TEN PAGES

"MY TURN"

By Carol Ellis

THANK YOUs go out to all the adoring grandparents who turned in such cute photos of their little darlings for our first Valentine "Grandparents' Brag Page" last week. It went over pretty well and we hope to have even more participants next year.

Several of the other area newspapers have been running this Valentine feature in recent years and everyone seems to enjoy it. *The Tulia Herald* had five full pages this year with 30 photos of Valentine grandkids on each page.

Between Friona and Bovina, 122 youngsters from tykes to teens got their pictures in the paper, some singly and some in groups. Oh, yeah...since your editors aren't blessed with grandkids, we sneaked in a photo of two of our grand-dogs. Weren't they cute?

For those of you with the calculator brains, NO we did not rake in a lot of money on this promotion. We just about broke even after the cost of making the photo "half tones" and the cost of printing. It's not a "money making" thing...it's a "just for fun" thing. And from all reports, everyone seemed to enjoy getting to see everyone else's little cuties.

There will be extra papers available for you down at the newspaper office, if you need extras

E-COLI BACTERIA found in beef has been much in the news lately, with hundreds of people sick and the deaths of two children reported. Before everybody quits enjoying steak and hamburger altogether, I would like to make some observations.

First, that particular bacteria is found on just about all foods, and has always been there, but it is rendered harmless by proper cooking at medium or high temperatures.

Bill and I lived on the West Coast for a little over a year when we were first married. We moved to the San Francisco area right after he graduated from Texas Tech and our first little Ellis offspring was born while we were out there.

One of the things that we didn't like about that area (notice, we didn't stay very long), was that the people didn't cook their food done enough to suit us. Everytime we ate at a restaurant, drive-in, burger joint, or what-have-you, we ended up sending the food (meat in particular) back to the kitchen and asked them to please cook it. I like meat that is pink in the middle, but they would send it out to the table with little more than a sunburn on it.

When the news media outlined the areas which had been hardest hit by this recent outbreak of the bacteria, I thought it was interesting that only the three West Coast states showed to be affected....Washington, Oregon and California. What is it with those people and raw food, anyway?

Bacteria on the surface of steaks, chicken, pork, etc. are destroyed by cooking, so "pink in the middle" is okay there. But when meat is ground up for hamburger, the bacteria is distributed throughout the meat. Therefore, hamburger must never be pink in the middle but must always be cooked all the way through. If this is done, there is no chance of getting this deadly disease.

NEWSPAPER READERS

don't have to think very hard when reading the columns of Lewis Grizzard. That's probably why he is my favorite columnist.

He often talks about our native southern word "y'all" and how it is so often misused. Several times lately I've heard the word "y'all" being used in a really odd manner. I heard the waiter in a restaurant say "Y'all enjoy y'all's meal."

Since when does "y'all" get to have a plural possessive, anyway? I always thought "yer" was the all inclusive pronoun, both singular and plural...as in "Y'all enjoy yer meal." Wonder what Lewis Grizzard would think about "y'all's."

STOP SNOWING...PLEASE!--Snow scenes from around Friona during the latest storm were quite pretty, but residents have had enough. The first snow of the season fell last November 21st. There have been approximately 15 snows to date, so if the old adage about the number of snowfalls holds true, this area will be slated for at least six more.

College Financial Aid Meet Scheduled For FHS Seniors

High School Counselor, Jackie Morgan, has announced there will be a workshop on financial aid for prospective college students, which will be held at the FHS Cafeteria on Thursday, February 25 at 7 p.m.

Jeanette Head, assistant director of financial aid at West Texas State University, will conduct the meeting.

All students and their parents are encouraged to attend regardless of whether they have already decided to attend a specific college or not.

Financial Aid Forms and Family Financial Statement forms

are available in the high school counselor's office. It would be helpful, but not essential, to look these over before attending the meeting. This will help the students to know what questions to ask regarding their own personal situations.

Mrs. Head will cover all types of financial aid, such as scholarships, grants, loans and work study programs. This information is pertinent to all colleges as the process for determining financial need is standard for all institutions of higher education.

Friona Was Well-Represented At "Panhandle Day" In Austin

Twelve members of the Friona Chamber of Commerce & Agriculture were among the approximately 200 residents of the region who travelled to Austin Tuesday for the first-ever "Panhandle Day" celebration in the Texas Legislature.

In fact, Friona was second only to Amarillo, whose Chamber of Commerce organized the event, in representation at the affair. Both Friona and Borger had 12 representatives attend, and Amarillo led the way with 41.

Terri Outland, executive vice president of the Friona chamber, said she had "a real positive feeling" about the impact that the Panhandle delegation had on the state lawmakers.

"It was especially good from a public relations standpoint. We had several comments about the number attending from Friona, and virtually every legislator we met asked if we knew Shayne Woodard. (Woodard, a graduate of FHS, has worked as a legislative assistant at the state capital)."

The group was addressed at a luncheon at the Capitol Marriott Hotel by Governor Ann Richards, who used the occasion to urge the group to back the school finance constitutional amendment recently approved by the state legislature.

The amendment will be voted upon statewide on May 1. Schools across the state have been backed into a corner by a state judge, who

Methodists Schedule Event Here

The Friona United Methodist Church will host a "Methodist Musical Matinee," on Sunday, February 21.

The afternoon of special music will begin at 3:30 p.m. in the sanctuary.

A special performance will be given by the First Baptist Church Handbell Choir. Many church members will be singing or playing various instruments.

The event is being staged to raise money to go toward the purchase of a set of handbells for the church. "We invite all to join us for an afternoon filled with music," said a spokesman for the church.

has threatened to close the schools if a suitable school funding bill is not approved.

The Texas Supreme Court has given the legislature until June 1 to adopt a constitutional system of funding the public schools. If that deadline is missed, Dist. Judge Scott McCown has said he will cut off state funding.

After listening to the governor on Tuesday, Friona Superintendent Hal Ratcliff said he believes there is "a pretty good chance" that the amendment will pass. If the amendment fails, the only alternatives are consolidation of school districts or a state income tax, he said.

Also speaking during the luncheon was State Senator Teel Bivins, whose district includes Parmer County.

Don Clark, representing the Texas Department of Public Transportation, also spoke to the group. Clark passed out advance copies of the 1993 state highway maps, and was quick to point out that the Panhandle was definitely included on the map.

Focus of attention by the delegation was stated as trucking reform, rural health care, and product liability.

Chamber Nominations Close Soon

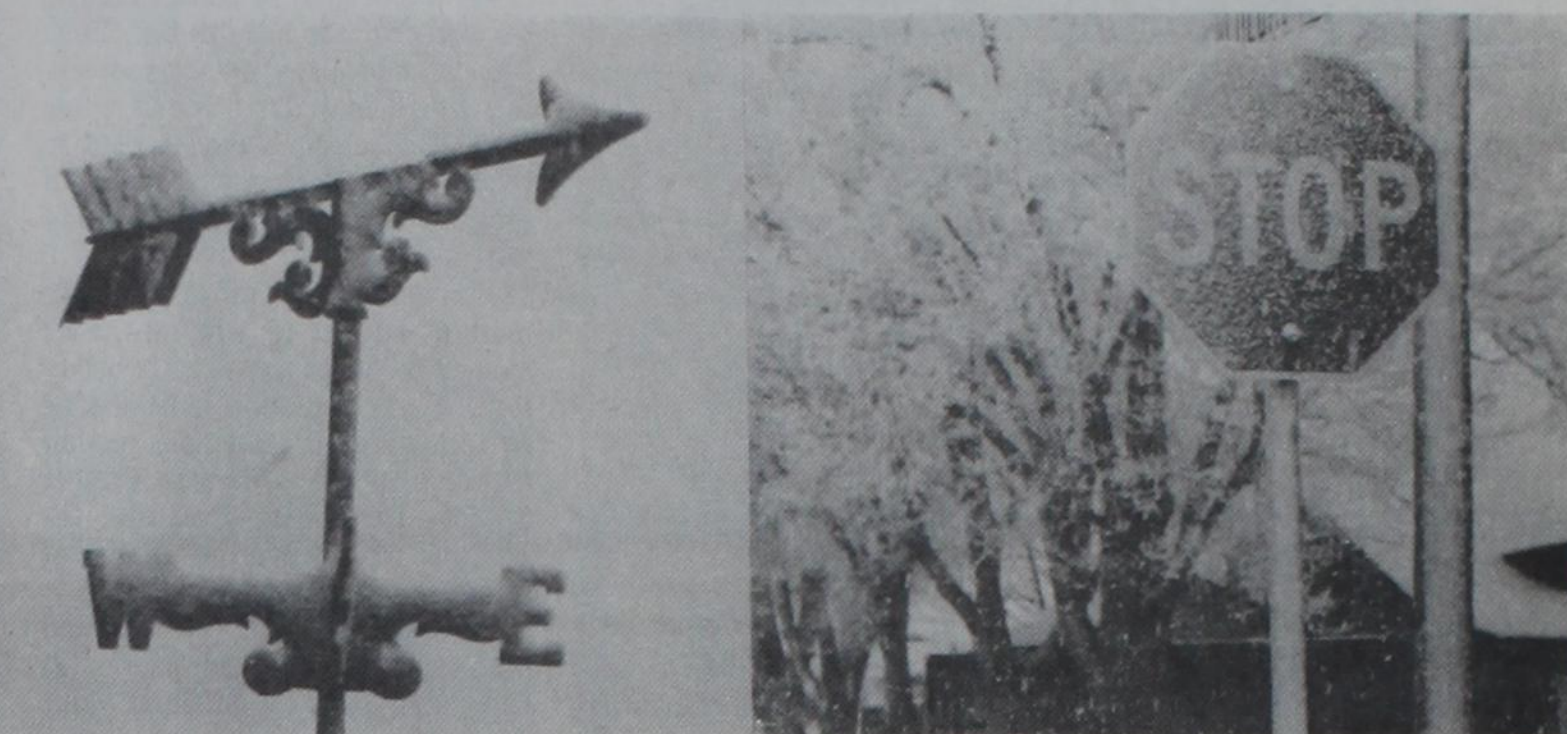

The date for Friona's 1993 Chamber of Commerce & Agriculture Banquet has been set for Saturday, March 13, and tickets are now on sale.

Rick Perry, who is serving as Texas' Commissioner of Agriculture, will serve as the banquet speaker. Perry is well-known in farming as well as government circles.

Nominations are being accepted by the Chamber of Commerce for the awards to be presented at the 1993 banquet. The deadline for nominations is February 26.

Those interested may make nominations for the Man of the Year, Woman of the Year, Employee of the Year, Teacher of the Year, and outstanding young people, boy and girl, from Friona High School.

K-Bob's Steakhouse is once again catering, and the menu will consist of prime rib.

Winter Of '93--It Just Goes On & On

If the winter of 1992-93 seems like it has been going on forever, then perhaps it's because the current winter season is much worse, both by snow and ice, and by prolonged cold temperatures, than we ordinarily get in Parmer County.

It was snowing lightly again on Thursday morning, which made the fourth day in a row for at least a smattering of snow.

At Friona's official weather station, observer Bill Ellis has recorded ten days of snow this winter, and 27 inches of the white stuff. The number of days may be low, since some of the larger snows overlapped days, and some of the light snowfalls amounted to just a trace of moisture.

In addition, there have been at least six days with freezing drizzle or ice. The worst ice storm occurred on January 1-2, with over an inch of ice, with the "melt" amounting to .20 inches.

November brought the most snow--ten inches, with another nine inches in December and five in January (in addition to the ice). So far, February has yielded three inches of snow.

The cold weather started early, with the first freeze registered on October 8, 1991--over four months ago.

Although we have failed to drop below the zero mark yet this winter, the mercury has been plenty low, and for extended times.

The temperature dropped to a low of five degrees the morning of December 7, and again to six degrees on December 8. The mercury stayed below freezing for over 60 hours during that cold spell.

The lowest temperature registered this week was seven degrees, which came Wednesday morning.

The average amount of snow for the area is probably 10 to 12 inches per season, which means that already in 1992-93, the snowfall is about twice the average amount.

Figures received by the Friona NWS weather desk this week gave the 30-year average precipitation for the Parmer County recording station.

The figures indicated that November, with its 1.61 inches of moisture, was .89 inches above

average. During December, a total of .95 inches was registered, .38 inches above average, and for January, the total was 1.00 inches locally, or .47 inches more than the 30-year average.

So far in February, only .25 inches had been measured through February 17, but the month's average of .58 inches may yet be surpassed.

A total of .16 inches was registered locally this week, with .02 coming in a light drizzle Sunday afternoon, and another .14 inches during the snowfall on Wednesday. Thursday morning's snow is not included in this report.

Old timers are recalling that the winters of 1955-56 and 1956-57 produced a couple of the biggest snowfalls on record, and the winter of 1956-57 may have brought the most snow. However, the difference in those winters was the fact that both produced one mammoth snow (up to 24 inches in January of 1956), and not as many different snowfalls spread out over four calendar months.

Wheat farmers and those grazing cattle should definitely be smiling.

CAGE ROYALTY....Kyle Potts and Angela Belcher were recognized as "Basketball King and Queen" for 1992-93 between games at the final season game last Friday. Both are senior members of their teams.

Local Senior Is Art Winner

Enrique Rodriguez, a senior at Friona High School, had his Christmas card design in the 1992-93 Circle of Friends Art Contest chosen as one of 16 winning cards from over 1500 entries in the Amarillo region.

The winning cards were displayed through December at the Harrington Cancer Center in Amarillo.

Rodriguez received a check for \$50 for his winning design. He and his family are invited guests next fall when the Circle of Friends kicks off their Christmas card sales. At that reception, the Friona senior's cards will also be placed on sale.

Letter To The Editor

Dear Editor,

I see in the opinion page of the Amarillo paper that there are some people who seem to think that Rush Limbaugh needs to be banished from the air waves and TV. That is because he is on the Conservative side.

Some Democrats are Conservatives, but most of our public servants in Washington are Democratic Liberals and have been in Washington many years. They have been in charge of our government for at least 40 years. They are the ones who caused our huge deficit.

Most people who raise their own pay at will would be put in jail in the private sector. They are the ones who make laws for us to live by but they exempt themselves.

Most of our servants in Washington are the best that money can buy. They call each other the honorable so and so. Ninety per cent of the people you meet on the street are just as honorable or even more so.

Lots of people blame the president for anything that is going wrong. Actually it is our Representatives and Congress that are in charge. The president has no money to spend unless Congress appropriates it.

Term limitation is the only way the people can regain control of our government. It seems that the people who bother to vote seem

to keep re-electing the same people no matter what they didn't do or did do.

There are many things to cut out of our government that serve no useful purpose. One thing is foreign aid. It never did do the people who were supposed to receive it any good. Mostly it was used by the rulers of the countries. Their general population did not receive any benefit.

And that's the truth!

M. Ray Landrum
 Amarillo, Texas

Immunization Clinic Set

Immunization clinics offering vaccines that give protection against several childhood diseases are scheduled for February.

Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps, and HIB (Haemophilus Influenzae Type B).

The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income and size, and the ability to pay.

A clinic will be held in Hereford at the Texas Department of Health Office, 205 West Fourth Street, Suite B, on February 25 from 9-11:30 a.m. and 1-4 p.m.

Cancer Screening Is Scheduled In Friona

The Breast Cancer Screening Program of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo will continue community outreach clinics for early detection of breast cancer.

Early detection of breast cancer is the major goal of cancer control for each woman seen in the clinic. The clinic provides low cost screening which includes a breast exam by a Registered Nurse trained in breast cancer detection, teaching of breast self-examination, and a mammogram.

Currently, the most effective method known to win the battle against breast cancer is early detection. Early detection is best done by following the guidelines recommended by the American Cancer Society for breast screening for women who have no signs or symptoms of breast cancer.

The guidelines are: (1) Learn and perform breast self-examination; (2) Have a physical examination every year; (3) Have a mammogram according to the recommendations by age.

Black Study Club Hears Program On Foreign Travels

Members of Black Study Club enjoyed a Valentine meeting on Thursday, February 11 at K-Bob's Restaurant in Hereford.

Guests of honor for the evening were members' husbands and five other guests.

Following the meal, an interesting program was given by Arless and Ray Stewart of Dawn. They told of their travels and experiences in Russia where they recently lived and worked as missionaries. They discussed conditions, people and events which they had experienced while in that country. They told of several other foreign countries they have worked in during past years. Several interesting articles and souvenirs were displayed and discussed.

Members and guests who were present were: T.A. and Ann Kelley, Lucille Rockey, George and Aundrea Frye, Martha Hamilton, Carrie Tatum, Travis and Ruby Stone, Bill and Ann Carthel, Joe Dillingham, Fern Barnett, Gene and Mildred Welch, Bobbie Metcalf and Arless and Ray Stewart.

A clinic will be held in Friona on Saturday, March 6 from 10 a.m. to 3 p.m. and Saturday, March 13 from 10 a.m. to 3 p.m. at Parmer County Community Hospital, 1307 Cleveland. Exams are done by appointment only.

For more information or to make an appointment, please call the Harrington Cancer Center (806) 359-4673, or our toll free number, 1-800-377-HOPE (4673). Locally, for more information, contact Elda Hart at 247-2754.

High School Lunch Menu

Week of February 22-26

MONDAY--country fried steak, potatoes, gravy, seasoned vegetable, dinner rolls and choice of beverage.

TUESDAY-- cheeseburger, French fries, lettuce, tomato, pickle, chilled fruit, cake with frosting and choice of beverage.

WEDNESDAY--fiesta pizza, pinto beans, salad with dressing, chilled fruit and choice of beverage.

THURSDAY-- barbecue chicken, red beans, potato salad, dinner rolls and choice of beverage.

FRIDAY-- spaghetti with meat sauce, seasoned vegetable, salad with dressing, garlic rolls, choice of dessert and choice of beverage.

D-E Honors J. Gallegos

By Jose Gallegos

Jose Gallegos is a junior at Friona High School. He is the son of Jose and Carmen Gallegos and plans to major in mechanical or electrical engineering.

I think that Marketing Education is an excellent way to get job experience. When a young person goes out to look for a job in the real world after high school, Marketing Education looks really good on your resume. It also helps you understand all the responsibilities of running a business. Last, but not least, I would like to thank Mrs. Betty Freeman for hiring me without any job background. I would also like to thank all of the great people at work for making my job more enjoyable.

Class Of '83 Needs Info.

Friona High School's class of 1983 is planning a reunion next summer, and is desperately in need of some names and addresses.

If you know addresses of anyone who graduated that year, please contact Tonda Clark at 247-2012 or Roddy Berend at 247-3405.

Winners Are Named In County SWCD Contests

Each year, the Parmer County Soil and Water Conservation District sponsors a poster, essay and coloring contest for local children. We do this to encourage conservation and help the children become aware as young as possible in a fun and rewarding way.

Each of the school winners will receive a ribbon. The county winners of the poster and coloring contests will receive trophies. The county winners of the essay contest will receive a monetary award. The first place county winners of the essay and poster contest will have their entries sent to the regional contest.

"We want to thank all of the children for entering and congratulate the winners. We would also like to thank the teachers who did this on a classroom basis and the parents who helped their children at home. Thanks also go to the people who judge the contests," said a spokesman for the Soil and Water Conservation District.

Winners are as follows: ESSAY CONTEST

Bovina Junior High--Luke Steelman, first place school and first place county; Lori Beauchamp, second place school and second place county; and Amber Willard, third place school.

Farwell Junior High--Magdalena Almanza, first place school, third place county; Valerie Mace, second place school and fourth place county; and Chelsi Woods, third place school.

POSTER CONTEST

Bovina Elementary--Crissy Chavez Lynn, first place school, third place county; Marisol Antillon, second place school; Sara Sorley, third place school.

Lazbuddie Elementary--Wayne Terry, first place school, first place county; Arnulfo Morales, second place school; Sarah Jennings, third place school.

Friona Elementary--John Paul Carrasco, first place school; Nick Guzman, second place school; and Wesley McMasters, third place school.

Farwell Elementary--Ginger Sides, first place school, second place county; Aaron Christian, second place school; Maria Olmos, third place school.

COLORING CONTEST

Lazbuddie Elementary--Michelle Puckett, first place school, second place county; Raul Mata, second place school; April Godinex, third place school.

Bovina Elementary--Alma De La Cruz, first place school, third place county; Kathy Cantu, second place school; Maribel Chairez, third place school.

Friona Elementary--Amy Murphree, first place school, first place county; Arizona Wood, second place school; Kristin Butman, third place school.

Farwell Elementary--Carrie Stevenson, first place school; Mindi Roberts, second place school.

school; Micah Christian, third place school.

The winning essays are printed below:

In Pursuit Of Conservation By Luke Steelman

The importance of good soil and plentiful water has been recognized since Biblical times. Ezekiel 17:4 states, "It was planted in a good soil by great waters so that it might grow branches and bear fruit." Today we also need to conserve these fundamental natural resources to maintain and strengthen our own national and local economies.

Nowhere is the vital role of soil and water conservation more important than in agriculture, which is of primary importance in Parmer County. Our economic well being depends on conservation.

Our farmers use a variety of conservation practices to protect both the soil and the water supply. Irrigation itself, which is necessary for crop production in this arid region, can actually enhance conservation. It can prevent soil erosion from both wind and water by increasing crop growth and thus, crop residue to protect the soil. The residue also increases water infiltration to capture rainfall and replenish the aquifer. Center pivot sprinklers and surge valves apply irrigation more efficiently than previous methods and reduce runoff, thereby conserving both soil and water.

These individual efforts are augmented by government programs and agencies. USDA instituted the CRP program to protect highly erodible lands. SCS and ASCS provide technical and financial assistance for conservation practices on CRP and other lands. They help establish terraces, contour rows, and irrigation system improvements to conserve rainfall and underground water. They also help plant grasslands, sod waterways, and windbreaks to prevent soil erosion by both water and wind.

It is our responsibility to conserve our natural resources. Let us be good stewards of our land and water. In Zechariah 7:14 the Bible warns, "Thus the land was desolate after them, that no one passed through nor returned: for they laid the pleasant land desolate." Should we destroy our land, we destroy ourselves.

Saving Our Earth's Resources By Lori Beauchamp

The earth has a limited supply of many things, some of these are water and soil. Conservation is the management, protection, and wise use of natural resources. We need to conserve our water and soil for other generations.

Soil is essential for the growth of plants, which in turn provide food for animal and humans. There are many ways to conserve our soil. Soil erosion has always been a conservation problem. Farmers can help prevent this by planting trees and leaving patches of natural vegetation between their fields. Another way to help is by using contour plowing which is practiced on sloping land. They plow across the slope instead of up and down. This helps the flow of rain water. Leaving crop residue also helps the soil. Crop residue helps put minerals back into the soil. Burning your crop residue contributes to the soil being packed down to the earth.

PCS Benefits Needy Families

Panhandle Community Services has received funds to assist the elderly, handicapped, disabled and low income families with utility bills providing they meet eligibility criteria.

For information, contact your local PCS office at 247-2037 or come by 703 Main, Friona, Texas on Mondays and Thursdays.

In Parmer County farmers must use water to irrigate crops. All of the time the demand for water is increasing to irrigate dryland. They are always looking for new ways to use our water more efficiently. Sprinklers help save water. The water from the sprinklers is misted onto the ground, this keeps the land wet enough. Row irrigation is another way to practice irrigation. It can be practiced when using a tailwater pit.

If people keep on practicing poor conservation, then it will be a problem in the future just like the national debt.

Water And Soil Conservation By Magdalena Almanza

Water and soil conservation is very vital to our survival. With water and soil we are able to plant food and grow things that we need to build homes. Without these our world would not be the same.

If we did not have soil and water there would be no food for us to eat. Resulting in our nation going hungry. We need soil so that our farmers will have a place to grow vegetables. Without water to supply these with the required nutrition there would be no vegetation to eat. Without water our food that we plant would die before it even arrived at the produce section in groceries stores.

Soil and water do not only provide us with food to eat, but they also give us the things we need to build homes. To be able to make a home in this day and time wood is required. Before you can use the wood we must plant trees. Soil is needed so that there will be a place to plant the tree. After the tree is planted you must water it. The water provides it with the essential minerals it needs to grow.

People in large cities may not see how important water and soil conservation is. Without soil and water they would not have food to eat or homes to live in. No matter where you live conserving our

water and soil is very important to human survival.

Soil and Water Conservation By Valerie Mace

Parmer County must begin conserving our water and soil to produce needed food. If we don't conserve these special gifts, there will be just a vast lifeless desert, and future generations may not be able to exist here.

Conserving resources is necessary, or life as we know it may not exist on earth in the future. Without proper water and soil, plant and animal life cannot exist. Tragically, in the Dust Bowl days, lack of water and fertile soil caused tremendous dirt storms with such immense force it could scrape the paint right off a car. In places such as California, great rains poured over the land, eroding the precious soil away. Fortunately, Parmer County has programs to prevent this.

Without conservation future inhabitants may not be able to stay healthy or provide essential food for their families. In places such as Lubbock and Dimmitt, aquifers have been so carelessly consumed that irrigated farming no longer exists there, and some people have moved away to more productive areas. We don't want this to happen in our area.

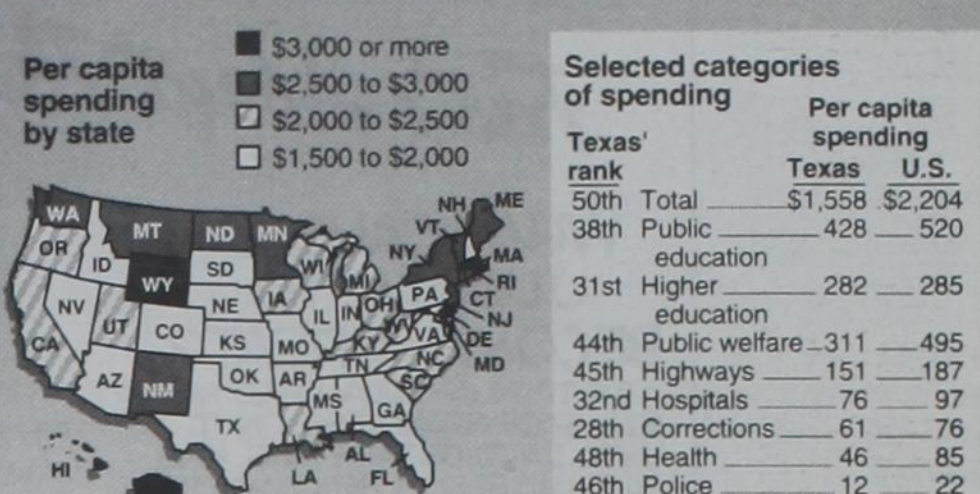

Finally, irrigated farming and fertile soil, very important assets, produce food and money for our citizens. If we don't protect these, toxic chemicals may enter our water cycle and poisonous rains will overcome our farming community. In contrast, leaving stubble and large trees around farm property will help stabilize top soil, provide nutrients to plants, and protect the plants from strong, devastating winds.

Water and soil conservation is vitally important. There is only one world and one chance to make the best of it. Once it's gone, it's gone for good, so don't destroy our world and its resources for you or your children.

Keeping an eye on Texas

Texas last in spending per resident

Of all 50 states, Texas is last in overall per capita spending by the state government. The state spent \$1,558 per person in 1991—the national average was \$2,204 per person. Alaska was first at \$7,883 per resident.

Facts About The BIBLE BY JOHN LEHTI

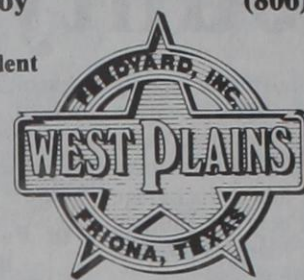

WHAT CAUSED JUDAH TO BECOME GREAT?

THE TRIBE OF JUDAH HAD NO STAMP OF GREATNESS ON IT UNTIL DAVID BECAME KING. KING SAUL HAD BEEN A BENJAMINITE AND WITH HIS DEATH AT THE HANDS OF THE PHILISTINE ARMY DAVID TOOK OVER THE HELM OF LEADERSHIP AND ALSO THE THRONE OF ISRAEL. THE TRIBE OF JUDAH WAS ONLY TOO GLAD TO ACCEPT DAVID AS ITS NEW KING, REMOVING THEM FROM THE SUBSERVIENCE OF THE TRIBE OF BENJAMIN. BUT ALL OF THE TRIBES WERE HAPPY TO PLEDGE THEIR ALLEGIANCE TO THIS HERO WHO HAD, AMONG OTHER THINGS, DOWNED THE CHAMPION PHILISTINE GOLIATH! AND WHAT A PICTURE HE MADE, WITH HIS HANDSOME FEATURES, AND RUDDY COMPLEXION, AND ATHLETIC PHYSIQUE! AND HOW THE PEOPLE CHEERED WHEN HE STARTED HIS REIGN. A STORYBOOK HERO IF EVER THERE WAS ONE!

LATE RALLY PAYS OFF

Last-Second Shot Earns Chieftains 76-74 Win

The Friona High School Chieftains saved their most exciting game for their season finale against the Floydada Whirlwinds.

The Chiefs staged a fantastic last-minute rally, overcoming a seven-point deficit and winning on a last-second basket by Terron Talley, 76-74.

It seemed hopeless for the Chiefs after Floydada built their lead to 74-67, with just less than a minute to play. But the Chieftains packed a lot of drama into the final seconds.

Talley stole the ball and drove for a basket, but Friona still had a 74-69 deficit.

Friona's full-court press paid off nicely. The Chieftains came up with another steal on their end of the court, and Mark Outland made a layup for a 74-71 deficit as play entered the final half-minute of clock time.

The Chiefs caused the Whirlwinds to turn the ball over again, and this time Brian Herring scored a lay-in basket and was fouled. Herring, who had some big free throws earlier in the week at Muleshoe to help the team beat the Mules, made this one, and the score had become tied at 74-all.

Needing one last miracle, the team was about to get it. Having already caused three straight turnovers, it might have been too much to expect another, but the Chieftains got it, and got to throw the ball in under their own basket.

After a time out, Talley broke open, took the pass right under the basket, and had to put up a reverse layup, being past the basket. His shot found nothing but net, and brought the Chieftains one of their most exciting wins in years.

The Chiefs had led throughout the first half, never trailing until the third-quarter. Then, the streaking green-clad 'Winds managed a pair of seven-point leads that Friona had to overcome.

Ironically, it was Talley's jump shot that started the scoring and gave Friona a 2-0 lead 37 seconds after the tip-off.

Kyle Potts made a pair of jump shots for a 6-2 lead. Then Herring's follow shot, Potts' jump shot and Mark Outland's pair of free throws gave the Chiefs a 12-4 lead. It was 16-8 at the end of the opening period.

Harvey Martinez made a jump shot to open the second quarter, and that gave Friona its longest lead at 18-8.

The score was 25-16, favoring the Chiefs, when the visitors ran off eight straight points, trimming Friona's margin to just one, 25-24.

But sophomore Cory Hamilton came in to hit a pair of baskets, and

UP FOR TWO....Cory Hamilton (11) gets a shot away for the Chieftains in their battle against Floydada here last Friday. In the right background is Kyle Potts (24). The Chiefs rallied to win the game, 76-74.

that gave Friona a 32-28 halftime lead.

Friona got a quick basket to start the second half, but the Whirlwinds had one of their scoring streaks, 10-3 to take the lead for the first time at 38-37 with six minutes left in the third quarter.

Potts converted a pair of free throws for a 39-38 Friona lead, but Floydada came back to tie the game at 42-all. Potts then came up with a three-point play, making a lay-up and converting his foul shot, for a 45-42 score with 3:41 left in the quarter.

Blair Burney's layup gave Friona a 47-46 lead, the team's last lead until Talley's timely basket.

Floydada ran off eight straight points, and held a 54-50 lead after three quarters. A three-point basket by Outland prior to the buzzer kept the score close.

Potts and Outland scored to tie the game at 54-all, then after Floydada took a 58-55 lead, Outland's three-pointer tied it again at 58.

The two teams traded baskets for the next several minutes.

Floydada built a 69-64 lead with 2:35 left in the game, but Potts connected on a three-pointer to get the Chiefs close at 69-67 with 2:20 left.

That's when the 'Winds came up with five points from close range, re-building their lead to 74-67, and making it look ominous for the Chiefs.

That set up Friona's miracle rally, ending with Talley's shot at the buzzer.

"The kids worked hard. They never gave up--and neither did I," said Coach Kevin Cooper.

Outland sparkled with 26 points and Potts added 18.

The win enabled the Chieftains to finish 2-3 for the district's second half (fourth), and 9-17 for the season. Floydada finished with an 11-16 season record.

CHIEFS 76, Floydada 74
Cory Hamilton 2-1-5; Mark Outland 7-2*-6-26; Brian Herring 3-2-8; Blair Burney 2-0-4; Potts 6-1*-3-18; Terron Talley 4-1-9; Kit Preston 1-0-2; Boone Hand 1-0-2; Chris Hanna 0-0-0; Harvey Martinez 1-0-2. *3-point baskets.

SQUAWS WIN....Angela Belcher (54) is shown working the ball for the FHS varsity Squaws, in their win over Floydada here last Friday. In the background at right is Renee Martin (12). Friona won, 65-40.

Squaws Top 'Winds For Twentieth Win

The F.H.S. Squaws rebounded from their hard-fought losses to Muleshoe and Dimmitt to down Floydada, 65-40 in their final season game last Friday night.

The win enabled the Squaws to finish with a 20-win season for the third straight year under Coach Shirlene Lilley.

The Squaws finished in third place in district, after going 4-1 (tied for first) in the first half. Dimmitt and Muleshoe claimed the playoff spots.

Tena Willard sparked the team to an early 9-0 lead, making a pair of baskets in the opening minute.

Renee Downey zapped a three-point basket for a 7-0 lead, and Angela Belcher's layup made it 9-0 with three minutes gone in the game.

However, the team's shots quit falling, and the Squaws had an 11-5 lead at the end of the opening quarter.

Keri Reeb's layup and free shot made it 14-7, and the teams traded three-pointers. Renee Martin got Friona's, for a 19-10 lead with 2:45 left in the opening half.

Gena Willard's jump shot made it 21-10, Friona, and Vacresia White's long jump shot gave Friona a 23-13 lead at the half.

Gena Willard had a hot hand to begin the second half. Her long two-pointer regained the ten-point lead for the Squaws at 27-17, and after Miss Belcher's follow shot, Miss Willard converted a three-point basket for a 32-17 lead with 5:20 left in the quarter.

Miss Willard (Gena) had two more baskets in the quarter, sandwiched around one by Miss Belcher, Miss White, and a pair of free throws by her twin sister, Tena. That brought the Squaws a 42-26 lead after three quarters.

Renee Martin and Renee Downey took over the scoring duties in the final quarter, and dashed any hopes the Lady 'Winds might have had for a comeback.

Miss Martin's three-pointer made it a 46-30 Friona lead, Miss Downey sank three of four free throws, and then Miss Martin was perfect again from three-point range, hiking Friona's lead to 52-32.

Adding icing to the cake, Miss

Martin sank three of three from the line after a three-point shot foul, and the team coasted home.

Gena Willard took her turn at being high point, with 15; Renee Martin had 14 and Tena Willard 12.

SQUAWS 65, Flyd. 40

Renee Downey 1-1*-3-8; Renee Martin 1-3*-3-14; Vacresia White 2-0-4; Keri Reeb 1-2-4; Sheryl Dement 0-0-0; Gena Willard 5-1*-2-15; Tena Willard 4-4-12; Angela Belcher 4-0-8; Jessica Alvarado 0-0-0. *3-point baskets

Chief Baseball Begins Tuesday

The Chieftain varsity baseball team opens its 1993 season here Tuesday, February 23, hosting the Clovis junior varsity at 5 p.m.

The team's second game won't be until Saturday, March 6, when they visit Fritch for a double-header.

Curtis Cotten is coaching the Chieftains, who earned a playoff spot in 1992, assisted by Bob Ferguson.

This year, all six district schools are sporting a baseball program for the first time.

Fronans Make Tech Honor Lists

More than 2,700 Texas Tech University students qualified for the academic honors lists at the end of the 1992 fall semester.

Students on the President's List earned a perfect 4.0 (A) grade point average while enrolled in 12 or more semester hours of classwork. Students finishing 12 or more hours with a grade point average of 3.5 to 3.9 qualified for the Dean's List.

Friona students making the Dean's List included: Staci Mueller, junior, human development; Louis Ramirez, senior, management; Ryan Sifford, freshman, mechanical engineering; and Alicia Widner, freshman, chemical engineering.

Their parents are Mr. and Mrs. Joe Mueller, Mr. and Mrs. Tomas Ramirez, Glenda Sifford and Mr. and Mrs. Dale Widner.

Scott Houston, son of Mr. and Mrs. Sammy Houston, a freshman chemical engineering/computer science major, made the President's List.

KING AND QUEEN--Valentine King and Queen of Prairie Acres were voted on last week at the nursing home. Irene Walton, who came to the home April 22, 1992, was named Queen. Rev. I.S. Ansley, who came to the home on July 14, 1992, was named King.

Windbreak Trees Are Available At SWCD

Windbreak trees and trickle irrigation systems can still be ordered through the Parmer County Soil & Water Conservation District through March 1.

The technician can help you

Mrs. DeLeon Dies Here

Bertha DeLeon, 71, passed away Thursday, February 18 at Parmer County Community Hospital of natural causes.

Services were pending. Ellis-Blackwell Funeral Home is in charge of arrangements.

Mrs. DeLeon was born in Guadalajara, Mexico. She married Ruben DeLeon, Sr. in July of 1946 in Pittsburgh, California. She moved to Friona in 1960 from LaPaloma, Texas.

She was a housewife, and a member of the Catholic Church.

Survivors include her husband, Ruben, of the home; three sons, Ruben DeLeon, Jr., of Shallowater; Jamie DeLeon of Friona; and Oberlin DeLeon of Taos, N.M.; one daughter, Maria Garcia of Dumas; three brothers, Guiermo DeAlba of Tijuana, Mexico; Eberardo DeAlba and Jose Ramon DeAlba, both of Guadalajara, Mexico; and two sisters, Bertha Mora of Los Angeles and Emma Sanchez of Guadalajara, Mexico.

Ten grandchildren and one great-grandchild also survive.

with your design and give you an estimate of cost. The service is free of charge.

Although we are running out of some species, the district offers shrubs such as honeysuckle, lilac, cherry, plum and many more. They offer deciduous trees such as catalpa, ash, oak, willow, cottonwood, hackberry, Russian olive and more. Of course, they offer evergreens such as pines, spruces and junipers. This year the district is also offering "wildlife packets." These consist of four species totaling 100 seedlings. The packets are for quail and pheasants, deer, turkey or squirrel. A windbreak can be as lovely as it is useful.

Windbreaks furnish a nesting place for numerous types of birds as well as other wildlife.

A windbreak may reduce speed to one-third its normal velocity thus saving up to 30 per cent on home heating and cooling costs. This will also help prevent wind damage by protecting homes, gardens and livestock.

Trees are an inexpensive way to beautify your new homes and increase the value of older homes.

For more information, contact us at (806) 247-2220 or come by 1306 West Ninth Street in Friona.

All services are available regardless of race, color, national origin, age, sex, religion, marital status or handicap.

Women's Division Sponsors Project

The Women's Division of the Friona Chamber of Commerce and Agriculture was recently involved in a project with the City of Friona to have the walls of the Community Center painted.

A bid from Johnny Alvarez was accepted and the work was recently completed. The wallpaper was removed, repair work was done and the walls were textured and painted.

This much-needed facelift was possible through the use of remaining funds of the Women's Division from 1991 and from funds contributed by the City of Friona.

The Women's Division is very pleased with the results and would like to give a special thanks to Johnny Alvarez for the great job he did and to City Manager Paula Wilson for her cooperation and support.

If you are interested in

Phillips

Rites Held In Farwell

Graveside services for Glenn D. Phillips, 65, were conducted Saturday afternoon at Sunset Terrace Cemetery in Farwell, with Rev. Larry Heacock of Hamlin Memorial Methodist Church officiating.

Ellis-Blackwell Funeral Home was in charge of arrangements.

Phillips died February 12 at St. Anthony's Hospice in Amarillo.

He was born in Farwell, and lived there until the early 1970s. He was a farmer and had served in the U.S. Navy during World War II.

Phillips had lived in Amarillo the past year and one-half. He previously had lived in Lubbock.

He was preceded in death by a son, Frank Glenn Phillips in 1973, and by a brother, A.F. "Bunk" Phillips in 1977.

Survivors include two sons, Craig D. Phillips of Austin and Thad N. Phillips of Amarillo; two daughters, Cindy (Mrs. Don) Carthel of Friona and Penny Phillips of Amarillo; two brothers, Carthon Phillips of Austin and Charlie Phillips of Amarillo; and one sister, Elaine Peterson of Mt. Ida, Arkansas.

Two grandchildren also survive: Colby and Courtney Carthel of Friona.

The family suggests memorials be made to St. Anthony's Hospice or the Heritage Convalescent Center in Amarillo.

ENMU Hosts Festival

On February 19, the Eastern New Mexico University campus welcomed 400 area high school students at its annual "Festival Romanico." Teachers and students of French and Spanish from ten high schools in Eastern New Mexico and West Texas participated in a day of competitive and cultural events. Fifteen students, accompanied by language teacher Janet Buske, represented Friona High School.

According to Festival director Dr. Margaret Willen, students participated in recitation, small group dramatics, spelling, and art competitions. "The Festival competitions give students an opportunity to polish and test their language skills. Our entertainment events allow them to share the excitement of discovering another culture while learning a new language," she adds.

This year's Festival, the eleventh since Eastern inaugurated the event, featured a talent show for the Spanish-language division, and a play for French participants.

High school students prepare dance and singing performances for the talent show, and ENMU students stage a one-act version of a French comedy.

The French play, Moliere's "Le Bourgeois Gentilhomme," tells the story of a newly rich merchant who would like to be accepted by high society. Laughter results from the various antics of those "experts" called in to transform this would-be aristocrat. Directed by Lise Lacasse, the comedy featured ENMU students, Carolyn Counts, Jennifer Graves, Christina Allem, Katherine Gizzi, Tammy Watts, Niquole Rogers, and Adam Ruh.

becoming involved with an organization that is committed to making our community a better place to live, the Women's Division is actively seeking your membership. Please call 247-8090 for information.

Friona Exes On WTSU Honors List

One hundred fifty-eight WTSU undergraduates were named to the President's List and 678 earned mention on the Dean's List for the 1992 fall semester.

Students earning President's List recognition achieved a semester grade point average of 3.850 of a possible 4.00 or better with a minimum class load of 12 undergraduate hours.

Students on the Deans' List achieved GPAs of at least 3.250.

On the Deans' List from Friona was Linda Behrendsen, who is a senior nursing major.

On the President's List from Friona were: Chad Hamilton, a freshman undeclared major and Kathleen Terry, a senior nursing major.

Leona Watson Is Buried In Belton

Funeral services were held this week in Belton for Leona Carter Watson, 92.

Mrs. Watson passed away Sunday, February 14 in Friona.

She married Clyde Watson March 1, 1920. He preceded her in death on June 9, 1982.

For her care, daughters of Lessie Watson moved her to Friona in 1984.

Survivors include one sister, Lessie Watson; and her daughters, Martha Bates, Sorraine Welch, Doris Boggess, Jamie Lillard, Helen Teague and Macie Hunt, and several nieces and nephews in California.

HONOREES--Prairie Acres Resident and Employee of the Month for February have been announced. Roberta Walker, seated, is the Resident of the Month. She is a fairly new resident, having come to Prairie Acres on January 17, 1993. Employee of the Month is Nurse's Aide Maria E. Garcia.

A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Follow these modifications in your daily diet to reduce chances of getting cancer:

1. Eat more high-fiber foods such as fruits and vegetables and whole-grain cereals.
2. Include dark green and deep yellow fruits and vegetables rich in vitamins A and C.
3. Include cabbage, broccoli, brussels sprouts, kohlrabi and cauliflower.
4. Be moderate in consumption of salt-cured, smoked, and nitrite-cured foods.
5. Cut down on total fat intake from animal sources and fats and oils.
6. Avoid obesity.
7. Be moderate in consumption of alcoholic beverages.

No one faces cancer alone.

7 WARNING SIGNALS THAT CAN SAVE YOUR LIFE...IF YOU SEE YOUR DOCTOR!

1. Change in bowel or bladder habits
2. A sore does not heal
3. Unusual bleeding or discharge
4. Thickening or lump in breast or elsewhere
5. Indigestion or difficulty in swallowing
6. Obvious change in wart or mole
7. Nagging cough or hoarseness

Do your advertising in the Friona Star. Call 247-2211 by Thursday noon with your news and advertising need.

FEW TAX TIPS THAT COULD AFFECT YOUR BOTTOM LINE.

Here, courtesy of the IRS, are some ways to increase your tax refund, or decrease your tax bill, on your 1992 return:

Earned Income Credit. You may be entitled to a credit of up to \$2,211 if your adjusted gross income is less than \$22,370 and you have a qualifying child.

Selling Your Home. You may be able to postpone the tax on part or all of your gain, or maybe even get greater breaks if you're 55 or older.

Casualty Losses. Losses suffered from events such as fires, tornadoes, hurricanes, floods and car accidents may be deductible.

Elderly or Disabled. You may be able to claim this credit if you're 65 or older, or if you are retired on disability and were permanently and totally disabled when you retired.

Electronic Filing. This won't save you money, but will get you a refund faster, usually about three weeks after we receive the return.

There are many more credits and deductions you should know about. Call us toll-free at 1-800-TAX-1040 for answers to any tax question. See your tax package for details on any of the money-saving tips above.

Favorite Waffle Recipe Can Acquire Any Flavor

By Carla McKeown

Most of my friends teased me when I told them what I was giving Tony for Christmas--a waffle iron. Why give him a waffle iron when I would have to use it to make waffles for him every morning?

Well, I guess the making of the waffles was part of the gift. Since we've been married, he's asked me to make waffles for him. Quite an impossible task since we didn't have a waffle iron.

I come from a pancake family. We never ate waffles--not at home, not at Grandma's, not at restaurants. We always had pancakes slathered in butter and dripping with syrup.

My mother was an excellent pancake maker. She used to make them with smiley faces or our initials on them. You can't bake a smiley face into a waffle, but you don't have to worry about flipping a waffle, either.

I never was too good at making pancakes, but I've only had one minor mishap with the waffle iron. I must have poured in a little too much batter. It oozed out the sides, welding the two halves of the waffle iron together. When I tried to pry it open, the waffle came apart.

After scraping off all the bits of waffle that stuck to the iron, I re-greased it and kept on making waffles. I've learned to pay more attention to how much batter I'm pouring.

Waffles can be simply topped with butter and syrup, or they can be dressed up with fresh fruit, whipped cream, powdered sugar or fruit toppings. Vary your waffles from the inside, too, by adding drained crushed pineapple, chopped nuts, flaked coconut, raisins or chopped fresh fruit to the batter.

Serve waffles later in the day as a dessert, or change some of the ingredients and serve as an appetizer. For example, the following Southwestern Style Waffles make an excellent accompaniment to a meal of Mexican food.

Start with the basic recipes below and alter to make your own

waffle specialties. Be sure to read the directions on your waffle iron for the exact amount of batter to use and the required cooking time.

OLD-FASHIONED

BUTTERMILK WAFFLES

1-3/4 cup all-purpose flour
1 teaspoon baking powder
1 teaspoon baking soda
1/2 teaspoon salt
2 cups buttermilk
1/3 cup vegetable oil
2 eggs

Preheat waffle baker as manufacturer directs. In a large bowl, mix flour, baking powder, baking soda and salt. Add buttermilk, oil and eggs to flour mixture and beat until thoroughly blended. Pour batter into center of waffle baker until it spreads to about 1 inch from the edge. Bake as directed. Makes 5 waffles.

PECAN WAFFLES

3 eggs separated
1-1/2 cups buttermilk
1 teaspoon baking powder
1/2 cup butter or margarine, melted
1 teaspoon baking soda
1 teaspoon vanilla extract
1 cup sour cream
1/4 cup sugar
1/2 cup chopped pecans
2 cups all-purpose flour

In a medium bowl, beat the egg whites until stiff. Set aside. In a large bowl, beat the remaining waffle ingredients together. Fold in the egg whites. Pour into a hot waffle iron that has been greased, and bake. Makes 8 servings.

WHOLE WHEAT WAFFLES

2 eggs
2 cups buttermilk
1/2 cup whole wheat flour
1-1/2 cups all-purpose flour
1/4 cup wheat germ
3 tablespoons sugar
1 teaspoon baking soda
2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup butter or margarine, melted

Heat waffle iron. In a large bowl, beat eggs; beat in remaining ingredients until smooth. Pour batter onto waffle iron. Bake according to directions for about 5 minutes or until steaming stops.

Remove waffle carefully. Makes 8 waffles.

ORANGE WAFFLES

2 cups all-purpose flour
3 teaspoons baking powder
2 tablespoons sugar
1/2 teaspoon salt
4 eggs, lightly beaten
1 cup milk
4 tablespoons melted butter
3 tablespoons grated orange rind

In a large bowl, sift together the dry ingredients. In a separate bowl, combine the remaining ingredients. Add half the milk mixture to the dry ingredients; beat well. Add remaining half of milk mixture and beat again. Pour 3/4 to 1 cup batter onto hot waffle iron and bake until golden brown. Makes 8 servings.

SOUTHWESTERN STYLE WAFFLES

4 large eggs
3/4 cup buttermilk
1/3 cup butter or margarine, melted
1 cup all-purpose flour
3/4 teaspoon baking soda
3/4 cup shredded cheddar cheese

Super Bowl Champions Take On Former Buffaloes

The Super Bowl Champion Dallas Cowboys will take on former WTSU gridiron greats in an exhibition basketball game on April 17. The basketball game will be part of a full day of events on the WTSU campus sponsored by the *Foundation For Buffalo Athletics (FFBA)*, which is the fundraising arm of the WTSU Athletic Department.

Included in the day's festivities will be an auction consisting of sports memorabilia and other local services. A full list of auction items will be released to the public at a later date. Other activities will include the FFBA's annual spring meeting, a barbecue, and a ceremony honoring the top student-athletes at WTSU.

The Dallas Cowboys will be represented by seven members of this year's Super Bowl

1/4 cup chopped fresh chives
2 teaspoons chili powder
3/4 teaspoon ground cumin
1/2 teaspoon pepper
Sour cream
Salsa

In a bowl, whisk eggs to blend; mix in buttermilk and melted butter. In another bowl, stir together flour, baking soda, cheese, chives, chili powder, cumin and pepper. Pour the flour mixture into the egg mixture and stir until moistened, but not smooth. Heat a waffle iron. When iron is hot, open and brush grids lightly with vegetable oil. Pour 2/3 cup batter in the center of the grid; close and cook waffle until golden brown, about 3 minutes. Keep warm on racks in a 200-degree oven. Repeat to cook remaining batter. Serve with sour cream and salsa. Makes 4 waffles.

Send your favorite recipes or recipe request to: Carla McKeown, P.O. Box 3942, Lubbock, Texas, 79452.

Championship squad (not former Cowboy stars). The West Texas State University Buffaloes will be represented by former WTSU gridiron greats that have played or are currently playing in the NFL or CFL. Reggie McElroy, a 1982 graduate of WTSU and current member of the Los Angeles Raiders, will co-chair the April 17 event.

The game will tip-off at 7 p.m. on Saturday, April 17, 1993, in the WTSU Fieldhouse ("the Box"). Tickets are available now at the WTSU athletic ticket office as well as Merle Harmon's FanFare (located in Westgate Mall) and Buck's Sporting Goods on 45th Street in Amarillo.

Proceeds from the event will directly benefit the athletic scholarship fund at West Texas State University.

Amy Stephens, Tate Shelton Exchange Wedding Vows Here

Mr. and Mrs. Joe M. Stephens of Friona announce the marriage of their daughter, Amy Marie, to Tate Shelton, son of Mr. and Mrs. Jerry Shelton, also of Friona.

The double ring ceremony was performed by Geary Brogden, minister of music and education at the First Baptist Church, Friday, January 29 in the home of the bridegroom's parents.

For her wedding, the bride chose an ivory colored dress, trimmed in ivory lace and wore pearl earrings borrowed from her mother. She carried a bridal bouquet of ivory mini carnations, baby's breath, tree fern, freesia, ivory pearls and tulle ribbon.

Leslie Boles of Amarillo served her cousin as maid of honor. Her dress was a pink flowered dressed trimmed in lace.

Cody Bracken served as best man.

A wedding dinner was served after the ceremony. The wedding cake was decorated with ivory icing and pink roses, tiny strings of pink pearls and tiny gold rings. Two doves topped the cake decorated with pink net and ivory hearts.

The bride is a student at Friona High School and the bridegroom is

a 1989 graduate of Friona High School.

Attending the ceremony were Mr. and Mrs. Jerry Shelton and Mr. and Mrs. Joe M. Stephens, all of Friona, parents of the couple; Mr. and Mrs. Les Deaton, grandparents of the groom; Mr. and Mrs. Bill Stephens and Mrs. Tressa Boles, grandparents of the bride; Mary Harper, great-grandmother of the bride; Mr. and Mrs. Russell White, Trista Shelton, John Stephens, David Stephens, Leslie Boles, Cody Bracken and Lani Fangman.

School Breakfasts

Week of February 22-26
MONDAY--breakfast on a stick, chilled fruit and choice of milk.

TUESDAY--breakfast burrito, chilled fruit and choice of milk.

WEDNESDAY--cinnamon roll, cereal, choice of juice and choice of milk.

THURSDAY--cinnamon toast, cereal, choice of juice and choice of milk.

FRIDAY--pancakes, syrup, chilled fruit and choice of milk.

Mr. and Mrs. Tate Shelton

Study Club Members Met Here February 16

Nine members of Modern Study Club and three guests met at the Club House on February 16 at 7:30 p.m.

The meeting opened with the Pledge to the United States Flag. Sandra Turner then read a poem taken from Psalms entitled "I Will Guide Thee."

A short business meeting was conducted with the chairman reporting on the state of their committees. A motion was made and passed to make a \$25 donation to the Hugh O'Brian Youth Foundation.

Members and guests answered the roll call with "a lesson learned from experience." The program was a book review by Sandra Turner. Winifred Hurst introduced the special guests, Pamela Pauling, Sharon White and Johnnie Walters.

Pamela Pauling sang "I Have Confidence," by Rogers and Hammerstein from "Sound of Music," and "I Feel Pretty," by Leonard Bernstein from "West Side Story." Sharon White performed two numbers, "Scherzino" and "Amazing Grace," on the flute.

Mrs. Griffith To Be Honored

Sunday, March 7, there will be a reception held at the Community Room of Friona State Bank honoring Goldie Griffith on her 90th birthday. Everyone is invited to drop in between the hours of two and four p.m. on that day.

PRAIRIE ACRES PARTY LINE

BY CAROL MCINTOSH

Prairie Acres would like to welcome Willie Bea Fulgham from Friona, and Ruby Billingsley from Clovis. We also want to invite friends and relatives to drop by for a visit.

We had a really nice valentine party last week. I.S. Ansley was voted as king and Irene Walton as queen. They sure added life to the party. It certainly was hard to choose from so many special people, but the crowns fit these two just perfect.

I would also like to announce that our "Employee of the Month" is Maria E. Garcia and "Resident of the Month" is Roberta Walker. Congratulations!!

We have several Birthdays this month, they are: Lucill Thomas 2-11-1920; Mary Roberts 2-15-1904; Samuel Davis 2-22-1908; Alice Surber 2-22-1910; Ina Coker 2-25-1901; Gudelia Leal 2-26-1922; and Lee Compian 2-27-1943. Employees are: Chris Richardson, Marianne Richardson, Sharon Craig and Velma Lovvorn. "Happy Birthday" to all.

Thank you's this week are: the family of Leta Tannahill for the flowers and Attends; Becky Rietmeyer for bringing donuts to the staff; Bertie Murphree having weekly Bible reading, which the residents really enjoy; and the First Baptist Ladies for doing hair care.

We want to express our deepest sympathies to the family of Leona Watson. She had been a resident of Prairie Acres since 6-21-1989.

A donation was made to the

Love Fund to honor these special people at Friona Elementary School for Valentine's Day: Jerry Shelton, Lara Cotten, Deidre Ferguson, Vickie Field, Patsy Gresham, Carolyn Lane, Betty McInroe, Glenda Procter, Karen Renner, Patricia Scott, Ron Stevenson, Sherri Taylor, Winston Waggoner, Sharon White, Tammy Whiteley, Pam Hamilton, Josie Bautista, Karen Englett, Linda Griffin, Cindy King, Becky Perkins, Penny Harmon, Prescilla Maldonado, Coco Perez, Tommie Mercer, Kathy Terry and Frances Merritt.

This thoughtful donation was made by Jena and Jacy Grimsley.

The following donations have also been made to the Love Fund:

In memory of Evalyn Anthony: John and Jo Blackwell, John and Evelyn Mars.

In memory of Toby Gibson: John and Jo Blackwell; American Legion Post 206.

In memory of Virginia Ready: John and Evelyn Mars.

In memory of Rudolph Renner: Christine and Jim Zorns, John and Evelyn Mars.

In memory of Leta Tannahill: Eddie and Anita Hall, Christine and Jim Zorns, John and Jo Blackwell, Tommie and Joe Mercer, John and Evelyn Mars, American Legion Post 206.

In memory of Leona Watson: John and Jo Blackwell.

A true friend is someone who is there for you when he'd rather be anywhere else. --Len Wein

Smart Investors Get Rich Slowly

A quick profit may be many investors' dream, but real investing success comes with consistency and long-term results.

Specifically, two of the most important characteristics of successful investing are (1) the ability to provide a good return when times are good and stock prices are rising, and (2) the ability to hold things together reasonably well when times are difficult and share prices fall.

For example, let's assume that \$100,000 is invested with two hypothetical money managers. At

Elementary, Junior High Lunch Menu

Week of February 22-26

MONDAY--salisbury steak, potatoes, gravy, seasoned vegetable, dinner roll and choice of beverage.

TUESDAY--burrito, pinto beans, salad with dressing, cake and choice of beverage.

WEDNESDAY--beef-a-roni, seasoned vegetable, salad with dressing, cookies and choice of beverage.

THURSDAY--barbecue chicken, red beans, potatoes, gravy, dinner rolls and choice of beverage.

FRIDAY--turkey submarine, seasoned vegetable, lettuce, tomato, pickle, chilled fruit and choice of beverage.

the end of the first year, Manager No. 1 has increased the value of the original investment 80 per cent, making it worth \$180,000. The next year, however, he suffers a 60 per cent loss. The following years produce a 25 per cent gain, a 10 per cent gain, a 15 per cent loss and finally a 20 per cent gain.

Manager No. 2's investment grows to only \$125,000 the first year, followed by a 10 per cent loss the next year. A 20 per cent gain, a 2 per cent gain, a 5 per cent loss and finally a 15 per cent gain end the six-year investing period.

Which money manager did the best? Manager No. 2. Her portfolio is worth \$150,437, while Manager No. 1's is worth \$100,980.

Each manager had four good years and two bad years, but Manager No. 2 did a better job of protecting profits in the bad years. Oddly enough, her percentages never topped Manager No. 1's, even in the good years. Defensive investing such as Manager No. 2's strategy seldom merits press coverage, but the importance of avoiding a disastrous year cannot be over-emphasized.

The point is that investors should buy and hold quality investments, even though times may appear unusually good, or bad. It is generally futile to guess what share prices will do in any one year. It is also a dangerous way to try to build wealth.

You may recall a similar childhood story about the tortoise and the hare. Smart investors prefer to call it "getting rich slowly."

ONE LESS THING TO WORRY ABOUT.

Look into Long-Term Care Insurance from Edward D. Jones & Co.

At Edward D. Jones & Co., we understand the importance of building financial security and know you don't want to take chances with your hard-earned savings. That's why we believe long-term care insurance is so important. It protects your savings from the financial burden of a long-term illness or nursing home stay.

Don't take chances with the savings you're worked hard for, call your Edward D. Jones & Co. Investment Representative today for details on long-term care insurance.

Local Students Earn Degrees

More than 1,300 students at Texas Tech University received degrees during December commencement exercises.

John Cass, son of Mr. and Mrs. Jerry Cass, received his bachelor of science degree in animal business; Ben Neelley, son of Mr. and Mrs. Robert Neelley, received his master of science degree in mathematics; and Louis Ramirez, son of Mr. and Mrs. Tomas Ramirez, earned his bachelor of business ADM in management.

YOUR EYES

A Baby's Eyes

Babies are not born ready to see the world. It takes some time for eye muscles--and control of them--to develop. Under six months, a baby's eyes may wander or seem to cross; this is not a call for alarm.

But if crossing continues or seems to get worse, bring the baby in for a professional examination. The sooner the optometrist can start treatment, the better the results will be. Fact is, a child won't simply outgrow crossed eyes or an eye that wanders outward, but many cases can be corrected with the use of prescription lenses and vision training. If there is any weakness of visual acuity, this can be corrected, too.

With continued therapy, most children learn to use both eyes together so that they are straight and aligned. Surgery, a last resort, is not recommended unless all other treatment options have been tried and failed.

Brought to you as a community service by:
