

# RECONSTRUCTION LEAGUE OF OKLA. "POLITICAL VOICE"

FIRMLY ENTRENCHED AS RESULT OF OKLAHOMA CITY CONFERENCE.

## ADMINISTRATION OF WALTON IS ENDORSED

Farmers Urged to Become Members of Cooperative Marketing Associations.

OKLAHOMA CITY, OKLA., June 17 (AP)—The farmer-labor reconstruction league stood firmly entrenched today as the "political voice" of Oklahoma's farmer-labor movement.

Following a conference here yesterday of the executives of the particular farm and labor union organizations of the state who met at the call of Gov. J. C. Walton. A suggestion from the governor that the executives constitute a non-partisan "council of 12" to discuss farmer-labor movements was sidetracked when a majority of the invited delegates made it plain that their allegiance lay with the reconstruction league, the political organ of the organized farmers and laborers.

After commending the administration of Governor Walton, endorsing several pieces of farm legislation already enacted into law under the present state regime and calling on individual farmers and workers to join established organizations working for their betterment, the conference adjourned subject to the call of the governor.

In a statement the delegates explained that no organization had been formed, although they said "the informal discussion has been of great benefit. It was set out that those attending the conference had no mandate from their own organizations to take any action and it was further explained that the executives of the commodity marketing associations represented were prohibited from credit, with other than cooperative marketing associations.

Six of the 11 officials participating in the conference stressed the point that every farmer in the state should become a member of a cooperative marketing association as well as "some class organization of farmers." Laboring men were urged to join trade unions to make their voice felt.

"Cooperative marketing is today the one hope for a stabilized prosperity," said a resolution adopted. The resolutions of the full conference were noticed from any reference to the political side of the farmer-labor movement.

views and objections that had been met with in finally bringing the one time dream to completion. "I had rather be the recipient of the tributes such as was just paid to Mr. and Mrs. Kemp than to hold the highest office in the power of the republic to bestow." C. C. McDonald said following the introduction of J. A. Kemp when the entire crowd rose to their feet and greeted Mr. Kemp as the "father of the irrigation project."

"I would not be human if I did not appreciate the ovation which you have just given me," Mr. Kemp said in beginning. "But I am given too much of the credit, had I not always had the support of a willing and capable citizenship. I could have accomplished little," he added.

Mr. Kemp continued with a detailed account of his arrival in this city, his earliest conception of the dam and the present project and

## Hot Biscuits that melt in your mouth!

TRY making hot biscuits with Mrs. Tucker's Shortening. You will like them! They are so light and flaky and tender. That is because Mrs. Tucker's is a pure vegetable shortening which is neither heavy nor greasy. It is more easily digested than lard.

You need only to try Mrs. Tucker's Shortening once to notice the improvement in your baking. It lends the richness of butter to good things to eat, yet is much more economical. And another thing you will appreciate about Mrs. Tucker's is that it comes to you always fresh, for it is made right here in the South.

Be sure to get the blue ball with Mrs. Tucker's picture on it.

## PRINCIPAL SPEAKERS AT BANQUET GIVEN MONDAY NIGHT TO CONVENTION DELEGATES

C. E. CALDER of Dallas. J. A. KEMP. C. C. McDONALD.

Some of the difficulties with which he and his associates had met. He spoke of the project as an undertaking which few cities in the southwest had ever attempted and predicted that out of the project would grow one of the most densely populated farming sections in the country which would eventually become one of the "garden spots of the earth."

C. E. Calder, president of the Texas Power and Light Company was introduced by Toastmaster Hubert Harrison as one of the youngest men in the south who headed a large industrial institution. Mr. Calder spoke on "Public Utilities and the Community" and called attention to the rapid strides which the electrical industry had made in the past decade. He traced the development of the industry from 1871 when electric current was used only

for lighting until the present day when it had a part in practically all of the activities of modern life and spoke of it as now being the second largest industry in the United States ranking second in investment to the railroads.

C. C. McDonald, in his humorous discourse on "Is a Water Works Man a Human Being?" furnished much of the entertainment of the evening. Judge McDonald assailed the water works men as individuals who forced water as a beverage upon an unsuspecting public and assailed their product as a menace which stood between the accomplishment of many worthwhile undertakings; he mentioned a concrete bridge between New York and London as one of the things which water had stood in the way of.

The speaker concluded with a hearty welcome to the city. Other speakers who made impromptu talks during the evening were: Joe H. Patterson of Oklahoma City, president of the association; Jesse Shaw of Tyler, association governor of Texas; Chas. Ads of San Antonio, editor of the Waterworks Journal; Judge W. B. Garrett, and Col. R. N. Phipley of Austin.

The program was interspersed throughout the evening with musical numbers by the Market Chanters composed of Vaughn Ray, Ivan Murchison, Grover Bullington and Paul Von Aliman. Miss Annetta Walsh, Mrs. Bruce Greenwood, Mrs. Alfred Miller and M. R. Ellis entertained with an instrumental selection.

## DISCOVERY OF CURE FOR RHEUMATISM IS ANNOUNCED IN N. Y.

NEW YORK, June 18.—(AP)—Medicine

claimed another victory in the struggle against disease which long has plagued mankind. Announcement was made last night by the New York University Medical College of a cure for rheumatism which it was claimed had proved positive in 88 per cent of 5,000 cases experimentally handled. The cure consists of injections of serum of a graduated series of streptococcus viridans which doctors who discovered the treatment declared is acknowledged to be the underlying cause of rheumatism. Announcement of the cure fol-

lowed closely the revelation by radiologists of the Bellevue hospital laboratories of a new treatment of cancer, whereby X-rays of 250,000 voltage are used for long periods of time on cancer infected regions of the body. Miss Anna Ellis, first patient to be thus treated, was reported today to be steadily improving. The rheumatism cure is the latest in a series of discoveries of serum and treatments against disease which have hitherto been regarded as incurable. The insulin treatment for diabetes, but recently developed

already has been hailed as the conqueror of the disease, while the triparamid treatment for sleeping sickness of the African variety, parvix and other mental diseases has proven to be successful. French Guineas is said to have the most violent thunderstorms in the world. The thunder is almost deafening, and the peals come in quick succession. Taking interest for money lent to Hebrews was expressly forbidden by the Mosaic law.

### TRAIN SERVICE IS RESUMED AND OIL MEN ARE ACTIVE

RECENT DEVELOPMENTS IN PANHANDLE ATTRACT MANY OPERATORS.

### GREATER DEMAND FOR LEASES IN EVIDENCE

Bring in Two Wells and Have Excellent Showing in McConnell Test.

PAMPA, TEXAS, June 19.—Train service has been resumed into the Panhandle oil field and operators are flocking in. Lease men and engineers for several large companies have been recently stationed in Panhandle towns near the field to secure acreage. The bringing in of two wells, excellent showing in the McConnell well west of Pampa eight miles and the greater demand for leases has caused prices to soar. Tipton No. 1 McConnell west of the city is drilling at 2900 feet after striking six inch pipe and bradings leading 50 million feet of gas daily. The favorable indications in this well indicates that there is little chance of the well to fail to make a producer. Lease prices have doubled within two days. H. W. Johns of a local abstract firm reports a capacity business. Large operating companies are securing protection in the vicinity of the Texas Company No. 1 Saunders, in the southeast of section 2, block 1, Gray, and W. H. Holmes No. 1 Moore in the southwest of section 17, block A-9 Gray. Tools are being moved to the Holmes location while the Tipton and Holmes locations are being drilled at 1500 feet after straightening a crooked hole. Holmes is 17 miles southeast of the city, and Texas is ten miles. Tipton and Holmes locations are situated on a northwesterly direction across the Panhandle from Sayre, Oklahoma. Whittington No. 1 Sanford which extended the field ten miles northwest last week, section 32, block 44, Hutchinson county, is running liner to test. The well is flowing natural from two feet in the pay, at the rate of one barrel per hour. Plains No. 1 Weatherly, section 17, block Y, Hutchinson has ceased off which stood 1300 feet in the hole and is dripping to the big pay and which is expected around 2500 feet. Other wells in Hutchinson: Barnum-O'Quinn No. 1 Johnson, section 27, block Y, drilling at 200 feet; J. C. O'Quinn No. 1 Wintersburg, section 73, block 46, rigging; Humphreys No. 1 Johnson, section 4, block Y, 2, drilling at 200 feet; Emerald No. 1 Coble, section 16, block 43, spudding; McCreo No. 1 Smith, section 18, block Y, preparing to drill deeper, good for 75 barrels at 2525 feet. Carson county: Gulf No. 1 Burnett, section 13, block 5, drilling 2540 feet, with 19 million feet gas. Texas No. 3 Burnett, in northwest of section 52, block 5, running six inch around 2300 feet. Silk No. 2 Burnett, section 23, block 5, in first pay at 2310 feet, drilling to big pay and will complete this week. The 85,000 barrel storage tank in the W. Silk lease in north Carson has been completed and preparation is being made to test the tank. No. 1 Burnett which has been completed for six months. Humphreys No. 1 Sanford, section 11, block 3, A.B.M., is drilling at 1400 feet. (Groom) No. 1 Harrell, section 151, block B-2, shut down for pipe at 300 feet. Producers and Reservoirs Corporation is reported to have made a location in the south quarter of section 30, block 46, Hutchinson county for immediate drilling. Three wells will be drilled in Potter county gas field by P. & R. Two drilling contracts in the vicinity of Pampa and three in the Panhandle territory are expected to be completed this week.

### URGES IMPORTANCE OF INTERNATIONAL COURT OF JUSTICE

SECRETARY HUGHES VOICES APPROVAL OF PLAN TO AFFILIATE.

### SPEAKS BEFORE ALUMNI OF DARTMOUTH COLLEGE

Intent on Peace Cannot Refuse to Support Institutions of Justice.

HANOVER, N. H., June 19. (AP)—The permanent court of international justice constitutes a tribunal with standards "that conform to our highest courts" Secretary Hughes said here today, speaking at the alumni gathering in connection with commencement exercises at Dartmouth College. "I make bold to say, Mr. Hughes said, "that the United States could today with greater satisfaction submit disputes to which it is a party to this court than to any arbitral tribunal it would be possible to set up." "In our foreign relations we desire peace, security and cooperation," said the secretary. "Would that the spirit of America had one voice, one message, but there is a jumble of voices, a confusion of tongues. If danger threatens us we happily stand united; but when we are least concerned as to our own safety we are most divided in our councils. But allowing for all the inevitable differences, is it too much to ask that we should have one controlling voice, one dominant message to us as in the fundamental? We are intent on peace, and because of this the United States can never refuse its support to institutions of justice." "It was said by one of our great statesmen that the foreign policy of the United States may be described as the Monroe Doctrine and the Golden Rule. We shall achieve our highest aims of helpfulness when we think as much of the latter as we properly think of the former. "Helpfulness is not mediocrity, and does not consist in attempts to intrude uninvited into the affairs of other nations. Our friendly offices are always available when they are well come and can properly be given, but it must be remembered that friendship is to continue. "But in that class of controversies where there are treaties to carry out and commonly accepted principles and rules of international law to apply, we have a manifest duty. That duty is to maintain the sanctity of international engagements, to aid in securing the impartial adjustment of differences and thus to assure the adequate administration of international justice." "It happens at this time there exists, is functioning, a permanent court of international justice, equipped with men whose character and equipment permits no charge of partiality or disqualification. They constitute an independent tribunal with the standards, the tenure of office and the equipment that conform to the standards of our highest courts. In truth, they constitute in fact as well as in name an actual court of justice. "There is no path to the millennium other than the path of justice, and if we discard the best attainable instrumentalities of justice, to that extent we invite the decisions of the sword.

### SENATOR HARRISON OF MISSISSIPPI TO LECTURE AT VERNON

VERNON, TEXAS, June 19.—The Redpath-Horner Chautauque will open in Vernon Thursday afternoon for one week. More than \$1,500 worth of tickets were sold last year at the time the chautauque contract was signed.

Prof. Marks of Kansas is here representing the chautauque and will remain in Vernon until Wednesday of this week after which he will go to Frederick, Oklahoma. Among the chautauque numbers in a lecture by Senator Pat Harrison, United States senator from the state of Mississippi. Many Vernon parties who formerly lived in Missis-

sippi have expressed a desire to hear Senator Harrison lecture. Arrest Six For Gambling. The city officers have arrested six white men for gambling. Formal complaints have been filed against them in the city court. The parties will contest the case. The cases were to have been tried Monday morning but have been continued until one day next week. The six offenders were arrested in the private residence of one of the parties by the city marshal and his deputies.

Will Fight Ordinance. James Gardner Rossman, manager of the Vernon Electric and Ice Company has returned from a trip to San Antonio where he has been in conference with the owners of the company. Mr. Rossman stated that the recent assessment of \$1.50 placed on each pole in the city streets and on each pole in the alleys would be contested by his company. Mr. Rossman has purchased a share in the Hill Crest Country club and stated that he will remain in Vernon most of the summer.

### Third Generation is Using Syrup Pepsin

No other Laxative can replace Dr. Caldwell's in the confidence of those who use it.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that does not injure my family or cause them any discomfort?" I will gladly provide a liberal free sample sufficient for an adequate trial. Write me where to send it. Address Dr. W. B. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

THERE are thousands of healthy, robust young men and women who have never in all their lives taken any other laxative for constipation than Dr. Caldwell's Syrup Pepsin. Their parents were given it by their grandparents are using it today. It is the one laxative ideally suited to all the family, safe for the little ones, effective in grownups, so compounded that elderly people, who are constantly forced to take a laxative because the intestinal muscles are weakening, find increased dosage unnecessary. This wonderful constipation remedy has been used continuously for 30 years, and over 10 million bottles are now sold annually, the largest selling family laxative in the world. The cost averages but a cent a dose. Every druggist sells it, and under a guarantee to be as claimed or your money will be refunded.

Millions of carefully conducted homes are never without a bottle of Dr. Caldwell's Syrup Pepsin.

Mr. J. B. Bink of Shaw, Miss., relies on it entirely to keep his children in health, and Mrs. Catherine Connolly of Jersey City, N. J., declares that not only herself but all her neighbors and friends use it and tell others about it. There is scarcely a day that someone in a family does not need it for constipation, flatulency, auto-intoxication, biliousness, intestinal poisoning, headaches, colic and cramps, and to break up fevers and colds.

Dr. Caldwell's Syrup Pepsin is a scientifically-balanced compound of Egyptian senna with pepsin and pleasant-tasting aromatics. The formula is on the package. As the popularity of this natural vegetable laxative increases, the public discards the harsher physics like calomel, castor in candy form, salt waters and powders. Dr. Caldwell's Syrup Pepsin empies the bowels more cleanly and without any danger.

### Gum-Dipped Cords Continue to Set the Pace

Firestone Gum-Dipped Cords have not only won acknowledged leadership but are increasing it steadily. Here are a few points about the outstanding success of these tires that explain why Firestone dealers have the biggest values on the market in Gum-Dipped Cords.

<b>1 LOWER PRICES</b> Firestone has successfully championed the cause of lower tire costs against the Crude Rubber Monopoly and was first to give our owners the benefit in a 10% price reduction on June 11th.	<b>2 194% Sales Increase</b> Firestone has utilized big volume production to lower manufacturing costs and give extra value. And the public is responding by buying three Gum-Dipped Cords to one a year ago.	<b>3 Winners at Indianapolis</b> Firestone Gum-Dipped Cords gave striking proof of superiority in the 100-Mile Sweepstakes when they took the first place and eight out of ten money positions on May 30th, without a single tire failure.	<b>4 The New Mileage Standard</b> Firestone Cords are proving on the cars of hundreds of thousands of motorists and on testbed fleets that gum-dipping and other Firestone processes raise the standard of mileage to a new high level.	<b>5 106 Distributing Points</b> Firestone has developed a fair, more economical distributing organization, replacing many costly branches with warehouses. There are now 106 points from which Firestone Tires are delivered to the thousands of Firestone dealers.	<b>6 Best for Hot Weather Driving</b> Gum-Dipped Cords are showing that they stand up better under the harshest heat of summer driving. The gum-dipping process overcomes the deteriorating effect of heat and friction and adds thousands of extra miles of service.

### SEVEN DEATHS IN CHICAGO MONDAY RESULT OF HEAT

#### NUMBER PROSTRATED AND THOUSANDS DRIVEN TO BATHING BEACHES.

### EL PASO AND PHOENIX HOTTEST POINTS IN U. S.

#### Violent Thunderstorms in Northwest Fall to Bring Relief.

CHICAGO, June 19. (AP)—Scarcely a day has passed since the hot weather in many of the southern, central and Gulf states. Official forecasts as a whole predicted general unsettled weather with little change in temperature. The heat wave descended early yesterday taking a toll of death and prostration. It had been forming for some time, the weather bureau reported. Over the central and southern part of the United States, and is here to stay for a while.

In Chicago seven deaths were attributed indirectly to the heat. Numbers of persons were prostrated and thousands were driven to the bathing beaches by a record 91 degree temperature. Violent thunderstorms in Minnesota and Wisconsin failed to abate the sizzling heat in that section. The maximum temperature at St. Paul was 84 and at Milwaukee 89. At St. Louis one man died from heat prostration, the record there being 90 degrees.

The hottest points in the United States were El Paso, Texas, and Phoenix, Ariz., both of which reported high temperatures of 96. Temperatures of 89 degrees and above were common and there were five cities which escaped without experiencing 85 and higher.

The east also got its portion of hot weather. Parkersburg, W. Va., Philadelphia, Pittsburgh and Raleigh, N. C., recording 89 degrees or more.

The Pacific coast and sections of the mountain belt experienced no discomfort.

### IDENTIFIES MAN HELD AS 'WOMAN' IN CHICAGO CASE

CHICAGO, June 19. (AP)—Fred G. Thomson, said to have posed as a woman, was identified today, according to police, by Mrs. Richard C. Tesmer as the supposed woman bandit who shot and killed her husband in a holdup the night of June 8.

Although Mrs. Tesmer had told how the bandit smiled when she was shot and declared she never would forget that smile and the robber's blue eyes, the police after questioning dozens of women whom they had reason to suspect of possible connection with the crime, turned to the possibility that a man disguised as a woman had fired the fatal shot.

The main theory was largely based on Mrs. Tesmer's recollection that the bandit had fat hands and their inability to find any clue to a woman handiwork which she showed to be a killer.

Tesmer and his wife were returning in their automobile to their home on the north side and were about to turn into their garage when two persons stepped out of the shadows and pointed revolvers at them. One appeared to be a woman who took the lead in the robbery. The other was a man, Mrs. Tesmer told the police later.

### Henry Ford Statement Not Taken Seriously by Leaders at Capital; Pays His Respects to Ku Klux Klan

#### By H. H. STANBURY, Universal Service Staff Correspondent.

WASHINGTON, June 19.—Henry Ford's announcement from Springfield, Mass., that he is not a candidate for the presidency was not taken seriously here by either Republicans or Democrats.

The open season for such statements is on and will continue until the presidential campaign gets under way next spring. Mr. Ford is quoted as having said: "I have no desire to be president of the United States. I am too much occupied with my own affairs to become the next president, and I do not intend to run. All this talk you hear about my name being associated with the presidency is newspaper talk. There is nothing in it."

The statement was chiefly of interest here because, it is believed, Mr. Ford unwittingly analyzed the intensely interesting political situation which he is just now the general figure. He calls it newspaper talk, probably not realizing that the newspapers are merely giving voice to a sentiment heard almost everywhere nowadays, where men assemble to discuss politics.

Trained politicians discount the Ford statement as having but little bearing on the situation. They say the Ford boom has been created around an issue—not a personality. Leaders of both the old parties admit the existence of widespread

discontent that is calling for a new deal.

FORD HAS CONFERENCE WITH GOVERNMENT PARKER

By Universal Service. SPRINGFIELD, MASS., June 19.—Henry Ford, who stopped here for a few hours today, had an interview here which will not be a candidate for the presidency of the United States. Ford declared: "I have no desire to be president of the United States. I am too much occupied with my own affairs to become the next president, and I do not intend to run. All this talk you hear about my name being associated with the presidency is newspaper talk. There is nothing in it."

While he is just now the general figure, he calls it newspaper talk, probably not realizing that the newspapers are merely giving voice to a sentiment heard almost everywhere nowadays, where men assemble to discuss politics.

Trained politicians discount the Ford statement as having but little bearing on the situation. They say the Ford boom has been created around an issue—not a personality. Leaders of both the old parties admit the existence of widespread

discontent that is calling for a new deal.

### LIQUOR SUPPLY ON FOREIGN SHIPS IN HANDS OF DOCTORS

#### WASHINGTON, June 19. (AP)—A part of the mystery which has surrounded the latest treasury move in the ship liquor controversy was disclosed today by a declaration in official circles that hereafter the ship doctor on a foreign ship will be given custody in American waters of such liquor as he is willing to certify is for medicinal purposes.

Although no one at the treasury would discuss the development in detail, it was assumed that under this policy it will be possible for foreign ships to bring in wine rations for their crews under seal, provided the doctor in charge desires to regard the intoxicants as carried as "medicinal."

A letter sent yesterday by Secretary Mellon to the public health service constitutes a construction of medicinal provisions of the law, and makes sure that all foreign ships requiring ships to carry medicinal liquors will be complied with. By those instructions, a ship doctor may make a sworn statement as to the liquors they deem necessary for medicinal purposes, and public health officers will not dispute their opinion.

The letter is not regarded at the treasury as changing any section of the regulations as recently promulgated to carry out the findings of the supreme court. It is conceded, however, that it will work for elasticity in the regulatory provisions.

Two children at Breckenridge are drowned Monday

BRECKENRIDGE, TEXAS, June 19. (AP)—Funeral services will be held here this afternoon for Sybil, 13, and Leander, 10, children of Jack Swartzlander, who were drowned in the creek at Hubbard last night, 11 miles north of here. They were sitting on the bank fishing when Leander fell into the water. Sybil extended her hand to aid the brother and fell in also. Bertie Swartzlander, 16, jumped into the creek and tried vainly to rescue the younger children and was herself believed dead when removed but later recovered from exhaustion.

### GRAIN ELEVATORS AT BURKBURNETT RECEIVE WHEAT

#### Grain elevators at Burk Burnett have been busy receiving wheat from the fields near that place and according to reports made to County Agent Guy R. Jones the yield there thus far averages is expected to be good.

The grain is of an exceptionally good quality and the yield turned out far above the expectations of the farmers.

The grasshopper situation around Iowa Park has shown some improvement as thousands of the insects have been killed by poison and by traps. It is noticed however that the acreage has spread to more fields but no big damage has been reported during the past few days.

### CALIFORNIA PRODUCTION IS EXPECTED TO REACH MILLION BARRELS JAN. 1

#### By Universal Service. LOS ANGELES, June 19.—California's oil production before the end of this year probably will total 999,000 barrels daily.

This is the staggering estimate made here by petroleum experts. The daily production now is 121,000 barrels, despite more than 100 wells completely shut down and 100,000 barrels a day shut in.

Wells now are being operated under a 20 per cent production agreement.

## Methodist Circles Hold Memorial Service for Miss Belle Bennett; Some Hold Last Social Meetings

Both the First and Floral Heights Methodist Circles held services at their Monday meetings specially commemorating the work of Miss Belle Bennett.

Featuring the meetings were discussions of ways and means of raising funds for the Belle Bennett Memorial. One or two of the circles held their last social meeting for the summer, and all included social half-hours with their programs.

The first reports follow:

### First's M. E. One.

Mrs. W. W. Cook was hostess to the members of Circle One of the First Church, with Mesdames E. C. Huckabee, J. M. McFall, R. V. Guinn and J. Stanley Marlow assisting.

Mrs. C. M. Simpson conducted the opening devotional, taking for her topic, "Jesus the Wonder Worker." Mrs. Wayne Somerville led the lesson from the mission text book, "Building With India."

The Belle Bennett memorial was conducted by Mrs. Simpson, Mrs. P. Miller, and Mrs. M. H. Monaghan. The discussion of "Obedience to the Vision" was given by Mrs. Monaghan.

Mrs. Frank Satterfield discussed means of raising the memorial fund. Mrs. Huckabee sang two songs, "A Love a Little Cottage" and "A Single and a Single."

During the business session Mrs. Frank Satterfield presided and forty-four members answered roll call. Mrs. Simpson and Mrs. Angel were the visitors.

Mrs. W. W. Cook, Joe Carrier, J. A. Deaton, K. D. Dodge, J. J. DeBerry, R. V. Guinn, Emily Gebhardt, C. M. Harkabee, R. F. Ligon, E. Humphries, Hodges, R. P. Long, French, P. E. Miller, M. G. Monaghan, J. H. Morrison, McNamee, A. G. McFarren, E. McCall, J. H. Neill, Bertha Reed, C. A. Rogers, M. D. Rowe, Frank Pappas, Satterfield, R. A. Sanders, J. W. Stone, Wayne Somerville, Hugh Weaver, J. B. Welch, Annie Gillham, M. D. W. T. A. Rogers, Creans, E. F. Hill, J. A. Marlowe and George Wilson.

### Floral Heights, Four.

Mrs. W. L. Rhodes assisted by Mrs. M. J. Michaelis, entertained the members of Circle Four of the Floral Heights church at their Monday meeting.

The meeting opened with the repetition of the Lord's prayer in union, and a social service report at roll call. Fourteen members reported 25 visits, four hours social service work, seventeen flowers and eighteen in the offering.

The program, "Obedience to the Vision" was the subject, with a study of how Miss Bennett obeyed the vision. Mrs. Rhodes read selections from Isaiah and St. John, the latter a favorite chapter of the mission worker.

Mrs. McArthur talked of the missionary work of the Scarritt Bible and Training School; Mrs. Barnes, of the Memorial Fund and how it could be raised; Mrs. Lee, Social Service work, what it is and how it is being conducted in Wichita Falls.

Mrs. B. Daniels read on "Obedience to the Vision," after which Mrs. Rhodes read a poem dedicated to Miss Bennett. Little Miss Katherine Michaelis gave a reading, closing the program. The hostesses served ice cream, with angel food cake and fruit.

Four visitors, Mrs. Chauncey, Mesdames Murphy, Smith and Garrett.

### Floral Heights, Five.

Mrs. W. L. Rhodes assisted by Mrs. M. J. Michaelis, entertained the members of Circle Five of the Floral Heights church at their Monday meeting.

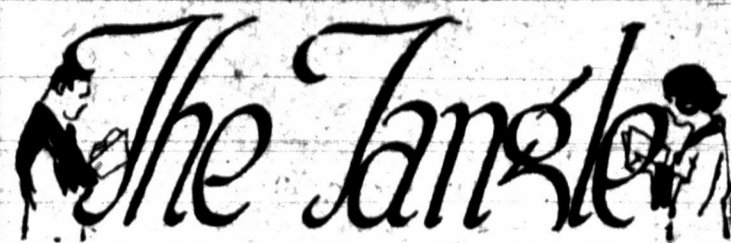

The meeting opened with the repetition of the Lord's prayer in union, and a social service report at roll call. Fourteen members reported 25 visits, four hours social service work, seventeen flowers and eighteen in the offering.

## The Tangle

Letter from Leslie Prescott to John Alton Prescott, Continued.

Through some mistake, John dear, only the first part of my letter got into the envelope. I was out of my day. I found the rest of it in my waste basket.

If I remember rightly I had just spoken to you about the girl who was trying to commit suicide. With this explanation I am sending the rest of the letter.

Leslie's First Letter Continued.

Then I heard a man's voice say, "Don't be a fool, Sancho. Of course you want to live. No man—not even I—is worth dying for."

"Oh, Jean, Jean, why did you marry me?" she said. "I believed in you so thoroughly. I gave you all my love when I gave you myself. I did not dream that you did not care for me, that it was only the thrill of loving that moved you."

"Life is not worth living without you," she said. "I would rather die than see you go. I saw that beautifully dressed lady regular, splendidly well woman at your side, something just snatched in my brain and I was sure my note telling you that you must meet me on this boat tonight."

"I intended to kill you and myself. See here, I have a revolver." There was a slight scuffle and the man evidently succeeded in taking it from the woman.

"I would not give it to you," she panted. "If I could really shoot you, but when I saw you, Jean, I knew I could not do that. I could kill myself but not you, so I determined to throw myself overboard, just as you reached me."

"Jean, I can't stand it. My thoughts drive me mad. I picture you giving her the same caresses that you gave me. I hear her calling her the same endearing words that you spoke to me. Oh, Jean, Jean, I know that she cannot love you as I do."

"Hush, Sancho. Someone will hear you." "That's it. That's it. Always we women who dwell in the shadow of some man's perfidy must never raise our voices for fear some one will hear. We must not show the travail of our souls for fear some one out there in the moonlight may see."

"Do you suppose that woman who has married would be content to bury herself behind my misdeed as I have done? Will she keep your vagrant fancy any longer than I did? Has she ever made you happier than I? Has she devoted all her waking hours to you and felt herself cheated when you did not fill her dreams?"

"Thank God I did one thing for you, Jean. I have left you with a memory that must always throw a dark shadow over any other love."

"Hush, Sancho, hush. You know that some time we would have to part. I told you that. You know that no man can tell how long love may last. It might have been you, Sancho, that stopped loving and left me."

"Stop, Jean! You know better than that. You know that a woman does not forget the man she loves as I have loved you."

"Where will you go, Sancho?" "Oh, I will not attempt to kill myself again. I see, after all, you are neither worth dying or living for. Just at this moment I am sorry for your wife than I am for myself."

Tomorrow, the letter continued, embarrassing hubby, unknowingly in my brain and I was sure my note telling you that you must meet me on this boat tonight.

"I intended to kill you and myself. See here, I have a revolver." There was a slight scuffle and the man evidently succeeded in taking it from the woman.

"I would not give it to you," she panted. "If I could really shoot you, but when I saw you, Jean, I knew I could not do that. I could kill myself but not you, so I determined to throw myself overboard, just as you reached me."

## Members of First Christian Aid Enjoy Lunch Spread at Haven

Over one hundred and sixty members of the First Christian Aid enjoyed a luncheon spread at Haven Park Monday at the close of their business meeting which convened at 10 o'clock at the church.

Mrs. S. E. McConnell's division comprised the hostess staff for the party, with Mesdames J. W. Snow, J. L. Downing, C. P. Groves, G. D. Rigby, W. R. Cunningham, O. H. Karr, J. T. Cumley, L. H. Stocke, R. E. Shepherd, H. C. Jensen, R. K. Parmenter, J. V. C. T. Christensen, F. D. Shepherd, A. A. Young, Lucy Young, H. H. Haggard, F. S. Lowe, J. D. Shearer, E. K. Mathis, and J. W. Clement.

A menu of sandwiches, salads, stuffed eggs, pickles, lemonade, sherbet, and cake was served at 12 o'clock, the members going out in cars.

During the business meeting in the morning Mrs. E. Parmenter opened with a devotional from Romans and Hebrew on "Hope" and Mrs. A. A. Young led in prayer. Social service work of the past month was reported, including the care of a family of a girl and sewing work. The day nursery report of subscriptions was splendid, with \$103.50 turned in. The day's collection was \$126. Twelve new members attended the meeting.

## Personal Mention

Mrs. B. L. McAbee left Monday for an extended visit in Chicago, Niagara Falls and Canada. She will also spend a month with her daughter, Mrs. J. B. Strong, in Hillburn, New York.

Misses Addie Kynard of Dallas and Josephine Willard of Atlanta, Texas, are guests of Miss Faye Boyd this week, and enjoying some of the hospitalities for the Helen Fisher house party.

Miss Hazel Turner of Waurika, Okla., who has been the guest for two or three weeks of Mrs. R. H. Hollinger, left Tuesday for home, accompanied by Mrs. Hollinger, who will make her a short visit.

Miss Pauline Rogers of Amarillo is the guest of Mrs. T. A. Newell, Mrs. Newell and son, Jimmie have just returned from a two-month visit with her father, Dr. J. H. Curry and family in Tennessee.

Mrs. P. A. Rogers and little daughter, Virginia, have returned from Dallas, where they attended some of the pre-nuptial events of the Bradley-Patterson marriage last week, and the wedding itself. Little Miss Virginia was a flower girl for Miss Mary (Miss) Watson, the bride, who is a granddaughter of Judge Seay of Dallas. The Batemans and the Rogers were former neighbors and dear friends in Dallas, and Mrs. Rogers had a delightful visit.

**WARNING**

You who use Palmolive Soap use it for beauty's sake. Be careful that you get it. There are many soaps made to deceive you. They imitate the shape and color. Names are coined to sound like Palmolive. Numerous soaps—some of them wretched soaps—are put in this guise to mislead you.

Our interests do not matter, but yours do. Your demand is for Palmolive, because of what it does. You are seeking certain proved results. And you are cheated when you get a soap which can't bring those results.

Palmolive Soap has world-wide fame because it aids complexions.

The envied results, seen everywhere, have won millions of people to it. Thus Palmolive became the world's leading toilet soap. Not merely because of olive oil—that's ages old. Not merely because of palm oil—Cleopatra used that. But because our experts found a way to give those oils unique efficiency in soap.

It is Palmolive Soap that has won beauty lovers as no other soap ever did. It is the Palmolive blend—based on 60 years of study—that brings those desired results. It is Palmolive which, by enormous production, gives you a 25-cent quality for 10 cents.

That is what won you—that is what you want. A commonplace soap without those virtues will not suit or serve you. Then be careful. Note the name carefully. Be sure you get the wrapper shown below. Don't let anybody cheat you on a thing that means so much.

IN YEAR 2000

We had a dream last night, that we had come back to earth in the year 2000.

The first thing we noticed was that there were no houses instead to the ground.

The flying machine had made it possible for the average person during lifetime to visit nearly every interesting place on earth.

Attached to the big airplane-home was a garage where we kept the small plane that carried him to and from work at a speed of 500 miles an hour.

Inside the airplane-home we found a cooking dinner. A scientist long since had discovered how to release the terrific energy locked up in the atom.

Through a window we saw a glass building.

"That," he explained, "is a farm. As you know, if you recall your history, it was nearly the year 2000 before scientists learned how to grow cereals and vegetables with yeast growth and produce a crop in 24 hours."

The children and parents looked phenomenally healthy. All germs had been conquered, all diseases stamped out.

Radio in the year 2000 had been perfected until a perfect receiving set was as small as a watch and carried by every one, enabling people to talk to any person anywhere at any time.

TODAY

Failure in life. The German mark. Diamonds vs. prohibition. Mount Etna active.

The best thing in all commencement speeches was said by President Hoover, of Harvard, last Sunday.

"A man has not failed in life unless he believes that he has failed, and some times he does."

Write that out, large, and paste it up. Until you believe you have failed, there is no failure.

When you believe it you may be wrong.

If you gamble in the stock exchange on the "bull" side, as it is usually, do there is no good news to give you.

But if you have excitement in our stock market, imagine what they have in Germany. The mark is selling for 145,000 for a dollar.

Gray was still staring at the young Nelson. "I'll tell you what it means," he said.

"That's a pretty rough deal. He'll have put his life into it. It is an institution, a credit to the community, it would be a misfortune if it fell into the hands of anybody who—"

"I'll tell you," Henry cried, un-expectedly. "I'll tell you what it means."

# ROSS AND HEYER'S GREAT PRICE-CUTTING, STOCK-REDUCING PIANO and PLAYER SALE

## THIS WILL BE A BIG WEEK

The retail Piano and Player business has been very dull for the last few months, but we kept on buying, hoping for a turn of the tide, until our large store is crowded to the point where we must resort to extreme measures to reduce this enormous stock, and to add to our predicament we have several carloads of instruments en route from factories we represent. So, after a meeting of the heads of this great house, it was decided to cut prices and terms so low that the public just cannot help buying. Appreciating present conditions and knowing that something radical must be offered in the way of terms as well as prices, we have, therefore, arranged so that anyone can now own a Piano or Player—only \$10 down and the balance on almost any weekly or monthly payments you desire, within reason. We have included in this great sale every new, used, slightly used and showworn Piano and Player. Call at our store day or night and our salesmen will take great pleasure demonstrating the instruments to you, whether you buy or not. This is the opportunity you have been waiting for. Don't put off buying, the prices and terms are all in your favor.

### USED PIANOS AT \$66 AND UP — NEW PLAYERS AT \$298 AND UP

Never to our knowledge have such figures been quoted on instruments of this grade, nor have you had the opportunity to buy USED Pianos for \$66 and up. NEW PLAYER-PIANOS 298 and up. Some of these instruments are new or slightly showworn; others are used and have been taken as part payment on beautiful new Player-Pianos. All are fully warranted to be as represented or money refunded.

# RIPPER DOES "JOE M'GINNITY" IN WINNING TWIN PROGRAM

## Spudgers Make It Easy With Even Dozen Runs in First But Wheeler Has to Pitch to Win Second, 3-2

HOUSTON, TEXAS, June 19.—In a contest of mounting to sublimar heights in the pennant race Monday, the Houston Spudgers struck a pair of snags and descended at a loss of numerous points that had been previously won by dint of heroic efforts.

They dropped the first game to Wichita Falls 11 to 1 and literally figuratively blew their chances away in the second contest, 3 to 2.

In the opener home talent was trumped beyond recall. No use mourning that defeat for possibly it was coming to the herd but that second game was a different matter. In it the Spudgers got away with three unearned runs.

Rip Wheeler did a Joe McGinnity for the Spudgers by pitching both games. In the opener he was nobly assisted by the 16 base hits for bases that were made off Bill Tipton and Johnnie Berry.

Wheeler had such a soft time of it in the opener that none of the fans were surprised when he went back to the job of pitching in the second. Yet from the start he had troubles when Sperber, Schultz and Stranby all soaked him for singles that counted a run.

Wheeler's stay on the slab was short but brilliant. In two-thirds of an inning he permitted five hits and as many runs. Thereafter Berry was the target. He was a forlorn hope, but it may have been a pleasant relief after weeks in the bullpen throwing at phantom batters.

## YOUTHFUL BRITISH PROFESSIONAL WINS OPEN CHAMPIONSHIP

A. G. Havers, 23-year-old British professional, has just received the British open championship from Walter Hagen, American holder of the title.

HOUSTON, June 19.—The Ripper's little Joe McGinnity set Monday brings the record for the road trip to nine games won and four lost, and to 18 wins out of the last 22 games.

## The Lookout

Sherman's well-known snarl through Georgia has nothing on the Spudgers' promenade through South Texas.

## BEARS 9, GASERS 3

SAN ANTONIO, June 19.—Led Lucas not only held the Gasers down but his bat was responsible for three of the first six runs made by the Bears.

## STEEERS 10, CRABS 2

GALVESTON, June 19.—The Steers bounded. Ferriman hard Monday while Copley was effective with runners on base and Dallas won 10 to 2.

## BLACK SPUDGERS WIN SECOND FROM DENISON

HOUSTON, June 19.—Cato's spectacular catch of a low liner in sixth inning, with the Spudgers leading 10 to 0, was the key to their second victory over Denison.

## CATS & EXPORTERS 6

HOUSTON, June 19.—Cato's spectacular catch of a low liner in sixth inning, with the Spudgers leading 10 to 0, was the key to their second victory over Denison.

## VILLA KNOCKS OUT JIMMY WILDE FOR FLYWEIGHT CROWN

NEW YORK, June 19.—Jimmy Wilde yielded his title of world champion flyweight boxer to Paolo Villa Monday night in a manner that the 40,000 who watched will remember while they live.

Wilde kept pressing forward throughout the fight. In the first round he held the crown steeled good but when the bell rang in the second he took a beating.

## WATCHING THE SCOREBOARD

CHICAGO, June 19.—Viewing the condition of his regular twirler, Manager John J. McGraw of the New York Giants decided to use Bill Ryan to start a game Monday instead of constantly keeping him in reserve and the world's champions won their first game in seven starts.

Washington unexpectedly beat Cleveland, 4 to 3, in 13 innings. Leon Cadge, pitcher, of the Brooklyn Dodgers, has gone to Youngstown, Ohio, to consult a specialist about his throwing arm.

### NEGROES HOLDING 2 DAYS CELEBRATION EMANCIPATION DAY

Tuesday was the anniversary of Emancipation Day and the negroes of Wichita Falls are holding a two day celebration of the event. Walter park, the colored amusement park located near the end of Elm street, is the center of the huge jubilee which began early Tuesday morning and will continue until Wednesday night. A parade will be the feature of the entertainment, and all the colored folks are looking forward to a big time. A parade was held early Tuesday afternoon, after which a big barbecue at the park was given. Following the feast the celebration witnessed a baseball game between our own "Black Spudders" and the Denison "Red Snappers." Music was furnished by Dickson's jazz band. The evening and night schedule for the entertainment includes speeches at the park and a big dance. The amusement park has other attractions which will be kept busy during the entire time. The day celebrates the issuance of proclamation of emancipation of slaves by Abraham Lincoln, and is observed in a big way by negroes everywhere throughout the United States.

### HEAVY RAIN REPORTED NORTH OF ALTUS, OKLA.

J. Pluve came back again with flying colors Monday night, and shed over three inches of rain north of Altus, Oklahoma, on the Katy, according to reports Tuesday morning. Other rains extended below the Spur line on the Valley, but these were so light that a measurement was not taken. Over the entire vicinity it was generally cloudy Tuesday morning, with the exception of south on the Denver. Here dark clouds covered the sky early in the morning, but the warm summer sun melted them away, and by the middle of the forenoon everything was clear and calm. No wind was reported over the surrounding territory. Locally a light breeze was blowing from the west Tuesday morning, which aided in putting spice into the day.

### ROOMING HOUSE AT QUANAH IS BURNED; OCCUPANTS ESCAPE

QUANAH, TEXAS, June 10.—Flaming up from a pot of grease in which doughnuts were being cooked in the kitchen of the Worth Cafe here this morning about 2:30 p.m. spread and completely destroyed the rooming house and did considerable damage to the cafe located in the main business section of the town. The loss was covered by insurance. The total amount on both business and building being \$5,400. J. L. White has \$600 insurance on his furniture the loss of which he estimated at \$1,100. The building owned by F. O. Griffith and Arnet Whitely was insured for \$1,000. No plans have been made by the Whitely brothers for reopening their cafe which was one of the leading cafes in the city. All of the occupants of the rooming house were warned in time to get out and no one was hurt. Quick work of the volunteer fire department prevented a spread of the flames over the entire business district.

### Head of Common Ordinary Dog Is Shielded When Girl Is Bitten and Arouses Row In Quiet Neighborhood

The head of a common ordinary dog has aroused a row in a neighborhood which sent not less than 10 people to the grand jury room Tuesday morning. Mr. A. had a dog which bit his little daughter some two weeks ago. He killed the family pet and sent the head to the laboratory at Austin where it was discovered that the dog was mad. The daughter is now in the hospital at Austin taking treatment. Just a day prior to the attack made on his little girl, Mr. A. saw his dog and that of a neighbor have a fight in the street which resulted in Mr. B's dog being bitten. Sunday afternoon another daughter of Mr. A. was bitten by Mr. B's dog and immediately Mr. A. informed Mr. B of what he had seen and of the possible consequences. He asked that the dog be killed and the head sent to Austin for examination. The request was refused and since that time the dog has been shielded at the park and a big Monday afternoon Mr. A. appeared at the court house and inquired of all officers and officials how he could get his hands on the dog, so people to the grand jury room Tuesday morning. He was told that there was no adequate remedy at law. He left the county building Monday evening stating that he was going to get that dog somehow. Later he appeared and said he had shot the dog but that he had not killed it. He was placed under arrest he told county officials. Tuesday morning Mr. B. and his family and several other parties journeyed to the third floor of the court house stating that they would appear before that body and ask that an indictment be returned against Mr. A., contending that when he shot at the dog he endangered the life of two children in the house. The last word received was to the effect that Mr. A. was still making a determined effort to get the dog and send its head away for examination.

### Dates Decided Upon For Holding of Community Fairs at Electra, Iowa Park and Burkburnett at Meeting

At a meeting held Monday afternoon at Iowa Park by representatives of Iowa Park, Burkburnett and Electra, dates were decided upon for holding community fairs at each of the three places this fall. Other plans of entertainment were also discussed. The community fair will be held at Burkburnett on September 21 and 22 and at Iowa Park and Electra either on September 18 and 19 or September 24 and 27. The representatives of Electra promised to furnish the Electra

### LITTLE WHEAT COMES TO LOCAL MARKET

Thrashing and operations in the harvest fields were evidently not resumed until Monday or Tuesday, as not one load of new wagon wheat was brought in to local grain elevators yesterday. All work in the fields had been shut down for several days due to the recent rains. and it was thought that the first loads of wheat would be brought in Monday. However, it is probable that new grain will begin coming in Tuesday or Wednesday. Not only is wagon wheat from the vicinity of Wichita Falls expected, but there should be several car loads of wheat from other grain districts in the state. Grain is selling without change in the price of Monday. Basis No. 1 is marketing at 98 cents, while oats remain at 48 cents. Window glass put in. Decorators.—adv.

### DEATH OF INFANT

There ain't no such animal as a substitute for Ward's "Crush." "Crushes," as Ure Thorne knows. Your eyes may deceive you, but your taste will tell.

### If necessary INSIST

Why play tricks on your taste? Accepting a substitute for a genuine Ward's "Crush" is like taking a grind organ to grand opera. Why do it? Just insist on the genuine. Ward's Crushes owe their distinctive and delightful flavors to the natural fruit oils of oranges, lemons and limes. To these have been added pure cane sugar, citrus fruit juices, U. S. certified food color, fruit acid and carbonated water. Everybody likes them.
