NEARLY SEVENTEEN AND HALF MILLION IN WICHITA BANKS

Total deposits in the banks of Wichita Falls at the close of business June 30 were \$17,492,877.74, according to the reports rendered the comptroller of the currency, pursuant to the call of that date.

The loss in deposits is the normal occurrence during the period covered by the report, according to local bankers. Heavy withdrawals for the movement of crops, especially on the part of country banks, always account for such a decrease in deposits...

# DECLARATION OF INDEPENDENCE

(Unanimously Adopted in Congress, July 4, 1776, At Philadelphia)

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed, That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty to throw off such Government, and to provide new Guards for their future security. Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former System of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions to cause others to be elected; whereby the legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the state remaining in the meantime exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these states; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.

He has kept among us, in time of peace, Standing Armies, without the Consent of our legislature.

He has affected to render the Military independent of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation: For quartering large bodies of armed troops among us: For protecting them by a mock Trial from punishment for any Murders which they should commit on the Inhabitants of these States: For cutting off our Trade with all parts of the world: For imposing Taxes on us without our Consent: For depriving us in many cases of the benefits of Trial by Jury: For transporting us beyond Seas to be tried for pretended offences: For abolishing the free System of English Laws in a neighboring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: For taking away our Charters, abolishing our most valuable Laws and altering fundamentally the Forms of our Governments: For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated Government here by declaring us out of his Protection and waging War against us. He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. He is at this time transporting large armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms. Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

WE THEREFORE, the REPRESENTATIVES OF THE UNITED STATES OF AMERICA, IN GENERAL CONGRESS, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by authority of the good people of these Colonies, solemnly PUBLISH and DECLARE, That these United Colonies are, and of Right ought to be FREE AND INDEPENDENT STATES; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full power to levy War, conclude Peace, contract Alliances, establish Commerce, and do all other Acts and Things which INDEPENDENT STATES may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

Will Your Name Be In THURSDAY'S PAPER?

If history repeats itself this Fourth of July—you will not care to read next Thursday's paper. Its news will not be pleasant. You will read of a reckless, pleasure-bent motorist, whose eagerness to reach the picnic grounds beyond the path of an oncoming train, hurried seven of his loved ones to an untimely death.

You will read of a boy and a girl—full of youth's buoyant dreams—who carelessly ventured too far from shore in an all too frail canoe! And you will read—even with all the agitation against fireworks—of a towsel-haired boy, much like your own, who went back to examine the firecracker that did not explode.

LET US MAKE THIS FOURTH REALLY SAFE AND SANE

Pause for a moment today—and think! Whimper into the ears of your loved ones a note of warning and of caution. Drive safely—drive with a little more care than you ordinarily exercise. If you have fireworks—be extremely careful, and forget those that fail to explode.

Ponder over these words of caution today, practice their lessons Wednesday—and this Fourth of July will go down in history as a day of greater security and peace—a peace that more nobly approaches the dream of our forefathers when they sheathed their swords at Yorktown.

Another of the last strongholds of romance and adventure is being given up to the steam roller of civilization. We like to think of India as a quaint jangle country of temples, towers, and jewels and magicians. But a trade report tells us that India already has 125 cotton mills, wears of steel plants, a billion dollars worth of irrigation projects under way, and a growing network of government-owned railroads.

# DO YOU PAY YOUR BILLS?

## CREDIT IS A CONVENIENCE

*RETAIL Merchants in extending credit to their customers—  
FOR THE CUSTOMER'S CONVENIENCE—have been im-  
posed upon. Thousands and thousands of dollars have been lost  
—BECAUSE SOME PEOPLE PLACE NO VALUE ON  
HONOR.*

UNSCRUPULOUS MEN AND WOMEN have taken advantage of the confidence bestowed upon them by the merchants. BEAT THEM out of fortunes.

To eliminate this imposition and make it impossible for FOLKS WHO DO NOT PAY THEIR BILLS to obtain credit, RETAIL CREDIT MEN'S ASSOCIATION was formed.

Every member of this association has a credit rating of their customers BASED ON HOW THEY PAY THEIR BILLS. The ratings go through a clearing house, which gives the clearing house a record how every customer of every store in Wichita Falls pays his bills with every store.

It's a complete sum total of the value every customer places on HONOR. This information is sent in full every week to every member of the association.

If a certain individual on one or more accounts every member is informed—and credits that individual in the future accordingly. On the other hand, when the individual pays his bills promptly—his rating becomes established—and his credit automatically goes unquestioned.

Remember, it's really courtesy—a convenience to you—that charge accounts are opened. Merchants go to enormous expense in their bookkeeping departments to help you—and you in turn should show your appreciation by PAYING YOUR BILLS AND PAYING THEM PROMPTLY.

Begin this month. Pay your accounts NOW. It will enhance your credit, help the merchant. It's reciprocity—plain and simple—in which all parties benefit.

## PLAY SQUARE

GET A CLEAN BILL OF HEALTH, so to speak. Clean up your old accounts—SETTLE YOUR BILLS. It will save time, worry, trouble, embarrassment and HONOR.

CREDIT IS THE EASIEST THING IN THE WORLD TO GET. All you have to do is to PLAY SQUARE with yourself and your fellow man.

CREDIT follows you through life—and it is based entirely upon past performances.

Some time you may leave your home town. You may go into a community of strangers. If your credit has been good at home—and you can get "a clean bill of health" to take along with you—you'll have no trouble in establishing yourself.

WICHITA DAILY TIMES OVERFLOWING WITH FIGHT FANS ON EVE OF BATTLE

On Last Few Days Meet With Expectations Of Promoters; Gibbons Is Ready

By Associated Press. SHELBY, MONT., July 2.—Filled to overflowing with anxious but enthusiastic fight fans, bustling with confusion attendant upon the hourly approach of a world title bout and clothed in a carnival atmosphere, Shelby Tuesday was awaiting impatiently the tap of the gong which will send Tom Gibbons against the "Maanassa Mauler," William Harrison Dempsey, Wednesday afternoon at 8 o'clock.

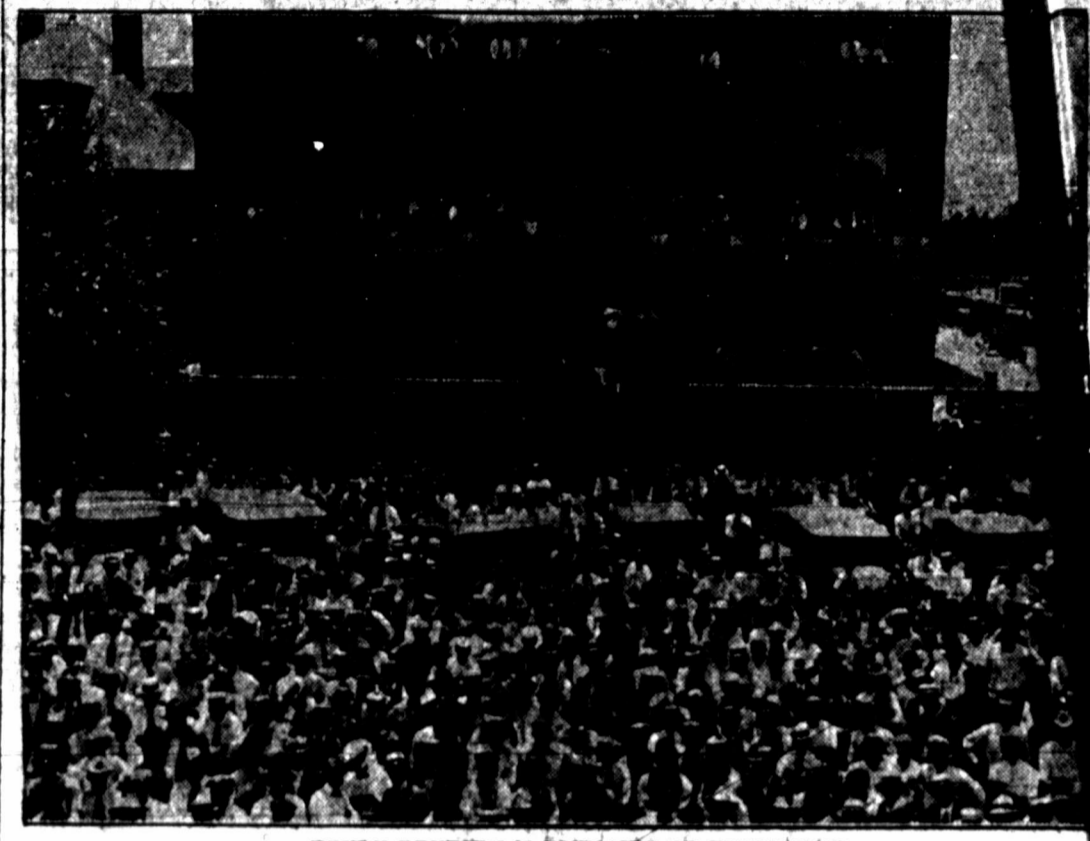

Gibbons completed his training with a light workout Monday afternoon. The big, amputee, a half-faded and ready to accommodate the expected crowd, estimated variously at from a few thousand to eighteen or twenty thousand by the more optimistic. Ticket offices are ready for the last minute paste board purchases, concessionaires by the score are massed along the thoroughfares leading to the fight arena and officials have been selected to handle the details of the bout.

Gibbons in Great Shape. Tommy Gibbons, apparently least disturbed of any one in Shelby over the hitch in negotiations at Great Falls on the final payment of the champion's guarantee. Monday shadow boxing, punched the bag and skipped the rope. The challenger's condition, in the opinion of experts who have watched him week after week, is better than it has been before any of his previous bouts. He is full of energy and his judgment of the fight is unshakable. Sparring matches has been almost unending. The challenger's weight has dropped from 175 pounds to less than 170 pounds since he began training. He probably will fight at that weight. Gibbons displays few signs of nervousness and this is expected to be a big factor in his favor when he enters the ring Wednesday.

Referee Final Arbitrator. The local boxing commission, composed of Mayor James Johnson, treasurer of the board, W. Thornton, county attorney, and Douglas Parker of Sweet Grass, is expected to meet Wednesday afternoon and designate Referee James Dougherty as the final arbitrator of the fight in case of any emergency. The commission was scheduled to meet late Monday, but owing to the sudden departure of Mayor Johnson, for Great Falls the meeting was postponed.

Richard I. Bari, president of the state national boxing commission, will arrive in Shelby Wednesday afternoon. He will keep time for Gibbons and William Lyons of Denver will represent Dempsey with judgment of the fight. The ring has been measured by officials and approved. Ropes will be strung and brown canvas laid Tuesday. Gibbons is expected to dress at his home and Dempsey in private care and he will come to Shelby Wednesday morning. Last minute ticket sales were being made Tuesday and the sales force at fight headquarters was being kept busy throughout the day. No statement was forthcoming as to the amount of cash taken in during the last few days, although it was indicated that the number of tickets sold is far below original expectations Wednesday afternoon had been anticipated late last week.

Immense Throng Hears Times Call Dempsey-Carpenter Bout in

WHILE DEMPSEY IS DISPOSING OF FRENCHMAN... When William Harrison Dempsey, better known as Jack Dempsey, so handsily disposed of Georges Carpentier on July 2, 1921, at Boyle's Thirty Acres, Jersey City, Wichita Falls fight followers flocked to the Times building to hear the returns megaphoned. The above photograph fully explains how the fans appreciated Times' efforts to give the public the benefit of its wire service.

TWO CHANGES MADE IN FIGHT PROGRAM STAGED BY LEGION

With two changes in the card that will give the fans better bouts, the July 4 American Legion benefit boxing program is ready to go on. Don Wofford, in charge of the program, announced Tuesday. An open-air arena that will care for more than 1,000 spectators has been constructed at Lake Wichita, and Mr. Wofford expects to have it packed Wednesday night. The first of the preliminaries is scheduled to go under way at 8:00 o'clock.

Cowboy Roger Bennett heavyweight, has been selected to meet Anderson Martin in a four-round preliminary that promises to be one of the features of the program. Another Burk Burnett boxer has been substituted in a preliminary. Battling Grams, featherweight, meeting Earl Smith of Dallas in six rounds. The main event brings together two classy Wichita Falls lightweights, Guy Williamson and Saller Grisham, in 10 rounds. Grisham has five pounds in weight on Williamson, but the latter says he is not worrying about that.

FIGHT IS BROUGHT TO END WHEN GLADIATORS FALL THROUGH ROPES

NEWARK, N. J., July 2.—The 13-round bout here Monday night between Mickey Walker of this city, welterweight champion of the world, and Cowboy Padgett of Denver, Colo., came to a sudden end in the 11th round when both fighters tumbled out of the ring into the crowd below. Two of Padgett's ribs were broken and he was unable to continue. Padgett had been knocked down in the 10th round and was unable to get up. Walker, who was fighting in an effort to gain ground, hit Padgett with a right jab, which caused Padgett to fall through the ropes. Padgett, with him.

GIBBONS' WIFE WILL NOT WITNESS FIGHT

SHELBY, MONT., July 2. (AP)—The wife of the world's most vitally interested in the fight will not be within ear shot of the heavyweight arena in which the heavy-weight championship battle will be fought here Wednesday afternoon. "Proud of 'Tim,' confident of his success, but anxious nevertheless, Mrs. Gibbons, the pleasant brown-eyed wife of the champion, who is a member of the Shelby Athletic Club, recounted Tuesday on the eve of the bout the reasons why she will not be among the spectators. "I am afraid," she said, "that I would be too much for me," she said, "and perhaps it might distract Tim if he knew I was present. I think I shall go for a ride somewhere out in the country—far enough from the arena where I will not hear the shouting. Besides, you know, I will not be nervous. I know I will be very anxious when the fight is on, though. Tim has had so many fights and he has been so successful in them that I feel this one will be the same, but nevertheless the suspense will be trying.

LOCAL BATTERY OF FIELD ARTILLERY LEAVES FOR CAMP

Battery D, the local unit of Field Artillery, will leave Wednesday, July 4, for the annual training period now being conducted at Fort Bliss, Ariz. The organization is in excellent strength, and not less than 40 men will make the trip. The battery will assemble at the depot station at 12:15 p. m., sharp, with full equipment as posted on the board at the Call Field armory. The battery will travel over the F. W. & D. C. R. R. to Fort Worth and the Katy to San Antonio. A special train has been assembled here, consisting of three Pullman and one baggage car, which will mean that the men will travel with every comfort. Meals will be served on route which will be furnished by the battery commander, Capt. John H. Fletcher, and provided by local caterers. The Times will be mailed to the men every day.

WICHITA FALLS CARS ENTERED AT ABILENE

Two Wichita Falls touring cars entered in the fourth of July race at Abilene Wednesday, when the fastest machines in Texas will be pitted in a half dozen speed events. M. L. Ward will drive an open-top Special for the Lloyd Weaver Automobile Company in the main event, while R. E. Davis will pilot a Top Special. Watermelons on lot all day or night. Council Refuses to Pass on Request For Gasoline Filling Station Permit Action Deferred on Traffic Rules

For the first time since the decision of the supreme court which took away the power of a city to regulate building by zoning ordinance, the city council refused to approve or to refuse a permit to place a business building in the residential section Monday night. At a public hearing on a petition filed by Hamilton and Curtis to install a filling station on the northwest corner of Tenth and Dewey, vigorous protests were filed by T. J. Morrow and J. B. Stokes. Mr. Morrow acted as spokesman for the protesting property owners and asked a protest against the council's action of the city council in placing their approval on such buildings.

"I understand that there is no way in which to prevent a man using private property in any way that he may see fit," said Mr. Morrow. "The council may not be able to stop a man from putting up a business building in the residential section, but they can stop the city endorsing a thing which it does not approve simply because it is out of their jurisdiction." C. C. McDaniel, representing the owners of the property where it is proposed to build the station, pointed out that the section was already filled with business buildings and was destined to become business property and that the proposed change would relieve a dangerous traffic situation that exists at that point on Tenth street. After some discussion, Commissioner Patton moved that the permit be denied; the motion was lost for a want of a second. Commissioner Young then moved that the council be authorized to reach an agreement on the question.

Western Union Telegraph Company was granted a permit to open the street for the installation of two brick manholes and lay three crooked ducts along Kentucky street, beginning at Kentucky and Eighth, thence to Ninth a distance of 24 feet and thence along Ninth a distance of 181 feet directly in front of the M. E. & T. office. The improvement, it was pointed out in the petition, is part of the 1927 budget and will serve the M. E. & T. office with telegraph facilities. Material and men are on hand and work will begin as soon as it is said. Action on the traffic ordinance, which was scheduled to come up for its final reading, was postponed until a later date at the request of the citizens' committee. The committee is said to be working on some amendments to the ordinance and asked for more time in which to consider its proposed changes having France commit herself to

NO REQUEST RECEIVED FOR AN APPOINTMENT TO SEE LORD CURZON

LONDON, July 2. (AP)—No request had been received by the British foreign office up to this afternoon from Count de St. Aubain, the French ambassador for an appointment to see Lord Curzon, the secretary for foreign affairs. It was suggested from time that the French regarding reparations might be delayed. The British foreign office is in the dark as to whether the reply will be verbal or written, but favors to consider its proposed changes having France commit herself to

GIBBONS IS GOOD LITTLE MAN AND DEMPSEY A GOOD BIG MAN; TAKE YOUR PICK

By DAMON RUNTON. Universal Service Staff Correspondent. (Copyright, 1928) GREAT FALLS, MONT., July 1.—Tom Gibbons is a good little man. That is the best you can make of him when you try to figure him in the heavyweight division. Jack Dempsey is a good big man. The law of the prize fighting game is that a good big man can always beat a good little man. It is common sense. As the writer sees it, only an accident can prevent Dempsey from fulfilling the law of the game in the yellow pine arena at Shelby Wednesday afternoon. He is bigger, faster, stronger, younger, a stouter puncher than Gibbons. He has beaten better men than Gibbons ever met. How else can one figure the result? If it was a case of an old, dissipated, rusty champion meeting a young, up-coming contender, we would have to concede Gibbons an even money chance. In this instance, the challenger has everything against him.

Five Rounds With Wiggins. In his last battle, a month or so ago, Gibbons took nine rounds to dispose of Chuck Wiggins. It is inconceivable that Wiggins could go more than a round or two with Dempsey. Against big, slow, inexperienced men Gibbons is a terror, but back in his own class he is just a good little man. "You may now discard all the stuff that has been sent out about how Gibbons will not be so very much smaller than Dempsey. The 'build up' of this fight has been completed. The structure is tottering on a weak foundation but the builders did the very best they could with the material at hand. Gibbons will not, in the opinion of the writer, weigh above 175 pounds against Dempsey, and Dempsey will weigh about 170 pounds, perhaps 162. He's taller than Gibbons. He is much bigger in every way. He is more developed in every way. As the writer sees the thing, it isn't a contest.

DEPUTIES REPORT ON SALARIES. Upon his return Monday evening from the annual meeting of the Tax Collectors' Association, held at Dallas, Texas, County Collector G. W. Tamm, submitted his report on the list of deputies and the salaries paid as requested by the county commission. He was out of the city practically all of last week and was unable to attend to the matter until his return.

THIRD TRIAL OF DAMAGE SUIT IS BEGUN TUESDAY

The third trial of a damage suit case, which has been in local courts for the past six months, was begun Tuesday morning in the 26th district court before Judge H. R. Wilson and a jury which was selected by 10:00 o'clock. The case is styled White Billings against Oscar Williams and the Western Union Telegraph Company. The plaintiff seeks damages in the sum of \$10,000 against the defendant for injuries suffered while in the employ of the Western Union. The accident occurred on February 19, 1918. The first trial was had in the 78th district court and resulted in a hung jury. The case was then removed to federal court by the defendant, where it remained for three years, but finally the plaintiff had it transferred back to the state courts. Later the case was tried in the 78th district court and a verdict given the plaintiff. This judgment was reversed by the higher courts.

# SPUDDERS LOSE ONE AND WIN SECOND IN TWO WITH BEARS

## Errors Are Costly in Opener, But Salms Come Back in Aftermath and Overcome Four Run Lead to Win Out

The Spudders dropped back a step in the pennant pursuit in their double matinee program Monday with the San Antonio Bears. The Spudders through the regulation nine innings to gain a verdict in the second. The scores were 9 to 4 and 7 to 6.

While our hopefuls were doing well to get an even break, the Cats and Bears both were winning and thereby gaining a half game on the pace setting Spudders. The attendance was 1,669.

When it became almost an assurance that the season would not be split, the Spudders gritted their teeth and started on the second game to show the rest that they should give a whomp, whether the season is split. It is a tough break for the hopefuls to have the first half, or what would have been the first half, almost sewed up, and then have the league return to divide after taking that course for three straight seasons.

**Home Wins First**  
If Galveston is sincere in its statement that it will not vote for a split, there is little hope of a divided season.

The first game was a more or less easy matter for the hard swinging Bears, with "Red" Luman pitching in steady style. Five unearned runs off Hal Carlson, the lad who was pitched up so much of late in the second game, were sufficient evidence of the manner in which the game went by the boards. After changes had been offered to Carlson, he was pitched out of the game and was bumped soundly for a while. The Bears' 11 runs were scored in the first three innings.

Lefty Felgert succeeded Carlson in the seventh and eighth innings, but without a run in the two and one-third innings he worked.

Felgert starts second  
The Spudders were urged to start winding up the game as they were winding up the game. The Spudders were forced to retire with only two men out under a rain of base hits. The Bears' 11 runs were scored in the first three innings.

**Spudders Tie It**  
The Bears made a big noise in the first frame when they drove in four runs on solid smacks, but their lead was short-lived. The Spudders and our hopefuls promptly struck back and in their half, Grigby walked and singled by Coombs and Taylor brought his batting average up to .325.

## The Lookout

By AL PARKER  
Though there is little likelihood of a split season now, the proposition is in very much of a jumble, according to the manner in which the Galveston club is switching about in its announcements.

Monday the Galveston president is quoted in an Associated Press report that he will not vote for a split, which is sufficient cause to give them their share of the game. Monday night still another dispatch says he will reserve judgment until the matter is brought up in a meeting. Neither Houston nor San Antonio have asked for a meeting and Dallas and Fort Worth cannot be expected to seek a split with the standing as it is now.

It is a hard knock to the Spudders, believing that it was a sure thing the season would be split and the chances greatly in their favor to win the first half. But they have given them still more determination to whip the lot and there will be no more of this kind of thing. The Spudders refuse to split while the Spudders are ahead.

The Spudders believe they have the best team in the loop and they think they are going to cop that old rag when the middle of September rolls around. If you don't believe those Spudders believe in themselves, just ask any of them. And give them their share of the breaks and they will come through.

By all laws of percentages, the injury Max has run his course for this season. With four regulars out old rag when the middle of September rolls around, it is due to be no more accidents in the near future.

Hal Carlson's short spell in centerfield Monday was not his first in the outfield by any means. Before he went to the big show he divided his time in the garden and in the box. His loss from center that day was a large inning. He has a perfect strike as any he throw while pitching the first game. Hal says he didn't have a thing in the first game and was due for a bumping.

### WATCHING THE SCOREBOARD

CHICAGO, July 1.—Aided by the long club of Babe Ruth, the New York Yankees continued their winning streak Monday and when they took the opener of their series with Washington by a score of 13 to 1. Ruth, who posed out his 15th home run of the season, also collected a double and a triple while Fipps, teammate, also got a circuit drive. Shawkey, who held the Senators to eight hits, was robbed of a shutout by a home run by Fipps. The victory gave the Yankees a lead of ten full games in the American League.

## TO STAGE FIGHT AT SHELBY AS PLANNED

(Continued from page one.)

Just what they thought of the situation and they were unanimously of the opinion that the fight should be held. They consulted with the manager to go back and make the proposal to "Frank" with the gate receipts for his final \$100,000 guarantee provided "the preliminary expenses of the show were absolutely assured."

The champion manager hesitated, studied for a few moments and then, hurriedly left the room. He proceeded immediately to the room where the promoters were conferring and made the "gambling" proposition. The proposal was not immediately accepted, however, and Lane, Molony and former Judge Jim E. Kearns, who opened the door of the conference room and shouted: "Boys, the fight is on!"

The first announcement—or the last—the newspaper man came from Lane, who opened the door of the conference room and shouted: "Boys, the fight is on!"

The manager also clinched his argument by pointing at the clock and stating that the contract for the Dempsey-Gibbons fight had expired at midnight.

All through the strenuous night of conference, bickering and indecision, the manager, the heavy-weight champion, slept peacefully at the training camp on the banks of the Missouri over the hills on the outskirts of Smith.

# NEW PAY SAND FOUND IN WICHITA COUNTY NEAR TOWN OF CLARA

## EARTHEN STORAGE BARRED FROM OIL FIELD AT POWELL

Adams, Brown & McAllister, located in the northwest corner of block 2, Specht Colony lands, in the Withler tract, about one-half mile north of Clara, encountered an absolutely new sand for that part of the county Tuesday.

The top of the pay was picked up at 1225 feet, and after being coring two feet, the hole showed plenty of oil. Casing is being set and halting of the well will commence in the next few days.

The finding of this new pay will be the means of opening up a new section of the county for future development, the greatest production based on the 18,000 acre tract, one mile to the southwest. Producers there are receiving their output from the 1700 foot pay, and it is expected that a number of wells which have been producing from the 1700 foot or Rammung sand, but have failed to get a profit, will be deepened to this new 1225 foot pay.

## Everything Ready For Big Time At Masonic Picnic on Fair Grounds Wednesday Afternoon and Evening

Festivities will begin at two o'clock Wednesday afternoon, for the Masons of the 14 counties comprising this Masonic district, when they will be guests of the local Masonic bodies at a barbecue and picnic at the Fair Grounds.

A reception and transportation committee will meet all trains and will operate between the Kemp hotel and the fair grounds to welcome all incoming Masons and see that they are properly entertained and furnished with transportation to and from the grounds.

Speaking will begin at 3 o'clock and continue until 4 o'clock in the afternoon. J. C. Jones, W. C. Barlickman, W. B. Terrell, Hiram Lively, W. A. Browning, all of Dallas, and Guy Rogers of this city are among the speakers, who will take part in the afternoon program.

At four o'clock Faith lodge will compete with Wichita Falls lodge in a special baseball game. A specially prepared diamond in the center of the race track has been made ready for the game.

Speaking will begin at 3 o'clock and continue until 4 o'clock in the afternoon. J. C. Jones, W. C. Barlickman, W. B. Terrell, Hiram Lively, W. A. Browning, all of Dallas, and Guy Rogers of this city are among the speakers, who will take part in the afternoon program.

## GETS 9 MONTHS FOR TAMPERING WITH ANOTHER MAN'S CAR

A jury in the county court at law Tuesday morning voted its disapproval of men tampering with other people's motor cars.

Roy Gibson was found guilty of tampering with an automobile parked along the highway between Wichita Falls and the shipper's yard at public sale. He was sentenced to nine months confinement in the county jail was imposed. This is one of the longest sentences assessed by any jury in a case for the past several months.

## Shippers' Bureau Traffic Expert Begins Survey

J. W. Chatham Jr., began work Tuesday morning on an extensive survey of traffic and shipping conditions in and out of Wichita Falls, in order to ascertain the exact situation in all its aspects, following his designation to perform this task at the meeting of the shippers' bureau Monday afternoon at the chamber of commerce.

The shippers' bureau was organized Monday by a group of Wichita Falls business men interested in traffic questions. T. B. Noble was elected chairman of the bureau and committee, with authority to name the other members.

## NEGRO HELD FOR MURDER BREAKS HUNGER STRIKE

CLEVELAND, July 1.—After going without food for 143 hours—within 12 hours of six days—John W. White, negro, arrested by Patrolman Dennis Griffin, broke his fast late yesterday. He ate a special meal prepared by himself, consisting of a bowl of milk and a box of Graham crackers, it being his first food since his arrest in Detroit last Tuesday.

## TEXHOMA FILLING STATION BURGLARIED

Thieves entered the Texhoma filling station at Tenth and Broad Monday night and escaped unnoticed with five dollars worth of war savings stamps, a flash light and articles of small value. Entrance was obtained by prying off a window at the rear of the building. A small bank containing several dollars in silver, several articles of jewelry and other valuables was overlooked. Police were at work on the burglary Tuesday morning but no arrests were made.

OIL WELL SUPPLY HOUSE LOCATED AT PANHANDLE, TEXAS

BRANCH OF FIRM AT BRECKENRIDGE TO BE ESTABLISHED.

WILL REDUCE COST OF DRILLING IN THAT AREA

Tools Are in Transit and Siding is Being Put Down on Railroad Right-of-Way.

FANHANDLE, TEXAS, July 2.—

What is considered of vital importance to the development of the Panhandle oil field is the announcement of Mr. Dunigan of the Dunigan Tool and Supply Company, Inc., Breckenridge, that a large block had been secured in the city of Panhandle and a large stock of tools and supplies as well as a machine shop to meet the requirements of the Panhandle field would be moved in at once. Tools are in transit and a railway siding is being constructed at this time. Local operators predict that the location of the supply house in the heart of the field will reduce the cost of drilling wells considerably.

Two wells in south Hutchinson county, Plains No. 1 Weatherly, in section 17, block Y, and Whittington No. 1 Sanford, section 25, block 46, having reached the sandy lime around 3,000 feet, which is credited with a production of 200 barrels of high grade crude, have been drilled and are being worked at a lower depth. Other Hutchinson county wells, Humphrey's No. 1 Johnson, section 4, block Y, drilling at 400 feet; Darnus-O'Guinn No. 1 Johnson, section 27, block Y, drilling below 200 feet; J. C. O'Guinn No. 1 Whittington, section 13, block 46, drilling; Emerald No. 1 Coble, section 10, block 47, drilling at 200 feet; Cockwell No. 1 Fox, section 2, block Y, preparing to spud.

Carson county: Gulf No. 1 Burnett, 48,000,000 gas at 2500 feet; Elk No. 2 Burnett, section 23, block 2, drilling in at 2900 feet—250 bar-

You can make good things even better with Mrs. Tucker's

SO many women tell us of the improvement Mrs. Tucker's shortening has made in their cooking and baking, that we believe you would be glad to hear about it. Mrs. Tucker's, you know, is a pure vegetable shortening. It is as light and fluffy as whipped cream, with all the richness of butter, and with none of the heavy goodness of lard. For frying meats or vegetables for making hot breads or pastries, Mrs. Tucker's is ideal. It cannot possibly injure the delicate flavor of any food. Just try one ball of Mrs. Tucker's. You will like it. It is made right here in the South, and comes to you always fresh. Be sure to get the blue ball with Mrs. Tucker's picture on it.

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.
