—Poor cables and better weather over the belt caused a reaction from the advance in the cotton market today and in the first half hour prices dropped 21 to 27 points. May fell off to 28.52 and October to 24.84. Much of the selling was for the account of recent buyers of the official forecasts of the week's statistics supporting the market for a while causing upticks of 19 points or so from the lowest bid to a noon selling increased and prices fell to levels 7 to 26 points under the last quotations. May dropping to 28.52 and October to 24.84.

### OUR PORK TOMORROW IS HOME KILLED, CORN FED STUFF

We bought from Mr. Max Gardner 130 head of corn fed baby beef. Mr. Gardner has taken great pains in feeding these cattle. Now in order to encourage Mr. Gardner in this great enterprise we must patronize him. With the irrigation we are going to have in Wichita County we must encourage stock farming. We are going to have a very reasonable price on this beef and will guarantee if you will buy your roast or steak at this market tomorrow you will have the best there is in Texas.

### CHRISTIAN CHURCH REVIVAL TO START SUNDAY MORNING

Next Sunday morning at the First Christian Church the revival meeting will begin, the church being assisted in the work by Dr. W. P. Crouch of Shelbyville, Tenn.; E. W. Joger of Winona, Minn.; and R. E. Shepherd of this city. An announcement says: "Dr. Crouch will bring to the people the old message in a new and fresh way. He is a speaker of originality, force, attractiveness. He speaks direct to the heart, and every word he speaks has weight. Dr. Crouch comes here after many successful years as pastor of some of the largest churches in Tennessee and Kentucky, and also as having been admirably successful in evangelistic work."

Mr. Joger, piano soloist and accompanist, is one of the most thorough musicians in the country. He began his piano study at the age of 11 years and his musical development has been continuous ever since that time. His training covered a period of about 12 years, and in 1902 he began his professional career, which has been continuous and extensive ever since. There is no pianist who has had a more remarkable career in the country and who in the same length of time has been heard by more people, as he has played before numerous audiences for the last 16 or 17 years. Mr. Joger will arrive in the city at noon Saturday, and will begin his work Sunday morning.

R. E. Shepherd will direct the chorus and congregational singing. These men form a rare team for this great work, and the people of the city are urged to avail themselves of this great opportunity.

### Sheik Girls in Training for Shrine Circus Again and Will Be Ready With Splendid Stunt

FRANK S. REED, Publicity Chairman.

Now that we get the bride and groom settled for the public wedding at Maskal Temple's circus, and a lot of the lady's relatives, we are going to turn our thoughts to something else, and we are just going to mention something about the sheik girls.

Any Shriner who saw the Sheik Girls perform at one of the circuses can certainly praise their names. Everybody said it was a keen stunt. Well, folks, you will remember they danced in one of the Shrine shows and made such a hit, going to have the same stunt at the Shrine Circus, and besides their dancing, they will act as bridesmaids at the public wedding to be held the next night of the circus.

### Why a Woman Should Be Elected Member School Board

Editor The Times:

I, a woman of our city, have requested you to give to the public their views regarding the urgent need for women on our school board.

Our schools, like most families, are made up of boys and girls who are the product of mothers, fathers and mothers. It is possible for a father to properly rear his children without a mother, but it is certainly not a common occurrence. In order to earn their living, his time is necessarily spent away from them during the day, making constant supervision over their habits and moral training impossible. On the other hand, a mother, who is the disciplinarian and practical matter of life in rearing her unfortunate little ones. A family, to achieve full happiness, must have the had common sense of the father, his money, his knowledge of life to counterbalance the effect of the mother's too constant supervision, indulgence and lack of discipline. He cannot, however, sympathize with her in the spiritual and moral views of life that all good mothers inculcate from very early childhood, and then even beyond.

With our big schools, our great families, their two, and the combined efforts of good, devoted, well equipped men and women to bring them to the highest possible point of efficiency, it is to the credit of our men they struggled more or less successfully under the double burden of being fathers and mothers to our school children. In the past there was good reason for their salient assumption of this dual job, for women folk were tied at home with some work. Modern life has given them the opportunity to read, study and think on all questions of the day and especially those of the school. They are now mentally equipped and need neglect no home duty but they are equally as ready to be, as the help of their men, in this the greatest undertaking of the age—the training of the children in our public schools to acquire right knowledge, to imbibe a respect for law and order so that our beloved country may be in their hands.

If there were only boys in our schools, men alone might be considered to fill the office of trustee, but with our system of coeducation comes the social problems, the delicate question of girls' behavior, the intuition, fellow feeling and sympathy of the women is needed to supplement the hard logic and keen judgment of the men.

It is a significant fact that the character of our young folks is about settled by the time they leave high school. These young minds of today will be tomorrow the mature minds to guide our ship of state. Should we not therefore neglect no means that will ensure this result? Should we not place every possible safeguard around them? There is no side to every question should we not look at both sides? Have men alone or women alone the capacity to look intelligently at this human question—the upbuilding of the character of school children and so construct the mighty future of our Wichita Falls public schools to stand as a monument to the wisdom of the voters of this city. Can you as voters conscientiously forebear to place on our school board the most powerful and spiritual dynamo for upbuilding—a good, sensible, practical mother.

### WIND CHANGES TO SOUTH AS MERCURY GOES UP IN BULB

The wind shifted to the south Thursday night and as a result warmer temperature readings were recorded. The cold west wind of

Thursday morning lost its effect a short time after the sun had gained a position half way in the sky, and later in the day it became calm.

During the night the wind sprang up from the south. The lowest point reached by the thermometer was 21 degrees, while Thursday afternoon it soared to the 72 degree mark.

Spring time weather conditions prevailed throughout the district touched by railroads Friday morning, and it was evident that no changes were imminent.
