Sum Depends On Total Banks and Industries, Are Willing to Furnish.

By Universal Service. TALLAHASSEE, Fla., April 27.—

Senator Jones of Leon County, whose eagerness to \$25 a head is alleged to have sent Martin Tabert, Fortis Dakota, boy, to a convict camp where he died from the blows of a whip, was removed from office by the state senate today.

The senate acted upon the recommendation of Governor Hardie, who charged Jones with malfeasance in office after he had read the testimony taken in a hearing growing out of Tabert's death.

At almost the same time this afternoon the special convict investigating committee of the legislature adopted a resolution calling upon the state board of medical examiners to investigate Dr. T. Capers Jones, physician at the Putnam Lumber Company, in which camp at Clara, Tabert died, to the end that the medical profession be purged of a "disgraceful member."

Dr. Jones is a stockholder of the Putnam Lumber Company, a graduate of Memphis Medical College, and took post graduate courses at Northwestern, Chicago and Leland Stanford Universities.

Senator Stokes, chairman of the investigating committee tonight intimated Governor Hardie that the committee had some damaging evidence concerning the conduct in office of County Judge Willis. The governor asked for a copy of this evidence as soon as a transcript was made. It was in Judge Willis' court that Tabert was sentenced to 10 days in the convict camp at Clara for stealing a ride on a train.

Deputy Sheriff Poppel, whose testimony led to the removal of Sheriff Jones, charged that the sheriff and Judge Willis were frequently drunk in the county jail, some times on seized bootleg liquor.

The committee this afternoon heard the open charge of Representative Kennedy of the special committee that searched Tabert's grave yesterday, that the Putnam Lumber

### Florida Sheriff Is Removed as Result of Recent Developments In Connection With Talbert Case

Company and its officials deliberately made a display of armed force to frighten Arthur Johnson, negro convict, into silence regarding the Tabert case.

Johnson had offered to show the subcommittee the spot in a pine swamp near Clara where he said he and other convicts had buried the body of Tabert. The lumber company officials had testified they buried Tabert in Mingo cemetery, five miles from Clara.

They further told me, and they were good responsible business men of Perry, a town near Clara, that if the negro got away from us they would kill him. Ten or 15 persons told me that they knew Johnson was telling the truth and that the body of Tabert was not buried at first in Mingo cemetery, but that it was worth anyone's life to make anyone testify. One man told me there was a negro woman who had seen Arthur bury the body in the swamp but that she dared not give her name as it would mean death to her.

Mr. Kennerly said the appearance of the grave at Mingo did not seem to him to indicate that Tabert could have been buried there, when he died.

The dirt over the grave was as loose as a sand pile in the yard that the kids had been playing in, the coffin box did not look as if it had been under ground any time. In fact the label of the box was hardly discolored.

Mr. Kennerly then added: "I would like to make this suggestion: That if the trial of Hugh Gibson, who is charged with having beaten Tabert to death, is held in Dixie county, that the governor be recommended to send troops down to protect those witnesses, because not a man's life will be safe, that is, judging from the way those armed men acted yesterday."

When Sheriff Jones appeared in his defense, today, before his dismissal he denied the charges of Poppel that he had ordered Carrie

Green, J. B. Johnson and other negro prisoners whipped in the jail. The joint committee today completed its inquiry into the Tabert case and recessed until May 1. It will then take up the investigation of the Baker county camp of State Senator Knabb. The basis of this inquiry will be the alleged brutal treatment of Paul Beyers White, a Massachusetts youth, who was serving a sentence in the Knabb camp. White has been called as a witness.

TO INVESTIGATE CONDUCT OF FLORIDA COUNTY JUDGE

TALLAHASSEE, Fla., April 27.— Investigation of the conduct of the office by J. B. Willis, county judge of Leon county, who was implicated in charges brought against J. B. Jones, sheriff, was the next move facing the Florida legislature here today.

The order was a climax to evidence growing out of the investigation of the death of Martin Tabert of North Dakota in a private convict camp.

### PETROLEUM CONCESSIONS IN MEXICO CONFIRMED BY CHAMBER OF DEPUTIES

By Associated Press. MEXICO CITY, April 27.— The chamber of deputies last evening approved a law confirming petroleum concessions legally obtained previous to May 1, 1915, providing that such concessions shall be revalidated within three years from the promulgation of the measure.

The law, which is intended to satisfy foreign protests against the alleged confiscatory interpretation of article 27 of the constitution, now goes to the senate.

### RADICAL DEMONSTRATION IS PLANNED FOR MAY DAY

INDIANAPOLIS, April 27.— A radical demonstration on May day that would dismay the nation, if achieved, is developing already under direction of communist and revolutionary organizations in this country, declared Garland W. Powell, national director of the American Legion, in a statement concerning the observance of Americanism day today by all local organizations of the legion. Americanism day was established by the fourth national convention of the legion for the Friday preceding the first day of May each year as an offset to the "May day of the radicals."

### Kissing by Phone Features In Case Involving Divorce

By Universal Service. NEWARK, N. J., April 27.— A kiss, which usually makes two persons happy, can be enjoyed by a third party if it is a telephonic occasion, and the third party is listening it, according to John Phillips, former butler in the home of Mrs. Mary H. Atha, who is being sued for divorce by Albert H. Atha.

Phillips told of listening in while Mrs. Atha and Dr. Lawrence Dias of Newark exchanged kisses over the phone.

"I heard Dias throwing kisses to Mrs. Atha," he said, "and then I heard Mrs. Atha say not to throw them so fast, as she had not caught all of them. Then she threw them back more slowly than they had been received."

On cross examination Phillips said he often listened in, as he enjoyed the kisses himself.

### FIRST DISORDER OF STRIKE ON PACIFIC IS ABOARD STEAMER

SAN FRANCISCO, April 27.—The first disorder of the strike of I. W. W. timber and marine workers in the Pacific states was an affair aboard the tank steamer Solano as she was about to sail from San Pedro, Cal., late yesterday. The event was described by the ship's officers as a "mutiny" but as the vessel did not return to the dock few details were available. The old crew was taken off and a new one put aboard the ship. The affair was the climax of a day-in which about 1,800 dock workers quit work at the California port, demanding a wage of one hour and a 44 hour week, double pay for overtime and repeal of the state syndicalism act.

Meanwhile word came from Hemmett, Idaho, of the strike of about 100 trucklayers, which was the only considerable increase of strength to the ranks of the strikers reported from inland. Oregon officials of the Loyal Legion of Loggers and Lumbermen reported that not more than 500 men went on strike in the lumber camps of that state. Small demonstrations were reported from a number of Oregon cities. The latest word from the latter state said their estimate of 2,000 to 10,000 men out still held good. While I. W. W. men expressed themselves as believing the strike had reached its maximum proportions, I. W. W. leaders said it was a progressive affair and that more men would quit work each day until May 2 on which day demonstrations would be held.

### NIGHT ARRESTS MADE AS RESULT OF STRIKE

NEW ORLEANS, April 27.—Eight arrests as a result of the strike here of transportation workers of the I. W. W. were made by the police last night and early today. The men were picked up near the waterfront charged with loitering. The I. W. W. officials announced that "pacifist" picketing had been ordered in an effort to persuade men employed to fill the strikers' places to leave the ships. Ship operators declared that the labor supply was plentiful.

### MEETING TO PLAN FOR WEST CENTRAL TEXAS BAPTIST ENCAMPMENT

STAMFORD, TEXAS, April 27.—An official call has been issued by a committee of 14 prominent Baptists, representing the towns of Stamford, Abilene, Haskell, Rulo, Anson, Hamlin, Rotan, Wichita Falls, Vernon and Lueders, to all Baptist workers within a radius of 18 to 25 miles of Stamford to meet at Lueders on the Clear Fork river Friday, May 4, for the purpose of perfecting plans looking to the establishment of an annual West Central Texas Baptist Encampment. It is hoped that a program may be arranged at this meeting for the first encampment, which will be held July 15-22, of this year. Pastors and missionaries of the central west are urged to come and bring with them all interested laymen who may be induced to attend. Summer encampments are becoming more and more popular among all denominations and Baptists are pleased with the results of their encampments, which have made such a distinct contribution to their denominational life and work. Lueders is a beautiful little town of some 600 persons located 18 miles east of Stamford on the M. K. & T. railroad, and offers most ideal accommodations for an encampment of this kind, such as a free tourist park and camping site, an abundance of shade and water, and fishing and boating privileges unexcelled in west Texas.

### HIGH SCHOOL PRINCIPAL TO BECOME MEMBER OF FACULTY AT NORMAL

PROF. HUGH PORTER

Prof. Hugh Porter, principal of the high school during the past session, whose resignation was announced recently, will return to his former work in the state normal school, it was learned Friday. Announcement of his appointment to the faculty of one of the normals will be made shortly by the regents of that normal.

Mr. Porter will be succeeded here by K. H. Rider, who preceded Mr. Porter as principal, and who has been in business at Graham for the past year.

The center of the willow furniture industry in the United States is at Liverpool, on the Oswego river, near Syracuse, N. Y.

### MIDNIGHT SHOWER ADDS TENTH OF AN INCH RAIN LOCALLY

Another tenth of an inch of rain fell Thursday night just after midnight in Wichita Falls. The skies had threatened throughout the early evening and night but not until after midnight did the clouds shed a portion of their load.

On the Wichita Valley railroad agents reported rains which fell Thursday afternoon and night. Heavy rains and hail were had on the Spur line, with nearly an inch of rain at Spur, Abilene and other points. Light rains were reported from Stamford to Abilene. A heavy shower was had Thursday night at Byers and Petrolia.

Friday morning locally the skies were partly clouded with a light west wind blowing. Agents on railroad lines reported clouded skies over the entire northwest part of the state. The clouds in the local horizon began to scatter shortly after supper but those that remained still wore a threatening look.

Thursday afternoon the thermometer registered 73 degrees for the maximum and 67 was the minimum for the night.

### AXEL SKOVGAARD, VIOLINIST, IS HEARD THURSDAY NIGHT

Axel Skovgaard, the Danish violinist, completely conquered the hearts of a fairly sized crowd at the Palace theater Thursday night with his playing. He was heartily applauded, and was forced to render encore after encore. His wife, Alcoa Skovgaard, was his accom-

### PIANIST, AND WON MUCH RECOGNITION AS A SOLOIST.

Mixing classical music with folk airs, Skovgaard played at every one present. His huge size and perpetual smile won the audience over in the beginning, while he made his 11,000 Stradivari violin perform in a manner that very few had heard.

Among the best applauded of his selections was "The Dancer," by Carl Reineck, and "Sierra Morena," a selection of his own composition. However, when he played the familiar strains of "Swanee River" as an encore, the house became quiet, and the music was all that could be heard.

Mrs. Skovgaard was also called back a number of times by the audience after rendering her selections. In "The Frolic of the Waters" she made the piano literally talk.

The concert was given under the auspices of the Fine Arts Club. The proceeds of the evening will go toward paying the club's lease in the Coyote.

### SEES LITTLE LIKHOOD OF IRRIGATION BILL'S REPEAL

There is little likelihood that the \$60,000 appropriation for irrigation and reclamation surveys will be repealed at the special session, according to Judge J. L. Starley of this city, who returned Thursday from Austin; he and R. A. Thomas attended the senate hearing on the proposal repeal, the committee unanimously reporting the repeal measure unfavorably.

Major protests against eliminating the appropriation were received, Judge Starley said. The promise of active cooperation by the federal government was given, which means that experienced engineers will be provided for the work.

At one time sneezing was regarded as a sign of good luck. Stamps for sale at Times office—Adv.

### SOUTHERN NEGRO FARMERS MOVING TO CITIES NORTH

WASHINGTON, April 27.—The general movement of southern negro farmers to northern industrial centers, shown by a recent survey of the department of agriculture, will, if continued, have a very marked effect both on the labor supply in the south and on the negro race itself, in the opinion of officials of the census bureau.

An analysis by the bureau of the negro population statistics of the 1920 census showed marked tendencies toward interstate migration and concentration in cities. The movement receiving its first impetus in the demand for unskilled labor during the world war. During the decade nearly 75,000 negroes removed to cities in the south Atlantic states, and nearly the same number to cities in the east north central states. The increase in these cities averaging nearly fifty per cent, affords a vivid statistical picture in the opinion of census officials, of a systematic effort in industry and commerce to supply with the negro worker the unskilled labor needs largely met by immigration before that was checked at the beginning of the war.

Were foreign immigration to be resumed in the near future on a scale commensurate with immigration from 1920 to 1926 or during the period immediately preceding the war, the census bureau analysis says, "it is reasonable to suppose that the negro, less in demand because of the greater labor supply, would tend to drift back to his former environment."

### BRIEF ILLNESS PROVES FATAL TO MRS. E. A. DEEVE

Mrs. E. A. Deeve, a resident of this city for the past two years, formerly of Detroit, Michigan, died Thursday night at 11 o'clock at the home of her daughter, Mrs. Thomas Ballard, 1304 Twelfth street, with whom she made her home. Death followed a brief illness of several weeks and was due to complications of disease. She was 57 years of age.

Mrs. Deeve came to Texas following the death of her husband who for many years was superintendent of the Grand Trunk Railroad Company. Besides the daughter at whose home she died, she is survived by five grand children, Mrs. Mary Newsum, Miss Winifred Ballard and Thomas, Russell and Billy Ballard, all of this city and two grand children, Jack Newsum and Thos. R. Ballard.

Funeral services will be held Saturday morning at nine o'clock at Sacred Heart Catholic Church with requiem high mass. Burial at the Catholic cemetery.

Paris plans to spend \$750,000 this year in providing public baths.

Madras, India, has three women in its city council.

Only ten out of every 100 flowers are scented.

Mrs. J. Pender Peavy entertained the Thursday afternoon bridge club at her home, 2008 Eighth street, with a very delightful party, several guests adding to the pleasure of the weekly meeting.

"JUST GRAND TO FEEL SO HAPPY"

MRS. POPE WAS SO HAPPY AND SMILING SHE JUST HAD TO TAKE TO HER BED

Was in Constant Misery

Miss Stella Vitae Put Her on Her Feet and She Is Now Healthy and Strong

"If other women who are suffering as I was will only try Stella Vitae they will soon be convinced as I was that it is a godsend to our sex," said Harriet Pope, box 18-A, Route No. 4, Mount Olive, Miss.

"I was going down hill for some time and finally got so weak and ailing that I had to take to my bed where I was in constant misery. Everything seemed to be the matter with me, and although I had special treatment and every attention I got no better.

After being confined to my sick bed for two weeks without seeing any improvement, I decided to try Stella Vitae, as I had heard so much about it and it sure did me more good than all the other medicine and treatment I had put to gether. It got me right up out of a sick bed and put me on my feet and today I am well and strong and simply feeling fine.

Note—Stella Vitae may be obtained from any drugist and is sold under the positive guarantee that the purchase price will be refunded if it fails to bring relief. Tipton's Drug Store and Miller's Drug Store.

From Antiques to Prize Cattle

College Woman's Training and Spunk Make Her Successful Breeder of Blueblood Jerseys

Miss Eleanor Fitzgibbon and Sybil's Sea Prince, junior champion, bred on her farm.

By MARION HALE  
LAUREL, MD., April 27.—Five years ago Miss Eleanor Fitzgibbon was pursuing her hobby of collecting antique furniture.

Today this young college woman is raising some of the most blue-blooded, high-priced Jersey cattle in this country.

The story of Miss Fitzgibbon's remarkable success, in a line of which she knew nothing only a few years ago, displays the advantages of college training and—well, spunk, pure spunk.

It was spunk that led Miss Fitzgibbon into this business. For Helene, Guernsey, Shorthorn—all were alike to her. A cow was a cow, whatever its pedigree, she thought.

Now she knows and she's profiting on that knowledge.

College Did It.  
"I just went at things as a college woman would," said Miss Fitzgibbon when I asked her how she accounted for her unusual success.

"Going into the cattle business was an accident," she said. "But I do believe it is the most fascinating work in the world."

"I had to find a large home to hold the antique furniture which has always been my fad. I found just such a place as I wanted down here. I took the farm because it went with the house."

"Then it occurred to me the land might be put to some good use, so I did as any college woman would. I asked the University of Maryland to send out experts to look it over and see what I had better raise on it. I knew nothing about it myself.

"They told me blue and livestock would be needed to make the soil fit

to raise anything. So I wrote to the various cattle associations and asked them to send me their arguments for the various kinds of cattle.

"I started with prize," she said, "so, of course, I had nothing to learn. I've had all the books the government issues on cattle, as well as all bulletins from agricultural colleges. I've used every bit of information I ever got at college, and it has helped me to know where to find more."

Work and Worry.  
"The work is hard. Many a night I've slept in my barn because some calf was sick and I was afraid to trust anyone else to care for it."

"I've stuck at the business until every man who gave me six months in which to fail has become convinced I'm in earnest. I've put a fortune into the cattle, and I expect to get a bigger one out of them."

"And I believe cattle raising is an ideal business for women. Miss Fitzgibbon is an excellent argument in favor of the college woman's way."

FOOD AND CLOTHING SALE SATURDAY, PIGGLY-WIGGLY

There will be a food and clothing sale, conducted by members of Circle One of the Floral Heights Baptist Church, Saturday at the Piggy-Wiggly store No. 2.

GRADUATE NURSES HONOR MISS HELENE BENGTSON

Miss Helene Bengtson, of the Wichita General hospital, was the honoree at a pretty luncheon given Thursday noon at the Wichita Club, when members of the Graduate Nurses Association were hostesses.

The occasion was a very attractive farewell to Miss Bengtson, who leaves about May 1st for New York City, to visit a sister for a few days before sailing to Denmark to visit her mother.

The luncheon table was lovely, with sweet peas in four beautiful centerpieces along the snowy table, and trailing fern and blossoms between. The sweet pea centers were carried out further in the pink and white hand-painted place cards and the pink and white sweet pea nut baskets.

During the luncheon, served in four courses, Miss Bengtson was presented with a handsome bridge set, cards and table markers. The menu comprised fried chicken, lettuce hearts and dressing, chicken, new beans and new potatoes, strawberry ice and coffee.

Covers were laid for Mesdames M. H. Glover, Carrie Yantis, Katherine Ladd, Wilford Harrison, C. H. Pooshee, John Monroe and Jerry Chestnut, and Misses Bengtson, Florence Watson, Minnie Caldwell, Myrtle Wells, Katherine O'Donnell, Margaret Farmer, Mary Foley, Ruth Freeman, Nellie Lockwood, Dorothy Dorpat, Gladys Zetzsche, Vera Bamberg and Dixie King.

KATHERINE COOK CONCERT NEXT FRIDAY AT CARRIAGE

The concert which Miss Katherine Cook, Mrs. Virginia Hotchkiss and Mr. Pennington, of Dallas, are to give at the Carriage schoolhouse will be next Friday, May 4.

STORY HOUR FOR KIDDIES SATURDAY, KEMP LIBRARY

Mrs. Atkinson will tell the children about "Old Luke-Ole," the Star Child, and Billy and His Bull at the Saturday hour at Kemp Library, beginning at 2 o'clock.

TEXAS NO. 208 WAGGONER IS MAKING 140 BARRELS

The Texas Company's No. 208 Waggoner was completed Thursday at the rate of 140 barrels from the 140-foot pay. The well is located in the John Bradley survey, abstract No. 12, and is an offset to the south of the W. H. Green producers in H. T. B. R. survey 121, Waggoner.

Near Urdanfield the Continental Oil Company has commenced drilling operations on the test in the bed of Red river and the well is going down rapidly. The well is standing 40 feet in the hole.

That is the reason I am dictating this letter to Jack's stenographer at his office, my hand being still done up in old bandages. We arrived home five days ago returning a little earlier than I had expected because of my accident.

Three hundred and fifty members of the senior department of the First Baptist Sunday school enjoyed the big barbecue in the church basement living rooms Thursday evening, with a delightful get-acquainted meeting.

Four front quarters of beef were barbecued by the Jumbo Barbecue stand, complimentary to the seniors, and served with all the proper accompanying.

Mrs. W. B. McClain is entertaining the members of the Thursday Bridge Club, her husband, and a few guests Friday evening at her home, 1900 Pearl street, commencing her house guests, Mr. and Mrs. Maurice Hart, of Columbus, Ohio, and John W. Choate, of Oklahoma City.

The Tangle

Letter From Leslie Prescott To Her Mother, Mrs. Joseph Hamilton Dear Mother:

I had not realized that I had not written you for so long a time until I got your last letter. As you said in it, no one should worry about a bride on her wedding trip. Yet, dear mother, sometimes things do happen to brides during that happy month called the honeymoon and I am sorry to say that I have been illustrating that fact.

I have had quite an accident, but I made Jack promise not to write anything to you about it. Each day I have been intending to write myself and each day I have put it off simply because the things that I was hurrying to say I could not and the things that I could say seemed so commonplace.

However, mother dear, this life is mostly made up of commonplace things. Jack was trying to tell me the other evening how monotonous was his work at the office and it seems to me that the last week here in this hotel has been absolutely without any thrills.

Perhaps it is because I had such a thrill a little while ago. I burned my hand quite badly.

It was a silly accident and one for which I am entirely to blame. I was foolish enough not to quickly reason before I gave myself the luxury of yielding to an impulse, but that does not make the pain of it all any easier to bear.

You see, I tried to grasp and put out some burning paper that promised to make and have among some of my possessions that I treasure most and I foolishly kept my hand shut quite a while after the paper had dropped to the floor. When I opened it the blistered skin had pulled apart leaving the whole inner surface raw.

That is the reason I am dictating this letter to Jack's stenographer at his office, my hand being still done up in old bandages. We arrived home five days ago returning a little earlier than I had expected because of my accident.

Because of it also we are staying in Jack's old room in the hotel. We have not tried to get an apartment as yet.

I have not been out very much. Jack and I have even had most of our dinners in our room, for I feel perfectly foolish to eat or even to about in public with my hand in bandages and my arm in a sling.

Jack has fortunately been very busy since our return and evidently has not missed his old friends. He only comes back to the hotel to fall asleep right after dinner.

I want to get into our home, mother dear, for I intend if I only have the tiniest apartment it must be a home. It seems to me that I never missed the one I left as I do now.

Here comes Jack to drive me to

Don't Spoil Your Child's Hair By Washing It

When you wash your child's hair be careful what you use. Many soaps and prepared shampoos contain too much free alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It is very cheap and beats anything else all to pieces.

Two or three teaspoonfuls of Mulsified in a cup of glass with a little warm water is all that is required. Simply moisten the hair with water, and rub the Mulsified in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair grows quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. You can get Mulsified coconut oil shampoo at any drug store, and a few ounces will last everyone in the family for months. Be sure your drugist gives you Mulsified—adv.

the hotel. I'll finish this letter to-morrow. Tomorrow: Concluding the letter, Leslie wonders if even the man of her choice won't love her.

NEVER SAW SUCH AN IMPROVEMENT

Says Lady Who Took Cardui After Having Become So Weak She Couldn't Stand —Had Pains All Over

MAGIE, MISS—Mrs. J. M. Hall of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I went for five more. By the time I had taken these, I was on my feet, gained around doing my work, gained in health and strength."

"I took two more bottles, and I am well and strong. I can work my garden, I haven't had any more sickness."

Cardui acts gently and in a natural manner, helping to relieve the symptoms of many forms of female trouble, and to build up the system to health.

Cardui is for sale at all druggists.

Taste What Bakers are baking fresh for you each week

TASTE a luscious raisin bread that they are making for you in sanitary modern ovens, in scientific ways.

Real "old-fashioned" full-fruit raisin bread, the kind you've waited for.

Count the raisins—at least eight delicious fruit-meats in each slice.

We've arranged with bakers in almost every town and city to bake this full-fruit raisin bread.

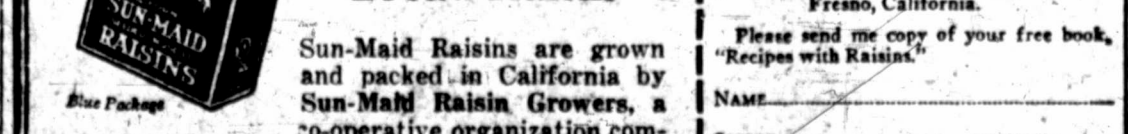

When bakers bake bread like it, there's no need to bake at home. You'll say so when you taste it. Try it now. Made with Sun-Maid Raisins.

Just phone a grocer or neighborhood bake shop to send a loaf today. Learn how convenient to get good raisin bread.

Use Sun-Maid Raisins also in your puddings, cakes and cookies—for raisins are both good and good for you.

You may be offered other brands that you know less well than Sun-Maids, but the kind you want is the kind you know is good. Insist, therefore, on Sun-Maid brand. They cost no more than ordinary raisins.

Mail coupon for free book of tested Sun-Maid recipes.

Seize Raisin Food Eat More Wheat

Sun-Maid Raisins are grown and packed in California by Sun-Maid Raisin Growers, a co-operative organization comprising 14,000 grower members.

### NEW NONPARTISAN ORGANIZATION HAS ANNOUNCED PLANS

#### OPPOSES AGENCIES BREEDING CLASS OR RELIGIOUS DISCRIMINATIONS.

### OPEN SHOP MOVEMENT ENDORSED IN PLATFORM

Declares Loyalty to Government Must Be Above Any Organization.

By Universal Service. EVANSTON, Ill., April 27.—"Militant Men of the Constitution" is the name given to a new nonpartisan organization headed by General Charles G. Dawes.

The purpose of the organization is to obtain delegates from Illinois to the Democratic and Republican conventions pledged to support the inclusion of the following plans in the platform of each party:

First—Advocating the renewal and building up of respect for law and the constitution of the United States.

Second—Condemning all influences and agencies which breed class or religious discriminations.

Third—Recognizing the right of individuals to associate with others to defend within the law his rights and advance his economic, social and political interests.

Fourth—Endorsing the announced position of the government of the United States maintaining that the right of a citizen to work without unlawful interference is as sacred as the right of a citizen to cease work, irrespective of whether he is or is not a member of a labor organization.

Fifth—Declaring that loyalty to the government of the United States must be above and beyond that to any civil or industrial organization working for the interests of special groups or classes.

### DISCUSS LEASING DOWNTOWN SPACE FOR AUTO PARKING

The possibility of converting the Moore & Nichol lot into either a public parking ground or a rest place for automobiles tonight was discussed Friday at the weekly meeting of the business council.

Reports on the May trade trip and on the railroad meeting at Fort Worth constituted the principal business of the session.

An interesting feature of the railroad meeting report was the statement from several sources that the effort of Traffic Manager Byars of the West Texas Chamber of Commerce to impugn Mr. Kell's motives in the matter had hurt the Fort Worth man much more than it helped his argument.

The public parking question was raised by Al Ellis, who said that some of the Shrine circus committee had expressed the hope that the circus tents might be allowed to remain in place on account of the improved appearance, and that some had suggested providing some sim-

ilar facilities for auto tourists. Mayor Collier said that some of the city officials were considering a plan to lease the tract and provide parking space at a nominal cost, in order to relieve the downtown congestion.

It was announced that reservations for the May trade trip are coming in slow, but that a full complement was indicated.

### Crowd Jams Strand Theater to See Wedding Staged on Thursday Night

#### Bride and Groom from Barkburnett

A record crowd and record time featured the wedding staged at the Strand theater Thursday night. A record crowd, in fact, it was perhaps the largest gathering ever assembled at a theater in this city, and record time was made after it was discovered that a marriage license had not been secured for the event.

This discovery was made after the party was ready to proceed to the stage and it was only "some speed" that prevented a delay in the ceremony. Judge O. L. Gibbs volunteered his assistance, securing a car, and through the courtesy of Mrs. Miller, the county clerk, who went from her home to the court house and issued the papers, the necessary document was produced at the theater. But his did not end the trouble. The bride to be was waiting in the office of Manager Day upstairs but so great was the jam in the theater that they were unable to reach the stage and it was necessary to go out the front way and enter the building from a rear door.

Difficulties thus overcome Miss Ann Funston and J. P. Fink, both of Barkburnett, were united in marriage by Alexander Wetling. Manager Day reported Friday morning that more than 2100 people attended the theater Thursday night of which number over 100 were in attendance from Barkburnett. Many were unable to secure seats during the evening.

Many beautiful presents awaited the bride and groom, presented by merchants of the city and friends of the couple.

The wedding was not the only enjoyable feature of the evening for those in attendance witnessed one

of the best pictures that has ever been shown on the screen in Wichita Falls. It is the production of "Brass," the popular story that had such a remarkable sale, and which will be the attraction at the Strand for the remainder of the week.

Wichita Falls will witness the opening of her first marathon dancing contest at the American Legion hall next Monday night, according to Chas. R. Astoria, advance man for the Louis B. Race orchestra.

The dance is to be given under the direction of Louis B. Race who is well known here and who has just closed an engagement in Dallas when P. J. Newman made a world's record in the marathon dance there, with a non-stop dance of 167 hours. Mr. Race has staged a number of marathon dances and has always used the precaution to prevent any disastrous results to the contestants, the manager said. A physician will be in charge of the contestants at all times during the dance and will allow no one to compete who is not physically fit. Persons showing signs of exhaustion will be ruled off the floor, according to the rules of the contest. Mr. Astoria said Friday that he had consulted local officials con-

### COMMUNIST PARTY OFFICIAL ON STAND IN RADICAL TRIAL

ST. JOSEPH, MICH., April 27.—Ray Loveston, secretary of the executive committee of the communist party of America, took the stand today as a witness for Charles E. Ruthenberg, charged with advocating criminal syndicalism.

Loveston, alias Wheat, presided at some sessions of the communist convention held in this county last August, and there presented his annual report.

The report was read in evidence today by the defense. Ruthenberg completed his testimony this morning after being on the stand less than six hours. His testimony as an expert on radical doctrines at the trial of William Z. Foster consumed most of these days but this time Judge Charles White ruled out most of the "expert" examination.

Dr. Sandifer is regarded as one of the most inspiring as well as entertaining speakers for young people, and a big audience is expected to hear him. Aside from being president of one of the foremost colleges of the state, he is also president of the General Baptist convention of Texas, and a leader of Baptist laymen. Each church in the city and county will have a large number of its members to hear Dr. Sandifer on this occasion.

### BAPTIST TENT MEETING TO BE HELD IN SCOTLAND ADDITION

A tent meeting will start Sunday in Scotland addition, to continue for 15 days, it is announced. Rev. H. J. Ballew, Baptist county missionary, will be in charge, and the announcement says good music will be provided. The motto for the meeting is announced as "The Whole Gospel for the Whole World."

### Marathon Dance to Start Here Monday and Effort Will Be Made to Establish New Record

Wichita Falls will witness the opening of her first marathon dancing contest at the American Legion hall next Monday night, according to Chas. R. Astoria, advance man for the Louis B. Race orchestra.

The dance is to be given under the direction of Louis B. Race who is well known here and who has just closed an engagement in Dallas when P. J. Newman made a world's record in the marathon dance there, with a non-stop dance of 167 hours. Mr. Race has staged a number of marathon dances and has always used the precaution to prevent any disastrous results to the contestants, the manager said. A physician will be in charge of the contestants at all times during the dance and will allow no one to compete who is not physically fit. Persons showing signs of exhaustion will be ruled off the floor, according to the rules of the contest. Mr. Astoria said Friday that he had consulted local officials con-

### COMMUNIST PARTY OFFICIAL ON STAND IN RADICAL TRIAL

ST. JOSEPH, MICH., April 27.—Ray Loveston, secretary of the executive committee of the communist party of America, took the stand today as a witness for Charles E. Ruthenberg, charged with advocating criminal syndicalism.

Loveston, alias Wheat, presided at some sessions of the communist convention held in this county last August, and there presented his annual report.

The report was read in evidence today by the defense. Ruthenberg completed his testimony this morning after being on the stand less than six hours. His testimony as an expert on radical doctrines at the trial of William Z. Foster consumed most of these days but this time Judge Charles White ruled out most of the "expert" examination.

Dr. Sandifer is regarded as one of the most inspiring as well as entertaining speakers for young people, and a big audience is expected to hear him. Aside from being president of one of the foremost colleges of the state, he is also president of the General Baptist convention of Texas, and a leader of Baptist laymen. Each church in the city and county will have a large number of its members to hear Dr. Sandifer on this occasion.

### BAPTIST TENT MEETING TO BE HELD IN SCOTLAND ADDITION

A tent meeting will start Sunday in Scotland addition, to continue for 15 days, it is announced. Rev. H. J. Ballew, Baptist county missionary, will be in charge, and the announcement says good music will be provided. The motto for the meeting is announced as "The Whole Gospel for the Whole World."

A THOUGHT FOR TODAY
Better is a dry morsel and quietness therewith, than an house full of sacrifices with strife.—Prov. 17:1.

TOLD YOU SO.

How many days since you have thought of Coue? He is almost forgotten. To endure persistently in American memory, one must be a baseball player, a prize fighter, a stage or movie star, a theatrical scientist or medical man—or the inventor or marketer of a breakfast food, beauty lotion or some mechanical device that can be sold cheaply.

A reader, one of the wise few who will get permanent good from Coue's system of harnessing the imagination, sends a letter announcing his discovery that the original disciple of the Coue method of treating ailments by auto-suggestion was—Socrates!

He died 2323 years ago. Xenophon, Greek historian and militarist, wrote in his "Memorabilia" that Socrates one day said to him:

"I consider that those live best who study best to become as good as possible, and that those live with most pleasure who feel the most assurance that they are daily growing better and better."

That sounds familiar, strikingly like Coue's "Day by day, in every way, I grow better and better."

Coue, of course, never claimed that he originated the idea, but instead popularized it by giving it a new twist. Hudson had the same idea 31 years ago. So did others, farther back, on through the misty ages. Socrates may have picked it up in the writings of some ancient who died centuries before Socrates was born.

Ten thousand years ago, and more, they probably had epidemics of the Coue idea. The orientals, especially.

Thousands of years from now, the Coue idea will be resurrected and have flash-in-the-pan epidemics of popularity.

What a pity, that these good ideas cannot stay with us permanently instead of visiting occasionally and departing before they become indelible!

Through the ages, experience has taught certain lessons which the wise have put in the form of proverbs. Such saws as "A bird in the hand is worth two in the bush," "Honesty is the best policy," "Don't make a mountain out of a mole-hill."

All this wisdom is available to us, constantly. But, as with the Socrates-Coue idea, we most of the time ignore what was found to be truthful by previous generations who got hard bumps in the finding. "Old fog" notions, we call them. So did past generations, and so will future.

We forget or ignore the proved wisdom because each generation thinks it's the smartest ever. We take a chance, go contrary to proved wisdom—and land on our heads.

Success and happiness are easy to reach; the rule's simple.

WICHITA FALLS LIKELY TO BECOME IMPORTANT COTTON CENTER.

For several years the cotton production map of Texas has been undergoing a change. The center of production has been moving northwestward. Just where this center now is probably has not been determined but its movement northwestward has been certain for cotton is being more and more successfully grown in new areas in Northwest Texas.

One of the reasons for this movement has been the infestation of other sections of the state with boll weevil from which Northwest Texas has so far been exempt. Another has been the exhaustion of the soil in the older sections of the state from continued planting in cotton without rotation in other crops or fertilization to conserve the crop feeding elements in the soil. But the principal reason for the increase in cotton growing in the northwestern part of the state is that cotton is the surest crop that can be grown in this section and is the most profitable.

Rains that have fallen over all of Northwest Texas make conditions very favorable for the starting of the cotton crop this season and reports from all sections indicate that the acreage planted in that crop this year is the greatest ever known.

With a continuance of anything like the favorable conditions that now prevail the country back of Wichita Falls will produce hundreds of thousands of bales of cotton this season with prospects for a very fair price indeed.

The growing importance of cotton in Northwest Texas is a factor in the future of Wichita Falls for practically all of this cotton must come through Wichita Falls on its way to mills.

Cuba is shipping us candy filled with boozes, so taking candy from the baby may not be so easy.

We do not know if a West Chester, Pa. man, who held five aces, left a family or not.

Two's a couple. Three means one is a chaperone.

MAYBE THE LEGISLATURE CAN GET ALONG WITHOUT HEARING BRYAN.

William Jennings Bryan has declined an invitation to address the Texas legislature but telegraphs that he will come if Governor Neff will submit a measure prohibiting the teaching of the theory of evolution in the schools.

It has been a sort of a habit in the Texas legislature to invite Mr. Bryan to address it and he has not often declined an invitation. In the present instance there are some who will think the price conditioned for his acceptance is too high.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

NEVER BE STUMPED! There is hardly a day but some one of us arrives at some cross street in our lives and wonders which way to turn.

Usually we get very welcome advice at such a time. Advice costs nothing; therefore, it becomes a cheap and convenient thing to give away.

But the main thing is not to be stumped. Keep cool. Think. Then decide—and go ahead. You may have decided wrongly—but it won't be long before you will find that out. The great thing in life is not to hesitate too long over anything.

Edward Bok, in his wonderfully absorbing story of Cyrus Curtis, in "The Man from Maine," tells of the time when Mr. Curtis stood to lose \$500,000, had given up his enterprise of the Saturday Evening Post. But Curtis called in his treasurer and had a talk. Just imagine the state of mind of that treasurer when he was told to spend another \$200,000 so that there would be a cool million lost—if necessary!

The point was that here was a master fighter who had determined to win. And of course he did. Never be stumped!

If you seem to have run out of ideas one way, turn around and take up a new line and travel in some other direction. Success does not limit itself by direction.

When I go to my library tonight and pick up a favorite book, I shall be sure to pick up one that was written by someone who refused to be stumped.

Perhaps it will be one by Mark Twain, or Carlyle, or the sick Stevenson.

Play with your plans. Keep looking ahead. Try to learn what the other fellow is thinking about. And whatever you do, seek to do it better than it has ever been done before. Take discouragement as a matter of course.

But—never be stumped! (Copyright, 1923, George Matthew Adams.)

JUST FOLKS

By EDGAR A. GUEST

THE JOY OF LIFE. This much I've had. The beauty of a tree Robed in its gown of springtime's petals fair Fresh as a girl with daisies in her hair; I've seen the splendor of the green sea, Beheld the snow-crowned mountain's majesty, And cherished roses in my garden there; Days I have known untouched by grief or care When it was glorious alive to be.

I have not walked alone. Good friends and true Have shared the way with me, and by their love This life of mine took on a brighter hue; I've gloried in the skies which smiled above, I've taken much the world has had to give, And 'twile of care, it has been good to live.

(Copyright, 1923, by Edgar A. Guest.)

WITH TOM SINS

Texas aviators accidentally bombed a bakery and they say the dough rose very rapidly.

Group of Pennsylvania miners were lucky. Paid \$900 to bootleggers and didn't get any booze.

This world court they are discussing has a summons for America, and hasn't served it yet.

Whistling is forbidden in Iceland, but they haven't very much to whistle about in Iceland.

Harvey may quit England to take the stump in America, going from up a tree to up a stump.

Cases of twins occur once in every 68 births, and never use good judgment as to when or where.

Ex-kaiser has abandoned his bookaw for a buzz-saw, maybe because he likes monkeying with buzz-saws.

Action for blue laws will be started in 43 states, by people who would feel blue anyway.

Police claim a man named La Piana moved out of Milwaukee, Wis., leaving 29 notes behind.

The Chinese roast their eggs instead of boiling them, and do not use china eggs either.

Fourteen members of the fish trust were jailed in Boston, so maybe their pleas sounded fishy.

Russian leaders say they do not believe in heaven, Sour grapes.

TODAY

By LEE PAPP

We are prosperous. Our politicians are soft. The king marries his son. Convention for San Francisco.

By ARTHUR BRISBANE (Copyright, 1923, The Star Co.)

Speaking, as you may have been, about prosperity, consider this comparison. In 1922 Great Britain manufactured forty thousand automobiles.

In 1923 the United States output was three million cars.

More automobiles owned in the state of Iowa, a really great state, could take the entire Iowa population motoring at the same time, everybody, men, women, babies, without putting more than five passengers in one car.

These figures mean real prosperity. A nation with automobiles, compared to a nation lacking them, is like a nation flying birds compared to a nation of creeping turtles.

Every month this nation produces more motor cars than the total number now existing in Great Britain. Think that over. We have here more automobiles flying birds for every ten persons. Britain has 314, 763.

This nation appropriated \$4,500,000 to elevate the guns of the American fleet and make them equal in range to the guns of England's fleet admitted by England to be superior to ours.

A fighting ship with guns of shorter range than the enemy's is a long range enemy. A child can understand that. The enemy sinks you before your guns get into action.

But England objected to the raising of our guns and increasing their range. It would be a violation of the Washington agreement.

And you have guessed it—Secretary Denby announces that the \$4,500,000 won't be spent, the guns won't be elevated.

Congratulations to Old England and her genuine statesmen. It is child's play for them to state our soft politicians on their heads.

Now if England can get us into a world court, where she and her European allies could vote five or six to one, everything would be perfect.

What this country seems to need is a guardian.

The King and Queen of England (other kings and queens don't interest high spirited Americans much) married off another son yesterday.

The bride, formerly Lady Elizabeth Bowes-Lyon, was the princess by the king's favor. Now she is the fourth lady of England—the king's mother, the Princess, the king's daughter, third Princess Elizabeth fourth.

What ambitious young American girl will take this place now and first-place later by marrying the Prince of Wales?

Doesn't it sound like a fairy tale? But the king and prince in derby hats, the two queens with modern clothes and the princess in gossamer with short hair, were seen following them, seem to lack the ancient flavor.

What would Richard the Lionheart do with the power, Dominick the Eighty think of his successors in office terrorized by labor members?

Fleischacker, Stanton, Fremont, Older, and others of the San Francisco fighters, say that San Francisco must take place before the League of Nations in 1924, or better still, two, one republican, one democratic.

It is probable that every democratic politician who crosses the water on a return trip to San Francisco will be no doubt that taking politicians out of their eastern nests and putting them in the Pacific coast, would be a great educational trip for the easterners. It ought to be a return trip for the westerners, a nation worthy of something better than a peanut, handpicked candidate.

When they do reach the Pacific, the political gentlemen should be taken along the coast, a foot 1,400 miles length of California, and as far north as the last foot of the United States soil.

Cregon and Washington would make the eastern district leader ask himself: "Is it possible for any country to be as great as this?"

If you have ever been to America, get out west and see it. There is a great deal of it.

Sugar still climbs higher. And the newspapers representing gamblers in foodstuffs tell Attorney General Daugherty "if you interfere with sugar gambling, you'll close the sugar exchange, and then sugar will jump from ten cents to twenty cents a pound." It is a defiant statement that the gamblers are more powerful than the government.

The price will tell.

England does not exactly like Russia's government, her rulers, her executions of clerics—but all that must not interfere with business. For Russia's business is big. She has bridged five hundred refugees admitted to the United States. Other nations refused to take them because they were Russian.

At the same time you read that England has established a regular flying machine service from London to Moscow via Berlin usually in the work of a handful of individuals. They stage a lot of lawlessness and the public gets the incorrect notion that a wave of crime is surging through a large part of the population. A half dozen prison cells can end the average "crime" wave.

SEBASTIAN-JAPANESE TRADE INJURED BY NEW SOVIET LAWS

TOKIO, April 26.—Trade between Japan and Siberia has come to a standstill owing to the heavy duties and other restrictions on imports imposed by the Vladivostok authorities. Passenger traffic also is at a low ebb owing to the soviet authorities insisting that passports must be used by soviet representatives.

LITTLE BENNY'S NOTE BOOK

By LEE PAPP

Ma and Puds Simkins was wawking along tawking about different things in particular and nothing in general, and we came to a white horse hitched to a red wagon standing in front of a delicate tessen store.

Puds saying, G, heers our chance to a get to him out of a white horse tale, you know that one of the luckiest things there is. G, all rite, you pull one out and then I will see you.

All rite, Puds sed. Wich jest then the horse ferned around and looked at us, having feases looking red eyes wiggly ears.

G, Im glad its tale dont grow out of that end, Puds sed. And we moved down further towards the end it did grow out of, and we stood there a while looking at it, me saying, Go ahead, pull one out, wats matter?

I was jest going to, Puds sed. Wich jest then the horse terned around to look at us again, and he had all his teeth showing, being one of the worst sites I ever saw on a horse, and Puds quick pulled his hand back eyes red.

He cant bite you away down heer, new do you call him looking, go ahead, wats matter? I sed, and Puds sed, Nothing, you go first.

Wich I started to reach out for a white horse tale, and jest then the horse put one hinc foot up in the air and put it down again slow and I stopped reaching, saying, O I dont believe its so darn lucky.

Neither do I, I bet its only a sooperstition, Puds sed. Wich jest then the horse terned around to look at us, saying, Hay, get away from that horse tale, its your life insured? And he jumped in the wagon and drove it away, being a short wargin saying Schmuckers Superior Sausages on it.

YOU AND I

By ALBERT APPLE

INTERESTING You should find the newspapers very interesting in the next few weeks.

They will be full of news, a feast or a famine. Once more the so-called human race rises from its lethargy and performs entertainingly.

Matthew Bernard Oldenburg, 64, inventor of "brick ice cream," is buried in New Orleans. He left the world a fortune of \$1,000,000.

The youngest bigamist on record in our country is discovered in New York City. At 15 she has two husbands.

Eighty-year-old twin sisters, Mrs. Weis and Mrs. Von Pelt, celebrate their 80th birthday in Brooklyn. One age, but it's phenomenal for both to survive that long.

WJZ The broadcasting station at Newark, N. J., will not broadcast any more copyrighted music. Royalties of \$300 to \$5000 a piece are demanded by the authors, composers and publishers who own the copyright.

WJZ should broadcast the old-time stuff, it's better, and very popular—judging from the way it brings down the volume in radio. WJZ's action probably is the beginning of the end of radio jazz.

EINSTEIN Prof. Campbell, of the Lick Observatory, says the photographs of the stars, taken in Australia during the Double A raid, are accurate. Two other astronomical checks must take place before the Double A theory of science will be convinced.

Verification of the Einstein theory must be made by finding this strange fact: A yardstick does not measure the same distance north and south as it does east and west.

It is probable that every democratic politician who crosses the water on a return trip to San Francisco will be no doubt that taking politicians out of their eastern nests and putting them in the Pacific coast, would be a great educational trip for the easterners. It ought to be a return trip for the westerners, a nation worthy of something better than a peanut, handpicked candidate.

AMPLIFIED A speech by President Harding will be picked up by microphones and broadcast May 16 from radio station WEA at New York City. The radio expert of a New York paper figures out that "from the studio to the antenna the power carrying the Harding's voice will be amplified about 8000 billion times."

If you could similarly magnify your strength, you could easily do the work of all railroad locomotives in this country.

The old-fashioned brain gets rather dizzy when it contemplates the scientific magic of 1923.

SPORT Tom Lawson, famous stock market "fixer," is back in the news. He is wearing a face a foot long. Lawson doesn't, so he'll probably "come back and not have to trading put calls for clear money. Trouble's clinging to us when we take them too seriously.

What's the difference, in another hundred years?

HOLD-UPS A boy-bandit, 15, confesses to New York police that he had his pal pulled off 5 hold-ups, enough to be called a crime wave.

The average "crime wave" usually is the work of a handful of lawlessness and the public gets the incorrect notion that a wave of crime is surging through a large part of the population. A half dozen prison cells can end the average "crime" wave.

"BABY MINE"

POP SAYS THERE IS LITTLE USE TO TALK ABOUT ME TO ANYONE—THEY EITHER HAVE A BABY OR HAVEN'T

HERE'S A GOOD CHANCE FOR A LOT OF EXCITEMENT

WHISPERING SAGE

By MARY SHELLEY DRAGO AND JOSEPH HOEL

Copyright, 1923, by M. S. Drago and J. Hoel

"You heard, Bodine," he muttered ominously. "It goes for you. When you hear a whisper, you'll hear it. You'd better drop out of sight."

Buck tried to interrupt, but the boy waved him down with a word: "Quiet!"

A movement in the crowd made it eloquent.

Night was at hand. The whispering men were chanting their monotonous dirge as they winged across the whispering sage. Dejected, broken, tired with their struggling, the weary Basques were alone at last in the gray twilight with the fate that confronted them.

They had come to the battle strong and determined, but now, as they turned to begin the long trip back to their homes, they moved with bowed heads. They were beaten.

CHAPTER XXIV In the days that followed, Kildare watched Bodine's movements with untiring patience. Acklin had sent Melody and his men to the mountains for hours at a time they would hold a glass on the house on Webster Creek. Life there became as familiar as if they were on the spot.

They counted eight men; Buck and seven others. Their features were not recognizable, but the big fellows' silhouettes marked him. No one would be in the heat of midday. Double A riders rarely caught sight of any of them.

Morrow met his men one morning. He had no news. He had heard that one or two of the Basques had packed up their belongings and moved on. Cash made light of it.

He was right, apparently. Blase had supposed Bodine would kick back once or twice before giving up. But he had gone by, and he had not stirred from his retreat.

The following morning, however, there were signs of life at the Webster ranch. Shortly after midnight, Blase and his men were the saddle, and by noon they had rounded up their stock, now about three hundred head. An hour later they were in motion, pointed for Winnemucca.

"They're headin' for the railroad, sure as you're born," Melody called to him. "That's the game."

"We can see them from here for an hour or more. When they reach the river, I'm going to hike down there."

Melody studied his friends' face before he spoke again.

"Every one in a while you pull a mysterious 'Yark wike' that," Blase finally said. "What you got up your sleeve?"

"It goes back a long ways, old-time. You'll hear after dark. It's Kildare told to his feet. 'But I ain't got any intention of lugging you into trouble. This is my own little affair. I'll wait here dark night. You make me sick,' the red-haired one answered savagely.

"I don't want to cheat you out of anything," Blase murmured in his drawing manner. "Come on along, if you feel that way about it."

His proposed plan received a jolt as they saw Bodine and his men separate at the river. Three of them headed back for the Webster. The distance was so great that Blase could not tell whether Buck was among these who had gone on or not.

"One of us has got to stay here now," Melody said. "I'll wait here. I'll be riding over a roundabout course, Kildare trailed the moving herd into town. Bodine and the bandy-legged man were not among them. The steeds were loaded at the next morning, and the six riders who had brought them in immediately returned to the Webster.

Evening found Blase and Melody in their old nest above Bodine's ranch. "Looks like a get-away to me," Kildare told the post. "It's a stake on shares by the Basques. One of them is interested in it. Thirty or so have this year's clipping there right now. We're going to touch it off. That'll hit every one of them in the well-known pocketbook."

Nex Ferece laughed. "He's hoppin' round on one leg now, those Basque. When we get a done, he's boys are no place to put even him."

WORK OF DISPLAY MANY

ANNUAL EXHIBITIVITY BU... VARIOUS FEAT STUDENTS

Special Program of Schools... The annual exhibit of the public schools opened to the public at 2 p. m. on the afternoon of the 26th.

For the most part, the exhibit was a success. The public school children, with their parents, were in the high school sections of the exhibit.

A PUZZLE A DAY

Starting at any point in the above square, draw one continuous line that will pass through every opening in the circle and the four connecting lines. No opening may be gone through twice. The line may begin at any point and end anywhere. There are many different routes which may be taken.

Yesterday's Answer: If four men walk around a one-mile race track, the first may at the rate of five miles an hour, the second four, the third three, and the fourth two, they will meet at the starting point in just one hour. The first man will have walked five miles, the second four, the third three, and the fourth two.

SPENDING Economy's home is in London. The British government announces that during the 12 months ended March 31, it reduced its bonded debt by about 1350 million dollars.

That's the kind of charge account to have on our books. Three and a half years of such economy would wipe out what they borrowed from Uncle Sam. Paris papers please copy.

# SPUDDERS TO OPEN HOME SEASON FRIDAY WITH SHREVEPORT

## Record Attendance in Sight With Sun Shining Again and Boxes Sold Out Nearly 24 Hours Before Game

Hidden most of the time for the past two or three days, the sun peeked through the clouds at 10 o'clock Friday morning and began his duties of making the setting ideal for Wichita Falls' opening Friday afternoon of the 1923 baseball season.

The Spudders and the Gassers arrived safely Thursday night from Fort Worth and Dallas, respectively, and all is set for the grand blow-off at 4 o'clock Friday afternoon. While actual play will not start until 4 o'clock, festivities for the occasion got under way at 2 o'clock, when Lloyd Weaver started the parade on its way to Athletic Park.

Thomas to Be Greeted. Several surprises are in store for the fans in the pre-game festivities. There will be the usual presentation of flowers, but nobody seems to know anything about who the recipients will be or who will do the presenting. It is expected that the team has let out the hint that there will be a surprise greeting for Ira Thomas, one of the new bosses in the Texas League.

Mayor Frank Cotler is on the program to have the first ball to Fire Chief McClure, and President J. D. Harvey of the Spudders will serve as the leadoff man for the opposing forces.

Many Early Birds. At 8 o'clock Friday night all the box seats were sold and many were forced to take grandstand tickets. All indications point to a record attendance for all time for Wichita Falls. The best previous attendance to a Spudder game was 3,100, but it is likely that the mark will fall when the fans start filling in Friday afternoon.

The ticket windows were opened at 1:30 o'clock and there were many fans already standing in line when Secretary Will Gray lifted the first Rip Wheeler is the most probable starter for the home crowd, while it is Kitchens who will lead the visiting manager. Thomas of the Gassers has three or four of his long string of hurriers ready to go, but the chances probably will fall between Ross, Ketchum and Jolley.

San Antonio, April 27.—Houston took the third game of the series with San Antonio, 3 to 2. The Buffaloes drove Morison from the box in the first inning after Handley knocked a home run, scoring two runners in front of him. Score: Houston 3, San Antonio 2.

Houston—AB R H PO A E. Morison, cf 4 1 1 4 0 0. Handley, 1b 4 1 1 1 3 0. Uhl, 2b 4 0 1 1 4 0. Griffith, c 4 1 2 1 0 0. Pietsch, p 4 0 0 1 2 0. Totals 20 4 5 17 11 0. Batted for Morrison in ninth.

Tulsa	1	1	.500	2
Wichita	1	1	.500	2

Thursday's Results: St. Paul 12, Milwaukee 6. Louisville 11, Toledo 1. Indianapolis 7, Columbus 4. Only three games scheduled.

East Texas League: Sulphur Springs 6, Paris 15. Mount Pleasant 6, Greenville 2. Marshall 1.

Robins 14, Phillies 4. Philadelphia, April 27.—The National League opener here Thursday by beating Philadelphia 14 to 4.

Pittsburgh, April 27.—Pittsburgh made it two straight from Chicago by winning Thursday's game, 7 to 2. The Pirates knocked Osborne out of the box in the second inning and was relieved by Dumovich.

New York, April 27.—The New York Giants opened their home season here Thursday with a hard fought 7 to 3 win over the Boston Braves. Commissioner of Baseball K. M. Landis presented diamond trophies to all the New York players.

Coyotes Rained Out; Pair Slated Friday. Amarillo, Texas, April 27.—Thursday's game between Wichita Falls High School and Amarillo High was postponed on account of rain. The two teams will meet in a double header Friday and the third game of the series is scheduled for Saturday.

## The Lookout

The Spudders now have a pair of double headers stacked up for future reference, since Thursday's final game at Fort Worth was rained out. One of the Shreveport games was rained out in the opening series at Galveston.

Jakie Ats probably was tickled to death when it was decided it was too late for a ball game. Not that Jakie fears our Spudders so much as that, but his pitchers that can deliver are decidedly scarce. Only two Cat hurriers who can go the route have been located thus far. They are Pats and Wachtel. Lefty Johns can get started and looks hasn't lasted very long in any game. Stoner and Pope are not being used extensively by the Cat skipper for some reason or other.

Ira Thomas, veteran of the major leagues and one of the smartest catchers of all time, is making his Texas League debut as a manager and manager of this season. He knows the game about as well as the next man, but operating a club in the minors is a different proposition, steering one through the big show.

Thomas has got together a club of youngsters. Evidently he is building for the future. But if Thomas prospers under such a plan of things, it will be a good thing for the Texas League. More than one close student of Texas League baseball.

Building a team from youngsters is a great thing in the major leagues. There is no higher league to come along and break up the team by draft after these youngsters are developed into stars. And comparatively the drain on the club pocketbook while the club is in the formative stage is not so great as in the minors. A couple of years in waiting around in the cellar of a minor league ordinarily stands a club in the minors a neat sum.

The fans in the Texas League don't turn out to see losses and if some falls to develop a winner for Shreveport in a couple of years, another change of ownership can be looked for. Building teams for future years is not the plan of the league, but it is the plan of the club. The only proceeds in the minors is the only proceeds. But last each year take care of itself in Texas.

Doc Silva, who was sold to Little Rock when he failed to show anything with the Spudders in the spring, seems to be getting along in his new home. Silva was hit in the mouth by a pitched ball several days ago. In one of his recent games he created a homer and two singles. He didn't show anything like that while wearing Spudder clothes.

The Sandfabs at Galveston knocked off their fifth straight game Thursday. This string comes right on top of three straight losses to start the season and speaks pretty well for the Gassers' recuperative powers. The team that was got likely to win any pennants, but it will make it hard for everybody else.

Kitchens, Kircher, Ketchum and Kirkham all in the same league are apt to cause things to be a bit balled up once in a while, not to mention the two Don Browns on the same evening. The rest of Kitchens' name is Keddias K., and still no one has labeled him "Ku Klux."

Baltimore Offered \$100,000 For Boley By Brooklyn Robins. Red Sox 5, Yankees 4. Boston, April 27.—Boston opened his home season Thursday by defeating New York, 4 to 4. More than 20,000 fans, the largest opening day crowd in ten years watched Frank Chance make his debut as manager of the Red Sox.

Detroit, April 27.—Thirty-six thousand persons moved down to Navin Field Thursday, saw Detroit vanquished by the Browns, 4 to 2. The enlarged grand stands, pavilions and bleachers were jammed to capacity with hundreds sitting or standing around the field. The attendance was 4,000 greater than the previous record opening crowd.

Washington, April 27.—Twenty-two thousand fans saw Washington open the opening game of the season here Thursday from Philadelphia, 2 to 1. From a box President Harding tossed out the first ball. Mrs. Harding and Secretaries Hoover and Davis accompanied him to the game.

Chicago, April 27.—Stanley Coveleski pitched six-hit ball in the pitcher's Thursday while Cleveland hit Faber opportunely and shut out Chicago 3 to 0, before an opening day crowd of approximately 20,000.

San Antonio, April 27.—The Spudders opened their home season here Thursday with a hard fought 7 to 3 win over the Boston Braves. Commissioner of Baseball K. M. Landis presented diamond trophies to all the New York players.

Baseball Wichita Falls vs. Shreveport Saturday, April 28 4 p. m. Tickets on Sale at Tipton's Sport Hut, Wichita Falls and Noble Gray's Newsstand.

## VIC KEEN SENDS A MESSAGE OF CHEER TO FORMER MATES

Victor Keen, Spudder pitching ace of last season, who is with the Chicago Cubs, sends his best wishes to the Spudders in the form of a telegram from Pittsburgh, where the Cubs are now playing.

Keen's message of cheer follows: "Pittsburgh, Pa., April 27.—How I wish I could be with you to start the pennant race. Even though I cannot be there you know my heart and best wishes are with the Spudders. I will feel so good this fall if the boys come out ahead of Fort Worth. Here is luck to all the boys. (Signed) VIC KEEN."

## RICKARD PICKS GEORGIA HIGH SCHOOL BOY COMING MIDDLEWEIGHT CHAMP

Atlanta, Ga., April 27.—"Tex" Rickard, promoter of championship bouts, is convinced the next real contender for the title belt of the middleweight division will be an 18-year-old Georgia high school boy.

Rickard's smile has fallen on "Young" Stribling of Macon, Ga., and the lad soon will be milling about in Madison Square Garden, according to the promoter's plans.

In two years Stribling has fought 573 rounds. In 68 fights he has been declared winner in 54. Ten were draws and two were losses which he later avenged. He has won his last 34 starts.

Runners from Oxford University are entered in three events, two Friday and one Saturday. Hamilton Collegiate Institute, the Canadian representative, will complete in three scholastic races.

Plans of Rotary Club officials for distributing "knot hole passes" to boys eligible to receive them, were interfered with by the fact that the schools were closed Friday for the annual exhibit. It had been planned to distribute the passes at the school Friday.

Passes were given out Thursday at the barbers, Travis and San Jacinto schools. It will probably be Monday before the remaining school passes are distributed. The passes will be honored for the first time Saturday.

Quarterly Conference Held at Kirkland. The quarterly conference of the Methodist church, Vernon district, was held at Kirkland Wednesday and Thursday of this week, with practically every minister in the district being present. There were a large number of laymen in attendance, several of whom took an active part in the proceedings.

Waco, Texas, April 27.—Two home runs were enough to give Baylor a 3 to 2 victory over the Texas Aggies here Thursday. The game was played at the old stadium, where the Aggies all the way. Olsen of A. and M. was chased from the mound in the second round and was relieved by Giffin in the third. The rest of the game the rest of the way. Both Lyons and Giffin struck out eight batters.

## ACCURATE DRIVE MOST IMPORTANT HUTCHISON SAYS

By BILLY EVANS. "What is the most important shot in golf?"

Recently I put that question to Jock Hutchison.

"That question is asked me more often than any other," he replied.

"If one aspires to play between 70 and 80, every shot is important. The slightest slip in any department of play will give the score card a black eye."

"I would say that a player must first perfect his driving if he is to get anywhere with his game. By driving I do not mean for distance, rather I have in mind accuracy."

"The desire to drive for distance is a fault that handicaps many golfers. Distance is not everything, accurate driving, that doesn't result in such a long ball, is far more important. I would say that accurate driving was the most important feature of golf play."

"A well placed shot from the tee enables the player to put his second shot on the green, which is greatly feared by every player. Getting on the green in two offers great possibilities."

"It strikes me that a second shot that gets you on the green—made by a good player—will be considered more important than the approach putt or masher-in-block pitch."

"To a great many beginners the pitch over a brook or a trap or bunker is a nightmare. In reality it is an easy shot. If the player would just think so, it is the hardest that is uppermost in the mind of the player, which makes the shot hard to accomplish. If the ball is in a trap or a bunker, the player would make the shot in a matter of fact manner—and do it perfectly. Such hazards never bother the skilled player."

"A short putt to win a match with much at stake is far more difficult to the pro player than the pitch over the hazard."

Jimmy Murphy Wins Fresno Speed Event. Fresno, Cal., April 27.—As a result of winning Thursday's race here Jimmy Murphy stands 300 points nearer the A. A. championship rating for 1923. Murphy now has a lead over Bennett Hill, his nearest competitor, of 430 points.

Murphy, in winning the 150-mile automobile race, set a new world record for all distances between one and 150 miles for a one-mile race, with a speed of 102.61 miles per hour.

Murphy was second in a Miller special. Bennett Hill finished third and Earl Cooper was fourth.

Special Ceiling to Make Composing Room Silent. New York, April 26.—A perforated ceiling for the composing room in the new home of the New York Tribune, just installed, will do away with the traditional separate room for proof readers, and enable them to read "copy" and proofs in the midst of the typesetting machines, according to the expectations of acoustical experts.

Clifford M. Swan, consulting engineer for the company which installed the acoustical correction, explained that a ceiling of perforated oil cloth, over a thick layer of felt, will absorb the short wave lengths of sound which produce the high pitches, and will completely do away with annoying reverberation.

The effect will be the same, he said, as if the composing room were to be set up in the open air. This he believed to be the first time in newspaper history that any attempt has been made to silence a composing room. By the aid of acoustical science.

## FORMAL OPENING OF MUNY GOLF COURSE SLATED FOR MAY 1; LOCKERS FINISHED

May 1 has been set for the formal opening of the Wichita Falls Municipal Golf Club. It was announced yesterday by Arthur Salmon, who is in charge of the entertainment features of the event. Plans are not yet complete for the opening, but they have materialized sufficiently to warrant the prediction that there will be lots of golf for the many golfers on that date. A feature of the opening will be a dance at the club house in the evening for members of the club. During the afternoon the course will be thrown open for the inspection of the public.

The locker rooms at the club house have been completed, according to Mr. Salmon, and tickets for individual lockers and other clubhouse privileges were placed on sale Friday at Collier and Landau's.

Score cards for the course have been printed and these may be had at Collier and Landau's. The club tournament committee urges that all players obtain cards and begin scoring their scores that the handicapping committee might start arranging the schedule of handicaps for the first municipal tourney.

Rains this week have kept play over the course at a minimum, but by Saturday and Sunday, with no more rain, the course should be in the best of condition.

Baseball Commissioner Landis presented diamond rings to members of the world champion Giants. The rings were trophies of the victory over the Yankees in the baseball classic of last year.

The veteran Christy Mathewson, president of the Giants, was presented to the fans in New York by Commissioner Landis and was tendered one of the greatest ovations ever given a player in New York. Mathewson was formerly the idol of the National League.

The effect will be the same, he said, as if the composing room were to be set up in the open air. This he believed to be the first time in newspaper history that any attempt has been made to silence a composing room. By the aid of acoustical science.

## Using Vegetables For Seasoning Is Proving Popular

The people of ancient days used more seasoning in their food preparations than we do, and some of their seasonings are not appealing to our sense of taste—asafoetida, for instance.

The supposition is that because they had no refrigeration, meats spoiled readily and some of the very highly flavored ingredients were used to cover up the taste.

But let us consider some of the seasonings besides salt and pepper that the housewife should have on her shelves and thus add much variety to her flavor. In her daily menu, first of all, vegetables—peas, the onion, and its relations, shallot, garlic, chives and leeks. There is nothing that so improves vegetable meats and sauces as garlic. But it must be used with discretion and that means one of the several sections found in garlic. These sections which should be peeled, cut into halves and rubbed over the bowl in which a salad served will give just that unusual, delicious flavor so often lacking.

celery comes next, perhaps, and the root, stalk and tender leaves are used as all used for seasoning. The celery root is used in soups and when creamed as a vegetable.

Then comes parsley which should be used quite as much as a seasoning as for garnish. When parsley is plentiful in the summer it may be dried and kept for winter use.

The leaf of the laurel or bay tree is an excellent aromatic seasoning. If used too plentifully overpowers the other flavors. For the ordinary amount of meat or sauces a little of bay leaf is sufficient.

Whole pepper, or pepper corns are much better to use in cooking than ground pepper.

Eight flour of nutmeg in cream soups or chicken dishes is not obtained by cooking a blade of whole nutmeg in the stock or adding it to the milk. A blade of nutmeg is not much larger than a pin about an inch long.

Whole cloves, never more than one or two are an improvement to tomato sauce and soup. It should be remembered that these pieces ought to be cooked only a short time in the sauce or with the meat. Too long a cooking will develop a strong flavor.

## Household Suggestions

**"Clean" Spot.**  
Sometimes when you've removed a spot with gasoline you've gained

a ring about the part cleaned. You can remove that by holding it over the steam of the teakettle.

**Grease Cake Pan.**  
An easy way to grease a cake pan is to warm it and rub the inside with paraffin wax.

**Sifting Soda.**  
When using soda if you do not dissolve it in hot water, sift it through a fine wire sieve.

**Raisin Cake.**  
Roll your raisins in butter before putting into a cake or pudding and they will not all settle in the bottom.

**Paper Flower Pots.**  
Plant your early plants and vegetables in paper cups. Later they may be set in the ground without disturbing the roots. You can get an early start in that way as the first two or three weeks of the plant's life may be spent inside the house before danger of frost is over.

**New Kettle Lid Knob.**  
When the knob comes off a kettle lid run a screw underneath it and screw a large cork in the top. It will have the advantage of not burning your fingers when you use it.

**Fresh Suet.**  
Keep suet fresh by chopping it into chunks and sprinkling with a very little granulated sugar.

**For Cleanliness.**  
Remember always to wipe off the mouth of the bottle before pouring out the milk.

**Borax Saves Skin.**  
If you have to wash in hard water put some borax in to keep the harshness of the water from ruining your skin. A teaspoon to a large basin of water is the correct proportion.

**Odors Absorbed.**  
Never put fish, cheese, lemons or any strongly flavored food in the same compartment of your ice box in which you keep milk or butter. They absorb odors and become "strong."

**RIG RAISIN DAY PARADE STAGED THURSDAY IN FRESNO**  
A gigantic parade, eight miles long, inaugurated the fifteenth annual Raisin Day celebration at Fresno, California, April 26, according to reports from there. Nearly every community, civic and military organization in the Raisin district was represented in the parade. The unusual floats cost over \$60,000, it is stated.

One division of this monstrous parade was the 1923 Raisin pageant, "From the Garden of Eden to the Garden of the Sun." It is said that not even the New Orleans Mardi Gras or the Pasadena Tournament of Roses surpassed the grandeur of Raisin Day pageantry.

## GETTING READY TO SUE DELINQUENT CITY TAXPAYERS

Notices are being mailed from the office of the city attorney advising delinquent taxpayers that suit for the collection of unpaid taxes will be filed on May 15 unless taxes are paid by that date.

The notices are being sent in compliance with the action of the city council at a meeting two weeks ago. The council authorized the city attorney to notify all delinquent taxpayers that unless taxes were paid by May 15 that the city would enter suit for the collection.

It is estimated that over \$100,000 is due the city in unpaid taxes. Data on the number of delinquents, the exact amount due and the years for

which the taxes are unpaid is being prepared in the office of the tax collector for the information of the city attorney preparatory to filing suits.

## HOME ON COLLINS STREET IS DAMAGED BY FLAMES

Fire of undetermined origin broke out Thursday night in the home of Mrs. L. M. Baggett, 1222 Collins, and damaged the house and furnishings about \$1500. Mrs. Baggett was at the circus when the fire started and the alarm was turned in by neighbors.

The blaze started in a closet in the rear of the residence and was well under way when the alarm was given. The loss on the house, which was owned by J. C. Myltinger, was estimated at \$100; damage by fire and water to the household effects amounted to about \$700. The entire loss was covered by insurance.

## FEDERAL COURT IS BROUGHT TO CLOSE THURSDAY EVENING

All remaining cases which remained on the docket of the United States district court were disposed of Thursday evening by orders and announcements and there being no further business, Judge Wm. H. Atwell brought the March term of court to a close.

A number of matters had been set down for trial for Friday but attorneys appeared and made announcements in the cases which disposed of them for this term.

Worth and Dallas Thursday evening. The next term of federal court will open in this city on Monday morning, June 25.

 717 Ohio Phone 6485

There was nothing out of the ordinary in the way she planned her menus.

But, about her breakfasts and luncheons and dinners, there was a wholesomeness and zest that made her truly famous.

Thousands of other women have discovered her key to successful meals—M.J.B. Coffee.

The rich, tempting aroma of M.J.B. Coffee whets the appetite. Its delicate, full bodied flavor tops off any meal and makes even the simplest food delightful.

—and the most delicious tea is Tree Tea.

HARDING'S SPEECH MOST CHALLENGING HE HAS EVER MADE

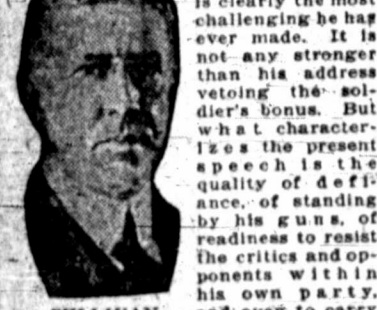

SUCH IS GENERAL OPINION AMONG OFFICIALS AT WASHINGTON.

ENEMIES OF COURT ARE EXPECTED TO FIGHT BACK

Situation at Present Such As to Indicate There Will Be Compromise.

By MARK SULLIVAN Political Correspondent of the New York Tribune and Wichita Daily Times.

WASHINGTON, April 27.—Here in Washington the common judgment about Harding's speech is that it is clearly the most challenging he has ever made.

It is obvious from Harding's speech that he himself looks forward to these changes. In his speech he said: "The perfect court must be a matter of development."

Such is the general opinion among officials at Washington. Situation at present such as to indicate there will be compromise. The answer is that some of them will probably not be so patient with his opponents within his party.

After this general observation, the next question Washington asked was, "Will the enemies of the court within the president's own party fight back?"

The answer is that some of them will. Probably not all of them will be so patient with his opponents within his party.

After this general observation, the next question Washington asked was, "Will the enemies of the court within the president's own party fight back?"

The answer is that some of them will. Probably not all of them will be so patient with his opponents within his party.

After this general observation, the next question Washington asked was, "Will the enemies of the court within the president's own party fight back?"

The answer is that some of them will. Probably not all of them will be so patient with his opponents within his party.

The answer is that some of them will. Probably not all of them will be so patient with his opponents within his party.

Man Sits on the Head of His Wife Until She Drowns

NEW BRITAIN, CONN., April 27.—Having confessed that he sat on his wife's head in a shallow pond so that she was drowned, John A. Carlson, a plumber, contractor, was held without bond today.

He said he deliberately drove his automobile over an embankment. The machine overturned and both were thrown into the pond. Then Carlson placed a cushion on his wife's head and chest and sat on it, holding her beneath the surface.

The drowning occurred a month ago. The police said Carlson confessed last night. He said he had quarreled on the motor trip with Mrs. Carlson because he purchased for her a fur coat, costing \$125, when she wanted one costing \$100.

WANTS SOME POWER TO ASK LEAGUE OF NATIONS TO INTERVENE IN RUHR

NEW YORK, April 27.—Ending his tour of America, Lord Robert Cecil, League of Nations chairman, today expressed before an audience here a wish that some great power would ask the league to intervene in the Ruhr.

He declared the time was ripe for the league to take up discussion of the Ruhr. He said the reparations questions involved and the demands of France that her safety be definitely and specifically guaranteed by the other major powers.

A joy to the woman who loves to cook

THE woman who enjoys cooking good things to eat is usually a friend of Mrs. Tucker's Shortening.

For Mrs. Tucker's pure vegetable shortening enables you always to have cakes and pastry as light and delicious as you could wish.

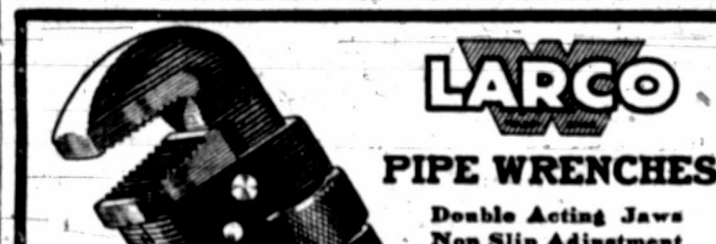

As Mrs. Tucker's Shortening is made right here in the South, it comes to you always fresh. You will like its butter-like richness—and you will appreciate its economical cost.

Be sure to get the blue pail with Mrs. Tucker's picture on it.

Mrs. Tucker's Shortening

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

Another Record Crowd Sees Shrine Circus Thursday Night, Shows Meet With Much Favor

By FRANK S. REID, Publicity Chairman. Thursday night brought out another record breaking crowd to the Shrine circus which, if no further rains interfere, will be a huge success in every way.

One of the screams of the show is the fellow who plays the vamps act before the circus opens. To see some fellow fall like a ton of bricks at attempting to button up her slipper and get hoaxed, is in itself worth the price of admission.
