### KILLING OF VIRGINIA PREACHER IS RESULT OF OLD POLITICAL FEUD

#### ACCUSED BROTHERS PROMINENT OFFICIALS IN THE COUNTY

#### MINISTER HAD OPPOSED THEM IN THE CAMPAIGN

Brothers Also Said to Have Objected to Remarks Made From the Pulpit

RICHMOND, VA., June 6. (AP)—Two prominent Cumberland county officials, R. O. and L. C. Garrett, face charges of first degree murder in connection with the slaying of the Rev. E. L. Pierce, who was shot to death yesterday in a pistol fight with the Garretts at his home at Cumberland Courthouse. L. C. Garrett was at liberty today under bail of \$5,000, while his brother, suffering with a serious wound, was under guard at a hospital here.

The fight was said by state officials to have followed from long-standing political feud between county factions. The Garretts, merchants of Cumberland Courthouse, and both holding county offices, were members of a faction which the clergyman is said to have actively opposed recently.

The brothers also are said to have objected strenuously to remarks said to have been made by Mr. Pierce from the pulpit, which they construed as having reflected on the wife of L. C. Garrett.

According to testimony of witnesses at a coroner's inquest the slaying took place at the home of the clergyman and called him outside, where he engaged in a fight with L. C. Garrett. This fight ended, the minister went back into his home and emerged a moment later armed with a shotgun and a revolver.

R. O. Garrett, witnesses said, wrested the shotgun from the clergyman, throwing it upon the ground. The shooting followed, it was testified, with the Garrett brothers and Pierce participating.

The minister was shot through the heart and two other bullets also pierced his body. Examination of his pistol disclosed one empty chamber.

The coroner's jury returned a verdict to the effect that the clergyman was met his death at the hands of R. O. and L. C. Garrett, "one or both."

Pierce was the pastor of four churches of Cumberland county. He was about 50 years old and is survived by his widow and six children. R. O. Garrett is 45 years old and in

### PROCEEDINGS OF COURT OF CRIMINAL APPEALS

By WILLIAM P. FLYTHE, Universal Service Staff

### GOOD PROGRESS IN NEGOTIATING DEAL WITH MEXICANS

MEXICO CITY, June 6.—The American and Mexican commissions working out terms for the recognition of the Obregon government by the United States is believed to have disposed of the sub-soil and petroleum question and to have made substantial progress in the Agrarian lands discussion.

After the morning session Charles Warren of the Warren of the American commission authorized the statement:

"The first real attempt to arrive at practical solutions after the presentation of the views of the two governments resulted in real progress being made. I am still hopeful that we are on our way to an agreement."

Donaldis Ros, spokesman for the Mexican government, also was hopeful, he said:

"Good progress towards solution of all problems was made today. It is the first session in which the delegates have put behind them the expedition of their government's views and have gone down to the meat of the problems."

This concerns the methods of guaranteeing the rights of American property owners and the oil without taking away from the Mexicans the things they won in the revolution and brought about the new order of things.

It is learned that both governments have found that they are but little apart and are now making a sort of progress that forecasts success.

William Randolph Hearst arrived here today.

### NO INTERNATIONAL QUESTION INVOLVED IN DRY LAW RULE

WASHINGTON, June 6. (AP)—Diplomats in Washington who have discussed the ship liquor question with state department officials have had it pointed out to them that the question is purely one of American domestic jurisdiction and therefore not subject to treatment through any joint international conference.

The American government does not propose to seek such a method of adjustment or to accept any proposals of that nature from an outside source. The question of rules and regulations under the supreme court's interpretation of the prohibition enforcement act is wholly a matter for congress, it is held, and so far as known that viewpoint has not been changed in the correspondence with various governments.

As was indicated by Premier Baldwin in the British house of commons recently the point involved from the international standpoint is one of comity among the nations. Application of the accepted principles of comity within American domestic jurisdiction however, is regarded here as within the province of congress and not a matter for international conference agreements.

### CHARGED WITH WORKING EX-SLAVE PENSION FRAUD

SAN ANTONIO, June 6. (AP)—John M. Saunders will be given a hearing before United States Commissioner R. L. Edwards today on charges of working the old slave pension fraud on negroes. Saunders was placed in jail in default of \$1,000 bond after his arrest under charge of impersonating a United States officer.

The prisoner is charged with representing himself to negroes as an officer of the pension bureau. He is alleged to have informed the negroes that if they were ex-slaves or descendants of ex-slaves they would obtain a pension for them upon payment of a small fee.

Saunders denied his guilt.

### CIVIC WELFARE LEADER AT CHICAGO IS DEAD

CHICAGO, June 6. (AP)—Clyde Mitchell Carr, former president of Joseph T. Ryerson & Sons Company, steel and iron manufacturer, died at his home here, last night at the age of 65. He was a leader in civic welfare activities.

## Income of American People Has Declined More Than Four Billion Is Report of U. S. Revenue Bureau

WASHINGTON, June 6.—A reduction of more than \$4,000,000,000 in the net income of the American people during 1922 is shown in income tax figures made public by the Bureau of Internal Revenue. A result Uncle Sam collected \$484,444,000 less in income taxes for 1922 than he did for 1921.

The figures show that the number of personal returns filed for 1922 was 4,668,139, a falling off of 251,795; that the total amount of net income reported by these returns was \$41,817,812,525, a falling off of \$4,158,416,655. And that the total amount of taxes collected was \$713,217,104, a decrease of \$258,008,184.

The number of million-dollar incomes fell from thirty-three in 1920 to twenty-two in 1922; the incomes from \$40 to \$49, between \$100,000 and \$149,999, from 77 to 45; from \$50 to \$99, between \$100,000 and \$149,999, from 208 to 206; between \$150,000 and \$249,999, from 59 to 42; between \$250,000 and \$499,999, from 119 to 107.

The average net income per tax return in 1921 was \$8,925.64, and the average amount of tax .67 per cent.

The proportion of the population for not subject to the normal tax filing, based on the 1922 census, was 13,115,822. Net income ex-

## NEW ORGANIZATION RESULT OF RECENT KLAN CONTROVERSY

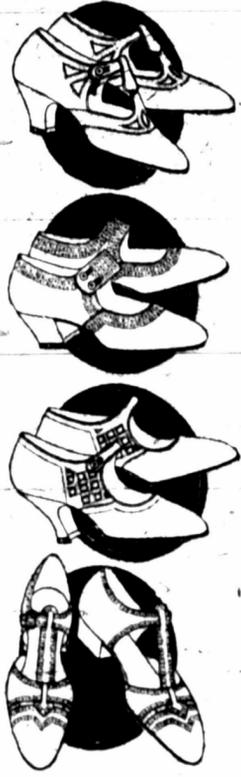

ATLANTA, GA., June 6. (AP)—Calm and quiet again descended today over the rank and file of the Knights of the Ku Klux Klan following the announcement by William Joseph Simmons, emperor, that he had formed a Knights Kamella. Emperor Simmons' announcement came yesterday with dramatic suddenness following a meeting of imperial klans in Washington, at which it was voted to form a women's organization in line with the Knights of the Ku Klux Klan and include certain women's organiza-

## RESCUE THREE MEN ENTOMBED IN MINE RESULT OF CAVE IN

BICKNELL, IND., June 6. (AP)—Rescued late last night from the mine shaft near here, where they had been entombed since last Saturday by a cave in. Joe Bernard, Frank Maharto and James Battillo, coal miners, were rescued in their homes today little the worse for their experience. The men who were imprisoned in the mine for more than 72 hours were in good physical condition when taken out. Fresh air was forced into the mine and food lowered to them through a two-inch casing, drilled into the mine.

MOTHER! GIVE CALIFORNIA FIG SYRUP

Child's Best Laxative To Clean the Bowels

Even a sick child loves the "truly" taste of "California Fig Syrup." If the little stomach is upset, tongue coated, or if your child is cross, feverish, full of colic, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipating poisons, mucus, acids and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottles. Mother! You must say "California" or you may get an imitation fig syrup—bad!

No Soap Better For Your Skin Than Cuticura

RECENT WEATHER MORE FAVORABLE TO COTTON

BENEFICIAL SHOW AS SAYS REPORT

EARLY COTTON BE IN FAIR

Late Crop Gets Poor count of Drought

WASHINGTON, June 6. (AP)—Weather generally favorable in much of the country for several preceding days though it continued favorable in some sections today by the agriculturists covering the past day. The weather in Texas was beneficial in the opinion of the belt, but the progress of the heavy rain, however, in the mid-section, which tore out weather made favorable.

Progress and cotton planted cotton in Texas fair to very good. Drought and out wet and cultivation was progress in some general and most heavy to excessive either made slow or fast with necessary; there was half damage in the south western portion.

Large frequent rain temperatures were in Arkansas, Louisiana and Mississippi and some improvement continued in very portion, except in California. Very good reported in Louisiana weather the latter permitted of much time in Tennessee.

Large frequent rain temperatures were in Arkansas, Louisiana and Mississippi and some improvement continued in very portion, except in California. Very good reported in Louisiana weather the latter permitted of much time in Tennessee.

### RECENT WEATHER MORE FAVORABLE TO COTTON CROP

#### BENEFICIAL SHOWERS IN TEXAS SAYS BUREAU REPORT

#### EARLY COTTON SAID TO BE IN FAIR CONDITION

Late crop gets poor start on account of drought and cut worms.

WASHINGTON, June 6.—(AP)—The weather generally was more favorable in much of the cotton belt than for several preceding weeks, although it continued decidedly unfavorable in some sections, said the weekly weather and crop review issued today by the department of agriculture covering the week ending yesterday. Beneficial showers occurred in Texas and less rainfall was beneficial in the central portion of the belt, which permitted the progress in field work. Frequent and heavy rains continued, however, in the more southeastern districts, which together with the cool weather made conditions unfavorable.

Progress and condition of early planted cotton in Texas were mostly fair to very good, but the late planted got a poor start because of drought and cut worms; chopping and cultivation made very good progress.

Some rainfall was again general and mostly moderately heavy to excessive and the crop either made slow progress or deteriorated with much replanting necessary; there was considerable hail damage in the west central and southwestern portions.

Less frequent rain and moderate temperatures were more favorable in Arkansas, Louisiana, Tennessee and Mississippi. Cotton showed some improvement in Arkansas, but continued in very poor to poor condition, except in some favored localities. Very good progress was reported in Louisiana and the fair weather the latter part of the week permitted of much needed cultivation in Tennessee.

Options continued slow in Mississippi and progress varied greatly in Alabama, ranging from fair to deterioration.

The week was cool, cloudy and wet in Georgia where growth and condition of cotton were poor with deterioration in the northern portion, where plants were still small, and many dying; conditions were better in the south. The frequent heavy rains were beneficial in Florida and some cotton had been abandoned. The weather was somewhat more favorable in South Carolina but the condition of cotton continued mostly unsatisfactorily and backward in many places. In North Carolina conditions were mostly favorable, fields were clean but plants rather small and late.

#### PROCEEDINGS AMARILLO COURT OF CIVIL APPEALS

AMARILLO, TEXAS, June 4.—Proceedings of the court of civil appeals for the seventh district at Amarillo June 3:

Motions granted—Bettie Swann vs. Rotan State Bank, rehearing; W. N. Jones vs. W. R. Clark Co., Judge et al. to relax costs; A. M. Ramsey et al. vs. M. L. Phillips, to affirm on certificate with damage (dissenting opinion).

Motions overruled R. B. Masterson vs. Amarillo Oil Co. et al. rehearing; Dunlap Hardware Co. vs. E. F. Elmberg Co. rehearing; Texas Employers Insurance Ass'n vs. J. H. Gill, rehearing; Williamson Heater Co. vs. H. W. Helm, to reinstate; Our Coal Co. vs. Chas. P. Nobel, rehearing; Texas Electric and Ice Co. vs. City of Vernon, et al. rehearing; Shurjan Oil Co. vs. J. M. White, rehearing; T. J. Mansfield vs. E. Alshay et al. rehearing, and to certify.

Affirmed—Bettie Swann vs. Rotan State Bank, from Fisher. H. H. Christian et al. vs. E. A. Moore, from Wichita.

Appel dismissed—J. P. Pickett et al. vs. J. H. Brox, from Wichita. Passed to enable applicant to perfect record—J. S. McAfee vs. E. N. Dillard, from Wichita.

Decided on agreement—J. R. Parkey et al. vs. First State Bank of Wichita, from Wichita.

Submitted—Massey Drilling Co. vs. G. L. News, from Wichita; Shubert Bros. and Lewis vs. American State Bank of Burkburnett, from Wichita; M. E. Stevens, trustee vs. Geo. W. Danaher, trustee, from Wichita; Frank G. Gowers et al. vs. W. W. Blair, from Wichita; J. Clayton vs. J. M. Stephenson, from Wichita.

### BELGIUM SUBMITS REPARATIONS PLAN FRANCE TO OPPOSE

#### NEW YORK, June 5.—(AP)—What is stated to be an official abstract of the Belgian proposal on German reparations under discussion today by the heads of the French and Belgian governments in Brussels is printed by the World today.

According to this abstract the Belgian plan fixes the total indemnity to be collected from Germany at forty billion gold marks with service on the debt computed at six per cent interest, plus a one per cent sinking fund, making the German payments work out at \$20,940,000 gold marks a year.

To meet these payments, revenues from the German state railways and from special monopolies and from coal deliveries are proposed.

#### NEW BRITISH PREMIER MAY OFFER SOLUTION

BRUSSELS, June 5.—(AP)—Today's conversations between Premier Poincare, Charles Da Lasteyrie, French minister of finance, Premier Thomsen and Foreign Minister Jacquet of Belgium are regarded in official circles as constituting the most important meeting between the two nations since the Ruhr occupation by the French.

No attempt is made in the Belgian proposal to hide the fact that the ministers are meeting with widely divergent viewpoints as to the scope of the conference should have. The Belgians practically openly have announced their intention of asking a full discussion of the reparations problem as a whole, while Premier Poincare has signified that he preferred that the Brussels conference should deal only with the exploitation of the Ruhr and kindred subjects.

Belgium on the other hand is decidedly anxious to bring the Ruhr situation to a solution whether it coincide with M. Poincare's policy or not.

Prime Minister Baldwin of Great Britain is looked upon here as the last hope for reaching a settlement. The British premier is regarded as a level-headed man who may achieve what many other statesmen have failed to do, namely, settle the reparations problem. The Belgians have prepared a definite reparations program which France is not expected to accept, as the French premier already has announced his intention of not discussing the principle of reparations.

### 16 YEAR-OLD FINDS WHISKY, DRINKS IT, JAILED BY POLICE

A 16-year-old boy, a mere strip of a lad, appeared in the city court Wednesday morning and pleaded guilty to a charge of drunkenness. He told the court that he had found the intoxicant in a bottle in a school yard across the river. He said that it was unlabeled but that it smelled good and he drank it. He was taken to a vacant house, where police officers found him later. He was fined \$5 and given some fatherly advice about drinking especially from bottles picked up by the roadside.

### SEVERE ATTACKS OF INDIGESTION

Mississippians Says All He Dared Eat Was a Little Bread and Butter—Found Black-Draught Relieved His Trouble

Wichita, Mo.—"I had very severe attacks of indigestion," said Mr. M. H. Wade, of this place. "I would suffer for months at a time. All I dared eat was a little bread and butter, consequently I suffered from weakness. I would try to eat then the terrible suffering in my stomach. I took medicine, but did not get any better. The druggist recommended Thorford's Black-Draught and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 122. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

In an attack of indigestion, one of the first things to do is to clear the stomach and bowels of all undigested food particles, and Thorford's Black-Draught has been found very helpful in doing this. A small dose after each meal, has been found of great benefit to persons who are threatened with, or who are diagnosed as attacks of indigestion. Black-Draught assists the stomach to carry on its important work of digestion, and at the same time mildly stimulates the liver to do its work.

Try Black-Draught. Price 25c. (Advt.)

### BELIEVE KANSAS CITY GRAIN MAN MURDERED

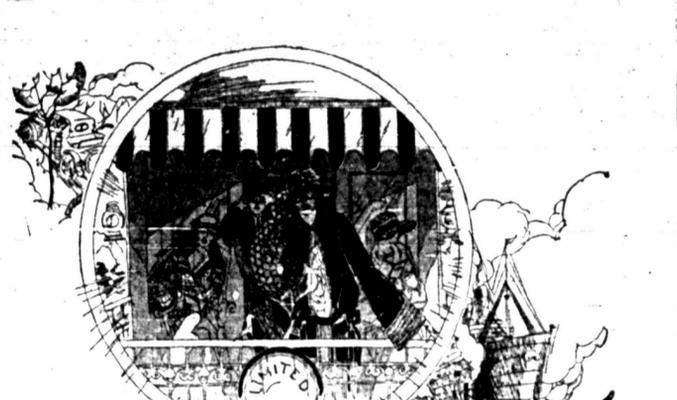

KANSAS CITY, June 6.—Guy A. Moore, prominent local grain manager was murdered and his body placed upon the railroad tracks where it was found after a train had passed over it early Sunday morning, according to the belief of Dr. H. E. Moss, deputy coroner, following an autopsy.

"There is no question in my mind that Mr. Moore was murdered," Dr. Moss declared today, "and more than one man carried his body to the railroad tracks."

The police have been working on three theories—murder, suicide, and accident.

The autopsy, which included examination of the viscera for poison, was demanded by insurance companies. The result of the examination, Dr. Moss said, probably will be known today.

### Vacation Bound!

### The Selection of Smart Footwear

No other item of one's wardrobe bears a greater responsibility for smartness than one's footwear. In making selection here you have the finest lines in the land to choose from and that fact assures their correctness and charming style.

One of the newest arrivals is a black satin pump like the illustration here. It is a very stylish and beautiful shoe made by I. Miller. The narrow straps and piping around top are also of black satin. The price is ..... \$12

Another black satin pump of very smart style is shown with edges stitched with blue silk and fancy stitching on instep in blue silk. Has cut out side and narrow ankle strap ..... \$14.50

New silk hose of fine quality in chiffon of sheer weight has narrow sole designed for wear with cut out pumps. Priced ..... \$5.50

Many other attractive summer styles in footwear for all occasions are here at prices from \$8 to ..... \$14.50

### Maybe this idea will help us out!

In every corner of the nation—EXCEPT DOWN HERE IN TEXAS—Kellogg's Corn Flakes far outsell any other kind. That's because they are more delicious in flavor, more substantial in their flakes—and crispier!

I found during my recent visit that folks here want Kellogg's Corn Flakes, but they do not ask for them correctly.

HERE'S THE ANSWER—Say "KELLOGG'S CORN FLAKES"—not "Kellogg's"; not "Corn Flakes"! Make it strong that you want Kellogg's Corn Flakes and you'll get KELLOGG'S CORN FLAKES in the RED and GREEN package! Grocer refunds your money if you do not say they're the best ever!

We are also makers of Kellogg's Bran, corned and krumble, and Kellogg's Shredded Whole-wheat Bread.

### START DRILLING OF SHALLOW TEST ON TRACT NEAR LAKE

Whitehead & Hold have started drilling on their shallow test located in the Moore & Ribbitt tract east of Lake Wichita in this county. The same company about two months ago while putting down a well on the McCoy tract encountered a good sand at 350 feet which showed enough oil to make a small producer but on account of having the casing trouble lost the hole and was abandoned.

### Arrest War Photographer

CHICAGO—Donald C. Thompson was photographed by the department of justice on charges of impersonating naval officers and passing worthless checks. Thompson has been arrested on similar charges twice previously, federal agents asserted.

### Don't Let Little White Casket Come to Your House; Take Care Of Your Baby This Hot Summer

#### Personal Mention

Mrs. Clifford Deaton has returned from Stephenville, where she attended the homecoming at John Tarleton College and the commencement entertainments and programs. Mrs. Deaton was accompanied home by Miss Lucy King, a former room mate at John Tarleton, who will spend a few weeks with her.

Mrs. E. F. Mangfield of Altus, Okla., is visiting her sister, Mrs. A. J. Lester, at the Lester home, 1317 Britain.

John Akin and Harold Carter left Tuesday morning for an overland trip to Uvalde county, where they will spend a month hunting and trapping. Mr. Akin will spend a week in San Antonio and Austin.

Miss Pearl Ray and Miss Ursula Johnson left Wednesday morning to attend the Christian Endeavor convention at Sherman.

Mr. and Mrs. Lee Clark and sons, Joseph and Lee, are attending the golden jubilee homecoming and commencement at Texas Christian University in Fort Worth this week.

Miss Ruby Lee Martin and Miss Kathryn Martin left Thursday for Denton to enter the summer normal at the North Texas State Normal College.

Mrs. R. L. Mullins and son, Jacquelyn, of Knox City, have returned home after a visit with Mr. and Mrs. H. H. Hallmark. Mr. Hallmark is Mrs. Mullins' brother.

Miss Gladys Idon left Tuesday for Denton to enter the summer college at the C. I. A. Miss Idon, who is a daughter of Mrs. M. M. Idon, was a member of the '22 graduating class of Wichita Falls.

Miss Hazel Turning of Waurika, Okla., is the house guest of Mr. and Mrs. R. H. Hollinger at their home on Filmore.

Mrs. H. J. Venton and children, Frances and Joseph, are in Colorado Springs for the summer, having left here Sunday.

Mrs. Laura Burghin and daughter, Miss Helen, of St. Louis have recently moved here to make their home. They are at home temporarily with their relatives, Mr. and Mrs. E. R. Richardson, of 1903 Elizabeth.

Mr. and Mrs. H. A. L. Morgan and children left recently for their branch out from Tucuman, N. M., where Mrs. Morgan and the children will spend the summer. Mrs. Morgan is expected back this week.

Mrs. Clarence Humphreys of Oklahoma City returned home Wednesday after a visit with Mr. and Mrs. Ben Neathon on Morningstar Drive.

Miss Georgia Humphrey returned Tuesday afternoon from Canadian, Texas, where she was called by the serious illness of her brother's wife, Mrs. T. V. Humphrey.

Mr. and Mrs. L. W. Powell and family of "1102 Ninth" left Wednesday afternoon for Grimsby, Ontario, where they will spend the summer visiting. The family may make their home in Canada, it was stated.

**TELL US ABOUT YOUR GUESTS**  
Please tell us about your guests when you have them. Your friends will be glad to know. And we will consider it a kindness if you will telephone us when you expect to be away from the city, or when you change your home address. The news brief column is the most interesting on the page, and we will appreciate very sincerely your cooperation in keeping it up to date.

## The Tangle

Letter From Alice Hamilton to Her Sister, Leslie Prescott  
Very Dear, Though Missing Sister of Mine:  
If you feel that way about it, don't come to New York to see me off, for Karl is coming from the dock as I told mother it would be all right for you to say goodby to let her as I expected some sort of a complication. Seriously though, I thought better to ask you to do so. For heaven's sake, don't divide your pearl beads with anyone. I don't mind telling you that there is a most peculiar history connected with them and some time someone may come to you and ask you to give them back.

### WICHITA FALLS FOLKS TO DECATUR TO ATTEND BIG GOSSE FAMILY REUNION

Mr. and Mrs. T. J. Waggoner, T. J. Jr., Mrs. P. E. Richardson, Mr. and Mrs. S. M. Goss, Mr. and Mrs. S. M. Goss Jr., Morris Waggoner and possibly others here related to the Goss family of Decatur, will leave in a party Wednesday evening for Decatur to attend the big annual Goss family reunion Thursday. The local attendants getting to return here Friday.

**INTERMEDIATES ENJOY PICNIC TUESDAY EVE**  
The intermediates of the Lamar Baptist Sunday school enjoyed a big picnic supper at the lake Tuesday night, being taken out in Mr. Outhwaite's truck. The children were accompanied by Mr. and Mrs. A. J. Gattlin, Mr. and Mrs. R. C. Milford, Mrs. Ethel Brown, Mrs. Lynch, Mrs. W. M. Rawls and Mr. Milford. After supper they enjoyed games and the picnic entertainment. About half a hundred children went.

### CLOUDS GATHER BUT WEATHER IS CALM, SOUTHWEST WIND

When a few clouds gathered in the northwest late Tuesday night and few faraway flashes of lightning were seen, it was generally thought that the weather man would repeat the performance of the past few nights, but the skies soon cleared and the remainder of the night was calm.

The same reports were sent from over the entire area surrounding the city Wednesday morning. No rain was reported anywhere, and the morning broke with very little wind.

Following a cool day Tuesday when the maximum heat was only 55 degrees, the mercury started on the rise Wednesday morning. The lowest point on the thermometer at 6 a. m. was 58 degrees, and with a sharp ascent until noon. The wind was from the southwest.

### TO RESUME DRILLING ON BURKS-AND STONING WELL

The test of Burns & Stoning located in block 18 of the Wilson lands, which was shut down with a view of pulling the pipe at 2400 feet, will again resume drilling and will go to a depth of 2,000 feet unless a producing pay is picked up at a lesser depth.

### Useful Article

The pink crepe or satin undergarments of white corduroy with Lingerie Blouses  
Lingerie blouses are very popular this season and are shown in beautiful styles. Collars of white bands fastened together in lace designs sometimes take the place of the conventional collar of lace or the one that is lace trimmed.

### My Perennial Beauty And my debt to France

**By Edna Wallace Hopper**

All who see me on the stage and elsewhere know that I look 19. My youthful bloom is the envy of countless debutantes. Yet for 22 years, I have been a musical comedy star, and am now of a grand mother's age.

It was this to France. Her experts perfected the beauty helps I use. And I served with France during all the great war to help repay the debt.

Now I go further. I am offering these formulas to all womankind. I am sharing with all the help I found, and what they brought to me.

**White upper-clay.**  
My chief help is a facial clay. Not the kind used in the beauty parlor, but a white, refined clay, clean and dainty, wonderfully effective. It is the final result of 20 years of scientific study.

French beauty experts, many years ago, taught me what clay was for. These few women used them, and those women became the marvels of their time for beautiful complexions.

But science has gone far since then. It has found that some clay, mineral-laden, which brings maximum results. It has learned how to refine the clay, remove the impurities, and it has added factors which give it a multiplied effect.

My ordinary clay gives me any complexion I wish. This new type clay can do more.

I am having this super-clay prepared by specialists on all who use it.

**EDNA WALLACE, BUSINESS ADDRESS, WAUKESHA, WIS.**

### Stylish Summery Dresses of Tissue Gingham \$8.95, \$10, \$11

**AUTO DEALERS HOLD GET TOGETHER MEET TUESDAY EVENING**

The get-together banquet of the Automotive Dealers Association held at the Kemp Hotel Tuesday evening was attended by 45 representatives of local automobile concerns and an interesting program of music and speeches was offered.

The speaker of the evening, C. C. McDonald, was introduced by the president of the association, W. K. Langford, and speaking from the standpoint of a layman called attention to the need for more uniform and dependable repair rates and commenting on the purpose of the meeting declared that "industry" thrives on friction.

Frank Quieser, last year's president, spoke briefly on cooperation and service between dealers and another past president, Frank Klen, declared his pride in having served with a body and the interest in the association.

Jim Allison, former publisher of the Fort Worth Record, now connected with The Times, was introduced by Pat Jarrett and was enthusiastic in his praise of the spirit and cooperation manifested by such a meeting.

Music was furnished by Eddie Tompkins, Happy Roy Thomas, former minstrel man, gave several songs.

Representatives included C. C. Randle, Randle Auto Supply; Hugh Weaver, James H. Hamilton, W. B. Moore and M. A. Sadder of the Kings-Weaver Co.; W. E. Langford, E. C. Moore, R. E. Strickland, T. E. Edwards, Claud Red, H. T. Dunbar Jr., E. V. Whalley and James E. Hager of the Langford Motor Supply; Frank Quieser, L. S. Roseberry, P. M. Backus, A. A. Douglas, Junelle Hall, Ashkin, Brown, Daveports, Jim Bachary and Chas. Cook of the Overland Motors; Frank Keim, W. J. Daugherty, H. E. Keim, Joe. E. Morris, E. S. McClure and O. W. Quirk of the Keim Motor Company; L. L. Dixon, J. Y. Lubler, F. H. Kirby, W. W. Calham, W. F. Wallinson, V. Lewis, J. W. Hopper and Hugh Parks of the Dixon Motor Company; Lloyd Weaver, Hugh Hamilton, A. C. Price, D. A. Ross, of the Lloyd Weaver Automobile Company; E. V. Lesley Jr., H. Lesley and Renfro Lesley of the Auto Tire Company; A. M. Huff, L. O. Facker and D. C. Hudson of the Arthur Huff Company; I. C. Brown, R. B. Moon, Clifford Hughes and Bruce Kent of the Victory Motor Company; E. M. Johnson, W. H. Jackson, E. M. Dyer and W. W. White of Bundy-Strong Company, and A. L. Weissenborn of Archbalds Auto Supply Company; Pat Jarrett, Jim Allison and C. C. McDonald.

**CLAIM ELECTRICITY IS ONLY LARGE COST ITEM SHOWING A REDUCTION**

WASHINGTON, June 4.—Electricity is the only large item in the daily cost of living which has shown any reduction in cost to the consumer since 1917, according to the figures of the Bureau of Labor Statistics gathered from thirty-two selected cities.

Representatives of the industry have prevailed upon the government to make a separate showing of electricity in its statistics so as to dissociate it from other means of fuel and light, all of which according to figures, have shown large increases.

**Plan Junior College**  
HILLSBORO.—Establishment of a junior college in connection with the public school system of Hillsboro is planned by the local school board. The Chamber of Commerce also is cooperating in plans for the college, which probably will be opened in the fall.

**Tiger Woman Tempted by Latin Love But Says She Fought Against Impulse To Trade Embraces for Her Liberty**

By Universal Service.  
LOS ANGELES, June 5.—In the concluding chapter of her own story, Clara Phillips today tells of her departure from Honduras, she had hoped to get a new trial in Los Angeles, but this hope was blasted when the court vacated her motion for appeal. She is now confined in San Quentin prison, serving from 10 years to life, for slaying Alberta Meadows.

**Chapter VI.**  
By CLARA PHILLIPS.  
(Copyright, 1922, by the Los Angeles Examiner and Universal Service. All rights reserved. Reproduction in whole or in part positively prohibited.)

We used to play ball on the inner court of the police station. We also used to pick the flowers for our room of the men in prison had planted. Time went very fast in Tequisguapa, despite our imprisonment.

You can imagine our interest in all persons coming to the station. We watched everyone. One day in the early part of May, sister spied someone she thought was from Los Angeles. She called me to the window.

Sure enough, it was Morris Lavine of Universal Service and the Los Angeles Examiner. I had known him well during the trial, but decided that this was no time to see anyone from Los Angeles. I determined to play a game of hide and seek for a while.

Love Offers Made  
"You can imagine my surprise when I later learned that he had not only seen me, but had secured very good pictures of me from a roof across the street. I had, naturally, been very camera-shy, because of my desire to avoid identification. We knew after his arrival that it was merely a matter of time before the Los Angeles officers would come. Offers of Honduran romances became more frequent than ever.

Ten days later Mr. Biscailus and his party arrived. They were waiting for the extradition papers. We were showered with conditional offers of freedom.

We were expecting to return on April 23 when the sentiment of Tequisguapa in our behalf grew very strong. Realizing the situation, Mr. Biscailus and the American minister were kept very busy. They decided to move us out of Tequisguapa.

**Moved From Prison**  
On the night of May 22, about 11 o'clock, Ella Mae and I were awakened by Chief of Police Egan and Deputy Sheriff Walter Hunter. They entered our room, snatched the light to our great surprise, and told us to be dressed and ready to leave at 1 a. m. That was but another surprise we experienced while there. We didn't sleep any more that night and were all ready at 3 a. m.

That trip the next day was like traveling on a roller coaster. We were being driven away so fast. We crossed high mountains and were driven through pine forests. We were much afraid of the fast driving and we clung tight to each other. All the while my little sister would say to me:

"Don't be afraid, dear. God will protect us."  
She has been the sunshine of my soul since she joined me in Mexico City.

The next night of the trip we stopped at Jaral in a little, old building. Besides three Tequisguapa guards, who kept part of the way, there were six in our party—Mr. and Mrs. Biscailus, my baby sister, Deputy Hunter, Morris Lavine and myself.

I stayed on the porch at Jaral watching the moon sink behind the mountains. I realized that every minute the time was getting shorter and shorter when I would be placed behind the bars again for something I did not do.

Some taken to the Central Hotel. At that I was slated to go to the prison. That night I was taken to my room. I noticed that all five guards assigned for duty by the commandant were asleep.

The next day a guard came to my room and when he got an opportunity he let me know he would help me to get away, even if shooting was necessary. I turned him down, of course. I was faced by a great problem.

**Freedom or Honor?**  
Should I accept my freedom in Honduras, or should I go back to the states and fight for my good name? And if I go back and lost the battle, just how long a sentence would I have to serve? I debated these questions with myself all night long.

As I lay in bed that night I decided that I preferred to go back. Although my freedom was at that very time being obtained in the Honduras court, on a special writ, I wanted extradition in the belief that the California officers would give me a chance to be heard and to reveal things to show that have never been truthfully told.

I decided father to face the issue squarely. The next day we boarded the steamship Copan. Many problems kept me awake on the Copan. It was my fight for the future that concerned me—my struggle to have people learn the truth about me. And I believe that if I get a chance to tell the truth in court, I shall be freed and vindicated.

**JOINT COMMISSIONER IS SUGGESTED TO CONSIDER JAPANESE IMMIGRATION**

TOKIO, June 5.—(AP)—Viscount Shibasaki, presiding at a dinner of the Japanese-American relations

committee yesterday, proposed that the two governments appoint a joint high commission to study the question of Japanese immigration to America. The members of this commission, he said, could report to their respective governments and the reports be published for the benefit of the public.

The message was delivered quite openly to Mr. Biscailus and other members of the party heard it. That night I was taking to my room. I noticed that all five guards assigned for duty by the commandant were asleep.

The next day a guard came to my room and when he got an opportunity he let me know he would help me to get away, even if shooting was necessary. I turned him down, of course. I was faced by a great problem.

### F. S. SAMPLES TO GET TRIAL NO. 3 CASE REVERSED

F. S. Samples, who was found guilty of the charge of receiving and concealing stolen property, by a jury in the 20th district court this spring will get trial No. 3 as his case was reversed and remanded by the court of criminal appeals in decisions handed down Wednesday.

On the first trial Samples was convicted and a two-year sentence imposed. A new trial was granted by the trial court. The jury assessed a punishment of five years confinement on the second trial.

The state's motion for rehearing in the Emmett Jones case was denied by the higher court. This case was reversed and remanded by the appellate court two weeks ago.

Jones was found guilty in the county court at law here for writing insurance without a license.

The court affirmed the case of Tom Manly who was fined \$50 and costs for fighting at Red River Park.

### TWO SHOPS MOVE TO NEW LOCATION, 718 INDIANA

The Specialty Shop, owned and managed by Miss Georgia Humphrey, and Miss Conroy's Millinery Shop have moved from their location at 712 Ninth street to 718 Indiana, where they occupy a part of the building used by the Wichita Music Company.

A regular dressmaking and designing department under the direction of a graduate designer is being incorporated, it was stated, and the Goodwin corsets which are only carried in Specialty shops, and the Susanna Corset, both articles are two lines which are being added to the shop.

Plans to add several new novelty lines are under way and a Specialty Shop of the highest order will be maintained, Miss Humphrey declared.

### "HIGH BLOOD PRESSURE IS NOT A DISEASE," SAYS PHYSICIAN

Witch of discovery of new method of treatment.

A well-known physician who has made an extensive study of the subject of blood pressure emphatically states that it is not a disease. He says, "It is a symptom and a most significant and important one at that."

Its presence is and should be a constant warning to the medical man to search for the real cause. High Blood Pressure always means danger. It is an early warning of worse to come if the signals are not heeded.

If you suffer from headaches, have attacks of dizziness, vertigo, shortness of breath on exertion, sleep poorly, wake up frequently and get up always tired; if you are low-spirited, prone to worry, have occasional attacks of nervousness, neuritis, or muscular pain, if your heart palpitates, you may be suffering from high blood pressure. And the presence of high blood pressure means you are absorbing poisons from wastes that lie too long in the intestines.

This same physician has discovered a way to treat high blood pressure that has been universally successful in thousands of similar cases. He has discovered a formula that stimulates the bile which is Nature's great antiseptic and regulator. With the bile in a healthy condition, the body throws off the poisons quickly and good health is the natural result.

Now that thousands of tests have proved that efficacy of this treatment, it has been put up in convenient tablet form and is dispensed by druggists under the name Bialin.

It is absolutely harmless, easy to take and is wonderfully quick in its results. The American distributors have authorized local druggists to dispense Bialin with absolute guarantee to return the full purchase price if you do not get wonderful relief from the use of the very first bottle. Smiths Drug Store, Store No. 1, 730 Ohio Ave., Store No. 2, Kemp Hotel Bldg.—adv.

### C. OF C. COMMITTEE ON COLONIZATION HEARS ENGINEER

Further information on measures necessary to settle irrigated lands in a way that will redound to the benefit of the colonists was obtained Wednesday by the special committee of the chamber of commerce which has this matter in charge. The committee held the second of its weekly meetings at luncheon at the Wichita Club.

P. A. Welby, a member of the engineering forces of the irrigation project, and formerly associated with irrigation projects in the Rio Grande Valley, California, and northwest, attended the meeting and gave some of his experiences in irrigation development. Mr. Welby said that the main points to be watched—the selling of the land on easy terms, good engineering advice on laying off tracts, good agricultural advice in developing the tracts, and the avoiding of speculation. Another matter which he suggested should be receiving some study in advance was that of developing the right sort of towns, or community centers in the farming districts.

Mr. Welby said that in some instances the irrigator "sells" land for \$100 to \$200 per acre when three-fourths of that amount was selling expense incurred by the irrigator. He pointed out that special trains, entertainment, commissions and the like.

The committee discussed at some length, in an informal way, the advisability of forming a selling company. Such a company, it was made known, would have the backing of two or three of the largest land owners in the valley, such as Reese K. Allen and J. Kemp, who are both anxious to see the land settled up by practical men who can make a success of irrigation for their lands.

Mr. Welby stressed the need of settling the land on such terms that the settler will have funds for improvements, livestock, fencing, planting and farm buildings. If this is not done, he pointed out, and the land is sold with such large cash payments, required that the buyer be able to make the improvements, the chances for success are greatly reduced.

Speculation in the irrigated lands has been rampant. It was pointed out, by the fact that taxes and water charges must be paid on the land as soon as the canal is finished, and this was cited as a point in favor of the proper development of the valley.

Col. H. Mackay, who has had experience with land development projects in Africa and elsewhere, attended the meeting. A. H. Brittain, chairman, presided.

This matter will be handled through the Salvation Army and only upon their recommendation will the committee as the manager of the company would not be in a position to pass upon the merits of a case, according to a statement made by Mr. Gant, manager of the company.

Anyone knowing of a worthy and needy case of this kind should contact the Salvation Army in order to have the need taken care of, Mr. Gant stated.

OPEN SALES AND SERVICE OFFICE IN WICHITA FALLS

The Remington Typewriter Company has opened a sales and service office in this city at 301 Morgan building. This company has never before had a branch office here but several weeks ago a representative came to the city to make arrangements for securing space. J. Thacker, formerly with the company at El Paso is in charge.

### "Let's Finish It Now" Is Slogan Adopted For Y. W. C. A. Building Campaign Set For Next Week

"Let's finish it now," is the slogan adopted for the Y. W. C. A. building campaign to be staged next week, when it is hoped to obtain sufficient funds to complete the building program to which the organization has been committed for several years.

The following letter is being sent to subscribers of the fund: "Wichita Falls finishes what it starts."

"More than three years ago pledges were taken to build a home for the Young Women's Christian Association. The total subscription was \$235,000. About \$75,000 was collected. Approximately \$50,000 of this amount is represented in a lot at Burnett and Eighth streets, which is held by this association, clear of debt, with pavement on both sides. About \$15,000 is held in cash and bankable notes. The committee in charge has decided to build a less expensive building than was originally planned. A contract will be let within a few days for a building to cost approximately \$40,000. Furnishings and other improvements are estimated at \$10,000.

The Y. W. C. A. board and the business men interested in this worthy institution feel that we may reasonably expect you and others who signed subscriptions to see that we raise \$35,000 additional money that is now needed.

A committee will call upon you June 11 or 12, and we expect you to do your utmost on your pledge. We feel that we have waited long enough and that we have used consideration in not pressing these pledges, but we are now ready to complete this important undertaking to which Wichita Falls is definitely committed.

"The sooner we get through with this obligation and get it behind us, the better we shall all feel."

"This is not a large undertaking, but let's finish it now. Sincerely yours,"

W. D. Clark, chairman campaign committee; Mrs. B. L. Fahn, president Y. W. C. A. board.

A motion was made and passed to extend to "Pa" and "Ma" Burdick of Salvation Army a vote of thanks and appreciation for the work which they have done during their three years stay here. Adjutant and Mrs. Burdick will leave soon for Chicago where they will be engaged in settlement work for the Salvation Army. The secretary of the club was instructed to write them advising them of the action of the club.

Dr. R. H. Graham was appointed as a delegate to represent the local club at the annual national convention of Lions in Atlantic City. The convention will last five days beginning June 12.

HOUSE ON ELM STREET IS DAMAGED BY FLAMES

Fire, caused from an overheated stove, broke out in the home of W. L. King at 269 Elm street Wednesday morning at 1 o'clock and damaged the residence and furnishing in the extent of \$1,000. The alarm was turned in before the blaze had time to spread and the firemen were successful in checking the flames before the place was seriously damaged. The home was owned by J. H. Perkins; damage on the building was estimated at \$150. Damage by fire and water to the household effects was reported at \$200. Loss of the house and furniture was covered by insurance.

Miss Lucille Campbell of the county clerk's office is spending her two weeks' vacation in Houston and Galveston.

### "TANLAC SAVED MY LIFE" SAYS POPULAR RAILROAD ENGINEER

"I'm satisfied that if I hadn't taken Tanlac when I did, I would be sleeping in the cemetery tonight instead of enjoying perfect health," gratefully declared Ben C. Speer, 123 Trinity Ave., Cleburne, Tex., locomotive engineer for the Gulf Colorado & Santa Fe Railroad.

"For three or four years I suffered from indigestion. After every meal my stomach burned like it was on fire. Stomachicizing pills made me sit up in bed to get my breath and I fell off to one hundred and thirty pounds. I 'got so weak' I could hardly drive my engine and finally had to lay off work half the time. I simply lost all hope."

"Well, sir, after taking two bottles of Tanlac I could eat and digest anything and had a new supply of energy. At the end of six months I weighed one hundred and seventy pounds and felt twenty-five years younger."

"My wife had rheumatism so bad she couldn't raise her left hand to her head. She took three bottles of Tanlac—that was three years ago—and she hasn't had a touch of rheumatism since. We wouldn't take the world for having found Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 11 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.—adv.

### DR. CANTWELL IS CHIEF SPEAKER AT LIONS' LUNCHEON

Dr. J. W. Cantwell, new superintendent of Wichita Falls public schools, was the guest of the Lions club at their weekly luncheon Wednesday and spoke briefly to the club on his "First Impressions of Wichita Falls." The speakers commented on the spirit of progress and aggressiveness that was prevalent here and said that he hoped to keep pace with the steady advance that was being made in all lines here.

A motion was made and passed to extend to "Pa" and "Ma" Burdick of Salvation Army a vote of thanks and appreciation for the work which they have done during their three years stay here. Adjutant and Mrs. Burdick will leave soon for Chicago where they will be engaged in settlement work for the Salvation Army. The secretary of the club was instructed to write them advising them of the action of the club.

Dr. R. H. Graham was appointed as a delegate to represent the local club at the annual national convention of Lions in Atlantic City. The convention will last five days beginning June 12.

### ONE PLAN FOR RUHR HAS COMPLICATIONS DISTURBING TO U. S.

#### INVOLVES UNITING INDUSTRIES INTO ONE GREAT TRUST OR CARTEL.

#### WORK TO DISADVANTAGE OF AMERICAN BUSINESS

Suggested Some Shares Be Allocated to United States to Make Plan Palatable.

By MARK SULLIVAN, Political Correspondent of the New York Tribune and Wichita Daily Times. (Copyright 1923 N. Y. Tribune, Inc.)

LONDON, June 6.—One plan for solving the complexities of reparations and the Ruhr situation, which lately has come to the ears of your correspondent with increasing insistence, has complications necessary to disturbing the American business men.

To follow this plan and to follow anything concerning the Ruhr with intelligence, it is essential to understand one basic fact: namely, that the iron ore which is in Alsace-Lorraine and the coal which is in the Ruhr compose in nature, a single industrial unit, and an ideal one. It is a case of coal and iron naturally adapted to each other in close juxtaposition than anything else in the world. So soon as they came under the ownership of one nation through the war of 1871, Ger-

### Housewife Becomes New Woman

"All of our best doctors had given me up. I was unable to leave my bed for 18 weeks and was yellow as a pumpkin. Besides the terrible stomach pains I suffered, our druggist advised my husband to try May's Wonderful Remedy and it has saved my life. I am a new woman now. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mark Taylor and druggists everywhere—adv.

many proceeded to rise from a negligible position to that of the second greatest producer in the world, leaving Great Britain behind in the race. Both with the recent war the iron ore of Alsace-Lorraine went back to France, while the coal in the Ruhr remained with Germany. The economic integrity of the unit, with its ideal effectiveness from a commercial point of view was cut in two. Both the French industrial magnates and the German ones were embarrassed.

#### Economic Unity Sought.

Back of the quiet negotiations for the settlement of the Ruhr which have been going on between German and French business men is the thought of restoring an economical unit which is divided politically. A way to do this, and at the same time make it palatable politically, is now proposed. The plan is to divide the Ruhr industries into one great trust or cartel, as the business word is. A certain fraction of the shares would be left to Germany. The remainder would be allocated to France, Great Britain, Belgium, Italy and the other countries which are entitled to reparations. Reparations then would be paid in the shape of dividends on the shares in the trust.

It is even suggested that some shares should be allocated to the United States to take care of the relatively small claims against Germany, and as a means of making the whole plan palatable to us.

Superficially, this is put forward as a practical plan for fixing the enormously difficult reparations problem. But primarily in the minds of the promoters is the object of eliminating competition. The ultimate thought is to take in not only the Ruhr industries, but all the iron and steel industries of Europe. There would be one huge European trust. All competition on the continent of Europe would be eliminated. It is even assumed, whether rightly or wrongly, by the promoters of this plan that Great Britain would be willing to shut down or curtail her own iron and steel industries in return for the rewards of immunity from a status of competition in Europe and also the profitable dividends from the trust.

#### Division of World Markets.

As against the United States, it is asserted that either this compact European trust could compete successfully in South America, for example, against our American industry. (It is assumed that as to the countries of Europe they would, of course, patronize the trust in which they own shares and would, if necessary, protect themselves by tariffs against America.) Or, in alternative, it is assumed that a division of the markets of South America, Africa and Asia could be agreed upon as between America and the European cartel.

To one who is not a business man the thing sounds a little fantastic. But in the present state of European fantastic things and incredible things seem to come to pass. One who looks at it in its aspects other than business is apt to speculate on its human, social and political consequences. It would look toward an economic unity of the world, where a political united states of Europe is as desirable as a political united states of America.

### Juvenile Officer Bralley to Start Honor Roll For All Boys Who Pledge Not to Kill or Destroy Song Birds

### CALL FOR HARVEST HANDS COMING IN MANY ARE NEEDED

### GRADUATING EXERCISES AT FAIRVIEW HIGH SCHOOL ON THURSDAY EVENING

S. A. L. Morgan of this city will be the principal speaker Thursday evening when closing exercises are held at the Fairview high school in the northern part of the county. The exercises will be held in the school auditorium and the public is invited. Orman Freeman and Lawrence McGowan will graduate from the high school, and a big class will graduate from the grammar school into the high school. The commencement program follows:

1. Prayer, Rev. G. W. Webb.
2. Carmen (Wilson), High school chorus.
3. Cavatina (Raff), Paul Pond.
4. Swallows (Cowan), Mrs. Lee Clark.
5. Address, Hon. S. A. L. Morgan.
6. Presentation of diplomas, J. E. McKinnie.
7. Prayer, Rev. W. L. Nelson.

the laws of the state to kill a songbird but it is morally wrong, because the birds were placed in the universe to help humanity. It is a sad and shameful thing to see the destruction of songbirds.

The law which appears on the statute book of the state follows: "If any person wilfully kills or injures, or if any person shall take or destroy the nest of eggs of any mockingbird, night-hawk, blue bird, red bird, flicker, thrush, linnet, wren, martin, robin, swallow, catbird, songbird, scissor-tail, white or brown heron or sparrow-hawk he shall be deemed guilty of a misdemeanor and on conviction he shall be fined not less than \$10 nor more than \$100."

A deputy state game warden had a conference with Mr. Bralley Wednesday morning on the subject of the killing of songbirds by boys. It was decided rather than to take the forcible course of having this practice stopped, to inform the boys of the moral and legal wrong that they would be committing and to place them on their own honor.

Boys who want to assist in suppressing this wrong and who wish to take the pledge are asked to either inform Mr. Bralley or hand in their names to The Daily Times so that honorable mention can be given.

## STORY OF HOLLIDAY ICE CREAM'S GROWTH IN POPULARITY HERE IS ONE OF ROMANTIC INTEREST

A rusty wheeled wagon and a small coffee drug store in the tiny city of Wichita Falls to deliver the daily supply of Holliday Ice Cream. On that summer's day stands a modern, up-to-date city store and the cream for its use is brought by one of a fleet of 14 trucks from the largest and most modern ice cream plant in this section of the country, but it is still Holliday ice cream.

In a frame building on the corner of Ohio and Tenth streets with the most meager equipment this struggling little ice cream plant managed to get out 40 gallons of cream a day, just 13 years ago.

When this location, which was leased, was sold, the little plant had to be moved to the corner of Tenth and 10th streets. This location was at that time a small lake, low and swampy. The owners, having a vision of a greater and bigger Wichita Falls, contemplated permanent, substantial buildings for the future, in keeping with the growth and progress of the city.

Their faith was not misplaced for in a period of three years it was necessary to improve and enlarge the plant to meet the demands.

The lot was filled in and leveled and in 1918 a brick building 25 by 35 feet was erected with a refrigerating plant and other modern machinery for the manufacture of ice cream.

The city grew and the popularity of ice cream, and Holliday ice cream in particular, grew. People began to realize that ice cream is not only practical as well as the most universally popular dessert that can be served. The reputation of Holliday ice cream for quality, purity and flavor spread and soon it was necessary to make another addition and improvement.

To-day the Holliday Ice Cream Company with the organizer of the company, D. J. Carithers as president, occupies a two-story brick building, 32 by 75 feet in size, with

enlarged refrigeration and ice-making machinery, new receiving rooms, milk storage rooms, mixing and testing departments and a strictly modern pasteurizer, condenser and cooling system. Four Emery-Thompson 20-gal. freezers with a capacity of 2,000 gallons of ice cream per day is the present status of the plant.

This concern furnishes cream to practically all the drug stores, confectioneries, and hotels in the city as well as special orders for the churches, schools, hospitals and lodges. Cream is shipped over every road that goes out of the city and trucked to Burkburnett, Electra and the south oil district.

The delivery service has grown to a fleet of 14 trucks and 29 employees besides the office force. In the service of the company during the rush season, 60 dairy products along 400,000 a year is spent.

Mr. Carithers studies his business. He is always ready to make improvements which will add to the quality of his product and to improve the service offered by his plant.

He is a member of the National Ice Cream Manufacturers Association and a director in the same association for the states of Texas and Oklahoma. He is in touch with what is being accomplished by the biggest concerns in this line all over the country and every effort is made to keep the local plant in the front rank of modern and efficient ice cream factories.

By more than a dozen years of faithful service he has proved that he is a permanent citizen and that he and his business are in this city to stay and to do their very considerable part in the building and improving of Wichita Falls.

Mr. Carithers declares that it is his faithful customers and friends who have had a large share in making the Holliday Ice Cream Company the biggest concern of this kind in North Texas and he feels a deep appreciation for the patronage he has always received.

## Cream Bakery Has 20 Years Record Furnishing Bread

four which costs 20 cents a pound. An extensive assortment of candy, cigars and tobacco is carried, being the largest assortment of pipes in the city, and when they are delivered to their display all of the time.

Thank Wenzel's candy, both in bulk and packages is carried. This is a popular and high quality brand and in everything handled this shop makes a particular effort to bear out its reputation for offering only the best and highest grade of product.

A modern and large sales and display room is used with a dozen glass show cases which give a display of every variety of candy and confectionery. The shop is located at the rear of the water room and has ample equipment to efficiently care for the needs of the business.

Mr. Connolly has been in Wichita Falls for 18 years and was with the Wichita Produce Company for the 12 years prior to his connection with his present business. He realizes that quality and service are what people want and have a right to expect of any line of business and he has conscientiously held his business to this standard. As a result the Cream Bakery is a business of which any town might be proud and the owners have a business standing of a high character.

Mr. Burnett, who runs the shop over the other members of the firm has had 12 successful years of experience in the baking business and understands every detail of the business. All work is done under his personal supervision and must come up to his high standards before being offered to the public. Mr. Burnett has very high ideas as to the careful and sanitary handling of all materials used and in regard to the handling of the product at all times. Whoever sells a Cream Bakery product can do so with the assurance that it is made from the best and freshest of materials and that the handling has been of the highest and best possible standard.

### SUMMARY OF WORK OF LEGISLATURE IN PROVIDING REVENUE

AUSTIN, TEXAS, June 5.—De- liberations of the third sess- ion of the legislature during the past week have been of little avail as far as solving the financial prob- lem facing the state. Closing of the third week of the session finds the work of making appropriations come within the available revenues little more than started.

An outstanding feature of the past week's work was the failure of the two houses to adopt the joint "selecting" committee's program which leaders of the senate have permitted adjournment within a week. By the decisive vote of 61 to 23, the lower house postponed the report indefinitely and the sen- ate after such action, did not take it up.

The evident result of this action was defeat of the coffee group bill. It was agreed by the joint com- mittee that the bill would be passed at 2:15 p. m. on the failure of the program, agreement on the bill bill also failed.

Another prominent action of the session was the passage of the bill of \$25,000,000 of appropriations made by the last session. The work of the second called session was thereby practically finished and the present session had the accom- plishments of that session to do in two weeks.

Although a number of revenue bills were passed during the week by the house, the senate continued its attitude against passing further revenue measures and killed a ma- jority of those sent over to it. Chief among the bills passed in the lower branch were: Patman, public utility company tax; Cowen, substitute gasoline tax; Baldwin, carnival occu- pation tax; Patman, gross receipts tax on refined petroleum products; De- ham, price, reclamation bill; law- idwin, occupation tax on theatrical companies and motion picture houses and on concert.

Numerous bills have been de- ferred in both houses during the week. These include: Patman, pipe- line tax bill; Williams, reclamation bill; Burmeister, occupation tax bill; Burmeister, occupation tax bill; all professions; Quinn, Hidalgo county tax exemption repeal bill; and Haker, (Milton) securities bill on titles.

Both houses this week are seek- ing to pass appropriation measures to permit adjournment on June 14. It is expected that \$5,000,000 will be cut from the \$25,000,000 of ap- propriations, which could leave an estimated deficit of \$10,000,000. The \$2,000,000 and \$2,000,000.

### EMPEROR SIMMONS PLANS 'KNIGHTS OF MIDNIGHT MYSTERY'

ATLANTA, Ga., June 5.—The Knight Kwan, the new order which he is organizing, is the second or primary order and two more advanced orders to be created. Emperor William K. Sim- mons of the Ku Klux Klan said today.

"Later on we will enter into the third, or immediate order, which will be known as the Knights of the Golden Epee, and then, when the time is appropriate and three de- grees have been taken we will come to the final or superior order to be known as Knights of the Midnight Mystery," he declared.

The present Knights of the Ku Klux Klan, he explained, are in what is known as the "citizens order," adding thousands of them are impatient over what he said is delay in entering the higher orders.

### EXPLOSION BREAKS WINDOWS OF TRAIN NO ONE IS INJURED

YOUNGSTOWN, Ohio, June 5.—Pittsburgh and Ohio Iron train Number 63, Pittsburgh to Detroit, pulled into Youngstown this after- noon with a broken window on the side of the train broken as the result of an explosion in a Grasswell powder plant near Louisville. No one was injured on the train. It is said that lightning struck the plant.

### Two Million Volts of Electricity Controlled By Man and Switch; Model Village For Demonstration

PITTSFIELD, MASS., June 4.—The greatest amount of energy ever concentrated by human labor, more than 10,000,000 horse- power, was created, toyed with and finally placed back in its cradle yesterday by a single man. The significance of the specta- cular demonstration was that twice as much electrical voltage as ever her- before was produced and safely han- dled. It also was made to do the bidding of a man operating a small switch with all the unfathomable wizardry of a magician bringing rabbits out of a hat. For a small part of a twentieth of a second the power was equal to all the electric- al power in America. The actual voltage was 3,000,000, which, as es- timated by Charles P. Steinmetz, an electrical expert, is one 25th the power of a bolt of lightning.

The demonstration was made in the Pittsfield laboratory, famous among electrical men as the trans- mission experimentation center. It was in charge of F. W. Peek Jr., who directs the high voltage re- search, and Giuseppe Faccoli, a scruple, chief electrical engineer of the Pittsfield works.

Mr. Faccoli said the layman might get some conception of the power handled when it was recalled that the greatest single amount of electrical voltage now transmitted for public use is 23,000. Mr. Peek pointed out that the object was to test research ahead of need so that when it is desirable to carry 2,000,000 volts in a wire it can be done.

A model village was built and the electricity, transformed into a bolt of lightning, was whipped back and forth and up and down, striking the lightning arrester of a little church steeple. The artificial lightning was shot through realistic clouds which rolled and thundered while rain was produced and fell in torrents.

The engineers were unable to ex- plain what the chemical substance produced when a walnut wood, touched by the great voltage, dis- appeared from their sight and left no perceptible residue.

### Owner of the New York Giants Is Involved In Astonishing Record Of Financing In the Fuller Case

NEW YORK, June 5.—An as- tonishing record of financing by Charles A. Stoneham, owner of the New York Giants, was revealed today by Referee in Bankruptcy Col- in as he dug deeper into the mys- tery of E. M. Fuller and company, alleged bucketshop firm that failed recently for \$4,000,000.

Stoneham's own testimony was accepted as establishing his identity as the real banker of the alleged "bucketshop."

Ex-Sheriff Thomas F. Foley of Tammany Hall, went to Stoneham, according to the testimony of the Giants' owner, and sought a loan for Fuller and company, explaining that Stoneham would loan him \$100,000.

Stoneham's unconfirmed story of the check was the third differing explanation that has been made of Foley's complaint.

"I don't expect to get any more of it back," he declared, "unless Foley pays me some time, and \$127,000 is a large sum for a man like Foley to pay."

Referee Foley announced he would continue the investigation into the checks when the hearing is resumed next Monday. Stoneham will again be a witness, and it was believed tonight that books and di- rectors of the National Exhibition Company, which controls the Giants, and of which he is president, will answer several questions.

FREIGHT TRAIN WRECKED AT LINTON, NEAR ESMEN  
BERLIN, June 5.—A freight train was wrecked last evening at Linton, near Esmen, by unknown persons, says the Central News. Many cars were derailed and smashed and traffic halted.

A German school boy was shot and killed at Hunsdorf by a guard at a trench post, the agency also states.

### ARE ARRESTED FOR PERJURY PROMPTLY AFTER TESTIFYING

Two men who had testified for the defense in the trial of T. H. Ford, charged with manufacturing of whiskey, were arrested on charges of perjury immediately after they left the witness chair late Wednes- day afternoon.

The complaint was sworn out by Deputy Sheriff Frank Watkins be- fore Assistant District Attorney James V. Alfred.

The men, W. H. Bliss and K. K. Cotnam, had testified on direct ex- amination that they had purchased whiskey from another man not the defendant in the same dugout where the still was found.

On cross examination they told the jury that they had descended into the dugout in the field by means of a rope cut into the ground. The officers who had made the ar- rest testified earlier in the day that there were no steps into the dugout where the still was found, but that there was only a hole with no means to help one in and out of the place.

Franklin Young who had also been indicted in connection with the same case was also arrested on a new complaint charging manufac- turing of whiskey. The case will be resumed Wednesday morning.

MINNESOTA WILL HOLD PRIMARY AS PLANNED  
ST. PAUL, June 5.—Minne- sota's special primary, June 15, will be held as planned, the state supreme court in a decision handed down today denying the right of district courts to interfere in the process of selecting a successor to the late Senator Knute Nelson.

ATLANTIC CITY.—As the result of war were brought to all men- sals through advertising, so might the issue of peace be presented through the same medium to guide the way to a solution. Francis H. Simon, vice president of the Guar- anty Trust Company of New York, told the financial advertisers asso- ciation at its annual convention today.

AGGRAVATION PAPA  
is proving one of those tricky fellows that one simply can't resist. It is the last word in dance perfection on the Georgia.

FIRST BALE OF COTTON IS EXPECTED THIS WEEK  
BROWNSVILLE, June 5.—The first bale of the American-1922 cot- ton crop will probably be ginned in the Texas lower Rio Grande val- ley before the week-end. Rivality is acute between Brownsville, San Benito, Harlingen, Raymondville, Mercedes, McAllen and Edinburg, each town claiming it will have the honor of marketing the first bale.

Weather conditions are ideal for cotton and a bumper crop is pre- dicted for the valley.

CISCO MAN INJURED  
ABILENE, NEAR HEPFORD GAP  
ABILENE, June 5.—R. R. Little of Cisco, operating a gravel pit at Buffalo Gap, near Hepford, was severely injured this morning when a pulley fell 7 feet and struck him on the head. He was taken to the Abilene hospital for treatment.

### BOOK COMPANY IS GIVEN PERMISSION TO FILE MANDAMUS

AUSTIN, June 5.—Motion of the American Book Company for leave to file mandamus application against state superintendent M. M. St. Pierre, involving contracts let by the state text book commission last December, was granted by the su- preme court today. The suit is a first case of the contracts which have been in controversy before the legislative recently.

W. P. Withers, general agent for the Gulf and Ship Island railroad lines, with offices at Dallas, was in the city on business Wednesday.

T. A. Peterson of Fort Worth was in the city on business Wednesday.

### BUGHOUSE FABLES

Copyright, 1922, by King Features Syndicate, Inc.

### JACK DAW'S ADVENTURES

Then came the hardest blow that Fligh- ty had struck any team. A great event caught the monster tree trunk square but it only went way through. Flighy hung on to the second handle and in an instant was pulled out of the Flying Horse's back and left hanging in the air.

The Flying Horse seemed to know that something had gone wrong for, instead of racing along as he had been, he turned around and back toward Flighy. Just as they reached him he was pulled out of the Flying Horse's back and left hanging in the air.

Shortly the Flying Horse had carried Jack close enough so that he could hear Flighy shout: "The seal that you were using to seal the Flying Horse was broken. Instantly by what was hanging by the side of the Flying Horse was broken."

### Boils

S.S.S. will prove to you in your own case the "How" and "Why" of its remarkable Blood-Cleansing Power!

There is a reason for everything that happens. Common-sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve-power, thinking power, the fight-dest power that whips a man up to success. It gives women the health, the angelic complexion and the charm that moves the world! These are the reasons that have made S. S. S. today the great blood-cleanser, body-builder, success builder, and it's why results have made tears of joy flow from the souls of thousands! Mr. V. D. Schaff, 567 15th St., Washington, D. C., writes: "I tried S.S.S. to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

S.S.S. makes you feel like yourself again.
