### BELGIUM THREATENS TO RECALL NATION'S MINISTER IN BERLIN

### DEMANDS GERMANY PUBLICLY DISAVOW ACTS OF VIOLENCE

### FRENCH GOVERNMENT TO SUPPORT MOVEMENT

### Pope's Letter Figures in New Developments Affecting Occupation

PARIS, July 7.—The Belgian minister at Berlin, according to French government circles, has been instructed to make representations to the German government respecting the Duisburg train bombing and it is said France undoubtedly will support the Belgian attitude.

### PARIS, July 7.—Belgium has made what is characterized as a veiled threat to withdraw her minister from Berlin unless Germany publicly disavows the Duisburg bombing and other violence in the Ruhr.

The French government, however, in view of the close accord with Belgium is deemed certain to support the Belgian attitude. The Belgian demand was not in the form of an ultimatum, but it never-the-less conveyed the idea that unless Germany expressed the situation would be likely to result in the withdrawal of the Belgian minister.

### WASHINGTON, July 7.—The United States would be unwarranted in accepting the Japanese proposal for a naval treaty pending French ratification or rejection of the agreement in the view of American officials, it is learned here.

### Having done all in their power to denigrate France and win a ratification of the treaty, they are faced with the apparent certainty that such approval will be withheld.

## WHEN 12,000 IMMIGRANTS RACED FOR ENTRANCE TO U. S.

Immigrants on the M. S. Gullio Cece salute the Statue of Liberty as the vessel steams into New York harbor. It was one of 11 boats carrying more than 12,000 immigrants which stood outside the harbor until midnight of the last day of the old quota period and then raced to insure acceptance of the passengers at Ellis Island before the new quota was exhausted. Inset are Tony and Angelo, future Americans, unconsciously eating pie as the dramatic race is run.

## Man Is Convicted of Trading Two Daughters and Son for Livestock; Other Party to Deal Held on Bail

CORLAND, N. Y., July 7.—Alleged to have traded his two daughters and a son for a horse, a cow and a calf, Lark Thornton, of Trouton, was convicted yesterday of improper guardianship before Judge Chapman in children's court. George Shaw of Trouton, with whom it was charged, the parties to the children never had seen a railroad train until recently and had been closely confined.

The latter and her brother will be committed to the county home. The court ordered the father be compelled to pay for their care. The elder daughter, Mamie Thornton, 26, found in the Shaw home, was detained for mental examination. It came to light in the investigation that the children never had seen a railroad train until recently and had been closely confined.

## One of 13 Balloons With Pilot and Aid Not Accounted For

INDIANAPOLIS, July 7.—Fear that the balloon reported partially submerged and apparently unmanned about twenty-five miles from Fort Vandergriff, Ind., in Lake Erie, was that in which Lieutenant R. J. Roth and T. B. Nutt, naval aviators left here July 4 in the national endurance race, was expressed by officials of the contest today.

The 13 other pilots who participated in the race had covered from 75 to 400 miles, according to information given out here.

## Kills Woman She Called Thief And A Home Breaker

CHICAGO, July 7.—Charging the other woman with having stolen her husband, Mrs. Minnie Bernatowicz, 20 years old, and the mother of four children today shot and instantly killed Mrs. Annie Andrews on a street corner.

## Plan Arrest of British Seamen With Leviathan

LONDON, July 7.—The threatened prosecutions of many members of the Leviathan's crew for alleged desertion from British vessels is attracting much attention here.

## Octavus Roy Cohen

"For ten years that baby has been pullin' jobs—big jobs—and they've never fastened a thing on him. He's a wizard, that's what. I can't help likin' a man with his brains and ability. And nerve—O mamma!"

## LEWIS ASKS MINERS TO CALL OFF STRIKE

ATLANTIC CITY, N. J., July 7.—John L. Lewis, international president of the United Mine Workers of America, has telegraphed the union leaders of Ohio, West Virginia, Pennsylvania, and New York, asking them to call off the coal miners strike there because it is a violation of the existing contract and contrary to the principles of the United Mine Workers.

## The Knight's Gambit

A BLUE RIBBON detective story in the magazine section of the Sunday Times.

## BREAK IN RANKS OF FARMER-LABOR POLITICAL LEADERS

### DEFEATED IN EFFORTS TO PROMOTE HARMONY AT CHICAGO.

### BOTH SIDES PREPARE TO ENTER CAMPAIGN

### Convention Concludes Labor After Series of Extended and Stormy Sessions.

CHICAGO, July 7.—Defeated in efforts to promote unity of political action among minority political and industrial groups, but well satisfied with the results, farmer-labor party delegates went home today, each intent on putting its finger in the 1924 political pie.

### Leaders of the farmer-labor party, who fought against affiliation with the federated party in the face of a split in their own ranks, said their party was 'freed of a red menace and on its feet stronger than ever in pursuit of independent political action.'

Both parties prepared to launch programs of intensive activity, leading individuals and platforms and presidential candidates in 1924. J. G. Brown, national secretary of the farmer-labor party, said his party would immediately approach all groups of workers who could accept its principles and solicit their affiliation. The date of the party's nominating convention will be fixed later.

### MONTECALVO JUDGE RULES FEATURE OF LAW UNCONSTITUTIONAL

### SIMILAR DECISION BY JUDGE IN NEW YORK

### Reparded Ultimate Ruling by Supreme Court is Necessary in Case.

WASHINGTON, July 7.—With the smoke of the ship liquor battle clearing away there are growing indications that the next feature of the prohibition law to be brought into the supreme court may be the limitation it places on the right of physicians to prescribe liquor for medicinal purposes.

### Called to Promote Harmony

The conference, originally called by the farmer-labor party to find a basis for political action by minority political parties, farmer, labor, economic, industrial and cooperative groups, was attended by 400 delegates who were seated in the farmer-labor convention on the first day. Convened to meet in conference to determine upon a platform of harmony, the conference was taken away from the farmer-labor party by the workers party.

## Tired Housewife Finds O.B. Potato Flake Source of Much Satisfaction On Hottest Days In Summer Time

Mrs. Lady-of-the-house, you wouldn't mind these hot summer days half so much if it were not for the hours spent over the cook stove and in the kitchen preparing meals for your hungry family, would you? Breakfast isn't so bad, but lunch comes right when the thermometer is going its worst and the evening meal is just at the time when you have gotten home from somewhere all tired out and hot and dusty.

Wholesome and attractive foods that can be put right on the table are a boon indeed and a family appreciating its good and the evening meal is just at the time when you have gotten home from somewhere all tired out and hot and dusty.

Story by Hal Cockran Drawings by Leo Wright

"We'd better get out of here before flame his kettle is broken," whispered Triske to Jack. "As soon as he finds that his fluid is gone he'll melt some more out of wild berries and then he'll punish all of us." Triske led the way to a big strange teapot.

As Jack stood looking at this teapot he heard a faint barking. "That sounds like a dog," he said. "Why, it is," replied Triske. "That's your dog, Flip, and he's just a short ways from here." "Gee," said Jack. "I'd like to see Flip and see if I've caught any fish." (Continued)

## Tired Housewife Finds O. B. Potato Flake Source of Much Satisfaction On Hottest Days In Summer Time

Mrs. Lady-of-the-house, you wouldn't mind these hot summer days half so much if it were not for the hours spent over the cook stove and in the kitchen preparing meals for your hungry family, would you? Breakfast isn't so bad, but lunch comes right when the thermometer is doing its worst and the evening meal is just at the time when you have gotten home from somewhere all tired out and hot and dusty.

Wholesome and attractive foods that can be put right on the table are a boon indeed and a fairly appreciate something cool and crisp and fresh even besides salads and soups.

Of all the modern and ready to eat foodstuffs on the market, there is nothing more popular than potato flakes. For picnic lunches and almost any other meal, potato flakes meet with popular approval and have become a staple commodity of indispensable value, carried by every grocery store of any standing and by most confectionery stores.

Wichita Falls is fortunate in having a modern and up-to-date plant for the manufacture of this article, which makes it possible to secure the product fresh every day.

The O. B. Potato Flake Company is located at 1164 Ohio avenue with J. C. Jensen, owner and manager. Mr. Jensen purchased the plant last September when it was something less than a year old and has built the business from small proportions to a concern of considerable size, covering all of this city and the surrounding territory.

Every grocery store in Wichita Falls, as well as eating places, and confectionery stands, receive their supply from the plant, which does a wholesale business only.

The flakes are made fresh every day from selected potatoes and with the most modern and efficient machinery under sanitary and well kept conditions and any housewife who insists on O. B. Potato Flakes from her groceryman demonstrates her appreciation of a well and carefully manufactured product of a high grade material and handling.

The surrounding territory is covered with trucks which go out every day, thus giving the neighboring towns the same service that Wichita Falls enjoys. The reputation of the product has spread to such an extent that a good deal of shipping has been done this season also. It was stated.

The business has grown from an output of 500 bags per day when purchased by the present management to from 1,500 to 1,800 bags per day, with more than half a dozen employees during the season.

Mr. Jensen has proved that he expects to be a permanent citizen with a dependable business by running his plant both in season and out and the standing by the groceryman who depend upon him for their supply. It is the reliability of the retailers with whom the factory deals are loyal friends as well as customers of the O. B. Potato Flake Company.

It was stated that it will soon be necessary to make arrangements for larger quarters both for manufacturing purposes and as storage facilities.

Already a factory of importance, this plant will without doubt come to be one of the leading industries in a manufacturing line in this section within the next few years.

## STANFILL BROTHERS HAVE REPUTATION CAREFUL HAULING

A family moved from Dallas to Wichita Falls last week. Remembering that three moves are equal to a fire and having moved before, the transfer was undertaken with four men and a truck for the welfare of the furniture.

When the goods arrived in this city and were unloaded, a small break was discovered in a chair. To the great surprise of the family a furniture man was out in a few hours and the chair was made immediately and without charge. This was because the company which did the moving makes it a policy to always make good without question any breakage that may be unavoidable in a move of household furniture.

This reliable and satisfactory company has been doing business in Wichita Falls for three years.

A specialty is made of oil field hauling, for which large trucks are used and a crew of men is available. The equipment for the hauling of household goods is complete, including a plane truck, covers and protectors. Only experienced and particular attention is given it, a point being made of prompt and satisfactory service.

The equipment for the hauling of household goods is complete, including a plane truck, covers and protectors. Only experienced men are employed and furnishings of whatever class are safe in the hands of these expert haulers.

For small jobs, as trunks and boxes, a Ford truck is available and emergency calls are cared for also, the telephone for these calls being No. 3755.

All work is supervised by one of the brothers, J. H. Stanfill or W. D. Stanfill and the office work is handled by Mrs. J. H. Stanfill, who looks carefully after all calls and orders. The telephone for these calls is 3755.

Compressed air shovels have been found great time savers in cramped places.

## Protests Recent Record Made With Male Passenger

SEATTLE, WASH., July 7.—A record of 16,300 feet altitude for a woman in flying, set Thursday at St. Louis by Mrs. Bertha Horchem of Kansas, Kansas, is challenged here by Mrs. Cyril Turner on the ground that Mrs. Horchem had a male companion, Mrs. Turner, whose husband is an aviator doing letters in the sky here was recently Mrs. Andrew E. Pyre and in May at 12,000 feet set an altitude record for women at 15,000 feet.

Mrs. Turner said that Major William B. Robertson, commander of the Missouri National Guard Air service, went up with Mrs. Horchem. Mrs. Turner declared that she had gone up 15,000 feet with a male passenger but "never thought of it as record breaking."

She added that she had ordered a new motor from France and that when it arrived she would have it put into her plane and try to raise 15,000 feet without a male passenger.

TODAY'S TALK

By GEORGE MATTHEW ADAMS
GIVE MORE.

One of the fundamental reasons for "hard times" is the letting down in work of those on whom good times depend.

I read the story of one of the greatest commercial plants of all time the other day and I was impressed with the simple fundamental principles on which his marvelous success has depended.

"Give more" was the basis of his one big idea—give more for what you charge to the public. Give more in real goods, in efficient service. Instead of cheapening his product, this manufacturer has sought to better it; and as he has bettered it, he has sought to lower the price to the public, believing that such a method is appreciated to the extent of attracting double the number who would otherwise buy.

No wonder that this manufacturer is the wonder of the age. Give more and you will get more. That is the surest and safest logic possible for you in your ordinary daily work or for the business man who has a service to perform for the public.

I took luncheon today in a new restaurant located in a great city where restaurants and great hotels team. Within a block were a dozen or more other places long established. But this new restaurant opened up its doors in a building several stories high and gave over three floors to its customers. Within a few days it became difficult to get served, so great was the desire to eat at this new place.

The reason for this was plain. Already several places of like nature had been established in this city for several years—and so good was the food and service that everybody knew what they were going to get. In these restaurants they give you better food and better service than you even expect in other places.

If you want to be a better employer, give more. If you want to have better friends, give more so that you will be more to them, and then they will mean more to you.

The Gimmes

By BERTON BRALEY.

"Gimme, gimme, gimme!"
Hear the Gimmes as they shout,
"Gimme, gimme, gimme!"
With their fingers stretching out;
It's a universal passion
With the great and with the small,
For the Gimmes are in fashion
And you hear 'em loudly call:
"Gimme, gimme, gimme!"
Or I'll get it with a jimmy!

"Gimme, gimme, gimme!"
Every nation does it, too.
"Gimme, gimme, gimme!"
Or I'll grab it off of you!"
Though it means a heap of sorrow
And of war and hate as well,
Which may wreck the world tomorrow,
Still you hear the nations yell:
"Gimme, gimme, gimme!"
Or my enemies will trim me,
Gimme! for I'm desperate today!
And the future? Hear my laughter!
I should fret about hereafter!
Gimme, gimme, gimme! right away!"

Morgan will deliver an address on "Some Impressions I Received On My Trip to the Holy Land." Judge Morgan is a very forceful and impressive speaker, you should hear him. Miss Ina Pearl Curry, the new choir director, has arrived from San Antonio, and will be in charge of the music. She will sing a solo at 11 o'clock. Special music at the evening hour. Prayer meeting on Wednesday evening at 8:15. "The Rules of the Methodist Church" will be the subject. The church is cool, the services delightful and you are always welcome.

RUSSIAN
From Moscow comes word that Russia this year exports to export as much as three million tons of grain. It's an extraordinary, probably like everything that comes out of Russia these days. Even if the grain will be available for export, less horses, transportation system is said to be crippled and tied together with string. American farmers, however, should keep in mind that a comeback of Russia in the world wheat market is just a matter of time. Meantime, you can bank on the collectors for Russian famine relief knocking on the door next autumn, as usual.

Yesterday's Answer.
A number of horsemen were riding along a road, with some riders leading horses following. The number of heads and legs of the men and of the horses totaled one hundred. How many men, and how many horses were there? (More than one answer is possible.)

In the case of two equally balanced weights hanging from a pulley, the action of removing one weight and detaching the end of the rope to a heavy trunk standing on the floor neither increases nor decreases the strain on the pulley. If each weight weighed 10 pounds, there would be a 20-pound strain on the pulley in the beginning, and an equal amount at the end, as the heavy trunk would merely counteract the weight of the remaining 10-pound weight.

TAIL-END GASSERS TROUNCE SPUDDERS IN SLUGGING MATCH

Dame Fortune Gives Salms the Cold Shoulder and Shreepert Taps Fall Safe In All Corners of the Field

League leaders and tail-enders proved true to form Friday in the opening game of the Shreveport series at Athletic Park. The Gassers bumped off our hopefuls, 11 to 10, in a game of many base hits and lots of ineffective pitching. The Spudders lost and the victory of the Steers over the Panthers put three teams practically in a tie for first place.

Friday's game simply was not for the Spudders. The Salms came from behind and fell one run short of overtaking an eight-run lead and opportunities were afforded for the needed run, but the base ball that meant a tied score was not forthcoming.

All ball safe. If ever a batter went against a club, they were against the Spudders on July 6, 1934. And, as can be expected, it was Ed Stauffer who had to be the goat.

The Gassers got their runs in the four innings from the third through the sixth. Stauffer was relieved by Meins in the fifth and Meins was hit in the sixth, but the Spudders didn't.

The Lookout

By AL PARKER

Anybody's ball club has a day now and then when it is ordained to lose. All the base hits and the best pitching in the world can't change the thing. Friday was one of those days for our pennant hopefuls.

Never before have we seen one club get so many fluke hits in one game as the Gassers did. About three-fourths of these hits just did come under that classification. Despite the fact that the Spudders were beaten, many of their fans were the best game of the season. For those who like lots of hitting and running, it was a peach.

Though there were 23 base hits in the game, not a base on balls was issued. The Spudders' offense was limited to a sacrifice hit registered until that round. The first walk was given by Griffin in the Spudders ninth and Coombs followed with the game's first sacrifice.

Joseph Berger's leg injury proved to be only a light one and he was himself again Friday. He pitched in the Thursday game he went down on one knee to take a throw and the first base was hit by Griffin. For the rest of the game Joe hobbled around the bag as though he might have been more seriously injured.

Scrappy Moore, the Gasser third-sacker, is having more than his share of trouble this season. Friday was the first day that he had been in the game in ten days because of a leg injury and then the first base was hit by Griffin. He was unable to make second on a close play and the injury caused one leg to give way and he was out of the game.

Seldom has such a rain of base hits been seen as were heaped upon Harry O'Neill, the prize beauty from the A who has been pitched around the ball for the Gassers, in the sixth round. Six consecutive hits, including three doubles, two singles and a home run, landed on him.

Not many managers have been able to rebuild a pennant machine that has collapsed during the short period of four years. The Detroit Tigers have never been able to return since their triumphant days of 1907-1908-1909.

The Chicago White Sox have dropped back since the season that stripped them of Joe Jackson, Eddie Cicotte, Buck Weaver, Claude Williams, Chick Gandil, Swede Risberg, Happy Felsch and Fred McMullin. The Pittsburgh Pirates have won but one pennant since 1903. The Cubs have won only one since the days of Frank Chance's great machine.

The batting slump of the Gold Dust Twins is not going to be felt so greatly so long as Tanner, Welles, Hollis and the rest of the team hold on to the last few days. The batsmen are beginning to show signs of better than 300. Scrap Iron played three off O'Neill and Burns totaled a large haul of runs.

While the 1934 Giants have not been beaten as yet, the Reds have been whipped by the Philadelphia Nationals and the Cincinnati Reds. Their first pennant-like other manager saw his 1919 Reds fade and disappear.

The sport of the Reds really is the feature of the National League race. During the closing days of the season New York Yankees and Philadelphia Athletics will be the pitier matter of the season.

Returning home from the first eastern journey, the Reds were in seventh place in the standings. Cleveland on the home grounds defeated Boston 5 to 3. This victory placed the Cleveland Indians in a tie for second place with Philadelphia.

Philadelphia's home run with two on in the seventh drove Howard Ehmke from the box and Cleveland defeated Boston 5 to 3 in the first game of the series.

CLEVELAND, July 7.—Rudolph Supan, 31-year-old veteran of the World War, established a new marathon golf record of 157 holes on the Highland Park course here Friday.

Supan played through two rain storms. He shot his most consistent golf during the morning storm, going out over the first nine holes in 32 and coming back in 39.

PEARL BENBOE SETS NEW MARK IN TAVERN

By BILLY EVANS

NORTH RANDALL, CLEVELAND, July 7.—Fred Egan, the former champion of Memphis, drove Pearl Benboe to victory and a new record in the Tavern "steak" feature of Friday's grand circuit.

A parade from Conoco Park to the state capitol and the downtown district followed winding up at Rice Park where the St. Paul boxer was welcomed off by Mayor E. Nelson of St. Paul.

Benboe stepped the first heat in the Tavern event in 2:03.5, which lowers the record for the stakes of 2:03.4, established last year by the Great Ross. Eighth was the best the mare could do in the second mile because of a break shortly after the start, but in the third heat Pearl Benboe clipped 1:54 seconds off the record she had set.

NEW YORK, July 7.—First pictures of the Dempsey-Gibbons fight to reach New York arrived at the Minola flying field in two air-planes.

Another machine piloted by James Ray arrived at the flying field at 8 o'clock Friday night with films for the trip from Shelby in about forty-three hours. Smith left Chicago at 7:36 a. m. Friday.

The first thing the critics knew the Reds were on a winning streak. Only Jake Daubert, Ed Kelly and Jacob Daubert were elevated to the managerial seat.

There is nothing particularly spectacular or sensational about the Reds. Just a collection of athletes playing together, featuring with them harmony and intelligence.

HUNDREDS ATTEND HURLEY FUNERAL; KLAN IN EVIDENCE

An impressive and largely attended funeral service was held at 10:30 a. m. Saturday for R. M. "Wad" Hurley, prominent resident of this city who died at the General Hospital Monday afternoon.

The Shrine patrol hand accompanied the body from the home to the First Baptist Church where the services were held. The sermon was delivered by Dr. O. L. Powers, pastor of the First Baptist Church, assisted by Dr. N. F. Grafton, pastor of the First Presbyterian Church.

The Masons accompanied the body to the cemetery, the Shrine band leading the procession. As the ceremonies at Riverside cemetery were closing, and the Masonic bodies were withdrawing a column of twelve men in the regalia of the Ku Klux Klan filed two abreast over the hill, and formed a circle around the grave. The leader of the klansmen planted the fiery cross, symbol of the organization, at the head of the grave, and the column marched away.

Mr. Hurley was one of the best known citizens of Wichita Falls, coming to this city from Seymour in 1911, and at the time of his death was a partner in the Hurley-Fletcher Barber Shop. He was taken ill but a short time before his death, which came following an operation. Relatives attending the funeral were Mr. and Mrs. F. G. Ingram of Vernon, Texas, Mr. W. E. Lunford of Dallas, Mr. and Mrs. Tom B. Hurley of San Antonio, Texas, and Edgar S. Hurley of Oakland, the family with the exception of a brother, Walter E. Hurley of Oakland, California, and his mother, Mrs. Hurley, also of Oakland, were present.

After 10 years experimenting, Francis Lang comes from Munich, Germany, with an apparently perfected crude oil motor that operates without an ignition system. He calls it the Acro Motor. If successful, no more bother with carburetors, timers, magnets and spark plugs. Auto drivers will realize the importance of such a motor, when they stop to think that crude oil can be purchased in cities for a few cents a gallon. Would some gasoline maker buy Lang's motor to keep it off the market? That has been done with many important inventions.

CITY OF EL PASO COST \$32.78 PER CAPITA IN 1921

WASHINGTON, D. C., July 4.—The department of commerce announces that according to reports made to the bureau of the census the costs of government for the city of El Paso, Texas, for the fiscal year ended February 28, 1922, amounted to \$2,757,337, which was a per capita cost of \$32.78. In 1917 the per capita cost was \$27.76, and in 1914, \$24.84, the totals for those years being \$1,841,200 and \$1,235,496, respectively. The per capita costs for 1922 consisted of expenses of general departments, \$19,857; expenses of public service enterprises, \$1,601; payments for interest, \$2,446; and for outlays, \$4,644.

The total revenue receipts for 1922 were \$1,775,129, or \$21.07 per capita. There was an increase in the amount of property taxes collected of 1.0 per cent from 1914 to 1917, and a decrease of 2.3 per cent from 1917 to 1922. The per capita property taxes for the three specified years were \$12.24, \$16.37, and \$17.91, respectively.

Earnings of public service enterprises operated by the city represented 19.2 per cent of the total revenue for 1922, 23.5 per cent for 1917, and 18.4 per cent for 1914. Business and non-business licenses were 2.0 per cent of the total revenue for 1922, 4.0 per cent for 1917, and 2.7 per cent for 1914.

The net indebtedness (funded and floating debt less sinking fund assets) of El Paso was \$74.18 per capita for 1922, \$84.17 for 1917, and \$84.16 for 1914. Receipts from the sale of bonds for the year reported amounted to \$1,450,000.

For 1922 the assessed valuation of property in El Paso subject to ad valorem taxation for the city corporation was \$109,935,490. The levy for all purposes for 1922 was \$3.096,952, this being a per capita of \$31.87; state, \$6.73; and county, \$4.43.

New York Market. NEW YORK, July 7.—The feature in the cotton market during today's early trading was the continued firmness of July, which was further covering of that position of October and the premium over later months and the premium over October increased to slightly over 100 points. The general market opened easy at an advance of 15 points on August but generally 10 to 25 points lower, owing to good weather in the south, continued complaints of a poor business in goods, and unsettled foreign political conditions. After selling at 26.40 July soon rallied to 26.40 or 7 points higher, however, and the firmness of the near months closed October up from 23.75 to 23.87, or within 5 points of yesterday's closing quotations. General business was quiet.

STOCKS AND FINANCIAL

NEW YORK, July 7.—Stock prices displayed a strong undertone in today's brief and quiet session in the city as the market attempted to unseat the list by depressing Delaware and Hudson to \$31. A new low since 1922 on unfavorable dividend rumors. The scanty supply of numerous shares defined by short interest for covering resulted in some break gains and confirmed impressions that some sections of the market had been temporarily overbought. Practically all of the active higher registered material gains with DuPont rising 31, Canadian Pacific 21, General Electric 21, Mack Truck 2, and Famous Players, Chandler Motors and a number of others 1 to 21 points. Delaware and Hudson rallied to 36 in the last half hour. The closing was strong. Sales approximated 275,000 shares.

Therefore Assunta Marselli, the old bibliophile's housekeeper, made holiday with his niece, now upon a visit to him, and together the women climbed, where food might be procured for the last tarry caterpillars to change their state.

The lake below was now reduced to a cup of liquid jade over which spot streamers of light into the mountain shadows at its brink; but there were wasas floating on the waters that held the watchers' eyes.

They looked like twin, toy torpedo boats—mere streaks of red and black upon the water, with Italy's flag at the taffrail. But the little ships were no toys and Assunta hated them, for the strange craft were the cause of the ceaseless waged by authority against the mountain smugglers and reminded the widow of her own late husband's death ten years before.

The women climbed presently to a little field of meadow grass that the mountain, the old scholar took affectionate leave of Jenny and made her promise to follow him as soon as she was able to do so.

Robert Redmayne had vanished off the face of the earth and his brother with him. There remained of the family only Albert and his niece—a fact she imparted, not without melancholy, to Mark Brendon, when the day came that he must take his leave of her and return to other and more profitable fields of work.

It was Robert Redmayne, Jenny uttered one loud cry of terror and then relaxed and fell unconscious upon the ground. The widow leaped to her aid, but it was some time before Jenny came to her senses.

Jenny helped Assunta with her great basket, lifted it on her shoulders and then set off beside her.

They parted and Jenny hastened forward with the energy of youth and on the wings of fear.

Mr. Albert Redmayne's silk wares, in the great airy shed behind his villa, had nearly all spun their cocoons now, for it was June again and the annual crop of mulberry leaves in the valleys beneath were well-nigh exhausted.

### "Argonne Lion" Arrives

General Henri J. E. Gouraud, empty-sleeved "Lion of the Argonne," is greeted by General Bullard and General H. J. Kelly (rear) as he arrives in New York. General Gouraud will be a guest at the Rainbow Division reunion at Indianapolis July 13. Before he returns to France he will visit several states represented in the division which he commanded.

dearest friend, the book lover, Virgilio Poggi. Jenny waited impatiently and she was at the landing stage when Albert returned. He smiled to see her and took off his great slouch hat.

He looked at Jenny's frightened eyes and felt her hand upon his sleeve. "Why, what is wrong? You are alarmed. No ill news of Giuseppe?"

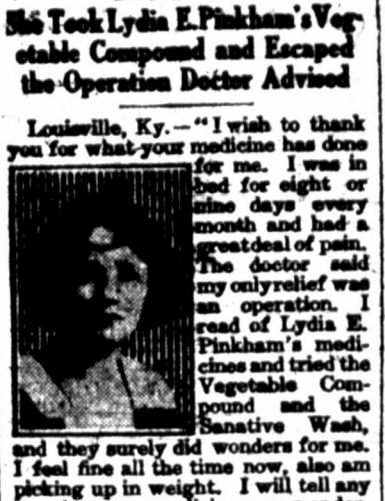

"Come home quickly," she answered, "and I will explain."

### NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the Sanative Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicine are wonderful, and you may publish my letter if you wish."

Backache, nervousness, painful times, irregularity, tired and rundown feelings, are symptoms of female troubles. Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they may work in a healthy, normal manner. Let it help you as it has thousands of others. It is now selling almost all over the world.
